General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Race & Ethnicity Graduation Requirement (RE), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Designed to help students gain an understanding of the diversity as well as the similarities among various Asian American writers. How do the categories of race, gender, and class affect the way different characters construct their cultural experiences and fashion their personal identities? By studying the variety of processes through which different protagonists “become American” — through assimilation, appropriation, or “translation” — students should arrive at a better understanding of how we all construct our own identities. Prerequisite: GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

ENGL 180Z. Topics in Multi-Ethnic Literatures. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Comparative analysis of two or more ethnic literary and cultural productions with an emphasis on relationships among history, politics, and culture in American, British, or World literatures.
Note: May be repeated twice for credit as topics vary.

ENGL 185B. Twentieth Century Fiction by Women. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Covers short stories and novels spanning the century and including women writers from a variety of nationalities, class, cultural and ethnic groups. Emphasizes what Virginia Woolf calls “the delicate transaction between a writer and the spirit of the age” and works with the writers presented so as to elicit the developing strands of influence and critique that bring these disparate writers into a common dialogue.

ENGL 185C. British Women Novelists. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the ways in which women writers of the 19th and 20th centuries concern themselves with questions of the differences in male and female experience and how those differences affect their writing. Students will study the portrayal in fiction of the evolution of the “modern woman”—with the conflicts between self and other, dependence and independence, love and power that are part of that process.

ENGL 185D. American Women Writers. 3 Units
Term Typically Offered: Fall, Spring

Focuses on women writers primarily from the early 20th century with an emphasis on how gender expectations affect people, society, novels, poems. Students study the theme of awakening, the roles that families, friends, class, social expectations and conditions play in the development of individuality and self-awareness. Examines implications of power relationships and certain areas of conflict, such as those between self and other, repression and expression, inner and outer, dependence and independence, love and power.

ENGL 190D. Detective Fiction. 3 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of crime and detective fictions (novels, short stories, plays, etc.). Crime fiction continually asks us what do we know about people and events and how do we know it. Investigates a variety of texts that address this desire to know and its connections to the mysterious and the criminal. Discussions of this popular genre will address the ways in which an obsession with crime and punishment manifests itself in various cultures and cultural moments.

ENGL 190H. The Supernatural in Literature. 3 Units
Term Typically Offered: Fall, Spring

Approaches supernatural literature from the perspective that, regardless of how bizarre or fantastic a literary work may seem, it deserves serious scholarly study because it represents the realism of apparent human experiences and provides readers with access to the inner workings of the human mind. Readings include Ambrose Bierce, H.P. Lovecraft, Edgar Allan Poe, Lord Dunsany, Fitz-James O’Brien, and contemporary writers from around the world.

ENGL 190J. Tolkien: Lord of the Rings. 3 Units
Term Typically Offered: Fall, Spring

Helps students understand the primary structures, images, and themes informing Tolkien’s Middle Earth and the ways these link the medieval worldview with modern, and even postmodern, wish-and-fear-fulfillments. Students will read Tolkien’s criticism, poetry, short tales, The Hobbit, The Lord of the Rings trilogy, and selections from The Silmarillion.

ENGL 190P. Popular Literature and Culture. 3 Units
Term Typically Offered: Fall, Spring

The study of popular texts through the various lenses of literary analysis. Students will work with a variety of texts, which might include genre fiction, graphic novels and comics, film and television, and other digital media, to consider the ways and whys of their popularity, as well as their impact, both historical and contemporaneous, on literature, audience, and culture.

ENGL 190Q. Gay and Lesbian Literature. 3 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of literature by and about lesbians and gay men. Students will work with a variety of texts (fiction, poetry, film, nonfiction) about gay and lesbian identity; at the same time, students will come to understand the historical contexts and shifting theoretical paradigms that have shaped and reshaped conceptions of sexuality.

ENGL 190R. Romance Fiction. 3 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of romance fictions (primarily novels). Romances continually promise emotional (and sexual) fulfillment, but what do readers of romance novels get from this reading experience? Discussions of this popular genre will address the ways in which the pursuit of love and companionship and the indulgence in lust and passion manifest themselves in various cultural moments; critical materials will help theorize the appeals, dangers, and uses of romance fiction.

ENGL 190V. Great Drama on Video. 3 Units
Prerequisite(s): GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.
Term Typically Offered: Fall, Spring

Studies and evaluates a selection of dramas on videos, such as but not limited to A Streetcar Named Desire, Death of a Salesman, Doll’s House, Hamlet, Oedipus, Pygmalion, and Rosencrantz and Guildenstern.
ENGL 191A. Masterpieces of the Cinema. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Conducted by lecture and discussion. Students see a selection of the best, most enduring, most influential films made during the last hundred years and explore the historic, aesthetic, and philosophical reasons these films have generally been acknowledged as masterpieces.

ENGL 195A. Writing Center Theory and Practice: Internships. 3 Units
Term Typically Offered: Fall, Spring

Note: May be repeated for 6 units of credit.

Credit/No Credit

ENGL 195C. Internship In Field Work. 3 Units
Term Typically Offered: Fall, Spring

Credit/No Credit

ENGL 195W. Writing Programs Internship. 3 Units
Term Typically Offered: Fall, Spring

Students will work with a Composition faculty member to complete a project for the campus writing programs. The internship may involve the composition program, the University Reading and Writing Center, the Graduation Writing Assessment Requirement, or the Writing Across the Curriculum Program. Students should contact the appropriate coordinator to register for the course and design a project.

ENGL 197A. Film -- Horror, Comedy, Science-Fiction. 3 Units
Term Typically Offered: Fall, Spring

Major genres of the cinema conducted by lecture and discussion. Students see a selection of films from the major genres including (but not limited to) horror, science fiction, and comedy; learn about the history and development of each genre; and explore the commercial, aesthetic, social, and philosophical forces that have shaped the major film genres.

ENGL 197G. Films of Great Directors. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the role of the director in the creation of excellent films. Students will view, analyze, and discuss memorable films by great directors, concentrating on their personal styles, cinematic strategies, and typical themes. Representative examples will include such filmmakers as Chaplin, Keaton, Renoir, Welles, Ford, Truffaut, Bunuel, Kurosawa, Hitchcock, Bergman, and others.

ENGL 197L. Film - Depression Giggles. 3 Units
Term Typically Offered: Fall, Spring

ENGL 197K. Fiction Into Film. 3 Units
Term Typically Offered: Fall, Spring

Students see a selection of films adapted from novels, short stories, or other literary works; read the original work from which the film was adapted; and explore the history, aesthetics, and craft of adapting fiction to film.

ENGL 197L. The American Film. 3 Units
Term Typically Offered: Fall, Spring

Focus on American films. Topics may cover a range of periods, movements, genres, styles and issues

ENGL 197M. Recent American Films. 3 Units
Term Typically Offered: Fall, Spring

Emphasizes the trends, themes, forms, and cinematic techniques, technological advances, and "revisionist" genres of recent American films of approximately the last twenty years, partly as a way of analyzing the American film conventions, partly as a means of examining our contemporary culture, but primarily as a means of analyzing and understanding the films themselves.

ENGL 197P. British Film. 3 Units
Term Typically Offered: Fall, Spring

Screenings and analysis of films produced in Great Britain. Students will view a variety of British films, starting possibly with silents and early Hitchcock and ending with films from the contemporary moment. Students will come to understand the historical and artistic contexts of the films and encounter the shifting definitions of what represents "British" on the screens of the cinema and in the minds of viewers. May provide a survey of films or focus on particular themes, studios, or directors.

ENGL 197R. Films Of Alfred Hitchcock. 3 Units
Term Typically Offered: Fall, Spring

Traces Hitchcock's "game with the audience" from its beginnings in silent films, through its British period, to its American conclusion. It closely examines important sequences, shots, images, character types, and themes. Students will view several of Hitchcock's classic films in their entirety.

ENGL 197T. Senior Seminar In English. 3 Units
Prerequisite(s): ENGL 120A and a minimum of 90 units.
Term Typically Offered: Fall, Spring

Features specialized topics taught by a variety of instructors depending upon the semester. Topics can include subject matter from literature, linguistics, English education, creative writing, composition/rhetoric, and film. Tend to the production of a significant research paper, a paper which will emphasize the student's ability to: Analyze and interpret multiple texts; Integrate primary and secondary sources; Construct a sustained, coherent, and rhetorically sophisticated piece of writing.

ENGL 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Departmental petition required.

Credit/No Credit

ENGL 200. Methods and Materials of English Studies. 3 Units
Term Typically Offered: Fall, Spring

Required for all MA candidates in English.
ENGL 200A. Methods and Materials of Literary Research. 3 Units
Term Typically Offered: Fall, Spring

Required of all MA candidates in English under Plans A and C and Creative Writing Plan B, acquaints students with principal sources and techniques of literary research. It also introduces students to contemporary critical approaches to literature. Students should take this course as early as possible in their graduate careers, preferably in the first semester. Students prepare an annotated bibliography and a paper employing a particular critical approach to one of a selection of anchor texts.

Note: Graduate Writing Intensive (GWI) course.

ENGL 200D. Materials and Methods of TESOL Research. 3 Units
Term Typically Offered: Fall, Spring

Explores research design and testing methods for quantitative and qualitative research in second language acquisition (SLA). Students develop the ability to read second language acquisition research critically; study a variety of theoretical perspectives represented in current SLA research; and review the history of the current "burning issues" in SLA.

Note: Graduate Writing Intensive (GWI) course.

ENGL 200E. Curriculum and Assessment Design for Language Classrooms. 3 Units
Term Typically Offered: Fall, Spring

Examine the interplay between curriculum design and classroom assessment. The goals are 1) to familiarize prospective teachers with the terminology and practices underlying curriculum design and classroom assessment; 2) to develop the ability to analyze student needs and propose appropriate changes to curricula; and 3) to construct and implement language tests that reflect curricula.

Note: May be counted as an elective for the M.A. TESOL program.

ENGL 210D. Contemporary Theory. 3 Units
Term Typically Offered: Fall, Spring

ENGL 210B. Sociolinguistics and TESOL. 3 Units
Term Typically Offered: Fall, Spring

ENGL 210C. Technology in Second Language Teaching. 3 Units
Term Typically Offered: Summer only

Prepares language teachers to effectively integrate technology into classrooms. Examines theoretical rationales for using computer-assisted language learning, the range of uses of technology in classrooms, and best practice. Develops students' technological literacy and ability to critically evaluate computer-assisted language teaching materials. Cross Listed: ENGL 110C; only one may be counted for credit.

ENGL 210G. Second Language Acquisition. 3 Units
Prerequisite(s): ENGL 200D.
Term Typically Offered: Fall, Spring

Examines the factors affecting the acquisition of a second language, focusing on research in this area since 1970. Topics covered are: transfer and the role of the first language; developmental sequences; the role of input, interaction and output; cognitive and personality variables, including age; and the role of formal instruction and error correction.

ENGL 215A. Reading/Vocabulary Acquisition. 3 Units
Term Typically Offered: Fall, Spring

Preparation of teachers of English to speakers of other languages. Examines the psycholinguistic bases of the reading process in ESL, provides opportunities for seminars to test reading practices in peer demonstrations, and explores the fundamentals of testing, evaluation, and syllabus design in the ESL curriculum. Particular attention for reading and vocabulary will be given to misuse analysis and acquisition theory.

ENGL 215B. ESL Writing/Composition. 3 Units
Term Typically Offered: Fall, Spring

Provides the groundwork to prepare teachers of English to speakers of other languages for composition instruction. An examination of the theoretical bases of language acquisition, composing process, and correction/revision strategies that will enable students to plan and demonstrate writing lessons to their peers. Consideration of traditional tests of writing, such as the TOEFL, the WPJ, and innovative forms of evaluation are integrated with syllabus design and text evaluation.

ENGL 215C. Pedagogical Grammar for TESOL. 3 Units
Term Typically Offered: Fall, Spring

Examines those areas of English grammar that are typically taught to non-native speakers. The goals are 1) to familiarize prospective ESL teachers with terminology and analyses that can be used in the classroom; 2) to develop the ability to explain and exemplify grammatical phenomena in terms accessible to ESL students; 3) to review sample materials and techniques for teaching English grammar to non-native speakers.

ENGL 215D. Pedagogy of Spoken English. 3 Units
Term Typically Offered: Fall, Spring

Examines aspects of spoken English that are typically taught to non-native speakers. The goals are 1) to familiarize prospective ESL teachers with terminology and analyses that can be used in the classroom; 2) to develop the ability to analyze student difficulties and provide appropriate help; 3) to review sample materials and techniques for teaching spoken English to non-native speakers.

ENGL 220A. Teaching College Composition. 3 Units
Term Typically Offered: Fall, Spring

Designed for prospective community college and university writing instructors. It focuses on theory and research in rhetoric, composition, and cognitive development and on practical, pedagogical classroom strategies. Students discuss a variety of theories and research studies and then apply writing theory to classroom strategies, design lessons, assignments, and syllabi, and practice analyzing and responding to student writing; and prepare a teacher portfolio.

Note: Graduate Writing Intensive (GWI) course.

ENGL 220C. Topics in Composition Studies. 3 Units
Prerequisite(s): ENGL 220A.
Term Typically Offered: Fall, Spring

Rotating series of topics relevant to composition studies. Regardless of the topic, students will explore the history of the field, the theory and practice of the field, the major scholarly works of the field, and the relationship of the field of study to the broader field of composition and rhetoric.

Note: May be repeated for credit if topic differs.
ENGL 220D. Teaching and Composition Research. 3 Units
Term Typically Offered: Fall, Spring

Examines the history and current status of research methods and methodologies in Composition Studies. It explores both producing and consuming research -- studying how and why research has been conducted and how it has been understood and put to practical use by readers of composition research.

ENGL 220R. Topics in Rhetorical Theory and Practice. 3 Units
Term Typically Offered: Fall, Spring

Designed to help students learn about and apply rhetorical theory. Its goal is to introduce graduate students to the history and theory of rhetorical movements after--or outside of--the rhetorics of Western antiquity. Evaluation will be based on weekly journal responses to readings, a major paper on rhetorical theories, and a course portfolio.

Note: May be repeated if topic differs.

ENGL 220W. Writing in Your Discipline. 3 Units
Prerequisite(s): Graduate GWAR placement Score of 40 or a GWI course grade of "B+" or lower
Term Typically Offered: Fall, Spring

Writing workshop course designed to immerse graduate students in the discourse of their disciplines; required for graduate students who have received a 3 unit placement on the Writing Placement for Graduate Students (WPG). Focuses on the writing process, text-based academic writing in various academic genres, revising, and editing. Students will produce 5000 words. Includes assessment via Course Portfolio.

ENGL 225A. Theories of Teaching Literature. 3 Units
Term Typically Offered: Fall, Spring

Introduction to theories of teaching literature so students who intend to teach at the college level have examined their assumptions and options before they develop their teaching practices. Organized around three questions: Why do we teach literature? What do we teach? How do we teach?

ENGL 225C. Theoretical Issues in Adult Literacies. 3 Units
Term Typically Offered: Fall, Spring

Introduces students to current theories surrounding the pedagogies and politics of adult literacies within a wide variety of contexts, including community colleges, prisons, and community projects. Incorporates information on technological literacies, information literacies, cultural literacies, and multiliteracies. In addition, students will be partnered with community literacy experts and required to complete formal observations of adult reading classrooms throughout the semester, fostering collaboration between the local community and the university. Cross-listed: EDTE 225C; only one may be counted for credit.

ENGL 230A. Writing Fiction. 3 Units
Term Typically Offered: Fall, Spring

Seminar in the workshop format designed for experienced writers of fiction. It is designed to provide intensive instruction in the theory and craft of writing short stories, novels, and screenplays.

Note: Topic areas will vary by semester, and the course may be repeated.

ENGL 230B. Advanced Poetry Writing. 3 Units
Term Typically Offered: Fall, Spring

Theory and practice in the writing of poetry. Consists primarily of the preparation and evaluation of student work. Students are also be assigned supplemental readings designed to help them determine their affinity (or lack of affinity) with current poetic theory and practice.

Note: May be repeated for credit

ENGL 230D. Meter and Rhythm. 3 Units
Term Typically Offered: Fall, Spring

In-depth study of prosody including the principles of meter (line measurement) and scanson (the marking of stressed and unstressed syllables to determine meter and rhythm), as well as examining the relationship of these principles to verse in English. Examines a variety of poetic schemes, tropes, and forms. Lecture and guided practice.

ENGL 230E. Writing and Theorizing Memoir. 3 Units
Term Typically Offered: Fall, Spring

Introduces students to literary and philosophical theories of memory and writing as well as look at contemporary memoirs written in a variety of styles.

Note: Topic areas will vary by semester, and the course may be repeated.

ENGL 230G. Between Genres: Flash Fiction/Prose Poetry. 3 Units
Term Typically Offered: Fall, Spring

English 230G offers graduate poets and fiction writers the opportunity to explore/experiment with the long-standing anti-genre of the poetry/fiction hybrid. For 200 years writers around the world have noted the symbiosis between the genres of poetry and prose. Currently, some of America’s most exciting writers are currently exploring the margins between prose poetry, flash fiction, and related evolving forms.

ENGL 230X. Master Class in Writing Fiction. 3 Units
Prerequisite(s): ENGL 130A, or ENGL 130M, or ENGL 130N, or ENGL 230A or instructor permission.
Term Typically Offered: Fall, Spring

Workshop provides intensive instruction in the theory and craft of writing fiction designed for students who are already writing at a professional or near-professional level, and for those who have proven themselves ready to take advanced study with careful, individualized direction of the instructor.

Note: May be repeated for credit

ENGL 230Y. Master Class in Writing Poetry. 3 Units
Prerequisite(s): ENGL 130B or ENGL 230B or instructor permission.
Term Typically Offered: Fall, Spring

Designed to provide intensive practice in the techniques and problems of writing poetry. It is aimed at students interested in creative writing, those who have already done significant work and who have proven themselves ready to take advanced study with careful individualized direction of the instructor.

Note: May be repeated for credit

ENGL 240. British Literature. 3 Units
Term Typically Offered: Fall, Spring

Seminars in British literature.
ENGL 240A.  Chaucer. Term Typically Offered: Fall, Spring
Investigation of the body of Chaucer's poetry, seen against the backdrop of the late 14th century.

ENGL 240B.  The World and the Flesh: Victorian Fiction. Term Typically Offered: Fall, Spring
Explores the Divided-Self of Victorian fiction, a consciousness split between word and flesh, duty and love, society and the self, or most generally between one's public role and one's private needs. Such polar themes affect several fictional genres such as the Pastoral, Gothic, Bildungsroman, Historical Novel and Naturalism. The word and flesh dialectic also informs the narrative structure of Victorian fiction.

ENGL 240E.  Major 18th Century Novelists. Term Typically Offered: Fall, Spring
Focuses on individual novelists, pairs of novelists, or thematic groupings. Might include works of fiction by authors such as Behn, Defoe, Richardson, Fielding, Sterne, Goldsmith, Bumey.

ENGL 240F.  Dickens and Thackeray. Term Typically Offered: Fall, Spring
Dickens and Thackeray dominated the popular mind as the novelists of the age; no other novelists are more representative of their age and yet can claim to have risen above it. Concentrates on just a few of their novels. Students study the writers and their novels in the context of English society in the 19th century.

ENGL 240G.  Yeats, Kavanagh and Heaney: Ireland's Modern Irish Poets. Term Typically Offered: Fall, Spring
Yeats, often considered a modernist and a poet in the British tradition, saw himself primarily as an Irish poet working within distinctly Irish literary traditions. Focuses on Yeats' conception of a national, ethnic poetry and the effect that mission had on Ireland's other two major 20th century poets--Kavanagh and Heaney. Students analyze Yeats' most influential work; Kavanagh and Heaney are studied in terms of their debt to Yeats and their individual expressions of national consciousness.

ENGL 240H.  DH Lawrence. Term Typically Offered: Fall, Spring
Lawrence was immensely original. Like Tolstoy and Dostoevsky, Lawrence is a prophetic visionary intensely concerned to articulate and embody an all-embracing, profoundly existential, vision of life. Examines Lawrence's work closely after a brief exploration of modernism and Lawrence's relation to it and an examination of how conditions in post-Victorian England and events in Europe in the early 20th century contributed to the making of Lawrence's world view and his role as a controversial outsider.

ENGL 240I.  Jane Austen. Term Typically Offered: Fall, Spring
Focuses on Jane Austen, perhaps England's greatest novelist. Students read almost all of her work and trace the development of her art from her teenage years until her death in 1817, noting how each new book is a distinct departure from previous ones. To put Austen's achievement in perspective, students also read Jane Eyre by Charlotte Bronte, one of Austen's severest critics. Comparing the two novelists provides an even clearer sense of the richness and subtlety of Austen's art.

ENGL 240J.  James Joyce. Term Typically Offered: Fall, Spring
James Joyce is a monument among twentieth century writers. His masterful Ulysses and other intricate works have kept generations of critics in business. Examines his major fictions, studying them in relationship to the life out of which they grew.

ENGL 240K.  English Renaissance Drama. Term Typically Offered: Fall, Spring
Sense of exploration, discovery, experimentation, creativity, and moral complexity of the Renaissance era in England (roughly 1550 to 1660) is reflected in the variety and number of plays written by Shakespeare's predecessors, contemporaries, and successors. Following introductory material on the development of the drama in England, students analyze Elizabethan and Jacobean playwrights, exclusive of Shakespeare. Emphasis is on the forms and themes of the plays, with application of "New Historicism" and attention to Renaissance backgrounds.

ENGL 240L.  Conrad and Greene. Term Typically Offered: Fall, Spring
When English critic F.R. Leavis declared that the great English novelists were Austen, Eliot, James, and Conrad, he emphasized these writers' intensely moral preoccupation. No modern novelist has been more influenced by Conrad than Graham Greene, whose work has the same romantic subject matter and concerns with ethical judgments. Both writers are concerned with the question: to act or not to act, for either choice has inescapable ethical consequences.

ENGL 240M.  The Gothic Novel. Term Typically Offered: Fall, Spring
Examines the origins and development of the Gothic Novel in England. Attention is paid to recurring structures and themes such as architecture, the use of a narrative frame, reader identification figure, the divided self, the relationships between sex, violence, and death, the wasteland motif, and existential concerns. Special attention is given to the role of the reader and his or her response to the novels.

ENGL 240N.  Arthurian Literature. Term Typically Offered: Fall, Spring
Study of Arthurian literature in the Middle Ages from its origins to Thomas Malory.

ENGL 240O.  Satire In Age Swift+Pope. Term Typically Offered: Fall, Spring

ENGL 240R.  Charles Dickens. Term Typically Offered: Fall, Spring
Examines the major narrative, plot, and genre structures, image patterns, and thematic preoccupations in Dickens' novels, like the interrelationships between homes, prisons, factories and schools. The influences of Dickens' life, periodical publishing of illustrated magazines, and of Victorian society also receives attention. Introduces students to relevant insights of several "post-structural" critical schools, including those of deconstruction, the carnivalesque, liminality, and Lacanian psychology.
ENGL 240S. Modern Irish Fiction. 3 Units
Term Typically Offered: Fall, Spring

Examines in detail one aspect of the Irish Renaissance (approximately 1880-1940)—Ireland's contribution to fiction in the twentieth century. Also examines not only individual writers and works but the development of the genres of the novel and short story and movements such as realism, naturalism, modernism, and post-modernism. Writers might include Joyce, O'Brien, O'Flaherty, O'Faolain, and others.

ENGL 240T. Renaissance Literature. 3 Units
Term Typically Offered: Fall, Spring

Students will explore the poetry, prose, and drama produced in England during the 16th and 17th centuries. Contemporary criticism and theory will provide a context for reading these primary works.

ENGL 240U. Nineteenth-Century Texts and Sex. 3 Units
Term Typically Offered: Fall, Spring

Examines a range of sexual identities through which nineteenth-century Britons imagined their lives. Such identities were influenced by ideas about race, class, status, ethnicity, gender, and age that often differed markedly from our own. Moves beyond the literary to look at texts from a variety of genres (medical, literary, erotic, and autobiographical) and cover both well-treated and more obscure texts.

ENGL 240X. Contemporary British Fiction—1980 to Present. 3 Units
Term Typically Offered: Fall, Spring

Students read and study British works of fiction—novels and short stories—written after 1979. Although the choice of authors and works might vary from one semester to another, focuses on works of fiction deemed significant and valuable by literary scholars and critics.

ENGL 240Z. Special Topics in British Literature. 3 Units
Term Typically Offered: Fall, Spring

Open to the investigation of either a limited period (e.g. World War I poets or Victorian Children's literature), a single author (e.g. Hanif Kureishi or Aphra Behn), an authorial dialogue (e.g. Chaucer & Spenser, Stoppard and Shakespeare, Sidney & Wroth), or a unique literary feature, theme, or structure (e.g. Pastoral & Geographic or Empire & Race).

ENGL 245A. Shakespearean Romance. 3 Units
Term Typically Offered: Fall, Spring

ENGL 250A. Wharton and Cather. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the writing of Edith Wharton and Willa Cather, two of our most accomplished early American writers. Shows how these writers, poised on the threshold of the twentieth century and pulled simultaneously forward and back, used similar themes, and how, as two of the few revered women writers of this time, they focused particularly on shifting gender roles; Wharton with her eye on interior space and Cather with her eye on exterior space.

ENGL 250D. Hawthorne and Melville. 3 Units
Term Typically Offered: Fall, Spring

Readings and discussion of major works by Hawthorne and Melville.

ENGL 250F. Whitman and Dickinson. 3 Units
Term Typically Offered: Fall, Spring

This seminar on two of America's greatest poets, Whitman and Dickinson, focuses primarily on the poetry, but also on letters and prose pieces. Students read and discuss criticism on each writer, and study cultural and historical contexts of these two contemporaneous but antithetical poets. Study includes traditional and feminist studies of Dickinson and Cultural Studies of Whitman. Forms a dialogue between these two remarkable and remarkably different poets; students join in that dialogue.

ENGL 250H. Major American Realists. 3 Units
Term Typically Offered: Fall, Spring

The period between the end of the Civil War and the outbreak of World War I was a time of unprecedented and transforming change in American life. In response to these new conditions came "the rise of realism," which radically changed American ideas about the nature of fiction, the reality it represented, and its effects on readers. Students study theories of realism, their historical development and the current status of literary theories of realism, as influenced by deconstruction and feminist literary theory. These theoretical positions are applied to a range of short fiction and novels.

ENGL 250J. Henry James. 3 Units
Term Typically Offered: Fall, Spring

James' innovations in narrative technique paved the way for the emergence of the modern novel; his development of a theory of fiction helped establish an American literary tradition and bring the American novel into the mainstream of British and European literature. Students read James' major works of fiction and criticism with an eye to understanding and enjoying them and to assessing the nature of the writer's contribution to the novel as a serious art form.

ENGL 250K. Contemporary American Fiction. 3 Units
Term Typically Offered: Fall, Spring

Studying contemporary fiction involves challenges and pleasures. Unlike studies in most areas of literature where the best writers have been clearly established, studying contemporary fiction means risking one's own critical skills to identify what new texts and writers are significant without the help of earlier generations of scholars and critics.

ENGL 250L. American Women Writers. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the contributions of women writers to American literature. Begins with a brief overview of feminist critical approaches and of the history of women writing in America. Close critical analysis of texts focuses on four or five writers from various centuries, regions, and ethnic groups. Covers such writers as Toni Morrison, Sarah Jewett, Marilynnne Robinson, Eudora Welty, Lee Smith, Leslie Silko, and others. Students work collaboratively to present background information and critical approaches to the writers.
ENGL 250R. Wharton and Chopin. 3 Units
Term Typically Offered: Fall, Spring

Growth of a feminine perspective in literary theory has resulted in a radical reconsideration of the American literary canon, producing new readings of texts, patterns in literature and culture, and connections between texts. Wharton and Chopin are two writers taking a place of importance in the development of the realistic novel in America and in the creation of a distinctive tradition of women's literature. Focuses on the heuristic possibilities of a distinctly different literature by women, the role of gender, and the contributions of Wharton and Chopin to the novel.

ENGL 250Q. Irish-American Fiction. 3 Units
Term Typically Offered: Fall, Spring

Examines the theme of immigration and that of assimilation in a particular ethnic group: Irish-Americans. Through an examination of the literature, we find an ethnicity that is uneasily part of the American fabric and one defined to a large degree by the culture they either abandoned or were forced to abandon. Representative writers include Eugene O'Neill, Alice McDermott, William Kenney, Mary Gordon, John Gregory Dunne.

ENGL 250R. Wm. Faulkner: Major Fict. 3 Units
Term Typically Offered: Fall, Spring

ENGL 250T. Postmodern Fiction. 3 Units
Term Typically Offered: Fall, Spring

Study of important recent fiction that has come to be referred to as "postmodernist" because its non-traditional themes, subject matter, and narrative technique embody or reflect the postmodern era.

ENGL 250U. Roaring Twenties Literature. 3 Units
Term Typically Offered: Fall, Spring

Focus on literature dramatizing the roaring, irrepressible twenties, a decade of unprecedented change following the "Great War to end all wars." Highlighting Fitzgerald, whose life mirrors the times, also includes other "expatriate" writers such as Wharton, Dos Passos, Stein, Eliot, and Hemingway, who looked at America from an overseas perspective and reflected on the changes in communication, sensibility, and values resulting from the new freedom of this revolutionary, liminal period.

ENGL 250V. Cultural Studies. 3 Units
Term Typically Offered: Fall, Spring

Surveys the range of contemporary cultural phenomena and the relevant modes of analysis currently employed in the widespread practice generally referred to as Cultural Studies.

ENGL 250W. The Poetry of T.S. Eliot. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the poetry of T.S. Eliot, one of the dominating figures of English and American literature for a substantial part of the twentieth century. In 1948 he received the Nobel Prize for Literature, and by 1950 his authority had reached a level that seemed comparable in English writing to that of figures like Johnson and Coleridge. Offers students the opportunity to analyze and discuss Eliot's poems. We will trace his poetic/aesthetic development from his early poems ("Prufrock" et al.) to his epoch-making The Waste Land, and onward through his conversion to Anglicanism and his mature accomplishment of Four Quartets.

ENGL 250Z. Special Topics in American Literature. 3 Units
Term Typically Offered: Fall, Spring

The investigation of either a limited period (e.g. The Transcendental period or the Novel of the 1960s), a single author (e.g., Philip Roth or Toni Morrison), or a unique literary feature or structure (e.g. Literary Naturalism or the Experimental Novel).

ENGL 260A. Myth Criticism. 3 Units
Term Typically Offered: Fall, Spring

Introduces and traces through several literary works and genres the fundamental topics in myth criticism; significance of ritual, fairy tales, and archetypal romance forms; contributions of Freudian, Lacanian, and Jungian psychology and their relation to Joseph Campbell's notion of the monomyth; relevance of Victor Turner's "liminal" theories of rites of passage in anthropology; importance of recent discoveries with the bicameral and "triune" brain in biological sciences; kinds of myth (hero, heroine, American, love, wasteland, artist, time); and relationships between myth criticism and post-structuralism.

ENGL 260B. Literature and Biography. 3 Units
Term Typically Offered: Fall, Spring

ENGL 265A. Postcolonial Literature. 3 Units
Term Typically Offered: Fall, Spring

Focuses on contemporary literary works from postcolonial locations such as Africa, Australia, South Asia, Canada and the Caribbean. Explores the relationships between literary texts and the historical and social contexts from which they arise; especially European colonialism.

ENGL 275. Seminar in Literary History. 3 Units
Term Typically Offered: Fall, Spring

Literary history designed to introduce the graduate student to bibliographical materials necessary to the successful pursuit of advanced study in English. It will deal with the major historical periods of English and American literature, and looks briefly at the major European traditions.

ENGL 280A. Aesthetics of Minority Literature. 3 Units
Term Typically Offered: Fall, Spring

ENGL 280B. The Ethics of Black Verbal Aesthetics. 3 Units
Term Typically Offered: Fall, Spring

Survey of the interaction between aesthetics and ethics in African-American literature. Emphasizing a call-and-response verbal aesthetic-proninent in the oral traditions of segregated communities throughout the African Diaspora-as an extension of a diasporic ethics of improvisational black identity that, especially late twentieth century literature recovers as basis for challenging the fixed, essentialist ethoi and aesthetics of earlier African-American literature more greatly influenced by traditional, Christian-Humanist discourses on ethnicity.
ENGL 280J. Jewish American Literature. 3 Units
Term Typically Offered: Fall, Spring

Students will examine a rich tradition of Jewish American literature in the context of a complex American multicultural narrative. Topics include the immigrant experience, assimilation, alienation, responses to the Holocaust and other forms of anti-Semitism, the place of Israel in the Jewish American imagination, and a contemporary rediscovery or reconstruction of Jewishness and Judaism. Students will interrogate what constitutes Jewish American identity and defines its literature in a culture that is itself conflicted about its secular/religious ethos and the degree to which subjectivity is determined by "consent and/or descent.

ENGL 297A. Prose Style In Literature. 3 Units
Term Typically Offered: Fall, Spring

ENGL 299. Special Problems: English Tutorial. 1 - 3 Units
Prerequisite(s): ENGL 200.
Term Typically Offered: Fall, Spring

Individual projects or directed reading. Highly recommended for, and open only to, students who are able to carry on individual tutorial study. Admission by approval of faculty member who is to act as tutor and of graduate advisor or of Department Chair.
Credit/No Credit

ENGL 410A. Writing Center Theory and Practice: Internships. 3 Units
Term Typically Offered: Fall, Spring

Note: May be repeated for up to 6 units of credit.
Credit/No Credit

ENGL 410B. Internship-ESL Teaching. 3 Units
Term Typically Offered: Fall, Spring

Provides interns with an opportunity to experience the day-to-day life of an ESL class. Tutors will observe an ESL class, will assist the teacher in conducting various aspects of the class, and will be responsible for planning and teaching at least one class session. Seminar meetings will provide and overview of ESL teaching methodology.
Credit/No Credit

ENGL 410C. Internships. 3 Units
Term Typically Offered: Fall, Spring

Credit/No Credit

ENGL 410E. Internship in Teaching Writing. 3 Units
Term Typically Offered: Fall, Spring

Students considering a teaching career intern in a composition class at an area community college. They work with a mentor teacher on site and meet periodically at CSUS. The internship provides students with an opportunity to experience the day-to-day life of a composition class and hands-on opportunity to design assignments, respond to student writing, conduct class discussions, etc. Students read composition and rhetorical theory with an eye toward day-to-day application in the classroom.
Credit/No Credit

ENGL 410F. Internship in Teaching Literature. 3 Units
Prerequisite(s): Recommended: either ENGL 225 or ENGL 220A and instructor permission.
Corequisite(s): Recommended: either ENGL 225 or ENGL 220A.
Term Typically Offered: Fall, Spring

Gives graduate students the opportunity to gain teaching experience in a literature classroom. Students will work closely with an instructor-of-record in a large (60+) lecture literature course and in small group discussion sessions under the supervision of the internship coordinator. Interns will also meet periodically with their peers to discuss pedagogical issues and readings as they pertain to their experiences in the classroom.
Credit/No Credit

ENGL 410L. Internship in Teaching Adult Reading. 3 Units
Term Typically Offered: Fall, Spring

Tutoring in adult reading. Tutors work with students who need reading instruction at Sacramento State, local community colleges or adult education agencies in the Sacramento area.
Credit/No Credit

ENGL 410W. Writing Programs Internship. 3 Units
Term Typically Offered: Fall, Spring

Students will work with a Composition faculty member to complete a project for the campus writing program, the University Reading and Writing Center, the Graduation Writing Assessment Requirement, or the Writing Across the Curriculum Program. Students should contact the appropriate program coordinator to register for the course and design a project.
Credit/No Credit

ENGL 500. Culminating Experience. 3 Units
Prerequisite(s): Advanced to candidacy and permission of the graduate coordinator.
Term Typically Offered: Fall, Spring

Completion of a thesis, project, comprehensive examination or TESOL comprehensive.

ENGL 598T. Culminating Experience - TESOL. 3 Units
Term Typically Offered: Fall, Spring

Completion of a thesis, project, or TESOL comprehensive exam. Requires advancement to candidacy and permission of graduate coordinator. Project and thesis options require GPA of 3.7.

Entrepreneurship (ENTR)

ENTR 185. Venture Growth Strategies. 3 Units
Prerequisite(s): Upper-division standing; ENTR 187 or ENTR 189.
Term Typically Offered: Fall, Spring

Focuses on the opportunities and challenges involved in the management of a business venture and its growth opportunities. Growth is the ultimate resource constrainer, stretching all the resources of a company to the limit and often beyond. Develops a venture spanning approach that examines the business venture and the challenges that tasks venture management to the limit. Provides students with a series of frameworks, analytical skills and techniques, heuristics, and decision-making tools that can be used in growing entrepreneurial businesses.

Note: Only students with an Entrepreneurship Concentration will be admitted.
ENTR 187. Entrepreneurship. 3 Units
Term Typically Offered: Fall, Spring
Objective is to lead students through all steps necessary in starting a business: analyzing personal and business goals, researching the market, developing a marketing plan, determining land, building, equipment, supplies, inventory, people needed, determining cash flow and pro forma financial statements, and money needed. The output of all this will be a professional business plan and financial package ready to submit to prospective investors.

ENTR 189. Corporate Entrepreneurship. 3 Units
Prerequisite(s): Upper-division standing.
Term Typically Offered: Fall, Spring
Offers a multidisciplinary framework for studying and developing corporate entrepreneurship. Covers the climate and culture of an entrepreneurial organization, strategies for developing new business ventures within an organization, and strategies for transforming firms toward a more entrepreneurially driven organization. As a result, students will increase their understanding of environment, processes and strategies that will create value and build competence through entrepreneurial activities within organizations.

Environmental Studies (ENVS)

ENVS 10. Introduction to Environmental Science. 3 Units
General Education Area/Graduation Requirement: Life Forms (B2)
Term Typically Offered: Fall, Spring, Winter
Course looks at the earth as an ecosystem composed of biological, chemical, and physical systems. Focus is on the interaction of those systems with each other and with human population, technology, and production. Students should acquire the fundamentals of a scientific understanding of the ecological implications of human activities. Specific topics treated within the context of ecosystem analysis include energy flows, nutrient cycles, pollution, resource use, climate changes, species diversity, and population dynamics.

ENVS 10H. Honors Environmental Science. 3 Units
General Education Area/Graduation Requirement: Life Forms (B2)
Term Typically Offered: Fall, Spring, Summer
The earth as an ecosystem composed of biological, chemical, and physical systems. Focus is on the interaction of these systems with each other and with human population, technology, and production. Students should acquire the fundamentals of a scientific understanding of the ecological implications of human activities. Specific topics treated within the context of the ecosystem analysis include energy flows, nutrient cycles, pollution, resource use, climate change, species diversity, and population dynamics. Students read important original research on topics. All students participate in a semester long project that applies the principles of the course to a real environmental issue.

ENVS 11. Environmental Issues and Critical Thinking. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring
Examines Western cultural values and personal beliefs toward the environment. Teaches critical thinking skills to analyze issues to make informed choices that may impact the earth, its resources and their management as consumers, leaders, professionals and moral agents.

ENVS 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Provides students with the opportunity to interact with fellow classmates and the seminar leader to build a community of academic and personal support.

ENVS 110. Contemporary Environmental Issues. 3 Units
Term Typically Offered: Fall, Spring
Examination of a variety of environmental issues with emphasis on the social aspects of the problems and solutions. The class is conducted primarily through discussion, with an unusually high degree of student responsibility. Group and individual projects are designed to involve students in community affairs as well as to give them an opportunity to develop a personal perspective on environmental issues.

ENVS 111. Environmental Ethics. 3 Units
Term Typically Offered: Fall, Spring
Consideration of how human beings should act with regard to the non-human natural world in the context of complex societal needs. Students will use critical thinking skills to integrate insights from the sciences, social sciences, and humanities to make ethical decisions.

ENVS 112. International Environmental Problems. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Global perspective on current problems of environmental protection and resource use. Population growth, food production, industrialization, technology and cultural change are considered, with heavy emphasis on the social dynamics of environmental problems. A variety of political views is studied, and an attempt is made to develop a perspective useful to students in personal and political decisions.

ENVS 120. Quantitative Methods for Environmental Science. 3 Units
Prerequisite(s): Must be an ENVS major or minor; STAT 1 or instructor permission.
Term Typically Offered: Fall, Spring
Research tools and methods used by environmental professionals including selected statistical procedures, data sources and presentation and interpretation of results. Students will become familiar with the wide range of equipment available to fit their special needs including the computer time-sharing system.
ENVS 121. Field Methods in Environmental Science. 2 Units
Prerequisite(s): Must be an ENVS major or minor
Term Typically Offered: Fall, Spring, Summer

This field course includes the direct observation of human impact on specific environments and examples of mitigation strategies. Students will learn information gathering and data presentation methodologies useful in environmental impact assessment. Lecture three hours per week; one-day and weekend field trips will be arranged.
Note: Course also substitutes for ENVS 175.

Field trip(s) may be required.

ENVS 122. Environmental Impact Analysis: CEQA and NEPA. 3 Units
Prerequisite(s): Must be an ENVS major or minor
Term Typically Offered: Fall only

Review of legislative and judicial requirements for environmental impact analysis. Students will be asked to review actual project environmental impact reports, analyze the methods employed, understand the relationship of the report to the planning process, and prepare such a document.
Note: It is recommended that students complete ENVS 128 or have some actual experience with environmental impact documentation before taking this course.

ENVS 124. Social Justice in Interdisciplinary Perspective. 3 Units
Prerequisite(s): Sophomore standing or instructor permission.
Term Typically Offered: Fall, Spring

Examines the nature and forms of social justice and injustice. Addresses key philosophical and theoretical models and debates over the meaning of social justice, using historical and contemporary examples to highlight important concepts and controversies. Faculty from different departments within SSIS, and occasionally from other colleges, will address how their discipline understands and analyzes issues of social justice. Students will be encouraged to critically assess the assumptions of various perspectives on social justice, and to address the relationship of academe and social activism in achieving social justice. Cross listed as ANTH 130, ID 124, ETHN 124, FACS 124 and SOC 124. Only one may be counted for credit.

ENVS 128. Environment and the Law. 3 Units
Prerequisite(s): Must be an ENVS major or minor
Term Typically Offered: Spring only

Introduction to environmental law, including: the evolution of environmental legislation, environmental issues in the court system, environmental regulation and administrative law, and environmental torts. Emphasis is on understanding legal process and the special challenges environmental problems present to the legal system. Cross listed as GOVT 128; only one may be counted for credit.

ENVS 130. Environmental Toxicology. 3 Units
Prerequisite(s): CHEM 6A or instructor permission.
Term Typically Offered: Spring only

Focuses on the aspects of toxicology which enable us to study and explore environmental issues concerning human and ecosystem health. It will explore the impact of human activity since World War II in contributing to human disease and ecosystem disruption. Risk perception and communication as it concerns environmental toxicology will also be discussed.

ENVS 135. California Water and Society. 3 Units
Prerequisite(s): ENVS 120 or instructor permission
Term Typically Offered: Fall, Spring

This course provides the historical, scientific, legal, institutional, and economic background needed to understand the social and ecological challenges of providing water for California’s growing population, agricultural economy, and other uses—all of which are made more complex by climate change. We will look at past and current debates around cases ranging from local issues on the American River to statewide issues that converge in the Sacramento-San Joaquin Delta. Both physical and social science research skills will be developed.

ENVS 137. Conservation and Society. 3 Units
Prerequisite(s): ENVS 10 and BIO 1
Term Typically Offered: Fall, Spring

Course will introduce students to the interdisciplinary field of conservation biology through the lens of modern society. Students will acquire a basic understanding of the history of the field of conservation, and the values that drive our desire to preserve species and natural systems. Students will learn about conservation challenges, will analyze the scientific and social factors that contribute to addressing those challenges, and will learn to appreciate the diverse perspectives that are vital in modern conservation.

ENVS 138. Introduction to Environmental Sociology. 3 Units
Term Typically Offered: Fall, Spring

The study of human society, the natural environment, and their mutual interactions. Examines environmental sociology at several levels, from the micro level of individual communities to the macro level of government policies to macro theoretical considerations. Analyzes environmental issues in a global context also included. Cross Listed: SOC 138.

ENVS 140. Energy, Society, and the Environment. 3 Units
Prerequisite(s): Upper division standing
Term Typically Offered: Fall, Spring

This course covers the concepts and tools necessary to understand society’s diverse technology and policy choices around energy production and use. Students will apply both quantitative and qualitative methods to analyze opportunities and impacts of energy systems with consideration for environmental sustainability, international development, and social equity. We will consider a range of energy technologies, their historical trajectories, current drivers, and prospects for addressing energy challenges at different scales, from households to the global climate.

ENVS 144. Sustainability Science & Policy. 3 Units
Prerequisite(s): ENVS 10 or BIO 1
Term Typically Offered: Fall, Spring

Examines issues of environmental, social, and economic sustainability in domestic and international contexts. Students will study the science, policy, and implementation of sustainable practices regarding water, food, and energy resources. Students will learn the history of sustainability, definitions of sustainability, how sustainability is measured, and how sustainability applies to urban and rural landscapes.
ENVS 147. Urban Agriculture and Aquaponics. 3 Units
Term Typically Offered: Fall, Spring

This course uses campus initiatives in food and bio-waste recycling, combined with vermiculture and aquaponics, to address larger topics in urban food production. This subject has significance for addressing concerns about food access, security, quality, and even local economic development. The course will include hands-on activities on campus, projects with local urban agriculture organizations, and reports connecting the specifics of the course with core questions in environmental science and policy.

ENVS 149. Agroecology. 3 Units
Term Typically Offered: Fall, Spring

Ecological aspects of the production of food and fiber, with emphasis on the sustainability and adequacy of the global food supply to meet the needs of a growing, urbanized population. Covers topics basic to all agricultural systems - soil development, fertility, irrigation, nutrient cycles, crop selection - while contrasting methods developed for large-scale industrial food production with traditional and/or organic farming methods.

Note: Required field trips.
Field trip(s) may be required.

ENVS 151. Restoration Ecology. 3 Units
Term Typically Offered: Spring only

Overview of concepts and practices in restoration ecology, emphasizing the application of ecological principles to restoration design, implementation, and monitoring. Major course topics will include historical ecology, soils and hydrology, plant and animal ecology, exotic species, endangered species concerns, mitigation, monitoring, planning, and assessment as they apply in a restoration context. Students will work in local restoration projects; field trips required.
Field trip(s) may be required.

ENVS 158. Wetlands Ecology. 3 Units
Term Typically Offered: Fall only

Introduces and discusses characteristics of wetland systems; principles of wetland ecology; functions of wetlands; and regulations and permitting process regarding development near and within wetlands. Appropriate for students planning careers in natural resource management. Though not a substitute for professional training in wetlands delineation and functional assessment, students will gain a basis for such assessments. Familiarity with basic principles of chemistry, physics, and biology recommended.

Note: Field trips required.
Field trip(s) may be required.

ENVS 163. Ethnoecology. 3 Units
Term Typically Offered: Fall only

Evaluates sustainable management of ecosystems by local indigenous people, using traditional resource management, traditional ecological knowledge and Western science. Familiarizes students with the fields of ethnobiology, ethnoecology, and historical ecology. Students learn about the relationship between people and plants, with a focus on how traditional plant knowledge reflects and is reflected by environmental perceptions.

Note: Field Trip. Required field trip to Chawse Indian Grinding Rocks State Park. Fee Course. $15 per student.

ENVS 165. American Environmental History. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Traces the development of the changing relationship between human society and the natural environment. Focuses on changing attitudes and behaviors toward the environment from the pre-colonial era through the present. Also examines the relationship between industrialization and the technological revolution and nature and examine past and present conservation and environmental movements.
Cross Listed: HIST 165; only one may be counted for credit.

ENVS 171. Environmental Politics and Policy. 3 Units
Prerequisite(s): instructor permission.
Term Typically Offered: Spring only

Politics of human interaction with land, air and water. Political analysis of agenda setting, policy formation and administration (national, state and local) of environmental programs. Focus on contemporary issues such as energy alternatives, management of toxics, land development, and pollution control. Course also substitutes for ENVS 128.
Cross Listed: GOVT 171; only one may be counted for credit.

ENVS 175. Aquatic Pollution Assessment. 3 Units
Prerequisite(s): BIO 160, CHEM 1A or concurrent enrollment; or instructor permission.
Term Typically Offered: Fall, Spring

Examines both the negative and positive impacts that anthropogenic effects have on groundwater, streams, and lakes by utilizing the application of field sampling techniques and laboratory analysis currently used to assess pollution impacts. Introduces the interrelationships among plants, animals and environmental factors within polluted aquatic ecosystems. Emphasizes laboratory and field procedures used in strategies taken to assess and manage these impacts.

Note: Course also substitutes for ENVS 121.

ENVS 186B. Ecological and Environmental Issues Seminar. 1 Unit
Prerequisite(s): BIO 10 or both BIO 1 and BIO 2.
Term Typically Offered: Fall, Spring

Series of at least 10 seminars in ecological and environmental issues. Topics with each seminar will vary each semester.

Note: May be repeated for credit. No more than one unit of ENVS 186B may be counted toward the upper division major requirement. Cross Listed: BIO 186B; only one may be counted for credit.
ENVS 187. Environmental Studies Seminar. 1 Unit
Term Typically Offered: Fall, Spring

Students will participate in the semester-long University seminar and will be exposed to a variety of environmental issues and topics presented by speakers from CSUS, the USGS, government and professional organizations, among many others. Topics include issues such as climate change, water use and conversation, environmental sustainability, environmental policy and decision-making, and many important regional issues.
Credit/No Credit

ENVS 190. Senior Thesis. 3 Units
Prerequisite(s): Instructor permission and completion of all lower and upper division Environmental Studies courses.
Term Typically Offered: Fall, Spring

Explores an environmental problem or issue in great depth. It includes a detailed review of the scientific literature, synthesis, and integration of information from the literature, and evaluation of the information leading to conclusions and recommendations that address the problem or issue. Thesis subjects are chosen by the student, and can be from a myriad perspectives addressed in the Environmental Studies curriculum including scientific, social, political, economic, and cultural issues.

ENVS 195. Environmental Studies Internship. 3 Units
Term Typically Offered: Fall, Spring

Supervised work experience in an approved legislative or administrative office at some level of local, state or federal government, or in a public or private organization that is concerned with the environment. Supervision is provided by the faculty instructor and responsible officials in the work situation.
Note: Open to majors only, subject to instructor permission.

ENVS 195M. Mini Internship. 1 Unit
Term Typically Offered: Fall, Spring

This introductory work experience is designed for sophomores and juniors. The student must complete 45 hours of environmentally related work in a volunteer position with an environmental organization or participation in an environmentally focused event. Supervision is provided by the faculty instructor and responsible officials in the work situation.
Note: Open to majors only, subject to instructor permission.

ENVS 196. Youth Recreation in Camp Settings. 3 Units
Term Typically Offered: Fall, Spring

This course examines camp programs in a wide variety of settings, for a variety of populations. Topics cover camp theories, camp management, risk-management, activity planning, inclusive programming, and staff training. Includes an emphasis on leadership, supervision, and organizational development of camp programs. Course uses lecture, field experiences, guest speakers, and service learning.

ENVS 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who are competent to carry on individual work. Admission requires permission of the Director and the faculty member who will direct the work.

ENVS 295. Practicum. 2 - 6 Units
Prerequisite(s): Permission of faculty advisor and director.
Term Typically Offered: Fall, Spring

Graduate internship experiences in practical setting.
Note: Open only to graduate students specializing in environmental studies.
Credit/No Credit

ENVS 296. Experimental Offerings in Environmental Studies. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Courses offered on an experimental basis.

ENVS 299. Special Problems: Individual Study. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Departmental petition required.
Credit/No Credit

Ethnic Studies (ETHN)

ETHN 1A. Elementary Swahili. 3 Units
Term Typically Offered: Fall, Spring

Introduction to the language of Swahili speaking people. Emphasis is on developing vocabulary and writing skills. Attention will be given to understanding the relationship of language to culture.

ETHN 1B. Elementary Swahili. 3 Units
Prerequisite(s): ETHN 1A or its equivalent; or instructor permission.
Term Typically Offered: Fall, Spring

Continuation of ETHN 1A with more emphasis on developing reading and listening skills along with further developing writing abilities. Provides deeper knowledge of the customs, traditions and experiences of Swahili speaking people.

ETHN 10. Africa: Myths and Realities. 3 Units
Term Typically Offered: Fall, Spring

Introduction to African Studies. Examines the most common myths found in both popular and academic literature about Africa and its people.

ETHN 11. Introduction to Ethnic Studies. 3 Units
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring

Introduces the diverse institutional, cultural, and historical issues relating to the past and present life circumstances of Asian Americans, Mexican Americans, Black Americans, and Native Americans. Designed to introduce students to information presented in upper division courses with ethnic studies content.
**ETHN 11H. Introduction to Ethnic Studies (Honors).** 3 Units

*General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE)*  
*Term Typically Offered: Fall, Spring*

Introduces the diverse institutional, cultural, and historical issues relating to the past and present life circumstances of Asian Americans, Mexican Americans, Black Americans, and Native Americans. Focuses may include leadership, identity development, problem solving skills, community organizing and empowerment. Designed to introduce students to information presented in upper division courses with ethnic studies content.  
*Note: Fulfills the General Education requirements of Area D1A (Foundations in the Social and Behavioral Sciences) as well as the General Education Honors Program.*

**ETHN 14. Introduction to Asian American Studies.** 3 Units

*General Education Area/Graduation Requirement: GE AREA D*  
*Term Typically Offered: Fall, Spring*

Introduction to the basic concepts, theoretical perspectives, and research methodologies in comparison to other social science disciplines. The intersection of class, race/ethnicity, and gender of various Asian American and non-Asian American groups will be explored from a socio-historical perspective.

**ETHN 21. First Year Seminar: Becoming an Educated Person.** 3 Units

*General Education Area/Graduation Requirement: Understanding Personal Development (E)*  
*Term Typically Offered: Fall, Spring*

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills.  
*Note: Only open to students admitted to EOP Learning Communities Program.*

**ETHN 30. Introduction to Chicano/Latino Studies.** 3 Units  

*General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D*  
*Term Typically Offered: Fall, Spring*

Introduction to exploring the Chicano/Latino experience in the U.S. An overview of the diverse and multiple experiences of people of Mexico, Cuba, Puerto Rico, Dominican Republic, Central and South America. From a socio-historical perspective, the intersections of class, race/ethnicity, and gender will be explored.

**ETHN 50. Native American Religion and Philosophy.** 3 Units  

*Term Typically Offered: Spring only*

In-depth study into the principles of Native American religion and philosophical thought and the resulting impact of European culture upon the Native American societies.

**ETHN 53. Introduction to Native American Studies.** 3 Units  

*General Education Area/Graduation Requirement: GE AREA D*  
*Term Typically Offered: Fall only*

Broad overview to the field of Native American Studies, including history, sovereignty, popular imagery, economic development, literature, philosophy, religion, urbanization, gender, social issues, and cultures of native peoples. Introduction to Native American Studies; recognizes intra-tribal, trans-national, and various historical, cultural, and political relationships, and issues through an interdisciplinary approach. The primary focus will be post 1900.

**ETHN 70. Introduction to Pan African Studies.** 3 Units  

*General Education Area/Graduation Requirement: GE AREA D*  
*Term Typically Offered: Fall only*

Introduction to Pan African Studies. It is intended to introduce students to the context from which Pan African Studies arose, including the Western intellectual tradition, and to consider the substantive objections to Pan African Studies as a legitimate academic discipline. It is intended to show humanities and social science emphases of the discipline, and the interdisciplinary character of the discipline as a whole. Upon completion, students should have a broad exposure to the subject matter of the discipline, an acute appreciation of some of its philosophical concerns, a recognition of some of the principal methodologies employed by its scholars, some familiarity with major scholars in the discipline, and the ability to explore these subjects independently.

**ETHN 71. Leadership in the African Diaspora.** 3 Units  

*Term Typically Offered: Spring only*

Provides students with an understanding of the unique contours of leadership throughout the African Diaspora through an interdisciplinary approach to understanding particular problems, necessities and styles of leadership. Examines leaders and leadership roles within the African Diaspora with an emphasis on a variety of positions and contexts in the areas of politics, religion, art, and education, including the international, national, and local community (grassroots) arenas.

**ETHN 72. Black Images in Popular Culture.** 3 Units  

*Term Typically Offered: Fall, Spring*

This course is designed as a survey of the Black image within popular culture. Students will interrogate the roots of African American stereotypes within North American culture. Through an understanding of this history, we will assess how these stereotypes have evolved over time and the role they have played in constructing and positioning African Americans in American society. Students examine the ways in which African Americans actively construct images of themselves for a variety of political and social purposes.

**ETHN 94. CAMP Transition and Problem Solving.** 3 Units  

*Term Typically Offered: Fall, Spring*

Designed for CAMP students new to University life, form and functions. The three hour lecture/discussions per week are focused on assisting students with making a successful transition to the University.  
*Note: May be repeated once for credit.*
ETHN 96B. Contemporary Issues and Social Change. 3 Units
Term Typically Offered: Fall, Spring

Generation after generation, university students have been key constituents in movements for social change. From public demonstrations to research studies, colleges and universities afford countless opportunities for students to advocate for a better world. This course explores how students can utilize university resources to explore interests and concerns, hone academic skills and contribute to social change.

ETHN 98. Co-Curricular Activities. 1 - 3 Units
Term Typically Offered: Fall, Spring

Co-curricular activities related to the subject matter and intellectual concerns in Ethnic Studies.

Note: Recommended for students new to the university experience and students having completed fewer than 45 units of course work. May be repeated twice for total credits not to exceed 6 units.

Credit/No Credit

ETHN 100. Ethnic America. 3 Units
General Education Area/Graduation Requirement: GE AREA D, Writing Intensive Graduation Requirement (WI), Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring, Summer

Through an interdisciplinary approach, introduces the four major American ethnic groups - Black, American Indian, Chicano, Asian American. Focuses on themes common to all four groups (racism, economic and political oppression) and demonstrates the varied contributions of each culture to American social and economic life. Prerequisite: GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

ETHN 110. The Asian American Experience. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Survey of the experiences of various Asian groups in the U.S. from the mid-nineteenth century to present. The historical forces affecting the immigration and settlement patterns of Chinese, Japanese, Filipinos, Koreans, Asian Indians and Southeast Asians (Vietnamese, Cambodians, Laotians) will be compared and contrasted. Students will analyze the problems resulting from limited access to the social, political, and economic institutions of U.S. society.

ETHN 111. Southeast Asians in the US. 3 Units
Term Typically Offered: Spring only

Examine several issues and factors shaping the experiences of recent immigrant groups (Vietnamese, Mien, Hmong, Cambodians, Laotians) from Southeast Asia to the U.S. Focuses on the dynamic relationship between ethnicity, minority assignment and social integration as these effect the experiences of these immigrant groups.

ETHN 112. Contemporary Asian American Issues. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examines several important social issues such as emerging communities, education, employment and occupations, anti-Asian violence, media images and stereotypes, families and identities, and political empowerment shaping the contemporary experiences of diverse Asian American groups.

ETHN 113. Asian American Communities. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examination of the historical and contemporary experiences of various Asian American communities through active investigation. The concepts, methods, and theories commonly utilized in community research will be covered.

ETHN 114. Asian Americans and Globalization. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examination of the Asian American immigration within the context of the larger Asian global migration. Emphasis will be placed on the period from the 16th century to the contemporary Asian global migration. A critical examination of the perspectives on the Pacific region and how the economic, social, political and historical forces affected migration and the formation of Asian global communities.

ETHN 115. Biracial and Multiracial Identity in the US. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Examination of biracial/multiracial populations, their social histories, social experiences and social identities within various sociological and social psychological theoretical frameworks. An exploration of the relationship biracial/multiracial groups have had, and continue to have, with the larger white majority and monoracially identified minorities.

ETHN 116. Asian American Politics and Public Policy. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Critical examination of the historical and contemporary political experiences of Asian Americans and their pursuits of immigration rights, citizenship, political identity, equality, freedom, and incorporation into the U.S. political system.

ETHN 117. Black Political Thought. 3 Units
Term Typically Offered: Spring only

To systematically and analytically introduce the predominant political trends and concepts presently entertained and harbored in the Black Community. A necessary adjunct to this dialogue is the racist theme in American society since on balance this is the matrix out of which the political alternatives and concepts grew. Cross Listed: GOVT 117; only one may be counted for credit.
Using an interdisciplinary approach, course offers a broad introduction to the principle values and traditions shaping Asian American women's lives in the U.S. Examines cultural diversity, gender inequality and conflicts between traditions and social practices through critical analysis of literature, film and cultural theories as expressions of identity. Topics covered include: cultural heritage and philosophies, intergenerational conflict, transnationalism, gender roles and socio-economic practices. Provides comprehensive understanding of principle factors governing Asian American women's lives at the nexus of Asian and American cultures. Cross-listed: WOMS 118.

ETHN 119. The Filipino American Experience. 3 Units
Term Typically Offered: Fall, Spring
Overview of the Filipino American experience from the 16th century to the present. Immigration and settlement of Filipinos in the U.S. will be critically examined within the context of historical, social, economic, and political forces in American society. How the Filipino labor market status, race, class, and sex/gender relations affected the evolution and formation of Asian American communities will be critically examined.

ETHN 121. Hmong American Experience. 3 Units
Term Typically Offered: Fall only
Explores the historical and cultural background of Hmong Americans. Major emphasis is on the many experiences of the Hmong Americans including the social, economic, and political conditions that prompted their migration from Laos to the U.S. Explores the complex patterns of Hmong American acculturation in relation with other Asian and non-Asian immigrant groups.

ETHN 122. Sikh Americans and Globalization. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only
Examines the history and migration of Sikhs throughout the world, including the United States. Topics include the origin of Sikhism, Sikh history/religion/culture/social institutions and social relations, direct and secondary migration, race and ethnic relations, second-generation identity issues, and global diaspora/transnationalism.

ETHN 130. Chicano/Mexican-American Experience. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer
Transmits knowledge and understanding of how racism confronts and divides American society. Attention will be given to the effects of racism on the experiences of Chicanos/Mexican Americans in American society.

ETHN 131. La Raza Studies. 3 Units
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring
Ethnohistorical analysis of La Raza Cosmica designed to convey crosscultural knowledge and understanding of peoples from Mexico, Cuba, Puerto Rico and Central America. Includes a comparative analysis of ethnic identity and a survey of socio-cultural, political and economic changes which have influenced U.S./Latin American policy and immigration patterns of Latinos to the U.S.

ETHN 132. La Mujer Chicana. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Critical analysis of the cultural influence that the family, community, religion, economic status and peers play upon the decisions, the values and roles held by Chicanas. An examination of the processes which have resulted in the change of attitudes, values and roles of the contemporary Chicana.

ETHN 133. Crosscultural Aging in America. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E), Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring
Examines aging crossculturally among ethnic groups in America. Emphasis will be placed on a review of the current literature on aging and ethnicity. Also examines changing roles and values in Black, Hispanic, Asian and Native American families.

ETHN 136. US Mexican Border Relations. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Contemporary issues affecting the daily lives of people living in the U.S. - Mexico Borderlands. Theories, gender issues, political, economic and social relationships on both sides of the border will be examined.

ETHN 137. Race and Ethnicity in Latin America and Caribbean. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Socio-economic, historical and contemporary issues affecting the various peoples living in the Latin America and the Caribbean. We will examine the intersection of race and ethnicity as well as class, gender, and identity, with attention paid to the contributions and presence of Asians, Africans, Europeans, and Indigenous peoples.

ETHN 140. Native American Experience. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer
Advanced course in American Indian history, political and social relations, with emphasis upon current movements and problems of Native American life.

ETHN 141. Politics of the African Diaspora. 3 Units
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall only
Examines the social, political, cultural, and economic factors which have been important to the African diaspora. Examines how African people have responded to those factors, both in terms of formal, political thought, and in terms of political movements and political institutions. Examines thought and proactive, comparability to Africa, U.S., Caribbean, Central and South America.
Cross Listed: GOVT 141; only one may be counted for credit.
ETHN 142. Native American Tribal Governments. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examines the regulatory powers that American Indian tribes possess over their peoples and territories. Students will acquire an understanding of tribal governmental history, internal affairs, jurisdictional conflicts, government relations, federal Indian public policy and economic development. The political aspects of tribal government administration and the emergence of self-governance as a foundation for self-determination, development and sustainability will be explored.

ETHN 143. American Indians, Film and Popular Culture. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Students will examine various ways American Indians are imagined by popular culture through film, including drama, comedy and documentary. Beyond identifying and analyzing images of Indians as well as myths about their historical and contemporary circumstances, students will be challenged to investigate and understand the tenuous relationship between fact and fiction in popular culture.

ETHN 145. Native Voice, Memory, and Biography. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Through the genre of biography and autobiography, students will examine the relevance of Native voice and memory in reference to the development of identity, cultural transformation, indigenous knowledge, political activism, and historical consciousness. Students will analyze the political, economic and cultural contexts in which Native voices and memories emerge.

ETHN 146. American Indians, Sovereignty and US Laws. 3 Units
Term Typically Offered: Spring only

Examines the legal history developed between American Indians and Euro-Americans. Includes an introduction to events, circumstances, and relationships that developed social and legal concepts. There will be an examination of constitutional principles, laws and United State's policies from the early 1800's to the present and the impacts of these doctrines on American Indian sovereign powers. The students will acquire a basic understanding of the sources of political conflict in contemporary American Indian communities and American society.

ETHN 150. Native American Oral Tradition and Storytelling. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Study of how Native American oral tradition and storytelling affect the experience of tribal expression. Examines the foundation of this tradition through an analysis and comparison of traditional and contemporary forms.

ETHN 151. Native American Women. 3 Units
Term Typically Offered: Fall only

Examination of the traditional, non-traditional, and contemporary roles of Native American women. The relationship of these roles to both Indian and non-Indian societies. An exploration of Native women's issues through histories, literatures, and oral traditions, focusing on Native American women's perspectives. Colonization has drastically impacted native women and the lives of their families, nations and communities. Resistance and de-colonization efforts by Native women will be illuminated and analyzed.

ETHN 152. American Indians, Sovereignty and US Laws. 3 Units
Term Typically Offered: Fall, Spring

Examines the legal history developed between American Indians and Euro-Americans. Includes an introduction to events, circumstances, and relationships that developed social and legal concepts. There will be an examination of constitutional principles, laws and United State's policies from the early 1800's to the present and the impacts of these doctrines on American Indian sovereign powers. The students will acquire a basic understanding of the sources of political conflict in contemporary American Indian communities and American society.

ETHN 154. American Indians, Film and Popular Culture. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Students will examine various ways American Indians are imagined by popular culture through film, including drama, comedy and documentary. Beyond identifying and analyzing images of Indians as well as myths about their historical and contemporary circumstances, students will be challenged to investigate and understand the tenuous relationship between fact and fiction in popular culture.

ETHN 155. Indigenous People. 3 Units
Term Typically Offered: Fall, Spring

Examines genocide cases, such as the Armenian genocide, the Jewish Holocaust, the genocide of Roma, the Cambodian "Killing Fields", genocide in East Timor, ethnic cleansing in Bosnia, the genocide of the Tutsi in Rwanda and genocide in the Darfur region of Sudan, as well as the genocide of Native Americans, and other indigenous peoples. Addresses causes of, and responses to, genocide around the world, especially in Africa, Asia and Latin America. This phenomenon is examined historically, descriptively, comparatively and theoretically.

ETHN 156. Asian American Families: Issues and Perspectives. 3 Units
Term Typically Offered: Fall, Spring

Applications of research and theory specific to Latino/Chicano and American Indian families; strategies for applying this knowledge to areas of service, therapy, policy, and education. Lecture/discussion, internet enhancement.
Cross Listed: FACS 166A; only one may be counted for credit.

ETHN 157. Asian American Families: Issues and Perspectives. 3 Units
Term Typically Offered: Fall, Spring

Family is an adaptable and changing institution of society. Research and theory on Asian American families will be highlighted with an emphasis on applying the information to areas of service, therapy, policy, and education. Experiences of various Asian groups in the U. S. will be compared.
Cross Listed: FACS 166B; only one may be counted for credit.
ETHN 170. Pan African Studies. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Investigation into the subjective aspects of Pan African Studies (Black Studies). Covers such topical areas as the struggle by Black Americans for education, the genesis of the Black Studies movement, Black culture, institutional change, etc. The very nature of the course permits the coverage of a broad range of subject matter. Students are encouraged to take specific courses offered by the Pan African Studies program for more extensive investigation.

ETHN 171. African Religions and Philosophies. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Study of the African's concept of God with particular emphasis on His works, His relationship to His creations, and His worship. Also covers the concepts of evil, ethics, justice and various metaphysical ideas.

ETHN 172. Black Women In America. 3 Units
Term Typically Offered: Spring only

Examines the historical and social forces that shape the lives of Black women. Examines the Black woman's role in the family, community, work force and society in general.

ETHN 173. The Black Family in the United States. 3 Units
Term Typically Offered: Fall, Spring

Using the interdisciplinary approach, several institutional factors affecting the structure, evolution, and function of the Black Family unit in the U.S. will be studied. Permits a broad, yet systematic, examination of the Black Family in order to understand the several dynamics affecting the Black Family in particular and Black Americans in general.

ETHN 177. Topics In African Studies. 3 Units
Term Typically Offered: Fall, Spring

Special topics in African studies.

ETHN 177A. Genocide and Human Rights: Africa. 3 Units
This course focuses on the human rights abuses and Genocides that occurred in colonial and post-colonial Africa. It explores Genocide in Rwanda, Darfur, Namibia, and mass killings in Congo. It examines Campaigns of cultural Genocide, ideological pressure, and the involvement of former colonial powers in mass killings. Different approaches of conflict resolution such as the South African Truth and Reconciliation model will be examined. Causes and conditions of Genocide will be interpreted through interdisciplinary literature.

ETHN 179. Black Music and Black Consciousness. 3 Units
Term Typically Offered: Fall only

Provides students with an understanding of the essential role Black music assumes in the development of people of African descent throughout the Black Diaspora. Major topics include the historical development of Black music, the role of music in Black resistance and other forms of political behavior, the economic exploitation of Black music and the Black musician and the influence of globalization.

ETHN 180A. Forms of African-American Poetry. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Focuses on four or more African-American poets, representing a historical succession of literary periods.

ETHN 180B. Forms African-Am Fiction. 3 Units
Prerequisite(s): GWAR certification before Fall 09, or WPJ score of 70+ or at least a C- in ENGL 109M or ENGL 109W.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Race & Ethnicity Graduation Requirement (RE), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Focuses on four or more African-American writers of fiction, surveying texts representing a historical succession of literary periods.

ETHN 181. Cinematic Representations of Pan African Identities. 3 Units
This course is designed as an intensive survey of African American cinema that engages questions of history, culture, politics and the overall function of race and representation in American society. Our focus in this class is to understand Pan African filmmakers and their respective films. We will focus on cultural factors intrinsic to Pan African societies and how cinema fits into this context, as well as how issues of gender, sexuality and class impact the films.

ETHN 182. Protest in Hip Hop. 3 Units
This course is designed to be an intensive survey of the evolution of hip hop as a form of social protest that developed into a global cultural movement. The course draws parallels from hip hop's historical function with past and present U.S. social movements advocating for social justice, including the recent #BlackLivesMatter movement. Students will also examine cultural studies theoretical concepts analyzing mainstream's exploitation and marginalization of race, class, gender and sexuality representations in hip hop.

ETHN 194. Research in Ethnic Studies. 3 Units
Prerequisite(s): One upper-division Ethnic Studies course.
Term Typically Offered: Fall, Spring

Designed to provide students with contemporary theoretical knowledge and practical skills for conducting research in the Asian American, Black American, Chicano, and Native American communities. Methodology which addresses issues and research perspectives distinctly germane to researching a targeted community is examined.

ETHN 195A. Ethnic Studies Fieldwork. 1 Unit
Prerequisite(s): Ethnic Studies majors only
Corequisite(s): ETHN 195B
Term Typically Offered: Spring only

Allow students, with faculty supervision, to work closely with the ethnic minority communities. Students may work with a community agency, community organization, or other site with instructor approval.
Credit/No Credit
ETHN 195B. Ethnic Studies Seminar. 2 Units
Prerequisite(s): Ethnic Studies majors only
Corequisite(s): ETHN 195A
Term Typically Offered: Spring only
Seminar discussions designed to synthesize and assess knowledge in Ethnic Studies courses applied to fieldwork experiences.

ETHN 198. Co-Curricular Activities. 1 - 3 Units
Term Typically Offered: Fall, Spring
Co-curricular activities related to the subject matter and intellectual concerns in Ethnic Studies. For example, students may earn ETHN 198 credits by participating in Ethnic Studies classes as tutors and/or section or discussion leaders; teaching as voluntary instructors or tutors in courses offered by community organizations.
Note: May be repeated twice for total credits not to exceed 6 units.
Credit/No Credit

ETHN 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Admission requires approval of the faculty member under whom the individual work is to be conducted, the appropriate program director and the Chair of Ethnic Studies.
Credit/No Credit

ETHN 299. Special Problems/Individual Study. 3 Units
Term Typically Offered: Fall, Spring
Open to classified and unclassified graduate students. Allow qualified students to explore topics, issues, and subjects pertinent to ethnic groups in the U.S.
Credit/No Credit

Executive Masters in Business Administration (EMBA)

EMBA 210. EMBA Orientation. 1 Unit
Prerequisite(s): Acceptance to the EMBA Program.
Term Typically Offered: Fall, Spring
Includes individual introductions, program overview (content and administrative policies and practices), overviews, critical thinking seminar, seminar on academic research methods and tools, introduction of on-line technologies for instructional-related activities, and team building activities.
Credit/No Credit

EMBA 223. Quantitative Methods for Decision Making. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring
Presents how business decisions are now made in an increasingly competitive and complex business environment. The emphasis will be on how to better respond to this challenge by using quantitative methods to forecast, extrapolate, analyze, and simulate a business situation for effective decision-making. Cases studies will be used to develop those capabilities.

EMBA 224. Managerial Finance for Executives. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring
Provides students a well-rounded understanding of the language and financial expectations/performance of organizations. Candidates will learn how to evaluate decisions from the perspective of shareholder and stakeholders. With this perspective they will be better equipped to make better business decisions and also understand the financial impact of those decisions.

EMBA 225. Organizational Design and Management. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring
Review the organization theory from a macro perspective (structure, process, technology, people, and culture). Special attention will be paid to organization structure, human resources, design, control, culture and inter-organizational relationship.

EMBA 226. Technology Management for Executives. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring
Covers the major challenges organizations deal with today as they attempt to manage their key technological resources as well as with implementing technological innovations. Addresses the digital opportunities and threats organizations face from senior management perspectives.

EMBA 227. Strategic Marketing Management. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring
Presents how modern marketing principles can be applied to real-world situations. The emphasis will be on studying strategies used by organizations in today's highly competitive and evolving marketplace. Case studies will be utilized to fully develop techniques for creating marketing programs given varying levels of resources and information available under diverse market conditions.

EMBA 228. Strategic Analysis for Executives. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring
Focuses on the competitive strategy of the firm and examines issues central to its long-term competitive position by utilizing the cutting-edge strategic approaches. Develops frameworks that are useful in analyzing a firm's competitive environment and developing firm-specific capabilities that contribute to its competitive advantage. Addresses the economic logic and administrative challenges associated with horizontal diversification, vertical integration and global expansion.
EMBA 229. Leadership and Change Management. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

Introduce the concept of leadership in business organizations. Key themes: leading teams and leading during times of change. An integral part is to study current business leaders and analyze their leadership practices.

EMBA 242. Product and Brand Management. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

An organization’s products and services are among the most important determinants of its ultimate survival and success since organizations rely on repeat business. No organization can survive over the long term if its products and services do not serve the needs of its customers, whether they are external or internal to the entity. Focuses on developing successful products and services as an on-going and iterative process. It explores customer needs and expectations change, the dynamics of the marketplace make, and the need to continually refine and improve the product and service offerings. Attention is given to how and when products must be modified over time to achieve their maximum potential, and eventually eliminated so resources can be directed to new products and services with greater long-term value.

EMBA 243. Legal Issues in Business Environment. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

Addresses sales contracts, employment law, alternative dispute resolution, intellectual property, and antitrust matters. Covers the interaction between a client and an attorney how to use and communicate with a lawyer, and how to make legal-executive decisions. In all components, the course stresses ethical standards and the responsible roles of businesses in society.

EMBA 244. Corporate Performance Measurements. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

Introduces models to evaluate uncertain project outcomes, financial methods to estimate the intrinsic worth of the firm, metrics to evaluate firm performance in terms of shareholder value created, tools to analyze shareholder wealth consequences of corporate restructuring activities, and discusses the ethical implications of corporate restructuring activities. An additional dimension of metrics will include human based metrics such as performance reviews and human development.

EMBA 245. Competing in the Global Marketplace. 3 Units
Prerequisite(s): Completion of orientation course.
Term Typically Offered: Fall, Spring

Presents the principles of effective international management in a complex global environment of interactive socio-cultural, economic, and political forces. Covers competitive strategies in the rapidly growing globalization and addresses what today’s networked economy offers.

EMBA 246. Managing Creativity and Innovation. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

Provides students with a strong theoretical foundation and a set of practical tools for the management of creativity and innovation. It will help students understand the innovation process and rethink an organization’s human resources strategy and transform it into a system that will promote growth and effectiveness at all levels of the organization. Provides a framework for a learning organization to recognize failures, disruptive technologies, and strategies to overcome them.

EMBA 247. Executive Decision Making. 3 Units
Prerequisite(s): Completion of EMBA Program.
Term Typically Offered: Fall, Spring

Provides a framework for analyzing and identifying key management issues as well as developing plans for action. Focuses on identifying what managers do, what distinguishes effective management, how managers make decisions, and what makes a company excellent.

EMBA 248. Project Management for Executives. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

Covers the knowledge and skills as well as the principles and practices required to organize, plan and control projects of all sizes. Topics covered: a review of project characteristics and vulnerabilities, development of managerial philosophy and execution objectives, organization structure and interfaces, and management and control techniques.

EMBA 249. Management in the Public Sector. 3 Units
Prerequisite(s): Completion of EMBA 210.
Term Typically Offered: Fall, Spring

Managing public sector organizations requires unique skill sets. Governmental entities serve multiple constituencies, some of which may have differing and competing objectives and needs. Their customers include those who utilize the entity’s products and services, taxpayers who fund the organization, publicly elected officials who set new directions with every change in administration, oversight groups which monitor governmental activities, and the ever-watchful media. Accordingly, managers in the public sector need to function effectively in highly volatile and political environments. Traditional and innovative management practices have to be tempered by political realities and the public’s emphasis on service with accountability. Managers have to perform their traditional roles while also being public relations specialists in dealing with the various constituencies of the public sector entity.

EMBA 250. EMBA Individual Project. 4 Units
Term Typically Offered: Fall, Spring

EMBA 296. Experimental Offerings in Executive Management. 3 Units
Term Typically Offered: Fall, Spring

When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in executive management.

Note: May be repeated for credit
EMBA 299. Special Problems in Executive Management. 1 - 3 Units 
Prerequisite(s): Classified graduate status or instructor approval.
Term Typically Offered: Fall, Spring

Individual projects or directed reading with examination for students qualified to carry on independent work.
Note: Enrollment requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions to be obtained from the Graduate Business Advising Center (GBAC).

Family and Consumer Sciences (FACS)

FACS 9. Food Safety and Sanitation. 2 Units
Prerequisite(s): Open only to FACS majors/minors and Dietetic special majors.
Term Typically Offered: Fall, Spring, Summer

Introduction to food safety principles and application, microbiology of food safety, infection control, and safety issues. Examination of laws and regulations related to consumer and foodservice operations. Preparation for national foodservice sanitation certification examination.

FACS 10. Nutrition And Wellness. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to the basic principles of nutrition and the relationship of the human diet to health. Overview of the nutrition profession, the biological uses of nutrients and tools for dietary planning. Examination of specific issues such as weight loss, sports nutrition, food safety, the diet-disease relationship and global nutrition. Analysis of special nutritional requirements and needs during the life cycle. Evaluation of personal dietary habits using current dietary guidelines and nutritional assessment methods.

FACS 11. Principles of Food Preparation. 3 Units
Term Typically Offered: Fall, Spring, Summer

Chemical, physical, sensory, and nutritional properties of food related to processes used in food preparation. Laboratory includes preparation and evaluation of individual food products. Lecture two hours; laboratory three hours. Prerequisite: FACS Nutrition and Food majors and minors and Dietetics Special majors only

FACS 30. Fashion and Human Environment. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

This course serves as an introduction to the study of fashion and human environment and how fashion is perceived, marketed, and internalized within individuals across Western and non-Western cultures. A focus on both internal factors such as psychological, aesthetic and self-image, and external factors such as social, economic, cultural and political experiences will be addressed.

FACS 31. Textiles. 3 Units
Term Typically Offered: Fall only

Study of the characteristics of fibers, yarns, fabrics, and finishes. Emphasis on fabric performance, serviceability as they affect consumer satisfaction. Discussion of environmental concerns in the textile industry and laws relating to textile products.

FACS 32. Fundamentals of Apparel Production. 3 Units
Term Typically Offered: Fall, Spring

Principles of fit and design. Applied basic construction with emphasis on standards and custom techniques. Characteristics of fabrics used; individual pattern adjustment. Lecture, discussion, demonstration one hour, laboratory four hours.

FACS 50. The Family and Social Issues. 3 Units
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring

Family structure, systems and functioning in marriage and other partnerships, parenting, work issues, domestic violence, divorce, and remarriage. Focus on social issues including gender, race, ethnicity, and class. Historical and theoretical perspectives on families in America. Introduction to research in family sciences and public policy implications. Lecture, discussion.
Note: Not open for credit to students who have taken SOC 5.

FACS 52. The Child In The Family. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Physical, social, emotional and cognitive development of the child, conception through adolescence, in relation to the family. Strong theoretical emphasis. Introduction to methods of study, including observation and interview. Lecture, discussion, fieldwork.
Note: Not open for credit to students who have taken CHDV 137, CHDV 138, or PSYC 148.

FACS 100. Research: Methods and Application in Family and Consumer Sciences. 3 Units
Prerequisite(s): 6 FACS units completed. FACS majors only
Term Typically Offered: Fall, Spring

Study of methods and application of research in the field of Family and Consumer Sciences. Focus on scientific inquiry, methodology, evidenced-based practice, interpretation of research results, program and project evaluation, and professional communication. Includes the examination of ethical practices, professional presentation skills, and technical writing skills.

FACS 107. Nutrition Education, Communication, and Counseling. 3 Units
Prerequisite(s): FACS 10 and an additional 3 FACS units
Term Typically Offered: Fall, Spring

Nutrition Education, communication and counseling techniques for use by the nutrition/dietetics professional. Introduction and application of various health behavior theories to promote change in diverse target audiences. Development of nutrition care plans, educational materials and activities for individual groups. Understand and apply methods of dietary assessment and motivational interviewing.
FACS 108. Family Communication. 3 Units
Prerequisite(s): COMS 8, FACS 50, SOC 166, or instructor permission.
Term Typically Offered: Fall, Spring

Study of the family as a small group with emphasis on understanding and interpreting the dynamics of family communication using various communication and social-psychological theories. Opportunity to develop an analytical framework.

FACS 110. Food Production and Sustainability. 4 Units
Prerequisite(s): FACS 9, FACS 10 and FACS 11
Term Typically Offered: Fall, Spring, Summer

Study and laboratory experience in planning, procuring, production, serving and evaluation of food for individuals, families, commercial, and institutional foodservice operations. Application of menu development techniques such as recipe modification and standardization to various target populations. Examination and application of marketing analysis and promotion. Understanding of current issues and sustainability topics related to food production.

FACS 112. Current Topics in Nutritional Sciences. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Further Studies in Area B (B5), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Summer only

Examination of contemporary and controversial topics in nutrition science and how they relate to nutritional needs of different population groups. Analyzes the research process and evaluation of validity of nutrition research. Lecture, discussion.

Note: Not open for credit to Dietetics/Nutrition and Food majors.

FACS 113. Nutrition And Metabolism. 3 Units
Prerequisite(s): FACS 10; BIO 10 or BIO 20; and CHEM 1A or CHEM 5 or CHEM 6A
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring, Summer

Study of the structures, types and metabolism of carbohydrates, lipids and proteins. Discussion of the biological roles of vitamins and minerals. Application and integration of metabolic knowledge with health promotion and chronic disease. Lecture, discussion.

FACS 114. Cultural and Social Aspects of Food. 3 Units
Prerequisite(s): FACS 10; Only FACS majors/minors and Dietetic special majors may enroll in this course
Term Typically Offered: Fall, Spring

Examination of the cultural and social meanings of food, food behaviors and food systems. Emphasis on the regional, ethnic and religious influences on food habits. Study of food production, distribution, and consumption historically and cross-culturally; traditional dishes and nutritional contributions of diets of several cultures.

FACS 115. Nutrition: Pre-conception Through Childhood. 3 Units
Prerequisite(s): FACS 113
Term Typically Offered: Fall, Spring

Examination of nutritional requirements, metabolism and issues during stages of the early life cycle, including: pre-conception, pregnancy, lactation, infancy, and early and late childhood. Study of assessment and methods for achieving nutritional needs through dietary selection and promotion of maternal, infant, and child health. Analysis of social, environmental, physical and economic factors affecting nutritional status.

FACS 116. Foodservice Management. 4 Units
Prerequisite(s): FACS 110.
Term Typically Offered: Fall, Spring

Field trip(s) may be required.

FACS 117. Community Nutrition. 3 Units
Prerequisite(s): FACS 107; and either FACS 115 or FACS 119.
Term Typically Offered: Fall, Spring

Study of theory, concepts and philosophy affecting nutrition education and services in the community. Introduction to techniques of interviewing and counseling clients. Emphasis on culturally sensitive approaches to dietary assessment, counseling and community nutrition research.
Use of a variety of teaching methods to improve nutrition status of the community. Field study involves practical experience in a community nutrition program. Lecture, discussion two hours; field study three hours.

FACS 118A. Medical Nutrition Therapy I. 3 Units
Prerequisite(s): FACS 113, FACS 121, and BIO 131.
Term Typically Offered: Fall only

Study of the principles of medical nutrition therapy and the Nutrition Care Process. Use the Nutrition Care Process to make decisions, identify nutrition-related problems and determine and evaluate nutrition interventions with patients/clients with various conditions, including, cardiovascular and gastrointestinal disorders.

FACS 118B. Medical Nutrition Therapy II. 3 Units
Prerequisite(s): FACS 118A, and CHEM 161 or instructor permission.
Term Typically Offered: Spring only

Continuation of principles, methods, and skills as developed in FACS 118A. Review of the etiology, development and dietary prevention and intervention of diseases influenced by nutrition such as: diabetes mellitus, hepatic and biliary diseases, cancer, renal disease, pulmonary disease, neurological disorders, HIV and AIDS, and inborn errors of metabolism. Lecture, discussion two hours; activity two hours.

FACS 119. Nutrition: Adolescence Through Older Adulthood. 3 Units
Prerequisite(s): FACS 113
Term Typically Offered: Fall, Spring

Examination of nutritional requirements, metabolism and issues during stages of the life cycle, including: adolescence, adulthood, and old age. Study of assessment and methods for achieving nutritional needs through dietary selection and promotion of adolescent, adult, and elderly adult health. Analysis of social, environmental, physical and economic factors affecting nutritional status.
FACS 120. Practical Application in Sports Nutrition. 3 Units
Prerequisite(s): FACS 113
Term Typically Offered: Fall, Spring
A survey course in nutrition with an emphasis on the relationship among diet, physical activity, and health; exploration of the changes in the metabolism of carbohydrates, lipids, protein and water; discussion of the function of vitamins and minerals; practical application of evidence-based dietary recommendations for common sports and varying physical intensity. Recommended for FACS majors. Lecture/Discussion. Three units.

FACS 121. Nutrition Assessment, Methods and Support. 3 Units
Prerequisite(s): FACS 113
Study of health care systems, the nutrition care process including assessment and support, and clinical implications of malnutrition. Topics include nutrition-focused physical examination, anthropometric, biochemical, dietary, body composition, and functional status evaluation and an understanding of advantages and disadvantages of assessment approaches. Application of various assessment methods and problem solving will be achieved through hands on training and clinical case studies in the context of malnutrition, nutrition support, cancer, eating disorders, and obesity.

FACS 128. Consumer Technologies and Environments. 3 Units
Term Typically Offered: Fall, Spring
Study and analysis of technologies, durable goods, and environments in home and workplace and their impact on quality of life. Principles of equipment and product design, selection and safety; space planning; consumer decision making. Examination of issues related to energy management, shelter, housing and access to technology. Lecture, field trips two hours; activity two hours. Field trip(s) may be required.

FACS 130. History of Fashion. 3 Units
Term Typically Offered: Spring only
A study of dress in Western civilization from ancient times through the present. An interdisciplinary approach is used to examine how clothing communicates values displayed by the individual and functions as a reflection of trends in technology, political events, social ideals, and cultural developments such as art and music. Emphasis on the contributions and perspectives of women as well as differing roles in the production, dissemination, and consumption of clothing in relation to socioeconomic groups. Lecture, discussion.

FACS 131. Quality Analysis: Apparel. 3 Units
Prerequisite(s): FACS 31, FACS 32.
Term Typically Offered: Spring only
Analysis of apparel construction and production; current industrial and technological developments. Discussion of sizing and quality standards with emphasis on identification of fabrics, garment styles, finding and trims. Lecture, discussion, demonstration, field trips. Field trip(s) may be required.

FACS 133. Creative Principles of Apparel Design. 3 Units
Prerequisite(s): FACS 30 and FACS 31
Term Typically Offered: Fall only
Study of the functional and aesthetic elements of apparel design. The creative process and development of illustrative techniques. Development of creative approaches through projects of experimental, contemporary and traditional techniques with emphasis on elements of design, and selection and organization of colors, forms, materials and accessories for apparel production. Studio-activity six hours.

FACS 134. Introduction to Fashion Industry. 3 Units
Term Typically Offered: Fall, Spring
Designed to develop an awareness and understanding of the total fashion industry including past, present and future directions of costume design, manufacturing, textiles, retailers’ publications, buying offices, advertising and the consumer.

FACS 135. Merchandise Buying. 3 Units
Prerequisite(s): FACS 134.
Term Typically Offered: Fall only
Detailed study of merchandising mix, purchasing plan, inventory plan, assortment plan, pricing, markdown, markup, and reports. Review of planning and control processes and the buyer’s role in merchandise management and decision-making. Lecture, discussion.

FACS 136. Fashion Retailing. 3 Units
Prerequisite(s): FACS 134.
Term Typically Offered: Spring only
A in-depth exploration of fashion retailing from different perspectives, including organizational structure, store location and image with a focus on visual merchandising techniques, and fashion advertising and promotion strategies. Lecture-discussion.

FACS 137. Clothing, Society, and Culture. 3 Units
Term Typically Offered: Fall only
Study of the relationship of humans and clothing within their cultural and social environment. Introduction to the fundamentals of social psychology in the examination of clothing and appearance. Clothing and appearance are studied as forms of nonverbal communication and as devices for expressing cultural and social values. Lecture discussion.

FACS 139. Textiles and Apparel in the Global Economy. 3 Units
Prerequisite(s): FACS 134 or MKTG 101.
Term Typically Offered: Spring only
Overview of global factors affecting the textiles and apparel industries and trade, the impact of textiles and apparel industries on the economy and consumers, the US textiles and apparel in the global economy, and strategies for balancing conflicting interest.

FACS 140. Family Resource Management. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Management of resources in family systems. Interaction of families with other societal and environmental systems in acquiring and using resources to meet goals and other demands.
FACS 141. Family Finance. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Economic problems of and financial management by the individual and family. Topics include: income patterns, inflation, credit, contracts, housing, financial services, insurance, taxes, investments, retirement income planning.

FACS 142. Consumer Issues. 3 Units
Term Typically Offered: Fall, Spring

Study of effect of consumer movements on protection of consumer rights. Current issues include marketplace fraud and redress; consumer information, education, and decision-making; privacy and environmental concerns; and advocacy for vulnerable consumer groups.

FACS 143. Consumer Policy. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150 or instructor permission.
Term Typically Offered: Fall, Spring

Examination of consumer policy and regulations. Emphasis on consumer products, including food and drugs, housing, and credit. Strategies for promoting consumer advocacy. Lecture, discussion, field trips. Field trip(s) may be required.

FACS 147. Financial and Legal Aspects of Aging. 3 Units
Prerequisite(s): FACS 141 or instructor permission.
Term Typically Offered: Fall, Spring

Economic status, financial and consumer issues, legal rights and responsibilities and resource management for aging persons. Emphasis on financial planning for retirement and estate planning. Lecture, discussion, case studies.

FACS 149. Family Financial Counseling. 3 Units
Prerequisite(s): FACS 141 and senior status.
Term Typically Offered: Fall, Spring

Examination of professional issues in family financial planning including ethical considerations, regulations, communication skills, and professional responsibility. Development of skills needed by family financial counselors to counsel families with financial problems. Lecture, discussion, case study, counseling sessions.

FACS 150. Family Stress and Coping: Multicultural Focus. 3 Units
Prerequisite(s): FACS 50 or equivalent with instructor permission, and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring, Summer

Study of multicultural families and diverse family forms, with a focus on how families function under stress. Family theory and research are applied to the interpretation and analysis of selected literary work, both in print and film formats.

FACS 152. Adolescent Development. 3 Units
Prerequisite(s): CHDV 30, or CHDV 35, or FACS 52, or instructor permission.
Term Typically Offered: Fall only

In-depth study of the achievements and challenges associated with the adolescent stage of development. Focus on understanding the needs and motivations of adolescents and the challenges they face within their socio-cultural environment. Lecture, discussion. Note: Not open to students who have taken PSYC 149. Previous or concurrent enrollment in CHDV 133 strongly recommended.

FACS 154. Issues in Parenting. 3 Units
Prerequisite(s): CHDV 30, or CHDV 35, or FACS 52, or instructor permission
Term Typically Offered: Fall, Spring

Survey of historical and contemporary attitudes toward parenting. Review of research on child-rearing and parent-child relationships. Use of case studies to explore the influence of personality, developmental stage, family structure, ethnic and cultural factors on parenting. Lecture, Case Study.
Note: Previous or concurrent enrollment in CHDV 133 strongly recommended. Cross-listed: CHDV 154; only one may be counted for credit.

FACS 155. Family Life Education. 3 Units
Prerequisite(s): FACS 50; and FACS 100 or CHDV 133; and senior standing.
Term Typically Offered: Fall only

Historical and philosophical perspective on family life education across the lifespan. Practice in curriculum development including content, objectives, and teaching strategies.

FACS 156. Child Life and Family-Centered Care. 3 Units
Prerequisite(s): FACS 52 or CHDV 30 or CHDV 35 or a course in child development/human development, covering at least birth through adolescence with instructor permission.
Term Typically Offered: Summer only

Overview of the Child Life profession and child life practices. Focus on family-centered care for children in the healthcare environment and their families. Major course topics include: scope of practice in child life; ethical and professional practice; impact of illness, injury and health on patients and family; techniques and outcomes of preparation; therapeutic play; grief and bereavement.
Note: This course is designed to meet the specifications set forth by the Child Life Council for the Child Life course required for certification as a Certified Child Life Specialist (CCLS)

FACS 159. Adulthood and Aging in Human Development. 3 Units
Prerequisite(s): A human development course or instructor permission.
Term Typically Offered: Spring only

Analyzes the aging process; the interrelation between physical, psychological, and social development in the middle and later years; and characteristic personal, family and community adjustment problems.
FACS 162. Family Support Services. 3 Units
Prerequisite(s): A minimum of 12 units in FACS upper division family area courses.
Term Typically Offered: Fall, Spring
Application of family science to the development, implementation, and evaluation of family support services. Implications of research for practice with diverse families. Focus on developing skills in family-centered services, family-professional collaboration, and resource-based and asset-based intervention. Lecture two hours; fieldwork in the community three hours.

FACS 166A. American Indigenous Families: Issues and Perspectives. 3 Units
Term Typically Offered: Fall, Spring
Application of research and theory specific to Latino/Chicano and American Indian families; strategies for applying this knowledge to areas of service, therapy, policy, and education. Lecture; discussion, Internet enhancement. Cross Listed: ETHN 166; only one may be counted for credit.

FACS 166B. Asian American Families: Issues and Perspectives. 3 Units
Term Typically Offered: Fall, Spring
Family is an adaptable and changing institution of society. The course will highlight research and theory on Asian American families with an emphasis on applying the information to areas of service, therapy, policy, and education. A comparison of the experiences between various Asian groups in the U.S. will be stressed. Lecture, discussion, Internet enhancement. Cross Listed: ETHN 167; only one may be counted for credit.

FACS 168. Senior Seminar. 3 Units
Prerequisite(s): 21 FACS units.
Term Typically Offered: Fall, Spring
Designed to synthesize knowledge in Family and Consumer Sciences. Examination of the concentration in the major and career exploration. Analysis of public policy and ethical issues, professionalism and leadership strategies. Includes personal and professional competency assessment and development of an academic and professional portfolio.

FACS 170. Advanced Nutrition and Metabolism. 3 Units
Prerequisite(s): CHEM 161, FACS 113; or instructor permission.
Term Typically Offered: Spring only
Study of the physiologic function of carbohydrates, lipids, protein and micronutrients including integrated metabolism, transport, regulation and relation to inborn errors/chronic disease. Introduction to gene-nutrient interaction. Cross Listed: BIO 170; only one may be counted for credit.

FACS 195A. Field Study: Selected Areas in Family and Consumer Sciences. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Guided study and experience in some area within Family and Consumer Sciences in which the student needs orientation or greater depth of study in a specialized field. Credit/No Credit

FACS 195C. Internship. 1 - 3 Units
Prerequisite(s): Upper division status; instructor permission obtained in the preceeding semester; 2.5 GPA or above.
Term Typically Offered: Fall, Spring
Directed observation and supervised work experience in an approved business, government, or service agency. Internships are offered for the purpose of increasing student understanding of the nature and scope of agency operations and giving students orientation in occupational specialties. Supervision is provided by authorized persons in the cooperating agencies and collaborative supervision is provided by the Family and Consumer Sciences faculty. Each student is required to maintain a record of activities and assignments and to prepare periodic reports.
Note: Student must make arrangements with a faculty member for a work program one semester prior to admittance to the course. A minimum of three hours per week per unit of credit is required.
Credit/No Credit

FACS 195F. Practicum in Family Life Education. 1 - 3 Units
Prerequisite(s): senior status; GPA of 2.75 or above; NURS 160 or PSYC 134 or HLSC 134; and FACS 155.
Corequisite(s): If not taken as a prerequisite, FACS 155 may be taken concurrently with instructor’s approval.
Directed observation and supervised work experience in an approved educational setting, service agency, business or government agency that provides family life education. Students will move from observing and assisting to developing, delivering and assessing lessons and programs in family life education. Students will gain experience applying educational and developmental theories, curriculum development, and teaching methods to delivering evidence-based and culturally sensitive lessons in the content areas of family life education: parent education, strengthening relationships, and/or sexuality education.
Note: Students must make arrangements with the supervising faculty member one semester prior to admittance to the course.
Credit/No Credit

FACS 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading.
Note: Departmental petition required.
Credit/No Credit

FACS 199D. Dietetic Pathways. 1 Unit
Prerequisite(s): Senior standing as Dietetics emphasis.
Examination of dietetics career paths, processes and options. Students will learn about the profession of dietetics, including professionalism, the professional organization, pathways, mentoring and the code of ethics.

FACS 221A. Advanced Clinical Nutrition A. 3 Units
Prerequisite(s): Admission into Dietetic Internship Program or instructor permission.
Term Typically Offered: Fall, Spring
Perform nutrition assessment of patients with complex medical conditions. Integration of pathophysiology into medical nutrition therapy. Development, supervision and evaluation of nutrition care plans. Select, calculate, monitor and evaluate nutritional support regiments for patients. Lecture, composition.
FACS 221. Advanced Clinical Nutrition B. 1 Unit
Prerequisite(s): Admission into Dietetic Internship Program or instructor permission.
Term Typically Offered: Fall, Spring
Continuation of principles and skills as developed in FACS 221A with application to other complex disease conditions and integration to multiple diseases. Application of genetics and pathophysiology to complex disease conditions. Demonstration of skills in assignments and presentations. Lecture, composition.

FACS 222. Advanced Community Nutrition and Nutrition Education. 1 Unit
Prerequisite(s): Admission into Dietetic Internship Program or instructor permission.
Term Typically Offered: Fall, Spring
Management of nutrition care for population groups across the lifespan. Perform outcome assessment/evaluation of community based food and nutrition programs. Nutrition policy development and evaluation based on community needs and resources. Learn advanced nutrition counseling techniques. Lecture, composition.

FACS 223. Advanced Foodservice Management and Administration. 2 Units
Prerequisite(s): Admission into Dietetic Internship Program or instructor permission.
Term Typically Offered: Fall, Spring
Management of procurement, distribution, and service of food, and integration of financial, human, physical and material resources. Production of food that meets nutrition guidelines, cost parameters, and consumer acceptance; safety and sanitation issues related to food. Analysis of the operations of food service organization. Lecture, written assignments and practical experience.

FACS 224. Advanced Community Nutrition and Policy. 3 Units
Prerequisite(s): Admission into Dietetic Internship Program or instructor permission.
Term Typically Offered: Fall, Spring
Learn and apply the nutrition care process and to manage nutrition care for population groups. Conduct outcome assessment, planning, implementation, marketing and evaluation of nutrition programs. Apply the research process and critically evaluate nutrition research. Develop an understanding of nutrition policy and resources. Lecture-discussion.

FACS 280. Teaching Methods in Family and Consumer Sciences/Home Economics. 3 Units
Prerequisite(s): Current enrollment in a teaching credential program or instructor permission.
Term Typically Offered: Summer only
This course is designed to provide students with materials, classroom management strategies and methods necessary to successfully teach Family & Consumer Sciences (FCS)/Home Economics Careers and Technology (HECT) at the secondary level. Teacher candidates will become acquainted with legislation, standards, teaching strategies, resources, research and student leadership programs.

FACS 295. Field Study. 1 - 7 Units
Prerequisite(s): Enrolled in Graduate Studies in FACS Dietetic Internship
Term Typically Offered: Fall, Spring
Guided study, observation or work experience in an area in which the graduate student needs advanced and specialized study.
Note: May be repeated for credit
Credit/No Credit

FACS 299. Special Problems. 1 - 3 Units
Prerequisite(s): Undergraduate major or minor in Family and Consumer Sciences.
Term Typically Offered: Fall, Spring
Any properly qualified student may pursue a problem after approval by his/her advisor and the staff member with whom he/she works.
Credit/No Credit

Film (FILM)

FILM 20A. Audio Production. 2 Units
Corequisite(s): FILM 20B.
Term Typically Offered: Fall, Spring
Introduction to the theory and practice of audio production in radio, television, film and recording applications. Cross-listed: COMS 20A.

FILM 20B. Audio Production Lab. 1 Unit
Corequisite(s): FILM 20A.
Term Typically Offered: Fall, Spring
Experience in audio console operation, microphone selection and use, and audio recording in radio, television, film and recording applications. Cross-listed: COMS 20B.

FILM 27A. Digital Film/Video Production. 2 Units
Corequisite(s): FILM 27B.
Term Typically Offered: Fall, Spring
Introduction to the techniques and aesthetics of digital film making. The course covers camera technique and cinematography. Cross-listed: COMS 27A.

FILM 27B. Digital Film/Video Production Lab. 1 Unit
Corequisite(s): FILM 27A.
Term Typically Offered: Fall, Spring
Introduction to the techniques and aesthetics of digital film making. The course covers camera angles, basic lighting, framing, and non-linear editing techniques. Cross-listed: COMS 27B.

FILM 97. Introduction to Film Studies. 3 Units
Term Typically Offered: Fall, Spring
Examines cinematic techniques, styles, vocabulary, and discourses. Introduces different ways for writing about films and for working with a variety of cinematic terms. Film form and style will be studied by examining specific scenes in films from different genres, nations, and directors. Film used throughout the course will be selected from different historical periods. Cross-listed: ENGL 97.
FILM 105.  Film Theory and Criticism. 3 Units
Term Typically Offered: Fall, Spring

Survey of film theory focusing on Auteurism, Class, Expressionism, Formalism, Genre, Gender, Narratology, Neorealism, Phenomenology, Post-Structuralism, Psychoanalysis, Realism, Semiology, Structuralism, and Third Cinema.
Cross-listed: ENGL 105.

FILM 121.  Media Aesthetics. 3 Units
Term Typically Offered: Fall, Spring

Overview and analysis of the primary aesthetic tools used to create messages in video and film. The basic properties of light, color, area, space, shape, sound, time and motion are defined and discussed as they relate to media production. Introduces students to the concepts and vocabulary necessary for effectively conceiving, producing or criticizing mediated messages. Designed primarily for students with interest in digital media. Provides a foundation for students working in media criticism.
Cross-listed: COMS 121.

FILM 124.  Writing Scripts for Film/Video. 3 Units
Prerequisite(s): ENGL 1A and ENGL 20.
Term Typically Offered: Fall, Spring

Developing narratives, documentaries, educational, promotional, and experimental short screenplays. Students are expected to develop a writing style and master screenwriting and audio/visual scripting formats. Scripts will be developed to be produced in advanced production courses: COMS/FILM 128 and COMS/FILM 185.
Cross-listed: COMS 124.

FILM 124F.  Avant-Garde Film. 3 Units
Prerequisite(s): ENGL 97 or PHOT 102.
Term Typically Offered: Fall, Spring

A survey of experimental films from the beginning of the cinema in the 1890s through today's avant garde. The course will emphasise film making as a means of personal, artistic expression and will pay particular attention to those aspects of cinema that are typically ignored or marginalized in mainstream Hollywood movies. Films we will study include those by: Melies, Porter, Richter, Leger, Cornell, Deren, Brakhage and Gehr.
Cross-listed: INTD 124F.

FILM 128.  Non-Studio Video Production. 3 Units
Prerequisite(s): FILM 20A, FILM 20B, FILM 27A and FILM 27B each with a grade of "B-" or better.
Term Typically Offered: Fall, Spring

FILM 129.  Film and Video Production Management. 3 Units
Term Typically Offered: Spring only

Management and administration of the preproduction and production process. Course to include script breakdown, budgeting, scheduling, and other preproduction and production management skills needed for film and video production. Special attention on the history, development and current practices of the Production Manager.
Cross-listed: COMS 129.

FILM 130.  Staging and Lighting Digital Video. 3 Units
Prerequisite(s): FILM 20A, FILM 20B, FILM 27A and FILM 27B each with a grade of "B-" or better.
Term Typically Offered: Fall, Spring

Introduction to the aesthetics, concepts and techniques used to control lighting in digital video productions. Aspects of staging, blocking and composition in the context of studio and location lighting.
Cross-listed: COMS 130.

FILM 141.  Theory of Film/Video Editing. 3 Units
Prerequisite(s): COMS/FILM 27A and COMS/FILM 27B with final posted grade of C or better.
Term Typically Offered: Fall, Spring

Study of history and theory of film and video editing. Many films are viewed and discussed, examining how editing theory is put into practice.
Cross-listed: COMS 141.

FILM 155.  Contemporary World Cinema. 3 Units
Term Typically Offered: Fall, Spring

A historical review of the development of major international film styles and themes. Theoretical and critical concepts derived from this study of international film and then used as the basis to analyze contemporary films of South America, Europe, India, East Asia, Africa and the Middle East. Emphasis is on both the development of formal film techniques and a comparison of the unique cultural values that shape the film narrative style.
Cross-listed: THEA 155; only one may be counted for credit.

FILM 185.  Senior Practicum in Video Production. 3 Units
Prerequisite(s): COMS/FILM 124 with a final posted grade of C or better.
Term Typically Offered: Fall, Spring

Assignments in various phases of video production including creative use of camera, sound and lighting, editing, production design, production planning/management, and directing.
Cross-listed: COMS 185.

FILM 192.  Senior Seminar in Film. 3 Units
Prerequisite(s): Completion of the Film Studies core, and (GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W).
Term Typically Offered: Fall, Spring

Research seminar that provides an in-depth investigation of film as an art form, a medium of mass communication and a means of personal expression. Subject will vary according to instructor.
Cross-listed: COMS 192.

Finance (FIN)

FIN 19.  Real Estate Principles. 3 Units
Term Typically Offered: Fall, Spring

Examination of real estate principles and practices necessary for the acquisition, financing, management, and disposition of real estate. Incidents of ownership, the brokerage business, state regulation and transactional ethics are emphasized.
Note: This course is required by the California Department of Real Estate prior to taking the real estate salesperson’s examination.
Term Typically Offered: Fall, Spring

Study of principles of finance and their application to typical financial problems of business enterprises. Special emphasis on financial analysis, management of working capital, cost of capital, capital budgeting, long-term financing, dividend policy, and internal financing.

FIN 134. Financial Management.
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Trends in the development of financial policy are analyzed and reports on specific aspects are presented in class. The student is placed in the position of the financial manager who must make decisions and implement them.

FIN 135. Investments.
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Significant characteristics of numerous types of investments; securities markets and financial institutions; principles of investment analysis; investment management.

FIN 136. Modern Portfolio Management.
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Asset management utilizing the major aspects of modern portfolio theory, portfolio construction and selection, portfolio performance evaluation, capital asset pricing models, and recent theoretical developments in asset pricing behavior.

FIN 137. Financial Institutions and Markets.
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Designed to broaden understanding of the financial system to include the network of institutions which bring into existence the increasingly important substitutes for money in the traditional sense. Emphasis is given to flow of funds analysis within the context of emerging financial theories.

Prerequisite(s): Must be a business major (any concentration) or Health Science major (Occupational Health & Safety concentration) or Real Estate & Land Use Affairs minor or a Risk Mgmt & Insurance minor.
Term Typically Offered: Fall, Spring

Study of the concept of pure risk and its implications for decision making. Provides business students the basics of risk theory and its application to risk management or insurance purchasing using a personal consumer's viewpoint. Practical personalized examples and cases will be used to illustrate risk decision making, primarily on a personal basis, but also in selected business decisions. Topics include risk theory, social insurance, life insurance, pensions, medical coverage, workers' compensation, property insurances, and liability insurances. Ideal as a supplement to any business major, especially those making risk management or insuring decisions, including insurance company personnel, investment counselors, financial managers, real estate majors, employee benefits/personnel specialists, pre-law, and Occupational Health & Safety.

FIN 139. Business Property and Liability Insurance.
Prerequisite(s): FIN 138 or instructor permission.
Term Typically Offered: Fall, Spring

Concentrated and analytical approach to the study of property and liability loss exposures for the business enterprise. While the emphasis is on the different types of business insurance coverage's, a risk management approach and examples are used. Topics include business property insurances; liability, especially workers' compensation; the SMP and CGL contracts; business auto, crime coverage's; bonds; transportation insurance; consequential coverage's; and capacity and other related marketplace problems. Case studies and problems, as well as a computer analysis are used. The course is an excellent supplement for insurance, finance, real estate and pre-law majors, small business owners, and anyone who will be making business financial decisions, or providing insurance products in the insurance industry. Successfully completing FIN 138 and 139 substitutes for the one-year experience requirement for those interested in taking the Insurance Broker's Licensing Exam.

FIN 140. Employee Benefits.
Prerequisite(s): FIN 138 or instructor permission.
Term Typically Offered: Fall, Spring

Intensive and analytical examination of the employee benefit planning environment and its risk exposures. Using a risk management approach, the topical areas studied include mandatory programs, especially OASDHI and ERISA; health care; group life and disability; retirement income and capital accumulation plans; paid time off; family-centered benefits; flexible benefits and cafeteria plans; and benefit cost information. Case studies and extensive contact with the business community as well as team projects are required. This is an important class for specialists in human resources management, especially personnel, pre-law, and health care or those who will be providing insurance products to fulfill employment benefit needs.

FIN 141. Managerial Real Estate Law.
Prerequisite(s): FIN 19
Term Typically Offered: Fall, Spring

Examination of the decision making process in land utilization transactions relative to the minimization of risks of legal confrontation. Traditional conflicts underlying real estate transactions are examined and principles of preventive law are derived. The management of litigation and transaction attorneys is considered. Court remedies that are pertinent to land utilization transactions are analyzed and compared to nonjudicial alternatives.

FIN 142. Real Estate Finance.
Prerequisite(s): FIN 19 or ACCY 121 or FIN 101 or ENGR 140; Buisness Majors only
Term Typically Offered: Fall, Spring

Examination of the mechanisms of real estate finance, sources of funds, loan contracts, principles of mortgage risk analysis, and the role of group equity investment. The evolution of secondary mortgage markets, government policy, and market interference will be investigated from a risk management standpoint.
FIN 143. Real Estate Investment. 3 Units
Prerequisite(s): FIN 19 or ACCY 121 or FIN 101 or ENGR 140; business majors only
Term Typically Offered: Fall, Spring

Analyzes non-financial and financial factors influencing investment decision making in income producing property. Topics include: location and its linkages; methods of estimating demand for real estate; methods for evaluating competing supply; use of market analysis in decision making; development of cash flow statements, alternative investment criteria, risk, legal, financing, and tax analysis, operating, financing investment and reversion decisions.

FIN 149. Current Topics in Real Estate. 3 Units
Prerequisite(s): Completion of 9 units of required real estate courses.
Term Typically Offered: Fall, Spring

Examines contemporary and emerging issues in land use regulation, market analysis, mortgage markets, property markets, real estate cycles, real estate development, real estate finance and investments, real estate securities, real estate portfolio management, and/or real estate taxation.

FIN 150. Capstone in Professional Financial Planning. 3 Units
Prerequisite(s): ACCY 171, FIN 135, FIN 136, FIN 138 and FIN 140; FIN 136 and/or FIN 140 may be taken concurrently.
Term Typically Offered: Spring only

This course will engage the student in critical thinking and decision-making about personal financial management topics in the context of the financial planning process. The purpose of this course is to refine and develop skills needed for personal financial planners when working with individuals, families, and business owners in meeting financial needs and objectives.

FIN 190. Multinational Business Finance. 3 Units
Prerequisite(s): FIN 101 or instructor permission. Prior additional course in finance or international business recommended but not required.
Term Typically Offered: Fall, Spring

Principles of international financial management. Issues covered include the international environment of financial management, uses of foreign exchange spot, forward, futures, options, and swap markets, foreign exchange risk management, international investment and financing decisions.

FIN 194. Cooperative Education Experiences in Real Estate. 6 - 12 Units
Prerequisite(s): FIN 19, FIN 142 and a minimum overall GPA of 2.5; Business major only
Term Typically Offered: Fall, Spring

In-depth supervised work experience in Real Estate and Land Use Affairs. This supervised work experience allows the student to become familiar with the practices of the real estate industry and/or governmental agencies.
Note: Open to all upper division students subject to permission. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

FIN 195. Internship In Finance. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.
Note: Open to upper division students, subject to permission of the Finance Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.
Credit/No Credit

FIN 195A. Internship in Real Estate and Land Use Affairs. 3 - 6 Units
Prerequisite(s): FIN 19 and FIN 142. Minimum Sacramento State GPA of 2.5 required; open to declared business administration majors only
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies. Open to upper division students, subject to permission. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

FIN 199. Special Problems in Finance. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.
Credit/No Credit

FIN 200. Financial Reporting and Analysis. 3 Units
Term Typically Offered: Fall, Spring

Designed for business students with prior knowledge of accounting who intend to use corporate financial statements intensively in valuation, credit or equity analysis, or strategic competitor analysis. Topics include inventory, pensions, business combination, income tax and other current issues for their impacts on financial statement. Emphasis on financial statement analysis and interpretation of financial disclosures for improving risk assessment, forecasting, and decision-making.

FIN 210. Financial Institution Management. 3 Units
Term Typically Offered: Fall, Spring

Develop an understanding of the theory and practice of the management of financial institutions. Emphasis is placed on risk measurement and management. Financial institutions include commercial banks, investment banks, savings banks, credit unions insurance companies and financial companies such as mutual funds.

FIN 220. Corporate Finance. 3 Units
Term Typically Offered: Fall, Spring

Investigate the principles that corporations use in their investing, financing, and day-to-day management decisions. Topics include financial statement analysis, capital investment decision, capital structure, dividend policy, mergers and acquisitions, corporate governance and its impact on valuation.
FIN 230. Equity Analyses. 3 Units
Term Typically Offered: Fall, Spring
Covers advanced concepts and techniques essential to asset valuation. Key topics include, but not limited to, free cash flow, price multiples, asset-based and contingent claim valuations. Applications of various valuation techniques are emphasized. Provides a framework for selecting the most appropriate model for specific circumstances.

FIN 240. Fixed Income. 3 Units
Term Typically Offered: Fall, Spring
Discuss a wide range of fixed income products. Topics include trading concepts and mechanics, pricing, duration, convexity, term structure of interest rates, and options embedded fixed income securities.

FIN 250. Derivatives. 3 Units
Term Typically Offered: Fall, Spring
Discuss major types of financial derivatives and derivative markets. Topics include forward contracts, futures, options, SWAP's and credit derivatives. Emphasis on characteristics, trading process, pricing, parity conditions, risk involved, and investment strategies for different financial derivatives.

FIN 260. Alternative Investments. 3 Units
Term Typically Offered: Fall, Spring
Discuss major types of alternative investments including real estate, hedge funds, commodities, private equity, and venture capital. Emphasis on the technical aspects and the performance analyses of alternative investments, their advantages and disadvantages, role of alternative investments, and strategies of selection.

FIN 270. Portfolio Management. 3 Units
Term Typically Offered: Fall, Spring
Cover topics of asset management utilizing the major aspects of Markowitz portfolio theory, Capital ASSET Pricing Model, and Arbitrage Pricing theory. Discuss the comprehensive approach, starting with portfolio construction and asset selection, following with portfolio performance evaluation, and concluding with rebalancing strategies. Introduce and utilize worksheet modeling techniques which are useful for portfolio management.

FIN 280. Global Financial Markets. 3 Units
Term Typically Offered: Fall, Spring
Cover advanced concepts and applied techniques essential to understand the mechanism of the global financial markets. Key topics include global capital allocation, international tax management, foreign exchange markets, derivatives, parity relationships, and others. Focuses on the core concepts and techniques are applied in the global financial markets using different case studies. Integrate the key principles of finance and extends them to a multinational setting. Topics follow the Chartered Financial Analyst (CFA) Level 1 and 2 Exam on equity valuation.

FIN 299. Special Problems in Finance. 3 Units
Prerequisite(s): Classified graduate status or instructor approval
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Enrollment requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs; 6 units maximum; May be repeated for credit.

FIN 500. Culminating Experience Project in Finance and Ethics. 3 Units
Prerequisite(s): Advancement to candidacy; 12 units of any combination of the following courses: FIN 200, FIN 210, FIN 220, FIN 230, FIN 240, FIN 250, FIN 260, FIN 270 and FIN 280.
Term Typically Offered: Fall, Spring
Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MS in Finance program as required in Title V of the CA Educational Code. The course also covers the ethical conducts and professional standards as outlined in CFA institute standards.
Note: May be repeated for credit

French (FREN)

FREN 1A. Elementary French. 4 Units
Term Typically Offered: Fall, Spring
Focuses on the development of elementary linguistic skills, with emphasis on the spoken language. The relationship of the language to French civilization and culture is given special attention.

FREN 1B. Elementary French. 4 Units
Prerequisite(s): FREN 1A and a suitable score on placement exam; or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring
Continuation of FREN 1A, with emphasis on reading, writing, listening and speaking. French culture and its relationship to language is given continued attention.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 2A. Intermediate French. 4 Units
Prerequisite(s): One year of college French, suitable score on placement exam; or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring
Emphasis on speaking, reading and writing ability. Dialogues, discussions and compositions in French.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 2B. Intermediate French. 4 Units
Prerequisite(s): FREN 2A, suitable score on the placement exam; or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring
Continuation of FREN 2A.
Note: Meets the Foreign Language Graduation Proficiency Requirement.
FREN 100. Phonetics and Pronunciation. 3 Units
Prerequisite(s): Four semesters of French or equivalent.
Term Typically Offered: Fall, Spring

Review and practice all the main phonetic features of the spoken French language. Complete familiarization with the international phonetic alphabet. Practice in written transcription and oral pronunciation of all vowel and consonant sounds in French. Review and practice characteristics of diction, articulation, intonation, the musical movement of the sentence and rhythm. Orthographic problems and the phenomena of spelling and pronunciation are integrated with all written and oral exercises. Elimination of specific pronunciation problems for English speakers (r/l, mute, e, nasals, final consonants, etc.).

FREN 101. Advanced Grammar. 3 Units
Prerequisite(s): FREN 2B or equivalent.
Term Typically Offered: Fall, Spring

FREN 102. Advanced Conversation. 3 Units
Prerequisite(s): Four semesters of French or equivalent.
Term Typically Offered: Fall, Spring

Mastery of spoken French language through discussion of personal readings to develop vocabulary and syntactical skills. Conducted in French. May be taken for credit twice.

FREN 103. Advanced Composition. 3 Units
Prerequisite(s): FREN 101 or instructor permission.
Term Typically Offered: Fall, Spring

Special attention to help students learn the dynamics of good writing, become sensitive to style and develop ability to express their thoughts coherently, in essentially correct and well structured French prose. Conducted in French.

FREN 104A. French Translation (French-English). 3 Units
Prerequisite(s): Upper division status in French.
Term Typically Offered: Fall, Spring

Development of translating techniques applicable to texts in areas such as literature, sciences, journalism, history, art. Review and comparative study of French and English grammars and styles. Conducted in French.

FREN 104B. French Translation (English-French). 3 Units
Prerequisite(s): FREN 101 and upper division status in French.
Term Typically Offered: Fall, Spring

Development of translating techniques from English to French applicable to texts in such areas as business, culture and/or literature. Continued comparative study of French and English grammars and styles. Conducted in French.

FREN 107. Business French. 3 Units
Prerequisite(s): Second year college level proficiency or equivalent; or instructor permission.
Term Typically Offered: Fall, Spring

Designed to create awareness of linguistic and crosscultural differences affecting effective communication between American and Francophone speakers in the world of business, and to provide added confidence in transactions and negotiations. Explores how to do business in France, how different business structures work and interact, and how to participate in everyday business activities. Particularly helpful to International Business students to enhance understanding of Francophone and European markets and to develop business oriented French language skills. Prepares student to obtain two different Business French Certificates offered by the Chamber of Commerce and Industries of Paris and the French Ministry of Education. Conducted in French.

FREN 109. French Language Practice. 3 Units
Prerequisite(s): FREN 2B.
Term Typically Offered: Fall, Spring

Practice with French conversation, reading, and vocabulary development; supervised individual and small-group instruction designed to develop French vocabulary, including the conversation, listening and reading skills necessary for advanced study in French. May be taken for credit three times.

FREN 110. Survey of French Literature. 3 Units
Prerequisite(s): FREN 101, FREN 103, FREN 109 or instructor permission.
Term Typically Offered: Fall, Spring

An introduction to French literature through texts of varied length from different time periods and genres with a focus on the use of language. Conducted in French.

FREN 111. Topics in Francophone Literature. 3 Units
Prerequisite(s): FREN 110, or equivalent; or instructor permission.
Term Typically Offered: Fall, Spring

Study of literary texts by Francophone writers with an emphasis placed on textual analysis and the relationship between text and context. Conducted in French.

Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 120. French Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Presentation of formative cultural achievements of the French world from its origins to the present, i.e., the origin of the French language. Contributions to European Renaissance, Baroque and Classicism, the Revolutionary and Romantic eras, and modern western culture.

Note: Open to non-majors. Course taught in English.

FREN 125. Quebec and French North America. 3 Units
Term Typically Offered: Fall, Spring

Development and significance of francophone culture in North America, notably Quebec, French Canada and Louisiana, are explored through historical events, social changes and artistic achievements. Introduces major cultural trends and traditions from the 17th century to the present through non-fiction, literary works and audio-visual presentations in art and music. French majors and minors are required to do all reading, research and papers in French.

Note: Upper division status required.
FREN 130. Culture Wars: From Knighthood to Revolution. 3 Units  
**Prerequisite(s):** GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.  
**Term Typically Offered:** Fall, Spring  
Study of the profound influence of culture wars through the interpretation of major French writers, philosophers and scientists ranging from the Middle Ages to the 18th century. All readings and lectures in English.  
**Note:** Open to non-majors.

FREN 170. Seminar Conducted in French. 3 Units  
**Prerequisite(s):** FREN 110.  
**Term Typically Offered:** Fall, Spring  
Seminar in French will be offered as needed.

FREN 194. Field Experience/Internship. 1 - 3 Units  
**Prerequisite(s):** Intermediate competency in French and instructor permission.  
**Term Typically Offered:** Fall, Spring  
Directed fieldwork in a project which uses language skills developed through previous study of French. Projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. May be taken more than once for credit. Does not apply to major.  
Credit/No Credit

FREN 195. Fieldwork - Tutoring. 1 - 3 Units  
**Prerequisite(s):** Native or near-native fluency in French, upper division status; or instructor permission.  
**Term Typically Offered:** Fall, Spring  
Tutoring of lower division French students under supervision of an instructor. Three hours of tutoring per week for each unit. Does not apply to major.  
Credit/No Credit

FREN 196. Experimental Offerings in French. 3 Units  
**Term Typically Offered:** Fall, Spring  
Special courses will be scheduled as needed.

FREN 199. Special Problems. 1 - 3 Units  
**Term Typically Offered:** Fall, Spring  
Individual projects or directed reading.  
**Note:** Departmental petition required.  
Credit/No Credit

FREN 220. Studies in French Civilization. 3 Units  
**Term Typically Offered:** Fall, Spring  
Studies in French language and linguistics problems, e.g., history of the language, semiotics, stylistics, translating, interpreting and oral expression.  
**Note:** May be repeated for credit three times if subject matter is not repeated.

FREN 230. Studies in the French Language. 3 Units  
**Term Typically Offered:** Fall, Spring  
Studies in French language and linguistics problems, e.g., history of the language, semiotics, stylistics, translating, interpreting and oral expression.  
**Note:** May be repeated for credit if subject matter is not repeated.

FREN 299. Special Problems. 1 - 3 Units  
**Term Typically Offered:** Fall, Spring  
Individual projects or directed reading.  
**Note:** Departmental petition required.  
Credit/No Credit

FREN 500. Culminating Experience. 1 - 4 Units  
**Prerequisite(s):** Advanced to candidacy and permission of the graduate advisor.  
**Term Typically Offered:** Fall, Spring  
Completion of a thesis, project or comprehensive examination.

General Management (GM)

GM 105. Strategic Management. 3 Units  
**Prerequisite(s):** Completion of all other upper-division core courses, except MIS 101.  
**Term Typically Offered:** Fall, Spring, Summer  
This capstone course focuses on the integration of functional areas of a business and requires students to determine strategies/policies at the general-management level. Students address problems and issues faced by companies from a general management perspective which integrates accounting, financial, marketing, human resources, and operations in relation to the environment within a framework of balance between profit or cost-effectiveness and social responsibility.

