PRESIDENT'S WELCOME

Welcome to California State University, Sacramento.

We are a Hornet Family – a family of over 35,000 students, staff, and faculty. This academic year, I begin my tenure as the ninth President of Sacramento State, and for me, it is a homecoming. I am a proud alumnus of Sacramento State – a place that provided me with the skills, knowledge, and care that helped me to build the foundation for my life and work.

I am proud of the many accomplishments that have redefined Sacramento State since I was a student here. Our four-year and six-year graduation rates have risen dramatically, saving our students time and money. The WELL, our campus health and recreation center, offers numerous intramural sports, fitness and recreation programs, as well as robust physical and mental health support. We have a state-of-the-art Science Complex and Planetarium. One thing that has not changed is that Sacramento State is filled with faculty and staff who are here to support you and ensure that the education and experiences you have here, both in and outside of the classroom, help you to achieve your dreams. Everyone who works at Sacramento State is committed to you and cares about your success.

The catalog is designed to help you navigate your academic pathways to success throughout your time here at Sacramento State. It is a resource for courses, programs, and several academically related policies; following its guidelines will help you graduate on time. I am proud to welcome you to the 2023-2024 catalog, Sacramento State is where Leadership begins, and we truly embody what it means to support students along that journey.

Sincerely,

Luke Wood, President
THE CALIFORNIA PROMISE AT SACRAMENTO STATE

The California Promise Program (http://www.calstate.edu/sas/california-promise.shtml/) enables a specific number of CSU campuses to establish pledge programs for entering first-time students who are both interested and able to complete baccalaureate degrees in 4-years. All CSUs have established programs for students with Associate Degrees for Transfer from any California Community College to complete their baccalaureate degrees in 2-years. The program is limited to students who are residents of California.

Students who commit to enter either the 4-year or 2-year pledge will be given a priority registration appointment for each state-supported enrollment period and will be provided with routine and thorough academic advisement. In order to remain in the program, students must meet with their advisors as prescribed, develop an enrollment plan and complete 30 semester units or the quarter equivalent within each academic year, including summer. Participating CSUs may stipulate other requirements as well. Interested students entering the CSU should contact university offices or visit CalState.edu (http://www2.calstate.edu/apply/freshman/getting_into_the_csu/pages/the-california-promise-program.aspx).

At Sacramento State, the “California Promise” is delivered through the “Finish in Four” program for first-year students and the “Through in Two” program for transfer students. These programs provide incentives and support for students who commit to taking a minimum number of units per year with the goal of completing their degrees in 4 years or 2 years, respectively.

Only admitted, incoming first-year students are eligible for the pledge.

Commitment:

- Enrollment in at least 15 units per semester, or 30 units per year, including summer session classes, if needed.
- Use of Smart Planner to plan all courses through graduation.
- One appointment per semester with a general advisor, graduation advisor, or major advisor to review courses and degree planning.
- Keep “on-track” with degree road map as determined by the Academic Requirements Report.
- An overall GPA of at least 2.0 each semester of enrollment until the completion of your degree.

Benefits:

- Priority registration for fall semester, spring semester, and summer session classes to stay “on track.”
- Grants of up to $1,000 for summer session courses. *Summer grants are subject to funding.
- In-person appointments with an advisor each semester to review courses and degree progression.
- The Sac State Rewards Program, which provides additional incentives through vouchers and discounts on campus goods and services.

Only admitted, incoming transfer students are eligible for the pledge.

Commitment:

- Enrollment in at least 15 units per semester, or 30 units per year, as required to complete your bachelor’s degree, including summer session classes, if needed.
- Use of Smart Planner to plan all courses through graduation.
- One appointment per semester with a major advisor to review courses and degree planning.
- Keep “on-track” with degree road map as determined by the Academic Requirements Report.
- An overall GPA of at least 2.0 each semester of enrollment until the completion of your degree.

Benefits:

- Priority registration for fall semester, spring semester, and summer session classes to stay “on track.”

- In-person appointments with an advisor each semester to review courses and degree progression.
- The Sac State Rewards Program, which provides additional incentives through vouchers and discounts on campus goods and services.
THE CALIFORNIA STATE UNIVERSITY

The California State University (CSU) is the nation’s largest and most diverse four-year public university. With 23 unique universities and seven off-campus centers, the CSU serves approximately 460,000 students and employs more than 56,000 faculty and staff.

Each year, the university awards nearly 130,000 degrees, changing the trajectory of students’ lives by opening doors to opportunities for upward mobility. Nearly one-third of CSU students are the first in their families to attend college and more than half of CSU students are from traditionally underrepresented backgrounds.

For one of the most affordable tuitions in the country, students learn from world-class faculty, gain valuable hands-on experiences and receive strong career advising, empowering them to become leaders in the changing workforce.

CSU graduates are serving as leaders in the industries that drive California’s economy, including business, agriculture, entertainment, engineering, teaching, hospitality and health care. To learn more, visit the California State University website.

A Tradition of Excellence for More than Five Decades

Since 1961, the CSU has provided an affordable, accessible and high-quality education to millions of Californians. While each university is unique based on its curricular specialties, location and culture, every CSU is distinguished for the quality of its educational programs. All CSUs are fully accredited, provide a high-quality, broad liberal educational program and offer opportunities for students to engage in university life through the Associated Students, Inc., clubs and service learning.

Facts

• Today, one in every 20 Americans with a college degree is a CSU graduate.
• 1 in every 10 employees in California is a CSU graduate.
• The CSU’s network of more than 4 million alumni is larger than the population of 23 U.S. states.
• The CSU awards nearly half of the bachelor’s degrees earned in California.
• The CSU awards more than one-third of California’s undergraduate nursing degrees.
• Between 2016 and 2021, the CSU prepared more of California’s teachers than any other state institution.
• About four percent of the nation’s teachers graduate from the CSU.
• In 2021-22, CSU students earned more than 20,000 business degrees and more than 7,500 engineering degrees.
• The CSU offers more than 4,000 degree programs that align with the state’s workforce demands.
• The CSU’s online concurrent enrollment program gives students the ability to enroll in courses offered by other universities in the CSU system.
• Through CSU community engagement centers, 52,000 student volunteers participated in service-learning, contributing 2 million hours of service in 2021-22.

Governance

The CSU is governed by the Board of Trustees, most of whom are appointed by the governor and serve with faculty and student representatives. The CSU chancellor is the chief executive officer, reporting to the board. The presidents serve as the university-level chief executive officers. The trustees, chancellor and presidents develop university-wide educational policy. The presidents, in consultation with the CSU Academic Senate and other university stakeholder groups, render and implement local policy decisions.

CSU Historical Milestones

The individual California State Colleges were established as a system with a Board of Trustees and a chancellor in 1960 by the Donahoe Higher Education Act. In 1972, the system was designated as the California State University and Colleges, and in 1982 the system became the California State University (CSU). Today, the CSU is comprised of 23 member universities, including comprehensive and polytechnic universities and, since July 1995, the California State University Maritime Academy, a specialized university.

The oldest university — San José State University — was founded in 1857 and became the first institution of public higher education in California. The newest — California State University Channel Islands — opened in fall 2002, with freshmen arriving in fall 2003. And in 2022, the CSU in Humboldt became California State Polytechnic University, Humboldt, joining San Luis Obispo and Pomona as the state’s third public polytechnic university.

In 1963, the CSU’s Academic Senate was established to act as the official voice of CSU faculty in university-wide matters. Also, the California State College Student Presidents Association — which was later renamed the California State Student Association (CSSA), was founded to represent each university student association on issues affecting students.

Through its many decades of service, the CSU has continued to adapt to address societal changes, student needs and workforce trends. While the CSU’s core mission has always focused on providing high-quality, affordable bachelor’s and master’s degree programs, over time the university has added a wide range of services and programs to support student success — from adding health centers and special programs for veterans to building student residential facilities to provide a comprehensive educational experience.

In 2010, in an effort to accommodate community college transfer students, the CSU, in concert with the California Community Colleges (CCC), launched the Associate Degree for Transfer (ADT), which guarantees CCC transfer students with an ADT admission to the CSU with junior status. The ADT has since proven to be one of the most effective paths to a CSU for community college transfer students. In 2023, the CSU will launch the Transfer Success Pathway program to guarantee future CSU admission to high school graduates who are entering a California community college and who commit to transferring within three years.

Always adapting to changes in technology and societal trends to support student learning and degree completion, the CSU launched CSU Fully Online, which enables CSU students to complete online courses at other CSUs, expanding enrollment opportunities and providing more educational opportunities for students who may prefer an online format to a traditional classroom setting.

The CSU marked a significant educational milestone when it broadened its degree offerings to include professional doctoral degrees. The CSU
Campuses of the California State University independently offers Doctor of Education (Ed.D.), Doctor of Physical Therapy (DPT), Doctor of Audiology (AuD), Doctor of Nursing Practice (DNP) and Doctor of Occupational Therapy (OTD) degree programs. Additionally, the CSU was recently authorized to offer the independent Doctor of Public Health (DrPH). A limited number of other doctoral degrees are offered jointly with the University of California and private institutions in California.

The CSU strives to continually develop innovative programs, services and opportunities that will give students the tools they need to meet their full potential. In 2016, the CSU system launched Graduation Initiative 2025, a bold plan to support students, increase the number of California’s graduates earning high-quality degrees and eliminate achievement and equity gaps for all students. Through this initiative, the CSU is ensuring that all students have the opportunity to graduate according to their personal goals, positively impacting their lives, families and communities.

By providing an accessible, hands-on education that prepares graduates for career success, the CSU has created a network of alumni so extensive and renowned that it spans across the globe. More than 4 million CSU alumni are making a difference in the lives of the people of California and the world.

Office of the Chancellor
The California State University
401 Golden Shore
Long Beach, CA 90802-4210
(562) 951-4000

Dr. Jolene Koester – Interim Chancellor
Mr. Steve Relyea – Executive Vice Chancellor and Chief Financial Officer
Mr. Andrew Jones – Executive Vice Chancellor, General Counsel
Ms. Leora D. Freeman – Vice Chancellor, Human Resources
Mr. Vlad Marinescu – Vice Chancellor and Chief Audit Officer

ABOUT THE UNIVERSITY

California State University, Sacramento

California State University, Sacramento offers life-changing possibilities for our students, preparing them to be leaders in their careers and communities. Our professors are known for their dedication to great teaching, and direct interaction with students helps to create extensive learning and research opportunities. Sacramento State's location in California's capital city also provides access to internships and job opportunities with some of the nation's most influential public and private institutions.

A vibrant, metropolitan university, Sacramento State enrolls a multicultural student body and graduates about 7,000 students each year. The University has an annual economic impact on the region of nearly $900 million and more than $1 billion on the statewide economy.

Sacramento State remains one of the nation's best higher education values, with student tuition fees among the lowest in the nation. About half of our students receive some form of financial assistance.

Our students choose from numerous fields of study. We offer a strong and diverse academic curriculum that includes nearly 60 undergraduate programs and more than 40 graduate programs, as well as two doctorates. In addition, numerous offerings, such as the Honors Program, help students pursue excellence, meet others with similar interests and develop strong ties with professors. Among our programs linked to state government is the nationally renowned Capital Fellows Program, in which graduate students work as full-time staff in the legislative, executive or judicial branch.

Preparing for a career is a vital part of a Sacramento State education. We have one of the largest cooperative education programs in California, placing students in paid positions where they receive academic credit. Hundreds of other students participate in internships in business and government. One third of Sacramento State students work as volunteers – many through a service-learning project in class gaining valuable work experience while helping their community. Our Career Center helps students with identifying a career interest, developing interview skills and finding jobs through the extensive Hornet Career Connection, a partnership with local and global employers. Numerous academic programs also have direct links to employers that recruit directly on campus.

Outside the classroom, Sacramento State students lead active lives. Campus-sponsored arts programs, speeches, debates, comedy shows and concerts enrich the community throughout the year, and there are abundant cultural and entertainment options in the surrounding area. More than half the University's students join at least one of 250 student organizations, and thousands participate in the intramural sports program. About 400 intercollegiate athletes compete at the NCAA Division I level.

We're particularly proud of our beautiful 300-acre campus, with its lush landscaping and more than 3,500 trees. Sacramento State also has recently completed the two greenest buildings in the history of the University. The American River Courtyard is a suite-style residence hall on campus that offers amenities such as private bedrooms, kitchenettes and in-suite bathrooms for students. The WELL, a state-of-the-art recreation and wellness center, combines gym space, fitness equipment, medical facilities, an indoor track and a large rock-climbing wall. Both buildings are LEED Gold certified for their energy-saving and sustainability features.

Miles of riverfront trails for runners and bicyclists stretch along the adjacent American River Parkway, linking our campus and student housing with recreational areas such as Folsom Lake and Old Sacramento.

For more information, visit www.csus.edu.

University Mission and Strategic Planning

As California's capital university, we transform lives by preparing students for leadership, service, and success. Sacramento State will be a recognized leader in education, innovation, and engagement.

Our campus imperatives are Student Success, Philanthropy, Diversity & Inclusion, Public Safety, and Community Engagement.

Hornet Honor Code

As proud members and representatives of the Sacramento State Hornet community, we commit ourselves to actively promoting honesty, integrity, respect, and care for every person, ensuring a welcoming campus environment, and striving to help every member of our Hornet Family feel a strong sense of belonging.

As Hornets, we will:

1. Promote an inclusive campus and community.
2. Listen and respect each other's thoughts, interests, and views.
3. Value diversity and learn from one another.
4. Engage daily with mutual trust, care, and integrity.
5. Support a culture of honor and adhere to campus policies for honesty, ethics, and conduct.
6. Be proud to be Sac State Hornets

University Foundation at Sacramento State

The Foundation is an organization that was established to help raise and invest private gifts for the benefit of Sacramento State. It encourages philanthropy to the University and also provides a structure for accepting and managing gifts and endowments on behalf of Sac State.

Mission Statement

The University Foundation at Sacramento State promotes philanthropy to provide a level of excellence at the University beyond what is possible through state funds.

The members of the board of directors of The University Foundation accomplish this goal by helping to raise private resources that advance the mission and priorities of the University, and serving as ambassadors for philanthropy in the University community. The board provides stewardship in the prudent investment of resources, ensuring the integrity of the Foundation through accountability and transparency in its dealings.

Board of Directors

J. Luke Wood (President)
Tina Treis (Chair)  
Holly Tiche (Vice Chair)  
Sue McGinty (Secretary)  
Paul Lau (Treasurer | Chair, Finance Committee)

California State University, Sacramento is fully accredited by the Western Association of Schools and Colleges, and for teacher education by the California Commission on Teacher Credentialing; the University is also a member of the National Council of Graduate Schools and the Western Association of Graduate Schools, and is on the list of approved colleges by the American Association of University Women.

Notice to Students RE: Professional Licensure and Certification
California State University programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California State University and licensure and certification requirements can change at any time.

The California State University has not determined whether its programs meet other states’ educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether they will meet their state’s requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

The California State University has not determined whether its programs meet other states’ educational or professional requirements for licensure and certification. Students enrolled in a California State University program who are planning to pursue licensure or certification in other states are responsible for determining whether they will meet their state’s requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

Assembly Bill 720 signed by the Governor and effective January 1, 2006, requires CSU to observe the Veterans’ Day Holiday, November 11, and close the University on that day. When November 11 falls on Saturday, the holiday will be observed on the preceding Friday. When November 11 falls on a Sunday, the holiday will be observed on the following Monday.

1 Assembly Bill 720 signed by the Governor and effective January 1, 2006, requires CSU to observe the Veterans' Day Holiday, November 11, and close the University on that day. When November 11 falls on Saturday, the holiday will be observed on the preceding Friday. When November 11 falls on a Sunday, the holiday will be observed on the following Monday.
ACADEMIC POLICIES

Changes in Rules and Policies

Although every effort has been made to assure the accuracy of the information in this catalog, students and others who use this catalog should note that laws, rules, and policies change from time to time and that these changes might alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by The Board of Trustees of the California State University, by the Chancellor or designee of the California State University, or by the President or designee of the campus. It is not possible in a publication of this size to include all of the rules, policies and other information that pertain to students, the institution, and the California State University. More current or complete information may be obtained from the appropriate department, school, or administrative office.

Nothing in this catalog shall be construed as, operate as or have the effect of an abridgment or a limitation of any rights, powers, or privileges of The Board of Trustees of the California State University, the Chancellor of the California State University, or the President of the campus. The Trustees, the Chancellor, and the President are authorized by law to adopt, amend, or repeal rules and policies that apply to students. This catalog does not constitute a contract or the terms and conditions of a contract between the student and the campus or the California State University. The relationship of students to the campus and the California State University is one governed by statute, rules, and policy adopted by the Legislature, the Trustees, the Chancellor, the Presidents and their duly authorized designees.

Academic Honesty

Vice President for Student Affairs
(916) 278-6060

Honesty is essential to the integrity of any institution of higher education. Accordingly, Sacramento State expects all faculty, staff, and students to protect the integrity of the curriculum and fair grading. Sacramento State is a publicly-assisted institution legislatively empowered to certify competence and accomplishment in general and discrete categories of knowledge. Because academic dishonesty defrauds all those who depend upon the integrity of the University, Sacramento State must diligently defend the integrity of all academic programs.

Grading System

Lower division courses (numbered 1-99), upper division courses (100-199), graduate level courses (200-299 and 500 and above) and some postbaccalaureate Education courses (300-499) are graded:

<table>
<thead>

Certain designated courses, e.g., co-curricular courses, fieldwork, field tours, workshops, theses, supervised teaching and similar courses are graded Credit (“CR”) or No Credit (“NC”). The Credit (“CR”) grade will equate to “A”, “B” or “C” level competence for undergraduate courses and “A” or “B” level competence for graduate courses. The University uses a plus/minus grading system for letter grades. The grade of “C-” equates to a Credit for undergraduate courses and the “B-” equates to a Credit for graduate courses.

A student’s academic standing is determined by grade point average (GPA). Grade point average is computed by dividing quality points (the total number of grade points earned) by the number of quality hours (total attempted hours excluding courses graded “CR” or “NC”). A grade point average of 2.0 indicates a “C” average, a 3.0 indicates a “B” average, etc. The University does not award a grade of “A+”.

Definition of Grade Symbols

A Exemplary achievement of the course objectives. In addition to being clearly and significantly above the requirements, work exhibited is of an independent, creative, contributory nature.

B Superior achievement of the course objectives. The performance is clearly and significantly above the satisfactory fulfillment of course requirements.

C Satisfactory achievement of the course objectives. The student is now prepared for advanced work or study. Note: The letter grade “C” does not imply satisfactory achievement at the graduate level.

D Unsatisfactory achievement of course objectives, yet achievement of a sufficient proportion of the objectives so that it is not necessary to repeat the course unless required to do so by the academic department.

F Unsatisfactory achievement of course objectives to an extent that the student must repeat the course to receive credit.
**WU**  
Withdrawal Unauthorized indicates that an enrolled student did not withdraw from the course and also failed to complete course requirements. It is used when, in the opinion of the instructor, completed assignments or course activities, or both, were insufficient to make normal evaluation of academic performance possible. For purposes of grade point average, this symbol is equivalent to an “F”. (See Deletion Policy)

**CR**  
Satisfactory achievement of course objectives. (Not used in Sacramento State grade point calculation.)

**NC**  
Unsatisfactory achievement of course objectives. (Not used in Sacramento State grade point calculation, but is calculated as “F” by many graduate and professional schools.)

**I**  
Incomplete Authorized. A portion of the requirements usually completed during one term remains to be completed and evaluated. (Not used in grade point calculation.) See Incomplete Grade policy, which follows.

**RP**  
Report in progress. Work is in progress on thesis, project or similar course extending beyond one term. (Not used in grade point calculation.) See “RP” Grade Policy, which follows.

**W**  
The symbol "W" indicates that the student was permitted to withdraw from the course after the _____ (day/week) of instruction with the approval of the instructor and appropriate campus officials. It carries no connotation of quality of student performance and is not used in calculating grade point average or progress points. In addition to this statement, the campus catalog shall include a description of the procedures to be followed in withdrawing from a class or from the campus. Such procedures shall be consistent with all applicable provisions of this executive order.

**RD**  
Report Delayed because a grade has not been reported to the registrar due to circumstances beyond control of student. (Not used in grade point calculation.)

**AU**  
Audit symbol indicates student’s status as auditor and does not earn degree credit. (See Admission of Auditors.)

### Audit Grade Symbol

Enrollment as an auditor is subject to permission of the instructor provided that enrollment in a course as an auditor shall be permitted only after students otherwise eligible to enroll on a credit basis have had an opportunity to do so. Auditors are subject to the same fee structure as credit students and regular class attendance is expected. Once enrolled as an auditor, a student may not change to credit status unless such a change is requested no later than the last day to add classes in that term. A student who is enrolled for credit may not change to audit after the fourth week of instruction.

An auditor is a student who enrolls in a course for informational purposes only. Regular attendance is customary and expected, but an auditor does not participate in the class, does not take examinations, and does not receive academic credit for the course. Auditors are not permitted to enroll in activity, curricular, or participatory courses.

### Incomplete Grades

The symbol “I” (Incomplete Authorized) indicates that a portion of required coursework has not been completed and evaluated during the course due to unforeseen but fully justified reasons and that there is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the attention of the instructor and to determine from the instructor the remaining course requirements that must be satisfied to remove the Incomplete. A final grade is assigned when the work agreed upon has been completed and evaluated. An “I” (Incomplete Authorized) should not be assigned when it is necessary for the student to attend additional class meetings to complete the course requirements. When assigning an “I” grade faculty will complete an online contract visible to student indicating assignments needing to be completed to meet the terms of the contract. An Incomplete must be made up within the time limit specified by the instructor when the completed “I” grade is assigned. The time limit may not extend beyond 12 months. If the instructor does not specify a time limit, then the student must meet the conditions specified by the instructor within 12 months from the day grades are due on the Academic Calendar (the last day of the term) the same term in which the “I” grade was assigned. This limitation prevails whether or not the student maintains continuous enrollment.

Failure to complete the assigned work will result in an Incomplete being converted to an “F” or “NC” on the academic transcript.

---

1 Students in the military reserve whose units go on active duty during or around the final examinations period are eligible to receive an "I" provided they meet the conditions above.

### Graduating Seniors

If a graduating senior has an incomplete "I" grade in a course in which

1. the student has not completed the course requirements, and
2. the time limit has not yet expired on the student’s graduation date, and the course is not required for the degree,

then the "I" grade remains on the official transcript as "I/Not Completed".
Undergraduate Students

Sacramento State credit hours/units subject to the following conditions:

Credit/No Credit ("CR"/"NC") grading for a maximum of 15 letter-graded basis ("A"-"F"). Sacramento State students may choose to substitute courses, academic achievement is evaluated on a letter grade courses, fieldwork, field tours, workshops, theses, supervised teaching, supervised teaching, theses, supervised teaching, supervised teaching, supervised teaching, supervised teaching.

With the exception of certain designated courses, e.g., co-curricular courses, any course which is graded "CR"/"NC" cannot be used to satisfy course requirements in the major, the minor, or general education unless the course is identified in the catalog as graded "CR"/"NC". This applies to all University graduation requirements.

C- Grades for Prerequisite Courses

A grade of "C-" or better is required for prerequisite courses. If a department requires a "C" or better in a prerequisite course and will not accept a "C-" grade, then the department must specify so in the catalog course description. This policy applies to all undergraduate-level courses.

Credit/No Credit Grading Option

With the exception of certain designated courses, e.g., co-curricular courses, fieldwork, field tours, workshops, theses, supervised teaching, and similar courses, academic achievement is evaluated on a letter grade basis ("A"-"F"). Sacramento State students may choose to substitute Credit/No Credit ("CR"/"NC") grading for a maximum of 15 letter-graded Sacramento State credit hours/units subject to the following conditions:

Undergraduate Students

1. No more than 15 units taken under the Sacramento State "CR"/"NC" option may apply toward a baccalaureate degree (this does not include credits obtained from challenge or Advanced Placement examinations).
2. Any course which is graded "CR"/"NC" cannot be used to satisfy requirements in the major, the minor, or general education unless the course is identified in the catalog as graded "CR"/"NC". This applies to all University graduation requirements.
3. Students must submit the appropriate form requesting "CR"/"NC" grading to Office of the University Registrar before the census date of the semester.
4. The instructor will assign a letter grade on the grade roll. If the grade earned by the student who elected the "CR"/"NC" option is "C-" or higher, "CR" will be posted to the student's transcript. If the assigned grade is lower than "C-", "NC" will be posted.

Graduate Students

1. Classified or conditionally classified graduate students, with the consent of their advisor and department, may elect "CR"/"NC" grading in courses normally letter graded. Units earned in this manner may not count toward graduate degree requirements.
2. Unclassified graduate students and postbaccalaureate credential students also may elect "CR"/"NC" grading in courses normally letter graded. Units earned in this manner may not be used to meet course requirements for admission to classified status or be applied to meeting second bachelor's, certificate or credential requirements (unless department policy specifies otherwise).
3. Graduate students must submit the appropriate form requesting "CR"/"NC" grading, including approved signatures if required, to the Registrar's Office before the census date of the semester.
4. The instructor will assign a letter grade on the grade roster. If the grade earned by the student who elected the "CR"/"NC" option is "B-" or higher, "CR" will be posted to the student's transcript. If the assigned grade is lower than "B-", it will be posted as "NC".

Co-Curricular Courses

Co-curricular courses are designed to enhance student development, enrich the student's educational experience and/or facilitate involvement in University life. Co-curricular courses are graded "CR"/"NC". No more than 15 units of co-curricular coursework may be applied toward a baccalaureate degree.

Co-curricular courses include the following categories of courses (fieldwork and internships required in a major or minor program are not subsumed in this category):

1. elective courses that provide students opportunities to practice in a field related to their major, e.g., cooperative education, field tours, workshops, tutoring, fieldwork and internships;
2. courses that allow students to apply an individual talent or skill as a participant in intercollegiate competition or other extracurricular activities and events organized by the University;
3. orientation courses, e.g., introduction to college studies, academic strategies and study skills, career orientation; and
4. courses that promote student involvement in University governance and service, e.g., participation in student government, peer advising, residence hall advisor training.

Grade Corrections, Deletions, and Appeals

Grade Correction Policy

A grade correction is possible only in the case of a declared administrative error. A correction in letter grade must be approved by the instructor of record and the department chairperson by the last day of the semester, either spring or fall, after the grade is posted to the student's record. The definition of administrative error is an error made by the instructor or assistant in grade determination or posting.

A grade Change may not be made as a result of work completed or presented following the close of a grade period, except for completion of work when an Incomplete grade was issued. Grades cannot be changed to "W" nor can they be changed from a letter grade to Credit/No Credit.

A grade correction after the semester following grade award will be allowed only if the course instructor and chair of the department where the course was offered submit the grade change and an explanation for the late grade correction to the Registrar. In the case where the course instructor and/or department chair is unavailable, the department faculty or a committee of department faculty must approve the grade correction. In such a case, a statement of the nature of the exception, the department's method of approval, and the date of approval, must be forwarded with the grade correction.

Deletion Policy

A petition to delete grades may be submitted for consideration by the Academic Standards Committee for the following reasons only:

1. to remove penalty grades assigned due to failure to complete a course for causes related to illness. Medical verification is required;
2. to correct errors by academic departments. Department verification is required;
3. to correct errors made in registration (e.g., use of wrong class code). The Registrar's Office must confirm this error.

Petitions to delete grades must be submitted within one academic year from the end of the semester in which the grade was received. After a
Grade Appeal Procedures

The campus has a single grade appeal procedure available to students in all academic disciplines. Copies of the procedure are available in each academic department office, in the Office of the Provost and Vice President for Academic Affairs and the Office of the Vice President for Student Affairs. Information in its entirety about the grade appeal process can be accessed on the Sacramento State Web site at Microsoft Word - SP 08-09 Grade forgiveness policy.doc.docm (csuci.edu) (https://policy.csuci.edu/sp/b/sp-08-09.pdf#:~:text=Background%3AEducational%20Order%20No%201037%20limits%20the%20number%20of,repeat%20a%20course%20with%20a%20f%20%20t%20twice)

Unauthorized Withdrawal Policy - WU (Withdrawal Unauthorized)

The University requires that students process an official drop or withdrawal online or by petition within published deadlines. Failure to withdraw properly from a course may result in assignment of a "WU", "F", or "NC" grade in the course.

The "WU" may be assigned in the case where the student has not completed sufficient course assignments or participated in sufficient course activity to make it possible, in the opinion of the instructor, to report satisfactory or unsatisfactory completion of the class by use of a letter grade (A - F).

For purposes of grade point average, a "WU" grade is equivalent to an "F". However, in courses which are graded Credit/No Credit, the use of the "NC" grade should be assigned and not the "WU" grade.

Petition to Discount First WU Grade. In the first term that a student receives one or more "WU" grades, the student may petition to have the "WU" grades dropped from their GPA calculation. To do so the student must obtain a "Petition to Discount First WU Grade" from the University Registrar's Office or the Academic Advising Center.

The student may submit a petition at any time prior to conferral of degree. While the petition will result in the "WU" grades being excluded from the GPA calculation, the "WU" grade remains on the student's transcript. The "Petition to Discount First WU Grade" only applies to the first term in which the student receives one or more "WU" grades. This "Discount" policy does not apply to "WU" grades earned in subsequent terms or "WU" grades received at institutions other than Sacramento State.

A student re-enrolling in a course in which the student previously received a discounted first WU grade, will not be considered to be officially repeating the course. These units will not be considered "repeat units" as specified in the University's Repeat Policy.

Unauthorized Withdrawal Policy - WU (Withdrawal Unauthorized)

Student Complaint Hearing Policy

Vice President for Student Affairs
(916) 278-6060

The Student Complaint Hearing Policy addresses grievances that result from alleged inequitable treatment by a University employee, enforcement of an unfair policy, or failure to adhere to a University policy that does not fall into the categories of grades, student discipline, or harassment/discrimination issues. This policy reflects the University's desire to resolve disputes within each program center at an informal level. If such a resolution is not possible, this complaint procedure provides a fair and collegial hearing process.

For a copy of the policy, contact the offices of the Vice President for Student Affairs, any Program Center administrators or refer to the governing shelf at the University Library.

Student Complaint Procedure (Complaints Regarding the CSU)

The California State University takes complaints and concerns regarding the institution very seriously. If you have a complaint regarding the CSU, you may present your complaint as follows:

1. If your complaint concerns CSU's compliance with academic program quality and accrediting standards, you may present your complaint on the Western Association of Schools and Colleges (WASC) (http://www.wasc.org) website. WASC is the agency that accredits the CSU's academic program. If you believe that your complaint warrants further attention after you have exhausted all the steps outlined by WASC, you may file an appeal with the Assistant Vice Chancellor, Academic and Student Affairs at the CSU Chancellor's Office.

2. If your complaint concerns an alleged violation by CSU of any law that prohibits discrimination, harassment or retaliation based on a protected status (such as age, disability, gender (or sex), gender identity, gender expression, nationality, race or ethnicity (including color or ancestry), religion or veteran or military status), you may present your complaint as described in Section XVI (Nondiscrimination Policy).

3. If your complaint concerns an alleged violation by CSU of other state law, including laws prohibiting fraud and false advertising, you may present your complaint to the university president or designee at luke.wood@csus.edu (http://catalog.csus.edu/academic-policies/luke.wood@csus.edu). See Procedure for Student Complaints –Executive Order No. 1063 for details regarding the complaint requirements and complaint process. The president or designee will provide guidance on the appropriate campus process for addressing your particular issue.

4. Other complaints regarding the CSU may be presented to the university dean of students, who will provide guidance on the appropriate university process for addressing your particular issue.

If you believe that your complaint warrants further attention after you have exhausted all the steps outlined by the university, or by WASC, you may file an appeal with the Assistant Vice Chancellor, Academic and Student Affairs (or designee) at the CSU Chancellor's Office.

This procedure should not be construed to limit any right that you may have to take action to resolve your complaint.

Repeating Courses

The policy governing course repeats at California State University, Sacramento follows Executive Order 1037 - Grading Symbols, Minimum Standards Governing the Assignment of Grades, Policies on the Repetition of Courses, Policies on Academic Renewal, and Grade Appeals. 1

1. Undergraduate students may repeat courses only if they earned grades lower than a C (C+, D+, D-, D, F, WU, NC).

2. Course repeats with "Grade Forgiveness" (Grade Forgiveness is the circumstances in which the new grade replaces the former grade in terms of the calculation of GPA, etc.):
a. Undergraduate students may repeat up to 16 semester-units with grade forgiveness.  

b. Undergraduate students may repeat an individual course for grade forgiveness no more than one time. A course may be repeated no more than two times without petition.

c. Grade forgiveness shall not be applicable to course for which the original grade was the result of a finding of academic dishonesty.

3. Course Repeats with “Grades Averaged”: Undergraduate students may repeat an additional 12 semester-units, i.e., units in addition to the 16 semester-units for which grade “replacement” is permitted. In such instances the repeat grades shall not re-place the original grade; instead all grades (except any forgiveness grades) shall be calculated into the student’s overall grade-point average.  

4. Departments and Colleges may not have a repeat policy that differs from the campus policy. (Note: restrictions on repeats for enrolled and declared majors, pre-majors, minors, and certification students within specific programs, represent substantive program changes and not exceptions to the repeat policy.)

5. The limits apply only to units completed at the campus (i.e., While courses taken elsewhere may be repeated here or used to replace grades previously earned here (if the original grade was below a C), only the courses taken here will be counted towards the repeat caps).

The existing repeat policy above will apply to transfer credit unless otherwise noted (see Number 5 above). Undergraduate students may repeat courses at California State University, Sacramento OR another college or university only if they earned grades lower than a C (C-, D+, D, D-, F, WU, NC). This policy applies to students who are repeating a course first taken at California State University, Sacramento and repeated at other college or university. This policy also applies to students who are repeating a course first taken at another college or university and repeated at California State University, Sacramento.

If a student has repeated a course in which that student has earned a grade of C or higher, neither the course credit nor grade will be recognized as a valid repeat and will not be forgiven or averaged. In these instances, the original grade will remain on the student’s record.

**Addendum - Transfer Credit**

The University recognizes superior academic achievement at the time of admission, at the end of each semester and at the time of graduation. In addition, academic standards have been set for continuation of enrollment privileges based on minimum achievement required for completion of degree requirements.

**Scholastic Standards**

When all the policy conditions are met, Sacramento State may disregard previous unsatisfactory academic coursework, taken at any college, from all considerations associated with requirements for the baccalaureate degree. The request is limited to two semesters or three quarters of coursework. The policy action removes the earned hours, quality hours, and quality points (grade points) for the entire semester(s) or quarter(s) under consideration. The Academic Renewal policy does not allow for partial deletion of coursework within any semester or quarter. (See Grade Deletion Policy.) Sacramento State does not consider requests to delete any course completed and applied toward a baccalaureate degree after the degree has been awarded.

**Requirements and Procedure**

1. Using the Academic Renewal Petition, the student must present evidence that:

a. the level of performance was due to extenuating circumstances;

b. one or more additional terms of enrollment would be required to complete baccalaureate requirements if the request was not approved, i.e., all degree requirements would be met except the required minimum Sacramento State and overall GPA (2.000);

c. five years have elapsed since the most recent coursework to be disregarded was completed (e.g., Fall 2001 semester will be considered after the Fall 2006 semester);

d. the student has completed additional academic coursework at Sacramento State subsequent to the work to be disregarded;

e. the additional academic coursework completed conforms with the following sliding scale: 15 semester units with at least a 3.0 GPA, 30 semester units with at least a 2.500 GPA, or 45 semester units with at least a 2.000 GPA (work completed at another college/university cannot be used to satisfy this requirement); and

f. the petitioner is currently attending Sacramento State, has filed to graduate from Sacramento State and has met with a degree evaluator from the Evaluations Office to determine if additional coursework is needed.

2. If another accredited college has acted to remove previous work from degree consideration, such action will be honored in terms of its policy. However, elimination of any work in a term by any other institution will reduce by one term the two-semester maximum that may be disregarded by Sacramento State.

3. When such action is taken, the student’s permanent academic record will be annotated so that it is readily evident that no work taken during the disregarded term(s), even if satisfactory, may apply toward baccalaureate requirements. However, all work must remain legible on the record ensuring a true and complete academic history.

4. Final determination that one or more terms will be disregarded will be based on careful review of evidence by a committee, which will include the Provost and Vice President for Academic Affairs, the College Dean of the major, the University Registrar, the Associate Registrar for Graduation and Evaluation, and the Vice President for Student Affairs.
Recognition of Academic Achievement

Honors List
Semester honors are awarded and the notation "Dean's Honor List" is posted to the permanent academic record for freshmen earning a 3.000 grade point average and other undergraduates earning a 3.250 grade point average. To be eligible in either category, students must complete a minimum of 12 letter-graded units with no Incomplete grades and no grade lower than "C-".

Graduation with Honors
Honors at Graduation are awarded to Sacramento State bachelor's degree graduates who complete a minimum of 30 graded units in residence with a qualifying grade point average.

Honors are awarded based on the following grade point average ranges:

<table>
<thead>
<tr>
<th>Honors</th>
<th>GPA Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cum Laude</td>
<td>3.50-3.749</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.75-3.899</td>
</tr>
<tr>
<td>Summa Cum Laude</td>
<td>3.90-4.000</td>
</tr>
</tbody>
</table>

For posting of honors on the transcript, the GPA calculation will include all Sacramento State coursework, including the final semester. Second bachelor's degree graduates are not eligible for Honors at Graduation.

Scholastic Standards for Continuation of Enrollment
Undergraduate Students

The grade point average in all courses attempted at Sacramento State plus the overall GPA in courses attempted at all accredited colleges are used in determining whether a student is demonstrating satisfactory progress toward degree completion. Students must maintain a 2.000 ("C") average each semester, at Sacramento State, and overall. Failure to do so will subject the student to the loss of enrollment privileges as indicated in the following rules.

To be eligible for a bachelor's degree, a student must earn a grade point average of 2.000 in the overall college record, in the cumulative Sacramento State record, in all upper division courses used to complete the major, in all courses used to complete the minor, and in all courses used to complete General Education.
Undergraduate Academic Action Categories

Good Standing
Undergraduate students whose Sacramento State and cumulative grade point average (GPA) is 2.0 or above are considered in good academic standing.

Academic Probation
Students whose cumulative Sacramento State grade point average or overall grade point average falls below 2.00 will be placed on academic probation. Students on probation are eligible to enroll in the subsequent semester.

Continued Probation
Students on probation will be placed on Continued Probation if they:

• earn a 2.000 in the current semester, but have a Sacramento State GPA or overall GPA below 2.000.

Students placed on Continued Probation will be limited to a maximum course load of 14 units per semester until they return to academic good standing.

