

MASTERS BUSINESS ADMIN (MBA)

MBA 201. Accounting.	2 Units
Concepts and models of financial accounting are introduced. Included are the analysis, interpretation and reporting of financial events.	
MBA 202. Business Communication.	2 Units
Stresses fundamental communication principles and techniques for effective business writing in diverse managerial situations. Participants complete a variety of writing activities, including responding to management communication cases and evaluating written communications using holistic and analytic tools. Within this context, participants are provided an opportunity to achieve an understanding of syntactical and grammatical patterns while improving analytical and logical business writing skills.	
Note: This requirement will be waived for students who achieve a score of 4.5 or higher on the Analytical Writing Assessment (AWA) exam. Graduate Writing Intensive (GWI) course.	
MBA 203. Legal Environment of Management.	2 Units
Intensive study of important aspects of law for managers, including law as an instrument of social and political control. Analyzes selected problems in areas of private law such as contract, tort, business organizations, and agency. In addition, selected issues of administrative law and government regulation of business will be investigated.	
MBA 204. Management and Organization Concepts.	2 Units
Evolution of management and organization thought; examination of behavioral science variables influencing working relationships among managers, individuals and groups; the study of political and social behavior in organizations; identification, analysis, and synthesis of contemporary concepts and administrative practices; investigation of organization structure, function, and properties leading to an understanding of administration and organization.	
MBA 205. Introduction to Managerial Issues in Information Technology.	2 Units
Explores from a management perspective, the impact of IT on individuals, organizations, and society. Focuses on how organizations use information systems to solve strategic and operational problems. Topics may include functional information systems, decision support systems, enterprise systems, interorganizational information systems, e-commerce, and business analytics. The relationship between managers and IT personnel will be defined. May include case studies and appropriate software packages.	
MBA 206. Managerial Statistics Analysis.	2 Units
Computer-based course in data analysis. Business case studies are used to differentiate between common and specific sources of statistical variation and to construct statistical models such as multiple regression, times series, and statistical quality control. Emphasis is placed on intuitive statistical thinking and communication of results.	
MBA 207. Finance.	2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 206. Theory and practice in determining the need for, the acquisition of, and the use of funds by organizations. Topics include time value of money, financial analysis, management of working capital, cost of capital, capital budgeting, long-term financing, dividend policy, and internal financing.	
MBA 208. Marketing.	2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 203. Application of decision making in solving marketing problems; such as product, place, promotion and price decisions with reference to consumers and users.	
MBA 209. Production and Operations Analysis.	2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 206. Study of operational systems; fundamental concepts, tools, and methodologies required to analyze and solve problems of the operations manager. Topics include: work design, facilities design, scheduling, quality control, and inventory management.	
MBA 210. Managerial Accounting.	3 Units
Management accounting data characteristics and application to internal decisions made by managers. Topics cover management accounting as a tool of business management. Topics generally include product costing, managers' use of accounting data in specific decision frameworks, performance evaluation, and relevant versus strategic analysis. Class participation is encouraged.	
MBA 220. Financial Management.	3 Units
Financing of corporations and management of corporate resources, short-term and long-term, stressing maximizing shareholder wealth. The case method is used extensively. Both oral and written communication skills are stressed.	
MBA 221. Financial Markets.	3 Units
Prerequisite(s): MBA 220 or instructor permission. Behavior of equity, debt, currency, and derivatives markets and the linkages between these markets. Presents the principles of valuations of instruments traded in these markets and the use of these instruments to investors, speculators, hedgers and arbitrageurs.	
MBA 222. Security Analysis and Portfolio Management.	3 Units
Evaluation of stocks and bonds from the investor's viewpoint. Interpretation of issuers' financial statements to estimate potential future earnings and dividends; and evaluation of the securities' risks and expected returns through analysis of economic, industry and market environment in order to develop conclusions as to the securities' suitability for inclusion in various types of portfolios. Ethical issues faced by practicing security analysts and portfolio managers.	
MBA 223. Asset Valuation.	3 Units
Prerequisite(s): MBA 220 or instructor permission. Advanced concepts and techniques essential to asset valuation. Key topics include, but not limited to, free cash flow, price multiples, asset-based and contingent claim valuations. Applications of various valuation techniques are emphasized.	
MBA 224. Advanced Investment Strategies.	3 Units
Prerequisite(s): MBA 222 (may be taken concurrently) or permission of instructor. Theoretical and empirical applications of fund formation models. Emphasis is placed on model development strategies based on analyzing secondary sources of financial data. The quality of models is assessed in terms of their logical consistency, robustness of underlying theoretical assumptions, and predicative power. Development, analysis and predicative assessment are conducted within the Excel environment.	