GM 170. Fundamentals of Business Strategy. 3 Units  
**Prerequisite(s):** HRB 101, MKTG 101, FIN 101, and OPM 101.  
**Term Typically Offered:** Fall, Spring  
Basics of business-level strategy and how they are applied in modern organizations. Underlying primary principles, theories and practices are examined and discussed. Cases presenting actual, real-world situations will be analyzed to derive solutions to the business-level opportunities and problems facing strategic managers.  
**Note:** General Management students must complete all functional core courses before taking GM 170.
and to improve their basic learning skills. Students develop and exercise fundamental academic success strategies to build a community of academic and personal support. Designed to help students develop and exercise fundamental academic success strategies to build a community of academic and personal support. Designed to help students develop and exercise fundamental academic success strategies to build a community of academic and personal support.

**Introduction to the nature and possible meanings of higher education.**

**Term Typically Offered:** Fall, Spring

**General Education Area/Graduation Requirement:** Physical Science (B1)

**Course:**

GM 194. **Cooperative Education Experience in Management.**

6 - 12 Units

**Prerequisite(s):** Minimum overall GPA of 2.5.

**Term Typically Offered:** Fall, Spring

In-depth supervised work experience in management for the purpose of exposing the student to comprehensive management experience in business, governmental, or service agencies. 

**Note:** Open to all upper division students, subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Credit/No Credit

GM 195. **Internship in Strategic Management.**

3 Units

**Prerequisite(s):** Minimum Sacramento State GPA of 2.5.

**Term Typically Offered:** Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.

**Note:** Open to upper division students, subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.

Credit/No Credit

GM 199. **Special Problems in Strategic Management.**

1 - 3 Units

**Term Typically Offered:** Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.

**Note:** Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.

Credit/No Credit

**Geography (GEOG)**

**GEOG 1. Physical Geography: The Distribution of Natural Phenomena.**

3 Units

**General Education Area/Graduation Requirement:** Physical Science (B1)

**Term Typically Offered:** Fall, Spring, Summer

Introductory study of the distribution over the face of the earth of selected aspects of climate, plant cover, soils, and landforms and of processes and conditions giving rise to these distributions. The use of maps as communicative devices in comparative analysis and study of distribution and processes.

**GEOG 2. Cultural Geography.**

3 Units

**General Education Area/Graduation Requirement:** GE AREA D

**Term Typically Offered:** Fall, Spring

Consideration of the diversity of patterns of land use, settlement and movement established and evolved by humans as a result of the interaction of cultural and physical factors; emphasis on student use of maps and other tools of geographic presentation for analyzing the nature, variation and distribution of cultural features of the earth's surface.

**GEOG 2H. Cultural Geography - Honors.**

3 Units

**Prerequisite(s):** Open to Honors students only.

**General Education Area/Graduation Requirement:** GE AREA D

**Term Typically Offered:** Fall, Spring, Summer

Consideration of the diversity of patterns of land use, settlement and movement established and evolved by humans as a result of the interaction of cultural and physical factors; emphasis on student use of maps and other tools of geographic presentation for analyzing the nature, variation and distribution of cultural features of the earth's surface.

**Note:** This is a special offering designed as part of the G.E. Honors program.

**GEOG 3. Introduction to Maps and Geographic Technologies.**

3 Units

**Term Typically Offered:** Spring only

Introduction to maps, map concepts, and geographic technologies. Maps are the most effective way to communicate spatial data, and introduces students to the quickly changing world of maps (both hard-copy and digital) and geographic technologies including map and aerial photograph interpretation, spreadsheet operations, introductory statistics, global positioning systems (GPS), Internet mapping, satellite and aerial images, and geographic information systems (GIS) that aid in data collection, analysis, and presentation. Lecture two hours; laboratory two hours.

**GEOG 5. Violent Weather/Changing Atmosphere.**

3 Units

**General Education Area/Graduation Requirement:** Physical Science (B1)

**Term Typically Offered:** Fall, Spring

Introduction to meteorological and climatological principles and concepts. These principles will be used to examine severe atmospheric phenomena, including hurricanes, tornadoes, thunderstorms, lightning, destructive winds, severe storms, heat waves, droughts and floods, particularly in relation to human-caused climate change and the effects of these phenomena on humanity.
GEOG 11. Laboratory in Physical Geography. 3 Units
Prerequisite(s): GEOG 1; may be taken concurrently.
General Education Area/Graduation Requirement: Physical Science (B1),
Laboratory (B3)
Term Typically Offered: Fall, Spring, Summer

Makes the ideas and relationships of introductory physical geography more clear by observation and experiment. Use is made of maps, globes, models, meteorological instruments and records, satellite photos and observations of the local scene. Laboratory, three hours.

GEOG 100. Themes In World Geography. 3 Units
Prerequisite(s): Junior or Senior class standing or instructor permission.
Term Typically Offered: Fall, Spring

Study of the content of geography with a consideration of basic concepts and methods. Emphasis is on patterns and relationships of the elements and manifestations of physical and cultural geography, including both topical and regional discussions.

GEOG 102. Ideas and Skills in Geography. 3 Units
Prerequisite(s): GEOG 1 or GEOG 2 or GEOG 3 or GEOG 11.
Term Typically Offered: Fall only

Study and discussion of geographic ideas, including the history of the discipline. Introduction to library resources appropriate to geographic inquiry. Practice in geographic descriptive and analytical writing and research. Extensive use of maps. Required of Geography majors in the junior year. Lecture three hours.

GEOG 105. Computer Cartography. 3 Units
Prerequisite(s): GEOG 109 or instructor permission.
Term Typically Offered: Fall only

Preparation of maps and diagrams, emphasizing thematic map design using various mapping and design programs. Detailed study of important map projections. Passing score on ELM exam recommended. Lecture one hour, laboratory six hours.

GEOG 107. Remote Sensing. 3 Units
Term Typically Offered: Spring only

Aerial photographs and scanned satellite images, emphasis on the former. Topics include the electromagnetic spectrum, cameras, films, image geometry as related to planimetric and topographic mapping, multispectral techniques, and interpretation of imagery, emphasizing land use and landforms. Lecture two hours; laboratory three hours.

GEOG 109. Geographic Information Systems. 3 Units
Term Typically Offered: Fall, Spring, Summer

Introduction to GIS, including history and overview of current applications; the nature of spatial data; geographic data structures, acquisition, analysis, and display of geographic data. Lab exercises use various computers and include both raster- and vector-based GIS systems. Lecture two hours; laboratory three hours.

GEOG 110. Advanced Geographic Information Systems. 3 Units
Prerequisite(s): GEOG 109 or instructor permission.
Term Typically Offered: Fall only

Builds on the introduction to the hardware, software and operations of GIS offered with the previous courses, providing the essentials required by a beginning GIS analyst or applications support specialist. Emphasis will be placed on problem solving strategies in the context of GIS projects.

GEOG 111. Elements Of Meteorology. 3 Units
Prerequisite(s): GEOG 1 or instructor permission.
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

Basic concepts of weather and weather elements: structure and general circulation of the atmosphere, earth's heat and water balance, precipitation, air masses and fronts, air pollution meteorology. Some micrometeorological concepts with application to air pollution, agriculture, and similar problems.

GEOG 113. Climate. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall only

Study of the distribution of heat and moisture over the earth's surface. Basic processes by which heat and moisture acquire unequal distributions in space and time. Classification of climate. Climatic change. Climate models.

GEOG 115. Biogeography. 3 Units
Prerequisite(s): GEOG 1 or instructor permission
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall only

Introduction to the geographic distribution of life. Communities and biomes, changing continents and climates, dispersal, colonization, extinction, life on islands, and past and present human impacts are examined.
Note: Field trip required.
Field trip(s) may be required.

GEOG 116. Global Climate Change. 3 Units
Prerequisite(s): GEOG 1 or instructor permission
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Spring only

Study of past climate change and the techniques with which they are reconstructed. Focus on the various temporal scales at which climate change operates. Spatial variability of past, present and future climate changes. Anthropogenic climate change in the context of natural climate variability.

GEOG 117. Landforms. 3 Units
Prerequisite(s): GEOG 1 or instructor permission.
Term Typically Offered: Fall only

Study of the surface forms of the land with particular attention to their distribution and to the accompanying distribution of natural forces and processes which have brought the landforms into being. Study of landforms in the context of Quaternary environmental change. Identification and analysis of landforms using maps and other spatial data. Lecture three hours.
GEOG 118. Earth Transformed. 3 Units
Term Typically Offered: Fall, Spring

Explores the evolving human role in transforming Earth's physical environments. Topics range from prehistoric extinction's to modern environmental problems in select regions. Emphasis is placed on wide-ranging effects of resource use and disposal, with particular reference to atmosphere and biological problems and sustainable solutions.

GEOG 119. Visualizing Global Environments. 3 Units
Term Typically Offered: Fall, Spring

Using current geospatial technologies, such as remote sensing and GIS, the course provides an introduction to the distributions of climate, plant cover, soils, and landforms over the face of the earth. While examining processes and conditions that cause these distributions, students will also explore the methods and techniques that let us visualize these distributions, and use maps as communicative devices in our explorations of these topics.

GEOG 121. United States and Canada. 3 Units
Term Typically Offered: Fall, Spring

Present distribution and historical development of population, land use and industry in the U.S. and Canada in relation to regional variations in the physical environment and cultural heritage.

GEOG 125. Geography Of East Asia. 3 Units
Term Typically Offered: Fall, Spring

Geographic setting and nature of Far Eastern civilization; origins, development and present outlines of settlement; cultures, resource use, economic structures, population, levels of technological achievement, and land use in China, Japan and Korea.

GEOG 127. Geography Of Africa. 3 Units
Term Typically Offered: Spring only – odd years

Emphasis is on sub-Saharan Africa with consideration given to selected topics such as population problems, industrialization, regional groupings, transportation, and internal and external relationships.

GEOG 128. Geography Of Europe. 3 Units
Term Typically Offered: Spring only – even years

Survey of Europe with emphasis on its physical environment, contemporary demographic, economic, and ethnic patterns, and the changing political landscape. Consideration will also be given to Europe's historic and present-day links with other world regions, and to the geographic basis for many of the social, political, economic, and environmental challenges facing contemporary Europe.

GEOG 129A. Special Topics in Regional Geography A. 3 Units
Term Typically Offered: Fall only

Geographic survey of a selected region with emphasis on its physical environment and selected economic, demographic, political, and cultural patterns. Consideration may include its connection to other world regions and its role in current events. The specific region is identified by the Geography Department at scheduling. This course and GEOG 129B and GEOG 129C may be taken for up to 9 units.

GEOG 129B. Special Topics in Regional Geography B. 3 Units
Term Typically Offered: Spring only

Geographic survey of a selected region with emphasis on its physical and human geography. Topics may include climate, landforms, vegetation, economics, demographics, culture, and the region's connection to other world regions and its role in current events. The specific region is identified by the Geography Department at scheduling. This course and GEOG 129A and GEOG 129C may be taken for up to 9 units.

GEOG 129C. Special Topics in Regional Geography C. 3 Units
Term Typically Offered: Spring only

A selected world region is the focus of this course that geographically surveys the region's physical and human environment. Potential topics include climate, landforms, vegetation, economics, demographics, culture, and more. The specific region is identified by the Geography Department at scheduling. This course and GEOG 129A and GEOG 129B may be taken for up to 9 units.

GEOG 131. California. 3 Units
Term Typically Offered: Fall only

Study of landforms, climate, vegetation, population distribution and change, industry, transportation, water, energy, and agriculture in California.

GEOG 141. Geography of Economic Activity. 3 Units
Term Typically Offered: Fall only – even years

Spatial organization of man's activities related to production, exchange and consumption. Attention is given to resource development and the areal variations of factors affecting it, to concepts of spatial interaction and to spatial aspects of agricultural, industrial and urban land use. An examination of problems related to regional economic development. Changing perceptions of spatial organization of economic activities is also considered. Emphasis is on both theoretical framework and case study applications.

GEOG 143. Environmental Hazards and Society. 3 Units
Term Typically Offered: Spring only – odd years

Focuses on how a place's social systems and physical systems intersect to create hazards. Considers the development of various theoretical approaches to hazards; risk perception and societal responses to hazard events; the history of U.S. disaster response; and approaches to risk/ vulnerability assessment.

GEOG 144. Population Geography. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

Spatial patterns of population numbers and characteristics; migration and spread of ideas; potential for economic and cultural developments.

GEOG 147. Urban Geography. 3 Units
Term Typically Offered: Fall only – odd years

Consideration of cities as centers of human activity from the rise of urban life in the Old and New Worlds to the present day patterns of metropolis and megalopolis. The functions and interactions of cities in Earth's limited space and on Earth's limited resources are studied historically and crossculturally. Also examined are changing perceptions of the urban phenomenon and attempts to enhance the quality of urban life.
GEOG 148. Urban and Regional Planning. 3 Units
Term Typically Offered: Fall, Spring

Introduction to the theory and practice of urban and regional planning. Topics include the history of planning, the development of comprehensive and land use plans, growth management, and transportation and environmental planning. Includes guest speakers from the planning community as well as the opportunity to work on a project with a community organization or government agency to put into practice what is discussed in class.

GEOG 149. Transportation Geography. 3 Units
Prerequisite(s): GEOG 141, GEOG 147, or GEOG 148 or instructor permission.
Term Typically Offered: Spring only – odd years

Explores the geography of transportation using both theory and applications, quantitative and qualitative methods. Topics include the history and economic importance of transportation systems for all major modes; their political, social, and environmental aspects; and basic analytical methods, including accessibility dynamics, network analysis, and spatial interaction models. Focus will be on the U.S., with frequent reference to local issues, though material will be drawn on from around the world.

GEOG 150. Programming for GIS. 3 Units
Prerequisite(s): GEOG 109
Term Typically Offered: Fall, Spring

This course is an introduction to programming and scripting for intermediate GIS users, using an object-oriented programming approach. You will develop and write clearly documented and structured geoprocessing programs using the Python programming language and ArcPy, a site package (library) for ArcGIS geoprocessing tools.

GEOG 161. California's Water Resources. 3 Units
Term Typically Offered: Spring only

Study of the location and nature of the state’s surface and underground water, including development by government agencies, water needs of cities, farms, recreation and wildlife, implications of water rights, water marketing and conservation, and management of floods, droughts and pollution.

GEOG 163. Applied GIS. 3 Units
Prerequisite(s): GEOG 109.
Term Typically Offered: Fall only

Introduction to developing a GIS project, including planning, database research, proposal writing, analysis and evaluation. Lecture 2 hours; Laboratory 3 hours.

GEOG 181. Quantitative Methods in Geography. 3 Units
Term Typically Offered: Spring only

Introduction to techniques useful in the analysis of spatial distributions and other geographic phenomena: basic apatial descriptive and inferential techniques, correlation, regression, and spatial inferential techniques.

GEOG 182. Qualitative Methods in Geography. 3 Units
Prerequisite(s): GEOG 102

Students learn and conduct an array of observational and qualitative research techniques used in human geography, including landscape observation, participant observation, interviews, surveys and questionnaires, group discussions (focus groups, charrettes, etc.), visual methods, archival research, and analyzing some of the writing styles commonly used in qualitative research. One learns the relative strengths and weaknesses of these techniques, their appropriate applications, ways to combine them in mixed-methods research, and how to analyze and represent the data.

GEOG 190. Senior Research Seminar in Geography. 3 Units
Prerequisite(s): GEOG 1, GEOG 2, GEOG 3, GEOG 102; senior standing, and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X; instructor permission.

General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Spring only

Writing-intensive capstone course requiring students to complete independent research projects displaying their mastery of geography’s content and methods. Projects undertaken in a given semester share a common thematic and/or regional focus. Students use bibliographic, field, spatial analytic, graphic, and verbal skills. Context for projects is provided by a review of the recent history of the discipline. Lecture/discussion three hours.

GEOG 192A. Geography Field Experience A. 1 - 2 Units
Prerequisite(s): one geography course or instructor permission.
Term Typically Offered: Fall, Spring

A particular geographical area is explored and studied via beginning-level field observation. Emphasis may be placed on physical features, cultural features, or both. Credit/No Credit

GEOG 192B. Geography Field Experience B. 1 - 2 Units
Prerequisite(s): one geography course or instructor permission.
Term Typically Offered: Fall, Spring

A particular geographical area is explored and studied via intermediate-level field observation. Emphasis may be placed on physical features, cultural features, or both. Credit/No Credit

GEOG 192C. Geography Field Experience C. 1 - 2 Units
Prerequisite(s): one geography course or instructor permission.
Term Typically Offered: Fall, Spring

A particular geographical area is explored and studied via advanced-level field observation. Emphasis may be placed on physical features, cultural features, or both. Credit/No Credit

GEOG 193A. Field Geography: Urban-Metropolitan. 3 Units
Prerequisite(s): Instructor permission
Term Typically Offered: Spring only – odd years

Examines the internal structure and external relations of Sacramento as a metropolitan center and of nearby urban communities through field observation and exercises. Emphasis is placed on mapping and interviewing as ways of gaining useful information on urban patterns.
GEOG 195B. Field Geography: Suburban-Rural. 3 Units
Prerequisite(s): Instructor permission.
Examines competition for land use in suburban Sacramento as urban sprawl overruns less intensive uses. Small towns in the lower Sacramento Valley also examined. Group field trips, interviews, field mapping and discussions. Field trip(s) may be required.

GEOG 193C. Field Geography: Physical. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall only
Survey of selected areas with systematic examination of elements of the natural landscape. Group field trips and individual preparation of reports and consultation with instructor. Field trip(s) may be required.

GEOG 194. Geography - Related Work Experience. 6 - 12 Units
Prerequisite(s): Consent of supervising faculty and Department Chair.
Term Typically Offered: Fall, Spring
Supervised employment in a company or agency doing geography-related work, arranged through the Department of Geography and the Cooperative Education Program office. Requires preparation of application packet, completion of a 3-6 month full- or part-time work assignment, and a written report. Units not applicable to the Geography major.
Credit/No Credit

GEOG 195A. Geography Internship A. 1 - 3 Units
Term Typically Offered: Fall, Spring
Supervised work experience at the beginning level in an approved professional environment, working with professionals in public or private organizations. Supervision supplied by a geography faculty member and on-site supervisor. Placements require 4-12 hours per week, depending on units.
Note: Open to all Geography majors and minors with permission of supervising faculty member and Department Chair. GEOG 195A, GEOG 195B, and GEOG 195C may be taken for up to 6 total units.
Credit/No Credit

GEOG 195B. Geography Internship B. 1 - 3 Units
Term Typically Offered: Fall, Spring
Supervised work experience at an intermediate level in an approved professional environment, working with professionals in public or private organizations. Supervision supplied by a geography faculty member and on-site supervisor. Placements require 4-12 hours per week, depending on units.
Note: Open to all Geography majors and minors with permission of supervising faculty member and Department Chair. GEOG 195A, GEOG 195B, and GEOG 195C may be taken for up to 6 total units.
Credit/No Credit

GEOG 195C. Geography Internship C. 1 - 3 Units
Term Typically Offered: Fall, Spring
Supervised work experience at an advanced level in an approved professional environment, working with professionals in public or private organizations. Supervision supplied by a geography faculty member and on-site supervisor. Placements require 4-12 hours per week, depending on units.
Note: Open to all Geography majors and minors with permission of supervising faculty member and Department Chair. GEOG 195A, GEOG 195B, and GEOG 195C may be taken for up to 6 total units.
Credit/No Credit

GEOG 198. Co-Curricular Activities. 1 - 6 Units
Prerequisite(s): Consent of faculty Sponsor and department chair.
Term Typically Offered: Fall, Spring
Co-curricular activities related to subject matter and concerns of the Geography Department, e.g. students may qualify for credit by providing special tutorial assistance to EOP students or others in introductory courses.
Note: May be repeated for up to 6 units of credit.
Credit/No Credit

GEOG 199. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of the faculty sponsor and Department chair.
Term Typically Offered: Fall, Spring, Summer
Individual projects or directed reading.
Note: Open only to students competent to carry on individual work.
Credit/No Credit

GEOG 199A. Geography Special Problems A. 1 - 3 Units
Prerequisite(s): Approval of the faculty sponsor and department chair.
Term Typically Offered: Fall, Spring
Individual projects or directed reading at a beginning level. Graded (CR/NC Available) Units: 1.0 - 3.0
Note: Open only to students competent to carry on individual work.
Credit/No Credit

GEOG 199B. Geography Special Problems B. 1 - 3 Units
Prerequisite(s): Approval of the faculty sponsor and department chair.
Term Typically Offered: Fall, Spring
Individual projects or directed reading at an intermediate level, ordinarily taken following completion of GEOG 199A. Graded (CR/NC Available) Units: 1.0 - 3.0
Note: Open only to students competent to carry on individual work.
Credit/No Credit

GEOG 199C. Geography Special Problems C. 1 - 3 Units
Prerequisite(s): Approval of the faculty sponsor and Department chair.
Term Typically Offered: Fall, Spring
Individual projects or directed reading at an advanced level. Ordinarily taken following completion of GEOG 199A and GEOG 199B. Graded (CR/NC Available) Units: 1.0 - 3.0
Note: Open only to students competent to carry on individual work.
Credit/No Credit
GEOG 299. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of the faculty sponsor and Department Chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students competent to carry on individual work.

Credit/No Credit

Geology (GEOL)

GEOL 5. Geology Of Mexico. 4 Units
General Education Area/Graduation Requirement: Physical Science (B1), Laboratory (B3)
Term Typically Offered: Fall, Spring

Introduction to Geology through examination of aspects of the geology of Mexico. Emphasizes problem-based approach to learning Geology and the process of scientific investigation. Topics include a wide range of geological concepts including plate tectonic setting of Mexico, living with volcanoes: the Mexican volcanic belt, the Mexico City earthquake, issues of water supply, flooding and atmospheric pollution in Mexico City, the Chicxulub crater and geologic time, ore deposits of Mexico. Lecture three hours; laboratory three hours.

GEOL 5A. Geology of Mexico Field Trip. 2 Units
Prerequisite(s): GEOL 5
Term Typically Offered: Fall, Spring

Focuses on fundamental geologic concepts as seen from real world examples in Mexico that will be visited during several strategic field stops. Field stops will emphasize a problem-based approach to learning geology and the process of scientific investigation. Topics include a wide range of geological concepts including plate tectonic setting of Mexico, living with volcanoes, the Mexico City earthquake, issues of water supply, flooding, climate change and atmospheric pollution in Mexico City, the Chicxulub meteor impact crater, geologic time, ore deposits of Mexico, and natural hazards. Field trip ten days. Field trip(s) may be required.

GEOL 7. Natural Disasters. 3 Units
General Education Area/Graduation Requirement: Physical Science (B1)
Term Typically Offered: Fall, Spring

Examination of earth materials and earth processes through the study of natural disasters. Topics include earthquakes, volcanoes, landslides, floods, tsunamis, hurricanes, tornadoes and meteorite impacts. Examination of causes, effects and mitigation of natural disasters.

GEOL 8. Earth Science. 3 Units
General Education Area/Graduation Requirement: Physical Science (B1)
Term Typically Offered: Fall, Spring, Summer

Earth and its neighbors in space. Scientific method and discovery in the study of stars, planets, weather, rivers, glaciers, oceans, rocks, volcanoes, earthquakes, landslides, mountains, drifting continents, the earth in time. 
Note: Students contemplating a geology major or minor in geology should enroll in GEOL 10, not in GEOL 8. No credit for those who have taken GEOL 10 or equivalent.

GEOL 8L. Earth Science Lab. 1 Unit
Prerequisite(s): GEOL 8; may be taken concurrently.
General Education Area/Graduation Requirement: Physical Science (B1), Laboratory (B3)
Term Typically Offered: Fall, Spring

Emphasizes scientific methods and systematic laboratory procedures. Includes weather analysis, rock and mineral identification, study of geologic concepts by means of topographic maps, and exercises in astronomy and oceanography. Laboratory three hours.

GEOL 8T. Earth Science Lab for Teachers. 1 Unit
Prerequisite(s): GEOL 8; may be taken concurrently.
Term Typically Offered: Fall, Spring

Exploration of the solid Earth, its atmosphere and oceans, and the Earth's place in the solar system. Emphasizes learning Earth science through investigation, and uses Earth science to understand the processes of science. Laboratory three hours.

GEOL 10. Physical Geology. 3 Units
General Education Area/Graduation Requirement: Physical Science (B1)
Term Typically Offered: Fall, Spring

Rocks and their mineral constituents, geological processes such as weathering, erosion, glaciation, mountain building, etc., volcanoes, earthquakes, folds, faults, the earth's interior, plate tectonics and earth resources. Field trip. Fee course. Fee course. Field trip(s) may be required.

GEOL 10L. Physical Geology Lab. 1 Unit
Prerequisite(s): GEOL 10; may be taken concurrently.
General Education Area/Graduation Requirement: Physical Science (B1), Laboratory (B3)
Term Typically Offered: Fall, Spring

Laboratory supplement to GEOL 10. Emphasizes scientific method and systematic laboratory procedures. Identification of common minerals and rocks. Introduction to topographic maps and geologic maps. Field trip. Laboratory three hours. Fee course. Fee course. Field trip(s) may be required.

GEOL 12. Historical Geology. 3 Units
Prerequisite(s): GEOL 5 or GEOL 10 and GEOL 10L
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

Origin and geological history of the earth and the evolution of its animal and plant inhabitants. Fee course.
Note: Lecture 3 hours.

Fee course.

GEOL 12L. Historical Geology Lab. 1 Unit
Prerequisite(s): GEOL 12; and GEOL 5 or GEOL 10 and GEOL 10L. GEOL 12 may be taken concurrently.
Term Typically Offered: Fall, Spring

Supplements GEOL 12. Use of sedimentary rocks, fossils, geologic maps, and structural sections in interpreting ancient environments, tectonic settings, and geologic history. Age relations and correlation of rock and time-rock units. Introduction to fossil identification and biostratigraphy. Laboratory three hours.
GEOL 100. Mineralogy.  
Prerequisite(s): CHEM 1A; and either GEOL 5 or GEOL 10 and GEOL 10L.  
Term Typically Offered: Fall only

Introduction to mineral identification by physical and optical properties. Techniques and theory of optical mineral analysis, crystallography and mineral formation. Lecture three hours, laboratory three hours.

GEOL 102. Igneous and Metamorphic Petrology.  
Prerequisite(s): GEOL 100 and GEOL 103  
Term Typically Offered: Fall only

Study of the origin, evolution, occurrence, geochemistry, dynamics and physical characteristics of igneous and metamorphic systems. The laboratory will focus on both hand-specimen and petrographic-microscope studies. Lecture three hours, laboratory three hours. Fee course. Fee course.

GEOL 103. Sedimentology/Stratigraphy.  
Prerequisite(s): GEOL 12, GEOL 12L, and GEOL 100  
Term Typically Offered: Spring only

Compositions, textures, classification, origins and structures of sediments and sedimentary rocks. Hand specimen observation and interpretation. Facies models, classification and correlation of stratigraphic units, subsurface techniques. Lab emphasizes hand specimen and microscope identification and subsurface techniques. Field trip. Lecture three hours; laboratory three hours. Fee course. Fee course.

GEOL 105. Paleontology.  
Prerequisite(s): GEOL 5 or GEOL 10 and GEOL 10L, GEOL 12 and GEOL 12L.  
Term Typically Offered: Spring only

Biology, evolution, classification and paleoecology of important groups of fossil organisms. Uses of fossils in solving geologic problems. Note: Lecture = 3 units; Lab = 1 unit. Fee Course. Field Trip.

Fee course.
Field trip(s) may be required.

GEOL 110A. Structural Geology and Tectonics.  
Prerequisite(s): GEOL 111A and GEOL 111B, PHYS 5A or PHYS 11A, MATH 26A or MATH 30.  
Term Typically Offered: Fall only

Description, analysis and interpretation of geologic structures and tectonic settings. Theory of stress and strain as it pertains to the origin of folds, faults, joints, cleavage, and other structural elements. Laboratory includes techniques of structural analysis such as orthogonal projections, stereonets, structure contours, Mohr diagrams, interpretation of maps and cross sections. Lecture three hours, laboratory three hours. Fee Course. Fee course.

GEOL 110B. Structural Geology Field.  
Prerequisite(s): GEOL 103, GEOL 111A, GEOL 111B, and GEOL 110A. It is recommended that GEOL 110A be taken concurrently.  
Term Typically Offered: Fall, Spring

Field description, mapping and interpretation of geologic structures. Includes techniques of taking detailed field notes, field photography measurement of structures using a pocket transit, geologic map and cross section construction, stereonet analysis, and report writing. Consists of off-campus fieldwork. Fee course. Fee course.

GEOL 111A. Field Geology.  
Prerequisite(s): GEOL 12L and GEOL 100  
Corequisite(s): GEOL 111B

Term Typically Offered: Spring only

Science and art of recognizing, describing and interpreting geologic features in the field. Lecture and laboratory course on the preparation and use of topographic and geologic maps, stratigraphic and cross sections, compass and GPS instrument. Lecture one hour; laboratory three hours. Fee course. Fee course.

GEOL 111B. Field Techniques.  
Prerequisite(s): GEOL 100 and GEOL 103. GEOL 103 may be taken concurrently.

Corequisite(s): GEOL 111A  
Term Typically Offered: Spring only

Introduction to geologic field methods including descriptions of rocks, geologic mapping, observation, interpretation and geologic report writing. Detailed mapping techniques will also be covered; these may include the use of plane table, total station theodolite and global position systems. Consists of off-campus fieldwork. Fee course. Fee course.

GEOL 112. Geophysics For Geologists.  
Prerequisite(s): GEOL 5 or GEOL 10 and GEOL 10L, PHYS 5A, PHYS 5B which may be taken concurrently.  
Term Typically Offered: Fall, Spring

Introductory to the principal geophysical concepts and techniques useful to geologists in the study of tectonics, the Earth's interior and resource exploration. Includes the study of seismology, heat flow, gravity, borehole geophysics, electromagnetism and geodynamics. Fee Course/Field Trip. Fee course.
Field trip(s) may be required.

GEOL 114. Volcanology.  
Prerequisite(s): GEOL 100; May be taken concurrently.  
Term Typically Offered: Fall, Spring

An advanced exploration of physical volcanic processes, chemistry of magmas, interpretation of volcanic deposits, historic eruptions and volcanic hazard assessment. Note: Field trip. Weekend field trip to volcanic areas (typically in California. Fee course. Field trip student fee.

Fee course.
Field trip(s) may be required.
GEOL 115. Volcanoes: An Introduction. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

An introductory course to volcanoes including volcanic landforms, eruption styles, properties of magma, and volcanic hazards/ mitigation.

GEOL 120. Surficial Processes. 4 Units
Prerequisite(s): GEOL 5 or GEOL 10 and GEOL 10L; GEOL 12, GEOL 12L.
Term Typically Offered: Fall, Spring

Focused study on the basic forces that drive surficial processes such as wind, water, gravity, and the role of weathering. A laboratory component will enhance student understanding by solving applied problems as well as develop proficiencies with various geologic tools.

Note: 150 minutes Lecture = 3 units, 150 minutes Lab = 1 unit. Fee
Course.

GEOL 121. Geology of California. 3 Units
Prerequisite(s): GEOL 5 or GEOL 10.
Term Typically Offered: Fall, Spring

Regional study of California and certain surrounding areas with regard to geologic development, plate tectonics, economic resources and geologic hazards. Lecture and field trip(s). Fee course.

Field trip(s) may be required.

GEOL 123. Geochemistry. 3 Units
Prerequisite(s): GEOL 5 or GEOL 10 and GEOL 10L, CHEM 1A.
Term Typically Offered: Fall, Spring

Fundamentals of the geochemistry of Earth materials. Thermodynamics and kinetics of geological environments, silicates and carbonates, major element geochemistry, trace and rare earth element geochemistry, stable and radiogenic isotopes. Applications to studies of aqueous, pedogenic, igneous, sedimentary, and metamorphic environments. Analysis of geochemical aspects of contemporary resource, environmental, and paleoenvironmental problems.

GEOL 125. Metallic Ore Deposits. 3 Units
Prerequisite(s): GEOL 100, CHEM 1A.
Term Typically Offered: Fall, Spring

Field trip(s) may be required.

GEOL 126. Environmental Field Methods. 3 Units
Prerequisite(s): GEOL 10 or GEOL 10L or instructor permission.
Term Typically Offered: Fall, Spring

Field analysis of the local environment, including soil and water systems. Students will learn monitoring design, sample collections, sample analysis, data interpretation, and presentation methodologies for environmental geology applications.

GEOL 127. Hydrogeology. 4 Units
Prerequisite(s): CHEM 1A, GEOL 10, GEOL 10L, PHYS 5A, and MATH 26A or MATH 30, or instructor permission.
Term Typically Offered: Spring only

Presents fundamentals of groundwater flow, as influenced by topography and geology; geological aspects of groundwater supply, contamination, and protection of hydrogeological regions of the U.S. and their critical groundwater issues. Lecture three hours; laboratory three hours. Lecture three hours.

GEOL 130. Oceanography. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring, Summer

Survey of geological, physical, chemical and biological oceanography including the sea floor; waves, tides, currents; the physical and chemical properties of seawater and their distribution in the sea; planktonic life and its relation to nutrients.

GEOL 132. Marine Geology. 3 Units
Prerequisite(s): GEOL 10 and GEOL 10L or GEOL 12 and GEOL 12L.
Term Typically Offered: Spring only

Origin, structure and evolution of the ocean basins and their margins. Topics covered will include marine sediments, seafloor bathymetry, seismic stratigraphy, sea level history, and marine micropaleontology.

Fee course. Field trip: Weekend trip to Moss Landing, California to collect marine samples.

Fee course.

Field trip(s) may be required.

GEOL 140. Geology and the Environment. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: GE AREA D, Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Applies geologic data and principles to situations affecting our environment. The geologic study of earthquakes, volcanoes, floods, landslides, groundwater and similar topics supplies the background data for lectures on land use and other social choices. Topics such as geopolitics and mineral supply provide a basis for understanding international politics, social costs, and world economics. Fee course.

GEOL 143. Geology of California 1. 3 Units
Prerequisite(s): GEOL 121.
Term Typically Offered: Fall, Spring

Regional study of California and certain surrounding areas with regard to geologic development, plate tectonics, economic resources and geologic hazards. Lecture and field trip(s). Fee course.

GEOL 150. Computer Mapping in Geology. 3 Units
Prerequisite(s): GEGO 109 or instructor permission
Term Typically Offered: Fall, Spring

This course is designed to enhance the mapping skills of geology majors by providing them an opportunity to learn modern computer aided mapping techniques - methods and tools widely used across industry, government, and academe. The course is designed to teach students how to effectively use various tools and mapping software by applying their developing skills in solving a variety of geological problems. This course strategy will help develop both student technical map making and innovative problem solving skills.
GEOL 170. Age of Dinosaurs. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (BS)
Term Typically Offered: Fall, Spring
Applies to the fundamental principles of geology, biology, and ecology to understanding the evolution of the Mesozoic world. Emphasis is placed on the nature and evolution of dinosaurs in the context of global regional changes in the Mesozoic ecosystem. Included are considerations of the data, methods, and uncertainties in paleontology and other historical sciences.

GEOL 171. Petroleum Geology. 3 Units
Prerequisite(s): PHYS 5A & GEOL 103. GEOL 103 may be taken concurrently.
Term Typically Offered: Fall, Spring
Introduction to the origin, migration, and accumulation of hydrocarbons in the context of stratigraphic and structural systems. Exploration and production of both conventional and unconventional resources. Lecture three hours. Field trip. Fee Course.
Fee course.
Field trip(s) may be required.

GEOL 177. Hawaii Volcanic Field Trip. 2 Units
Prerequisite(s): Geology 10 or another physical geology course approved by instructor; Field Trip, 2 units.
Term Typically Offered: Fall, Spring
An investigation and visit to the many interesting volcanic features and eruption activities of Hawaiian volcanism. Topics include tectonics, physical volcanology, and volcanic monitoring techniques. Fee/No Credit

GEOL 184. Geological Field Trip. 2 Units
Term Typically Offered: Fall only
10-day field trip to a region of outstanding geology. Attendance at preliminary meetings is required. Analyzes and interpretation of geologic features is emphasized. Fee course.
Note: Student should consult the Geology Department during the semester before planning to take the course. May be taken more than once for credit.
Credit/No Credit
Fee course.
Field trip(s) may be required.

GEOL 188. Advanced Geologic Mapping. 6 Units
Prerequisite(s): GEOL 102, GEOL 103, GEOL 110A, GEOL 110B, GEOL 111A, GEOL 111B and instructor permission.
Term Typically Offered: Spring only
Advanced principles/methods of geologic mapping, interpretation and geologic report writing for selected field areas in the western United States. Mapping techniques include the use of aerial photographs and global position systems. Consists of on-campus field preparation and off-campus fieldwork. Fee course.
Fee course.

GEOL 190A. Geology and Tectonic Development of California Seminar. 3 Units
Prerequisite(s): GEOL 5 or GEOL 10, GEOL 12; GEOL 110A recommended.
Term Typically Offered: Fall, Spring
Seminar in the geologic and tectonic development of California.

GEOL 193C. Engineering Geology. 3 Units
Prerequisite(s): GEOL 5 or GEOL 10 and GEOL 10L, GEOL 12, PHYS 5A or PHYS 11A, MATH 29 or high school trigonometry.
Term Typically Offered: Fall, Spring
Investigates the engineering properties of earth materials, the engineering considerations required to build safer and durable structures on and within the Earth, and problems associated with structures designed and built lacking physical environmental conditions. Designed to introduce engineering concepts to students who have a competent grasp of general geologic principles and processes. Lecture 3 hours.

GEOL 195. Geology Internship. 1 - 3 Units
Term Typically Offered: Fall, Spring
Supervised unpaid work experience in government or industry. Supervision is provided by the faculty instructor and responsible officials in the work situations.
Note: Open to all upper division Geology majors with instructor permission. Number of units earned depends on number of hours worked.
Credit/No Credit

GEOL 197. Advanced Laboratory Techniques for Geology. 1 - 3 Units
Prerequisite(s): Appropriate upper division courses and instructor permission.
Term Typically Offered: Fall, Spring
Supervised individual instruction on techniques applied in geology laboratories for advanced research in mineralogy, petrology, geochemistry, geophysics, and paleontology. Credit/No Credit

GEOL 198A. Senior Research Preparation. 1 Unit
Prerequisite(s): Senior status and appropriate courses as determined by a Departmental faculty committee. The proposed project must be approved by a Department committee; instructor permission.
Term Typically Offered: Fall, Spring
Selection and design of an independent research project. A final written report is required and includes: research proposal, bibliography, and results of preliminary review of the literature. Student must choose a supervising instructor.

GEOL 198B. Senior Research Project. 2 Units
Prerequisite(s): Senior status and appropriate courses as determined by a Departmental faculty committee. The proposed project must be approved by the Department committee; instructor permission.
Term Typically Offered: Fall, Spring
Completion of an independent research project. A final written report is required. Progress reports may be required by the supervision instructor. Presentation of an oral report on the research project during the same semester is required.

GEOL 199A. Beginning Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or special studies at a beginning level, including fieldwork, lab work, library study, or other learning activities.
Note: Open only to students judged competent to carry on individual work. Credit/noncredit grading also available.
### GEOL 199B. Intermediate Special Problems.  1 - 3 Units
Individual projects or special studies at an intermediate level, including fieldwork, lab work, library study, or other learning activities.

**Note:** Open only to students judged competent to carry on individual work. Credit/noncredit grading also available.

### GEOL 199C. Advanced Special Problems.  1 - 3 Units
Individual projects or special studies at an advanced level, including fieldwork, lab work, library study, or other learning activities.

**Note:** Open only to students judged competent to carry on individual work. Credit/noncredit grading also available.

### GEOL 200. Graduate Research Methods Seminar.  3 Units
**Term Typically Offered:** Fall, Spring
Developing a research proposal, library and internet searches, seeking external funding, presentation graphics, and publication formats. Students will develop a research project in preparation for thesis requirement. Seminar three hours.

**Note:** Graduate Writing Intensive (GWI).

### GEOL 202. Aqueous Geochemistry.  3 Units
**Prerequisite(s):** CHEM 1B; instructor permission.
**Term Typically Offered:** Fall, Spring

### GEOL 204. Contaminant Hydrogeology.  3 Units
**Prerequisite(s):** CHEM 1B and CHEM 6B or CHEM 20, GEOL 202.
**Term Typically Offered:** Fall, Spring
Contaminants and contaminant transport in near-surface environments. Fluid-sediment interaction, fluid partitioning, common geochemical reactions, stability and mobility of groundwater contaminants, multi-phase systems, sampling considerations and overview of analytical techniques.

### GEOL 208. Groundwater Modeling.  3 Units
**Prerequisite(s):** GEOL 127, MATH 45.
**Term Typically Offered:** Fall, Spring
Computer modeling of groundwater systems using 2 and 3 dimensional numerical solutions and common software packages. Topics will include data acquisition, constructing a numerical model, model calibration, flow paths, particle tracking and model output.

### GEOL 212. Geologic Remote Imaging.  3 Units
**Prerequisite(s):** PHYS 5B or PHYS 11B; GEOL 102, GEOL 110A; and proficiency using a personal computer.
**Term Typically Offered:** Fall, Spring
Use of remote imaging in geologic applications. Types of imagery, acquisition, production, processing, and interpretation are covered.

### GEOL 213. Advanced Structural Geology and Tectonics.  3 Units
**Prerequisite(s):** GEOL 110A and MATH 30
**Term Typically Offered:** Fall, Spring
An advanced treatment of deformation of the lithosphere of the earth over short and long timescales. Construction of 2D and 3D models of the crust. Use of software packages to solve problems in tectonics and related disciplines.

### GEOL 214. Advanced Volcanology.  3 Units
**Term Typically Offered:** Fall, Spring
Analyzes volcanic eruption processes. Interpretation of volcanic deposits in the evaluation of volcanic hazards, risk, eruption processes, and geologic history. Field trip.
Field trip(s) may be required.

### GEOL 218. Applied Geophysics.  3 Units
**Prerequisite(s):** PHYS 5B or PHYS 11C and GEOL 112.
**Term Typically Offered:** Fall, Spring
Advanced field techniques used for geophysical exploration. Data collection and problem solving using resistivity, conductivity, seismic reflection, seismic refraction, gravity, magnetics and borehole geophysical techniques. Lecture two hours, laboratory three hours.

### GEOL 220. Surficial Processes.  3 Units
**Prerequisite(s):** GEOL 120 or equivalent.
**Term Typically Offered:** Fall, Spring
Dynamics of geological processes and the landscapes they carve. System thresholds, linked processes, data generation and evaluation that characterize landscape development.

### GEOL 223. Geochemistry.  4 Units
**Prerequisite(s):** CHEM 1A, MATH 30, GEOL 100, or instructor permission.
**Term Typically Offered:** Fall, Spring
Fundamentals of the geochemistry of Earth materials. Thermodynamics and kinetics of geological environments, silicates and carbonates, major element geochemistry, trace and rare earth element geochemistry, stable and radiogenic isotopes. Applications to studies of aqueous, pedogenic, igneous, sedimentary, and metamorphic environments. Analysis of geochemical aspects of contemporary resource, environmental, and paleoenvironmental problems.

**Note:** Lecture 3 hours = 3 units; laboratory 170 minutes = 1 unit.

### GEOL 227. Advanced Hydrogeology.  3 Units
**Prerequisite(s):** GEOL 127, graduate level status in Geology.
**Term Typically Offered:** Fall, Spring
Water budgets, theories of groundwater flow to wells, hydrogeologic regimes, fracture flow, dewatering, salt water intrusion, dating and chemical identification of water. Lecture 3 hours.

### GEOL 230. Seminar In Geology.  3 Units
**Term Typically Offered:** Fall, Spring
Reading, analysis and discussion of the geologic literature on selected topics in geology. Student presentations and reports are required.

**Note:** May be taken twice for credit.

### GEOL 240. Special Topics.  1 - 3 Units
**Prerequisite(s):** Will vary with each special topic course.
**Term Typically Offered:** Fall, Spring
Advanced special topics in Geology that may include structural geology, volcanology, hydrogeology, engineering geology or other specialized topics selected to meet student demand or respond to industry trends in geology.
GEOL 275. Quantitative and Numerical Research Methods. 3 Units
Prerequisite(s): MATH 31
Term Typically Offered: Fall, Spring

Introduction to quantitative and numerical methods of solving geologic problems using high level programming.

GEOL 290. Regional Geology of the Western US. 3 Units
Prerequisite(s): GEOL 100, GEOL 102, GEOL 103 and GEOL 110A.
Term Typically Offered: Fall, Spring

Application of advanced geological concepts in tectonics, stratigraphy, sedimentology, petrology, and volcanism to the geologic evolution of the Western United States from Precambrian to present. Field trip. Course Fee. Field trip(s) may be required.

GEOL 293. Engineering Geology. 3 Units
Prerequisite(s): GEOL 193C.
Term Typically Offered: Fall, Spring

Takes a geological approach to evaluating engineering issues associated with building with or on natural earthen materials. Rock and soil mechanics, slope stability, geophysical investigation of rock and soil properties.

Note: 150 minutes Lecture = 3 units.

GEOL 299. Special Problems in Geology. 1 - 4 Units
Prerequisite(s): Graduate-level status in geology, approval of project by a faculty sponsor and Department Chair; instructor permission.
Term Typically Offered: Fall, Spring

Graduate research. Independent research in geology that may include library research, short-term original research, technique development, fieldwork, or laboratory research. May include research toward thesis proposal. Culminating experience will be in the form of a written report, oral presentation, or scientific paper.

GEOL 500. Master's Thesis. 6 Units
Prerequisite(s): Advanced to candidacy and chair permission of his/her thesis committee.
Term Typically Offered: Fall, Spring

Completion of a thesis approved for the Master's degree. Should be taken in the final semester prior to the completion of all requirements for the degree.

GEOL 596. Comprehensive Examination. 0 Units
Term Typically Offered: Fall, Spring

A written comprehensive examination administered by a committee of three faculty members. Assesses the student's ability to integrate knowledge from core and elective courses, show critical and independent thinking, and demonstrate mastery of the subject matter. Required for the non-thesis option. Graded: CR/NC. May be retaken one time after 4 calendar months. Units: 0.
Credit/No Credit

German (GERM)

GERM 1A. Elementary German. 4 Units
Term Typically Offered: Fall only

Focuses on the development of listening, speaking, and reading skills. Special attention will be given to the relationship of the language to the civilization and culture of the German-speaking countries.

GERM 1B. Elementary German. 4 Units
Prerequisite(s): GERM 1A or instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2), Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of GERM 1A. Speaking, listening, and reading skills are practiced and more emphasis is placed on the development of writing skills than in GERM 1A. Cultural introduction to the German-speaking countries is continued.

GERM 2A. Intermediate German. 4 Units
Prerequisite(s): GERM 1B or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of GERM 1B with review of grammar and with further development of reading ability but with a greater emphasis on active skills in speaking and writing.

Note: Meets the Foreign Language Graduation Proficiency Requirement.

GERM 2B. Intermediate German. 4 Units
Prerequisite(s): GERM 2A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Spring only

Continuation of GERM 2A with greater emphasis on skills in writing.

Note: Meets the Foreign Language Graduation Proficiency Requirement.

GERM 5A. German Language Practice. 3 Units
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Practice with German conversation and vocabulary; supervised individual and small-group instruction designed to develop German vocabulary, including conversation and listening skills at an intermediate level.

Note: Meets the Foreign Language Graduation Proficiency Requirement. May be taken for credit four times.

GERM 100. Advanced German Grammar. 3 Units
Term Typically Offered: Fall, Spring

Study of grammar and style and their practical application in writing and speaking.

GERM 105. Advanced German Language Practice. 3 Units
Term Typically Offered: Spring only

Supervised individual and small-group practice for upper-division students desiring to improve their German language skills, especially conversation, listening and vocabulary. Some written work may be assigned. May be taken for credit three times, but may count only once for major or minor credit.
GERM 140. Heroes, Dragons and Quests. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Exploration of the heroic adventures of the medieval knights in their quests for fame and love, with special attention to the bridal quest and the roles of their "ladies": their social, political, and economic position, and their impact on life in the Middle Ages. Discussions will be based on the reading of selected Middle High German works in English translation.

Note: No German language requirement.

GERM 141. German Mythology and Legend. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Exploration of Germanic myth and legend and their impact on art and literature. Readings in English.

Note: No German language requirement.

GERM 142. German Folk Literature, Legend, and Lore. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Study of the traditional folk literature: fairy tales, folk tales, legends, ballads and folk songs; of the German-speaking people, their holiday traditions, festivals and social customs. Readings in English.

Note: No German language requirement.

GERM 143. King Arthur and the Knights of the Round Table in Germany. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Study of King Arthur and the knights of the Round Table in the German medieval romances read in English translation.

Note: No German language requirement. Course will be offered every two years.

GERM 150. German Civilization: Beginning to 16th Century. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Historical, social, and artistic forces in German civilization from the time of the Great Migrations to the Reformation. All readings and lectures in English.

GERM 151. German Civilization: 17th Century to Present. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Historical, social, and artistic forces in German civilization from the Reformation through the 20th century. All readings and lectures in English.

GERM 194. Field Experience/Internship. 1 - 3 Units
Prerequisite(s): Intermediate competency in German and instructor permission.
Term Typically Offered: Fall, Spring

Directed fieldwork in a project which uses the language skills developed through previous study of German. The projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. May be taken more than once for credit.

Credit/No Credit

GERM 195. Fieldwork: Tutoring. 1 - 3 Units
Prerequisite(s): Native/near-native fluency in German; upper division status; instructor permission.
Term Typically Offered: Fall, Spring

Tutoring of lower division students of German under supervision of instructor. May be taken for credit more than once.

Credit/No Credit

GERM 199. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of instructor supervising the work.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Open only to students who appear competent to carry on independent study.

Note: This is a service learning course.

Gerontology (GERO)

GERO 100. Aging Issues in Contemporary America. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer

Introduction to the field of Gerontology and how the discipline addresses society's aging needs. An examination of current issues in gerontology using a life span perspective focusing on older adults' needs/concerns along life's continuum in various environments. Major topics include implications of the demographic imperative, common aging changes/conditions, myths and stereotypes, effects of health/illness on individual and family roles, basic social issues and policies arising from the graying of America, and media, cultural and gender influences.

GERO 101. Elder Care Continuum Services and Strategies. 3 Units
Term Typically Offered: Fall, Spring

Exploration and analysis of the "elder care service continuum" within the context of changing diverse societal needs, service availability and accessibility, current public policy, and administrative and management issues facing care providers. A multidisciplinary examination of the spectrum of services and programs targeted for older adults and their families. Includes information and referral processes and agencies, recreational and social options, housing alternatives, in-home, residential and skilled care options, health care eligibility criteria, funding sources, and adult protective services.

Note: This is a service learning course.
GERO 102. Social Policy for an Aging Society. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150 or equivalent.
Term Typically Offered: Fall, Spring

Explores context and process for policy making by national and California state governments including ethical dimensions. Applications are developed from students' and instructor's areas of interest including K-12 and higher education, land-use policy, and aging issues such as elder advocacy, Social Security, and Medicare/Medicaid. Provides background and skills for entry level positions in public or non-profit organizations. Cross Listed: PPA 100; only one may be counted for credit.

GERO 103. Applied Care Management in Gerontology Practice. 3 Units
Term Typically Offered: Fall, Spring

Analysis of issues, services, methods, and interventions related to "practice" with older adults and application of strategies for identifying and accessing services targeted for older adults and their families. Outcomes include understanding: unique characteristics/needs of elders; relationship of the systems approach to working with elders; issues affecting service delivery to this population (diversity, gender, ethics, special health and mental health needs); basic practice skills for effective service delivery to elders and families/caregivers; student's attitudes and roles when working with this population.

Note: This is a service learning course.

GERO 121. Models for Successful Aging. 3 Units
Term Typically Offered: Fall, Spring

In depth interdisciplinary, holistic exploration of health promotion and adaptation paradigms that facilitate successful, productive longevity. Hardiness and self-efficacy theories along with expectations and experiences enhancing quality of life are explored. Interactions among such variables as activity, diet, exercise, work/leisure, attitudes/beliefs, humor, living environments, spirituality, and social networks are investigated within the contexts of gender, economic and cultural perspectives.

GERO 122. Managing Disorders in Elders. 3 Units
Prerequisite(s): GERO 121
Term Typically Offered: Fall, Spring

Study and analysis of prevalent pathophysiological-based diseases and psychological disorders commonly experienced by older adults and frail elder populations. Disease/disorder causes and the effects of chronic illness on individuals’ activities of daily living, sexuality, relationships, and coping abilities with changing lifestyles are examined using a life course framework and evidenced-based research. Assessment tools, lab value changes, medication needs, complications/disabilities, traditional/alternative treatments and ethical issues rising from meeting needs are investigated along with implications for caregivers.

GERO 130. Gerontology Practicum. 3 Units
Prerequisite(s): 24 Major units including GERO 101, GERO 102, GERO 103, GERO 121, GERO 122 and instructor permission.
Term Typically Offered: Fall, Spring

Supervised practicum experience in a community agency planning for or delivering professional services to older adults. This practicum experience is part of two culminating courses for the major and focuses on application of the interdisciplinary nature of the discipline while affording students direct, hands on experiences. Includes a field seminar. Seminar discussions focus on the application of gerontological concepts derived from all gerontology courses and are applied to each student's specific practicum area.

Note: This is a service learning course.

Credit/No Credit

GERO 131. Gerontology Capstone Practicum. 3 Units
Prerequisite(s): 36 Major units including GERO 101, GERO 102, GERO 103, GERO 121, GERO 122, GERO 130 and instructor permission.
Term Typically Offered: Fall, Spring

Supervised internship experience in a community agency planning for or delivering professional services to older adults. This capstone practicum experience builds on the first internship course and is the final culminating course for the major and focuses on advanced application of the interdisciplinary nature of the discipline while affording students direct, hands on experiences. Includes a field seminar. Seminar discussions focus on the application of gerontological concepts derived from all gerontology courses and are applied to each student's specific Practicum area.

Note: This is a service learning course. Minors may take this course without taking GERO 130

Credit/No Credit

GERO 199. Special Problems. 1 - 3 Units
Prerequisite(s): Advanced approval of project goal and objectives by program director.
Term Typically Offered: Fall, Spring

Independent research, project, or directed reading.

Note: Open to students who are capable of independent work. A maximum of 3 units may count toward elective major requirements.

Credit/No Credit

GERO 200. Adaptation To Age Related Changes, Illnesses and Caregiving. 3 Units
Term Typically Offered: Fall, Spring

Exposure to and analysis of positive and negative functional consequences arising from age related changes and illnesses in elders. Content elucidates changes and their effects on elders’ levels of wellness using interdisciplinary research and holistic life course frameworks. Screening assessments, interventions, community resources and services, and ethical issues are addressed for each topic. Caregiving issues and solutions are explored within life span and problem solving frameworks.
GERO 221. Models for Successful Aging. 3 Units
Term Typically Offered: Fall, Spring

In depth interdisciplinary, holistic exploration of health promotion and adaptation paradigms that facilitate successful, productive longevity. Hardiness and self-efficacy theories along with expectations and experiences enhancing quality of life are explored. Interactions among such variables as activity, diet, exercise, work/leisure, attitudes/beliefs, humor, living environments, spirituality, and social networks are investigated within the contexts of gender, economic and cultural perspectives. Cross Listed: GERO 121; only one may be counted for credit.

GERO 222. Managing Disorders in Elders. 3 Units
Prerequisite(s): GERO 221
Term Typically Offered: Fall, Spring

Offers in-depth study/analysis of prevalent pathophysiological-based diseases and psychological disorders commonly experienced by older adults and frail elder populations. Disease/disorder causes and the effects of chronic illness on individuals' activities of daily living, sexuality, relationships, and coping abilities with changing lifestyles are examined using a life course framework and evidenced-based research. Assessment tools, lab value changes, medication needs, complications/disabilities, traditional/alternative treatments and ethical issues arising from meeting needs are investigated along with implications for caregivers. Cross Listed: GERO 122; only one may be counted for credit.

GERO 295. Internship/Project. 3 Units
Prerequisite(s): GERO 200, GERO 221, GERO 222.
Term Typically Offered: Fall, Spring

Supervised fieldwork internship or project that is a culminating experience and applies learned gerontological theories and concepts in a community setting where planning, developing, or delivering services to older adults or their families occurs. Students choose an area of practice and negotiate their learning experiences or project with their faculty advisor and field supervisor. Advanced approval of project goal and objectives by program director are required.

Credit/No Credit

GERO 299. Special Problems. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Independent research, project, or directed reading. Open to students who are capable of independent work. A maximum of 3 units may count toward elective major requirements. Advanced approval of project goal and objectives by program director.

Credit/No Credit

Government (GOVT)

GOVT 1. Essentials Of Government. 3 Units
General Education Area/Graduation Requirement: U.S. Constitution + California State & Local Govt, GE AREA D
Term Typically Offered: Fall, Spring, Summer

Examines the U.S. Constitution, the U.S. system of governments and the ideas and values on which they are based. Fulfills state code requirements for U.S. Constitution and California State and Local Government. Students who believe they have a good fundamental knowledge of the institutions of American Government are encouraged to consider a designated upper division course to fulfill the state requirement.

GOVT 1H. Honors Government. 3 Units
General Education Area/Graduation Requirement: U.S. Constitution + California State & Local Govt, GE AREA D
Term Typically Offered: Fall, Spring

Explores some of the most influential works of politics and political writing in American history, and challenges contemporary analysis of political institutions and processes. Examines the structure of the Constitution, issues of federalism, the growth of civil rights, and the processes of government, with a comparative element. Explores the unique characteristics of California state politics.

GOVT 10. The Meaning of Government: An Introduction to Political Ideas. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Examination of the ideas of various authors about governing and being governed. Topics include: the scope and limits of freedom, the causes and characteristics of the state, the content of politics, the nature of authority, the problems of power and the duty to obey.

GOVT 35. World Politics. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Basic introduction to global politics focusing on a broad range of issues and problems relating to conflict and cooperation among nations, and on similarities and differences among nations’ governmental institutions, structures and processes.

GOVT 96. California Constitution & Government. 1 Unit
Prerequisite(s): Instructor approval required.

Examines the California state constitution, the structure and role played by both the state government and local governments in California. Students who pass the course will petition the Dean of Undergraduate Studies for credit in meeting the California Government portion of the American Institution requirement.

Note: Experimental course.

Credit/No Credit

GOVT 100. Introduction to Research Methods in Political Science. 3 Units
Term Typically Offered: Fall, Spring

Examines the foundations of scientific research methodology in political and social science. Designed to introduce students to the basic conceptual, observational and analytical methods of empirical research in political science and related social sciences.
GOVT 110. Political Thought I. 3 Units
Term Typically Offered: Fall, Spring

History of political theory, covering some important thinkers and topics during the Ancient, Medieval and Early Modern periods.

GOVT 111. Political Thought II. 3 Units
Term Typically Offered: Fall, Spring

History of political theory, covering some important thinkers and topics from the Early Modern period to the early 20th century.

GOVT 112. Current Political Thought. 3 Units
Term Typically Offered: Fall, Spring

Current issues in political thought, with emphasis upon developments in the political philosophies of democracy, fascism, communism, conservatism, liberalism. Ideas are analyzed with reference to assumptions on which they are based and their relevance for political institutions and problems.

GOVT 113. American Political Thought. 3 Units
General Education Area/Graduation Requirement: GE AREA D, U.S. Constitution + California State & Local Govt
Term Typically Offered: Fall, Spring

Assessment of ideas that are central to the development of an American political tradition, as those ideas influence government at the federal, state and local levels. Meets the state requirements in U.S. Constitution and California State and Local Government.

GOVT 115. Democratic Theory. 3 Units
Term Typically Offered: Spring only

Introduction to basic questions of democracy. Draws on classical and contemporary writings to explore what democracy means and various forms of democratic government, politics, and culture: direct, representative, liberal, republican, pluralist, elitist. Specific topics may include: definitions of democracy, justifications for democracy, arguments for increasing or limiting democratic participation, tasks of political representatives, democratization of social institutions, and the relationship between globalization and democracy.

GOVT 117. Black Political Thought. 3 Units
Term Typically Offered: Spring only

Systematically and analytically introduces the predominant political trends and concepts presently entertained and harbored in the Black Community. A necessary adjunct to this dialogue is the racist theme in American society since on balance this is the matrix out of which the political alternatives and concepts grew. Cross Listed: ETHN 117; only one may be counted for credit.

GOVT 118. Just War, Natural Right, and the Law of Nations. 3 Units
Term Typically Offered: Fall only

Examines fundamental conceptual questions about morality, law, and international relations through great works of political theory. Topics will cover natural right, sovereignty, just war, imperialism, national security, and international obligations. Authors read will include Thucydides, Aristotle, Aquinas, Machiavelli, Grotius, Montesquieu, Kant, Hegel, Marx, Mill and Nietzsche.

GOVT 119A. Socialism Marxism-Communism. 3 Units
Term Typically Offered: Fall only

Analyzes the basic writings and ideas of Socialist and Marxist writers and the implications of their ideas.

GOVT 119B. Greek Political Thought. 3 Units
Term Typically Offered: Fall only

Study of the political thought of Greece from Homer to Demosthenes, including Plato, Thucydides, Sophocles, and other Greek thinkers. Topics include the birth of democracy, the sciences and philosophy, Athens’ rise to prominence, its defense of freedom against Persia, and its own development of an empire. Examination of Greek thoughts about justice, authority, freedom, equality, and culture. The events that shaped ideas and ideas that shaped events, as well as our understanding of the modern world, will be covered.

GOVT 119D. Shaping of the Modern World. 3 Units
Term Typically Offered: Spring only

This course examines major problems that have shaped the modern world, the historical and intellectual roots of the modern world, and debates over the meaning of modernity. Considers how both advocates and critics of modernity have understood the relation of history, philosophy, politics, nature, religion, economics, and other key concepts. Specific topics may include: the development of modern science, technological progress, democratic institutions, capitalism, colonialism, secularization, religious tolerance, and individual freedom.

GOVT 120A. Constitutional Law. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall, Spring

Basic junior level course in Public Law. A study of leading decisions of the U.S. Supreme Court and other materials pertaining to the power of Congress, the President and the Judiciary; relations between states and nation; and civil rights. Considers such topics as the separation of powers, judicial review, Congress, and the President.

GOVT 120B. Constitutional Rights and Liberties. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall, Spring

Basic junior level course in Public Law. A study of rights and immunities under the U.S. Constitution: examines leading decisions of the U.S. Supreme Court and other materials pertaining to freedom of expression, freedom of association, equality and due process of law.

GOVT 121. American Legal History. 3 Units
Term Typically Offered: Fall only

Examines the interaction of law, society, and politics in America from the colonial period to the present with special emphasis on law as an arena of social and cultural conflict. Major topics include the development of the common law in early America; the law of slavery and its impact on constitutional development; the role of the law in defining controversies over race and gender; legal thought and education; and the role of the Supreme Court in 20th Century America. Cross Listed: HIST 180; only one may be counted for credit.

GOVT 122. The Law and Bureaucracy. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Not offered

Examines constitutional and statutory limits of bureaucratic power in the American political system.
GOVT 123. Elements Of Law.
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall only

Current legal thought in the U.S. with special emphasis on the relationship of law to history, economics, anthropology, and government; the nature of law; the role of legislators, lawyers, and judges in making the legal system.

GOVT 126. Politics and Lawyers.
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall, Spring

Examines and analyzes the pervasiveness of lawyers and their activities in political realities; what do lawyers do; politics of prosecution and defense; politics within the profession; professional mobility; politics of the judiciary; lawyers in government.

GOVT 127. Elements of International Law.
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Spring only

While tracing the evolution of historical antecedents, centers upon modern literature in the field. The scope is broad and the problems vary, but among the areas to be studied are: 1) Is international law really law?: 2) historical foundations; 3) international legal institutions and structures; 4) supra-legal international orders, structures, and institutions and their meaning to international law; 5) world order and world law; and 6) an international "Bill of Rights."

Term Typically Offered: Spring only

Introduction to environmental law, including: the evolution of environmental legislation, environmental issues in the court system, environmental regulation and administrative law and environmental torts. Emphasis is on understanding legal process and the special challenges environmental problems present to the legal system. Cross Listed: ENVS 128; only one may be counted for credit.

GOVT 130. International Politics.
Term Typically Offered: Fall, Spring

Basic junior-level course in International Relations. Current international tensions; the motivating forces influencing world politics; and the role of diplomacy and international organizations in resolving conflicts.

GOVT 131. International Organization.
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Spring only

Examines human efforts to create supranational organizations to promote world peace and prosperity. The focus will be on social, political, and economic activities and problems which have developed and proliferated since the end of the second World War.

GOVT 132. War and Peace in the Nuclear Age.
Term Typically Offered: Not offered

Covers the discovery of atomic fission, the development of the atomic bomb and the evolution of U.S. nuclear weapons and strategy from 1945 to the present. It examines political, strategic, bureaucratic, economic and cultural forces that have shaped U.S. nuclear policy since Hiroshima. The problem of international security in the Nuclear Age is also addressed.

Term Typically Offered: Spring only

Analyzes U.S. security policy, looking at the structure and ideologies of the security system, the requirements of national defense, and the roles played by conventional and nuclear weapons in protecting and promoting American security.

GOVT 134. War, Peace and the Mass Media.
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring, Summer

Concerned with the relationship of mass media to war and the possibilities for peace, with emphasis on recent concepts of political communication. Cross Listed: JOUR 134; only one may be counted for credit.

GOVT 135. American Foreign Policy.
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall only

Institutions, practices and development of American foreign policy; the interaction of domestic and foreign factors on the formulating of American foreign policy since World War II.

GOVT 136. International Political Economy.
Term Typically Offered: Fall, Spring

Analyzes the interaction between politics and economics at the international level. Covers basic theoretical approaches; historical evolution of international economy; creation and role of international financial institutions; development issues; globalization and integration.

GOVT 137. Nationalism.
Prerequisite(s): GOVT 35 or GOVT 130 or instructor permission.
Term Typically Offered: Fall, Spring

Focuses on major theories of nationalism. Examines the literature dealing with theories explaining the emergence of nationalism and its political consequences; develops a comprehensive set of empirical indicators of nationalism, together with several working hypotheses regarding political manifestations of nationalism; provides the analytic frame for understanding nationalism; and applies theories to explain political behaviors of nations.

GOVT 138. UN Simulation.
Prerequisite(s): Junior status or above, a minimum 3.0 GPA in the major, GOVT 130 and/or GOVT 140, or instructor permission.
Term Typically Offered: Fall, Spring

Seminar experience for upper level Government and International Relations concentration majors. Students will prepare for and participate in a national intercollegiate model UN conference. Note: Course repeatable with instructor permission.
GOVT 139A. Globalization. 3 Units
Prerequisite(s): An upper division course in the field and/or instructor permission.
Term Typically Offered: Fall only – odd years

Explores the nature of, and issues in, globalization. It does so in five parts. Part I examines alternative conceptions of globalization. Part II identifies and examines the primary forms of economic globalization. Part III considers globalization’s effects on the territorial state, the welfare state, organized violence, culture, immigration, gender, and the environment. Part IV investigates the politics of the anti-globalization backlash. Part V concludes with an assessment of the shape and future of contemporary globalization.

GOVT 139B. International Politics and International Development. 3 Units
Prerequisite(s): GOVT 130 or Instructor Permission
Term Typically Offered: Fall only – even years

This course examines the origins and evolution of the theory and practice of international development; considers the meaning of international development; examines theoretical models and approaches to understanding the conditions, effects, and processes of international development. It explores the history and current state of theories and approaches to international development and addresses contemporary and essential issues in the field.

GOVT 139G. Intelligence and Espionage. 3 Units
Term Typically Offered: Fall only

Involves students in the study of the field of intelligence, as it relates to national security, foreign policy, law and ethics. Comparative analysis of the practice and experience of the U.S., the former Soviet Union and other nations will be emphasized.

GOVT 139S. Topics in Human Security. 3 Units
Term Typically Offered: Spring only

This course introduces students to the broad field of the study of human security and many essential current topics in that field, such as access to food and water, security against personal violence, and economic security. Students will examine how international forces and structural elements of society can endanger or ensure the security of groups and individuals within the borders of nation-states. Students will learn to research, analyze, and address the connections between international forces and their affects upon human beings around the world.

GOVT 140. Comparative Politics. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall, Spring

Survey of the field of comparative government and politics including a review of historic uses of comparison in political science research but with emphasis on the methods of study and analytical means of research currently employed. The subject matter of study: national political systems of all types and the component parts of political systems will be an integral feature.

GOVT 141. Politics of the African Diaspora. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity
Graduation Requirement (RE), GE AREA D
Term Typically Offered: Fall only

Examines the social, political, cultural, and economic factors which have been important to the African diaspora. Examines how African people have responded to those factors, both in terms of formal, political thought, and in terms of political movements and political institutions. Examines thought and practice, comparability to Africa, U.S., Caribbean, Central and South America.
Cross Listed: ETHN 141; only one may be counted for credit.

GOVT 142. Government and Politics in Africa. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only – even years

Deals with the politics and governments of Africa. The most important themes concern precolonial African systems, colonialism, nationalism and nation-building. Previous exposure to African Studies is desired but not required.

GOVT 143. Causes of War, Causes of Peace. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only

Explores the entire conflict process associated with war from a variety of theoretical and methodological angles, including rationalist and behavioral models. Examines the concept of war and why wars begin. Looks at how violent international conflict is resolved. Investigates the role of the international community in the management of violent conflict, how peace processes are implemented, what leads to successful negotiations, and how war crimes and post-conflict reconciliation issues are resolved.

GOVT 144. European Politics. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only

Study of national and regional politics, governmental institutions and public problems in Europe since 1945. In different semesters there may be investigation of several, but varying, national systems, of cross-national political behavior, or of regional integration processes. May be taken more than once if there are different topics and instructor permission.

GOVT 145. Asian Politics. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall only

Survey of governmental institutions and political processes in East and Southeast Asia. Focuses on the region’s politics, dynamic economic growth, complex security context, resurgence of nationalism, and attempts to build multilateral institutions.

GOVT 147. Latin American Government and Politics. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

Two-part examination of government, politics, political change and political groups in Latin America. Part one examines the development of government, politics, political change and political groups. Part two presents national case studies.
GOVT 148. Governments and Politics in the Middle East. 3 Units  
General Education Area/Graduation Requirement: GE AREA D  
Term Typically Offered: Spring only  
Survey of the governmental institutions and the political processes in the region, with emphasis on the problems of social change. Focuses on the colonial situation, the growth of nationalism, the revolution of rising expectations, Islamic political theory and its contemporary manifestations, the role of the military, and the current regional conflicts.

GOVT 149A. Original Research in Comparative Politics. 3 Units  
Prerequisite(s): An upper division course in the field and/or instructor permission.  
Term Typically Offered: Fall only  
Students will engage in a cross-national research agenda. Students will conduct original research in comparative politics, which requires an appreciation for distinct learning cultures in different countries. Countries acceptable for comparison will vary with instructor.

GOVT 150. American Governments. 3 Units  
General Education Area/Graduation Requirement: U.S. Constitution + California State & Local Govt, GE AREA D  
Term Typically Offered: Fall, Spring, Summer  
Federal system of government; the U.S. Constitution; legislative, executive, and judicial processes; political parties, interest groups, and the relationships and obligations of citizens to their government(s). Fulfills the California state graduation and credential requirements for U.S. Constitution and California State and Local Government. May be substituted for GOVT 1, but may not be used as an elective toward the major.

GOVT 151. Bureaucracy. 3 Units  
Prerequisite(s): GOVT 1 or GOVT 150  
Term Typically Offered: Not offered  
Evaluation of the role and background of a professionalized bureaucracy with references to American national, state and local administrative systems as well as non-American administrative systems.

GOVT 152. Political Psychology. 3 Units  
Term Typically Offered: Fall, Spring  
Examines the ways in which political behavior is shaped by individual beliefs, personalities, cognitive patterns, biases, and other psychological mechanisms. Students will engage with a wide range of research on topics such as cognitive styles, personality, obedience, psychological roots of terrorism, the psychology of ideology, and the role of emotion in politics.  
Cross Listed: PSYC 153

GOVT 153. The American Presidency. 3 Units  
Prerequisite(s): GOVT 1 or GOVT 150  
Term Typically Offered: Spring only  
Examines the development of the Presidency as an institution; sources and uses of presidential power in contemporary politics; the President’s relationship with Congress and the bureaucracy; and current issues relating to the office.

GOVT 154. Political Parties in America. 3 Units  
Prerequisite(s): GOVT 1 or GOVT 150  
Term Typically Offered: Fall, Spring  
Examination and analysis of American political parties. An exploration of the nature and functions of political parties including party organization, electorate, and government. Topics include the various historical party systems, the two-party system, elections, and campaign financing. Includes discussion of the presidential nominating process.

GOVT 155. The Legislative Process. 3 Units  
Prerequisite(s): GOVT 1 or GOVT 150  
Term Typically Offered: Spring only  
Examination and analysis of the institutions, the people and the behavior that make up the legislative process. Considers the nature of representation and the role and impact of such factors as committee structure, political parties, interest groups, and others on public policy. Focus is on both the U.S. Congress and the California State Legislature.

GOVT 156. Interest Groups. 3 Units  
Prerequisite(s): GOVT 1 or GOVT 150  
Term Typically Offered: Fall only – odd years  
Examination and analysis of interest groups in American political systems. The nature, role, formation, organization and activities of interest groups; how interest groups influence the public, political campaigns, public policy-making, and policy implementation. Representative interest groups will be studied.

GOVT 157. Politics, Opinion, and Participation. 3 Units  
Term Typically Offered: Fall only  
How we learn and change our political beliefs, including the influence of media, religion and social standing. The various forms of political participation; who participates and who doesn’t and why. The meaning and conduct of elections in the modern era.

GOVT 158. Mass Media and American Politics. 3 Units  
Prerequisite(s): GOVT 1 or GOVT 150  
Term Typically Offered: Fall only  
Focuses on the role the mass media plays in the political life of our democracy. Five primary topics are covered: the proper media role in a democracy; the relationship between the media, public opinion and agenda setting; the effects of media coverage on campaigns, elections, and voting; how elected officials influence and “spin” coverage; and the impact of media on policy-making. Students will develop critical analysis skills and emerge as more savvy media consumers and citizens.

GOVT 159A. Campaigns and Elections. 3 Units  
Term Typically Offered: Fall only – even years  
Exploration of American campaigns and elections. Topics include the electoral process, voting behavior, the role of political parties, the media, interest groups, and candidate and campaign strategies. Focus will be on contemporary/current campaigns and elections.

GOVT 159B. American Politics Seminar: Problems in Democratic Institutions. 3 Units  
Term Typically Offered: Not offered  
Examines the concept of representation and how it functions in the U.S. Congress and in state legislatures. In the first section different meanings of representation are discussed. In the second section interactions between legislators and their constituents are explored. Finally, the tradeoffs to different designs of representative institutions are studied.
GOVT 162. American Film and Culture in the Nuclear Age. 3 Units
Term Typically Offered: Fall only

Explores the impact of the revolutionary change represented by the atomic bomb on forms of cultural response and expression in America. Attempts to analyze the bomb-culture relationship by reviewing important films, television programs, novels, essays, music and poetry that revealed, and helped shape, the hopes and anxieties that have characterized life in the nuclear age.

GOVT 163. Introduction to Black Politics in the U.S. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D
Term Typically Offered: Fall, Spring, Summer

Examines historically and currently the political life of black people in the U.S. Emphasis on understanding underlying conditions.

GOVT 164. History of American Capitalism. 3 Units
Term Typically Offered: Spring only

Traces the development of the relationship between business and government in the U.S., especially in relation to state and federal regulations of those industries. Examines how individual entrepreneurs and regulators have contributed to the development of the modern American political economy.

GOVT 165. Politics of the Underrepresented. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150; and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Race & Ethnicity Graduation Requirement (RE), GE AREA D
Term Typically Offered: Fall, Spring, Summer

Examines the phenomenon of political underrepresentation in the U.S.A. It will identify significant affected groupings, examine the conditions which have resulted in such underrepresentation, evaluate the effects of underrepresentation on the lives of affected groups, and consider relevant political strategies. Emphasis on particular groups may vary with instructor.

GOVT 166. Gender and Politics. 3 Units
Term Typically Offered: Spring only

This course examines the influence of socially constructed meanings of femininity and masculinity on the political participation of women, candidate selection, election campaigns, and electoral outcomes in executive and legislative offices in the U.S. and worldwide. Students will develop a rich understanding of the relationship between gender and women's political representation and analyze and discuss institutional, structural, cultural, and historical conditions associated with women's voting behavior, political advancement, leadership styles, and impacts of political representation on women.
Cross Listed: WOMS 166; only one may be counted for credit.

GOVT 167. American Political Development. 3 Units
Term Typically Offered: Fall only

Focuses on key transformative sequences in American political history and their consequences. Topics include the nature of American political culture and its role in shaping U.S. political institutions and public policy; the process of government growth or "state building"; the role of political institutions in channeling societal demands and influencing public policy; the nature of American party systems or "regimes" and the electoral "realignments" that link them; and connections between long-term economic and political cycles.

GOVT 168. Gay and Lesbian Politics. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Spring only

Provides a broad overview of the politics of gay rights in the United States. Particular emphasis is placed on gay rights at the state level (where the vast majority of policy is made) and major legal strategies and court rulings affecting the gay rights movement, since judiciaries have been the main venue for advancing gay rights arguments.

GOVT 169A. Science, Technology, and Politics. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only

Social and political dimensions of science and technology. Examines how science and technology both shape politics and are shaped by politics. Considers the role of scientific advisors in government and society; dilemmas of expert authority and bias; relations between experts and non-experts; science and technology in popular culture; science and technology policy; implications of emerging technologies such as genetic engineering and the Internet for civil rights, moral values, and democracy.

GOVT 170. Public Policy Development. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150 and GWAR Certification before Fall 09; or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.
Term Typically Offered: Fall, Spring

Examines the policy development process in the U.S. by exploring the ideological predispositions of the American public, the analytical approaches applied to policy development and assessment, and the institutional and political environment in which policy is made. Typically, the understanding derived from this examination is applied to several policy issues of current interest.

GOVT 171. Environmental Politics and Policy. 3 Units
Term Typically Offered: Spring only

Politics of human interaction with land, air and water. Political analysis of agenda setting, policy formation and administration (national, state, and local) of environmental programs. Focus on contemporary issues such as energy alternatives, management of toxics, land development, and pollution control.
Cross Listed: ENVS 171; only one may be counted for credit.

GOVT 180. California State and Local Government. 3 Units
General Education Area/Graduation Requirement: California State & Local Government, GE AREA D
Term Typically Offered: Fall, Spring, Summer

California state, city and county politics and government. Comparisons with governments in other states. Meets State requirements in California State and Local Governments. Permits students who have fulfilled U.S. Constitution requirement in another state to meet graduation requirements for California State and Local Governments.
GOVT 181. Comparative State Government. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150.
Term Typically Offered: Spring only

Examines the political diversity of the fifty states, with special attention paid to variations in state governing institutions. Topics covered include legislatures, governors, judiciaries, political parties, interest groups, elections, direct democracy, and state budget procedures.

GOVT 182A. Sem Calif Govt+Politics. 3 Units
Term Typically Offered: Spring only

Open to selected students from each of the 20 CSU campuses, the Sacramento Semester program provides students with an opportunity to spend the semester studying and working directly in California State government. Participating students work as interns at the State Capitol for 25 or more hours each week. Interns are placed in legislators' offices, with legislative committees, party caucuses, lobbyists and interest groups, or in various executive, administrative, and judicial agencies. In addition to the internships, students participate in an academic seminar, California Government and Politics. The seminars frequently include as resource persons individuals who work in key policy-making positions in the state government.

GOVT 182B. Sem Calif Govt+Politics. 3 Units
Term Typically Offered: Spring only

Open to selected students from each of the 20 CSU campuses, the Sacramento Semester program provides students with an opportunity to spend the semester studying and working directly in California State government. Participating students work as interns at the State Capitol for 25 or more hours each week. Interns are placed in legislators' offices, with legislative committees, party caucuses, lobbyists and interest groups, or in various executive, administrative, and judicial agencies. In addition to the internships, students participate in an academic seminar, California Government and Politics. The seminars frequently include as resource persons individuals who work in key policy-making positions in the state government.

GOVT 184. Introduction to Urban Politics. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150
Term Typically Offered: Fall only

Problems of urban areas and proposed solutions; politics and government. May be offered as lecture-discussion class or as a seminar. Field study may be required.

GOVT 195A. Internship. 1 - 6 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W. Minimum GPA of 2.5 (both in the major and overall).
Term Typically Offered: Fall, Spring, Summer

Credit/No Credit

GOVT 195B. Internship Sacramento Semester. 1 - 6 Units
Prerequisite(s): Minimum GPA of 2.5 (both in the major and overall).
Term Typically Offered: Spring only

Credit/No Credit

GOVT 195D. Internship - Washington DC. 6 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Credit/No Credit

GOVT 198A. Odyssey Peer Advisers. 1 - 3 Units
Prerequisite(s): Instructor permission
Term Typically Offered: Fall, Spring

Provides individualized learning opportunities (1-3 units per semester) for engaging in peer advising along with elective activities such as tutoring, assisting faculty with research, event planning and other activities of a comparable nature. Students should be upper division students or graduate students. The units may not be applied towards unit requirement of the Government major, Government IR and Government/Journalism.

Note: This course may be repeated up to a total of six units.

Credit/No Credit

GOVT 198B. Peer Advising by Odyssey. 1 Unit
Prerequisite(s): Instructor permission
Term Typically Offered: Fall, Spring

Provides opportunity for lower division students, students on probation, and newly declared majors to be mentored by more advanced upper division students or graduate students. This peer advising will help students meet academic deadlines, achieve academic success, become engaged in campus activities and integrated into the Government Department. Units may not be applied towards unit requirement of the Government major, Government IR and Government/Journalism.

Note: This course may be repeated one time only for unit credit.

Credit/No Credit

GOVT 199. Independent Studies. 1 - 3 Units
Prerequisite(s): GOVT 1 or equivalent, and nine units upper division government courses.
Term Typically Offered: Fall, Spring

Permits a student to pursue study and research in an area not otherwise available through the regular curriculum. Open only to upper division Government majors with at least a 3.0 GPA in the major.

Credit/No Credit

GOVT 200. Method and Scope in Political Science. 3 Units
Prerequisite(s): STAT 1 or its equivalent.
Term Typically Offered: Fall, Spring

Introduction to the philosophy of science, and the scope and methods of empirical research in political, social and policy science. In the area of philosophy of science, focuses on the logic of scientific inquiry, theory testing and confirmation and causal explanation. In the area of scope and methods, critically examines the scientific merits of several competing approaches to the study of politics and policy, as well as some of the major methodological controversies and debates in the literature.

GOVT 210. Political Theory. 3 Units
Prerequisite(s): An upper division course in the field and/or instructor permission.
Term Typically Offered: Fall, Spring

Historical and social roots, democratic or authoritarian ideologies; the conflict of ideologies; philosophic approaches.

Note: May be repeated for credit with permission of Graduate Coordinator.
GOVT 213. Special Topics in American Political Thought. 3 Units
Term Typically Offered: Fall, Spring

A class examining the historical and philosophical discourse in America on central topics of debate, such as the meaning of citizenship, civil society, democracy, federalism, religion, and civil rights open to both advanced undergraduates and graduate students.
Note: Undergraduates are strongly encouraged to have completed GOVT 113 or an equivalent course.

GOVT 218. Special Topics in International Political Thought. 3 Units
Term Typically Offered: Fall, Spring

A class examining the philosophical underpinnings and the theatrical problems of central concepts and problems in international relations, including human rights, intercultural dialogue, problems of just war and international justice through a study of historical and contemporary texts open to both advanced undergraduates and graduate students.
Note: Undergraduates are strongly encouraged to have completed GOVT 118 or an equivalent course.

GOVT 219. Specialized Studies in Political Theory. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Makes it possible for political theory students to deal with questions which theorists have asked, and to attempt to answer such questions for themselves.
Note: May be repeated for credit with permission of Graduate Coordinator.

GOVT 230. Theories of International Relations. 3 Units
Prerequisite(s): Upper division course in the field and/or instructor permission.
Term Typically Offered: Fall, Spring

Examination of the theory and practice of international relations including such subfields as international law, international organization, foreign policy and national security policy.
Note: May be repeated for credit with permission of Graduate Coordinator. Cross Listed: IA 210; only one may be counted for credit.

GOVT 236. Seminar in International Political Economy. 3 Units
Prerequisite(s): An upper division course in the field and/or instructor permission.
Term Typically Offered: Fall, Spring

This seminar is a graduate-level introduction to the theory and substance of international political economy (IPE). It examines the various theoretical approaches to IPE; considers the role of trade, money, and finance in the international political economy; analyzes the pattern and structure of global production, with an emphasis on multinational corporations; surveys international development issues, including Third World economic development strategies, the debt crises, structural adjustment, and economies in transition; and investigates the politics of globalization.
Cross Listed: IA 221; only one may be counted for credit.

GOVT 239. Globalization and International Relations. 3 Units
Prerequisite(s): An upper division course in international relations or instructor permission.
Term Typically Offered: Fall, Spring

Introduction to the theories and substance of globalization. It examines alternative theories of globalization; considers globalization's political impact on the territorial state, regionalism, the welfare state, the military, immigration, and the environment; investigates the politics of the anti-globalization backlash; and concludes with an assessment of the future political trends of globalization.
Cross Listed: IA 230; only one may be counted for credit.

GOVT 240. Comparative Government and Politics. 3 Units
Prerequisite(s): Advanced course in the field.
Term Typically Offered: Fall, Spring

Advanced study of some of the world’s governmental and political systems. May focus on single countries, groups of countries or general categories of systems. Considers theoretical concept and methodology.
Note: May be repeated for credit with permission of Graduate Coordinator. Cross Listed: IA 222; only one may be counted for credit.

GOVT 249A. Middle East Politics and the United States. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Graduate introduction to politics and governments of the Middle East and the impact of the United States foreign policy in the region. Relies on a comparative frame to tease out the causes of intrastate and interstate conflicts in the region, as well as the effects of the American foreign policy on the contemporary political trends in the Middle East, including those relating to the Arab-Israeli conflict, Islamic political resurgence, and terrorism.

GOVT 250. Basic Issues of American Government. 3 Units
Prerequisite(s): An upper division course in the field and/or instructor permission.
Term Typically Offered: Fall, Spring

Exploration in-depth of topics such as federalism, executive-legislative relationships, problems of representation, government reorganization, congressional reform, the electoral process.
Note: May be repeated for credit with permission of Graduate Coordinator.

GOVT 270. Political Behavior and Political Processes: California and Beyond. 3 Units
Term Typically Offered: Fall, Spring

Course will explore public opinion, voting behavior, representation and political psychology with special focus on California.
Note: Undergraduates may take the course with instructor permission.
### GOVT 280. California Politics.
**Term Typically Offered:** Fall, Spring

Advanced study of California’s state and local governments, with emphasis on political history, political institutions, and the role of direct democracy on the state’s government, budget and politics. Demographic and geographic elements will be scrutinized through a political focus. California’s policy and political process will also be examined, as well as discussion of various political reforms.

**Note:** Undergraduates may take the course with instructor permission. **Prerequisite**

### GOVT 281. Comparative State Government.
**Term Typically Offered:** Fall, Spring

Examines state political institutions and processes. Special attention will be paid to how the political variation among the states shapes processes and outcomes. Topics covered will include governors, legislatures, interest groups, public opinion, political parties, and elections.

### GOVT 284. Urban Politics.
**Term Typically Offered:** Fall, Spring

In-depth exploration of the socio-economic problems of urban and metropolitan areas and an evaluation of proposed political and governmental solutions.

**Note:** May be repeated for credit with permission of Graduate Coordinator. Cross Listed: PPA 284; only one may be counted for credit.

### GOVT 293A. Senate Fellows Introductory Seminar.
**Term Typically Offered:** Fall, Spring

Critical analysis and examination of the operation of the State Capitol and the larger political environment of political parties, interest groups, and public opinion.

**Note:** Open only to students admitted to the California Senate Fellows Program.

### GOVT 293B. Senate Fellows Policy Seminar.
**Term Typically Offered:** Fall, Spring

Seminar will analyze procedural issues and public policy questions within the State Senate, legislature, and contemporary California politics.

**Note:** Open only to students admitted to the California Senate Fellows Program.

### GOVT 294A. Assembly Fellows Introductory Seminar.
**Term Typically Offered:** Fall, Spring

Critical examination of state and local governmental institutions and processes. Seminar will impart an advanced understanding of the structures and processes of California’s political institutions, government and legislature.

**Note:** Open only to students admitted to the Jesse M. Unruh Assembly Fellowship Program.

### GOVT 294B. Assembly Fellows Policy Seminar.
**Term Typically Offered:** Fall, Spring

Seminar focuses on current California policy issues and the lawmaking process.

**Note:** Open only to students admitted to the Jesse M. Unruh Assembly Fellowship Program.

### GOVT 295. Government Internship.
**Term Typically Offered:** Fall, Spring

Supervised work experience in an approved legislative or administrative office at some level of local or state government, or in a politically-related organization that is concerned with government. Supervision is provided by the faculty instructor and responsible officials in the work situation.

**Note:** Open to all graduate students, subject to instructor permission. No more than 3 units of GOVT 295 may be counted toward the Master’s degree.

**Credit/No Credit**

### GOVT 299. Independent Study.
**Term Typically Offered:** Fall, Spring

For advanced graduate students who have demonstrated their ability to carry on advanced, independent research. Permits a student to pursue study and research in an area not otherwise available through the regular curriculum. Student must be advanced to candidacy.

**Credit/No Credit**

### GOVT 500. Culminating Experience.
**Term Typically Offered:** Fall, Spring

Should be taken after completion of all other requirements for the degree. Students may choose from the following options, which they must declare when they advance to candidacy: Thesis, Project, or Comprehensive Examination.

### Graduate Professional Studies in Education (EDGR)

**Term Typically Offered:** Fall, Spring

This course examines contemporary issues in education, with special attention to the social, cultural, political, economic, and institutional dynamics of educational processes and the impacts on students, schools, and communities. Fulfilling the mission of the Masters programs and the College of Education vision, the course focuses on preparing students to become social change agents in schools and communities. Topics covered will fit into the two threads of (a) curriculum and (b) social emotional well-being of students.

**Term Typically Offered:** Fall, Spring

This course examines contemporary issues in education, with special attention to the social, cultural, political, economic, and institutional dynamics of educational processes and the impacts on students, schools, and communities. Fulfilling the mission of the Masters programs and the College of Education vision, the course focuses on preparing students to become social change agents in schools and communities. Topics covered will fit into the two threads of (a) context of schooling and (b) leadership.
EDGR 220. Issues in New Literacies throughout the Lifespan.  3 Units
Term Typically Offered: Fall, Spring

This course examines contemporary issues in literacy. The course introduces students to pedagogies and politics of new literacies within a variety of contexts: academic, new literacy studies, technology literacy, cultural, family, community, and workplace literacy. From a frame of literacy/illiteracy, students examine its connections with economic, political, social, occupational, education, governmental, and cultural change. Students will study how literacy programs are organized and implemented, examine research on the rationale for literacy, including the connection between literacy and healthy, livelihoods, empowerment, community development and cognitive skills.

EDGR 260. Writing and Research Across the Disciplines.  3 Units
Prerequisite(s): Admission to graduate program in the College of Education or instructor permission
Term Typically Offered: Fall, Spring

Orientation to graduate study design to introduce students to research within their field of study and across disciplines in the College of Education. Overview of qualitative and quantitative methods and basic statistical concepts. Focus on writing to communicate evidence-based knowledge in a professional manner using APA style. Includes research presentations, active discussion, critical reading, and analytical writing with some activities.

Note: This course serves as a foundation for further study and must be taken prior to 250. This course satisfies the GWI requirement.

Graphic Design (GPHD)

GPHD 5. Introduction to Graphic Design.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only

Introduction to the field of Graphic Design. Subjects include career possibilities, current trends, issues and practices in the industry. The basic theory, techniques and practices involved in solving a visual communication problem will also be introduced.

GPHD 10. Introduction to Digital Design.  3 Units
Term Typically Offered: Spring only

Designed to familiarize students with basic understanding of the digital hardware, software, and vocabulary utilized by visual artists from a variety of disciplines. Discussions and activities will cover both creative and efficient application of digital tools and techniques. Students will complete assignments utilizing a variety of applications which may include page layout, illustration, digital image processing, and 3-D rendering software.

GPHD 20. History Of Graphic Design.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Overview of the history of graphic design. Emphasis on symbol, type, and image development, from early pictographs to modern communication design.

GPHD 25. Visual Basics.  3 Units
Prerequisite(s): ART 20A or Pre- Interior Design Major.
Term Typically Offered: Fall, Spring

Provides a basic understanding of how visual structures are created and interpreted. Students study the main components of visual structures, become familiar with basic laws of color, and learn the basics of the gestalt principles of visual organization.

GPHD 30. Visualization.  3 Units
Prerequisite(s): GPHD 25, ART 20A.
Term Typically Offered: Spring only

Introduction to the tools, materials, methodologies and hands-on processes of graphic design. The skill of rapid prototyping, through the processes of idea development, thumb nailing, sketching, and mockup, will be covered. Basic concepts in graphic message making will be introduced. A special emphasis will be placed on craftsmanship in this course.

GPHD 120. Typography I - Theory.  3 Units
Prerequisite(s): Either GPHD 5 or GPHD 20, ART 20A, PHOT 40, GPHD 10, GPHD 25, GPHD 30, and acceptance into the major.
Corequisite(s): GPHD 122, GPHD 125.
Term Typically Offered: Fall only

Explores the history and perceptual development of type and its application to design principles. Language and technology will be reviewed. Problems will demonstrate theoretical concepts and their application.

GPHD 122. Design Production and Management.  3 Units
Prerequisite(s): Either GPHD 5 or GPHD 20, and ART 20A, PHOT 40, GPHD 10, GPHD 20, GPHD 25, GPHD 30, and be a declared GPHD major.
Corequisite(s): GPHD 120, GPHD 125.
Term Typically Offered: Fall only

Introduction to project management techniques specific to the creative business and technical processes for graphic design. Orchestration of image editing, vector and compositing software will be covered with an emphasis in accuracy and efficiency. Various codes and regulations related to graphic design will be reviewed.

GPHD 125. Visual Principles I.  3 Units
Prerequisite(s): Either GPHD 5 or GPHD 20, in addition to ART 20A, PHOT 40, GPHD 10, GPHD 20, GPHD 25, GPHD 30, and acceptance into the major.
Corequisite(s): GPHD 120, GPHD 122.
Term Typically Offered: Fall only

Introduction to the language and perception of design. Elements of art and their relationship to the applied art of type, visual organization, and message. Design for advertising, marketing, and business. Ideation, creative thinking methods, thumbnails, storyboarding and presentational techniques. Computer integration with a variety of applications and techniques.

GPHD 130. Typography II - Publication and Collateral Design.  3 Units
Prerequisite(s): GPHD 120, GPHD 122, GPHD 125.
Corequisite(s): GPHD 135.
Term Typically Offered: Spring only

Advanced typography and its relationship with message. Application of typographic principles to a diverse series of graphic design problems utilizing type and image. Computer integration with a variety of applications and techniques.
GPHD 135. User Interface Design. 3 Units
Prerequisite(s): GPHD 120, GPHD 122, GPHD 125.
Corequisite(s): GPHD 130.
Term Typically Offered: Spring only

Emphasis is on design of a user-centered experience in an interactive environment. Enables the students to understand the characteristics of relevant technology and select appropriate forms and functions to create specific experience for users.

GPHD 140. Time-Based Graphic Design. 3 Units
Prerequisite(s): GPHD 130, GPHD 135.
Corequisite(s): GPHD 142, GPHD 145.
Term Typically Offered: Fall only

Emphasis on the development of conceptual themes, formal exploration, and user-centered interaction in time-based multimedia design. Enables the students to create vital experiences using text, sound, image, motion, and interactivity.

GPHD 142. Advanced Graphic Design I. 3 Units
Prerequisite(s): GPHD 130, GPHD 135.
Corequisite(s): GPHD 140, GPHD 145.
Term Typically Offered: Fall only

Builds on established research, process and project management techniques and provides students with the opportunity to focus on a practical investigation in design. Theoretical, professional, and historical issues facing the design profession will be reviewed. Development of both visual and written research material will culminate in an oral presentation and then be applied to an appropriate project.

GPHD 145. Visual Image. 3 Units
Prerequisite(s): GPHD 130, GPHD 135.
Corequisite(s): GPHD 140, GPHD 142.
Term Typically Offered: Fall only

Advanced exploration of visual study. Students will learn to orchestrate a diverse yet unified visual campaign for a particular client. Image making will be stressed in this course as students experiment with techniques and media including but not limited to photography and illustration.

GPHD 150. Graphic Design Digital Portfolio. 3 Units
Prerequisite(s): GPHD 140, GPHD 142, GPHD 145.
Corequisite(s): GPHD 152, GPHD 155.
Term Typically Offered: Spring only

Introduction to the concepts and tools used in a digital portfolio production for entry into the practice of design or the advanced study. Exploration and development of the graphic design portfolio and resume in digital and print form. Discussions will cover such topics as networking, interview tips, employment issues, and presentation skills.

GPHD 152. Advanced Graphic Design II. 3 Units
Prerequisite(s): GPHD 140, GPHD 142, GPHD 145.
Corequisite(s): GPHD 150, GPHD 155.
Term Typically Offered: Spring only

Advanced course in graphic design that requires students to provide solutions to real world design problems. Helps refine the students individual design process and advance their understanding of professional practice. Professional, business, and ethical issues facing the design profession will be reviewed. Development of both visual and written material will be required in a group environment as well as oral and visual presentations of this material.

GPHD 155. Corporate Identity and System Design. 3 Units
Prerequisite(s): GPHD 140, GPHD 142, GPHD 145.
Corequisite(s): GPHD 150, GPHD 152.
Term Typically Offered: Spring only

Applied design and typography. Combines the study of symbol, function, and implementation. Investigates design problems from their origin, defining the problem through exploration of various creative solutions, to final design of a symbol applied to various corporate and business collateral.

GPHD 195. Fieldwork in Graphic Design. 3 Units
Prerequisite(s): Upper division status; GPA of 2.5 or above; GPHD 130, GPHD 135; instructor permission.
Term Typically Offered: Fall, Spring

Directed observation and supervised work experience in an approved business, government, or service agency. Internships are offered to increase student understanding of the nature and scope of agency operations and giving students orientation in occupational specialties. Supervision is provided by authorized persons in the cooperating agencies and collaborative supervision is provided by the Graphic Design faculty. Minimum of three hours per week per unit of credit is required. Each student maintains a record of activities and assignments and prepares periodic reports.

Note: Students must make arrangements with a faculty member for a work program prior to admittance. No more than 6 units of GPHD 195 may be counted toward the major.

Credit/No Credit

GPHD 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed projects open to students who wish to attempt independent work.

Note: Faculty approval is required. No more than 6 units of GPHD 199 may be counted toward a Graphic Design degree.

Credit/No Credit

Greek (GREK)

GREK 1A. Elementary Ancient Greek. 4 Units
Term Typically Offered: Fall, Spring

GREK 1B. Elementary Ancient Greek. 4 Units
Term Typically Offered: Fall, Spring

GREK 6A. Elementary Modern Greek. 4 Units
Term Typically Offered: Fall, Spring

Designed to prepare students to read, speak, and understand Modern Greek. Focuses on the study of grammar and vocabulary, as well as the reading of adapted passages. Classroom time will be spent on drills and on elementary dialogues among the students and between the students and the instructor. These drills simulate everyday life situations. No previous exposure to the language is required.
A continuation of GREK 6A, emphasizing the further development of skills in reading, speaking, and understanding Modern Greek. Reading selections from newspapers and other contemporary sources. Further classroom dialogues among students and between students and the teacher.

**GREK 198. Special Problems in Greek.** 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed readings.

**Note:** Open only to students who appear competent to carry on independent study; admission requires the approval of the instructor by whom the work is to be supervised.

**Health and Human Services (HHS)**

**HHS 196A. Law+The Human Services.** 3 Units
Term Typically Offered: Fall, Spring

**Health Science (HLSC)**

**HLSC 50. Healthy Lifestyles.** 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Examines the concepts of: health and wellness; the determinants of health and wellness; and the concept of self-responsibility for health and wellness. These health and wellness concepts shall be applied to the areas of: mental wellness, nutrition, fitness, human sexuality, and drugs. The lecture/discussion format provides for a sharing of views regarding the integrated concepts of health that emphasizes the physical, mental, emotional, social, spiritual, and environmental factors that influence an individual's health status.

**HLSC 98. Health Science ProSeminar.** 3 Units
Term Typically Offered: Fall, Spring

Potential and beginning Health Science students become oriented to the Health Science discipline. They will acquire and develop the knowledge and understanding needed to fulfill the Health Science major learning outcomes. Students will develop their individual learning plans designed to assure fulfillment of the Health Science major, General Education, and University graduation requirements.

**HLSC 100. Fundamentals of Safety and Health.** 3 Units
Prerequisite(s): must be a Health Sciences or a Fire Service Management major or minor to enroll in this class
Term Typically Offered: Fall, Spring

Explores global and national issues in occupational and non-occupational safety and health. Subjects include motor vehicle, consumer, workplace, fire, school, and home safety. Examines concepts and principles related to the cause, control, and mitigation of unintentional injuries and illnesses. Emphasizes the development, implementation, and integration of effective safety and health program strategies in the prevention and control of loss.

**HLSC 106. Occupational Health.** 3 Units
Prerequisite(s): Health Science majors or minors only, or instructor permission.
Term Typically Offered: Spring only

Concepts of occupational health as they pertain to appraising and controlling occupational health hazards, including occupational diseases, chemical, biological, and physical agents. Discusses techniques for the recognition, evaluation, prevention, and control or occupational health hazards.

**HLSC 107. Occupational Safety.** 3 Units
Prerequisite(s): Health Science majors or minors only; or instructor permission.
Term Typically Offered: Spring only

Examines common hazards and problems encountered in the workplace, including concepts and principles related to the control and mitigation of occupational safety hazards. Emphasizes the development, implementation, and integration of effective occupational safety and health program components.

**HLSC 108. Occupational Health and Safety Laws and Regulations.** 3 Units
Prerequisite(s): Health Science majors or minors only; or instructor permission.
Term Typically Offered: Fall only

Overview of regulatory agencies involved in occupational health and safety and their functions in the enforcement of regulation and/or compliance of safety laws. Special emphasis on Cal/OSHA. Other topics: application of surveillance, research, control technology, and trained personnel to maintain compliance. Recognizes that strategies to achieve a safe workplace includes an analysis of economic and employment impacts on the employer.

**HLSC 109. Cause and Control of Occupational Loss.** 3 Units
Prerequisite(s): Health Science majors or minors only; or instructor permission.
Term Typically Offered: Fall only

Study of the characteristics, causes, and control of occupational loss; influence of the work environment and system structure on incident outcomes; and analysis of occupational injuries and illnesses through the application of incident investigation and system safety techniques. Course will use occupational injuries and illnesses to focus on the process of problem identification and analysis, including the development and implementation of control measures.

**HLSC 110. Issues in Occupational Health and Safety.** 3 Units
Prerequisite(s): HLSC 100 or instructor permission
Term Typically Offered: Fall, Spring

Examines current and emerging issues in occupational health and safety, including historical, philosophical, and conceptual factors that serve as a basis for predicting, understanding, and resolving occupational health and safety issues. Examples include: Issues in high hazard industries, special populations at risk, emerging technologies, occupational hazards, and traumatic injuries.
HLSC 112. Disease Prevention. 3 Units
Prerequisite(s): Health Science majors or minors only; or instructor permission
Term Typically Offered: Fall, Spring
Surveys the current methods of promoting high level wellness through a preventive medicine approach for the promotion of more enjoyable and productive living. Attention directed toward the specific methods of promoting personal health through various current methodologies including the "holistic health" movement. Meets the needs of major students as well as those in allied fields such as nursing, social work and other interested students.

HLSC 114. Human Ecology and Health. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer
Emphasizes the social and natural environmental influences that have a direct impact upon the health of the individual. Primary consideration is directed to an analysis of health as influenced by a person's interaction with his/her environment.

HLSC 116. Public Health Administration and Policy. 3 Units
Prerequisite(s): Must be a Health Science or Gerontology major or minor
Term Typically Offered: Fall, Spring
Understanding of the management of public health programs; pattern of health organization; the scope of public health concern of environmental health and health service marketing. Consideration of the various administration factors involved in the practice of public health by department, division or agency unit.

HLSC 117. Global Health. 3 Units
Prerequisite(s): Health Science majors or minors only; or instructor permission
Term Typically Offered: Fall, Spring
Introduction to the globalization of public health and the critical health issues facing all citizens of the world, with special emphasis on health concerns of developing countries. Topics include global malnutrition, primary health care, maternal and child health, international environmental health, comparative health care systems, epidemiology and international health threats, and sustainable health and development programs undertaken by nongovernmental organizations.

HLSC 118. Community Health. 3 Units
Prerequisite(s): Must be a Health Science major or minor
Term Typically Offered: Fall, Spring
Insights into comprehensive planning for health by community health agencies and organizations in implementing their programs.

HLSC 119. Community Health Education. 3 Units
Prerequisite(s): Must be a Health Science major or minor with a minimum "C" grade or better in HLSC 118 or have instructor permission
Term Typically Offered: Fall, Spring
In addition to the current practice in community health education, examines the philosophical, conceptual and theoretical constructs that serve as a basis for understanding, predicting and facilitating change in health-related behavior. Explores the use of health communication processes, selected instructional media, health planning, community organization techniques, and mass communications in community health education.

HLSC 122. Health Psychology. 3 Units
Prerequisite(s): Must be a Health Science or Child Development major or minor
Term Typically Offered: Fall, Spring
Introduction to behavioral and social factors which influence health and illness. Explores the causes of premature death, the relationships between personality and health, and the development of health problems. Includes an overview of psychological principles in behavioral medicine, physiological foundations of health psychology, the role of emotions in immune function, and topical theories of, techniques for, and research on how psychology can help people live longer, healthier lives.

HLSC 124. Consumer Health Education. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring, Summer
Introduction to the processes and methods of conducting health education within the clinical setting and the integration of educational theory and applied health knowledge specific to common health disorders. Topics to include the dimensions of quackery in health treatments, efficacy of safety standards, and the elements of deceptive advertising and bogus claims. Emphasis on how to distinguish health facts from bogus claims, make effective consumer decisions of health care services, and the basics of self-health care.

HLSC 130. Alcohol and Other Drugs. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring, Summer
Examines the scientific facts about drugs. Contemporary problems of alcoholism and drug abuse will be discussed. Various aspects of all drug usage will be studied with emphasis on prevention and the role of health education.

HLSC 134. Understanding Human Sexuality. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Provides a variety of information about the physiological, psychological, social, and cultural differences and similarities of the sexes. Sexual myths and misconceptions will be explored. Contemporary sex rules and patterns of interactions currently practiced in our society will be discussed.

HLSC 136. School Health Education. 2 Units
Prerequisite(s): CPR training; may be taken concurrently.
Term Typically Offered: Fall, Spring, Summer
Provides teacher candidates, social workers, and nurses an understanding of the educational methods, processes, and content of the scope of health education as provided in the Framework for Health Instruction of the California State Department of Education. Offers an understanding of current problems related to personal, family and community health. General theories and organization for teaching health education will be discussed. Meets the requirement for teacher candidates under the SB2042.
Note: Not open to lower division students.
HLSC 144. Community Health Planning and Evaluation. 3 Units
Prerequisite(s): HLSC 118, HLSC 148; GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X; or instructor permission; restricted to Health Science majors and minors.
Term Typically Offered: Fall, Spring

Introduces students to the process and practice of program planning and evaluation. Examines the social and physical determinants of health; the impact of the community structure on health status; and, the influence of personal health behavior on community health education practice. These concepts shall be applied in the planning, implementation, and evaluation of health education services.

HLSC 147. Health Data Analysis. 3 Units
Prerequisite(s): STAT 1, HLSC (Health Ed) majors only
Term Typically Offered: Fall, Spring

Introduction to methods and statistical practices used in the health sciences. Emphasis on the methods of collection, analysis, interpretation, and presentation of health data. Conceptual learning will be facilitated by sessions using computational software.

HLSC 148. Epidemiology. 3 Units
Prerequisite(s): STAT 1 or instructor permission; Health Sciences or Biological Sciences major or minor.
Term Typically Offered: Fall, Spring, Summer

Designed to offer cognitive insights into community health epidemiology. Provides understanding of the study of the distribution and determinants of communicable, infectious and chronic disease, and of injuries in the human population.

HLSC 150. Aging and Health. 3 Units
Prerequisite(s): Student must be admitted to the Health Science, Kinesiology, or Gerontology major or minor, or have instructor permission to enroll in this course.
Term Typically Offered: Fall, Spring

Designed to introduce students to the basic aging and health concerns of older people and to broader issues of aging, health and society. Examines the: demography of the aging population, biological theories of aging, social and psychological aspects of aging. Includes such issues as nutrition, drugs, exercise, sexuality, patterns of health services utilization, institutionalization, alternatives to the provision of long-term care in institutions, and dying.

HLSC 151. Introduction to the U.S. Healthcare System. 3 Units
Prerequisite(s): Student must be admitted to the Health Science major or minor, or have instructor permission to enroll in this course.
Term Typically Offered: Fall, Spring

This course presents an overview of the historical, structural, and operational aspects of the nation’s healthcare systems. Students will examine the factors that shape public policy regarding the allocation of health care resources and will gain an understanding of the relationship between healthcare costs, quality of care, and the access to health services. The influence of professional associations, medical technology, and social values in health reform initiatives is discussed.

HLSC 152. Healthcare Systems and Operations. 3 Units
Prerequisite(s): Health Science majors and minors only; or instructor permission
Term Typically Offered: Fall, Spring

Introduces students to a broad range of issues related to managing healthcare organizations. Students will explore areas such as organizational behavior and theory, and the role of administrators in planning, organizing, and overseeing the delivery of healthcare services. Organizational principles and decision-making strategies are applied to functional areas of health administration including finance, human resources, performance improvement, strategic planning, and healthcare information systems.

HLSC 153. Administration of Healthcare Organizations. 3 Units
Prerequisite(s): Health Science majors only
Introduction to the study of healthcare administration. Examines the broad field of healthcare administration. Topics include healthcare management, leading healthcare professionals, strategic planning in healthcare, healthcare budgeting and finance, healthcare insurance, healthcare marketing, healthcare information technology, healthcare ethics and law, and healthcare fraud and abuse.

HLSC 154. Healthcare Organizational Behavior. 3 Units
Prerequisite(s): Health Science (Health Care Administration) majors only
The study of healthcare organizational behavior including individual and group dynamics in the context of healthcare settings. Examines the impact of organizational contexts on the behavior of individuals and groups in healthcare organizations. Topics include individual motivation, power and influence, leadership theory, stress in the workplace, decision-making, conflict and negotiation, group dynamics, and change planning in healthcare.

HLSC 155. Introduction to Healthcare Process Improvement. 3 Units
Prerequisite(s): Health Science majors only
An exploration of the basic principles and techniques of process improvement in healthcare through a range of topics, including measurement of health care system performance to creating high-quality services that result in organizational improvement and customer satisfaction.

HLSC 156. Introduction to Healthcare Process Improvement. 3 Units
Prerequisite(s): Permission of faculty advisor, program coordinator and Department chair.
Term Typically Offered: Fall, Spring, Summer

To obtain insights into the practical application of the classroom teachings, fieldwork experiences are required of those preparing for a career in community health education or other areas of health and safety studies.

Note: Submit an application for field work no later than the fourth week of the semester prior to taking HLSC 195. May be repeated once for credit.

Credit/No Credit

HLSC 196. Experimental Offerings in Health Science. 1 - 3 Units
Term Typically Offered: Fall, Spring

Undergraduate seminar designed to provide an in-depth examination and discussion of current topics in the area of personal and community health and safety.
HIST 4. Survey of Early Western Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Survey of the earliest civilizations with emphasis on the contributions of the Hellenic, Roman and the Medieval eras to the West. Continues to the close of the Middle Ages. Stress is placed on social, economic, as well as political factors.

HIST 5. Survey of Modern Western Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Survey of the development of western civilization from the Renaissance to the present day. Stress is placed on social and economic, as well as political, factors.
Note: Not open for credit to students receiving prior credit in HIST 105.

HIST 6. Asian Civilizations. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introduction to major developments in the histories and cultures of China, Japan, and India -- origins of civilizations, great empires, religions, growth and spread of cultures, alien invasions, Western impact, nationalist movements, modernization, and characteristics of contemporary society.

HIST 7. History of African Civilizations. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introductory survey of the history of Africa from earliest times to the present. Major topics include: origins of humanity and society, civilizations of the Nile Valley, the peopling of Sub-Saharan Africa, African societies to 1500, pre-colonial Saharan and Sub-Saharan Africa, Colonial Africa and the emergence of modern states in Africa.

HIST 8. History of Islamic Civilizations. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introductory survey of the history of Islamic societies of Asia, Africa, and the Middle East from the 6th century to the present. Focus will be on both continuities and the discontinuities that distinguish them from one another. Topics will include: religious, political, social, and cultural development in Islamic civilization during the premodern period, and reform, western imperialism, nationalism, and religious politics in the modern period.

HIST 15H. Major Problems in U.S. History. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity
Graduation Requirement (RE), United States History
Term Typically Offered: Fall, Spring
A survey of topics in American history from the colonial period to the end of the twentieth century. Subjects may include reform movements, immigration, racial problems, religion, politics and the role of women.
Note: Fulfills graduation requirement for U.S. History and Race and Ethnicity.

HIST 17A. United States History, 1607-1877. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity
Graduation Requirement (RE), GE AREA D, United States History
Term Typically Offered: Fall, Spring
Basic historical survey of the rise of American civilization from colonial beginnings through the rebuilding of the union during Reconstruction.
Note: Fulfills state graduation requirement for U.S. History.

HIST 17B. United States History, 1877-Present. 3 Units
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE), United States History
Term Typically Offered: Fall, Spring
Basic historical survey of the growth of urban-industrial American civilization and its rise to world power, 1877-present.
Note: Fulfills state graduation requirement for U.S. History.

HIST 18. Health, Medicine, and Science in America, 1600-Present. 3 Units
Term Typically Offered: Fall, Spring
This course will examine science, medicine, and public health in America from the colonial era through the present.

HIST 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding
Personal Development (E)
Term Typically Offered: Fall, Spring
Introduction to the nature of higher education, and the functions and resources of the University. Designed to help students develop academic success strategies and to improve learning skills. Students will interact with fellow students to build a community of academic and personal support. Introduces history as an academic discipline by requiring students to interpret historical information about issues such as academic freedom and the development of racism.

HIST 50. World Civilizations, Beginnings-1600. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Study of some major civilizations of the world from the beginnings of civilization to 1600. Covers the classical and medieval traditions of the West as well as at least two major non-western cultures.

HIST 50H. Honors World Civilizations I: Beginnings to 1600. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only
Intensive survey of major civilizations of the world from the beginnings of civilization to 1600. Covers the classical and medieval traditions of the West as well as at least two major non-western cultures.
HIST 51. World Civilizations, 1600-Present. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Survey of the development of the major civilizations of the world from 1600 to the present. Stresses the dynamism and expansion of the West, the interpenetration of cultures in the modern era, and the resurgence of non-western independence in the 20th century.

HIST 51H. Honors World Civilizations II: 1600 to Present. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Intensive survey of the development of the major civilizations of the world from 1600 to the present. Stresses the dynamism and expansion of the West, the interpenetration of cultures in the modern era, and the resurgence of non-western independence in the 20th century.

HIST 100. Introduction to Historical Skills. 3 Units
Term Typically Offered: Fall, Spring

Introduction to the skills of secondary and primary source research, critical analysis of documentary sources, historical reasoning and the preparation of written reports. Attention to research procedures, record-keeping, citation, and bibliography.

Note: Open to History majors who have completed at least 6 units of required lower division coursework. Recommended for second semester of sophomore year.

HIST 101A. Language and written culture in Ancient Greece. 3 Units
Term Typically Offered: Fall, Spring

This is part of the two-semester hybrid course on Ancient Greek language and written culture. The language component of the course is taught online through an interactive language-teaching website, while the weekly meetings are mainly discussions on Ancient Greek texts in translation. The focus in this first part is on basic grammatical rules, the reading and construction of simple sentences, and the study of Greek written culture from its beginnings to the Classical Period.

Cross Listed: WLL 120A; only one may be counted for credit.

HIST 101B. Language and written culture in Ancient Greece. 3 Units
Prerequisite(s): HIST 101A
Term Typically Offered: Spring only

This is the second part of a two-semester hybrid course on Ancient Greek language and written culture. The language component of the course is taught online through an interactive language-teaching website, while the weekly meetings are mainly discussions on Ancient Greek texts in translation. The focus in this second part is on advanced grammar, the reading and understanding of long passages, and the study of Greek written culture from the Classical Period to the Roman era.

Cross Listed: WLL 120B; only one may be counted for credit.

HIST 102A. Culture and Language in Modern Greece, 1821-1909. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only

This is the second part of a two-semester hybrid course on modern Greek language, history, and culture. This course is an introduction to the main cultural forces in history and literature that shape modern Greek society. It explores the historical development of modern Greek culture from the period of the Greek War of Independence to the present. Students will also obtain a basic level of modern Greek grammatical rules, the reading and writing of simple sentences, and basic everyday conversation skills.

HIST 102B. Culture and Language in Modern Greece, 1909-Present. 3 Units
Prerequisite(s): Student must complete HIST 102A with a minimum "C-" grade or better.
General Education Area/Graduation Requirement: GE AREA E
Term Typically Offered: Spring only

This is the second part of a two-semester hybrid course on modern Greek language, history, and culture. This course is an introduction to the main cultural forces in history and literature that shape modern Greek society. It explores the historical development of modern Greek culture from the period of the Greek War of Independence to the present. Students will also obtain a basic level of modern Greek grammatical rules, the reading and writing of simple sentences, and basic everyday conversation skills.

HIST 103. Mediterranean Europe: From the Renaissance to the European Union. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Traces the development of Southern European countries from the Renaissance to European Union membership. These two "rebirths" for Europe had a unique impact on Portugal, Spain, Italy and Greece. Focuses on the political, economics, and cultural aspects of these Mediterranean countries.

HIST 104A. Ancient Science. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

An examination of the theories, experiments, and calculations of Greek and Roman scientists as well as the work of major contributors to astronomy, natural philosophy, medicine, and technology in the ancient period.

HIST 105. Great Ages and Issues in Modern European History. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Advanced analysis of topics in modern European history from the Renaissance to the present. Emphasis is placed upon primary sources and contemporary as well as historical interpretations of the sources.

Note: Not open for credit to students receiving prior credit in HIST 5.
HIST 106. Everyday Life and Society in Antiquity. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
An overview of social beliefs and practices in a variety of ancient cultures, including Ancient Greece, Rome, and the Near East chronologically ranging from Late Prehistory to the rise of Christianity. All the examined themes are approached comparatively and on the basis of ancient historical evidence, consisting of both texts and archaeological materials.

HIST 107. History of the Physical Sciences. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring
Study of the development of the major physical laws presently used in describing our physical world. Some considerations of the influences of these developments on other areas of knowledge and on society in general. Cross Listed: PHSC 107; only one may be counted for credit.

HIST 108. Ancient Egypt: History & Culture. 3 Units
Term Typically Offered: Fall, Spring
Overview of the history of ancient Egypt from prehistory to the Roman conquest, combined with a study of cultural development in areas of ancient Egyptian religion, art, and literature.

HIST 109. History of Modern Greece. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introduces the fundamental events and figures that shaped modern Greek history and politics. Topics will include: the Greek War of Independence, the Megali Idea, the Asia Minor Catastrophe, and Greece's entry into the European Union. No prior knowledge of Greek or Greek language assumed.

HIST 110. The Ancient Near East: A Cultural History. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Growth and development of Ancient Near Eastern civilization with emphasis on Mesopotamia and Egypt as the foundation of ancient Mediterranean civilization. Religion, literature, art and social institutions will all be stressed as integral elements in an historical process.

HIST 111. Ancient Greece. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Political, social, and cultural development of Greece from the Mycenaean to the post-Alexandrian world with emphasis on Fifth Century Athens and on a reading of Thucydides.

HIST 112. Ancient Rome. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Rome from its foundation to Justinian with emphasis on its political institutions, their strengths and weaknesses, social structure, the ancient economy, paganism and Christianity, and the end of ancient civilization.

HIST 113. Early Medieval Europe. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
The transformation of Mediterranean civilization from Late Antiquity to its three heirs: Western Europe, Byzantium and Islamic Civilization. Topics include: Late Antique Christianity, monasticism, economic and trade structures, Islamic conquests, Carolingian civilization, medieval archaeology and technology, and the origins of manorialism and feudalism.

HIST 114. Europe in the High Middle Ages. 3 Units
Term Typically Offered: Fall, Spring
Flourishing of European civilization from the Gregorian reform (11th century) until the end of the Middle Ages. Emphasizes the development of Latin Christianity, the formation of national communities in France and England, and the multi-faceted crisis of the 14th and 15th centuries.

HIST 115. The Renaissance and Reformation in Europe. 3 Units
Term Typically Offered: Fall, Spring
Survey of the development of Italian City States and their relation to Northern Europe; an examination of the relationship among commerce, capitalism and secular culture; a survey of Reformation and Counter-Reformation.

HIST 116. Europe, 1648-1815, The Age of Revolution. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Political and social survey of Europe with emphasis on (a) the scientific revolution and the Enlightenment, (b) absolute monarchs and enlightened despots, (c) the American and French Revolutions, (d) Napoleon I, and (e) art, society and popular culture.

HIST 117. Europe, 1815-1914. 3 Units
Term Typically Offered: Fall, Spring
Consideration of historical trends in 19th Century Europe. Emphasis on Germany and France. Attention is devoted to liberalism, conservatism and nationalism; the industrial revolution, national unification, nationalism, imperialism and the rise of socialism.

HIST 118A. World War I: Causes, Conduct, Consequences. 3 Units
Term Typically Offered: Fall, Spring
Political and social development of Europe from the beginning of the 20th Century to the accession of Hitler to power in 1933 with emphasis on relations among the Great Powers.

HIST 118B. World War II: Causes, Conduct, Consequences. 3 Units
Term Typically Offered: Fall, Spring
Critical examination of political, military, social, and cultural transformations in the era of the Second World War. Particular emphasis will be placed on diplomatic relations between the Great Powers, military conduct during the war, the experience of fascism, the causes and ramifications of the Holocaust, and the war's cultural and political legacy in Europe.
HIST 119.  Europe Since 1945. 3 Units

General Education Area/Graduation Requirement: GE AREA D

Term Typically Offered: Fall, Spring

Examination of major developments in Europe since the end of World War II. Topics include: the basic intellectual structures of the 20th century; the origins of the Cold War; the rise of the EEC; decolonization; the political and social upheaval of the 1960's; détente; and the new preoccupation with nationalism and ethnic identity.

HIST 121.  Democracy and Human Rights in the Era of the French Revolution and Napoleon. 3 Units

Term Typically Offered: Fall, Spring

Explores the crucial social, cultural, intellectual, and political legacies of the Revolutionary and Napoleonic years (1789-1815) in France and across the globe. In particular, examines ideas and policies regarding religious toleration, democratic participation, slavery, gender, and nationalism.

HIST 122A.  History of Women in Western Civilization, Prehistory-Middle Ages. 3 Units

Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)

Term Typically Offered: Fall, Spring

Emphasis on the lives and experiences of women as they relate to the fundamental characteristics of Western culture. Topics include women and religion, production and economic institutions, reproduction and family structures, power and politics, women's self-definition.

HIST 122B.  History of Women in Western Civilization, Renaissance-Present. 3 Units

Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)

Term Typically Offered: Fall, Spring

Emphasis on the lives and experiences of women as they relate to fundamental characteristics of Western culture. Topics include women and industrialization, the modern state, the development of feminism, feminism and socialism, revolutionary and reactionary movements.

HIST 123.  The Crusades. 3 Units

Term Typically Offered: Fall only

The crusading movement from the eleventh through the thirteenth centuries. Explores the eight "official" Crusades, and explores the concept of "crusading" as Christian Holy War. Extensively covers the intersection of Byzantine, Islamic, Catholic, and Jewish cultures in the Middle Ages, and incorporates religious, social, military, and political, history.

HIST 124A.  Warfare: Alexander to Napoleon. 3 Units

Term Typically Offered: Fall, Spring

Conduct of war from 336 B.C. to 1815. Social and political consequences; development of weaponry, strategy and tactics; Great Captains.

HIST 124B.  European Warfare from the French Revolution to the Present. 3 Units

Term Typically Offered: Fall, Spring

Study of the inception, conduct and impact of European warfare from the French Revolution to the present. Students will be required to complete one or more projects designed to increase their understanding of modern warfare and its implications.

HIST 125.  Modern Germany, 1806-Present. 3 Units

Term Typically Offered: Fall, Spring

History of Germany from the fall of the Holy Roman Empire to the present. Topics will include the rise of German nationalism, the formation of the German nation-state, the Nazi era and the Holocaust, and postwar Germany's development.

HIST 126.  Evolution of Christianity to the Reformation. 3 Units

General Education Area/Graduation Requirement: Humanities (Area C2)

Term Typically Offered: Fall, Spring

Christianity from Jesus to Martin Luther. Emphasis on the evolution of Christian thought and institutions and the relationship of the Church to popular culture and secular powers.

Cross Listed: HRS 126; only one may be counted for credit.

HIST 127.  Evolution of Christianity Since the Reformation. 3 Units

General Education Area/Graduation Requirement: Humanities (Area C2)

Term Typically Offered: Spring only

European Christianity from the Reformation to the present. Emphasis on the evolution of Christian thought, the co-existence of the Catholic and Protestant traditions, and the relationship of religious and secular values in European society.

Cross Listed: HRS 127; only one may be counted for credit.

HIST 128A.  Medieval England To 1485. 3 Units

Term Typically Offered: Fall only

Examines the developments of English history from the Celtic Bronze Age to the fifteenth century. Issues of race and ethnicity, gender, social classes, political ideology, religious toleration, economic developments, and artistic achievements will be examined in particular detail.

HIST 128B.  Tudor and Stuart England, 1485-1714. 3 Units

Term Typically Offered: Fall, Spring

History of England from the consolidation of royal power under Henry VII to the Hanoverian succession. Emphasis on the Tudor Renaissance and Reformation, the growth of England’s international status under Elizabethan, Stuart rule, the Civil Wars, the dictatorship of Oliver Cromwell and the Restoration.

HIST 128C.  British History, 1714-Present. 3 Units

Term Typically Offered: Fall, Spring

History of the British Isles from Hanoverians to the Present. Emphasis upon the rise of Parliament, industrialization, reform, rise of labor, the two World Wars, the Welfare State and contemporary Britain.

