Program Description

The College of Business Administration (CBA) offers a broad professional education in Business. The Bachelor of Science program offers students a choice of 9 concentrations by which they may focus their goals. Additionally, the CBA’s Business Honors program provides an alternative path to its most capable students to prepare them for management opportunities. All students must choose a concentration to complete their requirements for the baccalaureate degree. Students who are uncertain about which concentration to choose are encouraged to select the General Management concentration, as it is the most comprehensive. The structure of the General Management concentration also provides an overlap with the other concentrations, thus making changes in focus possible. For example, students may elect dual concentrations such as General Management and Management of Human Resources and Organizational Behavior. For information about program options, please visit our website at: Undergraduate Programs | Sacramento State (csus.edu) (https://www.csus.edu/college/business-administration/undergraduate/).

The College also offers Minors in Business Administration, Management of Human Resources and Organizational Behavior, Marketing, Real Estate and Land Use Affairs, and Risk Management and Insurance. A Minor in Business Administration is valuable to the student majoring in another area who wishes to supplement his/her knowledge with a business background.

FIN 19. Real Estate Principles. 3 Units
Term Typically Offered: Fall, Spring
Examination of real estate principles and practices necessary for the acquisition, financing, management, and disposition of real estate. Incidents of ownership, the brokerage business, state regulation and transactional ethics are emphasized. Note: This course is required by the California Department of Real Estate prior to taking the real estate salesperson's examination.

FIN 101. Business Finance. 3 Units
Term Typically Offered: Fall, Spring
Study of principles of finance and their application to typical financial problems of business enterprises. Special emphasis on financial analysis, management of working capital, cost of capital, capital budgeting, long-term financing, dividend policy, and internal financing.

FIN 134. Financial Management. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring
Trends in the development of financial policy are analyzed and reports on specific aspects are presented in class. The student is placed in the position of the financial manager who must make decisions and implement them.

FIN 135. Investments. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring
Significant characteristics of numerous types of investments; securities markets and financial institutions; principles of investment analysis; investment management.

FIN 136. Modern Portfolio Management. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring
Asset management utilizing the major aspects of modern portfolio theory, portfolio construction and selection, portfolio performance evaluation, capital asset pricing models, and recent theoretical developments in asset pricing behavior.

FIN 137. Financial Institutions and Markets. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring
Designed to broaden understanding of the financial system to include the network of institutions which bring into existence the increasingly important substitutes for money in the traditional sense. Emphasis is given to flow of funds analysis within the context of emerging financial theories.

FIN 138. Principles of Risk Management and Insurance. 3 Units
Prerequisite(s): Must be a business major (any concentration) or Health Science major (Occupational Health & Safety concentration) or Real Estate & Land Use Affairs minor or a Risk Mgmt & Insurance minor
Term Typically Offered: Fall, Spring
Study of the concept of pure risk and its implications for decision making. Provides business students the basics of risk theory and its application to risk management or insurance purchasing using a personal consumer’s viewpoint. Practical personalized examples and cases will be used to illustrate risk decision making, primarily on a personal basis, but also in selected business decisions. Topics include risk theory, social insurance, life insurance, pensions, medical coverage, workers’ compensation, property insurances, and liability insurances. Ideal as a supplement to any business major, especially those making risk management or insuring decisions, including insurance company personnel, investment counselors, financial managers, real estate majors, employee benefits/personnel specialists, pre-law, and Occupational Health & Safety.

FIN 139. Business Property and Liability Insurance. 3 Units
Prerequisite(s): FIN 138 or instructor permission.
Term Typically Offered: Fall, Spring
Concentrated and analytical approach to the study of property and liability loss exposures for the business enterprise. While the emphasis is on the different types of business insurance coverage’s, a risk management approach and examples are used. Topics include business property insurances; liability, especially workers’ compensation; the SMP and CGL contracts; business auto, crime coverage’s; bonds; transportation insurance; consequential coverage’s; and capacity and other related marketplace problems. Case studies and problems, as well as a computer analysis are used. The course is an excellent supplement for insurance, finance, real estate and pre-law majors, small business owners, and anyone who will be making business financial decisions, or providing insurance products in the insurance industry. Successfully completing FIN 138 and 139 substitutes for the one-year experience requirement for those interested in taking the Insurance Broker’s Licensing Exam.
Finitely and analytical examination of the employee benefit planning environment and its risk exposures. Using a risk management approach, the topical areas studied include mandatory programs, especially OASDHI and ERISA; health care; group life and disability; retirement income and capital accumulation plans; paid time off; family-centered benefits; flexible benefits and cafeteria plans; and benefit cost information. Case studies and extensive contact with the business community as well as team projects are required. This is an important class for specialists in human resources management, especially personnel, pre-law, and health care or those who will be providing insurance products to fulfill employment benefit needs.