Academic Disqualification
If a student is on academic probation and the Sacramento State or cumulative grade point average is below the following levels, the student will be academically disqualified if their Sacramento State or cumulative GPA is below a:

• Freshman (30 units) will be academically disqualified if their Sacramento State GPA is below a 1.50;
• Sophomores (30-59.9 units) will be academically disqualified if their Sacramento State GPA is below 1.70;
• Juniors (60-89.9 units) will be academically disqualified if their Sacramento State GPA is below a 1.85;
• Seniors (90 or more units) will be academically disqualified if their Sacramento State GPA is below a 1.95.

Students not on probation will be disqualified if the cumulative GPA is 1.00 or less. Disqualified students will not be allowed to register unless they are formally reinstated and/or readmitted to the University.

Academic Dismissal
A student reinstated after disqualification who earns a semester GPA below 2.000 or fails to meet other requirements specified in the reinstatement contract will be dismissed. Academic Dismissal means that enrollment privileges have been withdrawn. Dismissed students are not eligible to use the immediate reinstatement procedure. Academically dismissed students are not eligible for readmission without at least one semester of absence from Sacramento State. Students who have been dismissed twice must sit out two years before petitioning to return.

Administrative Probation and Administrative Disqualification
Undergraduate students are subject to Administrative Probation for the following reasons:

1. Withdrawal from all or a substantial portion of their courses in two successive terms or in any three terms.
2. Repeated failure to progress toward a degree or other program objective, when such failure is due to circumstances within the control of the student.

3. Failure to comply, after due notice, with an academic requirement or regulation.

Students who do not meet the conditions for removal of administrative probation may be subject to further administrative actions, including Administrative Disqualification.

Notification
Student Service Center
Office of the University Registrar
Lassen Hall 1000
(916) 278-1000

Students will be notified of their academic status (academic probation, continued probation, academic disqualification or academic dismissal) by letter, and/or My Sacramento State message and/or email at the end of each semester. Students on Probation or Continued Probation are required to meet with an advisor in their major department. Departments may block registration of students who fail to meet advising appointments. Students receiving veterans’ educational benefits may be ruled ineligible for continued benefits if, after one semester of unsatisfactory achievement (probation or disqualification), they do not return to academic Good Standing at the completion of the next semester.

Reinstatement of Disqualified Students
Students who have been academically disqualified may petition for reinstatement. The Petition for Reinstatement may be obtained from the reinstatement website (https://www.csus.edu/student-affairs/centers-programs/student-services-center/reinstatement.html). Reinstatement petitions are reviewed by a committee of faculty and professional advisors, who make recommendations for a student’s future academic standing. If reinstated, students will be placed on an academic contract that may stipulate maximum units, specific courses, and achievement levels. Failure to meet the conditions of the reinstatement contract and/or failure to achieve a subsequent semester GPA of 2.000 or higher will result in academic dismissal.

Students not recommended by their academic department for continuation in the first choice major may be considered for University reinstatement into a different major when approved by the department offering that major. Students reinstated as undeclared will not be allowed to enroll in upper division major courses during the period of the contract without the permission of the department chair or designee for that major.

Deadlines to petition for immediate reinstatement are as follows:
Spring Semester: Third week of January
Fall Semester: End of June

Note: Deadlines are strictly enforced.

Students whose petitions are approved are subject to review each semester until the Sacramento State GPA and overall cumulative GPA reach the minimum standard of 2.00 for academic Good Standing.

Readmission of Academically Dismissed Students
Students who are academically dismissed will not be considered for continued enrollment at the University for at least one semester depending on semester of dismissal. Academically dismissed students need to meet with an advisor for advice on developing a plan to remedy the conditions that led to dismissal.
After the mandatory interruption in enrollment, students who were academically dismissed must submit a petition for “Readmission after Dismissal” which is available on the Reinstatement website (https://www.csus.edu/student-affairs/centers-programs/student-services-center/reinstatement.html). Petitions for Readmission after Dismissal are available during the month of August in order to be reviewed for possible Spring term admission. The appeal must include a recommendation from the student’s major department. A student whose appeal is granted is subject to academic review each semester until the Sacramento State GPA and overall grade point average reach the minimum standard of 2.00 for academic Good Standing. Readmitted students who fail to meet conditions specified for readmission will be academically dismissed. A second dismissal will result in a mandatory interruption of at least two years.

Note: Deadlines are strictly enforced.

Reinstatement Procedure for College of Business Undergraduate Students

Business students who have been disqualified or dismissed from the University for academic reasons are no longer considered business students. This means that disqualified or dismissed students will not be allowed to enroll in 100-level business courses until they have been reinstated into the business major.

Undergraduate students who did not enroll in the University the semester(s) immediately following their disqualification must obtain a Petition for Reinstatement or Petition for Readmission Following Dismissal from the Academic Advising and Career Center or the Student Services Counter, Lassen Hall. If enrolled in the University for non-business classes the semester(s) immediately following disqualification, the student must obtain a Change of Major - Reinstatement Petition from the Undergraduate Business Advising Center (UBAC), indicating the request for reinstatement into the major. All petitions, along with supporting documentation of explanation and a complete set of transcripts of all college-level courses taken, must be submitted to the UBAC, Tahoe Hall 1030, no later than the first Friday of any given month. Petitions are evaluated each month and recommendations are made for the subsequent semester.

All students must check with the Academic Advising and Career Center to assure they comply with the University’s reinstatement policy and procedures.

Official Transcripts

Student Service Center
Office of University Registrar
Lassen Hall 1000
(916) 278-1000

Sacramento State issues official transcripts only. There is a charge per transcript. Transcripts may be ordered in person, by mail (student’s signature required), or online (for an additional fee). Orders are not accepted by telephone, fax, or email. When ordering transcripts in person, please be sure to bring a government issued photo ID. Transcript requests will be returned if you owe any financial or administrative obligation to the University. Please refer to the Office of the University Registrar’s Web site at: https://www.csus.edu/student-life/records-transcripts/transcripts/.

Information to Include with a Request

Full name and any other names you may have attended under; student identification number, if known; complete social security number; date of birth; dates of attendance/graduation from Sacramento State. Please print legibly the address(es) where you would like the transcript(s) mailed. Provide any special instructions such as "Hold for current semester grades" or "Hold for the degree posting" or "Hold for grade change". If someone other than yourself will be picking up the transcript, you need to provide a signed release authorizing the third party to pick up your transcript. And, your signature is required on each transcript request.

To avoid delays in processing, include your full name, student identification number, date of birth, and previously used names. Submit the correct fee payment with written requests and specify any special handling instructions. Currently enrolled students may obtain unofficial transcripts from My Sacramento State. For current information on how to order transcripts and fees, please refer to the Office of the University Registrar’s Web site.

Schedule of Final Examinations

Final examinations, including major section exams offered in lieu of a final exam, may not be scheduled during the last week of classes. However, quizzes, lab exams, and other academic assignments may be scheduled for the last week of classes provided they are specified on the course syllabus. No unscheduled (i.e., not included in the course syllabus) or additional requirements may be imposed on students during the last week of classes. Any exceptions that necessitate giving a final prior to final exam week must be stated on the course syllabus and require prior approval of the Dean.

Credit Hour

On July 1, 2020, the United States Department of Education changed its definition of the student credit hour. Fundamentally, the change shifted responsibility for credit hour compliance to the accreditation agency and/or to the state.

As such, the CSU’s accreditor, the WASC Senior College and University Commission (WSCUC), has published its own updated definition of student credit hour and related accreditation processes. The new regulations no longer require an accrediting agency to review an institution’s credit hour policy and procedures. It does require the WSCUC to review the institution’s definition of credit hour and an institutions’ processes and policies for ensuring the credit hour policy is followed.

The CSU credit hour definition is consistent with federal law (600.2 and 600.4 revised July 1, 2020) and the requirements of the WSCUC. The CSU defines a credit hour as an amount of work represented in stated learning outcomes and verified by evidence of student achievement. Such evidence is an institutionally established equivalency that:

1. Approximates not less than:
   a. One hour of direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately 15 weeks for one semester or equivalent amount of work over a different amount of time; or
   b. At least an equivalent amount of work as required in paragraph 1.a. of this definition for other academic activities as established by the institution including laboratory work, internships, practice,
studio work and other academic work leading to the award of credit hours; and

2. Permits an institution, in determining the amount of work associated with a credit hour, to take into account a variety of delivery methods, measurements of student work, academic calendars, disciplines and degree levels. Institutions have the flexibility to award a greater number of credits for courses that require more student work.

As in the past, a credit hour is assumed to be a 50-minute (not 60-minute) period. In some courses, such as those offered online, in which "seat time" does not apply, a credit hour may be measured by an equivalent amount of work, as demonstrated by student achievement.

For purposes of accreditation, all CSUs are required to develop, communicate and implement procedures for regular, periodic review of this credit hour policy to ensure that credit hour assignments are accurate, reliable and consistently applied. WSCUC published new draft guidelines that took effect in June 2021. Universities are responsible for publishing a clearly stated practice or process that ensures they are in compliance with the student credit hour definition.

Credit by Examination

Students may challenge courses by taking examinations developed at Sacramento State. Credit shall be awarded to those who pass them successfully.

Systemwide Credit by Examination

Sacramento State grants credit to those students who pass examinations that have been approved for credit systemwide. These include the Advanced Placement (AP) Examination, the CSU English Equivalency Examination, and some College-Level Examination Program (CLEP) examinations. The following examinations (chart below) are accepted for the amount of credit indicated, subject to the achievement scores noted.

Official Transfer Evaluations

Office of the University Registrar
Lassen Hall 2000
(916) 278-1000

The Office of the University Registrar will prepare an official transfer credit evaluation summarizing prior college credit and indicating Sacramento State General Education requirements met. Students may access their Transfer Credit Evaluation through their MySacState account.

Questions about the evaluation can be discussed with the Student Services Center, Lassen 1000 or by calling the Help Line at (916) 278-1000.

¹ If student passes more than one AP calculus or computer science, only one examination may be applied to the baccalaureate. A score of 3 or above is required.
² AP exam in Government does not fulfill CA Government requirement.
³ AP exam in US History does not fulfill Race & Ethnicity requirement.
⁴ If a student passes more than one AP Physics exam, only 6 units of credit may be applied to the Baccalaureate degree and only 4 units applied to GE certification.

**Amount and Use of Examination Credit for General Education**

Students who present scores of three or better on the Advanced Placement Examinations may earn up to 6 units of college credit and meet applicable General Education Area Requirements. Advanced
Placement credit is excluded from the credit by examination limit of 30 units.

Students passing the English Equivalency Examination administered after 1972-73 may earn up to 6 units of credit to be applied in general education in lieu of English 1A.

Students taking the CLEP Subject Examination, General Chemistry and who earn a score of 48 or above, earn 3 units of Natural Science credit.

**Campus Credit by Examination**

Students may challenge courses by taking examinations developed at the campus. Results of the examination ("CR" or "NC") will be noted on the student's transcript. Only courses listed in this catalog may be challenged. Departments may exclude performance or other courses from challenge. Campus challenge procedure is open only to matriculated students enrolled during summer, fall, and spring semesters. A course may be challenged only once.

Individual departments may require students to enroll in courses they wish to challenge. The deadline for returning forms showing challenge results to the Office of the University Registrar, Student Services Counter, Lassen Hall.

**Other Conditions Governing Award of Credit by Examination**

1. A student may not challenge a course if the course (or its equivalent) appears on the student's transcript with any grade other than "W".
2. Credit will not be awarded for successful passage of any systemwide examination if the student has taken that examination previously within the past term. Campus examinations may only be attempted one time.
3. Credit will not be awarded when equivalent degree credit has been granted for regular coursework, credit by evaluation or other instructional process, such as correspondence, at any institution.
4. Credit will not be awarded when credit has been granted at a level more advanced than that represented by the examination in question.
5. Where there is partial overlap with prior credit granted, the amount of examination credit will be reduced accordingly.
6. The total amount of credit earned on the basis of externally or internally developed tests that may be applied to a baccalaureate degree will not exceed 30 semester units. Advanced Placement credit is excluded from the limit. Total examination credit earned toward a master's or doctoral degree may not exceed 6 units.
7. Credit earned by examination will be so identified on the student's permanent record. The name of the examination is included for systematic examinations; the course number and title will be shown for campus examinations. An unsuccessful challenge will result in a grade of "NC", also noted as "by examination".
8. Neither systemwide nor campus examination nor advanced placement examination credits count toward the degree residence requirement. Additional conditions affecting campus examinations only:
   a. Individual departments may require a specific grade point average for credit.
   b. Departments or divisions may have established limits on the number of credits within the area. A maximum of 12 units in any one foreign language may be earned by exam; the total of foreign language units earned by examination may not exceed 16.
   c. Credit awarded for campus examinations is for elective purposes unless approved by appropriate department chairs for use in meeting major or minor requirements. Credit by examination may not be used for General Education requirements except as noted.

**International Baccalaureate Examination**

**Sacramento State Equivalencies for International Baccalaureate (IB) Exams**

Sacramento State will accept credit for admissions and advanced standing credit for students completing the International Baccalaureate (IB), a college preparatory program. Advanced standing credit may be earned for scores of 4, 5, 6 or 7 for the “Higher Level”\(^1\) examination. Students will be obliged to submit a copy of their official IB transcript. See table for Sacramento State Equivalencies.

A minimum score of 5 is required on some Higher Level IB exams in order to receive credit. Please see the table below for specific information regarding exams; exams requiring a minimum score of 5 will be marked with an asterisk (*).

- Psychology

**Waiver of Regulations**

Rules and regulations in this catalog have been adopted by the faculty and administration to maintain appropriate academic standards and to facilitate the administration of the programs of the University. A student who finds that extenuating circumstances might justify the waiver of a particular regulation may file a petition with the Office of the University Registrar, Student Services Counter, Lassen Hall.
ADMISSION

Undergraduate Admissions (p. 40)  Graduate Admissions (p. 56)  International Admissions (p. 59)

Undergraduate Admissions

Application Information and Forms
Office of Admissions and Outreach
Lassen Hall - Room 1102
Office of Admissions and Outreach Website (https://www.csus.edu/apply/admissions/)

Requirements for admission to California State University, Sacramento are in accordance with Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Complete information is available on the California State University (CSU) website (http://www.calstate.edu/).

The Office of Admissions and Outreach provides prospective students with information about academic programs, admission requirements, and the application process.

All CSU applications must be submitted online (http://calstate.edu/apply/) on the Cal State Apply (http://www.calstate.edu/apply/) website. An acknowledgement will be sent to the applicant when the online application has been submitted.

Students who want to enroll for residence credit in either a fall or spring semester must file an application for admission. A student who has been in attendance at Sacramento State in either of the two preceding semesters is considered a continuing student and does not need to reapply or pay the $70 application fee. The application and fee are necessary when reentering California State University, Sacramento after an absence of two or more semesters, but are not required for students desiring to enroll only in Open University (https://cce.csus.edu/open-university/) or intersession.

Sacramento State Affirmative Action and Non-Discrimination Policy

Sacramento State seeks the participation in all its programs and activities, including admission and access, by all individuals without regard to race, color, religion, origin, age, sex, gender, gender identity/expression, sexual orientation, genetic information, medical condition, marital status, veteran status, or disability. Discrimination based on these factors is prohibited by University policy. Sacramento State has established nondiscrimination and affirmative action programs that conform to applicable federal statutes, as well as pertinent laws, regulations, and directives of the State of California. These statutes prohibit discrimination and harassment (including sexual harassment) against applicants, students, and employees. Sacramento State is committed to provide equal opportunities to all its students in all university programs, including intercollegiate athletics. William "Skip" Bishop, the Director of Equal Opportunity, has been designated to coordinate the efforts of Sacramento State to comply with all applicable federal and state laws prohibiting discrimination and harassment on these bases.

For further information, or should you feel that you have been discriminated against in any one of the areas mentioned, including

Social Security Number

Applicants are required to include their correct social security numbers in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109). The university uses the social security number to identify students and their records including identification for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service (IRS) requires the university to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

The student's social security number is not used as the individual identifier in all student records which may include:

1. application and admissions records,
2. registration records,
3. enrollment/transcript records,
4. financial aid records,
5. alumni records, and
6. records maintained by other University operated programs.

A student is assigned a unique Sacramento State ID upon submission of an application for admission to the University, which is used as the student identifier in all student records.

Such personally identifiable records are not shared or distributed to private individuals or agencies unless such sharing or distribution is authorized by the student or unless otherwise lawfully available. (See Appendix D).

Undergraduate Application Procedures

Prospective students applying for part-time or full-time undergraduate programs of study must submit a completed undergraduate application through Cal State Apply (https://www2.calstate.edu/apply/). The $70 nonrefundable application fee should be paid online at the time of application via credit card or PayPal and may not be transferred or used to apply to another term. Students who apply for admission through Cal State Apply are automatically considered for an application fee waiver. The application must be fully completed before application fee waiver eligibility is determined. The applications of persons denied admission to an impacted university may be redirected to another university at no cost, but only if the applicant is CSU eligible.

Importance of Filing Complete, Accurate, and Authentic Application Documents

Sacramento State advises prospective students that they must supply complete and accurate information on the application for admission, residency questionnaire, and financial aid forms. Further, applicants must, when requested, submit authentic and official transcripts of all Title IX, Section 504 of the Rehabilitation Act of 1973 and the provisions of the Americans with Disabilities Act of 1990, as amended, contact the Office for Equal Opportunity at (916) 278-5770, email (equalopportunity@csus.edu), or visit our website (https://www.csus.edu/diversity-inclusion/division-inclusive-excellence/of equal-equal-opportunity/).
previous academic work attempted. Failure to file complete, accurate, and authentic application documents may result in denial of admission, cancellation of registration or academic credit, suspension, or expulsion (Section 41301, Article 1.1, Title 5, California Code of Regulations).

Impacted Programs
The CSU designates programs as impacted when more applications from regularly eligible applicants are received in the initial filing period (October and November for fall terms, June for winter terms, August for spring terms, February for summer terms) than can be accommodated. Some programs are impacted at every university which they are offered; others are impacted only at a few universities. Candidates for admission must meet all of the university's specified supplementary admission criteria if applying to an impacted program or university.

The CSU will announce during the fall filing period those CSUs or programs that are impacted. Detailed information on university and program impaction is available on the Impaction at the CSU (http://www2.calstate.edu/attend/impaction-at-the-csu/) website.

Each university will communicate supplementary admission criteria for all impacted programs to high schools and community colleges in their application service area and will disseminate this information to the public through appropriate media. This information will also be published on the Sacramento State website and made available online (http://www.calstate.edu).

Applicants must file applications for admission to an impacted program during the initial filing period. Applicants who wish to be considered for impacted programs at more than one university should file an application at each university for which they seek admission consideration.

Supplementary Admission Criteria
Each university with impacted programs or class-level admission categories uses supplementary admission criteria in screening applicants. Supplementary criteria may include rank-ordering of freshman applicants based on the combination of student's "A-G" GPA and supplemental factors or rank-ordering of transfer applicants based on verification of the Associate in Arts for Transfer (AA-T) or Associate in Science Transfer (AS-T) degrees, the overall transfer grade point average (GPA), completion of specified prerequisite courses and a combination of university-developed criteria. Applicants for freshman admission to impacted universities or programs may need to have a higher "a-g" GPA. In no case will standardized test scores be utilized in making freshman admission decisions.

The supplementary admission criteria used by individual CSUs to screen applicants are made available by the universities to all applicants seeking admission to an impacted program.

Sacramento State Designated Impacted Programs
All undergraduate programs in Business have been officially designated as impacted programs on the Sacramento State university. Check with the Undergraduate Business Advising Center to confirm current criteria at (916) 278-3952.

See Academic Programs/Business (p. 358).

The upper division Clinical Nursing Program has been officially designated as an impacted program on the Sacramento State university. Check with the Division of Nursing to confirm current criteria at (916) 278-6525.

See Academic Programs/Nursing (p. 725).

The upper division Graphic Design program has officially designated as an impacted program on the Sacramento State university. Check with the Department of Design, (916) 278-3952, to confirm current criteria.

See Academic Programs/Graphic Design (p. 180).

All undergraduate programs in Criminal Justice have been officially designated as impacted programs on the Sacramento State university. Check with the Department of Criminal Justice to confirm current criteria at (916) 278-6487.

See Academic Programs/Criminal Justice (p. 683).

All undergraduate programs in Psychology have been officially designated as impacted programs on the Sacramento State university. Check with the Department of Psychology to confirm current criteria at (916) 278-6254.

See Academic Programs/Psychology (p. 1059).

All undergraduate programs in Public Health have been officially designated as impacted programs on the Sacramento State university. Check with the Department of Public Health to confirm current criteria at (916) 278-6441.

See Academic Programs/Public Health (p. 747).

In addition to the Business, Criminal Justice, Graphic Design, Health Science Psychology and Public Health programs, it is possible that any class level or program categories may be impacted if more applications are received in the initial filing period than can be accommodated by the University. Preapproved criteria are announced prior to the beginning of each application cycle. Admission criteria are subject to revision.

English Language Requirement
All undergraduate applicants whose native language is not English and who have not attended schools at the secondary level or above for at least three years full-time where English is the principal language of instruction must demonstrate English language proficiency through one of the following acceptable tests.

<table>
<thead>
<tr>
<th>Test</th>
<th>Undergraduate</th>
<th>Graduate</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOEFL (Test of English as a Foreign Language)</td>
<td>Score of 510 (paper based test)</td>
<td>Score of 550(^1) (paper based test)</td>
</tr>
<tr>
<td>TOEFL (Internet based test)</td>
<td>Score of 64</td>
<td>Score of 80(^1) (Internet based)</td>
</tr>
<tr>
<td>PTE Academic</td>
<td>Score of 50</td>
<td>Score of 65(^1)</td>
</tr>
<tr>
<td>IELTS (Academic)</td>
<td>Overall band score of 6.0</td>
<td>Overall band score of 6.5(^1)</td>
</tr>
<tr>
<td>DuoLingo</td>
<td>Score of 95</td>
<td>NA</td>
</tr>
</tbody>
</table>

Some majors and some CSUs may require a higher score. A few CSUs may also use alternative methods of assessing English fluency: Pearson Test of English Academic (PTE Academic), the International English Language Testing System (IELTS) and the International Test of English Proficiency (ITEP). Each university will post the tests it accepts on
its website and will notify students after they apply about the tests it accepts and when to submit scores.

CSU minimum TOEFL standards are:

<table>
<thead>
<tr>
<th>Level</th>
<th>Minimum Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate</td>
<td>61 - INTERNET, 500 - PAPER</td>
</tr>
<tr>
<td>Graduate</td>
<td>80 - INTERNET, 550 – PAPER</td>
</tr>
</tbody>
</table>

At the graduate level, a TOEFL score of 550 (or 80 internet based test) is required for admission for all students, with the following exceptions:

- Communication Studies,
- English,
- International Affairs,
- Speech Pathology and Audiology,
- Teaching English to Speakers of Other Languages (TESOL) require higher scores.

1 Note: Sacramento State interprets "where English was the principal language of instruction" to mean that a school is located in a country where English is the official language (the daily medium of communication of the majority of residents is English), and that the students receive academic instruction in all subjects (except foreign language courses) at all levels of education in English.

Returning Students

Sacramento State students are granted an automatic leave of absence for one semester. This leave maintains the continuous attendance status of the student with eligibility to register in the following semesters and holds the catalog that determines degree requirements.

Former Sacramento State students who have been absent for two or more semesters must apply for readmission. An application fee is charged. Following a mandatory interruption of one or more semesters, students who have left in a negative academic standing 1 may not be eligible to return until they complete additional coursework. Students who have been academically disqualified or dismissed must file an appeal for reinstatement/readmission. 2

1 Visit https://www.csus.edu/student-affairs/centers-programs/student-services-center/reinstatement.html for more information
2 See Academic Policies/Readmission of Academically Dismissed Student (p. 27)

Reservation

The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant's suitability and the best interests of the University.

Steps in the Application Process

Application Filing Periods

(Not all universities/programs are open for admission to every term.)

Sacramento State uses a semester-based academic calendar. The initial filing periods for applications are the previous October through November for fall semester and the previous August for spring semester. All applications received during the initial filing period will be given equal consideration within established enrollment categories and quotas.

Additional selection criteria may be used to select applicants if more applications are received during the initial filing period than can be accommodated in specific enrollment categories. If the university is designated an “impacted university,” supplemental criteria may be used to select applicants.

If any enrollment categories are not filled during the initial filing period, the University will continue to accept applications during an extended filing period until capacity is reached. Enrollment priorities within the extended period will be in chronological order of receipt of applications.

<table>
<thead>
<tr>
<th>Term</th>
<th>Applications First Accepted</th>
<th>Initial Filing Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester</td>
<td>October 1</td>
<td>October 1 - November 30</td>
</tr>
<tr>
<td>Spring Semester</td>
<td>August 1</td>
<td>August 1 - 31</td>
</tr>
</tbody>
</table>

Filing Period Duration

Each non-impacted university accepts applications until capacities are reached. Many universities limit undergraduate admission in an enrollment category due to overall enrollment limits. If applying after the initial filing period, consult the university admissions office for current information.

Application Acknowledgment

On-time applicants may expect to receive an acknowledgment from the universities to which they have applied within two to four weeks of filing the application. The notice may also include a request that applicants submit additional records necessary to evaluate academic qualifications. Applicants may be assured of admission if the evaluation of relevant qualifications indicates that applicants meet CSU admission requirements, and in the case of admission impaction, supplemental criteria for admission to an impacted program. Unless specific written approval/confirmation is received, an offer of admission is not transferable to another term or to another university.

Transcript and Test Score Requirements (Note: For Fall 2021 and Fall 2022 admission, test score requirements have been suspended)

Undergraduate students are required to comply with the following transcript and test score requirements as part of the application procedures for admission. Applicants project their class level as of the date of intended initial enrollment.

- Applicants with No College Units:
  Transcripts: One from high school showing final senior grades and date of graduation. Tests: Either ACT or SAT score.
- Applicants with Fewer Than 60 Semester Units:
  Sacramento State is not accepting applications from lower division transfer applicants with fewer than 60 transferable units.
- Applicants with 60 or More Transferable Semester Units:
  Transcripts: One official copy of final record from each college attended; one showing work-in-progress if currently enrolled.
- Returning Students:
  Transcripts: One official copy of final record from each college attended since last enrollment at Sacramento State; one showing work in progress if currently enrolled.

All transcripts become the property of the University and will not be released or copied. Processing of applications cannot be guaranteed unless all required documents and test scores are received during the
applicants who would be faced with extreme hardship if not admitted. Petitioners should write to the university Admission Offices regarding specific policies governing hardship admission.

Appeal of Admission Decision

Section 89030.7 of the California Education Code requires that the CSU establishes specific requirements for appeal procedures for a denial of admission. Each CSU university must publish appeal procedures for applicants denied admission to the University. The procedure is limited to addressing university decisions to deny an applicant admission to the University.

Admissions appeal procedures must address the basis for appeals, provide 15 business days for an applicant to submit an appeal, stipulate a maximum of one appeal per academic term, provide specific contact information for the individual or office to which the appeal should be submitted, and indicate a time estimate for when the university expects to respond to an appeal. The appeal procedures must be included in all denial of admission notifications to students, and must also be published on the university website.

Visit the "Admission Appeals" link at the Office of Admissions and Outreach website (https://www.csus.edu/apply/admissions/application-process/appeals.html) for more information.

Freshman Requirements

Office of Admissions and Outreach
Lassen Hall Lobby - Room 1102
Office of Admissions and Outreach Website (https://www.csus.edu/apply/admissions/)

Generally, applicants will qualify for consideration for first-time freshman admission if they meet the following requirements:

1. Have graduated from high school, have earned a Certificate of General Education Development (GED) or have passed the California High School Proficiency Examination (CHSPE);
2. Complete the 15-unit comprehensive "a-g" pattern of college preparatory courses;
3. Have completed, with grades of C- or better, each of the courses in the comprehensive pattern of college preparatory subject requirements also known as the "a-g" pattern (see "Subject Requirements"); and
   • The CSU will accept "Credit" or "Pass" grades to satisfy "a-g" requirements completed during Winter, Spring, Summer or Fall 2020 terms and during Winter, Spring or Summer 2021 terms. The CSU expects and assumes that high school Pass (Credit) grades will represent work completed at the C- or higher level. Beginning Fall 2021 and forward, grades are expected for courses.
4. Earn a qualifying "a-g" grade point average (GPA) as described below.
   • California residents and graduates of California high schools will be eligible for admission by earning a 2.50 or greater "a-g" GPA.
   • Any California high school graduate or resident of California earning a GPA between 2.00 and 2.49 may be evaluated for admission based upon supplemental factors such as number of courses exceeding minimum "a-g" requirements, household income, extracurricular involvement, and other available information that would inform the university admission decision.
   • Non-California residents may be eligible for admission to the CSU by earning a 3.00 or greater "a-g" GPA along with other supplemental factors utilized by the individual university, including those outlined by impacted universities and programs.
   • Any Non-California resident earning a GPA between 2.47 and 2.99 may be evaluated for admission based upon supplemental factors such as number of courses exceeding minimum "a-g" requirements, household income, extracurricular involvement, and other available information that would inform the university admission decision.
5. Each CSU university will determine the supplemental factors used with GPA to determine eligibility in these cases and communicate these criteria publicly for prospective students.

The California State University (CSU) has permanently discontinued the use of ACT/SAT examinations in determining admission eligibility. Submitted test scores by admitted students would be considered only for purposes of student placement in Math or English courses.

1 The use of the admission eligibility index has been suspended for Fall 2021 and Fall 2022 admission. See https://www.csus.edu/apply/admissions/application-process/freshman-process.html

Honors Courses

Up to eight semesters of approved honors courses taken in the last two years of high school including up to two approved courses taken in the tenth grade, can be accepted toward students' high school GPA (see "Eligibility Index"). Each unit (one year) of grade "A" in an honors course will receive 5 points; grade "B," 4 points; and grade "C," 3 points.

Subject Requirements

The CSU requires that first-time freshman applicants complete, with grades of "C-" or better, a comprehensive pattern of college preparatory study totaling 15 units (a "unit" is one year of study in high school).

• 2 years of social science, including 1 year of U.S. history, or U.S. history and government
• 4 years of English
• 3 years of math (algebra, geometry, and intermediate algebra; four years recommended)
• 2 years of laboratory science (1 biological and 1 physical, both must have laboratory instruction)
• 2 years in the same foreign language (subject to waiver for applicants demonstrating equivalent competence)
• 1 year of visual and performing arts: art, dance, drama/theater, or music
• 1 year of electives: selected from English, advanced mathematics, social science, history, laboratory science, foreign language, visual and performing arts or other courses approved and included on the UC/CSU "a-g" list.

Note: All admission requirements (i.e., grade point average, test scores, and subjects) must be completed by the end of the spring term for a fall enrollment and the end of summer for a spring enrollment.

**Advanced Placement (AP) Exams and Advanced Standing Credit**

Sacramento State grants credit toward its undergraduate degrees for successful completion of examinations of the Advanced Placement Program of the College Board.

- Students may be granted up to 6 units for each Advanced Placement (AP) examination for which a score of 3, 4, or 5 is earned.
- Transferable college courses completed as a high school student will be evaluated for possible college credit upon receipt of an official college transcript. For the Official Transfer Evaluations click here (p. 27).

**Foreign Language Subject Requirements**
The foreign language subject requirement may be satisfied by applicants who demonstrate competence in a language other than English equivalent to or higher than expected of students who complete two years of foreign language study. Consult with a school counselor or any CSU admissions office for information.

**International Baccalaureate (IB)**
Sacramento State recognizes completion of the International Baccalaureate (IB) program as satisfying the college preparatory subject requirements for admission. The applicant’s high school GPA and score on the ACT or SAT will also be used in determining eligibility for admission.

1. See Academic Policies/Credit by Examination/Sacramento State Equivalencies for IB Exams (p. 27).

**Eligibility Index**

Eligibility Index – The eligibility index is the combination of the high school GPA and scores on either the ACT or the SAT. GPA is based on grades earned in courses taken during the final three years of high school. Included in the calculation of GPA are grades earned in all college preparatory “a-g” subject requirements and bonus points for approved honors courses. Up to eight semesters of honors courses taken in the last three years of high school, including up to two approved courses taken in the tenth grade can be accepted. Each unit of A in an honors course will receive a total of 5 points; B, 4 points; and C, 3 points.

A CSU eligibility index can be calculated by multiplying a GPA by 800 and adding the total score on the SAT exam (Mathematics and Evidence-Based Reading and Writing). For students who took the ACT, multiply the GPA by 200 and add 10 times the ACT composite score. Persons who are California high school graduates (or residents of California for tuition purposes) need a minimum index of 2950 or 694 using the ACT. The Eligibility Index Table illustrates several combinations of required test scores and averages. The university has no current plans to include the writing scores from either of the admissions tests in the computation of the CSU eligibility index.

Persons who neither graduated from a California high school nor are a resident of California for tuition purposes need a minimum index of 3570 or 842 using the ACT. Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section. An applicant with a grade point average of 3.00 or above (3.61 for nonresidents) is not required to submit test scores. However, all applicants for admission are urged to take the SAT or ACT and provide the scores of such tests to each CSU university to which they seek admission. Universities use these test results for advising and placement purposes and may require them for admission to impacted majors or programs. Impacted CSU universities require SAT or ACT scores of all applicants for freshman admission.

Registration forms and the dates for either test may be obtained from school or college counselors or from a university Testing Office. Testing information is also available at the Sacramento State Testing website (https://www.csus.edu/student-affairs/centers-programs/testing-center/), or by writing to:

College Board (SAT)
Registration Unit, Box 6200
Princeton, New Jersey 08541-6200
(609) 771-7600
College Board Website (http://www.collegeboard.org)

American College Testing Program (ACT)
Registration Unit, P.O. Box 414
Iowa City, Iowa 52243
(319) 337-1270
ACT Website (http://www.act.org)

1. The use of the admission eligibility index has been suspended for Fall 2021 and Fall 2022 admission. See https://www.csus.edu/apply/admissions/application-process/freshman-process.html

Applicants will qualify for regular (non-provisional) admission when the University verifies that they have graduated and received a diploma from high school, have a qualifiable minimum eligibility index, have completed the comprehensive pattern of college preparatory “a-g” subjects, and, if applying to an impacted program or university, have met all supplementary criteria.

Graduates of secondary schools in foreign countries will be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

Refer to Application to Sacramento State/Undergraduate/Impacted Programs (p. 27).

**Eligibility Index Table for California High School Graduates or Residents of California**

A GPA of 3.00 and above qualifies for any score in ACT or SAT.¹

ACT - A GPA below 2.45 does not qualify for admission

SAT - A GPA below 2.47 does not qualify for admission

1 For admission purposes, the CSU uses only the new SAT scores for mathematics and evidence based on reading and writing.

**Subject Requirements Substitution for Students with Disabilities**

Applicants with disabilities are strongly encouraged to complete college preparatory course requirements if at all possible. If an applicant is judged unable to fulfill a specific course requirement because of his or her disability, alternate college preparatory courses may be substituted for specific subject requirements.

Substitutions may be authorized on an individual basis after review and recommendation by the applicant’s academic advisor or guidance counselor in consultation with the director of a CSU disabled student services program. Although the distribution may be slightly different from the course pattern required of other students, students qualifying for substitutions will still be held accountable for 15 units of college preparatory study.

Students should be aware that course substitutions might limit later enrollment in certain majors, particularly those involving mathematics. For further information and substitution forms, please call the director of disabled student services at the nearest CSU university.

**Provisional Admission**

Sacramento State may provisionally admit first-time freshman applicants based on their academic preparation through the junior year of high school and planned coursework for the senior year. The university will monitor the final terms of study to ensure that admitted students complete their secondary school studies satisfactorily, including the required college preparatory subjects, and graduate from high school. Students are required to submit an official transcript after graduation to certify that all coursework has been satisfactorily completed. Official high school transcripts must be received prior to the deadline set by the university. In no case may documentation of high school graduation be received any later than the census date for a student’s first term of CSU enrollment. A CSU may rescind admission decisions, cancel financial aid awards, withdraw housing contracts and cancel any university registration for students who are found to be ineligible after the final transcript has been evaluated.

Applicants will qualify for regular (non-provisional) admission when the university verifies that they have graduated and received a high school diploma, have earned a qualifiable minimum eligibility index, have completed the comprehensive pattern of college preparatory “a-g”
subjects and, if applying to an impacted program or university, have met all supplementary criteria.

**Special Categories**

**Educational Opportunity Program**

EOP, a special admission and support program for students who possess the potential and motivation to succeed, is designed to improve access and retention of low-income and educationally disadvantaged students among California residents who wish to pursue a college education.\(^1\)

1. See Centers for Academic Support/EOP (https://catalog.csus.edu/academic-support-services/).

**Veterans**

See the Veterans Success Center website (https://www.csus.edu/student-affairs/centers-programs/veterans-success-center/).

**High School Students**

Office of Admissions and Outreach  
Lassen Hall 1102

High school students may be considered for enrollment in certain special programs if recommended by the principal and the appropriate university department chair and if preparation is equivalent to that required of eligible California high school graduates. Such admission is only for a given specific program and does not constitute a right to continued enrollment.

These programs include:

1. Accelerated College Entrance (ACE) for talented students who can benefit from accelerated academic studies, available by phone at (916) 278-7032;
2. Capitol Center MESA for underrepresented students in CSU mathematics, engineering, and science programs, available by phone at (916) 278-6699.

Students accepted into these programs qualify for reduced fees.

High school students other than those accepted into the above programs may also enroll concurrently in college courses without fee reduction upon approval of parents, high school principal, and appropriate Sacramento State academic department chairs.

**Applicants Not Regularly Eligible**

Applicants not admissible under one of the above provisions should enroll at a community college or another appropriate institution in preparatory courses to meet eligibility requirements. Only under the most unusual circumstances and only by special action will such applicants be admitted to Sacramento State.

**Admissions Appeal** - Section 89030.7 of the California Education Code requires that the California State University establishes specific requirements for appeal procedures for a denial of admission. Each CSU university must publish appeal procedures for applicants denied admission to the University. The procedure is limited to addressing university decisions to deny an applicant admission to the University.

Admissions appeal procedures must address the basis for appeals, provide 15 business days for an applicant to submit an appeal, stipulate a maximum of one appeal per academic term, provide specific contact information for the individual or office to which the appeal should be submitted, and indicate a time estimate for when the university expects to respond to an appeal. The appeal procedures must be included in all denial of admission notifications to students, and must also be published on the university website. Visit the "After Admission decisions are made link at the Admissions and Outreach website (https://www.csus.edu/apply/admissions/application-process/) for more information.

**Reservation**

The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant’s suitability and the best interests of the University.