HIST 129A.  Medieval Russia. 3 Units

General Education Area/Graduation Requirement: Humanities (Area C2)

Term Typically Offered: Fall, Spring

Emergence of modern Russia from the principalities of medieval Russia. Emphasis on Eastern European, Byzantine, and Eurasian contributions to Russian history.
HIST 129B. Imperial Russia.
**Term Typically Offered:** Fall, Spring
3 Units

Emergence and collapse of imperial Russia as a continental world power from 1600 to 1917. Emphasis on the role of monarchy, a changing society and economy, and the growth of the educated public in the development of a distinctive imperial Russian culture and its final destruction in revolution.

HIST 129C. Twentieth Century Russia.
**Term Typically Offered:** Fall, Spring
3 Units

Revolutionary origins of the Soviet Union, its rise as a global superpower, and its sudden dissolution. Emphasis on the major political, economic, social, and cultural trends that defined Soviet civilization, as well as the Soviet legacy for contemporary Russia and the world.

HIST 130. The Fall of Communism.
**General Education Area/Graduation Requirement:** GE AREA D
**Term Typically Offered:** Fall, Spring
3 Units

Causes and consequences of the dramatic transformations in the political, economic, and cultural life of the Soviet Union, eastern Europe, and China after 1970. Topics include "real-existing" socialism, Gorbachev and the revolutions of 1989, the emergence of China, impact on the non-socialist world, and implications for the future.

HIST 131. History of Sexuality in Comparative Perspective.
**Term Typically Offered:** Fall, Spring
3 Units

Survey of the comparative history of sexuality in the pre-modern and modern world (including the United States and Europe). Topics include the intersections of gender, sexuality, race, and social status across societies and time periods; religion and sexual norms; sex, sexuality and the rise of the nation-state; sex and imperialism; and sexuality and the law.

HIST 132. Topics In World History.
**Prerequisite(s):** HIST 50.
**Term Typically Offered:** Fall, Spring
3 Units

Designed for students who want to acquire multiple subject teaching credentials. Examines world history from a topical perspective, focusing on large themes and trends. Builds upon the detailed history taught in the HIST 50.

HIST 133. Twentieth-Century World History.
**Prerequisite(s):** HIST 51 or HIST 51H
**Term Typically Offered:** Spring only
3 Units

A survey of the major international themes and historical processes that shaped the twentieth century. Designed for History majors and present or prospective teachers of history.

HIST 134. The Rise and Fall of European Colonial Empires.
**Term Typically Offered:** Fall, Spring
3 Units

This course covers the origins of European colonialism in the Iberian expansion, the development of English and Dutch empires, the role of spices, slaves, sugar, and opium in the making of the modern global economy, the "New Imperialism" of the 19th Century, the anti-colonialist and nationalist movements, and the final collapse of the empires after World War II.
HIST 141. History of Africa Since 1800. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

European control in Africa, African primary resistance and proto-nationalist movements, decolonization and post-independence, nation-building to present.

HIST 142. History of Women in Africa. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Examines the role of African women in politics, religion, the economy, the family and the arts from ancient times to the present. Considers the varying status of women in different regions of the continent. Also looks at the impact of kinship structures on women, development issues, and African responses to feminist discourse.

HIST 143A. Middle Eastern History to 1800. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Surveys the history of the Muslim Middle East from the age of the Prophet Mohammed to the late Ottoman Empire. Topics include: the Islamic religious revolution; the splintering of the Islamic community into Sunnis, Shias and other Islamic minorities; the impact of Islam upon the European West; the Crusades; and Western influence at the end of the 18th century.

HIST 143B. The Modern Middle East. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

Surveys Middle Eastern history from 1800 to the present. Topics include: the late Ottoman Empire; World War I and state creation; Western imperialism; Arab nationalism; Zionism; state building; modern economies and traditional societies; Islam and the modern state; and the Arab-Israeli conflict.

HIST 144. Indonesia, 1965: Context, Causes, and Consequences of Cold War Mass Murder. 3 Units
Term Typically Offered: Fall, Spring

Examines the domestic and international political, social, and economic context of the overthrow of Indonesian President Sukarno, the mass murder of perhaps a million individuals associated with the Indonesian Communist Party, and subsequent US-backed military dictatorship of General Suharto.

HIST 145. South Asian History & Civilization. 3 Units
Term Typically Offered: Fall, Spring

South Asian history from the Indus Valley Civilization to the 1947 partition of British India to the nation-states of India and Pakistan. Topics include: development of Hinduism, Buddhism, Jainism, and Sikhism; rise and fall of the Mauryan, Mughal, and British empires; Indian philosophy, art, literature; South Asian expressions of Islam, Judaism, and Christianity; elite and popular religious syncretism; gender and sexuality in South Asia; Portuguese and British colonialism; South Asian nationalism; and the life and thought of Mahatma Gandhi.

HIST 146A. Cultural History of Japan to 1800. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

History of traditional Japan stressing developments in literature, drama, art, religion and philosophy in the context of political, social and economic development. Movies, slides and readings in Japanese literature will be used.

HIST 146B. Modern Japan, 1800-present. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

Roots of modernization in late feudal Japan; Western impact; political, economic and social modernization; the growth and decline of democratic institutions; militarism and World War II; U.S. occupation; and Japan's impressive "success story" 1950-present.

HIST 146C. The History of Manga. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

A survey of the history of manga (Japanese graphic novels) that will trace the historical antecedents of manga from ancient Japan to today. The course will focus on major artists, genres, and works of manga produced in Japan and translated into English.

HIST 147. History of Buddhism. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Examines in cultural and historical perspective, drawing from ancient and contemporary sources, the key practices and ideas of Buddhist traditions in India, China, Southeast Asia, Tibet, Japan and other surrounding regions; as well as the most recent spread of these practices and ideas to Europe, North America, and Australia. Cross listed: HRS 147

HIST 148A. China: Antiquity to 1600 AD. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Historical development of China from the Neolithic period to the end of the 16th Century. In addition to texts and records, other sources such as archaeology, literature, and art will be examined to gain understanding of and appreciation for the longevity of China as a culture and a polity. Traditionally neglected groups such as women and the lower classes will be emphasized.

HIST 148B. China, 1600 to Present. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

The transformation of China since the 17th Century. Examines the internal tensions of population growth and social unrest, as well as external pressures of encroaching imperialism and modern values of freedom and democracy. Revolution, communism, modernization, and nationalism will be addressed.
HIST 149. The Making of Modern Southeast Asia. 3 Units
Term Typically Offered: Fall, Spring
Examines the historical formation of Southeast Asia, how European colonization integrated Southeast Asia into the global economic order, and how the region became a critical strategic zone in the Second World War and the Cold War. Traces the centuries-long formation of nations of Southeast Asia, the second half will focus on political and economics developments of the 20th Century.

HIST 150. Colonial America. 3 Units
Term Typically Offered: Fall, Spring
Development of the British mainland colonies from exploration, contact, and settlement to the age of the American Revolution. Topics include: background to colonization; mercantilism, the emergence of a multicultural society; regional variation; Native Americans, slavery, women and family, community formation, religion, education, Enlightenment in America, European rivalries, imperialism.

HIST 151. The Age of the American Revolution. 3 Units
Term Typically Offered: Fall, Spring
Causes and consequences of the American Revolution. Topics include: Whig ideology, popular politics, loyalism, economic concerns, the western frontier, Native Americans, African-Americans, and women during the era, the course of the war with Great Britain, the Confederation and Constitution, social consequences of the Revolution.

HIST 152. Young Republic, 1790-1840. 3 Units
Term Typically Offered: Fall, Spring
Beginnings of government under the Constitution; the U.S. in a warring world; Thomas Jefferson and Andrew Jackson; market economy, canals and factories; nationalism, the debate over slavery, and emerging sectionalism.

HIST 153. Civil War and Reconstruction, 1840-1890. 3 Units
Term Typically Offered: Fall, Spring
Political history of the Civil War and Reconstruction. Topics include sectionalism; slavery, westward expansion, secession, the conduct of the war, industrialization, and the changing status of African Americans.

HIST 154. 20th Century United States, 1890-1940. 3 Units
Term Typically Offered: Fall, Spring
U.S. response to urban, industrial growth from the origin of the Spanish-American War to Franklin D. Roosevelt. Progressivism, Imperialism, World War I, the decade of the 1920’s; Depression and the New Deal.

HIST 155. 20th Century United States, 1941-Present. 3 Units
Term Typically Offered: Fall, Spring
Social, economic, and cultural challenges and achievements in U.S. life as they are reflected in political history. Emphasis upon domestic affairs, supplemented by foreign concerns that have presented fundamental choices to the American people.

HIST 156. The Sixties: Years of Hope, Days of Rage. 3 Units
Prerequisite(s): HIST17B.
Term Typically Offered: Fall, Spring
Examines the key events and ideas that helped shape American politics and culture in the 1960s. Special emphasis placed on political power, race and racism, the role of dissent and social activism, and nonviolent civil disobedience. Covers the Vietnam War, the African-American Civil Rights movement, the Chicano movement, the women’s movement, the counterculture, as well as social conflict and its resolution.

HIST 157. History of International Relations in the 20th Century. 3 Units
Term Typically Offered: Fall, Spring
Survey of the history of international relations (political, military, economic, cultural, and environmental) in the 20th century. Covers Europe, Asia, the Middle East, Africa, and the Americas, with emphasis on global events and issues from non-U.S. perspectives.

HIST 158. Military History of the United States. 3 Units
Term Typically Offered: Fall, Spring
Survey from the colonial militia to the present, including all military branches, with emphasis on the U.S. Army. In addition to doctrine, operations, weapons and warfare, focuses on the interrelationship of the military with the economic, social and political concerns of the American nation.

HIST 159. History of US Foreign Relations. 3 Units
General Education Area/Graduation Requirement: United States History, GE AREA D
Term Typically Offered: Fall, Spring
Diplomatic, military, economic, and cultural relations between the U.S. and the world from 1789 to the present, with emphasis on the 20th Century; focus on transformation of U.S. into a global power.
Note: Fulfills state graduation requirement for U.S. History.

HIST 160. The United States in Vietnam, 1940-1975. 3 Units
Term Typically Offered: Fall, Spring
Case study of the making of foreign policy through seven presidencies. Identifies the causes of an American war in Vietnam and examines that involvement as a representative example of post-World War II U.S. globalization. Consideration of the domestic impact of the War and a critical examination of the "lessons" learned from it.

HIST 161. The American Vision. 3 Units
General Education Area/Graduation Requirement: GE AREA D, United States History
Term Typically Offered: Fall, Spring
Media survey of American life from the beginnings to the present. Integrates slides of American art, architecture, popular culture, and technology with history, literature and contemporary music.
Note: Fulfills state graduation requirement for U.S. History.
HIST 162. Social History of the United States. 3 Units
General Education Area/Graduation Requirement: GE AREA D, United States History
Term Typically Offered: Fall, Spring
Survey of topics in American social history from the colonial period to the middle of the Twentieth Century. Subjects may include reform movements, immigration, racial problems, religion, medicine, and the role of women.
Note: Fulfills state graduation requirement for U.S. History.

HIST 163. The City in US History. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Role of the city in the American experience, with emphasis on the rapid urbanization of the 19th and 20th centuries. Attention given to the attractions and problems of urban life and to proposals for reforming the cities.

HIST 164. History of American Capitalism. 3 Units
Term Typically Offered: Fall, Spring
Survey of U.S. business from the colonial era to the present that places U.S. business in a global context. Examines how individual entrepreneurs and regulators have contributed to the development of the modern American political economy.
Cross Listed: GOVT 164; only one may be counted for credit.

HIST 165. American Environmental History. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Traces the changing relationship between human society and the natural environment from pre-colonial era to the present. Focuses on the interplay between industrialization and nature, and examines past and present environmental movements.
Cross Listed: ENVS 165; only one may be counted for credit.

HIST 166. Popular Culture. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Focuses on entertainment and everyday life in America from the beginnings to the present. Enhances the students’ understanding of how popular culture reflects and shapes the larger issues and institutions of American life.

HIST 167. History of American Women. 3 Units
General Education Area/Graduation Requirement: GE AREA D, United States History
Term Typically Offered: Fall, Spring
Study of the role of women throughout American history with emphasis on the suffrage movement, abolitionism, and birth control. Considers the emancipation of women and their role in contemporary society.
Note: Fulfills state graduation requirement for U.S. History.

HIST 168. Images Of America. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Race & Ethnicity
Graduation Requirement (RE), Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring
Interdisciplinary survey of major events, trends and figures in American history viewed through American literature, visual arts, music and architecture. The arts in America are studied in relation to major ideas, significant personalities and important historical events from the period of the early republic to the present.
Cross Listed: HRS 168; only one may be counted for credit.

HIST 169. Hollywood and America. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Chronological survey of American films and their cultural significance from the 1890’s to the present. Focus on films produced in Hollywood, the contexts in which they were created, and the impact of Hollywood as a mythical place in the development of American culture.
Cross-listed: HRS 169; only one may be counted for credit.

HIST 170. History of Religion in the United States. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Study of religion in American life from the colonial era to the present. Covers theology, religious ethics, patterns of worship, the variety of religious institutions, and relations between church and state. Relates religious change to other historical developments such as immigration, industrialization, reform movements, and politics.

HIST 171A. American Indian History to 1840. 3 Units
History of North American native people from before the European invasion to 1840. Particular attention given to the formation of indigenous societies before and during European colonization of the Americas and to the experience of Indian cultures, societies, and nations in the early U.S.

HIST 171B. American Indian History since 1840. 3 Units
History of North American native people from 1840 to the present. Particular attention given to Indian nations' engagement with the Indian policies of the United States and the persistence and adaptation of American Indian cultures, societies, and identities in the modern U.S.

HIST 172. LGBTQ Histories. 3 Units
Term Typically Offered: Fall only
This course provides an introduction to the study of lesbian, gay, bisexual, transgender, and queer (LGBTQ) histories. Uses an interdisciplinary and comparative approach to explore the historical emergence and development of LGBTQ identities, communities, and political movements. Includes theoretical analysis of the history of gender and sexuality and the practice of historical analysis.
Cross Listed: WOMS 172; only one may be taken for credit.
HIST 173. The History of the Civil Rights Movement: From Reconstruction to Deconstruction, 1865-Present. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity
Term Typically Offered: Fall, Spring

Examines the campaign for civil rights waged by African Americans from the Reconstruction era through the present. Treats the movement's roots, goals, main organizations, and its relationship with African American culture in this period. Includes a comparison with the experiences of Mexican Americans and Native Americans.

HIST 175. Sex, Population, and Birth Control in America. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Explores efforts to control reproduction in America in the nineteenth and twentieth centuries. It examines the medical and legal institutions that shaped public policy and the general public's response to efforts to regulate citizens' reproduction, sexuality, and healthcare. It also investigates how race, ethnicity, class, and gender determined the types of reproductive choices available to Americans.

HIST 176. African Cultural Heritage in the Americas. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the legacies of African cultural and social systems among the diasporic Africans in the Americas in the 19th and 20th centuries. Primary focus is on the U.S., but also examines African retentions in Jamaica, Haiti, Cuba, and South America.

Cross Listed: ETHN 176; only one may be counted for credit.

HIST 177. The African-American Experience, 1603-Present. 3 Units
General Education Area/Graduation Requirement: United States History, Race & Ethnicity Graduation Requirement (RE), GE AREA D
Term Typically Offered: Fall, Spring

Gives students an understanding of African-American history from the colonial period to the present. Focuses on African-Americans as active agents in shaping U.S. History, and analyzes the issues, ideas and strategies they have developed and used in their struggle for justice and equality.

Note: Fulfills the state graduation requirements for U.S. History.

HIST 178. Mexican-American History. 3 Units
Term Typically Offered: Fall, Spring

Explores the contours of Mexican American history from the Spanish colonial experience through the present. Examines the roots of the Chicano community in the U.S. conquest of the Southwest, the twentieth-century immigration experience, the development of diverse Chicano communities after 1900, and the struggles for full civil rights in American society. Compared with the experiences of African Americans and Native Americans.

HIST 179. American Immigration History. 3 Units
Term Typically Offered: Fall, Spring

Study of immigration in American life. Particular attention given to the shifting causes and patterns of immigration, similarities and differences among the experiences of immigrants in the U.S., nativism, the development of immigration restrictions, and the effects of immigration on the life of the nation over time.

HIST 180. American Legal History. 3 Units
Term Typically Offered: Fall only

Examines the interaction of law, society, and politics in America from the colonial period to the present, with special emphasis on law as an arena of social and cultural conflict. Major topics include the development of the common law in early America; the law of slavery and its impact on constitutional development; the role of the law in defining controversies over race and gender; legal thought and education; and the role of the Supreme Court in 20th Century America.

HIST 181. Anarchists and Revolutionaries: Transnational Radicalism in America. 3 Units

This course explores the intersection of anti-authoritarian ideologies, transnational migration and anarchist movements in the United States. It will focus on the time period of 1871 through 1940 and the ways in which concepts of "liberty" informed radical movements. Topics may include: European and Caribbean origins of anti-authoritarianism, immigrant enclaves, radical labor, anarchism, anarchist periodicals, and selected liberation movements.

HIST 182. American West. 3 Units
Term Typically Offered: Fall, Spring

Study of the Spanish and Indian frontiers, the advance of the Anglo-American settlers, and the emergence of the modern West.

HIST 183A. California History, 1542-1860. 3 Units
Term Typically Offered: Fall, Spring

Study of the people, institutions and cultural influence of Spanish-Mexican California and the changes brought by U.S. conquest and the Gold Rush.

HIST 183B. California History, 1860-1970. 3 Units
Term Typically Offered: Fall, Spring

Study of the social, political and economic evolution of California from construction of the first continental railroad link to the present, focusing on issues which are still significant in the state.

HIST 184. California Architecture and Urban History. 3 Units
Term Typically Offered: Fall, Spring

A survey of the history of California architecture and its impact on the urban environment from Native Americans to the 20th Century. Particular attention will be given to architecture as a statement of social, economic, and political empowerment.

Cross Listed: ART 118B; only one may be counted for credit.

HIST 185. California Indian History. 3 Units
Term Typically Offered: Fall, Spring

Historical study of California's native people and Indian-white relations from the Spanish colonial era to the present.

HIST 186A. The California Gold Rush. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X, or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

Study of the social, cultural, economic, political, and environmental influences of the California Gold Rush in the contexts of state, national, and world history.

</table>
Course engages students in the work of historians in public practice. Covers theory and methods of public history through hands-on experience, field trips, guest speakers, and directed readings and discussion. Topics include: Archives, Museums, Historic Preservation, Cultural Resource Management, Heritage Tourism, Digital History, World Heritage, and Historical Memory. Note: Field trip. Students will be required to attend field trips to public history institutions both on and off campus. Field trip(s) may be required. |
| HIST 194. | Oral History: Theory and Practice. | 3 | GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M/W. | Fall, Spring | 
Introduces students to the theory and practice of oral history. Examines ethical and legal issues as well as problems of accuracy in memory. Students will also learn how to conduct, transcribe, and edit oral histories and develop oral history projects. |
| HIST 195A. | History Internship. | 3 | Permission of the faculty internship director. | Fall, Spring, Summer | 
Supervised work and project experience with history-related agencies and organizations, developing entry level skills. May not be repeated for credit. Credit/No Credit |
| HIST 195B. | Advanced History Internship. | 3 | HIST 195A and permission of the faculty internship director. | Fall, Spring, Summer | 
Supervised work and project experience with history-related agencies and organizations, developing more advanced entry level skills and practice in communicating history to public audiences. May not be repeated for credit. Credit/No Credit |
| HIST 195T. | History Pre-credential Internship. | 3 | HIST 17A, HIST 17B, HIST 50, HIST 51, and HIST 100; permission of instructor. | Fall, Spring | 
Supervised classroom observations and historical research to assist with curriculum development in secondary grade level history classrooms, with accredited schools, teaching related agencies and organizations. Students improve historical research skills, content mastery, and develop knowledge of using primary sources in history teaching. Students are exposed to secondary grade level history classrooms and observe instructional methods. Note: Limited to upper division majors in the pre-credential program and students who have an interest in teaching history at the secondary level. Credit/No Credit |
| HIST 196A. | The Ottoman Empire. | 3 | | Fall only | 
Overview of the history of the Ottoman Empire from its rise in the 13th century to its demise in the early 20th century. Topics include Ottoman state structure, military, economy, legal system, society, culture, and legacy. |
| HIST 196B. | Clio: Editing and Publishing in History. | 3 | | Fall, Spring | 
Seminar devoted to learning the editing and publishing side of the history profession. Students will produce the student history journal Clio. |
| HIST 197A. | Senior Research Seminar: United States History. | 3 | GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W. | Fall, Spring | 
Research seminar in historical writing in which students will complete a research paper in United States History based on primary sources. Subject will vary according to instructor. Recommended for the second semester of the senior year. Note: Not open to lower division students. |
| HIST 197B. | Senior Research Seminar: World History. | 3 | GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W. | Fall, Spring | 
Research seminar in historical writing in which students will complete a research paper in world history based on primary sources. Subject will vary according to instructor. Recommended for the second semester of the senior year. Note: Not open to lower division students. |
| HIST 197C. | Senior Research Seminar: Public History. | 3 | GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W. | Fall, Spring | 
Introduction to bibliographic and research skills in secondary and primary sources, and the development of expertise in writing historical reports. Particular attention to regional research libraries, manuscript repositories and archival facilities. Note: Not open to lower division students. |
| HIST 198. | Summative Assessment for Teachers. | 3 | HIST 100. | Fall, Spring | 
Capstone seminar that serves as a bridge between academic preparation and entry into a professional teacher credential program. Students will examine social science-history in the State curriculum framework, reflect on subject matter preparation, focus on middle and high school social science teaching and learning, investigate and evaluate resources pertinent to instruction, and explore current issues in education. |
| HIST 199. | Special Problems. | 1 - 3 | | Fall, Spring | 
Individual projects or directed reading. Open only to students who appear competent to carry on individual work. Credit/No Credit |
HIST 200. History and Theory. 3 Units
Prerequisite(s): Classified standing in History or instructor permission.
Term Typically Offered: Fall, Spring
Study of the theoretical schools and debates that have most influenced historical research and writing in the modern era. Introduces students to both important theoretical texts and their applied use. It is designed to provide an intellectual foundation for subsequent graduate-level history seminars.
Note: Graduate Writing Intensive (GWI) course.

HIST 201. Interpreting World History. 3 Units
Prerequisite(s): Classified graduate status in History or instructor permission.
Term Typically Offered: Fall, Spring
Study of historical interpretations of major issues and problems in world history. Helps students to define world history as a field and to consider different approaches to teaching and/or researching world history topics.

HIST 202. Interpreting U.S. History. 3 Units
Prerequisite(s): Classified graduate status in History or instructor permission.
Term Typically Offered: Fall, Spring
Study of historical interpretations of major issues and problems in US history. Helps students to define US history as a field and to consider different approaches to teaching and/or researching US history topics.

HIST 203. Public History Principles and Techniques. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Provides an introduction to public history by surveying the major topics in the field through readings, discussion, and guest lectures. Students will learn about the history of public history, employment opportunities for public historians, and public historical issues.
Note: Graduate Writing Intensive (GWI) course.

HIST 209A. Research and Writing in US History. 3 Units
Prerequisite(s): Classified standing in History or instructor permission.
Term Typically Offered: Fall, Spring
Research seminar in fields of special interest. Topics will be announced each semester.

HIST 209B. Research and Writing in the History of the American West. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Research seminar in fields of special interest in the history of the American West. Topics will be announced each semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 209C. Research and Writing in World History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Research seminar in fields of special interest in the history of regions outside the U.S. Topics will be announced each semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 280A. Reading Seminar in African or Asian History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature on a topic in African or Asian history. The area or topic to be studied will change from term to term.
Note: May be repeated for credit provided the period or the topic is different.

HIST 280B. Reading Seminar in Ancient or Medieval European History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature on a topic in ancient or medieval European history. The area or topic to be studied will change from term to term.
Note: May be repeated for credit provided the period or the topic is different.

HIST 280C. Reading Seminar in Modern European History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature on a topic in early modern or modern European history. The area or topic to be studied will change from term to term.
Note: May be repeated for credit provided the period or the topic is different.

HIST 280Z. Reading Seminar: Topics in World History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature in world history. The area of topic to be studied will change from term to term.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281A. Reading Seminar in Colonial or Early US History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature of a particular period or topic in colonial North American or early U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281B. Reading Seminar in Nineteenth Century US History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature of a particular period or topic in nineteenth century U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.
HIST 281C.  Reading Seminar in Modern US History.  3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of the significant historical literature of a particular period or topic in U.S. history after 1900; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281Z.  Reading Seminar: Topics in United States History.  3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring
Extensive reading and analysis of significant historical literature of a particular period or topic in U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 282A.  Research Seminar in Public History.  3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Professional training in the research and analysis of cartographic, archival, architectural, and artifactual sources related to public history. Attention to such research areas as cultural resources management, environmental impact, and historic sites and structures.

HIST 282B.  Archives and Manuscripts.  3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Professional training in archives and manuscripts administration. Historical development of archives and manuscripts administration, theoretical concepts that underlie the discipline, integration of these concepts into practice, and various uses of archival resources.

HIST 282C.  Oral History.  3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Professional training in oral history, with attention to the field's historical and theoretical development. Emphasis is placed on the methodology of oral history in the context of selected public history topics. Students learn to prepare for, conduct, transcribe, and edit oral history interviews.

HIST 282D.  Museum Studies.  3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Intensive introduction to museum theory, practice, and management. Concentrates on providing an understanding of museums including museum exhibitions, collections, and acquisition policy. Students will have opportunities for practical museum experience and for meeting museum professionals.

HIST 282E.  Historic Preservation.  3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Overview of the different aspects of historic preservation, including downtown revitalization, neighborhood organization, historic site management, preservation legislation, preservation education and historic architecture. The history of historic preservation in the U.S. Students will engage in on-site visits to historic sites.

HIST 282F.  History and Memory.  3 Units
Prerequisite(s): Classified standing in Public History, History or instructor permission.
Term Typically Offered: Fall, Spring
Study of theoretical schools and debates regarding the formation, transformation, and transmission of collective memory. Draws upon theoretical literature on group memories from the social sciences and humanities, and it examines the importance of this literature for public and academic historians.

HIST 282Z.  Special Topics in Public History.  3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring
Intensive seminar in a particular topic related to public history studies. Topics may include urban history, California history, demographics, visual history and public history.

HIST 295.  History Internship.  3 Units
Prerequisite(s): Graduate status and permission of faculty internship director.
Term Typically Offered: Fall, Spring
Supervised work and project experience with history-related agencies and organizations, developing entry-level professional skills.
Note: May be repeated for credit
Credit/No Credit

HIST 297.  Advanced Internship.  3 Units
Prerequisite(s): HIST 295 and permission of the faculty internship director.
Term Typically Offered: Fall, Spring
Professional work experience in a specialized field of public history, with training and supervision as part of the Capital Campus Graduate Program in Public History.

HIST 299.  Special Problems.  1 - 3 Units
Prerequisite(s): Classified standing in Public History, History or instructor permission.
Term Typically Offered: Fall, Spring
Individual projects or directed reading.
Note: Open only to students who appear competent to carry on individual work; May be repeated for credit.
Credit/No Credit

HIST 400.  The Teaching of History in College.  3 Units
Term Typically Offered: Fall, Spring
Seminar devoted to the teaching of college history. Students will intern in lower division courses.
HIST 500. Culminating Experience. 3 Units
Prerequisite(s): Advanced to candidacy.
Term Typically Offered: Fall, Spring

Credit given upon successful completion of one of the following: A.) Thesis. An original contribution to historical knowledge, which includes the statement of a problem, a review of pertinent literature, the collection and presentation of relevant material, a conclusion, and a formal bibliography, all presented with appropriate documentation; OR B.) Project. A significant undertaking appropriate to public history, based upon the relevant literature, research skills, and applied expertise in areas of professional concern. Available for MA, Public History Option students only; OR C.) Comprehensive Examination. Structured and supervised reading programs for MA candidates preparing for the History Comprehensive Examination.

**Honors Program (HONR)**

HONR 1. First Year Seminar: Education, Self-Examination, and Living. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to comparative ideas of education and self-development. In writings from around the world, examines works on education, autobiographical accounts, and short stories to explore concepts of teaching, learning, human growth and development, and the role of the school and university in the realization of human potential.

HONR 2. Great Books and World Civilization I. 3 Units
Prerequisite(s): HONR 1 and instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Students read, discuss, and explore some of the most influential works of literature, philosophy, history, and religion from cultures around the world prior to the 15th century. Students will gain knowledge of different cultural traditions, explore ways to criticize and to learn from different genres of literature, examine their own concepts and ideas, and practice skills of critical thinking in dialogue with challenging works. Readings will be drawn from a broad array of sources, including Greek, Chinese, and Indian traditions, different religious faiths, and works of literature representing a variety of outlooks and views.

HONR 3. Great Books and World Civilization II. 3 Units
Prerequisite(s): HONR 2 and instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Students read, discuss, and explore some of the most influential works of literature, philosophy, history, and religion from cultures around the world from the 15th century to the present. Students will gain knowledge of different cultural traditions, explore ways to criticize and to learn from different genres of literature, examine their own concepts and ideas, and practice skills of critical thinking in dialogue with challenging works. Readings will be drawn from a broad array of sources, including Greek, Chinese, and Indian traditions, different religious faiths, and works of literature representing a variety of outlooks and views.

HONR 101. Science and the Public Good. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

This course examines how scientists employ information derived through the scientific method and statistical analyses to form conclusions. The methodology of science is applied to public policy debates relating to climate change, the use of DNA, Creationist/evolutionist issues, water conservation, land use zoning, energy, mineral resources, and other topics.

HONR 102. The Public Good Through the Visual and Performing Arts. 3 Units
Prerequisite(s): Upper division status in Honors Program; GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

This course explores the role of the visual and performing arts as a catalyzing and infinitely variable means of pursuing the public good. Students will engage with the artistic process as well as learn how works of art have successfully challenged ideological conventions and helped change social and political systems. Strategies of making art will be examined in the form of specific visual and performative methodologies, the context of the artist, and the public perception of various art forms.

HONR 103. Civic Engagement, Service Learning: Pursuing the Public Good. 3 Units
Prerequisite(s): Must be admitted to Honors Program
Term Typically Offered: Fall, Spring

Students to be an active participant in his/her own learning process through a service learning experience and participation in a corresponding seminar. Students are offered a reciprocal opportunity to acquire knowledge and develop skills while providing service and assistance to the community. Students will have the opportunity to assess the circumstances of an organization and provide feedback on their situation. The student will evaluate and assess his/her service learning from three perspectives: the physical universe and its life forms, social issues and social science research, and the arts.

Note: An international experience can be substituted for a local service learning experience. See Honors Program Director for more information.

HONR 120. Honors One World Seminar. 3 Units
Prerequisite(s): Open to students in the Honors program and permission of the program director.
Seminar dedicated to exploring the One World theme for the university. Topic changes annually.

HONR 195. Community Fieldwork and Internship. 3 Units
Prerequisite(s): Open to students in the Honors Program with permission of the program director and advanced approval of project goal and objective.
Term Typically Offered: Fall, Spring

Supervised service-learning experience with a community partner. This experience focuses on application of the interdisciplinary approach of the General Education Honors Program while affording students direct, hands-on experiences.

Credit/No Credit
HONR 196. Honors Senior Thesis. 3 Units
Prerequisite(s): Open to students in the Honors program with permission of the program director. Honors research seminar in which students will complete a research paper in the discipline of their choice based on original research. Recommended for the student’s final semester of study.

HONR 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Open to students enrolled in the General Education Honors Program. Individual projects and directed reading for students who are competent to assume independent work. Requires approval of the Honors Program Director and Honors faculty member under whom the independent work is to be conducted.

How to Read Course Descriptions

The bolded first line begins with a capitalized abbreviation that designates the subject area followed by the course number and title. The unit value is also displayed. Icons, if displayed, designate courses which satisfy Writing Intensive # and Race & Ethnicity # requirements.

Prerequisite(s): Coursework to be completed and/or requirements required before taking the course.

Corequisite(s): Course(s) that must be taken in the same term.

General Education Area:
Indicates the graduation requirement area, if listed, which the course fulfills.

• American Institutions:
  • United States History
  • U.S. Constitution
  • California Government

• Race and Ethnicity
• Foreign Language
• Writing Intensive

Indicates the General Education (GE) area, if listed, which the course fulfills.

• A – Basic Subjects
  • A1 – Oral Communication
  • A2 – Written Communication
  • A3 – Critical Thinking

• B – Physical Universe and Its Life Forms
  • B1 – Physical Science
  • B2 – Life Forms
  • B3 – Lab
  • B4 – Mathematical Concepts and Quantitative Reasoning
  • B5 – Further Studies in Physical Science, Life Forms, and Quantitative Reasoning

• C – Arts and Humanities
  • C1 – Arts
  • C2 - Humanities

• D – The Individual and Society

• E – Understanding Personal Development

The course description outlines what topics are covered in the course. If included, cross-listed indicates the same course is offered in a different department/subject.

The Note indicates additional information regarding the course.

Credit/No Credit: Indicates if the course grading basis is not a letter grade.

Graded (CR/NC Available) indicates a course with a grading basis that is a letter grade where the student may choose a Credit/No Credit grading basis.

Human Resources/Organizational Behavior (HROB)

HROB 101. The Management of Contemporary Organizations. 3 Units
Term Typically Offered: Fall, Spring
Overview of managerial and organizational theory and practice, including a discussion of the contingencies that influence an organization’s effectiveness and efficiency. Focus is on the decision making and problem-solving processes that affect managerial performance in planning, implementing, and controlling the work of contemporary organizations.

HROB 151. Management of Human Resources. 3 Units
Term Typically Offered: Fall, Spring
Seminar covering contemporary processes and practices pertaining to the organization and management of personnel including employee selection, development, motivation, evaluation and remuneration, and union relations. Emphasis on the management of human resources in task oriented organizations. Instructional method provides for case method, laboratory exercises, and small group discussion.

HROB 152. Management Skills Seminar. 3 Units
Prerequisite(s): HROB 101; HROB 151 recommended.
Term Typically Offered: Fall, Spring
Development of management awareness of the dynamics of organizational behavior. Emphasis on case discussions, small group action and role playing for the acquisition of knowledge and skills for effective managing and changing in an organization.

HROB 153. Employment Law. 3 Units
Term Typically Offered: Fall, Spring
Provides students with an overview of the employment laws that impact and influence the workplace including laws regarding employment discrimination, disability discrimination and accommodation, employment leaves of absence, workplace harassment, employment torts and contracts, wage/hour regulations, employee privacy, intellectual property in the employment setting, and other emerging issues in employment law and personnel management. The impact of law on the management of human resources will be the focus of this class.
HROB 154. Strategic Human Resources Management. 3 Units
Prerequisite(s): HROB 151, HROB 152, HROB 153.
Term Typically Offered: Fall, Spring

The objective of this capstone course is to identify contemporary strategies to improve individual and organizational performance. Utilizes a strategic human resource management perspective and incorporates Human Resource Management and Organizational Behavior theories for practical implementation in organizations. Links such concepts as compensation, performance management, law, conflict management, communication, diversity, ethics, and managerial skill building towards preparing for the future of managing individuals in organizations.

HROB 155. Conflict Management and Negotiation. 3 Units
Term Typically Offered: Fall, Spring

Analyzes conflict in organizations, and strategies and processes for effective settlement or resolution of that conflict. Emphasis on the practical aspects of institutional and extra-institutional processes outside the conventional legal system. These dispute resolution methods include negotiation, mediation, arbitration and fair hearing. Students participate in a variety of exercises including simulated negotiations. Through these exercises students explore the basic theoretical models of bargaining and test and improve individual negotiation skills. Class format includes lecture, class discussion, simulation/role-play, expert guests and video demonstrations.

HROB 156. Current Trends and Emerging Issues. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide an in-depth examination of current trends and emerging issues in human resources management and/or organizational behavior. Provides students the opportunity to better understand the latest people-related challenges organizations face. Instructional method provides for case method, group discussion, industry guest speakers, and classroom exercises.

HROB 157. Labor Relations. 3 Units
Term Typically Offered: Fall, Spring

Employer-employee relations in historical and contemporary contexts, with emphasis on the development of labor and management institutions and philosophies, public policies, collective bargaining, and contract administration in the private and public sectors.

HROB 158. Special Topics in Human Resource Management. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide an in-depth examination of a current human resource management topic(s), from both a theoretical and practitioner perspective. Possible topics include, but are not limited to, outsourcing and staffing trends, merit-based performance and compensation plans, technology-based recruiting and selection practices, and innovations in training and career development. Instructional method provides for case method, group discussion, industry guest speakers, and classroom exercises.

HROB 159. Special Topics in Organizational Behavior. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide an in-depth examination of a current organizational behavior topic(s), from both a theoretical and practitioner perspective. Topics include, but are not limited to, family-work relations, stress and burnout, workplace aggression, leadership and motivation, organizational politics and culture, attitudes and change, and organizational learning. Instructional method provides for case method, group discussion, industry guest speakers, and classroom exercises.

HROB 194. Cooperative Education Experiences in Human Resources Management. 6 - 12 Units
Prerequisite(s): HROB 151 and a minimum overall GPA of 2.5.
Term Typically Offered: Fall, Spring

In-depth supervised work experience in human resources management. This supervised work experience allows the student to become familiar with the practice of human resources management in businesses or governmental agencies.

Note: Open to all upper division students subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Credit/No Credit

HROB 195. Internship in Human Resources Management. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies. Open to upper division students, subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Note: Open to declared business administration majors only.

Credit/No Credit

HROB 199. Special Problems in Human Resources Management. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.

Credit/No Credit

Humanities and Religious Studies (HRS)

HRS 4. Exploring World Religions. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer

Comparative inquiry into the nature of global religions, including Hinduism, Buddhism, Confucianism, Daoism, Judaism, Christianity, and Islam. Experiential, social, and material aspects of religions will be considered as well as beliefs and practices.
HRS 10. Arts and Ideas of the West: Ancient to Medieval. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduction to the literature, art, architecture, philosophy and history of the ancient and medieval West, with emphasis on classical Greece and Rome and the European Middle Ages.

HRS 11. Arts and Ideas of the West: Renaissance to Modern. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduction to the literature, art, architecture, music, philosophy, and history of the West from the Renaissance to the present.

HRS 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall only

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills.

HRS 70. Arts and Ideas of Asia: Ancient to Medieval. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Introduction to the cultural history of ancient and early medieval Asia incorporating examples of art, literature, philosophy, and religion, providing a survey of China, India, and several other distinct cultures of the areas surrounding them—especially Japan.

HRS 71. Arts and Ideas of Asia: Medieval to Modern. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Introduction to the cultural history of late medieval and modern Asia incorporating examples of art, literature, philosophy, and religion, providing a survey of China, India, and several other distinct cultures of the areas surrounding them—especially Japan.

HRS 105. Approaches to the Humanities. 3 Units
Prerequisite(s): HRS 10 and HRS 11 or instructor permission.
Term Typically Offered: Fall only

Advanced study of interdisciplinary methods applied to the arts, including literature, music and other modes of humanistic expression.

HRS 108. Approaches to Religious Studies. 3 Units
Term Typically Offered: Fall only

Exploration of the history and methodology of Religious Studies, including the analysis of several significant theories of the origin and function of religion. Methods and theories drawn from the disciplines of psychology, sociology, history, anthropology, philosophy and feminist studies.

HRS 113. The Culture of Classical Greece. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Examination of the Golden Age of Athens and the birth of Western humanism; studies in the classical ideals, tragedy, comedy, poetry, history, philosophy, art and architecture.

HRS 114. The Culture of Classical Rome. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Study of Roman culture and its influence. Emphasis on art, architecture, literature, history, philosophy and religion of Rome from the early Republic to the end of the Western Empire.

HRS 115. Material Culture of Ancient Rome. 3 Units
Term Typically Offered: Fall, Spring

A focused study of ancient Roman culture as understood through investigation of materials artifacts, especially as found in archaeological sites and museum exhibits. The majority of course time will be spent in Rome and in Pompeii and other locations near Bay of Naples. Visits to archaeological sites and museums will be supplemented by readings of relevant texts and by ongoing discussion.

HRS 117. Paganism in the Roman World. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer

Survey of ancient Roman paganism, the wide variety of religious beliefs, practices, and institutions found throughout the Roman world. Topics include Greek influences, traditional religion, state and ruler cults, healing cults, oracles, astrology, mystery religions, priests and priestesses, prayer, sacrifice, and religious philosophies.

HRS 119. Classical Mythology. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer

Study of Greek and Roman myths and hero tales and their place in the arts and literature of Western civilization. Also provides an introduction to the general nature and function of myth.

HRS 120. Reason and Revelation: The Origins of Western Culture. 3 Units
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Study of the conflicting cultures that have shaped the social, religious and ethical perspectives of Western Culture. Readings in the Bible, Plato, Greek drama, the New Testament, and church fathers. Prerequisite: GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

HRS 121. Introduction to the Hebrew Bible/Old Testament. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Survey of the historical narratives and other literature of the Bible, analysis of archeological evidence and introduction to the basic problems of textual criticism. Topics of study will include the origins and development of early Judaism and its interaction with surrounding cultures.
HRS 122. Introduction to the New Testament. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Study of the New Testament literature in its historical and cultural setting. Topics covered include the literary relationships of the four Gospels, the historical Jesus, the evolution of early Christianity, and the diverse theologies represented in the letters of Paul and other canonical and non-canonical writings.

HRS 126. History of Christianity to the Reformation. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Christianity from Jesus to Martin Luther. Emphasis on the evolution of Christian thought and institutions and the relationship of the Church to popular culture and secular powers.

HRS 127. History of Christianity Since the Reformation. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

European Christianity from the Reformation to the present. Emphasis on the evolution of Christian thought, the co-existence of the Catholic and Protestant traditions and the relationship of religious and secular values in European society.

HRS 131. Medieval Culture. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Decline of Rome to the Renaissance. Emphasis on the cultural development of the West from the Germanic invasions until the advent of Humanism with attention to theology, art, architecture and literature to illustrate the dynamics of these diverse years.

HRS 132. Renaissance. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Spring only

Investigates the nature and implications of Renaissance Humanism in Italy (14th and 15th centuries) as well as its impact in Northern Europe in the 16th century. Includes the literary works of such writers as Petrarch, Pico, Machiavelli, Erasmus and Cervantes, along with the art of Giotto, Botticelli, Michelangelo, Brunelleschi, Cellini, Dufay, da Vinci, and the music of Palestrina. Prerequisite: GWAR certification before Fall 09; or PWJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or PWJ score 70 or 71 and co-enrollment in ENGL 109X.

HRS 134. Baroque and the Enlightenment. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Multi-faceted survey of the culture of Europe and North America in the Age of the Baroque and Enlightenment (1600-1792). Emphasizes literature, music, painting, architecture and ideas in France, Britain, Germany and Italy.

HRS 135. Romanticism and Revolution. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Interdisciplinary survey of the cultures of Europe and North America in the 19th century. Building on the Romantic aesthetic developed late in the 18th century. Considers the literature, music, painting and ideas of northern Europe and America until the 1900s.

HRS 136. Birth Of The Modern. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Investigation of those crises in art and society underlying the development of modernism and post-modernism.

HRS 137. Global Crossings: Art and Culture 1945 to Present. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Exploration of concepts and expressions of postmodernism and its emphasis on irony, citation, and the interconnectedness of politics, aesthetics, and philosophy across the disciplines (art, literature, architecture, film) and the continents (Europe, Asia, Africa, America and Latin America).

HRS 141. Introduction To Judaism. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Survey and analysis of the fundamental tenets of Judaism set within the context of the historical and intellectual development of the Jewish People.

HRS 142. Introduction to Christianity. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Study of the beliefs, practices, institutions and history of the Christian religion. Emphasis on the Orthodox, Roman Catholic, and Protestant traditions and the relationship of Christianity to global cultures.

HRS 144. Introduction To Islam. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Summer only

Survey of the Islamic way of life: its beliefs, traditions and practices from Quranic origins and the Sunna of the Prophet Muhammad. The historical development of Islamic law, religious sects, mysticism, and intellectual thought of the global Muslim community from medieval to contemporary times.

HRS 145. Introduction to Islamic Cultures. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Survey of the expression of Islamic values in religious practice, philosophy, theology, art, architecture, music, and literature in different geographic locations and historical periods.

HRS 146. Islam in America. 3 Units
Term Typically Offered: Fall, Spring

An inquiry into the history and development of Islam in United States. Special emphasis will be placed on issues related to race, ethnicity, gender, ritual practice, and the politics of being Muslim in America.

</tbody>
</table>
### Comparing China and Japan

- **HRS 171. Introduction to the East Asian World.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  Comparative study of the cultural heritages of China and Japan through literature, art, religion, philosophy and history. East Asian modes of thinking and humanistic expressions will be identified and contrasted with those of the West.

- **HRS 172. The Classical Culture of China.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  Introduction to classical Chinese culture through a survey of history, philosophy, religion, literature and art. The course identifies the uniqueness of Chinese culture as well as the common concerns it shares with other high cultures.

- **HRS 173. Chinese Philosophy and Religion.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  Study of Chinese philosophic and religious ideas through representative works in English. The traditional Chinese views on human nature, society, politics, morality, and spirituality are examined. The Chinese transformation of Buddhism will also be discussed. The inner dynamics of traditional Chinese thought and its contemporary implications are explored.

- **HRS 174. Modern Japanese Literature and Culture.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  Study of representative Japanese literature (in English translation) from the late Tokugawa through the modern period. Traditional Japanese values will be identified and Japan's journey toward modernity examined. Both the uniqueness of Japanese culture and common concerns among cultures will be explored.

- **HRS 175. Zen Buddhism and Daoism.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  Mystical nature of Daoist and Zen teachings will be emphasized. The organic linkage between Daoism in China and Buddhism in India will be explored. The emergence of Zen as a quintessential representative of East Asian cultural and aesthetic values will be discussed.

- **HRS 176. The Confucian Tradition.** 3 Units  
  Term Typically Offered: Fall, Spring

  Study of the Confucian tradition as it unfolded in China and influenced China's East Asian Neighbors. Philosophical and religious dimensions, as well as the evolution and transformation of this uniquely Chinese tradition over time, will be studied. The Confucian influence on Chinese culture, philosophy, religion, literature, political structure and social organization will be identified and analyzed.

### Exploring India

- **HRS 178. Religions of India.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  An introduction to the bewildering diversity of Indian religions, relating religious practices & ideas to broader cultural developments, including visual arts and literature. Focuses on the way Hindu, Buddhist, Jain and Sikh traditions address the concept of karma in distinctive ways, paying special attention to the way words and intentions are said to influence the consequences of a person’s deeds.

- **HRS 179A. Religions of India I: The Formative Period.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  Introduction to religious life on the Indian subcontinent during its ancient period, relating religious practices and ideas to broader cultural developments, including visual arts and literature.

- **HRS 179B. The Hindu Year: Fall.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  A survey of Hindu religious teachings, stories, and history, as expressed through the holy days and festivals celebrated each fall by Hindus throughout India and abroad, during which ideas, stories, and values are transmitted from one generation to the next. Examines the little understood and rarely discussed historical development behind each celebration, based on both ancient and contemporary sources, thereby revealing why Hindu ideas and history have remained compelling to Hindus for thousands of years.

- **HRS 179A. The Hindu Year: Spring.** 3 Units  
  General Education Area/Graduation Requirement: Humanities (Area C2)  
  Term Typically Offered: Fall, Spring

  A survey of Hindu religious teachings, stories, and history, as expressed through the holy days and festivals celebrated each spring and summer by Hindus throughout India and abroad, during which ideas, stories, and values are transmitted from one generation to the next. Examines the little understood and rarely discussed historical development behind each celebration, based on both ancient and contemporary sources, thereby revealing why Hindu ideas and history have remained compelling to Hindus for thousands of years.

- **HRS 180. The Film.** 3 Units  
  General Education Area/Graduation Requirement: Arts (Area C1)  
  Term Typically Offered: Fall, Spring

  Introduction to the aesthetics of cinema with special attention to the evolution of critical theories of cinema within the framework of twentieth century arts and ideas.

- **HRS 181. Contemporary Issues in Film.** 3 Units  
  General Education Area/Graduation Requirement: Arts (Area C1)  
  Term Typically Offered: Fall, Spring

  Examination of contemporary film and film criticism from an interdisciplinary perspective, stressing the links between film, literature, the visual arts and society.
HRS 183. World Religions and Cultures in Cinema. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Summer only
Examination of the religious and spiritual dimensions of selected films from around the world. The cinematic arts are examined in relationship to religious and spiritual concerns, concepts, and values.

HRS 185. Women in Film and American Culture. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Study of major social issues confronting American women, examined through their images in film and other visual and literary arts.

HRS 188. Fantasy and Romance. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Exploration of the aesthetic of fantasy. Approaches may include emphasis on the historical development of the quest-romance or the use of the fantastic as social commentary. Particular genres, such as science fiction, may be explored.

HRS 190B. Seminar in HRS: The Body. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS major or minors only.
Term Typically Offered: Fall, Spring
Seminar for Humanities and Religious Studies majors. Examines cultural constructions of the body through analysis of art and literature and through the insights of media studies, cultural studies, sociological, psychology, and anthropology.
Cross listed: HRS 290B

HRS 190C. Seminar in HRS: Many Realities of Consciousness. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS major or minors only.
Term Typically Offered: Fall, Spring
Seminar for Humanities and Religious Studies majors. Examines philosophies and theories of perception as applied to cultures, religious traditions, nature, film and literature. Investigates consciousness through examination of the subjectivity of human perception.
Cross listed: HRS 290C

HRS 190D. Seminar in HRS: Death and Afterlife. 3 Units
Prerequisite(s): Must be HRS major or minor; Completion of 9 units of HRS lower division courses; Completion of the GWAR.
Term Typically Offered: Fall, Spring
Seminar for Humanities and Religious Studies majors. Examines myths, theories, and perceptions of death and afterlife in cross-cultural and historical perspective through analysis of literature, the visual arts, and music.
Cross listed: HRS 290D

HRS 190H. Seminar in HRS: The Hero. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS major or minors only
Term Typically Offered: Fall, Spring
Seminar for Humanities and Religious Studies. Examines the hero in cross-cultural and historical perspective through analysis of visual artifacts, literature, history, philosophy, music and film.
Cross listed: HRS 290H

HRS 190M. Saints, Relics, and Miracles in Late Antique and Medieval Europe. 3 Units
Prerequisite(s): Student must complete 9 units of lower division core courses and be eligible for WI classes based on WPJ placement score or passage of the appropriate prerequisite
Term Typically Offered: Fall, Spring
Seminar in Humanities and Religious Studies majors. Examines the role of the body in the creation of saints’ cults in medieval Europe through analysis of literature and art. Considers how the idea of martyrdom set the terms for an ideal Christian life and explores the role relics, pilgrimage and miracle stories played in medieval society.
Cross listed: HRS 290M

HRS 195. Seminar in Humanities. 3 Units
Prerequisite(s): Completion of 12 units of HRS lower division core courses, HRS 105, senior status; or instructor permission.
Term Typically Offered: Spring only
Senior seminar for Humanities and Religious Studies majors with Humanities Concentration; focuses on the perspectives and methods of the academic study of the humanities. Topics chosen by the instructor.
Note: May be repeated once for credit.

HRS 196. Experimental Offerings in Humanities and Religious Studies. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Special experimental course on specific themes, figures, or topic areas.
Note: May be taken twice for credit if topic differs.
Credit/No Credit

HRS 198. Seminar in Religious Studies. 3 Units
Prerequisite(s): Completion of 9 units of HRS lower division core courses, HRS 108, senior status; or instructor permission.
Term Typically Offered: Spring only
Senior seminar for Humanities and Religious Studies majors with Religious Studies Concentration; focuses on the perspectives and methods of the academic study of religion. Topics chosen by the instructor.
Note: May be repeated once for credit.

HRS 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Tutorial-reading course involving independent research. Topic and research method to be decided upon jointly by student and instructor.
Note: May be repeated for credit.
HRS 200A. Culture and Expression: Prehistory to the Middle Ages. 3 Units

Prerequisite(s): Must be a HRS major or minor
Term Typically Offered: Fall, Spring

Interdisciplinary seminar on cultural movements, figures, and art forms of eras from prehistory to the European Middle Ages. Focus on the West with some global comparison. Emphasis on theoretical perspectives, methods, and research techniques germane to the humanities.

HRS 200B. Culture and Expression: Renaissance to the Present. 3 Units

Prerequisite(s): Must be a HRS major or minor
Term Typically Offered: Fall, Spring

Interdisciplinary seminar on cultural movements, figures and art forms of eras from the Renaissance to the present. Focus on the West with some global comparison. Emphasis on theoretical perspectives, methods and research techniques germane to the liberal arts.

HRS 202. Western Aesthetics: Traditions and Revision. 3 Units

Prerequisite(s): Graduate standing.
Term Typically Offered: Fall, Spring

Introduction to critical methodologies in the Humanities and to techniques of formal analysis as applied to specific eras and artworks in Western cultural history.

HRS 205. Space and Time. 3 Units

Prerequisite(s): 6 units in philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Introduction to significant philosophical issues involving space and time. An investigation into the current state of these issues.

Note: No background or work in mathematics or physics is required.
Cross-listed: PHIL 192D; only one may be counted for credit.

HRS 209. Versions of the Self in Western Literature and the Arts. 3 Units

Term Typically Offered: Fall, Spring

Traces the stages through which the concept of the "self" emerges in Western literature, philosophy and the arts, from Antiquity to the 20th Century. Focus is on the transformation of moral identity as the West moves from a divinely ordered cosmos to a relativized universe.

HRS 210. Gender and Religion in Cross-Cultural Perspective. 3 Units

Term Typically Offered: Fall, Spring

Exploration of the relationships and roles of women and men in the context of religious life. May focus extensively on one or more particular religious traditions cross-culturally, or draw on a wider spectrum of examples. Special attention paid to the complementary nature of men's and women's roles in many religious traditions; and also the way that male perspectives have dominated many areas of formal religious discourse, noting the dissenting voices of women often hidden in more informal types of expression.
Cross Listed: LIBA 210; only one may be counted for credit.

HRS 213. Ancient Greek Culture. 3 Units

Term Typically Offered: Fall, Spring

A graduate-level survey of ancient Greek culture. Emphasis on social and private life, religion, historiography, literature, philosophy, drama, art, and architecture.

HRS 214. Ancient Roman Culture. 3 Units

Term Typically Offered: Fall, Spring

A graduate-level survey of Roman culture. Emphasis on social and private life, religion, historiography, literature, philosophy, drama, art, and architecture.

HRS 216. Historical Reflections on the American Dream. 3 Units

Term Typically Offered: Fall, Spring

Multicultural exploration of how our nation's history has been constructed, experienced, told and valued from varying ethno-cultural points of view, including each student's personal history.

HRS 217. Ordinary America. 3 Units

Term Typically Offered: Fall, Spring

Inquiry into the issues, theories, and methods associated with popular and material culture studies in order to provide students with insights into the past and present nature of American experience. Intended to be an exploration of the ways in which popular and material culture both reflect and contribute to the search for meaning in everyday life.

HRS 220. Seminar in Religious Studies. 3 Units

Term Typically Offered: Fall, Spring

Designed to offer a variety of topics in the study of religion. Seminar presents a rotating series of subjects ranging from ancient religious literature to contemporary religious problems.

HRS 222. Evolving Concepts of God: Portrait of Deity in Monotheistic Religions. 3 Units

Term Typically Offered: Fall, Spring

Seminar traces the historical origin and cultural evolution of the God concept in monotheistic religions. Topics include the archaeological record of humanity’s earliest religious artifacts, evidence for the prehistoric worship of the “Great Goddess” figure, an examination of the polytheistic religions of the ancient Near East and their influence on the development of monotheism. Analyzes the evolving portrait of the Deity in the Hebrew Bible (Old Testament), the New Testament, and the Koran.

HRS 224. Religions of the Roman Empire. 3 Units

Term Typically Offered: Fall, Spring

Survey of the major religious beliefs and practices in the Greco-Roman world from 100B.C.E. – 400C.E. Topics include traditional Greek and Roman religions, healing cults, philosophical religion and Gnosticism.

HRS 226. Wisdom and Apocalyptic Literature. 3 Units

Prerequisite(s): LIBA 200A or graduate status in History or instructor permission.
Term Typically Offered: Fall, Spring

Examines two of the more creative literary genres that make up the canonical and deuterocanonical literature of the Jewish and Christian bibles. Both the historical and theological underpinnings of wisdom and apocalyptic writing will be explored in-depth, with some consideration given to literary analogues in Egyptian, Mesopotamian and Greek culture. Significant research into wisdom and apocalyptic writings outside of the testamental framework required.
Cross Listed: LIBA 226; only one may be counted for credit.
Cross listed: HRS 190B

studies, cultural studies, sociology, psychology, and anthropology. Through analysis of art and literature and through the insights of media and Religious Studies. Examines cultural constructions of the body.

Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines cultural constructions of the body.

Prerequisite(s): HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite

Term Typically Offered: Fall, Spring

Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines philosophies and theories of perception as applied to cultures, religious traditions, nature, film and literature. Investigates consciousness through examination of the subjectivity of human perception.

Cross listed: HRS 190C

Cross listed: HRS 190H

Cross listed: HRS 190D

Cross listed: HRS 190C

3 Units

Seminar in HRS: The Many Realities of Consciousness.

Prerequisite(s): Must be an HRS major or minor; Completion of 9 units of HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite

Term Typically Offered: Fall, Spring

Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines the role of the body in the creation of saints’ cults in medieval Europe through analysis of literature and art. Considers how the idea of martyrdom set the terms for an ideal Christian life and explores the role relics, pilgrimage and miracle stories played in medieval society.

Cross listed: HRS 190M

3 Units

Seminar in HRS: Death & Afterlife.

Prerequisite(s): Must be an HRS major or minor; Completion of 9 units of HRS lower division courses; Completion of the WPJ.

Term Typically Offered: Fall, Spring

Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines myths, theories, and perceptions of death and afterlife in cross-cultural and historical perspective through analysis of literature, the visual arts, and music.

Cross listed: HRS 190D

3 Units

Seminar in HRS: The Hero.

Prerequisite(s): Completion of 9 units of HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite

Term Typically Offered: Fall, Spring

Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines the hero in cross-cultural and historical perspective through analysis of visual artifacts, literature, history, philosophy, music and film.

Cross listed: HRS 190H

3 Units

Seminar in HRS: The Many Realities of Consciousness.

Prerequisite(s): Must be an HRS major or minor; Completion of 9 units of HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite

Term Typically Offered: Fall, Spring

Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines the role relics, pilgrimage and miracle stories played in medieval society.

Cross listed: HRS 190M

3 Units

Seminar in HRS: The Hero.

Prerequisite(s): Completion of 9 units of HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS majors or minors only.

Term Typically Offered: Fall, Spring

Seminar for graduate students in Department of Humanities and Religious Studies. Examines the role of the body in the creation of saints’ cults in medieval Europe through analysis of literature and art. Considers how the idea of martyrdom set the terms for an ideal Christian life and explores the role relics, pilgrimage and miracle stories played in medieval society.

Cross listed: HRS 190M

3 Units

Experimental Offerings in Humanities & Religious Studies.

Prerequisite(s): Instructor permission.

Term Typically Offered: Fall, Spring

Special graduate-level experimental course on specific themes, figures or topic areas. Scheduled as needed.

Note: May be taken twice for credit if topic differs.
HRS 299. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of the faculty member under whom the work is to be conducted and of the department's Graduate Advisor.
Term Typically Offered: Fall, Spring

Graduate level tutorial-reading course involving independent research. Topic and research method to be decided upon jointly by student and instructor.

HRS 500. Culminating Experience. 3 Units
Prerequisite(s): Advanced to candidacy and permission of the Graduate Coordinator.
Term Typically Offered: Fall, Spring

Completion of a thesis or comprehensive examination.

Interdisciplinary Studies (ID)

ID 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to the nature and possible meanings of higher education, and the functions and resources of the university. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Provides students with the opportunity to interact with fellow classmates and the seminar leader to build community of academic support and personal support.

ID 22. Contemporary Issues and Social Change. 3 Units
Prerequisite(s): ETHN 21
Generation after generation, university students have been key constituents in movements for social change. From public demonstrations to research studies, colleges and universities afford countless opportunities for students to advocate for a better world. This course explores how students can utilize university resources to explore interests and concerns, hone academic skills, and contribute to social change.

ID 96I. Experimental Offerings in Interdisciplinary Studies. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Opportunity for consideration of topics that cross disciplinary boundaries. Content will vary depending on the needs of students and interests of faculty.

ID 99. Special Problems. 1 - 4 Units
Term Typically Offered: Fall, Spring

Individualized directed projects or reading. Open to lower division students who present an adequately supervised plan of study. The course study should be interdisciplinary in nature and requires the approval of the faculty member under whom the individual work is to be conducted and of the Dean of the College of Social Sciences and Interdisciplinary Studies.
Credit/No Credit

ID 124. Social Justice in Interdisciplinary Perspective. 3 Units
Prerequisite(s): Sophomore standing or instructor permission.
Term Typically Offered: Fall, Spring

Examines the nature and forms of social justice and injustice. Addresses key philosophical and theoretical models and debates over the meaning of social justice, using historical and contemporary examples to highlight important concepts and controversies. Faculty from different departments within SSIS, and occasionally from other colleges, will address how their discipline understands and analyzes issues of social justice. Students will be encouraged to critically assess the assumptions of various perspectives on social justice, and to address the relationship of academic and social activism in achieving social justice.
Cross-listed: ANTH 130, ENVS 124, ETHN 124, FACS 124 and SOC 124. Only one may be counted for credit.

ID 194. Experiential Learning. 1 - 6 Units
Term Typically Offered: Fall, Spring

Re-entry students may earn 1-6 units by documenting their interdisciplinary life/work experiences that meet the objectives of upper division university course work for an appropriate faculty member to evaluate. Approval of credit is granted by the Dean of the College of Social Sciences and Interdisciplinary Studies. Students must attend a workshop scheduled through the Academic Advising Center during the semester prior to registering for the course. Credit must be awarded prior to applying for graduation.
Credit/No Credit

ID 195. Field Experience. 1 - 6 Units
Term Typically Offered: Fall, Spring

Supervised work experience of an interdisciplinary nature in an approved business, education, government or service agency. Students are required to engage in a minimum of three hours of supervised work per week for each semester unit of credit granted.
Note: May be repeated for credit up to a total of 6 units.
Credit/No Credit

ID 195A. Introductory Field Experience in Peer Health Education. 2 - 3 Units
Term Typically Offered: Fall, Spring

Hands-on experience working in Student Health and Counseling Services’ Health and Wellness Promotion department. Instruction covers basic theory and practice of peer health education. Under supervision, students function as Peer Health Educators, providing peer outreach and education on key college health issues. Students complete 2-3 units per semester. Participants are expected to commit to both ID 195A and ID 195B, for up to 6 units of total credit.
Credit/No Credit
ID 195B. Intermediate Field Experience in Peer Health Education. 2 - 3 Units

Prerequisite(s): ID 195A and instructor permission. Term Typically Offered: Fall, Spring

Continued hands-on experience working in Student Health and Counseling Services’ Health and Wellness Promotion department. Instruction covers intermediate theory and practice of peer health education. Under supervision, students function as Peer Health Educators, providing peer outreach and education on key college health issues. Students complete 2-3 units per semester. Participants are expected to commit to both ID 195A and ID 195B, for up to 6 units of credit total.

Credit/No Credit

ID 195C. Advanced Field Experience in Peer Health Education. 1 - 2 Units

Prerequisite(s): ID 195A, ID 195B, and instructor permission. Term Typically Offered: Fall, Spring

Further explores the theory and practice of peer education while building advanced leadership skills. Includes both academic and experiential aspects, allowing students to develop a deeper understanding of key college health issues, presentation skills, and program planning. Students serve as mentors and assistant trainers to Peer Health Educators, plan and implement campus events, and present classes to peer groups on campus.

Credit/No Credit

ID 196. Advanced Experimental Offerings in Interdisciplinary Studies. 1 - 3 Units

Prerequisite(s): Instructor permission. Term Typically Offered: Fall, Spring

Opportunity for in-depth consideration of topics that cross disciplinary boundaries. Content will vary on the needs of the students and interests of faculty.

ID 197. Training and Leadership for Orientation Leaders. 3 Units

Term Typically Offered: Fall, Spring

Introduce participants to concepts in peer advising and orientation at Sacramento State. Students will learn about the philosophy and purpose of orientation, academic policies, student services and campus facilities. Class activities are planned to help develop the leadership, interpersonal and communication skills necessary to be an effective peer adviser and campus representative.

Note: May be repeated for credit up to 6 units.

Credit/No Credit

ID 199. Special Problems. 1 - 6 Units

Term Typically Offered: Fall, Spring

Individual projects or directed reading. Open only to students who appear competent to carry on individual work. Generally will involve two or more of the major academic administrative units of the university. Admission requires the approval of the faculty member under whom the individual work is to be conducted and of the Dean of the College of Social Sciences and Interdisciplinary Studies.

Credit/No Credit

ID 200. Interdisciplinary Reading Seminar. 1 - 6 Units

Term Typically Offered: Fall, Spring

Readings in selected interdisciplinary topics. May be taken twice for credit.

ID 201. Interdisciplinary Research Seminar. 1 - 6 Units

Term Typically Offered: Fall, Spring

Research in selected interdisciplinary topics. May be taken twice for credit.

ID 296A. Grant Writing and Management. 3 Units

Prerequisite(s): Instructor permission. Term Typically Offered: Fall, Spring

Designed to provide an understanding of the grant seeking and management process. Seeks to acquaint students with the processes for designing, submitting and managing successful grant funding projects.

Credit/No Credit

ID 299. Special Problems. 1 - 4 Units

Term Typically Offered: Fall, Spring

Individual projects or directed reading. Generally involves two or more of the major academic units of the university.

Note: Departmental petition required.

Credit/No Credit

ID 500. Culminating Experience. 3 Units

Term Typically Offered: Fall, Spring

Completion of the Thesis or Project approved for the Master's degree.

Note: Advanced to candidacy for the Special Major Master’s degree.

Interior Design (INTD)

INTD 15. Introduction to Interior Design. 3 Units

General Education Area/Graduation Requirement: Arts (Area C1) Term Typically Offered: Fall, Spring

Introduction to the field of interior design. Consideration of human factors, aesthetics, design process, furnishings, surface treatments, and current issues. Lecture, discussions, field trips, two hours. Field trip(s) may be required.

INTD 20. Design. 3 Units

General Education Area/Graduation Requirement: Arts (Area C1) Term Typically Offered: Spring only

Examination of the visual arts as expressed in architecture and interiors, community planning, painting and sculpture, furniture, ceramics, graphics, photography, clothing, and industrial design. Lecture, discussion.

INTD 25. Design Fundamentals. 3 Units

Term Typically Offered: Fall, Spring

INTD 30. Introduction to Computer Aided Design. 3 Units

Prerequisite(s): INTD 25 or concurrent registration in INTD 25 is permissible if student has completed either GPHD 25 or PHOT 11.

Term Typically Offered: Fall, Spring

Introduction to the principles and techniques of architectural drafting. Through a series of exercises, students will learn digital drafting techniques commonly used to generate floor plans, sections, elevations, and axonometrics. Through a series of design problems, students will also be introduced to basic space planning concepts and vocabulary. Emphasis will be on CAD drawing skills and conventions, CAD vocabulary, and CAD document management procedures.

INTD 123. Survey of Western Architecture and Interiors. 3 Units

Term Typically Offered: Fall only

Survey of European and American buildings, interiors, furniture and decorative arts from the stone age through the twentieth century. We will look at individual works as representative of trends in design history and as reflections of broad cultural forces: economic, political, etc.

INTD 124A. American Design. 3 Units

Term Typically Offered: Fall only

Survey of high-style and vernacular buildings, interiors, and decorative arts from the 17th century to the beginning of World War I. Analyzes European, Asian, Hispanic/Latino/Chicano and other background sources of inspiration and influence. Lecture-discussion.

INTD 124D. Principles of House Design. 3 Units

Term Typically Offered: Spring only

Introduction to some of the major architectural movements of the 20th Century; discussion of environmental concerns as they relate to house design; study of basic principles in planning a house. Lecture, discussion, field trip. Field trip(s) may be required.

INTD 124E. Film/Design. 3 Units

Term Typically Offered: Spring only

Students will explore design approaches that give films a feeling of suspense, create a sense of place, or establish a period in time. This course will increase student awareness of space in filmmaking, and demonstrate that spatial organization plays a key role in the aesthetic success of a motion picture.

INTD 124F. Avant Garde Cinema. 3 Units

Prerequisite(s): ENGL 97 or PHOT 102.

Term Typically Offered: Spring only

Survey of experimental film from the beginning of the cinema in the 1890s through today’s avant garde. Emphasis filmmaking as a means of personal, artistic expression, and will pay particular attention to those aspects of cinema that are typically ignored or marginalized in mainstream Hollywood movies. Films studied include those by: Melies, Porter, Richter, Leger, Cornell, Deren, Brakhage, Jacobs and Gehr.

Cross listed: FILM 124F.

INTD 125. Urban Design and Society. 3 Units

General Education Area/Graduation Requirement: GE AREA D

Term Typically Offered: Fall, Spring

A history of urban design from Ancient Greece through today. The course will look at the conceptualizing, planning and development of cities through two distinct lenses: one focusing on visual and physical qualities, the other on how urban planning has been used to promote social/economic policy, political ideologies and institutions. Lecture, discussion. 3 units. GE Area D.

INTD 151. Interior Design Graphics I. 3 Units

Prerequisite(s): Grade "C" or better in each of the following courses: INTD 25, INTD 30, GPHD 10, GPHD 25, and PHOT 11

Corequisite(s): INTD 153 and either INTD 155 or INTD 165

Term Typically Offered: Fall, Spring

Emphasis will be on developing perspective and rendering capabilities, as well as on developing techniques for the execution of furniture, fabric, and color boards. Studio activity six hours.

INTD 153. Interior Design Studio I. 3 Units

Prerequisite(s): Grade "C" or better in each of the following courses: INTD 25, INTD 30, GPHD 10, GPHD 25, PHOT 11

Corequisite(s): INTD 151 and either INTD 155 or INTD 165

Term Typically Offered: Fall, Spring

Introductory studio course with emphasis on understanding functional and formal elements of architectural interiors. Students will communicate designs through two- and three dimensional drawings and models. Studio activity six hours.

INTD 155. Professional Practice I. 3 Units

Prerequisite(s): INTD 15 and INTD 30.

Term Typically Offered: Fall only

Study of the concepts and the analysis of technical and aesthetic applications of lighting design in both residential and commercial interiors. Lecture, discussion, field trips. Field trip(s) may be required.

INTD 161. Interior Design Graphics II. 3 Units

Prerequisite(s): Grade "C" or better in each of the following courses: INTD 151, INTD 153 and either INTD 155 or INTD 165.

Corequisite(s): INTD 163 and either INTD 155 or INTD 165.

Term Typically Offered: Fall, Spring

Continuation of the principles and techniques used in INTD 30. Students will be introduced to the different presentation types that are utilized including CAD as a 2D rendering and presentation tool. Emphasis will be on file setup, composition and layout of projects within the schematic design, design development, and construction document phases of design. Assignments will demonstrate typical design applications commonly used in the interior design/architecture professions including systems furniture planning and tenant improvement. Studio activity six hours.
INTD 163. Interior Design Studio II.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 151, INTD 153 and either INTD 155 or INTD 165.  
Corequisite(s): INTD 161 and either INTD 155 or INTD 165.  
Term Typically Offered: Fall, Spring  
An intermediate studio course where students continue to develop their understanding of functional and formal elements of architectural interiors. Students will communicate designs through two- and three-dimensional drawings and models. Studio activity six hours.

INTD 165. Professional Practice II.  
Prerequisite(s): INTD 15 and INTD 30.  
Term Typically Offered: Spring only  
Development of selection criteria for interior finishes based on material properties, cost and availability. An introduction to non-structural interior construction including wood and light gauge steel systems will be studied. Additional topics will include MEP systems, ceiling systems, and casework. Lecture/field trips. Field trip(s) may be required.

INTD 171. Interior Design Graphics III.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 161, INTD 163 and INTD 165.  
Corequisite(s): INTD 173 and either INTD 175 or INTD 195.  
Term Typically Offered: Fall, Spring  
Continuation of the principals and techniques used in INTD 30 and INTD 161. Students will become familiar with the basic vocabulary and concepts of three-dimensional modeling. Students will be introduced to three different modeling techniques - wireframe, surface and solid. Emphasis will be on the construction of 3D CAD models as a means for quickly generating design alternatives. Topics include 3D modeling concepts and techniques, the behavior of materials with light, material characteristics and textures, and computer rendering output methods. Studio activity six hours.

INTD 173. Interior Design Studio III.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 161, INTD 163 and INTD 165.  
Corequisite(s): INTD 171 and either INTD 175 or INTD 195.  
Term Typically Offered: Fall, Spring  
Advanced studio course where students continue to develop their understanding of functional and formal elements of architectural interiors. Students will communicate designs through two- and three-dimensional drawings and models. Studio activity six hours.

INTD 175. Professional Practice III.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 161, INTD 163 and INTD 165.  
Term Typically Offered: Fall only  
Study of the professional role of the interior designer in relation to that of the client, contractor and consultants. Legal and ethical issues are explored. Building codes, life-safety codes and ADA requirements are studied with emphasis on permit and plan-check requirements. Preparation for the NCIDQ exam and certification procedures are covered.

INTD 181. Interior Design Graphics IV.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 171, INTD 173 and either INTD 175 or INTD 195.  
Corequisite(s): INTD 183 and either INTD 175 or INTD 195.  
Term Typically Offered: Fall, Spring  
Interdisciplinary approach to prepare students for professional practice in the field of Interior Design. Student will be expected to complete a comprehensive portfolio of work.

INTD 183. Interior Design Studio IV.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 171, INTD 173 and either INTD 175 or INTD 195.  
Corequisite(s): INTD 181 and either INTD 175 or INTD 195.  
Term Typically Offered: Fall, Spring  
Thesis studio in which students research and develop individual design projects. Students will draw upon knowledge and skills from previous coursework to create solutions to complex design problems. Projects are completed with assistance from instructor, client and working professionals. Students are required to submit a design proposal for instructor approval in the Fall. Studio activity six hours.

INTD 195. Professional Practice IV-Internship.  
Prerequisite(s): Grade "C" or better in each of the following courses: INTD 161, INTD 163, INTD 165.  
Term Typically Offered: Fall, Spring  
Direct work experience in approved architecture, design, corporate, private or government office. Supervision is provided by both the instructional staff and the cooperating agency. Credit/No Credit

INTD 199. Special Problems.  
Term Typically Offered: Fall, Spring  
Individual projects or directed reading.  
Note: Departmental petition required. Credit/No Credit

INTD 295. Field Study.  
Prerequisite(s): Undergraduate major or minor in Interior Design, individual arrangement with instructor.  
Term Typically Offered: Fall, Spring  
Guided study, observation or work experience in an area in which the graduate student needs advanced and specialized study. Credit/No Credit

International Business (IBUS)

IBUS 190. International Business.  
Term Typically Offered: Fall, Spring, Summer  
Analyzes international business: foreign markets; export-import trade; licensing agreements; foreign exchange problems; role of the multinational firm; intergovernmental trade agreements; balance of payments; decision making in foreign environments.
Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and cooperating agencies.

Note: Open to upper division students, subject to permission of the Management Area. Open to declared business administration majors only. Petitions can be obtained from the Undergraduate Business Center, Tahoe 2065.

Credit/No Credit

IBUS 199. Special Problems in International Business. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.

Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Center, Tahoe 1030.

Credit/No Credit

International Masters in Business Administration (IMBA)

IMBA 210. Managerial Accounting. 3 Units
Term Typically Offered: Fall, Spring

A consistent emphasis on managerial accounting and reporting is cost identification, allocation and control. This course expands the traditional view of accounting to include an examination of the integration of the historic three tools with cost elements. This expanded view would include environmental and political costs, compliance with multinational reporting standards, tax compliance and treaty costs.

IMBA 211. Global Corporate Finance. 3 Units
Term Typically Offered: Fall, Spring

Provides students a well-rounded understanding of the language and financial expectations/performance of organizations. Candidates will learn how to evaluate decisions from the perspective of shareholder and stakeholders. With this perspective they will be better equipped to make better business decisions and also understand the financial impact of those decisions.

IMBA 213. Marketing Management. 3 Units
Term Typically Offered: Fall, Spring

Presents how modern marketing principles can be applied to real-world situations. The emphasis will be on studying strategies used by organizations in today’s highly competitive and evolving marketplace. Case studies will be utilized to fully develop techniques for creating marketing programs given varying levels of resources and information available under diverse market conditions.

IMBA 214. Statistical Decision Making. 3 Units
Term Typically Offered: Fall, Spring

Presents how business decisions are now made in an increasingly competitive and complex business environment. The emphasis will be on how to better respond to this challenge by using quantitative methods to forecast, extrapolate, analyze, and simulate a business situation for effective decision-making. Case studies will be used to develop those capabilities.

IMBA 215. Information Technology Management. 3 Units
Term Typically Offered: Fall, Spring

Covers the major challenges organizations deal with today as they attempt to manage their key technological resources as well as with implementing technological innovations. Addresses the digital opportunities and threats organizations face from senior management perspectives.

IMBA 216. Human Resource Management in Intl Perspective. 3 Units
Term Typically Offered: Fall, Spring

Reviews the organization theory from a macro perspective (structure, process, technology, people, and culture). Special attention will be paid to organization structure, human resources, design, control, culture and inter-organizational relationship.

IMBA 217. Business Law and Legal Environment. 3 Units
Term Typically Offered: Fall, Spring

Addresses such topics as comparative legal environments in international business, dispute settlement, foreign investment, money and banking, trade in goods, services and labor, intellectual property, sales, transportation, financing and taxation, multinational enterprise, and ethical standards and the responsible roles of business in international society.

IMBA 231. Global Financial Institutions and Markets. 3 Units
Prerequisite(s): IMBA 211.
Term Typically Offered: Fall, Spring

Introduces students to the principles and dynamics of international financial markets and institutions. Addresses the operational aspects of global financial institutions with the emphasis on foreign exchange risk management problem. The major objective is to have students develop an operational understanding of the financial problems faced by nations as well as the local and multinational corporation.

IMBA 232. International Trade. 3 Units
Prerequisite(s): IMBA 231.
Term Typically Offered: Fall, Spring

Examines in detail the global business operations within the context of today’s international trade. International trade has an era typified by unprecedented worldwide production and distribution. Provides students with and understanding of these changes, and their impact on international trade. The primary objective is to prepare students to identify and respond to new opportunities and challenges in international trade.
IMBA 233. International Investments. 3 Units
Prerequisite(s): IMBA 231.
Term Typically Offered: Fall, Spring
The main objective is to provide students with a framework for making financial decisions in the international business arena. To this end, relevant features of exchange rate instruments and their determination, international equity markets, international investments will be covered. Also addressed is the issue of exposure to foreign exchange rate risk and associated hedging strategies.

IMBA 234. Contemporary Issues in International Finance. 3 Units
Prerequisite(s): IMBA 231.
Term Typically Offered: Fall, Spring
Focuses on exploring contemporary issues in international finance. Emphasis is placed on exploring and discussing: new financial investment instruments and consideration of the risk and return of the Venture Capital firms as an investment vehicle; the U.S. based Private Equity Funds around the world and the tools and techniques for managing foreign exchange risk; and the process of Initial Public Offerings (IPO) in different economies.

IMBA 241. Comparative International Management. 3 Units
Prerequisite(s): IMBA 216.
Term Typically Offered: Fall, Spring
Takes a global perspective in dealing with management issues in both foreign and diverse host environments. Communication and cross-cultural management issues are addressed in the context of changing global environments, especially in rapidly growing regions and countries.

IMBA 242. Multinational Corporate Management. 3 Units
Prerequisite(s): IMBA 216.
Term Typically Offered: Fall, Spring
Focuses on managerial challenges associated with developing strategies and managing operations of multinational corporations (MNCs) where activities stretch across national boundaries. A cross-cultural and functional perspective is adopted in investigating MNCs' operating environments and competitive strategies through the analysis and discussion of selected case materials.

IMBA 243. Global Supply Chain Management. 3 Units
Prerequisite(s): IMBA 216.
Term Typically Offered: Fall, Spring
Introduce the major concepts and tools for the delivery of enhanced customer and economic value through global synchronized management of the flow of physical goods and associated information from sourcing to consumption. Includes key topics in purchasing, supply chain management, and distribution and logistics management.

IMBA 244. Project Management. 3 Units
Prerequisite(s): IMBA 216.
Term Typically Offered: Fall, Spring
Covers all phases of managing projects, from project selection to project termination. Specific topics include project life cycle, project selection methods, planning and scheduling techniques, accounting and budgeting methods, resource allocation, procurement and contract negotiation, organizational and ethical issues, and project termination. Current issues and cases will also be discussed, and software systems, such as MS Project and Internet-based file sharing systems will be incorporated into relevant portions of the course.

IMBA 251. Information Technology Resource Management. 3 Units
Prerequisite(s): IMBA 215.
Term Typically Offered: Fall, Spring
Examines the management of information technology as a vital resource to an organization. As a vital resource, the business must effectively and efficiently manage and secure its IT resources.

IMBA 252. Enterprise Information Technology Planning. 3 Units
Prerequisite(s): IMBA 215.
Term Typically Offered: Fall, Spring
As an organizational integrator, IT presents many new opportunities at the enterprise level to design and implement new organizational structures and business processes. Enterprise IT primarily involves enterprise resource planning (ERP), supply chain management (SCM), knowledge management (KM) and customer relationship management (CRM) to support and seamlessly coordinate business activities.

IMBA 253. Strategic Information Technology Planning. 3 Units
Prerequisite(s): IMBA 215.
Term Typically Offered: Fall, Spring
Strategic IT planning defines the direction a business chooses to direct its IT resources. It encompasses a vision, mission, strategy and objectives that closely align to the business' vision, mission, strategy and objectives. Planning involves examining how IT will support the achievement of the business' goals and objectives, and how IT can open new opportunities to create new business goals.

IMBA 254. Information Technology Project Management. 3 Units
Prerequisite(s): IMBA 215.
Term Typically Offered: Fall, Spring
Implementing IT initiatives requires a business to not only carefully evaluate their alignment to the business’ goals and objectives, but to identify and assess risks that they present. Selecting projects requires a comparison of their feasibility, complexity, scalability and impact. A project portfolio provides a means to direct the right resources to the right projects to ensure their completion at the right time. Plans must be developed and key performance measures identified and tracked.

IMBA 255. Information Technology Leadership. 3 Units
Prerequisite(s): IMBA 215.
Term Typically Offered: Fall, Spring
Leadership plays an important role in determining a business’ success with IT. It requires recognizing and leveraging the business’ competencies and core values, and championing initiatives and projects that work in the best interest of the business and create value. Examines the various elements that comprise IT leadership.

IMBA 296. Experimental Offerings in Executive Management. 3 Units
Term Typically Offered: Fall, Spring
When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in executive management.

Note: May be repeated for credit
IMBA 299. Special Problems in Business. 1 - 3 Units
Prerequisite(s): Classified graduate standing or instructor approval
Term Typically Offered: Fall, Spring

Individual projects or directed readings for students qualified to carry on in independent work.

Note: Enrollment requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions to be obtained from the Graduate Business Advising Center (GBAC).

IMBA 500. Leadership and Change Management. 3 Units
Prerequisite(s): Must complete five of the following: IMBA 210, IMBA 211, IMBA 213, IMBA 214, IMBA 215, IMBA 216 and IMBA 217
Corequisite(s): May be concurrently enrolled in two of the following: IMBA 210, IMBA 211, IMBA 213, IMBA 214, IMBA 215, IMBA 216 and IMBA 217
Term Typically Offered: Fall, Spring

Advanced studies of leadership in business organizations. The key themes of the course are leading teams and leading during times of change. An integral part of the course is to study current business leaders and analyze their leadership practices. Leadership is studied in an integrated fashion based on different business functions and industrial experiences. Successful completion of this course satisfies the culminating experience for the IMBA program.

Italian (ITAL)

ITAL 1A. Elementary Italian. 4 Units
Term Typically Offered: Fall only

Focuses on the development of the four basic skills (understanding, speaking, reading, writing) through the presentation of many cultural components (two per week) which illustrate the Italian "modus vivendi:" social issues, family, food, sports, etc.

ITAL 1B. Elementary Italian. 4 Units
Prerequisite(s): ITAL 1A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring

Continuation of ITAL 1A with greater emphasis on reading, writing. Addition of one reader which contains more cultural material (geography, political issues, government, fashion, etc.).

ITAL 2A. Intermediate Italian. 4 Units
Prerequisite(s): One year college Italian or suitable score on placement exam.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall only

Intermediate course in the Italian language with emphasis on speaking, reading and writing ability; review of grammar; discussions and compositions in Italian. Meets the Foreign Language Graduation Proficiency Requirement.

ITAL 2B. Intermediate Italian. 4 Units
Prerequisite(s): ITAL 2A or suitable score on placement exam.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of ITAL 2A. Meets the Foreign Language Graduation Proficiency Requirement.

ITAL 102. Italian Advanced Conversation. 3 Units
Prerequisite(s): ITAL 2B or instructor permission.
Term Typically Offered: Fall, Spring

Designed to develop oral fluency through free discussion on prepared topics, and supervised practice to develop audio-lingual skills at the advanced level. Course conducted in Italian. May be taken for credit twice.

ITAL 103. Advanced Grammar and Composition. 3 Units
Prerequisite(s): ITAL 2B or equivalent.
Term Typically Offered: Fall, Spring

Study of grammar and style and their application in oral and written exercises, in translations and in compositions.

ITAL 104A. Introduction to Italian Cinema I. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Italian Cinema from the 1940's to its Golden Period in the 1960's through the 1970's. Films will be viewed in their cultural, aesthetic and/or historical context. Readings and guiding questionnaires will help students develop appropriate viewing skills. Films will be shown in Italian with English subtitles.

ITAL 104B. Introduction to Italian Cinema II. 3 Units
Term Typically Offered: Fall, Spring

Focuses on Italian Cinema from the 1980's and the 1990's. The "New Generation" of Italian Directors will be considered (Nanni Moretti, Gabriele Salvatore, Maurizio Nichetti, Giuseppe Tornatore, Roberto Benigni, Liliana Cavani, Fiorenza Infascelli, Francesca Archibugi, etc.) as well as current productions. Films will be shown in Italian with English subtitles.

ITAL 110. Introduction to Italian Literature I. 3 Units
Prerequisite(s): Upper division status and instructor permission.
Term Typically Offered: Fall only

Beginning and major developments of the literature of Italy from the Middle Ages through the Baroque period of the 17th Century. Analyzes the literary movements with emphasis on their leading figures, discussion of literary subjects, instruction in the preparation of reports on literary, biographical and cultural topics. Taught in Italian.

ITAL 111. Introduction to Italian Literature II. 3 Units
Prerequisite(s): Upper division standing and instructor permission.
Term Typically Offered: Fall, Spring

Major developments in the literature of Italy from the Enlightenment movement of the 18th Century through the 20th Century. Analysis of the literary movements with emphasis on their leading figures, discussion of literary subjects, instruction in the preparation of reports on literary, biographical, and cultural topics. Taught in Italian.
ITAL 130. Italian Civilization: The Dialogue Form It's Origins and European Context.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Focus on Italian civilization in a Mediterranean context. Allows students to develop a critical understanding of the dialogue in the context of Italian and Western Civilization, from its origins in Ancient Egypt and Greece, to its flowering in the Renaissance and its return during the Enlightenment, to its endurance in modern times. Issues emphasized are philosophical and literary movements in their historical contexts. Socratic dialogue and other related genres, the dialogue as a typical Renaissance form with a variety of perspectives (feminine, poetic, satirical, etc.) the Enlightenment thinkers in Italy and France and their modern heritage are studied. Taught in English.

ITAL 131. The Italian Renaissance and Its Influence on Western Civilization.  3 Units
Term Typically Offered: Fall, Spring

Taught in English, explores the phenomenon of the Italian Renaissance in its literary, artistic, religious, social, historical, scientific, and economic aspects through the analysis of the period’s major works, and through films, slides, lectures and discussions. The issues to be emphasized are the uniqueness of the Italian contribution to new ideas and values, and their influence on Western Civilization. The students will learn to recognize the sources and the effects of the Italian Renaissance within the integrated context of Western culture and various fields of knowledge.

ITAL 194. Field Experience/Internship.  1 - 3 Units
Prerequisite(s): Intermediate competency in Italian and instructor permission.
Term Typically Offered: Fall, Spring

Directed fieldwork in a project which uses the language skills developed through previous study of Italian. The projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. Can be taken more than once for credit. Credit/No Credit

ITAL 195. Fieldwork - Tutoring.  1 - 3 Units
Prerequisite(s): Student with native or near-native fluency in Italian and upper division status; or instructor permission.
Term Typically Offered: Fall, Spring

Tutoring of lower divisionItalian students, under the supervision of an instructor. Three hours of tutoring per week for each unit.
Note: May be repeated until a maximum of 6 units is reached.
Credit/No Credit

ITAL 199. Special Problems.  1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Departmental petition required.
Credit/No Credit

Japanese (JAPN)

JAPN 1A. Elementary Japanese.  5 Units
Term Typically Offered: Fall only

Develops elementary spoken Japanese, reading and writing in Kana and Kanji, and the practical skills required to effectively use the modern language. Emphasis on the culture, customs, and traditions of Japan.

JAPN 1B. Elementary Japanese.  5 Units
Prerequisite(s): JAPN 1A or instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2), Foreign Language Graduation Requirement
Term Typically Offered: Spring only

Continuation of JAPN 1A, with emphasis on speaking, vocabulary, reading, grammar, speech patterns, and cultural knowledge. The Kana and Kanji writing systems, geography, and aspects of Japanese customs and manners are included.

JAPN 1C. Accelerated Elementary Japanese.  8 Units
This is an intensive introductory Japanese language course equivalent to one year of first-year Japanese (JAPN 1A and JAPN 1B) concentrated in one semester. Class meets four times a week for two hours a period and progresses at an accelerated pace. The course provides a solid foundation in the four language skills—listening, speaking, reading, and writing. In addition, students will acquire cultural knowledge necessary for appropriate communication and smooth functioning in Japanese society. Students enrolling in JAPN 1C must be able to read and write hiragana and katakana, the two basic phonetic syllabaries.

JAPN 2A. Intermediate Japanese.  4 Units
Prerequisite(s): JAPN 1A, JAPN 1B; or equivalent.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall only

Emphasis on speaking, reading, and grammatical skills through dialogues, discussions, and reading. Meets the Foreign Language Graduation Proficiency Requirement.

JAPN 2B. Intermediate Japanese.  4 Units
Prerequisite(s): JAPN 2A or equivalent.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Spring only

Continuation of JAPN 2A. Further development of speaking, reading, grammar, and composition skills. Meets the Foreign Language Graduation Proficiency Requirement.

JAPN 110. Introduction to Japanese Literature.  3 Units
Prerequisite(s): JAPN 2B or instructor permission.
Term Typically Offered: Spring only

Introduction to Japanese literature from the 10th century to the present. The various forms of Japanese classic and contemporary literature will be surveyed through the selective reading of representative works. Class will be conducted in both Japanese and English.

JAPN 116A. Language and Culture of the Japanese and the Japanese in America.  3 Units
Prerequisite(s): JAPN 2B or equivalent.
Term Typically Offered: Fall only

Designed to expose advanced students in Japanese to the practical use of modern Japanese.
JAPN 116B. Language and Culture of the Japanese and the Japanese in America. 3 Units
Prerequisite(s): JAPN 116A or instructor permission.
Term Typically Offered: Spring only
Continuation of JAPN 116A in more advanced modern Japanese.
JAPN 120. Japanese Civilization. 3 Units
Term Typically Offered: Spring only
Explore traditional and contemporary Japan through a variety of topics including geographical setting, historical development, language, literature, aesthetics, customs and manner, communication, pop-culture, economic development, politics and globalization. Taught in English.
JAPN 150. Advanced Japanese Grammar, Conversation. 3 Units
Prerequisite(s): JAPN 2B or instructor permission.
Term Typically Offered: Fall only
Review of general principles of Japanese grammar and study of advanced grammar and their application in oral and written exercises and projects such as speech, presentations, and translations.
JAPN 194. Field Experience/Internship. 1 - 3 Units
Prerequisite(s): Intermediate competency in Japanese and instructor permission.
Term Typically Offered: Fall, Spring
Directed fieldwork in a project which uses the language skills developed through previous study of Japanese. The projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. Can be taken more than once for credit.
Credit/No Credit
JAPN 195. Fieldwork -- Tutoring. 1 - 3 Units
Prerequisite(s): Advanced students who have native or near native fluency or upper division status, or instructor permission.
Term Typically Offered: Fall, Spring
Tutoring of lower division Japanese students, under the supervision of an instructor. 3 hours of tutoring per week for each unit.
Credit/No Credit
JAPN 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects, or directed reading. Open only to students competent to carry on independent study.
Note: Departmental petition required.
Credit/No Credit

Journalism (JOUR)

JOUR 20. Style For Media Writers. 1 Unit
Term Typically Offered: Fall, Spring
Intensive review of grammar, word use, spelling, and principles of clear, concise writing.
Credit/No Credit

JOUR 30. News Writing. 3 Units
Corequisite(s): JOUR 20.
Term Typically Offered: Fall, Spring
Fundamentals of news gathering and news writing. Emphasis on language and style used in feature and news stories.
Note: Computer familiarity (MAC-OS) recommended.

JOUR 50. Mass Media and Critical Thinking. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring
Introduction to reasoning skills useful to the journalism major and general education student alike in interpreting and judging information, entertainment and advertising in the mass media. Emphasis on how to assess the quality of news as information, and on how to think critically about the effects of mass-produced culture.

JOUR 55. Media Communication and Society. 3 Units
Term Typically Offered: Fall, Spring
Introduction to the basic concepts of mass communication, including the effects, uses, and functions associated with the goods and services of mass media. Examination of the ways mass media combine with other institutions to affect the organization, design, and comprehension of communication messages, as well as political thought, cultural beliefs, and economic behavior.
Cross Listed: COMS 55; only one may be counted for credit.

JOUR 100. Principles of Journalism. 3 Units
Term Typically Offered: Fall, Spring
Theory and development of American journalism, with an emphasis on ethical and socially responsible practice.

JOUR 120. History Of The Media. 3 Units
Prerequisite(s): COMS 55/JOUR 55 or equivalent; may be taken concurrently with prerequisite.
Term Typically Offered: Fall, Spring
Examination of development of major media of mass communication in the U.S. and how the economics, content, regulation and audience use of the media have been affected by the way the media have evolved. Current issues and trends are discussed, as well as possible future development. Cross Listed: COMS 120; only one may be counted for credit.

JOUR 123. Writing For Public Information. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
Term Typically Offered: Fall, Spring
Organization and operation of communication media; practice in publicity and public relations techniques. Emphasis on clear writing and correct public relations formats such as releases, PSAs, articles, and speeches.
Note: Computer familiarity (MAC-OS) recommended. Cross Listed: COMS 123; only one may be counted for credit.
JOUR 125A. Writing for Broadcasting: Copywriting. 3 Units
Prerequisite(s): ENGL 1A or equivalent.
Term Typically Offered: Fall, Spring

General broadcast, radio, cable, and video writing course which emphasizes aural style and writing requirements for various genres. Topics include commercial writing, corporate/instructional scriptwriting, interview scripting, and broadcast news writing.

JOUR 125B. Broadcast News: Theory and Practice. 3 Units
Prerequisite(s): JOUR 125A.
Term Typically Offered: Fall, Spring

Introduction to the theory and practice of contemporary broadcast news with emphasis on identifying, reporting, writing and delivering broadcast news. Explores the ethical considerations of broadcast journalism and the application and effects of law and regulation.

JOUR 128. News Editing. 3 Units
Prerequisite(s): JOUR 20, JOUR 30.
Term Typically Offered: Fall, Spring

Instruction and practice in editing, headline writing, caption writing, and design for print and online publications.

JOUR 130A. News Reporting I. 3 Units
Prerequisite(s): JOUR 20, JOUR 30.
Corequisite(s): JOUR 130B.
Term Typically Offered: Fall, Spring

Instruction and practice in journalistic research, interviewing, and reporting skills.
Note: Computer familiarity (MAC-OS) recommended.

JOUR 130B. News Reporting II. 3 Units
Prerequisite(s): JOUR 20, JOUR 30.
Corequisite(s): JOUR 130A.
Term Typically Offered: Fall, Spring

Practice in covering a news beat, writing news and feature stories on a weekly basis. Instruction includes reporting on local government.
Note: Computer familiarity (MAC OS) recommended.

JOUR 131. Column and Review Writing. 3 Units
Term Typically Offered: Fall, Spring

Offers advanced journalism and broadcast students the opportunity to expand reporting skills beyond the traditional summary and interview style of reporting, to in-depth research into issues and controversies of the times in order to write interpretative, critical and analytical articles. Students will analyze issues, situations, events and behaviors and predict future trends. Styles or writing will focus on writing with opinion, including editorials, columns, reviews and analyses.

JOUR 132. Magazine Writing. 3 Units
Prerequisite(s): JOUR 30, and GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Writing and submitting feature articles to magazines as well as analysis of markets for freelance work. In addition to improving writing skills, students prepare and submit professional quality manuscripts for publication.
Note: Computer familiarity (MAC-OS) recommended.

JOUR 134. War, Peace and the Mass Media. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring, Summer

Concerned with the relationship of mass media to war and the possibilities for peace, with emphasis on recent concepts of political communication.
Cross Listed: GOVT 134; only one may be counted for credit.

JOUR 135. Public Affairs Reporting. 3 Units
Prerequisite(s): JOUR 130A, JOUR 130B; GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109 M or ENGL 109 W; or 4-unit placement in ENGL 109 M or ENGL 109 W and co-enrollment in ENGL 109 X; or WPJ score 70 or 71 and co-enrollment in ENGL 109 X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Preparation and practice for covering California public issues, with a focus on state government.
Note: Computer familiarity (MAC OS) recommended.

JOUR 135. Mass Media Law and Regulation. 3 Units
Term Typically Offered: Fall, Spring

Examines the laws and regulations that govern print, broadcast, and the electronic mass media in the U.S. The process by which laws and regulations are enacted and interpreted are discussed as well as legal and regulatory issues concerned with the content, control, political role and responsibilities of media practitioners, regulators, Congress and the public.
Cross Listed: COMS 153; only one may be counted for credit.

JOUR 138. Public Relations Planning and Management. 3 Units
Prerequisite(s): COMS 118 and JOUR 123 or COMS 123 with grade of "C-" or better.
Term Typically Offered: Fall, Spring

Application of theoretical concepts to the solution of problems for pre-selected non-profit and campus clients by forming small group PR agencies; completing needs assessments; profiling target and secondary audiences; developing and implementing a strategic public relations plan; producing targeted messages for media kits and other uses; developing and evaluating formative and summative evaluation plans; and making formal in-class presentations to peers, clients and invited PR professionals. Students will also learn how to negotiate contracts, maintain client relations, track work on projects and develop timelines and budgets.
Cross Listed: COMS 158; only one may be counted for credit.

JOUR 172. Women in the Mass Media. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Exploration of women's role in mass media, with particular emphasis on advertising and news reporting, and development of alternative methods and perspectives; a study of women's professional involvement in newspaper/magazine journalism and radio/television broadcasting; student participation in media project, i.e., production, research, community contact.
JOUR 175.  Minorities, Social Change and the Press.  3 Units
Term Typically Offered: Fall, Spring
Examination of the relationship between Africans, Hispanics, Asians and Native Americans and the mass media. Focuses on issues involving this interaction and its effect on ethnic minority groups, their portrayal in the mass media, and the varying perceptions of a culturally pluralistic and racially diverse society. Provides a critical analysis and discussion of the role played by mass media in racial, gender and cultural change in the U.S. over the past 150 years.

JOUR 193.  The Business of News.  3 Units
Term Typically Offered: Fall, Spring
Examination of issues related to the contemporary delivery of journalism, including exploration of various business models for dissemination online, in print, and by broadcast.
Note: Instructor approval required

JOUR 194.  Journalism Related Work Experience.  3 - 6 Units
Term Typically Offered: Fall, Spring
Supervised employment in a company or agency working on journalism-related assignments, arranged through the Department of Communication Studies and the Cooperative Education Program office. Requires preparation of application packet, completion of a 6 month full-time or part-time work assignment, and a written report.
Note: Open only to upper division or graduate students with appropriate course preparation. Units MAY NOT be used to meet the Journalism major or minor. Consent of Communication Studies Department advisor required. No more than 12 units will count toward the degree.

Credit/No Credit

JOUR 195.  Internship In Journalism.  1 - 6 Units
Prerequisite(s): JOUR 130A, JOUR 130B and minimum 2.3 overall GPA.
Term Typically Offered: Fall, Spring
Directed work experience through the internship program with public agencies or with journalistic publications, organizations or agencies. Supervision is provided by both the instructional staff and the cooperating agency.
Note: Student must make arrangements with the internship coordinator upon admittance to the course. Limited to Journalism majors and minors and Government-Journalism majors. No more than six units of JOUR 195 may be counted toward the Journalism major.

Credit/No Credit

JOUR 196.  Experimental Offerings in Journalism.  3 Units
Term Typically Offered: Fall, Spring
One time and new classes in journalism will be scheduled as needed. 2.0 - 3.0 units

JOUR 197A.  Journalism Laboratory.  3 Units
Prerequisite(s): JOUR 30.
Term Typically Offered: Fall, Spring
Working as a staff member of the State Hornet Newspaper as a writer, photographer, graphic designer or advertising salesperson.
Note: Journalism majors are required to take either JOUR 197A, JOUR 197B, or JOUR 195.

JOUR 197B.  Journalism Laboratory.  3 Units
Prerequisite(s): JOUR 30 and instructor permission.
Term Typically Offered: Fall, Spring
Working as an editor or manager of the State Hornet. Responsibilities may include copy editing, layout and design and/or staff management.
Note: Journalism majors are required to take either JOUR 197A, JOUR 197B or JOUR 195.

JOUR 199.  Special Problems.  1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Individual projects or directed reading open to students who wish to attempt independent work. Faculty approval required.
Note: Journalism majors or minors may submit no more than 6 units of JOUR 199 and JOUR 299 toward their degrees.
Credit/No Credit

JOUR 299.  Special Problems.  1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Open only to students who are competent to carry on individual work.
Note: Departmental petition required. Journalism majors or minors may submit no more than 6 units of JOUR 199 and 299 toward their degrees.
Credit/No Credit

Kinesiology (KINS)

KINS 4.  Beginning Swimming.  1 Unit
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Development of physical and mental adjustment to the water. Basic instruction in front crawl, back crawl, elementary backstroke, breast and side strokes and survival is stressed.
Note: May be repeated for credit.

KINS 5.  Intermediate Swimming.  1 Unit
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Development of physical skills involving strokes, turns, safety and survival techniques.
Note: May be repeated for credit.

KINS 9.  Beginning Sailing.  1 Unit
Prerequisite(s): 50 yards swimming ability.
Term Typically Offered: Fall, Spring
Instruction in the fundamentals of sailing including safety and a discussion of terminology and technology of sailing. Additional charge for off-campus services.
Note: May be repeated for credit.
KINS 10. Intermediate Sailing.
Term Typically Offered: Fall, Spring

Continuation of KINS 25, using our fleet of C-15s, Laser and Hobie Turbo 14s. Covers rigging, boating safety, sailing, theory and racing tactics. 
Note: May be repeated for credit.

KINS 11. Basic Windsurfing.
Term Typically Offered: Fall, Spring

Introduces the student to the basic fundamentals of windsurfing. Covers rigging, terminology, balance, stance, sail adjustment, safety, rescue skills, and tricks.
Note: May be repeated for credit.

Term Typically Offered: Fall, Spring

Prerequisite(s): 50 yards swimming ability.

Basic water skiing, boat and boating safety and in the fundamental skills in water skiing. Additional charge for off-campus services.
Note: May be repeated for credit.

Term Typically Offered: Fall, Spring

Teaches the novice rower oar control, basic commands, and correct style. Students will begin rowing on a modern eight-oared racing shell and be introduced to the one person rowing single.
Note: May be repeated for credit.

KINS 15. Introduction to Fly Fishing.
Term Typically Offered: Fall, Spring

KINS 15 is a course designed for Sacramento State students of all experience levels to develop proficiency in the sport of fly fishing while promoting an appreciation of the sport as a socio-cultural and lifetime recreational pursuit. Instruction/participation will include, but is not limited to the following topics: conditioning, conservation techniques, equipment use/care/selection, fly casting, aquatic entomology, stream hydrology, interpretation of fly fishing opportunities, fly fishing tactics, basic knots, and field trips to local streams. Field trip(s) may be required.

KINS 21. First Year Seminar: Becoming an Educated Person.
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Provides students with the opportunity to interact with fellow classmates and the seminar leader to build a community of academic and personal support.

KINS 22. Creative Aerobic Fitness I.
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Provides student with a wide range of flexibility, strength, muscular endurance and creative cardiovascular endurance (aerobic) exercises that promote physical fitness, positive changes in body composition and stress reduction when performed regularly.
Note: May be repeated for credit.

Term Typically Offered: Fall, Spring

Using the unique buoyancy and resistance properties of water, the course includes aquatic exercises for flexibility, strength, and cardiovascular endurance to promote general fitness, body conditioning, and stress reduction. As the course will take place in shallow water, swimming proficiency is not required.
Note: May be repeated for credit.

KINS 26. Exercise For Fitness.
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Designed to encourage self-improvement through posture evaluation, biomechanic analysis of exercises performed and through participation in varied exercise forms. Students will develop a personalized repertoire of strength, suppleness and stamina exercises calculated to improve possible deficiencies in posture or movement to optimize enjoyment of living.
Note: May be repeated for credit.

General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Jogging will expose the student to the fundamentals of jogging/running, its potential physiological and sociological benefits as a lifetime activity, fitness testing and individualized conditioning programs.
Note: May be repeated for credit.

KINS 30. Bicycling.
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Cycling as a lifetime sport; physiological benefits derived from bicycle riding; individual functional evaluation and conditioning, cycle touring. Lecture one hour; activity two hours.
Note: May be repeated for credit.

KINS 33. Intermediate Weight Training.
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Weight training as a lifetime fitness activity; emphasis on going beyond the beginning level through development of an individualized program designed to meet the needs of each individual.
Note: May be repeated for credit.
KINS 36.  Beginning Olympic Weight Lifting.  
Prerequisite(s): KINS 33 or equivalent.  
Term Typically Offered: Fall, Spring

Introduces the lifter to the sport of weight lifting which consists of the two lifts (two hands snatch and the two hands clean and jerk) used in Olympic competition. It includes the complete breakdown of the two lifts, the assistive lifts necessary to learn the parts of the two lifts, and the proper training sequence. The students will also be introduced to training cycles, proper diet, and the use of assistive equipment.

Note: May be repeated for credit.

KINS 40.  Tai Chi.  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring

Examines the historical, philosophical, psychological and physiological aspects of Tai Chi. Students will be provided the opportunity to experience a wide range of movement patterns that focus on the integration of mind and body. The form and structure of technique as well as breathing exercises will be included.

Note: May be repeated for credit.

KINS 43.  Beginning Tae Kwon Do.  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring

Primary emphasis on throwing, blocking, punching and kicking. The philosophy of Truism and Confucianism is explored.

Note: May be repeated for credit.

KINS 46.  Beginning Judo.  
Term Typically Offered: Fall, Spring

Instruction in beginning judo tactics including throws and falls, conditioning, and protective devices for self-defense.

Note: May be repeated for credit.

KINS 50.  Uechi-Ryu Karate.  
Term Typically Offered: Fall, Spring

Examines the historical, philosophical, and physical aspects of Uechi-Ryu Karate. Students will be asked to learn the basic techniques and skills used in this Okinawan system as well as to develop and improve in body development of sufficient basic proficiency in golf to recognize and enjoy it as a lifetime activity; including U.S.G.A. rules, etiquette and the fundamental mechanics involved in the use of irons and woods.

Note: May be repeated for credit.

Term Typically Offered: Fall, Spring

Multifaceted conditioning course that utilizes self defense techniques to develop self discipline, confidence and respect for physical capabilities and limitations of others.

Note: May be repeated for credit.

KINS 63.  Beginning Ballroom Dance.  
Term Typically Offered: Fall, Spring

Development of proficiency in ballroom dance, including history, vocabulary, ballroom dance etiquette and basic steps for foxtrot, waltz, hustle, cha cha, tango, rhumba, salsa, and merengue.

Note: May be taken for credit more than once for credit.

KINS 72.  Beginning Basketball.  
Term Typically Offered: Fall, Spring

Development of fundamental skills and tactics of the game, knowledge of basic strategy and rules. Emphasis given to individual and team concepts as they relate to performance and competition.

Note: May be repeated for credit.

KINS 73.  Intermediate Basketball.  
Term Typically Offered: Fall, Spring

Advancement of basketball skills and strategy. Emphasis is given to individual and team concepts as they relate to performance and competition and officiating basketball.

Note: May be repeated for credit.

KINS 75.  Beginning Volleyball.  
Term Typically Offered: Fall, Spring

Development of fundamental skills and tactics of the game, knowledge of basic strategy and rules. Emphasis given to individual and team concepts as they relate to performance and competition.

Note: May be repeated for credit.

KINS 79.  Beginning Soccer.  
Term Typically Offered: Fall, Spring

Development of basic skills of ball handling, passing, dribbling, trapping, tackling, individual and team tactics and strategies; rules interpretation and officiating; promotion of bio-psycho-social well being.

Note: May be repeated for credit.

KINS 83.  Beginning Golf.  
Term Typically Offered: Fall, Spring

Development of sufficient basic proficiency in golf to recognize and enjoy it as a lifetime activity; including U.S.G.A. rules, etiquette and the fundamental mechanics involved in the use of irons and woods.

Note: May be repeated for credit.
KINS 86.  Beginning Tennis.  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring  
Development toward proficiency in tennis, including basic court skills, knowledge, and elementary strategies. Development of enjoyable and appropriate cooperative and competitive modes of behavior, including etiquette and self-awareness. Attention is given to healthful approaches to vigorous lifetime physical activity.  
Note: May be repeated for credit.

KINS 87.  Intermediate Tennis.  
Term Typically Offered: Fall, Spring  
Development and refinement of skills at the intermediate level in all strokes. Development and refinement of playing techniques and strategies. Learning how to enjoy competitive situations and to relate well to others in competition. Adjustment to stressful competitive conditions and improvement of personal responses under stress.  
Note: May be repeated for credit.

KINS 88.  Beginning Badminton.  
Term Typically Offered: Fall, Spring  
Development of fundamentals in badminton including beginning skills, offensive and defensive tactics and strategy; singles, doubles and mixed doubles tournament play.  
Note: May be repeated for credit.

KINS 89.  Intermediate Badminton.  
Term Typically Offered: Fall, Spring  
Development of movement skills, strokes, tactics in singles and doubles at a more advanced level. Emphasis on "cut" or deceptive strokes, rotation or diagonal system of doubles play, increased ability to move on the court, application of laws to move difficult playing situations. Singles, doubles and mixed doubles play in tournaments.  
Note: May be repeated for credit.

KINS 90.  Alpine Skiing and Snowboarding.  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring  
Designed to develop proficiency at all skill levels of alpine skiing, beginner through expert, while promoting appreciation of the sport as socio cultural phenomena and lifetime pursuits. Sessions will take place at a scheduled Sierra ski area as well as on campus. Additional fee.  
Note: May be repeated for credit.

KINS 91.  Beginning Racquetball.  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring  
Fundamental theory and practice of the game of racquetball including service, receiving the service, back wall play, basic shots, variations, court positioning and general tactics; history rules, and safety precautions.

KINS 92.  Intermediate Racquetball.  
Term Typically Offered: Fall, Spring  
Development of proficiency at the intermediate level. Includes service and return, backwall play, offensive and defensive shots with emphasis on techniques, strategy and tactics of competition.  
Note: May be repeated for credit.

KINS 93.  Intermediate Racquetball.  
Term Typically Offered: Fall, Spring  
Development of proficiency at the intermediate level. Includes service and return, backwall play, offensive and defensive shots with emphasis on techniques, strategy and tactics of competition.  
Note: May be repeated for credit.

KINS 94.  Exercise for Healthy Living.  
Corequisite(s): One unit skill or fitness class; may be taken concurrently.  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring  
Exposes students to a broad range of information related to the understanding and development of personal fitness and health, including psycho-social well-being. Examines the elements of exercise, nutrition, and stress management as they relate to healthful living. Students will explore a variety of personal choices and the options for developing and maintaining lifetime wellness.

KINS 95.  Advanced Weight Training.  
Term Typically Offered: Fall, Spring  
Advanced instruction in weight lifting including Olympic weight lifting, power lifting, body building, lifting for athletic competition and lifting for physical fitness.

KINS 96.  Women and Sport.  
Term Typically Offered: Fall, Spring  
Role of women in sport; an inquiry into traditional and contemporary attitudes and practices regarding the woman's role in the sporting world.

KINS 97.  Martial Arts: Karate.  
General Education Area/Graduation Requirement: Humanities (Area C2), Race & Ethnicity Graduation Requirement (RE)  
Term Typically Offered: Fall, Spring  
Explores the ancient tradition of the Asian martial arts in conjunction with actual participation in a selected martial arts course. Asks the student to critically examine the cultural contributions of specific Asian communities such as Japan, China, and Korea, to the Martial Arts as practiced in the U.S.

KINS 98.  Martial Arts: Tae Kwon Do.  
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Explores the ancient tradition of the Asian martial arts in conjunction with actual participation in a selected martial arts course. Asks the student to critically examine the cultural contributions of specific Asian communities such as Japan, China, and Korea, to the Martial Arts as practiced in the U.S.

General Education Area/Graduation Requirement: Humanities (Area C2), Race & Ethnicity Graduation Requirement (RE)  
Term Typically Offered: Fall, Spring  
Explores the ancient tradition of the Asian martial arts in conjunction with actual participation in a selected martial arts course. Asks the student to critically examine the cultural contributions of specific Asian communities such as Japan, China, and Korea, to the Martial Arts as practiced in the U.S.
KINS 120. Strength and Conditioning. 3 Units
Prerequisite(s): Restricted to Kinesiology, Pre-Exercise Science, or instructor approval.
Term Typically Offered: Fall, Spring

The course is designed to introduce students, persons interested in the personal training field, strength & conditioning and/or prospective coaches at the high school, college, or professional level, public, private settings to what are commonly referred to as training units. These training units are part of the total training program an individual/student/athlete would use to prepare for participation in fitness activity or sport. Included are practical hands-on participatory experiences, program design strategy and practical field tests.

KINS 121. Peak Performance Through Psychological Skills. 3 Units
Term Typically Offered: Fall only

Examination of, and practical experience in, techniques for maximizing sport and creative performance through the development of mental skills and strategies for stress control, imagery, goal setting, and concentration.

KINS 122B. Cardiopulmonary Resuscitation. 1 Unit
Term Typically Offered: Fall, Spring

Designed to meet American Red Cross or American Heart Association Certification in CPR.
Note: May be repeated for credit.
Credit/No Credit

KINS 130. Elementary Physical Education Curriculum and Content. 3 Units
Prerequisite(s): KINS 138; Restricted to junior or senior Kinesiology majors-Physical Education concentration.
Term Typically Offered: Spring only

Overview of the total elementary physical education curriculum. Designed specifically for physical education concentration students. The primary focus will be placed on cooperative activities, movement education, development of locomotor, non-locomotor, manipulative skills, perceptual motor activities, fitness, games, and the correlation of classroom subjects with physical education. Introduces students to developmentally and instructionally appropriate physical education for children. Will be able to develop a scope and sequence for an elementary physical education curriculum.

KINS 131. Secondary Physical Education Curriculum. 2 Units
Prerequisite(s): KINS 138; Kinesiology major - Physical Education concentration students only.
Term Typically Offered: Fall only

Designed for senior level students in the Kinesiology major, Physical Education Option, Credential Concentration who wish to deliver an effective, meaningful physical education curriculum to diverse students. Covers curriculum components that include content, content organization, distinctive curriculum models and aspects of curriculum application. Students will learn how to sustain a positive learning experience, conceive and plan meaningful curricula for school based instruction, and to link the school program to opportunities for adolescents outside of school.

KINS 132. Planning, Designing and Managing a Fitness Center. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide students with the basic guidelines for starting and managing multiple health and fitness centers in the private setting; focus on initial start-up of a health and fitness center and operating procedures with emphasis on equipment selection and arrangement, employee training, program planning for safe and optimally beneficial health and fitness results.

KINS 133. Integration of Concepts. 3 Units
Prerequisite(s): KINS PETE or PACC majors only; and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Critical perspective of how theoretical concepts and integrated knowledge can be applied to various aspects of physical education, sport, and physical activity. Emphasis is on a coherent understanding of the interrelationships that exist in the subdisciplines of kinesiology and other related subject areas. Capstone experience for students in the Physical Education Concentration; must be taken during the final semester of the student’s plan of study.

KINS 134. History and Philosophy of Physical Education and Sport. 3 Units
Term Typically Offered: Fall, Spring

Examination of historical events in physical education and sport; examination of how these historical events have influenced the varying philosophies of physical education, sport, and physical activity, past and present; identification of societal forces in cultures which lead to philosophical beliefs and concepts relative to the structure of the disciplines of physical education, sport, and physical activity.

KINS 135. Assessment Strategies in Physical Education. 3 Units
Term Typically Offered: Fall, Spring

Selection, analysis, construction and administration of norm-referenced and criterion-referenced tests used for formative and summative evaluation in the physical education public school setting. Includes both traditional and alternative assessment strategies. Computers are used for data collection, development of assessment instruments, development of grading programs, and for descriptive statistical analysis.

KINS 136. Sport And Aging. 3 Units
Term Typically Offered: Fall, Spring

Considers the positive and negative aspects of vigorous exercise and/or sport activity throughout the aging process. Included will be inquiry into the opportunities for activity among adults over the age of thirty, through the active career years, and beyond.
KINS 137. Sociology Of Sport. 3 Units
Term Typically Offered: Fall, Spring

Analyzes sport as a social institution and the interrelations between sport and societal subsystems. Consideration of the attitudes, values, and behaviors associated with sport. Analyzes contemporary problems associated with sport: race relations, the traditional and emergent role of women, leisure behavior, aggression and violence, and political and economic concerns. Analyzes a sociological problem within the context of sport.

KINS 138. Teaching Strategies in Physical Education. 3 Units
Prerequisite(s): Physical Education Majors, Minors and Liberal Studies PE Concentration.
Term Typically Offered: Fall, Spring

Introduction to teaching in K-12 schools for physical education majors. Topics include: professionalism, philosophy, the CA framework, lesson/unit planning, class management, organization techniques, communication skills, teaching styles and effective teaching skills. (Students will be required to complete four observations off campus and two peer-teaching assignments on campus.) Serves as a prerequisite or corequisite for all skill analysis classes in the major.

KINS 139. Leadership and Communication. 3 Units
Term Typically Offered: Fall, Spring

Social actions and behavioral patterns as influenced by the communication process; experiential approaches to techniques of interpersonal and small group relationships and leadership; the constantly evolving communication media as instruments of behavioral change.

KINS 141. PRO ACT I - Dual Sports. 3 Units
Prerequisite(s): KINS 138
Corequisite(s): KINS 138
Term Typically Offered: Fall only

Designed to prepare physical education students to analyze and teach developmentally appropriate activities designed for dual participation in the public school setting. Student will be given opportunity to learn and apply the basic techniques of tennis, badminton and pickleball as well as the offensive and defensive net strategies for game play. Emphasis will be given to skill acquisition analysis.

KINS 142. Professional Activities II - Creative Movement and Dance. 3 Units
Prerequisite(s): KINS 138
Corequisite(s): KINS 138
Term Typically Offered: Spring only

Students will develop an understanding of the content specific to the design and delivery of educational gymnastics and rhythm/dance activities in a K-12 setting. Gymnastics components include: skills, appropriate progressions, spotting techniques, safety and methods of organization. Rhythm and dance will include basic locomotive skill development; basic rhythm activities; and contemporary, line, square, round, contra, folk, country and Western and social/ballroom dance. Historical and multicultural concepts related to dance are also included.

KINS 143. Analysis of Weight Training & Muscular Fitness. 2 Units
Prerequisite(s): Restricted to Kinesiology, Pre-Exercise Science, Coaching Minor or instructor approval
Term Typically Offered: Fall, Spring

The course is designed to prepare students to teach, design, and implement strength/conditioning for various fitness/athletic populations. Included are skill techniques, skill analysis, class/group organization, equipment analysis, muscular fitness related to athletics, fitness, rehabilitation, and other factors related to effective teaching of muscular fitness in high school, college, private, public and corporate settings. Emphasis is on kinesiology/biomechanics principles, human anatomy, and physiological adaptations to the various strength/conditioning for fitness/athletic training covered in the course.

KINS 145. Pro Act III - Team Sports. 3 Units
Prerequisite(s): KINS 138
Corequisite(s): KINS 138
Term Typically Offered: Fall only

This is an introductory course designed for students within the Kinesiology Major Physical Education Concentration to analyze the teaching of field sports in secondary school settings. This course provides the student the opportunity to learn basic techniques, strategies, and rules of flag football, volleyball, softball, soccer and basketball. Emphasis will be given to skill performance, skill development, teaching methodology, skill analysis, lead-up activities, and sport participation.

KINS 146. PRO ACT IV Individual Sports. 3 Units
Prerequisite(s): KINS 138
Corequisite(s): KINS 138
Term Typically Offered: Spring only

Designed to prepare physical education students to analyze and teach developmentally appropriate activities designed for individual participation in the public school setting. Student will be given the opportunity to learn and apply the basic techniques of golf, track and field and aquatics as well as the strategies necessary for effective participation. Emphasis will be given to skill acquisition and analysis.

KINS 148. ProAct V - Nontraditional Games and Sports. 3 Units
Prerequisite(s): KINS 138
Corequisite(s): KINS 138
Term Typically Offered: Fall only

Students will develop an understanding of the content specific to the design and delivery of non-traditional games and sports. Instruction will focus on performance, skill analysis, methods of teaching, strategies for instruction, and evaluation of skills in K-12 settings. The students will be introduced to a variety of nontraditional games and outdoor activities, as well non-traditional team sports including Lacrosse, Ultimate Frisbee, Speedball, Team Handball, and Field Hockey.
KINS 149. Professional Activities of Health and Skill Related Fitness. 3 Units
Prerequisite(s): KINS 138
Corequisite(s): KINS 138
Term Typically Offered: Spring only

Students will develop an understanding of the content specific to the design/delivery of a variety of innovative fitness/wellness learning experiences for individuals in K-12 settings. Emphasis will be placed on movement and its relationship to the components of health fitness when pursuing and promoting a physically active lifestyle. Students will develop skills in assessing fitness levels and implementing strategies for supporting positive behaviors and attitudes toward fitness/wellness for individuals from diverse populations.

KINS 150. Exercise and Sport Physiology. 3 Units
Prerequisite(s): BIO 30 or BIO 26 or equivalent
General Education Area/Graduation Requirement: Laboratory (B3), Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

Sports physiology with special emphasis on studying the various systems in the body that are involved in work, exercise and sport. Training programs to improve these systems and their responses will be discussed in a wide variety of settings including exercise for health, fitness, recreation, and sports competition. Lecture two hours; laboratory three hours.

Note: Does not satisfy exercise physiology requirement for Exercise Science majors.

KINS 151. Kinesiology. 3 Units
Prerequisite(s): BIO 22 or equivalent.
Term Typically Offered: Fall, Spring

Anatomical concepts and physical laws as applied to human movement emphasizing the effects of individual and environmental variables. Includes analysis of normal and pathological gait. Lecture two hours; laboratory three hours.

KINS 151A. Biomechanics. 3 Units
Prerequisite(s): KINS 151.
Term Typically Offered: Fall, Spring

Introduction to fundamental mechanical concepts as they apply to human movement. A broad range of human movement will be explored including activities from sport, industrial settings, normal and pathological locomotory skills, and movements involved in manipulating the environment in which we live. Laws of physics, mechanical principles and mathematical concepts will be integrated in studying man as a biological entity. Lecture two hours; laboratory three hours.

KINS 151B. Biomechanics II. 3 Units
Prerequisite(s): BIO 10, BIO 22, KINS 151, and KINS 151A
Term Typically Offered: Fall, Spring

The study of biomechanical theory in regards to quantifying and analyzing human movement. Human movement will be examined from an advanced perspective, including tissue mechanics, the pathomechanics of chronic disease, and exercise and sport performance.

KINS 151C. Dance Kinesiology. 3 Units
Prerequisite(s): BIO 22 or equivalent.
Term Typically Offered: Fall, Spring

Human musculoskeletal and neurological systems, energy production, and biomechanical interrelationships of human motion applied to dance. Emphasis on the nervous, muscular and tendinous structures and the mechanical function of levers and force application and injury prevention for the dancer.

KINS 151D. Applied Kinesiology and Biomechanics. 3 Units
Prerequisite(s): BIO 30 with a grade of C or BIO 26
Term Typically Offered: Fall, Spring

Fundamentals of human movement patterns with an emphasis on applied anatomy, movement principles, movement sequences, applied biomechanics, developmental motor stages and basic movement analysis.

Note: Does not satisfy kinesiology or biomechanics requirements for Exercise Science majors.

KINS 152. Physiology Of Exercise. 3 Units
Prerequisite(s): CHEM 1B or CHEM 6B and BIO 131
Term Typically Offered: Fall, Spring

Study of circulatory, respiratory and metabolic response to exercise in humans under various physiological and ambient conditions. Lecture 2 hours; laboratory 2.5 hours.

KINS 152A. Fundamentals of Exercise Programs. 3 Units
Prerequisite(s): KINS 152.
Term Typically Offered: Fall, Spring

Study of current training programs used in different types of activity. Emphasis will be placed on specific training techniques, nutritional needs, methods of testing/evaluating, and special considerations needed for various populations.

KINS 152B. Exercise Physiology of Women. 2 Units
Term Typically Offered: Fall, Spring

Examines the general physiology of women, how physical activity affects women's physiological functions, and how physiological functions affect women in sport and exercise performance. A comprehensive review of scientific literature is included.

KINS 152C. Prolonged Exercise. 2 Units
Prerequisite(s): An introductory college biology or zoology course.
Term Typically Offered: Fall, Spring

Extensive review of the energy metabolism, cardiovascular and pulmonary function, endocrine response, nutritional need, training effect, and biochemical response to prolonged exercise of 1-6 hours in duration.

