

BS IN NUTRITION AND FOOD (DIETETICS)

Units required for Major: 82

Total units required for BS: 120

Program Description

The major prepares students for careers in the field of nutrition, food management, community nutrition, and food sustainability. The program emphasizes the role of nutrition and food in individual and family health, cultural and behavioral influences on food selection, and the management of commercial and noncommercial food systems.

Note: By completing the required core courses in the Dietetics Concentration, GE Area B (12 units) requirements are met.

Pre-Major Requirements

To declare the Dietetics Concentration, freshman or transfer students admitted to the BS in Nutrition and Food are required to complete the following grade and core course requirements, and then submit a Major Change form to the Family and Consumer Sciences Department Office along with all transcript copies:

1. An overall GPA of 2.75
2. Completion of the following required core courses (28 units) with a "C" or better. Only first or second attempts will be considered.