**Transfer Student Preparation**

Prospective transfer students may obtain general information on Sacramento State educational opportunities and matriculation procedures from Sacramento State admission and outreach representatives at California community college transfer day and regional college night programs. Representatives are also available at selected transfer centers on a regular basis to provide specific information on CSU matriculation procedures, eligibility for admission, and evaluation of credit. Prospective students who don’t have access to a transfer center can schedule an appointment with an admission counselor for a pre-admission advising session. Applicants should bring unofficial transcripts to these sessions. Contact the Office of Admissions & Outreach for admission counseling hours and availability.

To make an appointment with academic department faculty to discuss academic program requirements and career alternatives, prospective students should call the relevant department office.

Hour-long student-led weekday university tours are scheduled one week in advance for small and large groups. To schedule a tour on line visit the university Tours website (https://www.csus.edu/experience/visit/campus-tours/).

**Acceptance of Transfer Courses**

Sacramento State annually enrolls more than 5,000 new transfer students from more than 300 different colleges and universities, mostly California community colleges.

Frequently, course titles and numbers differ from university to university, making it difficult for transfer students to know in advance which courses will be accepted for transfer to another college. In order to provide students with the assurance that courses taken at their university prior to transfer will meet Sacramento State lower-division requirements for either General Education or a specific major, three methods of prior approval exist.

**General Education Courses**

The CSU system has authorized California community colleges and other approved colleges to designate “transferable” courses planned for use in a four-year baccalaureate program. In addition, they have jointly designated courses that may be used to certify a portion of the CSU General Education objectives to a maximum of 39 semester units. Sacramento State will apply courses completed at a California community college toward the CSU General Education objectives as listed on the community college certification form.
Students may have their lower division General Education courses certified by a California community college as meeting either the CSU GE Breadth Requirements or the Intersegmental General Education Transfer Core Curriculum (IGETC) in partial completion of the General Education requirements for the baccalaureate degree.¹

Upon matriculation, the Degree Evaluations Office will review courses completed at non-CSU colleges and universities; credit will be granted toward the Sacramento State General Education requirements in compliance with applicable CSU system, Sacramento State, and academic department policies.

¹ See General Education Policies/Transfer Students (https://catalog.csus.edu/baccalaureate-degree-requirements/).

Lower Division Major Prerequisites
Sacramento State also has developed an extensive program of major preparation agreements called “Articulation” or “Transfer Credit Agreements.” These are official documents prepared by Sacramento State faculty who carefully review coursework at other institutions and identify courses at those universities that would be acceptable in lieu of Sacramento State courses. Students who take these courses can be assured they will receive credit toward their academic major at Sacramento State.

Articulation Agreements
Sacramento State has thousands of Articulation Agreements with community colleges and four-year institutions throughout the state. These Articulation Agreements are widely distributed and should be readily available to students at their home university Counseling Centers or online at www.assist.org (https://assist.org/).

Transfer Centers
University representatives staffing Transfer Centers on community college universities advise community college students on transfer issues, providing an excellent resource for prospective transfer students.

Transfer Student Assistance
Students may receive assistance in transferring to Sacramento State through the Transfer Centers at the following universities:

- American River College (916) 484-8685
- Cosumnes River College (916) 691-7456
- Folsom Lake College (916) 608-6510
- Napa Valley College (707) 253-3115
- Sacramento City College (916) 558-2181
- San Joaquin Delta College (209) 954-5634
- Santa Rosa Junior College (707) 527-4874
- Sierra College (916) 660-7441
- Solano College (707) 864-7158
- Yuba College (530) 741-6790

Undergraduate Transfer Admission Requirements
Transfer Policies of California State University
Most commonly, college-level credits earned from an institution of higher education accredited by a regional accrediting agency are accepted for transfer to member universities of the CSU; However, authority for decisions regarding the transfer of undergraduate credits is delegated to each university.

California Community Colleges and other authorized certifying institutions can certify up to 39 semester (58.5 quarter) units of General Education-Breadth (GE-Breadth) or 37 semester (55.5 quarter) units of the Intersegmental General Education Transfer Curriculum (IGETC) for transfer students to fulfill lower-division general education requirements for any CSU prior to transfer.

"Certification" is the official notification from a California Community College or authorized institution that a transfer student has completed courses fulfilling lower-division general education requirements. The CSU GE-Breadth and the Intersegmental General Education Transfer Curriculum (IGETC) certification course lists for particular community colleges can be accessed on the official transfer and articulation system for California’s public colleges and universities website, assist.org (https://assist.org/).

CSUs may enter into course-to-course or program-to-program articulation agreements with other CSUs, any or all of the California community colleges and other regionally accredited institutions. Established CSU and CCC articulations may be found on assist.org (https://assist.org/). Students may be permitted to transfer no more than 70 semester (105 quarter) units to a CSU from an institution which does not offer bachelor’s degrees or their equivalents, for example, community colleges. Given the university’s 30-semester (45-quarter) unit residency requirement, no more than a total of 90 semester (135 quarter) units may be transferred into the university from all sources.

Transfer Requirements
Applicants who have completed fewer than 60 transferable semester college units (fewer than 90 quarter units) are considered lower-division transfer students. Applicants who have completed 60 or more transferable semester college units (90 or more quarter units) are considered upper-division transfer students. Applicants who complete college units during high school or through the summer immediately following high school graduation are considered first-time freshmen and must meet the CSU minimum eligibility requirements for first-time freshman admission. Transferable courses are those designated for baccalaureate credit by the college or university offering the courses and accepted as such by the university to which the applicant seeks admission.

Lower Division Transfers Requirements
Due to increased enrollment demands, some CSUs do not admit lower-division transfer applicants. Students are advised to check the rSPFYpective university they are interested in to see if lower division transfer applications are accepted.

An applicant who completes fewer than 60 semester (90 quarter) units of college credit is considered a lower-division transfer student. Due to enrollment pressures, most CSUs do not admit lower-division transfers so that more upper-division transfers can be accommodated.

Having fewer than 60 semester (90 quarter) units at the point of transfer may affect eligibility for registration priority at a CSU university; and may affect the student’s financial aid status.

California resident transfer applicants with fewer than 60 semester or 90 quarter units must:
- Have a cumulative grade point average of 2.0 (C) or better in all transferable units attempted;
- Have completed, with a grade of C- or better, a course in written communication and a course in mathematics or quantitative
reasoning at a level satisfying CSU General Education Breadth Area A2 and B4 requirements; rSPFYtective;
  • Be in good standing at the last institution attended; and
  • Meet any one of the following eligibility standards.

**Transfer Based on Current Admission Criteria**

The applicant meets the freshman admission requirements in effect for the term for which the application is filed; - OR -

**Transfer Based on High School Eligibility**

The applicant was eligible as a freshman at the time of high school graduation and has been in continuous attendance in an accredited college since high school graduation; - OR -

**Transfer Based on Making Up Missing Subjects**

The applicant had a qualifiable eligibility index at the time of high school graduation (combination of GPA and test scores if needed), has made up any missing college preparatory subject requirements with a grade of C- or better, and has been in continuous attendance in an accredited college since high school graduation. One baccalaureate-level course of at least 3 semester (4 quarter) units is usually considered equivalent to one year of high school study.

(Note: Some CSUs may require lower-division transfer students to complete specific college coursework, for example the four basic skill courses, as part of their admission criteria.)

**Upper Division Transfers Requirements**

Generally, applicants will qualify for consideration for upper-division transfer admission if they meet all of the following requirements:

1. Cumulative grade point average of at least 2.0 in all transferable units attempted;
2. In good standing at the last college or university attended; and
3. Completed at least sixty (60) transferable semester (90 quarter) units of college level coursework with a grade point average of 2.0 or higher and a grade of C- or better in each course used to meet the CSU general education requirements in written communication, oral communication, critical thinking, and quantitative reasoning, e.g. mathematics.

The 60 units must include at least 30 units of courses that meet CSU general education requirements, including all of the general education requirements in communication in the English language (both oral and written) and critical thinking and the requirement in mathematics/quantitative reasoning (usually 3 semester units) or the Intersegmental General Education Transfer Curriculum (IGETC) requirements in English communication and mathematical concepts and quantitative reasoning.

**Associate Degrees for Transfer (AA-T or AS-T)**

The Associate in Arts for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) degrees offered at the California Community Colleges (CCC) are designed to provide a California community college student the optimum transfer preparation and a clear admission pathway to the CSU degree majors.

CCC students who earn an Associate Degree for Transfer (AA-T or AS-T) are guaranteed admission with junior standing to a CSU and given priority admission consideration over other transfer applicants when applying to a local CSU or non-impacted CSU program. AA-T or AS-T admission applicants are given limited priority consideration based on their eligibility ranking to an impacted university/program or to CSUs/programs that have been deemed similar to the degree completed at the community college. Students who have completed an AA-T/AS-T in a program deemed similar to a CSU major are able to complete remaining requirements for graduation within 60 semester (90 quarter) units. It is the rSPFYtobility of the student who has earned an AA-T/AS-T to provide documentation of the degree to the CSU. For the admissions process, students are rSPFYtobility for working with their community college counselors to complete verification of AA-T or AS-T degree progress through the e-verify process within the established university deadlines.

**Provisional Admission**

Sacramento State may provisionally or conditionally admit transfer applicants based on their academic preparation and courses planned for completion. The university will monitor the final terms to ensure that those admitted complete all required courses satisfactorily. All accepted applicants are required to submit an official transcript of all college-level work completed. CSUs may rescind admission for any student who is found to be ineligible after the final transcript has been evaluated. In no case may such documents be received and validated by the university any later than a student’s registration for their second term of CSU enrollment.

**Local Area for Admission**

First-year freshmen applicants who graduate from high school in one of the following counties are considered in Sacramento State's local admission area: Sacramento, El Dorado, Nevada, Placer, San Joaquin, Solano or Yolo.

Transfer applicants transferring with the majority of units from one of the following community colleges are considered in Sacramento State’s local admission area: American River, Cosumnes River, Folsom Lake, Lake Tahoe, Sacramento City, Sierra, San Joaquin Delta, Solano, Woodland or Yuba.

Applicants from the local admission area who meet minimum admission eligibility requirements will be offered admission to the university. However, they may not be admitted to the major of their choice due to impaction.

**Wait List**

For application terms for which the number of eligible applicants for admission exceeds enrollment capacity, a waitlist will be established. Students who accept the offer to remain on the admission waitlist will be notified of an admission decision as space becomes available.

**Special Admission Categories 1**

1 Refer to Admission to Sacramento State (p. 27)/Special Categories.
Veterans also refer to Application to Sacramento State/CSU Impacted Programs/Supplemental Criteria.

**Admission of Auditors for Undergraduate Courses**

Admission as auditor may be restricted during periods of over-enrollment. Applicants may check with the Office of Admissions and Outreach or the Office of the University Registrar.

**Impacted Programs**

To obtain the most current information on impacted programs and supplemental criteria, refer to https://www.csus.edu/apply/admissions/application-process/impaction.html.
Catalog Rights for Degree Requirements

Transfer students may choose Sacramento State requirements in effect
1. at the time they began their college study at a California community college or a CSU,
2. at the time they entered Sacramento State, or
3. at the time they graduate from Sacramento State, provided they maintain attendance in college.¹

¹ See Degree Requirements (p. 27)/Catalog Rights.

Reservation

The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant’s suitability and the best interests of the University.

Evaluation of Transfer Credit

Allowance of Transfer Credit from Accredited Colleges and Universities

Generally, students will be granted credit for baccalaureate level courses successfully completed at regionally accredited two or four-year colleges. All courses, except remedial, are accepted for degree credit from institutions awarding four-year degrees. Credit is reviewed by the Degree Evaluations Office and is granted in compliance with applicable national, state, Title 5, CSU system, and University policies and procedures. Such credit may be applied toward fulfillment of major, minor, or general education requirements when applicable; other courses may count as elective credit toward the baccalaureate degree. This credit will be listed in summary form on the Sacramento State transcript of academic record.

Transfer credit generally is not posted to the Sacramento State transcript of post-baccalaureate students, including those seeking a Second Bachelor's degree. Check with the Office of Graduate Studies ((916) 278-6470) for exceptions.

Advanced Placement Examinations

Sacramento State grants credit toward its undergraduate degrees for successful completion of examinations of the Advanced Placement Program of the College Board. Students who present scores of three or better will be granted up to six semester units of college credit.

Credit For Instruction in Non-Collegiate Instruction

Office of the Registrar
Degree Evaluations
Lassen Hall 2000
(916) 278-4862

Sacramento State grants undergraduate degree credit for successful completion of non-collegiate instruction, either military or civilian, appropriate to the baccalaureate degree, which has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education. The numbers of units allowed are those recommended in the Guide to the Evaluation of Educational Experience in the Armed Services and the National Guide to Educational Credit for Training Programs.

Credit For Prior Learning

College of Social Sciences and Interdisciplinary Studies
Amador Hall 255
(916) 278-6504

Sacramento State grants up to six units of credit for learning, knowledge, or skills-based experience that has been documented and evaluated.
according to university policy. Students should be aware, however, that policies for earning credit for prior learning vary from university to university in the CSU.

**Transfer Credit From Overseas Institutions**

Credit is granted from recognized overseas institutions. Awarding of advanced standing varies depending on the educational system of the country. Certified copies of transcripts and degrees must be submitted in English translation. Sacramento State students who plan to study abroad through independent programs, CSU International Programs or through Sacramento State partnerships should contact International Programs and Global Engagement for information.

**Nontraditional Credits**

Sacramento State allows the following degree credit, based on evaluation of nontraditional academic experiences and/or examinations to apply toward the baccalaureate degree:

1. Baccalaureate-level course credit certified by the Defense Activities in Nontraditional Education Support (DANTES). The amount of credit is limited to 24 semester units, the limit on the number of extension/correspondence course units that can be applied toward the degree.

2. Standardized examinations designated for system-wide credit by the Chancellor of the California State University. The names of these examinations, the passing scores required, and the number of semester units to be awarded is listed under system wide Credit by Examination. The total amount of examination credit applied to the baccalaureate degree cannot exceed 30 semester units.

3. The Advanced Placement Examinations of the College Entrance Examination Board on which the student receives a score of 3, 4, or 5. Up to six semester units may be awarded for each Advanced Placement Examination passed.

4. Credit for basic training and commissions in the military service. The American Council on Education’s Commission on Education Credit and Credentials recommends the number of units allowed for each branch.

5. Commissions held while in the military service: 12 upper division units.

6. Civilian and military courses and schools recommended for credit by the American Council on Education’s Commission on Education Credit and Credentials.

See Academic Policies (p. 27)/system wide Credit by Examination.

**Additional Degree Credits Allowed**

1. Credit for selected vocational/technical courses applicable to Construction Management and/or Mechanical Engineering Technology programs.

2. Transfer credit from provisionally accredited colleges may be granted upon completion of 24 residence units with a "C" grade point average at Sacramento State. Credits granted would normally be in course areas commonly taught in four-year baccalaureate degree programs. Credit is granted only for courses in which at least "C" grades are earned. No credit will be granted for courses in religion, education, psychology, or philosophy if completed at a sectarian college. Credit may be restricted when the institution is specialized, e.g., offering only one or a small number of related programs. Credit to be used toward the student’s major or minor must receive the recommendation of the appropriate department. Students who have attended institutions that are listed as business schools only may receive credit through challenge examination.

**Limitations on the Transfer of Credit**

Unit limitations apply to specific categories of credit that may be used to meet baccalaureate degree requirements:

1. A maximum of 70 hours transferred from two-year or community Colleges.

2. A maximum of 30 hours of examination credit.

3. A maximum of 24 hours in extension and correspondence course units that can be applied toward the degree.

4. A maximum of 30 hours of any combination of correspondence course units that can be applied toward the degree.

5. A maximum of 24 units in Special Sessions.

**Transfer Grade Policies**

Sacramento State utilizes the following policies in evaluating grades earned in courses accepted for transfer:

1. The grading policy of the regionally accredited institution where credit was earned is honored by accepting at face value all official transcript entries, including those:
   a. reflecting academic forgiveness actions;
   b. reflecting acceptance of grade point remediation for repeated courses; and
   c. regarding “incomplete” grades (e.g., “I”, “IS”, and “IU”).

2. All transfer courses graded Pass/No Pass or Credit/No Credit are computed at neutral value, except in those cases where the specific grading symbol is identified by the source institution as equivalent to a grade less than “C” in which case it will be taken at face value.

3. All transfer course grades or symbols used to designate unsatisfactory, failing, or non-passing work at time of withdrawal such as “UW”, “WU”, or “WF” are evaluated as failing grades “F” unless otherwise defined by the source institution.

**Official Transfer Evaluations**

Office of the University Registrar
Lassen Hall 1000
(916) 278-1000

The Office of the University Registrar will prepare an official transfer credit evaluation summarizing prior college credit and indicating Sacramento State General Education requirements met. Students may access their Transfer Credit Evaluation through their MySacState account.

Questions about the evaluation can be discussed with the Student Services Center, Lassen 1000 or by calling the Help Line at (916) 278-1000.

**Placement Measures for First-Year GE Written Communication and Mathematics/Quantitative Reasoning Courses**

Freshman skills assessment and placement for general education written communication and mathematics/quantitative reasoning shall be based on systemwide skills assessment standards that include the Early Assessment Program/ Smarter Balanced Achievement Levels, ACT
scores and/or SAT scores, high school coursework, high school GPA and math GPA.

Skills assessments are not a condition for admission to the CSU; they are a condition of enrollment.

These skills assessments are designed to inform entering freshmen of placement in appropriate baccalaureate-level courses based on their skills and needs.

First-time freshmen in need of support as determined by the skills assessment will be placed in supported instruction. Supported instruction is designed to assist students in credit bearing courses. Students may also be required to participate in the Supportive Pathways for First-Year Students Program.

The Supportive Pathways for First-Year Students Programs offers pathways and academic and social support that align with each incoming student’s needs. The programs’ goal is to ensure that first time students successfully complete the General Education (GE) written communication (A2) and math/quantitative reasoning (B4) requirements within their first year.

Assessments and Placement for GE Written Communications Has Fulfilled the GE Sub-area A2 English Requirement

The student has met the requirement via completion of one of the following:

Advanced Placement (AP) Test
• 3 or above on AP English Language and Composition
• 3 or above on AP English Literature and Composition

College Transfer Coursework
• Completed approved college course that satisfies CSU GE Area A2 (written communication) with a grade of C- or better

Placement in a GE Sub-area A2 English Course
The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

English CAASPP/EAP Test:
• Standard Exceeded
• Standard Met and completed 12th grade approved year-long English course (CSU ERWC, AP, Weighted Honors English) with grade of C- or better

SAT Evidence-Based Reading and Writing Test:
• 550 or above
• 510 – 540 and completed 12th grade approved year-long English course (CSU ERWC, AP, Weighted Honors English) with grade of C- or better English

ACT Test:
• 22 or higher
• 19-21 and completed 12th grade approved year-long English course (CSU ERWC, AP, Weighted Honors English) with grade of C- or better English

High School Courses and GPA:
• Weighted GPA 3.3 or above
• GPA 3.0 or above and completed approved 12 grade year-long English course (AP, CSU ERWC, Weighted Honors English)
• GPA 3.0 or above and completed Honors English
• GPA 3.0 or above and 5 or more years of high school English

Placement in a Supported GE Sub-area A2 English Course
The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

SAT Evidence-Based Reading and Writing Test:
• 510 – 540 and 4 or more years of high school English

ACT Test:
• 19-21 and 4 or more years of high school English

High School Courses and GPA:
• Weighted GPA 3.0 or above and 4 or more years of high school English

Placement in a Supported GE Sub-area A2 English Course and Participation in the Supportive Pathways for First-Year Students Program Required
Based on multiple measures evaluation, student needs additional academic support including participation in the Supportive Pathways for First-Year Students Program. Visit the Supportive Pathways for First-Year Students Page to learn about the Supportive Pathways for First-Year Students Program.

Assessments and Placement for GE Mathematics/Quantitative Reasoning: Non-Math Intensive Majors (Algebra and Statistics Disciplines, Non-STEM and Undecided Majors)

Has Fulfilled the GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met the requirement via completion of one of the following:

Advanced Placement (AP) Test:
• 3 or above on AP Calculus AB
• 3 or above on AP Calculus BC
• 3 or above on AP Statistics
• 3 or above on AP Computer Science Principles

International Baccalaureate (IB) Test:
• 4 or above on Math Higher Level (HL)

College Level Examination Program (CLEP):
• 50 or above on: Calculus, College Algebra, College Algebra-Trigonometry, Pre-Calculus or Trigonometry

College Transfer Coursework:
• Completed math/quantitative reasoning college course with a C- or better that satisfies CSU GE Area B4
Placement in a GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met examination standards and/or multiple measures-informed standards via one of the following criteria:

CAASPP/EAP Math Exam:
- Standard Exceeded
- Standard Met and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better
- Standard Met and 4 or more years of high school math or quantitative reasoning

SAT Math Test1:
- 570 or above
- 550 or above on Subject Test in Math Level 1 or 2
- 520 – 560 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

ACT Math Test:
- 23 or above
- 20-22 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better
- SAT score conversion for scores prior to March 2016 (old SAT) (https://collegereadiness.collegeboard.org/sat-scoring-before-march-2016/)

High School Courses and GPA:
- Weighted math GPA 3.0 or above and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better
- Weighted math GPA 3.0 or above and 5 or more years of high school math or quantitative reasoning
- Weighted high school GPA 3.7 or above
- Weighted high school GPA 3.5 or above and 4 or more years of high school math or quantitative reasoning

Placement in a Supported GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

CAASPP/EAP Math Exam:
- Standard Exceeded
- Standard Met and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better
- Standard Met and 4 or more years of high school math or quantitative reasoning

SAT Math Test1:
- 570 or above
- 550 or above on Subject Test in Math Level 1 or 2
- 520 – 560 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

ACT Math Test:
- 23 or above
- 20-22 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

Placement in a GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met examination standards and/or multiple measures-informed standards via one of the following:

Advanced Placement (AP) Test:
- 3 or above on AP Calculus AB
- 3 or above on AP Calculus BC
- 3 or above on AP Statistics
- 3 or above on AP Computer Science Principles

International Baccalaureate (IB) Test:
- 4 or above on Math Higher Level (HL)

College Level Examination Program (CLEP):
- 50 or above on: Calculus, College Algebra, College Algebra-Trigonometry, Pre-Calculus or Trigonometry

College Transfer Coursework:
- Completed math/quantitative reasoning college course with a C- or better that satisfies CSU GE Area B4

Assessments and Placement for GE Mathematics/Quantitative Reasoning: Pre-STEM/STEM and Other Math-Intensive Majors
Has Fulfilled the GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met the requirement via completion of one of the following:

Advanced Placement (AP) Test:
- 3 or above on AP Calculus AB
- 3 or above on AP Calculus BC
- 3 or above on AP Statistics
- 3 or above on AP Computer Science Principles

International Baccalaureate (IB) Test:
- 4 or above on Math Higher Level (HL)

Placement in a GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

CAASPP/EAP Math Exam:
- Standard Exceeded
- Standard Met and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

SAT Math Test1:
- 570 or above
- 550 or above on Subject Test in Math Level 1 or 2
- 520 – 560 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

ACT Math Test:
- 23 or above
- 20-22 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

High School Courses and GPA:
- Weighted math GPA 3.0 or above and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better
- Weighted math GPA 3.0 or above and 5 or more years of high school math or quantitative reasoning
- Weighted high school GPA 3.7 or above

Placement in a Supported GE Sub-area B4 Math/Quantitative Reasoning Requirement
The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

High School GPA:
- Weighted math GPA 3.3 or above
- Weighted high school GPA 3.0 or above

Placement in a Supported GE Sub-area B4 Math/Quantitative Reasoning Requirement and Participation in the Supportive Pathways for First-Year Students Program Required
Based on multiple measures evaluation, student needs additional academic support including participation in the Supportive Pathways for First-Year Students Program. Visit the Supportive Pathways for First-Year Students page to learn about the Supportive Pathways for First-Year Students Program.
Placement in a Supported GE Sub-area B4 Math/ Quantitative Reasoning Requirement
The student has met examination standards and/or multiple measures-informed standards via the criteria below:

High School Math GPA:
- Weighted math GPA 3.3 or above

Placement in a Supported GE Sub-area B4 Math/ Quantitative Reasoning Requirement and Participation in the Supportive Pathways for First-Year Students Program Required
Based on multiple measures evaluation, student needs additional academic support including participation in the Supportive Pathways for First-Year Students Program. Visit the Supportive Pathways for First-Year Students page to learn about the Supportive Pathways for First-Year Students Program.

Supportive Pathways for First-Year Students Program
The goal of the Supportive Pathways for First-Year Students Program (SPFYP) is to:

- Better prepare students in written composition and mathematics/ quantitative reasoning before the fall term of freshman year, improving students’ chances of successful completion of a baccalaureate degree.
- If required to participate in SPFYP, as determined by multiple measures, students will begin in the summer before the start of the freshman year.
- For general information about SPFYP including fees and course listings, visit csustudentsuccess.org/early-start-overview. Students are encouraged to visit the university website for SPFYP information once admitted.
- Eligible financial aid applicants with an Estimated Family Contribution (EFC) of $65,000 or less will be eligible for waiver of the per unit SPFYP fee. For more information on assessments, placements and the Supportive Pathways for First-Year Students Program, please visitwww.csustudentsuccess.org.

Directed Self Placement (DSP)
All first time freshmen must participate in Directed Self-Placement (DSP). For additional information about DSP, please visit the DSP website (https://www.csus.edu/undergraduate-studies/writing-program/directed-self-placement.html).

First-year Composition Course Options:
By engaging in the Directed-Self Placement activities prior to coming to orientation and before enrolling in courses, students will receive a recommendation to help them choose from the options below:

The Semester-Long Program—English 5 or 5M²: Accelerated Academic Literacies, Intensive, semester-long course to help students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth—students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop a metacognitive understanding of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses. 3 units.

The Year-Long “Stretch” Program—English 10/11 or 10M/11M² Academic Literacies I & II: Year-long course to help students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth—students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop a metacognitive understanding of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses. 6 units.

One-Unit Small Group Tutorial— ENGL 1X: Composition Tutorial.
Taken in conjunction with one of the courses above, this composition tutorial offers supplemental instruction in elements of composition and assists students in mastering the writing process with special emphasis on planning and revising essays. Instruction takes place both in traditional classroom setting and in small group and individual tutorials. Students enrolled in this tutorial must also be co-enrolled in a first-year composition course as the focus will be drafting and revising the work done in the primary writing course. 1 unit +5/5M or 10/10M, 11/11M.

1 “M” course instructors are specifically trained to help students with different language backgrounds develop the skills necessary for success in their university reading and writing. “M” courses focus on the experiences and languages that multilingual students bring to the classroom—using them as a resource for learning and refining students’ academic reading and writing.

Additional Course Placement Examination Requirements
Chemistry
Sequoia Hall 156
(916) 278-6684
Students enrolling in Chemistry 1A are required to take a General Chemistry Placement Examination. This examination must be taken in the first laboratory period during the first week of the semester.

Writing Placement for Juniors (WPJ) exam
All students must satisfy the Graduation Writing Assessment Requirement (GWAR) in order to graduate. The Writing Placement for Juniors (WPJ) exam is a prerequisite for all Writing Intensive courses.

For additional information, please visit the GWAR website (https://www.csus.edu/undergraduate-studies/writing-program/) or call the Writing Programs Office in the English Department at (916) 278-6409.

Foreign Language
Mariposa Hall 2051
(916) 278-6333
Sacramento State students who continue their study of a foreign language begun elsewhere must enroll in a course that does not duplicate previous college credits received. A placement test will be given prior to registration or at the first class meeting. If given prior to registration, it will be listed in the Class Schedule. Adjustment of registration, if necessary, will be made in accordance with the results of the placement exam.
Students who have begun the study of any foreign language in high school and who will enroll before taking the placement test may use the following as a guide for their first enrollment:

1A - if the student has less than one year of satisfactory high school study
1B - if the student has one year but less than two years of high school study
1C - if students have completed up to two years of high school study or one year of college French or German or Spanish with failing or unsatisfactory achievement or evaluation; and if students have had an extended interruption of beginning or intermediate formal language study
2A - if the student has two but less than three years of high school study
2B - if the student has three years of high school study

Students who have acquired knowledge of a foreign language without having received high school or college credit should consult with an advisor for placement.

Graduate Admissions
Office of Graduate Studies
River Front Center 215
(916) 278-6470
Office of Graduate Studies Website (http://www.csus.edu/gradstudies/)

California State University, Sacramento is authorized to offer graduate programs culminating in the Doctor of Education, Doctor of Physical Therapy, Master of Arts, Master of Science, Master of Business, Master of Music, Master of Public Policy and Administration, Master of Social Work, and Education Specialist in School Psychology degrees. Sacramento State also offers a joint doctoral program in Public History in cooperation with UC Santa Barbara. In keeping with the objectives of the degrees offered, the University has developed a broad framework of requirements.

Degrees Offered
Master of Arts
Master of Arts programs are designed to provide improvement in professional competence in educational service, competence for self-directed study (research) in areas of specialization, broadening of cultural backgrounds, development of personal and social responsibility, and preparation for community leadership.

Master of Science
Objectives of the Master of Science programs are to increase competence in particular professional areas and to develop ability for independent self-directed study in selected fields. Provisions have been made in the various curricula for individual planning in light of each student’s objectives, previous education, and experience.

Master of Business
The Master of Business curriculum is designed to broaden the participants’ knowledge and understanding of business, to improve their capacity for effective decision-making, and to facilitate their professional growth and development for positions of greater responsibility. The curriculum is intended for individuals who seek careers as professional managers in business and business-oriented government organizations and as community college instructors of business. In addition, the curriculum prepares superior students for entry into doctoral programs in business.

Master of Music
The graduate program leading to the Master of Music degree is designed to provide opportunity for a variety of advanced studies in music. The Master of Music may be earned either with an academic or a performance emphasis. The program will effectively prepare students for continuation into doctoral study. Students may focus their studies in one of three areas: choral and instrumental conducting, composition, or performance.

Master of Public Health
The Master of Public Health (MPH) degree offers an emphasis in Health Promotion, Policy, and Leadership. The program focuses on preparing public health professionals to develop effective strategies for preventing illness and disease within diverse communities; while increasing the student’s capability in conducting health policy analysis and development. The program offers advanced study for public health professionals working (or seeking employment) as public health educators, policy analysts, health advocates, program managers, and public health consultants in community-based organizations, healthcare settings, local-state-federal governments, and other practice settings.

Master of Public Policy and Administration
The Master of Public Policy and Administration curriculum is designed to prepare individuals committed to public service as effective and ethical leaders and advisors, managers and administrators, analysts and advocates. Students develop competence in three areas: management of the organizational context of policy implementation and administration; understanding of the political environment and process of policy making; and the analytic and research tools to plan, design, and evaluate public policy.

Master of Social Work
The curriculum leading to the Master of Social Work degree is designed to enable the student to develop professional competence in working with individuals and groups, participate knowledgeably in the implementation of social welfare policy and administration, understand human growth and development as they affect social and personal functioning, and develop social philosophies, ethics, and values relating to the practice of professional social work.

Master of Arts or Master of Science in Special Major
The special major for either a Master of Arts or a Master of Science degree provides an alternative for those individuals whose special needs and interests cannot adequately be met by any single existing or planned master’s degree program. A suitable interdisciplinary program may be planned for the superior graduate student who meets requirements established for admission to the special major graduate degree program. A student who wishes to undertake such a program should obtain an application to the program from the Office of Graduate Studies.

Ed.S. in School Psychology
The Specialist in Education, School Psychology (Ed.S.) degree can lead to professional degrees in the application of advanced educational theory. Completion of the Ed.S. requires coursework focused on identifying and addressing school-related issues that arise during school psychology practice. The School Psychology program at Sacramento State is
approved as a Specialist level program by the National Association of School Psychologists.

**Ed.D Educational Leadership**

The independent doctoral program in Educational Leadership is offered through the College of Education to help meet the need for leadership in California's schools and community colleges. The program in educational leadership is geared to working professionals. Three key curricular themes are emphasized and provide the focus for all coursework in the program. These themes are:

1. Transformational Leadership,
2. Critical Policy Analysis and Action, and

It will lead to a Doctor of Education awarded by the CSU system.

**Doctor of Audiology**

The Doctor of Audiology (Au.D.) program is a four-year clinical doctorate that is designed to prepare students for professional practice of audiology. The Au.D. program provides coursework in the theoretical foundations of audiology practice and evidence-based practice, as well as varied clinical training experiences in the Sacramento community and surrounding areas. The Maryjane Rees Language, Speech, and Hearing Center, which is located on campus, provides the community with speech, language, and hearing services for children and adults with communication disorders. In addition, the department is located in Folsom Hall, home of the The Center for Health Practice, Policy & Research (CHPPR), giving students opportunities to work alongside and learn from and with other health professions students.

**Doctor of Physical Therapy**

The Doctor of Physical Therapy (DPT) is a three-year program dedicated to graduating professional, evidence-informed physical therapists who have the knowledge and skills to provide patient care in any practice environment. The program's curriculum is designed to provide a foundation in the science and art of physical therapy, one that engages students in clinical reasoning through problem-solving within the context of patient cases, both actual and simulated. In addition, students complete 36 weeks of full-time internships at three locations to learn by doing in their respective practice settings. The program is fully accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) and graduates are eligible to take the national licensure examination.

**Ph.D. Public History**

The joint doctoral program in Public History offered in cooperation with UC Santa Barbara provides training in public history, particularly in the following professional fields: history of public policy, cultural resource management, business and institutional history, and community and local history. Supporting courses are offered in oral history, archives and records administration, museum management, historical editing, and policy and litigation support.

**Admission Requirements**

The minimum requirements for admission to Master's and Doctoral graduate degree programs and post-baccalaureate studies at a CSU campus are in accordance with University regulations as well as Title 5 chapter 1, subchapter 3 of the California Code of Regulations.

**Master’s and Post-Baccalaureate Program Admissions**

Master's and post-baccalaureate applicants may apply for a degree objective, a credential or certificate objective, or where approved, may have no program objective. Depending on the objective, the CSU will consider an application for admission as follows:

- **General Requirements** — The minimum requirements for admission to master's and post-baccalaureate studies at a California State University campus are in accordance with university regulations as well as Title 5, Chapter 1, Subchapter 3 of the California Code of Regulations.
- **Specifically,** a student shall at the time of enrollment:
  1. Have completed a four-year college course of study and hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association, or shall have completed equivalent academic preparation as determined by appropriate university authorities;
  2. Be in good academic standing at the last college or university attended;
  3. Have earned a grade point average of at least 2.5 on the last degree completed by the candidate or have attained a grade point average of at least 2.5 (A=4.0) in the last 60 semester (90 quarter) units attempted; and
  4. Satisfactorily meet the professional, personal, scholastic, and other standards for graduate study, including qualifying examinations, as appropriate campus authorities may prescribe. In unusual circumstances, a campus may make exceptions to these criteria.

**Doctoral Program Admissions**

Doctor of Audiology applicants may apply for admission, in accordance with University regulations as well as Title 5, Chapter 1 Subchapter 3 of the California Code of Regulations. Specifically, a student shall at the time of enrollment:

1. The applicant holds an acceptable baccalaureate degree earned at an institution accredited by a regional accrediting association or the applicant has completed equivalent academic preparation as determined by the appropriate campus authority.
2. The applicant has an overall cumulative grade point average of at least 3.00 in upper-division baccalaureate study, postbaccalaureate and master’s study combined.
3. The student has completed all campus-required prerequisite coursework.
4. The applicant must have been in good academic standing at the last institution.
5. The applicant has met any additional requirements established by the chancellor in consultation with the faculty and any additional requirements prescribed by the appropriate campus authority.

Doctor of Education applicants may apply for admission, in accordance with University regulations as well as Title 5, Chapter 1 Subchapter 3 of the California Code of Regulations. Specifically, a student shall at the time of enrollment:

1. Have completed a four-year college course of study and hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association, or shall have completed
equivalent academic preparation as determined by appropriate campus authorities;
2. Hold an acceptable master’s degree earned at an institution accredited by a regional accrediting association, or have completed equivalent academic preparation as determined by the appropriate campus authority;
3. Have attained a cumulative grade point average of at least 3.0 in upper division and graduate study combined;
4. Have completed the Graduate Record Examination (GRE) with scores from the three subsections of the General Examination;
5. Be in good standing at the last institution of higher education attended;
6. Demonstrated sufficient preparation and experience pertinent to educational leadership to benefit from the program; and
7. Meet any additional requirements established by the Chancellor in consultation with the faculty and any additional requirements prescribed by the appropriate campus authority.

Doctor of Physical Therapy applicants may apply for admission, in accordance with University regulations as well as Title 5, Chapter 1 Subchapter 3 of the California Code of Regulations. At the time of enrollment:

1. The applicant holds an acceptable baccalaureate degree earned at an institution accredited by a regional accrediting association, or the applicant has completed equivalent academic preparation as determined by the appropriate campus authority;
2. The applicant has completed all required prerequisite coursework for the program(s) to which the applicant has applied with a cumulative grade point average of at least 3.0;
3. The applicant must have been in good academic, professional and clinical standing at the last institution and if applicable, in the last entry level physical therapist educational program attended;
4. The applicant has met any additional requirements established by the chancellor in consultation with the faculty and any additional requirements prescribed by the appropriate campus authority. Only those students who continue to demonstrate a satisfactory level or scholastic, professional, and clinical competence shall be eligible to continue in Doctor of Physical Therapy programs.

In unusual circumstances, a campus may make exceptions to these criteria.

THESE AND OTHER CSU ADMISSION REQUIREMENTS ARE SUBJECT TO CHANGE AS POLICIES ARE REVISED AND LAWS ARE AMENDED. THE CSU WEBSITE (http://www.calstate.edu/) AND THE ADMISSION PORTAL (http://www.calstate.edu/apply/) ARE GOOD SOURCES FOR THE MOST UP-TO-DATE INFORMATION.

Graduate Programs Application Procedures
All graduate and post-baccalaureate applicants (e.g., DPT, Ed.D., Ed.S., joint Ph.D. applicants, master’s degree applicants, those seeking educational credentials or certificates, and where permitted, holders of baccalaureate degrees interested in taking courses for personal or professional growth) must file a complete graduate application as described in the graduate and post-baccalaureate admission materials at Cal State Apply (http://www.calstate.edu/apply/). Applicants seeking a second bachelor’s degree must submit the undergraduate application for admission. Applicants who completed undergraduate degree requirements in the preceding term are also required to complete and submit an application and the $70 nonrefundable application fee. To be assured of initial consideration by more than one CSU, it is necessary to submit separate applications (including fees) to each. All CSU applications must be submitted online at Cal State Apply (http://calstate.edu/apply/). An acknowledgement will be sent to the applicant when the online application has been submitted.