KINS 152D. Blood Lactate and Exercise. 2 Units
Prerequisite(s): KINS 152.
Term Typically Offered: Fall, Spring

Reviews the basic aspects of lactate formation, release, and uptake by skeletal muscle and blood during exercise and training. Presents recent clinical and research findings related to physical performance.
KINS 152S. Energy Production & Sports Performance. 3 Units
Prerequisite(s): KINS 152 and co-enrollment in KINS 153 or Instructor Permission Recommended: FACS 10 & FACS 113
Term Typically Offered: Fall, Spring
Study of ergogenic aids, exercise nutrition and exercise performance enhancing drugs/supplements and their physiological effects on energy production and exercise performance. Lecture: 3 hours

KINS 153. Cardiovascular Testing and Exercise Prescription. 3 Units
Prerequisite(s): KINS 152 or instructor permission.
Term Typically Offered: Fall, Spring
Designed to train exercise leaders, exercise test technologists, and exercise program directors. Focus is upon development of basic skills, both administrative and technical, needed to develop a program of graded exercise testing and exercise prescription for asymptomatic and symptomatic populations. Lecture two hours; laboratory three hours.

KINS 153C. Cardiac Rehabilitation & Exercise Electrocardiography. 3 Units
Prerequisite(s): KINS 153 or Instructor Permission
Term Typically Offered: Fall, Spring
Study of cardiac rehabilitation and exercise electrocardiography, reviews clinical pathophysiology and ECG abnormalities during rest, exercise stress testing and cardiac rehabilitation. Lecture 3 hours.

KINS 154A. Principles and Techniques in a Clinical Setting. 3 Units
Prerequisite(s): Athletic Training or Kinesiology majors only; instructor permission
Term Typically Offered: Fall, Spring
Introduction to professional ethics and attire, the allied health care system, patient transfers, wheelchair and ambulation aids, medical terminology and record keeping. Fundamental principles and concepts underlying the therapeutic application of modalities, including methods of administering heat, cold, electricity, sound, light and water are covered.

KINS 154B. Management and Health Care Administration in Athletic Training. 3 Units
Prerequisite(s): Instructor permission only
Term Typically Offered: Fall, Spring
Organization, management and health care administration of athletic training programs. Includes communication skills, budget, facility design and management, legal aspects, drug testing, education, computer use, insurance and record keeping, personnel development (job search, CEUs, licensure), professional and governing organizations, athletic training reporting systems, emergency action plans, blood borne pathogen procedures, preparticipation exam management, health care issues and fundraising.

KINS 154C. Therapeutic Modalities Laboratory. 1 Unit
Prerequisite(s): BIO 22 or BIO 26, and KINS 154A, and KINS 156, and instructor permission.
Term Typically Offered: Fall, Spring
Techniques and clinical skills in the treatment of injuries using therapeutic modalities. Hands-on experience in the clinical application of contemporary therapeutic modalities (electrotherapeutic modalities, hydrotherapeutic modalities, cryotherapy, radiant energy, paraffin, intermittent compression units, traction units, massage) including patient preparation, set-up, dosage determination and operational procedures. Lab two hours.

KINS 155A. Clinical Evaluation of the Upper Extremity. 2 Units
Prerequisite(s): BIO 22 or BIO 26, and KINS 154A, and KINS 156.
Term Typically Offered: Fall, Spring
Analyzes and performance of evaluation procedures of the upper extremity, head and spine. Includes the development of skills in a patient interviewing, palpation methods, manual muscle testing, neurological and orthopedic assessments and special tests.

KINS 155B. Clinical Evaluation of the Lower Extremity. 2 Units
Prerequisite(s): BIO 22 or BIO 26, KINS 154A, KINS 156.
Term Typically Offered: Fall, Spring
Analyzes and performance of evaluation procedures of the lower extremity, trunk and low back. Includes the development of skills in patient interviewing, palpation methods, manual muscle testing, neurological and orthopedic assessments and special tests.

KINS 156. Care Of Athletic Injuries. 3 Units
Term Typically Offered: Fall, Spring
Application and methods of caring for and preventing athletic injuries through strapping, padding, conditioning, etc.; practical application of first aid and a basic introduction to treatment and rehabilitation of common athletic injuries.

KINS 156A. Emergency Response. 2 Units
Term Typically Offered: Fall, Spring
Underlying principles and applied techniques of first aid. Meets the requirements for the Emergency Response and CPR for the Professional Rescuer certificates of the American Red Cross. Lecture one hour, laboratory two hours.

KINS 157. Therapeutic Exercise. 3 Units
Prerequisite(s): BIO 22 or BIO 26; KINS 151 or KINS 151D; and KINS 155A or KINS 155B
Term Typically Offered: Fall, Spring
Biomechanical principles in the prescription of musculoskeletal rehabilitation exercises. Topics include passive, active and resistive range of motion, manual muscle testing, and exercises for strength, stamina and suppleness for every part of the body.

KINS 158. Motor Learning. 3 Units
Prerequisite(s): BIO 22 or BIO 25
Term Typically Offered: Fall, Spring
Study of the motor and cognitive characteristics of individuals involved in learning and controlling motion skills and the conditions that can influence that learning and control. Lecture two hours; laboratory three hours.

KINS 160. Sport and Exercise Psychology. 3 Units
Term Typically Offered: Fall, Spring
Application of research findings as they apply to psychological performance factors in sport, physical education and exercise settings, such as motivation/adherence, stress management, personality and psychological skills training.
KINS 161. Theory of Sport and Fitness Management. 3 Units  
Term Typically Offered: Fall only  
This course is designed to introduce students to the basic theory underlying the multiple components of the sport and fitness industry. Fundamental concepts and theories of sports and fitness management will be applied to various segments of the sports industry: professional sports, collegiate sports, community sports and recreation, intramural sports and corporate fitness.

KINS 165. Theory of Coaching. 3 Units  
Term Typically Offered: Spring only  
Students will be introduced to coaching theory as it relates to developing leadership skills to work with athletes, and teams in the context of organized sport. Topics will include motivation, self-esteem, leadership, communication, competition and cooperation, team management, and optimal performance skills (goal setting, concentration, composure, recovery from mistakes/loss, consistency, and stress management).

KINS 166. Ethics, Inclusion and Equity in Coaching. 3 Units  
Term Typically Offered: Fall only  
This course educates future coaches on the moral and ethical dilemmas typically encountered in competitive athletics. Students will also develop strategies to address various forms of exclusion and inequity in sports and athletics.

KINS 167. The African American Sport Experience. 3 Units  
Term Typically Offered: Fall, Spring  
Examination of the experiences of the African American athlete in sport and society, from the period of enslavement to the contemporary era. Topics include gender experiences, intercollegiate experiences, professional sport, and the Olympic games, as well as the interconnections between African American communities and the role of sport. The experiences of African Americans will be compared to those of other ethnic and cultural groups.

KINS 168. Sport and Film. 3 Units  
Term Typically Offered: Fall, Spring  
This course uses sport films to examine relationships of power in society and the way those relationships are contested and often reinforced. Particular attention will be paid to cultural tensions and negotiations around issues related to race, gender, class, and sexuality. This course utilizes films, with accompanying readings, to understand the institution of sport in American culture, as well to understand how sport is setting where issues of race, class, gender, religion, ability/disability, and sexuality are contested and reinforced.

KINS 169. The Modern Olympic Games. 3 Units  
Term Typically Offered: Fall, Spring  
A study of the historical development of the modern Olympic Games. Areas covered include politics, nationalism, commercialism, marketing and amateurism. The contribution of athletes and administrators who have helped shape the Olympic tradition will be assessed.
KINS 194B. Assigned Internship in Exercise Science. 1 - 3 Units
Prerequisite(s): KINS 151 and/or KINS 152; or instructor permission.
Term Typically Offered: Fall, Spring

Assigned internship other than in the Human Performance Lab. The student will assist in laboratory experiments and other special procedures; will learn the operation of equipment and sequentially will be expected to administer tests and interpret the results. Interns will be expected to attend monthly conferences.

Note: May be repeated for a total of 6 units.
Credit/No Credit

KINS 194C. Assigned Field Experiences in Pre-Physical Therapy. 1 - 2 Units
Term Typically Offered: Fall, Spring

Assigned experience under the direction of a physical therapist. Students keep records of their experiences. Registration requires prior approval of the pre-physical therapy coordinator.

Note: May be repeated up to a total of 6 units. Open to Physical Education majors in the pre-physical therapy option.
Credit/No Credit

KINS 194D. Assigned Field Experience in Coaching. 1 - 2 Units
Term Typically Offered: Fall, Spring

Assigned experience in coaching (two hours daily for the full schedule of the sport for two units of credit). Students keep records of daily experiences and prepare periodic progress reports. Succeeding enrollments should be in different sports.

Note: May be repeated for a total of 6 units.
Credit/No Credit

KINS 194E. Assigned Internship in Adapted Physical Education. 1 - 3 Units
Prerequisite(s): Any two of the following: KINS 171, KINS 176, KINS 177, or KINS 179; permission of adapted credential advisor.
Term Typically Offered: Fall, Spring

Assigned experience in the conduct of Adapted Physical Education Programs. Students will keep records of their experiences. Three clock hours per week per unit of credit. Credential candidates may not use in lieu of Phase III requirements.

Note: May be repeated up to six times for credit for a maximum of 6 units.
Credit/No Credit

KINS 194F. Assigned Field Experience in Allied Health. 1 - 3 Units
Term Typically Offered: Fall, Spring

Practical experience in Occupational Therapy, Chiropractic or other allied health professions. Students keep records of their experiences while working under the direct supervision of a licensed clinician. Registration requires prior approval of a Pre-Physical Therapy advisor.

Note: May be repeated up to a total of 6 units.
Credit/No Credit

KINS 194G. Assigned Professional Experience. 1 - 2 Units
Term Typically Offered: Fall, Spring

Assigned professional experience in organization and evaluation of physical education, athletic training, exercise or pre-therapy. Students work closely with a Sacramento State faculty member and receive one unit of credit for three hours of work per week for one semester.

Note: May be repeated for a total of 3 units toward graduation. These units may not be applied to the major.
Credit/No Credit

KINS 194H. Assigned Field Experience in Athletic Training. 1 - 3 Units
Prerequisite(s): Instructor's permission only
Term Typically Offered: Fall, Spring

Practical experience in athletic training under the direct supervision of an NATA Certified Athletic Trainer in one of the following settings: professional athletics, high school, clinic, industrial or private business.

Note: Registration requires prior approval of the program director. May be repeated up to a total of 3 units.
Credit/No Credit

KINS 195A. Directed Field Experience in Kinesiology. 1 - 2 Units
Term Typically Offered: Fall, Spring

Directed experience in the conduct of physical education. Students keep records of daily experiences and prepare periodic progress reports. Students receive one unit of credit three hours per week for one semester of field experience.

Note: Registration requires prior approval of the department coordinator. May be repeated for a total of 5 units.
Credit/No Credit

KINS 195B. Directed Internship in Exercise Science. 1 - 3 Units
Prerequisite(s): KINS 151 and/or KINS 152; or instructor permission.
Term Typically Offered: Fall, Spring

Directed internship in the Human Performance Laboratory under the supervision of one or more members of the faculty. The student will assist in laboratory experiments and other special procedures; will learn the operation of equipment and sequentially will be expected to administer tests and interpret the results. Interns will be expected to attend monthly conferences.

Note: May be repeated for a total of 3 units.
Credit/No Credit

KINS 195C. Directed Observation in Athletic Training. 1 - 2 Units
Prerequisite(s): Requires prior approval of Program Director
Term Typically Offered: Fall, Spring

Planned student observation of the health care practices of the Athletic Trainer and other sports medicine personnel in a clinical setting. Selected NATA competencies may be completed on site. 60 hours per unit.

Note: May be repeated for up to 4 units total credit.
Credit/No Credit
KINS 195D. Practicum in Athletic Training. 4 Units
Prerequisite(s): Instructor's permission only
Term Typically Offered: Fall, Spring
Supervised athletic training experience in the athletic training room under the direct supervision of a Certified Athletic Trainer. Included are a series of guest lectures from the medical and paramedical field presenting lectures and demonstrations on topics in sports medicine. 300 hours plus all lectures are 4 units.
Note: Can be taken a minimum of four times and maximum of five times for credit, with the total units not to exceed 20 units.
Credit/No Credit

KINS 196. Experimental Offerings in Kinesiology. 2 - 3 Units
Term Typically Offered: Fall
Guided study and discussion of problems and topics in kinesiology. Supplemental readings, reports, and term projects are included. Proseminars dealing with specific topics or problems will be scheduled when the need exists.
Note: May be repeated for credit up to three times for credit.

KINS 198A. Seminar in Physical Education - Elementary. 2 Units
Prerequisite(s): KINS 381 and EDTE 474A.
Corequisite(s): KINS 380 and EDTE 474B.
Term Typically Offered: Fall, Spring
Open to physical education single subject credential candidates this course accompanies an eight-week elementary student teaching experience. The focus is twofold: a) engage student teachers in the planning, instruction and assessment of an elementary physical education program aligned with state standards b) support student teachers with the Performance Assessment for California Teachers (PACT). Candidates will be expected to create a class environment that ensures the safe and productive participation in developmentally appropriate elementary physical education.

KINS 198B. Seminar in Physical Education - Secondary. 1 Unit
Prerequisite(s): KINS 198A.
Corequisite(s): EDTE 474B.
Term Typically Offered: Fall, Spring
Open to physical education single subject credential candidates this course accompanies an eight-week secondary student teaching experience. The focus is twofold: a) engage student teachers in the planning, instruction and assessment of a secondary physical education program aligned with state standards b) support student teachers with the Performance Assessment for California Teachers (PACT). Candidates will be expected to create a class environment that ensures the safe and productive participation in developmentally appropriate secondary physical education.

KINS 199. Directed Individual Study. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual research, project or directed reading. Open only to majors who appear competent to carry on individual work. Approval of the faculty under whom the individual work is to be conducted, and approval of the Department Chair required. Formal written report required.
Note: May be repeated for credit.
Credit/No Credit

KINS 203. Specificity of Conditioning. 3 Units
Term Typically Offered: Fall, Spring
Survey of current research in training regimen of conditioning programs designed to optimize physical conditioning in preparation for specific athletic competitions.

KINS 209. Graduate Studies in Kinesiology. 3 Units
Term Typically Offered: Fall, Spring
An overview of the varied subdisciplines, such as sport pedagogy, motor learning, strength and conditioning, sport psychology, cultural studies of sport, exercise physiology, and biomechanics. Students will read research from each subdiscipline and be able to make interdisciplinary connections.

KINS 210. Research Methods in Kinesiology. 3 Units
Term Typically Offered: Fall, Spring
Various methods and techniques of educational research as they are commonly applied in the field of Kinesiology; study of examples of their use in published research; practice in applying them to problems of interest to the student; analyzing data and writing research reports.

KINS 211. Research Seminar. 1 Unit
Term Typically Offered: Fall, Spring
Students develop and defend research proposals. Students registering for KINS 500 for the first time must register for KINS 211 concurrently.
Note: Student must re-enroll if proposal is not completed and accepted during the first registration
Credit/No Credit

KINS 236. Sport and Society. 3 Units
Term Typically Offered: Fall, Spring
Society and the institution of sport interact in a variety of ways. Students are given the opportunity to investigate and discuss in-depth a wide range of topics linking sport and society. Among these topics are violence and aggression, politics, racism, sexism, counter-cultures, mass media and the future of sport. The application of research to the real world is an integral part of the course.

KINS 245. Administration of Physical Education and Athletics. 3 Units
Term Typically Offered: Fall
The organization and administration of physical education and athletic programs and the functional considerations involved. Primary areas include: personnel, curriculum, budgeting, contract management, public relations, liability and safety, critical issues, and procedures essential to quality programs.

KINS 250. Advanced Exercise Physiology Laboratory. 3 Units
Prerequisite(s): KINS 152 or instructor permission.
Term Typically Offered: Fall, Spring
Describes, explains, and practices the application of selected measurement techniques in the laboratory as they relate to pertinent research in the areas of exercise physiology. Emphasis will be placed on the use and calibration of equipment as well as adaptation of equipment to different research settings. Lecture two hours; laboratory three hours.
KINS 252. Advanced Exercise Physiology. 3 Units
Prerequisite(s): 1 year of General Chemistry, BIO 131 or equivalent, KINS 152 or equivalent, and KINS 153 or equivalent.
Term Typically Offered: Fall, Spring

Human physiological responses, from the cellular level to organ system level, to both acute and chronic exercise will be studied in detail with an emphasis on integrative physiological responses to exercise. The course will emphasize a complex regulatory systems approach to the changes and adaptations that occur with exercise. Specifically, how the regulatory systems dictate these changes. The course will aid in the understanding of both theoretical and integrative concepts in the area of exercise physiology. The course will provide a solid foundation that is needed to review and understand complex research in exercise physiology.

KINS 254. Advanced Biomechanics. 3 Units
Prerequisite(s): KINS 151, KINS 210; or instructor permission.
Term Typically Offered: Fall, Spring

Study human movement from a mechanical perspective utilizing laws of physics and relevant functional anatomical principles. Human movement will be looked at from a broad perspective, including basic movements to more complex skills. Students will use a variety of techniques to study the biomechanical principles of movement production including laboratory work, library research and examination of the appropriate theoretical constructs. Lecture two hours; laboratory three hours.

KINS 258. Research in Motor Learning. 3 Units
Prerequisite(s): KINS 158, KINS 210; or instructor permission.
Term Typically Offered: Fall, Spring

Designed to provide students with a solid foundation experience in motor learning; focus is on an intensive examination of a selected topic in motor learning; directed individual pilot study and the nature of original laboratory research.

KINS 259. Research in Exercise Physiology. 3 Units
Prerequisite(s): KINS 152, KINS 210; or instructor permission.
Term Typically Offered: Fall, Spring

Provides students with a solid foundation experience in human performance research. Primary focus is on intensive examination of selected advanced topics in exercise physiology.

KINS 260. Psychology Of Sport. 3 Units
Term Typically Offered: Fall, Spring

The in-depth study of parameters of human behavior as specifically related to sport including personality factors, motivational techniques, expectancy effects, group dynamics, leadership issues, aggression, arousal, concentration, and goal setting.

KINS 262. Psychological Aspects of Peak Performance. 3 Units
Term Typically Offered: Fall, Spring

In-depth examination of current research relating to theories of and techniques for performance enhancement in sport and dance through psychological skills strategies.

KINS 270. Instructional Strategies for Physical Activity and Sport. 3 Units
Term Typically Offered: Fall, Spring

Study of theoretical concepts, models and research that relates to organizational and instructional strategies for physical activity and sport. Along with developing problem solving and critical thinking skills, provides the student with the opportunity to partake in self-directed and cooperative learning experiences, and develops communications skills that will enhance staff development and teaching of individuals and groups in a variety of physical activity and sport environments.

KINS 276. Teaching and Coaching Effectiveness. 3 Units
Term Typically Offered: Fall, Spring

Study of the research methodology, systematic observation, and findings that relate to effective teaching and coaching in the school environment. Provides an analytical approach to the investigation of teaching and coaching behaviors by examining models and critical variables involved in describing, analyzing and interpreting the instructional process.

KINS 294A. Contemporary Topics in Sport Performance. 1 - 3 Units
Prerequisite(s): KINS 210.
Term Typically Offered: Fall, Spring

Advanced research seminars on topics of contemporary interest. Specific topics will vary.
Note: May be taken more than once for credit, provided topic is not repeated.

KINS 294B. Contemporary Topics in Exercise Physiology. 1 - 3 Units
Prerequisite(s): KINS 210.
Term Typically Offered: Fall, Spring

Advanced research seminars on topics of contemporary interest. Specific topics will vary.
Note: May be taken more than once for credit, provided topic is not repeated.

KINS 294C. Special Topics in Biomechanics. 1 - 3 Units
Prerequisite(s): KINS 254.
Term Typically Offered: Fall, Spring

Advanced research seminars on varied topics of contemporary interest. Specific topics will vary.
Note: May be taken more than once for credit, provided topic is not repeated.

KINS 295. Practicum. 1 - 3 Units
Prerequisite(s): Approval of graduate faculty advisor and graduate coordinator.
Term Typically Offered: Fall, Spring

Graduate experiences in a practical setting.
Note: Open only to graduate students within the Physical Education Department.
Credit/No Credit
KINS 296A. Experimental Elementary Physical Education Workshop.  1 Unit

Term Typically Offered: Fall, Spring

Overview of the total elementary physical education curriculum. Major focus will be on appropriate practices, national content standards, establishing a learning environment, movement concepts, skill themes, and health-related physical fitness. Designed to meet the physical education component for graduate students seeking a multiple subject credential.

Note: Not open to undergraduate students, and it does not substitute for KINS 172.

KINS 299. Directed Individual Study.  1 - 3 Units

Term Typically Offered: Fall, Spring

Individual research, project, or directed reading.

Note: Open only to majors who appear competent to carry on individual work. Admission to this course requires approval of the graduate advisor and the graduate coordinator. Formal written report required. May be repeated for credit.

KINS 380. Methods of Teaching Elementary Physical Education.  1.5 Units

Prerequisite(s): KINS 130,
Corequisite(s): KINS 198A

Term Typically Offered: Fall, Spring

KINS 380 is an 8 week course designed for the future physical educator who wishes to deliver an effective, meaningful elementary physical education curriculum to a diverse population of students. Emphasis is on physical education pedagogy - the skills and techniques that successful teachers use to ensure student learning.

KINS 381. Methods of Teaching Secondary Physical Education.  1.5 Units

Corequisite(s): EDTE 366A

Term Typically Offered: Fall, Spring

An 8 week course, KINS 381 is designed for the future physical educator who wishes to deliver an effective meaningful physical education curriculum to a diverse population of students. Emphasis is on physical education pedagogy - the skills and techniques that successful teachers use to ensure student learning.

KINS 500. Culminating Experience.  1 - 4 Units

Prerequisite(s): Advanced to candidacy. Completion of KINS 211 or concurrent enrollment.

Term Typically Offered: Fall, Spring

Completion of a thesis or project under the direction of a department committee.

KORY (KORN)

KORN 1A. Elementary Korean 1A.  5 Units

Term Typically Offered: Fall only

Develops elementary spoken Korean language, reading and writing in Hangul, and the practical skills required to effectively use the modern language. The relationship between language and culture will also be emphasized. Includes an emphasis on the culture, customs, and traditions of Korea.

KORN 1B. Elementary Korean 1B.  5 Units

Prerequisite(s): KORN 1A

General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)

Term Typically Offered: Spring only

Continuation of KORN 1A. Develops elementary spoken Korean language, reading and writing in Hangul, and the practical skills required to effectively use the modern language. The relationship between language and culture will also be emphasized. Includes an emphasis on the culture, customs, and traditions of Korea.

KORN 2A. Intermediate Korean 2A.  4 Units

Prerequisite(s): KORN 1B

Term Typically Offered: Fall only

Intermediate Korean on the further development of speaking, reading, and grammatical skills through dialogues, discussions, and reading.

Note: Meets the Foreign Language Graduation Proficiency Requirement.

KORN 2B. Intermediate Korean 2B.  4 Units

Prerequisite(s): KORN 2A

Term Typically Offered: Fall, Spring

Continuation of KORN 2A. Further development of speaking, reading, grammar, and composition skills at the intermediate to intermediate-high level.

Note: Meets the Foreign Language Graduation Proficiency Requirement.

KORN 92OS. Overseas Study - Lower Division.  0.5 - 99 Units

Term Typically Offered: Fall, Spring

KORN 192OS. Overseas Study - Upper Division.  0.5 - 99 Units

Term Typically Offered: Fall, Spring

Labor Studies (LBRS)

LBRS 100. Labor and the American Social Structure.  3 Units

Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D

Term Typically Offered: Fall, Spring

Introduction to the study of labor in the U.S., including the nature of work, characteristics of the work force, and an overview of contemporary labor and industrial relations systems within the framework of current U.S. economic and political developments.

Cross Listed: SOC 176; only one may be counted for credit.
Examination of the role of the Judeo-Christian apocalypse in the creation of modern realms of discourse, including political thought, modern science, and secular values generally.
MGMT 20. Introduction To Business. 3 Units
Term Typically Offered: Fall, Spring
Provides an overview of the various basic functions of business and how they interface. Topics will include accounting, finance, marketing, human resources management, management information systems, operations management, real estate, and international business.

MGMT 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Intended to provide students with an introduction to the nature and possible meanings of higher education and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Provides students with the opportunity to interact with fellow students and the seminar leader and to build a community of academic and personal support.

MGMT 101. Legal Environment of Business. 3 Units
Prerequisite(s): Must be a Business pre-major, Business major (any concentration), a business minor, a Construction Mgmt major, a Mech Engr Tech major, or a Music (Music Mgmt) major to enroll in this course.
Term Typically Offered: Fall, Spring
Study of business law for the business professional. Aside from investigating substantive law, the course stresses critical thinking and analytical evaluation of contemporary business problems. Encourages the identification of ethical concerns along with the ability to anticipate potential legal problems with the goal of preventing them. Covers introduction to the legal system; court procedures; contracts and sales; business organizations; real and personal property; labor and employment law; product liability, and the government regulation of business.

MGMT 102. Business Communications. 3 Units
Prerequisite(s): Completion of Area A in General Education and ENGL 20. Recommend COMS 2 and COMS 4.
Term Typically Offered: Fall, Spring
Provides basic concepts for understanding and practice of communication in the changing world of business for managers and professionals. It examines the use of language and conversations in business settings and their role in coordinating actions, resolving breakdowns in work performance, and providing customer satisfaction. Topics include: Practice in professional styles of business writing and formats, preparation of a formal report, development of competence in business conversation skills (written, electronic, and oral), and other selected topics. International, technical, and linguistic developments are integrated into the various applications of business communication.
MGMT 117. Business, Ethics and Society. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall, Spring
Investigation of contemporary business issues and management dilemmas in relation to broad social concerns. Focus is upon public and private decision making in the business environment and how business practices, ethics, and social concerns interrelate. Topics such as the nature of property and profits, efficiency and human values, the balancing of claims of owners, employees, customers, and others in community, corporate responsibility, corporate governance, government regulation and international dimensions of public policy will be covered.

Management Information Systems (MIS)

MIS 1. Word Processing. 1 Unit
Term Typically Offered: Fall, Spring
The course teaches Microsoft Office Word that establishes a student’s fundamental computer skills required to perform business related tasks. Topics include developing and refining a document; identifying and correcting errors; formatting, modifying and printing documents; working with pictures, graphics, tables and charts; creating reports, forms, references and mailings; securing content and sharing documents, exploring advanced document features and macros, etc.
Credit/No Credit
MIS 2. Spreadsheets. 1 Unit
Prerequisite(s): MIS 1, instructor permission, or a passing score on the MIS 1 competency examination.
Term Typically Offered: Fall, Spring
Introduction to spreadsheets using the spreadsheet standard adopted by the College of Business Administration.
Note: Not open to students receiving credit for CSC 6B.
Credit/No Credit
MIS 3. Presentation Graphics. 1 Unit
Term Typically Offered: Fall, Spring
The course teaches Microsoft Power Point that establishes a student’s fundamental computer skills required to perform business related tasks. Topics include creating, refining and delivering presentations; working with graphics, tables and charts; inserting and enhancing pictures, shapes, sound and video; using templates, slide masters and text boxes, printing, securing and sharing presentations, etc.
Credit/No Credit
MIS 15. Introduction to Business Programming. 3 Units
Term Typically Offered: Fall, Spring
Introduction to object oriented programming language. Topics include use of simple data structures and data types, arrays, strings, input-output functions, file processing, and flow control.
MIS 101. Computer Information Systems for Management. 3 Units
Term Typically Offered: Fall, Spring
Explores the application of computers to the organizational environment with a management perspective. Topics may include transaction processing systems, management reporting, decision support systems, strategic planning, security, controls and acquisition of hardware, software and services. The interface between the information systems professional and the manager will be defined. Case studies and use of appropriate software packages may be included.
MIS 120. Advanced Object-Oriented Business Programming. 3 Units
Prerequisite(s): MIS 15.
Term Typically Offered: Fall, Spring
Advanced course in programming principles using an Object Oriented (OO) programming language. Topics will focus on object-oriented (OO) programming including the design and development of OO applications, object classes, inheritance, polymorphism and encapsulation, and graphical user interface (GUI) application development including contrasting event-driven and procedural programming. Assignments will focus on problem-solving in a business context.
MIS 122. Object-Oriented Programming for Business in Java. 3 Units
Prerequisite(s): MIS 15 or CSC 15.
Term Typically Offered: Fall, Spring
Advanced course in programming principles using an Object Oriented (OO) programming language. Topics will focus on object-oriented (OO) programming including the design and development of OO applications, object classes, inheritance, polymorphism and encapsulation, and graphical user interface (GUI) application development including contrasting event-driven and procedural programming.
MIS 124. Web Development for Business Applications. 3 Units
Prerequisite(s): MIS 120.
Term Typically Offered: Fall, Spring
Examines the technologies and principles of modern Web development in the creation of Web-based business applications. Emphasis will be given to client-side and server-side technologies and include the topics of basic Web technologies, forms, database access, frameworks, and Web services. Topics are accompanied by design principles, tools, and techniques for Web application development.
MIS 131. Business Statistics II. 3 Units
Term Typically Offered: Fall, Spring
MIS 132. Management Science Techniques. 3 Units
Prerequisite(s): DS 101.
Term Typically Offered: Fall, Spring
Introduction to management science techniques for the solution and analysis of management problems. Topics include mathematical programming, decision theory, analysis of waiting lines, simulation, and Markov processes.
MIS 140. Business Data Communication. 3 Units
Prerequisite(s): Business majors only
Term Typically Offered: Fall, Spring
Examines the basic terminology, hardware/software components, and issues with the establishment, configuration, and management of data communication networks in and across organizations. Topics include wired and wireless local area networks, wide area networks, the internet, and cloud infrastructure.
MIS 150. Database Systems for Business. 3 Units
Term Typically Offered: Fall, Spring

Involves the study of generalized database management systems. The study will include logical data base models and physical data base models based primarily on the relational and object-relational models. The student will create and manipulate a database utilizing an established database management system. The importance of data administration and other database related topics such as independence, integrity, privacy, query, backup, and recovery will be covered.

MIS 151. End-User Database Application Development for Business. 3 Units
Prerequisite(s): MIS 1, MIS 2, MIS 3 or approved equivalent.
Term Typically Offered: Fall, Spring

Introduction to end-user database application development in the business environment. Topics will focus on issues in the development of business database applications and include database concepts, organization, storage and retrieval of data, query and analysis with interactive software tools, informative and performance management reporting.

Note: Not open to MIS students.

MIS 160. Systems Development Life Cycle. 3 Units
Prerequisite(s): MIS 101 and MGMT 102
Term Typically Offered: Fall, Spring

Analyze, design, and develop business information systems to solve information needs of businesses and organizations. Topics include various systems analysis and design techniques, tools and methods for building new and/or integrated information systems.

MIS 161. Information Systems Practicum. 3 Units
Prerequisite(s): MIS 15, MIS 150, MIS 160, and Business major or minor.
Term Typically Offered: Fall, Spring

This course provides a comprehensive integration of MIS coursework through the completion of an information systems project. Topics include information systems development life cycle, project management, application development, database management, and security.

MIS 163. Business Process Engineering and ERP Configuration. 3 Units
Term Typically Offered: Fall, Spring

This course focuses on identifying and understanding business requirements, modeling business processes that incorporate the business requirements, and configuring the processes for their implementation in an enterprise resource planning (ERP) system. Students will gain insights to implementation issues and propose alternative solutions to overcome them. A project team environment further develops individual student's communication and team skills.

MIS 170. Information Systems Security. 3 Units
Prerequisite(s): MIS 140
Term Typically Offered: Fall, Spring

This course provides a comprehensive study of IT security principles and of information systems. Emphasis will be placed on understanding the framework of IT security in enterprise IT infrastructure. Topics include information security concepts, security risks and vulnerabilities, common attacking techniques, technical and administrative countermeasures for modern enterprise IT infrastructure, such as encryption, authentication, access control, security policies and standards, and IT risk management and audit.

MIS 171. Enterprise Resource Planning Systems. 3 Units
Prerequisite(s): MIS 101
Term Typically Offered: Fall, Spring

Foundation, business functions, processes, data requirements, development, and management of ERP systems for sales, marketing, accounting, finance, production, supply chain and customer relationship management. Emphasis on re-engineering, integration, standardization, and methodologies of ERP systems.

MIS 173. Microcomputers for Managers. 3 Units
Term Typically Offered: Fall, Spring

For students who want to have more than the minimum required personal computer literacy knowledge. The topics covered are: hardware, system software, utility software, spreadsheet modeling, the Internet, and presentation graphics.

Note: Not open to MIS students.

MIS 181. Machine Learning Applications in Business. 3 Units
Prerequisite(s): DS 101 and MIS 150
Term Typically Offered: Fall, Spring

Applies modern machine learning applications in business to data analysis and problem solving. Topics are presented in the context of decision support and may include knowledge representation, neural networks, genetic algorithms, rule induction, fuzzy logic, case-based reasoning and intelligent agents.

MIS 183. Business Intelligence Applications. 3 Units
Prerequisite(s): MIS 150, MIS 160.
Term Typically Offered: Fall, Spring

Current topics will be presented regarding the technical, managerial, and organization considerations affecting computer-based information systems. Topics may include programming languages and techniques, emerging technologies, and MIS development and implementation issues. Readings, topical research, case presentations, and/or projects will be required.

MIS 191. Culminating Experience. 1 Unit
Prerequisite(s): Completion of all coursework in minor.
Term Typically Offered: Fall, Spring

Students demonstrate their knowledge and apply their skill sets from the minor to a working project, and conduct an executive-level, management-oriented presentation.

Note: Students must be in their final semester of the minor's program.

Credit/No Credit
MIS 194. Cooperative Education Experience in Management Information Systems. 6 - 12 Units
Prerequisite(s): MIS 160, minimum Sacramento State overall GPA of 2.75.
Term Typically Offered: Fall, Spring
In-depth supervised work experience in management information systems for the purpose of exposing the student to comprehensive MIS experience in business, governmental, or service agencies. Open to all upper division students, subject to permission of the MIS Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

MIS 195. Internship in Management Information Systems. 3 - 6 Units
Prerequisite(s): MIS 160, minimum Sacramento State overall GPA of 2.75.
Term Typically Offered: Fall, Spring
Supervised work experience in management information systems for the purpose of increasing student understanding of the nature and scope of the operations of business, governmental, or service agencies. Supervision is provided by the faculty and the cooperating agencies. Open to upper division students, subject to permission of the MIS Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Note: Open to declared business administration majors only.
Credit/No Credit

MIS 199. Special Problems in Management Information Systems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of the instructor and the Associate Dean. Petitions may be obtained from the Undergraduate Business Advising Center, Tahoe 1030.
Credit/No Credit

MIS 210. Information Systems I. 3 Units
Term Typically Offered: Fall, Spring
Introduction to business information systems planning and systems development methodologies. Various methodologies are explored and information systems development project planning is emphasized.

MIS 211. Information Systems II. 3 Units
Term Typically Offered: Fall, Spring
Introduction to basic and object-oriented programming concepts, data structures for information representation, and database management systems.

MIS 232. Management Science. 3 Units
Term Typically Offered: Fall, Spring
Introduction to deterministic and stochastic models in operations research. Topics that may be included are: mathematical programming, inventory theory, analysis of waiting lines, Markov processes, game theory, decision theory and simulation. Various computer programs such as LINDO are used to assist in solution and analysis of management problems.
Note: Not open to students with credit for MIS 132.

MIS 240. Communications Technologies for Business. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission.
Term Typically Offered: Fall, Spring
Focuses on the concepts, technology, applications, and management of data and voice communication with an emphasis on building, supporting, securing, and administering the requirements of network infrastructure and architecture to support businesses.
Note: May be taken twice for credit.

MIS 250. Data Management. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission, and MIS 15 or equivalent.
Term Typically Offered: Fall, Spring
Focuses on database concepts, design and implementation in business. Topics include database design techniques, such as extended entity-relationship and unified modeling language, logical and physical data models for objection-relational database, object oriented database and relational databases, database implementation and administration issues, and the discussion of distributed database, web database, and database security.
Note: May be taken twice for credit.

MIS 251. Strategic Applications of Information Resources. 3 Units
Prerequisite(s): MIS 210 and 211, or their equivalents. MBA students: MBA 260 and instructor permission.
Term Typically Offered: Fall, Spring
Discussion of the techniques and methodologies to utilize information resource to improve an organization's strategic performance measures. Topics include data warehouse, data mining, online analytical transaction processing, and multidimensional database.

MIS 256. Systems Design. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission.
Term Typically Offered: Fall, Spring
Involves the study of various methods used to analyze and design a computer-based information systems and emphasizes object-oriented systems development (OOSD) techniques.
Note: May be taken twice for credit.

MIS 260. Information Technology Integration for the Enterprise. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 260 or MIS 270; MBA students: MBA 260 or permission of instructor.
Term Typically Offered: Fall, Spring
IT presents many new opportunities at the enterprise level for the design and implementation of integrated organizational structures and business processes that better align the business to meeting its market demands and allow it to pursue new strategic relationships with other organizations. Enterprise IT primarily involves enterprise resource planning (ERP), supply chain management (SCM), knowledge management (KM), and customer relationship management (CRM) to support and coordinate business activities.
Note: May be taken twice for credit.
MIS 262. Business Project Management. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 260; MBA students: MBA 260 or instructor permission.
Term Typically Offered: Fall, Spring
Examines various aspects of IT project management, including project selection involving feasibility, complexity, scalability and impact comparisons, project portfolio to direct the right resources to the right projects to secure their timely completion, risk assessment, key performance measures, and others.
Note: May be taken twice for credit.

MIS 270. Information Technology Operations. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission.
Term Typically Offered: Fall, Spring
Examines the management of information technology as a vital resource to an organization. It can enable businesses to seize opportunities, gain competitive advantages and establish close relationships with other businesses and their customers. Thus, the business must effectively and efficiently manage and secure its IT resources.
Note: May be taken twice for credit.

MIS 272. Strategic Information Technology Planning. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 270; MBA students: MBA 260 or instructor permission.
Term Typically Offered: Fall, Spring
Strategic IT planning defines the direction a business chooses for its IT resources. It encompasses a vision, mission, strategy, and objectives that closely align to the business' vision, mission, strategy, and objectives. Planning involves examining how IT will support the achievement of the business' goals and objectives, and how IT can open new opportunities to create new business goals.
Note: May be taken twice for credit.

MIS 279. Information Technology Leadership. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 261 or MIS 262, MIS 272; MBA students: MBA 260 and instructor permission.
Term Typically Offered: Fall, Spring
Leadership plays an important role in determining a business’ success with IT. It requires recognizing and leveraging the business’ competencies and core values, and championing initiatives and projects that work in the best interest of the business and create value. Because IT opens opportunities and enables the organization, IT leadership extends to both market (external) and organizational (internal) environments.
Note: May be taken twice for credit.

MIS 280. Decision and Knowledge-Based Systems. 3 Units
Prerequisite(s): MIS 211 or equivalent.
Term Typically Offered: Fall, Spring
Organizational use of information generated from transaction processing systems, management information systems, and decision support systems. The uses of information by managers for planning, control, and decision-making purposes will be discussed. The types of information systems implemented in various kinds of organizations will be covered.

MIS 281. Topics in the Management of Information Systems. 3 Units
Prerequisite(s): Open to non-MSBA/MIS majors with credit in MBA 260 or equivalent; and to those who have completed MSBA/MIS Program Prerequisites.
Term Typically Offered: Fall, Spring
Current topics will be presented regarding the managerial, behavioral, and organizational considerations affecting computer-based information systems. Includes topics such as project selection and justification techniques, system controls, security and privacy issues, strategic planning, and use/data processing department relations. Readings, topical research, and case presentations will be required.

MIS 295. Internship in Management Information Systems. 3 Units
Prerequisite(s): Completion of two of the following: MIS 240, MIS 250, MIS 260, or MIS 270; minimum Sacramento State GPA of 3.0.
Term Typically Offered: Fall, Spring
Supervised work experience in management information systems for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations of business, governmental, or service agencies. Supervision is provided by the faculty and the cooperating agencies.
Note: Open to second year MBA and MSBA/MIS students. Petitions to be obtained from Tahoe Hall 1037.
Credit/No Credit

MIS 299. Special Problems in Management Information Systems. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval of the Graduate Programs Office. Petitions to be obtained from Tahoe Hall 1035.
Credit/No Credit

MIS 500A. Thesis. 1 - 3 Units
Prerequisite(s): Advanced to candidacy. Completion of MBA 244.
Term Typically Offered: Fall, Spring
Completion of a thesis approved for the Master's degree.

MIS 500B. Project. 1 - 3 Units
Prerequisite(s): Advanced to candidacy. Completion of MBA 244.
Term Typically Offered: Fall, Spring
Completion of a project approved for the Master's degree.

MIS 500C. Comprehensive Examination. 1 - 3 Units
Prerequisite(s): Advanced to candidacy; for comprehensive examination for MBA only (MGMT 500C, 1 unit), completion of program requirements (ACCY 240, MBA 230, MBA 240, MBA 241, MBA 270, MBA 280; for comprehensive examination for MSBA/MIS Degree, student must be in final semester of program.
Term Typically Offered: Fall, Spring
For MSBA/MIS.
Marine Sciences (MSCI)

MSCI 103. Marine Ecology.  4 Units  
**Prerequisite(s):** Ecology, statistics; or concurrent registration in MSCI 104.  
**Term Typically Offered:** Fall, Spring  
Field-oriented introduction to the interrelationships between marine and estuarine organisms and their environment with emphasis on quantitative data collection and analysis. Lecture two hours; laboratory six hours.

MSCI 104. Quantitative Marine Science.  4 Units  
**Prerequisite(s):** College mathematics.  
**Term Typically Offered:** Fall, Spring  
Mathematical methods for the analysis of biological, chemical and physical data from the marine environment; experimental design, parametric and nonparametric statistics. Lecture three hours; laboratory three hours.  
**Note:** Not for major credit.

MSCI 105. Marine Science Diving.  3 Units  
**Prerequisite(s):** Upper division science major status, thorough physical examination, ability to pass swimming test.  
**Term Typically Offered:** Fall, Spring  
Skin SCUBA diving course, pool-training culminates in ten ocean dives. Topics covered included diving physics, physiology, diving environments, night diving and research diving. Successful completion gives NAUI and MLML certification. Lecture one hour; laboratory six hours.  
**Note:** Not for major credit.

MSCI 112. Marine Birds and Mammals.  4 Units  
**Prerequisite(s):** Upper division college vertebrate zoology or instructor permission; MSCI 103 recommended.  
**Term Typically Offered:** Fall, Spring  
Systematic, morphology, ecology and biology of marine birds and mammals. Lecture two hours; laboratory six hours.

MSCI 113. Marine Ichthyology.  4 Units  
**Prerequisite(s):** College zoology or equivalent or instructor permission; MSCI 103 recommended.  
**Term Typically Offered:** Fall, Spring  
Description of the taxonomy, morphology, and ecology of marine fishes. Both field and laboratory work concentrate on the structure, function and habits of marine fishes and the ecological interactions of these fishes with their biotic and abiotic surroundings. Lecture two hours; laboratory six hours.

MSCI 124. Marine Invertebrate Zoology I.  4 Units  
**Prerequisite(s):** College zoology or instructor permission; MSCI 103 recommended.  
**Term Typically Offered:** Fall, Spring  
Field oriented introduction to the structure, systematics, evolution, and life histories of the major and minor marine phyla. Lecture two hours; laboratory and six hours.

MSCI 125. Marine Invertebrate Zoology II.  3 Units  
**Prerequisite(s):** College zoology or instructor permission; MSCI 103 and MSCI 124 recommended.  
**Term Typically Offered:** Fall, Spring  
Field oriented introduction to the structure, systematics, evolution and life histories of the minor marine invertebrate phyla. Lecture one hour; laboratory and field six hours.

MSCI 131. Marine Botany.  4 Units  
**Prerequisite(s):** MSCI 103 recommended.  
**Term Typically Offered:** Fall, Spring  
Introduction to the plants of the sea, marshes, and dunes, with emphasis on the morphology, taxonomy and natural history of seaweeds and vascular plants. Lecture two hours; laboratory six hours.

MSCI 135. Physiology of Marine Algae.  4 Units  
**Prerequisite(s):** MSCI 103, MSCI 131, and MSCI 144. Lecture two hours; laboratory six hours.  
**Term Typically Offered:** Fall, Spring  
Physiological basis for understanding the adaptation of marine algae to their environment. Topics include respiration, enzyme activity, and biochemical composition. Hands-on experience in basic electronic instrumentation, chemical separations, optical measurements, culturing methods, and radiotrace techniques.

MSCI 141. Geological Oceanography.  4 Units  
**Prerequisite(s):** MSCI 142, MSCI 143; may be taken concurrently.  
**Term Typically Offered:** Fall, Spring  
Study of the structures, physiography and sediments of the sea bottom and shoreline. Lecture two hours; laboratory and field six hours.

MSCI 142. Physical Oceanography.  4 Units  
**Prerequisite(s):** College algebra, college physics recommended.  
**Term Typically Offered:** Fall, Spring  
Introduction to the nature and causes of various oceanic motions including currents, waves, tides, and mixing and the Physical properties of seawater. Limited use of calculus. Lecture three hours; laboratory three hours.

MSCI 143. Chemical Oceanography.  4 Units  
**Prerequisite(s):** One year of college chemistry.  
**Term Typically Offered:** Fall, Spring  
Introduction to the theoretical and practical aspects of the chemistry of the oceans, including major salts, dissolved gases, nutrient ions, carbonate system, transient tracers, and shipboard sampling techniques. Lecture two hours; laboratory six hours.

MSCI 144. Biological Oceanography.  4 Units  
**Prerequisite(s):** General biology, general chemistry.  
**Term Typically Offered:** Fall, Spring  
Ocean as an ecological system. Emphasis will be on the complexity of organism-environmental interaction of the plankton, the transfer of organic matter between trophic levels and nutrient cycles. Laboratory sessions will include methods in sampling, shipboard techniques, identification of the plankton, and current analytical techniques. Lecture two hours; laboratory six hours.

MSCI 175A. Coastal Geol Processes.  1 Unit  
**Term Typically Offered:** Fall, Spring

</table>
MSCI 233C. Coastal Ecology-Gulf of California. 3 Units
Prerequisite(s): MSCI 103, MSCI 104, MLML SCUBA certified, graduate status, instructor permission.
Term Typically Offered: Fall, Spring

Field-oriented examination of the interrelationships between intertidal and shallow subtidal organisms and their environment in the Gulf of California, Mexico. Information from lectures and review of primary literature on the ecology of the region will be used to write a research proposal. 1 hour lecture, 6 hours laboratory.

MSCI 233D. Immune Respns Marine Orgns. 2 Units
Term Typically Offered: Fall, Spring

MSCI 234. Advanced Biological Oceanography. 4 Units
Prerequisite(s): MSCI 144.
Term Typically Offered: Fall, Spring

Experimental techniques in biological oceanography with emphasis on problems important to plankton ecology. Includes lectures, labs, and discussions of current research problems. An individual research project involving analytical tools will be required. Lecture two hours; laboratory six hours.

MSCI 242. Plate Tectonics. 3 Units
Prerequisite(s): MSCI 141 or instructor permission.
Term Typically Offered: Fall, Spring

Historical background, modern theory, and geo-physical evidence of continental drift sea floor spreading and plate tectonics. Examinations of the impact of the recent revolution in historical geology. Lecture three hours.

MSCI 248. Marine Benthic Habitat Techniques. 4 Units
Prerequisite(s): Graduate standing and instructor permission.
Term Typically Offered: Fall, Spring

Collection and interpretation of geophysical data used to characterize marine benthic habitats. Basic geophysical principles will be reviewed. Application of techniques to identify and characterize marine benthic habitats, including echosounders, multibeam bathymetry and backscatter, sidescan sonar, seismic profiling, and GIS. Lecture two hours; laboratory six hours.

MSCI 251. Marine Geochemistry. 4 Units
Prerequisite(s): MSCI 143, quantitative analysis, one year calculus or instructor permission.
Term Typically Offered: Fall, Spring

Geochemical processes in the oceans: thermodynamics of low temperature aqueous reactions, processes occurring at the sea floor and air-sea interface. Lecture two hours; laboratory six hours.

MSCI 261. Ocean Circulation and Mixing. 4 Units
Prerequisite(s): MSCI 142; college physics strongly recommended or instructor permission.
Term Typically Offered: Fall, Spring

Mathematical description of the distribution of properties (salinity density, etc.) in the oceans relating to physical and biochemical processes. Equations of motion, geotropic method, and theory of distribution of variables. Lecture two hours; laboratory six hours.

MSCI 262. Satellite Oceanography. 4 Units
Prerequisite(s): MSCI 142, MSCI 144, or instructor permission. MSCI 263 strongly recommended.
Term Typically Offered: Fall, Spring

Physical principles of remote sensing with application to the oceans including satellite image processing methods. Labs involve use of PC and Unix workstation. Lecture two hours; laboratory six hours.

MSCI 263. Application of Computers in Oceanography. 4 Units
Prerequisite(s): College math and instructor permission.
Term Typically Offered: Fall, Spring

Lecture, discussion and technical programming with MATLAB for computation and visualization with applications in marine sciences. Use of existing program libraries for data I/O and analysis. Semester project required. Lecture two hours; laboratory six hours.

MSCI 271. Population Biology. 3 Units
Prerequisite(s): MSCI 103, MSCI 104; or instructor permission.
Term Typically Offered: Fall, Spring

Principles of the interaction among marine organisms that result in the alteration of population structures. Techniques for assessment and management of populations. Lecture two hours; laboratory three hours.

MSCI 272. Subtidal Ecology. 4 Units
Prerequisite(s): MLML diver certification and marine ecology (knowledge of marine algae, invertebrates, and statistics recommended).
Term Typically Offered: Fall, Spring

Ecology of nearshore rocky subtidal populations and communities with emphasis on kelp forests. Lectures and discussions of original literature. Field work with SCUBA including group projects on underwater research techniques and community analysis, and individual research on ecological questions chosen by the student. Lecture two hours; laboratory six hours.

MSCI 274A. Electron Micros+Microanal. 3 Units
Term Typically Offered: Fall, Spring

MSCI 274B. Geol Central Ca Margin. 4 Units
Term Typically Offered: Fall, Spring

MSCI 274C. Chem Of Marine Pollution. 4 Units
Term Typically Offered: Fall, Spring

MSCI 274D. Global Change. 3 Units
Term Typically Offered: Fall, Spring

MSCI 280. Scientific Writing. 3 Units
Prerequisite(s): Graduate status and instructor permission.
Term Typically Offered: Fall, Spring

Techniques and strategies of scientific writing used for proposals, journal submissions, and abstracts for meetings. Students will develop their writing skills by preparing, editing, and rewriting manuscripts. Lecture three hours.
MSCI 281. Coastal Dynamics. 4 Units
Prerequisite(s): Graduate standing and MSCI 141 or MSCI 142.
Term Typically Offered: Fall, Spring
Addresses the oceanographic dynamics of coastal environments, within
an emphasis on eastern boundary current systems influenced by coastal
upwelling. Focuses on how physical and geographical oceanography
interact with each other and how both affect coastal ecosystem
dynamics.

MSCI 285. Seminar in Marine Biology. 2 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Seminar will be held on topics changing each semester. Each student will
be required to give at least one seminar. Lecture two hours.
Note: May be repeated once for credit.

MSCI 285A. Social Biology. 2 Units
Term Typically Offered: Fall, Spring

MSCI 285B. Repro+Dev Marine Organism. 2 Units
Term Typically Offered: Fall, Spring

MSCI 285C. Recent Adv Deep-Sea Bio. 2 Units
Term Typically Offered: Fall, Spring

MSCI 285D. Controversies Modern Biol. 2 Units
Term Typically Offered: Fall, Spring

MSCI 285E. Paradigms In Commun Ecol. 2 Units
Term Typically Offered: Fall, Spring

MSCI 285F. Appl Molecr Tech Mar Bio. 2 Units
Term Typically Offered: Fall, Spring

MSCI 285G. Aspects Of Deep-Sea Biol. 2 Units
Term Typically Offered: Fall, Spring

MSCI 286. Seminar in Marine Geology. 2 Units
Term Typically Offered: Fall, Spring
Seminar will be held on topics changing each semester. Each student will
be required to give at least one seminar.
Note: May be repeated once for credit.

MSCI 287. Seminar In Oceanography. 2 Units
Term Typically Offered: Fall, Spring
Seminar will be held on topics changing each semester. Each student will
be required to give at least one seminar.
Note: May be repeated once for credit.

MSCI 298. Research in the Marine Sciences. 1 - 4 Units
Prerequisite(s): Graduate standing and instructor permission.
Term Typically Offered: Fall, Spring
Independent investigations of an advanced character for the graduate
student with adequate preparation.
Note: CSUH students must file a petition with their home campus
department before admission to this class. CSU Stanislaus students
must file Individual Study forms. CSUF students must file Research
Approval forms.

MSCI 299. Master’s Thesis. 1 - 4 Units
Term Typically Offered: Fall, Spring

Marketing (MKTG)

MKTG 101. Principles Of Marketing. 3 Units
Prerequisite(s): You must be a Business major (any concentration), a
business minor or in one of the following majors: Corns/Pub Relations,
CM, MET, FACS (Apparel Mktg/Design), FACS (Cons Sci), GPHD, INTO
(Mktg), Rec & Park Mgmt, Photography to enroll in this course.
Term Typically Offered: Fall, Spring

The purpose of this course is to help students develop a working
knowledge of marketing. Students will learn about the role marketing
plays in an organization, as well as how to plan, implement and evaluate
marketing activities. This course builds a foundation for further study in
marketing and related fields.

MKTG 115. Marketing Analytics. 3 Units
Prerequisite(s): MKTG 101; and either DS 101 or MKTG 121; or instructor
permission
Term Typically Offered: Fall, Spring

The course covers current developments in marketing analytics. Topics
include methodologies for market forecasting, estimating market size,
and demand; evaluating marketing ROI and customer lifetime value;
modeling of segmentation, positioning, competitive analysis, conjoint
analysis, distribution channel analytics, and sales analytics. Students will
also learn the latest datamining tools to collect, analyze, and visualize
data for decision making and communicating to senior executives.

MKTG 121. Marketing Research and Information. 3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring

Examines the acquisition of information for marketing decision making,
including methods of collection and analysis applicable to secondary and primary data, as this process relates to the
management information system. Seminar.

MKTG 122. Buyer Behavior. 3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring

Understanding buying as a process in order to develop more effective
solutions to marketing problems; an interdisciplinary approach drawing
on insights from the behavioral sciences; applications to practical
marketing situations. Seminar.

MKTG 123. Public Relations and Ethics in Business. 3 Units
Term Typically Offered: Fall, Spring

Managerial function of evaluating public attitudes toward business firms
and other organizations and institutions, and of adjusting policies and
executing programs to earn public acceptance and support. Media and
method of communicating with the various publics, and problems in
responsible leadership.

MKTG 124. Retail Management. 3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring

Development, trends, and institutions of retailing; organization and
management of retail establishments; principles and policies of retail
store operations including location and layout, planning and control of
budgets, personnel, pricing and customer services.
MKTG 125. Advertising.  3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring
Examination of advertising as a marketing communications tool in profit and nonprofit organizations. Emphasis will be placed on creative methods, alternative media, measurements of effectiveness, and coordination with other aspects of the marketing program through class discussion and written projects. Seminar.

MKTG 126. Salesmanship.  3 Units
Term Typically Offered: Fall, Spring
Principles of the sales process including prospecting, structuring a sales presentation, handling objections, closing and customer relationship management. Application of sales techniques in product and service situations, integration of technology as a sales tool. Includes lectures, role playing, and practice in sales presentations.

MKTG 127. Sales Management.  3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring
Individual problems of manufacturer or wholesaler in merchandising; intensive development of the "selling" function of marketing; duties of the sales manager.

MKTG 129. Marketing Management.  3 Units
Prerequisite(s): MKTG 101 and senior status.
Term Typically Offered: Fall, Spring
Application of marketing principles to the solution of a wide variety of problems and cases including target markets, product selection, channels of distribution, promotion and pricing.
Note: It is a capstone course. It is recommended that students take MKTG 121 and MKTG 122 prior to taking MKTG 129. Seminar.

MKTG 130. Digital Marketing.  3 Units
Prerequisite(s): MKTG 101 and Business majors or Marketing minors only.
The purpose of this course is to help students learn and apply emerging marketing techniques to become efficient and effective marketers in the 21st century. Topics covered center on effective marketing in an online environment to help students refine their strategic marketing skills, ability to work effectively in diverse teams, and understanding of the local marketing environment.

MKTG 160. Principles of Quality Management.  3 Units
Term Typically Offered: Fall, Spring
Study of the major principles of quality management: customer focus, continuous improvement, employee involvement, and process improvement. Use of case studies and a project to gain knowledge in implementing quality management principles. Seminar.

MKTG 181. Supply Chain Logistics Management.  3 Units
Prerequisite(s): OPM 101.
Term Typically Offered: Fall, Spring
Delivery of enhanced customer and economic value through synchronized management of the flow of physical goods and associated information from sourcing through consumption. Examines the management of those activities that facilitate the movement, control and direction of goods and services to create time, place, form and ownership utilities in the global market. Topics include transportation, warehousing, information systems, sourcing, strategic alliances, modeling, purchasing and international operations.

MKTG 186. Advanced Operations Planning and Control.  3 Units
Prerequisite(s): OPM 101.
Term Typically Offered: Fall, Spring
Focuses on effective operations strategies for companies that operate in a dynamic business environment, with an emphasis on in-depth treatments of the decision situations facing managers in charge of related to the planning and control of the flow of goods and services in supply chain systems.

MKTG 188. Supply Chain Modeling and Analysis.  3 Units
Prerequisite(s): OPM 101.
Term Typically Offered: Fall, Spring
Covers modeling and analytics for designing, managing and improving supply chain systems in order to achieve competitive advantages: cost, quality, service, flexibility, adaptability, and sustainability which support business level strategies of cost leadership and differentiation.

MKTG 190. Multinational Marketing.  3 Units
Prerequisite(s): MKTG 101 or instructor permission.
Term Typically Offered: Fall, Spring
Environmental factors affecting international trade, such as culture and business customs, political factors and constraints, economic development and legal differences, are integrated with the marketing management functions of market potential, analysis marketing research, international organization, channels and distribution, sales promotion, prices, credit, and financing.

MKTG 195. Internship in Marketing.  3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5.
Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.
Note: Open to upper division students, subject to permission of the Marketing Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.
Credit/No Credit

MKTG 199. Special Problems in Marketing.  1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.
Credit/No Credit
MKTG 199A. Special Problems in Supply Chain Management. 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.

Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.

Credit/No Credit

Masters Business Admin (MBA)

MBA 201. Accounting. 2 Units
Term Typically Offered: Fall, Spring

Concepts and models of financial accounting are introduced. Included are the analysis, interpretation and reporting of financial events.

MBA 202. Business Communication. 2 Units
Term Typically Offered: Fall, Spring

Stresses fundamental communication principles and techniques for effective business writing in diverse managerial situations. Participants complete a variety of writing activities, including responding to management communication cases and evaluating written communications using holistic and analytic tools. Within this context, participants are provided an opportunity to achieve an understanding of syntactical and grammatical patterns while improving analytical and logical business writing skills.

Note: This requirement will be waived for students who achieve a score of 4.5 or higher on the Analytical Writing Assessment (AWA) exam. Graduate Writing Intensive (GWI) course.

MBA 203. Legal Environment of Management. 2 Units
Term Typically Offered: Fall, Spring

Intensive study of important aspects of law for managers, including law as an instrument of social and political control. Analyzes selected problems in areas of private law such as contract, tort, business organizations, and agency. In addition, selected issues of administrative law and government regulation of business will be investigated.

MBA 204. Management and Organization Concepts. 2 Units
Term Typically Offered: Fall, Spring

Evolution of management and organization thought; examination of behavioral science variables influencing working relationships among managers, individuals and groups; the study of political and social behavior in organizations; identification, analysis, and synthesis of contemporary concepts and administrative practices; investigation of organization structure, function, and properties leading to an understanding of administration and organization.

MBA 205. Introduction to Managerial Issues in Information Technology. 2 Units
Term Typically Offered: Fall, Spring

Explores from a management perspective, the impact of IT on individuals, organizations, and society. Focuses on how organizations use information systems to solve strategic and operational problems. Topics may include functional information systems, decision support systems, enterprise systems, interorganizational information systems, e-commerce, and business analytics. The relationship between managers and IT personnel will be defined. May include case studies and appropriate software packages.

MBA 206. Managerial Statistics Analysis. 2 Units
Term Typically Offered: Fall, Spring

Computer-based course in data analysis. Business case studies are used to differentiate between common and specific sources of statistical variation and to construct statistical models such as multiple regression, times series, and statistical quality control. Emphasis is placed on intuitive statistical thinking and communication of results.

MBA 207. Finance. 2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 206.
Term Typically Offered: Fall, Spring

Theory and practice in determining the need for, the acquisition of, and the use of funds by organizations. Topics include time value of money, financial analysis, management of working capital, cost of capital, capital budgeting, long-term financing, dividend policy, and internal financing.

MBA 208. Marketing. 2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 203.
Term Typically Offered: Fall, Spring

Application of decision making in solving marketing problems; such as product, place, promotion and price decisions with reference to consumers and users.

MBA 209. Production and Operations Analysis. 2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 206.
Term Typically Offered: Fall, Spring

Study of operational systems; fundamental concepts, tools, and methodologies required to analyze and solve problems of the operations manager. Topics include: work design, facilities design, scheduling, quality control, and inventory management.

MBA 210. Managerial Accounting. 3 Units
Term Typically Offered: Fall, Spring

Management accounting data characteristics and application to internal decisions made by managers. Topics cover management accounting as a tool of business management. Topics generally include product costing, managers’ use of accounting data in specific decision frameworks, performance evaluation, and relevant versus strategic analysis. Class participation is encouraged.

MBA 220. Financial Management. 3 Units
Term Typically Offered: Fall, Spring

Financing of corporations and management of corporate resources, short-term and long-term, stressing maximizing shareholder wealth. The case method is used extensively. Both oral and written communication skills are stressed.
MBA 221. Financial Markets. 3 Units
Prerequisite(s): MBA 220 or instructor permission.  
Term Typically Offered: Fall, Spring

Behavior of equity, debt, currency, and derivatives markets and the linkages between these markets. Presents the principles of valuations of instruments traded in these markets and the use of these instruments to investors, speculators, hedgers and arbitrageurs.

MBA 222. Security Analysis and Portfolio Management. 3 Units
Term Typically Offered: Fall, Spring

Evaluation of stocks and bonds from the investor's viewpoint. Interpretation of issuers' financial statements to estimate potential future earnings and dividends; and evaluation of the securities' risks and expected returns through analysis of economic, industry and market environment in order to develop conclusions as to the securities' suitability for inclusion in various types of portfolios. Ethical issues faced by practicing security analysts and portfolio managers.

MBA 223. Asset Valuation. 3 Units
Prerequisite(s): MBA 220 or instructor permission.  
Term Typically Offered: Fall, Spring

Advanced concepts and techniques essential to asset valuation. Key topics include, but not limited to, free cash flow, price multiples, asset-based and contingent claim valuations. Applications of various valuation techniques are emphasized.

MBA 224. Advanced Investment Strategies. 3 Units
Prerequisite(s): MBA 222 (may be taken concurrently) or permission of instructor.  
Term Typically Offered: Fall, Spring

Theoretical and empirical applications of fund formation models. Emphasis is placed on model development strategies based on analyzing secondary sources of financial data. The quality of models is assessed in terms of their logical consistency, robustness of underlying theoretical assumptions, and predicative power. Development, analysis and predicative assessment are conducted within the Excel environment.

MBA 225. Financial Aspects of Health Care Administration. 3 Units
Term Typically Offered: Fall, Spring

Financing in health care institutions will be studied; including planning and control features involving budgets, funds flow, funding sources, and factors affecting finance in the health care industry. Analyzes will be made of the relationships and effects on health care finance of such factors as labor, business, government, insurance, research, and demography.

MBA 230. Behavior Science Applications in Management. 3 Units
Term Typically Offered: Fall, Spring

Behavioral science theories, concepts, and practices in current use in private and public organizations. Critical evaluation of research supporting those practices.

MBA 231. Managing in High Performance Work Organizations. 3 Units
Term Typically Offered: Fall, Spring

This course focuses on contemporary problems, issues, and objectives relating to the value of collaboration with control in maximizing human capital effectiveness in high performance work organizations. Course work will include research projects, experiential case studies and in-class simulations to help students better understand human capital effectiveness and learn how to serve multiple stakeholders' interests across different sectors such as private, public, healthcare and information technology.

MBA 232. Negotiation and Relationship Management. 3 Units
Term Typically Offered: Fall, Spring

Investigation of the formal and informal methods of dispute resolution including negotiating, litigation, administrative hearings, arbitration, mediation, ombudsperson, summary jury trial, private judging, and fact finding. Emphasizes the application of these methods to organization, business, and public sector disputes.

MBA 233. Seminar in Organization Development. 3 Units
Prerequisite(s): MBA 230 or equivalent.  
Term Typically Offered: Fall, Spring

Seminar focusing on individual and organization responses to a changing environment. Includes assumptions and values of organization development; action research; personal, team and intergroup interventions; consultant-client relationships and instrumentation. Cases, laboratory experience, workshop and field analysis techniques are utilized.

MBA 234. Industrial Relations. 3 Units
Term Typically Offered: Fall, Spring

Dual approach emphasizing in-depth analysis of both the philosophical and the practical aspects of industrial relations. The impact of social, economic, and political forces, and their interaction with union and management institutions and public policies. Analyzes relationships between organized employees and employers, the bargaining process, strategies and issues, contract administration, and impasse resolution processes.

MBA 235. Management Of Innovation. 3 Units
Term Typically Offered: Fall, Spring

Synthesis of specialized problems relating to the acquisition, introduction, and utilization of innovations and technological advances by managers in business, industry, government, profit or nonprofit organizations. Current research, thinking methodology dealing with the economics and social impact, sources, barriers, and transfer mechanisms of innovations and technological advances will be investigated.

MBA 236. Current Topics and Processes in Organizational Development. 3 Units
Term Typically Offered: Fall, Spring

Explores contemporary frameworks for dealing with change in today's organizations. Contemporary processes and topics are presented in the context of these frameworks. Lectures and readings may be supplemented by experiential work and firsthand observations of local organizations.
MBA 240. Marketing Management. 3 Units
Term Typically Offered: Fall, Spring
Marketing policy for channels of distribution, pricing brands, advertising, and sales as interrelated at the executive level. Designed to develop capacity for sound decision making by marketing managers.

MBA 241. Marketing and Its Environments. 3 Units
Term Typically Offered: Fall, Spring
Analyzes the firm's or public agency's external environments, forces of change within them, and their influence on the organization's strategies and actions.

MBA 242. Marketing Problems. 3 Units
Term Typically Offered: Fall, Spring
Consideration of current problems and issues in marketing from the perspective of the individual firm or public agency.

MBA 243. Global Marketing Environment. 3 Units
Term Typically Offered: Fall, Spring
An in-depth coverage of a marketing functions in global environment. Explores traditional and contemporary theories, strategies, practices, and issues of international marketing, develops skills required for entry and maintaining presence on the foreign markets.

MBA 244. Research Methodology. 3 Units
Term Typically Offered: Fall, Spring

MBA 251. Real Estate Finance and Investment. 3 Units
Term Typically Offered: Fall, Spring
Concept and methods used to analyze equity investment in income-producing properties such as apartments, office buildings, and retail. Topics include market analysis, leasing and property income streams, financial structuring, taxation of real estate operations and transactions, the theory and methods used to assess the performance of individual real estate projects, alternative ownership structures, recent innovations in real estate capital markets, material on regulatory restrictions, taxation, and mixed assets portfolio analysis. Use of computer models for investment decision-making.

MBA 252. Mortgage Markets: Institutions, Securities, and Strategies. 3 Units
Term Typically Offered: Fall, Spring
Provides an understanding of mortgage markets and the knowledge required to make financing and lending decisions. Topics include sources of funds, mortgage design and analysis of financing alternatives; mortgage origination, risks in real estate loans, forecasting loan performance, loan modifications and workout strategies, foreclosure, bankruptcy and REOs; secondary mortgage markets and mortgage-backed securities; development and construction financing, risks in construction performance and project management; and management of interest rate risk. Use of computer models for decision-making.

MBA 253. Seminar in Real Estate Development. 3 Units
Prerequisite(s): MBA 251, PPA 250, advanced to candidacy, and instructor permission.
Term Typically Offered: Fall, Spring
Capstone course in urban land development. Case problems and theoretical issues in such areas as debt and equity financing, feasibility analysis, land use regulation, market analysis, risk management, site selection, and taxation of income-producing properties.

MBA 260. Management of Technology Intensive Enterprises. 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Use of information technology (IT) as management resource. Focus is on management decision-making related to telecommunications, data-bases, system development, and decision support systems. Use of technology to reengineer the business organization.

MBA 261. Integrated Business Process Management. 3 Units
Term Typically Offered: Fall, Spring
Study the concept of integrated business process management using ERP tools and software to enhance growth and productivity as the diverse functions of an organization are combined into one comprehensive, interrelated, and optimized system. Demonstrate how enterprise level information systems can achieve organizational goals by providing decision makers with accurate, consistent, current, timely, and relevant information and knowledge. Understand the techniques and skills for successful implementation of ERP systems. Explore the latest trends and development in ERP technologies.

MBA 262. Integrated IT in Healthcare. 3 Units
Term Typically Offered: Fall, Spring
This course examines methodologies, tools and applications used for developing and managing information to improve service and make decisions in healthcare. Topics include design, implementation and management of enterprise information systems, health information systems, and electronic medical records, along with other managerial issues such as information privacy and security.

MBA 263. Project and Outsourcing Management. 3 Units
Term Typically Offered: Fall, Spring
Cover the knowledge, skills, and principles required to organize, plan, and control projects and outsourcing activities. Topics include a review of project characteristics and risks, development executive objectives, organization structure and interfaces, information management, and control techniques.

MBA 264. Business Intelligence. 3 Units
Term Typically Offered: Fall, Spring
Cover the processes, methodologies, infrastructure, framework, and current practices used to transform business data into useful information and knowledge for IT-enabled managerial decision support and performance improvement. Data-oriented techniques for corporate performance management and decision making, as well as methodologies for business process improvement, are emphasized. Foundation knowledge in data storage and retrieval, logical data models for database management systems and data warehouses, and security-related issues are discussed.
MBA 270. Global Business Management. 3 Units
Term Typically Offered: Fall, Spring
Provides graduate students an understanding of the management approaches of multinational corporations in dealing with operational differences in various countries. Topics include such areas as: foreign investment decisions, relations with host governments, and organizational planning.

MBA 271. Integrated Entrepreneurship Management. 3 Units
Term Typically Offered: Fall, Spring
Explore multi-dimensions of entrepreneurship including the entrepreneurial initiatives in a corporate context. As a nascent entrepreneur, students are to evaluate new venture opportunities and to understand the entire process of a new venture creation. In corporate settings, students are to understand the innovation and change management of established firms to accomplish their sustainable competitive advantages.

MBA 272. Entrepreneurial Resources Management. 3 Units
Term Typically Offered: Fall, Spring
Study the concepts of identifying and managing talent in entrepreneurial ventures. Demonstrate through theories, empirical evidence, case studies and simulations, the value of sustainable human resource management in new and established enterprises.

MBA 280. Value Chain Integration. 3 Units
Prerequisite(s): classified or conditionally classified graduate student in the College of Bus Admin
Term Typically Offered: Fall, Spring
Study the current state of enterprise value chains from an operation management perspective. Discuss contemporary issues regarding supply and operations management of organizations including profit and nonprofit, service and manufacturing organizations. Integrative topics will be selected among issues affecting an organization’s value chain at operational, strategic, and economic levels.

MBA 281. Quality and Process Improvement in Healthcare. 3 Units
Prerequisite(s): classified or conditionally classified graduate student in the College of Bus Admin
Term Typically Offered: Fall, Spring
Discuss contemporary developments and methods in managing quality and process improvement in the healthcare industry. Topics include: Healthcare quality, leadership, teambuilding and project management; quality management processes and tools; quality measurement and management; human participation and organizational design in healthcare quality management; quality and process improvement initiatives; Lean and Six Sigma methodologies for continuous process improvement; process and systems integration; and emerging trends in healthcare quality management.

MBA 282. Global Supply Chain Management. 3 Units
Prerequisite(s): classified or conditionally classified graduate student in the College of Bus Admin
Term Typically Offered: Fall, Spring
A comprehensive study of the basic concepts, methods, processes, and strategies used in the design, development and management of global supply chains. Topics include: defining the supply chain on a global scale, designing global supply chain networks, global procurement, strategic alliances, global logistics, supply chain-orientated product design, quantitative and qualitative tools for supply chain management and current industry initiatives.

MBA 294. Cooperative Education Experience in Management. 6 - 12 Units
Prerequisite(s): Minimum overall GPA of 3.0.
Term Typically Offered: Fall, Spring
In-depth supervised work experience in management for the purpose of exposing the students to comprehensive management experience in business, government, or service agencies. Note: Open to all classified graduate students, subject to permission of the Associate Dean for Graduate and External Programs. Units do not apply toward degree.

Credit/No Credit

MBA 295A. Internship In Finance. 3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies. Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.

Credit/No Credit

MBA 295B. Internship In Marketing. 3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies. Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.

Credit/No Credit
MBA 295C.  Internship in Operations Management.  3 Units  
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.  
Term Typically Offered: Fall, Spring  
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.  
Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.  
Credit/No Credit  

MBA 295D.  Internship in Organizational Behavior and Management.  3 Units  
Prerequisite(s): Classified graduate status; completion of graduate foundation courses plus 6 units of the second year requirement, minimum Sacramento State GPA of 3.0 required.  
Term Typically Offered: Fall, Spring  
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.  
Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.  
Credit/No Credit  

MBA 295E.  Internship in Urban Land Development.  3 Units  
Prerequisite(s): Classified graduate status; completion of graduate foundation courses plus 6 units of the second year requirement, minimum Sacramento State GPA of 3.0 required.  
Term Typically Offered: Fall, Spring  
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.  
Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.  
Credit/No Credit  

MBA 296.  Experimental Offerings in MBA.  3 Units  
Term Typically Offered: Fall, Spring  
When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in the MBA program.  
Note: May be repeated for credit  

MBA 299A.  Special Problems in Finance.  1 - 3 Units  
Prerequisite(s): Classified graduate status.  
Term Typically Offered: Fall, Spring  
Individual projects or directed reading for students qualified to carry on independent work.  
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.  
Credit/No Credit  

MBA 299B.  Special Problems in Marketing.  1 - 3 Units  
Prerequisite(s): Classified graduate status.  
Term Typically Offered: Fall, Spring  
Individual projects or directed reading for students qualified to carry on independent work.  
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.  
Credit/No Credit  

MBA 299C.  Special Problems in Operations Management.  1 - 3 Units  
Prerequisite(s): Classified graduate status.  
Term Typically Offered: Fall, Spring  
Individual projects or directed reading for students qualified to carry on independent work.  
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.  
Credit/No Credit  

MBA 299D.  Special Problems in Organizational Behavior and Management.  1 - 3 Units  
Prerequisite(s): Classified graduate status.  
Term Typically Offered: Fall, Spring  
Individual projects or directed reading for students qualified to carry on independent work.  
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1035.  
Credit/No Credit  

MBA 299E.  Special Problems in Urban Land Development.  1 - 3 Units  
Prerequisite(s): Classified graduate status.  
Term Typically Offered: Fall, Spring  
Individual projects or directed reading for students qualified to carry on independent work.  
Note: Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1035.  
Credit/No Credit  

MBA 500A.  Thesis.  3 Units  
Prerequisite(s): Advanced to candidacy; completion of MBA 244.  
Term Typically Offered: Fall, Spring  
Completion of a thesis approved for the Master's degree.  

MBA 500B.  Project.  1 - 3 Units  
Prerequisite(s): Advanced to candidacy; completion of MBA 244.  
Term Typically Offered: Fall, Spring  
Completion of a project approved for the Master's degree.  

MBA 500C.  Comprehensive Examination.  1 Unit  
Prerequisite(s): Advanced to candidacy. For comprehensive examination for MBA only, completion of Program Requirements (MBA 210, MBA 220, MBA 230, MBA 420, MBA 270, MBA 280).  
Term Typically Offered: Fall, Spring
MBA 501. Culminating Experience Project in Business and Strategy. 3 Units
Prerequisite(s): Advanced to candidacy
Term Typically Offered: Fall, Spring

Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MBA program as required in Title V of the CA educational Code. The course also covers the competitive strategy of a firm, investigates competitive positions, strategic capabilities, inter-firm dynamics, and strategic levers of firms. It integrates the accumulative knowledge, skills and techniques delivered in the program to review the strategy process executives employ for effective decision making.

Note: May be repeated for credit.

Math Learning Skills (MLSK)

MLSK 7A. Making Sense Of Algebra. 4 Units
Prerequisite(s): Score of 34 or below on the ELM Test.
Term Typically Offered: Fall, Spring

Review of fundamental mathematics concepts, measurement geometry, and beginning algebra.

MLSK 7B. Making Sense Of Algebra. 4 Units
Prerequisite(s): LS 7A or MLSK 7A.
Term Typically Offered: Fall, Spring

Review of beginning algebra, algebra topics, and measurement geometry.

MLSK 8A. Individualized Algebra. 2 Units
Prerequisite(s): Instructor permission and pre-algebra competency.
Term Typically Offered: Fall, Spring

First in a three course sequence to prepare students for Math 1. Delivered at a slower pace than other preparatory math courses. Upon completion of the three course sequence, students must enroll in MATH 1.

MLSK 8B. Individualized Algebra. 2 Units
Prerequisite(s): Instructor permission and pre-algebra competency.
Term Typically Offered: Fall, Spring

Second in a three course sequence to prepare students for Math 1. A continuation of topics in MLSK 8A. Delivered at a slower pace than other preparatory math courses. Upon completion of the three course sequence, students must enroll in MATH 1.

MLSK 8C. Individualized Algebra. 2 Units
Prerequisite(s): Instructor permission and pre-algebra competency.
Term Typically Offered: Fall, Spring

Last in a three course sequence designed to prepare students for Math 1. A continuation of topics addressed in MLSK 8B. Delivered at a slower pace than other preparatory math courses. Upon completion of the three course sequence, students must enroll in MATH 1.

MLSK 10A. Elementary Algebra with Geometry. 4 Units
Prerequisite(s): Score of 36-48 on the ELM Test.
Term Typically Offered: Fall, Spring

Review of fundamental mathematical concepts, basic measurement geometry and beginning algebra. Instruction provided through lecture or structured tutorial format.

Note: May utilize computers.

MLSK 10X. Geometry Adjunct to Math 9. 1 Unit
Prerequisite(s): Score of 44-48 on the ELM.
Corequisite(s): MATH 9.
Term Typically Offered: Fall, Spring

Review of measurement geometry and tutorial support for students concurrently enrolled in Math 9.

MLSK 195A. Learning Skills Tutoring Internship. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Practical application of learning through the tutoring of students.

Note: May be repeated for credit.

Credit/No Credit

MLSK 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed study.

Note: Requires approval of faculty member and Department Chair; may be repeated for credit.

Credit/No Credit

Mathematics (MATH)

MATH 1. Mathematical Reasoning. 3 Units
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring, Summer

Recommended for students whose majors do not include a specific mathematics requirement. Objectives are to show some of the essence and quality of mathematics, and to enhance precision in the evaluation and expression of ideas, thereby developing a student’s quantitative reasoning skills. Designed to give students an understanding of some of the vocabulary, methods, and reasoning of mathematics with a focus on ideas.

MATH 10. Essentials of Algebra. 3 Units
Prerequisite(s): Any valid score on ALEKS PPL exam
Term Typically Offered: Fall, Spring

Prepares students for courses requiring fundamental algebra skills. Topics include: review of basic algebra; scientific notation, rounding, and percents; factoring; exponents; linear equations and inequalities with applications; quadratic equations with applications; graphing with applications; absolute value equations and inequalities; systems of linear equations and inequalities; and an introduction to exponential and logarithmic expressions.

MATH 12. Algebra for College Students. 4 Units
Prerequisite(s): Score of 41 or higher on ALEKS PPL exam
Term Typically Offered: Fall, Spring

Prepares students for Pre-calculus and other higher math courses requiring intermediate algebra. Topics include: linear equations and inequalities, absolute value equations and inequalities, systems of linear equations, quadratic equations, polynomial expressions and equations, rational expressions and equations, roots and radicals, and exponential & logarithmic properties and equations.
MATH 15H. Honors Mathematical Reasoning. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Introduction to the composition and interpretation of mathematical ideas and to the mathematical reasoning necessary to derive results in a variety of mathematical topics. Emphasis on developing concepts and analyzing results.

MATH 17. An Introduction to Exploration, Conjecture, and Proof in Mathematics. 3 Units
Prerequisite(s): Score of 46 or higher on ALEKS PPL exam or MATH 10
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Prepares students for MATH 107A and MATH 107B. Students will explore mathematical patterns and relations, formulate conjectures, and prove their conjectures. Topics from number theory, probability and statistics, and geometry.

MATH 24. Modern Business Mathematics. 3 Units
Prerequisite(s): Score of 51 or higher on ALEKS PPL exam or MATH 10
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring, Summer
Mathematics for business world, including functions, math of finance, linear programming and rates of change. Applications to economics and business will be emphasized throughout.

MATH 26A. Calculus I for the Social and Life Sciences. 3 Units
Prerequisite(s): Score of 61 or higher on ALEKS PPL exam or MATH 12
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Limits, differentiation with applications, integration and applications in the Social Sciences and Life Sciences.

MATH 26B. Calculus II for the Social and Life Sciences. 3 Units
Prerequisite(s): MATH 26A or appropriate high school based AP credit.
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Continuation of MATH 26A, integration and applications to the Social Sciences and Life Sciences. Multi-variate analysis including partial differentiation and maximization subject to constraints; elementary differential equations; sequences and series. Calculus of the trigonometric functions as time allows.
Note: Not open to students already having credit for MATH 31 or equivalent.

MATH 29. Pre-Calculus Mathematics. 4 Units
Prerequisite(s): Score of 61 or higher on ALEKS PPL exam or MATH 12
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Designed to prepare students for calculus. Topics: trigonometry, points and lines in the Cartesian plane; lines and planes in space; transformation of coordinates; the conics; graphs of algebraic relations; the elementary transcendental functions.

MATH 29A. Pre-Calculus Mathematics A. 2 Units
Prerequisite(s): Score of 61 or higher on ALEKS PPL exam or MATH 12
Term Typically Offered: Fall only
First semester of a two semester course that is designed to prepare students for calculus. Topics: functions and graphs, polynomial functions, rational functions and applications. Lecture two hours.

MATH 29B. Pre-Calculus Mathematics B. 2 Units
Prerequisite(s): MATH 29A.
Corequisite(s): MATH 29M.
Term Typically Offered: Spring only
Second semester of a two semester course that is designed to prepare students for calculus. Topics: exponential and logarithmic functions, trigonometric functions, analytic geometry, and applications. Lecture two hours.

MATH 29L. Lab for Pre-Calculus Math A. 1 Unit
Corequisite(s): MATH 29B.
Term Typically Offered: Fall, Spring
Workshop designed to deepen the understanding of pre-calculus developed in MATH 29A.
Note: May be taken for workload credit toward establishing full-time enrollment status, but is not applicable to the baccalaureate degree. Laboratory

MATH 29M. Lab for Pre-Calculus Math B. 1 Unit
Corequisite(s): MATH 29B.
Term Typically Offered: Fall, Spring
Workshop designed to deepen the understanding of pre-calculus developed in MATH 29B.
Note: May be taken for workload credit toward establishing full-time enrollment status, but is not applicable to the baccalaureate degree. Laboratory

MATH 30. Calculus I. 4 Units
Prerequisite(s): Score of 76 or higher on ALEKS PPL exam or MATH 29 or MATH 29B
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Functions and their graphs; limits; the derivative and some of its applications; trigonometric and hyperbolic functions and their inverses; the integral; the fundamental theorem; some applications of the integral.

MATH 30L. Laboratory for First Semester Calculus. 1 Unit
Corequisite(s): Enrollment in a designated section of MATH 30.
Term Typically Offered: Fall, Spring
Workshop designed to deepen the understanding of calculus developed in MATH 30.
Note: May be taken for workload credit toward establishing full-time enrollment status, but is not applicable to the baccalaureate degree. Laboratory
Credit/No Credit
MATH 31. Calculus II. 4 Units
Prerequisite(s): MATH 30 or appropriate high school based AP credit.
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring, Summer

MATH 30 continuation. Methods of integration; improper integrals; analytic geometry; infinite sequences and series.

MATH 31L. Laboratory for Second Semester Calculus. 1 Unit
Corequisite(s): Enrollment in a designated section of MATH 31.
Term Typically Offered: Fall, Spring, Summer

Workshop designed to deepen the understanding of calculus developed in MATH 31.

Note: May be taken for workload credit toward establishing full-time enrollment status, but is not applicable to the baccalaureate degree.

MATH 32. Calculus III. 4 Units
Prerequisite(s): MATH 31.
Term Typically Offered: Fall, Spring, Summer

Continuation of Calculus II. Algebra and calculus of vectors; functions of several variables; partial differentiation; multiple integration; vector analysis.

MATH 35. Introduction to Linear Algebra. 3 Units
Prerequisite(s): MATH 30 or appropriate high school based AP credit.
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring

Careful development of matrices, systems of equations, determinants, vector spaces, linear transformations, orthogonality, real and complex eigenvalues; R3 viewed as a vector space with generalization to Rn.

MATH 45. Differential Equations for Science and Engineering. 3 Units
Prerequisite(s): MATH 31.
Term Typically Offered: Fall, Spring, Summer

First order differential equations, second order differential equations with constant coefficients. Laplace transforms, small systems of linear differential equations, numerical methods, introduction to second order differential equations with variable coefficients.

MATH 99. Special Problems. 1 - 6 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Open only to students who appear competent to carry on individual work; admission requires the approval of the faculty member under whom individual work is to be conducted, and approval of the advisor and the Department Chair.

MATH 100. Applied Linear Algebra. 3 Units
Prerequisite(s): MATH 26B or MATH 31.
Term Typically Offered: Fall, Spring

Linear algebra and its elementary applications. Topics: Matrix algebra; simultaneous linear equations; linear dependence and vector spaces; rank and inverses; determinants; numerical solution of simultaneous linear equations; linear transformations; eigenvalues and eigenvectors; unitary and similarity transformations; quadratic forms.

Note: May not be taken for credit toward a mathematics major.

MATH 101. Combinatorics. 3 Units
Term Typically Offered: Spring only

Introduction to the art of counting. The focus will be on actually listing the objects being counted in small cases and using the knowledge gained in working with small cases to build toward general principles. Sum and product principles, models of counting, permutations and combinations, equivalence relations and partitions, inclusion-exclusion principle, recurrence relations, and generating functions.

MATH 102. Number Theory. 3 Units
Prerequisite(s): MATH 31.
Term Typically Offered: Fall, Spring

Theory of divisibility; some number theoretical functions; congruencies (linear and quadratic); some Diophantine equations. Simple continued fractions.

MATH 104. Vector Analysis. 3 Units
Prerequisite(s): MATH 32.
Term Typically Offered: Spring only

Vector and scalar fields, integral theorems, orthogonal curvilinear coordinates, vector spaces and linear transformations, applications to physical fields and operators.

MATH 105A. Advanced Mathematics for Science and Engineering I. 4 Units
Prerequisite(s): MATH 32, MATH 45.
Term Typically Offered: Fall only

MATH 105B. Advanced Mathematics for Science and Engineering II. 4 Units
Prerequisite(s): MATH 105A.
Term Typically Offered: Spring only

Partial differential equations continued, complex function theory and its applications.
MATH 107A. Fundamental Mathematical Concepts. 3 Units
Prerequisite(s): MATH 17 and either a score of 46 or higher on ALEKS PPL exam or MATH 10
Term Typically Offered: Fall, Spring
First half of a one-year course in the structure of the real number system and its sub-systems and in the basic properties and concepts of geometry. Topics will include: definitions and properties of set theory and their use in the development of the natural and whole number systems, definitions and properties of the arithmetic relations and operations for the natural numbers, whole numbers, integers.
Note: May not be taken for credit toward a mathematics major or minor.

MATH 107B. Fundamental Mathematical Concepts. 3 Units
Prerequisite(s): MATH 107A.
Term Typically Offered: Fall, Spring
Continuation of MATH 107A. Topics will include: rational numbers, real numbers, measurement, Euclidean Geometry.
Note: May not be taken for credit toward a mathematics major or minor.

MATH 107C. Elementary Mathematics and the Learning Process. 3 Units
Prerequisite(s): MATH 17, MATH 107A or MATH 107B, and CHDV 30 or CHDV 35.
Term Typically Offered: Fall, Spring
Students will build on their understanding of material of MATH 17, MATH 107A/B by deepening their understanding of the concepts taught in these courses. This will be done by examining these concepts in relationship to theories of learning and development. Students will examine mathematical concepts related to K-8 with respect to the treatment of reasoning, communication, and the perspective of cognitive and social constructivism; and throughout the course will consider the question of "What is mathematics?" and "How is mathematics learned?"

MATH 108. Introduction to Formal Mathematics. 3 Units
Prerequisite(s): MATH 31, MATH 35.
Term Typically Offered: Fall, Spring
Logic of mathematical proof, set theory, relations, functions. Examples and applications from set cardinality, algebra, and analysis.

MATH 110A. Modern Algebra. 3 Units
Prerequisite(s): MATH 108.
Term Typically Offered: Fall, Spring
First half of a one-year introductory course in algebraic concepts. Topics include: groups, subgroups, properties of groups, permutation theory, factor groups, homomorphism theorems.

MATH 110B. Modern Algebra. 3 Units
Prerequisite(s): MATH 110A.
Term Typically Offered: Fall, Spring
Continuation of MATH 110A.

Note: Topics include

MATH 117. Linear Algebra. 3 Units
Prerequisite(s): MATH 110A.
Term Typically Offered: Fall only
Abstract linear spaces and linear transformations; invariant subspaces; canonical forms.

MATH 121. College Geometry. 3 Units
Prerequisite(s): MATH 31; MATH 32 or MATH 35.
Term Typically Offered: Fall, Spring
Study of the axioms and theorems of Euclidean geometry. A comparison of several geometry axiom systems and their theorems, including those of some non-Euclidean and finite geometries.

MATH 130A. Functions of a Real Variable. 3 Units
Prerequisite(s): MATH 32 and MATH 108.
Term Typically Offered: Fall, Spring
First half of a one-year upper division course in functions of a real variable. The first semester will consist of a rigorous development of the theory of real-valued sequences and continuity and differentiation for functions of one real variable.

MATH 130B. Functions of a Real Variable. 3 Units
Prerequisite(s): MATH 130A.
Term Typically Offered: Fall, Spring
Continuation of MATH 130A. This semester will be devoted to a rigorous development of the theory of Riemann integration, infinite series, and sequences and series of functions.

MATH 134. Functions of a Complex Variable and Applications. 3 Units
Prerequisite(s): MATH 32.
Term Typically Offered: Spring only
Complex plane; analytic functions; integration and Cauchy's Theorem; sequences and series; residue calculus; applications to potential theory; Fourier and Laplace transforms.

MATH 150. Introduction to Numerical Analysis. 3 Units
Prerequisite(s): MATH 31
Term Typically Offered: Spring only
Numerical solutions of algebraic and transcendental equations; interpolation, inverse interpolation, finite differences, cubic splines, and applications; numerical differentiation and integration; direct and iterative numerical solutions of linear systems; discrete and continuous least squares approximation.

MATH 161. Mathematical Logic. 3 Units
Prerequisite(s): MATH 108.
Term Typically Offered: Fall, Spring
Advanced study of logic with special application to mathematics.

MATH 162. Set Theory. 3 Units
Prerequisite(s): MATH 108.
Term Typically Offered: Fall only
Axiomatic study of set theory. Topics usually considered include: relations and functions; set theoretical equivalence; finite and infinite sets; cardinal arithmetic; ordinal numbers and transfinite induction; variants of the Axiom of Choice.

MATH 170. Linear Programming. 3 Units
Prerequisite(s): MATH 31; MATH 35 or MATH 100.
Term Typically Offered: Fall only
Theory of linear programming, duality, simplex method, integer programming, applications.
MATH 190. History Of Mathematics. 3 Units
Prerequisite(s): MATH 31 and upper division status in mathematics.
Term Typically Offered: Fall, Spring
Study of the development of mathematical ideas and techniques and their impact on the general course of the history of western civilization.

MATH 193. Capstone Course for the Teaching Credential Candidate. 3 Units
Prerequisite(s): Successful completion of at least five of the following: MATH 102, MATH 110A, MATH 110B, MATH 121, MATH 130A, MATH 130B or MATH 190; MATH 110A or MATH 130A may be taken concurrently.
Term Typically Offered: Spring only
Reviews the major themes presented in the upper division program in Mathematics, and relates the themes to junior high school and high school curriculum. Required for all subject matter students.
Note: Not accepted for credit for non-Teaching Credential students.

MATH 196K. Introduction to Differential Geometry. 3 Units
Prerequisite(s): MATH 32, and MATH 35 or instructor's permission
Term Typically Offered: Spring only
Calculus methods are applied to the study of curves and surfaces in three dimensional space. After an introduction to the geometry of curves (curvature, torsion, and Frenet's formulas), the course explores the geometry of surfaces. Some of the geometrical properties of a surface that will be investigated are its first and second fundamental forms, its various curvatures (normal, principal, mean, and Gaussian curvatures), and its geodesic curves.

MATH 198. Seminar for Mathematics Tutors. 2 Units
Prerequisite(s): Students must be working as tutors in a campus-based program.
Term Typically Offered: Fall, Spring
Supports Sacramento State students who are working in tutorial and related roles in mathematics programs on campus. Focus on questioning as a fundamental strategy for teaching mathematics, on classroom observation, and on communication among mathematics instructors in support of effective teaching and learning.
Note: May be repeated up to two times for credit.
Credit/No Credit

MATH 199. Special Problems. 1 - 6 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Open only to those students who appear competent to carry on individual work. Admission to this course requires the approval of the faculty member under whom the individual work is to be conducted, in addition to the approval of the advisor and the Department Chair.
Credit/No Credit

MATH 210A. Algebraic Structures. 3 Units
Prerequisite(s): MATH 110B.
Term Typically Offered: Fall, Spring
General algebraic systems and concepts; groups.

MATH 210B. Algebraic Structures. 3 Units
Prerequisite(s): MATH 210A.
Term Typically Offered: Fall, Spring
Fields; vector spaces; Galois theory.

MATH 210A. Topology. 3 Units
Prerequisite(s): MATH 130B.
Term Typically Offered: Fall, Spring
Point set topology, continuity, compactness, connectedness.

MATH 220A. Topics In Topology. 3 Units
Prerequisite(s): MATH 220A.
Term Typically Offered: Fall, Spring
Continuation of MATH 220A with topics selected from: General topology/Foundations, Geometric Topology, Continuum Theory, Homology Theory, Homotopy Theory, Topological Dynamics.
Note: May be taken twice with approval of the graduate coordinator.

MATH 230A. Real Analysis. 3 Units
Prerequisite(s): MATH 130B.
Term Typically Offered: Fall, Spring
Metric topology; the theory of the derivative; measure theory.

MATH 230B. Real Analysis. 3 Units
Prerequisite(s): MATH 230A.
Term Typically Offered: Fall, Spring
Continuation of MATH 230A, with topics selected from: Theory of the integral, including Riemann, Riemann Stieltjes, and Lebesque integrals.
Note: May be taken twice with approval of the graduate coordinator.

MATH 234A. Complex Analysis. 3 Units
Prerequisite(s): MATH 130B; MATH 105B or MATH 134 is recommended.
Term Typically Offered: Fall, Spring
Complex numbers, complex functions, analytic functions, complex integration, harmonic functions.

MATH 234B. Topics in Complex Analysis. 3 Units
Prerequisite(s): MATH 234A.
Term Typically Offered: Fall, Spring
Continuation of MATH 234A with topics selected from: Partial Fractions and Infinite Products, Entire Functions, Riemann Zeta Function, Normal Families, Riemann Mapping Theorem, Conformal Mapping of Polygons, Dirichlet Problem, Analytic Continuation.
Note: May be taken twice with approval of the graduate coordinator.

MATH 241A. Methods of Applied Mathematics. 3 Units
Prerequisite(s): MATH 134 recommended.
Term Typically Offered: Fall, Spring
Note: May be repeated for credit provided topic is not repeated.

MATH 241B. Topics in Applied Mathematics. 3 Units
Prerequisite(s): MATH 241A.
Term Typically Offered: Fall, Spring
Continuation of MATH 241A with topics: Calculus of Variations, Functional Analysis, Dynamical Systems, Integral Equations, Sobolev Spaces, Fourier Analysis, Potential Theory, and Optimal Control Theory.
Note: May be taken twice with approval of the graduate coordinator.
MATH 299. Special Problems. 1 - 6 Units
Term Typically Offered: Fall, Spring

Any properly qualified student who wishes to pursue a problem may do so if the proposed subject is acceptable to the supervising instructor and to the student’s advisor.

Credit/No Credit

MATH 316. The Psychology of Mathematics Instruction. 2 Units
Prerequisite(s): Admission to the Mathematics Blended Program.
Term Typically Offered: Fall only

A survey course for students in the Blended Program in Mathematics that relates broad areas of educational psychology and theories of learning to instruction in the secondary mathematics classroom. The focus is on practical applications of theories through the design of lesson and unit plans. Students will design learning activities for diverse classes of learners, including English Language Learners, and build and refine assessment plans that include formative assessments. Lecture two hours.

Credit/No Credit

MATH 371A. Schools and Community A. 2 Units
Corequisite(s): Enrollment in EDTE 470A.
Term Typically Offered: Fall, Spring

The first of a two-part sequence supporting student teachers in the Mathematics Blended Program. Focus is on strategies for secondary mathematics instruction, the process of reflection on teaching, communication among mathematics teachers in support of effective teaching and learning, strategies for engagement, questioning, creating a safe classroom environment, classroom management, assessment, and familiarity with school and community resources. Emphasis on issues related to English Language Learners, special needs students, and intervention strategies. Seminar two hours.

Credit/No Credit

MATH 371B. Schools and Community B. 2 Units
Corequisite(s): Enrollment in EDTE 470B.
Term Typically Offered: Fall, Spring

The second of a two-part sequence supporting student teachers in the Mathematics Blended Program. Focus is on strategies for secondary mathematics instruction, the process of reflection on teaching, communication among mathematics teachers in support of effective teaching and learning, strategies for engagement, questioning, creating a safe classroom environment, classroom management, assessment, and familiarity with school and community resources. Emphasis on issues related to English Language Learners, special needs students, and intervention strategies. Seminar two hours.

Credit/No Credit

MATH 500. Culminating Experience. 1 - 3 Units
Prerequisite(s): Advanced to candidacy and permission of the graduate coordinator.
Term Typically Offered: Fall, Spring

Directed reading programs for master’s candidates preparing for written comprehensive examinations.

Mechanical Engineering (ME)

ME 37. Manufacturing Processes. 3 Units
Term Typically Offered: Fall, Spring, Summer

Principles of manufacturing processes in the areas of metal removal, forming, joining and casting and fundamentals of numerical control. Study includes applications of equipment, e.g., lathe, milling machine, drill press, saw, grinder, welder, molding equipment and core makers. Emphasis on safety during hands-on operations. Two hours lecture, one three-hour lab.

ME 105. Introduction to Technical Problem Solving. 3 Units
Prerequisite(s): ENGR 17 and ENGR 30.
Term Typically Offered: Fall, Spring, Summer

Introduction to the use of computers for engineering, science and mathematical computations. Introduction to linear algebra and matrix applications. Introduction to concepts of programming and visualization using MATLAB and PBasic. Practical applications involving design using a microcontroller. Applications will be drawn from a variety of science and engineering areas. Lecture two hours, Laboratory three hours.

ME 108. Professional Topics for Mechanical Engineers. 2 Units
Prerequisite(s): MATH 31
Term Typically Offered: Fall, Spring, Summer

Introduction to statistical methods applied to analysis of engineering systems. Topics include data collection, distribution characteristics, probability, uses of regression analysis, and decision-making under uncertainty. Introduction to economic analysis applied to engineering designs. Topics include marginal or incremental economic analysis using multiple standard methods while addressing organizational constraints and market factors. Investigations into the roles engineers play in society in working toward sustainability, and ethical decision making in a technological world.

ME 114. Vibrations. 3 Units
Prerequisite(s): ENGR 110, ME 105.
Term Typically Offered: Fall, Spring

ME 115. Dynamics of Machinery and Multi-Body Systems. 3 Units
Prerequisite(s): ENGR 110, ME 105.
Term Typically Offered: Fall, Spring

Kinematic and kinetic analysis of mechanisms. Rigid and flexible multi-body assembly models in two and three dimensions. Use of solid modeling, dynamic analysis and finite element methods. Study of loads on linkages, cams, gears as integral functioning components of machines, ground and space vehicles. Study of forces and moments in machinery under impulsive and impact forces, balancing, and elements of vibration.

</tbody>
</table>
ME 143. Vehicle Dynamics and Design. 3 Units
Prerequisite(s): ENGR 110 and ME 117.
Term Typically Offered: Fall, Spring

ME 151. Fundamentals of Combustion. 3 Units
Term Typically Offered: Fall, Spring

Principles of combustion and pyrolysis of gaseous, liquid, and solid materials. Applications of principles, including analysis and design of stationary and mobile powerplants, waste management, and fire safety.

ME 152. Turbomachinery Design. 3 Units
Prerequisite(s): ME 105.
Term Typically Offered: Fall, Spring

Theoretical analysis of energy transfer between fluid and rotor; principles of axial, mixed, and radial flow compressors and turbines. Applications and computer-aided design of various types of turbomachines.

ME 153. Thermodynamics of Combustion Engines. 3 Units
Prerequisite(s): ENGR 124, ENGR 132, ME 105.
Term Typically Offered: Fall, Spring

Application of thermodynamic and fluid mechanical analysis to various kinds of engines, including those based on Otto, Diesel, Brayton, Rankine, and Stirling cycles. Development of computer models and comparison of cycles in terms of applications to land, marine, and aerospace propulsion.

ME 154. Alternative Energy Systems. 3 Units
Prerequisite(s): ENGR 124.
Term Typically Offered: Fall, Spring

Study of alternative energy technologies, such as renewable fuels, wind, solar, oceanic and geothermal power. Concentration on fundamental thermodynamic principles, modern design features and non-technical aspects of each technology.

ME 155. Gas Dynamics. 3 Units
Prerequisite(s): ME 105.
Term Typically Offered: Fall, Spring

ME 156. Heating and Air Conditioning Systems. 3 Units
Prerequisite(s): ENGR 124, ENGR 132.
Term Typically Offered: Fall, Spring

Theory and design of heating, ventilating and air conditioning for industrial and comfort applications. Topics include refrigeration cycles, heating and cooling load calculations, psychrometrics, solar heating and cooling component, and system design.

ME 157. Solar Energy Engineering. 3 Units
Prerequisite(s): ME 126; may be taken concurrently.
Term Typically Offered: Fall, Spring

In-depth study of the basics of solar engineering, including the nature and availability of solar radiation; operation, theory and performance of solar collectors; energy storage and model of solar systems.

ME 159. High Efficiency HVAC. 3 Units
Prerequisite(s): ME 156 or instructor permission.
Term Typically Offered: Fall, Spring

Starts with a review of the theory and design of HVAC systems. Recent improvements and new developments in cooling and heating equipment are studied in detail. Computer models such as the Trane TRACE Program are used to size an HVAC system with an emphasis on high efficiency. Computer based controls and energy management systems are discussed and demonstrated. Field trips to energy efficient installations are included. Field trip(s) may be required.

ME 164. Introduction to Test Automation. 3 Units
Prerequisite(s): ME 105, ME 117.
Term Typically Offered: Fall, Spring

Basic concepts to automate testing procedures. Introduction to sensors, signal conditioning, sampling theory, design of experiments, data acquisition software, and data reduction techniques. Hands-on experience with PC based data acquisition software and hardware which will be used to create testing programs. Lecture two hours; laboratory three hours.

ME 165. Introduction To Robotics. 3 Units
Prerequisite(s): ME 105, ME 116.
Term Typically Offered: Fall, Spring

Fundamentals of design and application of industrial robotics. Manipulator kinematics, trajectory planning and controller design, design of end effectors and actuators, sensors, programming languages, and machine vision. Applications in manufacturing, approach to implementing robotics, economic analysis for robotics. Lecture two hours; laboratory three hours.

ME 171. Modeling and Simulation of Mechatronics and Control Systems. 3 Units
Prerequisite(s): ENGR 110, ME 105.
Term Typically Offered: Fall, Spring, Summer

Computer modeling and mathematical representation of mechanical, electrical, hydraulic, thermal, and electronic systems or combinations of these. Development of system design criteria and solutions using computer simulation. Use of state of the art automated modeling and simulation methods to build models of multi-energy mechatronics and control systems. Vibration concepts, applied, natural frequencies, eigenvectors, and solution of differential equations using computer simulation. Introduction to state variable feedback control systems. A design project is required.
ME 172. Control System Design. 3 Units
Prerequisite(s): ME 171.
Term Typically Offered: Fall, Spring, Summer
Use of mathematical models for the generation of equations of motion for mechanical and electrical systems. Evaluation of single and multiple degrees of freedom systems in the time and frequency domain. Topics include feedback control systems, Laplace transform, state space representation, transfer functions, error analysis, stability of control systems and system response. Automatic control system design using root locus and frequency response methods. Design of compensating controls using state of the art software and automation tools. Introduction to digital control.

ME 173. Applications of Finite Element Analysis. 3 Units
Prerequisite(s): ENGR 112, ME 105.
Term Typically Offered: Fall, Spring

ME 176. Product Design & CAD. 3 Units
Prerequisite(s): ENGR 6, ME 105 and ME 116.
Term Typically Offered: Fall, Spring
Digital product development using an integrated CAD system. Philosophy of parametric design. Component and assembly design, basic drawing creation, and simulations. Team product design investigating the effects of variations in geometry, dimensions, and material selection. Lecture two hours; laboratory three hours.

ME 177. Product Design and 3D Parametric Solid Modeling. 3 Units
Prerequisite(s): ENGR 6, ME 105 and ME 116.
Term Typically Offered: Fall, Spring
Introduction to Solid Modeling and its application to mechanical product design. Digital product development using 3D Parametric Solid Modeling tools. Also covers component and assembly design, basic drawing creation. Reverse design project engineering investigating the effects of variations in geometry, dimensions, and material selection. Lecture two hours; laboratory three hours.

ME 180. Mechanical Properties of Materials. 3 Units
Prerequisite(s): ENGR 112
Term Typically Offered: Fall, Spring, Summer
Principles of mechanical properties of metals, including strength under combined loads, fatigue, and fracture mechanics. Laboratory includes study of strengthening mechanisms, and principles of experimental stress analysis. Lecture two hours; Laboratory three hours.

ME 180W. Mechanical Properties of Materials Workshop. 1 Unit
Corequisite(s): ME 180.
Term Typically Offered: Fall, Spring, Summer
Problem solving and discussion of mechanical properties of materials to enhance students’ understanding of subject matter.
Credit/No Credit

ME 182. Introduction to Composite Materials. 3 Units
Prerequisite(s): ME 180.
Term Typically Offered: Fall, Spring
Properties, mechanics, and applications of anisotropic fiber-reinforced materials with an emphasis on the considerations and methods used in the design of composite structures.

ME 184. Corrosion and Wear. 3 Units
Prerequisite(s): ME 180.
Term Typically Offered: Fall, Spring
Introduction to the phenomena of corrosion and wear, including the electro-mechanical bases of corrosion, examples of corrosion of iron, steel and stainless steels, and prevention of corrosion. Fundamentals of wear are covered including effects of loads, material properties, and lubrication on wear rates.

ME 186. Fracture Mechanics in Engineering Design. 3 Units
Prerequisite(s): ME 180.
Term Typically Offered: Fall, Spring
Fracture mechanics approach to mechanical design; role of microstructure in fracture toughness and embrittlement; environmentally-induced cracking under monotonic and fatigue loads; laboratory techniques; service failures in various industries and failure mechanisms.

ME 190. Project Engineering I. 3 Units
Prerequisite(s): ME 117
Term Typically Offered: Fall, Spring, Summer
Beginning of a two semester project; design of a product, device, or apparatus that will be fabricated in ME 191. Students work in small groups, interacting with product users, vendors, technicians, and faculty advisors. Lecture two hours; laboratory three hours.

ME 191. Project Engineering II. 2 Units
Prerequisite(s): ME 190.
Term Typically Offered: Fall, Spring, Summer
Continuation of the project begun in ME 190. Part II consists of fabrication and assembly of equipment, testing and evaluation, and reporting. Seminar one hour; laboratory three hours.

ME 194. Career Development in Mechanical Engineering. 1 Unit
Prerequisite(s): Senior status.
Term Typically Offered: Fall, Spring
Designed for Mechanical Engineering students making career decisions. Instruction will include effective career planning strategies and techniques including skill assessment, employment search strategy, goal setting, time management, interview techniques and resume writing. Lecture one hour.
Note: Units earned can not be used to satisfy major requirements.
Credit/No Credit

ME 195. Professional Practice. 1 - 6 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Supervised employment in a professional engineering or computer science environment. Placement arranged through the College of Engineering and Computer Science. Requires satisfactory completion of the work assignment and a written report.
Credit/No Credit
Supervised employment in a professional engineering or computer science environment. Placement arranged through the College of Engineering and Computer Science. Requires satisfactory completion of the work assignment and a written report.

Credit/No Credit

ME 196A. Motion and Dynamic Analysis using Solid Modeling. 3 Units
Prerequisite(s): ENGR 6 and ME 117.
Term Typically Offered: Fall, Spring

Practical approach to study of motion and dynamic analysis of machine components and assemblies in two or three dimensions. Uses solid modeling software to analyze the forces, moments and dynamic loads for parts and entire assemblies in motion. Topics include stress and strain during motion, kinematics, kinetics, drop tests in two and three dimensions, frequency analysis, buckling, dynamic fatigue and finite element analysis, time history of motion, harmonics, and vibrations.

ME 196B. Engineering Systems Approach to Product Design. 2 Units
Prerequisite(s): ME 116
Term Typically Offered: Fall, Spring

Study of product design process and formal design methodologies. Various topics in product and system design including creativity, visualizations and communications, human factors, design for X methodology decision science, economics, product design and robust quality design.

ME 196C. Computer Programming for Mechanical Engineering Applications. 2 Units
Prerequisite(s): ME 105
Term Typically Offered: Fall, Spring

Computer programming languages such as C/C++, Java, Processing, and their applications to engineering problem solving using computer graphics, simulations, and physical prototyping. Programming computer communications with microprocessors for controlling sensors and motors.

ME 196D. Ground Vehicle Aerodynamics. 3 Units
Prerequisite(s): ENGR 132
Term Typically Offered: Fall, Spring

Fundamental and applied subjects of aerodynamics for ground vehicle design and performance including flow features, aerodynamic forces, drag reduction strategies, and different methodologies for evaluation of aerodynamic forces and vehicle design. Numerical modeling approaches with experience of running a commercial computational fluid dynamics program. Units: 3 Units (2 Unit Lecture and 1 Unit Lab)

ME 196E. Vehicle Safety and Crash Reconstruction. 3 Units
Term Typically Offered: Fall, Spring

Study of forensic engineering using state of the art technology in vehicles that contribute to passenger safety and stability. Application of principles of dynamics for forensic investigation and reconstruction of vehicle collisions. Study of seat belts, airbags, and electrohydraulic stabilizers. Study of the Event Data Recorders (EDRs), data analysis and verification with real cases using classical reconstruction techniques, and the use of computer simulations in two and three dimensions.

ME 196F. Materials Selection in Engineering Design. 3 Units
Prerequisite(s): ENGR 45 and ME 116. ME 116 may be taken concurrently.
Term Typically Offered: Fall, Spring

Quantitative treatment of materials selection for engineering applications. Discussion of the relationship between design parameters and materials properties. Emphasis on the influence of processing and fabrication on the properties of metals, ceramics, polymers and composites as related to the overall design process. Sustainability, Eco-Design, and manufacturability considerations.

ME 196G. Power Plant Design. 3 Units
Prerequisite(s): ENGR 124 and ME 128. ME 128 may be taken concurrently.

Study of modern power plants for electric power generation and cogeneration, covering technologies such as nuclear and fossil-fueled steam plants, gas turbine based systems, and emerging technologies. Thermos-economic analysis, parametric design, and environmental impact studies of different plant concepts. Utilization of industry-standard software tools to simulate complex plant configurations.

ME 196H. Air Resources Engineering. 2 Units
Prerequisite(s): ENGR 124 and ENGR 132. ENGR 132 may be taken concurrently.

Air quality standards. Stationary and transportation emission sources. Chemical and physical interactions of air pollutants, including greenhouse gases, with the atmosphere. Introduction to air quality modeling, including atmospheric temperature effects due to longwave thermal radiation. Air Quality measurement. Emission control strategies and design. Air resources economics and policy.

ME 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who appear competent to carry on individual work. Admission requires approval of an instructor and the student’s advisor. May be repeated for credit.

Credit/No Credit

ME 206. Stochastic Modeling for Engineers. 3 Units
Prerequisite(s): MATH 45 or equivalent.
Term Typically Offered: Fall, Spring

Fundamentals and applications of stochastic processes for engineers, including a review of engineering statistics, autoregression moving average (ARMA) models, characteristics of ARMA models, ARMA modeling and forecasting, and transformation from discrete models to continuous models. Applications of stochastic processes in engineering field, e.g., precision manufacturing, monitoring and diagnosis of machines, tools, and processes, system identification, vibrations, and statistical process control (SPC).

ME 209. Research Methodology. 2 Units
Prerequisite(s): Graduate status in Mechanical Engineering.
Term Typically Offered: Fall, Spring

Research methodology and engineering approach to problem solving. Includes an orientation to the requirements for Master’s thesis in Mechanical Engineering. Students will be exposed to a variety of possible thesis topics. Students will be required to complete an essay concerning aspects of engineering research. The student will be required to prepare a presentation and also review other students work.

Note: Graduate Writing Intensive (GWI) course.
ME 233. Intelligent Product Design and Manufacturing. 3 Units
Prerequisite(s): ME 105, ME 138.
Term Typically Offered: Fall, Spring

ME 236. Computer Controlled Manufacturing Processes. 3 Units
Prerequisite(s): ME 105, ME 138.
Term Typically Offered: Fall, Spring
Applications of logic and motion controls in manufacturing. Computer controlled open and feedback systems. CNC machining processes, CNC programming. Applications of robots in manufacturing, programming for robots. PLC logic controls, sensors and output devices, creating ladder logic diagrams for the PLCs. Design for Manufacturing (DFM) and Design for Assembly (DFA) of modern computer controlled machines.
Note: Lectures as well as some tutorial activities are covered in two 75-minute classes per week.

ME 237. Digital Control of Manufacturing Processes. 3 Units
Prerequisite(s): ME 105, ME 138, MATH 45.
Term Typically Offered: Fall, Spring
Introduction to both the theory and applications of digital control of manufacturing processes, including the discrete controller for manufacturing, digital controlled systems for manufacturing, sensors of control loop for manufacturing, discrete process models for manufacturing, manufacturing system input and response, and stability analysis of manufacturing systems.

ME 238. Automated Inspection. 3 Units
Prerequisite(s): ME 105, ME 138.
Term Typically Offered: Fall, Spring
Introduction to measurement for machine accuracy and process quality including the use of coordinate measuring machines; system considerations and sensor technology in automated visual inspection; applications of pattern recognition in automated inspection.

ME 240. Mechanical Design Analysis. 3 Units
Prerequisite(s): ENGR 201; ENGR 201 may be taken concurrently.
Term Typically Offered: Fall
Analyzes mechanical designs with respect to strength or deformation criteria. Elastic and inelastic failure criteria, energy methods, effects of temperature, stress concentrations, and fatigue are discussed.

ME 241. Optimum Mechanical Design. 3 Units
Prerequisite(s): ENGR 201; ENGR 201 may be taken concurrently.
Term Typically Offered: Fall, Spring
Mathematical methods of optimum design using linear and nonlinear optimization; constrained and unconstrained optimum design. Optimization of mechanical elements and assemblies to meet design requirements, material characteristics and geometry. Numerical methods and computer usage in optimal design. Application of these principles to realistic design problems.

ME 250. Heat Transfer: Conduction. 3 Units
Prerequisite(s): ME 126, ENGR 202; ENGR 202 may be taken concurrently.
Term Typically Offered: Fall, Spring

ME 251. Heat Transfer: Convection. 3 Units
Prerequisite(s): ME 126, ENGR 201; ENGR 201 may be taken concurrently.
Term Typically Offered: Fall, Spring
Analyzes convective heat and mass transfer. Development of the Navier-Stokes and energy equations for two-dimensional flows. Boundary layer theory and numerical techniques in solving convection problems. Analyzes turbulence, transport by Reynolds's stresses and Prandtl's mixing length theory.

ME 252. Heat Transfer: Radiation. 3 Units
Prerequisite(s): ME 126, ENGR 202.
Term Typically Offered: Fall, Spring

ME 253. Advanced Fluid Mechanics. 3 Units
Prerequisite(s): ENGR 132, graduate status.
Term Typically Offered: Fall, Spring
Analytical and numerical analysis of Navier-Stokes equations for laminar flow; stability of laminar flow and its transition to turbulence. Analyzes stream functions and the velocity potential, and vorticity dynamics. The mathematical analysis of incompressible turbulent flows; development of Reynolds stress equations, turbulent boundary layer equations, turbulent flow in pipes and channels, and turbulent jets and wakes.

ME 256. Mechanics and Thermodynamics of Compressible Flow. 3 Units
Prerequisite(s): ENGR 201 or ENGR 202; ENGR 201 or ENGR 202 may be taken concurrently.
Term Typically Offered: Fall, Spring
Application of the laws of fluid mechanics and thermodynamics to problems of compressible flow in two and three dimensions; small perturbation theory, hodograph method and similarity rules for subsonic flow. Method of characteristics, shock wave analysis for steady, unsteady and supersonic, one-dimensional flows.

ME 258. Advanced Thermodynamics. 3 Units
Prerequisite(s): ENGR 202.
Term Typically Offered: Fall, Spring
Advanced topics in thermodynamics including applications of fundamental postulates to chemical, mechanical, magnetic and electric systems, theory of fluctuations, and irreversible thermodynamics.
Fundamentals of computational fluid dynamics, modeling of physical processes, including the fluid flow, heat and mass transfer, and computer skills. Basic concepts of numerical analysis using computer, including the solutions of ordinary and partial differential equations. Basic hands-on experience on using commercial computational fluid dynamics software packages.

**ME 270. Advanced Computer-Aided Design of Dynamic Systems.** 3 Units

**Prerequisite(s):** ME 114 or ME 171.

**Term Typically Offered:** Fall, Spring

Computer analysis, synthesis and modeling of physical systems including single and multiple degree of freedom, and linear/nonlinear systems. Use of Computer-Aided Modeling software (CAMP-G) and Advanced Digital Simulation Languages (ADSL). Design and analysis of multi-energy systems using Block Diagrams, Bond Graphs, and state space equation representation. Design of electromagnetic, electro-hydraulic servomechanisms, actuators and driven systems; introduction to multi-variable control of complex systems; stability, controllability, and observability.

**ME 272. Finite Element Modeling in Computer-Aided Design.** 3 Units

**Prerequisite(s):** ME 105, ME 173.

**Term Typically Offered:** Fall, Spring

Finite-element methods in the analysis and optimal design of machine components, structures, and distributed systems. Generation of FEA models using computers. Theoretical and practical application of a finite element code such as PATRAN to the solution of engineering problems. Topics include static and vibration analysis, stress analysis buckling, normal modes, direct and modal frequency response, transient analysis, and heat transfer.

**ME 273. Multibody Dynamics of Rigid and Flexible Systems.** 3 Units

**Prerequisite(s):** Graduate standing.

**Term Typically Offered:** Fall, Spring

Analysis and design of rigid and flexible multi-body assemblies in two and three dimensions with applications to mechanisms, machinery, ground and space vehicles. Kinematic and kinetic analysis in two and three dimensions; impulsive and impact forces; modes of vibration. Use of solid modeling, dynamic analysis and finite element analysis methods.

**ME 274. Introduction to Flight Dynamics.** 3 Units

**Prerequisite(s):** MATH 45, ENGR 110.

**Term Typically Offered:** Fall, Spring

**ME 275. Analysis of Aircraft Structures.** 3 Units

**Prerequisite(s):** Graduate standing.

**Term Typically Offered:** Fall, Spring

**ME 276. Advanced Vibration Theory.** 3 Units

**Prerequisite(s):** ME 114, ME 171, or CE 166.

**Term Typically Offered:** Fall, Spring

**ME 277. Space Systems Engineering Management.** 3 Units

**Prerequisite(s):** ENGR 110.

**Term Typically Offered:** Fall, Spring

Systems Engineering approach to plan and direct engineering projects. Emphasizes systems engineering process, requirement design fundamentals, subsystem fundamentals, trade studies, integration, technical reviews, case studies and ethics. Space exploration used as an example; skills applicable to any engineering project. Project-oriented course to plan the design of space and ground vehicles, satellites, airplanes and multidisciplinary subsystems.

**ME 280. Advanced Mechanical Properties of Materials.** 3 Units

**Prerequisite(s):** ME 180

**Term Typically Offered:** Fall, Spring

Mechanical properties of materials, with special attention to dislocations/ defects and deformation and fracture control mechanisms. Mechanical properties of conventional engineering materials as well as advanced materials such as nanostructured materials are considered. Effects of defects on mechanical behavior at ambient and elevated temperature are discussed with attention given to strengthening mechanisms, creep, fatigue and fracture.

**ME 285. Materials for Extreme Environments.** 3 Units

**Prerequisite(s):** ME 180 or PHYS 110

**Term Typically Offered:** Fall, Spring

Comprehensive study of material applications in extreme environments, with special attention to mechanical, thermal and electronic behavior. Extreme temperature, pressure. corrosive or toxic environments and high rate deformation are considered. Currently available materials as well as emerging materials are explored for specific applications such as undersea, outer space, ballistic, nuclear, combustion, and other extreme application arenas.
ME 295. Fieldwork. 1 - 3 Units  
Prerequisite(s): Permission of Graduate Coordinator or Department Chair.  
Term Typically Offered: Fall, Spring  
Supervised employment in industry or government that provides practical work experience. Requires satisfactory completion of the work assignment and a written report.  
Note: Units may not be applied toward meeting the 30-unit requirement of the degree.  
Credit/No Credit

ME 296L. Creative Engineering Design for Quality Products. 3 Units  
Prerequisite(s): ME 138 and ME 180.  
Term Typically Offered: Fall, Spring  
Introduction to analytical and systematic design methodologies in creative and quality product design. Topics include product design process, creative conceptual design tools such as axiomatic design, theory of inventive problem solving (TRIZ), and engineering decision making. Quality product design including design of experiments, robust design techniques, and design optimization. Assignments include application of these principals to solving open-ended design problems using computing tools. Two hour lecture; Three hour laboratory.

ME 296O. Advanced Heat Transfer. 3 Units  
Prerequisite(s): ME 126 and ENGR 202.  
Corequisite(s): ENGR 202.  
Term Typically Offered: Fall, Spring  
Advanced topics in heat transfer including analytical and numerical solutions to heat conduction equations in both the steady and unsteady state; use of approximate and analytical techniques for the prediction of convective heat transfer in laminar and turbulent flows, heat transfer in high-velocity flows; analysis of the nature of thermal radiation and radiative heat transfer in enclosures.

ME 296P. Advanced Dynamics. 3 Units  
Prerequisite(s): Graduate Standing  
Term Typically Offered: Fall, Spring  

ME 296Q. Advanced Solid Modeling. 3 Units  
Prerequisite(s): Student must pass ME 116.  
Term Typically Offered: Fall, Spring  
Advanced topics in computer-aided design for mechanical product design. Reviews on fundamental part and assembly modeling, and engineering drawings. Advanced modeling topics such as surface modeling, top-down assembly, macros and API programming, manufacturing oriented design such as sheet metal, plastic and mold design.

ME 296S. Advanced CAD for Aerospace Applications. 3 Units  
Term Typically Offered: Fall, Spring  
Design of aerospace systems including profile definition, constraints, operations and visualizations, component design, transformation features, and insertions using advanced CAD software such as CATIA. Creation of complete assembly design including creation of part files, identifying, inserting and displacing components, constraining parts, numbering parts and scene creation. Specifics of sheet metal design for aerospace design including creation of flange, cut-out, joggle, holes, stampings and patterns.

ME 296U. Advanced Computer-Aided Product Design. 3 Units  
Prerequisite(s): ENGR 6 and ME 116, or graduate-level status  
Term Typically Offered: Fall, Spring  
Advanced topics in computer-aided design and applications for mechanical product design. Reviews of fundamental parts, assembly modeling, and engineering drawings. Advanced modeling topics such as surface modeling, design for manufacturing, simulation-based design, top-down assembly, macros and API programming.

ME 296V. Advanced Control System Design. 3 Units  
Prerequisite(s): ME 172  
Term Typically Offered: Fall, Spring  
Design of Multi-input/Multi-output controllers using linear quadratic regulator method and advanced controls architectures. Architectures include Proportional, Proportional Integral and Proportional Integral Derivative (filter) schemes. The course also includes Digital Control, Optimal Control, Introduction to Guidance, Navigation and Control techniques.

ME 296W. Accident Biomechanics. 3 Units  
Prerequisite(s): ENGR 110  
Term Typically Offered: Fall, Spring  
Study of the interaction of human body kinematics and dynamic biomechanics in accidents involving human activities and vehicles. Impact injury mechanisms, response of the human body using computer models and software analysis tools. Biomechanical response to impact, and tolerance levels. Human factors that influence the biomechanical reactions of people with their vehicles and the environment. Photographic and video analysis, computer graphics, and computer simulations. Forensic engineering to determine the dynamic forces that cause injury in different situations.

ME 299. Special Problems. 1 - 3 Units  
Term Typically Offered: Fall, Spring  
Any properly qualified student who wishes to pursue a problem of his/her own choice may do so if the proposed subject is acceptable to the faculty member with whom he/she works and to his/her advisor. Credit/No Credit

ME 500. Master's Thesis. 1 - 6 Units  
Prerequisite(s): Open to students who have advanced to candidacy and have secured approval of a Thesis proposal form one full semester prior to registration.  
Term Typically Offered: Fall, Spring  
Completion of a thesis. Credit given upon successful completion of a Master's Thesis (4 - 6 units; maximum 6 units).  
Note: Course may be repeated for no more than 6 units total.
**Military Science (MILS)**

**Term Typically Offered:** Fall, Spring

Discussion of the military as one element of national power; its role in American defense; its purpose, weapons and organizations; its participation in international treaties. Discussion of other subjects required for a student to understand the military and its place in modern society. Fall only.

