

# MATH LEARNING SKILLS (MLSK)

## MLSK 7A. Making Sense Of Algebra. 4 Units

**Prerequisite(s):** Score of 34 or below on the ELM Test.

**Term Typically Offered:** Fall, Spring

Review of fundamental mathematics concepts, measurement geometry, and beginning algebra.

## MLSK 7B. Making Sense Of Algebra. 4 Units

**Prerequisite(s):** LS 7A or MLSK 7A.

**Term Typically Offered:** Fall, Spring

Review of beginning algebra, algebra topics, and measurement geometry.

## MLSK 8A. Individualized Algebra. 2 Units

**Prerequisite(s):** Instructor permission and pre-algebra competency.

**Term Typically Offered:** Fall, Spring

First in a three course sequence to prepare students for Math 1. Delivered at a slower pace than other preparatory math courses. Upon completion of the three course sequence, students must enroll in MATH 1.

## MLSK 8B. Individualized Algebra. 2 Units

**Prerequisite(s):** Instructor permission and pre-algebra competency.

**Term Typically Offered:** Fall, Spring

Second in a three course sequence to prepare students for Math 1. A continuation of topics in MLSK 8A. Delivered at a slower pace than other preparatory math courses. Upon completion of the three course sequence, students must enroll in MATH 1.

## MLSK 8C. Individualized Algebra. 2 Units

**Prerequisite(s):** Instructor permission and pre-algebra competency.

**Term Typically Offered:** Fall, Spring

Last in a three course sequence designed to prepare students for Math 1. A continuation of topics addressed in MLSK 8B. Delivered at a slower pace than other preparatory math courses. Upon completion of the three course sequence, students must enroll in MATH 1.

## MLSK 10A. Elementary Algebra with Geometry. 4 Units

**Prerequisite(s):** Score of 36-48 on the ELM Test.

**Term Typically Offered:** Fall, Spring

Review of fundamental mathematical concepts, basic measurement geometry and beginning algebra. Instruction provided through lecture or structured tutorial format.

**Note:** May utilize computers.

## MLSK 10X. Geometry Adjunct to Math 9. 1 Unit

**Prerequisite(s):** Score of 44-48 on the ELM.

**Corequisite(s):** MATH 9.

**Term Typically Offered:** Fall, Spring

Review of measurement geometry and tutorial support for students concurrently enrolled in Math 9.

## MLSK 195A. Learning Skills Tutoring Internship. 3 Units

**Prerequisite(s):** Instructor permission.

**Term Typically Offered:** Fall, Spring

Practical application of learning through the tutoring of students.

**Note:** May be repeated for credit.

Credit/No Credit

## MLSK 199. Special Problems. 1 - 3 Units

**Term Typically Offered:** Fall, Spring

Individual projects or directed study.

**Note:** Requires approval of faculty member and Department Chair; may be repeated for credit.

Credit/No Credit