The application and fee are not required for students desiring to enroll only in Summer Session, Winter Intersession, or Open University through the College of Continuing Education.

Filing Period Duration

Each non-impacted university accepts applications until capacities are reached. Many universities limit undergraduate admission in an enrollment category due to overall enrollment limits. If applying after the initial filing period, consult the university admission office for current information.

On-time applicants may expect to receive an acknowledgment from the campuses to which they have applied within two to four weeks of filing the application. The notice may also include a request that applicants submit additional records necessary to evaluate academic qualifications. Applicants may be assured of admission if the evaluation of relevant qualifications indicates that applicants meet CSU admission requirements, and in the case of admission impaction, supplemental criteria for admission to an impacted program. Unless specific written approval/confirmation is received, an offer of admission is not transferable to another term or to another campus.

Categories of Admission and Classification

Students wishing to pursue a doctoral or master’s degree must be admitted to the specific program under which the student intends to study. At the time of application for admission to the University, the student indicates his or her proposed major and is evaluated against the admission requirements for that program. Students who meet the minimum requirements for graduate and post-baccalaureate studies may be considered for admission in one of the following four categories:

- **Graduate Classified** – To pursue a graduate degree, applicants are required to fulfill all of the professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the campus.
Graduate Conditionally Classified – Persons wishing to enroll in a credential or certificate program will be required to satisfy additional professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the campus.

Post-Baccalaureate Classified, e.g., admission to an education credential program – Persons wishing to enroll in a credential or certificate program will be required to satisfy additional professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the campus.

Post-Baccalaureate Unclassified – To enroll in undergraduate courses as preparation for advanced degree programs or to enroll in graduate courses for professional or personal growth, applicants must be admitted as post-baccalaureate unclassified students. By meeting the general requirements, applicants are eligible for admission as post-baccalaureate unclassified students. Admission in this status does not constitute admission to, or assurance of consideration for admission to, any graduate degree or credential program. (Most CSU campuses do not offer admission to unclassified post-baccalaureate students).

Admission of students not wishing to pursue a doctoral or master’s degree is limited. Students admitted as an unclassified graduate student may not use more than six units earned in unclassified status to apply toward a subsequent doctoral or master’s program. Therefore, unclassified students shall seek classification during their first semester’s enrollment if they wish to pursue a graduate degree. Unclassified students are allowed no more than two terms of enrollment.

Returning Post-baccalaureate, Master, Doctoral Students

Former Sacramento State students who have been absent for two or more semesters do not maintain catalog rights, must apply for readmission and a non-refundable application fee is charged. Following a mandatory interruption of one or more semesters, students who have left in a negative academic standing may not be eligible to return until they complete additional coursework. Students who have been academically disqualified or dismissed must in conjunction to applying for readmission must also file an appeal for reinstatement. At the time of readmission, student may be required to satisfy new university and/or program requirements.

Second Bachelor’s Degree

Applicants seeking a second bachelor’s degree should submit the undergraduate application for admission unless specifically requested to do otherwise. Admission is limited to a few select programs for students who have earned a bachelor’s degree from a regionally accredited institution with a GPA of 2.5 or higher in the last 60 semester units of baccalaureate or graduate level courses at Sacramento State. Students admitted in post-baccalaureate standing (unclassified) must meet residence and other specified requirements.

Applicants to an impacted program will be considered in the upper division quota category for admission purposes. Coursework completed in this status forms part of the post-baccalaureate grade point average and will affect the student’s eligibility for classified standing.

Candidates must file for graduation TWO SEMESTERS prior to the date of graduation. Forms are available from the Office of the University Registrar. A second bachelor’s cannot be awarded in the same major or closely related field as the first degree. Only students admitted into the second baccalaureate classification may petition to graduate with a second baccalaureate degree.

International Applicants Requiring an International Student Visa and Domestic Applicants with International Documents

Graduation from a college or university recognized by the Ministry of Education, or appropriate governing agency, with a degree requiring at least 16 years of prior education is required for graduate standing. Typically, this is 12 years of primary and secondary education and 4 years of post-secondary education.

For more information please go to Office of Graduate Studies Applicants with Foreign Documents. (http://www.csus.edu/gradstudies/futurestudents/applicantswithforeigndocuments/)

Graduate and Post-Baccalaureate English Language Requirement

All graduate and post-baccalaureate applicants, regardless of citizenship, whose native language is not English and whose preparatory education was principally in a language other than English must demonstrate competence in English. Those who do not possess a bachelor’s degree from a postsecondary institution where English is the principal language of instruction must receive a minimum score of 550 on the Test of English as a Foreign Language (TOEFL). Some programs require a higher score. Several CSUs may use alternative methods for assessing fluency in English including Pearson Test of English Academic (PTE Academic), the International English Language Testing System (IELTS) and the International Test of English Proficiency (ITEP). Refer to Sacramento State/International Students/TOEFL Requirement (http://www.csus.edu/gradstudies/futurestudents/applicantswithforeigndocuments/languagetesting.html).

Advising

Classified graduate students should confer with their academic departments for requirements, course selection, and appointment of advisors.

Post-baccalaureate students seeking a teaching credential should contact the College of Education Student Service Center, Eureka Hall, Room 216, (916) 278-6403.

International Admissions

International Admissions is located within the International Programs and Global Engagement office.

Library 1001, open 8 am - 5 pm, Monday - Friday

(916)-278-6686

intlinfo@csus.edu

www.csus.edu/international-programs-global-engagement/ (https://www.csus.edu/international-programs-global-engagement/)
The CSU must assess the academic preparation of foreign students. For this purpose, “foreign students” include those who hold U.S. temporary visas as students, exchange visitors, or in other nonimmigrant classifications.

The CSU uses separate requirements and application filing dates in the admission of foreign students. Verification of English proficiency (see the section on the English Language Requirement for undergraduate applicants), financial resources, and academic performance are each an important consideration for admission. Academic records from foreign institutions must be on file by the campus deadline for document submission for the first term and if not in English, must be accompanied by certified English translations.

**English Language Proficiency Requirement**

All international applicants whose native language is not English and whose preparatory and post-secondary education was principally instructed in a language other than English must demonstrate English language proficiency through one of the following standardized tests.

<table>
<thead>
<tr>
<th>Test</th>
<th>Undergraduate</th>
<th>Graduate</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOEFL (Test of English as a Foreign Language)</td>
<td>Score of 510 (paper based test)</td>
<td>Score of 550&lt;sup&gt;1&lt;/sup&gt; (paper based test)</td>
</tr>
<tr>
<td>TOEFL</td>
<td>Score of 64 (internet based test)</td>
<td>Score of 80&lt;sup&gt;1&lt;/sup&gt; (internet based)</td>
</tr>
<tr>
<td>IELTS (Academic)</td>
<td>Overall band score of 6.0</td>
<td>Overall band score of 6.5&lt;sup&gt;1&lt;/sup&gt;</td>
</tr>
<tr>
<td>PTE Academic</td>
<td>Score of 50</td>
<td>Score of 65&lt;sup&gt;1&lt;/sup&gt;</td>
</tr>
</tbody>
</table>

Those who have graduated from an accredited secondary (high school) or four-year U.S. college or university (obtained an undergraduate an/or graduate degree) where English is the primary language of instruction or who come from countries where English is the primary language need not submit an English language proficiency test.<sup>1</sup>

<sup>1</sup> Note: Sacramento State interprets “where English was the principal language of instruction” to mean that a school is located in a country where English is the native language (the daily medium of communication of the majority of residents is English), and that the students receive academic instruction in all subjects (except foreign language courses) at all levels of education in English.

International students graduating from U.S. high schools after three years of attendance will be admitted as freshmen under the same requirements as graduates of California high schools by use of the eligibility index. Those graduating from foreign high schools (or from California high schools after less than three years of attendance) may be admitted if their achievement is equivalent to that of eligible California high school graduates. They also may need to submit an English language proficiency test (TOEFL, IELTS, or Pearson’s) if English is not their native language.

Undergraduate applicants with foreign academic work are required to submit official copies of academic records from their school, college, or university in officially sealed envelopes, along with a certified English translation. Academic records should include:

1. secondary school records;
2. yearly records from each college or university attended, indicating the number of hours per semester or per year devoted to each course and the grades received (only if applying as an international transfer student); and
3. English Language Proficiency exam meeting the undergraduate requirement.

**International Graduate Admission Requirements**

International graduate students requiring F-1 or J-1 visas to study at Sacramento State must file the Cal State Apply online international application (https://www2.calstate.edu/apply/international/) during the posted filing period for respective graduate programs. Graduate programs may require supplemental applications and other supporting documents. Graduation from a recognized college or university with a degree requiring at least 16 years of prior education is required for graduate standing.

At the graduate level, a TOEFL score of 550 (or 80 internet based test) is required for international applicants. The following graduate programs require higher scores:

- Audiology, Au.D
- Electrical & Electronic Engineering
- English
- Public Policy and Administration
- Teaching English to Speakers of Other Languages (TESOL)

Applicants with foreign academic work are required to submit official copies of academic records from their school, college, or university in officially sealed envelopes, along with a certified English translation. Academic records should include:

1. Yearly records from each college or university attended, indicating the number of hours per semester or per year devoted to each course and the grades received;
2. Official documents that confirm awarding of a degree or diploma, with the title and date, if the applicant has already graduated; and,
3. English Language Proficiency exam meeting the graduate requirement.

International Undergraduate Admissions Requirements (https://www.csus.edu/international-programs-global-engagement/application-admissions-process/undergraduate.html)

International students requiring F-1 or J-1 visas to study at Sacramento State must file the Cal State Apply online international application (https://www2.calstate.edu/apply/international/). Applications received during the initial filing period of each undergraduate admission cycle receive priority consideration for admission. Undergraduate international and non-California resident students may not be admitted to some impacted programs.
Additional Information for International Applicants

All official documents submitted become the property of the University. The University will determine acceptability of any foreign coursework towards University degree programs. The U.S. Citizenship and Immigration Services (USCIS) requires F-1 and J-1 foreign visa students to enroll full-time, defined as follows:

• a minimum of 12 semester units for credit for undergraduates
• a minimum of 9 semester units for credit for graduate students.

International students must comply with all University and USCIS regulations, provide evidence of financial resources, and be enrolled in the mandatory CSU system student health insurance.
FINANCIAL AND REGISTRATION INFORMATION

Fees and Refunds (p. 62)
Financial Aid (p. 69)
Registration (p. 75)

Fees and Refunds

Tuition & Registration Fees
The CSU makes every effort to keep student costs to a minimum. Tuition and fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU reserves the right, even after tuition or fees are initially charged or initial payments are made, to increase or modify any listed tuition or fees. All listed fees, other than mandatory systemwide tuition, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU-listed tuition and fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees, the chancellor or the presidents, as appropriate. Changes in mandatory systemwide tuition will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 – 66028.6 of the Education Code).

All students are required to pay tuition and registration fees. Additionally, nonresident, foreign-visa and graduate professional business students are required to pay per unit tuition and/or fees. Fees for auditing courses are the same as for those receiving credit for a course. Extensions and/or winter session students, resident or otherwise, pay tuition fees appropriate to the course administered through the College of Continuing Education.

Fees are payable based on the term registration date. Payments may be made by check, cash, money order, Visa, American Express, MasterCard, or Discover credit cards.

*Please note that credit cards/debit card payments must be paid online and will incur a 2.75% convenience fee.

The following reflects applicable system tuition and fees for both semester and quarter universities. *These rates are subject to change.*

The tuition fees and campus fees listed are accurate at the time of posting and are subject to change. For more information on the amount of tuition fees and campus fees to pay and your due dates, check your Account Inquiry on your Student Center page at My Sac State.

**PRO-RATED REGISTRATION FEES:** If you withdraw (or are dropped from your classes for not paying) after the first day of the term, you will be responsible to pay* approximately 1% per calendar day from the first day of the term until the day of being dropped or withdrawing, regardless of when you enrolled or when the course began.

**NON-RESIDENT TUITION (U.S. and Foreign):** $396.00 per unit plus appropriate registration tuition fees and campus fees listed above.

**GRADUATE PROFESSIONAL BUSINESS FEES:** $270.00 per unit plus appropriate tuition fees and campus fees and non-resident tuition (if applicable).

* pro-rated registration fee/ This amount can be estimated as

### Definition of Mandatory Campus Fees

**Tuition Fee** - Fee established to augment the budget for Instructional Services.

**Associated Students Inc. Fee** - To provide for non-instructional activities and programs which are designed to benefit all students and to maintain the student’s well-being. Associated Students, Inc. programs include PEAK Adventures, Aquatic Center, Child Care Center, Student Life and Services (Community programs, KSSU Radio Station, SAFE Rides, and Green Sting), ASI Business Office, ASI Government Office, and Office of Governmental Affairs.

**Intercollegiate Athletics/Spirit Leaders Fee** - To provide support for Intercollegiate Athletics and Spirit Leaders. Includes support for scholarships, travel, coaches, and other support for athletic teams.

**Transportation Fee** - To provide support for alternative transportation for students including free ridership on Sacramento Regional Transit and its affiliates.
Recreational Sports Fee - To provide support to Recreational Sports Programs. This includes Sports Clubs and Intramural Programs.

University Union/WELL Fee - To provide support for the University Union building, The WELL, and all programs associated with the function of those facilities.

Health Facilities Fee - To provide payment for the bond on the Student Health Center.

Instructional Related Activities Fee - These funds are to provide support for essential educational experiences and activities that aid and supplement the fundamental educational mission of the University. For example, laboratory experiences which are at least partially sponsored by an academic discipline or department and which are, in the judgment of the IRA Committee and the President, integrally related to its formal instructional offerings. Activities which are considered to be essential to the quality of an educational program and an important instructional experience for any student enrolled in the respective program may be considered instructional related.

Student Health & Counseling Services Fee - To provide basic health services to students at the Health Center. Basic care is the treatment of common illnesses or injuries.

Hornet Newspaper Fee - To provide support for the State Hornet Newspaper. This includes free copies of the student newspaper to students, printing costs and web based services.

Additional Fees Charged to Student Account
Online Safety Training Fee As part of joining the Sacramento State community, ALL incoming students are required to complete an online sexual violence prevention training. Undergraduate students are also required to complete training in alcohol abuse prevention. To complete the required tutorials, use your SacLink account information to log on to https://studentsuccess.org/students/csus. You will be charged a one-time fee ($10.00 for undergraduates; $5.00 for graduate and CCE students), which is part of the regular tuition fee process to cover the cost of the tutorials. For more information please visit Student Health and Counseling.

Student Representation Fee (SRF) This $2 contribution ensures that CSU students have a say on tuition, financial aid, student services, course availability, and academic advising.

DUE DATE: Your due date will be based on when you register for your FIRST class.

• Continuing students registering in the initial registration period will have fees due mid-June for the Fall term, and early January for the Spring term.
• New transfer students will have fees due mid-July for the Fall term, and mid-January for the Spring term in their first semester.
• New freshmen will have fees due mid-August for the Fall term, and mid-January for the Spring term in their first semester.
• Those registering during late registration will have fees due the Friday before the first day of instruction.
• Those registering in the first two weeks of instruction will have fees due by the end of the second week.
• Those registering in the third and fourth weeks should plan to prepay before registering.

• If you will be signing up for the Installment Payment Plan (IPP), your down payment will be due by your original due date.

BILLING: The University does not send out paper billing statements in the mail.

• Due dates and amounts will be visible on the student account 24-48 hours after registering.
• Log in to the Student Center at My Sac State and choose the Account Inquiry link.

PAYMENT METHODS:

• Credit Cards: Visa, MasterCard, American Express, and Discover credit cards may be used for payment of student tuition and fees but will be subject to a non-refundable 2.75% credit card processing fee. Credit/Debit cards are NOT accepted for payment of Registration Fees in-person.
• Electronic Check: Using a checking account number and routing number (eCheck) and is subject to a $5.00 flat fee.
• In-Person: Cash, check, money orders, OneCard and credit card checks are accepted for payment of registration fees. Please make these payable to “CSUS”.
• Mail: Checks need to arrive at the Bursar’s Office by the due date, as we cannot accept by the postmarked dates. Checks should be made payable to “CSUS” and mailed to: Sacramento State, Bursar’s Office, 6000 J Street, MS 6052, Sacramento, CA, 95819

For more information about Payment Methods, please visit the Bursar’s Office website (http://www.csus.edu/bursar/fees_deadlines_refunds.html#PAYMENT).

Summer Term
Summer Term is administered by the College of Continuing Education for all programs except the Education Doctorate Program and Doctorate of Physical Therapy. Please contact the College of Continuing Education for more information: (916) 278-4433.

Installment Payment Plans

1. Tuition Fees Installment Payment Plan
• The tuition fees installment plan allows tuition fees and mandatory campus fees to be paid in four installments. The down payment is due on your original due date and represents the campus fees (Instructional Related Activities, Associated Students Inc. Programs, Intercollegiate Athletics/Spirit Leaders, Recreational Sports, Transportation, Health Facilities, University Union/WELL, Student Health and Counseling Services, and Hornet Newspaper Fee) and a one-time $33.00 non-refundable finance charge.
• The balance of tuition fees are due in three installments – September, October, and November in the Fall; and February, March, and April in the Spring.
• You may not use the IPP if you have a fee waiver or a third-party sponsor. However, you may request a payment plan for the balance of your fees from the Bursar’s Office.
• If you have registered late, you may owe as much as the first two payments to avoid being dropped from your classes.
• Late installment payments will incur a fee of $15 each time you are late.
• Missed payments (or rejected checks) may result in: being dropped from your classes, forfeiture of your down payment, a
hold preventing your use of the Installment Payment Plans for all subsequent semesters, and a hold on your records.

- If you are dropped from your classes, you may still be required to pay a pro-rated portion of your registration fees.

- If you re-enroll in the same term you may be charged a $100 re-enrollment fee, a $25 late registration fee and a $15 late payment fee. Re-enrollment eligibility after the term begins may be subject to instructor approval, and require payment of tuition fees IN FULL with guaranteed funds (cash, cashier’s check or money order), prior to being added back into your courses.

- Failure to pay may result in additional collection costs, including those associated with referral to a third-party collection agency.

- Follow the 4-step process below to enroll in the Installment Payment Plan (or view the step-by-step tutorial here IPP Tutorial [http://www.csus.edu/sfsc/gallery/Album1/]):
  i. Log on to the Student Center through your MySacState at www.my.csus.edu ([http://www.my.csus.edu](http://www.my.csus.edu)).
  ii. Scroll down to the Finances Section and click on the drop down menu arrow.
  iii. Select the Payment Plan option.
  iv. Follow the on-screen instructions to be put on the plan

2. Non-resident Tuition Installment Payment Plan

- If you are a domestic non-resident or International student, you are eligible for this plan (unless you have previously defaulted). The education code allows a non-resident student to pay the required non-resident tuition on an installment basis; limited to three equal installment payments. A 15% non-refundable administrative fee will be assessed on the total non-resident amount. You are responsible for the due dates of the installment plan as stated on your contract. You will not receive paper bills in the mail.

- Non-resident students who wish to use the tuition installment plan MUST go to Bursar’s Office in Lassen Hall 1001 to sign an agreement. At that time you will be required to pay registration fees. Non-resident students may use both the Tuition Installment Payment Plan, and the Non-resident Tuition Installment Payment Plans.

- A $15.00 late fee will be assessed for each late payment.

Note: Installment Payment Plans are available for the Fall and Spring semesters only.

**Other Fees and Charges - Cal State Apply**

<table>
<thead>
<tr>
<th>Application Fee</th>
<th>$70.00</th>
</tr>
</thead>
</table>

This non-refundable fee is payable upon application for admission or readmission by all new students or students returning after an absence of two or more semesters online via credit card, e-check, or PayPal.

**Parking**

Parking permit information can be found online at www.csus.edu/utaps (http://www.csus.edu/utaps/) or at the University Transportation & Parking Services (UTAPS) office located in the Welcome Center.

A license plate is required for all permit purchases. A permit does not guarantee the holder a parking space in any given area at any given time. Parking on campus indicates acceptance of Sacramento State parking regulations.

**Semester Permits**

All students, staff, and faculty are eligible to purchase a semester parking permit. Parking permits can be purchased at the University Transportation & Parking Services (UTAPS) office located in the Welcome Center or online at https://sacstate.t2hosted.com/cmn/auth_ext.aspx

**Student Permit Amounts**

Please refer to the Parking Services Website for up-to-date Permit prices and information: https://www.csus.edu/parking-transportation/parking/permit-pricing.html
**Residence Hall Student Permits & Carpool Permits**

Residence Hall permits can be purchased at the University Transportation & Parking Services (UTAPS) office located in the Welcome Center or online at [https://sacstate.t2hosted.com/cmn/auth_ext.aspx](https://sacstate.t2hosted.com/cmn/auth_ext.aspx).

Contact UTAPS for availability and release date of Residence Hall permits, (916) 278-7275.

**Weekly and Daily Permits**

Weekly parking permits are available for purchase by showing a valid Sacramento State OneCard at University Transportation & Parking Services (UTAPS) office located in the Welcome Center or online at [https://sacstate.t2hosted.com/cmn/auth_ext.aspx](https://sacstate.t2hosted.com/cmn/auth_ext.aspx).

Daily parking permits are available from a daily parking permit machine or through PaybyPhone using location code "5115".

*Temporary permits are non-refundable.*

**More Information**

Go to [www.csus.edu/utaps](http://www.csus.edu/utaps/) for more information on parking and transportation options.

Alternative transportation options can be found at [https://www.csus.edu/parking-transportation/alternative-transportation/](https://www.csus.edu/parking-transportation/alternative-transportation/)

**Other Fees**

<table>

</tr>
<tr>
<td>Checks and Credit Card Charges returned for any cause</td>
<td>$20.00</td>
</tr>
</tbody>
</table>

In the event a check or credit card payment for registration fee is returned, the total penalty fee is $45 ($20.00 returned check or credit card fee and a $25 late registration fee if applicable). **If not cleared within 7 days from notice, student will be subject to cancellation without further notice.**

Liability - if we pursue collection, you could be liable for three times the amount of the check, up to $1,500 - plus the face value of the check and court costs (per California Civil Code, Chapter 522, Section 1719).

Stop Payment on a check or credit card payment of registration fees is not acceptable as notice of withdrawal from classes. "Stop Payment" checks or credit cards returned to the University will be pursued through legal collection procedures, and the student will be responsible for all collection costs.

Bad Checks - persons having more than one check returned to the University from the bank will not have any checks accepted for their duration at Sacramento State. This includes checks written by another party on the individual’s behalf. These persons are required to make payment by cash, money order, cashier’s check, credit or debit card only.

**Late Registration Fee** - This fee applies to those registering during the late registration period. This also applies to those who have been cancelled and are re-registering during this period. $25.00

**Late Add Fee** - This fee applies to those who have been cancelled and are reenrolling for the same term as of the 1st day of instruction or later. $10.00

**Transcript of record fee** $8.00

**Transcript RUSH fee (in addition to regular fee)** $15.00

**All file document request** $15.00

**Re-enrollment** - This fee applies to those who have been cancelled and are reenrolling for the same term as of the 1st day of instruction or later. $100.00

**Writing Placement for Juniors fee** $25.00

**Writing Placement for Graduates fee** $20.00

**Course Fees** - Campus departments may add additional course fees to your account. Most of these fees are added at the time of registration or shortly thereafter. These departments are, but not limited to: Art, Biology, Chemistry, Geology, Kinesiology, Music, Nursing, Theatre Arts, and Writing Placement for Juniors fee.

**Library Book Fees**

1. Once an item becomes 45 days overdue, a $90 lost item replacement fee is assessed. The fee is credited when the item is returned.

2. Course Reserves: Items one (1) day overdue are assessed a $90 lost item replacement fee. Fee will only be credited when the item is returned.

**Replacement of equipment** Cost of item lost or broken

**Graduation and Thesis Fees**

- Graduation and Diploma fee for degree candidate $63.50
- Graduation Date Change Fee $28.00
- Rush/Expedited Fee $15.00
- Replacement Diploma $20.00
- Diploma Cover $20.00

**Caps and Gowns (sold by the ASI Student Store)**

- Baccalaureate Degree $35.00
- Master’s Degree $57.50

**Student Accident and Sickness Insurance (per year)**

Rates vary yearly. Please contact the Associated Students, Inc. Business Office at (916) 278-7782.

**Note:** Required of all students on A, F, or J visas unless adequate health coverage from some other source is demonstrated to the Office of Global Education.

**Thesis/Project microfilming and binding fee** $60.00

**Note:** This is not a complete listing of all fees that may be charged by the University. The fees listed were the most accurate available as of this
posting and are subject to change. Courses that require student use of special materials or services may be charged a course fee.

Refund Regulations

Bursars’s Office
Lassen Hall 1003
(916) 278-6736

Refund of Tuition and Mandatory Registration Fees, Including Nonresident Tuition

Regulations governing the refund of tuition and mandatory fees, including nonresident tuition, for students enrolling at the California State University (CSU) are included in Section 41802 of Title 5, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide and campus fees that are required to be paid in order to enroll in state-supported academic programs at the CSU. Refunds of fees and tuition charges for self-support, special session and extended education Professional and Continuing Education (PaCE) programs or courses at the CSU are governed by a separate policy established by the university, available on the Bursar’s Office website (http://csus.edu/aba/bursars-office/fees_deadlines_refunds.html).

In order to receive a full refund of tuition and mandatory fees, including nonresident tuition, less an administrative charge established by the university, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available on the Bursar’s Office website (http://csus.edu/aba/bursars-office/fees_deadlines_refunds.html).

For state-supported semesters, quarters and non-standard terms or courses of four weeks or more, a student who withdraws during the term in accordance with the university’s established procedures or drops all courses prior to the university-designated drop period will receive a refund of tuition and mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

A student who, within the university designated drop period and in accordance with university procedures, drops units resulting in a lower tuition and/or mandatory fee obligation shall be entitled to a refund of applicable tuition and mandatory fees less an administrative charge established by the university.

For state-supported non-standard terms or courses of less than four weeks, no refunds of tuition and mandatory fees, including nonresident tuition, will be made unless a student cancels registration or drops all classes, in accordance with the university’s established procedures and deadlines, prior to the first day of instruction for state-supported non-standard terms or courses or prior to the first meeting for courses of less than four weeks.

Students will also receive a refund of tuition and mandatory fees, including nonresident tuition, under the following circumstances:

- The tuition and fees were assessed or collected in error;
- The course for which the tuition and fees were assessed or collected was canceled by the university;
- The university makes a delayed decision that the student was not eligible to enroll in the term for which tuition and mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the university or designee may authorize a refund if they determine that the fees and tuition were not earned by the university.

Information concerning any aspect of the refund of fees may be obtained from:

Elena Larson, Bursar
Student Account Services
6000 J Street, Lassen Hall 1003
Sacramento, CA 95819
Phone (916) 278-1000, option 3

Refunds

The Application Fee, Installment Fee, Reenrollment Fee, and Late Registration Fee are NOT refundable.

Refunds will first be applied to any outstanding debt owed to the University. Refunds of checks, echecks, or debit payment will be subject to a waiting period of 10 business days. International payments will be subject to a waiting period of 20 business days. Students who OFFICIALLY withdraw or drop units within the published deadlines do not need to complete an Application for Refund for resident and non-resident fees as refunds will automatically be issued.

Students who believe they have extenuating circumstances that warrant a refund after the published deadlines must submit a Refund Application with a complete explanation of the circumstances and any supporting documentation to the Bursar’s Office.

Withdrawing from all classes

Students who officially withdraw from the University prior to the first day of instruction will receive a 100% refund of Graduate Business Professional fees, tuition fees, campus fees, and non-resident tuition (minus a $10 processing fee). After this date students are eligible to receive a pro-rated refund only if withdrawing from all classes. If registration fees have not been paid in full at the time of withdrawal, the balance due will be pro-rated.

Beginning with the first day of instruction through the 60% date of the semester, refunds will be on a pro-rata basis using the official withdrawal date. Students are not eligible to receive a refund for withdrawing after the 60% date. The pro-rata refund will be calculated by the number of CALENDAR days from the first day of the semester to the date of withdrawal, regardless of when a student enrolled or when the course began.

To officially withdraw you must complete and file a Withdrawal form https://www.csus.edu/student-affairs CENTERS/programs/student-services-center/forms.html

Drop in Units

Students who drop from full to half time by the end of the second week of the semester are eligible to receive a 100% refund of the difference in tuition fees, minus a $10 processing fee. Non-resident students who drop units by the end of the second week of the semester are eligible to receive a 100% refund of the difference of non-resident tuition minus a $10.00 processing fee. Resident and Non-resident students who drop
from full to half-time after these dates are not eligible to receive a refund. It is the student's responsibility to become familiar with policies and procedures concerning add/drop and refund deadlines.

Resident students who drop units from full-time to half-time and non-resident students who drop units by the campus add/drop deadline will receive a refund of the difference in tuition fees and/or applicable non-resident tuition. Please note that the processing of drop-in-unit refunds will not begin until after the first two weeks of the term. If you received financial aid (including loans), your refund will not be considered until after the first four weeks of the term.

**Non-Credit/CEU Refund**

Extension course tuition refund applications must be submitted to the University’s College of Continuing Education prior to the first meeting of the class for a full refund, less a $10 processing fee. If a student withdraws on or after the first class session, the following applies:

<table>
<thead>
<tr>
<th>Meetings</th>
<th>Full Refund</th>
<th>65% Refund Less Than $10</th>
<th>No Refund Less Than $10</th>
</tr>
</thead>
<tbody>
<tr>
<td>9 or more</td>
<td>Prior to 1st class</td>
<td>Before 3rd class</td>
<td>After 3rd class</td>
</tr>
<tr>
<td>5-8</td>
<td>Prior to 1st class</td>
<td>Before 2nd class</td>
<td>After 2nd class</td>
</tr>
<tr>
<td>4 or less</td>
<td>Prior to 1st class</td>
<td>None</td>
<td>None</td>
</tr>
</tbody>
</table>

**Special Session Academic Credit Refund**

A $10 processing fee is charged on all Special Session tuition refunds. Refund applications must be submitted to the University’s College of Continuing Education prior to the first meeting of the class for a full refund. If a student withdraws on or after the first class session, the following applies:

- Obtaining approval to drop a class does not grant you an automatic refund of course fees.
- Refunds are still issued per your program's refund policy. Generally, refunds are allowed according to the following timeline:
  - If you drop before the class starts, you will get a full refund minus a $10 processing fee.
  - If you drop any time within the first 25% of the course, including the first day of class, you will get a 65% refund minus a $10 processing fee. If you have not paid for your course yet, you will still owe the other 35% of your tuition. This fee will remain due on your account.
  - If you drop after the first 25% of the course has elapsed, you will not receive a refund. If you have not paid for your course, all fees will remain due on your account.
- If you dropped after the full or partial refund deadline and would like to request a refund, please contact your program coordinator.

- Not attending or not logging into your class does not remove your responsibility to pay your course fees if you are still officially enrolled.

**Parking Refunds**

Parking fee refund applications will be honored only if the student returns the parking permit with the refund application. The amount of parking fee refund will be determined by the following schedule:

<table>
<thead>
<tr>
<th>Time Limit</th>
<th>Amount of Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before first day of class</td>
<td>100% of fee</td>
</tr>
<tr>
<td>1-30 calendar days</td>
<td>75% of fee</td>
</tr>
<tr>
<td>31-60 calendar days</td>
<td>50% of fee</td>
</tr>
<tr>
<td>61-90 calendar days</td>
<td>25% of fee</td>
</tr>
<tr>
<td>None thereafter</td>
<td>None</td>
</tr>
</tbody>
</table>

**Financial Aid Refunds/Return of Title IV**

A student who receives aid and withdraws, drops units, is expelled, etc., during or after the first day of enrollment will be reviewed in accordance with the Federal Return of Title IV Funds Policy. Federal regulations require the Financial Aid & Scholarships Office to calculate a Return of Title IV Funds for students who withdraw during the semester. The policy applies to students who cease enrollment in all classes, on or after the first day of the semester. The institution is required to determine the earned and unearned portions of Title IV aid as of the date the student ceased attendance based on the amount of time the student spent in attendance. Any aid received in excess of the earned amount is considered unearned. The unearned amount is then returned to the federal aid programs it was disbursed from in the order determined by the U.S. Department of Education. The earned portion is calculated on a daily basis using calendar days from the first day of instruction.

Additionally, any State grant funds received may be subject to the same earned and unearned calculation.

Students are required to “officially” withdraw from the University. Students needing to withdraw, begin the process by filling out the University Withdrawal form https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html (https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html)

A repayment situation may occur when a student receives aid and ceases attendance. The Federal Formula will determine if the disbursement was greater than the student's expenses up to the withdrawal date. The student must repay any excess amount.

To review Return of Title IV Funds Policy visit https://www.csus.edu/apply/financial-aid-scholarships/

**Fees and Debts Owed to the Institution**

Should a student or former student fail to pay a fee or a debt owed to the institution, including tuition and student charges, the institution may "withhold permission to register, to use facilities for which a fee
is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated for the payment of charges and fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student charges and fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or other services offered by the institution from anyone owing fees or another debt to the institution. The institution may also report the debt to a credit bureau, offset the amount due against any future state tax refunds due the student, refer the debt to an outside collection agency and/or charge the student actual and reasonable collection costs, including reasonable attorney fees if litigation is necessary, in collecting any amount not paid when due.

The institution may not withhold an official transcript of grades by the institution from anyone owing fees or another debt to the institution (see Title 1.6C.7 (commencing with Section 1788.90) Part 4 of Division 3 of the Civil Code). The institution can still charge a fee for the issuance of the transcript pursuant to their published transcript processing fees.

If a person believes he or she does not owe all or part of an asserted unpaid obligation, that person may contact:

Elena Larson, Bursar
Bursar’s Office, 6000 J Street
Lassen Hall 1003
Sacramento, CA 95819
Phone (916) 278-6736

The Bursar’s Office, or another office on campus to which the Bursar’s Office may refer the person, will review all pertinent information provided by the person and available to the campus and will advise the person of its conclusions.

Cancellation of Registration, Dropping Units or Withdrawal from the Institution

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the University’s official withdrawal procedures. Failure to follow formal University procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Office of the Registrar at (916) 278-8088.

Students who receive financial aid funds must consult with the Financial Aid Office prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. Students who have received financial aid and withdraw from the institution during the academic term or payment period may need to return or repay some or all of the funds received, which may result in a debt owed to the institution.

Financial Aid

Financial Aid Office
Services offered at the Student Service Center
Lassen Hall, Room 1000
(916) 278-1000, option 2
Financial Aid Website (https://www.csus.edu/apply/financial-aid-scholarships/)

Although the primary responsibility for financing an education rests with the student and the student’s immediate family, the Financial Aid & Scholarships Office helps students and their families search for, apply, receive and maintain eligibility for various types of financial aid to help meet the cost of attending Sacramento State. All students are encouraged each year to file the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application (CADAA) prior to the March 2nd state priority filing date.

Types of financial aid may include scholarships, federal and state grants, federal work study, student loans and in some cases parent loans. Eligibility for financial aid is based on the Cost of Attendance (COA) minus the Estimated Family Contribution (EFC) determined by the information reported on the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application (CADAA). For more information on the types of financial aid available please refer to our website (http://www.csus.edu/faid/).

Financial aid services are offered at the Student Service Center (https://www.csus.edu/student-affairs/centers-programs/student-services-center/) located in Lassen Hall, Room 1000, by phone (916) 278-1000, option 2, or via email at sacstatessc@csus.edu.

Application Process

All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application (CADAA) before the March 2nd priority filing deadline each year. A student only needs to complete one financial aid application based on the eligibility criteria outlined here:

- U.S. citizens or eligible non-citizens will need to complete the online FAFSA application (https://studentaid.gov/h/apply-for-aid/fafsa/).
- Students who have an unofficial immigration status and meet the California AB540 eligibility criteria will need to complete the California Dream Act application (https://dream.csac.ca.gov).

This single application will determine the student’s need for all federal and state financial aid programs available at Sacramento State. Financial aid documents requested by the Financial Aid & Scholarships Office, must be submitted by May 1st each year to ensure financial aid funds are ready at the beginning of the Fall semester.

Students must reapply for financial aid each year. The new application is available after October 1st for the following academic school year.

When filing the financial aid application, answer all questions accurately. Information reported on the application may need to be verified by the Financial Aid & Scholarships Office; if so, students will be informed through their student portal and provided a link for the required documentation. Once all documents have been received allow between 4 to 6 weeks for the Financial Aid office to review students file and determine award eligibility. Students are encouraged to monitor their MySacState Student Center frequently for all communications.
Student Eligibility Requirements for US Citizens and Eligible Non-Citizens who Filed a FAFSA
To be eligible for financial assistance each applicant must:

1. be accepted for admission to the University;
2. be U.S. citizen or eligible non-citizen;
3. not be in default on a federal student loan;
4. not owe a repayment on a federal grant;
5. agree to use any student aid received solely for educational purposes;
6. be making satisfactory academic progress toward a degree (see Satisfactory Academic Progress); and
7. satisfy other general eligibility criteria established by the federal, state, or institutional regulations and guidelines.

These factors are reviewed at the time of application for financial aid. Before a financial aid disbursement (payment) is made, the student’s enrollment status and academic progress will be reviewed. Financial aid awards will first apply to any outstanding institutional charges.

Student Eligibility Requirements for AB540 Students with an Unofficial Immigration Status who Filed a California Dream Act Application
To be eligible for financial assistance each applicant must:

1. be accepted for admission to the University;
2. be a AB540 eligible student with an unofficial immigration status;
3. not be in default on a student loan;
4. not owe a repayment on a grant;
5. agree to use any student aid received solely for educational purposes;
6. be making satisfactory academic progress toward a degree (see Satisfactory Academic Progress); and
7. satisfy other general eligibility criteria established by the federal, state, or institutional regulations and guidelines.

The above student eligibility factors are reviewed at the time of application for financial aid. Before a financial aid disbursement (payment) is made, the student’s enrollment status and academic progress will be reviewed and verified. Financial aid awards will first apply to any outstanding institutional charges.

Priority Dates

- March 2nd is the priority filing date for the FAFSA and the CADAA application. There is limited funding available for many of the need-based grants, therefore aid is awarded on a first come basis to eligible students who meet the priority filing date and have the greatest need.
- March 2nd is also the deadline to file the GPA verification form to the California Student Aid Commission (CSAC) for the Cal Grant programs.
- Students whose financial aid applications are received by the processor after March 2nd are considered late filers and aid eligibility is based upon remaining fund availability.

Documents Required
A set of federal and state defined criteria is used to determine if additional documentation is needed in support of data reported on the financial aid application (FAFSA or the CADAA). This process is referred to as verification. Applicants selected for verification will be notified by email and asked to provide additional documentation. A student will need to frequently monitor their MySacState Student Center for outstanding items on their "To Do List". To ensure timely disbursement of funding for Fall, we require all requested documents must be submitted prior to the May 1st deadline.