**MILS 15.  Introduction to Military Science II.**
**Term Typically Offered:** Fall, Spring

Discussion of the military's role in American Society, current society attitudes, sources of its leaders, and an examination of its structure. Spring only.

**MILS 24.  Principles and Tactics of the Soldier.**
**Term Typically Offered:** Fall, Spring

Familiarizes students with the nine principles of war, and gain an appreciation for the role of the commander in warfare. A study of small unit level will enable the student to understand the nature of the battlefield environment, and will put the decisions of the commander into perspective. These discussions will lead to the discussion of the elements of leadership to be presented in MILS 25. Fall only.

**MILS 25.  Leadership Assessment and Beginning Counseling Skills.**
**Term Typically Offered:** Fall, Spring

Students will gain insight and practical experience in the manager-leader skills of counseling using the Army's sixteen leadership dimensions as a model. The student will understand the elements of leadership, and undergo the Army's Leadership Assessment Program in class. Interactive role playing scenarios will be conducted and behavior recorded in a group setting. The student will be given individual feedback on the results of the assessment by scheduling a private appointment with the instructor. Spring only.

**MILS 99.  Special Problems.**
**Prerequisite(s):** Instructor permission.
**Term Typically Offered:** Fall, Spring

Intensive examination of one or more special problems in Military Science. Possible areas of study include examination of the structure of the military and its place in modern society, participation in international treaties, leadership skills, decision making, as well as other topics in military science.

**MILS 134.  Principles Of Instruction.**
**Term Typically Offered:** Fall, Spring

Principles and practice in fundamentals applicable to military instruction to include planning, presentation, execution and evaluation. Student presentations exemplify lecture material. Application of small combat unit tactics (squad and platoon) will solidify concepts discussed in class. Fall only.

**MILS 135.  Military Operations.**
**Prerequisite(s):** Upper division standing, MILS 134 or instructor permission.
**Term Typically Offered:** Fall, Spring

Military small unit tactical theory and application are taught and serve as a basis for leadership development. Introduces principals of combat contemporary operating environment, Geneva Law of Land Warfare, and military offensive and defensive operations. Emphasis is placed on developing critical thinking, problem solving, and communication skills. Spring only.

**MILS 144.  Principles of Military Administration.**
**Term Typically Offered:** Fall, Spring

Comprehensive course in the organization, structure, and functions of the various types of staffs and an introduction to the theory and application of military law and legal systems focusing on the Uniform Code of Military Justice and the rights of the accused under the Constitution. Fall only.

**MILS 145.  Military Leadership and Ethics.**
**Term Typically Offered:** Fall, Spring

Capstone seminar designed to bring together all previous Military Science instruction. Examines contemporary leadership problems. Designed to provide the ROTC cadet with the basic management skills necessary for a foundation for future growth as a junior officer. Spring only.

**MILS 199.  Special Problems.**
**Prerequisite(s):** MILS 14, MILS 15, MILS 24, MILS 25 and Department Chair permission.
**Term Typically Offered:** Fall, Spring

Intensive examination of one or more special problems in military science. Possible areas of study include leadership dimensions, professional ethics, critical thinking, problem solving, communication skills as well as other topics in military science.

**Music (MUSC)**

**MUSC 1.  Musicianship I.**
**Prerequisite(s):** MUSC 5.
**Corequisite(s):** MUSC 6.
**Term Typically Offered:** Fall, Spring

Basic aural skills and practical applications of the rhythmic, melodic, and harmonic materials needed to perform, teach, and compose music. Class activities will focus around the musicianship skills of rhythmic reading and dictation, identification and dictation of intervals and triads, melodic dictation, contrapuntal dictation, harmonic dictation, and sight singing.

**MUSC 2.  Musicianship II.**
**Prerequisite(s):** MUSC 1
**Corequisite(s):** MUSC 7.
**Term Typically Offered:** Fall, Spring

Advanced aural skills and practical applications of the rhythmic, melodic, and harmonic materials needed to perform, teach, and compose music. Class activities will focus around the musicianship skills of rhythmic reading and dictation, melodic dictation, contrapuntal dictation, harmonic dictation, aural analysis of form, and sight singing.

</tbody>
</table>
MUSC 17.  Voice Class.  1 Unit
Term Typically Offered: Fall, Spring

Elementary instruction in the correct use of the singing voice and the
development of style in singing. Open to all students beginning the study
of voice. Recommended for elementary credential candidates. May be
taken for credit four times.

MUSC 18.  Music Appreciation.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Basic music orientation for the layman. A non-technical consideration of
the various aspects of music literature designed to stimulate interest in
all phases of music.
Note: Not open to music majors.

MUSC 21.  First Year Seminar: Becoming an Educated Person.  3 Units
General Education Area/Graduation Requirement: Understanding
Personal Development (E)
Term Typically Offered: Fall only

Introduction to the nature and possible meanings of higher education,
and the functions and resources of the University. Designed to help
students develop and exercise fundamental academic success strategies
and to improve their basic learning skills. Students with the opportunity
to interact with fellow classmates and the seminar leader to build a
community of academic support and personal support.

MUSC 25.  Voice For Music Theater.  1 Unit
Prerequisite(s): Instructor permission and proficiency examination.
Term Typically Offered: Fall, Spring

Training in vocal techniques and repertoire of the modern American
musical theater. May be taken for credit twice.

MUSC 32A.  Piano: Intermediate.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor
permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four
times.

MUSC 32B.  Piano: Intermediate - BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program,
approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four
times.

MUSC 35A.  Harpsichord/Organ: Intermediate.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor
permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only.
Note: May be taken for credit four times.

MUSC 37A.  Voice: Intermediate.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor
permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four
times.

MUSC 37B.  Voice: Intermediate - BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program,
approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four
times.

MUSC 38D.  Beginning Hand Drums.  1 Unit
Term Typically Offered: Fall, Spring

Explores the fundamentals of hand-drumming through two methods of
study: the music of North India, the tabla drums and the rhythmic system
of Hindustani music and rhythms of the Middle East through traditional
drums, including the tar, riqq, and dumbek.

MUSC 38S.  Beginning Shakuhachi.  1 Unit
Term Typically Offered: Fall, Spring

Elementary class instruction in the fundamentals of playing the
traditional Japanese flute known as the shakuhachi. The focus is on
fundamental blowing and fingering techniques, as well as the basis of the
fu ho u notation system.
Note: Open to Music majors and minors; others by instructor permission.

MUSC 39.  Beginning Folk Guitar.  1 Unit
Term Typically Offered: Fall, Spring

Folk guitar for the beginner, with emphasis on chords and strums as well
as the playing of melodies. Guitars are to be furnished by the student.

MUSC 40B.  Beginning Brass.  1 Unit
Term Typically Offered: Fall, Spring

MUSC 40P.  Beginning Percussion.  1 Unit
Term Typically Offered: Fall, Spring

MUSC 40S.  Beginning Strings.  1 Unit
Term Typically Offered: Fall, Spring

MUSC 40W.  Beginning Woodwinds.  1 Unit
Term Typically Offered: Fall, Spring

MUSC 42.  Introductory Composition.  2 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall only

Individual instruction in composition for the beginning composition
major. Work will be designed to fit the preparation of the student, with
emphasis on principles of sound melodic and harmonic construction.
Original compositions will develop a mastery of the smaller forms. May
be taken twice for credit.
MUSC 43A.  Jazz Improvisation I.  2 Units  
Prerequisite(s): MUSC 6  
Term Typically Offered: Fall, Spring

Part one of a two-semester study of jazz improvisation required of all jazz studies majors. This course will provide the student with basic and intermediate skills of creative improvisation styles in the jazz idiom. In order to expand the skill level of improvisation of each particular jazz student, this class will focus on four main areas: listening, scale and chord development, repertory development and transcribing jazz solos.

MUSC 43B.  Jazz Improvisation II.  2 Units  
Prerequisite(s): MUSC 43A  
Term Typically Offered: Fall, Spring

Part two of a two-semester study of jazz improvisation required of all jazz studies majors. The course will provide the student with intermediate and advanced skills of creative improvisation styles in the jazz idiom. In order to expand the skill levels of improvisation of each particular jazz student, this class will focus on four main areas: listening, scale and chord development, repertory development, and transcribing jazz solos.

MUSC 50.  Jazz Applied: Intermediate.  1 Unit  
Prerequisite(s): Approval by jazz area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction in jazz performance.  
Note: May be taken for credit four times.

MUSC 55A.  Violin: Intermediate.  1 Unit  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 55B.  Violin: Intermediate - BM.  1 Unit  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 56A.  Viola: Intermediate.  1 Unit  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 56B.  Viola: Intermediate - BM.  1 Unit  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 57A.  Cello: Intermediate.  1 Unit  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 57B.  Cello: Intermediate - BM.  1 Unit  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 58A.  Double Bass: Intermediate.  1 Unit  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 58B.  Double Bass: Intermediate - BM.  1 Unit  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 60.  Introduction to String Project Pedagogy.  1 Unit  
Term Typically Offered: Fall, Spring

In this course students study pedagogical techniques and participate in a step-by-step practicum as assistant teachers in the Sacramento State String Project. Set in a rigorous teaching lab, the course gives students experience both observing and assistant teaching in the String Project program. Student assistants master effective methods of teaching fundamental string instrument skills to beginners, including correct position, tone production, reading proficiency, intonation, phrasing and listening.

MUSC 65A.  Flute: Intermediate.  1 Unit  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 65B.  Flute: Intermediate - BM.  1 Unit  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 66A.  Oboe: Intermediate.  1 Unit  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.
MUSC 66B.  Oboe: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 67A.  Bassoon: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 67B.  Bassoon: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 68A.  Clarinet: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 68B.  Clarinet: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 69A.  Saxophone: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 69B.  Saxophone: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 70A.  Percussion: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 70B.  Percussion: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 71B.  Harp: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 74A.  Guitar: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 74B.  Guitar: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 90A.  Trumpet: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 90B.  Trumpet: Intermediate - BM.  
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 91A.  Trombone: Intermediate.  
Prerequisite(s): Approval by applied area committee and instructor permission.  
Term Typically Offered: Fall, Spring  
Individual instruction. Music majors only. May be taken for credit four times.
MUSC 91B. Trombone: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 92A. Baritone: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 92B. Baritone: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 93A. French Horn: Intermediate. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 93B. French Horn: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 94A. Tuba: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 94B. Tuba: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 96. Intro to Hip-Hop Beat-Making. 1 Unit
Corequisite(s): MUSC 118D
This one-unit course is an optional lab supplement to the Area C1 GE course 118D: Hip-Hop in Urban America. Students will learn skills in hip-hop production software including Reason and Ableton Live. Students will learn to create beats including instrument building, sampling, and sequencing. The lab will offer students the opportunity to engage in a hands-on way with the course material in Music 118D, and will track the regional scope of the course schedule closely.

MUSC 99. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of the faculty member under whom the work is to be conducted and the Department Chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading for lower division students. Open only to students who appear competent to carry on individual work. Credit/No Credit

MUSC 100A. Concert Attendance. 1 Unit
Term Typically Offered: Fall, Spring

Designed to develop critical listening, aural analysis, and the appreciation of a wide range of musical forms and genres. Each student will be required to attend a minimum of ten concerts approved by the Music Department and submit a portfolio of programs attended. Written reviews are required for a determined number of the ten concerts attended.

MUSC 100B. Concert Attendance. 1 Unit
Term Typically Offered: Fall, Spring

Designed to develop critical listening, aural analysis, and the appreciation of a wide range of musical forms and genres. Each student will be required to attend a minimum of ten concerts approved by the Music Department and submit a portfolio of programs attended with comments about the music and performance. May be taken for credit eight times.

MUSC 101. Experiences In Music. 3 Units
Term Typically Offered: Fall, Spring

Development of essential musical skills and knowledge for teaching music in the elementary classroom including competencies necessary for reading and notating music in the elementary classroom. The study of curriculum and literature through songs, rhythmic movement, instrumental activities, creating and improvisation, and listening. Lecture/lab.

Note: Required for the Liberal Studies major.

MUSC 102. Scoring and Arranging. 3 Units
Prerequisite(s): MUSC 7.
Term Typically Offered: Spring only

Scoring and arranging techniques related to the needs of orchestra, concert band, marching band, vocal and instrumental ensembles.

MUSC 103. Counterpoint. 3 Units
Prerequisite(s): MUSC 7.
Term Typically Offered: Fall, Spring

Study of the contrapuntal style and devices of the 18th century. Includes writing in two and three parts in such forms as the canon, invention, chorale prelude, and fugue.

MUSC 105. 20th Century Theory. 3 Units
Prerequisite(s): MUSC 7.
Term Typically Offered: Spring only

Course deals with the harmonic, melodic, and rhythmic aspects of music from Debussy to present, with emphasis on the evolutionary nature of its development.

MUSC 106. Form and Analysis. 3 Units
Prerequisite(s): MUSC 7.
Term Typically Offered: Fall, Spring

Consideration of the development of musical forms from the phrase through the multi-movement sonata and symphony. Emphasis is placed on the music of major 18th, 19th, and 20th century composers.
MUSC 107. Composition. 2 Units
Prerequisite(s): MUSC 42 or instructor permission.
Term Typically Offered: Fall, Spring

Individualized practical experience in the composition of music. Students are allowed freedom in the development of a personal music style and the exploration of forms and genres. May be taken for credit four times.

MUSC 108A. Jazz Arranging I. 2 Units
Prerequisite(s): MUSC 3 or instructor permission.
Term Typically Offered: Fall, Spring

Part I of a two-semester study of arranging. Provides basic and intermediate tools of creative writing and arranging styles in the jazz idiom as applied to the small jazz ensemble (jazz combo).

MUSC 108B. Jazz Arranging II. 2 Units
Prerequisite(s): MUSC 108A or instructor permission.
Term Typically Offered: Fall, Spring

Part 2 of a two-semester study of arranging. Addresses creative writing in the idiom of the large jazz ensemble (big band). Two major projects are required, performed and recorded. Jazz orchestration is the central focus with special attention to the idiomatic demands from the sections of the big band and how they relate to each other.

MUSC 110. Research in Music History. 3 Units
Prerequisite(s): MUSC 7, MUSC 10, Music majors or minors only, and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Capstone research in special topics of music history. Emphasis on critical reading, writing, and speaking. This course satisfies the writing intensive requirement for music majors.

MUSC 110B. History Of Music. 3 Units
Prerequisite(s): MUSC 10A and MUSC 10B or equivalent.
Term Typically Offered: Fall, Spring

Chronological study of music’s development from ancient Greeks through contemporary composers. Recordings and printed music are used to illustrate the development of musical forms and content through the various periods.

Note: A working knowledge of musical notation is required.

MUSC 118B. American Popular Music: Jazz History. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

A survey of jazz history. Emphasis is placed on the evolution of different jazz styles and trends, through the study of recorded examples and videos by some of the major artists of the 20th century. Discussion of the social conditions surrounding the evolution of jazz will be included.

MUSC 118C. History of Rock Music. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

A survey of rock music history. Emphasis is placed on the diverse influences and subsequent development of classic rock musical styles through the study of recorded examples and videos by major artists of the 20th century. Discussion of the social conditions surrounding the evolution of rock music will be included.

MUSC 118D. Hip-Hop in Urban America. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

A survey course of hip-hop history. Emphasis is on the musical and cultural evolution of hip-hop through the study of recorded examples, videos, and articles focused on five urban hip-hop centers: New York, Los Angeles, Chicago, and New Orleans.

MUSC 119A. World Music: Asia. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Examines music from cultures in Asia. Music is examined as a cultural process, a cultural object and as sound. Musical instruments, forms and styles are discussed along with the roles and functions of music. Although traditional music will be emphasized, contemporary and popular music will also be discussed.

MUSC 119B. World Music: Africa. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Examines music from cultures in Africa. Music is examined as a cultural process, a cultural object and as sound. Musical instruments, forms and styles are discussed along with the roles and functions of music. Although traditional music will be emphasized, contemporary and popular music will also be discussed.

MUSC 119C. World Music: Latin America. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Examines music from cultures in Latin America. Music is examined as a cultural process, a cultural object and as sound. Musical instruments, forms and styles are discussed along with the roles and functions of music. Although traditional music will be emphasized, contemporary and popular music will also be discussed.

MUSC 125. Advanced Voice for Music Theater. 1 Unit
Prerequisite(s): MUSC 25 or instructor permission and proficiency examination.
Term Typically Offered: Fall, Spring

Designed to give singers advanced training in vocal techniques, interpretation, stage presence, audition preparation, through the utilization of modern musical theater repertoire commensurate with the individual abilities of each class participant.

Note: May be taken twice for credit.
MUSC 127. The American Musical Theater. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (W), Arts (Area C1)
Term Typically Offered: Fall, Spring

Study of Broadway musicals. Examination of the music, lyrics, dramatic structure, and use of dance in selected shows which demonstrate the evolution of the American musical from its inception through contemporary forms. Includes reading, discussion, listening assignments, and attendance at live performances.

MUSC 129. American Society and Its Music. 3 Units
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (W), Arts (Area C1)
Term Typically Offered: Fall, Spring

Introduction, through reading, discussion, taped assignments in the Music Department listening center, live music in the classroom, and outside live listening assignments, to all significant manifestations of American music, their roots, and their place in American life. Includes folk, religious, popular, jazz, and fine-art music. Prerequisite: GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

MUSC 132A. Piano: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 132B. Piano: Advanced - BM. 1 Unit
Prerequisite(s): Admission to the BM degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 135A. Harpsichord/Organ: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only.
Note: May be taken for credit four times.

MUSC 135B. Harpsichord/Organ: Advanced- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only.
Note: May be taken for credit four times.

MUSC 136A. Diction For Singers. 3 Units
Term Typically Offered: Fall, Spring

International Phonetic Alphabet and its application to song literature in Latin, Italian, German, French, and English. Designed for advanced voice majors, others admitted by instructor permission.

MUSC 136B. Vocal Pedagogy. 2 Units
Term Typically Offered: Fall, Spring

Study of the methods, problems and practical application of teaching singing. Topics will include the functional unity of the singing voice, pedagogical principles, and current methods/resources in voice training, teaching the beginning singer. Designed for voice majors; other admitted by instructor permission.

MUSC 137A. Voice: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 137B. Voice: Advanced - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 140. Jazz Theory and Harmony. 2 Units
Prerequisite(s): MUSC 7 and instructor permission.
Term Typically Offered: Spring only

Introduction to the theoretical language of jazz improvisation: rhythms, articulations, style, harmony and melody, forms, simple analysis, chord/scale relationships, ear training and key board harmony.

MUSC 141A. Piano Chamber Music. 2 Units
Prerequisite(s): 4 semesters of MUSC 142.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring

Instruction in small ensemble rehearsal performance. Focus given to duos, trios, and quartets of various instrumentation with piano. Includes required performances, listening, reading, and examination.

MUSC 141B. Piano Chamber Music. 2 Units
Prerequisite(s): MUSC 141A.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring

Continued instruction in small ensemble rehearsal performance. Focus on duos, trios, and quartets of various instrumentation with piano. Includes required performances, listening, reading, and examination.

MUSC 142B. Concert Band. 1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 142C. Concert Choir. 1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.
MUSC 142M. Marching Band.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 142S. Orchestra.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 142T. Opera Theater.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 142U. University Chorus.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 142W. Symphonic Wind Ensemble.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 143J. Instrumental Jazz Ensemble.
Term Typically Offered: Fall, Spring
Rehearsal and performance of literature written for instrumental jazz ensemble.
Note: May be taken for credit eight times.

MUSC 143V. Vocal Jazz Ensemble.
Term Typically Offered: Fall, Spring
Rehearsal and performance of literature written for vocal jazz ensemble.
Note: May be taken for credit eight times.

MUSC 144B. Brass Ensemble.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 144G. Chamber Music -- Guitar.
Term Typically Offered: Fall, Spring
Coaching in the performance of chamber music for guitar. Open to both BA and BM majors upon permission of major instructor of applied music. May substitute for a maximum of two semesters of major performing ensemble requirement.
Note: May be taken for credit eight times.

MUSC 144I. Chamber Music -- Instrumental Jazz.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 144L. Chamber Music -- Liberace.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 144P. Percussion Ensemble.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 144S. String Ensemble.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 144W. Woodwind Ensemble.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 144X. Saxophone Ensemble.
Term Typically Offered: Fall, Spring
Note: May be taken for credit eight times.

MUSC 145. Pep Band.
Term Typically Offered: Fall, Spring
Performance of instrumental music for university and community events.

MUSC 146. Camerata Capistrano Baroque.
Term Typically Offered: Fall, Spring
A conductor-less ensemble that explores in-depth score study, detailed techniques for stylistic performance, and advanced concertante playing of varied repertoire from the Renaissance to contemporary works in groupings of diverse size. Instrumentalists, keyboardists and singers are invited to experience repertoire not normally encountered in the symphony orchestra or traditional chamber groups. Students will achieve a more comprehensive understanding of musical preparation, ensemble discipline and conductor-less performance, culminating in a final concert for a public audience. Paired with MUSC 246.
Note: Each participant must be an enrolled student or registered volunteer, admitted with Instructor permission. Non-Music majors must purchase a music fee card (Lassen Hall) in order to participate. Registered volunteers will receive a parking pass for rehearsal times after required paperwork is completed. May be taken for credit eight times.

MUSC 150. Jazz Applied: Advanced BM.
Prerequisite(s): Approval by jazz area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction in jazz performance.
Note: May be taken for credit four times.

MUSC 151. Fundamentals of Conducting.
Prerequisite(s): MUSC 2, MUSC 7.
Term Typically Offered: Fall only
Basic techniques and skills of conducting. Areas of concern are all basic patterns in simple, compound and asymmetrical meters, correct baton technique, styles, appropriate left hand usage, tempi, fermatas, and introduction to simple score reading.

MUSC 153. Advanced Choral Conducting.
Prerequisite(s): MUSC 151.
Term Typically Offered: Spring only
Choral techniques, including rehearsal procedures, score analysis, choral/orchestral repertoire, and approaches to choral literature from the main history eras.
MUSC 154.  Advanced Instrumental Conducting.  2 Units
Prerequisite(s): MUSC 151.
Term Typically Offered: Spring only

Instrumental conducting techniques including refinement of basic conducting skills, rehearsal procedures, score study, and familiarization with and interpretation of instrumental literature.

MUSC 155A.  Violin: Advanced.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 155B.  Violin: Advanced -- BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

This course is a step-by-step practicum that prepares students to be lead teachers in the Sacramento State Strings Project. Set in rigorous teaching lab, the course gives students experience in creating lesson plans and teaching in the String Project program. Student teachers learn to apply effective pedagogical methods and techniques to teach fundamental skills to beginning level children and more advanced skills to intermediate-level children.

MUSC 156.  Advanced String Project Pedagogy.  2 Units
Prerequisite(s): MUSC 60 and instructor consent
Term Typically Offered: Spring only

Develops skills in the teaching of jazz in all of its facets and dimensions by a variety of approaches to materials, techniques and philosophies surrounding jazz education. Choosing, editing, rehearsing and programming concert materials will be taught. Also taught are scheduling, music and equipment maintenance, basic administration concerns, and other factors pertinent to operating a jazz program.

MUSC 157A.  Cello: Advanced.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 157B.  Cello: Advanced -- BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 158A.  Double Bass: Advanced.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 158B.  Double Bass: Advanced -- BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 159.  Advanced Conducting.  1 Unit
Prerequisite(s): Sophomore status in music or instructor permission.
Term Typically Offered: Fall only

For majors considering a teaching career. Overview of the history, principal philosophies, current issues, methodologies and materials related to Music Education in kindergarten through twelfth grade. Guided classroom and/or rehearsal observations at the elementary, middle/junior high school and senior high levels. Required for the Music Education major.

MUSC 160.  Advanced String Project Pedagogy.  2 Units
Prerequisite(s): MUSC 60 and instructor consent
Term Typically Offered: Fall, Spring

This course is a step-by-step practicum that prepares students to be lead teachers in the Sacramento State Strings Project. Set in rigorous teaching lab, the course gives students experience in creating lesson plans and teaching in the String Project program. Student teachers learn to apply effective pedagogical methods and techniques to teach fundamental skills to beginning level children and more advanced skills to intermediate-level children.

MUSC 161.  Jazz Pedagogy.  2 Units
Prerequisite(s): MUSC 60 and instructor consent
Term Typically Offered: Spring only

Develops skills in the teaching of jazz in all of its facets and dimensions by a variety of approaches to materials, techniques and philosophies surrounding jazz education. Choosing, editing, rehearsing and programming concert materials will be taught. Also taught are scheduling, music and equipment maintenance, basic administration concerns, and other factors pertinent to operating a jazz program.

MUSC 162.  Foundations of Music Education.  2 Units
Prerequisite(s): Sophomore status in music or instructor permission.
Term Typically Offered: Fall only

For majors considering a teaching career. Overview of the history, principal philosophies, current issues, methodologies and materials related to Music Education in kindergarten through twelfth grade. Guided classroom and/or rehearsal observations at the elementary, middle/junior high school and senior high levels. Required for the Music Education major.

MUSC 163.  Music in General Education.  2 Units
Prerequisite(s): Sophomore status in music or instructor permission.
Term Typically Offered: Spring only

Curricular and instructional strategies for non-performance music classes in kindergarten through twelfth grade. Teaching techniques for classroom instruments, with emphasis on folk guitar. Required for the Music Education major.

MUSC 164.  Music in General Education.  2 Units
Prerequisite(s): Sophomore status in music or instructor permission.
Term Typically Offered: Spring only

Curricular and instructional strategies for non-performance music classes in kindergarten through twelfth grade. Teaching techniques for classroom instruments, with emphasis on folk guitar. Required for the Music Education major.

MUSC 165A.  Flute: Advanced.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 165B.  Flute: Advanced -- BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.
MUSC 166A. Oboe: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 166B. Oboe: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 167A. Bassoon: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 167B. Bassoon: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 168A. Clarinet: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 168B. Clarinet: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 169A. Saxophone: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 169B. Saxophone: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 170A. Percussion: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 170B. Percussion: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 171A. Harp: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 171B. Harp: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 172. Repertoire Class in the Performance Major. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Parallel class taken in conjunction with the performance major to supplement student's knowledge of the literature, performance practice, pedagogy, and criticism of his chosen instrument or voice. May be taken for credit four times.

MUSC 173A. Vocal Accompanying. 2 Units
Prerequisite(s): 4 semesters of MUSC 142.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring
Introductory course to piano accompanying with an emphasis on vocal literature. Includes techniques of sight reading, elementary transposition, and interpretation of lieder from the pianist's point of view.

MUSC 173B. Vocal Accompanying. 2 Units
Prerequisite(s): MUSC 173A.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring
Continuing study of piano accompanying with an emphasis on art song repertoire. Includes techniques of sight reading, transposition, rehearsing, as well as realization of orchestral reductions. Performances required.

MUSC 174A. Guitar: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.
MUSC 174B. Guitar: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 175. Junior Recital. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, or instructor permission.
Term Typically Offered: Fall, Spring
Formal recital demonstrating the performance abilities of the student. Contents of the program must be approved by instructor in the major performance medium, and permission to enroll approved by the appropriate faculty committee of the performance medium.

MUSC 176. Piano Pedagogy. 2 Units
Prerequisite(s): 4 units of MUSC 32B or equivalent; admission to Bachelor of Music program, or instructor permission.
Term Typically Offered: Spring only
Study of the content, methods and problems of teaching the piano with an emphasis on the first years of instruction for both the child and adult beginner.

MUSC 178. Vocal Literature and Materials (Grades 4-12). 3 Units
Corequisite(s): Phase III Student Teaching.
Term Typically Offered: Fall only
Methods and materials for teaching voice and choral music in grades 4-12. Includes introduction to singing, care and development of the student voice, rehearsal techniques, and selection of materials appropriate for use in small and large choral ensembles.
Note: Required for Music Education students enrolled in Phase III of the Credential Program.

MUSC 179. Instrumental Literature and Materials. 2 Units
Prerequisite(s): 4 units in MUSC 40.
Term Typically Offered: Spring only
Methods and materials for beginning instrumental classes, orchestras and bands, solos and ensembles, marching band, and stage band.
Note: Required for instrumental students and recommended for choral students.

MUSC 180. Advanced Counterpoint. 2 Units
Prerequisite(s): MUSC 103 and instructor permission
Term Typically Offered: Fall, Spring
Advanced Counterpoint. Counterpoint styles from 16th to 20th centuries are studied through analysis of works from the repertoire and completion of preliminary exercises, culminating in the composition of original student pieces in various historical styles. Includes writing in two, three, and four parts. Work will be designed to a large extent to fit the needs, preparation and interest of individual students. May be taken twice for credit.

MUSC 183. Digital Synthesis and Sampling. 2 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Course for students with previous electronic music experience who wish to gain more technical background. Topics include various principles of digital synthesis with an emphasis on independent voice construction, principles of sampling synthesizers, computer-based digital synthesis, and advanced MIDI applications.

MUSC 184. Senior Seminar. 1 Unit
Prerequisite(s): Music major with senior standing
Term Typically Offered: Fall, Spring
Weekly seminar for senior students in the B.A. Music concentration. Senior portfolio preparation, resume preparation, and career planning. Credit/No Credit

MUSC 185. Senior Recital. 2 Units
Term Typically Offered: Fall, Spring
A formal recital demonstrating the performance abilities of the student. Required of all majors completing the Bachelor's degree in Music. Permission to enroll by permission of the appropriate faculty committee. MUSC 185H or MUSC 185A may be substituted for 185 with the permission of the appropriate faculty committees. Contents of the program must be approved and supervised by instructor in the performance medium.

MUSC 185A. Senior Audition. 1 Unit
Term Typically Offered: Fall, Spring
Informal program presented before a faculty committee and invited guests. It is designed to accommodate students who have special problems in developing their performance to Senior Recital level. Registration must be approved by the applied music faculty, and contents of the audition approved and supervised by instructor in the performing medium.

MUSC 185E. Senior Recital Music Education. 1 Unit
Term Typically Offered: Fall, Spring
Formal half recital, generally shared with another student. Required of students completing the BM in Music Education degree. Registration must be approved by the applied music faculty and contents of the audition approved and supervised by instructor in the performance medium.

MUSC 185H. Honors Recital. 2 Units
Term Typically Offered: Fall, Spring
Applied music faculty may designate outstanding performers for an Honors Recital. Contents of the program must be approved and supervised by instructor in the performance medium.

MUSC 185J. Senior Recital Jazz. 2 Units
Prerequisite(s): Permission by appropriate faculty committee.
Term Typically Offered: Fall, Spring
Formal recital demonstrating the performance abilities of the student in the Jazz Studies concentration. Contents of the program must be approved and supervised by instructor in the performance medium.
MUSC 190A. Trumpet: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 190B. Trumpet: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 191A. Trombone: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 191B. Trombone: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 192A. Baritone: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 192B. Baritone: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 193A. French Horn: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 193B. French Horn: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 194A. Tuba: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 194B. Tuba: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 195. Fieldwork in Music. 1 - 3 Units
Term Typically Offered: Fall, Spring

Directed observation and work experience with public agencies. Field work is offered for the purpose of giving students orientation in occupational specialties. Supervision is provided by both university instructional staff and cooperating agencies. Each student is required to maintain a record of activities and assignments and to prepare periodic reports. The student must make arrangements with a faculty member for a work program prior to admittance.

Credit/No Credit

MUSC 197. Music And Business. 3 Units
Term Typically Offered: Fall, Spring

Introduction to career possibilities in the area of music and business. Students will explore and develop directions of interest and opportunity through reading, discussion, lectures, and outside speakers. Individual field projects will provide the opportunity to see at close hand the workings of Sacramento area music businesses of the student's choice.

MUSC 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading. Open only to students who appear competent to carry on individual work. Admission requires the approval of the faculty member under whom the work is to be conducted and of the Department Chair.

Credit/No Credit

MUSC 201. Introduction to Graduate Study. 3 Units
Prerequisite(s): An undergraduate degree with music major or instructor permission.
Term Typically Offered: Fall, Spring

Systematic and historical study of the various disciplines related to music. Prepares the student to do advanced study and research. Required of all MM students in Music. Must be taken the first time scheduled after student is enrolled.

Note: Graduate Writing Intensive

MUSC 202A. Seminar in Music Education. 3 Units
Term Typically Offered: Fall, Spring

Study of current methodology in the development of reliable knowledge in the field of music education. Includes identification and formation of research problems, designing, and strategies.
MUSC 202B. Seminar in Music Education. 3 Units
Term Typically Offered: Fall, Spring

Review of current research trends in music education. Includes review of relevant literature and the definition, design, and justification of a research problem.

MUSC 206. Topics in Music History. 3 Units
Prerequisite(s): Undergraduate major in music or instructor permission
Term Typically Offered: Fall, Spring

Detailed study of topics in music history and their relation to musical style, performance, reception, and cultural context. Designed to allow narrow focus on the historical contexts of a particular theory, repertoire, performance practice, or critical stance. May be repeated for credit with different topics.

MUSC 207. Topics in Music Analysis. 3 Units
Prerequisite(s): Undergraduate major in music or instructor permission.
Term Typically Offered: Fall, Spring

Detailed study of topics in music analysis and its relation to harmony, rhythm, style, and form. Designed to allow narrowed focus on music of a select composer or small group of composers. May be repeated for credit with different topics.

MUSC 208. Topics in Ethnomusicology. 3 Units
Prerequisite(s): Undergraduate major in music or instructor permission.
Term Typically Offered: Fall, Spring

Current practices, methodologies, and scholarly agendas in the field of ethnomusicology including global studies of traditional, classical, folk, and popular musics. Readings from interdisciplinary literature. Students respond in discussion and writing to this scholarly discourse in order to familiarize themselves with theoretical approaches current in the discipline and to practice the spoken and written conventions of the field.

MUSC 210. Composition. 2 Units
Prerequisite(s): Undergraduate composition and instructor permission.
Term Typically Offered: Fall, Spring

Advanced work in composition for students seeking the MM degree with composition option. May be taken for credit twice.

MUSC 211. Graduate Music Theory. 3 Units
Term Typically Offered: Fall, Spring

Comprehensive and intensive overview of the major disciplines of music theory with an emphasis on application of skills. Focus is mainly on tonal practice (part writing, figured bass realization, chromatic harmony, melodic construction, phrase structure, reductive analysis, forms) but also includes discussion of post-tonal music and applicable analytical techniques (extended scalar resources, dodecaphony, set-theory).

MUSC 214. Ethnomusicology. 3 Units
Term Typically Offered: Fall, Spring

Introduction to the field of Ethnomusicology with an emphasis on its history, development, contemporary trends, research issues, and methodologies.

Note: May be used as a music history elective.

MUSC 217A. Choral Conducting Applied Music. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Graduate music majors only. May be taken for credit four times.

Note: Limited to choral conducting students only.

MUSC 217B. Instrumental Conducting Applied Music. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Graduate music majors only. May be taken for credit four times.

Note: Limited to instrumental conducting students only.

MUSC 218A. Choral Conducting Techniques. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Training in technique and repertoire at the graduate level. May be taken for credit four times.

Note: Limited to choral conducting students only.

MUSC 218B. Instrumental Conducting Techniques. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Training in technique and repertoire at the graduate level. May be taken for credit four times.

Note: Limited to instrumental conducting students only.

MUSC 219. Graduate Applied Music. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Classified graduate Music majors and graduate music credential candidates only. May be taken for credit four times.

MUSC 220. Performance Techniques. 1 Unit
Prerequisite(s): Approval by area applied music committee to enter performance option for the MM; instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Classified graduate Music majors only. Training in technique and repertoire at the graduate level. May be taken for credit four times.

MUSC 242. Advanced Large Performance Ensemble. 1 Unit
Term Typically Offered: Fall, Spring

Study, rehearsal, and public performance of musical repertoire appropriate for the specific ensemble (e.g. orchestra, band, choir, opera, etc.).

MUSC 244. Advanced Chamber Music. 1 Unit
Term Typically Offered: Fall, Spring

Study, rehearsal, and public performance of musical repertoire appropriate for the specific ensemble (e.g. string quartet, wind quintet, etc.).
MUSC 246. Camerata Capistrano Baroque.  1 Unit
Term Typically Offered: Fall, Spring
A conductor-less ensemble that explores in-depth score study, detailed techniques for stylistic performance, and advanced concertante playing of repertoire from the Renaissance to newly composed works in groupings of diverse size. Instrumentalists, keyboardists and singers are invited to experience repertoire not normally encountered in the symphony orchestra or traditional chamber groups. Students will ultimately achieve a more comprehensive understanding of musical preparation, ensemble discipline and conductor-less performance, culminating in a final concert for a public audience. Paired with MUSC 146.
Note: This course is paired with MUSC 146. Students who have received credit for MUSC 146 as an undergraduate student at CSU Sacramento will not receive credit for MUSC 246. Each participant must be an enrolled student or registered volunteer, admitted with Instructor permission. Non-Music majors must purchase a music fee card (Lassen Hall) in order to participate. Registered volunteers will receive a parking pass for rehearsal times after required paperwork is completed. May be taken for credit four times.

MUSC 285. Graduate Recital.  2 Units
Prerequisite(s): Permission to enter Performance option and approval of Music Department Graduate Studies Committee.
Term Typically Offered: Fall, Spring
Public recital demonstrating the performance abilities and musical maturity of the student. Content of the recital and quality of performance must be approved by instructor in the performance medium. Must articulate with MUSC 500B.

MUSC 295. Fieldwork in Music.  1 - 3 Units
Term Typically Offered: Fall, Spring
Directed observation and work experience. Fieldwork is offered for the purpose of giving students orientation in occupational specialties. Supervision is provided by both the instructional staff of the university and cooperating agencies. Each student is required to maintain a record of activities and assignments and to prepare periodic reports. The student must make arrangements with a faculty member for a work program prior to admittance to the course.
Credit/No Credit

MUSC 299. Special Problems.  1 - 3 Units
Prerequisite(s): Approval of the faculty member under whom the work is to be conducted and the Department Chair.
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Open only to students who appear competent to carry on individual work.
Credit/No Credit

MUSC 500D. Comprehensive Examination.  0 Units
Prerequisite(s): Advanced to Candidacy and permission from graduate coordinator.
Term Typically Offered: Fall, Spring
The Comprehensive Examination is one of the culminating experiences available for the Master of Music Education Degree. The one-hour oral examination is taken during the final semester of the degree program and administered by a three-member graduate faculty committee. The material to be addressed includes the content of classes taken and the application of concepts as applied to music education.
Credit/No Credit

Natural Sciences and Mathematics (NSM)

NSM 12A. Peer-Assisted Learning for CHEM 4.  1 Unit
Corequisite(s): CHEM 4
Term Typically Offered: Fall, Spring
Students concurrently enrolled in CHEM 4 and under the guidance of a trained student leader (PAL leader) work collaboratively through problem sets designed by the CHEM 4 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in CHEM 4.
Note: May be repeated for credit
Credit/No Credit

NSM 12B. Peer-Assisted Learning for MATH 29.  1 Unit
Corequisite(s): MATH 29
Term Typically Offered: Fall, Spring
Students concurrently enrolled in MATH 29 and under the guidance of a trained student leader (PAL leader) work collaboratively through problem sets designed by the MATH 29 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in MATH 29.
Note: May be repeated for credit
Credit/No Credit

NSM 12C. Peer-Assisted Learning for CHEM 1A.  1 Unit
Corequisite(s): CHEM 1A
Term Typically Offered: Fall, Spring
Students concurrently enrolled in CHEM 1A and under the guidance of a trained student leader (PAL leader) work collaboratively through problem sets designed by the CHEM 1A instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in CHEM 1A.
Note: May be repeated for credit
Credit/No Credit
NSM 12D. Peer-Assisted Learning for CHEM 1B. 1 Unit
Corequisite(s): CHEM 1B
Term Typically Offered: Fall, Spring

Students concurrently enrolled in CHEM 1B and under the guidance of a trained student leader (PAL leader) work collaboratively through problem sets designed by the CHEM 1B instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in CHEM 1B.

Note: May be repeated for credit

Credit/No Credit

NSM 12E. Peer-Assisted Learning for MATH 30. 1 Unit
Corequisite(s): MATH 30
Term Typically Offered: Fall, Spring

Students concurrently enrolled in MATH 30 and under the guidance of a trained student leader (PAL leader) work collaboratively through problem sets designed by the MATH 30 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in MATH 30.

Note: May be repeated for credit

Credit/No Credit

NSM 12F. Peer-Assisted Learning MATH 31. 1 Unit
Corequisite(s): Enrollment in MATH 31
Term Typically Offered: Fall, Spring

NSM 12F Peer-Assisted Learning MATH 31. Discussion, 2 hours. Students concurrently enrolled in MATH 31 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by the MATH 31 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in MATH 31.

Credit/No Credit

NSM 12G. Peer-Assisted Learning PHYS 11A. 1 Unit
Corequisite(s): Enrollment in PHYS 11A
Term Typically Offered: Fall, Spring

NSM 12G Peer-Assisted Learning Physics 11A. Discussion, 2 hours. Students concurrently enrolled in PHYS 11A and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a PHYS 11A instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in PHYS 11A.

Credit/No Credit

NSM 12H. Peer-Assisted Learning BIO 121. 1 Unit
Corequisite(s): Enrollment in BIO 121
Term Typically Offered: Fall, Spring

NSM 12F Peer-Assisted Learning BIO 121. Discussion, 2 hours. Students concurrently enrolled in BIO 121 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a BIO 121 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in BIO 121.

Credit/No Credit

NSM 12I. Peer-Assisted Learning BIO 22. 1 Unit
Corequisite(s): Enrollment in BIO 22
Term Typically Offered: Fall, Spring

NSM 12I Peer-Assisted Learning BIO 22. Discussion, 2 hours. Students concurrently enrolled in BIO 22 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by the BIO 22 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in BIO 22.

Credit/No Credit

NSM 12J. Peer-Assisted Learning Math 32. 1 Unit
Corequisite(s): MATH 32

NSM 12J Peer-Assisted Learning Math 32. Students concurrently enrolled in MATH 32 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a MATH 32 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in MATH 32.

Credit/No Credit

NSM 12K. Peer-Assisted Learning BIO 139. 1 Unit
Corequisite(s): BIO 139

NSM 12K Peer-Assisted Learning BIO 139. Students concurrently enrolled in BIO 139 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a BIO 139 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in BIO 139.

Credit/No Credit

NSM 12L. Peer-Assisted Learning BIO 184. 1 Unit
Corequisite(s): BIO 184

NSM 12L Peer-Assisted Learning BIO 184. Students concurrently enrolled in BIO 184 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a BIO 184 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in BIO 184.

Credit/No Credit

NSM 12M. Peer-Assisted Learning CHEM 5. 1 Unit
Corequisite(s): CHEM 5

NSM 12M Peer-Assisted Learning CHEM 5. Students concurrently enrolled in CHEM 5 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a CHEM 5 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in CHEM 5.

Credit/No Credit

NSM 12N. Peer-Assisted Learning CHEM 24. 1 Unit
Corequisite(s): CHEM 24

NSM 12N Peer-Assisted Learning CHEM 24. Students concurrently enrolled in CHEM 24 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a CHEM 24 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in CHEM 24.

Credit/No Credit

NSM 12P. Peer-Assisted Learning STAT 1. 1 Unit
Corequisite(s): STAT 1
Term Typically Offered: Fall, Spring

NSM 12P Peer-Assisted Learning STAT 1. Discussion, 2 hours. Students concurrently enrolled in STAT 1 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by a STAT 1 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in STAT 1.

Credit/No Credit
NSM 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding
Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to the nature and possible meanings of higher education and the functions and resources of the university. Designed to help students develop academic success strategies and improve academic skills. Students will interact with fellow students to build a community of academic and personal support. Introduces science and math as academic disciplines by requiring students to interpret scientific literature.

NSM 86A. STEM Learning Practices for Future Teachers. 3 Units
Prerequisite(s): Three years of high school mathematics and three years of high school science preferred.
Term Typically Offered: Fall only

The first course in a two-course pairing. The course is for freshmen intending to be elementary/junior high school teachers with special skills and knowledge in science curriculum and science pedagogy for the K-9 grade span. Students will learn course content through activities, tasks, and assignments that require them to expand their knowledge of science and mathematics concepts and skills as well as synthesize them in relation to real-world issues and problems.
Note: Field Trip. Observations in local public K-8 schools
Field trip(s) may be required.

NSM 86B. Advanced STEM Learning Practices for Future Teachers. 3 Units
Prerequisite(s): NSM 86A
Term Typically Offered: Spring only

The second course in a two-course pairing, intended for future elementary/junior high school teachers especially interested in science. This course extends the learning of mathematics and science content knowledge and disciplinary practices from NSM 86A by integrating engineering content and the engineering design cycle. Students will learn course content through activities, tasks, and assignments that require them to synthesize and apply their knowledge of science, engineering, and mathematics concepts and skills to complex and inter-disciplinary real-world issues and problems.
Note: Field trip. Observations in local public K-8 schools
Field trip(s) may be required.

NSM 88. Exploring Health Careers. 1 Unit
Term Typically Offered: Fall, Spring

Designed for pre-professional students, this self exploration course will assist students in determining whether a career in the health professions is suitable to their interest, skills, and values. In addition to exploring the traditional health professions medicine, pharmacy, etc., students will have opportunity to explore alternative health professions and career options. This active learning course will include lectures, discussions, individual and group projects, informational interviews, and guest speakers. One hour per week.
Credit/No Credit

NSM 96. Peer-Assisted Learning MATH 32. 1 Unit
Corequisite(s): MATH 32
Term Typically Offered: Fall, Spring

Students concurrently enrolled in MATH 32 and under the guidance of a trained student facilitator work collaboratively through problem sets designed by the MATH 32 instructor. Pedagogical strategies that encourage active, engaged learning are employed to facilitate student success in MATH 32.
Credit/No Credit

NSM 100A. Transfer Seminar I. 1 Unit
Prerequisite(s): first-semester transfer student
Term Typically Offered: Fall only

Designed for first-semester transfer students in the College of NSM. Series of at least 10 seminars related to campus and career-based opportunities, integration with peers, and promotion of academic mindset.
Credit/No Credit

NSM 100B. Transfer Seminar II. 1 Unit
Prerequisite(s): second-semester transfer student
Term Typically Offered: Spring only

Designed for second-semester transfer students in the College of NSM. Series of at least 10 seminars related to campus and career-based opportunities for employment, preparation for entering the STEM workforce, and integration with peers and colleagues.
Credit/No Credit

NSM 196. Conceptual Understanding of Science for Teachers. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Intensive examination of selected topics in science for teachers. The goal is to develop a deep conceptual understanding of the science under consideration, knowledge of common misconceptions about the concept, and effective ways to guide student learning of the selected topic.
Cross Listed: NSM 296; only one may be counted for credit.
Credit/No Credit

NSM 196A. Science Topics for Middle School. 1 - 3 Units
Prerequisite(s): Multiple Subject Credential and instructor permission
Term Typically Offered: Fall, Spring

Intensive examination of selected topics in science for teachers pursuing subject matter knowledge needed for a general science credential. The goal is to deepen and broaden students’ conceptual and factual knowledge base for selected topics. Course will involve hands-on tasks designed to enhance conceptual understanding as well as lectures, small group work and independent tasks necessary for learning the subject matter.

NSM 197. Seminar in Peer-Assisted Learning. 2 Units
Prerequisite(s): Instructor permission
Corequisite(s): Acceptance as PAL facilitator
Term Typically Offered: Fall, Spring

Specific classroom training for advanced students who are concurrently serving as PAL facilitators within NSM. Action research on learning theory as applied to classroom setting with culminating research presentation.
NSM 197B. Advanced Seminar in Peer-Assisted Learning. 2 Units
Prerequisite(s): NSM 197
Term Typically Offered: Fall, Spring

Specific classroom training for advanced students who are concurrently serving as PAL facilitators within NSM. Action research on learning theory as applied to classroom settings with culminating research presentation. Instructor permission required for enrollment. Lecture & Discussion, 2 hours.

NSM 197C. Seminar for Lead & Supervisory Facilitators. 2 Units
Prerequisite(s): NSM 197A or NSM 197B
Specific classroom training for advanced students who are concurrently serving Lead or Supervisory PAL facilitators within NSM. Leadership and assessment of program effectiveness with a culminating research presentation. Instructor permission required for enrollment.

NURS 10. Health Care: Issues and Delivery Systems. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Explores the relationships between social, political and economic systems, and the health care and delivery systems currently operational in the U.S. today. Provides a format to debate current biomedical issues and explores crosscultural health practices. Lecture three hours.

NURS 14. Pharmacology. 2 Units
Prerequisite(s): Entry level physiology course, such as BIO 25 or BIO 26
Term Typically Offered: Fall, Spring

Basic principles of pharmacology with a focus on pharmacokinetics, pharmacodynamics and related therapeutic implications for major drug categories. May be taken by pre-nursing or non-nursing students. Lecture two hours.

NURS 197. Advanced Seminar in Peer-Assisted Learning. 2 Units
Prerequisite(s): NSM 197
Term Typically Offered: Fall, Spring

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Also provides students with an opportunity to interact with fellow students and the seminar leader and to build a community of academic and personal support.

NURS 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Part of foundational ALS skills content for pre-hospital care in the Emergency Medical System (EMS). Participants apply theoretical knowledge of Advanced Life Support in skills lab and simulated patient care experiences. Students will practice assessment and intervention of psychomotor skills for Advanced Life Support (ALS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Cardiac Life Support (PALS) and International Trauma Life Support (ITLS).

NURS 51. Advanced Seminar in Peer-Assisted Learning. 2 Units
Prerequisite(s): Admission to the Paramedic program
Corequisite(s): NURS 52
Term Typically Offered: Fall, Spring

Advanced Cardiac Life Support (PALS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Cardiac Life Support (PALS) and International Trauma Life Support (ITLS).

NURS 52. Advanced Seminar in Peer-Assisted Learning. 2 Units
Prerequisite(s): Admission to the Paramedic program, NURS 51 & NURS 53
Corequisite(s): NURS 52
Term Typically Offered: Fall, Spring

Part 2 of foundational ALS skills content for pre-hospital care in the Emergency Medical System (EMS). Participants apply theoretical knowledge of Advanced Life Support in skills lab and simulated patient care experiences. This is the skills section of NURS 52. Students will practice assessment and intervention of psychomotor skills for Advanced Life Support (ALS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Cardiac Life Support (PALS) and International Trauma Life Support (ITLS).

NURS 53. Paramedic Skills Part 1. 2 Units
Prerequisite(s): Admission to the Paramedic program
Corequisite(s): NURS 51
Term Typically Offered: Fall, Spring

Part 1 of foundational ALS skills content for pre-hospital care in the Emergency Medical System (EMS). Participants apply theoretical knowledge of Advanced Life Support in skills lab and simulated patient care experiences. Students will practice assessment and intervention of psychomotor skills for Advanced Life Support (ALS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Cardiac Life Support (PALS) and International Trauma Life Support (ITLS).

NURS 109. Mental Health Nursing - Clinical. 2 Units
Prerequisite(s): NURS 103, NURS 104, NURS 105, NURS 106, NURS, 107, NURS 108, or instructor permission.
Corequisite(s): NURS 109
Term Typically Offered: Fall, Spring

The course includes a supervised practicum which incorporates therapeutic modalities. A variety of psychodynamic theories related to anxiety, interpersonal relationships, crisis intervention, and group process are discussed. Lecture three hours.

NURS 110. Mental Health Nursing - Clinical. 2 Units
Prerequisite(s): Admission to Nursing program or instructor permission
Corequisite(s): NURS 109
Term Typically Offered: Fall, Spring

Provides a conceptual base for the practice of professional nursing. The changing and expanding roles of the professional nurse in the health care delivery system are explored, with an emphasis on professional behavior, ethics, evidence-based practice and informatics. Lecture three hours.

Note: may be repeated for credit.
NURS 112. Nursing Care Of Adults. 5 Units
Prerequisite(s): Admission to the Nursing Program
Corequisite(s): NURS 111, NURS 113
Term Typically Offered: Fall, Spring

Introduction and application of nursing concepts in meeting health needs of adults. Emphasis is placed on health promotion and disease management across the adult lifespan. Lecture three hours; laboratory six hours.
Note: May be repeated for credit

NURS 113. Professional Nursing Communication, Assessment and Skills. 4 Units
Prerequisite(s): Admission to nursing program
Corequisite(s): NURS 111 and NURS 112
Term Typically Offered: Fall, Spring

Apply nursing practice concepts in assessment, skills, and professional communication in the context of laboratory scenarios and field experiences across the lifespan. Laboratory twelve hours.

NURS 119. Mental Health Nursing for the LVN 30-Unit Option. 4 Units
Prerequisite(s): Microbiology with a lab, Physiology with a lab, and California licensure as a Vocational Nurse.
Corequisite(s): Nurs 123.
Term Typically Offered: Fall, Spring

Theoretical basis for the nursing care of individuals who require nursing intervention to achieve and maintain mental health through adaptive processes. The course includes a supervised practicum which incorporates therapeutic modalities. A variety of psychodynamic theories related to anxiety, interpersonal relationships, crisis intervention, and group process are discussed.

NURS 120. Nursing Application of Research and Critical Analysis. 3 Units
Prerequisite(s): NURS 111, NURS 112, NURS 113 or instructor permission
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Evaluation and application of research to nursing practice. Emphasis is placed on utilization of evidence to improve quality and safety in healthcare and advance nursing practice. Students will develop an understanding of themselves as beginning professionals, analyze their own reasoning skill, and develop logical processes for integration of research into practice. Lecture three hours. Writing Intensive.
Note: May be repeated for credit

NURS 123. Nursing Families in Complex Illness. 6 Units
Prerequisite(s): NURS 111, NURS 112 and NURS 113; or instructor permission.
Term Typically Offered: Fall, Spring

Provides students with the opportunity to learn and apply nursing concepts through the care of individuals and families experiencing complex illness across the adult lifespan. The focus is on skill development and the synthesis of data from multiple sources to formulate nursing interventions. Lecture three hours; laboratory six hours.
Note: May be repeated for credit

NURS 129. Mental Health Nursing. 5 Units
Prerequisite(s): NURS 111, NURS 112 and NURS 113; or instructor permission
Term Typically Offered: Fall, Spring

Provides an overview of multidimensional factors, perspectives, and approaches associated with mental health across the lifespan. Mental health concepts and interventions are applied across multiple settings. Lecture three hours; laboratory six hours.
Note: May be repeated for credit

NURS 133. Leadership and Management for the LVN to RN. 2 Units
Prerequisite(s): Microbiology with a lab; Physiology with a lab; NURS 119 and NURS 123
Corequisite(s): NURS 137 and NURS 138
Term Typically Offered: Fall, Spring

This course is designed to present leadership and management skills for the Licensed Vocational Nurse transitioning to the Registered Nurse role. The principle and processes of administration, management, and supervision will be discussed within an organizational framework. Lecture two hours.

NURS 136. Nursing Laboratory for the Childbearing Family. 1 Unit
Prerequisite(s): NURS 120, NURS 123 and NURS 129, or instructor permission
Corequisite(s): NURS 137
Term Typically Offered: Fall, Spring

Application of skills and assessment in the care of the childbearing family and women experiencing reproductive health changes across the lifespan.
Credit/No Credit

NURS 137. Nursing the Childbearing Family. 5 Units
Prerequisite(s): NURS 120, NURS 123 and NURS 129 or instructor permission.
Corequisite(s): NURS 136
Term Typically Offered: Fall, Spring

Application of nursing concepts in the care of the childbearing family and women experiencing reproductive health changes across the lifespan. Lecture three hours; laboratory six hours.
Note: May be repeated for credit

NURS 138. Nursing the Childbearing Family. 5 Units
Prerequisite(s): NURS 120, NURS 123, NURS 129, or instructor permission
Corequisite(s): NURS 139
Term Typically Offered: Fall, Spring

Introduction and application of nursing concepts in meeting health needs of the child from birth through adolescence. Emphasis is placed on health promotion and disease management within the context of the family and applied across multiple settings. Lecture three hours; laboratory six hours.
Note: May be repeated for credit
NURS 139. Nursing Laboratory for the Childrearing Family. 1 Unit
Prerequisite(s): NURS 120, NURS 123, NURS 129, or instructor permission
Corequisite(s): NURS 138
Term Typically Offered: Fall, Spring

Acquisition of knowledge and practice using tools and techniques for assessing the child and the family in a variety of settings. Laboratory three hours.
Note: May be repeated for credit
Credit/No Credit

NURS 143. Leadership and Management in Nursing Practice. 3 Units
Prerequisite(s): NURS 136, NURS 137, NURS 138, and NURS 139, or instructor permission.
Term Typically Offered: Fall, Spring

Integration of leadership and management principles to promote health across the lifespan and care settings. Application of leadership and management principles in the examination of organizational structures, processes, and approaches to quality and safety concepts in health care systems and practice environments. Emphasis will be placed on career development and transition to professional practice.
Note: May be repeated for credit. Lecture three hours.

NURS 144. Community Health Nursing. 5 Units
Prerequisite(s): NURS 136, NURS 137, NURS 138, and NURS 139, or instructor permission.
Term Typically Offered: Fall, Spring

Contemporary role of the community health nurse is presented within a public health framework, emphasizing the concept of community as client. Presents nursing interventions related to groups and aggregates identified as high risk for the development of health problems. Clinical experience is provided across community settings. Lecture and clinical hours.
Note: May be repeated for credit

NURS 145. Clinical Leadership and Professional Role Development. 6 Units
Prerequisite(s): NURS 136, NURS 137, NURS 138, NURS 139 or instructor permission.
Corequisite(s): NURS 144.
Term Typically Offered: Fall, Spring

The purpose of this culminating senior practicum is to facilitate the transition of the nursing student into the role of a professional BSN graduate nurse. The course will integrate the theoretical and clinical nursing concepts acquired throughout the curriculum into a precepted senior practicum. Students will apply principles of clinical nursing, nursing management and nursing leadership in a selected clinical setting.
Credit/No Credit

NURS 147. Women's Health. 3 Units
Prerequisite(s): Acceptance into the RN to BSN Program or instructor permission.
Term Typically Offered: Fall, Spring

Designed for people seeking knowledge about women's health, women's health risks, and the delivery of traditional and non-traditional medical interventions for the maintenance of health and management of illness. Covers the physiological and psychological components of women's health. The leading acute and chronic illnesses which affect women are introduced. Discussions include: means of sustaining a wellness lifestyle; identification, management and consultation for acute and chronic illness; normal physiological life changes and adaptations to aging; mind/body connection in the control of health and illness; pharmacology and drug therapy for women; health management for infants and children; access and control of care for women in traditional and non-traditional health settings; and research in women's health. Lecture-discussion three hours.

NURS 148. Foundations for Evidence-Based Nursing Practice. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

This course provides an overview of nursing research and application to practice. Students will identify components of evidence-based practice and develop skills in critiquing research and in professional writing.
NURS 171. Transitional Concepts: The Baccalaureate Nurse.  6 Units
Prerequisite(s): NURS 170, may be taken concurrently.
Term Typically Offered: Fall, Spring

This course expands students' knowledge of theories, concepts, and social issues which have implications for nursing practice. Assignments and experiences are designed to transition the RN to the baccalaureate level of proficiency.

NURS 171A. Transitional Concepts: The Baccalaureate Nurse Role.  3 Units
Prerequisite(s): NURS 170, may be taken concurrently.
This course expands students' knowledge of theories, concepts, and social issues which have implications for the role of the nurse in any professional setting. Assignments and experiences are designed to transition the RN to the baccalaureate level of proficiency.

NURS 171B. Transitional Concepts: The Client Lifespan.  3 Units
Prerequisite(s): NURS 170, may be taken concurrently.
This course expands students' knowledge of theories, concepts, and social issues which have implications for health across the lifespan. Assignments and experiences are designed to transition the RN to the baccalaureate level of proficiency.

NURS 173. Theoretical Foundations for Leadership and Management.  6 Units
Prerequisite(s): NURS 170, may be taken concurrently.
Term Typically Offered: Fall, Spring

This course provides the theoretical foundations for leadership and management across multiple settings. Theories related to the principles and processes of leadership and management will be applied to select practice experiences.

NURS 173A. Theoretical Foundations for Leadership.  3 Units
Prerequisite(s): NURS 170, may be taken concurrently.
This course provides the theoretical foundations for leadership across multiple settings. Theories related to the principles and processes of leadership will be applied to select practice experiences.

NURS 173B. Theoretical Foundations for Management.  3 Units
Prerequisite(s): NURS 170, may be taken concurrently.
This course provides the theoretical foundations for management across multiple settings. Theories related to the principles and processes of management will be applied to select practice experiences.

NURS 174. Community Health Nursing: Concepts and Practice.  4 Units
Prerequisite(s): NURS 170, may be taken concurrently.
Term Typically Offered: Fall, Spring

This course presents the role of the community health nurse within a public health framework and examines public health systems, policies, and sociocological factors that shape the health of individuals, groups, and communities. Students will be introduced to principles of population health, epidemiology, disease prevention, and health promotion, to plan community health nursing interventions.

NURS 174C. Community Health Nursing: Clinical Elective.  2 Units
Prerequisite(s): NURS 170 and NURS 174, both may be taken concurrently.
Term Typically Offered: Fall, Spring

In this course students will integrate and apply knowledge of population-based nursing and evaluate the role of the community health nurse in various systems. Students will provide care to individuals, families, or communities within a public health framework. This course meets the California BRN clinical requirements for the Public Health Nurse Certificate.

NURS 178. Culminating Project.  3 Units
Prerequisite(s): Completion of 19 units in the program or instructor permission.
Term Typically Offered: Fall, Spring

Students will apply leadership and management principles within a community to determine a defined need or issue, identify goals to meet or solve the issue, and complete the culminating project based on previous course work.

NURS 179. Professional Communication and Reasoning Development.  3 Units
Prerequisite(s): NURS 170, may be taken concurrently; and either instructor permission or a passing score on the Writing Proficiency Exam.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

This course is designed to assist RN to BSN students in increasing communication and leadership skills involved in professional practice. Students will develop an understanding of themselves as professionals through self-reflection and analysis of their own reasoning skills. Writing Intensive.

NURS 194. Work Study in Nursing.  1 - 12 Units
Prerequisite(s): NURS 120, NURS 123 and NURS129; School of Nursing faculty recommendation; Instructor permission; Minimum 2.5 GPA
Corequisite(s): Enrollment in undergraduate nursing program
Term Typically Offered: Fall, Spring

Nursing students participate in clinical nursing experiences that reflect the realities of the healthcare environment and have opportunity to master learned skills.
Note: May be repeated for credit
Credit/No Credit

NURS 195. Field Study.  1 - 6 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Guided study and experience in a specified nursing area.
Credit/No Credit

NURS 199. Special Problems.  2 Units
Term Typically Offered: Fall, Spring

Individual projects and directed reading for students who are competent to assume independent work. Admission to this course requires approval of faculty member under whom the independent work is to be conducted.
Credit/No Credit
NURS 209. Advanced Role Development in Nursing. 3 Units
Prerequisite(s): Admission to Graduate Program.
Term Typically Offered: Fall, Spring

Students will explore emerging issues in healthcare and consider how these issues shape their practice. Through examination of current issues and challenges confronting the nursing profession, analysis of the literature, examination of personal values, rights, and obligations, and the application of ethical decision-making processes, students' ability to engage in ethical discussions will be enhanced, as will their ability to provide professional leadership.
Note: Satisfies the GWAR requirement.

NURS 210. Research as the Foundation for Advanced Nursing. 3 Units
Prerequisite(s): Admission to the graduate program for nursing
Term Typically Offered: Fall, Spring

Participants will explore nursing research as the foundation for clinical and organizational decision making. Content will include understanding key elements of evidence-based practice, developing skills to access data bases in nursing and healthcare, evaluation of evidence in nursing including published nursing research, problem identification within the practice setting, and incorporation of evidence in initiating change and improving clinical practice.

NURS 213. Seminar in Organizational and Systems Leadership. 3 Units
Prerequisite(s): NURS 209 and NURS 210, and 21 units of graduate coursework.
Term Typically Offered: Fall, Spring

This course requires that students operationalize knowledge, skills, and dispositions acquired in previous courses. Students will identify contemporary healthcare issues and apply graduate core competencies to guide nursing praxis in the planning, implementation and evaluation of quality healthcare for individuals, families, groups and communities.

NURS 213C. Seminar in Specialized Nursing Processes: School Nursing I. 4 Units
Prerequisite(s): Admission to School Nurse Credential Program.
Term Typically Offered: Fall, Spring

Provision and application of concepts needed for nursing practice in the schools. Focuses on the three major competencies of school nursing practice: providing health and wellness services, providing direct client care services for school age children (pre-k through age 22), and professional management of school nursing services. Emphasis is on the foundations of school nursing practice, legal and ethical issues, special education services, and management of episodic illness and chronic health conditions.

NURS 213D. Seminar in Specialized Nursing Processes: School Nursing II. 4 Units
Prerequisite(s): NURS 213C.
Term Typically Offered: Fall, Spring

Provision and application of concepts needed for nursing practice in the schools. Focuses on the three major competencies of school nursing practice: providing health and wellness services, direct client care services for school age children (pre-k through age 22), and health service program coordination and management. Emphasis is on ethical issues and federal laws addressing education for students with disabilities, health promotion programs, issues of adolescent health, and behavior assessment and management including considerations for students receiving special education services.

NURS 214. Educational Program Development in Nursing. 3 Units
Prerequisite(s): NURS 209 and NURS 210 or instructor’s permission
Term Typically Offered: Fall, Spring

Introduction to curriculum development and instructional design concepts in preparation for the role of educator in an educational institution or health care setting. Emphasis will be on instructional design, instructional strategies, and measurement of learner outcomes. Lecture three hours.
Note: FOCUS alternates between K-12 and higher education.

NURS 215. Community Health Services and Policy. 3 Units
Prerequisite(s): NURS 209 and NURS 210, or instructor’s permission
Term Typically Offered: Fall, Spring

Examines issues of health policy, financing, and the organization and delivery of health services at the local, national, and global levels. Health promotion will be defined and the influence of community on the individual, group, and family’s health will be explored. Epidemiological data bases will be identified. These data bases will be critiqued and used to develop a health promotion program.

NURS 216. Vision and Scoliosis Screening. 1 Unit
Term Typically Offered: Fall, Spring

Theory and practice of detecting idiopathic scoliosis, and visual disorders resulting from inadequate refraction, ocular mal-alignment, and color deficiency in the school setting. The pathophysiology of said conditions will be presented, the nursing role delineated, and opportunities for paired screening practice provided.

NURS 220. Advanced Concepts in Pathophysiology. 3 Units
Term Typically Offered: Fall, Spring

Seminar designed to promote the understanding and application of fundamental disease processes and physiological principles in cross-clinical settings for the purpose of improving nursing assessments and patient care management. Lecture three hours.

NURS 231. Pharmacology for Advanced Practice. 3 Units
Term Typically Offered: Fall, Spring

Conceptual and systematic study of pharmacodynamics, pharmacokinetics, pharmacoeconomics and therapeutic implications for healthcare practitioners. Efficient use of traditional and web based pharmaceutical resources is encouraged. Designed to meet Board of Registered Nursing requirements for prescriptive privileges. Requires familiarity with disease process. Lecture three hours.
NURS 232. Advanced Physical Assessment Across the Lifespan. 3 Units

Prerequisite(s): NURS 209 and NURS 210.
Term Typically Offered: Fall, Spring

Advanced concepts and skills in health and physical assessment are essential to the clinical decision making and caring process for the nurse in advanced practice and leadership roles. The emphasis is on eliciting an accurate and thorough history considering the client's multiple dimensions, development of advanced physical examination skills and the development of documentation skills to provide a database for continuous improvement of nursing practice.

Note: Availability of a stethoscope is required. Individual practice outside of class is required.

NURS 232A. Advanced Physical Assessment: Infant, Child, Adolescent. 3 Units

Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Seminar designed to present techniques related to the physical assessment, in the school or home setting, of the child, age birth through 18 years. Emphasis is on the common morbidities and mortalities of these age groups including interrelationship of the physical, emotional and socioeconomic causes of health problems and illnesses. Availability of an otoscope and stethoscope required. Individual practice required outside of class. Lecture three hours.

NURS 293. Practicum in Organizational and Systems Leadership. 3 Units

Prerequisite(s): NURS 209, NURS 210, NURS 214, NURS 230, NURS 231, NURS 232, and instructor permission.
Corequisite(s): NURS 213.
Term Typically Offered: Fall, Spring

This course provides supervised field experience to provide the student with an opportunity to apply theoretical concepts from NURS 213 in a clinical practice setting focusing on the care of adult clients. The emphasis of this experience will be to application of graduate core competencies to guide leadership in nursing praxis in the planning, implementation and evaluation of quality healthcare for individuals, families, and groups.

Credit/No Credit

NURS 293D. Practicum in Specialized Nursing Processes: School Nursing. 4 Units

Prerequisite(s): NURS 213C.
Corequisite(s): NURS 213D.
Term Typically Offered: Fall, Spring

Application of a planned sequence of supervised clinical experiences in one or more California public school districts offering nursing services to infants, children and adolescents for the purpose of developing a clinical leadership role in school nursing. Focuses on the three major competencies of school nursing practice: providing health and wellness services, providing direct client care services for school age-children (pre-k through age 22, including students with special health care needs), and professional management of school nursing services.

Credit/No Credit

NURS 294. Practicum in Educational Program Development in Nursing. 3 Units

Prerequisite(s): NURS 214, may be taken concurrently.
Term Typically Offered: Fall, Spring

Opportunity for analysis and synthesis of concepts of management and leadership in an educational setting while practicing the role of a nursing educator.

Credit/No Credit

NURS 295. Field Study. 1 - 6 Units

Term Typically Offered: Fall, Spring

Experiences in an off-campus facility are provided for the continued development of clinical or functional role skills. Each student spends 45 hours per unit. Field study is not designed to be used in lieu of regularly scheduled practicums. Enrollment in NURS 295 requires permission of a faculty member who will serve as sponsor and coordinator of the experience.

Credit/No Credit

NURS 299. Special Problems. 1 - 3 Units

Term Typically Offered: Fall, Spring

Individual research, study, and directed reading in an area not directly covered in the Division’s core courses, role preparations or electives. Students that wish to do a thesis or project as the culminating experience must petition the Division of Nursing Graduate Committee and will be approved on an individual basis.

Credit/No Credit

NURS 500. Culminating Experience. 3 Units

Prerequisite(s): Advanced to candidacy for the Master’s degree and must be in the final semester of the program.
Term Typically Offered: Fall, Spring

The Culminating Experience is in the form of a comprehensive examination. The comprehensive examination is an original scholarly paper that reflects an in-depth problem-solving proposal or a business proposal. Students that wish to do a thesis or project as the culminating experience must petition the Division of Nursing Graduate Committee and will be approved on an individual basis.

Operations Management (OPM)

OPM 101. Operations Management. 3 Units

Prerequisite(s): Student must be a Business Major or Business Administration minor to enroll in this course
Corequisite(s): DS 101
Term Typically Offered: Fall, Spring

Introduction to the basic concepts and methods used to analyze and improve performance of operations in manufacturing and service organizations.

Overseas Student Program (REG)

REG 220. Enrolled in online class at a participating CSU Campus through CourseMatch. 1 - 10 Units

Term Typically Offered: Fall, Spring

Enrollment in an online class at a CSU campus through CourseMatch. Any questions or enrollment changes (drop, withdrawal, change of grade basis, etc.) must be done through the CSU campus hosting the class.

Details about the class will be recorded on your Home campus record after completion.
Philosophy (PHIL)

PHIL 2. Ethics. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Examination of the concepts of morality, obligation, human rights and the
good life. Competing theories about the foundations of morality will be
investigated.

PHIL 4. Critical Thinking. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring
Study of the basic skills of good reasoning needed for the intelligent
and responsible conduct of life. Topics include: argument structure and
identification, validity and strength of arguments, common fallacies of
reasoning, use and abuse of language in reasoning, principles of fair play
in argumentation.

PHIL 6. Introduction to Philosophy: Knowledge, World and Self. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Representative selection of philosophical problems will be explored
in areas such as knowledge, reality, religion, science, politics, art and
moral.

PHIL 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding
Personal Development (E)
Term Typically Offered: Fall only
Introduction to the nature and possible meanings of higher education,
and the functions and resources of the University. Designed to help
students develop and exercise fundamental academic success strategies
and to improve their basic learning skills. Students have the opportunity
to interact with fellow classmates and the seminar leader to build a
community of academic support and personal support.

PHIL 26. History of Philosophy. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introduction to the history of philosophy, emphasizing such themes as
the foundations of knowledge, the nature of reality, the basis of a good
life and a just society, the existence of God, and the nature of self, and
tracing the development of these themes from antiquity to the modern
period.

PHIL 27. History of Early Modern Philosophy. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Examines the major developments in Western philosophy after the Middle
Ages, with emphasis on the period from Descartes to Kant. Attention
will be paid to the general historical and cultural setting within which the
philosophical theories developed.

PHIL 56. Research Integrity. 1 Unit
Term Typically Offered: Fall, Spring
Basic regulatory and ethical requirements for doing research. Topics
covered include protection of human subjects, data management,
authorship, peer review, mentoring, animal experimentation, conflict of
interest, and collaborative research.
Credit/No Credit

PHIL 60. Deductive Logic I. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area
B (B5)
Term Typically Offered: Fall, Spring
Introduction to deductive logic. Topics include: basic concepts of
deductive logic; techniques of formal proof in propositional and predicate
logic.

PHIL 61. Inductive Logic. 3 Units
Term Typically Offered: Fall, Spring
Introduction to inductive logic and the problem of decision under
uncertainty. Topics include: the nature of inductive rationality,
philosophical theories of induction and probability, cognitive biases and
common errors in inductive reasoning, and philosophical problems in
defining risk, rational agency, and the expected value of an action.

PHIL 100. Ethics and Personal Values. 3 Units
General Education Area/Graduation Requirement: Understanding
Personal Development (E)
Term Typically Offered: Fall, Spring
Moral concerns of everyday life stressing such features of moral
caracter as right and wrong conduct, virtue and vice, the emotions,
attitudes, and personal relationships. Emphasis is on analytical and
critical discussion of philosophical theories and competing viewpoints.

PHIL 101. Ethics and Social Issues. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+;
or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement
in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ
score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive
Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall, Spring, Summer
Moral controversies that divide society today, such as abortion, the
death penalty, affirmative action, sexism, war and peace. Emphasis is on
identifying the relevant values and moral principles underlying competing
views and subjecting them to rational assessment.

PHIL 102. Professional and Public Service Ethics. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer
Prepares students planning careers in professional practice or
public service to identify, understand, and resolve ethical problems.
Includes examinations of (i) ethical theory, rights and duties, virtue
ethics, utilitarian ethics, social contract theory, and role morality; (ii)
the philosophical underpinnings of professional codes of conduct,
regulations, and norms of professional and public service practices; (iii)
moral reasoning and argumentation; (iv) the relation between ethical
judgement and action; (v) the relation between professional practice,
public service, and democratic principles.

PHIL 103. Business and Computer Ethics. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer
Analytical treatment of controversial moral issues which emerge in the
business world, e.g., affirmative action, corporate responsibility, the
global economy, industry and environmental damage, social effects
of advertising, the computer threat to personal privacy, ownership of
computer programs. Discussion will focus on basic moral principles and
concepts relevant to these issues.
PHIL 104. **Bioethics.** 3 Units

*General Education Area/Graduation Requirement: GE AREA D*

**Term Typically Offered:** Fall, Spring, Summer

Ethical dilemmas faced by professionals and patients in the field of medicine, e.g., patient self-determination and informed consent, discrimination in health care, euthanasia, abortion, surrogate motherhood, genetic modification, and rights to health care. Emphasis is on the well-reasoned application of general moral principles to practical medical decisions.

PHIL 105. **Science and Human Values.** 3 Units

*Prerequisite(s):* GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

**General Education Area/Graduation Requirement:** Writing Intensive Graduation Requirement (WI), Humanities (Area C2)

**Term Typically Offered:** Fall, Spring

Examination of the values implicit in a scientific culture and the problems that arise as a commitment to the development of scientific knowledge and technology. These problems include: distinguishing good scientific practice from bad; the intrinsic value of scientific knowledge independent of its benefits in application; the proper and improper applications of scientific knowledge.

PHIL 112. **History Of Ethics.** 3 Units

*General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)*

**Term Typically Offered:** Fall, Spring

Investigation of the main approaches to ethics in Western moral philosophy. Emphasis on Plato, Aristotle, Hume, Kant and Mill.

Phileasophy/GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

**General Education Area/Graduation Requirement:** Writing Intensive Graduation Requirement (WI), Humanities (Area C2)

**Term Typically Offered:** Fall, Spring, Summer

Study of selected works of fiction which focus on philosophically controversial questions, e.g., basic moral dilemmas, the meaning of life, alienation, nihilism, the existence of God.

PHIL 117. **Existentialism.** 3 Units

*Prerequisite(s):* GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

**General Education Area/Graduation Requirement:** Humanities (Area C2), Writing Intensive Graduation Requirement (WI)

**Term Typically Offered:** Fall only

Study of the problem of the existing individual, or inner self – most especially the problem of choice in the context of radical freedom and finitude. Particular attention will be paid to the philosophical writings of Kierkegaard, Nietzsche, Heidegger and Sartre, through some major literary works of these figures and others (Camus, Dostoevsky) will also be considered.

PHIL 122. **Political Philosophy.** 3 Units

*General Education Area/Graduation Requirement: Humanities (Area C2)*

**Term Typically Offered:** Fall, Spring

A philosophical examination of the individual, the community, and rights; the conflict between individual rights and the common good; various conceptions of justice, equality, liberty and the public good; and the relationship of politics to ethics, economics, law; war and peace.

PHIL 123. **Philosophy and Feminism.** 3 Units

**Term Typically Offered:** Spring only – even years

Study of feminist perspectives on important philosophical questions. Examples of the questions treated are: mind-body dualism; reason and emotion; the fact/value distinction; the nature of the public and private realms; equal rights; and whether knowledge is intrinsically “gendered.” Different feminist perspectives will be considered and compared with traditional approaches to these questions.

PHIL 125. **Philosophy Of Science.** 3 Units

*General Education Area/Graduation Requirement: Further Studies in Area B (B5)*

**Term Typically Offered:** Fall, Spring, Summer

Study of the philosophical problems that arise in the sciences: the nature of scientific reasoning, the limits and styles of explanation, identifying pseudoscience, values in science, unity and diversity of the sciences, and science’s impact on our world view.

PHIL 126. **The Meanings Of Evolution.** 3 Units

**Term Typically Offered:** Fall, Spring

Study of the philosophical basis of the biological sciences: the power and limits of evolution as a scientific explanation; Darwinism, its refinements, alternatives and critics; the origin and nature of life; the scope of evolution as an explanation, including critical investigations of evolutionary psychology and sociobiology.

PHIL 127. **History of Ancient Philosophy.** 3 Units

*Prerequisite(s):* 3 units in Philosophy.

**Term Typically Offered:** Fall, Spring

Examination of the origins of Western philosophy, with emphasis on the works of the Pre-Socratics, Plato, and Aristotle.

PHIL 128. **History of Modern Philosophy.** 3 Units

*Prerequisite(s):* 3 units in Philosophy.

**Term Typically Offered:** Fall, Spring

Examination of the major developments in Western philosophy after the Middle Ages with emphasis on the period from Descartes to Kant.
PHIL 131. Philosophy Of Religion. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Summer only

Introduction to philosophical theology, the philosophical study of religious assertions, arguments, and beliefs: the existence and nature of God; the rationality of religious belief; the relation of faith to reason; the problem of evil; immortality and resurrection; the possibility of miracles; the meaning of religious language. Includes both traditional and contemporary approaches.

PHIL 136. Philosophy Of Art. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Inquiry into the nature of art, beauty and criticism, with critical consideration of representative theories.

PHIL 145A. Chinese Philosophy. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Spring only

Survey of the major philosophical traditions of China and Japan, focusing on concepts of nature, man, society, freedom and knowledge. Special attention will be given to Confucianism, Taoism, Buddhism, and recent philosophical movements. Taught alternate semesters with PHIL 145B.

PHIL 145B. Philosophies Of India. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall only

Survey of the major schools of Indian philosophical development. The emphasis will be on the Hindu and Buddhist traditions, with consideration given to competing notions of the self, consciousness, the origin of human suffering, and the possibility of transcendence.

Note: Taught alternate semesters with PHIL 145A. GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

PHIL 152. Recent Ethical Theory. 3 Units
Term Typically Offered: Spring only

Major topics in ethical theory with attention to their contemporary formulation, including such topics as utilitarianism vs. rights-based theories and the dispute over the objectivity of ethics.

PHIL 153. Philosophy Of Mind. 3 Units
Prerequisite(s): 3 units in philosophy or instructor permission.
Term Typically Offered: Spring only

Rival theories of the nature of the mind and mental activity, including dualism, materialism, functionalism. Difficulties in achieving a theoretical understanding of familiar psychological concepts such as belief, sensation, emotion, intention.

PHIL 154. Philosophy Of Language. 3 Units
Term Typically Offered: Fall only

Study of philosophical issues concerning language: theories of the nature of linguistic meaning, in particular those involving the concepts of sense, reference, truth conditions, intention, convention, speech act, and force. Topics include the relation between meaning and reference to objects, and between meaning and mental processes. Emphasis on contemporary views, including views on the promise of a theory of language to shed light on fundamental philosophical problems in metaphysics and the philosophy of mind.

PHIL 155. Philosophy Of Law. 3 Units
Term Typically Offered: Spring only

Theories of the nature of law, e.g., natural law, legal positivism, legal realism. Selected controversies in contemporary law will also be studied, such as the justification of punishment, the legislation of morality, judicial activism vs. judicial restraint.

PHIL 160. Deductive Logic II. 3 Units
Prerequisite(s): CSC 28 or PHIL 60 or instructor permission.
Term Typically Offered: Spring only

Further study of deductive logic. Topics include: principles of inference for quantified predicate logic; connectives; quantifiers; relations; sets; modality; properties of formal logical systems, e.g. consistency and completeness; and interpretations of deductive systems in mathematics, science, and ordinary language.

PHIL 176. Twentieth Century Anglo-American Philosophy. 3 Units
Term Typically Offered: Spring only

Rise of the analytic tradition in contemporary Anglo-American philosophy represents a turn toward common sense, science, language, logic and rigor. Readings will cover the philosophical movements of common sense, logical atomism, logical positivism, ordinary language philosophy and more recent analytical philosophy.

PHIL 180. Knowledge and Understanding. 3 Units
Prerequisite(s): 6 units in philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Examines the concept of knowledge. Representative topics include: the role of sense perception and memory, the importance of certainty, the justification of belief, philosophical skepticism, the concept of truth and the nature of philosophical inquiry. Emphasis is on contemporary formulations.

PHIL 181. Metaphysics. 3 Units
Prerequisite(s): 6 units in philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Examines arguments concerning the nature of reality. Representative topics include: substance, space, time, God, free will, determinism, identity, universals. Emphasis is on contemporary formulations.

</table>

A required capstone experience in the philosophy major. The course involves: completion of a senior essay under direction of a faculty member; preparation for knowledge and skills examination; submission of written critiques for three public events in philosophy; completion of departmental assessment questionnaire.

Advanced in-depth study of an ethical dilemma faced by professionals and patients in the field of medicine, such as patient self-determination and informed consent, discrimination in health care, euthanasia, abortion, surrogate motherhood, genetic modification, or rights of health care.

Introduction to significant philosophical issues involving space and time. An investigation into the current state of these issues.

Will address the following topics: Does the natural world (ecosystems, species, etc.) have only instrumental value for humans, or intrinsic value? How should natural resources be valued, by the market? Cost/benefit analysis? The "takings" issues: What in nature should be private, what public? Institutional problems: Can a sustainable society/planet also be just?

Advanced topics in the philosophy of language. Topics may include: sense and reference, meaning and force, intentions vs. conventions, conditions for sameness of sense, conditions for successful reference, propositional content, indexical and demonstrative reference, and the semantics of propositional attitude and perceptual reports, linguistic pragmatics.

Special projects calling for independent philosophical investigation under the supervision of an individual faculty member.

Note: Requires prior approval of the faculty member under whom work is to be conducted.
PHIL 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Special projects calling for independent philosophical investigation under the supervision of an individual faculty member.

Note: Requires graduate status and prior approval of the faculty member under whom work is to be conducted.

Credit/No Credit

Photography (PHOT)

PHOT 11. Digital Imaging. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only

Acquaints students with digital photographic equipment and techniques. Lecture and demonstrations will cover hardware (cameras, computers, scanners and printers) and software used to create digital images. Ethical and legal issue will be discussed. Portfolio of digital photographs created in the computer lab required.

PHOT 20. The Photographic Self. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Focuses on photography's influence on notions of self from its inception in 1938 to the present. Enhances students' understanding of how and why photography became the powerful and ubiquitous tool that shaped a new form of visual self-expression.

PHOT 40. Basic Techniques of Photography. 3 Units
Term Typically Offered: Spring only

Introduction to basic camera and darkroom techniques. Concepts of visual organization, design and using light effectively are emphasized. Lecture two hours; laboratory three hours.

PHOT 101. Photography, Inception to Mid-Century. 3 Units
Term Typically Offered: Fall only

Introduces students to the history of photography, from inception to Mid-20th Century. Practices of photographers and artists, working with photographic technologies, will be discussed. The course examines photographic vision and the impact of the medium through lectures and readings by art historians and photographers.

Cross-listed: ART 101.

PHOT 102. Photography, a Social History. 3 Units
Term Typically Offered: Spring only

Examines photographic vision and the impact of the medium on society through readings by both photographers and photographic critics. Establishes the importance of photography as a contemporary medium, explores the development of photographic vision and the relationship between photographs and cultural events. Lecture/discussion.

PHOT 111. Intermediate Digital Imaging. 3 Units
Prerequisite(s): PHOT 11 and PHOT 40; declared Photography majors only
Corequisite(s): PHOT 141 and PHOT 101
Term Typically Offered: Fall only

Covers intermediate to advanced concepts and techniques in digital photographic imaging, providing students with the ability to explore both new and previously mastered software and hardware applications. Emphasis is on using digital techniques to create and print effective and imaginative color photographs. Lectures and demonstrations cover capture, manipulation, color management and pre-press techniques for a variety of output devices.

PHOT 141. Intermediate Black and White Photography. 3 Units
Prerequisite(s): PHOT 11 and PHOT 40; declared Photography majors only
Corequisite(s): PHOT 111 and PHOT 101
Term Typically Offered: Fall only

This course focuses on the development of the photographer's vision through the Zone System, black and white materials and the 4X5 view camera. The Zone System is used to control negative exposure and contrast, enhance print pre-visualization and to create quality gelatin-silver prints. Though this class concentrates on advancing student's technical proficiency a significant portion of the class is dedicated to aesthetic concerns in photography.

PHOT 148. Artificial Light, Studio. 3 Units
Prerequisite(s): PHOT 111 and PHOT 141
Corequisite(s): PHOT 102 and PHOT 155
Term Typically Offered: Spring only

A commercially oriented course with assignments covering such topics as food, fashion and products photographed with artificial light in the studio. Business, legal and ethical practices in commercial and editorial photography are discussed as they apply to work done in a studio setting. Students are expected to become visually and technically competent with artificial light sources used in a studio setting.

PHOT 149. Artificial Light, Location. 3 Units
Prerequisite(s): PHOT 148 and PHOT 155
Corequisite(s): PHOT 165
Term Typically Offered: Fall only

A location lighting course covering the use of artificial light and non-studio photography. Assignments cover such topics as: interior and exterior architecture, food and fashion shot on location. Techniques for combining the use of hot lights, electronic flash and ambient light are discussed. Students will use a body of work demonstrating their visual and technical understanding of artificial light sources for editorial and commercial application.

PHOT 155. Advanced Photography Techniques. 3 Units
Prerequisite(s): PHOT 111 and PHOT 141
Corequisite(s): PHOT 102 and PHOT 148
Term Typically Offered: Spring only

Explores advanced techniques in the production of photographic imagery, with special emphasis on the hybridization of photographic processes. Lectures cover advanced chemical and digital photographic procedures in camera use and printing techniques. Students must demonstrate a high level of visual awareness and technical competency and must be willing to take risks in the creative application of photographic processes.
PHOT 161. Photography in the Field. 3 Units
Prerequisite(s): PHOT 141 or instructor permission.
Term Typically Offered: Fall, Spring

The class visits specific sites followed by a group critique of the resulting photographic work. The course objective is to examine how one situation can be interpreted by many varied sensibilities, broadening the artist’s visual vocabulary. Students are required to create visually unified portfolio that demonstrates a sense of place.
Cross-listed: ART 161.

PHOT 162. Alternative Photographic Processes. 3 Units
Prerequisite(s): PHOT 141 or instructor permission.
Term Typically Offered: Fall, Spring

Studio course exploring alternative photographic processes that may include: printing-out paper, new cyanotype, argyrotype, and platinum-palladium. Slide discussions, individual and class critiques. Cross-listed: ART 162.

PHOT 163. Pinhole Photography. 3 Units
Prerequisite(s): PHOT 40 or equivalent.
Term Typically Offered: Fall, Spring

Intermediate course investigating the theory, history, and practice of pinhole photography. Use of student-made pinhole cameras of varying focal lengths using black and white and color materials. Emphasis on creative approach in both camera making and image formation, supported by intermediate-level photographic technique. Individual final portfolios and group exhibition of cameras and prints at conclusion of course. Cross-listed: ART 163.

PHOT 165. Issues in Contemporary Photographic Practice. 3 Units
Prerequisite(s): PHOT 148 and PHOT 155
Corequisite(s): PHOT 149
Term Typically Offered: Fall only

Covers advanced problems in the process of creating photographic work. Emphasis is on the ways which content/form relationships within a body of work are informed by the artist’s conceptual and material engagement, as well as the way in which process and context shape meaning in photographic work. Course centers on readings in contemporary theory and aesthetics, discussion, the production of photographic work, and critique.

PHOT 175. Studio Topics in Photography. 3 Units
Prerequisite(s): PHOT 149 and PHOT 165
Corequisite(s): PHOT 180
Term Typically Offered: Spring only

This class is a broad investigation of photography’s potential. Each semester the class concentrates on a photographic strategy including but not limited to: documentary, journalism, fabrication, image and text, and the archive. Students are introduced to photography’s varied application, new developments and conversations in the medium. Readings and discussions will enlist a range of theoretical and critical approaches. Course center on readings, discussion, production of photographic work and critique.

PHOT 180. Senior Portfolio. 3 Units
Prerequisite(s): PHOT 149 and PHOT 165
Corequisite(s): PHOT 175
Term Typically Offered: Spring only

A senior level course aimed at furthering student's knowledge of postgraduate opportunities. The required final portfolio of images will reflect the student's photographic education, experience and area of expertise. The content and format of this portfolio will depend on the student's future academic or professional goals.

PHOT 195. Internship In Photography. 3 Units
Prerequisite(s): A minimum of two upper division photography courses.
Term Typically Offered: Fall, Spring

Directed observation and work experience with public agencies, organizations, publications, design or photography studios. Fieldwork is offered to give students experience, personal contacts and orientation in the area of professional photography. Supervision is provided by faculty and the cooperating community employer. Students are required to maintain a detailed record of activities and report regularly to the supervising faculty member. To receive credit the selected activity must be approved prior to adding the course. Ten hours weekly. Credit/No Credit

PHOT 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed readings in photography. Open to students who are working at an advanced level of photography and competent to carry on individual work. Credit/No Credit

PHOT 299. Special Problems. 1 - 3 Units
Prerequisite(s): Requires instructor approval.
Term Typically Offered: Fall, Spring

Individual projects or directed readings in photography for graduate level students. Open to students who are working at an advanced level of photography and competent to carry on individual work. Credit/No Credit

Physical Science (PHSC)

PHSC 75. Introduction to Machine Shop Practices. 2 Units
Term Typically Offered: Fall, Spring

Safe machine operation techniques on common fabrication equipment. Study of materials and methods used to build testing and measuring equipment. Reading and calibrating measuring devices, gauging and optical gauging. Study of measuring conventions and understanding of precision. Interpretation of drawings, tolerances and tactics for maintaining tolerances. Jigs and mounts for dynamic data collection equipment. Prototype manufacturing. Students completing this course qualify to perform work in the shop with minimum supervision. Lecture one hour; Laboratory three hours.
PHSC 107. History of the Physical Sciences. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

Study of the development of the major physical laws presently used in describing our physical world. Some considerations of the influences of these developments on other areas of knowledge and on society in general.
Cross Listed: HIST 107; only one may be counted for credit.

PHSC 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who appear competent to assume individual work on the approval of the instructor. Up to 4 units may be taken for grade.
Credit/No Credit

Physical Therapy (PT)

PT 130. Pathophysiology. 2 Units
Prerequisite(s): BIO 22 or equivalent, BIO 131 or equivalent.
Term Typically Offered: Fall, Spring

Designed to promote the understanding and application of fundamental disease processes in clinical settings. General concepts of disease, including etiology, pathogenesis, morphology, and clinical significance are discussed. General pathophysiology concepts include: cell injury, necrosis, inflammation, wound healing, and neoplasia. These concepts are applied in a systems-oriented approach to disease processes affecting musculoskeletal, cardiopulmonary, renal, nervous, gastrointestinal, immune, hematological, and endocrine systems. Lecture two hours.

PT 260A. Graduate PT Seminar IA. 1 Unit
Prerequisite(s): PT 200, PT 202, PT 204, PT 206, PT 208, PT 220, PT 222, PT 224, PT 225, PT 226, PT 300 and if taken in the spring: PT 227, PT 240, PT 244, PT 245, PT 246, PT 248.
Term Typically Offered: Fall, Spring

Advanced study and mentoring in foundational and clinical sciences in physical therapy. Students may be chosen to mentor in select courses identified by faculty to be arranged prior to the first class session.
Note: Open to Physical Therapy Majors only.
Credit/No Credit

PT 260B. Graduate PT Seminar IB. 1 Unit
Prerequisite(s): PT 200, PT 202, PT 204, PT 206, PT 208, PT 220, PT 222, PT 224, PT 225, PT 226, PT 227, PT 240, PT 244, PT 245, PT 246, PT 248, PT 300.
Term Typically Offered: Fall, Spring

Advanced study in foundational and clinical sciences in physical therapy. Students may choose from a selection of current topics to be arranged prior to the first class session.
Note: Open to Physical Therapy majors only.

PT 280. Graduate PT Seminar II. 1 Unit
Term Typically Offered: Fall, Spring

Presented after the final clinical field experience, will review students’ experiences in the clinic and promote reflection on the professional practice of physical therapy. Serves as a review of a variety of physical therapy subjects in preparation for the licensure examination. Students will use computer interactive software to assist with preparation for this standardized national test format.
Note: Open to Physical Therapy majors only.
Credit/No Credit

PT 295. Physical Therapy Clinical Experience. 1 - 3 Units
Term Typically Offered: Fall, Spring

Supervised clinical affiliation equivalent to two full-time weeks up to six full-time weeks in a physical therapy setting under the direct supervision of a licensed Physical Therapist.
Note: Placement is arranged through the Program. Permission of Clinical Coordinator required.
Credit/No Credit

PT 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading designed for students capable of independent study.
Note: Admission requires written approval of instructor and program director.
Credit/No Credit

PT 400A. Clinical Practicum II. 4 Units
Term Typically Offered: Fall, Spring

This component of the PT 400 clinical certificate series totals 8 weeks of progressively responsible full-time clinical education in an inpatient, outpatient, long term care, home health care, or pediatric setting under direct supervision of a licensed PT. Students improve, refine and master evaluation and treatment abilities developed during Physical Therapy master’s curriculum.
Note: Open to Physical Therapy majors only who have successfully completed two years of the master’s curriculum and the Clinical Practicum I experience.
Credit/No Credit

PT 400B. Clinical Practicum III. 4 Units
Term Typically Offered: Fall, Spring

This component of the PT 400 clinical certificate series totals 8 weeks of progressively responsible full-time clinical education in an inpatient, outpatient, long term care, home health care, or pediatric setting under direct supervision of a licensed PT. Students improve, refine and master evaluation and treatment abilities developed during the Physical Therapy master’s curriculum.
Note: Open to Physical Therapy majors only who have successfully completed two years of the master’s curriculum, Clinical Practicum I and II experience.
Credit/No Credit
PT 400C.  Clinical Practicum IV.  4 Units
Term Typically Offered: Fall, Spring

This third component of the PT 400 clinical certificate series totals 8
weeks of progressively responsible full-time clinical education in an
inpatient, outpatient, long term care, home health care, or pediatric
setting under direct supervision of a licensed PT. Students improve,
refine and master evaluation and treatment abilities developed during the
Physical Therapy master’s curriculum.
Note: Open to Physical Therapy majors only who have successfully
completed two years of the master’s curriculum and Clinical Practicum I,
II, and III.

Credit/No Credit

PT 600.  Pathokinesiology.  5 Units
Prerequisite(s): Open to Physical Therapy majors only.
Corequisite(s): BIO 633, PT 602, PT 608, PT 630.
Term Typically Offered: Fall, Spring

This course will address functional anatomy, surface anatomy with
palpation, anatomy, biomechanics, pathologies related to the
musculoskeletal and nervous systems. Both normal motion and
pathological motion will be addressed. Students will gain competence in
surface anatomy and palpation skills.

PT 602.  Evidence Informed Practice I.  3 Units
Prerequisite(s): Open to Physical Therapy majors only.
Corequisite(s): BIO 633, PT 600, PT 608, PT 630.
Term Typically Offered: Fall, Spring

This course is designed to teach students to critically read and interpret
the physical therapy scientific literature. Topics will include research
design and statistical testing procedures commonly used in physical
therapy. Students will review and critique current physical therapy articles
utilizing the research designs and statistical testing procedures being studied.

PT 604.  Principles of Human Movement.  2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 608, PT 630.
Corequisite(s): PT 604, PT 614, PT 618, PT 620, PT 622.
Term Typically Offered: Fall, Spring

This course focuses on developing an understanding of components of
human movement under normal and pathological conditions. Content
includes the American Physical Therapy Association Model of Practice,
models of disablement, contemporary concepts of motor learning and
motor control, task analysis, and theories of the recovery of function. The
course includes a review of the foundations of neuroanatomy for normal
movement.
Note: Open to Physical Therapy majors only.

PT 606.  Therapeutic Measurements and Techniques.  4 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 608, PT 630.
Corequisite(s): PT 604, PT 614, PT 618, PT 620, PT 622.
Term Typically Offered: Fall, Spring

In this course students acquire general physical therapy examination,
evaluation and patient handling skills. Students will practice and
demonstrate techniques under faculty supervision in the following
areas: Measurement of vital signs, manual strength testing, testing of
joint range of motion and muscle length, patient positioning, transfer
techniques, gait training, use of wheelchairs, and use of assistive devices.
Note: Open to Physical Therapy majors only.

PT 608.  PT/Patient/Professional Interactions.  2 Units
Corequisite(s): BIO 633, PT 600, PT 602, PT 630.
Term Typically Offered: Fall, Spring

The course prepares physical therapy students to learn about
themselves, others, and the environment in which they will interact with
others as professionals. It addresses professionalism, self-awareness,
communication, cultural competence, ethics, documentation, and end-
of-life care. This course assists students with transitioning into their
professional roles.
Note: Graduate Writing Intensive (GWI) course; open to Physical Therapy
majors only.

PT 614.  Neuroscience for Physical Therapy.  3 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 608, PT 630.
Corequisite(s): PT 604, PT 606, PT 618, PT 620, PT 622.
Term Typically Offered: Fall, Spring

This course is designed to prepare clinicians to better understand the
neurological control of human behavior. A systems approach is used
to examine the major anatomical and physiological principles and
mechanisms by which the nervous system controls behavior under
normal and pathological conditions. Because the course is being taught
to health care professionals, clinical correlates of each system will also
be presented. One class session is dedicated to presentation of human
gross anatomical specimens.

PT 618.  Foundations for Patient Management.  1 Unit
Prerequisite(s): BIO 633, PT 600, PT 602, PT 608, PT 630.
Corequisite(s): PT 604, PT 606, PT 614, PT 618, PT 620, PT 622.
Term Typically Offered: Fall, Spring

This course introduces the disablement model that forms the conceptual
framework for understanding and organizing the practice of physical
therapy. The model delineates the possible consequences of disease
and injury for the person and society. The course goes on to identify
how the model informs the five elements of patient management:
Examination, Evaluation, Diagnosis, Prognosis (including Plan of Care),
and Intervention. The course will further expand on professionalism
introduced in PT 608.
Note: Open to Physical Therapy majors only.

PT 620.  Physical Therapy Interventions I.  3 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 608, PT 630.
Corequisite(s): PT 604, PT 606, PT 614, PT 618, PT 622.
Term Typically Offered: Fall, Spring

In this course students learn, practice and demonstrate the clinical
application of basic exercise regimes for the prevention of limitations,
improvement of functional abilities and the treatment of disorders
associated with the neuromuscular, skeletal and cardiopulmonary
systems. In addition, the application of motor control principles to
exercise and aquatic therapy are addressed.
Note: Open to Physical Therapy majors only.
Note: application of modalities based on current research evidence, knowledge included. Case studies will be utilized for decision making in the proper theory, demonstration and practice using electrical modalities are hydrotherapy, ultrasound (US), ultraviolet, diathermy and massage.

This course presents theory, demonstration and laboratory practice in physical therapy modalities and techniques including thermal agents, physical therapy modalities and techniques including thermal agents, musculoskeletal dysfunction. Labs address skill development for performing evaluation and interventions safely and effectively. The course addresses the management of lower extremity dysfunction.

Note: Open to Physical Therapy majors only.

Note: Open to Physical Therapy majors only.

This course is first in a three course sequence focused on acquisition and integration of knowledge and skills needed to manage patients with movement dysfunction caused by neurological damage (Refered to in the Guide as Neuromuscular Practice Patterns). Focus is on development and implementation of plans of care based on sound evaluative findings and treatment and problem-solving skills.

Note: Open to Physical Therapy majors only.

This course is designed to promote the understanding and application of fundamental disease processes in clinical settings. General concepts of disease, including etiology, pathogenesis, morphology, and clinical significance are discussed within the context of cases. General pathophysiology concepts include: cell injury, necrosis, inflammation, wound healing and neoplasia. These concepts are applied in a systems-orientated approach to disease processes affecting musculoskeletal, cardiopulmonary, renal, nervous, gastrointestinal, immune, hematological and endocrine systems.

This course presents the role of the physical therapist as health educator. The course introduces teaching and learning theory, learning domains, the identification of learning styles, and teaching strategies to address different learner needs across the life-span. Students will practice instructional formats and prepare and analyze patient education materials. Students will practice applications of appropriate technology for the design of professional presentations. Self-assessment, reflection and peer-assessment are required course components.

Note: Open to Physical Therapy majors only.

This course provides an overview of imaging techniques commonly used in radiology and their implications to the role of physical therapists in professional practice. The role of imaging techniques in the diagnostic and intervention-planning processes for physical therapists is presented.

Note: Open to Physical Therapy Majors only.
PT 636. Geriatrics/Gerontology for Physical Therapists. 2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 630.
Corequisite(s): PT 632, PT 634, PT 638.
Term Typically Offered: Fall, Spring

This course explores normal and pathological aging and the implications of both on Physical therapist practice. It will explore the ramifications of aging components of patient management interventions including major practice patterns: musculoskeletal, neuromuscular, cardiopulmonary, and integumentary. It will also explore how aging may impact patient teaching.
Note: Open to Physical Therapy majors only.

PT 638. Health, Wellness and Ergonomics in Physical Therapy. 2 Units
Prerequisite(s): BIO 633, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 630.
Corequisite(s): PT 632, PT 634, PT 636.
Term Typically Offered: Fall, Spring

This course presents basic philosophical, historical, psychological and scientific foundations in wellness; reviews cultural forces/theories that affect individuals and society; applies concepts of healthy lifestyle education to reach an understanding of the importance of wellness and to establish an effective and potentially fulfilling lifestyle. Ergonomic concepts as they apply to patient and self (to maintain and prevent future injuries, especially repetitive) will be covered as one preventative strategy.
Note: Open to Physical Therapy majors only.

PT 640. Physical Therapy Interventions II. 3 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 630, PT 632, PT 634, PT 636 and PT 638.
Corequisite(s): PT 624, PT 625, PT 626, PT 640, PT 646, PT 660A.
Term Typically Offered: Fall, Spring

This course is a continuation of Physical Therapy Interventions I. This course focuses on the presentation of selected topics in acute care and cardiopulmonary Physical Therapy. Students will learn how to perform appropriate and comprehensive examinations, interpret the examination findings as well as design and implement a plan of care based upon the next available evidence.
Note: Open to Physical Therapy majors only.

PT 644. Adult Neuromuscular Patient Management II. 4 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640 and PT 646.
Corequisite(s): PT 627, PT 645, PT 648, PT 662, PT 669.
Term Typically Offered: Fall, Spring

This course is the second in a three course sequence focused on acquisition and integration of knowledge and skills needed to manage patients with movement dysfunctions caused by neurological damage (Referred to in the Guide as Neuromuscular Practice Patterns). Focus is on development and implementation of plans of care based on sound evaluative findings and evidence of efficacy. Case presentation, video demonstrations, and patient contact is used to develop evaluation, treatment and problem solving skills.
Note: Open to Physical Therapy majors only.

PT 645. Musculoskeletal Patient Management II. 4 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640 and PT 646.
Corequisite(s): PT 627, PT 644, PT 645, PT 648, PT 662, PT 669.
Term Typically Offered: Fall, Spring

This course, the second of three, focuses on acquisition and integration of knowledge and skills involved in developing and implementing management plans for patients with musculoskeletal dysfunction from sound evaluative findings. Lectures address etiology, signs and symptoms, medical, surgical, and physical therapy management of musculoskeletal dysfunction. Labs address safe and effective evaluation and interventions, specifically joint mobilizations. Joint mobilizations will cover one technique per joint restriction. This course addresses upper extremit and spine dysfunction.
Note: Open to Physical Therapy majors only.

PT 646. Acute Care and Cardiopulmonary Physical Therapy. 2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 630, PT 632, PT 634, PT 636 and PT 638.
Corequisite(s): PT 624, PT 625, PT 626, PT 640.
Term Typically Offered: Fall, Spring

This course focuses on the presentation of selected topics in acute care and cardiopulmonary Physical Therapy. The course includes a discussion of common pathologies in the cardiopulmonary system and those associated with an acute care setting, as well as common medical tests, laboratory tests, surgical procedures and pharmacological interventions used with this patient population.
Note: Open to Physical Therapy majors only.

PT 648. Health Care Delivery in Physical Therapy I. 2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640 and PT 646.
Corequisite(s): PT 627, PT 644, PT 645, PT 648, PT 662, PT 669.
Term Typically Offered: Fall, Spring

This course provides a historical overview of health care delivery and financing in the U.S., up to and including the current effects on the delivery of physical therapy care. The continuum of care concept, an overview of national economic policy and the mechanisms for financing physical therapy services will be presented. Administrative topics including human resources, financial management, planning, marketing, patient’s rights, and medical records management will be covered.
Note: Open to Physical Therapy majors only.

PT 660A. Graduate Physical Therapy Seminar 1A: Research. 1 Unit
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 630, PT 634, PT 636 and PT 638.
Corequisite(s): PT 624, PT 625, PT 626, PT 640, PT 646
Term Typically Offered: Fall, Spring

This seminar is the first designed for advanced study and mentoring in physical therapy research. Students will be participating in faculty-directed research projects. Students’ activities will vary depending on the faculty member and research project being conducted. Students are required to perform at least 50 hours of activities toward the directed research project to receive credit for this course. This course satisfies one of two requirements for selected seminars in the curriculum.
PT 660B. Graduate Physical Therapy Seminar IB: Research.  1 Unit
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640 and PT 646.
Corequisite(s): PT 627, PT 644, PT 645 PT 648, PT 662, PT 669.
Term Typically Offered: Fall, Spring

This seminar is the second designed for advanced study and mentoring in physical therapy research. Students will be participating in faculty-directed research projects. Students’ activities will vary depending on the faculty member and research project being conducted. Students are required to perform at least fifty hours of activities toward the directed research project to receive credit for this course. This course satisfies one of two requirements for selected seminars in the DPT curriculum.

Note: Open to Physical Therapy majors only.

PT 660C. Graduate Physical Therapy Seminar IC: Research.  1 Unit
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, PT 648, PT 662, PT 669.
Corequisite(s): PT 663, PT 664, PT 665, PT 668, PT 680, PT 690.
Term Typically Offered: Fall, Spring

This seminar is the third designed for advanced study and mentoring in physical therapy research. Students will be participating in faculty-directed research projects. Students’ activities will vary depending on the faculty member and research project being conducted. Students are required to perform at least fifty hours of activities toward the directed research project to receive credit for this course. This course satisfies one of two requirements for selected seminars in the DPT curriculum.

Note: Open to Physical Therapy majors only.

PT 660D. Graduate Physical Therapy Seminar ID: Electrotherapeutics.  2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 646.
Corequisite(s): PT 627, PT 644, PT 645 PT 648, PT 662, PT 669.
Term Typically Offered: Fall, Spring

This is a seminar laboratory experience focusing on electrophysiology and electrodiagnostics in physical therapy. The lab will allow students to research and apply evidence-based practice and gain advanced hands-on practice in performing and interpreting the results of electromyographic and nerve conduction velocity testing with clients. This course satisfies one of two requirements for selected seminars in the curriculum.

Note: Open to Physical Therapy majors only.

PT 660E. Graduate Physical Therapy Seminar IE: NeuroPediatric Laboratory.  2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, PT 648, PT 662, PT 669.
Corequisite(s): PT 663, PT 664, PT 665, PT 668, PT 680, PT 690.
Term Typically Offered: Fall, Spring

This seminar laboratory experience focuses on pediatric patient management. The lab will allow students to research and apply evidence-based practice and gain advanced hands-on practice in pediatric physical therapy. This course is best suited for students planning a career in pediatric patient management. The course satisfies one of two requirements for selected seminars in the curriculum.

Note: Open to Physical Therapy majors only.

PT 660F. Graduate Physical Therapy Seminar IF: Adult Neuromuscular Laboratory.  2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 648, PT 662, PT 669.
Corequisite(s): PT 663, PT 664, PT 665, PT 668, PT 680, PT 690.
Term Typically Offered: Fall, Spring

This seminar laboratory experience focuses on adult neuromuscular patient management. The laboratory will allow students to research and apply evidence-based practice and gain advanced hands-on practice in adult neurorehabilitation. Students will also serve as mentors for the Mock Clinic portion of PT 624. This course satisfies one of two requirements for selected seminars in the curriculum.

Note: Open to Physical Therapy majors only.

PT 660G. Certified Strength and Conditioning Specialist (CSCS).  2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 648, PT 662, PT 669.
Corequisite(s): PT 663, PT 664, PT 665, PT 668
Term Typically Offered: Fall, Spring

This seminar is designed to prepare students to take the Certified Strength and Conditioning Specialist Examination. The seminar covers the topics of exercise physiology, bioenergetics, nutritional factors in performance, resistance, speed, and agility training, endocrine responses to resistance training, exercise testing, and other training considerations. This course satisfies one of two requirements for selected seminars in the curriculum.

Note: Open to Physical Therapy majors only.

PT 660H. Graduate Physical Therapy Seminar H: Cardiovascular Wellness Clinic Experience.  1 Unit
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 648, PT 662, PT 669.

This elective provides mentored clinical experience for students in the area of cardiovascular wellness. The student will design and implement an evaluation of a volunteer client in a cardiovascular wellness program, develop an individualized plan of care, and monitor the impact of the intervention. A written comprehensive case report will analyze the impact of the interventions on the cardiovascular wellness of the client.

Note: Open to Physical Therapy majors only.
PT 660K. Graduate Physical Therapy Seminar 1K Adv. Biomechanics II. 2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 614, PT 618, PT 620, PT 622, PT 632, PT 634, PT 636, PT 638, PT 640, PT 646, PT 648, PT 649, PT 656, PT 662, PT 669, PT 676, PT 689, PT 695A.
Corequisite(s): PT 627, PT 644, PT 645, PT 648, PT 669, PT 662.
Term Typically Offered: Fall, Spring
This elective is designed to prepare students to run a gait analysis clinic in the biomechanics laboratory. The course is one unit of lecture and one unit of lab, and covers the topics of assessment of balance, lower extremity strength assessment, special tests, and running analysis from both the research "gold standard" as well as the clinically feasible perspective with a particular focus on running.

PT 662. Differential Diagnosis in Physical Therapy. 3 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640 and PT 646.
Corequisite(s): PT 627, PT 644, PT 645, PT 648, PT 669.
Term Typically Offered: Fall, Spring
This course focuses on learning and practicing screening techniques for physical therapists to detect medical or other problems for which a referral to a medical doctor or another health care provider is indicated. Students will learn to screen patients for dysfunction in a variety of physiological systems by taking medical history, medication history, performing a risk factor assessment and manual examination, and screening various physiological systems.

Note: Open to Physical Therapy Majors only.

PT 663. Integumentary Patient Management. 2 Units
Prerequisite(s): BIO 633, PT 600, 602, 604, 606, 608, 614, 618, 620, 622, 624, 625, 626, 627, 630, 632, 634, 636, 638, 640, 644, 645, 646, 648, 662, 669 and 695A.
Corequisite(s): PT 664, PT 665, PT 668, PT 680, PT 690.
Term Typically Offered: Fall, Spring
This course focuses on the management of patients with integumentary impairments and their related sequelae. Topics include post-surgical management of patients with amputations, prosthetics, and management of the patient with a wound or burn injury. Lecture, case presentation, video demonstrations, and laboratory activities will be used to develop patient management skills.

Note: Open to Physical Therapy Majors only.

PT 664. Neuropediatric Patient Management. 2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, PT 648, PT 662, PT 669 and 695A.
Corequisite(s): PT 663, PT 665, PT 668, PT 680, PT 690.
Term Typically Offered: Fall, Spring
This course is the third part of a three course series focusing on the acquisition and integration of knowledge and skills involved in developing and implementing a treatment plan based on sound evaluative findings for the patient with neurological dysfunction. In this course, the focus is on the pediatric patient with neurological dysfunction. Case presentation, video demonstrations, and actual patient contact will be used to develop evaluation, treatment, and problem-solving skills.

Note: Open to Physical Therapy Majors only.

PT 665. Musculoskeletal Patient Management III. 3 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, PT 648, PT 662, PT 669, PT 695A.
Corequisite: PT 663, PT 664, PT 668, PT 690.
Term Typically Offered: Fall, Spring
This course builds on the foundational intervention techniques established for management of the patient with musculoskeletal dysfunction in PT 625 and PT 645. It will address additional manual therapy skills and students will apply their developing skills under faculty supervision to patients referred from the Student Health Center. Students will be responsible for patient management of a case load including accurate documentation and submission of patient records to the Student Health Center.

Note: Open to Physical Therapy Majors only.

PT 666. Health Care Delivery in Physical Therapy II. 2 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, PT 648, PT 662, PT 669, PT 662, PT 676, PT 689, PT 695A.
Corequisite(s): PT 663, PT 664, PT 665, PT 680, PT 690.
Term Typically Offered: Fall, Spring
In this course, students will have professional practice behavior expectations and requirements previously introduced in other courses reinforced through the review of the American Physical Therapy Association documents: the Standard of Practice for Physical Therapy and the Code of Ethics, as well as the State of California's Physical Therapy Practice Act. Additionally, students will hear from other health care professionals on their expectations of the physical therapist's role on a health care team.

Note: Open to Physical Therapy Majors only.

PT 668. Psychosocial Issues in Physical Therapy. 1 Unit
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, 614, 618, 620, 622, 624, 625, 626, 627, 630, 632, 634, 636, 638, 640, 644, 645, 646, 648, 662, 669 and 695A.
Corequisite(s): PT 663, PT 664, PT 665, PT 680, PT 690.
Term Typically Offered: Fall, Spring
This course examines psychological and social impact of and reactions to illness and physical disability. Explores elements of the psycho-social dynamics related to disability with a focus on adjustments required of the disabled and the provider. The course addresses social, cultural, personal, and familial factors which impact comprehensive rehabilitation in the clinical setting. Attention will be placed on interpersonal relationships between patients, family, health care providers, and society.

Note: Open to Physical Therapy Majors only.
PT 680. Graduate Physical Therapy Seminar II. 1 Unit
Prerequisite(s): BIO 633, PT 600, 602, 604, 606, 608, 614, 618, 620, 622, 624, 625, 626, 627, 630, 632, 634, 636, 638, 640, 644, 645, 646, 648, 662 and 669.
Corequisite(s): PT 663, PT 664, PT 665, PT 668, PT 690.
Term Typically Offered: Fall, Spring
This course, presented just prior to the final clinical internships, will review student’s experiences in the curriculum and promote reflection on the professional practice of physical therapy. The course will review professional core values and expectations for clinical internships. The course will also review portfolio requirements to determine students’ readiness to proceed into final internships. In addition, students will be expected to develop five year personal professional development plans.
Note: Open to Physical Therapy majors only.

PT 689. Doctoral Project Proposal. 1 Unit
Prerequisite(s): BIO 633, PT 600, 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, and PT 646
Corequisite(s): PT 627, PT 644, PT 645, PT 648, PT 662, and PT 669
The Doctoral Project Proposal must demonstrate students’ understandings of the application of current evidence-based practice in a multicultural and complex health care environment. The proposal must be of sufficient rigor to ensure students’ demonstrations of critical and independent thinking and abilities to interpret the research literature and apply to current physical therapist practice. The proposal includes a written document and oral defense. Open to Physical Therapy Majors only.
Credit/No Credit

PT 690. Doctoral Project/Culminating Experience. 3 Units
Prerequisite(s): BIO 633, PT 600, PT 602, PT 604, PT 606, PT 608, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, PT 648, PT 662, PT 663, PT 664, PT 665, PT 668, PT 669, and PT 695A
Term Typically Offered: Fall, Spring
The Doctoral Project/Culminating Experience may include evidence-based practice projects, clinical research projects, or case reports consistent with the Chancellor's Office Executive Order. Culminating events must demonstrate students’ understandings of the application of current evidence-based practice in a multicultural and complex health care environment. They must be of sufficient rigor to ensure students’ demonstrations of critical and independent thinking and abilities to interpret the research literature and apply to current physical therapist practice.

PT 695A. Clinical Internship I. 6 Units
Prerequisite(s): BIO 633, PT 600, 602, 604, 606, 608, 614, 618, 620, 622, 624, 625, 626, 627, 630, 632, 634, 636, 638, 640, 644, 645, 646, 648 and PT 669.
Term Typically Offered: Fall, Spring
This first component of the clinical certificate series of the Doctor of Physical Therapy (DPT) program curriculum totals 12 weeks of progressively responsible full-time clinical education per student under the direct supervision of a licensed physical therapist. Students improve and refine evaluation and treatment abilities developed during their first two academic years and integrate knowledge and skills in a selected variety of clinic settings.
Note: Open to Physical Therapy majors only who have successfully completed the first two years of the DPT curriculum.
Credit/No Credit

PT 695B. Clinical Internship II. 6 Units
Prerequisite(s): BIO 633, PT 600, 602, 604, 606, 608, 614, 618, 620, 622, 624, 625, 626, 627, 630, 632, 634, 636, 638, 640, 644, 645, 646, 648, 669 and 695A.
Term Typically Offered: Fall, Spring
This second component of the clinical education series of the Doctor of Physical Therapy (DPT) program curriculum totals twelve weeks of progressively responsible full-time clinical education under the direct supervision of a licensed physical therapist. Students improve and refine patient management skills and abilities developed during their first seven semesters and integrate knowledge and skills in a selected clinical setting.
Note: Open to Physical Therapy majors only who have successfully completed the first seven semesters of the DPT curriculum.
Credit/No Credit

PT 695C. Clinical Internship III. 6 Units
Term Typically Offered: Fall, Spring
This third component of the clinical education series of the Doctor of Physical Therapy (DPT) program curriculum totals twelve weeks of progressively responsible full-time clinical education under the direct supervision of a licensed physical therapist. Students improve and refine evaluation and treatment abilities developed during their first eight semesters and integrate knowledge and skills in a selected clinical setting.
Note: Open to Physical Therapy majors only who have successfully completed two years of the DPT curriculum. Prerequisite
Credit/No Credit

PT 696J. Graduate Physical Therapy Seminar IJ Adv. Biomechanics I. 2 Units
Prerequisite(s): BIO 633, PT 600, 602, PT 604, PT 606, PT 614, PT 618, PT 620, PT 622, PT 624, PT 625, PT 626, PT 627, PT 630, PT 632, PT 634, PT 636, PT 638, PT 640, PT 644, PT 645, PT 646, and PT 648
Corequisite(s): PT 627, PT 644, PT 645, PT 648, PT 662, and PT 669
This elective is designed to prepare students to run a gait analysis clinic in the biomechanics laboratory. The course is one unit of lecture and one unit of lab, and covers the topics of assessment of balance, lower extremity strength assessment, special tests, and running analysis from both the research “gold standard” as well as the clinically feasible perspective with a particular focus on running.
Note: Fall semester only
Physics (PHYS)

PHYS 1. Physical Reasoning and Calculation. 2 Units
Term Typically Offered: Fall, Spring

Introduction to the analytical skills needed for the study of Physics. The focus is to prepare students to take PHYS 11A, however, PHYS 1 is also suitable as preparation for PHYS 5A. Emphasis is on reasoning and problem-solving, including conceptualization, visualization, and interpretation of written descriptions of physical situations, and on the connection of physical laws to the mathematical techniques used in their solution.

PHYS 2. Topics in Elementary Physics. 4 Units
Prerequisite(s): A recent one year course in high school algebra and one year of plane geometry or a college course in algebra (MATH 9).
General Education Area/Graduation Requirement: Physical Science (B1)
Term Typically Offered: Fall, Spring

One semester introductory physics course including a laboratory. Covers the fundamental concepts of physics with an emphasis on everyday life situations and applications. The range of material includes mechanics, waves, electricity and optics. One hour lecture, two hour discussion, and a three hour laboratory session.

PHYS 5A. General Physics: Mechanics, Heat, Sound. 4 Units
Prerequisite(s): Recently completed three years of high school algebra and geometry, and a college course in algebra and trigonometry (MATH 9) recommended for those having an inadequate mathematics background.
General Education Area/Graduation Requirement: Laboratory (B3), Physical Science (B1)
Term Typically Offered: Fall, Spring, Summer

PHYS 5A-B sequence is a two-semester course in introductory physics in which fundamental concepts are emphasized including some physiological applications. Lecture two hours; discussion one hour; laboratory three hours.

PHYS 5B. General Physics: Light, Electricity and Magnetism, Modern Physics. 4 Units
Prerequisite(s): PHYS 5A or instructor permission.
Term Typically Offered: Fall, Spring, Summer

Lecture two hours; discussion one hour; laboratory three hours.

PHYS 10. Physics In Our World. 3 Units
General Education Area/Graduation Requirement: Physical Science (B1)
Term Typically Offered: Fall, Spring

Introductory course designed for non-science students completing general education requirements. Students will be introduced to basic concepts in Physics through the study of astronomy, atomic nature of matter, electromagnetic waves, energy, sound and earthquake waves, current electricity, magnetism, and nuclear processes. Development of reasoning and quantitative skills and applying them to scientific and technological topics of current importance will be emphasized.

PHYS 10L. Physics In Our World Laboratory. 1 Unit
Prerequisite(s): PHYS 10; may be taken concurrently.
Term Typically Offered: Fall, Spring

Laboratory course complements PHYS 10 and satisfies the general education science lab requirement. Emphasis is placed on the nature of scientific observation and measurement and their relationship to general physical concepts. Students will be given a concrete, hands-on sense of observing and interpreting data from a variety of experimental environments.

PHYS 11A. General Physics: Mechanics. 4 Units
Prerequisite(s): MATH 30, MATH 31; or equivalent certificated high school courses. MATH 31 may be taken concurrently.
General Education Area/Graduation Requirement: Laboratory (B3), Physical Science (B1)
Term Typically Offered: Fall, Spring, Summer

PHYS 11A, B, and C is a three semester course in introductory physics requiring elementary calculus. This course satisfies the lower division physics requirement for a major in physics, chemistry, geology, or engineering. PHYS 11A covers the basics of classical mechanics, including kinematics, Newton's laws, conservation laws and rotational dynamics. Lecture two hours; discussion one hour; laboratory three hours.

PHYS 11B. General Physics: Heat, Light, Sound, Modern Physics. 4 Units
Prerequisite(s): PHYS 11C.
Term Typically Offered: Fall, Spring

PHYS 11A, B, and C is a three semester course in introductory physics requiring elementary calculus. This course satisfies the lower division physics requirement for a major in physics, chemistry, geology, or engineering. PHYS 11B covers the basics of thermodynamics, light propagation, sound, and an introduction to modern physics. Lecture two hours; discussion one hour; laboratory three hours.

PHYS 11C. General Physics: Electricity and Magnetism. 4 Units
Prerequisite(s): MATH 31, PHYS 11A.
Term Typically Offered: Fall, Spring, Summer

PHYS 11A, B, and C is a three semester course in introductory physics requiring elementary calculus. This course satisfies the lower division physics requirement for a major in physics, chemistry, geology, or engineering. PHYS 11C covers the basics of electricity and magnetism. Lecture two hours; discussion one hour; laboratory three hours.

PHYS 30. Science and Pseudoscience. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring

Examination of the methodology of science. Comparison of legitimate investigations with others that do not meet high scientific standards, including both science poorly done and nonsense posing as science. Examples will be drawn primarily from the physical sciences. Analyzes will require study of basic skills of reasoning, types of logical argument, structure and validity of arguments, common reasoning fallacies, critical evaluation of evidence, and understanding of the scientific thinking process.
PHYS 99. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who appear competent to assume individual work on the approval of the instructor. For students with lower division status. Up to 4 units may be taken for grade.

Credit/No Credit
PHYS 105. Mathematical Methods in Physics. 3 Units
Prerequisite(s): MATH 32; PHYS 11A, PHYS 11B, PHYS 11C or PHYS 5A, PHYS 5B.
Term Typically Offered: Spring only

Linear algebra and linear vector spaces, linear transformations and eigenvectors, differential and integral vector calculus, with applications to physical problems.

PHYS 106. Introduction to Modern Physics. 3 Units
Prerequisite(s): MATH 31; PHYS 11A, PHYS 11B, PHYS 11C or PHYS 5A, PHYS 5B.
Term Typically Offered: Fall, Spring

Basic concepts of special relativity and quantum theory of matter. Phenomenological study of atomic and molecular energy states and spectra. Elements of solid-state and nuclear physics.

PHYS 107. Conceptual Physics and Scientific Inquiry. 4 Units
Prerequisite(s): BIO 7, CHEM 106, GEO 8, MATH 17.
Corequisite(s): CHEM 106
Term Typically Offered: Fall, Spring

Concepts include matter, waves and energy, force and motion, electricity and magnetism, and scientific inquiry. Emphasizes hands on cooperative learning engaging students in scientific inquiry by posing testable scientific questions, conducting experiments, and analyzing and presenting findings to their peers. Appropriate for Liberal Studies and Blended Multiple Subject Credential students. Weekly activity and discussion sessions.