- MBA 225. Financial Aspects of Health Care Administration. 3 Units**
 Financing in health care institutions will be studied; including planning and control features involving budgets, funds flow, funding sources, and factors affecting finance in the health care industry. Analyzes will be made of the relationships and effects on health care finance of such factors as labor, business, government, insurance, research, and demography.
- MBA 230. Behavior Science Applications in Management. 3 Units**
 Behavioral science theories, concepts, and practices in current use in private and public organizations. Critical evaluation of research supporting those practices.
- MBA 231. Managing in High Performance Work Organizations. 3 Units**
 This course focuses on contemporary problems, issues, and objectives relating to the value of collaboration with control in maximizing human capital effectiveness in high performance work organizations. Course work will include research projects, experiential case studies and in-class simulations to help students better understand human capital effectiveness and learn how to serve multiple stakeholders' interests across different sectors such as private, public, healthcare and information technology.
- MBA 232. Negotiation and Relationship Management. 3 Units**
 Investigation of the formal and informal methods of dispute resolution including negotiating, litigation, administrative hearings, arbitration, mediation, ombudsperson, summary jury trial, private judging, and fact finding. Emphasizes the application of these methods to organization, business, and public sector disputes.
- MBA 233. Seminar in Organization Development. 3 Units**
Prerequisite(s): MBA 230 or equivalent.
 Seminar focusing on individual and organization responses to a changing environment. Includes assumptions and values of organization development; action research; personal, team and intergroup interventions; consultant-client relationships and instrumentation. Cases, laboratory experience, workshop and field analysis techniques are utilized.
- MBA 234. Industrial Relations. 3 Units**

Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.
 Credit/No Credit
- MBA 295E. Internship in Urban Land Development. 3 Units**
Prerequisite(s): Classified graduate status; completion of graduate foundation courses plus 6 units of the second year requirement, minimum Sacramento State GPA of 3.0 required.
 Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.
Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.
 Credit/No Credit
- MBA 296. Experimental Offerings in MBA. 3 Units**
 When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in the MBA program.
Note: May be repeated for credit
- MBA 299A. Special Problems in Finance. 1 - 3 Units**
Prerequisite(s): Classified graduate status.
 Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.
 Credit/No Credit
- MBA 299B. Special Problems in Marketing. 1 - 3 Units**
Prerequisite(s): Classified graduate status.
 Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.
 Credit/No Credit
- MBA 299C. Special Problems in Operations Management. 1 - 3 Units**
Prerequisite(s): Classified graduate status
 Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.
 Credit/No Credit
- MBA 299D. Special Problems in Organizational Behavior and Management. 1 - 3 Units**
Prerequisite(s): Classified graduate status.
 Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1035.
 Credit/No Credit
- MBA 299E. Special Problems in Urban Land Development. 1 - 3 Units**
Prerequisite(s): Classified graduate status.
 Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval of the Graduate Program Office. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1035.
 Credit/No Credit
- MBA 500A. Thesis. 3 Units**
Prerequisite(s): Advanced to candidacy; completion of MBA 244.
 Completion of a thesis approved for the Master's degree.
- MBA 500B. Project. 1 - 3 Units**
Prerequisite(s): Advanced to candidacy; completion of MBA 244.
 Completion of a project approved for the Master's degree.
- MBA 500C. Comprehensive Examination. 1 Unit**
Prerequisite(s): Advanced to candidacy. For comprehensive examination for MBA only, completion of Program Requirements (MBA 210, MBA 220, MBA 230, MBA 420, MBA 270, MBA 280).

MBA 501. Culminating Experience Project in Business and Strategy.
3 Units

Prerequisite(s): Advanced to candidacy

Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MBA program as required in Title V of the CA educational Code. The course also covers the competitive strategy of a firm, investigates competitive position, strategic capabilities, inter-firm dynamics, and strategic levers of firms. It integrates the accumulative knowledge, skills and techniques delivered in the program to review the strategy process executives employ for effective decision making.

Note: May be repeated for credit.
