

BFA IN GRAPHIC DESIGN

Units required for major: 78

Minimum units required for BFA: 121

Program Description

The Bachelor of Fine Arts in Graphic Design has been developed to prepare students for professional practice and/or preparation for admission to graduate level study.

The course of study is a layered exploration that starts with fundamental principles of visual communication paired with an intensive introduction to the creative process. Exposure to multiple facets of two and three-dimensional design opens up the students' ability to engage in interdisciplinary work. Each successive layer builds in complexity to encompass technical, conceptual, and research challenges that run concurrently with a series of classes devoted to professional practice. Historical perspective and ethical concerns are addressed throughout the curriculum. A series of curated electives provide an additional conduit for students to explore possible interdisciplinary connections in their future design practice. The programs goal is to provide the community with a comprehensive visual problem solver that has a strong aesthetic ability coupled with a clear understanding of the strategic and conceptual challenges facing them in practice.

Admission Requirements

The Graphic Design program at Sacramento State is one of the most highly sought-after programs in Northern California. Due to the large number of applicants, the program is officially impacted and enrollment in upper division coursework is subject to a supplemental application.

The application for admission includes completion of a specific set of required lower division prerequisites and submission of a portfolio. Portfolio specifications and application procedures are available on the Department of Design website (<http://csus.edu/design/>). It is highly recommended that interested students speak with a Graphic Design advisor as soon as possible.
