College of Arts and Letters

Minor suspended through 2014 Program Description

A knowledge of Russian has grown in importance in the years following the breakup of the Soviet Union, and the Russian language program prepares students to be first-hand observers as the new Russia moves into the 21st century.

*You cannot understand Russia with your mind-
You can only believe in it.*
—Fyodor Tyutchev

The Russian language program has two phases. Phase I, RUSS 1A through RUSS 2B, is designed to provide an intermediate, practical command of spoken and written Russian and to introduce the most obvious differences between the Russian and U.S. culture. Upon completion of RUSS 2B, students are able to converse at an elementary to intermediate level and to read Russian language newspapers, magazines, and simple short stories with the aid of a dictionary.

Phase II of the Russian language program, at least six upper division units, is designed to provide advanced speaking, writing, reading, translating, and grammar practice for Russian minors.

Special Feature

The Sacramento State Office of International Programs administers a one-to-one student exchange with Moscow Linguistics University (MLU). Sacramento State students may apply for a semester or year program at MLU. Credits earned at MLU may be applied either to the Sacramento State Russian minor or, in certain instances, to special majors. Students must successfully complete at least one year of college level Russian language study before applying for the exchange.
