

MS IN ACCOUNTANCY

Total units required for MS/ACCY: 30

Program Description

The **MS/ACCY** program is offered through collaboration between the College of Business Administration and the College of Continuing Education. The degree is offered by the College of Business Administration and administered through the College of Continuing Education.

The **MS/ACCY** program was developed in response to new developments in the accounting and business worlds. Increasingly, accountants who hold undergraduate degrees in accounting seek advanced degrees as the complexity of the accounting field increases. Accounting professionals are involved with an ever-widening range of careers including public accounting, corporate accounting, income tax accounting, not-for-profit accounting, and government accounting. Significant changes in the regulatory climate, including the Sarbanes-Oxley Act, have increased the need for graduate level education. One result is a heightened interest in forensic accounting, fraud detection, and information system security. The 150 credit-hour education requirement established by the American Institute of Certified Public Accountants (AICPA) also has significantly increased the demand for graduate education in accounting. The MS/ACCY program helps to qualify students to sit for professional accounting examinations that lead to credentials such as the CPA (Certified Public Accountant) and the CMA (Certified Management Accountant) designations. The MS/ACCY program uses an online platform to deliver a completely web-based degree. The MS/ACCY courses are only available through the College of Continuing Education

Admission Requirements

For students who have taken the GMAT, the five Admission Criteria are as follows:

1. Index #1 of 1050 or Index #2 of 1100 (see description below) AND
2. Minimum Total GMAT score of 500 AND
3. Minimum GMAT Quantitative percentile of 30 AND
4. Minimum GMAT Verbal percentile of 30 AND
5. Minimum 2.5 overall undergraduate GPA.

Index #1 - (index = (GPA x 200) + GMAT score). An index of 1050 is required using the overall undergraduate GPA.

For students who have not taken the GMAT, the Admission Criteria are as follows:

If the applicant has passed all four parts of the Certified Public Accountant examination but has not taken the GMAT, then a 500 GMAT score will be used to calculate admission indices #1 and #2. If the applicant has taken the LSAT but has not taken the GMAT, then the LSAT equivalent GMAT score will be used to calculate the admission indices #1 and #2. Actual GMAT scores take precedence over imputed GMAT

scores as admission criteria for the CBA graduate business programs. LSAT minimum score of 150.