PHYS 110. Classical Mechanics. 3 Units
Prerequisite(s): MATH 45, PHYS 11C, PHYS 105.
Term Typically Offered: Spring only

Fundamental principles of statics and dynamics, including Newton’s equations and conservation laws, damped and forced oscillations, central force motion, accelerated coordinate systems, coupled oscillations, normal modes, Lagrangian and Hamiltonian methods, introduction to nonlinear systems and chaos theory.

PHYS 115. Electronics and Instrumentation. 4 Units
Prerequisite(s): PHYS 11C or PHYS 5B with instructor permission.
Term Typically Offered: Fall only

Linear and non-linear circuits, operational amplifiers, transducers, basics of digital circuitry, and an introduction to computerized data acquisition. Lecture two hours; laboratory six hours.

PHYS 116. Advanced Electronics and Instrumentation. 3 Units
Prerequisite(s): PHYS 115.
Term Typically Offered: Spring only – even years

Noise reduction techniques, signal recovery, frequency analysis, computerized instrument control, and instrument development. Lecture one hour; laboratory six hours.

PHYS 124. Thermodynamics and Statistical Mechanics. 3 Units
Prerequisite(s): MATH 45, PHYS 11A, PHYS 11B, PHYS 11C.
Term Typically Offered: Spring only

Basic concepts and laws of thermodynamics and thermal properties of matter; kinetic theory of gases; use of distribution functions and ensembles in statistical mechanics; connection of probability and entropy; quantum statistics; applications to various systems.

PHYS 130. Acoustics. 3 Units
Prerequisite(s): MATH 45, PHYS 11A, PHYS 11B, PHYS 11C.
Term Typically Offered: Fall, Spring

Theoretical and experimental study of sound sources, sound waves and sound measurement. Basic properties of waves in continuous media; spectral analysis of vibrations; use of acoustic impedance and circuit analogies; applications to environmental noise analysis, room acoustics, and loudspeaker and microphone design and use; experience with acoustic instrumentation. Lecture two hours; laboratory three hours.

PHYS 135. Electricity And Magnetism. 3 Units
Prerequisite(s): MATH 45, PHYS 11C, PHYS 105.
Term Typically Offered: Spring only

Development of electromagnetic theory from basic experimental laws; electrostatics, electric currents, magnetostatics, electric and magnetic properties of matter, induction, Maxwell’s equations, conservation laws, introduction to electromagnetic waves.

PHYS 136. Electrodynamics of Waves, Radiation, and Materials. 3 Units
Prerequisite(s): PHYS 135.
Term Typically Offered: Fall only

Electromagnetic waves, wave propagation in material media, reflection and refraction, polarization, cavities and waveguides, optical fibers, simple radiating systems, radiation from an accelerated charge and special relativity. Introduction to plasma physics and electromagnetic properties of superconductors.

PHYS 142. Applied Solid State Physics. 3 Units
Prerequisite(s): MATH 45, PHYS 106.
Term Typically Offered: Fall, Spring

Elementary treatment of crystal structure and lattice and electron dynamics. Physics of semiconductor junctions, diodes, transistors and MOSFETS, solar cells, lasers, electro-optic and acousto-optic devices. Introduction to basic physical properties such as electrical conduction of selected amorphous solids and their applications. Laboratory experience.

PHYS 145. Optics. 3 Units
Prerequisite(s): MATH 45, PHYS 11A, PHYS 11B, PHYS 11C.
Term Typically Offered: Spring only – even years

Theoretical and experimental treatment of wave optics; interference, diffraction, absorption, scattering, dispersion, polarization. Selected topics from contemporary optics: Fourier optics, coherence theory, lasers, holography. Lecture two hours; laboratory three hours.

PHYS 150. Quantum Mechanics. 3 Units
Prerequisite(s): MATH 45, PHYS 106, PHYS 110.
Term Typically Offered: Fall only

Foundations of wave mechanics, including wave packets, superposition, and the uncertainty principle. The Schroedinger equation and its relation to operators and eigenstates. Symmetric systems and conserved quantities. Introduction to matrix mechanics, spin, scattering, and perturbation theory.

| Prerequisite: PHYS 150.  
Term Typically Offered: Spring only |
| Structure of matter including basic elements of atoms, molecular, solid state, nuclear and particle physics. Topics will also include photon and electron gases, lasers, superconductivity, Bose-Einstein condensation and superfluidity. |
| PHYS 156    | Classical and Statistical Mechanics                              | 3     |
| Prerequisite: PHYS 110, PHYS 124.  
Term Typically Offered: Fall only |
| PHYS 162    | Scientific Computing: Basic Methods                              | 3     |
| Prerequisite: MATH 26A or MATH 30, or MATH 105A concurrently.  
Term Typically Offered: Fall only |
| Basic methods and skills of applying computers to the solution of scientific problems. Numerical calculation methods, numbers and data, algebraic equations, rate processes, iterative techniques, approximation methods, statistical analysis and data fitting, relaxation methods, and use of software and other programming resources on the web. Practical experience emphasized throughout. |
| PHYS 163    | Scientific Computing: Modeling, Simulation, and Visualization    | 3     |
| Prerequisite: PHYS 162.  
Term Typically Offered: Spring only |
| Application of computer modeling, simulation, and visualization to the solution of scientific problems. Projects drawn from various scientific disciplines will be used to develop the necessary skills, including a capstone project. Examples include projectile motion with air drag, time development of a biological population, chemical reactions with several reactants, and random walk and Monte Carlo methods. Practical experience emphasized throughout. |
| PHYS 175    | Advanced Physics Laboratory                                      | 2     |
| Prerequisite(s): 12 units of upper division physics, including PHYS 106 and either PHYS 115 or PHYS 145 and a satisfaction of the Advanced Writing requirement.  
Term Typically Offered: Fall, Spring |
| Advanced experiments chosen from several of the major areas of physics, performed usually on an individual basis. Laboratory six hours. |
| PHYS 181    | Modern Physics for Everyone                                      | 3     |
| Prerequisite(s): Completion of GE Area B1 and B4.  
General Education Area/Graduation Requirement: Further Studies in Area B (B5)  
Term Typically Offered: Fall, Spring |
| A conceptual course in the topics of modern physics including Quantum Mechanics, Special Relativity, and other contemporary topics for a general audience. This course meets General Education Area B5 (Further Studies in Physical Science, Life Forms, and Quantitative Reasoning) and satisfies the upper-division Area B requirement. |
| PHYS 182    | Physics of Sports                                                | 3     |
| Prerequisite(s): Completion of GE Area B1 and B4.  
General Education Area/Graduation Requirement: Further Studies in Area B (B5)  
Term Typically Offered: Fall, Spring |
| A conceptual course in the application of the laws of physics in the context of sport. Focusing mainly on classical physics, we will cover topics such as force, energy, momentum, collisions, pressure, and fluids to explain what we see on the court, field, pool, and road. This course meets General Education Area B5 (Further Studies in Physical Science, Life Forms, and Quantitative Reasoning) and satisfies the upper-division Area B requirement. |
| PHYS 186    | Musical Acoustics: Science and Sound                             | 3     |
| General Education Area/Graduation Requirement: Further Studies in Area B (B5)  
Term Typically Offered: Fall, Spring |
| Physical principles of vibration and wave motion, with illustrations involving musical instruments and concert hall acoustics; principles of electronic synthesis, recording, and reproduction of sound; operation of the human ear and brain in receiving and analyzing sound; relation of the harmonic series to sound quality, harmony and scales; proper roles for science in explaining music as an artistic activity.  
Note: No technical background required; course cannot be used to meet Physics BS program requirements. It is recommended that student have already completed their B1 and B4 requirement prior to enrollment. Some experience with music is also helpful. |
| PHYS 187    | Seeing the Light                                                 | 3     |
| Prerequisite(s): Completion of GE Area B1 and B4.  
General Education Area/Graduation Requirement: Further Studies in Area B (B5)  
Term Typically Offered: Fall only |
| An extensive study of light, mostly in the context of applications. Topics include basics of light and natural phenomena, optics, color, light and energy (solar power), and holography; as well as more advanced topics such as wave/particle model of light, diffraction and polarization. The course will also cover optical instrumentation such as cameras, microscopes, telescopes, displays, and photoreceptors. |
| PHYS 190    | Physics Seminar                                                  | 1 - 2  |
| Term Typically Offered: Fall, Spring |
| Special lecture series on announced topics by local and visiting speakers, emphasizing current research developments, with related reading assignments.  
Note: May be taken for credit in sequential semesters for a maximum of two units total. |
| PHYS 191    | Senior Project                                                   | 1 - 2  |
| Term Typically Offered: Fall, Spring |
| Research Project under faculty supervision. Project may consist of laboratory or theoretical research project, instrumentation/demonstration development, or literature research project. Projects require written and oral reports.  
Note: May be taken for credit in sequential semesters for a maximum of four units total. Grade assigned upon completion of the project. |
PHYS 194. **Physics Related Work Experience.** 6 - 12 Units

**Prerequisite(s):** Upper-division status and Department Chair permission.

**Term Typically Offered:** Fall, Spring

Supervised employment in a physics or astronomy related company or agency. Placement is arranged through the department and the Cooperative Education Program office. Requires completion of a three-to-six month work assignment and a written report.

**Note:** PHYS 194 may not be used to meet major requirements in Physics; May be taken for credit in sequential semesters

Credit/No Credit

PHYS 195. **Teaching Internship.** 1 - 2 Units

**Prerequisite(s):** Completion of all math and physics lower division courses for the B.A. in Physics. Approval from the Teacher Preparation Concentration Coordinator.

**Term Typically Offered:** Fall, Spring

Supervised teaching internship for high school physics class, or for one of the following courses: PHYS 2, 5A-B, 10, 11A-C, 107, or ASTR 4. The student will meet weekly with the faculty teaching this class, and with their supervisor or mentor to help prepare and teach the class.

**Note:** May be taken for credit in sequential semesters for a maximum of six units total.

PHYS 197. **Laboratory Teaching Assistant.** 1 - 2 Units

**Prerequisite(s):** Completion of all math and physics lower division courses required for the B.A. in Physics. Completion of the same course in which the student will take this class with a grade higher than B and/or consent from the Teacher Preparation Concentration program coordinator.

**Term Typically Offered:** Fall only

Student will be a supervised laboratory teaching assistant for one of the following courses: PHYS 2, 5A-B, 10, 11A-C, 107, or ASTR 6. The student will meet weekly with the faculty teaching this class, and with their supervisor or mentor to help prepare and teach the laboratory.

**Note:** May be taken for credit in sequential semesters for a maximum of six units total.

PHYS 198. **Co-Curricular Activities.** 1 - 3 Units

**Term Typically Offered:** Spring only

Students may provide special tutoring to students taking physics courses, participate in community oriented projects, assist in activity sessions for teacher training courses, or engage in activities related to the subject matter and concerns of the Physics and Astronomy Department. Up to 4 units may be taken.

Credit/No Credit

PHYS 199. **Special Problems.** 1 - 3 Units

**Term Typically Offered:** Fall, Spring

Individual projects or directed reading. Open only to students who appear competent to assume individual work on the approval of the instructor. Up to 4 units may be taken for grade.

Credit/No Credit

**Psychology (PSYC)**

PSYC 2. **Introductory Psychology.** 3 Units

**General Education Area/Graduation Requirement:** GE AREA D

**Term Typically Offered:** Fall, Spring

Provides a general overview of theory and research concerning psychological processes at the basic, individual and social levels. Topics will include physiological psychology, comparative psychology, learning, motivation, sensation and perception, developmental psychology, personality, social psychology, maladaptive behavior, individual differences, and selected other topics. Requires three hours of participation as a research subject.

PSYC 4. **Navigating Psychology: The Major and Careers.** 1 Unit

**Prerequisite(s):** PSYC 2 and Psychology majors only.

**Term Typically Offered:** Fall, Spring

Covers requirements for the major and career options in psychology and related fields. Students learn to design plans of study to meet requirements for the major and enhance career objectives. Introduces career options in various areas such as academic psychology, applied behavior analysis, counseling and mental health, education, industrial-organizational psychology and related fields. Class activities clarify students’ career goals and develop skills such as resume writing and interviewing. Requires participation as a research subject.

PSYC 8. **Methods of Psychology.** 3 Units

**Corequisite(s):** PSYC 2.

**Term Typically Offered:** Fall, Spring

Introduction to methods of the science of psychology. The topics include psychology as a way of knowing, the role of science in psychology, the nature of psychological research, research ethics, psychological literature and report writing, psychological measurement, and the design and analysis of case studies, survey research, field studies, correlational methods, and experimental methods. Requires three hours of participation as an experimental subject.

PSYC 9. **Introductory Statistics for Psychology.** 3 Units

**Prerequisite(s):** PSYC 2, may be taken concurrently.

**Term Typically Offered:** Fall, Spring

Introduction to descriptive and inferential statistics as tools for evaluating data from Psychological research. Topics include: measures of central tendency, measures of variability, correlation and regression, sampling distributions, hypothesis testing procedures including t-tests and analysis of variance. Application of hand computation will be emphasized to include the interpretation and significance of the statistical findings.

PSYC 100. **Cross-Cultural Psychology.** 3 Units

**Prerequisite(s):** PSYC 2, PSYC majors only.

**Corequisite(s):** PSYC 8.

**Term Typically Offered:** Fall, Spring

Examination of similarities and differences in human behavior, cognition, and emotion across cultures. Empirical evidence from cross-cultural research in the various areas of psychology, including biological, clinical, cognitive, developmental, social, personality, and industrial/organizational psychology, is evaluated with the purpose of developing a global perspective on the psychological processes underlying human behavior, cognition, and emotion.
Introduction to descriptive and inferential statistics as tools for evaluating data from Psychological research. Topics include: measures of central tendency, measures of variability, correlation and regression, sampling distributions, hypothesis testing procedures including t-tests and analysis of variance, and selected other topics. Application of hand computation will be emphasized to include the interpretation and significance of the statistical findings.

**PSYC 102. Advanced Methods and Statistics in Psychological Research.** 4 Units

**Prerequisite(s):** PSYC 121; Psychology majors only.

**Term Typically Offered:** Fall, Spring

Plan and conduct projects using experimental, quasi-experimental and correlational methods. Evaluate published research and write proposals with attention to such issues as the reliability and validity of methods, the degree to which statistical assumptions are met, the adequacy of statistical power, and the internal and external validity of the project. Contemporary research design, measurement, and analysis techniques are examined, including the use of statistical software, for varieties of univariate and multivariate research designs. Lecture-discussion three hours; laboratory three hours.

**PSYC 103. Perception.** 3 Units

**Prerequisite(s):** PSYC 2, PSYC or CRJ majors only. PSYC 8 and PSYC 9 are recommended.

**Term Typically Offered:** Fall, Spring

Examination of how information about the outside world is sensed and how that information is organized and interpreted to form perceptions. Vision and audition will be primarily examined, along with some coverage of the other senses. Topics may include psychophysical methods, basic physiology and function of sensory systems, perception of color and form, motion, distance, auditory patterns, body and limb position, temperature, pain, perceptual constancies, attention, perceptual learning, adaptation, and perceptual development.

**PSYC 104. Learning Theories.** 3 Units

**Prerequisite(s):** PSYC 2, PSYC 8, PSYC 9, and PSYC majors only or instructor permission.

**Term Typically Offered:** Fall, Spring

Examination of classical and contemporary theories of learning, and a sampling of experimental findings which bear directly on the theories. Some attention is given to theory construction in psychology.

**PSYC 105. Motivation.** 3 Units

**Prerequisite(s):** PSYC 2; PSYC majors only or instructor permission.

**Term Typically Offered:** Fall, Spring

Study of theories and experimental findings related to basic processes in animal and human motivation.

**PSYC 106.** 3 Units

**Prerequisite(s):** PSYC 2; PSYC majors only or instructor permission.

**Term Typically Offered:** Fall, Spring

Study of theories and experimental findings related to basic processes in animal and human motivation.

**PSYC 107. Controversial Issues in Psychology.** 3 Units

**Prerequisite(s):** PSYC 121; Psychology majors only

**Term Typically Offered:** Fall, Spring

Consideration of unresolved issues of interest to psychology and the general public, such as the use of animals in research and mind and health. Emphasis is on critical analysis (but not solution) of the issues as they are presented in public discourse. Discussion format, written reports and evaluations.

**PSYC 108. Organizational Psychology.** 3 Units

**Term Typically Offered:** Fall, Spring

This course will provide an overview of the dynamics of human behavior in organizations, using the lens of psychological theory. Students will explore individual-, group-, and systems-level phenomena in organizations, with the overriding goal of understanding how to maximize performance, well-being, and satisfaction at work. Topics may include job attitudes, teams, organizational culture, personal differences, leadership, employee development, organizational change, occupational stress, fairness and diversity, and more.

**PSYC 109. Introduction to Neuroscience.** 3 Units

**Prerequisite(s):** PSYC 2; PSYC majors only. PSYC 8 and PSYC 9 are recommended.

**Term Typically Offered:** Fall, Spring

Examination of the basic concepts of cognitive psychology, including sensory storage, pattern recognition, attention, short-term memory, long-term memory, visual imagery, semantic memory structure, text processing, problem solving and decision-making. The relations among artificial intelligence, mental modeling, and the simulation of cognitive processes will also be explored.

**PSYC 110. Introduction to Biological Psychology.** 3 Units

**Prerequisite(s):** PSYC 2; PSYC majors only. PSYC 8 and PSYC 9 are recommended.

**Term Typically Offered:** Fall, Spring

Introductory overview of the psychobiological aspects of behavior. Emphasis is on the central and autonomic nervous systems and the endocrine system. Topics include physiological factors involved in sensation, perception, motivation, learning, emotion, social behavior, and maladaptive behavior.

**PSYC 111. Introduction to Neuroscience.** 4 Units

**Prerequisite(s):** PSYC 2 and PSYC 8; PSYC or BIO majors only. PSYC 9 recommended.

**Term Typically Offered:** Spring only

Introduction to the structure and function of the nervous system including neuroanatomy, neurophysiology, and systems neuroscience. Lectures and readings emphasize the empirical questions, techniques and methods used in neuroscience research. Laboratory activities focus on nervous system structure and some of the specialized techniques used within the fields of cellular, systems, and behavioral neuroscience. Lecture-discussion three hours; laboratory three hours. Cross Listed: BIO 115; only one may be counted for credit.
PSYC 116. Animal Behavior. 3 Units
Prerequisite(s): PSYC 2; PSYC majors only or instructor permission.
Term Typically Offered: Fall, Spring

Basic principles of animal behavior including the genetic, evolutionary and ecological mechanisms underlying courtship, reproduction, aggression, territoriality, communication and parental behavior; applied aspects of animal behavior; innate or naturally occurring behavior patterns necessary for survival in the natural environment; physiological, social and acquired aspects of animal and, secondarily, human behavior.

PSYC 117. Drugs and Behavior. 3 Units
Prerequisite(s): PSYC majors only or instructor permission.
Term Typically Offered: Fall, Spring

Examination of the classification of psychoactive drugs and their mode of action. Covers effects of psychoactive drugs on central nervous system structure and function and on behavior; use, abuse, effects, and dangers of therapeutic and recreational drugs; motivational aspects of drug use, and methods for treating addiction.

PSYC 118. Cognitive Neuroscience. 3 Units
Prerequisite(s): PSYC 111 or PSYC 115 or PSYC 117 or BIO 132.
Term Typically Offered: Fall, Spring

Examines how the nervous system accomplishes cognitive functioning. Brain mechanisms of higher functions such as memory, attention, sensorimotor integration, decision making, and language will be covered.

PSYC 119. Human Factors Psychology. 3 Units
Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring

Study of the scientific application of psychology and human performance to the design of products and complex systems. Applications of perception, cognition, and human physical limitations are covered, with an emphasis on understanding how they relate to design. Topics include perception, attention, decision making, memory, action, and how they related to areas such as product design, human-machine interaction, health and medicine, aviation and aerospace, ergonomics of the workplace, and designing for special populations.

PSYC 120. Psychological Testing. 3 Units
Prerequisite(s): PSYC 121; PSYC majors only.
Term Typically Offered: Fall, Spring

Construction, application, interpretation and evaluation of psychological tests. Tests used to measure general mental ability, specific abilities and aptitudes, personality, interests and attitudes are surveyed.

PSYC 121. Methods and Statistics in Psychological Research. 3 Units
Prerequisite(s): PSYC 4 (may be taken concurrently), PSYC 8, and PSYC 9; PSYC majors only.
Term Typically Offered: Fall, Spring

Project-based experience of Psychology. Study of scientific processes in research such as literature reviews; developing testable hypotheses; design; IRB review; data collection, analysis, and interpretation; critical analysis of studies; APA paper preparation; and issues in dissemination. Study of some advanced statistical processes such as factorial ANOVAs, planned and post hoc comparisons, and multiple regression. Study of statistical software programs used in the analysis of data.

PSYC 122. Qualitative Research in Psychology. 3 Units
Prerequisite(s): PSYC 121 and PSYC majors only.
Term Typically Offered: Fall, Spring

Examines the philosophy underpinning the use of qualitative research and the methods and analyses strategies used in qualitative research. Methods may include interviews, focus groups, participant observation, and behavioral observation. Analyses strategies may include grounded theorizing, negative case analyses, developing case studies, and content coding. Issues pertaining to data accuracy and consistency will be examined, and the researcher's role in interpreting results. Students will complete research projects involving the collection and/or analyses of qualitative data.

PSYC 129. Behavioral Research Methods. 3 Units
Prerequisite(s): PSYC 121 and PSYC 171, PSYC majors only or ABA certificate students
Term Typically Offered: Fall, Spring

Covers evaluating and thinking critically about behavioral research (i.e., data collection, logic, designs). Topics include: comparing group and single-case designs; observational strategies and measuring inter-observer reliability; displaying and interpreting behavioral data; single-case experimental design including reversal, multiple-baseline, alternating treatments, changing-criterion, and combinatorial designs; research ethics; identifying characteristics of pseudoscience; and disseminating behavioral research. The versatility of single-case designs will be discussed by including a wide range of case examples from multiple disciplines in the social and behavioral sciences and education.

PSYC 130. Personality Theories. 3 Units
Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring

Detailed examination of classic and contemporary personality theories such as those of Freud, Jung, Adler, Horney, Fromm, Skinner, Dollard and Miller, Rotter, Bandura, Kelly, Rogers, Maslow and May. Theories will be considered with respect to content, conceptual image of the individual, and current status.

PSYC 134. Psychology of Human Sexuality. 3 Units
Prerequisite(s): PSYC 2
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Covers the inherent biological, as well as the psychological, social and cultural similarities and differences between the sexes. Sexual myths and misconceptions are explored, and the sex roles and patterns of interaction currently practiced in our society are discussed.

PSYC 135. Psychology of Multicultural Groups. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Examines the role of culture, race, ethnicity, gender, and social class in human development and behavior within diverse cultural groups. Presents sociocultural and ecological perspectives on human development, i.e., that individuals must be understood in the context of his or her culturally patterned social relations, practices, institutions, and ideas. Explores psychological issues that pertain to the major ethnic minority groups in the U.S.
PSYC 137. Stress Management. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Examination of the causes and manifested effects of various stressors related to acculturation, socio-economic, physical, occupational, and psychological pressures. Techniques for recognizing and coping with stress will be explored. Emphasis is on the development of skills to handle commonly encountered stress-producing situations.

PSYC 142. Community Psychology. 3 Units
Prerequisite(s): PSYC 121 and PSYC majors only.
This course is designed to introduce you to the field of community psychology, which is concerned with the scientific study of social problems through collaborative research. This course will provide you with ecological frameworks that aim to reduce social problems (e.g., poverty, mental illness and others) as well as core values of community well-being, empowerment, and collaboration. You will be exposed to prevention and intervention programs employed to solve social concerns as well as potential implications for practice and policy.

PSYC 143. Practicum in Community Psychology. 3 Units
Prerequisite(s): academic level of senior, Psychology majors only, and instructor permission.
Corequisite(s): PSYC 142
Term Typically Offered: Fall, Spring
Classroom and on-site experience in community psychology. Students will work at a community organization for a minimum of six hours per week with supervision by authorized persons at the organization. Students will also attend weekly class meetings to discuss the application of concepts in community psychology to practicum experience. Topics include: ethics, structure and capacity of community organizations, working with diverse populations, and professional relationships.

PSYC 145. Social Psychology. 3 Units
Prerequisite(s): PSYC 2.
Term Typically Offered: Fall, Spring
Empirical examination of the emotion, behavior, and cognition of individuals in social situations. Topics can include: social psychology methods, social perception, social cognition, attitudes, persuasion, social identity, gender identity, prejudice and discrimination, interpersonal attraction, close relationships, conformity, compliance, obedience to authority, helping behavior, aggression, group processes, and social psychology applications. Multiple perspectives discussed.

PSYC 148. Child Psychology. 3 Units
Prerequisite(s): PSYC 2.
Term Typically Offered: Fall, Spring
Examination of behavioral and physiological development during the prenatal period, and behavioral, cognitive and social development during infancy and childhood. Theories, methods and empirical research will be studied.

PSYC 149. Psychology of Adolescence. 3 Units
Prerequisite(s): PSYC 2.
Term Typically Offered: Fall, Spring
Growth and development during the adolescent period and the interrelationships between adolescents and their culture are studied. Physical, psychological, social and educational problems and their implications are considered.

PSYC 150. Psychological Aspects of Aging. 3 Units
Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring
Developmental study of human aging emphasizing psychosocial, psychopathological, biological, intellectual and personality processes from a theoretical and research-oriented perspective. Influences including culture, gender; gender identity, race, ethnicity, sexual orientation, and socio-economic status on aging are examined.

PSYC 151. Psychological Aspects of Death and Dying. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Examination of the beliefs, attitudes, and behaviors associated with death and dying. Topics covered include children's and adults' concepts of dying and death; causes and types of death; self-destructive behavior; grief and mourning in the dying person and their survivors; euthanasia and other legal and ethical issues; cross-cultural and historical perspectives.

PSYC 152. Psychological Aspects of Health, Wellness, and Illness. 3 Units
Prerequisite(s): PSYC 2 and PSYC 8.
Term Typically Offered: Fall, Spring
Examines social, psychological, and behavioral factors important for physical health and emotional well-being. Psychological perspectives are applied to such topics as behavioral medicine, health promotion and compromise, the stress-illness relationship, social relations, personality, emotions, chronic illness, death and dying, and health care provider and patient interactions. Explores the development of health problems and the causes of premature death, as well as research on how psychology can help people live longer, healthier lives.

PSYC 153. Political Psychology. 3 Units
Term Typically Offered: Fall, Spring
Examines the ways in which political behavior is shaped by individual beliefs, personalities, cognitive patterns, biases, and other psychological mechanisms. Students will engage with a wide range of research on topics such as cognitive styles, personality, obedience, psychological roots of terrorism, the psychology of ideology, and the role of emotion in politics.

PSYC 157. Psychology of Women. 3 Units
Prerequisite(s): PSYC 2 or instructor permission.
Term Typically Offered: Fall, Spring
Contemporary psychological theories and issues related to the psychology of women in America and globally. Psychological theories may include but are not limited to feminism, cognitive-behavioral, self-object relations, humanistic, social learning and existential. Issues may include development, sexuality, mental health, psychotherapy, physical health, education, work, violence against women, gender inequality, multicultural perspectives, aging, parenting, criminal behavior, politics, sexual slavery, reproductive rights, religion, spirituality, and the arts.
Note: A service course for WOMS.
PSYC 160. Homosexuality. 3 Units
Term Typically Offered: Fall, Spring

PSYC 165. Evolutionary Psychology. 3 Units
Prerequisite(s): PSYC 2 and PSYC 8; Psychology majors only
Term Typically Offered: Spring only
Examination of empirical literature on emotion, behavior, and cognition of individuals from an evolutionary perspective. Topics can include: scientific methods in evolutionary psychology, survival strategies, mating strategies, parenting, kinship, cooperation, altruism, aggression, sexual conflict, and social dominance.

PSYC 167. Psychology in Personnel Training and Development. 3 Units
Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring
Application of psychological principles to problems of personnel training and development; techniques for determining training requirements, motivating trainees, providing feedback on trainee performance, and ensuring positive transfer of training to the job situation; personnel development programs.

PSYC 168. Abnormal Psychology. 3 Units
Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring
Detailed consideration of behavior disorders and maladaptive behavior: theories of causation, descriptions of the disorders, and strategies of various therapies.

PSYC 169. Industrial Psychology. 3 Units
Prerequisite(s): PSYC 2, PSYC 8
Term Typically Offered: Fall, Spring
Comprehensive overview of various human resources practices and policies, with an emphasis on people's psychological reactions to them. Topics include: recruitment, employee selection, training, employee compensation, legal aspects of employment decisions, and ethics in human resource management.

PSYC 171. Applied Behavior Analysis. 3 Units
Prerequisite(s): PSYC 2 and PSYC majors or posted Behavior Analysis Certificate only, or instructor permission.
Term Typically Offered: Fall, Spring
Introduction to theory, historical background, and philosophical assumptions relevant to behavior analysis with individuals. Lectures and laboratory activities in basic principles of behavior and methodology.

PSYC 181. Experimental Analysis of Behavior. 4 Units
Prerequisite(s): PSYC 9, PSYC 171, and PSYC majors only.
Term Typically Offered: Fall, Spring
Extensive analysis of single subject experimental research on intermittent reinforcement of behavior, including complex schedules, stimulus control, generalization, and verbal behavior. Lecture-discussion three hours; laboratory three hours; laboratory may include a component of self-paced instruction.

PSYC 183. Teaching of Psychology. 3 Units
Prerequisite(s): Instructor permission
Term Typically Offered: Fall, Spring
Study of best practices in the Teaching of Psychology. Selected topics may include, course preparation, skills for fostering student learning, strategies for improving student writing, theories of assessment, using technology in the classroom, sensitivity to diversity, teaching special populations, and the ethical and legal issues faced in the classroom. Students attend scheduled seminars on course topics and course are mentored by a professor in the Department of Psychology (called Faculty Mentor/Sponsor).
Credit/No Credit

PSYC 184. Clinical Issues in Applied Behavior Analysis. 4 Units
Prerequisite(s): PSYC 2 and PSYC 171, and PSYC majors or ABA Certificate students only
Term Typically Offered: Spring only
Extensive study of applied behavior analytic methods in the assessment, development, and implementation of treatment programs for a variety of clinical issues including pediatric behavior problems, developmental disabilities, hyperactivity, parent-child difficulties, school-related problems, behavioral safety, brain injury, and dementia. Lecture three hours; laboratory three hours.

PSYC 185. Psychology of Exceptional Children. 3 Units
Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring
Examines characteristics, special needs, and problems of children who differ from the group norm because of their level of abilities, physical handicaps, or other deviations.

PSYC 190. History and Systems of Psychology. 3 Units
Prerequisite(s): PSYC 9 and PSYC majors only.
Term Typically Offered: Fall, Spring
Covers the development of the various schools and systems of psychology, and their philosophical roots, interrelationships and differences. Normally taught with a seminar or proseminar format.

PSYC 191. Undergraduate Practicum in Behavior Analysis. 3 Units
Prerequisite(s): PSYC 171 or PSYC 181.
Term Typically Offered: Fall, Spring
Classroom and on-site experience in applied behavior analysis. Students will work at an approved agency for a minimum of 10 hours per week under the supervision of a Board Certified Behavior Analyst. Students will also meet in class to present and review their cases. Emphasis will be placed on treatment integrity and ethics.
Note: Requires permission of instructor. May be repeated for credit.

PSYC 194. Cooperative Research. 1 - 6 Units
Prerequisite(s): PSYC 2, PSYC 8, and PSYC 9. PSYC 121 recommended.
Term Typically Offered: Fall, Spring
Opportunity for dedicated students interested in graduate school or a career involving research to work cooperatively on a psychological research project under faculty supervision.
Note: May be repeated once for up to 6 units of credit.
PSYC 195A.  Fieldwork in the Teaching of Psychology.  1 - 6 Units
Term Typically Offered: Fall, Spring

Supervised experience in various educational and instructionally related tasks, such as leading discussion groups, setting up and presenting demonstrations, constructing and scoring tests, and tutoring, at selected educational institutions in the Sacramento area.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit

PSYC 195B.  Fieldwork in Child Observation.  3 Units
Prerequisite(s): PSYC 148 or equivalent.
Term Typically Offered: Fall, Spring

Supervised observation of preschool children in a formal school setting.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit

PSYC 195C.  Fieldwork in Industrial and Organizational Psychology.  1 - 6 Units
Term Typically Offered: Fall, Spring

Supervised work experience at an appropriate level in business and governmental organizations.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit

PSYC 195F.  Fieldwork in Community Psychology.  1 - 4 Units
Term Typically Offered: Fall, Spring

Supervised experience in various community and governmental agencies, such as the Suicide Prevention Service, Planned Parenthood, and the California Youth Authority. The experience must be of an applied psychological nature, determined collectively by the agency, the supervising faculty member, and the student.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit and a third time if another agency is involved.

Credit/No Credit

PSYC 195G.  Fieldwork.

Term Typically Offered: Fall, Spring

Projects in contemporary areas of psychology under the supervision of one or more faculty.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit

PSYC 196S.  Psychology of Religion.

Prerequisite(s): PSYC 2
Term Typically Offered: Fall, Spring

Introduction to psychological aspects of religion, including its foundations, measurement, and research methods. Selected topic areas include: religious & spiritual development; religion and spirituality in neuroscience, cognitive psychology, emotion, personality, social psychology, and cross-cultural psychology; religion and spirituality in health, mental health, coping, and psychotherapy.

PSYC 197A.  Advanced Research I.

Prerequisite(s): PSYC 194 and permission of instructor and Department Chair. Graded; 1 - 4 units.
Term Typically Offered: Fall only

Advanced research opportunity for students who have completed previous research experiences in PSYC 194. Students in the course are expected to develop advanced skills in research methods, data management, data analysis, and the communication of research findings by conducting research on collaborative projects under the guidance of a psychology faculty supervisor.

PSYC 197B.  Advanced Research II.

Prerequisite(s): PSYC 197A and permission of instructor and Department Chair. Graded; 1 - 4 units.
Term Typically Offered: Fall, Spring

Advanced research opportunity for students who have completed previous research experiences in PSYC 197A. Students in the course are expected to demonstrate competence in advanced research skills in research methods, data management, data analysis, and the communication of research findings by conducting research on collaborative projects under the guidance of a psychology faculty supervisor.

Term Typically Offered: Fall, Spring

Provide psychology majors with information and experiences necessary for developing academic goals, skills, and better understanding of the Psychology major. Weekly meetings with peer mentors to discuss topics that include academic planning, website navigation, preparation for meeting with professors, academic skills, student professionalism and resume/CV development.

Note: May be repeated for credit

Credit/No Credit

PSYC 198B.  Prospects for Success: Peer Mentor.

Prerequisite(s): PSYC 4 and permission from instructor
Term Typically Offered: Fall, Spring

Provide peer mentoring and advising to Psychology majors. Develop peer mentoring knowledge and skills through training and assigned readings. Peer mentors provide psychology majors with information and experiences necessary for developing academic goals, skills, and a better understanding of the Psychology major. Conduct weekly mentee meetings to discuss topics that include academic planning, website navigation, preparations for meetings with professors, academic skills, student professionalism and resume/CV development.

PSYC 199.  Special Problems.

Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Requires permission of instructor and the Department Chair.

Credit/No Credit
PSYC 200. Methods in Empirical Psychology. 3 Units
Prerequisite(s): PSYC 8, PSYC 101, PSYC 102.
General Education Area/Graduation Requirement: Writing Intensive
Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Philosophy of science, critical thinking in the design of research studies, and professional issues. Topics include: nature of science; observational, experimental, and case study designs; formulating research questions; measurement strategies; scaling and coding; internal and external validity; naturalism in research; quasi-experiments; archival research; physical traces; data collection; interpreting results; program evaluation; professional writing; and ethics.

PSYC 202. Survey of Contemporary Statistical Methods in Psychological Research. 3 Units
Prerequisite(s): Graduate standing; PSYC 102 or equivalent
Term Typically Offered: Fall, Spring

Broad coverage of common univariate and multivariate designs and analyses used in contemporary psychological research. Primary focus is on providing the basic tools for carrying out the analyses in statistical software and interpreting the results, as well as understanding results presented in published research reports. Topics include various ANOVA and multiple regression models and applications including related categorical and multivariate alternatives, such as logistic regression analysis, discriminant function analysis, MANOVA, path analysis, factor analysis, canonical correlation analysis.

PSYC 204. Advanced Topics in Statistical Methods for Psychological Research. 3 Units
Prerequisite(s): PSYC 202
Term Typically Offered: Fall, Spring

Advanced treatment of selected research design and analysis methods of psychological research. Applications of the general and generalized linear models (e.g., multiple regression models, structural equation models, multilevel models, and limited dependent variable models) for a variety of research designs and data structures. Intermediate to advanced training in statistical software and data management. Focus is on understanding foundations and assumptions of the methods, understanding interrelationships between the methods, performing specialized and non-routine analyses when needed, and interpreting results in detail.

PSYC 205. Measurement Methods for Psychological Research and Practice. 3 Units
Prerequisite(s): PSYC 202
Term Typically Offered: Fall, Spring

Detailed coverage of classical and modern theories and models of psychological measurement, and their applications in research and professional testing settings. Primary focus is on principles of constructing and analyzing measures, including both paper-and-pencil tests/surveys and performance-based tests that require rater judgment in scoring. Measurement models include classical testing theory, generalizability theory, confirmatory factor analysis, Rasch measurement, and item response theory.

PSYC 206. Tests and Measurement. 3 Units
Prerequisite(s): Graduate standing and PSYC 102 or its equivalent.
Term Typically Offered: Fall, Spring

Examines the administration, interpretation, and application of psychological tests used by behavioral scientists in clinical, educational, organizational, and other settings. Test development, reliability and validity, and legal considerations will be discussed.

PSYC 209. Seminar in Systems of Psychology. 3 Units
Term Typically Offered: Fall, Spring

Historical review of the systems of thought which led to modern psychology. An examination of current psychological systems and their development. Factors that differentiate psychological systems will be studied.

PSYC 210. Theories of Personality. 3 Units
Prerequisite(s): PSYC 102 or equivalent; PSYC 102 may be taken concurrently.
Term Typically Offered: Fall, Spring

Study of the role of personality theory in the field of psychology, and an examination of the current theories.

PSYC 216. Current Literature in Personnel and Organizational Psychology. 3 Units
Prerequisite(s): Course work in Personnel and Organizational Psychology; PSYC 102 or its equivalent.
Term Typically Offered: Fall, Spring

Analyzes selected current articles on theory and research in such journals as the Journal of Applied Psychology, Personnel Psychology, and Organizational Dynamics, with written and oral critiques.
Note: May be repeated twice for credit.

PSYC 216A. Current Literature and Applications in Industrial-Organizational Psychology. 3 Units
Term Typically Offered: Fall only

Seminar to review current literature in selected organizational psychology topics, and develop proposals for applied research in industrial-organizational psychology. Literature focus will be centered on personal and interpersonal factors influencing the quality of work life and experiences of employees. Application focus will be centered on identifying organizational problems amenable to research, reviewing literature and common practices to identify potential solutions, designing a research methodology to address the problem and evaluate the solution, and writing research proposals including Human Subjects Review.

PSYC 216B. Current Literature and Applications in Industrial-Organizational Psychology. 3 Units
Prerequisite(s): PSYC 216A
Term Typically Offered: Spring only

Seminar to discuss implementation of applied research proposals from the previous semester and review current literature in performance management and workforce planning systems. Application focus will be centered on understanding organizational contexts and constraints for implementing research, obtaining managerial and participant cooperation, maintaining methodological rigor in the field, systematically and objectively recording data, and preparing data for analysis. Literature focus will be centered on methods for measuring employee performance relative to objectives, understanding performance barriers, and identifying human resource needs.

Review of classic and contemporary theories and research in social psychology. Topics may include group dynamics, social influence, aggression, helping behavior, attitudes, dissonance and self-justification, prejudice, stereotyping, and discrimination; automaticity and social cognition, motivation, and gender. Emphasis upon the application of social psychological theories and research to social problems.

Surveys the fundamental principles of Behavioral Neuroscience, the connection between the brain and behavior. Topics may include: neuroanatomy, electrochemical transmission, sites and mechanism of drug action, sensation and perception, motor systems, neurological processes, neuroendocrine systems, learning and memory, attention, emotion, executive function, neurodegenerative disease and the neurobiology of mental illness. Seminal experiments and recent discoveries within the field will be reviewed and discussed with a focus on how these findings impacted and continue to influence past and current theory.

Provides a survey of topics in human information processing. Selected topics may include perception, attention, memory, knowledge, categorization, problem solving, reasoning, decision making, and language comprehension and production. Classical theories and experiments in these areas will be reviewed in addition to applications of this work to practical problems.

Surveys the area of Psychology concerned with how people and animals learn and how their behaviors are changed as a result of this learning. Selected topics include: Inmate behaviors, respondent and operant learning, behavioral economics, comparative cognition, theories of imitation, choice and self-control. Classical theories and current experiments in these areas will be reviewed in addition to implications of this work to practical problems.

Study of the psychological processes underlying development throughout the life span. Covers such topics as cognitive, language, emotional, and relationship development in terms of the individual. Attention will be given to functioning of the individual within social units such as the family.

This course will provide an overview of the application of psychological principles to employee training and development, and an in-depth review of common training and development practices. Additional topics include techniques for determining training requirements, motivating trainees, providing feedback on trainee performance, ensuring positive transfer of training to the job environment, and employee development programs.

Covers an advanced and detailed discussion of the description, etiology, development, dynamics and treatment of individuals with mental disorders. Since the DSM-IV is the major classification system used by mental health professionals, it will also be discussed. This manual describes essential features of a variety of disorders and outlines the basis on which an experienced clinician can differentiate one disorder from another.

Provides a survey of work analysis, with emphasis on designing employee selection systems. Topics to include multiple methods for analysis of different types and aspects of work, and applications of the results such as: Explicating the performance construct for a given job; identifying human attributes required for successful performance; evaluating jobs in terms of compensation; selecting appropriate measurement methods for predictor and criterion constructs; evaluating predictor utility; and the legal environment for employee selection practice.

Survey of work analysis, with emphasis on designing employee selection systems. Topics to include multiple methods for analysis of different types and aspects of work, and applications of the results such as: Explicating the performance construct for a given job; identifying human attributes required for successful performance; evaluating jobs in terms of compensation; selecting appropriate measurement methods for predictor and criterion constructs; evaluating predictor utility; and the legal environment for employee selection practice.

Designed both for graduate students who are interested in gaining knowledge about the fundamental principles of behavioral psychology and those who are pursuing certification as a Board Certified Behavior Analyst. Students will not only learn behavioral theory and the means by which behavior is increased, decreased, shaped and maintained, but they will learn to apply behavioral principles to more complex topics such as concept formation and novel behaviors.
PSYC 272. Research Methods in Behavior Analysis. 3 Units
Prerequisite(s): PSYC 171 or PSYC 181.
Term Typically Offered: Fall, Spring

Covers methods related to single-case research (i.e., data collection, logic, designs). Course content is based primarily on contemporary books and articles from peer-review journals. Topics include: measurement of behavior, methods of assessing inter-rater agreement, experimental design including, reversal designs, changing-criterion designs, alternating treatment designs, and multiple-baseline designs; and displaying and interpreting behavioral data. Current methodological issues will be discussed.

PSYC 274. Theoretical Foundations of Behavior Analysis. 3 Units
Prerequisite(s): PSYC 171 or PSYC 181 or equivalent.
Term Typically Offered: Fall, Spring

Covers major theories that have made significant contributions to behavior analysis, along with areas of significant research providing the foundations of radical behaviorism and contemporary behavior analysis. Topics include history of behaviorism, selection by consequences as a casual mode, pragmatism, determinism, logical positivism, dualism x monism, verbal behavior and private events.

PSYC 275. Applied Behavior Analysis in the Workplace. 3 Units
Prerequisite(s): Graduate students only
Term Typically Offered: Fall only

Overview of contemporary research and practice on the use of applied behavior analysis techniques in the workplace. Students will learn to use several performance assessment and improvement tools based on the operant learning literature, as well as learn strategies for effective supervision, training, and management of staff in human service organizations.

PSYC 281. Advanced Experimental Analysis of Behavior. 4 Units
Prerequisite(s): PSYC 271.
Term Typically Offered: Fall, Spring

Advanced consideration of small-N research designs. Analysis of complex contingencies of reinforcement and stimulus control as they apply to such topics as perceiving, thinking, abstractions, and concept formation. In-depth examination of behavior analytic principles in relation to choice behavior and verbal behavior.

PSYC 283. Teaching Of Psychology. 3 Units
Term Typically Offered: Fall, Spring

Covers the historical background of higher education, the social and administrative structure of colleges and universities, and the selection, preparation and planning of undergraduate psychology courses, particularly introductory courses.

PSYC 284. Assessment and Treatment of Behavior Problems. 4 Units
Prerequisite(s): Graduate status and instructor permission.
Term Typically Offered: Fall, Spring

Advanced study and practical experience in application and teaching of behavior analytic methods of assessment, data collection, program construction and evaluation for a variety of behavior problems. Students will become proficient in conducting functional analyses, positive programming, and constructing and implementing behavior intervention programs for behavior excesses (consistent with State of California laws) including, antecedent manipulations, differential reinforcement schedules, functional communication training, and response cost. They will be required to develop didactic skills with respect to these various programs. Lecture three hours; Lab three hours.

PSYC 291. Professional Issues in Behavior Analysis. 3 Units
Prerequisite(s): PSYC 271.
Term Typically Offered: Fall, Spring

Classroom and on-site experience in applied behavior analysis. Students will work at an approved agency for a minimum of 10 hours per week under the supervision of a Board Certified Behavior Analyst. Students will also meet in class to present and review their cases. Emphasis will be placed on treatment integrity and ethics.

Note: Requires permission of instructor. May be repeated for credit.

PSYC 294. Cooperative Research. 1 - 6 Units
Term Typically Offered: Fall, Spring

Students work cooperatively on a psychological research project under faculty supervision.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

PSYC 295A. Fieldwork in the Teaching of Psychology. 1 - 6 Units
Term Typically Offered: Fall, Spring

Supervised experience in various educational and instructionally related tasks, such as leading discussion groups, setting up and presenting demonstrations, constructing and scoring tests, and tutoring, at selected educational institutions in the Sacramento area.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit

PSYC 295C. Fieldwork in Personnel and Organizational Psychology. 1 - 6 Units
Term Typically Offered: Fall, Spring

Supervised work experience at a professional level in business and governmental organizations.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit

PSYC 295G. Fieldwork. 1 - 6 Units
Term Typically Offered: Fall, Spring

Projects in contemporary areas of psychology under the supervision of one or more faculty.

Note: Requires permission of instructor and the Department Chair. May be repeated once for credit.

Credit/No Credit
Public Policy and Administration (PPA)

PPA 100. Introduction to Public Policy and Administration. 3 Units
Prerequisite(s): GOVT 1 or GOVT 150 or equivalent.
Term Typically Offered: Fall, Spring

Explores context and process for policy making by national and California state governments, including ethical dimensions. Applications are developed from students’ and instructor’s areas of interest including K-12 and higher education, land-use policy, and aging issues such as elder advocacy, Social Security, and Medicaid. Provides background and skills for entry level positions in public or non-profit organizations.

Cross Listed: GERO 102; only one may be counted for credit.

PPA 200. Introduction to Public Policy and Administration. 3 Units
Term Typically Offered: Fall, Spring

Examines public policy and administration by exploring major policy processes, particularly in California state and local government. Topics include the emergence and specification of issues, developing and selecting policy options, implementing and administering policies and evaluating and terminating public policies. The course approach is comprehensive, transdisciplinary and human centered -- concerned with the interplay of values in shaping policy outcomes. The intent is to provide conceptual frameworks and operational principles required in identifying and resolving issues emerging in public settings.

Note: Satisfies the Graduate Writing Intensive Requirement (GWI).

PPA 205. Research in Public Policy and Administration. 3 Units
Term Typically Offered: Fall, Spring

Emphasizes fundamental research and management skills necessary in generating accurate and useful decision-related information for policy makers. Topics include conceptualizing and structuring research questions, collecting valid and relevant data and interpreting and presenting results. The course approach is pragmatic, transdisciplinary, and oriented to producers and users of policy research information. The intent is to enhance research skills in analyzing and resolving policy issues.

PPA 207. Quantitative Methods in Public Policy and Administration. 3 Units
Prerequisite(s): ECON 1B, PPA 205 or instructor permission.
Term Typically Offered: Fall, Spring

Study of quantitative methods as applied in public policy analysis. Concentrates on interpreting the results of econometric, statistical, and other public policy studies, and on determining the relevance and applicability of quantitative analysis with the larger scheme of public policy decision making.

PPA 210. Political Environment of Policy Making. 3 Units
Prerequisite(s): PPA 200 or instructor permission.
Term Typically Offered: Fall, Spring

Assists students in learning to identify the political factors impinging on the policy process and in learning to cope with them. With special emphasis on the California political environment and issues, employs case studies, structured role-playing, and including politically feasible policy alternatives and advice to hypothetical clients. The goal is to equip students to work effectively as politically aware policy analysts.

PPA 220A. Applied Economic Analysis I. 3 Units
Prerequisite(s): ECON 1B, or instructor permission.
Term Typically Offered: Fall, Spring

Presents the basic concepts, tools, and models of microeconomics in the context of public sector choices. The standard market demand and supply model is developed and used to analyze the effect of public policies (particularly those of California state and local governments) on consumers and businesses. The principles of welfare economics are presented and used to evaluate economic performance.

Note: Graduate Writing Intensive Course.

PPA 220B. Applied Economic Analysis II. 3 Units
Prerequisite(s): PPA 220A.
Term Typically Offered: Fall, Spring

Continuation of PPA 220A which focuses specifically on the role of government in a market-oriented economy with emphasis on market failures including: public goods, externalities, and monopoly. Corrective taxes and expenditure programs are discussed, and the technique of cost-benefit analysis is developed and applied to various state and local government projects.

PPA 230. Public Budgeting and Finance. 3 Units
Term Typically Offered: Fall, Spring

Enables students to understand, analyze, and evaluate the governmental budget process including revenue and expenditure patterns. The primary emphasis is on California state and local governments. The federal budget process is discussed primarily to reflect the impact that it has on state and local governments. Features both theoretical and practical approaches to budgets, including alternate budget formats. Various perspectives are utilized to explore the political, economic, and policy concerns inherent in the development and implementation of public sector budgets.
PPA 240A. Public Management and Administration I. 3 Units
Prerequisite(s): 1) graduate standing and 2) completion of PPA program prerequisites, or instructor permission.
Term Typically Offered: Fall, Spring
Examines concepts and approaches used in analyzing and understanding complex organizations. Organizational theory, management concepts, and behavioral analysis is employed to understand the dynamics and evolution of public sector organizations. Emphasis is placed on applying classic organizational theory and introductory leadership skills and issues.

PPA 240B. Public Management and Administration II. 3 Units
Prerequisite(s): PPA 240A.
Term Typically Offered: Fall, Spring
Continuation of PPA 240A. Examines concepts and approaches used in analyzing and understanding complex organizations. Emphasis is placed on ability to intervene and assist public agencies by designing intervention plans, engaging in strategic planning, promoting interdepartmental effectiveness, using advanced leadership issues and techniques, and using advanced organizational development strategies.

PPA 250. California Land Use Policy. 3 Units
Term Typically Offered: Fall, Spring
Examines public policies that influence land use. Reviews tools of land use planning and development and applies them to issues that dominate California policy choices including urban design, fiscalization of land use, sustained growth, and the challenges of social equity.

PPA 251. Urban Problems, Economics and Public Policy. 3 Units
Prerequisite(s): PPA 220A or ECON 100B.
Corequisite(s): ECON 251; only one of these courses may be counted for credit.
Term Typically Offered: Fall, Spring
Historical development, economics and possible policy solutions of the most pressing problems facing central cities and urban areas in the U.S. are presented. Problems discussed include poverty, crime, urban abandonment/suburban sprawl, edge cities, deteriorating infrastructures, and fiscal stress. Cross Listed: ECON 251; only one may be counted for credit.

PPA 270. Introduction to Collaborative Policy Making. 3 Units
Prerequisite(s): PPA 200 and PPA 210, or approval of instructor.
Term Typically Offered: Fall, Spring
Examines the theory and practice of collaborative policy-making using case studies of major collaborative processes. Topics include interpretative policy analysis, deliberative democracy theory, public participation, collaborative policy networks, the use of dialogue in public policy, resolution of policy controversies, and consensus building.

PPA 272. Collaborative Governance Advanced Practice. 3 Units
Prerequisite(s): PPA 270 with a grade of B- or better, or instructor permission.
Term Typically Offered: Fall, Spring
Practice driven, highly participatory course for professionals who require more advanced skills into collaborative methods. Topics include conflict analysis and assessment, analysis of advocacy speech, public participation, working with the media, and interagency networks. Focuses on active learning with practice in a wide variety of collaborative skills.

PPA 284. Urban Policy. 3 Units
Term Typically Offered: Fall, Spring
Exploration in-depth of the socio-economic problems of urban and metropolitan areas and evaluation of proposed political and governmental solutions. Cross Listed: GOVT 284; only one may be counted for credit.

PPA 291. Court Governance and Operations. 3 Units
Term Typically Offered: Fall, Spring
Studies the state judiciary as both independent and interdependent with the legislative and executive branches of government at both the state and local level. The goal is to develop foundational knowledge of the historical and evolving governing and operational principles of the California court system.

PPA 292. Court Management. 3 Units
Prerequisite(s): PPA 291 or instructor permission.
Term Typically Offered: Fall, Spring
Provides training in key court administrative areas identified by such organizations as the National Association of Court Management (e.g., case flow management). Drawing from interdisciplinary literature on management theory, court case studies illustrate and provide context.

PPA 293. Court Leadership. 3 Units
Term Typically Offered: Fall, Spring
Examines leadership in the court environment as distinct from management. Investigates how leadership principles are exercised in pivotal areas of the courts such as: community relations, creativity and innovation, organizational change, workforce development, succession planning, strategic planning and re-engineering.

PPA 294. Emerging Issues in Judicial Administration. 3 Units
Term Typically Offered: Fall, Spring
Addresses pressing issues in judicial administration (e.g., courts in an electronic world, rising administrative workloads, greater number of self-represented litigants). Specific topics may change from year to year depending on the urgency of topics and nature of policy implications.

PPA 295. Internship in Public Policy and Administration. 3 - 6 Units
Prerequisite(s): PPA 200.
Term Typically Offered: Fall, Spring
Supervised work experience in a government or related organization. Credit/No Credit

PPA 297A. Executive Fellows Introductory Seminar. 3 Units
Term Typically Offered: Fall, Spring
Seminar will enhance Executive Fellows’ understanding of the state policy making and administrative process, policy implementation, ethical responsibilities of policy and administrative actors.
Note: Open only to students admitted to the Executive Fellowship Program.
Punjabi (PUNJ)

PUNJ 1A. Elementary Punjabi. 4 Units

Term Typically Offered: Fall only

Continuation of PUNJ 1A, with emphasis on reading, writing, listening and speaking. Punjabi culture and its reflection in the language is given continued attention.

PUNJ 1B. Elementary Punjabi. 4 Units

Prerequisite(s): PUNJ 1A. General Education Area/Graduation Requirement: Humanities (Area C2), Foreign Language Graduation Requirement

Term Typically Offered: Spring only

Continuation of PUNJ 1A, with emphasis on reading, writing, listening and speaking. Punjabi culture and its reflection in the language is given continued attention.

Real Estate & Land Use (RELU)

RELU 199. Special Problems in Real Estate and Land Use Affairs. 1 - 3 Units

Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.

Credit/No Credit

Recreation, Parks, and Tourism Administration (RPTA)

RPTA 1. Orientation to Recreation, Parks and Tourism Administration. 1 Unit

Prerequisite(s): RPTA majors only or instructor permission.

Term Typically Offered: Fall, Spring

Introduction to the RPTA major with an emphasis on degree options, major advising, referrals to GE for general advising, information about the RPTA undergraduate student association, other local, statewide and national professional associations, scholarship opportunities, the 600-hour volunteer/paid placement prior to the internship, an overview of the internship process and a discussion about producing work in core and non-core RPTA courses for the portfolio requirement.

Credit/No Credit

RPTA 21. First Year Seminar: Becoming an Educated Person. 3 Units

General Education Area/Graduation Requirement: Understanding Personal Development (E)

Term Typically Offered: Fall only

Freshman seminar intended to provide students with an introduction to the nature and possible meanings of higher education and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Also provide students with an opportunity to interact with fellow students and the seminar leader and to build a community of academic and personal support.

RPTA 30. Recreation, Parks and Tourism in Contemporary Society. 3 Units

Term Typically Offered: Fall, Spring

Orientation to the nature, scope and significance of the recreation, park and tourism in today's world. Analyzes philosophical and related elements essential to the effective delivery of leisure services, including the role of affective, cognitive and social motivations and outcomes.

RPTA 32. Leadership and Group Development. 3 Units

General Education Area/Graduation Requirement: Understanding Personal Development (E)

Term Typically Offered: Fall, Spring

The purpose of this course is for students to develop an understanding of the theory and practice of leadership in various recreational organizational settings. The course will allow students the opportunity to develop leadership skills through lectures, self-assessments, experiential exercises, class discussions and case studies. Students are exposed to diverse theories and perspectives on leadership and are encouraged to apply critical thinking skills to develop their own working philosophy of the leadership that will serve them in their career contexts.
RPTA 33. Race, Class Gender and Leisure. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examination of the role of leisure in the social construction of markers of identity across gender, race, class, sexuality and disability, and leisure's role in the construction of institutional oppressions such as racism, sexism, homophobia and discrimination based on class and disability.

RPTA 34. The Outdoor Recreation Experience. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Encourages the student to identify and demonstrate an understanding of the value, meaning and benefits of outdoor recreation experiences and to explore a variety of outdoor adventure experiences. Outing skills such as trip planning, meal preparation, camp selection and set-up, equipment and clothing, map and compass, hygiene and first aid will be discussed and practiced. Students will also develop an awareness of and appreciation for minimum impact wilderness travel techniques and environmental responsibility and ethics.

RPTA 42. Recreation and Parks: Natural, Cultural, and Heritage Resources. 3 Units
Prerequisite(s): RPTA majors or minors only, or instructor permission.
Term Typically Offered: Fall, Spring

Examines the use of natural, cultural, and heritage resources for recreation, tourism and leisure purposes in a variety of settings and under the auspices of various agencies. Includes study of various protected areas and facilities, including parks, forests, museums, and cultural sites and how they are influenced by social trends, conflicting use demands, agency responsibilities, environmental considerations, and fiscal implications.

RPTA 50. Introduction to Rock Climbing. 1 Unit
Term Typically Offered: Fall, Spring

Designed to provide students with the basic knowledge, skills, and techniques of modern rock climbing. Students will learn skills pertaining to indoor top-rope and lead climbing, indoor and outdoor bouldering, and outdoor sport climbing. Students will also learn about outdoor ethics and environmental impact in relation to rock climbing.

RPTA 96A. Introduction to Recreation Law. 3 Units
Prerequisite(s): RPTA majors or minors only
Term Typically Offered: Fall, Spring

Introduces students to legal topics and regulations in Recreation, Parks and Tourism industries. Students are given a practical knowledge of the legal system, contracts, and legal applications to agency management, human rights and personnel. Course uses text book readings, case law from actual published decisions in the field of Recreation law, courtroom visitations, and professional speakers.

RPTA 96B. Budgeting for Recreation Services. 3 Units
Prerequisite(s): RPTA majors or minors only
Term Typically Offered: Fall, Spring

Introduces students to budget topics in Recreation, Parks, and Tourism, through the use of theoretical readings, case studies, and a series of professional speakers. Students will gain a broad understanding of the planning and implementation of the budget process for a leisure service agency, primarily those that are non-profit or tax-supported.

RPTA 96C. Cost Management for Hospitality. 3 Units
Prerequisite(s): RPTA majors or minors only
Term Typically Offered: Fall, Spring

Introduces students to a broad range of topics related to cost management in hospitality, and teaches students to analyze numerical data for decision-making in hospitality operations. Considers systems, techniques, information types, and presentational forms commonly used by hospitality managers. Additional topics include, financial statements and ratio analysis, various pricing methods, types of costs in hospitality and service industries, cost-volume-profit techniques, and the application of standard cost controls used in hospitality.

RPTA 96D. Introduction to Hospitality and Tourism. 3 Units
Term Typically Offered: Fall, Spring

This course provides an introductory overview of the hospitality and tourism industries. Industry growth and development, trends and current concerns, and professional employment segments are discussed.

RPTA 100. Recreation and Leisure Lifestyle Development. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Broad general overview of the recreation and leisure movement followed by a specific examination of changing leisure lifestyles and their impact on the individual's choice of recreation and leisure patterns. Also examine the impact that the choice of leisure lifestyles has on other aspects of the individual's life as well as the negative effects of restrictive or inadequate leisure involvement.

RPTA 101. Senior Seminar. 1 Unit
Prerequisite(s): RPTA 1 and senior status
Term Typically Offered: Fall, Spring

Students will focus on identifying potential internships, refining resumes and writing cover letters for securing internships. Complete their portfolio requirement for graduation and learn about the alumni association for RPTA graduates.

Credit/No Credit

RPTA 102. Recreation Therapy Professional Practice. 1 Unit
Prerequisite(s): RPTA 1, RPTA 106, RPTA 115, RPTA 116, RPTA 117, RPTA 118 and senior level.
Corequisite(s): RPTA 115, RPTA 116, and/or RPTA 118 may be taken concurrently.
Term Typically Offered: Fall, Spring

This senior level course is intended to build upon a student's previous coursework in recreation therapy, and link the theoretical foundation with day-to-day practical applications. Students will fine-tune skills and interests in recreation therapy, learn methods for effective networking, and develop interviewing techniques in order to identify appropriate internships and employment opportunities.

Credit/No Credit

RPTA 105. Management in Recreation, Parks and Tourism. 3 Units
Prerequisite(s): RPTA 30 or instructor permission
Term Typically Offered: Fall, Spring

Analyzes the functions of managers including planning, organizing, staffing, leading and controlling. Also examines basic principles, techniques and tools associated with these functions. Consideration of internal and external environments which influence the managerial process and the manager's role in various areas of enterprise activity.
RPTA 106. Introduction to Inclusive Recreation and Recreation Therapy. 3 Units
Prerequisite(s): RPTA majors and minors only or instructor permission.
Term Typically Offered: Fall, Spring
Addresses the etiology and nature of common disabling conditions and examines issues of leisure participation and inclusion for underrepresented populations. Topics include: attitudinal barriers, advocacy, normalization, universal design, activity analysis and modification, and legislation. Emphasis on leadership, supervision and organizational development of inclusive and recreation therapy programs.

RPTA 107. Grant Writing for Leisure Organizations. 3 Units
Prerequisite(s): Senior status or instructor permission.
Term Typically Offered: Spring only
A detailed examination of grant writing as a means of augmenting agency revenues for specific recreation projects, programs and research. An in-depth assessment of techniques used to source funding opportunities relevant to recreation and leisure agencies. A review of budget preparation and grant management.

RPTA 109. Computer Applications in Recreation, Parks and Tourism. 2 Units
Term Typically Offered: Fall, Spring
Introduces the student to the use of micro-computers in recreation, park and leisure services enterprises. Emphasis will be on the application of word processing, data bases, spread sheets and graphics to the work of professionals within the field. Consideration will also be given to telecommunications, interactive video and desktop publishing.

RPTA 110. Research and Evaluation in Recreation, Parks and Tourism. 3 Units
Prerequisite(s): RPTA 1 and RPTA 30.
Term Typically Offered: Fall, Spring
Provides students with tools to analyze leisure behavior, interests and the motivational basis of leisure as they apply to the field of recreation and leisure services. Emphasizes applied research techniques including qualitative, descriptive and analytical methods, and program evaluation.

RPTA 115. Recreation Therapy Assessment and Documentation. 3 Units
Prerequisite(s): CHDV 30, PSYC 168, RPTA 106 and RPTA 117; or instructor permission.
Term Typically Offered: Fall, Spring
Assessment procedures and instruments used to assure competence in assessment of client function in leisure. Documentation, assessment, regulations in different settings (i.e., community hospital, and clinical settings), protocols and development of individual treatment plans. Students are exposed to the Recreation Therapy process (APIE) in a variety of clinical and community settings.

RPTA 116. Recreation Therapy Principles and Practices and the Recreation Therapy Process. 3 Units
Prerequisite(s): CHDV 30, RPTA 30, RPTA 106 and RPTA 117; or instructor permission. RPTA 117 may be taken concurrently.
Term Typically Offered: Fall, Spring
Philosophy and principles underlying the work performed by the recreation therapist are studied including assessment, individual program planning, interpersonal interaction skills, and working with families.

RPTA 117. Recreation Therapy and Contemporary Aspects of Disability. 3 Units
Prerequisite(s): RPTA 106; RPTA 106 may be taken concurrently.
Term Typically Offered: Fall, Spring
In-depth exploration of a variety of disabilities and diseases, including physical disabilities, developmental disabilities, intellectual disabilities, mental health, hearing and vision impairments, and disabilities related to aging. Content will focus on etiology, prognosis, symptomatic conditions, prescription drugs, and recreation therapy interventions. Medical terminology will be covered.

RPTA 118. Recreation Therapy Facilitation Techniques. 3 Units
Prerequisite(s): CHDV 30, PSYC 168, RPTA 30, RPTA 106 and RPTA 117; or instructor permission.
Term Typically Offered: Fall, Spring
Covers basic concepts, methods and techniques associated with the practice of recreation therapy. Students will understand and apply the recreation therapy process through intervention and facilitation methods that are critical to helping clients in health and human service settings. The goal is to assist students in developing the ability to use recreation, leisure and play in recreation therapy programs as interventions in the treatment process.

RPTA 119. Recreation Therapy Management and Advancement of the Profession. 3 Units
Prerequisite(s): BIO 25, CHDV 30, PSYC 168, RPTA 105, RPTA 106, RPTA 115, RPTA 116, RPTA 117 and RPTA 118; or instructor permission.
Term Typically Offered: Fall, Spring
Examination of existing recreation programs in clinical settings (acute care hospitals, rehabilitation centers, state hospitals, skilled nursing facilities, intermediate care facilities, etc.); review of standards and regulations pertaining to recreation programs, development of recreation therapy programs, review of the roles of practitioners in related disciplines. Review of intervention techniques, program organization, management, and advancement of the profession and professional ethics.

RPTA 120. Leisure Education. 3 Units
Prerequisite(s): RPTA 106.
Term Typically Offered: Fall, Spring
History, scope and process of leisure education. A survey of guidance theories and procedures, including assessment techniques, program development, implementation and evaluations. The role of leisure education in diverse leisure delivery systems and with diverse populations. Legal, ethical, and professional aspects of leisure education.

RPTA 122. Perspectives On Leisure. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (W), Understanding Personal Development (E)
Term Typically Offered: Fall, Spring, Summer
Basic philosophical, historical, psychological and scientific foundations and developments in leisure and recreation theory; review of the cultural forces, institutions and theories that affect individuals and society.
Field trip(s) may be required.

RPTA 128.  Recreation Services for Diverse, Underserved and Underrepresented Populations.  3 Units
Term Typically Offered: Spring only

Examines how recreation service providers work with diverse segments of the community. Class will examine a variety of populations that have been underserved and that may be at risk. Examines the impact of factors such as racism, sexism, classism, ageism, ableism and heterosexism that affect access to programs and services for diverse populations.

RPTA 129.  Youth Development in Recreation, Parks & Tourism.  3 Units
Term Typically Offered: Fall, Spring

This course will focus on examining contemporary issues and trends related to young people and youth development in recreation, parks and tourism. Students will learn about youth development frameworks and how to apply those frameworks to recreation-based settings. Students will learn about the importance of engaging youth in the process of program planning and development.

RPTA 130.  Community Sport Programming.  3 Units
This course emphasizes sport as a program component of community-based recreation services in both public and private settings. Students will develop skills related to successful sport program development, implementation and evaluation, through in-class lecture, site visits, and student developed projects. Additional topics will include promotion, funding, staffing, purchasing, and maintenance as related to managing sport programs.

RPTA 131.  Morale Welfare and Recreation (MWR): Military Recreation Services.  3 Units
Term Typically Offered: Fall, Spring

Students develop an understanding of the administration and programming of Morale, Welfare and Recreation Services for individuals serving in the military and their families. Recreation facilities and programs for all branches of the military, including the US Army, US Navy, US Marines, US Air Force and US Coast Guard, are covered. The course utilizes lectures, experiential exercises, class discussions and onsite visits to military installations.

RPTA 132.  Campus Recreation.  3 Units
Term Typically Offered: Fall, Spring

This course introduces students to campus recreation programs. Students will be introduced to theories of student development in these recreational settings; the organizational context and history of recreational programs within a college setting; and the range of programming, facilities, and managerial duties within campus and base recreation. This will provide a great starting point for students preparing for a profession on campus, institutional and/or military recreation, or students wanting to broaden their knowledge in the overall field.

RPTA 136.  Program and Event Planning in Recreation, Parks and Tourism.  3 Units
Prerequisite(s): RPTA 32.
Term Typically Offered: Fall, Spring

The program/event planning process will be described and explained. Relevant principles and methods will be identified. Students will develop a program/event plan for a local organization. Field trips may be required. Field trip(s) may be required.

RPTA 137.  Community Organization.  3 Units
Term Typically Offered: Fall, Spring

Study of institutions and leisure service systems within the community, and the dynamics of community organization practices and actions. The role of the recreation and leisure service practitioner in bringing about community changes. Defining and promoting citizen participation through advisory council membership, survey applications, and public hearing attendance.

RPTA 139.  Conference and Meeting Planning.  3 Units
Prerequisite(s): Restricted to declared RPTA majors and minors or instructor permission
Term Typically Offered: Fall only

Analyzes this varied, growth industry. Considers the range of conferences and meetings, from small corporate retreats to international conventions. Topics include: the scope of the industry, the role of convention centers, hotel and resort based meeting facilities, organizations that hold meetings and the nature of those meetings, meeting planning and the role of the professional planner and industry related careers. Field trips may be required. Field trip(s) may be required.

RPTA 148.  Experiential Education in Outdoor Recreation Settings.  3 Units
Term Typically Offered: Spring only

Exposes the students to theoretical and philosophical concepts of experiential education and provides a means through which they can put theory into practice in outdoor recreation settings. Using methods such as demonstrations, observation, presentations, and discussions, the course will explore the history and current trends of experience-based learning.

RPTA 149.  Developing and Programming Adventure Experiences.  3 Units
Term Typically Offered: Fall only

Provides students with the working knowledge needed to produce enriching and fulfilling adventure leisure experiences. In order to most effectively aid and assist others in the process of maximizing their leisure experiences, the student of leisure must first know how to maximize these experiences for and within themselves. Therefore, students will be participating in leisure adventure experiences so they can be as effective as possible when developing and programming leisure adventure experience opportunities for others.

RPTA 150.  Ecology Of Resource Areas.  3 Units
Term Typically Offered: Fall, Spring

Study of the fundamentals of ecology, silvics, soil science and manipulations of an ecosystem with emphasis on the whole biota as it relates to outdoor recreation areas. Designed to provide an understanding of the scientific basis for and the operational rationale of manipulation of natural resources for a variety of recreation uses.

RPTA 151.  Visitor Management in Recreation Areas.  3 Units
Term Typically Offered: Fall, Spring

Visitor safety in recreation areas as it relates to the role and functions of management. Emphasis is given to principles and current legislation in hazard reduction, deviant behavior, liability, law enforcement, and other related topics.
RPTA 152. Law Enforcement for Forest and Park Rangers. 3 Units
Term Typically Offered: Spring only
State, county and federal park rangers and wardens differ from other peace officers in that they are trained to protect visitors and cultural and natural resources on our public lands. This course offers a survey of topics related to the Peace Officer level of rangers across America's diverse public land systems, with an emphasis on career opportunities in park, forest, and wildlife management.

RPTA 153. Environmental Interpretation and Outdoor Education. 3 Units
Term Typically Offered: Fall, Spring
Examines the theories, principles and techniques of interpreting outdoor recreation and/or park values to the public. Principles and procedures requisite to the operation of an outdoor education camp will be covered. Such areas as curriculum development and facilities design will be explored. Designed for teachers, camp leaders, outdoor education and recreation leaders, and park naturalists and interpreters.

RPTA 154. Management of Recreation Facilities. 3 Units
Term Typically Offered: Fall only
An introduction to aspects of recreation facility administration for several facility types, including campus recreation facilities, health clubs, community centers, park facilities and aquatic centers. Course topics include administration techniques related to staffing and outsourcing, the roles of the facility manager, analyzing financing sources, best practices in facility maintenance, and issues related to facility design. The course utilizes class discussions, guest speakers and facility site visitations on and off campus.

RPTA 160. Legal and Budget Topics in RPTA. 3 Units
Term Typically Offered: Fall, Spring
Introduces students to budget and legal topics in Recreation, Parks, and Tourism Administration, through the use of theoretical readings, case studies/legal cases, and a series of professional speakers. Three hour lecture.

RPTA 164. Leadership and Fundraising for Non-profit Organizations. 3 Units
Term Typically Offered: Spring only
Introduces students to principles and concepts of nonprofit leadership. This course will explore and provide an understanding of historical and philosophical foundations of nonprofit organizations; board/committee development and operation; and volunteer management. Students will also learn about fundraising methods and strategies. The course will consist of lecture, readings, discussion, guest speakers, nonprofit agency visitations, active learning exercises, and a community-learning component.

RPTA 165. Volunteer Management in Recreation, Parks and Tourism. 3 Units
Term Typically Offered: Fall only
This course will focus on examining issues and trends related to volunteer management in recreation, parks and tourism-related organizations. Students will begin to understand the role of volunteerism and develop the skills necessary for effective volunteer management through: assessing program needs for volunteers, screening, orientation, training, placement, supervision, motivation, retention and celebration of volunteers.

RPTA 166. Administration in Recreation, Parks and Tourism. 3 Units
Prerequisite(s): RPTA 105.
Term Typically Offered: Fall, Spring
Designed to provide the student with various in-depth perspectives regarding the use of management/administrative process in recreation, parks and tourism.

RPTA 167. Professional Organization Leadership. 3 Units
Prerequisite(s): RPTA 30, RPTA 32, and RPTA 105, or instructor permission
Term Typically Offered: Fall, Spring
This course is designed to introduce students to the historical and philosophical foundations of professionalism, and provide the necessary conceptual and technical competencies to organize and lead a successful professional organization/association. Political, legal and ethical issues will be discussed as well as the functions and roles of professional organizations/associations. The relationship between professionalism and advocacy will be examined.

RPTA 180. Foundations of Commercial Recreation. 3 Units
Term Typically Offered: Fall only
Overview of the historical and philosophical foundations of the commercial recreation field. Identification of providers of commercial recreation goods and services. Analyzes current functions and trends in the operation of commercial leisure enterprises.

RPTA 182. Travel And Tourism. 3 Units
Term Typically Offered: Fall only
Examination of the history, significance and nature of travel and tourism in the world with emphasis on the U.S. Analyzes economic, cultural and social factors underlying development and growth of travel and tourism and a review of related research. Identification and description of travel and tourism service providers including their organization, financing and management practices. Prerequisite: Declared RPTA majors and minors only or instructor permission

RPTA 183. Marketing Recreation Services. 3 Units
Prerequisite(s): RPTA 30 or instructor permission
Term Typically Offered: Fall, Spring
Fields of recreation (including therapeutic, commercial, municipal, etc.), tourism and hospitality, while diverse, all offer products that are primarily intangible. The management and marketing of such service products can differ profoundly from those of goods products (often the focus of traditional business programs). Addresses the nature of the service product and services marketing in the people intensive, experiential world of recreation.

RPTA 184. Hospitality Administration. 3 Units
Prerequisite(s): Restricted to declared RPTA major and minors or instructor permission
Term Typically Offered: Spring only
Introduces students to resorts and hotels and their position within the tourism and hospitality industries. The scope of the hospitality industry and various issues concerning the successful development of a hospitality product will be discussed. Prepares students to engage in an internship or employment in this or a related industry, including restaurants and retail. It also helps these and other students to reinforce concepts and skills learned elsewhere by providing concrete, real-world examples of marketing and management methods.
RPTA 185.  Advanced Seminar in Commercial Recreation Administration.  
3 Units  
Prerequisite(s): RPTA 180, RPTA 105 and RPTA 183; RPTA 183 may be taken concurrently; or instructor permission.  
Term Typically Offered: Fall, Spring  
In-depth analysis of the management of recreational business on a for-profit basis. Focuses on advanced topics, analytical skills, and problem solving in the management arena.

RPTA 188.  Sacramento Region Craft Beer Tourism.  
1 Unit  
Prerequisite(s): Declared RPTA major or minor, or instructor permission  
Term Typically Offered: Fall, Spring  
Introduction to visitation and tourism related to California’s craft beer industry, specifically in the Sacramento region. This course will provide students with a basic knowledge of craft beer as one of several local products that combine to create a unique agrotourism selling proposition for Sacramento. Tourism-related products (beer festivals and contests, beer trails, beer bikes, and beer apps), hospitality (brewery tasting rooms and beer retail), as well as beer laws, and beer pairings will also be discussed.  
Note: This course contains required field trips.  
Field trip(s) may be required.

RPTA 189.  California Wine and Agri-Tourism.  
3 Units  
Prerequisite(s): Restricted to declared RPTA majors and minors or instructor permission  
Term Typically Offered: Spring only  
Introduction to the wine tourism and agri-tourism industries, specifically in the region surrounding Sacramento. Emphasis on wine regions, wineries as event stages, wine mythology and wine in popular culture. Additionally, the course will cover the role of agricultural festivals, related agri-tourism products, slow-food, specialty crop tourism, winery and farm retail, culinary destinations, wine list creation, ag natural tourism products and the role of agri-tourism as part of Sacramento’s cultural identity.

RPTA 191.  Service Learning Option for Recreation, Parks and Tourism Administration Courses.  
1 Unit  
Term Typically Offered: Fall, Spring  
Individual goals, activities, and academic requirements for community service work and the service-learning credit option are outlined in a Service Learning Option/Contract agreed upon and signed by the student, instructor, and agency sponsor. Enrolled students are required to attend mid-semester and final learning assessment workshops and to complete written evaluations. Credit for the course awarded only if contract and course requirements are completed. Credit/No Credit

RPTA 195B.  Partial Internship: Recreation and Park Management.  
4 Units  
Prerequisite(s): RPTA 1, RPTA 30, RPTA 32, RPTA 42, RPTA 101, RPTA 105, RPTA 106, RPTA 109, RPTA 110, RPTA 136 and approval of academic advisor and internship coordinator.  
Term Typically Offered: Fall, Spring  
Supervised part-time or short-term internship in a recreation, park or tourism organization or business. Supervision is provided by faculty and also by personnel at the host site.  
Note: Refer to the RPTA Internship Manual for procedures and requirements.

RPTA 195C.  Partial Internship: Recreation and Park Management.  
6 Units  
Prerequisite(s): RPTA 1, RPTA 30, RPTA 32, RPTA 42, RPTA 101, RPTA 105, RPTA 106, RPTA 109, RPTA 110, RPTA 136 and approval of academic advisor and internship coordinator.  
Term Typically Offered: Fall, Spring  
Supervised part-time or short-term internship in a recreation, park or tourism organization or business. Supervision is provided by faculty and also by personnel at the host site.  
Note: Refer to the RPTA Internship Manual for procedures and requirements.

RPTA 195D.  Recreation Therapy Internship.  
10 - 15 Units  
Prerequisite(s): BIO 25, CHDV 30, PSYC 168, RPTA 1, RPTA 30, RPTA 102, RPTA 106, RPTA 110, RPTA 115, RPTA 116, RPTA 117, RPTA 118, RPTA 119, and RPTA 136; completion of required administrative paperwork in the semester prior to internship, approval of major advisor.  
Term Typically Offered: Fall, Spring  
Supervised full-time therapeutic internship in a recreation, park or tourism organization or business. Supervision is provided by faculty and also by certified personnel at the host site. Meets the professional certification requirements at the national or state levels.  
Note: Refer to the RPTA Internship Manual for procedures and requirements.

RPTA 195E.  Internship: Recreation and Park Management.  
10 - 15 Units  
Prerequisite(s): RPTA 1, RPTA 30, RPTA 32, RPTA 42, RPTA 101, RPTA 105, RPTA 106, RPTA 109, RPTA 110, RPTA 136 and approval of academic advisor and internship coordinator.  
Term Typically Offered: Fall, Spring  
Supervised full-time internship in a recreation, park or tourism organization or business. Supervision is provided by faculty and also by personnel at the host site.  
Note: Refer to the RPTA Internship Manual for procedures and requirements.

RPTA 195F.  Partial Internship: Recreation and Park Management.  
4 Units  
Prerequisite(s): RPTA 1, RPTA 30, RPTA 32, RPTA 42, RPTA 101, RPTA 105, RPTA 106, RPTA 109, RPTA 110, RPTA 136 and approval of academic advisor and internship coordinator.  
Term Typically Offered: Fall, Spring  
Supervised part-time or short-term internship in a recreation, park or tourism organization or business. Supervision is provided by faculty and also by personnel at the host site.  
Note: Refer to the RPTA Internship Manual for procedures and requirements.

RPTA 195G.  Partial Internship: Recreation and Park Management.  
6 Units  
Prerequisite(s): RPTA 1, RPTA 30, RPTA 32, RPTA 42, RPTA 101, RPTA 105, RPTA 106, RPTA 109, RPTA 110, RPTA 136 and approval of academic advisor and internship coordinator.  
Term Typically Offered: Fall, Spring  
Supervised part-time or short-term internship in a recreation, park or tourism organization or business. Supervision is provided by faculty and also by personnel at the host site.  
Note: Refer to the RPTA Internship Manual for procedures and requirements.

RPTA 196E.  Introduction to Posttraumatic Growth.  
3 Units  
Term Typically Offered: Fall, Spring  
Traumatic life events affect individuals, families and communities. This course is designed to assist professionals working with survivors of traumatic events. Posttraumatic growth (PTG) is a positive focus, viewed from the perspective of the individual, secondary survivor, and the community. Clinical application illuminating a pathway toward PTG is also studied and discussed. The course incorporates current research, films, books, poems, plays, and interviews with survivors, will be used to profile individuals, families, communities, and organizations.

RPTA 196H.  Revenue Management for Hospitality.  
3 Units  
Prerequisite(s): RPTA 96C, RPTA majors and minors only  
Revenue management is critical to the hospitality industry due to the perishable nature of a service based product. This course introduces students to topics related to revenue management in hospitality and teaches students techniques to manage revenue in a dynamic hospitality environment. Capacity management, demand and revenue forecasting, discounting, overbooking practices, channel management, and pricing execution for the hospitality operations are discussed.
RPTA 198. Co-Curricular Activities. 1 - 3 Units
Prerequisite(s): Approval of an instructor and the Department chair.
Term Typically Offered: Fall, Spring

Co-curricular activities related to the subject matter and professional concerns of Recreation and Leisure Studies. For example, students may earn credit by participating as a tutor or discussion leader for recreation and leisure studies classes or a teacher or leader in programs offered by community organizations.

Note: The course may be repeated three times for a maximum total of 3 units. Students can enroll for a class that counts as 1, 2 or 3 units. No more than 3 units of RPTA 198 may be used to meet the major requirements.

Credit/No Credit

RPTA 199. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of an instructor and the Department chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Open only to students who appear competent to carry on individual work. Can be repeated six times for a maximum total of 6 units. Students can enroll for a class that counts as 1, 2 or 3 units. No more than 6 units of RPTA 198 and RPTA 199 in combination may be used to meet major requirements.

Credit/No Credit

RPTA 200. Foundations of Leisure Concepts and Application. 3 Units
Term Typically Offered: Fall, Spring

Provides a comprehensive awareness of the historical, philosophical, psychological, experiential, and behavioral foundations of leisure. Global leisure perspectives examined in relationship to cultural diversity, current trends, future perspective, and economic implications. The art and science of providing fulfilling leisure experiences through private entrepreneurial recreations and public delivery systems explored.

RPTA 201. Advanced Studies in Leisure, Recreation, Parks and Tourism. 3 Units
Prerequisite(s): RPTA 200
Term Typically Offered: Fall, Spring

The purpose of this course is to move students beyond conceptual foundations of leisure, recreation, parks and tourism administration to more theoretically advanced aspects of the field. In this course, students will pursue an in-depth exploration of the theories and research related to leisure, recreation, parks and tourism.

RPTA 202. Policies, Issues, and Problems in Recreation, Parks and Tourism. 3 Units
Term Typically Offered: Fall, Spring

Major environmental and recreational issues and problems affecting the recreation, parks and tourism field are discussed, analyzed, and evaluated. Ramifications involving policy making and planning processes of major federal, state, and local agencies involved with recreation, parks and tourism delivery services are also covered.

RPTA 203. Advanced Administration in Recreation, Parks and Tourism. 3 Units
Term Typically Offered: Fall, Spring

Examination of contemporary resources, techniques, and tools available to administrators in various types of recreation, parks and tourism delivery systems.

RPTA 204. Advanced Research Methods in Recreation, Parks and Tourism. 3 Units
Prerequisite(s): RPTA 200, RPTA 202, and graduate advisor approval.
Term Typically Offered: Fall, Spring

Provides an analysis of major research methods used in recreation, parks and tourism administration. Addresses basic and applied research orientations, research designs, research proposals, data collection tools and methods, data analysis, and reporting of research findings.

RPTA 206. Liability and Risk Management in Recreation, Parks and Tourism. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

In-depth analysis of the principles of legal liability as they pertain to recreation, parks and tourism administration. An examination of the pervasive nature of risk as it pertains to the provision of recreation, parks and tourism programs and opportunities, and the concepts and methods of risk management. Includes field trips, mock trials or other related activities. Field trip(s) may be required.

RPTA 207. Grant Writing for Recreation, Parks and Tourism Organizations. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

A detailed examination of grant writing as a means of augmenting agency revenues for specific recreation projects, programs and research. An in-depth assessment of techniques used to source funding opportunities relevant to recreation and leisure agencies. A review of budget preparation and grant management.

Note: Students may not take both RPTA 107 and RPTA 207 for credit.

RPTA 209. Seminar in Advanced Leisure Education. 3 Units
Term Typically Offered: Fall, Spring

Surveys current and historical perspectives of leisure education from a multicultural and life span viewpoint. Current modes of service delivery will be discussed as they relate to leisure theories. Methods of leisure education provision in diverse settings from school-park collaboratives, retirement and rehabilitation centers, to corporate wellness will be investigated. Development, implementation and management of viable leisure education services will be covered as well presentation, training and consultation skills.

RPTA 295. Practicum. 3 - 6 Units
Prerequisite(s): Approval of major advisor.
Term Typically Offered: Fall, Spring

Graduate internship experiences in a practical setting.

Note: Open only to graduate students. Can be repeated two times for a maximum total of 6 units. Students can enroll for a class that counts as 3, 4, 5 or 6 units. No more than 6 units of RPTA 295 and RPTA 299 in combination may be used to meet degree requirements.

Credit/No Credit
RPTA 299. Individual Study. 1 - 6 Units
Prerequisite(s): Approved petition filed in the department office.
Term Typically Offered: Fall, Spring

Individual project, problem, practical study, survey, and/or directed reading on the graduate level.
Note: Can be repeated six times for a maximum total of 6 units. Students can enroll for a class that counts as 1, 2, 3, 4, 5 or 6 units. No more than six units of RPTA 295 and RPTA 299 in combination may be used to meet major requirements.

Credit/No Credit

RPTA 500A. Culminating Experience: Thesis. 1 - 3 Units
Prerequisite(s): Advanced to candidacy and permission of graduate coordinator.
Term Typically Offered: Fall, Spring

Successful completion of a thesis approved for the Master’s degree. Student must have approval from first reader.

Credit/No Credit

RPTA 500B. Culminating Experience: Project. 1 - 3 Units
Prerequisite(s): Advanced to candidacy and permission of graduate coordinator.
Term Typically Offered: Fall, Spring

Successful completion of a project approved for Master’s degree. Student must have approval from the first reader.

Credit/No Credit

RPTA 500C. Culminating Experience: Comprehensive Exam. 1 - 3 Units
Prerequisite(s): Advanced to candidacy and permission of graduate coordinator.
Term Typically Offered: Fall, Spring

Successful completion of a comprehensive examination approved for Master’s degree.

Credit/No Credit

ROTC - Aerospace Studies (AERO)

AERO 1A. Foundations of the Air Force I. 1 Unit
Term Typically Offered: Fall, Spring

Orientation to the Air Force and AFROTC. Students will gain an understanding of the benefits of Air Force ROTC membership, the Air Force’s organizational structure and its installations, jobs and careers available in the Air Force, the American way of war and benefits of Air Force membership. Students will be required to complete an oral and written project.

AERO 1B. Foundations of the Air Force II. 1 Unit
Term Typically Offered: Fall, Spring

Continuation of AERO 1A: completes students’ orientation to the Air Force. Specific topics include team building, introduction to leadership, communication skills, Air Force Core Values, diversity and harassment, and the Oath of Office. An oral and written project is required.

AERO 21A. The Evolution of USAF Air and Space Power I. 1 Unit
Term Typically Offered: Fall, Spring

Overview of the history of American air power from the Wright Brothers to the beginning of the Cold War. Key leaders and milestones will be discussed. Communication skills will be emphasized and include: public speaking, writing, and class participation.

AERO 21B. The Evolution of USAF Air and Space Power II. 1 Unit
Term Typically Offered: Fall, Spring

Continuation of AERO 21A. Overview of the history of American air power from Vietnam to today’s modern Air Force. Key leaders and milestones will be discussed. Communication skills will be emphasized and include: speaking, writing, and class participation.

AERO 135A. Leadership and Management I. 3 Units
Term Typically Offered: Fall, Spring

Survey of selected concepts, principles, and theories on leadership, followership, management, delegation, mentoring, and responsibility. Students will be given the opportunity to improve speaking and writing skills.

AERO 135B. Leadership and Management II. 3 Units
Term Typically Offered: Fall, Spring

Survey of selected concepts, principles, and theories on team building, speaking and writing effectively, listening, feedback, performance evaluations, ethics, character, and officership. Students will be given the opportunity to improve speaking and writing skills.

AERO 145A. National Security Affairs. 3 Units
Term Typically Offered: Fall, Spring

Provides an overview of the role of the military in our national security policy and processes. It includes an analysis of the roles of the three branches of government as they relate to national security; an examination of the doctrine and organization of the Air Force as well as other branches of the military; an overview of military ethics; and a discussion of global current events which impact our national security. Students will be expected to participate in class discussions and complete a written and oral presentation.

AERO 145B. Preparation for Active Duty. 3 Units
Term Typically Offered: Fall, Spring

Presentation of critical issues facing today’s military professionals. A wide variety of topics are discussed including: the military legal system; the laws of armed conflict; security issues; personal finance; professional/unprofessional relationships; information warfare; and issues pertinent to the first assignment after commissioning into the Air Force. Students will be expected to participate in class discussions and complete a written and oral presentation.
AERO 199. Special Problems. 1 - 4 Units
Term Typically Offered: Fall, Spring

Academic study and evaluation in specified topics associated with aerospace development, technology, and doctrine.

Note: Open only to those students who appear competent to complete assigned work and who meet prerequisites established by the Department of Aerospace Studies. Approval in writing by the Department Chair required.

Credit/No Credit

Russian (RUSS)

RUSS 1A. Elementary Russian. 5 Units
Term Typically Offered: Fall only

Russian language beginning course with primary emphasis on the development of communication skills. Russian life and culture are introduced through readings and video/films.

RUSS 1B. Elementary Russian. 5 Units
Prerequisite(s): RUSS 1A or instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2), Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of RUSS 1A. Continued emphasis on communication skills and continued integration of cultural-historical components with the language learning experience.

RUSS 2A. Intermediate Russian. 4 Units
Prerequisite(s): RUSS 1B or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of RUSS 1 with further emphasis on the development of communication skills. Meets the Foreign Language Graduation Proficiency Requirement.

RUSS 2B. Intermediate Russian. 4 Units
Prerequisite(s): RUSS 2A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of RUSS 2A. Meets the Foreign Language Graduation Proficiency Requirement.

RUSS 120. Russian Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduction to the cultural context that has accompanied Russia's political history from the earliest days of the Kievan state to current post-Communist Russia. Through reading Russian poems and short stories, interviewing Russians, and viewing Russian films, the student will begin to view Russia as Russians see it; thus, the overall objective is to introduce students to the richness of Russia's civilization through her people's own words and images.

RUSS 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Open only to students who are competent to carry on independent study. Admission requires the approval of the instructor by whom the work is to be supervised.

Credit/No Credit

Social Sciences (SSCI)

SSCI 193. Integrating History and Social Science. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Spring only

Capstone seminar that serves as a bridge between academic preparation and entry into a professional teacher credential program. Students will examine social science-history in the State curriculum framework, reflect on subject matter preparation, focus on middle and high school social science teaching and learning, investigate and evaluate resources pertinent to instruction, and explore current issues in education.

SSCI 199. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of instructor or Department chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading. Requires permission of instructor and department chair.

Credit/No Credit

Social Work (SWRK)

SWRK 95. Introduction to Social Work. 3 Units
Term Typically Offered: Fall, Spring

Provides an overview of the social work profession and of social welfare systems especially in relation to marginalized populations. Also introduces a generalist perspective to social work practice with emphasis on professional development. Students are exposed to the values and ethics of social work, as well as the important ideologies that have shaped social welfare and social work.

Note: Includes a 30 hour volunteer experience to aid in assessing student's appropriateness for the profession. A grade of "C" or better is required before taking SWRK 140A.

SWRK 102. Crosscultural Theory and Practice: Issues of Race, Gender and Class. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D
Term Typically Offered: Fall, Spring, Summer

Increase student awareness of social, political, economic, and cultural diversity. Addresses patterns and consequences of discrimination and oppression as well as theoretical and practice content and strategies for social change.

SWRK 110. Statistics and Research for Social Workers. 3 Units
Term Typically Offered: Fall, Spring, Summer

Descriptive and inferential statistics, sampling, probability distribution, introduction to research methods, relationship of statistics to research methods; illustrations drawn from the field of human services.
SWRK 111. Research Methods and Program Evaluation. 3 Units
Prerequisite(s): SWRK 110.
Corequisite(s): SWRK 140B or SWRK 140C.
Term Typically Offered: Fall, Spring

User oriented research methods focusing on locating, understanding, and using the professional research literature relevant to the development of skills for the human service practitioner; and methods of evaluating one's own practice and agency programs.

SWRK 118. Chemical Dependency and Social Work Practice. 3 Units
Term Typically Offered: Fall, Spring

Introduction to social work practice with the alcoholic/addicted individual or family. The ecological framework will be utilized for studying alcohol and drug dependence and its prevention/intervention. Emphasis will be placed on addiction as a biopsychosocial problem with a special focus on oppressed and marginalized populations.

SWRK 125A. Human Behavior and the Social Environment: Theory. 3 Units
Prerequisite(s): SWRK Majors only and BIO 1, BIO 10, BIO 20 or ANTH 1; and ECON 1A, ECON 1B or SOC 1; and CRJ 1, GER 100, SOC 3 or SOC 10.
Term Typically Offered: Fall only

Theory forms the foundation of all social work practice, attempting to explain complicated human behavior in interaction with diverse environments. This course examines core theories of human behavior, families, small groups, organizations, social movements, and human society from a variety of social science disciplines. Each theory will be critically examined in respect to application towards diverse groups and the vulnerable populations that social workers serve.

SWRK 125B. Human Behavior and the Social Environment: The Life Course. 3 Units
Prerequisite(s): SWRK majors only and SWRK 125A
Term Typically Offered: Spring only

This course examines growth and development with special focus on lifespan from birth through old age in the context of family, community, complex organizations, and society. With technological, economic, political and ecological systems rapidly changing, the course will also examine the effects on the interplay between human life and the environment.

SWRK 126. Theories of Criminal Behavior. 3 Units
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall, Spring, Summer

Analyzes various theories in terms of their logic, historical origins, and policy implications. Focus on developing a critical framework. Prerequisite: GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

SWRK 129. Human Sexuality in Social Work Perspectives. 3 Units
Term Typically Offered: Fall only

Examines psycho-social-cultural influences on sexual identity and sexual behavior; analyzes problems confronting the victims of sex-discrimination and oppression; considers education and treatment programs.

SWRK 132. Social Work and Spirituality. 3 Units
Term Typically Offered: Spring only

This course examines how spirituality serves as a liberating, and at times constricting force in the lives of our clients and communities. Competencies for both assessing and engaging in discussions about our clients’ spiritual world as well as self-awareness regarding social work practitioner spiritual orientations are emphasized. Diverse spiritual and religious backgrounds (including those who consider themselves non-spiritual or non-religious) are welcomed and celebrated in the classroom.

SWRK 136. Poverty and Homelessness in America. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Analyzes social theory and its relationship to the generation and retention of institutional poverty. Within this context, public and private welfare programs serving low-income populations will be examined.

SWRK 137. The Child and the Law. 3 Units
Term Typically Offered: Spring only

Both civil and criminal aspects of the relationship of the applicability and effect of the law on minors, including juvenile court, wardship and dependency, liability for torts, the child and divorce.

SWRK 138. Violence In The Family. 3 Units
Term Typically Offered: Fall only

Provides basic information on victims and perpetrators of violence in the family. The focus is on child maltreatment, spouse/partner battering, abuse of the elderly, and the roles and responsibilities of social workers responding to family violence.

SWRK 140A. Social Work Practice. 3 Units
Prerequisite(s): SWRK 95 and SWRK 125A; SWRK majors only; Junior standing and a grade of "C" or better in all previous SWRK courses
Corequisite(s): SWRK 125B
Term Typically Offered: Fall, Spring

Provides an introduction to the profession and generalist social work practice with individuals, families, groups, organizations, and communities. Practice skills focus on application of the planned changed process from an empowerment approach.

SWRK 140B. Social Work Practice. 3 Units
Prerequisite(s): SWRK 95, SWRK 102, SWRK 125B, SWRK 140A, SWRK 150; SWRK majors only; senior standing; Minimum grade of "C" in all previously completed SWRK courses; GWAR certification or having met university writing requirements
Corequisite(s): SWRK 195A
Term Typically Offered: Fall, Spring

Generalist practice through a cross-cultural lens. Focuses on culturally competent relationship building, assessment, and intervention with individuals, organizations and communities.
SWRK 140C. Social Work Practice. 3 Units
Prerequisite(s): SWRK 195B.
Corequisite(s): SWRK 195B
Term Typically Offered: Fall, Spring

Focuses on family intervention through an emphasis on strengths-based case management and children and youth issues. Group work processes and intervention examined through experiential and formal learning.

Corequisite: SWRK 195B.

SWRK 150. Welfare In America. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer

Examines the history, purpose, structure and costs of current American social welfare policy and programs and the role of social work in policy and program development.

SWRK 151. Health Services and Systems. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer

Examines the delivery of health and mental health service with a focus on problems experienced by economically disadvantaged and oppressed populations.

SWRK 153. Child Welfare Services. 3 Units
Term Typically Offered: Fall, Spring

Provides basic information on the recognition and treatment of problems of children in the home, school and community, and on the public and private social services and laws which promote and protect the welfare of children.

SWRK 191. Exploration of Veteran Studies: An Ethnographic Approach. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: GE AREA D, Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Through the review of ethnographic works, qualitative research articles and other significant recent literature on veterans' issues, students are introduced to the qualitative research process. Most significantly students simultaneously gain knowledge of the issues and challenges faced by veterans returning from combat as they transition to civilian life as well as the best practices in supporting positive transitions from combat to civilian life. Students will develop analytical thinking skills and writing skills for preparing literature reviews.

SWRK 195A. Field Instruction. 6 Units
Prerequisite(s): SWRK 102, SWRK 125A, SWRK 125B, SWRK 140A and SWRK 150 and permission of the Field Director (or designee).
Corequisite(s): SWRK 140B.
Term Typically Offered: Fall, Spring

Two semester sequence of instruction that takes place in a human service organization in the community wherein students demonstrate, under the auspices of a certified field instructor, their ability to apply the knowledge, practical skills, critical thinking/reasoning abilities, and interpersonal communication skills required of undergraduate level social works. Students must provide their own transportation to and from field sites, purchase malpractice insurance through the Division of Social Work.
Credit/No Credit

SWRK 195B. Field Instruction. 6 Units
Prerequisite(s): SWRK 102, SWRK 125A, SWRK 125B, SWRK 140A, SWRK 140B, SWRK 195A and SWRK 150; permission of the Field Director required.
Corequisite(s): SWRK 140C.
Term Typically Offered: Fall, Spring

Two-semester course sequence that takes place in a human service organization. Students demonstrate their ability to apply social work knowledge and practical skills. Students must provide their own transportation and purchase malpractice insurance through the Division of Social Work.
Note: Enrollment is limited to students who have secured an approved Field placement.
Credit/No Credit

SWRK 196. Working with LGBTQ Communities. 3 Units
Prerequisite(s): admitted to the Bachelor's in Social Work major in good academic standing; or other Bachelor's major with permission and available space.

This elective course is designed to provide students with an intermediate and critical understanding to conduct work with individuals who are LGBTQ, and with their kinship networks and communities. Various perspectives (e.g., historical, political, psychological, critical) are examined throughout the course to assist students in understanding the complexity and dynamics of the person-in-environment. The course builds on BSW content and upper division coursework, integrating that through assigned assignments and increasing self-awareness.

SWRK 198. Co-Curricular Activities. 1 - 3 Units
Prerequisite(s): Permission of the Undergraduate Social Work Coordinator.
Term Typically Offered: Fall, Spring

Co-curricular activities related to the subject matter and intellectual concerns of the Division of Social Work, including service on division policy-making committees and participation in ASI approved organizations.
Credit/No Credit

SWRK 199. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of the faculty sponsor of the project and Division Chair.
Term Typically Offered: Fall, Spring

Independent research, project or directed reading.
Note: Open to students who are capable of independent work.
Credit/No Credit
SWRK 202. Social Work and Diverse Populations. 3 Units
Term Typically Offered: Fall, Spring
Prepares students to understand cultural and social diversity. Addresses theoretical and practice dimensions of social work with diverse and oppressed and vulnerable people for personal and social empowerment in behalf of human dignity and social justice.

SWRK 204A. Social Work Practice I. 3 Units
Corequisite(s): SWRK 295A.
Term Typically Offered: Fall, Spring
Building on the liberal arts framework and using the ecological model, this course introduces students to generalist social work practice with individuals, families, small groups, organizations, disadvantaged populations, communities, and society.

SWRK 204B. Social Work Practice II. 3 Units
Prerequisite(s): SWRK 204A, SWRK 295A.
Corequisite(s): SWRK 295B.
Term Typically Offered: Fall, Spring
Broadens the ecological perspective to address economic and political issues, social stratification, and racism as they impact practice with at-risk populations; promoting change at multiple levels of intervention.

SWRK 206A. Multi-Level Practice for Behavioral Health. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, and advancement to candidacy.
Corequisite(s): SWRK 296A
Builds upon content of SWRK 204B and provides advanced knowledge and skills for mental health assessments, diagnosis and treatment and to provide long-term and acute mental health treatment, respond to acute trauma and indigent populations.
Note: Enrollment is limited to students who have secured an approved Field placement.

SWRK 206B. Multi-Level Practice for Behavioral Health. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 206A, SWRK 296A, and advancement to candidacy.
Corequisite(s): SWRK 296B
Builds upon content of SWRK 204B and provides advanced knowledge and skills for mental health assessments, diagnosis and treatment and to provide long-term and acute mental health treatment, respond to acute trauma and indigent populations.
Note: Enrollment is limited to students who have secured an approved Field placement.

SWRK 207A. Multi-Level Practice for Children & Families. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, and advancement to candidacy.
Corequisite(s): SWRK 297A
Builds upon content of SWRK 204B and provides advanced knowledge and skills in areas affecting children and families with a specific focus on training students in Child Protective Services, abuse, neglect and human trafficking.
Note: Enrollment is limited to students who have secured an approved Field placement.

SWRK 207B. Multi-Level Practice for Children & Families. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 207A, SWRK 297A, and advancement to candidacy.
Corequisite(s): SWRK 297B
Builds upon content of SWRK 204B and provides advanced knowledge and skills in areas affecting children and families with a specific focus on training students in Child Protective Services, abuse, neglect and human trafficking.
Note: Enrollment is limited to students who have secured an approved Field placement.

SWRK 208A. Multi-Level Practice for Health & Aging. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, and advancement to candidacy.
Corequisite(s): SWRK 298A
Builds upon content of SWRK 204B and provides advanced knowledge and skills for hospital and hospice care, respond to the needs of Baby Boomers, support diversity in aging choices while assisting clients with management of health care, housing and quality of life optimization.
Note: Enrollment is limited to students who have secured an approved Field placement.

SWRK 208B. Multi-Level Practice for Health & Aging. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 208A, SWRK 298A, and advancement to candidacy.
Corequisite(s): SWRK 298B
Builds upon content of SWRK 204B and provides advanced knowledge and skills for hospital and hospice care, respond to the needs of Baby Boomers, support diversity in aging choices while assisting clients with management of health care, housing and quality of life optimization.
Note: Enrollment is limited to students who have secured an approved Field placement.

SWRK 210. Methods of Social Research. 3 Units
Prerequisite(s): Undergraduate social statistics course.
Term Typically Offered: Fall, Spring
Examination of quantitative and qualitative methods of social work research. Includes problem formulation, selection of various conceptual frameworks, research designs, sampling, collecting data, experimental design and computer technology.

SWRK 213. Public Child Welfare Practice. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B.
Term Typically Offered: Fall, Spring
Integrates the concepts and skills learned in Advanced Practice, Advanced Policy, and Research courses of the MSW program and applies to the specific client population of public child welfare agencies. Required for Title IV-E stipend students; open to others on basis of space availability.

SWRK 215. Mediation & Restorative Justice. 3 Units
Term Typically Offered: Fall, Spring
The course examines the principles, policies, goals, and practice of mediation and restorative justice in social work settings including the adult and juvenile criminal justice systems, family court, child welfare, schools, mental health, health, and community dispute resolution centers. Students will learn mediation and restorative justice practice skills to work effectively with individuals as both clients and providers of services, as well as within various institutions, systems, and communities.
SWRK 218. Chemical Dependence: Strategies and Tactics for Social Work Practice. 3 Units
Term Typically Offered: Fall, Spring

Designed to increase the sensitivity of graduate social work students to the major intervening variables contributing to the problem of chemical dependence in contemporary American society.

SWRK 219. Social Work Practice in Health Care Settings. 3 Units
Term Typically Offered: Fall, Spring

Provides intervention strategies useful in health care settings. Individual, family and group practice strategies are presented as well as discharge planning, advocacy, ethnically sensitive issues, and collaboration practice within hospital settings.

SWRK 221. Community Organizing Practice. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B or instructor permission.
Term Typically Offered: Fall, Spring

Focuses on intervention at the community level with a special emphasis on grass roots organizing and advocacy.

SWRK 223. DSM New Developments in Psychodiagnosis. 3 Units
Term Typically Offered: Fall, Spring

Designed to give practitioners and students hands-on experience in using the DSM IV Manual. Videotapes, case vignettes, and small group discussions used.

SWRK 224. Advanced Mental Health Practice. 3 Units
Prerequisite(s): SWRK 204A, SWRK 204B or instructor permission.
Term Typically Offered: Fall, Spring

Examines a variety of theoretical views on adaptations of childhood and adulthood with accompanying models for assessment and treatment. Explores current views on intra-psychic and interpersonal functioning utilized in mental health settings.

SWRK 225. Advanced Group Work Methods: Process and Intervention Strategies. 3 Units
Term Typically Offered: Fall, Spring

Covers small group theory and process, and group method in a variety of settings, with emphasis on group development.

SWRK 226. Family Intervention: Contemporary Issues in Social Work Practice. 3 Units
Term Typically Offered: Fall, Spring

Critically addresses the origins and contemporary context and models of interventions with families.

SWRK 228. Clinical Intervention in Sexual Abuse. 3 Units
Term Typically Offered: Fall, Spring

Presents an intervention system that can assist professionals to work with sexually abusive families and victims of sexual abuse. Assessment, planning, and treatment are described and methods of intervention demonstrated.

SWRK 232. Spirituality and Social Work. 3 Units
Term Typically Offered: Fall, Spring

Considers the role of spirituality in the socialization process of the professional as well as the client by examination of spirituality, values, ethics, principles, and philosophies as influences on personal and professional interactions.

SWRK 235A. Theoretical Bases of Social Behavior. 3 Units
Term Typically Offered: Fall, Spring

Examines the growth, change and interaction of individuals, families and groups, organizations, and communities with special attention to lifespan development and systems theory.

SWRK 235B. Theoretical Bases of Social Behavior. 3 Units
Prerequisite(s): SWRK 235A.
Term Typically Offered: Fall, Spring

Focuses on major personality theories; principal theories of health, illness and disordered behavior; child and family dynamics; and theories of group and organizational behavior.

SWRK 238A. Issues and Practice in Schools. 3 Units
Prerequisite(s): Admission to the College of Social Work Program.
Corequisite(s): SWRK 204C, SWRK 295C.
Term Typically Offered: Fall, Spring

Introduces the student to the field of school social work in its dynamic social, educational, legal, political, and human complexity. Examines the challenges of rapid social and demographic change in California as well as the need for restructuring education and innovative responses.

Note: Required for Pupil Personnel Services Credential.

SWRK 238B. Issues and Practice in Schools. 3 Units
Prerequisite(s): SWRK 204C, SWRK 238A, SWRK 295C.
Corequisite(s): SWRK 204D, SWRK 295D.
Term Typically Offered: Fall, Spring

Continuation of SWRK 238A, course examines classroom management, case assessment, alternative education practices, discipline and attendance law, impediments to individual development as well as case studies, interagency collaboration, new community partnerships, and media and high technology uses.

Note: Required for Pupil Personnel Services Credential.

SWRK 245. Death, Grief And Growth. 3 Units
Term Typically Offered: Fall, Spring

Death and the process of terminating life seen from the social, cultural, personal and medical perspectives. Comparisons of competing, contradictory or complementary views of death among specific religions, social classes, ethnic groups and superstitions and taboos connected with the dead.

SWRK 250. Social Welfare Policy and Services. 3 Units
Term Typically Offered: Fall, Spring

Analyzes contemporary social welfare policy and the ways in which policy is carried out through a broad spectrum of agencies and services, in a historical and philosophical context relevant to professional social workers. This course meets the foundation competencies of social welfare policies and services within the specific context of thinking, reading and writing in social work policy practice.

Note: Graduate Writing Intensive (GWI) course.
SWRK 252. Advanced Policy for Behavioral Health.  3 Units
Prerequisite(s): SWRK 250 and advancement to candidacy.
Builds on the foundation content of SWRK 250 with deeper knowledge of diverse theoretical and practical approaches to policy analysis, development, implementation, and evaluation to empower communities and individuals, to advance and protect human rights, and to optimize social justice. Focuses on Behavioral Health policy and services, involuntary commitment, access to care and patients' rights, financing and organization of Behavioral Health services, legislation and community engagement around Behavioral Health issues.

SWRK 253. Advanced Policy for Children & Families.  3 Units
Prerequisite(s): SWRK 250 and advancement to candidacy.
Builds on the foundation content of SWRK 250 with deeper knowledge of diverse theoretical and practical approaches to policy analysis, development, implementation, and evaluation to empower communities and individuals, to advance and protect human rights, and to optimize social justice. Focuses on sociopolitical issues, laws and court decisions, history and role of government in public child welfare practice, children's and parents' rights, child custody, sexual abuse laws, and emancipation.

SWRK 254. Advanced Policy for Health & Aging.  3 Units
Builds on the foundation content of SWRK 250 with deeper knowledge of diverse theoretical and practical approaches to policy analysis, development, implementation, and evaluation to empower communities and individuals, to advance and protect human rights, and to optimize social justice. Focuses on the policies and services for meeting the health, economic, psychological, and the social needs of the older adults and those in health care settings.

SWRK 258. Advanced Policy - Children and Families.  3 Units
Prerequisite(s): SWRK 251.
Term Typically Offered: Fall, Spring
Building upon SWRK 251, this course examines the history of child and family services, introduces the students to theories and methods of policy analysis, and focuses on analysis of selected federal, state, and local policies specifically relevant to children and families, as well as how social workers influence policy formulation and implementation.
Note: Required for title IV-E students.

SWRK 259. International Social Work.  3 Units
Term Typically Offered: Fall, Spring

SWRK 261. Grant Writing and Resource Development.  3 Units
Term Typically Offered: Fall, Spring
Prepares students for resource and grant proposal development as well as grant project management and evaluation. Students will develop various skills including how to identify and communicate with appropriate funding sources conceptualize, write, and submit a grant proposal, prepare a grant budget, administer a grant funded program, and evaluate program outcomes, and peer reviews of grant proposals.

SWRK 262. Social Work Practice in Rehabilitation.  3 Units
Prerequisite(s): Admission to MHSA cohort and instructor permission.
Term Typically Offered: Fall, Spring
Reflects the current best practices of psychosocial rehabilitation, and pays particular attention to the nuances of those practice expectations within the context of the Mental Health Services Act of 2004. The course requirement for all students who are recipients of the mental health stipend in the Division of Social Work.

SWRK 268. Advanced Clinical Social Work with Older Adults.  3 Units
The focus of this course is on specialized practice with aging clientele. The curriculum is intended to help students adapt social work theory (person-in-environment), practice principles, standards and values to practice with older adults. This course includes a critical analysis of the theoretical underpinnings of gerontological thought and assists students to view aging through multiple perspectives with an examination of physiological, psychological and sociological phenomenon.

SWRK 295A. Field Instruction.  3 Units
Prerequisite(s): Must be classified graduate Social Work student and approval of the Field Director or designee.
Corequisite(s): SWRK 204A.
Term Typically Offered: Fall, Spring
Field Instruction
Note: Enrollment is limited to students who have secured an approved Field placement
Credit/No Credit

SWRK 295B. Field Instruction.  4 Units
Prerequisite(s): SWRK 204A and 295A; Must be classified graduate Social Work student and approval of the Field Director or designee.
Corequisite(s): SWRK 204B.
Term Typically Offered: Fall, Spring
Field Instruction
Note: Enrollment is limited to students who have secured an approved Field placement.
Credit/No Credit

SWRK 295E. Post Master's Pupil Personnel Services Fieldwork.  3 Units
Prerequisite(s): Admission to Post Master's PPS program.
Term Typically Offered: Fall, Spring
School based sites for the development of Pupil Personnel Services skills. Two days per week.
Credit/No Credit

SWRK 295F. Post Master's Pupil Personnel Services Fieldwork.  3 Units
Prerequisite(s): Admission to Post Master's PPS program.
Term Typically Offered: Fall, Spring
School based sites for the development of Pupil Personnel Services skills. Two days per week.
Credit/No Credit

SWRK 296. Social Work with LGBTQ Communities.  3 Units
Prerequisite(s): admitted to the Master's in Social Work program in good academic standing; or other Master’s program with permission and available space.
This elective course is designed to provide students with an in-depth and critical understanding to conduct social work with individuals who are LGBTQ, and with their kinship networks and communities. Various perspectives (e.g., historical, political, psychological, and critical theory) are examined throughout the course to assist students in understanding the complexity and dynamics of the person-in-environment perspective. The course builds on first year MSW content, integrating that through assignments as well as deepening self-awareness in service of professional development.
SWRK 296A. Field Instruction for Behavioral Health. 5 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, and advancement to candidacy.
Corequisite(s): SWRK 206A
Field Instruction for Behavioral Health
Note: Enrollment is limited to students who have secured an approved field placement.
Credit/No Credit

SWRK 296B. Field Instruction for Behavioral Health. 5 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 206A, SWRK 296A, and advancement to candidacy
Corequisite(s): SWRK 206B
Field Instruction for Behavioral Health
Note: Enrollment is limited to students who have secured an approved field placement.
Credit/No Credit

SWRK 296C. Advanced Social Work Practice with Persons with a Developmental Disability. 3 Units
The definition, incidence, etiology, and prevention of developmental disabilities will be presented. This course also examines the life course needs of people with developmental disabilities including the collaboration of families and community; the role of social workers and other health professionals in the California Regional Center System and the Department of Developmental Disabilities, as well as presenting general issues related to service delivery systems, advocacy movements, criminal justice system involvement, mental health, sexuality issues as well as social policy issues.

SWRK 297A. Field Instruction for Children & Families. 5 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 207A, SWRK 297A, and advancement to candidacy.
Corequisite(s): SWRK 207B
Field Instruction for Children & Families
Note: Enrollment is limited to students who have secured an approved field placement.
Credit/No Credit

SWRK 297B. Field Instruction for Children & Families. 5 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 207A, SWRK 297A, and advancement to candidacy.
Corequisite(s): SWRK 207B
Field Instruction for Children & Families
Note: Enrollment is limited to students who have secured an approved field placement.
Credit/No Credit

SWRK 298A. Field Instruction for Health & Aging. 5 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 208A, SWRK 298A, and advancement to candidacy
Corequisite(s): SWRK 208A
Field Instruction for Health & Aging
Note: Enrollment is limited to students who have secured an approved field placement.
Credit/No Credit

SWRK 298B. Field Instruction for Health & Aging. 5 Units
Prerequisite(s): SWRK 204A, SWRK 204B, SWRK 295A, SWRK 295B, SWRK 208A, SWRK 298A, and advancement to candidacy
Field Instruction for Health & Aging
Note: Enrollment is limited to students who have secured an approved field placement.

SWRK 299. Special Problems. 1 - 3 Units
Prerequisite(s): Approval by faculty sponsor and division director.
Term Typically Offered: Fall, Spring
Individual research and directed reading. Written report required.
Credit/No Credit

SWRK 500. Culminating Experience. 2 - 4 Units
Prerequisite(s): Advanced to candidacy. SWRK 210.
Term Typically Offered: Fall, Spring
Completion of either: A. Thesis (an original contribution to knowledge) OR B. Research Project (addition to technical/professional knowledge or application of knowledge through case study, field study, documentary report, substantial annotated bibliography, or article of publishable quality) OR C. Directed Study and Comprehensive Examination (seminar, portfolio, examination).

SWRK 501. Advanced Research Methods. 2 Units
Prerequisite(s): SWRK 202, SWRK 204A, SWRK 204B, SWRK 210, SWRK 250 and Advancement to Candidacy
Term Typically Offered: Fall, Spring
This course offers a classroom structure to project-based research education. Class includes both qualitative and quantitative study design, theory construction, advanced methods of data analysis. This course expands on the knowledge gained from SWRK 210 (Methods of Research). Students will experience a mixture of advanced research content including: quantitative research designs, sampling, data collection and analysis, advanced quantitative research designs, sampling, data collection and analysis.

SWRK 502. Integrative Capstone Project. 2 Units
Prerequisite(s): SWRK 501
Term Typically Offered: Fall, Spring
This course is designed to reflect the student's proficiency in the core competencies of the social work profession. The focus of this course is the identification of a social work problem, developing a research design which appropriately addresses the problem, and presentation of the findings. Students demonstrate professional competencies in: ethics, communication, diversity, theory, research, direct and indirect and indirect practice, leadership and organizational processes and evidence of a professional self.

Sociology (SOC)

SOC 1. Principles of Sociology. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Introduction to the field of sociology; its basic concepts and principles; the analysis and explanation of culture, personality, social institutions, social change, population, social processes and collective behavior.
SOC 3. **Social Problems.**  
General Education Area/Graduation Requirement: GE AREA D  
Term Typically Offered: Fall, Spring

Introduction to major social problems in the U.S., with an emphasis on systemic problems, such as economic, racism and sexism. Problems in major social institutions such as the family, social services, criminal justice and the environment are also addressed.

SOC 5. **Exploring Issues Facing Contemporary Families.**  
Term Typically Offered: Fall, Spring

An exploration of social issues that contemporary families face every day with an integration of the life course perspective and sociopsychological viewpoint. Issues covered may include varying family constellations, mate selection, intimacy, communication, adjustment, cohesion, attachment, aging, foster care and adoption, gender, race/ethnic/cultural influences, social stratification, family/partner violence, health, and social policy.

SOC 8. **Sense and Nonsense in Social Issues and Research.**  
General Education Area/Graduation Requirement: Critical Thinking (A3)  
Term Typically Offered: Fall, Spring

Introduces basic steps in the research process and/or basic steps in critically evaluating discussions on social issues. Students are taught to recognize common errors through the analysis of non-technical applied research and/or through newspapers and sociological articles about social issues and problems. Emphasizes the logical steps involved in thinking critically about social research and/or social problems such as quality of operational definitions, weaknesses in research design, sampling errors, value assumptions, logical consistency between premises and conclusions, and the structure of arguments.

SOC 10. **Issues in Crime and Social Control.**  
General Education Area/Graduation Requirement: GE AREA D  
Term Typically Offered: Fall, Spring

Introduces the concepts utilized by sociologists in the analysis of controversial issues in crime and social control, e.g., norms, roles, subcultures, labeling, social conflict, social stratification, racism, sexism, etc. Particular attention is paid to sources of data and trends over time. Issues covered include, but are not limited to: capital punishment, drugs and drug policy, domestic violence, abortion, driving under the influence, police use of deadly force, private prisons and juvenile justice reform.

SOC 101. **Introduction to Statistics for Sociologists.**  
Prerequisite(s): Sociology majors only  
Term Typically Offered: Fall, Spring, Summer

Provides students with an overall view of the role and techniques of statistics in the presentation and interpretation of social science data. Lectures emphasize descriptive statistics: measures of central tendency and variability, and association and correlation. Introduction is given to statistical inference: sampling distributions, hypothesis-testing, and estimation. Lab sessions provide demonstrations and training in the practical application of concepts and techniques dealt with in lectures. Students learn to use the computer as an aid in data processing and analysis.

SOC 102. **Research Methods in Sociology.**  
Prerequisite(s): SOC 101; Sociology majors only  
Term Typically Offered: Fall, Spring, Summer

Students will be introduced to the basic steps in research; problem definition, research design, sampling, data collection methods, and analysis. Laboratory exercises reinforce methodological processes, including finding and evaluating existing research studies, operationalizing concepts, developing questionnaires, and analyzing primary data. Students will learn how to process and analyze both qualitative and quantitative data, including analytic induction, manipulation of computerized data files, bivariate and multivariate analysis, table construction, and preparation of written research reports. Lab exercises reinforce computer and statistical skills.

SOC 103. **Advanced Sociological Analysis.**  
Prerequisite(s): SOC 101 and SOC 102  
Term Typically Offered: Fall, Spring

An advanced course in research design and analysis. Introduces students to advanced data analysis techniques and how to use them to investigate social problems and issues. Students will build on the knowledge they have accumulated in previous courses in sociological research methods and theory to design and complete a research project. Specific methodological strategies taught will vary, and could include regression analysis, ethnography, comparative-historical methods, qualitative interviewing, evaluation research and longitudinal survey analysis.  
Note: May be repeated for credit

SOC 104. **Births, Deaths and Borders.**  
General Education Area/Graduation Requirement: GE AREA D  
Term Typically Offered: Fall, Spring

Studies population including growth and decline, fertility and mortality trends, migration, human ecology, and the interrelationship of population and socioeconomic change.

SOC 110. **Urban Life and Problems.**  
Term Typically Offered: Fall, Spring

Takes a political economic approach to urban development, with special emphasis on the roles played by various social groups and institutions. Particular attention is given to the effects of urban growth, oppositional movements to growth and the global developments that affect urban conditions.

SOC 118. **Chicano Community.**  
Prerequisite(s): GE AREA D  
Term Typically Offered: Fall, Spring

Analyzes the institutions, norms, values, and traditions of the Chicano community. Included is an examination of the Chicano community’s progress in mainstream American life with attention to the effect of ethnocentrism, racism and class.

SOC 120. **Ethnic and Race Relations.**  
Prerequisite(s): GE AREA D, Race & Ethnicity  
Term Typically Offered: Fall, Spring

Analyzes relations among various racial, religious, nationality, and gender groups as they interact with racism, ethnocentrism and class in the U.S. and the world.
SOC 122. Immigration Studies. 3 Units
Term Typically Offered: Fall, Spring

Examines the social phenomena of labor migration, immigration, and transnationalism, and places their origins and development in the context of political-economic national inequalities. Advances an understanding of why societies experience migration, immigration, and transnationalism, and evaluates competing and complementary theoretical frameworks explaining these migratory processes, particularly as they relate to the U.S. Special attention will be given to race, gender, and class relations as impacted by labor migration processes.

SOC 123. Black Studies in Sociology. 3 Units
Term Typically Offered: Fall, Spring

Introduces students to the sociological analysis of Black American life in the U.S. -- the complex phenomena of Black issues, emerging theories of race, and the cumulative scholarship on black identity, experience, socio-economic status, and social organization. Focus is on the original contributions of social scientists to Black Studies in Sociology.

SOC 124. Social Justice in Interdisciplinary Perspective. 3 Units
Prerequisite(s): Sophomore standing or instructor permission.
Term Typically Offered: Fall, Spring

Examines the nature and forms of social justice and injustice. Key philosophical and theoretical models and debates over the meaning of social justice, using historical and contemporary examples to highlight important concepts and controversies are addressed. Faculty from different departments within SSIS, and occasionally from other colleges, will address how their discipline understands and analyzes issues of social justice. Students will be encouraged to critically assess the assumptions of various perspectives on social justice, and to address the relationship of academe and social activism in achieving social justice. Cross listed as ANTH 130, ID 124, ENVS 124, ETHN 124 and FACS 124. Only one may be counted for credit.

SOC 125. Social Inequalities. 3 Units
Prerequisite(s): SOC 1 or equivalent.
Term Typically Offered: Fall, Spring

Examination of the ways race, class and gender, as well as the intersection of all three, affect the distribution of valued resources in a society. Other social inequalities such as age, sexual orientation, or nationality, etc. may also be examined. Attention is given to struggles to change or preserve economic and political inequalities.

SOC 126. Sociology of Gender. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examines how gender designation of "male" and "female" impacts an individual's life; explores the social construction of masculinity and femininity in the family, school, workplace, everyday interactions, and within racialized and colonized societies; studies the consequences of gender difference and inequality that result in violence and abuse, sexual harassment, hate crimes, wage differentials and unequal opportunities.

SOC 127. Men, Masculinity and Society. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduces students to the field of men and masculinity. Examines the construction of masculinity in sports, family, work and other social relationships, showing how it affects and is affected by people, institutions and society. Explores the diverse experiences based on race, class, occupation, physical ability and sexuality, and the implications for people from such diverse groups.

SOC 128. Sociology Of Sexuality. 3 Units
Prerequisite(s): SOC 1 or instructor permission.
Term Typically Offered: Fall, Spring

Studies sexuality including historical and cultural differences in sexual attitudes, beliefs and behaviors. Also examines the mutual influence of sexuality and social institutions, such as the family, the economy, politics and religion.