Awarding Financial Aid
Eligibility for financial aid is determined by subtracting the estimated family contribution (EFC) amount the student and family can contribute toward the cost of attending Sacramento State. The EFC is determined based on the information provided on the financial aid application.

Financial aid is awarded based on full-time enrollment. Some awards, however, may be prorated for students attending less than full-time. Refer to the Award Notice Guide (https://www.csus.edu/apply/financial-aid-scholarships/apply-for-aid/) for more details.

Grants
Federal Pell Grant is available to eligible undergraduates and students pursing their first non-degree teaching credential. Students are eligible to receive a Pell Grant for up to 12 (full-time) semesters regardless of school attended.

Federal Supplemental Education Opportunity Grants (FSEOG) is available to eligible undergraduate students with extreme financial need. Funding is limited. To receive a FSEOG, a student must also be receiving the Federal Pell Grant.

Teacher Education Assistance for College and Higher Education (TEACH) Grant is available for students who filed a FAFSA and currently completing coursework necessary to begin a career in teaching. Students must sign an Agreement To Serve/promise to repay and teach full-time for at least four years within eight years of completing the program as a highly qualified teacher, at a Title 1 school, in a specified subject area. If the service is not met, the grant must be repaid as an Unsubsidized Direct Stafford Loan, with interest from the date(s) of the original disbursement.

Educational Opportunity Program (EOP) Grant is available to eligible undergraduate California residents who are admitted to Sacramento State through the EOP program. Due to limited state funding, not all EOP students receive this grant. Other eligibility criteria also apply.

State University Grant (SUG) is available to eligible California residents and is designated to assist with tuition fees. A student may only receive one award designated for tuition fees. Priority for SUG is given to students meeting the eligibility criteria and who have filed their financial aid application by the March 2nd priority deadline. Funding is limited.

Cal Grants (Cal Grant A and B) is available to eligible undergraduate California residents. Eligibility is determined by the California Student Aid Commission (CSAC) for students meeting the March 2nd priority filing deadline. Cal Grant A is designated for tuition fees. A student may only receive one award designated for payment of tuition fees. Other eligibility criteria also apply.

Loans
All loans are considered "borrowed" funds and must be repaid after the student graduates, leaves school or drops below half-time enrollment. Students are encouraged to only borrow the amount needed to cover educational expenses and understand their rights and responsibilities as a borrower. All student loan borrowers must complete a Federal Direct
Loan Master Promissory Note (MPN), Entrance Loan Counseling and Exit Loan Counseling.

Nursing Student Loans (NSL) assist eligible nursing students (admitted into the nursing program) with a low-interest (5%) loan. At Sacramento State, NSL are restricted to students in their junior and senior year in school. Awards are not made to pre-nursing students or students in the first and second year of the nursing program. Principal and interest payments are deferred until nine months after the recipient stops attending at least half-time.

The Federal Direct Subsidized Loan is a long term, fixed interest rate loan for undergraduate students and is need-based. Interest is deferred until six months after the student graduates or ceases to be enrolled.

The Federal Direct Unsubsidized Loan is a long term, fixed interest rate loan for eligible undergraduate and graduate students and is non-need based. Interest begins to accrue at the time of disbursement. Students are highly encouraged to make interest only payments while in school to avoid the accruing interest being added to the principal amount of the loan at time of repayment.

Repayment of both Federal Direct loans begin six months after the student graduates, leaves school or drops below half-time. Students must have completed their financial aid file and an award must be accepted before the Financial Aid & Scholarships Office be process the loan(s). Additionally, borrowers must complete the required Direct Loan Entrance Loan Counseling and a Master Promissory Note (MPN) before receiving loan funds. Students who have previously completed the Direct Loan Entrance Loan Counseling and MPN requirement at Sacramento State are exempt.

In general, students may borrow the following maximum amounts annually:

Federal Direct PLUS Loans (Parent Loans) is a long term, fixed interest rate loan for eligible parents of dependent students. The annual loan limit is the student’s cost of attendance minus other financial aid assistance. Repayment beings for the principal and interest 60 days following the date of full disbursement. If the parent is denied the PLUS loan because of adverse credit history, the dependent student may request consideration for additional unsubsidized loan eligibility.

Federal Direct Graduate PLUS Loans is a long term, fixed interest rate loan for eligible graduate students who demonstrate credit worthiness.

Repayment begins 6 months after the student graduates, leaves school, or drops below half-time enrollment.

**Employment**

Federal Work-Study (FWS) is a federally funded, need-based employment program that provides eligible students the opportunity to earn funds for their educational expenses through job opportunities. Many different types of job opportunities are available, ranging from library attendants to research assistants. A wide range of choices exists in the University as well as in nonprofit agencies in the metropolitan area, including community service opportunities. Recipients may work up to 20 hours per week. Job opportunities may be found by checking with our Career Center (https://www.csus.edu/student-life/career-center/).

1 See also Academic Support Resources (p. 27)/Cooperative Education Program.

**Scholarships**

The Financial Aid & Scholarships Office administers Institutional, Departmental, and Community scholarships. Typically, scholarships are disbursed at the beginning of the Fall and Spring semesters. Scholarships are considered a resource and must be coordinated as part of the student’s overall financial aid package and therefore, may reduce other financial aid awards.

Scholarship inquiries can be sent via email to scholarshipfaqs@csus.edu.

**The Scholarship Program at Sac State**

A student may apply for all available Institutional and Departmental Scholarships by completing the single general application. Scholarship applications are accessible via My Sac State > Student Center. The University offers a wide number of scholarships in diversified categories and majors. Scholarship eligibility, requirements and award amounts may vary from scholarship to scholarship. Application and award information is available on the Scholarships Office website (https://www.csus.edu/apply/financial-aid-scholarships/scholarships/). The application cycle is open from mid-October through mid-March each year for the upcoming Fall and Spring semesters.

**Other Scholarship Programs**

Other scholarship programs may be available from community organizations and private industry. Students are encouraged to contact any service and religious organizations, and other professional affiliations they may be involved in for possible scholarship opportunities.

**Fee Waivers and Exemptions**

The California Education Code provides for the waiver of mandatory systemwide tuition fees as summarized below:

Section 66025.3(a) - Dependent eligible to receive assistance under Article 2 of Chapter 4 of Division 4 of the Military and Veterans Code; child of any veteran of the United States military who has a service-connected disability, has been killed in service, or has died of a service-connected disability, and meets specified income provisions; dependent, or surviving spouse who has not remarried of any member of the California National Guard who, in the line of duty, and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state; and any undergraduate student who is a recipient of a Medal of Honor, or undergraduate student who is a child of a recipient of a
Medal of Honor who is no more than 27 years old, who meets the income restriction and California residency requirement.

Section 66025.3(b) - Current or former foster youth who are 25 years of age or younger; has been in foster care for at least 12 consecutive months after reaching 10 years of age; meet any of the following:

1. Was under a current foster care placement order by the juvenile court;
2. Was under a foster care placement order by the juvenile court upon reaching 18 years of age;
3. Was adopted, or entered guardianship, from foster care;
4. Completes and submits the Free Application for Federal Student Aid (FAFSA);
5. Maintains a minimum grade point average and meets other conditions necessary to be in good standing at the university; and
6. Meets the financial need requirements established for Cal Grant A awards under Chapter 1.7 (commencing with Section 69430) of Part 42.

The waiver of mandatory systemwide tuition and fees under this section applies only to a person who is determined to be a resident of California pursuant to Chapter 1 (commencing with Section 68000) of Part 41 of the California Education Code.

Section 66602 – A qualifying student from the California State University (CSU) who is appointed by the Governor to serve as Trustee of the California State University (CSU) for the duration of the student member’s term of office.

Section 68120 – Surviving spouse or child of a deceased California resident who was employed by a public agency or was a contractor, or an employee of a contractor, performing services for a public agency, or was a firefighter employed by the federal government whose duty assignment involved the performance of firefighting services in this state. The deceased person's principal duties consisted of active law enforcement service or active fire suppression and prevention, and was killed in the performance of active law enforcement or active fire suppression and prevention duties (referred to as Alan Pattee Scholarships). Additionally, a person who qualifies for the waiver under this section as a surviving child or of a contractor, or of an employee of a contractor, or a firefighter employed by the federal government whose duty assignment involved the performance of firefighting services in this state. The deceased person's principal duties consisted of active law enforcement service or active fire suppression and prevention, and was killed in the performance of active law enforcement or active fire suppression and prevention duties (referred to as Alan Pattee Scholarships). Additionally, a person who qualifies for the waiver under this section as a surviving child or of a contractor, or of an employee of a contractor, who performed services for a public agency, must be enrolled as an undergraduate student at the California State University and meet the applicable income restriction requirement with supporting documentation (i.e. student's income, including the value of parent support, does not exceed the maximum household income and asset level for an applicant for a Cal Grant B award).

Section 68120.3 - Surviving spouse (until January 1, 2033) or surviving child (until attaining the age of 30) of a deceased California resident who was a licensed physician or licensed nurse employed by or under contract with a health facility regulated and licensed by the State Department of Public Health to provide medical services, or a first responder employed to provide emergency services as described in Section 8562 of the Government Code. The deceased person’s principal duties consisted of providing medical services or emergency services during the COVID-19 pandemic state of emergency (started March 4, 2020, until the Governor lifts the state of emergency), and the deceased person died of COVID-19 during the COVID-19 pandemic state of emergency. The person who qualifies for this waiver must enroll as an undergraduate student at a CSU, was a resident of California during the COVID-19 pandemic state of emergency, and the annual income (including the value of parent's support) does not exceed the maximum household income and asset level for an applicant for a Cal Grant A award, as set forth in Section 69432.7.

Section 68121 – A qualifying undergraduate student (until attaining the age of 30) who is the surviving dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student meets the financial need requirements set forth in Government Code Section 69432.7 for the Cal Grant A Program and either the surviving dependent or the individual killed in the attacks was a resident of California on September 11, 2001.

Section 69000 – A California resident who has been exonerated, as that term is defined in Section 3007.05 of the Penal Code; completes and submits the FAFSA; and meets the financial need requirements established for Cal Grant A awards. The student’s mandatory systemwide tuition and fees waived pursuant to this subdivision shall not have in excess of the equivalent of six years of full-time attendance in an undergraduate program.

Students who may qualify for the above benefits should contact the Admissions/Registrar’s Office for further information and/or an eligibility determination.

The California Education Code provides for the following nonresident tuition exemptions as summarized below:

Section 68075 - A student who is a member of the Armed Forces of the United States stationed in this state, except a member of the Armed Forces assigned for educational purposes to a state-supported institution of higher education, is entitled to resident classification only for the purpose of determining the amount of tuition and fees. If that member of the Armed Forces of the United States who is in attendance at an institution is thereafter transferred on military orders to a place outside this state where the member continues to serve in the Armed Forces of the United States, the member shall not lose the member's resident classification so long as the member remains continuously enrolled at that institution.

Section 68075.7 – A nonresident student is exempt from paying nonresident tuition or any other fee that is exclusively applicable to nonresident students if the student:
1. Resides in California;
2. Meets the definition of "covered individual" as defined in Section 3679(c)(2) of Title 38 of the United States Code; or
3. Is eligible for education benefits under the federal Montgomery GI Bill–Active Duty program (Chapter 30 (commencing with Section 3001) of Title 38 of the United States Code), the Veterans Readiness and Employment program (Chapter 31 (commencing with Section 3100) of Title 38 of the United States Code), the Post–9/11 GI Bill program (Chapter 33 (commencing with Section 3301) of Title 38 of the United States Code), or the Survivors’ and Dependents’ Educational Assistance program (Chapter 35 (commencing with Section 3500) of Title 38 of the United States Code), as each read on January 5, 2022.

Section 68122 – A student who is a victim of trafficking, domestic violence, and other serious crimes who has been granted a status under Section 1101(a)(15)(T)(i) or (ii), or Section 1101(a)(15)(U)(i) or (ii), of Title 8 of the United States Code shall be exempt from paying nonresident tuition to the same extent as individuals who are admitted to the United
States as refugees under Section 1157 of Title 8 of the United States Code. Section 68130.5 – A nonresident student, other than a person excluded from the term “immigrant” for purposes of the federal Immigration and Nationality Act (8 U.S.C. Sec. 1101), pursuant to paragraph (15) of subsection (a) of Section 1101 of Title 8 of the United States Code, shall be exempt from paying nonresident tuition if the student meets the requirements of (1) through (4), below.

1. Satisfaction of the requirements of either subparagraph (A) or subparagraph (B).
   a. A total attendance of, or attainment of credits earned while in California equivalent to, three or more years of full-time attendance or attainment of credits at any of the following:
      i. California high schools;
      ii. California high schools established by the State Board of Education;
      iii. California adult schools established by a county office of education, a unified school district or high school district, or the Department of Corrections and Rehabilitation (subject to the class hours' requirement);
      iv. Campuses of the California Community Colleges (subject to the credit requirements); or
      v. A combination of those schools set forth in clauses (i) to (iv), inclusive.
   b. Three or more years of full-time high school coursework in California, and a total of three or more years of attendance in California elementary schools, California secondary schools, or a combination of both.

2. Satisfaction of any of the following:
   a. Graduation from a California high school or attainment of the equivalent thereof;
   b. Attainment of an associate degree from a campus of the California Community Colleges; or
   c. Fulfillment of the minimum transfer requirements established for the California State University for students transferring from a campus of the California Community College.

3. Registration as an entering student at, or current enrollment at, an accredited institution of higher education in California not earlier than the fall semester or quarter of the 2001–02 academic year.

4. In the case of a person without lawful immigration status, the filing of an affidavit with the institution of higher education stating that the student has filed an application to legalize the student's immigration status or will file an application as soon as the student is eligible to do so.

Satisfactory Academic Progress (SAP)

A student must meet Satisfactory Academic Progress (https://www.csus.edu/apply/financial-aid-scholarships/requirement-policies/satisfactory-academic-progress.html) toward their degree in order to maintain eligibility for financial aid each year. Satisfactory Academic Progress will be reviewed and monitored annually each spring after grades have posted. These standards comply with federal regulations and University policy, are applicable to all financial aid applicants at Sacramento State, and affect eligibility for all federal and state aid including grants, loans and work study.

At Sacramento State, the financial aid office measures SAP annually in three areas and all three standards must be met:

1. Minimum Cumulative GPA standard:
   Students are required to maintain a cumulative GPA of 2.0 as undergraduates and 3.0 as doctorate, graduate, credential students, and unclassified graduate students.

2. Overall Degree Progress standard:
   Students are required to complete their degree/certificate within 150 percent of their program degree objective.

   All graded coursework are counted, including transfer units, repeats, in-progress and withdrawals. SAP review also incorporates all unsuccessful coursework attempted at Sacramento State (i.e. “F”, “I”, “NC”, “W”, “WU”).

Probation Warning: Students who have completed 120 percent of attempted coursework will receive a warning notification. This early warning enables the student to seek academic advisement for degree completion prior to reaching 150 percent.

3. Satisfactory Pace Standard:
   The satisfactory pace standard measures progress for the prior academic year measuring units earned in comparison to units attempted. Students must pass at least 67 percent of units attempted.

   All graded coursework are counted, including repeat coursework, in-progress and withdrawals. SAP review also incorporates all unsuccessful coursework attempted at Sacramento State (i.e. “F”, “I”, “NC”, “W”, “WU.

   Transfer units are not included in this calculation.

Financial Aid Disqualification

Students will become disqualified from receiving financial aid if any one of the following applies:

- they fail to meet the GPA requirements;
- they fail to successfully complete fewer than 67% of their attempted units in any academic year;
- they fail to complete their program within 150% of their degree program required units

Appeal Review

Students not meeting the requirements will be “Financial Aid Disqualified” and notified accordingly with instructions on how they may submit an appeal and the appeal process.

Appeal Process

Students who disqualify from receiving financial aid will be notified via MySacState Student Center and provided instruction on the process. Appeals will be evaluated based on the student’s extenuating circumstance and plan to take corrective measures toward successful degree completion.

Students who are disqualified due to low GPA or failure to successfully complete at least 67% of coursework attempted may submit an appeal for consideration of reinstatement of financial aid. Students may need to submit an Academic Plan, indicating courses that will be taken in subsequent semesters and to successfully progress toward degree completion.

Students who disqualify due to exceeding 150% of the required units for their program must submit an Academic Plan with their appeal and indicate required courses needed to complete undergraduate degree. Appeal will only be approved to receive financial aid for coursework required to graduate.
Students with an approved appeal are placed on probation, progress is evaluated at the end of the term. A student must be meeting progress in order to maintain eligibility for financial aid.

**Regaining Eligibility**

Students who appeal and appeal is approved are placed on probation. Students with an approved appeal must meet SAP standards at the end of the probation semester to regain eligibility for the subsequent semester.

Students who do not appeal are able to regain eligibility by meeting SAP standards by the end of the academic year when annual SAP process is run.

**Drop in Units**

Students who received financial aid funds should consult with the Financial Aid & Scholarships Office prior to dropping a course or withdrawing from the University to determine the impact on the financial aid received for that semester. Students can meet with an advisor at the Student Service Center (https://www.csus.edu/student-affairs/centers-programs/student-services-center/) during office hours to discuss their file. A student who receives aid and drops units, withdraws, drops out, is expelled, etc., during or after the first day of instruction will be reviewed in accordance with the Federal Title IV Return of Title IV Policy to determine percentage of aid they have earned based on number of days they attended during the semester. As a result, student may be required to return portion of financial aid they received for that academic term. For drop in units, aid will be adjusted at Census date to reflect the final enrollment status.

**Special Categories of Students**

Students in the International Program, Visitor Status, Consortium, and/or contractual programs must meet with a financial aid counselor.

Summer requires a separate institutional application available on the Financial Aid & Scholarships Office web site in April at www.csus.edu/ faid (http://www.csus.edu/faid/).

Open University students are not eligible for financial aid. Courses being audited are not considered toward enrollment for financial aid purposes.

**Return of Title IV Funds Policy**

**What is Title IV Aid?**

Title IV of the Higher Education Act of 1965, as amended in 1998, (Title IV, and HEA program) establishes general rules that apply to federal student financial assistance programs.

Title IV funds are awarded to students under the assumption they will attend school for the entire semester for which the federal financial aid is given. When a student withdraws, they may no longer be eligible for the full amount of Title IV funds they were originally scheduled to receive.

**What Return of Title IV Funds Means to Financial Aid Recipients**

Federal regulations require the Financial Aid & Scholarships Office to calculate a Return of Title IV Funds for students who withdraw during the semester. The policy applies to students who cease enrollment in all classes, on or after the first day of the semester. The institution is required to determine the earned and unearned portions of Title IV aid as of the date the student ceased attendance based on the amount of time the student spent in attendance. Any aid received in excess of the earned amount is considered unearned. The unearned amount is then returned to the federal aid programs it was disbursed from in the order determined by the U.S. Department of Education. The earned portion is calculated on a daily basis using calendar days from the first day of instruction. Additionally, any State grant funds received may be subject to the same earned and unearned calculation.

**How is Return of Title IV Funds Calculated**

**Return of Title IV Funds (Earned vs. Unearned Aid)**

Within 45 days from when you discontinue enrollment, Financial Aid and Scholarships must calculate the amount of financial aid you have earned prior to the date the action was filed. Any aid received in excess of the earned amount is considered unearned. The unearned financial aid must be returned to the respective federal programs no later than 45 days from when the student separated from Sac State. The calculation is based upon only the amount of Title IV Aid for which you were eligible.

Sac State's policy uses a similar formula to calculate how much state aid is earned if the student discontinued enrollment before the end of the semester.

**Calculating Earned Financial Aid**

The amount of earned financial aid is calculated on a daily basis from the first day of classes. The process uses calendar rather than business days. Earned aid is determined by taking the number of days attended before enrollment ended divided by the total number of days in the semester (first day of instruction until the last day of finals, excluding spring break for semester students).

Return policies apply to students that withdraw on or before the 60% point of the term. For a student who withdraws after the 60% point-in-time, there is no unearned financial aid.

Once the earned and unearned aid percentages are determined, the next step is to calculate the dollar amount of unearned aid that must be returned. The Return amount is determined by multiplying the unearned aid percentage by the total of all Title IV aid received.

Unearned Aid Percentage x Total of all Title IV Funds Received = Total Unearned Aid

**School Portion of the Return**

The amount of unearned aid that must be returned by Sac State is a percentage of the institutional charges for the semester. Once the dollar amount of the school portion of the Return is determined, it is compared to the total amount of all unearned aid. If the school portion is less than the total unearned aid, then Sac State must return the amount of the school portion. If the calculated school portion exceeds the total unearned aid, then Sac State must return the amount of the total unearned aid. Financial aid will be returned to the aid program from which it came. If returned to a loan program, your outstanding balance will be reduced by the amount of the return. Aid will be returned in the following order.

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Direct PLUS Loans
4. Federal Pell Grants
5. Federal Supplemental Educational Opportunity Grant
6. Iraq and Afghanistan Service Grant

**Late or Post-Withdrawal Disbursement**

Students may be eligible for a late or post-withdrawal disbursement if they have accepted aid that did not disburse at the time of withdrawal from Sac State. If eligible, Sac State Financial Aid and Scholarships will send notification of the action required to either accept or decline a
portion, or all, of the late disbursement. If no response is received within approximately two weeks of notification, the award will be canceled.

Consequences of Outstanding Repayment Obligation

Sacramento State does not have the authority to waive or write off the repayment requirement regardless of the reason for the withdrawal, including extenuating circumstances such as illness, accident, or grievous personal loss.

A student who fails to return the unearned Federal Financial Aid funds will be referred to the U.S. Department of Education for collection and the University may withhold permission to register, to use facilities, or render services. Until the repayment issue is resolved, the student’s Free Application for Federal Student Aid (FAFSA) record will be “flagged” every time a student files for aid. A student in repayment is ineligible for Financial Aid at any other institution in the nation until it can be verified the student is in repayment. In addition to referral to the U.S. Department of Education, failure to pay this debt by the due date may also result in an offset of your state income tax refund, and/or referral to a third-party collection agency.

Process

Students who find it necessary to withdraw from Sacramento State after enrolling for any academic term are required to follow the official withdrawal procedures. Failure to follow formal withdrawal procedures may result in the assignment of failing grades, or the assignment of an unofficial withdrawal by the course instructor(s) in all courses and the need to apply for readmission before being permitted to enroll in another academic term.

Students needing to withdraw, begin the process by filling out the University Withdrawal form https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html

Unofficial Withdrawal

Sac State Financial Aid and Scholarships reviews posted grades every semester. If a student receives all non-passing grades, and there is no record of academic activity they are determined to have unofficially withdrawn. Per Federal Return of Title IV regulations, federal, state, and institutional funds are adjusted using the 50% point of the term as the withdrawal date.

In order to reevaluate this determination, documentation must be provided to support attendance in all courses for the term. For example, correspondence from the student’s instructor(s).

Cost of Attending Sacramento State

Student budgets, also known as Cost of Attendance (COA), are designed to provide students with a projection of reasonable costs to attend school for a 9 month period. The students COA includes direct costs which are actual tuition and fees charged and, if applicable on campus housing charges. Indirect costs included in the total COA are as follows: an allowance for books and supplies, food and housing for those living off-campus or with parents, transportation costs and an allowance for miscellaneous/personal items. The following chart is an estimate of the cost of attendance during the 2021-2022 academic year as a full-time undergraduate student and may not represent your actual expenditures for these items.

<table>
<thead>
<tr>
<th>Allowance</th>
<th>Live with Parents</th>
<th>Live On-Campus</th>
<th>Live Off-Campus</th>

<td>$7,392</td>
</tr>
<tr>
<td>Books/Supplies</td>
<td>$1,112</td>
<td>$1,112</td>
<td>$1,112</td>
</tr>
</tbody>
</table>

Food/Housing $6,860 $15,944 $19,096
Transportation $1,610 $1,076 $1,326
Misc. Personal $2,564 $2,564 $2,564

TOTAL $19,538 $28,088 $31,490

Budget figures are subject to change without notice. The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, the CSU must reserve the right, even after initial payments are made, to increase or modify any listed fees, without notice, until the date for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees.

Registration

Introduction to My Sac State

www.csus.edu (http://www.csus.edu)

Continuing Sacramento State students and new students who have received notice of admission are eligible to register for classes. Registration is conducted online through the Student Center on My Sac State. Eligible students are assigned a registration appointment by class level priority. The Class Schedule is available online in March for fall semester. In most academic departments, advising begins in early March for fall semesters and in October for spring semesters.

Registration information will be communicated to all eligible students in April for fall semesters and November for Spring semesters. Summer registration begins April. The Academic Advising Center offers advising and registration assistance to newly admitted students during the orientation program prior to each fall and spring semester.

Students who miss their registration appointment may enroll during Open or Late Registration. There is a $25 fee for late registration. Course availability may be limited.

Once students register for classes, all registration fees must be paid by established deadlines. Failure to pay registration fees or make appropriate arrangements for payments will result in enrollment cancellation. Contact the Bursar’s Office for payment deadlines.

Adding Courses

Students are expected to add courses by using "My Sac State" at www.my.csus.edu

- Until the end of the second week of the semester. Course adds that require instructor permission must be completed by using an add permit available from the academic department or at the Registrar’s Office website (https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html).
- Adds in weeks three and four of the semester are processed through the academic department and require approval by the instructor and department chair.
- Adds are not approved after week four (the census date) unless students present evidence of University error that prevented their timely registration. University error does not include failure to meet all payment deadlines. In addition to completing a Petition to Add/ Drop/Withdraw from courses after deadline, students must state their reason for a late add request on a separate page and attach it to the petition, along with verification of the circumstances. Students must
then obtain signatures of the instructor, department chair, and college dean. See Petition to Add/Drop/Withdraw for more details.

- After filling out Petition to Add/Drop/Withdraw, students must submit the petition to the Registrar’s Office, Lassen Hall 2000, for consideration by the vice president (or designee). A late fee of $10 will be posted on the student account within two weeks, if approved. Check back with the Registrar’s Office two business days after submitting payment (check/money order only). If approved, the Registrar’s Office will add the course to the student’s schedule.

- Adds for audits must be noted on the petition, and the petition must be submitted to the Registrar’s Office. No adds for audit are permitted after the census date.

Drop and Withdrawal Policy

Definitions

**Dropping** a course refers to official removal from a course within the first four weeks of the semester (before census date). In this instance, nothing is recorded on the student’s permanent record.

**Withdrawal** from a course is an official removal from a course after census date. A grade of "W" is recorded on the student’s permanent record.

**Enrollment Cancellation** refers to students being administratively dropped from courses due to non-payment of fees. Enrollment Cancellation is done throughout the registration cycles prior to the census date. No "W" grades are recorded on the student's permanent record. If a student is enrollment cancelled after classes begin, they will be charged fees prorated for each day of enrollment. If student is enrollment cancelled during their first semester prior to the first day of classes, they will be required to reapply for admission.

**Unauthorized Withdrawal** may result for failure to drop or withdraw properly from a course. In this case, a grade of "WU" is assigned by the instructor. (See "Unauthorized Withdrawal Policy" below.)

**Limit on Withdrawal.** For all units attempted at California State University Sacramento, withdrawals made after the census date and prior to the last three weeks of instruction are limited to a combined total of no more than 18 semester-units during a student’s academic career at CSUS.

Dropping Courses

Although instructors may exercise their authority to administratively remove any student who fails to attend during the first two weeks of instruction, students should not assume they will be dropped. Students will receive a final grade of "F" or "WU" in courses they fail to drop officially.

- Students wishing to withdraw from all courses should fill out the Semester Withdrawal Form.
- Until the end of the second week of instruction of the semester, students are expected to drop courses by using "My Sac State" (www.my.csus.edu). Students will be charged registration fees for all courses not dropped prior to the first day of instruction. The drop in units refund deadline is the end of the second week of instruction.
- Drops during the third and fourth weeks of instruction are processed in the academic department offering the course and require instructor and department chair approval. Forms are available at academic department offices, or at the Office of the Registrar’s website (https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html).

Withdrawal from a Course

Drops after the fourth week of the semester (census date) are called withdrawals. The approved Petition to Add/Drop/Withdraw form must be submitted to the Registrar’s Office (Lassen Hall) after the fourth week. The petition is available through academic department offices, or at the Office of the Registrar’s website (https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html).

- Students may withdraw from no more than 18 units in their undergraduate career, unless an exception is granted (any "W" grades received prior to the Fall 2010 semester do not count towards the 18 unit maximum).
- If students are seeking to drop or withdraw from an individual course or courses after the fourth week of the semester, and have reached the University maximum of 18 units of "W" grades allowable, they must submit an approved Petition to Add/Drop/Withdraw as a supplement to their Petition for Exception: Withdrawal in Excess of 18 units. This form is available at the Office of the Registrar’s website (https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html).

- Withdrawals after the fourth week of the semester are granted only for “serious and compelling” reasons:
  a. Withdrawal during the 5th and 6th week of the semester requires the signature of the course instructor and the department chair. Reasons for dropping in during this period include medical circumstances, carrying an excessive course load, student’s inadequate academic preparation for the course, or the student having significant job or career changes.
  b. Withdrawal during the 7th through the 12th week requires the signature of the course instructor, the department chair, and the college dean. Reasons for withdrawal during this period include only medical or work related circumstances clearly beyond the control of the student; a student initiated job change, carrying an excessive course load, or inadequate preparation do not qualify. Withdrawal is allowed after the 12th week of instruction only in exceptional cases, such as in cases of accident or serious illness due to circumstances beyond the student’s control. All signatures are required and the student must meet with an Academic Advisor in the Academic Advising Center. Withdrawals approved during the last three weeks of the semester will not count towards the 18 unit maximum; however, a grade of "W" is still recorded on the transcript.

Attendance

Classroom attendance is generally necessary for academic success; therefore, regular attendance at class is expected. In some courses (for example, laboratories or seminars), attendance is absolutely critical to the work of the course. Students are advised that individual faculty may establish attendance policies in their courses and may link absences to their evaluation of students’ performance in the course. Such policies must be stated in the course syllabus made available at the beginning of the semester. Excessive absences may lead a faculty member to assign a “WU” or “F” grade.

Instructors have the right to administratively remove any student who, during the first two weeks of instruction, fails to attend any two class meetings (for courses that meet two or more times a week), or one class meeting (for courses that meet once a week). It is therefore
especially important that students contact instructors in advance regarding absences during the add/drop period. However, do not assume instructors will turn in official drops. It is the responsibility of each student to officially drop any scheduled courses he or she is not attending. Failure to do so will result in penalty grades ("WU" or "F").

Cancellation of Registration or Withdrawal from the University
Student Service Center
Lassen Hall Lobby
(916) 278-1000

Students who find it necessary to cancel their registration or to withdraw completely from Sacramento State after enrolling for any academic term are required to follow the university’s official withdrawal procedures (see below). Failure to follow formal university procedures may result in an obligation to pay fees, the assignment of failing grades in all courses, and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Registrar’s Office at (916) 278-1000.

Students who receive financial aid funds must consult with the Student Services Center prior to withdrawing from the university regarding required return or repayment of grant or loan assistance received for that academic term or payment period. Students who have received financial aid and withdraw from the institution during the academic term or payment period may need to return or repay some or all of the funds received, which may result in a debt owed to the institution.

Sacramento State students withdrawing from all classes in a given semester must receive approval from the Student Services Counselor before leaving the university. Students withdrawing from one or some of the classes, but not all, after the sixth week of the semester for academic reasons must receive approval from the college dean of the class being dropped.

Students withdrawing after the fourth week of instruction will receive a grade of "W" in each class.

Students who are withdrawing because they are incapacitated and are unable to obtain approvals in person must contact the Student Services Center to discuss processing procedures. Verification of illness or accident should accompany a student’s request.

Withdrawals from the University during the final three weeks of the semester shall not be permitted except in cases such as accident or serious illness, where the cause of withdrawal is/are clearly beyond the student’s control, occurred after the 12th week of the semester, and the assignment of "Incomplete" grades each course is impractical. Medical documentation will be required.

A student who pays registration fees and subsequently withdraws after the first day of the semester usually is considered a continuing student for the next semester and need not reapply for admission.

For information regarding refund of registration fees upon withdrawal, refer to Fees page: https://www.csus.edu/apply/enrollment-costs-fees/refunds/.

---

1 See Fees and Refunds/Financial Aid Refunds/Title IV.

Immunization Requirements
Student Health and Counseling Services
(916) 278-6461
https://www.csus.edu/student-life/health-counseling/

CSU Immunization Requirements
Entering CSU students are required to present proof of the following immunizations to the CSU university they will be attending before the beginning of their first term of enrollment.

Measles, Mumps, and Rubella (MMR): Two (2) doses with first dose on or after 1st birthday; OR positive titer (laboratory evidence of immunity to disease).

Hepatitis B (Hep B): All new students who will be 18 years of age or younger at the start of their first term at a CSU university must provide proof of full immunization against Hepatitis B before enrolling. Full immunization against Hepatitis B consists of three timed doses of vaccine over a minimum 4 to 6 months period. If you need further details, please consult Student Health and Counseling Services.

Varicella (Chickenpox): Two (2) doses with first dose on or after 1st birthday; OR positive titer (laboratory evidence of immunity to disease) prior to enrollment.

Tetanus, Diphtheria, Pertussis (Td): One (1) dose after age 7.

Meningococcal conjugate (Serogroups A, C, Y, & W-135): One (1) dose on or after 16 for all students and age 21 or younger.

Tuberculosis Screening/Risk Assessment: All incoming students must complete a Tuberculosis risk questionnaire. Incoming students who are at higher risk* for TB infection, as indicated by answering "yes" to any of the screening questions, should undergo either skin of blood testing for TB infection within one year of CSU entry.

*Higher risk include travel or living in South or Central America, Africa, Asia, Eastern Europe, and the Middle East; prior positive TB test; or exposure to someone with active TB disease.

The above are not admission requirements, but are required of students as conditions of enrollment in CSU.

Reservation
The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant’s suitability and the best interests of the University.

Immigration Requirements for Licensure
Office of the University Registrar
Office of the University Registrar
Student Service Center
Lassen Hall Lobby
(916) 278-6461

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PL. 104-193), also known as the Welfare Reform Act, includes provisions to eliminate eligibility for federal and state public benefits for...
certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation these requirements are available from the Office of the University Registrar.

**Maximum Course Load**

Because of the preparation required to do quality work, a normal course load is considered to be 15 to 17 units, depending on the curriculum in which the student is enrolled. Students who want to accelerate their programs may enroll for a maximum of 18 units in a semester by adding courses during the change-of-program period, known as Open Registration.

Students whose University record justifies a course load in excess of 21 units may petition to be allowed to carry extra units. The petition must be recommended by their advisor and approved by their major department chair and college dean. Only students with superior academic records are allowed to enroll for more than the maximum unit load. An overall grade point average of at least 3.25 is normally required, and the need to carry an overload must be established. Factors such as time spent in employment or commuting, nature of the program, and the student’s health should be considered in planning a student load. Students who are employed full time are advised not to carry a load in excess of 6 units.

**Intrasystem and Intersystem Enrollment Programs**

Office of the University Registrar
Lassen Hall 2000

Fully matriculated students enrolled at any CSU university have access to courses at other CSUs on a space available basis unless those universities/programs are impacted. This access is offered without students being required to be formally admitted to the host university and in most cases without paying additional fees. Students should consult their home university academic advisors to determine how such courses may apply to their specific degree programs before enrolling at the host university.

There are two programs for enrollment within the CSU and one for enrollment between CSU and the University of California or California Community Colleges. Please contact the Office of the University Registrar for additional information.

Students are not required to notify the University of their intention to discontinue enrollment unless applying for a Leave of Absence or one of the special statuses explained below.¹

¹ Refer to Application to Sacramento State (p. 27)/Returning Student.

**CSU Fully Online Courses**

Matriculated students in good standing may request enrollment in one course per term, offered by a CSU host university. Enrollment requests will be granted based on available space, as well as completion of any stated pre-requisites. Credit earned at the host university is electronically reported to the student's home university to be included on the student's transcript at the home university.

**CSU Visitor Enrollment**

Matriculated students in good standing enrolled at one CSU university may enroll at another CSU university for one term. Credit earned at the host university is reported at the student's request to the home university to be included on the student's transcript at the home university. Students should consult Sacramento State advisors to determine how host university courses may apply to their degree programs before enrolling.

Visitor transfers are approved for one term only and are subject to space availability and enrollment priority policies at the host university. Enrollment as a visitor transfer may be repeated after re-enrollment at the home university. Concurrent enrollment (see below) is not permitted during visitor status. Visitor applications may be obtained from the Admissions Office or the Office of the University Registrar.

**Concurrent Enrollment Within CSU**

Matriculated students in good standing enrolled at any CSU university may enroll on a space available basis at both their home CSU university and a host CSU university during the same term. Credit earned at the host university is reported at the student's request to the home university to be included on the student's transcript at the home university. Many online courses at CSU university are available for concurrent enrollment. Because of overlap in academic terms of universities on semester and quarter calendars, concurrent enrollment is subject to combinations and conditions described in the concurrent enrollment application forms available from the Office of the University Registrar.

**Intersystem Cross Enrollment**

Matriculated CSU, UC, or community college students may enroll on a "space available" basis for one course per term at another CSU, UC, or community college and request that a transcript of record be sent to the home university.

Cross enrollment is available to students who:

1. are California residents;
2. have completed at least one regular term at their home university as a matriculated student;
3. have paid appropriate enrollment fees at the home university for the current term;
4. have earned a grade point average of 2.0 ("C" average) for all college work completed; and
5. have completed appropriate academic preparation for the course they intend to take, as determined by the host university.

Details on enrollment conditions and procedures are available from the Registrar's Office at the home university. Students must request a transcript of record be sent to the home university upon completion of the term.

**Concurrent Enrollment Outside CSU**

Degree Evaluations Office
Office of the University Registrar
Lassen Hall Lobby
(916) 278-4862

Students may enroll at another institution outside the CSU system while enrolled at Sacramento State without prior approval if the total course
load does not exceed 21 units. Students must arrange to have an official transcript mailed to Sacramento State, Transfer Credit Evaluations, Office of the University Registrar, upon completion of the term. It is advisable to confirm that courses attempted elsewhere will be transferable and meet Sacramento State requirements.

Concurrent Enrollment Within Sacramento State
Concurrent registration, also known as Open University, is enrollment in on-university courses through the College of Continuing Education. The formal application for admission, application fee, and supporting documents are not required for concurrent registration. Open University registration is not available to matriculated degree seeking students. \(^1\) Open University students are allowed to maintain enrollment status while exploring goals away from the University. The policy also allows classified graduates (those enrolled in master's degree programs) to maintain status in their programs during an absence. Sacramento State students who will not be enrolled at Sacramento State may file for a Leave of Absence to receive these benefits. Forms to apply for a Leave of Absence for Undergraduate students are available in the Office of the University Registrar, for Graduate level students the form is located on the Graduate Studies website.

