

EDUCATION SPECIALIST: MILD/MODERATE SUPPORT NEEDS CREDENTIAL

Program Description

The Education Specialist: Mild/Moderate Support Needs (MMSN) Credential is based on teacher candidates becoming leaders for systems change, committed to inclusive practices, social justice, advocacy, collaboration, and evidence-based practices with a focus on reflection during the teaching and research process.

The MMSN Credential authorizes the holder to provide educational services to students with support needs in Grades K-12, and up to the age of 21. This credential embeds the English Learner Authorization (ELA) and Autism Spectrum Disorder (ASD) Authorization, which prepares candidates to work with second language learners and students with autism spectrum disorder, respectively. Additionally, teacher candidates may choose to apply to be an intern during the course of their program.

The MMSN Teaching Credential provides candidates with focused, rigorous coursework and structured, supervised field experiences throughout the program. Candidates acquire the knowledge, skills, and dispositions that will equip them to work within the continuum of service delivery models, including resource specialist setting, special day classrooms, inclusive general education classrooms, charter schools, and non-public school sites.

The collaborative relationship with school districts provides our program the opportunity to place candidates completing their fieldwork in different classroom settings, with various grade/age levels, allowing the candidates multiple opportunities to work with all students including culturally and linguistically diverse students with a wide range of abilities and challenges.

Bilingual Authorization (BA)

The BA is a specialized authorization that authorizes the credential holder to provide instruction in the primary language to candidates with limited English proficiency. This option is available concurrently for all program candidates with oral and written fluency as well as cultural/historical knowledge of the target group (currently approved languages include Spanish or Hmong; other languages are in the process of being approved). Candidates can complete additional requirements to add the Bilingual Authorization in Spanish or Hmong. For additional information on the BA option, contact the College of Education Equity Coordinator (<https://www.csus.edu/college/education/student-support/equity-office.html>) (<https://www.csus.edu/college/education/student-support/equity-office.html>) (<https://www.csus.edu/college/education/student-support/equity-office.html>) (<https://www.csus.edu/college/education/student-support/equity-office.html>) for an advising appointment to review your transcripts.

At successful completion of all program requirements, the candidate can be recommended to the Commission on Teacher Credentialing for the Credential.

The California Commission on Teacher Credentialing (CTC) establishes admissions requirements for all preliminary teaching credential programs and the CSU Chancellor's Office further specifies admissions requirements. The requirements listed below are subject to change,

based on actions of these two governing bodies. Interested applicants are encouraged to contact the Academic and Program Services Office in Eureka Hall 401, (916) 278-6639, an advisor in the Student Success Center, or the program website for the most current admissions requirements.

Additional Information

Certificate of Clearance (COC/Fingerprint Clearance)

All applicants must submit verification of having been issued a security clearance by the Commission on Teacher Credentialing (CTC) before they will be allowed to officially start the credential program.

EXCEPTION – it is not necessary to apply for the Certificate of Clearance if you can verify you hold a valid California certificate or credential such as an emergency permit for substitute teaching, Pre-intern certificate, PPS credential, Child Development Associate or Supervisor Permit, Adult Vocational Education credential or a valid Multiple or Single Subject credential.

NOTE: If you answered "YES" to any of the Personal and Professional Fitness questions on the Certificate of Clearance application, you will need to obtain the official arrest record and court paperwork regarding each incident. Refer to the CTC website for instructions, forms, and where to submit all additional paperwork. If you have any questions, contact the CTC directly via email.

Verification of completing the United States Constitution Requirement

California Education Code, Section 44335, requires all candidates for Multiple Subject, Single Subject, and Education Specialist credentials to demonstrate knowledge of the United States Constitution by completing a college-level course with a "C" or equivalent grade or better, or pass a college-level examination in the subject, or verify AP exam credit for American History or American Government/Politics. While this is not a program admission requirement, this requirement must be completed before the credential can be granted at the end of the credential program. Most CSU graduates have met this requirement. More information can be found by contacting pre-credential advisors in the College of Education Student Success Center.

Foreign Transcript Evaluation

Individuals who have completed college or university course work at an institution in a country other than the United States must obtain a complete evaluation of foreign transcripts, degrees, and other relevant documents prior to applying for a teaching credential program. This evaluation is required by the California Commission on Teacher Credentialing (CTC). It is recommended that credential program applicants have their documents evaluated by WES, since both the University Office of Graduate Studies and the Commission will accept the WES evaluation. Applicants should select the **WES INTERNATIONAL CREDENTIAL ADVANTAGE PACKAGE (ICAP) Course by Course Evaluation**. For additional information on foreign transcript evaluations please visit the CTC website and the Office of Graduate Studies website.

Continuation in Credential Coursework

Continued Enrollment: Continued enrollment in the Credential Program is contingent upon candidates maintaining a GPA of 3.0 in all professional education courses. If incomplete grades or grades of "D", "F", and "NC" (No Credit) are received in professional education courses, the candidate must withdraw from the program unless a specific exception

has been approved by the Credential Appeals Committee. Any student on academic probation is subject to automatic disqualification unless approved by the Credential Appeals Committee to continue.

Grade Requirement for the Credential: Any grade below C- in a required credential course must be retaken in order to meet credential requirements.

Delays: Candidates who have to delay progress in the Credential Program will file a "Program Delay Petition" in the Teaching Credentials Office. A student returning after a delay may be accommodated on a space available basis. Candidates must return and complete the program within the seven-year limit for graduate programs.

Appeal Process: A student who has been formally admitted to the program has the right to appeal to the Credential Appeals Committee about any policy affecting program continuation, except for those policies set by the Commission on Teacher Credentialing or state education code. Appeals petitions and assistance are available in the Teaching Credentials Office.

Licensure

Admission into programs leading to licensure does not guarantee that students will obtain a license. Licensure requirements are set by agencies that are not controlled by or affiliated with the CSU and requirements can change at any time. For example, licensure requirements can include evidence of the right to work in the United States (e.g., social security number or tax payer identification number) or successfully passing a criminal background check. Students are responsible for determining whether they can meet licensure. The CSU will not refund tuition, fees, or any associated costs, to students who determine subsequent to admission that they cannot meet licensure requirements.