SOC 130. Political Sociology. 3 Units
Prerequisite(s): SOC 1 or equivalent.
Term Typically Offered: Fall, Spring

Analyzes political order and change from the viewpoint of cultural values and the institutional structure of societies. Examines group behavior patterns related to ideology, elites, masses, classes, movements, parties, and other power groups. Surveys differing theories and methodologies for the study of political processes across cultures and societies.

SOC 133. Sport in a Global Perspective. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Examines sport in a global context, focusing on the dynamic nature of sports in response to changes in society. Addresses the effect sport has on both the society and the individual, from socialization to nationalism. Focuses on both participants (youth, amateurs, professionals) and spectators (parents, fans, etc.) at all levels of involvement, from community to international competition. Highlights cross-cultural differences in the relationships between sport and other social institutions such as government, corporations, and the media.

SOC 134. Sociology of Film. 3 Units
Term Typically Offered: Fall, Spring

Introduces the "Sociological Imagination" by linking the personal histories found in films to larger social structures. The evolution of important contemporary global and domestic social issues is discussed by analyzing the sociological content of major motion pictures. The socio-historical development of the American film industry is also examined to explore its ideological role in challenging and perpetuating various forms of class, race, and gender discrimination.
Sociology (SOC)

SOC 135. Sociology of Popular Culture.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Analyzes social processes that produce popular culture by contrasting interrelationships between institutional power structures and collective behavior. Examines theories of popular culture, mass movements, and individualism; social change, cultural hegemony, sub-cultures, and organizational studies.

SOC 136. Social Movements.  3 Units
Prerequisite(s): SOC 1 or instructor permission.
Term Typically Offered: Fall, Spring

Analyzes old and new social movements – pre-political and political, cultural and identity types – class, labor, feminist, ethnic, environmental, left and right. Challenges by movements to institutional order. Surveys differing theories and methodologies for the study of movements and degree of change (reform, revolutionary) across cultures and societies.

SOC 137. Sociology of Science.  3 Units
Term Typically Offered: Fall, Spring

Examines paradigm changes of science in society and how views of science and technology are socially constructed. Analyzes the representations of scientists, scientific inquiry, and technological innovation. Explores the ways in which science has driven social change, and vice-versa.

SOC 138. Environmental Sociology.  3 Units
Term Typically Offered: Fall, Spring

Studies human society, the natural environment, and their mutual interactions. Examines environmental sociology at several levels, from the micro level of individual communities to the meso level of government policies to macro theoretical considerations. Analysis of environmental issues in a global context also included.

SOC 139. Animals in Society.  3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examines social relationships between humans and animals as pets, companions, workers, entertainers, and food. Analyzes the representations of animals. Studies our relationships with animals both on the level of social groups and as individuals. Applies sociological approaches to the study of human-animal relationships, including the social movements around animal rights.

SOC 140. Sociology of Education.  3 Units
Prerequisite(s): SOC 1 or equivalent.
Term Typically Offered: Fall, Spring

Examines the organization and functions of educational institutions; the rise of mass education and changes in educational systems to the present; the role of teachers, parents, and schools in education; the impact of gender, race, and class on educational outcomes and processes.

SOC 144. Sociology of Health and Illness.  3 Units
Prerequisite(s): SOC 1 or instructor permission.
Term Typically Offered: Fall, Spring

Examines the social contexts of health, illness, and medical care. Emphasizes the debates and contrasting perspectives that characterize the sociological study of health and illness. Topics include the social, global, environmental, and occupational factors influencing health and illness; the politics surrounding physical and mental illness; the patient’s perspective on illness; ethical issues in medicine as they relate to medical technology; and health care reform. The influence of health status on identity and interaction will also be addressed.

SOC 146. Sociology of Aging.  3 Units
Term Typically Offered: Fall, Spring

Examines the process of aging in the context of social structure and processes. Specifically, it deals with such issues as the age structure of society, social values and norms that define the aged, social stratification and aging, social institutions and the aged, theoretical and methodological issues in social gerontology.

SOC 147. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines major principles governing face to face interaction and their application in understanding the student’s own experience: creating and preserving meaning, “realities” and selves through dramaturgy, negotiation and power; the relationship between status and intimacy; the impact of status resources (such as race and gender) on the status assignment process; the self concept; the role of emotions in social life.

SOC 148. Criminal Behavior.  3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examines social dimensions – causes and characteristics – of adult crime and deviant behavior in American society. Makes some international comparisons. Police, courts and prisons are examined. Special attention is given to current issues in crime and deviance.

SOC 150. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Analyzes the processes and consequences of social movement. Examines the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 151. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 152. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 154. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 155. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 156. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 157. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 158. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 159. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 160. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 161. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 162. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 163. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 164. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 165. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 166. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 167. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 168. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 169. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.

SOC 170. Social Psychology.  3 Units
Term Typically Offered: Fall, Spring

Examines the impact of social movements on social change. Focuses on the ways in which social movements have influenced social change and how social change has influenced social movements. Special attention is given to topics such as political and social movements, community organizing, and social justice advocacy.
SOC 158. Sociology of Deviance. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Introduces students to the history of attempts to define and explain deviant behavior; explains social conditions and processes associated with careers of deviants; examines relationship of deviance to problems of social control.

SOC 160. Asian Societies. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Cross-cultural study focuses on Japanese and Chinese societies and cultures and their influences on other Asian developments. Emphasizes their distinctive institutions, norms, values, and traditions in relation to contemporary social, economic, and political processes.

SOC 162. Middle Eastern Societies and Culture. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Discusses the fundamental aspects of Middle East Societies covering such topics as population, family, women, patterns of living, social stratification, education, economic development, politics and armies in the Middle East.

SOC 163. Conflict, Oil and Development in the Middle East. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Examines in detail the major sources of conflict in the Middle East with special reference to the Arab-Israeli conflict, the arms buildup in the Arabian-Persian Gulf, energy crisis and the multi-national aspect of Middle East oil. Attempts to discuss the impact of these conflicts on the processes of social and economic development.

SOC 164. Sociology of Globalization. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Examines globalization and its effect on local societies, including the impact of globalization on local labor and work practices, the social organization of local firms and business enterprises, local social structures such as gender, class, race/ethnicity, and local social patterns such as consumption and leisure activities.

SOC 166. The Family. 3 Units
Term Typically Offered: Fall, Spring
Introduces students to the sociology of the family including an examination of the family in various cultures with the emphasis on the American family in all its many forms.

SOC 168. Self and Society. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Examines the relationship between the individual and society: social interaction, human development; behavior in groups and collectivities, personality and social structure. Theories and empirical studies.

SOC 169. Changing American Family. 3 Units
Term Typically Offered: Spring only
Examines the American family, past, present, and future, focusing on explanation and consequences of changes in child-bearing, courtship, marriage, and the interrelationships between the individual and the family and society. Focuses on connecting course material to real world organizations and programs in the community that are associated with or linked to families. Per week: lecture two hours; fieldwork in the community two to three hours.

SOC 170. Sociology of Children and Adolescents. 3 Units
Term Typically Offered: Fall, Spring
Introduces students to the sociology of childhood and adolescence, focusing on theoretical foundations, methodological challenges, and empirical examination of youth from preschool through high school. Focuses on peer relations within wider contexts shaped by gender, race, and social class.

SOC 171. Sociology of Religion. 3 Units
Term Typically Offered: Fall, Spring
Acquaints students with the sociological foundations of religion in society. Emphasis is on the history, development and overall structure of the institution of religion, its relation to social, ethnic and class-based groups and its effect on society in general, and how its social development in America differs from other cultures.

SOC 175. Work and Occupations. 3 Units
Term Typically Offered: Fall, Spring
Examines the social organization of work and economic organization; the rise of industrial society and changes in workplace relations to the present; the role of technology and ideology in the workplace; industrial reforms and alternative forms of economic organization.

SOC 176. Labor and the American Social Structure. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall, Spring
Introduction to the study of labor in the U.S., including the nature of work, characteristics of the work force, and an overview of contemporary labor and industrial relations systems within the framework of current U.S. economic and political developments.
Cross Listed: LBRS 100; only one may be counted for credit.

SOC 185. Bullying as a Social Experience. 3 Units
Term Typically Offered: Fall, Spring
This course educates students on bullying as a social experience, introducing how social forces, environment and context impact the culture of bullying. Students will develop an understanding about how programs and policies impact bullying rates based on social theoretical perspective. Students will gain a better understanding of how research is related to intervention and prevention practices. Then, from a whole school approach, using the resources available to the school, students will implement different components of an anti-bullying program at a school site.
SOC 190. Sociology of Small Groups. 3 Units
Prerequisite(s): SOC 1 or equivalent.
Term Typically Offered: Fall, Spring
Examines social structure and social determinants of behavior in small groups; socialization, social control, social change, leadership, social ranking, social conflict and morale.

SOC 192. Sociological Theory. 3 Units
Prerequisite(s): SOC 1.
Term Typically Offered: Fall, Spring
Surveys the history of sociological theory from Comte to the present.

SOC 193A. Mentoring in Sociology. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Provides opportunity for freshman, sophomores, and juniors majoring in sociology to be mentored for improved student success and retention. Students receive peer mentoring to facilitate closer integration into campus community through participation in events, organizations, and conferences sponsored by the sociology department. Students learn how to build productive relationships with professors and receive timely advising for better retention and success rates. Course does not count toward sociology major but toward degree requirements.
Note: May be repeated twice for credit; Three times with exception as determined by the instructor.
Credit/No Credit

SOC 193B. Peer Mentoring in Sociology. 2 Units
Prerequisite(s): One year of residency at Sac State; 2.8 GPA required; Open only to Sociology majors.
Term Typically Offered: Fall, Spring
Provides opportunities for junior and senior sociology majors to mentor and gain practical out-of-class experience. Students learn the principles of mentoring and contribute to student retention and success and close the retention gap. Course provides practical orientation and guidance for the best practices in mentoring that contribute to a positive campus culture.
Note: May be repeated twice for credit; Three times with exception to be determined by the instructor.
Credit/No Credit

SOC 194. Special Topics in Sociology. 3 Units
Prerequisite(s): SOC 1 or instructor permission.
Term Typically Offered: Fall, Spring
Examines contemporary issues and social developments within the research specialization of department faculty. Provides a forum to discuss and evaluate controversies and advancements in the discipline of sociology, including theory and methodology.

SOC 195. Internship and Fieldwork. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Supervised internship and fieldwork experience in a variety of settings: (1) public or private agencies in the Sacramento community, and (2) ethnic and/or minority communities. Supervision is provided by authorized persons in the field and collaborative supervision is provided by sociology faculty at Sacramento State. Limitations: sociology majors electing a concentration may count a maximum of 3 units in 195 and/or 199 toward the major. Those taking the general sociology pattern may count up to 6 units of 195 and/or 199 toward the major. Sociology minors may take up to 3 units. (See SOC 199 below.)
Credit/No Credit

SOC 198. Linking Statistics Education and Practice. 1 - 2 Units
Prerequisite(s): SOC 101 and instructor permission.
Term Typically Offered: Fall, Spring
Advanced exploration of the scholarship of learning as applied to sociological methods and/or data analysis. Students will work independently on an applied semester project, but will also attend agreed upon number of computer lab hours each week and engage in course activities with a focus on how to best structure learning opportunities and apply content.
Note: Admission requires approval of professor and Department Chair. No more than 3 units from SOC 195, SOC 198, or SOC 199 combined may be applied to the Sociology upper division major requirement.

SOC 199. Individual Study Projects. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading; open only to students who appear competent to carry on individual work. Admission requires approval of the sponsor of the project and the Department Chair. Limitations: sociology majors electing a concentration may count a maximum of 3 units in 195 and/or 199 toward the major. Those taking the general sociology pattern may count up to 6 units of 195 and/or 199 toward the major. Sociology minors may take up to 3 units. (See SOC 195 above.)
Credit/No Credit

SOC 200A. Orientation to Graduate Studies in Sociology. 1 Unit
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Describes our graduate program, clearly explains our requirements and standards for successful completion of the M.A., shows students how the profession works and how to work in the profession (public submissions, conference presentations, job searches), and explains how to get through the program in a timely manner with a strong thesis. We will discuss Ph.D. programs and the application process, job opportunities and the role of professional sociologists outside academe.

SOC 200B. Thesis Prospectus/Project Preparation Seminar. 2 Units
Prerequisite(s): Completion of a minimum of 6 hours of graduate study. Completion of (or concurrent enrollment in) SOC 214 is recommended.
Term Typically Offered: Fall, Spring
Provides students with faculty and peer support for the process of developing a draft of a thesis prospectus or project proposal. This includes the clarification of expectations, familiarization with research resources, and support provided through feedback in a structured environment.
Credit/No Credit
SOC 210. Urban Sociology. 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring

Critically examines major theories, research, and debates in the field of urban sociology, including social ecology, Marxist, subcultural, and postmodernist perspectives. Course materials will be framed within two main themes; the dynamics of cooperation and conflict under urban conditions, and the tension between private interests and public life in urban settings. Methodological emphasis will be on case studies, ethnographic, and social historical analysis.

SOC 214. Research Methods. 3 Units
Term Typically Offered: Fall, Spring

Deals specifically with such issues as the role of research within the discipline, the ethics of conducting research, the rationale behind field and survey methods, the validity and reliability of data collected through these methods and alternative approaches to data collection.
Note: Open to classified graduate students in sociology, all others by instructor permission only; Graduate Writing Intensive

SOC 215. Data Analysis. 3 Units
Prerequisite(s): SOC 101 or equivalent, or instructor permission.
Term Typically Offered: Fall, Spring

Introduces techniques used to analyze sociological data. Emphasis will be placed on the basic concepts of quantitative models used to explore causality, along with an introduction to software to carry out multivariate analysis. Qualitative analytical techniques and software will also be introduced.

SOC 220. Seminar: Social Change. 3 Units
Prerequisite(s): Classified graduate status in sociology; all others by instructor permission only.
Term Typically Offered: Fall, Spring

Course deals with main theoretical orientations in sociology representing radical, liberal and conservative viewpoints on social change. Examines the historical context of events that affected Western countries such as the Industrial Revolution, French Revolution, and the emergence of nationalism and human rights. Course approach is theoretical, historical and global.

SOC 225. Social Stratification. 3 Units
Prerequisite(s): Classified graduate status in sociology; all others by instructor permission only.
Term Typically Offered: Fall, Spring

Analyzes contemporary issues in stratification literature including class, status, power, sex/gender, identity, ethnicity, mobility, equality/inequality. Discusses differing theories, methodologies, and controversies according to student interests.

SOC 226. Sociology of Gender. 3 Units
Term Typically Offered: Fall, Spring

Intended to introduce graduate students to diverse theories that explain gender relations in contemporary society. Provides a critical perspective on how we construct men's and women's identities and how the consequences of such a construction affect institutions, culture and society. Broken up in four sections: origins of gender inequality and issues surrounding research, theoretical perspectives, marginalized groups, and gendered issues in society.

SOC 230. Seminar: Social Organization. 3 Units
Prerequisite(s): Classified graduate status or instructor permission.
Term Typically Offered: Fall, Spring

Analyzes and critiques institutional structure. Studies shared understanding in groups, corporations, communities, institutions or societies and their hierarchical order.

SOC 235. Social Psychology. 3 Units
Prerequisite(s): Open to classified graduate students in sociology, all others by instructor permission only.
Term Typically Offered: Fall, Spring

Examines advanced social psychology. Focuses on symbolic interactionism, ethnmethodology and other recent developments in sociological social psychology, phenomenology, humanistic social psychology and critical reflexive sociology.

SOC 238. Environmental Sociology. 3 Units
Term Typically Offered: Fall, Spring

Examines the complex relationship between human society and its surrounding environment. Theoretical perspectives are complemented by empirical research on environmental issues. Special attention is given to issues relating to the local and regional California environment. Analyzes environmental issues in a global context.

SOC 240. Seminar: Sociological Theory. 3 Units
Prerequisite(s): Classified sociological theory; all others by instructor permission only.
Term Typically Offered: Fall, Spring

Analyzes and critiques terms and issues in social and sociological theory including levels of social reality and differing perspectives - positivism, idealism, realism, post-modernism, feminism, etc.

SOC 255. Social Research in Crime and Deviance. 3 Units
Term Typically Offered: Fall, Spring

Comprehensively reviews and evaluates major sociological theories of crime and deviance, methods of studying crime and deviance, current empirical research in crime and deviance, empirical testing of sociological explanations of crime and deviance, and empirical evaluation of crime and deviance control policy.

SOC 260. Contemporary Issues of the Middle East and North Africa. 3 Units
Term Typically Offered: Fall, Spring

Discusses in-depth several contemporary issues such as the political dimension of Islam, population growth and food security, oil and development, regional conflict, national integration and forces of modernization, etc. The selection of the topics will depend on current events.

SOC 265. Race and Ethnic Relations. 3 Units
Term Typically Offered: Fall, Spring

Examines the social constructs of race and ethnicity as "central organizing principles" in the making and development of our modern world, particularly in the U.S., and how they have interacted with class and gender to create and maintain cultural and material social inequalities. Evaluates competing and complementary theoretical frameworks explaining how race and ethnicity affect individual and group social-structural location (e.g., class position, educational attainment, and political power).
SOC 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who appear competent to carry on individual work. Admission requires approval of the sponsor of the project and the Department Chair.
Credit/No Credit

SOC 500. Culminating Experience. 3 - 6 Units
Prerequisite(s): Advancement to candidacy, successful thesis prospectus hearing, and a minimum 3.0 GPA.
Term Typically Offered: Fall, Spring

Completion of a thesis or a project. Thesis: the 6 unit master’s thesis requirement must be completed under the direction of the student’s thesis committee. Project: the 6 unit project requirement must be completed under the direction of the student's project committee.

Sp Ed, Rehab, School Psychology & Deaf Studies (EDS)

EDS 140. Introductory Behavioral Statistics. 3 Units
Term Typically Offered: Fall, Spring

Descriptive and interpretative statistics in education and allied fields. Use of calculators and statistical tables. Lecture three hours.

EDS 201. Legal Aspects of Special Education. 3 Units
Term Typically Offered: Fall, Spring

Legislative provisions related to implementation of special education programs and procedures will be a primary focus. Additional emphasis will be given to pertinent judicial decisions and to law as it relates to special education in a multicultural context.

EDS 202. Seminar in Neurodevelopmental Disabilities. 3 Units
Term Typically Offered: Fall, Spring

Examines topics and issues in neurodevelopmental disabilities and includes educational, clinical, habilitative, therapeutic, and medical perspectives. Focuses on collaborative, interdisciplinary perspectives on educational and related interventions with students who have neurodevelopmental disabilities.

EDS 203. Seminar for Resource Specialists: Management and Delivery of Services. 3 Units
Prerequisite(s): EDS 201, EDS 101 and Special Education Credential.
Term Typically Offered: Fall, Spring

Review of literature, and simulated experience in the various roles of the resource specialist in special education programs in the schools. Professional problem-solving strategies; standards and procedures; model program organizational alternatives; management approaches of resource specialist program (RSP); major developments and trends at Federal, State and local levels; references to legal provisions, rules and regulations in special education.
Credit/No Credit

EDS 213A. Mathematics Curriculum and Instruction in Inclusive Classrooms. 2 Units
Corequisite(s): EDS 213B.
Term Typically Offered: Fall, Spring

Prepares Mild/Moderate/Severe and multiple subject teacher candidates to teach mathematics content standards for California public schools. Prepares teacher candidates with the knowledge of basic principles and strategies related to mathematics education. Candidates develop, implement, and evaluate math curricula appropriate for those students receiving special education services with mild/moderate/severe disabilities. Expanded treatment of mathematics pedagogy, manipulative, technological supports, accommodations, inclusive instructional techniques, and strategies specially suited in instruction of English language learners and students with disabilities. Prerequisite: Admittance to Mild/Moderate or Moderate/Severe Credential Program or permission of respective special education coordinator.

EDS 213B. Mathematics Curriculum and Instruction in Inclusive Classrooms Lab. 1 Unit
Prerequisite(s): Admittance to Mild/Moderate or Moderate/Severe Credential Program or permission of respective special education coordinator.
Corequisite(s): EDS 213A.
Term Typically Offered: Fall, Spring

Field-base practice lab (30 hours). Lab will be a synthesis and application of course content (EDS 213A) in a setting for students who receive special and/or general education services.
Credit/No Credit
EDS 214A. Social Science Curriculum and Instruction in Inclusive Classrooms. 2 Units
Prerequisite(s): Admittance to Mild/Moderate or Moderate/Severe Credential program or permission of respective special education coordinator.
Corequisite(s): EDS 214B.
Term Typically Offered: Fall, Spring

Prepares mild/moderate/severe and multiple subject teacher candidates to teach history-social science content standards for California public schools to all students, including English Learners and students with disabilities; to use analytical and critical thinking skills in history and social science; and to integrate history-social science topics, themes and concepts with other subject areas. Pedagogical topics include the use of timelines, maps, and artifacts, case studies, simulations, literature, art, multiple perspectives, SDAIE, cooperative projects, and research activities.

EDS 214B. Social Science Curriculum and Instruction in Inclusive Classrooms Lab. 1 Unit
Prerequisite(s): Admittance to Mild/Moderate or Moderate/Severe Credential program or permission of respective special education coordinator.
Corequisite(s): EDS 214A.
Term Typically Offered: Fall, Spring

Field-based practice lab (30 hours). Lab will be a synthesis and application of course content (EDS 214A) in a setting for students who receive special and/or general education services.
Credit/No Credit

EDS 215A. Science Curriculum and Instruction in Inclusive Classrooms. 2 Units
Prerequisite(s): Admittance to Mild/Moderate or Moderate/Severe Credential program or permission of respective special education coordinator.
Corequisite(s): EDS 215B.
Term Typically Offered: Fall, Spring

Prepares mild/moderate/severe and multiple subject teacher candidates to teach science content standards for California public schools to all students. Give participants the knowledge of basic principles and strategies related to science education appropriate for general education (K-8) teacher candidates. Participants will also develop, implement, and evaluate science curricula appropriate for those students with mild/moderate/severe disabilities. This includes an expanded treatment of science pedagogy, manipulative, technological supports, accommodations, inclusive instructional techniques, and other strategies specially suited to the instruction of English Learners and students with disabilities.

EDS 215B. Science Curriculum and Instruction in Inclusive Classrooms Lab. 1 Unit
Prerequisite(s): Admittance to Mild/Moderate or Moderate/Severe Credential program or permission of respective special education coordinator.
Corequisite(s): EDS 215A.
Term Typically Offered: Fall, Spring

Field-based practice lab (30 hours). Lab will be a synthesis and application of course content (EDS 215A) in a setting for students who receive special and general education services.
Credit/No Credit

EDS 217. Positive Behavioral Support: Effective Individual, Class-wide and School-wide Applications (Moderate. 3 Units
Prerequisite(s): EDS 211, EDS 205, EDS 206, EDS 207, EDS 208, EDS 216, EDS 216B, EDS 220, EDS 235, EDS 291A, EDS 291B, EDS 413 - or equivalents.
Corequisite(s): EDS 414 or advisor approval.
Term Typically Offered: Fall, Spring

Students will learn to use positive behavioral supports to enhance the quality of life for individuals with serious behavioral challenges. Using the research-based methods and materials from the National Rehabilitation Research and Training Center on Positive Behavioral Support, provides the student with a thorough background in functional assessment and the design of positive behavioral support plans which are in compliance with both state (Hughes Bill) and federal (IDEA) law. After individual assessment and support plans have been covered, moves to class-wide methods of positive behavioral support and school-wide methods. The content is research-based.

EDS 222. Perspectives Workforce Dev. 3 Units
Term Typically Offered: Fall, Spring

Examines the premises of workforce development and advocacy with emphases on adult learning styles and learning communities. Explores the specific needs of the formal and informal vocational, technical and adult learning community in an ever-changing work environment.

EDS 223. Organization Learning Comm. 3 Units
Term Typically Offered: Fall, Spring

EDS 224. WF Assess+Accountability. 3 Units
Term Typically Offered: Fall, Spring

EDS 225. Resource Enhance For WDA. 3 Units
Term Typically Offered: Fall, Spring

EDS 226. Issues Impacting WDA. 3 Units
Term Typically Offered: Fall, Spring

EDS 227. Sem:Future Workforce Dev. 3 Units
Term Typically Offered: Fall, Spring

EDS 231. Group Process in School Psychology. 3 Units
Term Typically Offered: Fall, Spring

Designed to equip students with the group process skills and understanding essential to the practice of school psychology. Focus on both developing counseling groups within the schools and on the understanding of group process necessary to being an effective agent in the school setting. Topics include the logistics of working within a school system, balancing groups, soliciting referrals, sharing information, participating in staff meeting, and facilitating parent teacher and other school level meetings such as Individualized Education Program Planning meetings.

EDS 239. Education Specialist Seminar. 3 Units
Prerequisite(s): Approval as a candidate in the Education Specialist program, completion of courses required for the School Psychology Internship credential, approval of advisor, and department petition.
Term Typically Offered: Fall, Spring

Explores leadership roles of school psychologists. Credit/No Credit
EDS 240. Functional Assessment of Behavior. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Assessment of behaviors using the techniques of applied behavior analysis. Students will learn how to do functional assessments of behavior. Methods appropriate for assessment of children in the school setting are emphasized.

EDS 241. Counseling and Psychotherapy for School Psychologists. 3 Units
Corequisite(s): EDS 440.
Term Typically Offered: Fall, Spring
Examination of basic theories of counseling and therapy used by school psychologists, with emphasis on children and youths in an educational setting and their families. Refinement of one’s own counseling orientation is required.

EDS 242A. Cognitive Assessment. 3 Units
Corequisite(s): EDS 242B.
Term Typically Offered: Fall, Spring
Designed to introduce prospective school psychologists to both theory and practice in the assessment of cognitive abilities. Students will be exposed to various approaches to cognitive assessment including information processing, CBA, dynamic, and psychometric. Students will learn to administer and interpret major standardized cognitive assessment instruments including the WISC-R, WAIS-R, Stanford-Binet FE, K-ABC, and others. Lecture.

EDS 242B. Cognitive Assessment Lab. 4 Units
Corequisite(s): EDS 242A.
Term Typically Offered: Fall, Spring
Clinic based practice lab. Lab will be a synthesis and application of course content in the assessment of cognitive function. Students will be assigned clients for purposes of administering, scoring, evaluating, and reporting assessment data.

EDS 243. Assessment Practicum. 3 Units
Term Typically Offered: Fall, Spring
Administration, scoring, and interpretation of tests taught in EDS 242A-B, EDS 244, or EDS 247. Students will be assigned five to seven cases. They will assess the children, meet with the families to gather history, and render interpretation.
Note: Must be taken concurrently with EDS 242A, EDS 242B, EDS 244, and EDS 247. May be taken twice for credit.

EDS 243A. Assessment Practicum A. 3 Units
Term Typically Offered: Fall, Spring
Administration, scoring, and interpretation of tests taught in EDS 242A and B and EDS 244. Students will be assigned five cases. They will assess the children, meet with the families to gather history, and render interpretation.
Note: Taken concurrently with EDS 244, unless granted special permission of faculty.

EDS 243B. Assessment Practicum. 3 Units
Prerequisite(s): EDS 243A
Corequisite(s): EDS 247
Term Typically Offered: Fall, Spring
Advanced practice in administration, scoring, and interpretation of tests taught in EDS 242A-B, EDS 243A, EDS 244, and EDS 247. Students will be assigned five to seven cases (with some cases in Fieldwork placements). Development of skills in assessment, analysis of data, intervention planning and conveying results orally and in writing.
Note: Taken concurrently with EDS 247, unless granted special permission of faculty.

EDS 243C. Assessment Practicum. 3 Units
Prerequisite(s): EDS 243B
Term Typically Offered: Fall, Spring
Continued training in development of advanced skills in administration, scoring, and interpretation of tests taught in EDS 242A-B, EDS 243A, EDS 243B, EDS 244, or EDS 247. Students will be assigned cases by the practicum supervisor as appropriate. Students are expected to successfully engage in all stages of assessment process with clients.
Note: Taken with permission of faculty after completion of EDS 243A and EDS 243B.

EDS 244. Social, Emotional and Behavioral Assessment. 3 Units
Prerequisite(s): EDS 242A and EDS 242B.
Corequisite(s): EDS 243.
Term Typically Offered: Fall, Spring
Examines social/emotional assessment strategies and instruments appropriate for working with students in schools. Topics include clinical interviewing, social-emotional functioning, conduct disorder, and effective report writing. Students use course information during concurrent enrollment in EDS 243: Assessment Practicum.
Note: Must be admitted to School Psychology Program.

EDS 245. Psychology In The Schools. 3 Units
Prerequisite(s): Must be admitted to School Psychology Program.
Term Typically Offered: Fall, Spring
Overview of psychology in the schools. Topics include school systems, program development, service delivery models and the role of the school psychologist. Students will engage in systematic school observations.

EDS 246A. Preventive Academic Interventions. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Study and application of various primary, secondary, and tertiary academic interventions designed to prevent school failure and/or learning challenges. Examines techniques of identifying pupils who are experiencing academic difficulties that interfere with school functioning, and intervention techniques designed to remediate or ameliorate these problems.

**EDS 246B. Preventive Mental Health Interventions.**

Term Typically Offered: Fall, Spring

Study and application of various primary, secondary, and tertiary psychological interventions designed to prevent school failure and/or emotional challenges. Examines techniques of identifying pupils who are experiencing mental health difficulties that interfere with school functioning, and intervention techniques designed to address these problems.

**EDS 247. Assessment of Special Needs.**

Term Typically Offered: Fall, Spring

Assessment of client behavior using formal and non-formal methods based on neuropsychological principles. Students will learn to use interview techniques, standardized cognitive and projective tests, and neuropsychological screening procedures to assess students with special needs. Report writing, parent conferences, and consultation strategies will be stressed.

**EDS 248. Human Development and Learning.**

Term Typically Offered: Fall, Spring

Cognitive, socio-emotional and personality development through the lifespan (with emphasis on birth through early adulthood) as influences on the learning process. Includes analysis of theories, empirical research and current issues in human development and learning as applied to school learning.

**EDS 249. Special Seminar: School Psychology.**

Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Departmental petition required.

**EDS 252A. Advanced Teacher Induction Seminar.**

Term Typically Offered: Fall, Spring

Leads to the development of a Professional Level II Education Specialist Credential induction plan for the support and professional development of the teacher credential candidate as required by the California Commission on Teacher Credentialing. The candidate, the university advisor, and the employer’s representative work together to plan course work, and provide individual assistance, and professional development opportunities to address individual performance goals. Seminar.

**EDS 252B. Advanced Teacher Induction Seminar Lab.**

Term Typically Offered: Fall, Spring

Level II candidate, university advisor/supervisor and employer’s representative work collaboratively to develop a professional plan which relates to the CCTC standards and the individual learning needs of the student. The class is designed as a lab to support the acquisition of all proscribed Level II standards and to support the development of the candidate’s professional portfolio for assessment of designated competencies.

**EDS 263. Case Practices in Vocational Rehabilitation Counseling.**

Prerequisite(s): EDUC 155 and approval as a candidate for the MS degree in vocational rehabilitation counseling.

Term Typically Offered: Fall, Spring

Formulation of individual rehabilitation plans as a joint client-counselor process; rehabilitation case records used to foster understanding of the disabled client and his problems.

**EDS 264. Seminar in Counseling: Work Evaluation.**

Term Typically Offered: Fall, Spring

Study of the work evaluation process and the modalities utilized, with emphasis on the use of work evaluation in the rehabilitation process.

**EDS 265. Current Issues in Counseling: Disabled.**

Term Typically Offered: Fall, Spring

Examination of myths regarding the disabled client. Course includes an exploration of counseling families with a disabled member, the impact of disability upon sexuality and upon interpersonal relationships. Factual data will be presented. The student’s attitude toward the disabled will be examined.

Credit/No Credit

**EDS 267A. Advanced Studies in Special Education-Seminar I.**

Term Typically Offered: Fall, Spring

For candidates accepted into the Level II Alternative Option Program; skills for inservice training, working with paraprofessionals, coordinating meetings, developing consensus, dealing with conflict and serving as part of collaborative teams; e-mail, use of Listproc and attendance at monthly seminars required; attaining and documenting competencies and developing portfolios related to outcomes of the Level II Mild/Moderate or Moderate/Severe Specialist Credential. Lecture.

**EDS 267B. Advanced Studies in Special Education Seminar I Laboratory.**

Term Typically Offered: Fall, Spring

Will be a synthesis and application of course content (EDS 267A) in a setting(s) for students who receive special education services. The 3-unit lab section requires approximately 90 hours of related field-based and/or on-the-job activities. E-mail/Internet access required.

Credit/No Credit

**EDS 268A. Advanced Studies in Special Education-Seminar II.**

Term Typically Offered: Fall, Spring

For candidates accepted into the Level II Alternative Option Program; skills for ongoing individualized assessment and curriculum adaptation to meet needs of diverse populations and advanced skills for behavioral management in inclusive settings; e-mail, use of Listproc and attendance at monthly seminars required; attaining and documenting competencies and developing portfolios related to outcomes of the Level II M/M or M/S Specialist Credentials; individualized planning for candidates who are self-directed and committed to self improvement. Lecture.
EDS 268B. Advanced Studies in Special Education Seminar II Laboratory. 3 Units
Corequisite(s): EDS 268A.
Term Typically Offered: Fall, Spring

Synthesis and application of course content (EDS 268A) in a setting(s) for students who receive special education services. The 3-unit lab section requires approximately 90 hours of related field-based and/or on-the-job activities. E-mail/internet access required. Credit/No Credit

EDS 269A. Collaborative Strategies for Inclusive Practice. 2 Units
Prerequisite(s): CCTC Preliminary Multiple or Single Subject credential. Sacramento State graduate status or CCE/Open University enrollee. Corequisite(s): EDS 269B.
Term Typically Offered: Fall, Spring

For candidates seeking to meet Special Education CCTC requirements for Level 2 (Induction) Multiple or Single Subject Teaching Credentials. Candidates must demonstrate skills for ongoing IDEA and State mandates, curriculum adaptation to meet individual needs, and advanced skills for behavioral management in inclusive settings. All activities will be tied to attaining and documenting CCTC Level 2 special education standards through individual portfolios. Assignments will be designed to emphasize an interdisciplinary perspective to collaborative problem solving. E-mail/internet access required. Credit/No Credit

EDS 269B. Collaborative Strategies for Inclusive Practice Lab. 1 Unit
Prerequisite(s): CCTC Preliminary Multiple or Single Subject credential. Sacramento State graduate status or CCE/Open University enrollee. Corequisite(s): EDS 269A.
Term Typically Offered: Fall, Spring

Field-based practice lab (30 hours field). Lab will be synthesis and application of course content in a setting for students who receive special education services. Students will verify experiences across the age-span and in inclusive settings, agencies, and/or other natural environments. Credit/No Credit

EDS 273A. Instructional Strategies - Mild/Moderate. 2 Units
Prerequisite(s): Admittance into Mild/Moderate Credential or M.A. in Education programs. Corequisite(s): EDS 273B.
Term Typically Offered: Fall, Spring

Development of knowledge, strategies, and skills in the areas of dyslexia, social skills and transition, and other specific learning challenges for individuals with mild/moderate disabilities. Credit/No Credit

EDS 273B. Instructional Strategies - Mild/Moderate - Lab. 1 Unit
Prerequisite(s): Admittance into Mild/Moderate Credential or M.A. in Education programs. Corequisite(s): EDS 273A.
Term Typically Offered: Fall, Spring

Field-based practice lab (30 hours). Lab will be a synthesis and application of course content (EDS 273A) in developing instructional strategies for the Mild/Moderate Credential Program area. Students are required to participate in class visitations, student tutoring, and interviews. Credit/No Credit

EDS 290. Issues in Early Childhood Education for Children with Disabilities. 3 Units
Term Typically Offered: Fall, Spring

Overview of current theories, research, policies and practices regarding educational services for children, from birth to 8, with disabilities and their families. Topics emphasized include typical/atypical development, interdisciplinary assessment, family involvement, community resources, program planning, mainstreaming, and collaborative case management. Requires observations/field study in settings serving young children with disabilities. Credit/No Credit

EDS 291A. Technology in Special Education. 2 Units
Prerequisite(s): Admittance to Special Education Program or instructor permission. Corequisite(s): EDS 291B.
Term Typically Offered: Fall, Spring

Offers an overview of technology usage in special education. Topics covered include: current research; identification of needs of exceptional children that can be met through use of microcomputers; evaluation and prescription of software, hardware and assistive devices; writing computer-assisted instructional programs to meet special needs; time management, and the general implementation of microcomputers into a special education program. Credit/No Credit

EDS 291B. Technology in Special Education Lab. 1 Unit
Prerequisite(s): Admittance to Special Education Program or instructor permission. Corequisite(s): EDS 291A.
Term Typically Offered: Fall, Spring

Field-based practice lab (30 hours). Lab will be a synthesis and application of course content (EDS 291A) in technology usage with students who receive special education services. Credit/No Credit

EDS 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects at graduate level especially for students capable of independent study. Note: Departmental petition required. Credit/No Credit

EDS 332. Assessment Center Laboratory for Multiple Subject Candidates. 2 Units
Prerequisite(s): Admittance to Mild/Moderate or Moderate/Severe Credential program or permission of respective special education instructor. Corequisite(s): EDSP 420B or approved equivalent by assigned advisor or department chair.
Term Typically Offered: Fall, Spring

Individual support to guide multiple subject candidates through the process of completing and submitting the culminating PACT Teaching Event and completion of their electronic portfolio. The signature assignments, formative PACT assessments and summative PACT Teaching Event represent a working electronic portfolio embedded throughout the credential program, and the summative component will be polished and formally submitted at the conclusion of the EDS 332. Credit/No Credit
EDS 412. Student Teaching: Moderate/Severe. 5 - 10 Units
Corequisite(s): EDS 233. A total of 10 units is required.
Term Typically Offered: Fall, Spring

Students teaching in a cooperating LEA/District providing services for students receiving Moderate/Severe special education program services. Candidates must meet the criteria for student teaching to be accepted to this course.
Note: Approximately 320 hours are required to meet competencies.
Credit/No Credit

EDS 439. Early Fieldwork in School Psychology. 1 - 10 Units
Prerequisite(s): Satisfactory completion of first year coursework.
Term Typically Offered: Fall, Spring

Fieldwork experience is designed to allow students to explore roles in public schools and to gain experience in the organization and operation of schools, classrooms, and special services. The field placement allows students to work with pupils in public school settings that offer individual and group counseling; consultation with teachers, parents, and other school staff, and special accommodations for students with special needs. Students will work under the supervision of a credentialed school psychologist or school counselor at local school sites. A faculty supervisor from the School Psychology Training Program will work closely with students and field supervisor.
Note: May be repeated for credit.
Credit/No Credit

EDS 439A. Early Fieldwork in School Psychology. 1 - 10 Units
Prerequisite(s): Satisfactory completion of first year coursework. Graded: Credit / No Credit Units: 1.0 - 10.0
Term Typically Offered: Fall, Spring

Fieldwork experience is designed to allow students to explore roles in public schools and to gain experience in the organization and operation of schools, classrooms, and special services. The field placement allows students to work with pupils in public school settings that offer individual and group counseling; consultation with teachers, parents, and other school staff, and special accommodations for students with special needs. Students will work under the supervision of a credentialed school psychologist or school counselor at local school sites. A faculty supervisor from the School Psychology Training Program will work closely with students and field supervisor.
Note: May be repeated for credit.
Credit/No Credit

EDS 439B. Early Fieldwork in School Psychology. 1 - 10 Units
Prerequisite(s): Satisfactory completion of first year coursework and EDS 439A Graded: Credit / No Credit Units: 1.0 -10.0
Term Typically Offered: Fall, Spring

Advanced fieldwork experience providing the opportunity for students to engage in the following activities: individual and group counseling; consultation with teachers, parents, and other school staff, and assessment of students. Students will work under the supervision of a credentialed school psychologist. A faculty supervisor from the School Psychology Training Program will work with students and field supervisor.
Credit/No Credit

EDS 439C. Early Fieldwork in School Psychology. 1 - 10 Units
Prerequisite(s): Satisfactory completion of first year coursework and EDS 439B Graded: Credit / No Credit Units: 1.0 -10.0
Term Typically Offered: Fall, Spring

Ongoing fieldwork experience providing the opportunity for students to more fully develop their skills in: individual and group counseling; consultation with teachers, parents, and other school staff, and assessment of students. Students will work under the supervision of a credentialed school psychologist and a faculty supervisor from the School Psychology Training Program.
Credit/No Credit

EDS 440. Practicum in Individual Counseling/School Psychology. 3 Units
Prerequisite(s): Approval as a candidate in School Psychology program, approval of advisor, and department petition.
Term Typically Offered: Fall, Spring

Supervised practice in individual counseling.
Credit/No Credit

EDS 441. Internship in School Psychology. 3 - 15 Units
Prerequisite(s): Approval as a candidate in the School Psychology program, completion of courses required for the School Psychology Internship credential, approval of advisor, and department petition. May be repeated for credit.
Term Typically Offered: Fall, Spring

Directed field study for school psychologists. Supervised experiences are arranged in school psychology.
Credit/No Credit

EDS 441A. Internship in School Psychology. 3 - 15 Units
Prerequisite(s): EDS 441A Graded: Credit / No Credit Units: 3.0 -15.0
Term Typically Offered: Fall, Spring

Directed field study for school psychologists. Supervised experiences are arranged in school psychology.
Credit/No Credit

EDS 441B. Internship in School Psychology. 3 - 15 Units
Prerequisite(s): EDS 441B Graded: Credit / No Credit Units: 3.0 -15.0
Term Typically Offered: Fall, Spring

Advanced field study for school psychologists interns. Supervised experiences are arranged in school psychology.
Credit/No Credit

EDS 441C. Internship in School Psychology. 3 - 15 Units
Prerequisite(s): EDS 441C Graded: Credit / No Credit Units: 3.0 -15.0
Term Typically Offered: Fall, Spring

Third semester of advanced field study for school psychologist interns. Supervised experiences are arranged in school psychology.
Credit/No Credit
EDS 441D. Internship in School Psychology. 3 - 15 Units
Prerequisite(s): EDS 441C Graded: Credit/No Credit Units: 3.0 - 15.0
Term Typically Offered: Fall, Spring

Fourth semester of advanced field study for school psychologists interns. Final semester in which candidates may accrue hours. Supervised experiences are arranged in school psychology.
Credit/No Credit

EDS 460. Practicum in Individual Counseling/VRC. 3 Units
Prerequisite(s): Approval as a candidate in the Vocational Rehabilitation program; approval of advisor, and department petition.
Term Typically Offered: Fall, Spring

Supervised practice in individual counseling.
Credit/No Credit

EDS 461. Field Study in Counseling/VRC. 3 - 15 Units
Prerequisite(s): Approval as a candidate in the Vocational Rehabilitation program, completion of core courses except EDS 560, EDS 561, or Comprehensive Examination (oral or written), approval of advisor, and department petition.
Term Typically Offered: Fall, Spring

Directed field study for rehabilitation counselors. Supervised experiences are arranged in rehabilitation counseling. Forty hours of experience required for each unit of credit.
Credit/No Credit

EDS 472E. Student Teaching: Serious Emotional Disturbance. 10 Units
Corequisite(s): EDS 277.
Term Typically Offered: Fall, Spring

Students will be placed in approved settings which serve students with serious emotional disturbance as a primary disability; be expected to demonstrate skills for instruction across content areas; interact with emotionally disturbed students using a combination of counseling and behavior management strategies; and consult with families, co-workers, mental health representatives and other in a collaborative style.
Credit/No Credit

EDS 530. Project In WDA I. 2 Units
Term Typically Offered: Fall, Spring

EDS 531. Project In WDA II. 4 Units
Term Typically Offered: Fall, Spring

EDS 540. Education Specialist Thesis: School Psychology. 4 - 6 Units
Term Typically Offered: Fall, Spring

Credit given upon successful completion of a thesis approved for the education specialist degree.
Note: Open only to the graduate students who have been advanced to candidacy for the education specialist degree. Number of units of credit is determined by the candidate's education specialist advisory committee.
Credit/No Credit

EDS 541. Master's Project: Education/School Psychology (Plan B). 4 - 6 Units
Prerequisite(s): Advanced to candidacy.
Term Typically Offered: Fall, Spring

Credit given upon successful completion of a project approved for the M.A. in Education/School Psychology option.

EDS 542. Education Specialist Project: School Psychology. 4 - 6 Units
Term Typically Offered: Fall, Spring

Credit given upon successful completion of a project approved for the Education Specialist degree.
Note: Open only to the graduate student who has been advanced to candidacy. Department petition is required. Number of units of credit is determined by the candidate's advisor.
Credit/No Credit

Spanish (SPAN)

Spanish (SPAN)

SPAN 1A. Elementary Spanish. 4 Units
Term Typically Offered: Fall, Spring

Beginning Spanish language with primary emphasis on the development of audio-lingual skills. Attention will also be given to the interrelatedness of language and civilization and culture. Additional attention will be given to the development of reading and writing. Students will be expected to spend several hours per week in the language laboratory. Not recommended for students with any previous study of Spanish.

SPAN 1B. Elementary Spanish. 4 Units
Prerequisite(s): SPAN 1A, or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring

Continuation of SPAN 1A with a greater emphasis on the development of speaking, reading, writing, and listening skills. Cultural knowledge continues to be an important component: elements of Hispanic character, customs, and the way in which the Spanish and Latin American peoples view themselves and others in the world is studied.

SPAN 1C. Intensive Elementary Spanish. 6 Units
Prerequisite(s): Two years of high school Spanish or equivalent.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

This course emphasizes a rapid development of the four language skills--speaking, reading, writing, and listening--covered in the first two semesters of university Spanish. Cultural knowledge is also an important component of this course, and elements of Hispanic character, customs, and the way in which the Spanish and Latin American peoples view themselves and others in the world will be studied. Recommended for students who have had some previous study of Spanish, but need a quick review of the structures covered in the first two years of high school Spanish or the equivalent.

SPAN 2A. Intermediate Spanish. 4 Units
Prerequisite(s): One year of college Spanish, or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Oral, auditory, and written practice based on more advanced dialogue material and on short stories, plays, and the like. Attention to the development of reading fluency and to the extension of both active and passive vocabulary. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 2B. Advanced Intermediate Spanish. 4 Units
Prerequisite(s): SPAN 2A.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

This course focuses on the development of essential oral, aural, and written skills in the four language modes. Attention continues to be given to the development of reading fluency and to the extension of both active and passive vocabulary.
SPAN 2B. Intermediate Spanish. 4 Units
Prerequisite(s): SPAN 2A, suitable score on placement exam, or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring
Continuation of SPAN 2A. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 7. Spanish Reading Proficiency. 3 Units
Prerequisite(s): SPAN 1A or two years of high school Spanish.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring
Designed to improve Spanish reading proficiency. Students will acquire the ability to understand various types of materials written in Spanish (e.g. news items, personal correspondence, technical material, short stories); follow essential points and ideas of special interest or knowledge. Students will demonstrate Spanish reading comprehension by their ability to translate and answer content questions in Spanish as well as English.

SPAN 42. Conversation In Spanish. 3 Units
Prerequisite(s): SPAN 2B or equivalent, or instructor permission.
Term Typically Offered: Fall, Spring
Conducted in Spanish, will further develop the audio-lingual skills that the students have acquired in their early Spanish language training. Emphasis will be placed on maintaining ideas and concepts in actual conversation situations, taken from topics of most interest to students.

SPAN 47. Introduction to Composition and Grammar Review. 3 Units
Prerequisite(s): SPAN 2B or equivalent.
Term Typically Offered: Fall, Spring
Develops the necessary skills to write with clarity, precision, and style. It emphasizes the proper use of the accents and the correct use of grammar.

SPAN 100. Introduction to the Study of Hispanic Literature. 3 Units
Prerequisite(s): SPAN 47.
Term Typically Offered: Fall, Spring
Introduction to literary theory and a practical application of the techniques of literary criticism.

SPAN 102. Spanish Phonetics. 3 Units
Prerequisite(s): SPAN 47 or equivalent.
Term Typically Offered: Fall, Spring
Study of the sound system of Spanish with some attention to comparison with English and the physiology of sounds. Drills to develop good pronunciation.

SPAN 103. Advanced Spanish Grammar. 3 Units
Prerequisite(s): SPAN 2B or equivalent.
Term Typically Offered: Fall, Spring
Study of the specific components of Spanish grammar with particular emphasis on the Spanish verbal system, the subjunctive, and other problematic aspects of grammar. Will be of particular interest to those planning to teach Spanish as well as to the Spanish-speaking students. Note: SPAN 47 strongly recommended.

SPAN 106. Advanced Spanish Composition. 3 Units
Prerequisite(s): SPAN 103 and completion of all lower division requirements.
Term Typically Offered: Fall, Spring
Increased practice in writing with emphasis on sentence and paragraph structure, and compositions to effectively convey meaning and ideas. Attention will be given to narrative, descriptive, expository prose, and dialogue, as well as to letters and other forms of written communication.

SPAN 110. Survey of Spanish Literature to 1800. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Fall only
Advanced readings, lectures, and discussions dealing with a panoramic view of Spanish literature from early works through the Golden Age and up to the 1800s.

SPAN 111. Survey of Spanish Literature from 1800 to the Present. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only
Continuation of SPAN 110; deals with literature from the Neoclassic period to the contemporary. Readings taken from works and genres of this period.

SPAN 113. Latin American Literature, Beginnings to Modernism. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Fall only
Study of the major writers and trends in Latin American literature from beginnings until Modernism.

SPAN 114. Latin American Literature, Modernism to Present. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only
Study of the major writers and trends in Latin American literature from Modernism to the present.

SPAN 115. Magical Realism. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only
Magic and the wonderful infra-mythical world of major contemporary Latin America writers are explored in this in-depth study of Magical Realism. Short stories and novels are examined as they create a marvelous “other world” or reality. Authors studied include Gotzaraz, Carpenter, Bombal, Borges, Rulfo, Garcia Marquez, Fuentes, Sainz, Esquivel, and others.

SPAN 121. Spanish For Professionals. 3 Units
Prerequisite(s): SPAN 2A or equivalent.
Term Typically Offered: Fall, Spring
Designed to teach present and future public servants the necessary vocabulary and structures for effective communication in interviews, visits, etc. Some attention to local dialect differences.
SPAN 123. Topics in Spanish Literature. 3 Units
Prerequisite(s): SPAN 100
Term Typically Offered: Fall only
Topics in literature from Spain offered as needed. Typical topics are: Spanish novel through the Golden Age; 19th and 20th century Spanish novel; Spanish drama from the Middle Ages to the Golden Age; Spanish Contemporary drama.
Note: May be repeated for credit provided topic is different.

SPAN 130. Contemporary Mexican Literature. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only
Inquiry into the significance of the individual in contemporary Mexican culture and his greater relationship to the cosmos as seen through his literature. May be of particular interest to the Mexican American.

SPAN 134. The Short Story in Latin America. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only
Development of the short story in Latin America with some introductory study of the North American short story by way of comparison. Selected readings from different countries where the short story has had an important development. Emphasis on the contemporary short story.

SPAN 142. Advanced Spanish Conversation. 3 Units
Prerequisite(s): SPAN 2B or equivalent.
Term Typically Offered: Fall, Spring
Increases language fluency and acquisition of new vocabulary through intensive conversational practice, based on topics of contemporary interest.

SPAN 151. Civilization and Culture of Hispanic America. 3 Units
Prerequisite(s): SPAN 47
Term Typically Offered: Fall, Spring
Readings, visuals, and discussion of the history, geography, anthropology, sociology, politics, economics, folklore, and artistic expression of the nations of Hispanic America.

SPAN 152. Civilization and Culture of Spain. 3 Units
Prerequisite(s): SPAN 47
Term Typically Offered: Fall, Spring
Reading and discussion of the history, geography, anthropology, sociology, political science, economics, folklore, music, art, and the dance as these areas relate to Modern Spain.

SPAN 153. Civilization and Culture of Mexico. 3 Units
Prerequisite(s): SPAN 47
Term Typically Offered: Fall, Spring
Reading and discussion of the history, geography, anthropology, sociology, political science, economics, folklore, music, art, and the dance of Mexico.

SPAN 194. Field Experience/Internship. 1 - 3 Units
Prerequisite(s): Intermediate competency in Spanish and instructor permission.
Term Typically Offered: Fall, Spring
Directed fieldwork in a project which uses the language skills developed through previous study of Spanish. The projects may include interpreting and translating for public and/or private agencies in Sacramento, teaching or tutoring in the community, or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. Can be taken more than once for credit.
Credit/No Credit

SPAN 195. Fieldwork -- Tutoring. 1 - 3 Units
Prerequisite(s): Advanced students with native or near-native fluency, upper division status ("U" exam), or instructor permission.
Term Typically Offered: Fall, Spring
Tutoring of lower division Spanish students, under the supervision of an instructor.
Credit/No Credit

SPAN 199. Special Problems. 1 - 3 Units
Prerequisite(s): Permission of instructor supervising work, the advisor, and the Department Chair.
Term Typically Offered: Fall, Spring
Individual projects or directed reading.
Note: Open only to students who appear competent to carry on individual work, and enrollment will be limited to hardship cases.
Credit/No Credit

SPAN 201A. General Spanish Linguistics. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring
Depending upon the interest of the group, one topic of Spanish Linguistics will be chosen. The emphasis may be Comparative, Popular Spanish divergencies, or psycho- or socio-linguistics, especially the development of Mexican-American Spanish and the learning problems of bilinguals.

SPAN 201B. History of the Spanish Language. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring
Historical evolution of the Spanish language from Vulgar Latin to the present day with special emphasis on the phonetic and morphological changes involved in this evolution. Some attention will be devoted to Old Spanish readings as well as the differences between Old and Modern Spanish. Knowledge of Latin is helpful, but not required.

SPAN 201C. Contrastive Grammatical Structures of Spanish and English. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring
Analyzes the major differences between the grammatical system of Spanish and English, with particular emphasis on those areas of contrast which are vital to the teacher.
SPAN 201D. Applied Spanish Linguistics. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring

Application of linguistic theory, principally to the areas of language teaching and learning acquisition. Occasionally the application of linguistics to other fields may be examined.

SPAN 220A. Spanish Literature in the Middle Ages. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 220B. Spanish Literature in the Golden Age. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 220C. Spanish Literature in the 18th and 19th Centuries. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 220D. Contemporary Spanish Literature. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 224A. Spanish-American Literature to 1825. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Latin American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Beginnings of Spanish American Literature from the period of discovery and conquest through the colonial period until the end of the Wars of Independence in 1825. Covers the Renaissance, Baroque, and Neo-Classical Periods.

SPAN 224B. Spanish-American Literature, 1825 to 1880. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Latin American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Independence (1825) through 1880. Covers the following movements: Romanticism, Realism, and Naturalism and deals with selected authors.

SPAN 224C. Spanish-American Literature, 1880 to 1945. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Spanish American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 224D. Spanish-American Literature, 1945 to Present. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Spanish American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 250A. Civilization and Culture of Spain. 3 Units
Prerequisite(s): Graduate status with fluency in understanding, speaking, reading, and writing contemporary Spanish.
Term Typically Offered: Fall, Spring

Seminar examining aspects of the national character and personality of Spain as revealed through Hispanic social and literary studies from prehistory to 1700.

SPAN 250B. Civilization and Culture of Modern Spain. 3 Units
Prerequisite(s): Graduate status with fluency in understanding, speaking, reading, and writing contemporary Spanish.
Term Typically Offered: Fall, Spring

Seminar examining aspects of the character and personality of the various political, geographical, and cultural groups of Spain as revealed through the social and literary studies of Spain from 1700 to the present.

SPAN 250C. Civilization and Culture of Hispanic America. 3 Units
Prerequisite(s): Graduate status with fluency in understanding, speaking, reading, and writing contemporary Spanish.
Term Typically Offered: Fall, Spring

Seminar examining aspects of the character and personality of the various nations of Hispanic America as revealed through Hispanic-American social and literary studies. Attention will be given to the various ethnic groups found in Hispanic America.

SPAN 250D. Civilization and Culture of Mexico. 3 Units
Prerequisite(s): Graduate status with fluency in understanding, speaking, reading, and writing contemporary Spanish.
Term Typically Offered: Fall, Spring

Seminar examining aspects of the national character and personality of Mexico as revealed through Mexican social and literary studies.

SPAN 299. Special Problems. 1 - 3 Units
Prerequisite(s): Permission of instructor supervising work, the advisor, and the Department chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who have the required number of units in residence and who appear competent to carry on individual work. Enrollment will be limited to hardship cases. Only 3 units of upper division or 3 units of graduate division credit will be accepted for any one degree in Spanish.

Credit/No Credit
SPAN 500. Culminating Experience. 1 - 4 Units
Prerequisite(s): Advanced to candidacy and permission of the graduate coordinator.
Term Typically Offered: Fall, Spring

Completion of a thesis, project or comprehensive examination.
Speech Pathology and Audiology (SPHP)

SPHP 227. Dysphagia and the Medical Setting. 3 Units
Prerequisite(s): CSAD 218, CSAD 221, instructor permission.
Term Typically Offered: Fall, Spring
Swallowing problems from infancy through old age; growth patterns and failures in younger populations; feeding and swallowing problems related to normal aging processes and those associated with neurogenic disorders. Assessment and treatment. Includes theoretical and experiential components. Overview of the role of Speech-Language Pathologist in the hospital setting including learning how to read medical charts, basic insurance information, understanding other disciplines and how they affect the job and career of an SLP in the hospital, and medical terms/abbreviations.

SPHP 250. Speech/Language Internships Seminar. 2 Units
Corequisite(s): CSAD 295L or CSAD 295M, or CSAD 295P, or CSAD 295S.
Term Typically Offered: Fall, Spring
Assessment, scheduling and conducting language speech and hearing programs in schools. Related issues including scope of practice, managed care, interagency cooperation and transdisciplinary approaches.

Statistics (STAT)

STAT 1. Introduction to Statistics. 3 Units
Prerequisite(s): MATH 9 or three years of high school mathematics which includes two years of algebra and one year of geometry; completion of ELM requirement and the Intermediate Algebra Diagnostic Test.
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring
Descriptive statistics, basic concepts of probability and sampling with the aim of introducing fundamental notions and techniques of statistical inference.

STAT 10A. Introductory Statistics with Developmental Mathematics. 3 Units
Term Typically Offered: Fall, Spring
Prepares students for STAT 10B that requires background in data analysis process, descriptive statistics and the concept of randomness. Topics include: Summarizing the data distribution graphically and numerically; reasoning about bivariate numerical data, linear correlation and regression; linear, quadratic and exponential functions as a way of modeling a correspondence between two variables; reasoning about bivariate categorical data; basic concepts of probability and the law of large numbers; conditional probability; discrete random variables; binomial distribution; and an introduction to continuous random variables. Lecture three hours.

STAT 10B. Introductory Statistics with Developmental Mathematics. 3 Units
Prerequisite(s): STAT 10A
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Spring only
Continuation of STAT 10A. STAT 10B prepares students for research methods applications/courses in various disciplines. Topics include: Continuous random variables and normal distribution; sampling distributions and the central limit theorem; confidence intervals and tests of hypotheses for means, proportions, difference in means and difference in proportions; and chi-squared tests for categorical data analysis. Lecture three hours.

STAT 50. Introduction to Probability and Statistics. 4 Units
Prerequisite(s): MATH 26A, MATH 30, or appropriate high school based AP credit.
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring, Summer
Sample spaces, combinatorics, and random variables. Density and distribution functions. Expectation, variance, and covariance. The binomial, uniform, poisson, negative binomial, hypergeometric, exponential, gamma, beta, and normal distributions. Sampling distributions, estimation, and hypothesis tests. Students are given periodic writing assignments which encourage them to think through concepts of the course.

STAT 96. Experimental Offerings in Statistics. 1 - 6 Units
Term Typically Offered: Fall, Spring
When there is a demand from a sufficient number of qualified students, one of the staff will conduct a seminar on some topic in statistics.

STAT 103. Intermediate Statistics. 3 Units
Prerequisite(s): STAT 50 or instructor consent
Term Typically Offered: Spring only – even years

STAT 115A. Introduction to Probability Theory. 3 Units
Prerequisite(s): MATH 31 and either STAT 1 or STAT 50
Term Typically Offered: Fall only
Probability axioms, discrete and continuous random variables, functions of random variables, joint densities, expectation, moment generating functions. Chebyshev’s inequality, transformations, weak law of large numbers, central limit theorem.

STAT 115B. Introduction to Mathematical Statistics. 3 Units
Prerequisite(s): STAT 115A
Term Typically Offered: Spring only
Point Estimation, interval estimation, hypothesis testing, the multivariate normal distribution, non-parametric tests.
STAT 128. Statistical Computing.  3 Units
Prerequisite(s): (STAT 1 or STAT 50) and (MATH 26A or MATH 30) or consent of the instructor.
Computer methods for accessing, transforming, summarizing, graphing and making statistical inferences from data; focus is on command-line statistical software, but menu-driven software may be introduced; application of computer methods to solve problems selected from the areas of modeling, simulation, inference and statistical learning.

STAT 155. Introduction to Techniques of Operations Research.  3 Units
Prerequisite(s): MATH 31; STAT 50, STAT 103, or STAT 115A; MATH 31 may be taken concurrently.
Term Typically Offered: Spring only – odd years
Formulation and analysis of mathematical models with emphasis on real systems applications. Introduction to Queueing theory and Markov Processes for application.

STAT 196J. Statistical Computing.  3 Units
Prerequisite(s): STAT 1 or STAT 50, and MATH 26A or MATH 30
Term Typically Offered: Fall only
Computer methods for accessing, transforming, summarizing, graphing, and making statistical inferences from data. Both a command-line statistical software package such as R and menu-driven package such as SAS will be used. Students will learn to apply computer methods to solve problems selected from the areas of modeling, simulation, inference and statistical learning. The intent of this course is to provide students with the software skills needed for statistical work in industry or academia.

STAT 199. Special Problems.  1 - 6 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Open only to students who appear competent to carry on individual work. Admission to this course requires approval of the instructor in addition to the approval of the advisor and the Department Chair.
Credit/No Credit

STAT 215A. Introduction to Mathematical Statistics.  3 Units
Prerequisite(s): STAT 115A, STAT 115B; MATH 134 is recommended.
Term Typically Offered: Fall, Spring
Probability measure, conditional probability and independence, random variables, characteristic and moment-generating functions, modes of convergence.

STAT 215B. Topics in Introduction to Mathematical Statistics.  3 Units
Prerequisite(s): STAT 215A.
Term Typically Offered: Fall, Spring
Note: May be taken twice with approval of Graduate Coordinator.

STAT 299. Special Problems.  1 - 6 Units
Term Typically Offered: Fall, Spring
Any properly qualified student who wishes to pursue a problem may do so if the proposed subject is acceptable to the department committee, the supervising instructor and the student’s advisor.
EDTE 206. Leadership In Literacy. 3 Units
Term Typically Offered: Fall, Spring
Provides field experiences for applying theoretical understandings about contemporary schooling policies, as well as a venue for expanding the role of leadership in literacy to meet the needs of the broader community. Also provides candidates with opportunities to incorporate understandings about literacy and the content of cultures to field actions related to their personal professional development.

EDTE 207. Advanced Practicum in Reading Difficulties: Assessment and Intervention. 3 Units
Term Typically Offered: Fall, Spring
Evaluation and use of materials and techniques for assessing and teaching decoding, spelling, and comprehension across ages, languages, developmental levels, and diverse backgrounds. Examination of models of reading disability and of intervention programs for students and adults with varying degrees of disability. Application through assessment, instruction, and compilation of a case study of a student or adult with reading and/or spelling difficulties. Permission of instructor required for those wishing to take the course as an elective.

EDTE 209. Literature for the Diverse Pre-K through 12 Classroom: Issues, Models and Strategies. 3 Units
Term Typically Offered: Fall, Spring
Analyze state and national issues related to the use of juvenile literature in schools. Evaluate models and strategies for employing quality literature (fiction and non-fiction) effectively in the Pre-K through 12 multicultural classroom. Building upon research and genre overview, each participant will develop instructional materials and strategies such as booklists, storytelling, textssets, read-alouds, and web-based literature activities for students and support materials for parents.

EDTE 214. Classroom Assessment and School Accountability Issues. 3 Units
Term Typically Offered: Fall, Spring
Focuses on classroom assessment, grounded in sound principles of measurement and evaluation of learning. Assessment is considered in the context of historical, social, political, legal, educational, and ethical trends, and concerns including reviews of socio-cultural diversity and individual differences as they relate to accurate appraisal of what learners know how to do.

EDTE 219A. Intro To Information Services. 3 Units
Term Typically Offered: Fall, Spring
EDTE 219G. Networks For School Lib Med Ct. 2 Units
Term Typically Offered: Fall, Spring
EDTE 219K. Eval & Sel Learn Res & Info Se. 3 Units
Term Typically Offered: Fall, Spring
EDTE 219L. Lit For Children/Lib Media Svc. 3 Units
Term Typically Offered: Fall, Spring
EDTE 219M. Mgmt School Library Media Cent. 3 Units
Term Typically Offered: Fall, Spring
EDTE 219N. Org Of Info & Learning Resourc. 3 Units
Term Typically Offered: Fall, Spring
EDTE 219P. Lib Media Ctr+Core Curriculum. 2 Units
Term Typically Offered: Fall, Spring
EDTE 219Z. Field Study School Librariansh. 2 - 4 Units
Term Typically Offered: Fall, Spring
Credit/No Credit

EDTE 220. Seminar in Mathematics Education. 3 Units
Term Typically Offered: Fall, Spring
Research of mathematical instruction trends, problems of teaching math and successful mathematics programs.

EDTE 221. Curriculum Development in Mathematics Education. 3 Units
Term Typically Offered: Fall, Spring
Examining successful curricular materials and techniques for use with slow, average and rapid learners of mathematics, and programs directed at the non-college-bound population. Creating materials for exceptional as well as for average learners.

EDTE 222. Teaching Mathematics in the Twenty-First Century. 3 Units
Term Typically Offered: Fall, Spring
Investigation of issues and trends being faced by elementary and secondary teachers in California. An overall goal is to develop a significant body of examples of successful mathematics teaching, designed to be useful with learners from all of California’s diverse student population.

EDTE 225C. Theoretical Issues in Adult Literacies. 3 Units
Term Typically Offered: Fall, Spring
Introduces students to current theories surrounding the pedagogies and politics of adult literacies within a wide variety of contexts, including community colleges, prisons, and community projects. Incorporates information on technological literacies, information literacies, cultural literacies, and multiliteracies. In addition, students will be partnered with community literacy experts and required to complete formal observations of adult reading classrooms throughout the semester, fostering collaboration between the local community and the university. Cross-listed: ENGL 225C; only one may be counted for credit.

EDTE 226. Seminar: Strategies for Teachers. 3 Units
Term Typically Offered: Fall, Spring
Seminar focuses on analyzing various teaching strategies used in classrooms, K-12. Teaching strategies will be analyzed to identify teacher competencies and learning outcomes. Additional attention will be given to appropriate classroom management strategies.

EDTE 227. Seminar in Curriculum and Instruction, K-12. 3 Units
Term Typically Offered: Fall, Spring
Individual and group study of current programs, issues, trends and research in elementary and secondary instruction and curricular areas.

EDTE 228. Introduction to Ethnomathematics. 3 Units
Term Typically Offered: Fall, Spring
Students will learn aspects of mathematical modeling used to uncover mathematics as used in non-school contexts, a basic premise to ethnomathematics is that the mathematics found in other traditions is strongly influenced by, indeed reflects, a given individual’s cultural heritage and world view. Students examine alternative mathematical thought practices of other, mainly nonwestern cultures; consider how mathematical topics that include cultural connections to numbering and systems of organization, geometry and perceptions of time and space.
EDTE 230. Introduction to Computers in the Classroom. 3 Units
Term Typically Offered: Fall, Spring
Practical introduction to the use and applications of computer-based technologies in the Kindergarten-twelfth grade classroom. Major topics include basic computer terminology and functions, educational software evaluation and integration into instruction, using telecommunication, multimedia authoring and issues relating to the impact of computers in a democratic society. No prior experience with computers required.

EDTE 232. Educational Applications of Computers. 3 Units
Prerequisite(s): EDMS 330 or EDS 291A and EDS 291B; or equivalent.
Term Typically Offered: Fall, Spring
Examines how application programs such as word processing, database management, spreadsheets and presentation tools can be used as part of the teaching, management and learning processes. Also includes instruction on the setup and management of telecommunications and classroom networks.

EDTE 233. Teaching Problem-Solving with Educational Technology. 3 Units
Prerequisite(s): EDTE 232 or equivalent.
Term Typically Offered: Fall, Spring
Examines the theoretical presuppositions underlying the use of educational technology to teach problem-solving, conditions under which problem-solving opportunities are likely to arise, computer programming as a problem-solving medium and the potential of software programs designed to teach problem-solving skills. Includes Internet-based problem-solving and principles of distributed learning.

EDTE 234. Curriculum and Staff Development with Educational Technology. 3 Units
Prerequisite(s): EDTE 232 or equivalent.
Term Typically Offered: Fall, Spring
Provides the student with an in-depth understanding of the principles and processes of analyzing curriculum for the purpose of integrating educational technology at the classroom, school and district levels. Students will analyze curricula, identify appropriate technology applications, and create plans for establishing, monitoring, and evaluating technology-based programs. Special emphasis will be placed on professional development.

EDTE 235. Enhancing Curriculum with Multimedia and the Web. 3 Units
Prerequisite(s): EDTE 232 or equivalent.
Term Typically Offered: Fall, Spring
Provides the student with an in-depth understanding of the principles of multimedia and web-based design. Students will apply these principles to developing curriculum for the technology-infused classroom. Intensive hands-on experience in the development of web and multimedia including video based on principles of human information processing and aesthetics.

EDTE 237. The Professional Lives of Teachers. 4 Units
Prerequisite(s): EDTE 226 and EDTE 251.
Term Typically Offered: Fall, Spring
Building upon the historical role of the position in society, the cultural influences that affect public and personal perception of teachers, the theoretical models of teaching, and research on teacher identity, participants will explore the continuum of a teacher’s professional life (preservice, induction, professional growth, mentoring), teacher professionalism, and what teachers’ professional lives look like in practice. Students will define their career stage and create a vision for the rest of their career in the field.

EDTE 238. Professional Development of Teachers in Democratic Schools. 4 Units
Prerequisite(s): EDTE 237.
Corequisite(s): EDTE 239.
Term Typically Offered: Fall, Spring
Examines contemporary issues in professional development for teachers. Students learn specific foundations and procedures for professional development that have well-documented effects on student achievement, e.g., professional learning communities. Students also analyze and design appropriate strategies for implementing and evaluating professional development for the contexts in which they are teaching as well as for a variety of other settings.

EDTE 239. Schools and Schooling in a World of Policy and Practices. 4 Units
Term Typically Offered: Fall, Spring
Beginning with a historical framework of reform, examines theories and models of school reform in the U.S. and international contexts. Students engage in researching and identifying how political and social forces impact the development of educational policy and reform initiatives. Using the lens of contemporary reform, students analyze recent school reform initiatives as well as the ideas and ideals of professional development within their own educational contexts.

EDTE 242. Key Issues in National Board Certification. 3 Units
Prerequisite(s): Admission to the Master of Arts In Education (Curriculum and Instruction) and the selection to the National Board Cohort.
Term Typically Offered: Fall, Spring
Through action research, professional reading and guided discussions, students will explore key elements of the National Board Standards including engaging student learning, assessment, decision making in lesson design, and identifying essential “big ideas” in content areas.

EDTE 250. Education Research. 3 Units
Prerequisite(s): EDTE 251 for students in uncohorted Curriculum and Instruction and Behavioral Sciences Gender Equity Studies Masters’ Programs.
Term Typically Offered: Fall, Spring
Studies qualitative and quantitative research methods in the field of education. Includes identification and formulation of research problems, research designs and presentation of reports representative of different research strategies.
EDTE 250I. Educational Research for IMET. 3 Units
Prerequisite(s): Acceptance into Master of Arts (Educational Technology).
Term Typically Offered: Fall, Spring
Studies qualitative and quantitative research methods in the field of education with special emphasis on educational technology. Includes identification and formulation of research problems, research designs and presentation of reports representative of different research strategies.

EDTE 251. Education for a Democratic, Pluralistic Society. 3 Units
Term Typically Offered: Fall, Spring
Advanced study of social and psychological issues which need to be considered in education relating to the client, the educator, the community and society. Addresses implications of theories of learning, assessment, individual differences, cultural, historical, philosophical, and social/political influences. Includes an overview of research and an introduction to APA formatting. Must be taken first semester in EDTE uncohort Masters’ program.

EDTE 251I. Education in Democratic, Pluralistic Society for Educational Technology. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
Term Typically Offered: Fall, Spring
Advanced study of social and psychological issues which need to be considered in education relating to the client, the educator, the community, and society, with a focus on the effects of educational technology advancements and influences. Addresses implications of theories of learning, assessment, individual differences, cultural, historical, philosophical, and social/political influences.
Note: Fee course.

EDTE 262. Experiencing the Arts in Education. 3 Units
Prerequisite(s): Admission into the Masters of Arts in Education (Curriculum and Instruction) or instructor permission.
Term Typically Offered: Fall, Spring
Involves experiencing, appreciating and generating the arts. Develops a creative, collaborative community for learning and teaching through the arts which will be sustained throughout the Master of Arts in Education (Curriculum and Instruction) and beyond.

EDTE 266. Women And Education. 3 Units
Term Typically Offered: Fall, Spring
Examination and analysis of methods, practices and materials prevalent in educational institutions, at all levels and their ultimate effect on the female both as an individual and as a member of society. Students will examine the limiting factors in their own sex-role socialization and the dangers of perpetuating them in their own teaching.

EDTE 267. The Human Brain and Its Function for Effective Teaching and Learning. 3 Units
Prerequisite(s): Graduate status.
Term Typically Offered: Fall, Spring
Brain-based teaching and learning practices are related directly to the functions of the limbic system; the frontal, parietal, temporal and occipital lobes; and the reticular activating system, brainstem and vestibular apparatus. Students will understand why, from a brain perspective, certain learning/teaching practices are successful/unsuccessful.

EDTE 268. Gender Perspectives on Schooling, Past-Present. 3 Units
Term Typically Offered: Fall, Spring
Examines gender dynamics within schools analyzing theories of education in order to understand the role of gender in schools, past and present. Using historical and philosophical lenses, female and male schooling experiences will be examined. The historical experiences of women of color will be of particular interest. We will also explore ideas and pedagogies associated with gay and lesbian theory, masculinity studies, and anti-oppressive education.

EDTE 280A. Fundamentals of Online Pedagogy & Instructional Design. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
Term Typically Offered: Fall, Spring
Introduces students to a variety of online instructional strategies, skills, and instructional design and their theories and practices. Will include an introduction to distributed education, including synchronous and asynchronous modes of instruction, and their applications to instruction. Note: Fee course.

EDTE 280B. Instructional Design. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
This course provides students with experiences to develop the knowledge, skills, and dispositions essential in the design of instruction that involves uses of technology for learning. Students will explore and apply instructional design processes and theories for analysis, planning, and evaluation of learning activities. Students will work together to develop learning activities that utilize multimedia technologies. Learning activities that students work to develop may include webinars, parts of a course or workshop, online learning, or others with the instructor’s approval.
Note: Fee course.

EDTE 280C. The Role of the Online Learning Environment in Instructional Design. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
This course provides students with experiences to develop the knowledge, skills, and dispositions essential in the design of instruction that involves uses of technology for learning. Students will explore and apply instructional design processes and theories for analysis, planning, and evaluation of learning activities. Students will work together to develop learning activities that utilize multimedia technologies. Learning activities that students work to develop may include webinars, parts of a course or workshop, online learning, or others with the instructor’s approval.
Note: Fee course.
EDTE 281. Tools and the Curriculum. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
Term Typically Offered: Fall, Spring
Seamlessly blends basic technological applications with established areas of the curriculum. Students will create and use an array of educational technology applications, including multimedia and interactive tools, as integrated facets of well-established teaching and design strategies. Learning and applying strategies to new and unique problem-solving including online learning and instructional situations is expected. In the process, students evaluate and synthesize theories of learning best suited to designing and developing instruction.
Note: Fee course.

EDTE 282. Strategies for Application and Presentation. 3 Units
Prerequisite(s): Acceptance into Master of Arts (Educational Technology).
Term Typically Offered: Fall, Spring
Develops techniques for presenting and teaching thinking skills and problem solving in schools. Students research social and cultural problems as well as local and curricular problems and apply teaching strategies that develop higher-order thinking processes. Inquiry and problem-based strategies are used and integrated with technological applications. Students design web-based units that focus on logic as well as creative thinking that lead toward a solution to curricular or social and cultural problems.

EDTE 283. Staff Development and Presentation Applications. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
Term Typically Offered: Fall, Spring
Focuses on the need for staff development and on effective instructional practices. Explores the necessary elements that facilitate integrated technology to staff members. Students practice a variety of delivery methods for staff development that include multimedia, online resources, and hands-on integrated curricular activities that teachers or instructional leaders or designers can use within the organizational culture.
Note: Fee course.

EDTE 284. Problem Solving and Project Development. 3 Units
Prerequisite(s): Acceptance into Master of Arts (Educational Technology).
Term Typically Offered: Fall, Spring
Students will focus on integrating curriculum, equity, and/or staff development strands into an overall educational technology implementation strategy. Complex problem-solving techniques, research, distributed learning, methodology, and evaluation will be emphasized.

EDTE 285. Technology and Modern Practices. 3 Units
Prerequisite(s): Acceptance into Master of Arts (Educational Technology).
Term Typically Offered: Fall, Spring
Students will learn to understand, construct, and manage communications-based technologies in educational settings. Focuses on modern communications technology, terminology, educational practices, and instructional technology strategies. Emphasis will be placed on mentoring, management, and leadership.

EDTE 286. Special Topics in Educational Technology. 3 Units
Prerequisite(s): Acceptance into MA in Education (Educational Technology) program.
Term Typically Offered: Fall, Spring
Development and innovations in modern technology, especially as related to instructional design, teaching and learning. Composition will vary from semester to semester and over time. However, it will consistently utilize cutting-edge technology to support teaching, learning, and instructional design.
Note: Fee course.

EDTE 290. Seminar: Preparation of Master's Thesis/Project. 3 Units
Prerequisite(s): Approval of Master's Thesis Proposal or instructor permission
Term Typically Offered: Fall, Spring
Seminar course will focus on topics/elements/expectations to be included in the culminating experience: abstract writing, development of organizational schemes for the review of literature; format requirements; thesis/project planning; range and breadth of evidence for a comprehensive review; integrating the review with thesis/project; writing style and quality; revisions and critical feedback. Successful completion of the course requires the completion of Chapters 1 and 2 of the thesis/project and the beginning of Chapter 3. Graded: Credit/ No Credit

EDTE 296O. Introduction to Response To Intervention/Instruction (RT12). 2 Units
Prerequisite(s): Must hold a minimum of a Bachelors Degree.
Term Typically Offered: Fall, Spring
This is the first course of three with the purpose of providing participants with an introduction to Response to Intervention/Instruction (RT12). Participants will gain knowledge of the state laws behind RT12, current implementation models, critical components and best practices in implementing a RT12 system. This course will lay a solid foundation of knowledge for the proceeding two courses of the RT12 certificate program.
EDTE 296P. Response To Intervention/Instruction (RT12): Assessment and Intervention.  
**Prerequisite(s):** Student must hold a minimum of a Bachelors Degree.  
Term Typically Offered: Fall, Spring

Response to Instruction/Intervention (RT12) is a proactive approach to student learning that uses data to determine student need, monitor student progress, and make decisions about instructional changes to maximize student achievement and to address behavioral concerns. This course will examine the various methods of data collection, data analysis and research-based interventions found in an RT12 framework. Participants will be involved in real world Case Studies to apply RT12 practices at individual, school, and district levels.

EDTE 296O. Response to Intervention: Practical Application. 3 Units

**Prerequisite(s):** Student must hold a minimum of a Bachelors degree and have completed EDTE 296O and EDTE 296P with a minimum C- grade or better to enroll in this course.  
Term Typically Offered: Fall, Spring

This course is the culmination of courses EDTE 296O and EDTE 296P. It is a practicum course that will help students transfer learning’s from the previous two courses into a RTI plan of action for the classroom, site, or district. This course will help students further explore and research systems and practices in place at their site or district to help develop a RTI plan.

EDTE 298. Capstone. 3 Units

**Prerequisite(s):** Acceptance into MA in Education (Educational Technology) program and Advancement to Candidacy. In the final course in the Educational Technology Master’s program, students review, reflect, and discuss personal and professional evolution of program experiences, and create and present a final showcase. Students will select assignments from their courses to create a media-rich final ePortfolio that will be evaluated by both peers and faculty. Additionally students will discuss and present selected elements, of their Master’s project developments with their cohorted peers, and identify methods to apply in disseminating results related to their Culminating Experience.  
**Note:** Fee course.

Fee course.

EDTE 299. Special Problems. 1 - 3 Units

Term Typically Offered: Fall, Spring

Individual projects at graduate level especially for students capable of independent study. Admission by written approval of the instructor with whom the student will be working and the Department Chair.  
Credit/No Credit

EDTE 329D. Helping Writing Happen. 1 - 3 Units

Term Typically Offered: Fall, Spring

EDTE 385. Foreign Languages in the Secondary School. 3 Units

Term Typically Offered: Fall, Spring

Problems of teaching foreign language; evaluation of methods in the light of objectives; discussion of techniques and source materials. Should be taken prior to or with student teaching. Discussion, participation in such classroom activities as panel discussions, presentations and demonstrations.  
Cross listed: FORL 385

EDTE 503. Culminating Experience: Language and Literacy. 3 Units

**Prerequisite(s):** EDTE 250; Advanced to candidacy and permission of his/her faculty advisor and the department chair one full semester prior to registration  
Term Typically Offered: Fall, Spring

Completion of a thesis or project approved for the Master’s degree.

EDTE 505. Culminating Experience: Curriculum and Instruction. 3 Units

**Prerequisite(s):** Advanced to candidacy and permission of his/her faculty advisor and the department chair one full semester prior to registration. EDTE 250 and EDTE 290.  
Term Typically Offered: Fall, Spring

Completion of a thesis or project approved for the Master’s degree.

EDTE 507. Culminating Experience: Educational Technology. 3 Units

**Prerequisite(s):** Advanced to candidacy and permission of the faculty advisor and department chair one full semester prior to registration.  
Term Typically Offered: Fall, Spring

Completion of a thesis or project approved for the Master’s degree.

Theatre (THEA)

THEA 1. Introduction To Theatre. 3 Units

**General Education Area/Graduation Requirement:** Arts (Area C1)  
Term Typically Offered: Fall only

Primarily for non-majors interested in acquiring a background of information in theatre. Plays, history, acting theories, technical methods and people in the theatre. Lectures, demonstrations and discussions will characterize the greater portion of the course.

THEA 2. History of the Theatre: Ancient to Renaissance. 3 Units

**General Education Area/Graduation Requirement:** Arts (Area C1)  
Term Typically Offered: Spring only

Broad survey of the nature and development of theatrical performance from ancient times through the Renaissance which emphasizes the relationship between theatre and the larger philosophical social and political concerns of its time.

THEA 3. Theatre History After 1660. 3 Units

**General Education Area/Graduation Requirement:** Arts (Area C1)  
Term Typically Offered: Spring only

Investigates the relationship between the development of theatre styles, structures and institutions, and philosophical, political, and cultural practices after 1660. Considers plays, production styles, theatre as an institution, and issues of representation of gender, race and class.

THEA 5. Aesthetics of Theatre and Film. 3 Units

**General Education Area/Graduation Requirement:** Arts (Area C1)  
Term Typically Offered: Fall, Spring

Interpretations of seminal dramatic scripts emphasizing the aesthetics of the theatrical art in relation to the cinematic medium.
THEA 9. Appreciation Of Acting. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Examination of the art of acting, including a review of actors and acting - past and present. Basic exercises in voice and diction, movement, and character will be utilized.
THEA 11. Acting Study I. 3 Units
Prerequisite(s): Theatre and Dance Majors or Minors or instructor permission.
Term Typically Offered: Fall, Spring
An introduction to, and a solid working foundation of, the basic building blocks of the acting craft. Through ensemble building, personal reflection, physical commitment, and vocal awareness exercises, students have the opportunity to improve and grow as an actor in both individual and partnered performance. Key learning goals include the ability to understand, interpret and execute the foundational elements of drama (plot, character, thought, and language).
THEA 14. Stage Makeup and Costume Construction. 3 Units
Term Typically Offered: Fall, Spring
This course provides a comprehensive look at the technical side of stage makeup and stage costumes, with an emphasis on makeup application and costume construction. Students learn use of materials, equipment, theatre terminology, and the practical aspects of costume and stage makeup realization. Students work on costume and makeup projects from start to finish in the makeup lab and costume shop.
Note: MAY NOT be taken concurrently with THEA 16 or THEA 20 without instructor permission.
THEA 16. Stagecraft. 3 Units
Term Typically Offered: Fall, Spring
Principles of scenic and stage prop construction, techniques of mounting and shifting stage scenery, and the study of ground plans and construction drawings for theatrical production. Lecture/lab activity.
Note: May not be taken concurrently with THEA 14 or THEA 20 without instructor permission.
THEA 20. Lighting. 3 Units
Term Typically Offered: Fall, Spring
Principles of stage lighting, fixtures, control and color. Introduction to basic concepts and practices of lighting design. Lecture/lab activity.
Note: May not be taken concurrently with THEA 14 or THEA 16 without instructor permission.
THEA 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Students will have the opportunity to interact with fellow classmates and the seminar leader to build a community of academic support and personal support.
THEA 100. Script Analysis. 3 Units
Prerequisite(s): THEA 2, THEA 3
Corequisite(s): THEA 3
Term Typically Offered: Spring only
Through lecture and discussion, students explore the foundational elements of play scripts. The class investigates the structure of a play as well as its use of character, thought, plot, diction, song, and spectacle to analyze how a play's social and cultural elements inform potential productions.
THEA 102A. Voice and Movement I. 3 Units
Prerequisite(s): THEA 11.
Term Typically Offered: Fall, Spring
Introduction to the basic fundamentals of voice production and movement for the actor. Basic anatomy and physiology, relaxation, alignment, and breath work and its connection to movement. Feldenkrais, the Alexander Technique, and physical strengthening exercises are used in combination with vocal exercises to develop the actor's voice and body. Vocal and physical improvisation are introduced through various voice and movement exercises.
THEA 102B. Voice and Movement II. 3 Units
Prerequisite(s): THEA 11, THEA 102A or instructor permission.
Term Typically Offered: Fall, Spring
Further investigation of the actor's process in analyzing text and incorporating research through character analysis, as it ties into movement. Phonetic Alphabet and its importance when performing heightened language plays. Solo presentation and a devised final ensemble project round out the course requirements.
THEA 104. Acting Study II. 3 Units
Prerequisite(s): THEA 11, THEA 102A or instructor permission.
Term Typically Offered: Fall, Spring
To further develop the basic concepts of acting through scene work from the American modern repertoire. Particular emphasis is placed on the importance of a play's given circumstances, and the commitment required to make bold, active tactic choices when developing a character. Further investigation of the actor's process in analyzing text and incorporating research through character analysis, as it ties into performance, are explored.
THEA 106. Latin American Film. 3 Units
Term Typically Offered: Fall, Spring
Exploration of the major movements in Latin American cinema beginning with the initial impetus of the Argentine and Mexican film industry of the late 1940's and the relationship of their aesthetic formulas to the cultural and socio/political climate of major Latin American nations.
THEA 107. Directing. 3 Units
Prerequisite(s): THEA 2, THEA 3, THEA 11, THEA 14, THEA 16, THEA 20, THEA 100
Term Typically Offered: Fall only
Practical experience in production procedures, characterization and basic principles of play direction. Analyzes directing techniques. Class typically attends a rehearsal and performance at Capital Stage (professional theatre in Midtown).
Note: Field trip.
Field trip(s) may be required.
THEA 109. Musical Theatre. 3 Units
Prerequisite(s): THEA 11
Term Typically Offered: Spring only

Practical study in singer-actor performance techniques. Major consideration is given to coordination of gesture and/or choreography, dialogue, melody, and lyric.

THEA 110. Acting Study III: Advanced Acting. 3 Units
Prerequisite(s): THEA 11, THEA 102A and/or THEA 102B, THEA 104 or instructor permission.
Term Typically Offered: Fall, Spring

The study of ways to research, rehearse and perform advanced acting styles and techniques with an emphasis on text analysis, given circumstances, subtext, and heightened language.
Note: May be taken twice for credit.

THEA 111. Audition Technique. 3 Units
Prerequisite(s): THEA 11, THEA 102A &/OR THEA 102B, THEA 104; Musical Theatre minors must also take THEA 109.
Term Typically Offered: Spring only

An in-depth study of the business of becoming a working professional actor and the techniques needed when auditioning for a professional theatre company. Students prepare an audition repertoire that is appropriate to their age and type; audition for a panel of theatre professionals and receive feedback for both areas of skill and those needing improvement. Resumes, headshots, trade papers, skill sets, and financial budgeting are examples of the areas included within the content of this course. An introduction to television/commercial and musical theatre audition techniques is also incorporated.

THEA 113. Acting Styles: Shakespeare. 3 Units
Prerequisite(s): THEA 11, THEA 102A &/or THEA 102B, THEA 104
Term Typically Offered: Fall, Spring

Designed to familiarize the intermediate acting student with the very specific demands of performing the works of William Shakespeare. Beginning with an in-depth study of the structure and meter of verse poetry, THEA 113 provides the vocal, physical, and analytical tools with which to approach this material in an intelligent and confident manner. Scene and monologue work is detailed and extensive.

THEA 115. Puppetry. 3 Units
Term Typically Offered: Fall, Spring

Play production with puppets. Practical work in constructing and manipulating various kinds of puppets. Simple puppets for use at elementary level; hand puppet production. Lecture/lab activity.

THEA 115A. Multicultural Puppetry. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity
Graduation Requirement (RE), Arts (Area C1)
Term Typically Offered: Fall, Spring

Multicultural puppetry was developed to introduce the student to the techniques and construction of puppetry and its use in a multicultural setting. Puppetry has been found to be an excellent tool for the teaching of multiculturalism to children. Emphasizes the methodology in the development of multicultural/multilingual scripts and their use in the implementation of curriculum. The ability to speak a second language is not a prerequisite.

THEA 118. Children's Theatre. 3 Units
Term Typically Offered: Fall, Spring

Study of special problems and techniques in the production of formal and improvisational drama for children; a consideration of techniques, methods and materials for use in the classroom to support and supplement curricular goals.

THEA 120A. Practicum in Technical Production. 1 Unit
Term Typically Offered: Fall, Spring

Practical experience in handling technical stagecraft problems, stage management, and crew management. Activity and participation in major productions. Four hours per week minimum required in workshop.
Note: THEA 120A requires students to work on one departmental production a semester for a minimum of 4 hours/week; may be repeated for credit.

THEA 120B. Practicum in Technical Production. 2 Units
Term Typically Offered: Fall, Spring

Practical experience in handling technical stagecraft problems, stage management, crew management. Activity and participation in major productions. Eight hours minimum a week required workshop.
Note: THEA 120B requires students to work on two departmental productions a semester for a minimum of 8 hours/week; may be repeated for credit.

THEA 120C. Practicum in Technical Production. 3 Units
Term Typically Offered: Fall, Spring

Practical experience in handling technical stagecraft problems, stage management, and crew management. Activity and participation in major productions. 12 hours minimum a week required work shop.
Note: THEA 120C requires students to work on three departmental productions a semester for 12 hours/week; may be repeated for credit.

THEA 121. Rehearsal and Performance. 1 Unit
Term Typically Offered: Fall, Spring

Participation in the preparation, rehearsal and performance of a departmental production. Approximately 50 hours of participation (including rehearsal and performance time) for one unit of credit. Admission by audition. A total of six undergraduate units may be taken.

THEA 123. Lighting and Set Design. 3 Units
Prerequisite(s): THEA 16 and THEA 20 or instructor permission.
Term Typically Offered: Fall, Spring

Advancement in the methods of developing concepts for and of productions involving analysis of the script, research and spatial awareness in relation to scenic and lighting design.

THEA 131. Costume Design. 3 Units
Term Typically Offered: Spring only

Study of costume history, design elements, play and character analysis, rendering and presentation techniques, and production procedures. Practical experience in the basics of costume construction with a focus on character interpretation and collaboration with other theatre artists.
THEA 140.  Black Drama in the African Diaspora.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Survey of the contributions of theatre artists in the African Diaspora. The reading list includes dramas from Africa, the Caribbean and United States and focuses on how social, cultural, and political climates influence Black Drama.

THEA 144.  Women and Theatre: Staging Diversity.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1), Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring

Survey and performance course that focuses on identity theories and the contributions of contemporary female theatre artists. Lecture two hours; lab two hours.
Note: Cross Listed: WOMS 144; only one may be counted for credit.

THEA 155.  Contemporary World Cinema.  3 Units
Term Typically Offered: Fall, Spring

A historical review of the development of major international film styles and themes. Theoretical and critical concepts derived from this study of international film and then used as the basis to analyze contemporary films of South America, Europe, India, East Asia, Africa and the Middle East. Emphasis is on both the development of formal film techniques and a comparison of the unique cultural values that shape the film narrative style.
Crosslisted: FILM 155

THEA 170.  African American Theatre and Culture.  3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Arts (Area C1), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Survey of African American theatre and drama as a reflection of African American history and culture from slavery to today. This is a writing-intensive course.

THEA 173.  Contemporary Chicano/Latino Theatre: Themes and Performance 1965-Present.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Study of contemporary Chicano/Latino, Chicana/Latina theatre and drama from 1965 to the present, and its approaches toward performance. The course focuses on new trends, influences and new developments in playwriting, directing, performance styles, and its impact on the movie industry.

THEA 174.  Multicultural Perspectives in American Theatre.  3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), Arts (Area C1)
Term Typically Offered: Fall, Spring

Study of the historical and artistic contributions of Native Americans, Chicano/Latinos, African-Americans and Asian-Americans to American Theatre. Focuses on a range of plays from various ethnic and racial groups, forming a multicultural classroom experience; specifically study groups, from 1965 to the present, and examine the cultural, sociological and political climate in which these plays were created.

THEA 175.  Multicultural Perspectives in American Film.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1), Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring

Study of the historical and artistic contributions of Native American, Chicano/Latino, African-Americans and Asian American to the American cinema. The course will concentrate on a range of films with an emphasis on multicultural theoretical and critical writings and will examine the cultural and socio-political climate in which these films were crafted.

THEA 190.  Senior Production.  2 Units
Prerequisite(s): THEA 2, THEA 3, THEA 11, THEA 14, THEA 16, THEA 190, THEA 120A, THEA 104, THEA 107, THEA 120 (3 units), THEA 121 and THEA 123 or THEA 131.
Corequisite(s): THEA 120 (3 units) may be taken concurrently if needed
Term Typically Offered: Spring only

This capstone course provides practical experience in theatrical production by focusing on the foundational elements of play production and the collaborative page-to-page production process.

THEA 194.  Theatre-Related Work Experience.  3 - 12 Units
Prerequisite(s): Consent of Department chair.
Term Typically Offered: Fall, Spring

Internship with local theatre company or arts organization that provides direct, supervised experience with different aspects of performance and/ or theatre management. Requires students to maintain a journal and submit a final paper to faculty internship coordinator. Graded: Credit/ No Credit Units: 2.00 - 3.00
Credit/No Credit
American women's lives at the nexus of Asian and American cultures. 
Comprehensive understanding principle factors governing Asian 
conflict, transnationalism, gender roles and socio-economic practices. 
Topics covered include: cultural heritage and philosophies, intergenerational 
literature, film and cultural theories as expressions of identity. Topics 
conflicts between traditions and social practices through critical analysis 
lives in the U.S. Examines cultural diversity, gender inequality and 
broad principle values and traditions shaping Asian American women's 
Using an interdisciplinary approach, course offers a broad introduction to 
theory. 
Women's Studies “classics” and to trace the development of feminist 
interdisciplinary study. Provides an opportunity to read a number of 
transformations in family and society, global and intersectional 
biological, historical and social constructions of gender and sexuality. 
Classic and contemporary texts from different cultures will cover 
Women's Studies (WOMS) 
WOMS 50. Introduction to Gender & Sexuality. 
General Education Area/Graduation Requirement: GE AREA D 
Term Typically Offered: Fall, Spring 
Introduction to basic concepts and issues informing studies in gender, 
gay, lesbian, bisexual and transsexual/gender (GLBT) identities. 
Classic and contemporary texts from different cultures will cover 
biological, historical and social constructions of gender and sexuality. 
Transformations in family and society, global and intersectional 
perspectives on GLBT identity, political activism, cultural and social 
perceptions of gender and sexuality will be discussed. 
WOMS 110. Introduction to the Women's Movement in Contemporary 
Society. 
General Education Area/Graduation Requirement: GE AREA D 
Term Typically Offered: Fall, Spring 
Examination of women's issues in the current women's movement. 
Emphasis is on detailed examination of feminist topics important to 
women today. 
WOMS 115. Introduction to Women's Studies. 
General Education Area/Graduation Requirement: GE AREA D 
Term Typically Offered: Fall, Spring 
Introduction to the origins and models of Women's Studies. Explores 
the significance of a new field of study, and examines the methods of 
interdisciplinary study. Provides an opportunity to read a number of 
Women's Studies "classics" and to trace the development of feminist 
theory. 
WOMS 118. Asian American Women. 
General Education Area/Graduation Requirement: Humanities (Area C2) 
Term Typically Offered: Fall, Spring 
Using an interdisciplinary approach, course offers a broad introduction to 
broad principle values and traditions shaping Asian American women's 
lives in the U.S. Examines cultural diversity, gender inequality and 
conflicts between traditions and social practices through critical analysis 
of literature, film and cultural theories as expressions of identity. Topics 
covered include: cultural heritage and philosophies, intergenerational 
conflict, transnationalism, gender roles and socio-economic practices. 
Comprehensive understanding principle factors governing Asian 
American women's lives at the nexus of Asian and American cultures. 
Cross-listed: ETHN 118. 
WOMS 120. Mother Woman Person. 
General Education Area/Graduation Requirement: GE AREA D 
Term Typically Offered: Fall only 
This course applies principles of feminism to the study of motherhood as 
social institution and private experience. Students explore family, cultural 
and social values that influenced their mothers and grandmothers, 
analyzing the impact of social institutions on their own childhood and 
adolescence. Students develop awareness of the historic evolution of 
women’s social and private roles and the changing emphasis on woman 
as mother, wife/sexual companion and wage earning person largely 
through African American women’s social movements. 
WOMS 121. Women Of The Middle East. 
General Education Area/Graduation Requirement: Humanities (Area C2) 
Term Typically Offered: Fall, Spring 
Provides an introduction to historical and contemporary conditions 
affecting women's lives and contributions to Middle Eastern societies. 
Readings will be framed with a focus on women within state systems and 
political life, economic activity, family systems, religious thought and law, 
health, arts and literature. 
WOMS 125. Sex & Gender in South Asia. 
Term Typically Offered: Fall only 
This course focuses on sex & gender roles in South Asia starting with 
ancient times to the present. Patriarchal ideals pertaining to social 
values, traditions and family structures will be examined. Religious, caste 
and economic class factors contributing to the preservation of gender 
norms and socially approved sexual behavior, sex roles, stereotypes, and 
violence against women, transgender youth and sexual minorities will 
be analyzed. Contemporary social movements and activism by women's 
groups and LGBTQIA+ activists will also be discussed. 
WOMS 133. Gender & Health. 
Term Typically Offered: Fall only 
This course explores feminist analyses of medicine. An intersectional 
approach to how medical science constructs knowledge about health will 
be examined. This interdisciplinary study draws on humanities and social 
sciences; feminism; medical, scientific, and clinical literature; popular 
 sources; and web discourses. How gender, race, class, sexuality, ethnicity, 
nationality, and disability intersect and shape behavior and experience 
will be analyzed. Contemporary social movements and activism by women 
and LGBTQIA+ people will also be discussed. 
WOMS 136. Gender, Race, and Class. 
Term Typically Offered: Fall, Spring 
Designed to examine the effects of the dynamic interaction of gender, 
race, and class on women. The social construction of gender, race, and 
class will also be examined. Other topics to be discussed and researched 
are the effects of sexism, racism, and classicism on institutions such 
as academia, business, government, religion, and social movements. 
Also provides an analysis of effective techniques to end sexism, racism, 
and classicism. Prerequisite: GWAR certification before Fall 09; or WPJ 
score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4- 
unit placement in ENGL 109M or ENGL 109W and co-enrollment in 
ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
WOMS 137. Women Of Color. General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D Term Typically Offered: Fall, Spring

Examines the social, economic, and cultural uniqueness of various ethnic groups in the U.S. Includes discussion of definitions of sexism, racism, economic exploitation, feminism, and the nature and evolution of the women's movement in relation to women of color.

WOMS 138. Women and Work. Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X. General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D Term Typically Offered: Fall, Spring

Explores topics basic to discussion of women's paid and unpaid work from historical and crosscultural perspectives. Consideration is given to popular conceptions and stereotypes of work and "women's issues" in the industrialized world; the private and public lives of women and men with emphasis on work and social realities; and the maintenance of patriarchy under capitalism, socialism, and communism, with some possible feminist solutions.

WOMS 139. Violence Against Women. General Education Area/Graduation Requirement: GE AREA D Term Typically Offered: Spring only

Consider from an international feminist perspective the forms of violence directed at women. It will also look at contemporary attitudes towards women, children, power, aggression and sexuality. Topics include sexual assault; child abuse; medical violence; psychiatric violence; economic violence; and military violence. Also examines the ways in which women are individually and collectively combating these various forms of violence.

WOMS 144. Women and Theatre: Staging Diversity. General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), Arts (Area C1) Term Typically Offered: Fall, Spring

Includes study of recent feminist performance theory and criticism and its application to acting, directing, and writing for the theatre. Students will participate in both lecture/discussion and activities, including the creation of a final performance. Lecture two hours; lab two hours. Cross Listed: THEA 144; only one may be counted for credit.

WOMS 145. Feminism and the Spirit. General Education Area/Graduation Requirement: Humanities (Area C2) Term Typically Offered: Fall only

Provides a critique of traditional patriarchal religions and traces women's participation in the evolution of the human spirit. Consideration is given to the history of Goddess religion and its resurgence in the contemporary world; sexism in institutionalized religions and the current advances women are making in the churches; and dimensions of woman spirit incorporated in today's feminist art and literature.

WOMS 146. Women In Art. General Education Area/Graduation Requirement: Arts (Area C1) Term Typically Offered: Fall, Spring

Study of the unique and important contributions of women to the visual arts (Renaissance to present) and their personal struggle toward success and recognition. The Women's Art Movement and its impact on education, museums and women's status in the arts are important topics of this class.

WOMS 147. Women's Global Issues. Prerequisite(s): Minimum 45 units completed Term Typically Offered: Fall, Spring

Provides a historical overview, as well as in-depth studies of the similarities and differences in feminist developments from an international perspective. Examples will be drawn from industrialized democracies, centrally planned socialist states, and third world countries. Pluralistic trends in feminist development within countries will also be examined with a view to understanding the differential impact of gender based discrimination on different categories of women.

WOMS 150. Introduction to Queer and Trans Studies. Prerequisite(s): WOMS 50 or instructor permission Term Typically Offered: Spring only

Introduces students to the fields of queer theory and trans theory from a transnational feminist perspective. Includes theoretical approaches to the history of sexuality and the politics of sexual and gender normativity. Places queer and trans studies in conversation with Native studies, disability studies, postcolonial theory, critical race and ethnic studies, and feminist theory.

WOMS 166. Gender and Politics. Term Typically Offered: Spring only

This course examines the influence of socially constructed meanings of femininity and masculinity on the political participation of women, candidate selection, election campaigns, and electoral outcomes in executive and legislative offices in the U.S. and worldwide. Students will develop a rich understanding of the relationship between gender and women's political representation and analyze and discuss institutional, structural, cultural, and historical conditions associated with women's voting behavior, political advancement, leadership styles, and impacts of political representation on women. Cross Listed: GOVT 166; only one may be counted for credit.

WOMS 172. LGBTQ Histories. Term Typically Offered: Spring only

This course provides an introduction to the study of lesbian, gay, bisexual, transgender, and queer (LGBTQ) histories. Uses an interdisciplinary and comparative approach to explore the historical emergence and development of LGBTQ identities, communities, and political movements. Includes theoretical analysis of the history of gender and sexuality and the practice of historical analysis. Cross Listed: HIST 172; only one may be taken for credit.

WOMS 180. Seminar in Feminist Theory. Prerequisite(s): WOMS 110 or instructor permission. Term Typically Offered: Fall, Spring

Advanced course providing detailed inquiry into specific feminist theories, including their conceptual framework and development, relationship to other political theories and application to the current practices of feminism.
WOMS 195A. Fieldwork in Women's Studies. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Supervised experience in selected women's organizations and projects in the Sacramento area, for example, the Rape Crisis Center, Women Escaping a Violent Environment (WEAVE), Sacramento Women's Center.
Credit/No Credit
WOMS 199. Special Problems. 1 - 3 Units
Prerequisite(s): WOMS 115 and instructor permission.
Term Typically Offered: Fall, Spring
Supervised individual research projects or directed reading specifically related to Women's Studies topics. Should be taken by students who can work on an individual basis.
Credit/No Credit
WOMS 299. Special Research Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Supervised research projects and directed study specifically related to Women's Studies and taken on an individual basis by Graduate students in the Special Major Graduate Program.
Credit/No Credit

World Languages & Literatures (WLL)

WLL 15. World Literatures in Film. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2) Interpreting cinema as literary text, this course will explore, compare, and contrast diverse cultures through cinema. All films will be viewed in the original language with English subtitles. The focus will be on linguistic, cultural, and regional characteristics, values, and differences. This section will focus on cinematic interpretations of world literatures.
Term Typically Offered: Fall, Spring

WLL 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E) Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop academic success strategies and to improve learning skills. Students will interact with fellow students to build a community of academic and personal support. Introduces foreign languages as an academic discipline by requiring students to develop the habits of thinking and learning necessary in a complex, multicultural world.
Term Typically Offered: Fall, Spring

WLL 120A. Language and written culture in Ancient Greece. 3 Units
Term Typically Offered: Fall, Spring
This is the first part of the two-semester hybrid course on Ancient Greek language and written culture. The language component of the course is taught online through an interactive language-teaching website, while the weekly meetings are mainly discussions on Ancient Greek texts in translation. The focus in this first part is on basic grammatical rules, the reading and construction of simple sentences, and the study of Greek written culture from its beginnings to the Classical Period.
Note: This course cannot be used to fulfill the undergraduate foreign language graduation requirement. Cross Listed: HIST 101A; only one may be counted for credit.

WLL 120B. Language and written culture in Ancient Greece. 3 Units
Prerequisite(s): WLL 120A
Term Typically Offered: Fall, Spring
This is the second part of a two-semester hybrid course on Ancient Greek language and written culture. The language component of the course is taught online through an interactive language-teaching website, while the weekly meetings are mainly discussions on Ancient Greek texts in translation. The focus in this second part is on advanced grammar, the reading and understanding of long passages, and the study of Greek written culture from the Classical Period to the Roman era.
Note: This course cannot be used to fulfill the undergraduate foreign language graduation requirement. Cross Listed: HIST 101B; only one may be counted for credit.

WLL 199. Special Problems. 1 - 3 Units
Prerequisite(s): Permission of instructor supervising work, the advisor, and the Department Chair.
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Open only to students who appear competent to carry on independent study.

WLL 385. Foreign Languages in the Secondary School. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Problems of teaching foreign language; evaluation of methods in the light of objectives; discussion of techniques and source materials. Should be taken prior to or with student teaching. Discussion, participation in such classroom activities as panel discussions, presentations and demonstrations.
Cross listed: EDTE 385.

WLL 385A. Methods in World Language Education, A. 1.5 Units
Corequisite(s): EDTE 474A
Term Typically Offered: Fall, Spring
This course is designed for candidates who are preparing to teach world languages in secondary school settings in California public schools. Candidates will learn about current theoretical bases for second-language acquisition and how such theories inform classroom practice. Candidates have introductory opportunities to practice principles of learning from which teachers can draw as they make decisions about instruction. Lecture Discussion and simulation. Prerequisite Admission into the Single Subject Teacher Credential Program
Cross Listed: EDTE 385A; only one may be counted for credit.

WLL 385B. Methods in World Languages Education, B. 1.5 Units
Prerequisite(s): WLL 385A or EDTE 385A
Corequisite(s): EDTE 474B
Term Typically Offered: Fall, Spring
This course continues learning initiated in WLL 385A and is designed for candidates preparing to teach world languages in secondary school settings in California public schools. Candidates will learn additional methodologies for planning and delivering instruction in world languages. Candidates will practice instructional strategies and will design lessons. Candidates will implement assessments that capture student learning of key world language outcomes, including oral language and written language development and reading fluency. Strategies for teaching cultural appreciation are also embedded. Lecture, discussion and simulation.
Cross Listed: EDTE 385B; only one may be counted for credit.

AL-QAZZAZ, AYAD SAYID (1969), Professor of Sociology, SOC, B.A., University of Baghdad; M.A., University of California, Berkeley

ALEXANDER, KRISTEN (2002), Professor of Education, Undergraduate Studies in Education, CHDV, B.A., University of California, Riverside; Ph.D., University of California, Davis

ALLENDER, DALE (2014), Assistant Professor of Education, Teaching Credentials, EDTE, B.A. University of Wisconsin, Milwaukee; M.A., University of Iowa; Ph.D., University of Queensland, Australia

ALTMAN, ROBIN (2016), Assistant Professor of Biological Sciences, BIO, B.S., UC San Diego; Ph.D. UC Davis

ALT MANN, TANYA (2003), Professor of Nursing; Chair, School of Nursing, NURS, B.N., Memorial University; NFLD, Canada; M.S.N., Clarkson College; PhD, Duquesne University - Pennsylvania

AMATA, BENJAMIN T. (1985), Librarian, Reference, SP, B.A., California State University, Northridge; M.L.S., University of California, Berkeley

ANDERSEN-RODGERS, DAVID R. (2006), Associate Professor of Government, GOVT, B.A., Hampshire College, Amherst, Massachusetts; M.A., Ph.D., University of Maryland, College Park

ANDERSON, MIKAEL (2003), Professor of Construction Management; Chair, Department of Construction Management, CM, B.S., M.S., University of California, Davis; Registered Professional Engineer; Licensed General Contractor

ANDERSON, JOSEPH (1998), Professor of Social Work, SWRK, B.S., Shippensburg University, Pennsylvania; M.S.W, West Virginia University; M.ED., Shippensburg University, Pennsylvania; Ph.D, University of Maryland

ANDERSON-POWELL, AMY (1996), Lecturer of English, ENGL, B.A., M.A., California State University, Sacramento

ANKER, ANDREW K. (1996), Professor, Department of Design, Interior Design Program, DOD, B.A., State University of New York at Binghamton; M.Arch., Harvard Graduate School of Design; M.Env.Des., Yale School of Architecture

ANTONYAPPAN, JUDE (1998), Associate Professor of Social Work, SWRK, P.U.C., Holy Cross College, University of Madurai; B.Sc., St. Mary’s College; M.S.W., Stella Maris College, Ph.D., University of California, Berkeley

ARAD, BEHNAM S. (1997), Professor of Computer Science, CSC, B.S., University of Massachusetts, Lowell; M.S., Purdue University, West Lafayette, Indiana; Ph.D., Louisiana State University, Baton Rouge

ARELLANO, ADELE (1998), Professor of Education, Teaching Credentials, EDTE, B.A., Saint Mary’s College of California, Moraga; M.A., California State University, Sacramento; Ph.D, Stanford University

ARGUELLO, TYLER M. (2014), Assistant Professor of Social Work, SWRK, B.A.S.W., B.A., M.S.W., Ph.D., University of Washington, Seattle

ARMSTRONG, RICHARD (2008), Assistant Professor of Civil Engineering, CE, B.S. University of Manitoba, Canada, M.S. Stanford University, Ph.D. University of California, Davis, CA Registered Civil Engineer

ARYANI, CYRUS (1988), Professor of Civil Engineering, CE, B.S., M.S., Ph.D., Utah State University; California Registered Civil Engineer

ASHTARI, SADAF (2017), Assistant Professor of Management Information Systems, BUS, B.A., Qazvin Azad University; M.A., Science and Research Azad University; Ph.D., Eastern Michigan University

ASSADI, POORIA (2017), Assistant Professor of Management, BUS, B.S., Iran University of Science and Technology; M.S., University of British Columbia; (Ph.D., Simon Fraser University - anticipated Summer 2018)

ATAMAZ, SERPIL (2017), Assistant Professor of History, HIST, B.A., Middle East Technical University; M.A., Ph.D. University of Arizona

AUGUST, RACHEL A. (1997), Professor of Psychology, PSYC, B.A., University of Virginia, Charlottesville; M.A., Ph.D., The Claremont Graduate School, Claremont, CA

AUSTIN, PAULA (2015), Assistant Professor of History, HIST, B.A., New School for Social Research; M.A. North Carolina Central University; M.Phil, Ph.D., City University of New York

AYALA-LOPEZ, SARAY (2016), Assistant Professor of Philosophy, PHIL, B.A., University of Murcia, Spain; M.A., Ph.D., Autonomous University of Barcelona, Spain

B

BACH, SEUNG B. (2006), Professor of Strategic Management, BUS, B.S., M.S., Hanyang University; M.B.A., The George Washington University; Ph.D., University of Tennessee

BAGGER, JESSICA (2006), Professor of Human Resources Management, BUS, B.A., B.S.B.A., M.S., Ph.D., University of Arizona

BAHLMAN, JOSEPH (2017), Assistant Professor of Biological Sciences, BIO, B.S., University of California, Davis; Ph.D., Brown University

BAIRD, PETER (2001), Associate Professor of Education, Teaching Credentials, EDBM, B.A., University of California, Santa Cruz; M.S., National University, Sacramento; Ed.D., University of San Francisco

BAKER, SUSAN (2001), Professor of Education, Teaching Credentials, EDTE, B.A., Kenyon College, Gambier, Ohio; M.A., Ph.D., Stanford University

BAKER, DIAN (2006), Professor of Nursing, NURS, B.S.N., M.S.N., California State University, Sacramento; M.A., University of California, Davis; Ph.D, University of Hawaii
BECKER, ANDREA (2017), Assistant Professor of Kinesiology, KHS, B.A., California State University, Sacramento; Ph.D., University of California, Davis

BEDDOW, MARGARET (2008), Associate Professor of Education, Undergraduate Studies in Education, EDBM, B.A., M.A., California State University, Sacramento; Ph.D., University of California, Davis

BELKHOUCHE, FETHI (2009), Associate Professor of Electrical and Electronic Engineering, EEE, B.S., M.S., Universite de Tlemcen, Algeria; M.S., Ph.D., Tulane University

BELLON, CHRISTINA M. (2002), Professor of Philosophy; Associate Dean of Budget and Assessment, College of Arts and Letters, PHIL, B.S., University of Toronto; M.A., Dalhousie University; Ph.D., University of Colorado, Boulder

BERG, ELLEN (2002), Professor of Sociology, SOC, B.A., University of Washington; M.S., Ph.D., Arizona State University

BERRIGAN, LEE P. (1986), Professor of Psychology, PSYC, A.B., University of California, Riverside; B.S., Providence College; M.B.A., Boston University; Ph.D., Washington University

BERSOLA-NUGYEN, IRENE (1997), Lecturer of Education, Undergraduate Studies in Education, CHDV, B.A., M.A., California State University, Sacramento; Ph.D., University of California, Davis

BERTA-AVILA, MARGARITA (2003), Professor of Education, Teaching Credentials, EDBM, B.A., University of California, Davis; M.A., Claremont Graduate University; Ed.D., University of San Francisco

BIAGETTI, STEPHANIE (2003), Professor of Education, Teaching Credentials; Chair, Teaching Credentials, EDTE, B.A., M.Ed., Ph.D., University of California, Los Angeles

BISHARAT, KEITH (1992), Professor of Construction Management, CM, B.A., M.S., University of California, Berkeley; Licensed General Contractor

BISHOP, JOYCE (2002), Associate Professor of Anthropology, ANTH, B.A., University of Denver; M.A., Ph.D., University of California, Berkeley

BISKOWSKI, MARTIN (2002), Professor of Anthropology, ANTH, B.A., Beloit College; M.A., Ph.D., University of California, Los Angeles

BLACKBURN, SAMANTHA (2014), Assistant Professor of Nursing, NURS, B.A., Swarthmore College; M.S.N., University of California, San Francisco; Ph.D, University of California, Davis

BLANC, MARIO (1990), Professor of Spanish, WLL, B.S., M.A., Brigham Young University; Ph.D., University of Kansas

BLOCK, MATTHEW (2014), Assistant Professor of Physics and Astronomy, PHYS, B.S., Georgia Institute of Technology; M.A., Ph.D., University of California, Santa Barbara

BLUMBERG, STEPHEN (2003), Professor of Music, MUSC, B.A., M.A., University of California, San Diego; Ph.D., University of California, Berkeley

BODARSSON, ÖRN (2014), Professor of Economics, ECON, B.S., M.S., Oregon State University; Ph.D., Simon Fraser University

BOGAZIANOS, DIMITRI (2007), Associate Professor of Criminal Justice, CRJ, B.A., Purchase College, SUNY; M.A., University of Hawaii, Manoa; Ph.D., University of California, Irvine

BOHON, LISA (1990), Professor of Psychology, PSYC, B.A., Loyola Marymount University; M.A., Ph.D., University of California, Riverside
BONILLA, DIEGO (2001), Professor of Communication Studies, COMS, B.A., Instituto Tecnologico Autonomo de Mexico (ITAM), M.S., Ph.D., Syracuse University

BOOSALIS, CHRIS (2015), Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., Augsburg College; M.A., Ph.D., Arizona State University

BOTA, MIGUEL (2017), Assistant Professor of Spanish, WLL, Licenciatura, Universitat Autonoma de Barcelona, Spain; M.B.A. Esade Business School, Spain; M.A. Queen’s University, Canada; Ph.D. Stanford University

BOWIE, SYLVESTER (2002), Associate Professor of Social Work, SWRK, B.A., M.S.W., California State University, Sacramento; Ed.D., University of California, Santa Barbara

BRADLEY, ANNE (2003), Librarian, Reference, SP B.B.A., University of North Dakota; M.L.I.S., University of Washington

BRADY, DEBRA (2003), Professor of Nursing, NURS, B.S.N., M.S.N., California State University, Sacramento; B.A., Fresno Pacific College; DNP Case Western Reserve University-Ohio

BRAUNSTEIN, NADINE (2017), Assistant Professor of Family and Consumer Sciences; Dietetic Internship Director, FACS, B.S., Drexel University; M.S., MGH Institute of Health Professions; Ph.D., Boston University School of Medicine

BRAVO, ED (2002), Professor of Theatre and Dance, THEA, B.A., Montclair State College; M.A., Northeast Louisiana University

BROCK, STEPHEN (2001), Professor of Education, Graduate and Professional Studies in Education; Program Coordinator, School Psychology, EDS, B.S., University of Oregon; M.S., San Jose State University; Ph.D., University of California, Davis

BROOD, JEFFREY (1999), Professor of Humanities and Religious Studies, HRS, B.A., St. Olaf College; M.A., Ph.D., University of California, Santa Barbara

BROOKS, JACQUELINE D. (2016), Assistant Professor of Sociology, SOC, B.A., Miami University, Ohio; M.A., The Ohio State University; Ph.D. The Ohio State University

BROWN, BERNARD (2017), Assistant Professor of Theatre and Dance, THEA, BFA Purchase College, Purchase NY. MFA UCLA, Los Angeles, CA

BROWN, MATTHEW (2017), Assistant Professor of Kinesiology, KHS, B.S., M.S. Wilfred Laurier University; Ph.D., University of Waterloo

BROWN, MARK B. (2003), Professor of Government, GOVT, B.A., University of California, Santa Cruz; M.A., Ph.D., Rutgers University

BUCHAN, WENDY (2000), Professor of Family and Consumer Sciences, FACS, B.S, University of California, Davis

BUCHANAN, BRADLEY W. (2002), Professor of English, ENGL, B.A., McGill University; M.A., University of Toronto; Ph.D., Stanford University

BUCKMAN, ALYSON R. (2001), Professor of Humanities and Religious Studies, HRS, B.A., Wheaton College; M.A., Ph.D., Purdue University

BUERKI, JEROME (2008), Associate Professor of Physics and Astronomy, PHYS, B.S., M.S., Swiss Federal Institute of Technology (EPFL), Lausanne, Switzerland; Ph.D., University of Fribourg, Switzerland

BUFFARD, NICOLE (2002), Professor of French, WLL, Licence d’Anglais, Universite de Caen, France; Certificate de Maîtrise d’Anglais, Universite de Caen; Ph.D., University of California, Davis

BURGHART, DANIEL (2017), Assistant Professor of Economics, ECON, B.S., M.S., Oregon State University; Ph.D., University of Oregon

BURKE, CHLOE S. (2004), Associate Professor of History, HIST, B.A., University of California, San Diego; M.A., Ph.D., University of Michigan

BURKE, PAUL (2001), Lecturer in Sociology, SOC, B.A., University of California, Berkeley

BURMEISTER, GAIL (2015), Assistant Professor of Nursing, NURS, B.S.C., University of Toronto; B.S.N., McMaster University; M.S.N.H., Clayton College; M.S.N., Regis University; DNP Brandon University

Burriss, Joyce A. (1989), Professor of Social Work, SWRK, B.S., Kansas State University; M.S.W., M.A., California State University, Sacramento; Ph.D., Arizona State University

BUSS, STEVEN E. (1985), Professor of Communication Studies, COMS, M.F.A., University of Southern California

CARINCI, SHERRIE (2002), Professor of Education, Undergraduate Studies in Education, EDTE, B.A., M.A., California State University, Long Beach; Ed.D., University of San Francisco
CARLE, BARBARA (2003), Professor of Italian, WLL, B.A., M.A., Ph.D., Columbia University

CARRIGAN, JACKIE A. (2001), Associate Professor of Sociology, SOC, B.A., M.A., New Mexico State University; Ph.D., University of Colorado, Boulder

CARTER, ROBIN (1988), Professor of Social Work; Associate Dean, College of Health and Human Services, SWRK, B.A., M.S.W., California State University, Sacramento; M.P.A., D.P.A., University of Southern California

CASTANEDA, CHRISTOPHER J. (1994), Professor of History, HIST, B.A., Rice University, Texas; M.A., Ph.D., University of Houston

CASTANEDA, TERRI (2001), Professor of Anthropology, ANTH, B.A., Texas A&M University; M.A., Ph.D., Rice University

CATLIN, ELIZABETH (2016), Assistant Professor of Accountancy, BUS, B.A., University of California, Davis; M. Law in Taxation, University of San Francisco; J.D., University of California, San Francisco

CATLIN, JESSE (2014), Assistant Professor of Marketing, BUS, B.A., M.A., California State University, Sacramento; Ph.D., University of California, Irvine

CETIN, COSKUN (2006), Professor of Mathematics and Statistics, MATH, B.S., Bogazici University, Istanbul; Ph.D., University of Southern California

CHALMERS, KATHERINE (2006), Associate Professor of Economics, ECON, B.A., Texas Christian University; M.A., Ph.D., Colorado State University

CHANG, WEIDE "WILLIE" (2002), Associate Professor of Computer Science, CSC, B.S., Chinese Culture University, Taipei, Taiwan; M.S., California State University, Sacramento; Ph.D., New Mexico Institute of Mining and Technology (New Mexico Tech), Socorro

CHAPLIN, MAE (2014), Assistant Professor of Education, Teaching Credentials, EDTE, B.A., University of Redlands; M.A., California State University, San Marcos; Ph.D. San Diego State University and Claremont Graduate University

CHAVEZ, JOSE (2004), Associate Professor of Education, Graduate and Professional Studies in Education, EDLP B.A., San Diego State University; M.A., University of San Francisco; Ed.D., University of Southern California

CHEN, HAIQUAN "VICTOR" (2011), Assistant Professor of Computer Science, CSC, B.E., M.S., Xian Jiaotong University, China; Ph.D., Auburn University, Alabama

CHENG, YUAN (2016), Assistant Professor of Computer Science, CSC, B.Eng., Huazhong University of Science and Technology, China; Ph.D., University of Texas, San Antonio

CHINESE, KENICHIRO (2001), Professor of International Business, BUS, B.S., Brigham Young University; M.B.A., Utah State University; Ph.D., New Mexico State University

CHIRAPRATI, PATTARATORN (2002), Professor of Art, ART, B.A., Silpakorn University, Bangkok, Thailand; M.A., Ohio State University; M.A., Ph.D., Cornell University

CHO, EUN MI (2002), Professor of Education, Teaching Credentials, EDTE, B.A., Korea Air and Correspondence University; M.A., California State University, Sacramento; Ed.D., University of San Francisco

CHOE-SMITH, CHONG (2016), Assistant Professor of Philosophy, PHIL, B.A., University of California, San Diego; J.D., University of California, Davis; M.A. (Theology), M.A. (Philosophy of Religion and Ethics), Biola University; M.A., Ph.D., Georgetown University

CHOR, BEOM-JIN (2004), Professor of Management Information Systems, BUS, B.A., Sungkyunkwan University; M.B.A., University of Minnesota; Ph.D., Arizona State University

CHOI, BEOMJOON "PETER" (2007), Associate Professor of Marketing, BUS, B.A., Sogang University; M.B.A., Seoul National University; Ph.D., University of Kansas

CHUNG, CHIA-JUNG (2004), Associate Professor of Education, Teaching Credentials, EDTE, B.A., National Taipei Teachers College, Taiwan; M.S., Pennsylvania State University, State College; Ph.D., University of Iowa, Iowa City

CINTRON, JOSE (1988), Professor of Education, Teaching Credentials, EDTE, B.A., M.A.T., Purdue University; Ph.D., University of California, Santa Barbara

CLARK, JOHN T. (2003), Associate Professor of English, ENGL, B.S., M.A., Ph.D., Georgetown University

CLARK-OATES, ANGELA (2015), Assistant Professor of English; Writing Programs Coordinator, ENGL, B.A., University of Texas at Austin; M.A., Texas State University; Ph.D., Arizona State University

CLARKE, RACHEL (2001), Professor of Art, ART, B.A. hons., Winchester School of Art, England; M.F.A., University of Southern Illinois

CLEMENSON, DAVID (2017), Assistant Professor of Communication Studies, COMS, B.A., James Madison University; M.A., University of Miami, Ph.D., The Ohio State University

COHEN, AARON J. (1999), Professor of History, HIST, B.A., Pomona College; M.A., University of Oregon; Ph.D., The Johns Hopkins University

COLEMAN, RONALD M. (2001), Professor of Biological Sciences, BIO, B.S., University of British Columbia; M.S., Simon Fraser University; Ph.D., University of Toronto

COLEMAN-SALGADO, BRYAN (2004), Associate Professor of Physical Therapy; Academic Coordinator of Clinical Education, PT, B.A., Stanford University; M.S.P.T., Duke University; D.P.T., Massachusetts Institute of Health Professions

COLLADO, CINDY (2017), Assistant Professor of Education, Teaching Credentials, EDTE, B.A., Northwestern University; M.Ed. & Ph.D., University of Illinois, Chicago

CONNELLY, ANDREW (2003), Professor of Art, ART, B.F.A., New York State College of Ceramics, Art and Design at Alfred University; M.F.A., University of Colorado at Boulder
CONRAD, SUZANNA (2016), Head of Systems, SP, B.A. Cornell University, M.L.I.S. University of Illinois, Urbana-Champaign, M.B.A. University of East London

COOK, JERRY (2003), Professor of Family and Consumer Sciences, FACS, B.S., M.S., Ph.D., Utah State University

COPE, JONAS (2014), Assistant Professor of English; Literature Coordinator, ENGL, B.A., College of the Holy Cross; M.A., Fitchburg State University; Ph.D., University of Missouri

CORDOVA, TERESA A. (2000), Lecturer of English, ENGL, B.A., M.A., California State University, Sacramento

CORNHER, DAVID R. (1995), Lecturer of Philosophy, PHIL, B.A., University of California, Berkeley; M.A., Ph.D., University of California, Santa Barbara

CORNWELL, KEVIN J. (1998), Professor of Geology, GEOL, B.S., University of Nebraska-Omaha; M.S., Texas Tech University; Ph.D., University of Nebraska-Lincoln

COUGHLIN, MIMI (2003), Professor of Education, Teaching Credentials, EDTE, B.A., M.A., Stanford University; Ph.D., Boston College

CUCKOW, GENI (1996), Professor of Education, Graduate and Professional Studies in Education; Graduate Coordinator, EDLP, B.A., Biola University, La Mirada; M.A., Professional School for Psychological Studies, San Diego; Ph.D., University of California, Santa Barbara

COX, JAMES H. (1999), Professor of Government; Graduate Program Coordinator, GOVT, B.A., University of California, Los Angeles; M.A., Ph.D., University of North Carolina, Chapel Hill

CRAWFORD, ROBERT (2012), Assistant Professor of Biological Sciences, BIO, B.A., B.S., Ph.D., The Ohio State University

CRAWFORD, SUSAN M. (1998), Professor of Chemistry, CHEM, B.S., M.S., Illinois State University; Ph.D., University of California, Davis

CROISDALE, TIM (2008), Associate Professor of Criminal Justice, CRJ, B.A., University of the Fraser Valley; M.S., California State University, Sacramento; Ph.D., Simon Fraser University

CUMMINGS, JAY (2016), Assistant Professor of Mathematics and Statistics, MATH, B.S., University of Nebraska, Lincoln; M.A., Ph.D. University of California, San Diego

CYPRENNE, DE-LAINE (2012), Lecturer of Psychology, PSYC, B.A., M.A. California State University, Sacramento; Ph.D. University of St Andrews, Scotland, U.K.