Sacramento State students studying abroad through independent programs should contact the International Programs and Global Engagement Office for information.

As required by law, regulations regarding admission eligibility, established by the California State University Board of Trustees, will apply to re-admission. Students dismissed due to academic deficiencies or disciplinary action are not eligible for Leaves of Absence. (However, students readmitted to Sacramento State after only one semester of non-enrollment maintain catalog rights.) Students enrolled only in Extension courses or as Auditors are not eligible for Leaves of Absence.

Leaves of Absence
The leave policy allows enrolled Sacramento State undergraduate and second baccalaureate students to maintain enrollment eligibility and rights to specified degree requirement options. \(^1\) Unclassified postbaccalaureate students are allowed to maintain enrollment status while exploring goals away from the University. The policy also allows classified graduates (those enrolled in master's degree programs) to maintain status in their programs during an absence. Sacramento State students who will not be enrolled at Sacramento State may file for a Leave of Absence to receive these benefits. Forms to apply for a Leave of Absence for Undergraduate students are available in the Office of the University Registrar, for Graduate level students the form is located on the Graduate Studies website.

Sacramento State students studying abroad through independent programs should contact the International Programs and Global Engagement Office for information.

As required by law, regulations regarding admission eligibility, established by the California State University Board of Trustees, will apply to re-admission. Students dismissed due to academic deficiencies or disciplinary action are not eligible for Leaves of Absence. (However, students readmitted to Sacramento State after only one semester of non-enrollment maintain catalog rights.) Students enrolled only in Extension courses or as Auditors are not eligible for Leaves of Absence.

Leaves approved for graduate students do not extend the seven year time limit for completion of graduate degree requirements established by Title 5, California Code of Regulations, Section 40510. Graduate students anticipating absence beyond such time limits must first seek approval through the Office of Graduate Studies, (916) 278-6470.

Enrolled Sacramento State students requesting leaves during a semester must follow withdrawal procedures. All contractual agreements (housing, financial aid, etc.) must be satisfactorily terminated. \(^1\) Refer to Baccalaureate Degree Requirements (p. 27)/Catalog Rights.

Types of Leaves
Medical
Requests must be accompanied by a statement from a medical doctor explaining why the student must interrupt enrollment. No limit exists on the number of semesters of absence allowed, except leaves for pregnancy, which are restricted to the semester of delivery and the one following. An application and fee are required at readmission following a leave of two or more semesters.

Military
Requests must be accompanied by a copy of military orders indicating induction or transfer date. Eight semesters absence is the maximum that can be approved. An application and fee are required at readmission for a leave of two or more semesters.

Planned Educational Leave
Students may petition for planned educational leaves to pursue educationally related activities that will enhance the prospect of successful completion of their academic programs but which may not require enrollment at Sacramento State or any other institution of higher education. The leave policy allows for a period of up to two years to students who apply while enrolled in a degree program at Sacramento State. If the leave is approved, the student retains degree catalog rights and may enroll as a continuing student provided the student notifies the Office of the University Registrar of her/his return and registers in the same semester indicated on the petition. However, an application and fee are required for formal readmission for a leave of two or more semesters.

One Semester Only
Sacramento State students who are not enrolled for one semester at Sacramento State are considered as on a leave of absence. Students who return after being absent for one semester do not have to file for readmission or pay the application fee, keep their catalog rights for undergraduate students and maintain classified status for graduate students. (Exception: graduate students who have completed all coursework and have received an "RP" in their culminating experience are required to enroll in Continuous Enrollment. Further information is available at the Office of Graduate Studies.) Students who do not enroll for two consecutive semesters without filing for a Leave of Absence are not considered as continuing students. Students must reapply for admission and pay the application fee. All application deadlines must be followed for consideration for readmission.

Enrollment at Regionally Accredited Colleges
Once catalog rights are established by enrollment at a California State University or California Community College (CCC), enrollment at a regionally accredited college maintains these catalog rights if two conditions are met:

1. enrollment takes place at the regionally accredited college for one semester or two quarters of each calendar year after leaving a CCC or Sacramento State; and
2. enrollment or re-enrollment at Sacramento State occurs within or at the end of a four-semester maximum absence.
Students attending regionally accredited colleges while absent from Sacramento State do not qualify for a Leave of Absence.

**Definition of Key Terms**

**Academic Action** — When a student's academic performance does not meet the University's minimum scholastic standards, he/she will be subject to academic action that will affect eligibility to register.

**Academic Program** — A pattern of specialized courses designed to provide students with the skills and knowledge necessary to pursue a specific career or advanced study. See list of academic programs (or majors).

**Career** — There are three designated academic careers for which transcripts are maintained: Undergraduate, Graduate, and College of Continuing Education (extension).

**My Sac State** — The access portal for student, faculty, and staff specific information and services. Students access specific information in the Student Center. Faculty access specific information in the Faculty Center.

**Class Level** — A student's class level based on units completed or academic program objective. Undergraduate class levels are:

<table>
<thead>
<tr>
<th>Class Level</th>
<th>Units Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>less than 30 units</td>
</tr>
<tr>
<td>Sophomores</td>
<td>30 to 59.9 units completed</td>
</tr>
<tr>
<td>Juniors</td>
<td>60 to 89.9 units completed</td>
</tr>
<tr>
<td>Seniors</td>
<td>90 or more units completed</td>
</tr>
</tbody>
</table>

Graduate students are those who have graduated with a baccalaureate degree from an accredited college or university.

**Computer Proficiency** — Courses using the various forms of computers and labeled as such will include a notice within the catalog description identifying the specific knowledge requirement as listed below:

- MAC-OS: start-up procedures, icon usage, file management, mouse input, print, backup, formatting, and copying.
- PC-DOS: start-up procedures, disk formatting and copying, print, directory listing, and program access.
- UNIX: log-in procedures, directory navigation, print, copy, run programs, and file management.
- VMS: log-in procedures, directory navigation, print, copy, run programs, and file management.

**Corequisite** — A corequisite is a course or other preparation which must be taken simultaneously. Corequisites are listed in the course description.

**Course Number System**

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Division</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-99</td>
<td>Lower Division</td>
</tr>
<tr>
<td>100-199</td>
<td>Upper Division</td>
</tr>
<tr>
<td>200-299</td>
<td>Graduate</td>
</tr>
<tr>
<td>300-499</td>
<td>Professional Education</td>
</tr>
<tr>
<td>500-599</td>
<td>Master's or Doctoral Thesis or Project</td>
</tr>
<tr>
<td>600-699</td>
<td>Doctoral</td>
</tr>
</tbody>
</table>

**Double Major** — Students may obtain a baccalaureate degree with two majors by completing the requirements for both majors. Multiple majors will be recorded on the student’s permanent record and if the student has completed the requirements for two or more majors leading to different baccalaureate degrees, those degrees and completed major(s) shall be acknowledged on the diploma and official transcript.

**Earned Hours** — The number of academic units completed that may apply toward degree requirements.

**Electives** — Courses which may be selected by the student to complete total-unit requirements. In some cases, major requirements include electives, i.e., a given number of courses in the major to be selected by the student.

**Full-Time Status** — Undergraduate students enrolled in 12 or more units are considered full-time. Graduate students enrolled in 8 or more units are considered full-time. **Note**: Off-university agencies may use different definitions for determining full-time status.

**Minor** — The minor is a pattern of courses similar to the major, but less comprehensive. Only a few majors at Sacramento State require a minor, but students who have a substantial number of elective units in their degree program should consider applying them to a minor. The number of units required for a minor varies with the department; most minors require approximately 21 units. Requirements are listed in each department’s section of this catalog. A minor is posted to the official transcript but does not appear on the diploma. Minor requirements completed after graduation are not posted to the official transcript.

**OneCard** — Sacramento State's digital-image identification card for students. It allows students to access university services and also functions as a debit card.

**Part-Time Status** — Undergraduate students enrolled in 6-11 units are considered part-time. Enrollment in less than 6 units is considered less than part-time. Graduate students enrolled in 4-7 units are considered part-time. Enrollment in less than 4 units is considered less than part-time.

**Prerequisite** — A prerequisite is a course or other preparation which must be completed before enrollment in an advanced course. When applicable, prerequisites are included in catalog course descriptions.

**Unit** — A unit represents approximately one hour of class instruction each week for one semester. Semesters usually have 15 weeks of instruction with final examinations held on the 16th week. For example, HIST 17A, having a value of three units, would meet three hours each week for a total of 45 hours of instruction. The terms “unit” and “credit hour” are used interchangeably.
BACCALAUREATE DEGREE REQUIREMENTS

Baccalaureate Degree

All baccalaureate degrees at Sacramento State require completion of the requirements listed below. Degree requirements fall into three categories: General Education requirements; major/minor requirements; and other Graduation requirements, which are subject to catalog rights policy. These requirements are derived from Title 5 of the California Code of Regulations, action of the California State University system, and University policy.

Total Units

A minimum of 120 semester units is required. Some majors require additional units. No more than 70 units taken at a community college or other two-year college may be applied to this total.

Upper Division Units

Completion of at least 39 of the total units must be in junior and senior level courses numbered 100-199 at Sacramento State. At least 9 units must be upper division General Education.

Major

Completion of a specific number and pattern of courses in one or more academic departments is defined as a major and is required for graduation. Major requirements vary from a minimum of 24 units to a maximum of 105 units, with majors for the Bachelor of Arts requiring a minimum of 12 upper division units and majors for the Bachelor of Science requiring a minimum of 18 upper division units. Students may complete the requirements for two or more majors leading to the same baccalaureate degrees concurrently. Some Sacramento State majors require an academic minor or approved area of concentration (see requirement listings by major in Academic Programs).

General Education and Graduation Requirements

All undergraduate students must complete a minimum of 48 units of General Education requirements. Approved General Education courses are listed on the online Schedule of Classes each year. Undergraduate students must also complete Graduation Requirements.

American Institutions Graduation Requirement

Demonstrated competency in "American Institutions", including: U.S. History and the U.S. Constitution, and California state and local government, is required for graduation. These requirements may be satisfied through approved courses or through examinations given by the History and Political Science departments. A maximum of three units may count towards both GE Area D and American Institutions requirements.

English Composition Graduation Requirement

Two semesters of college-level English Composition courses, with a grade of "C" or higher, are required for graduation. English 5, 5M, 11, and 11M also satisfy GE Area A2 requirements.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 5</td>
<td>Accelerated Academic Literacies</td>
<td></td>
</tr>
<tr>
<td>ENGL 5M</td>
<td>Accelerated Academic Literacies - Multilingual</td>
<td></td>
</tr>
</tbody>
</table>

Writing Proficiency Graduation Requirement

GWAR Website (http://www.csus.edu/gwar/)

All undergraduate students must satisfy the Graduation Writing Assessment Requirement (GWAR) in order to graduate. The GWAR is satisfied by completing a designated upper division Writing Intensive (WI) course with a grade of C- or better. All WI courses have a prerequisite that can be met either by submitting a Writing Placement for Juniors Portfolio (WP, J) or by completing ENGL 109W or ENGL 109M. Students who choose Portfolio placement will be asked to submit samples of their college level writing from courses they’ve completed. Based on a review of that work, a pathway to a WI course, and to the GWAR, will be recommended. WI courses may also count toward General Education and/or major requirements.

Students having satisfied the Graduation Writing Requirement at other CSU campuses are considered to have satisfied the requirement at Sacramento State.

Foreign Language Graduation Requirement

Undergraduate students are required to meet a foreign language requirement for the baccalaureate degree. The policy requires proficiency to be demonstrated at a level comparable to the second semester of college level language, including American Sign Language (ASL). However, some Bachelor of Science high unit majors have been given an exemption from the Foreign Language Requirement. Those programs will be so noted in their catalog section. Students who change majors and are no longer in an exempt program will be subject to the University's Foreign Language Graduation Requirement.

Before Sacramento State Enrollment

The foreign language graduation requirement may be met by any one of the following:

1. completion of the third year of a foreign language in high school (grade of "C-" or better).
2. graduation from a secondary school where the language of instruction was not English.
3. advanced Placement Foreign Language Examination scores of 3, 4, or 5; or
4. completion of two semesters of a foreign language at a community college or university, with a grade of "C-" or better. The second semester of a foreign language may also count towards GE Area C2 requirements.

Students will be required to submit official high school or college transcripts or other admissions documents to verify the completion of this requirement.

Note: Students with language disabilities due to a specific learning disability, or are deaf, hearing or speech impaired, or who have sustained brain injury may, on the recommendation of the Director of Services for Students with Disabilities, satisfy the requirement in one of several alternative ways.
After Sacramento State Enrollment
If the language requirement has not been completed through one of
the above options, students must meet the Sacramento State foreign
language graduation requirement by completing one of the following
options:

1. passing intermediate-level tests in two of four skills: reading, writing,
   listening, and speaking. One of the tests passed must be in reading or
   writing.
2. passing an advanced-level proficiency test in reading. Contact the
   Department of World Languages and Literatures (Mariposa 2051,
   (916) 278-6333) for more information; or
3. completing the second semester or equivalent (1B) of a college-level
   language (including ASL) course with a grade of "C-" or better.

Race and Ethnicity in American Society Graduation
Requirement
All students must complete a three-unit course designated as meeting
the Race and Ethnicity in American Society requirement. Courses meeting
this requirement may also be used to satisfy the University's G.E. Area C,
D, or E requirements. Transfer students may satisfy this requirement at a
community college, upon completion of an appropriate course. Courses
meeting this requirement taken at Sac State by G.E.-certified students
may be used to satisfy portions of the G.E. residence requirement and, in
the case of approved upper division courses, the G.E. upper division unit
requirement.

Residence Requirement
At least 30 of the total units must be taken on the Sacramento State
campus. A minimum of 24 of these units must be upper division,
including at least 12 upper division units in the major (except for
Business, English, and Psychology which require 15 units). Sacramento
State units earned by extension and/or challenge examination do not
count toward the Sacramento State residence credit requirement.

Grade Point Average Requirement
An overall grade point average (GPA) of 2.0 is required in five areas:

1. total courses (cumulative GPA).
2. Sacramento State courses.
3. upper division courses applied to the major.
4. courses applied to the minor, and
5. courses used to complete General Education requirements.

Departments may impose additional grade and GPA requirements (e.g., a
department may require a "C-" or better in every course which is applied
to the major).

General Education Program
Office of Undergraduate Studies Website (http://www.csus.edu/acaf/ge/)

One of the principles on which a modern university rests is the
assumption that there is an important difference between learning to
make a living and building the foundation for a life. While the first goal is
important, the second is fundamental.

In focusing on the students’ development as whole or "educated" people,
a university distinguishes itself from a trade school. The goal of a
university education is not simply the acquisition and application of
knowledge, but the creation of people who firmly grasp the worth of
clear thinking and know how to do it; who understand and appreciate the
differences between peoples and cultures as well as their similarities;
who have a sense of history and social forces; who can express thought
clearly and have quantitative ability; who know something about the arts
as well as how to enjoy them; who can talk and think intelligently about
the physical and life sciences, the humanities, and literature; and, above
all, who have the desire and capability for learning. This goal is why a
university degree is so highly valued by individuals, employers, and the
community at large.

The Sacramento State General Education Program is designed to
educate in this holistic sense. Thus, it is not simply a series of courses
to complete or hoops for students to jump through as they complete the
courses in their major. Rather, general education lies at the heart of what
a university education is all about.

Therefore students should carefully select courses and actively seek
subject areas that are new and may challenge their world-views or
cherished assumptions and offer new experiences, such as inquiry-
based or community-based learning. In short, students shouldn’t take
the easy way out. This is their opportunity to lay the foundation for the
rest of their lives, and to define themselves as educated members of
the human community. Their time at the university is precious and the
General Education Program has been designed to help them begin the
process of becoming truly educated people. In deciding to pursue a
university degree, they have chosen well and should make the best use of
the opportunities open to them.

Objectives
Upon completion of the General Education Program requirements,
students will be expected to:

• read, write, and understand relatively complex and sophisticated
  English prose;
• construct a non-fallacious verbal argument, recognize fallacious
  arguments, and follow the verbal arguments of others;
• find and use common information resources, engage in specialized
  library research, use computers and seek out appropriate expert
  opinion and advice;
• use mathematical ideas to accomplish a variety of tasks;
• gain a general understanding of current theory, concepts, knowledge,
  and scientific methods pertaining to the nature of the physical
  universe, ecosystems, and life on this planet;
• develop an acquaintance and understanding of cultures and major
dynamic social institutions which affect one’s life; and
• possess a significant and useful understanding of peoples from a
diversity of cultures and backgrounds, including women and ethnic
and other minority groups who have been the objects of prejudice and
adverse discrimination within our society.

In addition to these basic skills, courses in the sciences, arts, humanities,
and social sciences have been selected to help students attain the
university’s baccalaureate learning goals and to satisfy particular GE Area
Learning Outcomes. The Baccalaureate Learning Goals include:

• Competence in the Disciplines: The ability to demonstrate the
  competencies and values listed below in at least one major field
  of study and to demonstrate informed understandings of other fields,
  drawing on the knowledge and skills of disciplines outside the major.
• Knowledge of Human Cultures and the Physical and Natural
  World through study in the sciences and mathematics, social
  sciences, humanities, histories, languages, and the arts. Focused by
  engagement with big questions, contemporary and enduring.
• Intellectual and Practical Skills, Including: inquiry and analysis, critical, philosophical, and creative thinking, written and oral communication, quantitative literacy, information literacy, teamwork and problem solving, practiced extensively across the curriculum, in the context of progressively more challenging problems, projects, and standards for performance.

• Personal and Social Responsibility, Including: civic knowledge and engagement—local and global, intercultural knowledge and competence, ethical reasoning and action, foundations and skills for lifelong learning anchored through active involvement with diverse communities and real-world challenges.

• Integrative Learning, Including: synthesis and advanced accomplishment across general and specialized studies.

Sacramento State General Education courses are designed, selected, and approved by the faculty to meet these program objectives. Students will benefit from consultation with the Academic Advising Center or advisors in their major departments in planning their General Education course choices. Students may search the online Schedule of Classes by Area or other specification(s) for currently available GE courses.

Course Requirements
Courses have been approved to meet the 48-unit General Education pattern required of Sacramento State students. In addition, a second semester composition course and demonstration of proficiency in a foreign language are required for graduation. (See GE requirements for a description of these requirements.) Students must choose their General Education classes from the Areas and classes listed in the catalog.

General Education Policies
• All upper division GE courses require at least second semester sophomore standing (45 units) and completion of all GE Area A courses as prerequisites.
• At least 3 upper division GE units must be completed each in Area B, Area C, and Area D, for a total of at least 9 upper division units. (Courses numbered 100-199).
• The Writing Intensive course may be counted as upper division GE if it is listed as a GE course. Students must complete the course with a C- or higher to certify the GWAR.
• Each course taken to satisfy the Area A Basic Subjects and Area B4 Quantitative Reasoning must be completed with a grade of "C-" or higher.
• A 2.0 cumulative GPA is required in General Education.

Overlap Between General Education Graduation Requirements and Majors/Minors
General education requirements include six areas (A-F) in which you must take courses (Area Requirements) and, a nine-unit upper division requirement. Some courses that satisfy an Area Requirement may also satisfy a Graduation Requirement or a major requirement. The overlap possibilities are outlined below. Students needing help applying these overlap policies are encouraged to see an advisor in the Academic Advising and Career Center, Lassen Hall 1013.

1. The Race and Ethnicity requirement can be met with an upper or lower division course from a student’s major or major department or in a General Education Area. Example: A Social Work major can use SWRK 102 to meet the Race and Ethnicity requirement.
2. The Writing Intensive requirement can be met with a course from the major or major department in specified majors, but not in all majors. Some, but not all WI courses also satisfy a GE Area Requirement.
3. Up to three units of the American Institutions Graduation Requirement may also satisfy a GE Area D Requirement. (in designated high unit majors, 6 units of duplication may be permitted).
4. Satisfying the Foreign Language Graduation Requirement by completing the second semester of a single language may also satisfy a GE Area C2 Requirement.
5. There is no restriction on the overlap of courses between GE and minor requirements.
6. There is no restriction on the overlap of courses between GE and major courses.

Transfer Students
Transfer students who have completed lower division General Education requirements at a California community college, including those certified under the Intersegmental General Education Transfer Core Curriculum (IGETC), and/or those in receipt of an Associate Degree for Transfer (ADT), are required to complete 9 units of upper division GE at Sacramento State (or another CSU), meet the foreign language proficiency graduation requirement, meet the state “code” requirements in U.S. History, American and California Government, and the writing intensive requirement. Students who have not completed an approved course for the “Race and Ethnicity in American Society” category at a community college must take a course in this category at Sacramento State. In addition, all transfer students, except those fully certified as having completed the IGETC or ADT core curriculum, must complete the required second semester composition course or an approved course at a community college.

For more information about IGETC requirements and/or Associate Degrees for Transfer, contact your community college counselor.

Second Bachelor’s Degree Requirements
Students who hold a bachelor’s degree from regionally accredited institutions of higher education may be admitted to a second bachelor’s degree program. Potential applicants should be aware that CSU policy restricts admission of applicants to second and subsequent baccalaureate degrees to critical need areas such as nursing, science, engineering, mathematics, or integrated teacher education programs (ITEP). In all other areas, an applicant may be admitted to a second baccalaureate only if capacity remains after all CSU eligible upper division transfer and first-time freshman applicants have been admitted. To be considered for admission, an applicant must have a minimum 2.5 grade point average in the last 60 semester units of baccalaureate and/or graduate level courses.

Graduation requirements are:
1. An overall grade point average of 2.5 is required in four areas:
   a. total courses
   b. Sacramento State courses as a second bachelor’s student;
   c. upper division courses applied to the major, and
   d. courses applied to the minor.
2. Complete the content requirements for the second degree as specified by the academic program. Units from the first degree may be counted, but a minimum of 24 upper division residence units (Sacramento State courses) in the major subsequent to earning the first bachelor's degree are required.

3. Complete a minimum of 30 units in residence at Sacramento State beyond the first bachelor's degree. Of the 30 units, 24 must be upper division in the major. Note: Former Sacramento State students who have completed 6 or more residence units will be held to 24 upper division units in the major and in residence. Extension and credit by examination units do not meet the residence requirement.

4. Submit a graduation application with approval from the department chair of the major in which they seek the degree. Advising for the major takes place within the department. Candidates must file for graduation TWO SEMESTERS prior to the date of graduation.

**Scholarship**

Second bachelor's degree candidates are expected to achieve a minimum Sacramento State and overall cumulative grade point average of 2.5 each semester to maintain good academic standing, the same as unclassified graduate students. Students are subject to academic probation the first term the student's term and overall grade point average is below 2.5. While on academic probation, if the student's subsequent term and overall grade point remain below a 2.5, the student will be academically disqualified. A student will be academically disqualified immediately if the overall cumulative grade point average is below 2.0.

Students who meet grade point average requirements stated above will be placed on Academic Warning if they earn a "NC", No Credit, grade in a semester. Grades of "NC" earned in subsequent consecutive semesters will result in Academic Probation, Continued Probation or Disqualification, depending upon the number of "NC" grades earned and the semester grade point average.

Registration priority for students pursuing a second baccalaureate is that of an unclassified graduate student. A second bachelor's degree cannot be awarded in the same major as the first bachelor's degree or in any closely-related field.

**Catalog Rights**

Undergraduate students maintaining attendance in any combination of California community colleges and campuses of the California State University receive "catalog rights" in the election of regulations determining graduation requirements. Students may elect the requirements in effect at

1. the year they began their study at a California community college or CSU campus OR
2. the year they entered Sacramento State OR
3. the year they graduate from Sacramento State

Attendance is defined as enrollment in at least one semester or two quarters in each calendar year. Once catalog rights are established, absence related to an approved educational leave or for attendance at another accredited institution is not to be considered an interruption, providing the above attendance criteria are met and the absence does not exceed two years. While catalog rights hold degree requirements, they do not shield students from changes in prerequisites required in a given course. Prerequisite requirements, which all students must follow, are those stated in course descriptions in the current catalog. The only exceptions to this are in cases in which the addition of course prerequisites also increases the number of units required in the major and minor. In these cases, students are encouraged to meet current course prerequisites, but are not required to do so.

1. **Note**: Regional Accrediting Associations include the Associations of Colleges and Schools of the New England, Middle States, North Central, Northwest, Southern and Western regions.

2. See also Registration/Leaves of Absence.

**Overlapping Credit**

**Undergraduate**

The University allows course credit to overlap completing major and minor requirements, provided that minimum University policy has been met with regard to content requirements and total units. For the Bachelor of Arts degree, a major requires a minimum of 24 non-overlapping units of which 12 must be upper division.

For the Bachelor of Science degree, a major requires a minimum of 36 non-overlapping units of which 18 must be upper division. Any remaining units may be used for a second major or a minor.

1. See also Baccalaureate Degree Requirements/Overlap between General Education and Majors/minors.

**Postbaccalaureate Credit Earned as an Undergraduate**

The University will allow Sacramento State undergraduate students to petition to receive postbaccalaureate credit for courses in excess of all undergraduate degree requirements (major, minor, general education, total units, residence) if they are taken in the semester of graduation and students have a cumulative GPA of 2.75 or better. No more than six units can be applied towards a master's degree. If approved, credit will be designated as "graduate credit" toward a master's degree or credential and is discounted from undergraduate statistics and honors calculations. Sacramento State students seeking approval to use excess units toward a master's degree must submit a “Petition for Exception” to the Office of Graduate Studies during the last semester of undergraduate enrollment. Petitions must be filed with the Graduate Studies Office prior to graduation.

**Application for Graduation**

Graduation and Degree Advising Office
Office of the University Registrar
Lassen Hall, Room 2000
(916) 278-1000

Students must apply for graduation. Academic degrees are not granted automatically when students complete their degree requirements.

Students are eligible to file a bachelor's degree application one semester prior to graduation once they have completed a minimum of 85 units. Refer to the Graduation and Degree Advising Office Graduation Website (http://www.csus.edu/registrar/graduation/), for filing procedures and timelines. Notification via email is sent when the graduation evaluation is completed by the Graduation and Degree Advising Office. Graduating seniors may contact the Degree advisors in the Office of the University Registrar to discuss their Graduation Evaluation and any remaining degree requirements.
Posting of Degrees
After grades become available for the semester of requested graduation, the Graduation and Degree Advising Office will review the Graduation Evaluation for completion of all degree requirements. Those completing all requirements will have their degree major/minor and date of completion posted to their official academic transcript of record. Diplomas are mailed to students approximately two months after final semester grades become available. Students attending graduation ceremonies do so as candidates for the degree. The degree is conferred only after all degree requirements have been completed, and the diploma and transcript of record reflect that semester’s graduation date. Students who have not completed all requirements will be notified by email and should contact the Degree Evaluations Office for assistance in developing plans for degree completion. Degree Advisors are available for assistance at all stages of the graduation process.

Notes:

• A student may not register for the semester following his/her intended graduation unless the intended degree date is canceled or changed, or the student has applied for and has been admitted to Sacramento State as a graduate student. Students may change their graduation date on their graduation application via their Student Center or by completing a Bachelor’s Degree Date Change form available online at the Student Service Center.

• Participation in the commencement ceremony does not constitute graduation. Degrees are conferred only after all requirements have officially been cleared.

Graduating in Absentia
Students who have fulfilled the degree residence requirements may be permitted to complete final requirements at other regionally accredited colleges or universities by petitioning to graduate “in-absentia.” Approval to graduate in absentia must be requested in advance. Major or minor course substitutions are to be approved by the appropriate academic departments, and general education courses must be approved through the Degree Evaluations Office. Approval for graduation in-absentia will hold catalog requirements and degree candidacy for one year.
GRADUATE DEGREE REQUIREMENTS

Office of Graduate Studies
River Front Center 215
(916) 278-6470
www.csus.edu/graduate-studies (http://www.csus.edu/gradstudies/)

Institutional Graduate Learning Goals
The campus has articulated minimum learning requirements for recipients of graduate degrees. For each Institutional Graduate Learning Goal, students are expected to achieve a level of competency associated with an advanced degree, as appropriate to the discipline. In addition, each program may set Program Learning Goals and Outcomes that are mapped onto the curriculum and assessed.

Institutional Graduate Learning Goals for Masters Programs
1. Disciplinary knowledge: Master, integrate, and apply disciplinary knowledge and skills to current, practical, and important contexts and situations.
2. Communication: Communicate key knowledge with clarity and purpose both within the discipline and in broader contexts.
3. Critical thinking/analysis: Demonstrate the ability to be creative, analytical, and critical thinkers.
4. Information literacy: Demonstrate the ability to obtain, assess, and analyze information from a myriad of sources.
5. Professionalism: Demonstrate an understanding of professional integrity.
6. Intercultural/Global Perspectives: Demonstrate relevant knowledge and application of intercultural and/or global perspectives.

Institutional Graduate Learning Goals for Doctoral Programs
All of the above Institutional Graduate Learning Goals for Masters Programs, with the addition of:
7. Research: Conduct independent research resulting in an original contribution to knowledge in the focused areas of their graduate program.

General Program Requirements

Master’s Degree Unit Requirements
Each master’s degree program must include a minimum of 20 approved units in the major subject area. These shall normally include a minimum of 18 units in a 30-40 unit degree program and 36 units in a 60 unit degree program of regularly scheduled 200-level courses requiring student participation as the primary instructional method and seminar courses requiring formal presentations by students. Units earned for thesis or project may contribute toward establishing the major, but they are not permitted in the required units in 200 level seminar courses. No more than 6 units of 295, 299, or non-seminar courses may be counted as graduate credit. However, the minimum units for some master’s programs may be higher, for example:

- Master of Science in Counseling requires minimum of 60 semester units
- Master of Business degree requires from 31 to 52 semester units of approved graduate credit depending upon the student’s background in business at the time of admission
- Master of Social Work degree requires minimum of 60 semester units

Doctoral Degree Unit Requirements
The Doctor of Education degree requires a minimum of 60 semester units of approved graduate coursework. This must include a minimum of 48 units of regularly scheduled doctoral courses organized primarily for doctoral students. Units earned for the qualifying examination, or dissertation should not exceed 12 units and may contribute toward the major, but they are not permitted in the required 48 unit minimum. An oral defense of the dissertation is required.

The Doctor of Physical Therapy degree requires at least 90 semester units earned in graduate standing. At least 72 semester units required for the degree shall be in courses organized primarily for doctoral students, and the remaining units required for the degree shall be in courses organized primarily for doctoral students or courses organized primarily for master’s and doctoral students. No more than eight semester units shall be allowed for the doctoral project and an oral defense of the doctoral project shall be required.

Graduate Transfer Credit
Graduate transfer credit (with a grade of “B” or better) toward a doctoral or master’s degree at Sacramento State may be considered only if the coursework has not been used previously to complete another degree and the coursework must be current (within the time limit to complete the master or doctoral degree). A maximum of 6 units may be transferred as determined by appropriate campus authorities.

Master’s Degree Academic Residence Requirements
A minimum of 21 approved semester units in 100-, 200-, and 500-series offerings in a 30-unit Master’s program must be earned in residence at Sacramento State. Three-hundred-level (methods) courses, student teaching, extension courses offered by Sacramento State, or work completed at other accredited institutions do not meet residence requirements.

Doctoral Degree Academic Residence Requirements
A minimum of 42 approved semester units in the 600 series in a 60 unit Education Doctoral program must be earned in residence at Sacramento State. For the Doctor of Physical Therapy program, No fewer than 60 semester units shall be completed in residence at Sacramento State. At the discretion of the appropriate campus authority, courses required for the DPT that are completed at another CSU campus may apply toward the residency requirement.

Graduate Writing Assessment Requirement (GWAR)
All students must demonstrate competency in writing skills as a requirement for graduation. Writing proficiency at the graduate level will be demonstrated by successful completion of the graduate program requirements. Students’ preparedness for graduate level writing is demonstrated by successful completion of a Graduate Writing Intensive (GWI) course(s) in their discipline within their first two semesters of

1 See Time Limit for more information.

Master’s Degree Academic Residence Requirements
A minimum of 21 approved semester units in 100-, 200-, and 500-series offerings in a 30-unit Master’s program must be earned in residence at Sacramento State. Three-hundred-level (methods) courses, student teaching, extension courses offered by Sacramento State, or work completed at other accredited institutions do not meet residence requirements.

Doctoral Degree Academic Residence Requirements
A minimum of 42 approved semester units in the 600 series in a 60 unit Education Doctoral program must be earned in residence at Sacramento State. At the discretion of the appropriate campus authority, courses required for the DPT that are completed at another CSU campus may apply toward the residency requirement.

Graduate Writing Assessment Requirement (GWAR)
All students must demonstrate competency in writing skills as a requirement for graduation. Writing proficiency at the graduate level will be demonstrated by successful completion of the graduate program requirements. Students’ preparedness for graduate level writing is demonstrated by successful completion of a Graduate Writing Intensive (GWI) course(s) in their discipline within their first two semesters of

1 See Time Limit for more information.
coursework at California State University, Sacramento. Students must earn a grade of "B" or above in GWI course(s) in order to advance to candidacy. Failure to demonstrate writing proficiency in a timely fashion may result in a student's declassification from a degree program and require an application for readmission to the University.

Foreign Language
A reading knowledge of a foreign language may be required in some liberal arts areas. Students should consult their Graduate Coordinator to determine if foreign language requirements apply in the particular field in which they plan to take the doctoral or master's degree.

Advancement to Candidacy

Advancement to Master's Candidacy
Each student who plans to become a candidate for a master's degree is required to do the following:

1. be admitted to classified graduate standing in the graduate degree curriculum for which candidacy is sought;
2. complete at least 40 percent of the graduate degree coursework and meet any special departmental requirements in the field in which they propose to take the degree; and
3. file an application for advancement to candidacy for the master's degree.
   a. Must be submitted to the Office of Graduate Studies by October 1 for the spring semester and February 1 for the fall semester in order to register for Culminating Experience during priority registration.
   b. The Office of Graduate Studies will review the petition and process results within six to eight weeks.

Eligibility for advancement to candidacy is based upon the following:

1. Scholarship in undergraduate and graduate work taken prior to advancement as follows:
   a. A satisfactory undergraduate preparation for admission to classified graduate standing in the graduate degree program.
   b. A minimum cumulative grade point average of 3.0. No grade below a "B" may be counted toward the degree requirement unless expressly permitted by a campus-approved graduate programs' written policies.
   c. A total of 18 units of 200-level seminar courses must be listed.
   d. No more than a total of six units of 295, 296, or 299 may be counted toward the degree.
2. Evidence of a plan of graduate study acceptable to the institution and the faculty concerned.
3. Successfully fulfilled the Graduate Writing Assessment (GWAR) requirement.
4. Fulfilled the Graduate Writing Assessment (GWAR) requirement.

Advancement to Doctoral Candidacy
Initiation of advancement to candidacy procedures is the responsibility of the student. Each student who plans to become a candidate for the doctoral degree is required to do the following:

1. be admitted to classified standing in the doctoral degree program in which candidacy is sought;
2. have completed all coursework to qualify for the Qualifying Examination with a B or better in each course and a minimum cumulative grade point average of 3.0 in all courses taken;
3. successfully passed the written and oral Qualifying Examination by Unanimous agreement of the qualifying examination committee;
4. file an application for advancement to candidacy for the doctoral degree at the Office of Graduate Studies.
   a. Must be submitted to the Office of Graduate Studies by February 1 for eligibility to enroll in dissertation units for the Summer term.
   b. The Office of Graduate Studies will process within four to six weeks.

Eligibility for advancement to doctoral candidacy is based upon the following:

1. Scholarship in doctoral work taken prior to advancement as follows:
   a. Satisfactory completion of any preparation coursework required for admission to classified graduate standing in the doctoral degree program.
   b. A minimum cumulative grade point average of 3.0. No grade of less than "B" can be counted toward the minimum number of units needed to advance to candidacy.
   c. A total of 48 units of 600-level seminar courses must be listed.
2. Evidence of a plan of graduate study acceptable to the institution and the faculty concerned.
3. Successfully fulfilled the Qualifying Examination requirement.
4. Fulfilled the Graduate Writing Assessment (GWAR) requirement.

Culminating Experience Requirement

Master's Culminating Requirement
A thesis is required under Plan A, a project is required under Plan B, and a comprehensive examination is required under Plan C. Students are eligible to enroll for full or partial credit for their theses or projects at any time after being advanced to candidacy, subject to approval by their faculty advisors. Credit is granted upon completion.

Each department offers one or more or a combination of the following plans:

Plan A: Thesis
A thesis is the written product of the systematic study of a significant problem. It clearly identifies the problem; states the major assumptions; explains the significance of the undertaking; sets forth the sources for, and methods of gathering information; analyzes the data; and offers a conclusion or recommendation. The finished product must evidence originality, critical and independent thinking, appropriate organization and format, clarity of purpose, and accurate and thorough documentation. Normally an oral defense of the thesis will be required.

Plan B: Project
A project is a significant undertaking of a pursuit appropriate to the fine and applied arts or to professional fields. It must evidence originality and independent thinking, appropriate form and organization, and a rationale. It must be described and summarized in a written abstract that includes the project's significance, objectives, methodology, and a conclusion or recommendation. An oral defense of the project may be required. Some samples of types of projects are outlined below:

1. A Creative Project in the Arts: an original contribution to the verbal, visual, or performing arts. Examples include a music recital; a musical composition; a completed novel or play; a completed collection of short stories or poems; direction of a theatrical production; a gallery showing of works of art.
2. A Curriculum Project: a project that contributes to a field of teaching by enhancing communication of a subject matter. Examples include a course of study; a teacher's guide; an instructional manual; a
design for a new teaching method; the development of new teaching materials.

3. A Research Project: a project which contributes to the physical sciences, natural sciences, social sciences, humanities, or the professions, by adding to technical/professional knowledge in the professional field. Examples include building a device; designing an experiment; a field study; a case study; a documentary report; a professional article of publishable quality.

The fulfillment of any of the above culminating requirements must conform to the appropriate requirements of the Sacramento State Thesis and Project Format Requirement Guides.

Plan C: Comprehensive Examination

A comprehensive examination should test the range of subject matter covered in the student’s graduate program. The department may opt for an examination that is written, oral, or a combination of written and oral. Ordinarily the examination will be given in the student’s last semester before the student plans to receive the degree, and in no instance can a student who has not been advanced to candidacy take the examination.

At least three examiners must certify to the success or failure of the student in the examination. A simple majority determines whether the student has passed or failed. The results of the examination must be submitted to the Office of Graduate Studies on the “Report of Comprehensive Examination” form. A student may repeat the examination once after a failure, provided that at least four calendar months have lapsed since the previous examination. A third trial is not allowed unless extreme extenuating circumstances are demonstrated by the department and approved by the Dean of Graduate Studies.

