

MS IN COUNSELING (SCHOOL COUNSELING WITH EMBEDDED PPS CREDENTIAL)

Total units required for MS: 60

Program Description

The 60-unit Master of Science in Counseling prepares professional counselors for employment in a variety of settings such as public and private agencies, universities and colleges, schools and private practice. This degree meets the educational requirements for becoming a Licensed Marriage and Family Therapist (LMFT) and/or a Licensed Professional Clinical Counselor (LPCC) in the State of California. The 59-unit Pupil Personnel Services, School Counseling Credential prepares professional counselors to work within the K-12 educational system.

The programs are clinically oriented, with didactic and experiential courses, a 100-hour clinical practicum, and 600 hours of field experience. The program is a full time three-year program and students will take between 9-12 units each fall and spring to complete within the three years. Students are admitted into a cohort and will follow the course sequence designated by their program concentration. The cohort model allows students to advance together throughout their education while building support and connections within their peer group. Students are encouraged to advance their advocacy and professional experiences through such activities as participation in professional organizations, research, and presentations at the local, state, regional, and national level; involvement in the CSUS Multicultural Conference; (<https://www.csus.edu/college/education/engagement/multicultural-education-conference.html>)and/or involvement in the Counselor Education Student Counseling Society. Both leadership and research opportunities are supported through faculty mentorship. The curricular experience is organized around core foundation courses, an intensive on-campus practicum training clinic experience, interpersonal growth experiences, advanced theory and practice courses, and a culminating field study placement.

School Counseling Concentration

- The School Counseling Concentration is designed for individuals who seek to become elementary, middle, or secondary school counselors. This program meets the requirements for the K-12 California Pupil Personnel Services Credential, School Counseling (PPS-SC). Students in this program are prepared to function as key members of an educational team seeking to optimize children's academic, socio-emotional, and career development. Students obtain the expertise necessary to lead the educational team in working collaboratively with a broad range of education and human service professionals, paraprofessionals, and community representatives to identify, develop, implement, and evaluate programs that provide key services to both the individual child as well as the systems and subsystems in which the child interacts.
- Commission on Teacher Credentialing (CCTC) requires 600 hours of field study, therefore the School Counseling students will complete a 60 unit program.
- The School Counseling Concentration is also designed to provide students with all the educational competencies required by the California State Board of Behavioral Sciences (BBS) for licensure as a Licensed Professional Clinical Counselor (LPCC). The program is

CACREP aligned which supports LPCC eligibility and meets most out of state standards for students wishing to move states where CACREP is required.

Students in the School Counseling Concentration who intend to be employed in California will need to obtain the Pupil Personnel Services Credential, School Counseling (PPS-SC).

Note: Only students who are already enrolled in the School Counseling concentration at California State University, Sacramento may apply to the Pupil Personnel Services School Counseling Internship Credential Program (<http://catalog.csus.edu/colleges/education/graduate-professional-studies-education/pupil-personnel-services-school-counseling-internship-credential/>). This credential is embedded within the master's degree, School Counseling concentration.

The Career Counseling; Marriage, Couple, and Family Counseling; and School Counseling concentrations at Sacramento State are applying for national accreditation by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). The Rehabilitation Counseling specialization is nationally accredited by CACREP through October 31, 2021.

Note: For additional information on credentials, see the "College of Education" section of this catalog.