D’ANGELO, LISA (2016), Assistant Professor of Communication Sciences and Disorders, CSAD, B.A., University of California, Santa Barbara; M.A., San Jose State University; Ph.D., University of California, Davis

DAI, JUN (2014), Assistant Professor of Computer Science, CSC, B.E., M.S., University of Science and Technology, China; Ph.D., Pennsylvania State University, Pennsylvania

DALY, LANA (1995), Lecturer of Education, Teaching Credentials, EDTE, B.A., California State University, Chico; M.B.A., Pacific Oaks College

DAMMEL, EUGENE E. (1997), Associate Professor of Civil Engineering, CE, B.S., California State University, Chico; B.S., California State University, Hayward; M.S., Ph.D., University of California, Davis

DANG, MICHELLE (2006), Associate Professor of Nursing, NURS, B.S.N., San Francisco State University, M.S.N., California State University, Sacramento; Ph.D, University of California, Davis

DANTU, RAMAKRISHNA (2017), Assistant Professor of Management Information Systems, BUS, B.S., Osmania University; M.S., Indian Institute of Technology; MBA, University of Texas at Arlington; M.S., University of Texas at Arlington; Ph.D., University of Texas at Arlington

DATEL, ROBIN E. (2002), Professor of Geography, GEOG, B.A., University of California, Davis; M.A., Ph.D., University of Minnesota

DATEWYLER, SHANNON L. (2004), Professor of Biological Sciences; Chair, Department of Biological Sciences, BIO, B.A., Willamette University; Ph.D., Ohio State University

DAVIDSON, TIMOTHY (2016), Assistant Professor of Biological Sciences, BIO, B.S. Corvalis; M.S. University of Oregon; Ph.D. Portland State University

DAVIS, CHARLES J. (1982), Professor of Accountancy, BUS, B.S., M.A.S., Ph.D., University of Illinois; C.P.A.

DAVIS, TONIA (2017), Assistant Professor of Communication Sciences and Disorders, CSAD, B.A., Emory University; M.S., Vanderbilt University; Ph.D., Vanderbilt University

DEGRAFFENREID, WILLIAM C. (2002), Professor of Physics and Astronomy; Chair, Department of Physics and Astronomy, PHYS, B.S., California State Polytechnic University; Ph.D., University of Maryland

DELACORTE, MICHAEL G. (1999), Professor of Anthropology; Chair, Department of Anthropology; Co-Director, Archaeological Research Center, ANTH, B.A., New York University; M.A., Ph.D., University of California, Davis

DELEHANT, CAROLYN A. (2006), Lecturer of English, ENGL, B.S.W., The Defiance College; M.A., California State University, Sacramento

DEMETHAL, DAVID (1983), Professor of Social Work, SWRK, B.A., Wabash College; M.A., University of the Pacific; M.S.W., Ph.D., (Social Work), (Psychology), University of Michigan, Ann Arbor

DENG, FENG (2008), Associate Professor of Accountancy, BUS, B.S.E., Shanghai Jiao Tong University; M.B.A., University of Northern Iowa; Ph.D., University of Memphis

DENMAN, DAVID (2001), Lecturer of Philosophy, PHIL, B.A., Boston College; M.A., Arizona State University; C.Phil, University of California, Davis; M.A., California State University Sacramento

DERTINGER, DOUG (2008), Associate Professor, Department of Design; Photography Program Coordinator, DOD, B.F.A., Colorado State University; M.F.A., Nova Scotia College of Art & Design

DEZFOLLE, SHABNAM (2012), Lecturer of Kinesiology, KHS, B.S., University of California, Davis; M.S., California State University, Sacramento
DUFF, MICHELLE (2008), Associate Professor, Department of Design;
DUBOIS, JOEL (2003), Professor of Humanities and Religious Studies,
DUBE, SMILE (1989), Professor of Economics, ECON, B.S., City University,
DOWDEN, BRADLEY (1985), Professor of Philosophy Emeritus, PHIL,
DiSARRO, BRIAN S. (2008), Associate Professor of Government, GOVT,
DILLON, MARSHA J. (1969), Professor of Geography, GEOG, B.A., M.A.,
DILLON, WILLIAM A. (1964), Professor of Government, GOVT, B.A., M.A.,
DILWORTH, GARY D. (1999), Professor of Chemistry; Chair, Department
DISILVESTRO, RUSSELL (2006), Professor of Philosophy; Chair,
DINIS, MARIA (2001), Professor of Social Work, SWRK, B.A., M.S.W.,
DIAZ-ESCAMILLA, RAFAEL (2002), Professor of Physical Therapy, PT,
DIAZ, HEATHER (2006), Assistant Professor of Health Science, KHS,
DIAZ-ESCAMILLA, RAFAEL E. (2006), Associate Professor of Mathematics
DUSU, TABZEERA S. (2007), Librarian, Reference, SP, B.B.A., M.B.A.,
DILWORTH, GARY D. (1999), Professor of Chemistry; Chair, Department
DINIS, MARIA (2001), Professor of Social Work, SWRK, B.A., M.S.W.,
DIAZ, HEATHER (2006), Assistant Professor of Health Science, KHS,
DIAZ-ESCAMILLA, RAFAEL E. (2006), Associate Professor of Mathematics
DUSU, TABZEERA S. (2007), Librarian, Reference, SP, B.B.A., M.B.A.,
DILWORTH, GARY D. (1999), Professor of Chemistry; Chair, Department
DINIS, MARIA (2001), Professor of Social Work, SWRK, B.A., M.S.W.,
DIAZ, HEATHER (2006), Assistant Professor of Health Science, KHS,
DIAZ-ESCAMILLA, RAFAEL E. (2006), Associate Professor of Mathematics
DUSU, TABZEERA S. (2007), Librarian, Reference, SP, B.B.A., M.B.A.,
DILWORTH, GARY D. (1999), Professor of Chemistry; Chair, Department
DINIS, MARIA (2001), Professor of Social Work, SWRK, B.A., M.S.W.,
DIAZ, HEATHER (2006), Assistant Professor of Health Science, KHS,
F

FANETTI, SUSAN (2008), Professor of English; English Education Coordinator, ENGL, B.A., Southern Illinois University, Edwardsville; M.A.T., Webster University; Ph.D., Saint Louis University

FARMER, Yvette (2002), Associate Professor of Criminal Justice, CRJ, B.A., M.A., California State University, Fullerton; Ph.D., University of Washington

FAROUGHI, NIKROUZ (1987), Professor of Computer Science, CSC, B.S.C.E., Western Michigan University, Kalamazoo; M.S.C.S., M.E.E.E., Ph.D., Michigan State University, East Lansing

FELL, BENJAMIN (2008), Associate Professor of Civil Engineering; Chair, Department of Civil Engineering, CE, B.S., Rensselaer Polytechnic Institute., M.S. Stanford, Ph.D., University of California, Davis

FELTEN, MICHELLE (2006), Professor of Theatre and Dance, THEA, B.A. University of California, Irvine; MFA, American Conservatory Theatre (ACT) San Francisco, CA

FERGUSON, ROXANNE (2006), Assistant Professor of Nursing, NURS, B.S.N., M.S.N., California State University, Sacramento

FIELDS, BRONWYN (2015), Assistant Professor of Nursing, NURS, General Nursing Certificate, Royal Hobart Hospital; B.Ed., University of Tasmania; MPH, University of New South Wales; Ph.D, University of California, Davis

FIGUESS, GARETH (2015), Assistant Professor of Construction Management, CM, B.S., M.S., California State University, Sacramento

FIGUEROA, JULIE (2004), Professor of Ethnic Studies, ETHN, B.A., University of California, Davis; M.A., University of California, Santa Cruz; Ph.D., University of California, Berkeley

FINN-ROMERO, DEBORAH (2017), Lecturer of Nursing, NURS, B.S.N., California State University, Chico.; M.S.N., California State University, Sacramento

FISHER, ROBIN (2003), Professor of Music, MUSC, B.A., Smith College; M.M., University of the Performing Arts, Vienna, Austria; D.M.A., University of Texas, Austin

FISHER, JACOB (2010), Associate Professor of Anthropology, ANTH, B.A., University of California at Santa Cruz; M.A., Ph.D, University of Washington

FLAMENBAUM, RACHEL (2017), Assistant Professor of Anthropology, ANTH, B.A., New York University; MA., Ph.D, University of California, Los Angeles

FLICKINGER, PHILIP (2012), Assistant Professor of Theatre and Dance, THEA, B.A. Gustavus Adolphus College, St Peter, MN; MFA University of Colorado, Boulder, CO

FLOR, SARAH (2002), Professor of Art, ART, B.F.A., Art Institute of Chicago; M.F.A., Yale University, School of Art

FLOWERS, CHRISTINE (2007), Lecturer of Environmental Studies, ENVS, B.S., M.S., University of Central Florida

FOGARTY, JULIE (2004), Assistant Professor of Civil Engineering, CE, B.S. Johns Hopkins University, M.S. and PhD University of Michigan

FONG, TIMOTHY (1999), Professor of Ethnic Studies; Director, Liberal Studies and Social Science Programs, ETHN, B.A., M.P.A., California State University, Hayward; Ph.D., University of California, Berkeley

FORAN, JEFFERY (2013), Professor of Environmental Studies; Chair, Department of Environmental Studies, ENVS, B.S. University of Michigan, M.S. ,Central Michigan University, Ph.D., University of Florida

FORD, TIMOTHY (2009), Assistant Professor of Economics; Director of Center for Economic Education, ECON, B.A., Tufts University, Massachusetts; M.B.A, Bentley College, Massachusetts; M.A., Ph.D, University of New Hampshire

FORREST, JOHN (2003), Professor, Department of Design, Graphic Design Program; Chair, Department of Design, DOD, B.S., M.A., Kent State University, Ohio

FOSS-SNOWDEN, MICHELE S. (2006), Associate Professor of Communication Studies, COMS, B.A., Stanford University; M.A., University of California, Davis; Ph.D., University of Florida

FOWLER, DENVER , Assistant Professor of Education, Graduate and Professional Studies in Education,

FOX, JAMES (2016), Associate Librarian, Head of Special Collections and University Archives, SP, B.A., UC Santa Cruz; M.A., University of Chicago; M.L.S., Columbia University

FOZOUNI, BAHMAN (1990), Professor of Government, GOVT, B.A., Tulane University; Ph.D, University of Pittsburgh

FRAGA, CATHERINE N. (1998), Lecturer of English, ENGL, B.A., Seattle University; M.A., California State University, Sacramento

FRANKENBACH, CHANTAL (2013), Assistant Professor of Music, MUSC, B.A., University of California, Irvine; M.A., Ph.D, University of California, Davis

FULLER, ANNE (2008), Associate Professor of Strategic Management, BUS, B.Eng., M.S., Ph.D, Georgia Institute of Technology

FULLER, RYAN (2016), Assistant Professor of Management, BUS, B.A., Communication, University of California, Davis; M.B.A., Management, San Francisco State University; Ph.D., Communication, University of California, Santa Barbara

FULTON, JULIAN (2016), Assistant Professor of Environmental Studies, ENVS, B.A. University of California, Berkeley, M.S. University of California, Berkeley, Ph.D. University of California, Berkeley

FURTAK, SHARON (2012), Assistant Professor of Psychology, PSYC, B.A., University of Massachusetts; M.S., M.Phil., Ph.D, Yale University

G

GAETA, LAURA (2018), Assistant Professor of Communication Sciences and Disorders, CSAD, B.A., University of Florida; B.S., University of Florida; Ph.D. University of Oklahoma

GALE, ELAINE E. (2006), Associate Professor of Communication Studies, COMS, B.A., Boston University; M.F.A., Antioch University; Ph.D., University of Denver
GALLET, CRAIG (2001), Professor of Economics, ECON, B.A., California State University, Sacramento; M.A., University of California, Davis; Ph.D., Iowa State University

GARCIA, WILLIAM (2015), Assistant Professor of Physical Therapy, PT, B.S., Northern Arizona University; M.P.T., College of Osteopathic Medicine of the Pacific, Pomona, CA; D.P.T., Evidence in Motion, Louisville, KY

GARCIA-NEVAREZ, ANA (2002), Associate Professor of Education, Undergraduate Studies in Education, CHDV, B.A., California State University, Northridge; M.Ed., Ph.D., Arizona State University

GARDNER, SHARYN (2005), Associate Professor of Organizational Behavior, BUS, B.A., University of California, Davis; Ph.D., University of Maryland

GARG, SARGAM (2017), Assistant Professor of Management, BUS, B.A., Lady Shri Ram College; MBA, Amity Business School; M.S., University of Texas at Arlington; Ph.D., Rutgers University

GASTON, JESSIE (1989), Professor of History, HIST, B.A., Occidental College; M.A., Ph.D., University of California, Los Angeles

GEE, KATHY (2003), Professor of Education, Teaching Credentials, EDTE, B.A., University of California, Berkeley; M.A., San Francisco State University; Ph.D., University of California, Berkeley w/ San Francisco State University

GERVAIS, BRUCE R. (2003), Professor of Geography, GEOG, B.A., San Francisco State University; M.A., University of California, Davis; Ph.D., University of California, Los Angeles

GETTY, RYAN (2014), Assistant Professor of Criminal Justice, CRJ, B.A., M.A., University of Texas at Arlington; Ph.D., University of Texas at Dallas

GHANSAH, ISAAC (1987), Professor of Computer Science, CSC, B.S.E.E., University of Science and Technology, Ghana; M.S.E.E., Bradley University, Peoria, Illinois; Ph.D., Iowa State University, Ames

GHERMAN, BENJAMIN (2006), Associate Professor of Chemistry, CHEM, B.S., Carnegie Mellon University; Ph.D., Columbia University

GHOSAL, TORSIA (2017), Assistant Professor of English, ENGL, B.A., St. Xavier's College; M.A., Ohio State; Ph.D., Ohio State University

GIBBS, CAROLYN (2000), Professor, Department of Design, Interior Design Program; Chair, Department of Art, DOD, ART, B.Arch., Rhode Island School of Design; M.Arch., University of California, Berkeley

GIEGNER, JASON C. (2001), Professor of English, ENGL, B.A., California State University, Fresno; M.A., Ph.D., Rutgers University

GLEASON, LANI (2017), Assistant Professor of Biological Sciences, BIO, B.S., UC San Diego; M.S. Ph.D., Scripps Institution of Oceanography, UC San Diego

GOLDSTENE, JAMES (2007), Lecturer of Environmental Studies, ENV, M.A. California State University, Sacramento; B.A. California State University, Sacramento

SONGER-GERDIN, JEAN (2003), Professor of Education, Graduate and Professional Studies in Education; Program Coordinator, M.A. Special Education, EDTE, B.A., M.A., Stanford University; Ph.D., University of California, Berkeley w/ San Francisco State University

GONZALEZ, RACHAEL (2000), Professor of Education, Graduate and Professional Studies in Education, EDS, B.A., Eastern New Mexico University; M.S., California State University, Hayward; Ed.D. University of San Francisco

GONZALEZ, AMBER (2013), Assistant Professor of Education, Undergraduate Studies in Education, CHDV, B.S., California State University, Fullerton; M.A., Ph.D., University of California, Santa Barbara

GONZALEZ, ENID T. (2008), Associate Professor of Biological Sciences; Director, Center for Math and Science Success, BIO, B.S., University of Minnesota-Twin Cities; Ph.D., University of Wisconsin

GORDON, V. SCOTT (2002), Professor of Computer Science, CSC, B.S., M.S., California State University, Sacramento; Ph.D., Colorado State University, Colorado

GORDON-BIDDLE, KIMBERLY (2002), Associate Professor of Education, Undergraduate Studies in Education, CHDV, B.A., University of Redlands; M.A., Ph.D., Stanford University

GOSSETT, CHARLES W. (2009), Professor of Government & Public Policy and Administration, GOVT, B.A. Hope College; M.A., Ph.D. Stanford University

GRAHAM, SARAH (2016), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., M.A. California State University, Chico Ed.D. Sacramento State University

GRANDA, JOSE (1983), Professor of Mechanical Engineering, ME, B.S., National Polytechnical School, Ecuador; South America; M.S., University of California, Berkeley; Ph.D., University of California, Davis

GREEN, RICKY (1998), Associate Professor of Ethnic Studies, ETHN, B.A., California State University, Sacramento; M.A., Ph.D., University of California, Santa Barbara

GREER (GEER), LEAH (2016), Assistant Professor of Education, Undergraduate Studies in Education, EDUC, B.S., New Mexico University; M.A., Gallaudet University; Ph.D., The University of Texas at Austin

GREGORY, CANDACE (2003), Professor of History, HIST, B.A., Loyola University, New Orleans; M.A., Ph.D., Yale University

GRUSHKIN, DONALD (2001), Professor of Education, Undergraduate Studies in Education, EDS, B.A., M.A., Gallaudet University; Ph.D., University of Arizona

GU, FANG (2002), Librarian, Head of Library Media Center, SP, B.A., South East University, China; M.E.D., M.L.I.S., University of Illinois, Urbana-Champaign

GUADALUPE, KRISHNA L. (1999), Professor of Social Work, SWRK, B.A., Stockton State College; M.S.W., Rutgers University; Ph.D., University of South Carolina

GUTIERREZ, RICKY (2000), Professor of Criminal Justice, CRJ, B.A., Eastern Washington University; M.A., Washington State University; Ph.D., Washington State University, Pullman
HAGGE, DARLA (2013), Associate Professor of Communication Sciences and Disorders, CSAD, B.A., M.A., California State University, Fullerton; Ph.D., Chapman University

HALL, LEILANI A. (2002), Librarian, Reference, SP B.S., Wilkes College; M.L.S., Rutgers, The State University of New Jersey

HAMILTON, TRACY (2002), Professor of Mathematics and Statistics, MATH, B.A., California State University, Sacramento; Ph.D., University of North Carolina, Chapel Hill

HAN, YONGLIANG "STANLEY" (2001), Associate Professor of Operations Management, BUS, B.A., Peking University, Beijing; Ph.D., University of Southern California

HANNA, LYNN (2009), Associate Professor of Family and Consumer Sciences; Chair, Department of Family and Consumer Sciences, FACS, B.S., Ph.D., University of California, Davis

HANSEN, KAREN L. (2004), Professor of Construction Management and Civil Engineering, CM, B.A., University of California, Berkeley; B.S., University of Washington; M.S., Ph.D., Stanford University

HARRISON, LISA A. (2001), Professor of Psychology, PSYC, B.A., University of North Carolina, Charlotte; M.A., Ph.D., University of Nebraska, Lincoln

HARVEY, IAN (2005), Professor of Art, ART, B.A., Wesleyan University; M.F.A., Columbia University

HAUSBACK, BRIAN P. (1985), Professor of Geology, GEOL, B.S., University of California, Los Angeles; Ph.D., University of California, Berkeley

HAYES, HOGAN (2015), Assistant Professor of English; GWAR Coordinator, ENGL, B.A., University of Wisconsin, Madison; M.A., Ph.D., University of California, Davis

HEASER, EILEEN M. (1972), Librarian, Reference, SP, R.N., St. Mary's School of Nursing; B.S.N.Ed., University of Minnesota; A.M.L.S., University of Michigan Ann Arbor

HEATHER, JULIAN (2003), Professor of English; TESOL Coordinator, ENGL, M.A., University of Aberdeen, Scotland; M.A., Washington State University, Ph.D., University of Arizona

HECKATHORN, AMY C. (1999), Professor of English, ENGL, B.A., St. Mary's University, San Antonio; Ph.D., Texas Christian University

HECSH, JANET I. (1999), Professor of Education, Undergraduate Studies in Education, EDC, B.A., University of California, Los Angeles; M.A., Ph.D., University of California, Davis

HEELEY, PERRY (2003), Professor of Electrical and Electronic Engineering, EEE, B.S., Georgia Institute of Technology, Atlanta; M.S., Ph.D, Auburn University, Alabama

HEILIG, JULIAN VASQUEZ (2014), Professor of Education, Educational Leadership; Director, Doctorate in Educational Leadership, EDLP, B.A., M.A., University of Michigan, Ann Arbor; Ph.D., Stanford University

HEINICKE, MEGAN (2013), Assistant Professor of Psychology, PSYC, B.S., Western Michigan University; M.S., Ph.D, Auburn University

HEMBREE, SHERI E. (1999), Professor of Education, Undergraduate Studies in Education; Chair, Undergraduate Studies in Education, CHDV, B.A., University of California, Santa Barbara; M.A., San Francisco State University; Ph.D., University of Wisconsin, Madison

HENNS, SAMANTHA (2000), Professor of Anthropology, ANTH, B.A., State University of New York at Buffalo; M.A., Ph.D, University of Tennessee, Knoxville

HERZOFF, ANDREW S. (2002), Associate Professor of Government, GOVT, B.A., St. Johns College; Ph.D., University of Notre Dame

HIBBARD, EVAN (2017), Assistant Professor of Education, Undergraduate Studies in Education, EDS, B.S., Rochester Institute of Technology; M.S., University of Rochester; Ph.D., Ryerson University, Toronto Canada

HILLS, III, ERNIE M. (1984), Professor of Music; Director, School of Music, MUSC, B.M., University of Oklahoma; M.M., New England Conservatory, Boston; D.M.A., University of Oklahoma, Norman

HITCHCOCK, PHILIP S. (1976), Professor of Art; Director, University Library Gallery, ART, B.A., Whitworth College; M.F.A., Institute Allende

HOBBS, SUE (2017), Assistant Professor of Education, Undergraduate Studies in Education, CHDV, B.A., California State University, East Bay; M.A., University of the Pacific; Ph.D., University of California, Davis

HOFFMAN, JAMIE (2013), Associate Professor of Recreation, Parks and Tourism Administration, RPTA, B.S., University of Tennessee; M.S., University of Tennessee; Ed.D, California State University, Long Beach

HOLLAND, MELISSA (2013), Associate Professor of Education, Graduate and Professional Studies in Education; Fieldwork and Internship Coordinator; School Psychology, EDC, B.A., U.C. Davis; M.S., Ph.D., Utah State University, Logan

HOLLAND, BRETT T. (2003), Professor of Biological Sciences, BIO, B.S., University of California, Davis; M.S., California State University, Sacramento; Ph.D., University of California, Santa Cruz

HOMEN, PATRICK (1982), Lecturer of Mechanical Engineering, ME, B.S., University of California, Davis

HORNER, TIMOTHY (1993), Professor of Geology; Chair, Department of Geology, GEOL, B.S., Bucknell University; M.S., Texas Tech University; Ph.D., The Ohio State University

HOUSTON, JACQUELINE (2011), Assistant Professor of Chemistry, CHEM, B.S., M.S., California State University, Sacramento; Ph.D., University of California, Davis

HOWARD, TIMOTHY L. (2006), Associate Professor of Communication Studies, COMS, B.A., M.A., University of the Pacific

HUANG, HUI-JU (2002), Professor of Education, Teaching Credentials, EDTE, B.S., National Taiwan Normal University; M.S., University of Iowa; Ph.D, University of Illinois, Urbana-Champaign
HUANG, SHIHLUNG (2005), Associate Professor of Criminal Justice, CRJ, B.A., National Police University, Taiwan; M.A., Ph.D., Sam Houston State University

HUMPHREY, ROBERT E. (1985), Professor of Communication Studies, COMS, B.A., University of California, Riverside; M.A., Ph.D., University of Iowa, Iowa City

HUR, JUNGYUN "CHRISTINE" (2016), Assistant Professor of Recreation, Parks and Tourism Administration, RPTA, B.A., Sookmyung Women's University, Seoul, Korea; M.S., Griffith University, Australia; M.B.A., Le Cordon Bleu & Sookmyung Women's University, Seoul, Korea; Ph.D., Purdue University

HURTZ, GREGORY (2002), Professor of Psychology, PSYC, B.A., A.M., California State University, Sacramento; Ph.D., State University of New York, Albany

HUSSEY, WESLEY A. (2008), Associate Professor of Government, GOVT, B.A., University of California, Irvine; M.A., Ph.D., University of California, Los Angeles

HYSON, DIANNE (2002), Professor of Family and Consumer Sciences, FACS, B.S., Acadia University, Nova Scotia, Canada; M.S., University of Alberta, Canada; Ph.D., University of California, Davis

IDA, AYA KIMURA (2008), Assistant Professor of Sociology, SOC, B.A., Mount Union College; M.A., Ph.D., University of Akron, Ohio

IKROMOV, NURIDDIN (2008), Associate Professor Real Estate and Land Use Affairs, BUS, B.S., Ph.D., The Pennsylvania State University

IMAMURA, RODNEY T. (2002), Associate Professor of Kinesiology, KHS, B.A., M.A., California State University, Fresno; Ph.D., Georgia State University

IRWIN, JACQUELINE "Jackie" (2006), Associate Professor of Communication Studies, COMS, B.F.A., M.A., Ph.D., University of Kansas

ISHIKAWA, CATHERINE "CATHY" (2010), Lecturer of Environmental Studies, ENVS, B.A., Depauw University, M.S., UC Davis, Ph.D UC Davis

IVES, SARAH (2014), Assistant Professor of Education, Undergraduate Studies in Education, EDUC, B.A., College of Wooster; M.A., University of North Carolina at Wilmington; Ph.D., North Carolina State University

JAMIESON, KATHERINE (2016), Assistant Professor of Health Science; Chair, Department of Kinesiology and Health Science, KHS, B.S., M.S., California State University, Fullerton; Ph.D., Michigan State University

JANOS, DAN (2015), Assistant Professor of Communication Studies, COMS, B.F.A., College of Creative Arts; M.F.A., San Francisco Art Institute

JAOUDI, MARIA (1998), Professor of Humanities and Religious Studies, HRS, B.A., Bloomfield College; M.A., Seton Hall University; Ph.D., Fordham University

JENSEN, MIKKEL (2015), Assistant Professor of Physics and Astronomy, PHYS, B.S., University of Southern Denmark; M.A., Ph.D., Boston University

JEZ, SU JIN (2009), Associate Professor of Public Policy and Administration, PPA, B.A., University of California, Berkeley; M.A., Ph.D., Stanford University

JIN, YING (2004), Professor of Computer Science, CSC, B.E., Tianjin University, Tianjin, China; M.E., Northeastern University, Shenyang, China; Ph.D., Arizona State University, Tempe

JOHNSTON, JANIS (2014), Assistant Professor of Theatre and Dance, THEA, B.A. Humboldt State University, Arcata CA; MFA University of Washington, Seattle, WA

JOHNSTON, JOHN (1997), Professor of Civil Engineering, CE, B.S., M.S., Stanford University; Ph.D., University of California, Davis; California Registered Civil Engineer

JONES, MARLYN (2001), Professor of Criminal Justice, CRJ, B.A., M.A., and Ph.D., Simon Fraser University, Burnaby, British Columbia

JONES, CARA (2017), Assistant Professor of Women's Studies, WOMS, B.S., Rochester Institute of Technology, B.A., Mansfield University of Pennsylvania, M.A., Louisiana State University, Ph.D., Louisiana State University

JORGENSEN-EASTERLA, LISA J. (2007), Associate Professor of Recreation, Parks and Tourism Administration, RPTA, B.S., M.A., California State University, Chico; Ph.D., University of Utah

JOSEPH, EDEN (2015), Lecturer of Nursing, NURS, B.S.N., California State University, Humboldt; M.S.N., California State University, Sacramento

JOSEPHSON, TRISTAN (2014), Assistant Professor of Women's Studies, WOMS, B.A. University of Puget Sound; M.A. San Francisco State University; Ph.D. University of California, Davis.

KANG, MINJEONG (2009), Associate Professor of Family and Consumer Sciences, FACS, B.A., Ewha Women's University, Seoul, Korea; M.S., Ph.D., University of Minnesota, St. Paul

KAPLAN, JONATHAN (2003), Associate Professor of Economics; Graduate Program Coordinator, ECON, B.A., Humboldt State University; M.S., University of Maine; Ph.D., University of California, Davis

KARAS, STEPHANIE (2017), Assistant Professor of Criminal Justice, CRJ, B.A. California State University, Chico; M.A. Boise State University; ABD (Ph.D. expected 2017) Sam Houston State University

KASIMATIS, ELAINE A. (1995), Professor of Mathematics, MATH, B.S., M.A., Ph.D., University of California, Davis

KAUTZMAN, AMY (2015), Librarian; Dean, University Library, SR B.A., University of Minnesota; M.S.LS., Simmons College; M.A., Northeastern University
KAZEMIFAR, FARZAN (2014), Assistant Professor of Mechanical Engineering, ME, B.S., Sharif University of Technology, Tehran, Iran; M.S., Ph.D. University of Illinois at Urbana-Champaign

KEEGAN, RICHARD (2013), Assistant Professor of Nursing, NURS, B.S.N., University of Portland; M.Ed., National University; M.S.N., California State University, Sacramento; D.N.P., University of San Francisco

KELLEN-YUEN, CYNTIA (2001), Professor of Chemistry, CHEM, B.A., Gustavus Adolphus College; Ph.D., Stanford University

KELLY, KATHERINE (2005), Associate Professor of Nursing, NURS, B.S.N., California State University, Los Angeles; M.S.N., F.N.P., University of Reno and Orvis School of Nursing Graduate School; DNP, University of Colorado

KENDRICK, DONALD M. (1985), Professor of Music Emeritus (2018), MUSC,

KENNEDY, DANIEL J. (1996), Professor of Music, MUSC, M.F.A., California Institute of Arts; B.A., D.M.A., State University of New York, Stony Brook

KENNEDY, ROBIN (1999), Professor of Social Work, SWRK, B.A., Stephen F. Austin State University; M.S., University of North Texas; M.S.S.W., University of Texas-Austin; Ph.D., University of Texas-Austin

KENNEY, JIM (1988), Professor, Department of Design, Interior Design Program, DOD, B.S., M.S., Southern Illinois University

KHAN, GHAZAN (2013), Assistant Professor of Civil Engineering, CE, B.S., N.W.F.P, University of Engineering and Technology Peshawar; M.S., Ph.D., University of Wisconsin, Madison

KIM, EUISUK (2014), Professor of Spanish, WLL, B.A., Korea University; M.A., Pontificia Universidad Javeriana; Ph.D., University of Minnesota

KIM-JU, GREGORY (2003), Professor of Psychology, PSYC, B.A., St. John’s University; M.A., Ph.D., Boston College

KIRVAN, CHRISTINE A. (2003), Professor of Biological Sciences, BIO, B.S., California State University, Fresno; M.S., Ph.D., University of California, Davis

KITKA, CLAUDIA (1974), Professor of Music, MUSC, B.A., Duke University; M.M., Eastman School of Music, University of Rochester, New York

KIVEL, B. DANA (2003), Professor of Recreation, Parks and Tourism Administration; Director, Community Engagement Center, RPTA, B.A., University of Wisconsin; M.S., San Francisco State University; Ed.D., University of Georgia

KLUCHIN, REBECCA (2005), Professor of History; Director, Graduate Studies, HIST, B.A., Washington University; M.A., Ph.D., Carnegie Mellon University

KNEITEL, JAMIE M. (2004), Professor of Biological Sciences, BIO, B.A., University of California, Santa Cruz; M.S., California State University, Northridge; Ph.D., Florida State University

KNIFSEND, CASEY (2014), Assistant Professor of Psychology, PSYC, B.S., University of California, Davis; M.A., Ph.D., University of California Los Angeles

KOCHIS, MARIA (1999), Librarian, Reference, SP, B.A., St. Mary’s College; M.L.S., University of Pittsburgh

KOMIYAMA, REIKO (2009), Associate Professor of English, ENGL, B.A., Rikkyo (St. Paul’s) University, Tokyo, Japan; M.A., Ohio University; Ph.D., Northern Arizona University

KRABACHER, THOMAS S. (1988), Professor of Geography; Chair, Department of Geography, GEOG, B.S., M.A., Michigan State University, East Lansing; Ph.D., University of California, Davis

KRAUEL, MATTHEW (2016), Assistant Professor of Mathematics and Statistics, MATH, B.S., University of California, Los Angeles; M.A., Ph.D. University of California, Santa Cruz

KROSS, SARA (2016), Assistant Professor of Environmental Studies, ENV, B.A., Cornell University, M.R., University of St. Andrews, Ph.D., University of Canterbury

KROVETZ, TED D. (2002), Professor of Computer Science, CSC, B.S., Stanford University, Palo Alto, California; M.S., Oxford University, Oxford, England; Ph.D., University of California, Davis

KUBEK, LAURIE (2002), Professor of Criminal Justice, CRJ, B.A., California State University, Stanislaus; J.D., University of the Pacific McGeorge School of Law

KUEHL-KITCHEN, JULIE (2000), Associate Professor of Kinesiology, KHS, B.A., M.A., California State University, Chico; Ph.D., Florida State University, Tallahassee

KUMAGAI, AKIHIKO (2000), Professor of Mechanical Engineering; Chair, Department of Mechanical Engineering, ME, B.S., M.S., University of Florida, Gainesville, Ph.D., University of Wisconsin, Milwaukee

KUMAR, PREETHAM (1999), Professor of Electrical and Electronic Engineering, EEE, B.S., M.S., University of Madras, India; Ph.D., Indian Institute of Technology, Madras, India

LAGOS, KATERINA (2003), Professor of History, HIST, B.A., University of Washington; M.A., New York University; D.Phil., St. Antony’s College, University of Oxford

LAM, SIU-WA ”MONICA” (1994), Professor of Management Information Systems, BUS, B.Sc., Chinese University of Hong Kong; M.Sc., Texas A&M University; Ph.D., University of Wisconsin, Madison

LAMBATING, JULITA G. (1997), Professor of Education, Undergraduate Studies in Education, EDC, B.S., University of San Carlos, Philippines; M.A., Cebu State College, Philippines; M.S., Ph.D., State University of New York, Albany

LANDERHOLM, THOMAS E. (2002), Professor of Biological Sciences, BIO, B.S., Washington State University, Pullman; B.S., Western Washington University, Bellingham; M.S., University of California, Davis; Ph.D., Baylor College of Medicine, Houston

LANG, DAVID (2002), Associate Professor of Economics; Director, Social Science Program; Chair, Department of Economics, ECON, B.A., Stanford University; M.A., Ph.D., Washington University

LAPORTE, CARRIE (2002), Lecturer of English, ENGL, B.A, Cal State Stanislaus; M.A., Brigham Young
LEWIS, MIMI (2005), Lecturer of Social Work, SWRK, B.A., University of California, Los Angeles

LARDY, CORINNE (2017), Assistant Professor of Education, Teaching Credentials, EDTE, B.A., Columbia University; M.A., San Jose State University, Ph.D., University of California, San Diego

LARSEN, LESLIE (2016), Assistant Professor of Kinesiology, KHS, B.A., B.S., Arkansas State University, Jonesboro; M.S., Georgia Southern University, Statesboro; Ph.D., University of Tennessee, Knoxville

LASCHER, JR., EDWARD L. (1996), Professor of Public Policy and Administration; Chair, Department of Public Policy and Administration, PPA, B.A. Occidental College; M.A., Ph. D. University of California, Berkeley

LAWSON, NICOLE (2016), Librarian; Associate Dean, University Library, SP, B.A. University of Delaware; M.L.I.S., Drexel University

LAZARIDIS, NIKOLAOS (2009), Associate Professor of History, HIST, B.A., American University, Cairo; M.Phil., D.Phil., University of Oxford

LAZARO, ROLANDO (2017), Associate Professor of Physical Therapy, PT, B.S., University of the Philippines, Manila; M.S., University of the Pacific, Stockton, CA; D.P.T., Creighton University, Omaha, NE; Ph.D., Touro University International, Cypress, CA

LEE, HELLEN (2006), Professor of English, ENGL, B.A., University of California, Santa Cruz; B.A., University of California, Irvine; M.A., California State University, Dominguez Hills; Ph.D., University of California, San Diego

LEE, JAI JOON "JAY" (2007), Associate Professor of Strategic Management, BUS, B.S., Purdue University, M.B.A., University of Rochester; Ph.D. University of Pittsburgh

LEE, DIANE SOOKYOUN (2014), Assistant Professor of Education, Undergraduate Studies in Education, CHDV, B.A., Brown University; Ph.D., Stanford University

LEE, LYNETTE (1990), Professor of Criminal Justice, CRJ, B.A., M.A., Ph.D., Washington State University

LEE, SERGE C. (2000), Professor of Social Work, SWRK, B.S., University of Utah, Salt Lake; M.S.W., California State University, Sacramento; Ph.D., University of Washington, Seattle

LeFEBVRE, EDITH E. (1986), Professor of Communication Studies, COMS, B.S., Central Michigan University, Mt. Pleasant; M.S., Ph.D., University of Oregon, Eugene

LESLIE, ANGELA (2016), Assistant Professor of Education, Undergraduate Studies in Education, CHDV, B.A., M.A., California State University, Sacramento; Ed.D., University of San Francisco

LEWIS, MIMI (2005), Lecturer of Social Work, SWRK, B.A., University of California, Davis; M.S.W., Arizona State University

LI, MIN (2002), Associate Professor of Decision Sciences, BUS, B.A., Hanover College; Ph.D., University of Cincinnati

LI, YANG (2013), Assistant Professor of Marketing, BUS, B.A., Beijing University of Technology; M.S., The Graduate School of Chinese Academy of Sciences; Ph.D., Duke University

LI, HERMAN (2017), Assistant Professor of Economics, ECON, B.A., University of Pennsylvania; Ph.D., The Pennsylvania State University

LILES, ELISABETH (2009), Associate Professor of Education, Graduate and Professional Studies in Education; Chair, Graduate and Professional Studies in Education, EDC, B.A., M.A., Ph.D., University of Nevada, Reno

LILLY, FRANK (2003), Professor of Education, Graduate and Professional Studies in Education, EDLP, B.A., M.A., University of Central Oklahoma; Ph.D., McGill University, Montreal

LIM, BRIAN S. (1998), Professor of Education, Teaching Credentials, EDTE, B.A., Central Washington University, Ellensburg; M.Ed., Ph.D., University of Washington, Seattle

LIN, ERIC C. (2007), Associate Professor of Finance, BUS, B.S., Xavier University, M.B.A., Kansas State University; Ph.D., University of North Texas

LIN, HAO (2006), Professor of Finance, BUS, B.B., Nanyang Technological University; M.S., Ph.D., University of Warwick, UK

LINDGREN, SUSANNE W. (1997), Professor of Biological Sciences, BIO, B.S., Muhlenberg College, Allentown, PA; Ph.D., Uniformed Services University of the Health Sciences, Bethesda, MD

LINDSAY, ANNE (2015), Assistant Professor of History; Director, Public History Program, HIST, B.A. Arizona State University; M.A., Ph.D., University of California, Riverside

LINDSAY, BRENDA (2013), Assistant Professor of History, HIST, B.A. California State Polytechnic University, Pomona; M.A., Ph.D., University of California, Riverside

LINVILLE, CYNTHIA (2000), Lecturer of English, ENGL, B.A., M.A., California State University, Sacramento

LIU, HSIANG "Sean" (2007), Lecturer of English, ENGL, B.A., California State University Sacramento; M.A., Fu-Jen Catholic University

LIU, CAIXING (2004), Professor of Accountancy, BUS, B.A., M.S., Peking University, M.B.A., University of Hawaii

LIU, FENG "Oliver" (2010), Associate Professor of Marketing, BUS, B.A., Shandong University (China); M.A., University of Wisconsin-Milwaukee; Ph.D., University of Wisconsin-Milwaukee

LIU, LAN (2008), Associate Professor of Finance, BUS, B.Bus., Nanyang Technological University, Singapore; M.S., Ph.D., University of Warwick, UK; C.F.A.

LIU, QIAOMING AMY (1997), Professor of Sociology, SOC, B.A., Zhengzhou University, People's Republic of China; M.S., Portland State University, Oregon; Ph.D., Iowa State University, Ames

LOEZA, PORFIRIO (2001), Professor of Education, Teaching Credentials, EDTE, B.A., M.A., Ph.D., University of California, Berkeley
LOJO, MAureen (2000), Professor of Operations Management, BUS, B.A., University of California, Berkeley; M.S., Yale University; Ph.D., M.I.T.

LOVING, RUSSELL (2006), Assistant Professor of Criminal Justice, CRJ, B.A., California State University, San Jose; J.D., University of California, Davis

LOZANO, ALBERT S. (2003), Professor of Education, Graduate and Professional Studies in Education; Graduate Coordinator, EDBM, B.A., University of California, Berkeley; M.A., California State University, San Bernardino; Ph.D., Stanford University

LU, MEILIU (1987), Professor of Computer Science, CSC, B.S., University of Nanjing, China; M.S., Ph.D., University of Illinois, Chicago

LUCERO, CLAUDIA (2008), Associate Professor of Chemistry, CHEM, B.S., University of California, Berkeley, Ph.D., University of California, Irvine

LUNCHANSKY, ANDREW (1999), Professor of Music, MUSC, B.M., New England Conservatory, Boston, Massachusetts; M.M., State University of New York, Stony Brook

LUDWIG, MARK D. (2002), Professor of Communication Studies, COMS, B.S., University of Illinois at Urbana-Champaign; M.A., California State University, Fullerton; Ph.D. Claremont Graduate University

LUNDMARK, JENNIFER ANN (1996), Professor of Biological Sciences, BIO, B.S., Ph.D., University of California, Davis

LUPO, M. SCOTT (2006), Full-time Temporary, HIST, B.A., University of Louisiana, Monroe; M.A., University of Texas, Tyler; M.A., Fuller Theological Seminary; Ph.D., University of Nevada, Reno

M

MACK, JEFF (2005), Lecturer of Chemistry, CHEM, B.S., California Polytechnic State University, San Luis Obispo; Ph.D., University of California, Santa Barbara

MACKLIN, TIALITHA (2016), Assistant Professor of English, ENGL, B.A., M.A., Idaho State University; Ph.D., Washington State University

MacLEOD, TORAN (2014), Assistant Professor of Physical Therapy, PT, B.S., California State University, San Jose; M.S., M.P.T., California State University, Sacramento; Ph.D., University of Delaware, Newark

MAHMOOD, RAmZI J. (2006), Professor of Civil Engineering; Director, Office of Water Programs, CE, B.S., University of Baghdad; M.S. (Environmental Engineering), M.S. (Mathematics), Ph.D., Utah State University; California Registered Civil Engineer; EMP, Stanford University

MAHR, MICHELE (2017), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., Hunter College; M.S UNCHapel Hill; Ph.D. University of Wisconsin, Madison

MALROUTU, YAMINI LAKSHMI (2001), Professor of Family and Consumer Sciences, FACS, B.Ed., Jadavpur University, Calcutta, India; M.S., Ph.D., Oregon State University

MALVINI REDDEN, SHAWNA (2016), Assistant Professor of Communication Studies, COMS, B.A., Walla Walla University; M.A. California State University, Sacramento; Ph.D., Arizona State University

MANSYUR, CAROL (2017), Assistant Professor of Kinesiology, KHS, B.S., M.A., University of Houston; Ph.D., University of Texas

MARbach, TimothY L. (2005), Associate Professor of Mechanical Engineering, ME, B.S., St. Mary’s University, San Antonio, Texas; M.S., Ph.D., University of Oklahoma, Norman

Margoniner, Vera (2007), Associate Professor of Physics and Astronomy, PHYS, B.S., Universidade de Sao Paulo, Brazil; Ph.D., Observatorio Nacional, Brazil

Mark, Gregory (2001), Professor of Ethnic Studies, ETHN, B.A., M.A., d.Crim., University of California, Berkeley

Markovic, Milica (2003), Professor of Electrical and Electronic Engineering, EEE, B.S., Belgrade University, Yugoslavia; M.S., Ph.D., University of Colorado, Boulder

Martinez, Rosa (2016), Assistant Professor of English, ENGL, B.A., M.A., California State University, Chico; Ph.D. University of California, Berkeley

Martinez, katherine r. (1993), Lecturer of Recreation, Parks and Tourism Administration, RPTA, B.S., University of Maryland, England; M.S., California State University, Sacramento

Masuyama, kazue (2003), Professor of Japanese, WLL, B.A., M.A., University of Oregon; Ph.D., State University of New York

Matsumoto, eric e. (1994), Professor of Civil Engineering, CE, B.S., M.Eng., Cornell University, Ph.D., University of Texas at Austin

MatterN-Baxter, katrin (2012), Associate Professor of Physical Therapy, PT, International Baccalaureate, Mörike Gymnasium, Göppingen, Germany; Licensed P.T., Albert-Ludwig University, Freiburg, Germany; D.P.T., A.T. Still University, Arizona

Mattheus, charl (2017), Assistant Professor of Health Science, KHS, B.S., M.B.A., Indiana Wesleyan University; D.B.A., Walden University

Matthews, thomas W. (1999), Professor of Electrical and Electronic Engineering, Chair, Department of Electrical and Electronic Engineering, EEE, B.S., M.S., California State University, Sacramento; Ph.D., University of California, Davis

Mayberry, maria (2006), Professor of Spanish, WLL, B.A., Itesm, Mexico; B.A., M.A., Ph.D., University of Texas at Austin

Mayes, g. randolph (2001), Professor of Philosophy, PHIL, B.A., University of California at Santa Cruz; Ph.D., University of Texas at Austin

McCarthy Hintz, Mary (1998), Professor of Chemistry, CHEM, B.A., California State University, Fullerton; B.S., M.S., University of West Florida; Ph.D., University of California, Davis
MCCORMICK, MATTHEW S. (2003), Professor of Philosophy, PHIL, B.A.,
Missouri Southern State College; M.A., Ph.D., University of Rochester

MCDONALD, KELLY (2009), Associate Professor of Biological Sciences,
BIO, B.S., Ph.D., University of Florida

McKEOUGH, D. MICHAEL (2006), Professor of Physical Therapy; Chair,
Department of Physical Therapy, PT, B.S., M.S., University of New
Mexico; B.S., Medical College Georgia; ME.d., Ed.D., Columbia
University

McKINNEY, JOSHUA B. (1999), Professor of English; Creative Writing
Coordinator, ENGL, B.A., M.A., Humboldt State University; Ph.D.,
University of Denver

McREYNOLDS, KATHERINE (2001), Professor of Chemistry, CHEM, B.S.,
California Polytechnic State University, San Luis Obispo; M.A., Ph.D.,
University of Arizona

McTERNAN, MELISSA (2017), Assistant Professor of Psychology, PSYC,
B.S., University of Mary Washington; Ph.D., University of California,
Davis

MERAYYAN, SAAD (2000), Professor of Civil Engineering, CE, B.S.C.E.,
Jordan University of Science and Technology, Irib, Jordan; M.S.C.E.,
University of Missouri-Columbia; Ph.D., Wayne State University,
Detroit, Michigan

MERLINO, SCOTT A. (2001), Lecturer of Philosophy, PHIL, B.A.S., M.A.,
Ph.D., University of California, Davis

MERRIAM, GARRET (2017), Assistant Professor of Philosophy, PHIL, B.A.,
University of California, Davis; M.A., Ph.D., Rice University

MERRIFIELD, EMILY (2016), Senior Assistant Librarian, Reference, SP,
B.A., California State University, Long Beach; M.L.I.S., San Jose State
University

MERRILL, MARCY (2002), Professor of Education, Teaching Credentials,
EDTE, B.A., University of Wisconsin, Madison; M.A., Ph.D., University
of Virginia, Charlottesville

METZ, SUSAN (2008), Associate Professor of Music, MUSC, B.M.E.,
Capital University, Ohio; M.M., University of San Francisco

METZGER, DEBORAH A. (1988), Librarian, Reference, SP, B.S., A.M.L.S.,
University of Michigan, Ann Arbor

MEYERS, LAWRENCE S. (1970), Professor of Psychology, PSYC, B.S.,
Brooklyn College; Ph.D., Adelphi University; N.S.F. Postdoctoral Fellow

MICHAEL, BONIFACE (2008), Associate Professor of Human Resources
Management, BUS, B.A., Delhi University, India; M.B.A., Foundation
of Organizational Research and Education, India; Ph.D., Rutgers, The
State University of New Jersey

MICHAELS, ANN (2007), Lecturer of English, ENGL, B.A., M.A., California
State University, Sacramento

MICHALS, ELISA (2003), Professor of Education, Teaching Credentials,
EDTE, B.A., M.Ed., Ph.D., University of British Columbia, Vancouver

MICKEL, AMY E. (2000), Professor of Human Resources Management,
BUS, B.A., University of California, Los Angeles; Ph.D., University of
Washington

MIGLIACCI, TODD (2002), Professor of Sociology, SOC, B.A., University
of California, San Diego; M.A., Ph.D., University of California, Riverside

MIGUEL, CAIO F. (2006), Professor of Psychology, PSYC, B.A., Pontificia
Universidade Catolica de Sao Paulo, SP, Brazil; M.A., Ph.D., Western
Michigan University, Kalamazoo

MIKAL-FLYNN, JOYCE (2005), Associate Professor of Nursing, NURS,
B.S.N., University of San Francisco; M.S.N., California State
University, Sacramento; Ed.D., St. Mary's College, California

MIKHAILITCHENKO, ANDREY (2009), Associate Professor of Marketing,
BUS, BA, Moscow State University Institute of Afro-Asian Studies;
M.B.A, Syracuse University, New York; D.B.A., Cleveland State
University

MILLER, RACHEL (2016), Assistant Professor of Art, ART, B.A., Kenyon
College, Gambier, OH, M.A., University of Pittsburgh, Pittsburgh,
PAPh.D., University of Pittsburgh, Pittsburgh, PA

MILLER, CHRISTINE (1987), Professor of Communication Studies,
COMS, B.A., University of Oregon; M.S., Southern Illinois University,
Carbondale; Ph.D., Pennsylvania State University

MILLER-SCHULZE, JUSTIN (2014), Assistant Professor of Chemistry,
CHEM, B.S., University of California, San Diego; Ph.D., University of
Washington

MIRANDA, JAMES (2006), Professor of Chemistry, CHEM, B.S., California
Polytechnic State University, San Luis Obispo; Ph.D., University of
California, Santa Barbara

MITCHELL, REBECCA (1995), Lecturer of English, ENGL, B.A., M.A.,
California State University, Sacramento

MIZRAHI, STEPHANIE (2009), Associate Professor of Criminal Justice,
CRJ, B.S. University of the Pacific; J.D., McGeorge School of Law;
M.A., Washington State University

MOHAPATRA, PARTHA (2017), Assistant Professor of Accountancy, BUS,
B.S., National Institute of Technology; MBA, Xavier University; Ph.D.,
University of Kentucky

MONI, SUJATHA (2009), Associate Professor of Women's Studies;
Department Chair, Women's Studies, WOMS, B.A., M.A., M.Phil.,
University of Madras, Chennai, India; Ph.D. Rutgers University, New
Jersey

MONICAL, SALLY (2007), Lecturer of Kinesiology, KHS, B.S., M.S.,
California State University, Sacramento

MONTIEITH, TOM (2002), Professor of Art, ART, B.A., University of
California, Berkeley; M.A., California State University, Sacramento;
M.F.A., University of Illinois, Urbana-Champaign

MONTGOMERY (LUPO in CMS), CHRISTINE (2017), Assistant Professor of
English, ENGL, B.A., Santa Clara University; Ph.D., UC Santa Cruz

MOORE, DAVID (2011), Associate Professor of Finance, BUS, B.S., Purdue
University; M.B.A., Arizona State University, Ph.D., University of
Tennessee

MOORE, BRIAN (2015), Assistant Professor of Physical Therapy, PT, B.S.,
Allegheny College, Pennsylvania; D.P.T., Emory University, School of
Medicine, Georgia
MOORE, ANDREA (2015), Assistant Professor of Ethnic Studies, ETHN, B.A., M.A., Ph.D., University of California, Davis

MORALES, SYLVIA (2006), Lecturer of English, ENGL, B.A., M.A., California State University, Sacramento

MORENO, JESSICA (2017), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., M.S., California State University, Chico; DMFT, Loma Linda University

MORGAN, LINDA (2015), Assistant Professor of Nursing, NURS, B.S.N., M.S.N., Chamberlain College of Nursing; Ph.D., Mercer University

MORRIS, BARBARA (2003), Lecturer of Mathematics and Statistics, MATH, B.A., M.A., California State University, Sacramento

MORRIS, PATRICIA (2015), Assistant Professor of Sociology, SOC, B.A., Rhodes College; M.A., Ph.D., Northeastern University, Boston

MORRISON, ALEXANDRA (2017), Assistant Professor of Psychology, PSYC, B.A., Colby College; M.A., Ph.D., Temple University, Philadelphia

MORSE, MATTHEW (2017), Assistant Professor of Music, MUSC, B.A., Thomas Edison State University, New Jersey; M.A. Indiana University of Pennsylvania; D.M.A. University of North Texas

MOSS, JOSHUA (2014), Assistant Professor of Physics and Astronomy, PHYS, B.S., Hiram College; M.S., Ph.D., College of William and Mary

MOSUPYE, BOATAMO (2003), Professor of Ethnic Studies; Director, Cooper-Woodson College Enhancement Program; Chair, Department of Ethnic Studies, ETHN, B.A., University of the North, South Africa; M.A., Ph.D., University of California, Berkeley

MOTLASH, AMIR (2017), Assistant Professor of Civil Engineering, CE, B.S. Shiraz University; M.S. University of Toledo, Ph.D. University of Utah

MOYLAN, J. ANN (1987), Professor of Family and Consumer Sciences, FACS, B.A., Wake Forest University, Winston-Salem, North Carolina; M.S., Purdue University; Ph.D., The University of Georgia

MULASI, URVASHI (2016), Assistant Professor of Family and Consumer Sciences, FACS, B.A., M.S, Ph.D., University of Minnesota

MURPHY, LIAM (2002), Professor of Anthropology, ANTH, B.A., Saint Mary's University; M.A., The University of Calgary; Ph.D., Yale University

MUYAN-OZCELIK, PINAR (2014), Assistant Professor of Computer Science, CSC, B.S., Ege University, Izmir, Turkey; M.S., University of British Columbia, British Columbia; Ph.D., University of California, Davis

NEUFFER, LORI (1998), Lecturer of English, ENGL, B.A., M.A., California State University, Sacramento

NEWSOME, CHEVELLE A. (1994), Professor of Communication Studies; Dean for Graduate Studies, COMS, B.A., M.A., California State University, Sacramento; Ph.D., University of Oklahoma

NGUYEN, HAO (2002), Professor of Biological Sciences, BIO, B.A., Rice University, Houston; M.S., Ph.D., University of Texas at Dallas

NIU, KUEI-HSIEN “JEFF” (2008), Associate Professor of Strategic Management, BUS, B.A., National Taipei University; M.B.A., Pacific Lutheran University; Ph.D., University of North Texas

NOBLE, JENNIFER (2015), Assistant Professor of Criminal Justice, CRJ, B.A., California State University, Sacramento; J.D., University of the Pacific, McGeorge School of Law

NOEL, JANA (2000), Professor of Education, Undergraduate Studies in Education; Community Engagement Scholar, EDUC, B.S., M.S., Drake University; Ph.D., University of California, Los Angeles

NORRIS, AAMINAH (2016), Assistant Professor of Education, Teaching Credentials, EDTE, B.A., Alabama State; M.A., Ph.D., University of California, Berkeley

NORRIS, ANN MICHELLE (2008), Associate Professor of Mathematics and Statistics, MATH, B.A., M.A., California State University, Sacramento; Ph.D., University of California, Davis.

NOUREDDINE, NASSRINE (2007), Assistant Professor of Nursing, NURS, B.S.N. American University Beirut, M.S.N California State University, Sacramento

NOWELL, LINDA S. (1998), Lecturer of Education, Teaching Credentials, EDTE, B.S., M.S., Texas Wesleyan University, Fort Worth, Texas

NUMARK, MITCHELL (2008), Associate Professor of History, HIST, B.A., Pitzer College, California; M.A., Ph.D., University of California, Los Angeles

NYLUND, DAVID (2003), Associate Professor of Social Work, SWRK, B.A., Michigan State University; M.S.W., California State University, Sacramento; M.A., Ph.D., University of California, Davis

NYSTROM, BRADLEY (1991), Professor of Humanities and Religious Studies; Chair, Department of Humanities and Religious Studies, HRS, B.A., M.A., Ph.D., University of California, Davis

O’BRIEN, ELAINE (1998), Professor of Art, ART, B.A., M.A., San Diego State University; Ph.D., The Graduate School of the City University of New York

O’HARA, KAREN (2000), Professor of Education, Undergraduate Studies in Education; Associate Dean, College of Education, CHDV, B.A., Ph.D., University of California, Davis

O’KEEFE, MAURA (2005), Professor of Social Work, SWRK, B.A., Queens College, City of New York; M.S.W., Columbia University, New York; Ph.D., University of Texas at Austin

O’KEEFE, SUZANNE (2001), Associate Professor of Economics, ECON, B.A., B.S., University of California, Davis; Ph.D., University of California, Berkeley
O'MALLEY, MEAGAN (2016), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A. Psychology, M.A. Sacramento State University, Ph.D University of California State Barbara

O'NEILL, SHEILA K. (1999), Librarian, Special Collections and University Archives, SP, B.A., San Francisco State University; M.A., University of California, Davis; M.L.I.S., University of California, Berkeley

OCEGUIEDA, MARK (2017), Assistant Professor of History, HIST, B.A., California State University, San Bernardino; M.A., Ph.D., University of California, Irvine

OCHOA, RUTH (2005), Lecturer of English, ENGL, B.A., M.A., California State University, Sacramento

ODEN, ROBERT STANLEY (2001), Professor of Government, GOVT, B.A., University of California, Davis; M.A., United States International University; M.Ph.D., University of California, Santa Cruz

OGLBY, SUZANNE M. (1990), Professor of Accountancy, BUS, B.S., M.S., Southern Illinois University; M.B.A., Ph.D., University of Wisconsin; C.P.A.; C.G.F.M.

OKADA, DANIEL (2002), Professor of Criminal Justice, CRJ, B.A., University of California, Berkeley; M.B.A., California State University, Long Beach; Ph.D., University of Maryland

OMORI, KIKUKO (2017), Assistant Professor of Communication Studies, COMS, B.A., Senshu University (Japan), Business Administration; M.A., University of Kansas, Communication Studies, Ph.D., University of Wisconsin-Milwaukee, Communication

ORTBAL, ROBERT (2005), Professor of Art, ART, B.A., San Francisco State University; M.F.A., University of California, Davis

ORTIZ, ARLENE (2016), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.S. New York University, M.S. Ed. Fordham University Ph.D. The Pennsylvania State University

OSBORNE, JACK H. (1999), Lecturer of Physics and Astronomy, PHYS, B.S., California State University, Chico; M.S., Ph.D., University of California, Davis

OUYANG, JINGSONG (2002), Professor of Computer Science, CSC, B.S., M.S., University of Electronic Science & Technology of China; Ph.D., University of New South Wales, Sydney, Australia

OVERBY, BLAIR (2008), Lecturer of English, ENGL, B.A., San Diego State University; M.A., California State University, Sacramento

OWENS, WILLIAM THOMAS (1998), Professor of Education, Teaching Credentials, EDTE, B.A., M.A., Marshall University, Huntington, WV; Ed.D., Florida International University, Miami

OZCELIK, HAKAN (2004), Professor of Organizational Behavior, BUS, B.A., M.B.A., Bosphorus University; Ph.D., University of British Columbia (Canada)

PAGANELIS, GEORGE I. (2003), Librarian, Curator, Tsakopoulos Hellenic Collection, SP, B.A., University of California, Davis; M.A., University of Colorado at Boulder; M.S., University of Illinois at Urbana-Champaign

PAGE, MONICA C. (2002), Lecturer of English, ENGL, B.A., University of California, Santa Cruz; M.A., California State University, Sacramento

PALERMO, JOSEPH A. (2002), Professor of History, HIST, B.A., University of California, Santa Cruz; M.A., San Jose State University; Ph.D., Cornell University

PAN, RAVIN (2009), Associate Professor of Education, Undergraduate Studies in Education, EDUC, B.S., University of Illinois at Champaign/Urbana; M.A., Ph.D., University of Michigan, Ann Arbor

PANG, JING (2003), Professor of Electrical and Electronic Engineering, EEE, B.S., M.S., Xi'an Jiaotong University, Shannxi, P.R. China; Ph.D., Ohio University, Athens

PANGGABEAN, TOTA (2015), Assistant Professor of Accountancy, BUS, B.S., Sekolah Tinggi Akuntansi Negara, Jakarta; M.S. University of Illinois, Urbana-Champaign; Ph.D., Simon Fraser University, Burnaby

PAPOUCHIS, CHRISTOPHER (2011), Lecturer of Environmental Studies, ENVS, M.S. Antioch University of New England, B.A. Cornell University

PARADIS, JEFFREY (2002), Professor of Chemistry, CHEM, B.S., Holycross College; M.S., University of North Carolina, Chapel Hill; Ph.D., North Carolina State University

PARADY, SCOTT (2003), Professor of Art, ART, B.F.A., Kansas City Art Institute; M.F.A., Pennsylvania State University

PARK, MYUNG (2002), Professor, Department of Design, Graphic Design Program, DOD, B.F.A., Ewha Woman's University, Seoul, Korea; M.A., M.F.A., Iowa State University

PARK, SANGMIN (2017), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., M.A., Seoul National University; Ph.D., University of Iowa

PARK, JENNIFER (2012), Lecturer of Kinesiology, KHS, B.S., M.S., M.P.T., California State University, Sacramento

PARKER, DARYL (1999), Professor of Kinesiology, KHS, B.S., M.S., California State University, Sacramento; Ph.D., University of New Mexico

PARSH, BRIDGET (2004), Associate Professor of Nursing; Director, First Year Experience, NURS, B.S.N., University of San Francisco; M.S.N., California State University, Sacramento; Ed.D., University of San Francisco

PATTERSON, AISHAH (2017), Assistant Professor of Communication Sciences and Disorders, CSAD, B.A., Indiana University; M.A., University of Illinois at Urbana-Champaign; Ph.D., University of Illinois at Urbana-Champaign

PATTERSON, ANNA (2016), Assistant Professor of Geography, GEOG, B.A. San Diego State; M.A.G. New Mexico State University; Ph. D. University of Nevada Reno

PATTERSON-TUTSCHKA, MONICKA B. (2008), Associate Professor of Government, GOVT, B.A., M.A., Tufts University, M.A., Boston College; Ph.D., University of Michigan

PEAVY, THOMAS R. (2004), Professor of Biological Sciences, BIO, B.S., M.A., Ph.D., University of California, Riverside
PEIGAHI, H. REZA (2003), Librarian, Reference, SP, B.A., Portland State University; M.L.S., Emporia State University

PELLA, SHANNON (2017), Assistant Professor of Education, Teaching Credentials, EDTE, B.A., University of Rhode Island; M.A., Humboldt State University; Ph.D., University of California, Davis

PENROD, BECKY (2006), Professor of Psychology, PSYC, B.S., University of Florida, Gainesville; M.A., Ph.D., University of Nevada, Reno

PEREZ, SUSAN (2014), Assistant Professor of Health Science, KHS, B.A., B.S., University of California, Davis; M.P.H., Benedictine University; Ph.D., University of California, Davis

PEREZ, STEPHEN (2001), Professor of Economics, ECON, B.A., University of California, San Diego; M.A., Ph.D., University of California, Davis

PERKINS, SCOTT (2017), Assistant Professor of Music, MUSC, B.M. Boston University; M.A., Ph.D. Eastman School of Music, University of Rochester, New York

PETERS, LORNA (1998), Professor of Music, MUSC, B.M., Lawrence University; M.M., D.M.A., State University of New York, Stony Brook

PFEIRICH, HUGH (2004), Associate Professor of Accountancy, BUS, B.A., M.B.A., California State University, Sacramento; Ph.D., Washington State University

PIERCE, NATALIE (1994), Lecturer of Education, Undergraduate Studies in Education, CHDV, B.A., M.S., California State University, Sacramento

PIERETTI, ROBERT (2009), Professor of Communication Sciences and Disorders, CSAD, B.A., University of California, Davis; B.S., M.S., California State University Sacramento; Ph.D., University of California, Davis;

PIETRANTONI, ZACHARY (2017), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., M.S. Ed, Ph.D., Southern Illinois University

PIGNO, VINCENT (2014), Assistant Professor of Mathematics and Statistics, MATH, B.S., University of Kansas; M.S., Ph.D., Kansas State University

PITRE, TERENCE (2016), Associate of Accountancy, BUS, B.A., University of Louisiana-LaFayette, M.B.A., Tulane University, PhD, Michigan State University

PITZER, JR., JIMMY (2014), Assistant Professor of Biological Sciences, BIO, B.S., M.S., New Mexico University; Ph.D. University of Florida

POINDEXTER, CRISTINA (2016), Assistant Professor of Civil Engineering, CE, B.S. Stanford University, M.S. and PhD University of California, Berkeley, CA Registered Civil Engineer

POMO, ROBERTO DARIO (1999), Professor of Theatre and Dance, THEA, B.A., Brigham Young University; M.A., University of California, Davis; Ph.D., University of Utah

POOR, NIGEL (2003), Professor, Department of Design, Photography Program, DOD, B.A., Bennington College, Vermont; M.F.A., Massachusetts College of Art

POPEJOY, GREGORY (2007), Lecturer of Environmental Studies, ENVS, B.A. M.A. CSU, Sacramento

PORTER, JENNIFER "JENNA" (2014), Associate Professor of Education, Teaching Credentials, EDTE, B.A., California State University Chico; M.A., California State University, Sacramento; Ph.D., University of California, Davis

PRAJS, JANUSZ (2003), Professor of Mathematics and Statistics, MATH, M.S., Technical University of Wroclaw; Ph.D., University of Wroclaw, Poland

PRATT, RICHARD (2002), Associate Professor, Department of Design; Graphic Design Program Coordinator, DOD, B.F.A., Ohio State University; M.F.A., Rhode Island School of Design

PRESLER, ANNA (2014), Assistant Professor of Music, MUSC, B.A., North Carolina School of the Arts; M.A., San Francisco Conservatory of Music and M.A. in History, Yale University

Q

QIN, JIANJIAN (2003), Professor of Psychology, PSYC, B.A., M.A., East China Normal University; Ph.D., University of California, Davis

QUINTANA, ROBERTO (1998), Professor of Kinesiology, KHS, B.A., M.A., Humboldt State University; Ph.D., University of New Mexico

R

RAE, JAMES DeSHAW (2006), Professor of Government, GOVT, B.A., University of Iowa; M.A., American University, Washington, D.C.; Ph.D., University of Hawaii at Manoa

RAMIREZ, ELVIA (2009), Associate Professor of Ethnic Studies, ETHN, B.A., M.A., Ph.D. University of California, Riverside

RASKAUSKAS, JULIANA (2007), Associate Professor of Education, CHDV, B.A., Holy Names College; M.S., Ph.D., University of California, Davis

RAY, MICHAEL (2015), Assistant Professor of Physics and Astronomy, PHYS, B.S., Ohio State University, M.S., Ph.D., University of Massachusetts, Amherst

RAYMAN, JENNIFER (2006), Associate Professor of Education, Undergraduate Studies in Education, EDS, B.A., M.A., University of Arizona, Tucson; Ph.D., University of California, San Diego

RECHS, ADAM J. (2003), Professor of Biological Sciences, BIO, B.S., Ph.D., University of California, Davis

REDDICK, MARY (2001), Librarian, Head of User Services, SP, B.A., M.A., Humboldt State University; M.S.L.S., Catholic University of America; Ph.D., University of Utah

REDFIELD, CLAYBORN (2015), Professor of Music, MUSC, B.A., California State University, Sacramento; M.A., American Band College of Southern Oregon University; D.M.A. University of Nevada, Las Vegas

REED, LORETTA (2005), Full-time Temporary, HIST, B.A., M.A., Ph.D., University of California, Davis

REED, ANNETTE (1998), Professor of Ethnic Studies, ETHN, B.A., University of California, Berkeley; M.A., University of California, Davis; Ph.D., University of California, Berkeley

REEDE, JAMES (2003), Lecturer of Environmental Studies, ENVS, B.S., Ed.D., University of San Francisco
REESE, PHILLIP (2017), Assistant Professor of Communication Studies, COMS, B.A., North Carolina State University; M.A., University of North Carolina at Greensboro

REGINATO, JUSTIN (2009), Associate Professor of Construction Management, CM, B.S., University of Nevada, Reno; M.S., Ph.D., University of California, Berkeley

REISNER, RONALD (2007), Professor of Theatre and Dance, THEA, B.A., Chico State University; M.A., California State University, Sacramento; M.F.A. University of California, Davis

REN, XIN (1990), Professor of Criminal Justice, CRJ, B.A., People's University of China, Beijing; M.A., University of Ottawa; Ph.D., The Wharton School of the University of Pennsylvania

RICE, DOUGLAS F. (2000), Professor of English; Graduate Coordinator, ENGL, B.A., Slippery Rock State College; M.A., Duquesne University, Pittsburgh

RICHARDS, JOSEPH (2001), Professor of Marketing, BUS, B.Tech., M.B.A., Indian Institute of Technology, Kharagpur; Ph.D., Syracuse University

RIOLLI, LAURA (2000), Professor of Human Resources Management, BUS, B.S., University of Tirana, Albania; M.A., Ph.D., University of Nebraska-Lincoln

RITCHEY, JAMES M. (1977), Professor of Chemistry, CHEM, B.S., University of Redlands; M.S., Ph.D., Northwestern University; J.D., McGeorge School of Law

ROACH, STEPHEN (2001), Associate Professor of Music, MUSC, B.M., Indiana University; M.M., Northern Illinois University; D.M.A., University of Northern Colorado

ROBERTS, ROSLYN (2017), Assistant Professor of Accountancy, BUS, B.F.A and M.A., University of New England NSW; Ph.D., University of Sydney

ROBERTS, LINDA M. (1995), Professor of Chemistry, CHEM, B.A., University of Vermont; Ph.D., Washington State University

ROBERTS, MILES (1990), Professor of Geography, GEOG, B.S., M.S., George Mason University; Ph.D., University of South Carolina

ROBERTS, LISA (1998), Associate Librarian, Bibliographic Control, SP, B.A., Loyola University, Chicago, Illinois; M.L.I.S., Rosary College Graduate School of Library and Information Science, River Forest, Illinois

ROBERTS, KIM A. (1997), Lecturer of Psychology, PSYC, B.A., University of San Diego; M.S., Ph.D., Washington State University

RODRIGUEZ, JUDY (1996), Lecturer of Spanish, WLL, B.A., M.A., California State University, Sacramento

RODRIGUEZ, MARK (2002), Professor of Education, Graduate and Professional Studies in Education; Program Coordinator, M.A. iMET, EDC, B.S., Arizona State University; M.A., Ed.D., University of Nevada, Reno

RODRIGUEZ, RAUL N. (1987), Professor of Education, EDC, B.S., University of Texas, El Paso; M.S., Ph.D., Washington State University

ROLLOFF, DAVID (2002), Professor of Recreation, Parks and Tourism Administration, RPTA, B.A., St. Olaf College; M.S., Western Illinois University; Ph.D., Oregon State University

ROMERO, LISA (2012), Assistant Professor of Education, Educational Leadership, EDLP, B.S., Indiana University; M.A., University of Houston; Ph.D., University of California, Riverside

ROSEBERRY-MCKIBBIN, CELESTE (1999), Professor of Communication Sciences and Disorders, CSAD, B. A., California State University, Fresno; M. A., California State University, Fresno; Ph.D., Northwestern University

RUSSEL, BEATRICE (2004), Associate Professor of French, WLL, B.A., University of Bujumbura, Burundi; M.A., University of Arkansas, Fayetteville; Ph.D., University of California, Davis

RUSSEL, DALE A. (2001), Associate Professor of Social Work, SWRK, B.A., University of Wisconsin-Eau Claire; M.S.W., California State University, Sacramento; Ph.D., University of San Francisco

SALEM, AHMED M. (2002), Professor of Computer Science, CSC, B.S., University of Dayton, Ohio; M.S., California State University, Chico; Ph.D., Florida Institute of Technology, Melbourne

SAMPSON, JAN (2004), Assistant Professor of Nursing, NURS, B.S.N., Humboldt State University, California; M.S.N., University of San Francisco

SARABIA, HEIDY (2016), Assistant Professor of Sociology, SOC, B.A., University of California, Los Angeles; M.A., Ph.D., University of California, Berkeley

SARDINA, ALEXA (2017), Assistant Professor of Criminal Justice, CRJ, B.A.; SUNY Buffalo; M.A.: Boston University; Ph.D.: Indiana University

SAVAGE, TOM (2004), Associate Professor of Chemistry, CHEM, B.A., Willamette University, M.S., Oregon State University; M.S., Ph.D., Washington State University

SAVINO, RICHARD (1985), Professor of Music, MUSC, M.M., D.M.A., State University of New York, Stony Brook

SCARTON, CARLY (2016), Assistant Professor of Education, Graduate and Professional Studies in Education; Program Coordinator, Counselor Education, EDC, B.S. Sociology and Criminal Justice, M.Ed. The Pennsylvania State University

SCHARF, ANITA V. (1998), Lecturer of English, ENGL, B.A., California State Polytechnic University, Pomona; M.A., California State University, Sacramento

SCHMANN, MICHAEL J. (2006), Professor of Geography, GEOG, B.A., California State University, Fresno; Ph.D., Arizona State University

SCHMIDTLEIN, MATHEW C. (2008), Associate Professor of Geography, GEOG, B.S. Brigham Young University, M.S., Ph.D., University of South Carolina

SCHNEIDER, KHAL (2016), Assistant Professor of History, HIST, B.A., University of Minnesota, M.A., Ph.D., University of California, Berkeley

SCHNURBUSH, KIM (2014), Assistant Professor of Criminal Justice, CRJ, B.A., University of New Hampshire; M.S., Fitchburg State College; Ph.D. Sam Houston State University

SCHULTZ, THOMAS R. (1986), Professor of Mathematics and Statistics, MATH, A.B., University of California, Berkeley; M.S., California State University, Hayward; Ph.D., University of California, Santa Barbara
SHINBROT, VICTORIA (2003), Professor of Humanities and Religious Studies; Graduate Coordinator, Department of Humanities and Religious Studies, HRS, B.A., University of California, Santa Barbara; M.A., California State University, San Francisco; Ph.D., University of California, Davis

SEO, MI-SUK (2008), Associate Professor of English, ENGL, B.A., M.A., Seoul National University, Korea; Ph.D., University of Illinois

SERGAN, TATIANA (2008), Associate Professor of Physics and Astronomy, PHYS, B.S., M.S., Kiev State University, Ukraine; Ph.D., Institute of Physics, Ukrainian Academy of Sciences

SERGAN, VASSILI V. (2002), Professor of Physics and Astronomy, PHYS, B.S., M.S., Rovno State Pedagogic Institute; Ph.D., Institute of Physics, Ukrainian Academy of Sciences

SESSOMS, DEIDRE (2000), Professor of Education, Undergraduate Studies in Education, EDUC, B.S., Southeast Missouri State University; Ph.D., University of California, Davis

SHANBROM, COREY (2013), Assistant Professor of Mathematics and Statistics, MATH, B.A., M.A., Ph.D., University of California, Santa Cruz

SHAO, PING “TYRA” (2010), Associate Professor of Management, BUS, B.A., East China Normal University, Shanghai, University of Tirana, Albania; M.B.A., University of Sheffield (UK); Ph.D., Drexel University

SHARP, TARA (2014), Assistant Professor of Nursing, NURS, B.S.N., University of Minnesota, Twin Cities; Ph.D. University of California, San Francisco

SHAW, GREG (2005), Professor of Recreation, Parks and Tourism Administration; Chair, Department of Recreation, Parks and Tourism Administration, RPTA, B.S., Georgia Institute of Technology, M.S., California State University, Sacramento; Ph.D., University of California, Davis

SHEN, DONG (2001), Professor of Family and Consumer Sciences, FACS, B.S., China Textile University, Shanghai, People’s Republic of China; M.S., The People’s University of China, Beijing, People’s Republic of China; Ph.D., The Ohio State University

SHEPARD, NICHOLAS (2016), Assistant Professor, Department of Design; Photography Program, DOD, B.A., Carlton College, Northfield; M.F.A., School of Visual Arts

SHEPPARD, ANTHONY G. (1997), Professor of Recreation, Parks and Tourism Administration, RPTA, B.S., University of Sheffield, England; M.Ed., Pennsylvania State University, University Park; Ph.D., Clemson University

SHILTS, MICAL (2003), Professor of Family and Consumer Sciences, FACS, B.S., California State University, Sacramento; M.S., Ph.D., University of California, Davis

SHIMABUKURO, DAVID (2013), Assistant Professor of Geology, GEOL, A.B., University of California, Berkeley; Ph.D., University of California, Berkeley

SHINBROT, VICTORIA (2003), Professor of Humanities and Religious Studies; Graduate Coordinator, Department of Humanities and Religious Studies, HRS, B.A., University of California, Santa Barbara; M.A., California State University, San Francisco; Ph.D., University of California, Davis

SHOBAKI, GHASSAN (2015), Assistant Professor of Computer Science, CSC, B.S., University of Jordan, Amman, Jordan; M.S., University of California, Davis; Ph.D., University of California, Davis

SIEGEL, MONA (2003), Professor of History, HIST, B.A., University of Colorado; M.A., Ph.D., University of Wisconsin

SIEGELER, MARK (2002), Professor of Economics, ECON, B.A., University of California, Santa Cruz; M.A., Ph.D., University of California, Davis

SIMPSON, LEE M.A. (2001), Professor of History, HIST, B.A., Willamette University; M.A., Ph.D., University of California, Riverside

SINGER, JENNIE (2007), Professor of Criminal Justice, CRJ, B.A., San Diego State University; M.A., Ph.D., California School of Professional Psychology, San Diego

SINGH, NANDINI (2017), Assistant Professor of Anthropology, ANTH, B.A., Knox College; M.A., University College London; Ph.D., University of Tuebingen, Germany

SINGH, AJAY (2017), Assistant Professor of Environmental Studies, ENVS, PhD Ohio State, Columbus, M.A., California State University, Chico, B.A. University of Oregon, Eugene

SKINNERS, STEVEN (2014), Assistant Professor of Geology, GEOG, B.S., University of California, Los Angeles; Ph.D., California Institute of Technology, Pasadena

SMART, CHRISTIE (2014), Assistant Professor of Nursing, NURS, B.S.N., California State University, Long Beach; M.S.N., California State University, Dominguez Hills; DNP Fresno State University

SMITH, GERRI (1991), Professor of Communication Studies; Chair, Department of Communication Studies, COMS, B.A., Michigan State University; M.A., United States International University; Ph.D., Ohio University

SMITH, VAL R. (1976), Professor of Communication Studies, COMS, B.S., Weber State College; M.A., University of New Mexico; Ph.D., Purdue University

SMITH, CURTIS (2014), Professor of Chinese; Chair, Department of World Languages and Literatures, WLL, B.A., University of Wisconsin - Madison; M.A., University of Hawaii at Manoa; Ph.D. National Taiwan Normal University

SMITH, WARREN D. (1973), Professor of Electrical and Electronic Engineering, EEE, B.S., Princeton University; M.S., University of New Mexico; Ph.D., University of Oklahoma

SMITH, MAUREEN (1995), Professor of Kinesiology, KHS, B.S., M.S., Ithaca College, New York; M.A., Ph.D., The Ohio State University, Columbus

SOLORIO, CHRISTY (2014), Assistant Professor of Nursing; Clinic Placements Advisor, NURS, B.A., M.S.N., Ph.D, University of California, Davis
SPENCE, JOHN (2004), Professor of Chemistry, CHEM, B.S., St. Mary’s College; Ph.D., University of California, Davis

SPROTT, KENNETH S. (2003), Associate Professor of Mechanical Engineering, ME, B.S., University of California, Berkeley; M.S., University of California, Irvine; Ph.D., University of California, Davis

SPROWSLS, ROSALEE (1990), Professor of Biological Sciences, BIO, B.S., Ph.D., Howard University, Washington D.C.

STAGNARO, MEL J. (1995), Lecturer of English, ENGL, B.A., University of Santa Clara; M.A., California State University, Sacramento

STANLEY, ROBERT D. (2005), Lecturer of English, ENGL, B.A., University of California, Los Angeles; M.A., California State University, Sacramento

STARK, JENNY (2002), Professor of Communication Studies, COMS, B.F.A., University of Houston; M.F.A., California Institute of the Arts

STARK, HARVEY (2014), Assistant Professor of Humanities and Religious Studies, HRS, B.A. Cornell University; MSc University of Bath, UK; Ph.D. Princeton University

STARK, RACHEL (2016), Senior Assistant Librarian, Reference, SP, B.A., Willamette University; M.L.I.S., Drexel University

STEVENS, NATHAN E. (2012), Assistant Professor of Anthropology; Co-Director, Archaeological Research Center, ANTH, BA; University of California, Davis; M.A., California State University, Sacramento; Ph.D. University of California, Davis

STEVENS, MICHELLE (2007), Associate Professor of Environmental Studies, ENVS, B.A., Humboldt State University; M.S., University of Wisconsin, Madison; Ph.D., University of California, Davis

STITT, CARMEN (2008), Associate Professor of Communication Studies, COMS, B.A. University of Pittsburgh; M.S. California State University, Sacramento; M.A., University of Arizona

STOCKERT, BRAD (2002), Professor of Physical Therapy, PT, B.S., Western Illinois University, Macomb; M.S., University of Illinois, Urbana; M.A. PT, Stanford University; Ph.D., University of California, Davis

STOLTZ, ANN (2001), Professor of Nursing Emeritus (2010), NURS,

STONE, LYNDA D. (1998), Professor of Education, Undergraduate Studies in Education, CHDV, B.A., California State University, Dominguez Hills; M.A., University of San Francisco; Ph.D., University of California, Los Angeles

STONER, ANDREW (2015), Assistant Professor of Communication Studies, COMS, B.A., Franklin College of Indiana; M.A., Ball State University, Ph.D., Colorado State University

STRAND, SARAH (2011), Lecturer of Psychology, PSYC, B.S., Iowa State University; M.S., Ph.D., University of Massachusetts, Amherst

STICKLAND, ORIEL J. (1996), Professor of Psychology, PSYC, B.S., University of North Carolina, Chapel Hill; M.S., Ph.D., Purdue University

SUH, YONG S. (2004), Associate Professor of Mechanical Engineering, ME, B.S., M.S., Seoul National University, Korea; Ph.D., Rensselaer Polytechnic Institute, Troy, New York

SULLIVAN, ROGER (2003), Professor of Anthropology, ANTH, B.A., M.A., Ph.D., University of Auckland, New Zealand

SUN, YANG (2007), Associate Professor of Decision Sciences, BUS, B.E., Tsinghua University; M.S., Arizona State University

SUN, XIAOYAN (2016), Assistant Professor of Computer Science, CSC, B.E., Shandong Normal University, China; M.E., University of Science and Technology of China; Ph.D., Pennsylvania State University, Pennsylvania

SUN, LI-LING (1998), Professor of Education, Undergraduate Studies in Education, CHDV, B.A., M.A., National Cheng-Chi University, Taipei, Taiwan; Ph.D., University of California, Santa Barbara

SUTHERLAND, SUZANNE (1986), Professor of Nursing Emeritus (2013), NURS,

SWAN, KYLE S. (2013), Associate Professor of Philosophy; Director, Center for Practical and Professional Ethics, PHIL, B.A., Grove City College; M.A., Ph.D., Bowling Green State University

SWEET, NANCY F. (2005), Professor of English, ENGL, B.A., Vassar College; M.A., M.Phil., Ph.D., Columbia University

SWIM, DAVID H. (1997), Associate Professor of Criminal Justice, CRJ, B.A., California State University, Sacramento; M.P.A., California State University, Stanislaus; D.P.A., University of Southern California

TABOGA, PAOLO (2016), Assistant Professor of Kinesiology, KHS, B.A., B.S., University of California, Davis; M.Ph., Benedictine University; Ph.D., University of California, Davis

TACLA, CRAIG (2005), Associate Professor of Kinesiology, KHS, B.A., M.A., California State University, Chico; Ph.D., Virginia Polytechnic Institute and State University, Blacksburg

TADLE, RAUL (2017), Assistant Professor of Economics, ECON, B.A., University of California, San Diego; M.A., Ph.D., University of California, Santa Cruz

TASHIRO, LYNN (1991), Professor of Physics and Astronomy; Director of Center for Teaching and Learning, PHYS, B.S., University of California, Los Angeles; M.A., Ph.D., Stanford University

TAYLOR, DONALD (1990), Professor of Communication Studies; Interim Assistant Vice President for Academic Programs and Global Engagement, COMS, B.A., Sheffield City Polytechnic; M.Phil., University of Leeds, United Kingdom; Ph.D., Kent State University

TAYLOR, JOSEPH (2016), Assistant Professor of Management Information Systems, BUS, B.A., Brigham Young University, Provo; M.B.A., Thunderbird University; Ph.D., Washington State University.

TAYLOR, STANLEY A. (1983), Professor of Decision Sciences, BUS, A.B., Humboldt State University; M.B.A., Ph.D., University of Oregon

TAYLOR, SUSAN A. (2000), Professor of Social Work, SWRK, B.G.S., University of Missouri-St. Louis; M.S.W., Ph.D., St. Louis University

TAYLOR, LISA (1990), Professor of Mathematics and Statistics, MATH, B.A., California State University, Sacramento; M.A., Ph.D., University of California, San Diego
TAYLOR, CHRISTOPHER L. (2003), Professor of Physics and Astronomy, PHYS, B.S., Michigan State University; Ph.D., University of Minnesota

THAKUR, SUDHIR (2005), Professor of Real Estate and Land Use Affairs, BUS, B.A., University of Delhi; M.A., Punjab University; M.A., University of Akron; Ph.D., The Ohio State University

THEODORIDES, HARRY (2004), Associate Professor of Kinesiology, KHS, B.S., M.S., California State University, Sacramento; Ed.D., University of Wyoming

THOMA, JUDY (2005), Lecturer in Humanities and Religious Studies, HRS, B.A., M.A., California State University, Sacramento

THOMAS, JULIE (2003), Librarian, Special Collections and University Archives, SP, B.A., Northern Illinois University; M.A., M.L.I.S., University of Wisconsin-Milwaukee

THOMPSON, HEATHER (2015), Assistant Professor of Communication Sciences and Disorders, CSAD, B.A., University of Waterloo; M.A., Western University; Ph.D., University of Utah

THOMPSON, KELLY (2014), Associate Professor of Family and Consumer Sciences, FACS, B.A., California State University, Sacramento; M.S., Ph.D., Kansas State University

TIMMONS, CRAIG (2014), Assistant Professor of Mathematics and Statistics, MATH, B.A., M.A., California State University, San Marcos; Ph.D., University of California, San Diego

TOISE, DAVID W. (2003), Professor of English; Chair, Department of English, ENGL, B.A., Amherst College; M.A., Ph.D., Rutgers, The State University of New Jersey

TONG, PINGSHENG (2007), Associate Professor of Marketing, BUS, B.A., Capital Normal University; M.S., Iowa State University; M.B.A., Ph.D., University of California, Davis

TOPPING, TROY (2013), Assistant Professor of Mechanical Engineering, ME, B.S. California State University, Sacramento; Ph.D., University of California, Davis

TORRES, JR., SANTOS (1999), Professor of Social Work, SWRK, B.A., Aurora University; M.S.W., George Williams College; Ph.D., Northern Illinois University

TOUPS, TRACY (2015), Assistant Professor of Electrical and Electronic Engineering, EEE, B.Sc., M.S., Ph.D., Louisiana State University, Baton Rouge

TRICHUR, RAGHURAMAN (2002), Professor of Anthropology, ANTH, B.Com., University of Bombay; M.Ed., George Washington University; M.A., Ph.D., Temple University

TSAI, SAN-VUN W. (1978), Professor of Management Information Systems, BUS, B.A., National Taiwan University; M.B.A., Ph.D., University of Texas, Austin

TUDOR, KRISTEN A. (2003), Lecturer of Communication Studies, COMS, B.A., Mills College; M.A., California State University, Sacramento

TUZCU, ILHAN (2008), Professor of Mechanical Engineering, ME, B.S., Dokuz Eylul University, Izmir, Turkey; M.S., University of Connecticut, Storrs; Ph.D., Virginia Polytechnic Institute and State University, Blacksburg

U

UWAZIE, ERNEST (1991), Professor of Criminal Justice; Chair, Division of Criminal Justice, CRJ, B.A., M.A., St. Edwards University, Austin; Ph.D., Arizona State University

V

VA, KA (1999), Associate Professor of Education, Undergraduate Studies in Education, EDBM, B.A., M.A., California State University, Sacramento; Ed.D., University of San Francisco

VADHVA, SURESH K. (1986), Professor of Electrical and Electronic Engineering, EEE, B.S., University of Tulsa, Oklahoma; M.S., Ph.D., University of New Mexico, Albuquerque

VALADEZ, MERCEDES (2017), Assistant Professor of Criminal Justice, CRJ, B.A.: California State University, Bakersfield; M.S.: California State University, Fresno; Ph.D.: Arizona State University

VALDEZ, LINDY (1998), Professor of Kinesiology, KHS, B.A., M.S., California State University, Sacramento; Ed.D., University of Southern California

VAN GAASBECK, KRISTIN (2002), Associate Professor of Economics, ECON, B.A., Smith College; M.A., Ph.D., University of California, Davis

VanAIRSDALE, STU (2015), Lecturer of Communication Studies, COMS, B.A., California State University, Sacramento; M.A. New York University

VANKEUREN, AMELIA (2015), Assistant Professor of Geology, GEOL, B.S., University of Southern California, Los Angeles; M.A., Ph.D., Columbia University

VANN, MICHAEL (2005), Professor of History, HIST, B.A., M.A., Ph.D., University of California, Santa Cruz

VANVALKENBURGH, MICHAEL (2014), Assistant Professor of Mathematics and Statistics, MATH, B.A., M.A., Ph.D., University of California, Los Angeles

VAREANO, CHARLES S. (1998), Professor of Sociology, SOC, B.A., San Diego State University; M.A., Ph.D., University of California, San Diego

VARGAS, MARIA (2017), Associate Professor of Ethnic Studies, ETHN, B.A., New Mexico State University, Las Cruces; M.A., Ph.D., University of Maryland-College Park

VARSHNEY, SANJAY (2005), Professor of Finance, BUS, B.S., Bombay University; M.S., University of Cincinnati; M.A., Ph.D., Louisiana State University in Baton Rouge; C.F.A.

VASSIL, KRISTINA (2016), Assistant Professor of Japanese, WLL, B.A., Oberlin College; M.A., University of Pittsburgh; Ph.D., University of Michigan

VAZIRI YASDI PIN, MOHAMMAD (2010), Assistant Professor of Electrical and Electronic Engineering, EEE, B.S., University of California, Berkeley; M.S., California State University, Sacramento; Ph.D., Washington State University, Pullman

VELIANTIS, SPIROS (2001), Lecturer of Management Information Systems, BUS, B.S., M.S., California State University, Sacramento

VENEZIA, ANDREA (2013), Associate Professor of Public Policy and Administration; Executive Director, Education Insights Center, PPA,
B.A., Pomona College; M.A., Stanford University; Ph.D., University of Texas

VENTIS, SUMMER (2017), Assistant Professor of Art, ART, B.A., Grinnell College, Grinnell, IAM.F.A., University of Colorado, Boulder, CO

VICARS, WILLIAM (2003), Professor of Education, Undergraduate Studies in Education, EDS, B.A., Weber State University, Utah; M.S., Ed D., Lamar University; Ph.D., Pacific Western University, Texas

VISGER, CLAYTON J. (2017), Assistant Professor of Biological Sciences, BIO, B.S., California State University, Sacramento; Ph.D., University of Florida

VOGT, RUSTIN (2010), Assistant Professor of Mechanical Engineering, ME, B.S., California State University, Sacrament; Ph.D., University of California, Davis

VYGODINA, ANNA (2005), Associate Professor of Finance, BUS, B.S., M.B.A., M.S., University of Nebraska at Omaha; Ph.D., University of Nebraska, Lincoln

W

WADE, MARJORIE D. (1974), Professor of German, WLL, A.B., College of William and Mary; M.A., Duke University; Ph.D., University of Michigan

WADLÉ, MICHAEL J. (1998), Lecturer of Government; Coordinator of Internships & Sacramento Semester Program, GOVT, B.A., M.A., California State University, Sacramento

WAGNER, AMY (2015), Assistant Professor of Geology, GEOL, B.S., M.S., Ph.D., Texas A&M University at Galveston

WALKER, MICHAEL M. (2010), Assistant Professor of Anthropology, ANTH, B.A., University of Southern Mississippi; M.A., Ph.D., Michigan State University

WALL PARILO, DENISE (2003), Professor of Nursing, NURS, B.S.N., M.S.N., California State University, Sacramento; Ph.D., University of California, San Francisco

WANG, CHUNG-E (1985), Professor of Computer Science, CSC, B.S., National Taiwan University, Taiwan; Ph.D., University of Iowa, Iowa City

WANG, HONG (2001), Librarian, Reference, SP, B.A., Wuhan University, China; M.A., University of South Florida; M.S., University of Illinois at Urbana-Champaign

WANG, TA-CHEN (2006), Professor of Economics, ECON, B.B.A., M.A., National Taiwan University; Ph.D., Stanford University

WANKET, JAMES A. (2003), Professor of Geography, GEOG, B.A., Humboldt State University; M.A., Ph.D., University of California, Berkeley

WARD, AMBER (2015), Assistant Professor of Art; Credential Advisor, Pre-Credential Program in Art, ART, B.F.A. with K-12 Art Teacher Certification, Colorado State University; M.A., Maryland Institute College of Art; Ph.D. with Certificate in Qualitative Research, University of Missouri

WARE, JENNIFER D. (1985), Librarian, Collections, SP, B.A., California State University, Sacramento; M.L.S., University of Oregon, Eugene

WASSMER, ROBERT W. (1995), Professor of Public Policy and Administration, PPA, B.S., Oakland University, Michigan; M.A., State University of New York at Binghamton; Ph.D., Michigan State University

WEHR, KEVIN (2003), Professor of Sociology, SOC, B.A., University of California, Santa Cruz; M.S., Ph.D., University of Wisconsin, Madison

WELKLEY, DEBRA (1999), Lecturer in Sociology, SOC, B.A., Aurora University; M.A., Baylor University

WHEELER, STEPHEN (2013), Professor of Accountancy, BUS, B.A., M.S., California State University, Sacramento; Ph.D., Arizona State University

WICKELGREN, EMILY A. (2001), Professor of Psychology, PSYC, B.A., Grinnell College; Ph.D., Indiana University

WIE, SEUNGHEE (2001), Professor of Family and Consumer Sciences, FACS, B.S., Ewha Woman's University, Seoul, Korea; M.S., Iowa State University; Ph.D., Kansas State University

WILBER, PAMELA (2000), Lecturer of Education, Undergraduate Studies in Education, EDUC, B.A., M.A., California State University, Sacramento

WILLAM S, PETER (2016), Assistant Professor of Art, ART, B.A., University of Western Ontario; B.A., M.F.A., University of Maryland, Baltimore County

WILLIAM, LISA (2002), Professor of Education, Graduate and Professional Studies in Education, EDBM, B.A., Humboldt State University; M.A., University of San Francisco; Ph.D., University of California, Davis

WILLIAMS, JOHN L. (1986), Professor of Communication Studies, COMS, B.A., M.A., University of the Pacific; Ph.D., Indiana University

WILLIAMS, MARK A.E. (2003), Professor of Communication Studies, COMS, B.A., Oral Roberts University; M.A., Ph.D., Louisiana State University, Baton Rouge

WILLIAMS, EBONY (2016), Assistant Professor of Education, Graduate and Professional Studies in Education, EDC, B.A. UC Davis (2) M.As & PsyD John F. Kennedy University

WILSON, JEFFREY K. (2009), Associate Professor of History; Chair, Department of History, HIST, B.A.,University of California, Davis; M.A., Ph.D., University of Michigan

WILSON, MELINDA D. (2005), Professor of Theatre and Dance; Associate Dean, College of Arts and Letters, THEA, B.A., Vanderbilt University, Nashville, Tennessee; M.A., Ph.D., Northwestern University, Evanston, Illinois

WILSON, MARTHA C. (2004), Professor of Operations Management, BUS, B.S., Ohio State University; M.S., Colorado School of Mines; Ph.D., University of Washington

WISCONS, JOSHUA (2016), Assistant Professor of Mathematics and Statistics, MATH, B.S., M.S., Southern Illinois University, Carbondale; Ph.D. University of Colorado, Boulder

WONG, PIA L. (1995), Professor of Education, Graduate and Professional Studies in Education; Associate Dean, College of Education, EDBM, B.A., M.C.P., University of California, Berkeley; Ph.D., Stanford University
WOODWARD, PATRICIA J. (2003), Assistant Professor of Health Science, KHS, B.A., M.S., California State University, Fresno; Ed.D., University of California, Davis

WRIGHT, MICHAEL T. (2002), Professor of Kinesiology, KHS, B.A., M.A., California State University, Chico; Ph.D., Oregon State University

WRIGHT, T. MICHAEL (2016), Assistant Professor of Biological Sciences, BIO, B.S., M.S., CSU San Marcos; Ph.D. Emory University

WU, BOHSIU (1998), Professor of Sociology; Chair, Department of Sociology, SOC, B.A., Fu-Jen Catholic University; M.A., Ph.D., Bowling Green State University

WYCOFF, SUSAN E. (1997), Professor of Education, Graduate and Professional Studies in Education, EDC, B.A., M.S., California State University, Sacramento; Ph.D., University of New Mexico, Albuquerque

XANDERS, CHARLOTTE C. (1996), Librarian, Head of Technical Services, SP, B.A., University of California, Davis; M.S.L.I.S., Pratt Institute, Brooklyn, NY

XIONG, YAN (2002), Professor of Accountancy, BUS, B.S., Hunan Institute Finance and Economics; M.S., Xiamen University; M.S., Ph.D., Washington State University

YAZDANI, ATOUSA (2015), Assistant Professor of Electrical and Electronic Engineering, EEE, B.Sc. Tehran University; M.Sc., Tehran Polytechnics University; Ph.D., Missouri University of Science and Technology, Rolla

YEN, JULIE W. (1991), Professor of English, ENGL, B.A., National Taiwan University; M.A., Ph.D., Brown University, Rhode Island

YUEN, FRANCIS K.O. (1999), Professor of Social Work, SWRK, M.S.W., The University of Alabama, Tuscaloosa; D.S.W., The University of Alabama, Tuscaloosa

ZABIHIAN, FARSHID (2011), Assistant Professor of Mechanical Engineering, ME, B.S., Amirkabir University of Technology, Tehran, Iran; M.S., Iran University of Science and Technology, Tehran, Iran; Ph.D., Ryerson University, Toronto, Ontario, Canada

ZARGHAMI, MAHYAR (2011), Associate Professor of Electrical and Electronic Engineering, EEE, B.S., K.N. Toosi University of Technology, Tehran, Iran; M.S., Sharif University of Technology, Tehran, Iran; Ph.D., Missouri University of Science and Technology, Rolla

ZARINS, KIM (2009), Associate Professor of English, ENGL, B.A., University of California Los Angeles; M.A., Ph.D., Cornell University;

ZEAHAH, DAVID W. (1999), Professor of Anthropology, ANTH, B.A., University of Alabama, Tuscaloosa; Ph.D., University of Utah, Salt Lake City

ZEIGLER, DAVID (2003), Professor of Mathematics and Statistics; Chair, Department of Mathematics and Statistics, MATH, B.A., University of California, Berkeley; M.S., Ph.D., Texas A&M University

ZHANG, JIN (2008), Associate Professor of Accountancy, BUS, M.S., Ph.D., University of Texas, Dallas

ZHANG, CUJ (1996), Professor of Computer Science; Chair, Department of Computer Science, CSC, B.S., M.S., Ph.D., Nanjing University, China

ZHANG, BIN (2003), Librarian, Digital Information Services Librarian, SP, B.S., Xinjiang Agricultural University; M.L.I.S., University of Hawaii at Manoa

ZHONG, JIANYUAN KATHY (2003), Professor of Mathematics and Statistics, MATH, B.S., Beijing University; M.S., Ph.D., Louisiana State University

ZOU, DONGMEI (2005), Professor of Mechanical Engineering, ME, B.S., M.S., University of Shanghai for Science & Technology; Ph.D., University of Texas at Austin

ZOU, JIAN-ZHONG (JOE) (2000), Librarian, Head of Reference, SP, B.S., Physics, Beijing Normal University, China; M.L.I.S., Dominican University, River Forest, IL.; M.B.A., University of Delaware, Newark

ZOU, YAN (2006), Professor of Economics, ECON, B.A., M.A., Renmin University of China; M.A., Ph.D., University of California, Santa Cruz

ZUCKERMAN, S. DAVID (2003), Professor of Communication Studies, COMS, B.A., California Polytechnic State University, Pomona; M.A., California State University, Los Angeles; Ph.D., University of Oklahoma
FACULTY EMERITI

A

ADAMS, LORNA (1967), Professor of Music Emeritus (1992)
AICHELE, ROBERT E. (1969), Professor of Music Emeritus (1983)
AL-KAZILY, JOAN (1984), Professor of Civil Engineering Emeritus (2002)
ALEXANDER, PRISCILLA (1983), Professor of Social Work Emeritus (1992)
ALLEN, ADINA (1967), Professor of Social Work Emeritus (1986)
ALVAYAY, JAIME R. (1991), Professor of Real Estate and Land Use Affairs Emeritus (2016)
ALVES, ROBERT L. (1957), Professor of Mathematics Emeritus (1992)
AMOS-WAGNER, GWEN (1987), Professor, Department of Design, Graphic Design Program Emeritus
AMUNDSEN, KIRSTEN (1969), Professor of Government Emeritus (1992)
ANDERSON, LEE (1970), Professor of Design Emeritus (2000)
ANDERSON, CLIFFORD E. (1969), Professor of Philosophy, Emeritus
ANDERSON, VALERIE A. (1974), Professor of Environmental Studies Emeritus (2001)
ANDREWS, E. EARL (1956), Professor of Home Economics Emeritus (1979)
ANTALOCY, STEPHANIE (1972), Professor of English Emeritus (2005)
ARCHER, E. JAMES (1975), Professor of Psychology Emeritus (1989)
ARELLANES, ROBERT V. (1970), Professor of Economics and Ethnic Studies Emeritus and Dean of Regional and Continuing Education Emeritus (1997)
ARMSTRONG, TROY L. (1987), Professor of Anthropology Emeritus (2005)
ARNOLD, BRIGHAM A. (1954), Professor of Geography Emeritus (1987)
ASTON, DUANE RALPH (1968), Professor of Physics and Astronomy Emeritus (1997)
AVENDANO, FAUSTO (1973), Professor of Spanish and Portuguese Emeritus (2005)

B

AVERY, WILLIAM E. (1998), Professor of Biological Sciences Emeritus (2018)

BALANTAC, DEANNA D. (1974), Professor of Nursing Emeritus (2000)
BALL, JOYCE (1980), Dean and University Librarian Emeritus (1987)
BALLARD, RUTH E. (1998), Professor of Biological Sciences Emeritus (2016)
BANDY, RABINDRANATH (1985), Professor of Mechanical Engineering Emeritus (2012)
BANKOWSKY, RICHARD J. (1959), Professor of English Emeritus (1997)
BARNES, GENE A. (1967), Professor of Physics and Astronomy Emeritus (1992)
BARNES, CAROLE W. (1964), Professor of Sociology; Director, Institute for Social Research Emeritus (2000)
BARRENA, JUANITA (1975), Professor of Biological Sciences Emeritus (2011)
BARTEE, BARBARA (1956), Professor of Physical Education Emeritus (1992)
BASGALL, MARK E. (1995), Professor of Anthropology; Director, Archaeological Research Center
BATT, FRED (1988), Librarian, Reference Emeritus
BAY, RICHARD J. (1982), Professor of Theatre and Dance (2006)
BEARD, DORIS M. (1961), Professor of Family and Consumer Sciences Emeritus (1999)
BELL, DAVID HARTMAN (1973), Professor of English Emeritus (2005)
BENES, ELINOR S. (1969), Professor of Biological Sciences Emeritus (1988)
BERGQUAM, JAMES BRYAN (1968), Professor of Mechanical Engineering Emeritus (2005)
BIAGI, SHIRLEY A. (1975), Professor of Communication Studies Emeritus (2005)
CHRUDEN, HERBERT J. (1952), Professor of Business Administration Emeritus (1981)

CLAYSON, LOUIS O. (1959), Professor of Music Emeritus (1991)

CLEEK, MARGARET A. (1990), Professor of Organizational Behavior Emeritus (2016)

CLEVENGER, JOHN (1978), Professor of Computer Science Emeritus (2011)

COHAN, PHYLLIS LOUELLYN (1968), Professor of Government Emeritus (1999)

COLEMAN, COLETTE L. (1972), Professor of Speech Pathology and Audiology Emeritus (1999)

COLINGE, CYNTHIA (1992), Professor of Electrical and Electronic Engineering Emeritus (2010)

COMERCHERO, VICTOR (1963), Professor of English Emeritus (1997)

CONLEY, JOHN (1975), Professor of Social Work Emeritus (1997)

CONNOR, JOHN W. (1967), Professor of Anthropology Emeritus (1994)

COOK, ALBERT M. (1970), Professor of Electrical and Electronic Engineering Emeritus (1994)

COOPER, LYNN (1976), Professor of Social Work Emeritus (FERP)

CORLESS, JOHN C. (1984), Professor of Accountancy Emeritus (2009)

CORLEY, SALLIE J. (1980), Professor of Family and Consumer Sciences (2004)

CRABLE, RICHARD (1990), Professor of Communication Studies Emeritus (2000)

CRAIN, JAY B. (1967), Professor of Anthropology Emeritus (2004)

CROSS, JANET (1984), Professor of Education Emeritus

CURRENT, LINDA (1985), Lecturer of Education Emeritus

CURRY, JR., ROBERT L. (1966), Professor of Economics Emeritus (1997)

DA ROZA, EVANGELINA (1981), Professor of Spanish Emeritus (1996)

DABAGHIAN, LEO (1963), Professor of Mechanical Engineering Emeritus (1997)

DALEY, STEVEN E. (1999), Professor of Education Emeritus

DAVAMI, AKBAR (1988), Professor of Health Science

DAVEY, TREVOR B. (1958), Professor of Mechanical Engineering Emeritus (1996)

DAVID, RASKE (1976), Professor of Education Emeritus

DAVIS, FORREST R. (1994), Professor of Education Emeritus

DAVIS, ROGER (1993), Assistant Professor of Criminal Justice Emeritus (2006)

DAWSON, MARY J. (1979), Professor of Nursing Emeritus (1992)

de Haas, STEVEN (1986), Professor of Electrical and Electronic Engineering Emeritus (2010)

DECIOUS, DANIEL R. (1967), Professor of Chemistry Emeritus (2000)

DELISLE, ALBERT L. (1956), Professor of Biological Sciences Emeritus; Curator, Goethe Arboretum (1977)

DEMPSEY, PAUL (1966), Professor of Psychology Emeritus (1992)

DENNIS, HARRY (1970), Professor of Spanish and Portuguese Emeritus (2000)

DEUEL, PETER G. (1956), Professor of Chemistry Emeritus (1985)

DI GIORGIO, JOSEPH B. (1964), Professor of Chemistry Emeritus (2000)

DICKINSON, RICHARD L. (1970), Professor of Business Administration; Executive Director, The California State University Real Estate and Land Use Institute Emeritus (2000)

DICKSON, M. ELAINE (1966), Professor of Human Environmental Sciences Emeritus (1995)

DOKIMOS, ELIZABETH (1972), Professor of Speech Pathology and Audiology Emeritus (2000)

DONALDSON, ROBERT C. (1957), Professor of History Emeritus (1986)

DONATH, JACKIE R. (1991), Professor of Humanities and Religious Studies Emeritus (2016)

DOOLITTLE, JOHN H. (1966), Professor of Psychology Emeritus (2001)

DORMAN, WILLIAM (1967), Professor of Government Emeritus (2002)

DORN, DEAN S. (1965), Professor of Sociology Emeritus (1999)

DORN, DEAN S. (1965), Professor of Sociology Emeritus (1999)

DOOOLITTLE, JOHN H. (1966), Professor of Psychology Emeritus (2001)

DORMAN, WILLIAM (1967), Professor of Government Emeritus (2002)

DORN, DEAN S. (1965), Professor of Sociology Emeritus (1999)

DRAPER, ROY D. (1964), Professor of Chemistry Emeritus (1992)

DRUMMONT, BRUCE (1969), Professor of Kinesiology Emeritus (2001)

DUBRAY, WYNNE (1990), Professor of Social Work Emeritus (2002)

DUKES, R.N., MARTHA (1964), Professor of Nursing Emeritus (1996)
DUNSTAN, ANGUS (1989), Professor of English Emeritus

E
EBRAHIMZADEH, ELIZABETH S. (1984), Professor of Mathematics and Statistics Emeritus
ECKLUND, KATHRYN (2006), Assistant Professor of Education Emeritus
EDEN, CHARLES K. (1976), Professor of Criminal Justice Emeritus (2000)
EGAN, JOHN C. (1957), Professor of Journalism Emeritus (1983)
ELFENBAUM, LOUIS (1970), Professor of Kinesiology Emeritus (2003)
ESQUERRA, ROLAND F. (1972), Professor of Mathematics and Statistics Emeritus (2010)
ESTENSON, JERRY D. (1997), Professor of Organizational Behavior Emeritus (2014)
ETTER, ROBERT (1982), Professor of Mathematics and Statistics Emeritus (2010)
EWING, NICHOLAS N. (1994), Professor of Biological Sciences Emeritus (2017)

F
FALZONE, PAUL R. (1971), Professor of Criminal Justice Emeritus (2001)
FARIA, IRVIN E. (1958), Professor of Kinesiology and Health Science Emeritus (1999)
FARRAND, SCOTT (1981), Professor of Mathematics and Statistics Emeritus
FIGLER, STEPHEN F. (1974), Professor of Physical Education Emeritus (1994)
FITZGERALD, MICHAEL J. (1986), Professor of Communication Studies Emeritus (2007)
FITZWATER, MICHAEL D. (1972), Professor of Geography Emeritus (2003)
FLORES, DORIS E. (1976), Professor of Kinesiology Emeritus (2018)
FORKEY, DAVID M. (1969), Professor of Chemistry Emeritus (2001)
FOX, SYLVIA (1990), Professor of Communication Studies Emeritus (2007)
FREUND, DWIGHT (1983), Professor of Computer Science Emeritus (2004)
FRINCKE, GERALD L. (1964), Professor of Psychology Emeritus (2000)
FROST, STANLEY P. (1975), Social Science Reference Librarian Emeritus (2005)
FUOSS, DONALD E. (1971), Professor of Physical Education Emeritus (1988)
FURUKAWA, FRED (1969), Professor of Health and Physical Education Emeritus (1997)

G
GAL, EMMANUEL (1967), Professor of Social Work Emeritus (1998)
GARDNER, PAULA (1995), Professor of Education Emeritus

MEYERS, MARTIN (1984), Lecturer Emeritus (2005)
MILCHRIST, PAMELA (1973), Professor of Kinesiology Emeritus (2000)
MITCHELL, WILLIAM J. (1984), Professor of Computer Science Emeritus (2010)
MOMENT, JOAN V. (1972), Professor of Art Emeritus (2002)
MOORE, CHARLES A. (1968), Professor of English Emeritus (1998)
MOORE, KATHLEEN C. (1996), Professor of Spanish Emeritus (2009)
MOORE, JOEL K. (1979), Professor of Civil Engineering Emeritus (2003)
MORSE, JOHN THOMAS (1968), Professor of Biological Sciences Emeritus (1995)
MOSER, CHARLES R. (1966), Professor of Biological Sciences Emeritus (2000)
MOULDS, ELIZABETH F. (1972), Professor of Public Policy and Administration Emeritus (2003)
MULLER, WAYNE CLINTON (1968), Professor of Government Emeritus (1994)
MULLIN, MICHAEL (1970), Professor of History Emeritus (1995)

N

NDLELA, ZOLILI (1991), Associate Professor of Physics and Astronomy
NEIDE, JOAN (1991), Professor of Kinesiology Emeritus (2001)
NELSON, CHARLES G. (1965), Professor of Electrical and Electronic Engineering Emeritus (1998)
NELSON, ROBYN M. (1973), Professor of Nursing Emeritus (2007)
NEUMAN, WILLIAM R. (1962), Professor of Civil Engineering Emeritus (1997)

NEWCOMB, CHARLES P. (1969), Professor of Physics Emeritus (2001)

NICKLES, RICHARD A. (1975), Professor of Civil Engineering Emeritus (1990)

NICOLA, JO-ANN (1973), Professor of Family and Consumer Sciences Emeritus (2000)

NOBLE, PAUL (1970), Professor of Chemistry; Associate Vice President for Academic Affairs, Planning and Resources Emeritus (2006)

NYE, VIRGINIA (1962), Professor of Music Emeritus (1991)

O’CONNOR, BARBARA (1972), Professor of Communication Studies Emeritus (2005)

O’LEARY, MARION H. (1996), Professor of Chemistry; Dean, College of Natural Sciences and Mathematics Emeritus

OGDEN, JACK F. (1965), Professor of Art Emeritus (1999)

OLSON, CRYSTAL (2002), Associate Professor of Education Emeritus

OREY, DANIEL C. (1987), Professor of Education Emeritus

ORSINI, JOSEPH L. (1983), Professor of Marketing Emeritus (2001)

OSBORN, PHILLIP WALLACE (1968), Professor of Mechanical Engineering Emeritus (1982)

OSTERTAG, BRUCE (1981), Professor of Education Emeritus

OWEN, BILL (1990), Professor of Communication Studies Emeritus

PALMER, LINDA (1983), Professor of English Emeritus (2002)

PANNETON, JOHN (2006), Assistant Professor of Criminal Justice Emeritus (2011)

PARKER, CLYDE D. (1949), Professor of Journalism Emeritus (1974)

PARKER, BRIAN P. (1973), Professor of Criminal Justice Emeritus (1988)

PARROTT, GEORGE L. (1969), Professor of Psychology Emeritus (2007)

PARTOVI, M. HOSSEIN (1983), Professor of Physics and Astronomy Emeritus (2011)

PATRICIA J., KEARY (1988), Professor of Education Emeritus

PEEK, RONALD WILLIAM (1968), Professor of Kinesiology Emeritus (2004)

PERFLER, OLAF K. (1967), Professor of German Emeritus (2000)

PFEIFER, JEANNE E. (1985), Professor of Education Emeritus

PHelps, JAMES O. (1982), Professor of Physics and Astronomy

PITTMAN, DEBORAH (1991), Professor of Music Emeritus (2008)

PLATZNER, ROBERT L. (1970), Professor of Humanities and Religious Studies Emeritus (2001)

PLETCHER, DALE D. (1975), Professor of Finance (2004)

POLAND, JAMES M. (1975), Professor of Criminal Justice Emeritus (2000)

POLASTRI, RICCARDO P. (1981), Associate Professor of Management Emeritus (1988)

POST, JAMES L. (1968), Professor of Civil Engineering Emeritus (1992)

POTTER, ROLLIN R. (1990), Professor of Music Emeritus (2004)

PRICE, JONATHAN LEE (1968), Professor of English Emeritus (2005)

PRICE, NORMA LEE (1969), Professor of Physical Education Emeritus (1991)

PRITCHARD, ROBERT (2001), Professor of Education Emeritus

PYNE, THOMAS F. (1984), Professor of Philosophy Emeritus
QUADE, ANE M. (1989), Associate Professor of Economics Emeritus (2001)
RADIMSKY, ANNE-LOUISE (1979), Professor of Computer Science Emeritus (2008)
RAINGRUBER, BONNIE (1991), Professor of Nursing Emeritus (2018)
RALPH, KATHRYN (1967), Professor of Psychology Emeritus (1986)
REARDON, FREDERICK H. (1966), Professor of Mechanical Engineering Emeritus (2001)
REESE, ROBIN (1981), Professor of Kinesiology Emeritus (2006)
REIHMAN, MARY ANN (1977), Professor of Biological Sciences Emeritus (2007)
RENDON, ANDRES (1970), Professor of Sociology and Ethnic Studies Emeritus (2001)
RENDON, ANDRES (1970), Professor of Sociology and Ethnic Studies Emeritus (2001)
REVELEY, BETTY R. (1965), Professor of English Emeritus (1991)
RICE, JUANITA J. (1985), Professor of Theatre and Dance Emeritus (2001)
RICHARDS-EKEH, KAYLENE A. (1989), Associate Professor of Criminal Justice Emeritus (2011)
RIEGEL, MICHAEL B. (1976), Professor of Art Emeritus (2005)
RIOS, JR., SAM (1972), Professor of Anthropology and Ethnic Studies Emeritus (2002)
RIPPPON, RUTH M. (1957), Professor of Art Emeritus (1987)
ROGERS, MARTIN (1968), Professor of Psychology Emeritus (2002)
ROLOFF, HARVEY J. (1956), Professor of Physical Education Emeritus (1983)
ROMBOLD, CHARLES C. (1968), Professor of Recreation and Leisure Studies Emeritus (1991)
RONAYNE, BETTY (1991), Librarian, Reference Emeritus
ROSCEO, ADA (1976), Professor of Spanish Emeritus (1995)
ROSSER, ELLEN (1966), Professor of English Emeritus (1986)
RUIZ, NADEEN (1992), Professor of Education Emeritus
RUSHKIN, WALLACE (1967), Professor of Music Emeritus (1992)
RUSSELL, JOSEPH L. (1972), Professor of Criminal Justice Emeritus (2000)
S
SAMANTRAI, KRISHNA (1987), Professor of Social Work Emeritus (1997)
SANDMAN, THOMAS E. (1990), Professor of Management Information Systems Emeritus (2014)
SANTANA, MARIELA (1998), Associate Professor of Spanish Emeritus
SANTANA, JORGE A. (1972), Professor of Spanish Emeritus (2006)
SANTORA, RONALD A. (1972), Professor of English Emeritus (2005)
SATO, EDWARD H. (1964), Professor of Recreation and Leisure Studies Emeritus (1983)
SCARBOROUGH, KAREN L. (1973), Professor of Kinesiology Emeritus (2000)
SCHAEUBLE, JOHN LOWELL (1968), Professor of Psychology Emeritus (2006)
SCHAFFER, BURTON F. (1975), Professor of Finance Emeritus (2002)
SCHREEL, DANIEL CURTIS (1969), Professor of Economics Emeritus (2001)
SCHMITZ, DENNIS M. (1966), Professor of English Emeritus (1997)
SCHOLL, DALE (1977), Professor of Theatre and Dance Emeritus (2004)
SERI, ARMAND (1964), Professor of Mathematics and Statistics Emeritus (1996)
SERRANO, ESTELA S. (1964), Professor of Spanish and Ethnic Studies Emeritus (2000)
SHABAN, JANET (1970), Professor of Psychology Emeritus (1998)
STRADLEY, LYNN (1977), Professor of Music Emeritus (2007)
STRASSER, M. ELIZABETH (1990), Professor of Anthropology Emeritus (2017)
SU, HON-HSIEH (1967), Professor of Civil Engineering Emeritus (1997)
SUDER, HAZEL B. (1973), Professor of Home Economics Emeritus (1983)
SUMMERS, WORTH C. (1967), Professor of Sociology Emeritus (1995)
SUMMERS, WORTH C. (1967), Professor of Sociology Emeritus (1995)
SUZUKI, JAMES (1976), Professor of Art Emeritus (1999)
SWEET, ROXANNA (1973), Professor of Criminal Justice Emeritus (1992)
SWENSON, SIGURD M. (1952), Librarian Emeritus (1977)
SWISHER, WORDENA (1949), Librarian Emeritus (1973)
SYER, JOHN (1983), Professor of Government Emeritus (2001)

T
TAIT, CHARLES W. (1972), Professor of Management Emeritus (1984)
THAYER, RICHARD H. (1980), Professor of Computer Science Emeritus (2001)
THEODORATUS, DOROTHEA J. (1967), Professor of Anthropology Emeritus (1994)
TIMMER, LOUISE F. (1976), Professor of Nursing Emeritus (2005)
TJOELKER, C. HENRY (1965), Professor of Mathematics Emeritus (1991)
TOBEY, JERRY L. (1965), Professor of History Emeritus (1998)
TOM, GAIL K. (1978), Professor of Marketing Emeritus (2006)
TOOL, MARCUS R. (1955), Professor of Economics Emeritus (1983)
TOOTELIAN, DENNIS H. (1973), Professor of Marketing; Emeritus (2010)
TRAINER, JILL, Professor of Biological Sciences Emeritus (2017)
TRAPP, GENE R. (1970), Professor of Biological Sciences Emeritus (2001)
TROKA, WLADYSLAW (1967), Professor of Physics Emeritus (1991)
TRUJILLO, TAMARA (1988), Collection Development Librarian, Reference Emeritus
TUCKER, STEPHANIE (1986), Professor of English Emeritus (2005)
TURNER, CAROLINE S. (2009), Professor of Education Emeritus
TURNER, MARY ANN (1965), Professor of Physical Education Emeritus (1995)
TURRILL, CATHERINE L. (1995), Professor of Art Emeritus (2016)
TZAKIRI, ROBERT JEAN-PIERRE (1973), Professor of French Emeritus (1998)

URONE, PAUL PETER (1973), Professor of Physics and Astronomy Emeritus (2005)

VAIL, ROGER W. (1972), Professor of Art Emeritus (2006)
VAN AUKER, ROSALIND (1980), Librarian, Reference Emeritus
VAN DE LINDT, WILLIAM (1982), Professor of Electrical and Electronic Engineering Emeritus (1990)
VANCOUWENBERGHE, CAROLYN (1983), Professor of Nursing FERP (2011)
VANDENBERGE, PETER (1973), Professor of Art Emeritus (1998)
VANICEK, C. DAVID (1967), Professor of Biological Sciences Emeritus (2000)
VENEZIA, PETER S. (1975), Professor of Criminal Justice Emeritus (1996)
VILLA, ESTEBAN (1969), Professor of Art Emeritus (1994)
VINES, ROSE LEIGH (1979), Professor of Biological Sciences Emeritus (2011)
VIZZARD, WILLIAM J. (1996), Professor of Criminal Justice Emeritus (2011)
VON DEN STEINEN, KARL (1968), Professor of History Emeritus (2002)

WADE, ALAN D. (1967), Professor of Social Work Emeritus (1992)
WAGNER, DAVID L. (1975), Professor of Communication Studies; Vice President for Human Resources Emeritus
WALBURG, GERALD S. (1968), Professor of Art Emeritus (2000)
WANG, CHIANG (1984), Professor of Decision Sciences Emeritus (2007)

WANG, RUTH (1984), Professor of Decision Sciences Emeritus (2009)
WANLASS, SUSAN (1985), Professor of English Emeritus (2015)
WARE, JELINE H. (1977), Professor of Family and Consumer Sciences Emeritus (1998)
WARNER, DON (1978), Professor of Computer Science Emeritus (2004)
WASTE, ROBERT (1997), Professor of Public Policy and Administration Emeritus (2006)
WATSON, ANNITA B. (1970), Professor of Nursing Emeritus (2002)
WEBB, DONALD P. (1975), Professor of French Emeritus (1995)
WEISS, MELFORD S. (1967), Professor of Anthropology Emeritus (2001)
WELDY, ANN T. (1974), Professor of English and Associate Dean Emeritus, College of Arts and Letters (1997)
WESPIESER, HOWARD F. (1965), Professor of Social Work Emeritus (1980)
WHEEGER, GREGORY (1978), Professor of Geology Emeritus (1992)
WHITE, MALCOLM A. (1969), Professor of Marketing Emeritus (1992)
WINDESHAUSEN, N. NICHOLAS (1962), Professor of Management Emeritus (1986)
WINKLER, MARIA (1977), Professor of Art Emeritus (2005)
WOOD, JR., CLIFFORD P. (1968), Librarian, Humanities Reference Emeritus (2001)
WORK, MURRAY S. (1963), Professor of Psychology Emeritus (1995)
WRIGHT, ANGUS (1972), Professor of Environmental Studies Emeritus (2000)
WUNDER, HAROLDENE (1993), Professor of Accountancy Emeritus (2015)

YAMANAKA, TOHRU (1964), Professor of Economics and Ethnic Studies Emeritus; Associate Dean of Arts & Letters Emeritus (1989)

ZHOU, KECHENG (1990), Professor of Mathematics and Statistics Emeritus
ZHOU, TONG (1988), Professor of Mechanical Engineering Emeritus (2005)