This culminating experience option cannot be changed once the initial examination has been administered.

Doctoral Culminating Requirement

A qualifying examination, proposal examination, dissertation (Ed.D.) or doctoral project (DPT, AUD), and oral defense are required for the doctoral degree at Sacramento State.

Qualifying Examination

The qualifying examination is designed to provide evidence toward validation of the candidate’s advanced training in educational leadership. The student must unanimously pass the qualifying examination prior to advancing to doctoral candidacy and enrolling in dissertation units.

At least three examiners must certify to the success or failure of the student in the examination, and the results of the examination must be submitted to the Office of Graduate Studies on the “Report of Qualifying Examination” form. A unanimous decision on passing is required. A student may repeat the examination once after a failure, provided that at least four calendar months have lapsed since the previous examination. A third trial is not allowed unless extreme extenuating circumstances are demonstrated by the department to the Dean of Graduate Studies.

Proposal Examination

The doctoral proposal will normally contain a description of the problem, a review of the relevant literature, a statement of the research question, and a description of the research methodology or approach to explore the problem. The proposal must contain either (i) materials already submitted to the Institutional Review Board regarding the proposed dissertation research or (ii) materials completed for submission to the Institutional Review Board to meet human subjects’ requirement.

1. The dissertation proposal examination is normally conducted by a three faculty member committee. A written report will be provided by the committee members to communicate: (1) approval; (2) approval with modifications, or (3) lack of approval.

2. The results of the doctoral proposal examination will be communicated to the Office of Graduate Studies on the “Report of Doctoral Proposal Examination” form. The form shall be accompanied by a copy of the dissertation or doctoral project proposal.

The Dissertation Proposal (Ed.D.) shall identify the research problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, set forth the appropriate sources for and methods of gathering and analyzing the data. An oral defense before a three member doctoral proposal committee is also required.

The Doctoral Project Proposal (DPT) must demonstrate students’ understanding of the application of current evidence-based practice in a multicultural and complex health care environment. The proposal must be of sufficient rigor to ensure students’ demonstrations of critical and independent thinking and abilities to interpret the research literature and apply to current physical therapist practice. The proposal includes a written document with the following chapters: General Background, Case Background Data, Examination Tests and Measurements, Evaluation, Plan of Care-Goals and Interventions, Outcomes, and Discussion. An oral defense before a three member doctoral proposal committee is also required.

The Doctoral Project Proposal (AUD) must demonstrate originality, evidencing students’ critical and independent thinking. It shall be organized in an appropriate form and shall identify the research problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, identify the methods of gathering and analyzing the data. An oral defense before a three member doctoral proposal committee is also required.

Dissertation (Ed.D)

A dissertation shall be the written product of systematic, rigorous research on a significant professional issue. The dissertation is expected to contribute to an improvement in professional practices or policy. It shall evidence originality, critical and independent thinking, appropriate form and organization, and a rationale.

The dissertation shall identify the research problem and questions(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, set forth the appropriate sources for and methods of gathering and analyzing data, and offer a substantiated conclusion or recommendation(s). It shall include a written abstract that summarizes the significance of the work, objectives, methodology, and a conclusion or recommendation(s). All members of the dissertation committee must approve the written work.

Project (DPT)

The Doctoral Project/Culminating Experience may include evidence-based practice projects, clinical research projects, or case reports consistent with the Chancellor’s Office Executive Order. Culminating events must demonstrate students’ understanding of the application of current evidence-based practice in a multicultural and complex health care environment. They must be of sufficient rigor to ensure students’ demonstrations of critical and independent thinking and abilities to interpret the research literature and apply to current physical
The doctoral project includes a written document with the following chapters; General Background, Case Background Data, Examination Tests and Measurements, Evaluation, Plan of Care-Goals and Interventions, Outcomes, and Discussion.

Project (AUD)
The doctoral project shall demonstrate the student’s doctoral-level mastery of research skills, hearing science and/or current evidence-based practice. It shall demonstrate critical and independent thinking and a command of the research literature. The written component of the doctoral project shall demonstrate originality, evidencing critical and independent thinking. It shall be organized in an appropriate form and shall identify the research problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, identify the methods of gathering and analyzing the data, analyze and interpret data and offer a conclusion or recommendation.

Oral Defense
An oral defense of the dissertation or project is required. The student must notify the Office of Graduate Studies of his/her intent to defend the dissertation/project 30 days prior to the defense. A notice of the date, time, and place of the defense must be posted in a public place for 14 calendar days prior to the dissertation oral defense. The notice should include the title of the dissertation/project and a brief 150 word abstract.

Graduate and Post-Baccalaureate Academic Action Categories
Graduate and Post-baccalaureate Academic Action Categories listed below do not apply to post-baccalaureate students pursuing a second bachelor’s degree.

Good Standing
Graduate, credential, certificate and unclassified students whose Sacramento State and cumulative grade point average (GPA) is 3.0 or above are considered in good academic standing.

Academic Probation
Students whose cumulative Sacramento State grade point average or overall grade point average falls below 3.0 will be placed on academic probation. Students on probation are eligible to enroll in the subsequent semester.

Continued Probation
Students on probation will be placed on Continued Probation if they:

• earn a 3.0 in the semester, but have a Sacramento State GPA and/or overall GPA below 3.0.

Students placed on Continued Probation will be limited to a maximum course load of 9 units per semester until they return to academic good standing.

Academic Disqualification
If a graduate, credential, certificate, or unclassified student is on academic probation and the Sacramento State or cumulative grade point average is below 3.0 for the active term, the student will be academically disqualified.

Students not on probation will be disqualified if the Sacramento State or cumulative GPA is 2.0 or less.

Disqualified students will not be allowed to register unless they are formally reinstated and/or readmitted to the University.

Administrative Probation and Administrative Disqualification
Graduate, credential, certificate, and unclassified students are subject to Administrative Probation for the following reasons:

1. Withdrawal from all or a substantial portion of their courses in two successive terms or in any three terms.
2. Repeated failure to progress toward a degree or other program objective, when such failure is due to circumstances within the control of the student.
3. Failure to comply, after due notice, with an academic requirement or regulation.

Students who do not meet the conditions for removal of administrative probation may be subject to further administrative actions, including Administrative Disqualification.

Notification
The Office of the University Registrar will notify students of their academic status (academic probation, continued probation, or academic disqualification) by letter, My SacState message, and/or email at the end of each semester. Graduate, credential, certificate, and unclassified students on Probation or Continued Probation are required to meet with an advisor in their major department, the credential office or the Office of Graduate Studies. Academic departments and units may block registration of students who fail to meet advising appointments. Students receiving veterans' educational benefits may be ruled ineligible for continued benefits if, after one semester of unsatisfactory achievement (prohibition or disqualification), they do not return to academic Good Standing at the completion of the next semester.

Reinstatement of Disqualified Students
Students who have been academically disqualified may petition for reinstatement. The Petition for Reinstatement is obtained from the Office of Graduate Studies. If reinstated, students will be placed on an academic contract that may stipulate maximum units, specific courses and achievement levels. Failure to meet the conditions of the reinstatement contract and/or failure to achieve a subsequent semester GPA of 3.0 or higher will result in academic disqualification.

Students who are administratively disqualified or not recommended by their academic department for continuation in the graduate degree, credential, or certificate program must formally apply to the University as well as a graduate degree, credential, or certificate program and submit a petition for reinstatement. Reinstated unclassified students will not be allowed to enroll in graduate level courses during the period of the reinstatement contract without the permission of the department chair or designee for that major.

Deadlines to petition for immediate reinstatement are as follows:

• Third week of January for Spring Semester
• End of June for Fall Semester

NOTE: Please check the Office of Graduate Studies Web site www.csus.edu/graduate-studies (https://www.csus.edu/graduate-studies/) for specific dates and forms.

Students whose petitions are approved are subject to review each semester until the Sacramento State GPA and overall cumulative GPA
reach the minimum standard of 3.0. Students may not earn the degree, credential, or certificate unless they are in good academic standing and their Sacramento State GPA and overall cumulative GPA reach the minimum standard of 3.0.

**Continuous Enrollment**

Classified graduate, post-baccalaureate, credential, or certificate students normally retain rights to the catalog and/or degree program requirement under which they were classified, providing they remain continuously enrolled. Students who do not stay continuously enrolled lose classified graduate standing or post-baccalaureate standing and will be required to apply for readmission. Such students may be required to fulfill additional program and/or university degree requirements that are current at the time of readmission.

**Continuous Enrollment (599) During the Culminating Experience**

Graduate students who have been advanced to candidacy and who have completed all coursework can maintain the required active degree program status without additional University registration by enrolling in “599 Continuous Enrollment.” There are no units associated with this enrollment, but a continuous enrollment fee equal to one unit is required. The fee is paid through the College of Continuing Education. Such enrollment is valid as long as the student is within the time period allowed for the completion of the culminating experience requirement.

**Continuous Enrollment (599) for the Master’s Degree**

If not otherwise actively registered at the University, students completing a thesis, project, or comprehensive exam who did not complete the culminating work in the semester of original enrollment must enroll in “599 Continuous Enrollment” and pay the associated 599 enrollment fee. Students may be allowed up to a maximum of three semesters of 599 enrollment beyond the semester of original enrollment to complete the culminating requirement according to the requirements of the graduate program.

Students who do not finish the master’s thesis/project/comprehensive exam within the semester of original enrollment will receive a grade of “RP” provided satisfactory progress has been made toward completion of the culminating experience. The “RP” grade will remain as long as progress is made toward completion and “599 Continuous Enrollment” is maintained in the subsequent semester(s).

If the student does not complete the culminating experience within the total allowable semesters, a No Credit (“NC”) grade will be assigned for the original units. The “NC” remains as part of the academic record. If the five-year deadline for the Ed.S. or doctoral degree program has not expired, the student must re-enroll in the culminating experience units within the next semester and pay University fees before continuing the program. Failure to maintain continuous enrollment will result in the need to file an admission application and all related fees during the next available open admission cycle. Students may be required to fulfill additional program and/or university degree requirements that are current at the time of readmission.

**Time Limit**

All requirements for the master’s degree must be completed within seven (7) years immediately prior to graduation.

All requirements for the doctoral degree must be completed within five (5) years immediately prior to graduation.
ACADEMIC SUPPORT SERVICES

Advising

General Education Advising
Lassen Hall 1013
(916) 278-1000
www.csus.edu/acad (http://www.csus.edu/acad/)

Effective intentional academic advising is essential to accomplishing the University's instructional mission. Through collaboration and academic guidance, the Academic Advising Center fosters a developmental process of assisting undergraduate students in clarifying and achieving their personal, professional, career and educational goals. Students are encouraged, and in some circumstances, required to meet with a professional or faculty advisor at least once a semester.

Advisors help students:

- Understand the value of the University's General Education program, and the relationship of this program to individual interests and career objectives;
- Interpret and apply University policies;
- Ensure they are taking the courses for timely progress to degree; and
- Explore educational and career objectives compatible with their interests and abilities.

The ultimate responsibility for academic success rests with the student, who is expected to:

- Be aware of and comply with the University’s academic policies, procedures, and deadlines;
- Be familiar with the My Sac State Student Center including the KEYS to Degree toolbox;
- Meet regularly, at least once each semester, with an advisor in the major and an advisor in the Academic Advising Center.
- Declare/Change their major when appropriate. The form is available online at http://www.csus.edu/registrar/forms/.

Because of the relationship between proactive advising and academic success, first year and transfer students are required to attend New Student Orientation. In addition, first year students are required to complete advising during their first two semesters at Sacramento State. It is recommended that students also meet with advisors in their major. All students on academic probation are required to meet with an advisor in their department and all second-year students on probation are required to meet with the Academic Advising Center. Undeclared and Expressed Interest majors must officially declare a major before earning 60 units.

A complete list of the Academic Advising Center’s programs and services can be found at www.csus.edu/acad (http://www.csus.edu/acad/)

Faculty Advisor

Advisors in the academic departments help students select appropriate major courses each semester and are also helpful in exploring career options specific to their major or concentration.

New Student Orientation

University Union 2230
csus.edu/orientation (http://www.csus.edu/orientation/)
(916) 278-7841

Orientation is required for all new first year and transfer students. The program is designed to help students make a successful transition from their previous college or high school to Sac State. During Orientation, student orientation leaders meet with small groups of new students to discuss academic requirements, advising tools and offer helpful tips regarding campus resources and student life. In addition, new students meet with their major department advisors and register for courses. New fall students attend Orientation during the summer, while new spring students attend Orientation in January. Program details (including the Parent/Guest program) are located on the New Student Orientation website.

Specific Advisors

Student-Athlete Resource Center

Lassen Hall 3002
www.csus.edu/sarc (http://www.csus.edu/sarc/)
(916) 278-5431; (916) 278-7796

The Student-Athlete Resource Center (SARC) is designed to enhance the academic and overall life development experience for NCAA Division I student athletes at Sacramento State. The SARC assists student-athletes in pursuing and successfully completing a college degree while also preparing them for challenges and experiences after college. The Center provides Sacramento State student-athletes with a very comprehensive academic support system.

The SARC provides student-athletes with a variety of academic support and services from the outset of their academic careers at Sacramento State. It provides the student-athletes with opportunities to develop and improve their academic skills, as well as to receive exceptional advising on University policies and procedures, coursework, and career choices. In addition, the Center’s staff monitors the progress of each student-athlete towards completion of their degree in compliance with the academic bylaws mandated by the National Collegiate Athletic Association (NCAA). The SARC provides student-athletes with additional academic support in the forms of computer labs, individual tutoring, and specialized retention advising for student-athletes with additional academic needs. The Center also coordinates all of the activities associated with the NCAA/CHAMPS Life Skills Program. This nationwide program focuses on helping student athletes achieve in all areas of personal, academic, community, career, and athletic development.

The SARC Office and academic computer lab is open Monday through Friday from 7:30 a.m. - 4:30 p.m.

Undergraduate Business Advising Center

Tahoe Hall 1030
(916) 278-BIZZ (2499)
www.csus.edu/cba/ubac (http://www.csus.edu/cba/ubac/)

The Undergraduate Business Advising Center (UBAC) is part of the Office of Student Engagement in the College of Business. UBAC assists undergraduate business majors, expressed interest in business, and minors with program advising, graduation evaluations, and petitions relating to the major and/or minor.
Teaching Credentials Advising
Eureka Hall 437
(916) 278-6403
www.csus.edu/coe/offices-services/aero/advising (http://www.csus.edu/coe/offices-services/aero/advising.html)

The Advising, Recruitment, Retention, and Outreach (AERO) Services assists students who are interested in pursuing a career as an elementary, middle/junior high, high school, or special education teacher. The AERO advisors work with students on issues related to state and university requirements for credential programs, support for taking required exams, and information about scholarships and other sources of financial support available to teacher candidates. Students considering teaching as a career should visit this office during their first semester.

Student Service Center
Lassen Hall 1000
(916) 278-1000
www.csus.edu/ssc (http://www.csus.edu/ssc/)

The Student Service Center (SSC) at Sacramento State is a student’s one stop toward success. The Center provides multi-faceted assistance to students, alumni, faculty and staff. SSC staff are able to provide assistance in a variety of areas including financial aid, scholarships, tuition payment options, major and graduation requirements, and registering for courses. The Center also helps students access a myriad of other campus resources.

Our mission is to provide a welcoming and accessible environment that is dedicated to educating, supporting and developing student success by providing accurate, efficient and holistic information to the Sacramento State campus community.

The Student Service Center is open Monday – Friday from 8:00 AM – 5:00 PM. sacstatessc@csus.edu

Admission and Academic Support Programs
First Year Experience Programs
ARC 4002
(916) 278-2804
www.csus.edu/fye (http://www.csus.edu/fye/)

The First Year Experience Program
The mission of the First Year Experience Program (FYE) at Sacramento State is to improve the retention and graduation rates of native students, a goal that is directly aligned with the CSU system wide Graduation Initiative. FYE consists of:

1. the First Year Seminar course and University Learning Community course "clusters"
2. co-curricular activities embedded in the courses, that are designed to increase student engagement with the campus, community, faculty, and peers
3. Peer Mentors who attend courses with first year students, and provide personal, academic, and advising support
4. The FYE Space - #L1B3520 provides a space for first year college students to study, work in groups, meet their peer mentor, and find support. Students get support from peer mentors called the Go To Crew in the FYE Space

Enrollment in the University Learning Community Program (LCOM) and/or First Year Seminar Courses (FYS) occurs during New Student Orientation (http://www.csus.edu/orientation/First%20Year%20Orientation/) and during spring registration.

First Year Seminars
First Year Seminars provide students with an introduction to the nature and meaning of higher education and to the functions and resources of the University. Students in the class gain insights and develop tools that allow them to get the most out of their university education at Sacramento State. The seminars also provide students with the opportunity to interact with fellow students and the seminar leader, building a community of academic and personal support. Students who have taken the course do better academically than the general student population.

This introductory course satisfies the Area E General Education requirement. The course is listed under individual department names with the added designation of 21. For example, COMS 21 (Communication Studies) is a First Year Seminar, with specific information relevant to each major covered in more detail. Some of the First Year Seminars are stand-alone courses while others are part of a learning community.

The First Year Seminar is a 3 unit General Education (GE) Area E course where students explore the requirements and responsibilities of becoming a university educated person. Most FYS were paired with another course in the Learning Community, while the rest of FYS were “stand alone” (i.e. not paired with another course in a learning community).

Each First Year Seminar course shares the following characteristics:

- Small class sizes (capped at 30; lower cap for certain sections) to meet the needs of incoming first year students
- Use of the campus One Book for a common intellectual experience, common course description and learning goals, common class activities, assignments, and assessments aligned with Baccalaureate Learning Goals and GE Area E requirement
- Support for faculty to implement effective curricular activities (assignment descriptions, guest speaker lists, assessments, rubrics, all available online on SacCT/Blackboard)
- Opportunities for faculty professional development around teaching, learning and FYE programmatic research through an annual Convocation, annual curriculum workshop, and periodic faculty interest groups
- Support for embedding co-curricular activities (funding, coordination), including High Impact Practices
- Taught by both faculty and student affairs professionals, indicating the collaborative cross-divisional nature of the program
- Students learn how to access academic & personal support resources

The FYE Library Space
A designated academic location in Library 3520 (3rd floor) that is available primarily for first time college students called “The FYE Space.” Events are often held in the Space to introduce information to students, as well as celebrate achievements (“May One is Done!”) Students visit the Space to study, connect with faculty, meet with the FYE librarian, check-in with a Go To Crew peer mentor, or get support between classes. Workshops on writing, leadership, and major advising are offered throughout the semester. It was established to develop a space where First Year students could always connect with a community on campus.
Learning Communities
The Learning Communities program establishes connections between courses in different subject areas with General Education curricula. Each Learning Community consists of two to three classes, with faculty who try to link course topics, coordinating readings and assignments. Students who join a Learning Community are linked to other students enrolled in the same classes, helping students form connections with professors and other students that strengthen their networks of social and academic support. Learning Communities may also have a peer mentor to help students navigate the transition from high school to college.

Students admitted to Sacramento State do not need to meet any other admission criteria to join a Learning Community. New communities are formed each fall, and information about the semester’s Learning Community offerings is shared at summer First Year Student Orientation. More information is available on the First Year Experience website at http://www.csus.edu/fye

Honors Program
ARC 4002
(916) 278-2804

The General Education Honors Program at California State University, Sacramento offers qualified and highly motivated students an opportunity to have a challenging, innovative, and stimulating learning experience. Through small class sizes (around 25 students), students experience intimate classroom settings which promote discussion, integrative learning and a global perspective. The Program is open to incoming freshmen. We do not accept transfer students.

The Honors Program academic experience is composed of 45 units of Honors courses (36 lower division and 9 upper division). Honors students take at least 12 units per semester. During their freshman and sophomore years, Honors students will take three Honors courses per semester and the remaining course(s) can be filled with other courses required in their major or pre-major. Three upper division courses taken during their junior and senior year conclude the Honors experience. Completion of all Honors courses will fulfill Sacramento State General Education requirements for graduation with the exception of the lab science and freshman composition.

The core of the lower division curriculum is a three-semester Honors seminar in which students read some of the great books of world civilizations, analyze the writings of world thinkers and writers, and improve their skills in critical thinking and writing. The three upper division Honors courses are organized around the theme of learning and acting for the public good.

Honors students at Sacramento State experience individualized attention from dedicated professors, special seminars in their academic programs, extracurricular activities in the form of cultural events, various Honors Colloquia and interaction with faculty members and their fellow Honors students in and out of class. Students are strongly encouraged to study abroad through either short term programs developed specifically for the Honors Program, or semester or year long programs created for Sacramento State, and the CSU. They are also encouraged to complete an internship and an undergraduate research experience. A variety of Scholarships are available to support study abroad and other academic pursuits.

For further information and application instructions, visit the Honors Web site at www.csus.edu/honorsprogram (http://www.csus.edu/honorsprogram/).

Graduate Preparation Academy (GPA)
River Front Center 203
(916) 278-3834
E-mail: graddiversity@csus.edu
http://www.csus.edu/graddiv/

The Graduate Preparation Academy (GPA) is designed to prepare undergraduate students for admission and study at the graduate level. The GPA provides undergraduate students interested in pursuing a graduate degree with intensive graduate school preparation. Students selected to participate in the graduate school preparation academy will be provided with information and resources about participating in academic research, engaging with faculty mentors, preparing academically for graduate school, assistance with scholarship and fellowship opportunities, and graduate education entrance examinations through interactive speakers, panels, and workshops.

We offer a rigorous academic program that prepares students for the opportunities and challenges that face them in post-baccalaureate education. Participants are connected with a faculty member who will offer mentoring throughout the graduate school application process, feedback on essays, and other application materials. Participants are encouraged to participate in regional and national academic conferences to present their academic research.

McNair Scholars Program
River Front Center 203
(916) 278-5118
E-mail: mcnair@csus.edu (mcnair@csus.edu)
www.csus.edu/mcnair (http://www.csus.edu/mcnair/)

The Ronald E. McNair Postbaccalaureate Achievement Program is a federally funded program designed to prepare selected Sacramento State undergraduate students for admission and study at the doctoral level. Each year, 24 McNair Scholars participate in both academic year and summer activities.

Students who have obtained 45 units or more, have a GPA of 2.8 or higher and are low income and first in their family to attend college, or students who are considered underrepresented in their major (as defined by federal regulations) can gain research skills, knowledge, and information needed to complete doctoral degrees in their fields of study.

The academic components include: a three-unit research methodology course, meetings with the McNair Program staff and the faculty mentors to assess personal needs and review academic progress, and preparation for a summer research project. For students who have completed 60 units or more, the summer component includes enrolling in a one unit supervised research course and travel to select McNair Symposia where students have the opportunity to present their research findings. Scholars receive additional guidance from the McNair Faculty Coordinator and a faculty mentor in completing a published research article. Senior McNair scholars complete a 3-unit senior seminar which provides assistance with selecting, applying, and financing graduate studies.

Stipends for travel to doctoral institutions and research conferences to present research papers are granted to students who complete their research projects. McNair scholars also receive a stipend as part of
their participation in the summer research experience. Scholars are encouraged to participate in statewide and national conferences to present their research findings.

**Business Based Educational Equity Program (BEEP)**

Tahoe Hall 1006  
(916) 278-5875  
http://csus.edu/cba/biz/index.html

The Business Educational Equity Program (BEEP) encourages and supports all students who major in business. BEEP also known as the Business Tutoring & Study Center, provides peer-assisted tutoring and a place to study where one-on-one and group assistance is available for business students seeking academic support in numerous lower and upper division business courses. Tutoring is provided on a drop-in basis for business students, and at no charge. All business students interested in the program should contact the College of Business, Office of Student Engagement at (916) 278-5875 or visit the office in Tahoe Hall 1030.

**Cooper-Woodson College**

Amador Hall 460  
Director: Dr. Boatomo Mosupyo  
(916) 278-5363  
www.csus.edu/cooper

Cooper-Woodson College Enhancement Program (CWC) emphasizes scholarship, leadership, and service by creating a supportive and nurturing learning environment that is responsive to the needs of students. Although the program is patterned after traditional relationships between students and faculty at historically Black colleges and universities, it serves students from all backgrounds. Faculty, staff, and community members assume the responsibility for shaping and guiding students through the college experience. Key objectives of CWC are the retention of students and the development of leaders.

CWC scholars, staff, faculty, and members of the community organize and participate in the following activities/events: Faculty/Staff Mentoring Program, African-American History Month rally and lectures, the annual Anna J. Cooper and Carter G. Wood lectures, and the annual African-American graduation celebration ceremony.

**MESA Engineering Program (MEP)**

Santa Clara Hall 1213  
(916) 278-6699

Participation in the MESA Engineering (MEP) increases the probability that students will be successful in their engineering college studies. Focusing on the recruitment, retention, and graduation of highly motivated students from educationally disadvantaged backgrounds, MEP emphasizes participation by students from communities with low rates of enrollment in engineering majors.

The MEP program provides an on-campus home for its members with a large 24 hours-a-day study center that encourages study groups. MEP provides professional development, a freshman orientation course, and personal academic advising. It assists in the coordination of tutoring services for all students in the College of Engineering.

**Science Educational Equity (SEE)**

Sequoia Hall 315  
(916) 278-6519

The Science Educational Equity (SEE) program is a comprehensive academic support program designed for students who face social, economic, or educational barriers that limit access to careers in the sciences and health professions. Students are encouraged to form study groups for both lower and upper division coursework. Science faculty provide academic and pre-professional advising for each student and are available for career guidance and assistance with course material.

Students attend professional conferences, participate in academic workshops and seminars, and are encouraged to attend summer enrichment programs at other universities and laboratories. The program provides assistance with applications to graduate programs, health professional schools, and summer enrichment programs. SEE also provides students the opportunity to meet and interact with faculty, community members, and other students.

All students interested in becoming a part of the SEE program are expected to demonstrate a commitment to the community through service to SEE, the University, and/or the Sacramento community. Upon entry to the program, each student is required to meet with an academic major advisor to develop a comprehensive academic plan; it is the student's responsibility to schedule an advising appointment each semester thereafter to update the academic plan.

**Center for College and Career Readiness (CCR)**

http://www.csus.edu/ccr

The Center for College & Career Readiness (CCR), a division of Academic Affairs, is the principle campus resource for everything "College and Career Ready." Our success comes from building and developing intersegmental educational partnerships throughout the greater Sacramento Region. Using a collective impact infrastructure, CCR focuses on establishing a continuous pipeline from preschool to bachelor's degree; ensures that high school graduates enter Sacramento State better academically prepared to succeed at the university level; and, provides readily available resources and timely interventions for current and future students.

Programs within the Center for College and Career Readiness include:

- The **Early Assessment Program (EAP)** serves as an 'early readiness signal' allowing for the placement of students in corresponding K-12 courses to fortify the academic and metacognitive skills needed for transition success. The EAP is responsible for the development of intersegmental curriculum in mathematics and English, as well as teacher professional development.

- The **EAP Senior Year Mathematics (ESM) Course** is the result of a regional partnership involving teams of mathematics faculty from higher education, high school teachers, and county offices of education. This course is designed to strengthen students' mathematical foundation, and deepen their conceptual understanding of mathematical theory, skills and strategies.

- The **Expository Reading and Writing Course (ERWC)** prepares college-bound seniors for the literacy demands of higher education. Students in this yearlong, rhetoric-based course develop advanced proficiencies in expository, analytical, and argumentative reading and writing. Students will be expected to increase their awareness of the rhetorical strategies employed by authors, and to apply those strategies in their own writing.

The CCR works closely with local middle schools, high schools, and community colleges to create opportunities for students to gain the life
and academic skills necessary for college success and future career aspirations. We strive to engage with each of the 215 high schools in our service area. Our programs include:

- **Middle School Outreach:** provides sixth, seventh, and eighth grade students the opportunity for early self-identification as a college student or career professional.
- **CCR Summer Boot Camp:** provides incoming high school juniors the opportunity to explore college and career readiness skill sets from both a metacognitive and academic perspective.
- **CCR High School Outreach:** provides onsite workshops, presentations, and campus visits for high school students, informing them of the importance of using their junior and senior years proactively, tips for choosing a college and a major, and how to avoid remediation.
- **Transition to Success Program (TSP):** assists incoming freshman in making a smooth transition to Sacramento State by providing customized mentoring, social emotional support, and a ‘home base’ until graduation.
- **TSP Peer Coaches:** provide current TSP students with the opportunity to serve as peer coaches to high school sophomores; coaches receive a stipend and professional development.

### Centers for Student Support

**Student Academic Success and Educational Equity Programs (SASEEP)**

The Student Academic Success and Educational Equity Programs are committed to fostering diversity and equity while promoting a campus learning environment that encourages and supports all students in persisting toward their educational goal by increasing their retention and graduation rates. This is accomplished through the unified effort of the following programs: the College Based Educational Equity Programs (CBEEP), the Dedicated to Educating, Graduating, and Retaining Educational Equity Students (DEGREES) Project, the Educational Opportunity Program (EOP), the Summer Bridge Academies, the Project Excellence, Retention, and Success in Student Trajectories (PERSIST) Program (FSMP), the Guardian Scholars Program (GSP), the Martin Luther King, Jr. Scholars Program (MLK), the Male Empowerment Collaborative (MEC), the Parents and Families Program (P&F), the Paving Excellence, Retention, and Success in Student Trajectories (PERSIST) Program, the Peer and Academic Resource Center (PARC), the First Generation Student Institute (FGI), U-Mentor, Improve Your Tomorrow (IYT), the Native Scholars Transition Program, and Partnerships for Advancing the Value of Education (PAVE). These programs and services are designed to build upon the dreams and aspirations of our campus community – our students, faculty, and staff, our alumni, and the people of our region.

The Student Academic Success and Educational Equity Programs are guided by the following primary goals:

1. **Access and Equity**
   To provide underrepresented students with access to a higher education and supportive services that are designed to enable them to persist through the college experience.

2. **Recruitment and Transition**
   To aid students in their transition to college life through pre-college equity services and assistance in navigating the higher education experience.

3. **Retention and Graduation**
   To provide a comprehensive range of retention and progress to degree services (e.g., academic advising, tutoring, mentoring, coaching, & counseling, etc.) to underrepresented students in the Unit to facilitate their graduation.

### The Parents & Families Program

**Lassen 2205**
Haley.Myers@csus.edu; parentsfamilies@csus.edu
916-278-4353
Family Helpline: 916-278-3399

The Parents & Families Program supports pregnant and parenting students, as well as parents and family members of enrolled students. Communications, events and customer service inform and involve students and families, and generate support and goodwill for the campus community and beyond.

Highlights of the program include monthly Town Hall Zooms for parents and the Parent Ambassadors, a group of specially-trained parent volunteers; expanded support services for students-with-children, including advising for student-parents and pregnant students, and the Hornet Family Study Care Grant, which pays half of Pell-eligible student-parents’ out-of-pocket childcare costs. See www.csus.edu/parents (http://www.csus.edu/parents/) for more information.

### College Assistance Migrant Program (CAMP)

**River Front Center 1**
(916) 278-7241

**Director:** Eric Perez
www.csus.edu/camp (http://www.csus.edu/camp/)

CAMP is a unique federally funded educational program that helps students from migrant and seasonal farmworker backgrounds succeed at Sacramento State. CAMP facilitates the transition from high school to college and offers first-year support services to develop the skills necessary to persist and graduate from college. CAMP strives to be “a home away from home” for its students.

**CAMP offers:**

- Early outreach and recruitment services
- Personal, academic and career counseling
- Tutoring and academic skill building instruction and assistance
- Assistance with special admissions
- Health services
- Assistance in obtaining student financial aid
- Housing support for students living in institutional facilities and commuting students
- Exposure to cultural events, academic programs, and other educational/cultural activities not available to migrant youth
- Internships
- A "home away from home" environment
- Follow-up services for students after they have completed their first year of college

To be eligible for CAMP, students must reflect an agricultural background, meaning they or their parent(s) or guardian(s) must have engaged in migrant or seasonal farm work labor for a minimum of 75 days within the last 24 months.
Degrees Project
Lassen 2006
Director: Dr. Marcellene Watson-Derbigny
http://www.csus.edu/degreesproject

The Dedicated to Educating, Graduating, and Retaining Educational Equity Students (DEGREES) Project seeks to provide enhanced services to undergraduate students to make timely progress to their degrees and to reduce the achievement gap. Services provided by the DEGREES Project include: access to DEGREES Project Coaches to ensure students are connected to resources, on campus mentorship made available through the “U” Mentor Program, faculty advising in the Colleges, 24/7 tutoring available through Smarthinking, and an overall comprehensive and integrated menu of academic and student support services designed to foster student success. Targeted interventions reach particular populations to assist high-unit seniors to graduate, boost second-year persistence, promote the writing proficiency exam for juniors, assist with helping students to identify a major, and increase the utilization of high impact practices on campus.

Martin Luther King Jr. Scholars Center
Lassen Hall 2201
(916) 278-2MLK (2655)
http://csus.edu/saseep/mlk/

The Sacramento State Martin Luther King Jr. Scholars Program, which opened in November 2015, is a university-wide effort to promote the cultural and historical legacies of Black and African-American Students. The program is set by the backdrop of a mission to support and ensure the success of Black and African American students and those with an interest in African American heritage in their quest toward a degree at Sacramento State. The vision of the MLK Jr. Center is to foster an ethos of success that permeates the scholarly experience, the community and the world by setting a tone of change and lifelong improvement that inspires and fulfills the dream of Dr. Martin Luther King, Jr.

Center for First-Generation Student Initiatives
Lassen Hall 2205
(916) 278-6183
https://www.csus.edu/student-affairs/centers-programs/first-generation-students/

The Center for First-Generation Student Initiatives mission is to collaboratively build a collegial network of faculty, staff, students, and alumni who identify as first-generation and their supporters to promote, support, and advance first-generation student success while ensuring first-generation personal, professional, academic, and social college experiences are woven into the culture and climate of the university.

To guide this mission, the Center for First-Generation Student Initiatives maintains intra and inter institutional connections between vital campus community partners with each of the following outcome goals:

- **Goal #1.** Empower first-generation students with the skills and knowledge to improve retention, persistence and graduation rates
- **Goal #2.** Equip first-generation students with the skills and knowledge to create meaningful mentorships and connections to advance their academic and career aspirations
- **Goal #3.** Engage first-generation students with the skills and knowledge to make positive decisions to improve their holistic development.

Sacramento State is designated as a First Forward institution, an initiative of NASPA and The Suder Foundation that nationally recognize higher education institution committed to first-generation student success.

Asian Pacific Islander Desi American (APIDA) Center
Lassen Hall 2200
(916) 278-6183

Mission Statement
The Asian Pacific Islander Desi American Center’s mission is to facilitate APIDA students’ academic and personal success and affirm their diverse experiences through community leadership, student engagement, and mentorship.

Vision Statement
To serve as a resource hub and to advocate for the needs of APIDA students.

Objectives
Across Sacramento State, we strive to:

- Promote student equity, inclusivity, and cultural awareness
- Collaborate with students, staff, faculty, alumni, and the community
- Raise awareness of the unique and diverse needs of APIDA students

The Asian Pacific Islander Desi American community comprised of individuals of East Asian, South Asian, Southeast Asian, West Asian, Central Asian and Pacific Island backgrounds who represent over forty countries and hundreds of languages and dialects. An extremely diverse community, each group possess a distinct culture, history, immigrant history pattern that cannot be easily categorize. To ensure we meet the diverse needs of APIDA students, the center will engage in social, cultural, educational and advocacy programming to raise awareness of issues impacting these communities.

- **Goal #1.** Partner with existing campus programs, services and student & faculty/staff organizations to build community and expand support for APIDA students
- **Goal #2.** Empower APIDA students with the skills and knowledge to improve retention, persistence and graduation rates
- **Goal #3.** Promote and affirm the social, cultural, and educational experiences of students who identify within the Asian, Pacific Islander, and Desi diaspora
- **Goal #4.** Create campus and community engagement opportunities to advance APIDA students’ academic and career aspirations

Services

- Transition support from high school/community college
- Individual assistance and referrals to on and off-campus resources and programs
PAVE tutors continue to provide tutoring and mentoring as a supplemental educational service to support our district partners, school sites, students and their families.

Since its inception, PAVE tutors continue to provide tutoring and mentoring as a supplemental educational service to support our district partners, school sites, students and their families.

The ultimate goal of PAVE is to improve the educational opportunities for K-12 scholars and help them achieve college, career and life success through a positive experiential learning experience from Sacramento State academic tutors.

PAVE is nationally accredited by the National Tutoring Association.

Executive Trainers Program (ETP)
Lassen Hall 2205
(916) 278-6183

The Executive Trainers Program is led by a mission of service, activism in day-to-day student success activities, and is designed to promote retention, student persistence, and timely to graduation through executive-level peer leadership programming and interventions that strive to support college degree attainment.

Each semester, in collaboration with faculty members and Office of Graduate Studies, Executive Trainers Program hosts the “Thinking about Graduate School” six-part workshop series that are designed to equip students to evaluate and prepare for the range of post-baccalaureate academic and career options. These workshops are introductory topics of conversation for undergraduates and graduate students alike.

Speak to Lead
Lassen Hall 2205
(916) 278-6183
https://www.csus.edu/student-affairs/retention-academic-success/speak-lead.html

Looking to improve your public speaking and leadership skills? Gain the confidence to speak up? Come and learn with "Speak to Lead" The vast majority of people (75%) rank the fear of public speaking as their number one anxiety —according to the National Institutes of Mental Health. For some people, this means fear of speaking to large groups. For others, it means speaking to even a single person if that person has the power to evaluate you, as in a supervisor, interviewer, or professor giving an oral exam. “Speak to Lead” is a Public Speaking and Leadership Program that provides experiential workshops and practical opportunities for students to radiate confidence in their own communication and leadership skills for personal growth and social intelligence in a variety of speaking situations.

Program benefits
- Practice with a mentor/peer on strategies to improve your communication abilities with others and in a variety of speaking situations.
- Provided with public speaking and communication tips and knowledge that will help reduce your anxiety and improve your overall social performance.

- A safe space to reflect on individual, family, and community experiences
- College skills coaching: time management, organization, study, and goal setting
- Referral to graduate school and research opportunities
- Internships/employment information and referrals
- Information and workshops about financial aid and student accounts policies and processes
- Scholarship search/application support including proofreading essays/resumes and providing recommendation letters
- And many more...

Project HMONG (Helping Mentor Our Next Generation)
Lassen Hall 2205
(916) 278-6183
https://www.csus.edu/student-affairs/retention-academic-success/project-hmong.html

Project HMONG’s mission is to ensure the health, retention, persistence, and graduation success for Southeast Asian students, including but not limited to Hmong, Mien, Laotian, Cambodian, Thai and other underrepresented students. Committed to build a positive and supportive community of mentors and peers through mentoring and networking with support, guidance, and encouragement while promoting positive character development, Project HMONG’s focus is on student leadership, professional development and campus/community engagement through a cultural lens that incorporates the students’ experiences.

