

# BA IN ENVIRONMENTAL STUDIES

Units required for Major: 62-64  
Total units required for BA: 120

## Program Description

Students will gain an interdisciplinary understanding of environmental challenges and their solutions. Environmental topics are taught in their political, social and scientific context, with an emphasis on environmental behavior, policy and law. Alongside learning the disciplinary knowledge and practice, the degree emphasizes skills in research, evaluation, communication, cooperation, and service.

Graduates are typically employed as social scientists, planners, policy-makers or advocates in government, community-based organizations or industry working in food and agriculture, fish and wildlife, pollution and toxic substances, forestry and fire, air and water resources, recycling and recovery, and environmental consulting, advocacy, enforcement, and regulation.

## Minimum Grade Requirement

A minimum grade of "C-" is required in all courses required for the Environmental Studies B.A. and B.S. majors.

<sup>3</sup> A student may substitute up to 6 units of ENVS electives from other programs if the substitute course aligns with their career aspirations. Most commonly those courses are taught by Biology, Geography, Geology, History or RPTA but any courses aligned with the student's interests will be considered. Contact your major advisor for approval of a substitute course.

<sup>1</sup> To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (<https://catalog.csus.edu/colleges/academic-affairs/general-education/>).

**Note:** There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (<http://www.csus.edu/acad/>), by phone (916) 278-1000, or email ([advising@csus.edu](mailto:advising@csus.edu)).

<sup>2</sup> ENV5 11 (Environmental Issues and Critical Thinking recommended for Environmental Study majors to meet the GE A3 requirement

<sup>3</sup> Course that satisfies this GE also required by the Environmental Studies major.

<sup>4</sup> STAT 1 recommended for Environmental Studies majors because it is also a prerequisite for a required course in the major: ENV5 120 - Quantitative Methods.
