

BA IN POLITICAL SCIENCE

Units required for Major: 42

Total units required for BA: 120

Program Description

The Political Science major complements a student's liberal arts education with an emphasis on understanding the theoretical and practical aspects of government and politics. The department offers a BA in Political Science, a BA in Political Science-Journalism, and the minor in Political Science. The Political Science major is structured to provide students with a comprehensive background in the basic fields of political science, as well as to permit them a range of choice in completing the program. The Political Science Department offers several courses integral to interdisciplinary programs such as California Studies, Environmental Studies, Ethnic Studies, Peace and Conflict Resolution Studies, and Women's Studies.

The department emphasizes its expectation that students seek faculty advice when planning their program. Students may ask any faculty member's assistance initially. As specific interests are developed, students may wish to seek the advice of faculty sharing their interests.

Note: Although it is not a requirement of the major, the department **strongly recommends** that students take an introductory statistics course as part of their undergraduate work. A course in statistics may be used to satisfy the GE requirement in mathematics.

Minimum GPA Requirement

Students are required to maintain a minimum 2.0 GPA in the Major.