FIN 141. Managerial Real Estate Law. 3 Units
Prerequisite(s): FIN 19
Term Typically Offered: Fall, Spring
Examination of the decision making process in land utilization transactions relative to the minimization of risks of legal confrontation. Traditional conflicts underlying real estate transactions are examined and principles of preventive law are derived. The management of litigation and transaction attorneys is considered. Court remedies that are pertinent to land utilization transactions are analyzed and compared to nonjudicial alternatives.

FIN 142. Real Estate Finance. 3 Units
Prerequisite(s): FIN 19 or ACCY 121 or FIN 101 or ENGR 140; business majors only
Term Typically Offered: Fall, Spring
Examination of the mechanisms of real estate finance, sources of funds, loan contracts, principles of mortgage risk analysis, and the role of group equity investment. The evolution of secondary mortgage markets, government policy, and market interference will be investigated from a risk management standpoint.

FIN 143. Real Estate Investment. 3 Units
Prerequisite(s): FIN 19 or ACCY 121 or FIN 101 or ENGR 140; business majors only
Term Typically Offered: Fall, Spring
Analyzes non-financial and financial factors influencing investment decision making in income producing property. Topics include: location and its linkages; methods of estimating demand for real estate; methods for evaluating competing supply; use of market analysis in decision making; development of cash flow statements, alternative investment criteria, risk, legal, financing, and tax analysis, operating, financing investment and reversion decisions.

FIN 144. Real Estate Market Analysis. 3 Units
Prerequisite(s): FIN 19 or FIN 101; must be BSBA major or RELU minor
Term Typically Offered: Fall, Spring
Introduction to real estate markets, economic analysis of property markets, and impact of local governments on real estate markets. Topics include space and asset markets; location, land use and competitive bidding; land markets, housing markets, and site selection; economic growth and real estate markets, office, retail, and industrial markets; impact of local governments on real estate markets; tools of market analysis, computer applications and geographic information systems.

FIN 145. Real Estate Development and Land Use. 3 Units
Prerequisite(s): FIN 19 or FIN 101; must be BSBA major or RELU minor
Term Typically Offered: Fall, Spring
Process of real estate development and the federal and state laws that regulate development. Topics may include creating industrial real estate, office space, shopping centers, and hotel/recreation facilities, strategy, market and feasibility analysis, site planning/design; capital cost analysis; construction; financial structuring; federal and state laws that regulate environment impact; land use and real estate development. Emphasis on case studies and a project analysis.

FIN 149. Current Topics in Real Estate. 3 Units
Prerequisite(s): FIN 19 or FIN 101; must be BSBA major or RELU minor
Term Typically Offered: Fall, Spring
Examines contemporary and emerging issues in real estate trends, space and asset market equilibrium, land use controls and regulation, market analysis, mortgage markets, property markets, real estate cycles, real estate development, real estate finance and investments, real estate securities, and/or real estate taxation. Use of computer software and applications are emphasized to understand real estate analytics and geographic information systems applications to real estate data.

FIN 150. Capstone in Professional Financial Planning. 3 Units
Prerequisite(s): ACCY 171, FIN 135, FIN 136, FIN 138 and FIN 140; FIN 136 and/or FIN 140 may be taken concurrently.
Term Typically Offered: Spring only
This course will engage the student in critical thinking and decision-making about personal financial management topics in the context of the financial planning process. The purpose of this course is to refine and develop skills needed for personal financial planners when working with individuals, families, and business owners in meeting financial needs and objectives.

FIN 160. Student Investment Fund Management. 3 Units
Prerequisite(s): FIN 135 with a final posted grade of B- or higher; must be in BSBA major or minor
Term Typically Offered: Fall, Spring
Students will manage a real investment portfolio by applying theories of investment analysis and portfolio management. Topics include economic analysis, valuation theories, risk measurement and management, performance measurement, and benchmarking.

FIN 190. Multinational Business Finance. 3 Units
Prerequisite(s): FIN 101 or instructor permission. Prior additional course in finance or international business recommended but not required.
Term Typically Offered: Fall, Spring
Principles of international financial management. Topics covered include the international environment of financial management, uses of foreign exchange spot, forward, futures, options, and swap markets, foreign exchange risk management, international investment and financing decisions.
FIN 194. Cooperative Education Experiences in Real Estate. 6 - 12 Units

Prerequisite(s): FIN 19, FIN 142 and a minimum overall GPA of 2.5; Business major only

Term Typically Offered: Fall, Spring

In-depth supervised work experience in Real Estate and Land Use Affairs. This supervised work experience allows the student to become familiar with the practices of the real estate industry and/or governmental agencies.

Note: Open to all upper division students subject to permission. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Credit/No Credit

FIN 195. Internship in Finance. 3 Units

Prerequisite(s): Minimum Sacramento State GPA of 2.5

Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to upper division students, subject to permission of the Finance Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.

Credit/No Credit

FIN 195A. Internship in Real Estate and Land Use Affairs. 3 - 6 Units

Prerequisite(s): FIN 19 and FIN 142. Minimum Sacramento State GPA of 2.5 required; open to declared business administration majors only

Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies. Open to upper division students, subject to permission. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.

Credit/No Credit