Students can be involved in the Peer to Peer Program to cultivate their own leadership skills and abilities in the context of their culture and college experience while learning about the role of mentorship.

Partnerships To Advance the Value of Education (PAVE)
Lassen Hall 2205
(916) 278-6183
https://www.csus.edu/student-affairs/centers-programs/pave/

The PAVE program is the flagship K-12 tutoring/mentoring program in the Division of Student Affairs in the Unit, Student Academic Success and Educational Equity Programs at Sacramento State. Devoted to improving the educational opportunities for K-12 scholars and helping them achieve college, career and life success, the PAVE program works collaboratively with regional K-12 school districts to offer tutoring, mentoring, and college preparedness.

The PAVE program’s extensive K-12 partnership is an important mechanism for achieving the university’s goal as an Anchor University in the region to improve neighborhoods and local school communities. Since its inception, PAVE tutors continue to provide tutoring and mentoring as a supplemental educational service to support our district partners, school sites, students and their families.

As academic tutors and college role models, student tutors experience a meaningful and structured experiential learning opportunity in which they apply the skills, knowledge, and experiences they gained in their college classroom. Student tutors are trained to support differentiated learning styles and subject matter tutoring in Common Core State Standards in English Language Arts/Literacy, Mathematics and/or the Sciences, as a supplement to teacher instruction and student learning.

Program Goals
- Goal #1. Engage K-12 partners to ensure student’s college preparedness upon admission
- Goal #2. Strengthen existing teacher preparation pipeline as a possible career pathway
- Goal #3. Provide a reflective service learning experience for student academic tutors

The ultimate goal of PAVE is to improve the educational opportunities for K-12 scholars and help them achieve college, career and life success through a positive experiential learning experience from Sacramento State academic tutors.

Looking to improve your public speaking and leadership skills? Gain the confidence to speak up? Come and learn with "Speak to Lead" The vast majority of people (75%) rank the fear of public speaking as their number one anxiety —according to the National Institutes of Mental Health. **Serna Center**
River Front Center 1022  
(916) 278-7241  
Dr. Viridiana Diaz  
Email: viridiaz@csus.edu  
https://www.csus.edu/sernacenter/

The mission of the Serna Center is to promote, foster, and enhance leadership, empowerment, self-advocacy, and civic engagement among Chicano/Latino students, but also, students from other underrepresented backgrounds at Sacramento State. The Center established a strong foundation that enriches cultural identity and develops a sense of familia within the campus.

**Dreamer Resource Center (DRC)**
River Front Center 1022  
https://www.csus.edu/student-affairs/centers-programs/dreamer-resource-center/

The mission of the Dreamer Resource Center is to make the dream of a college degree a reality for undocumented students and students with mixed-status families at Sacramento State. Services provided by the DRC include free immigration legal consultations, financial aid guidance, scholarship resources, ally trainings, a peer-mentoring program, a support group, and a seminar designed to help undocumented and mixed-status students navigate college. The goals of the DRC are to: (1) provide access to higher education opportunities to undocumented high school transfer, and graduate students, and those with mixed-status families; (2) provide support to help alleviate the uncertainty that comes from a lack of immigration status; (3) create a campus culture of knowledge and sensitivity to the issues faced by undocumented and mixed-status students; and (4) increase the retention and graduation of undocumented students and students with mixed-status families.

**The High School Equivalency Program (HEP)**
River Front Center 1022  
(916) 278-7241  
Director: Andres Enriquez  
Email: hep@csus.edu  
https://www.csus.edu/eop/

The High School Equivalency Program (HEP) is a federally funded program that helps migrant and seasonal farmworkers who are 18 years of age or older and not currently enrolled in school to obtain the equivalent to a high school diploma (HSE) and gain employment, go to an institution of higher education, the military, other postsecondary education or vocational training. HEP provides:

- Courses in reading, writing, math, science, and social studies  
- Instructors and tutors to help participants make progress in the classroom and prepare them to pass the HSE exam  
- Career professionals to assist participants in finding opportunities, post-HSE, to improve their quality of life  
- Courses offered in English and Spanish

**Migrant Student Leadership Institute (MSLI)**
River Front Center 1022  
(916) 278-7241

The mission of MSLI is to recruit and prepare students from migrant backgrounds to become college ready, competitive candidates for admission to a four-year institutions and ultimately future leaders in their communities.

The Institute provides students a safe and supportive environment that maximizes learning and allows for self-exploration, reflection, and transformation. Students also earn three-units of college credit upon successfully completing the academic coursework with a grade of C or better.

**Male Empowerment Collaborative (MEC)**
Lassen Hall 2205  
(916) 278-6183  
http://www.csus.edu/saseep/mec/  

"The Male Empowerment Collaborative" (MEC) is committed to addressing the gap between the academic successes of males compared to females. It is committed to the intellectual, spiritual, and economic development of young men in higher education. Like many other universities across the country, retention and graduation rates of males are significantly lower than females. Sacramento State through the MEC has worked for several years to increase the successful passage of males in higher education.

Using a program of support services including events, workshops, and personal advising, the Male Empowerment Collaborative at Sacramento State provides:

- Academic Advocacy  
- Educational Empowerment  
- Leadership Cultivation  
- Academic Advising  
- One-on-One and Group Mentorship  
- Generalized support in a variety of contexts

**Educational Opportunity Program (EOP)**
Lassen Hall 2205  
(916) 278-6183  
http://www.csus.edu/eop/

The Educational Opportunity Program (EOP) is one of the primary vehicles implemented by the CSU system to increase the access, academic success and retention of educationally and economically disadvantaged students. EOP strives to provide the necessary economic and educational resources to help students realize their academic potential. Students can apply to the EOP Program via the Cal-State Application (for the fall semester only).

The EOP program, enacted by law in 1969, is a state-mandated program that serves First-Time Freshmen and Transfer students. EOP students are California residents from low-income, educationally disadvantaged
communities who may not have had the opportunity to prepare adequately for admissions to a four-year college. AB-540/Dream Act students are eligible for EOP services.

The EOP Program provides retention services to all Sacramento State students including, academic advising, career counseling, personal counseling, professional development, educational workshops, social/cultural programing, and peer-mentoring advising. Admitted EOP students who have an Expected Family Contribution (EFC) of $1,500 or less and enroll in 15 units per semester may qualify to receive the EOP Grant. The Financial Aid Office will identify and award the EOP Grant to students.

Admitted EOP First-Time Freshmen students are required to attend a mandatory six-week Summer Bridge Academy Program from (early July through early August). Summer Bridge allows students for a smooth transition into the institution, earn college units, network with peers, meet EOP staff, professors and learn leadership skills.

As part of the First-Year Experience (FYE) First-Time Freshmen & Transfer students are required to enroll in an EOP Learning Community. The Learning Communities are cohort-base and student receive support from their professors, EOP counselor and Instructor Student Assistant. The Learning Communities allow students to navigate the campus, learn about other departments, and enhance their leadership and professional development skills.

**General and Continuing Services for current & prospective Students:**

- Early Outreach to schools, communities and individuals
- Campus Tours & EOP Presentations
- Assistance with the CSU & EOP Application Process
- EOP New Student Orientation (for admitted students)
- Summer Bridge Academy Program (freshmen only)
- Fall Learning Communities (for incoming students)
- Financial Aid Advising
- EOP Grant
- Professional Development & Career Services
- Academic Success Workshops
- Learning and Study Strategies Workshops
- Student Retention Peer-Graduate Advisors
- Strategic Advising and Retention Services to all class levels (Freshmen through Senior)
- Provide Recommendations/Referrals to other Support Services
- EOP Graduation Ceremony

For EOP Admissions Criteria and Application Process, please click on the following link below;

Fall 2022 - EOP Income Eligibility Criteria (csus.edu) (https://www.csus.edu/student-affairs/centers-programs/educational-opportunity-program/_internal/_documents/eop-eligibility-income-criteria.pdf)

1 See Admission and General Support Programs/Summer Bridge Academy below.

**Guardian Scholars Program (GSP)**

Lassen Hall 2302  
(916) 278-6680  
www.csus.edu/gsp (http://www.csus.edu/gs/)

The Guardian Scholars Program (GSP) is a student support service for current and former foster youth. The program office was established in 2006 to assist students in their pursuit of academic and career success. Program components consist of one-unit college strategies courses, one-on-one advising, counseling, financial assistance, workshops, social events, professional mentoring, priority registration, and direct referrals to other programs on-campus.

GSP is open to all Sacramento State students who have been in foster care, kinship care, or homeless situations and are considered “independent” by federal financial aid guidelines. We review applications throughout the year, so there is no deadline to apply. Our staff is committed to helping Guardian Scholars succeed and overcome obstacles to graduating.

All eligible students are encouraged to learn more about and apply to the Guardian Scholars Program by contacting our staff or visiting the Guardian Scholars website at www.csus.edu/gsp (http://www.csus.edu/gsp/).

**Summer Bridge Academy (pre-college program)**

Lassen Hall 2205  
(916) 278-6183  
https://www.csus.edu/student-affairs/centers-programs/educational-opportunity-program/

The Summer Bridge Academy is an educational equity project administered through the Educational Opportunity Program. Summer Bridge is a mandatory six-week intensive academic preparation and college orientation program designed strictly for incoming EOP first-year student to help them make a smooth transition from high school to college. EOP serves economically disadvantaged, first-generation college students.

College level General Education classes are offered in the Academy. Students may complete up to two college courses, including an in-depth Leadership Development course. Summer Bridge also meets Early Start requirements. There is no cost to students.

Successful completion of the courses students may earn 3-5 units of credit. To be considered for the Summer Bridge Academy, students must be admitted to Sacramento State and to EOP. Prospective students are strongly encouraged to apply to the EOP program, via Cal State Apply, during the CSU Application cycle (Oct. 1st - Nov. 30th). Students must meet all admission deadlines, as established by the Admissions & Outreach Office to gain admission to EOP and Summer Bridge.

Note: EOP also provides Summer Bridge programming for upper-class level including sophomores and transfer students.

To learn more about the Summer Bridge Academy, visit or call the EOP office (916) 278-6183 or visit the Academy website at www.csus.edu/student-affairs/centers-programs/educational-opportunity-program/summer-transitional-programs.html (https://www.csus.edu/student-affairs/centers-programs/educational-opportunity-program/summer-transitional-programs.html)

**Faculty/Student Mentor Program (FSMP)**

Lassen Hall 2205  
(916) 278-6183  
www.csus.edu/fsmp (http://www.csus.edu/fsmp/)
The Faculty Student Mentor Program (FSMP) is an educational equity program designed to offer academic and personal support to students from traditionally low-income communities and selected students who have requested services due to challenges experienced in their education. The Faculty Student Mentor Program’s goals are to increase the retention rates of students by helping them develop the knowledge, skills, and attitudes necessary to complete their academic goals, introduce the students to a discipline, build communities, and promote excellence.

Faculty and Peer Mentors are key elements to goal attainment. Program participants’ integration into campus life is facilitated by the development of discipline-based faculty and peer mentor teams. The FSMP matches the faculty peer mentor teams with program participants. These teams may organize study sessions, workshops and tutorials in the seven colleges. In addition, the mentors give personal, career and academic advice, and provide referrals to advisors within the departments and other on-campus resources. The teams also plan activities supportive of the students’ interests and needs.

For more information, please call or visit our office.

**Peer and Academic Resource Center (PARC)**

Lassen Hall 2200  
(916) 278-6010  
www.csus.edu/parc (http://www.csus.edu/parc/)

The Peer and Academic Resource Center (PARC) is a centralized academic support hub where students are united for common goals of excellence and student success through peer-led and student-driven services. The mission of PARC is to promote the scholastic achievements of students through enriched and supportive academic peer-to-peer learning opportunities that aid students along the pathway to degree attainment. We offer four programs - Supplemental Instruction (SI), Supplemental Instruction (SI) Plus, the Peer-Led Advising for College Experience (PLACE) Program, and the Workshops & Individual Tutorials (WIT) Program.

* Supplemental Instruction (SI) is an international certified academic support program for students who are enrolled in historically-challenging general education (GE) courses. SI provides students credit (1 unit) to learn how to implement transferable academic learning skills and strategies to increase grades in difficult university courses.

* Supplemental Instruction (SI) Plus provides free academic review and test preparation sessions for students enrolled in large lecture courses. These sessions are connected to the SI classes offered by PARC, however, they are open to all students in the class, not just those enrolled in the SI program.

* Peer-Led Advising for College Experience (PLACE) is led by students who are familiar with campus life and resources. This program provides peer-led supplemental advising services for all students on campus. One of the well-known student-advising programs, the Government Odyssey Program, is also housed in the PARC.

* Workshops & Individual Tutorials (WIT) is a free tutoring service (group and individual tutorials) open to all students on campus. The tutorials are taught by trained tutors who are familiar with materials in historically-difficult courses. In addition to helping students develop academic strategies to better understand challenging course materials, WIT has also successfully presented many Academic Support workshops in collaboration with the Academic Advising Center, the Career Center, and First Year Experience (FYE), and Residential Life. Some workshop topics included Time Management, Study Skills, Self-Care, among other topics. We also offer workshops on culturally inclusive behavior and intercultural communication skills.

All of these programs assist students in collaboratively learning about how to be a successful student and how to successfully navigate the demands of the academic community. Our motto embodies who we are as a Center: Successful students promoting student success!

**Disability Access Center**

Lassen Hall 1008  
(916) 278-6955 (voice) or (916) 278-7239 (TDD only), (916) 278-7825 (fax)  
dac@csus.edu (http://catalog.csus.edu/academic-support-services/dac@csus.edu) (Email)

To be eligible for the Disability Access Center and disability-related academic accommodation services, applicants must be currently enrolled at Sacramento State, submit a completed Disability Access Center application along with current medical documentation verifying disability and functional limitations, and meet with an Access Coordinator for an Intake meeting. Accommodations are not retroactive. Accommodations are not in effect until an Intake with a Disability Access Counselor has been completed, appropriate academic adjustments approved by the Access Coordinator, and a current accommodation letter has been issued by the Disability Access Center. The accommodation letter, to be current, must be requested and issued EACH semester.

The Disability Access Center serves all matriculated Sacramento State students regardless of identity, nationality or other status. All Disability Access Center students are served under the CSU Policy for the Provision of Accommodations and Support Services to Students with Disabilities.

Disability Access Center services are located in three different buildings. The Access Coordinators and TRiO SSSD program are located in Lassen. The Assistive Technology Lab is located in AIRS, the Testing Center is housed in the basement of the Library.

**Assistive Technology Lab (ATL)**

The Assistive Technology Lab ensures Disability Access Center students, with print disabilities, have equal access to instructional materials. The ATL staff convert books and required course information into accessible formats. Disability Access Center students are encouraged to use the computer lab, where assistive hardware and software is available to qualified students, based on referrals from Access Coordinators. To learn more about qualification criteria and services, contact dac@csus.edu.

**Testing Center**

Lower Level Library, Room 14  
(916) 278-6296  
www.csus.edu/testing (http://www.csus.edu/testing/)

The Testing Center provides testing accommodations for eligible students registered with the Disability Access Center. Students requesting disability related accommodations for placement exams, new student orientation or other exams must be determined to be eligible for this service by first applying to the Disability Access Center. Tests are administered in lower-distraction classrooms, have available adjustable height tables, and essential assistive technology.
The Testing Center also administers the Writing Placement for Juniors (WPJ) exam and the Writing Placement for Graduate Students (WPG) exam, as well as state and national standardized tests (such as the California Basic Educational Skills Test [CBEST] and the Graduate Record Exam [GRE] Subject Tests) to current and prospective students.

In addition, the Testing Center also provides proctoring services for make-up tests for a fee. CSUS students, with their instructor’s permission, may schedule appointments to take paper-based classroom exams, exams with class conflicts, or exams for distance education courses. And finally, the Testing Center provides proctoring services for a fee, for anyone needing to take a paper-based test for another university, college or agency.

TRIO (SSSD)

The federally funded “TRIO” Student Support Services (SSSD) Project offers supplemental retention services to students with disabilities who require additional academic support and meet the federal TRIO qualifications for eligibility. This program, even though housed with the Disability Access Center in Lassen, has specific criteria for eligibility, and is separate from the Disability Access Center. The SSSD project offers limited tutoring, grants, financial literacy support, career assistance, peer mentors; as well as sponsored academic, cultural and social activities to strengthen academic and non-cognitive skills, and to increase retention and ultimately graduation. Interested students must submit a TRIO SSSD application, meet federal and program eligibility criteria, be U.S. Citizens or Permanent Residents, and be committed to actively participating in SSSD program requirements at Sacramento State. For more information or an application, contact trio@csus.edu.

Crisis Assistance and Resource Education Support (CARES) Office

CARES Office suite is located in University Union Suite 1260 / Business Hours: Monday-Friday 9am-4pm

(916) 278-5138
cares@csus.edu

https://www.csus.edu/student-affairs/crisis-assistance-resource-education-support/

The Sacramento State CARES Office provides assistance to students who are in crisis or experiencing unique challenges to their education.

CARES Case Managers can coordinate referrals to campus and community resources, and offer follow-up support to address a variety of issues including, but not limited to:

• Housing displacement
• Transportation barriers
• Financial Emergencies
• Food insecurity
• Mental health and wellness
• Physical health and wellness
• Transition back to campus following a hospitalization

Additional Services and Support:

• Assistance with CalFresh applications
• Student Emergency Housing on campus

• Student Emergency Fund
• Low-Income Student Housing (Rapid Rehousing)
• Advocacy (for accessing resources)
• Faculty and staff workshops on working with students in distress

Basic Needs Initiative

Division of Student Affairs
(916) 278-6060
http://csus.edu/basicneeds/

The Basic Needs Initiative provides a variety of resources to meet the housing, food, and financial needs of students. Basic Needs are the minimum necessary elements that people need in order to succeed in their goals; these include food, clothing, shelter, safety. If you are experiencing challenges with food access, housing, or finances, Sacramento State wants to ensure you have resources available to you in your time of need.

We know that Basic Needs security is essential to academic success. We encourage you to leverage your resources and utilize the options on the Basic Needs Website.

Throughout the website, you will see tips on how to use these resources in order to address Basic Needs Challenges. We hope that you leverage all your resources creatively and in a way that works for you, we know that there are many ways to be a student (full-time vs. part-time, students with children, students with disabilities, students without parental support, students without FAFSA aid, etc.) so, creating a plan unique to your needs is important.

If you have any questions or need assistance creating your Basic Needs Support plan, please contact our CARES Office cares@csus.edu or 916-278-5138.

Project Rebound

Aaron Greene

Division of Student Affairs

Lassen Hall 2104
(916) 278-6794
https://www.csus.edu/student-affairs/centers-programs/project-rebound/

Project Rebound (PR) is a growing collaboration of college support programs uniquely equipped to help formerly incarcerated people access and navigate higher education at California State Universities. Founded in 1967 at San Francisco State (SFSU) by Dr. John Irwin, who had been incarcerated before earning his Ph.D., he became a tenured professor at SFSU for 26 years and cultivated PR’s philosophy for others to implement. In 2015, Project Rebound moved beyond the confines of SFSU onto eight other California State University (CSU) campuses, including Sacramento State; currently. Project Rebound can be found on 14 CSU campuses, with several other campuses developing programs.

Project Rebound is a program to assist formerly incarcerated students in preparing for, applying to, enrolling in, and graduating with a high-quality degree from Sacramento State. Project Rebound supports each student to ensure their optimal success at the University. The program offers academic and financial counseling, referrals, peer mentoring, tutoring, and career development. The program addresses students’ basic needs,
enabling them to focus on their studies and achieve educational and personal empowerment.

Academic Centers and Institutes

Centers and institutes contribute significantly to the research, teaching, and service priorities of the University. By attracting external funding, academic centers and institutes provide opportunities for faculty and students to engage current or emerging problems in a search for new solutions. For more information, please contact the Offices of Research, Innovation, and Economic Development at (916) 278-6402 or visit www.csus.edu/research (http://www.csus.edu/research/).

CSU International Programs

International Programs

Developing inter-cultural communication skills and international understanding among its students is a vital mission of the California State University (CSU). Since its inception in 1963, the CSU International Programs (CSU IP) has contributed to this effort by providing qualified students an affordable opportunity to continue their studies abroad for a full academic year in all programs and a semester option in some countries and programs.

More than 20,000 CSU students have taken advantage of this unique study option. Also, through the CSU IP exchange partnerships, more than 5,000 international students have come to study at the CSU.

International Programs participants earn resident academic credit at their home university while they pursue full-time study at a host university or study center abroad. CSU IP serves the needs of students in more than 100 designated academic majors. Affiliated with nearly 60 recognized universities and institutions of higher education in 18 countries, CSU IP also offers a wide selection of study abroad destinations and learning environments.

University of Tübingen and a number of institutions of higher education in the Federal state of Baden-Württemberg
Students participating in CSU IP pay CSU tuition and program fees, and are responsible for airfare, accommodations, meals and other personal expenses. Financial aid, with the exception of Federal Work-Study, is available to qualified students and limited scholarship opportunities are also available. All programs require students to maintain good academic and disciplinary standing, many programs are open to sophomores or graduate students. California Community College transfer students are eligible to apply (to select programs) directly from their community colleges. Students must possess a current cumulative grade point average of 2.75 or 3.0, depending on the program, and must fulfill all coursework prerequisites. Additional program information and application instructions can be found on the International Programs Website. (https://csuip.calstate.edu/?FuseAction=Abroad.Home)

Research and Extended Programs

Offices of Research, Innovation, and Economic Development

Division of Academic Affairs
University Library, 2nd Floor South, Suite 2520
(916) 278-6402

Research@csus.edu
www.csus.edu/research (http://www.csus.edu/research/)

The Offices of Research, Innovation, and Economic Development (ORIED), as part of Academic Affairs, reports to the Provost and works to expand the research capacity of Sacramento State's faculty, students, and research staff. ORIED supports faculty pursuing external funds for research projects (proposal development, submission assistance, contract development, project coordination, and related infrastructure needs) as well as research program development initiatives. On behalf of the University, we submit faculty grant and contract proposals, administer internal research funds and recognition programs, facilitate the Institutional Review Board (IRB) and Institutional Animal Care and Use Committee (IACUC), and coordinate patent and tech transfer activities, as well as provide a full range of research integrity and compliance functions for the research enterprise.

Post-award account administration for sponsored agreements and related accounts is typically handled through the Office of Sponsored Programs Administration (SPA) of University Enterprises, Inc. (UEI). SPA professional staff work in coordination with ORIED to support, accept and administer the awards faculty receive from federal, state, and private funding agencies.

International Programs and Global Engagement

Library 1001
(916) 278-6686
www.csus.edu/international-programs-global-engagement/ (https://www.csus.edu/international-programs-global-engagement/)

Email: intlprg@csus.edu

The mission of the International Programs and Global Engagement (IPGE) (https://www.csus.edu/international-programs-global-engagement/) office is to provide opportunities for Sacramento State students and faculty to increase their global knowledge, expand their international experiences, and gain new global perspectives. The office is comprised of the following functional units:

- International Admissions
- International Student and Scholar Services
- Study Abroad
- Global Initiatives
- Faculty and Staff Immigration Services
- The Passport Place @ Sac State

International Admissions

Sacramento State welcomes students from across the globe. The International Admissions (https://www.csus.edu/international-programs-global-engagement/application-admissions-process/) office serves as the point of contact for all prospective international applicants intending to study at Sacramento State on a F-1 or J-1 student visa. Dedicated international admissions specialists process undergraduate and graduate applications, in addition to providing guidance throughout the application process. For additional information regarding international admission, please e-mail the office at intlinfo@csus.edu.

International Student and Scholar Services
Sacramento State is host to more than 600 students and scholars from 75 different countries. International Student and Scholar Services (https://www.csus.edu/international-programs-global-engagement/international-student-scholar-services/) within IPGE provides immigration support, coordinates International Student Orientation, and offers cultural programming and other services geared towards assisting international students and scholars in becoming more engaged in campus and community life. For additional information, please e-mail the office at intlprg@csus.edu.

Study Abroad

Sacramento State students have a variety of opportunities to study at over 70 universities around the world. Overseas educational opportunities are available in almost every discipline. Financial aid and scholarships are available to qualified students.

While studying abroad, students develop global perspectives related to their field of study that enhance academic knowledge and professional development. Study Abroad is one of the most transformational experiences offered at Sacramento State.

Sacramento State offers a variety of study abroad options:

- California State University International Programs (CSU-IP) is the system wide, year-long study abroad program offered by the California State University
- Sacramento State Exchange Programs include semester and year-long study abroad experiences through exchange programs with partner institutions
- Short-term, Faculty-Led Study Abroad programs
- Short-term non-credit bearing study tours
- Study Abroad opportunities through independent affiliated providers

Students interested in studying abroad are advised to start the planning process as early as possible. For additional information about Study Abroad opportunities, please e-mail sabroad@csus.edu or visit the Study Abroad Website (https://www.csus.edu/international-programs-global-engagement/study-abroad/).

The Study Abroad office also offers the following services to faculty members interested in leading students groups or conducting research in foreign countries:

- Assistance in making contacts with colleagues at affiliated institutions abroad;
- Advising for faculty exchange opportunities for one semester or one year;
- Providing information about State Department advisories for international travelers;
- Providing information on faculty development seminars abroad; and,
- Providing information and advising regarding the International Research Scholar Program.

For additional information about Faculty-Led Study Abroad programs, please e-mail Alessandra McMorris at mcmorris@csus.edu.

Global Initiatives

The Global Initiatives team is responsible for international recruitment and outreach, maintaining and building international partnerships, and developing international agreements. Specific inquiries or requests for information can be e-mailed to Kunyi Cheng, Coordinator of Global Initiatives, at kunyi.cheng@csus.edu or Tel: (916) 278-4877.

Faculty and Staff Immigration Services

Sacramento State is committed to the internationalization of the campus by hiring diverse faculty with world-class expertise in a wide range of academic disciplines. Faculty and Staff Immigration Services (https://www.csus.edu/international-programs-global-engagement/global-initiatives/immigration-services.html) provides information on immigration and international employment requirements for faculty and staff at Sacramento State.

Please direct Faculty and Staff Immigration questions to Kunyi Cheng, Coordinator of Global Initiatives, at kunyi.cheng@csus.edu or Tel: (916) 278-4877.

The Passport Place @ Sac State

The Passport Place @ Sac State (https://www.csus.edu/international-programs-global-engagement/the-passport-place.html) accepts U.S. Passport Applications between Monday and Friday. The Passport Place is located in the International Programs and Global Engagement (IPGE) office, Library 1001, next to the Grumpy Mule coffee shop (https://www.csus.edu/campusmap/). For detailed hours and passport application requirements, please visit the Passport Place website (https://www.csus.edu/international-programs-global-engagement/the-passport-place.html).
COMMUNITY CONNECTIONS

MESA Engineering Program (MEP)
Santa Clara Hall 1207
(916) 278-6699

Participation in the MESA Engineering Program (MEP) increases the probability that students will be successful in their engineering or computer science college studies. Focusing on the recruitment, retention, and graduation of highly motivated students from educationally disadvantaged backgrounds, MEP emphasizes participation by students from communities with low rates of enrollment in engineering majors.

The MEP program provides an on-campus home for its members with a large 24 hours-a-day study center that encourages study groups. MEP provides professional development, a freshman orientation course, and personal-academic advising. It assists in the coordination of tutoring services for all students in the College of Engineering and Computer Science.

Community Engagement Center (CEC)
Dr. Ann Moylan, Director
Library 4028
(916) 278-4610
www.csus.edu/cec

The Community Engagement Center, a program of Academic Affairs, focuses Sacramento State’s greatest resource—the knowledge and skills of faculty, staff and students—on making a difference in the various communities throughout the Sacramento region.

Our mission is to engage members of the Sacramento State campus through their educational experiences to become aware of and respond to local and global community concerns through Service Learning, Volunteerism and Academic Internships. Additionally, our vision is to create a campus climate that promotes community awareness and involvement and supports students to become civically minded graduates who are actively engaged in making a difference both locally and globally.

At Sacramento State, community engagement describes the collaboration between institutions of higher education and their larger communities (local, regional/state, national, global) for the mutually beneficial exchange of knowledge and resources in a context of partnership and reciprocity.

The purpose of community engagement is the partnership of college and university knowledge and resources with those of the public and private sectors to enrich scholarship, research, and creative activity; enhance curriculum, teaching and learning; prepare educated, engaged citizens; strengthen democratic values and civic responsibility; address critical societal issues; and contribute to the public good.

Students, faculty, and the CEC collaborate with community partners to create community-engaged learning activities to:

• develop leadership and teamwork skills; and
• act locally, think globally.

The Community Engagement Center programs include:

• Service Learning (SL), which links students in courses with community-based partners for mutual benefit. The community partner gets assistance with various programs and the students gain experience understanding how different organizations operate and function to deliver programs and services. One example of Service Learning is: "Writing Partners @ Sac State," a program where university students participate in a letter exchange with fifth graders at local elementary schools. Writing Partners helps Sac State students be better writers and it helps fifth graders aspire to become college students;
• Community Service, including Alternative Break @ Sac State and Sac State Volunteers, both of which provide volunteer opportunities with organizations throughout the Sacramento region;
• Civic Engagement, which supports opportunities for students to become "engaged" citizens in their communities and includes the Constitution and Civic Engagement Program (CCEP) sponsored by CEC and other campus programs; and
• Academic Internships, which are stand-alone courses that formally integrate students’ academic study with practical experience in a cooperating organization.

For more information on how to become involved, visit the Community Engagement Center Web site at http://www.csus.edu/cec.

Partnerships for Employment Opportunities

Career Center
Lassen Hall 1013
(916) 278-6231
www.csus.edu/student-life/career-center/

Through a collaborative career development approach, the Career Center engages, educates and empowers our students and alumni to thrive and successfully contribute to our community, economy and future workforce. The Career Center offers a proactive comprehensive career development program, fostering partnerships with community and campus businesses to provide hands-on work experience for students and alumni.

Experiential education and internships offer students academic credit or experience for employment and learning opportunities that complement their educational endeavors by matching educational goals with work experiences. The Career Center provides internship and job listings for students looking for employment while attending college. Handshake (https://app.joinhandshake.com/login/), the online job database, lists
thousands of opportunities (part-time, full-time, internship, and volunteer) for students and alumni in the Sacramento and Western region and beyond. It is accessible at the Career Center website 24 hours a day.

The On-Campus Interviews (OCI) program provides students and alumni with an opportunity to interview with Fortune 500 companies, top accounting firms, government agencies and other well-known organizations without ever leaving campus. Interviews for full-time and internship opportunities are conducted within our Career Center or virtually online.

Career Events and Job Fairs offer students and alumni even broader opportunities to meet with prospective employers. Over 500 employers attend Career Center events, annually, each searching specifically for Sacramento State students who have a reputation for professionalism, strong work ethic and academic preparedness to help companies and organizations excel.

Sacramento State alumni can also share advice and feedback with students via our online career mentoring platform: Sac State Career Networ (http://sacstatecn.firsthand.co/)k in partnership with Alumni Association.

See also Campus Life/Student Resources/Career Center.

The EXCEL Program
Pamela O’Kane: (916) 278-4345
E-mail: okane@csus.edu

In the EXCEL Program, Sacramento State students learn the basics of tutoring elementary school children in reading or mathematics. After training, they work under supervision at local elementary schools helping children who are achieving below grade level. The following classes each offer 3 units of upper division credit:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDUC 124A &amp; EDUC 124B</td>
<td>Tutoring Children in Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>EDUC 125A &amp; EDUC 125B</td>
<td>Tutoring Children in Reading Practicum</td>
<td>3</td>
</tr>
<tr>
<td>EDUC 126</td>
<td>Assisting the Elementary Classroom Teacher</td>
<td>3</td>
</tr>
</tbody>
</table>

Some paid positions are available with funding through FWS or America Reads/America Counts. This experience is an excellent way for students to find out if a career working with young people is right for them.

University Outreach Services
Office of Admissions and Outreach
Lassen Hall Lobby - Room 1102
www.csus.edu/admissions (http://www.csus.edu/admissions/)

The Admissions and Outreach Office is charged with the recruitment of prospective students to the University. This involves recruitment visits and yield events at high school and transfer services, as well as services to students from low income educationally disadvantaged groups. The programs are designed to meet enrollment levels that reflect the richness of diversity in the Sacramento Region and to build a healthy enrollment balance by class level and academic programs.

Additional services provided include:

- Pre-admission advising and presentations;
- California Residency review;
- Western Undergraduate Exchange (WUE) program;
- Undergraduate application review and processing;
- Prospective and new student event planning;
- Customer Relationship Management;
- Outreach and marketing services;
- Campus tours;
- Tele-counseling services;
- Distribution of complimentary copies of CSU/Sacramento State materials to schools, colleges, and related agencies;
- Consult and Liaison between University academic departments and partner institutions for course articulation

High School Outreach Programs
High School Outreach programs provide information and guidance on higher education opportunities in general, and Sacramento State opportunities in particular, to prospective students, parents, guidance personnel, and other interested persons. High School Liaisons provide extensive outreach visits and activities at high schools in the Sacramento State service region and throughout the state. The Outreach staff also assists students in completion of the matriculation process and articulates University programs, policies, and procedures to other educational institutions and agencies.

Transfer Outreach Programs
Community College Outreach Programs work closely with community colleges in California to facilitate a smooth transition for students transferring to Sacramento State. In addition to the following list, the programs and services of the Community College Outreach mirror the High School Outreach program.

- Memoranda of Understanding, established with the Los Rios, Sierra, and Yuba Community College Districts, are partnerships emphasizing and promoting a seamless transition to Sacramento State.
- Development and distribution via www.assist.org (http://www.assist.org) of official articulation agreements between Sacramento State and other campuses specify the acceptability of transfer courses toward meeting lower-division major preparation.
- Visits to community colleges enable staff to meet with prospective students, providing instant, on-site admission for eligible applicants at major feeder community colleges.

Community Outreach
Project PLAY
Dr. Scott Modell
E-mail: modells@csus.edu
(916) 278-5041

Project PLAY (Play-Oriented Lifetime Activities for Youth) is a fitness and leisure program for individuals with disabilities ages 3-25, that also trains parents, legal guardians, and other family members to provide follow-up instructions and support for program participants in the home. Project PLAY combines activities in the areas of motor fitness, physical fitness, development of leisure time skills, opportunities in adapted aquatics, training for Special Olympics, wheelchair games, and other organized competition for individuals with disabilities.
Project PLAY is an opportunity for students to participate in community engagement in the Department of Kinesiology and Health Science.

**Sacramento State Alumni Association**

**Alumni Association**

**SAA Staff Advisor:** Erin Mahoney (they/them)  
**Telephone:** (916) 278-4354  
**E-mail:** saa@csus.edu (alumni@csus.edu)  
**www.csus.edu/alum/students/**

The Alumni Association, open to all current students and friends of the University, was founded July 20, 1950 to encourage alumni involvement with their alma mater and to support the campus community. Governed by a 27-member Board of Directors, the Association offers its members various opportunities to volunteer and participate in social and fundraising activities.

Current students are encouraged to join the Student Alumni Association (SAA). SAA is a student volunteer group that works on behalf of the Alumni Association to enhance the student experience by connecting students to one another, alumni, and the University. SAA volunteers plan and participate in social, career-oriented, and school unifying events. SAA membership for current students is only $20/year and, in addition to the full privileges and benefits of membership in the Alumni Association, members receive a t-shirt and keychain.

The Alumni Association also provides the opportunity to network with alumni who share your professional or social interests through chapters including: Art; ASI; Basketball Alumni and Friends; Black Alumni; Business; Capitol Fellows Affiliate; Construction Management; Criminal Justice; Education; Engineering/Computer Science; Government; Hong Kong; Football/Spirit Alumni and Friends; Latino; MPPA; Nursing; Recreation, Parks and Tourism; Speech Pathology and Audiology; Theatre/Dance; and Urban Collective. All groups welcome student member (SAA) participation as well.

Events are another way the Alumni Association keeps alumni active in the life of the University. Annual events include “Alumni Month” every April, the Causeway Classic, Homecoming, pre-game parties, and the prestigious Distinguished Service Awards. Members of the Alumni Association also support students through donations to the Alumni Scholarship Fund. Each year 12-15 scholarships ranging from $1,000-$2,000 are awarded to deserving Sacramento State students.

When you think of your alumni home on campus, think of the Alumni Center. Maintained and operated by the Alumni Association, it is an outstanding venue that may be rented for meetings, conferences, weddings, receptions, and other social events. It truly provides a “home” on campus for alumni and a place for activities that help alumni strengthen ties to the students, the campus, and the community.

Current Alumni Association membership information can be found online at [www.csus.edu/alum/students/](http://www.csus.edu/alum/students/). We hope you will get involved and consider showing your Hornet Pride by joining for life!
University Housing Services

On Campus
(916) 278-6655
www.csus.edu/student-life/housing (http://www.csus.edu/student-life/housing/)

The on-campus community consists of approximately 3200 residents living at North Village or Hornet Commons. Living on campus can be a very special and rewarding part of the Sacramento State experience. On-campus living is convenient and offers opportunities for students to make new friends and be a part of an active and engaged community. Additionally, research shows that students who live on campus feel more connected and have a higher persistence rate toward graduation as compared to students who live off campus. North Village and Hornet Commons communities have dedicated full-time, post masters live-in professional staff, along with trained Resident Advisors. The residential staff organize educational programs, engage in academic advising, and serve as mentors and sources of campus information for residents.

Submitting an on-line application for on-campus housing is easy and convenient. Housing applications for the following academic year are available in early February. Students attending for the spring semester only can apply for housing in early November. Please visit the University Housing Services web site at https://www.csus.edu/student-life/housing/ or contact University Housing Services at housing@csus.edu for specific application time-lines and housing costs. Space fills up quickly, so interested students should submit an on-line application, including any necessary payments, as soon as charges are posted to the student’s account.

North Village
(916) 278-6655
www.csus.edu/student-life/housing (http://www.csus.edu/student-life/housing/)

North Village housing community consists of approximately 2100 residents living in seven residence halls which offer a variety of living options including single and double rooms, and apartment style suites. Each residence hall provides furnished living accommodations along with Wi-Fi access, computer lab/ print stations, cable TV and XfinityOnCampus with 120+ Digital and HD online channels with DVR service, study rooms, recreation rooms, lounges, kitchenettes, and laundry facilities. Also, residents have access to a gaming lounge, movie room, fitness center, pool, basketball and tennis courts, and a rooftop terrace. The halls are situated adjacent to the American River which has walking and biking trails. Additionally, the Servery at the Dining Commons and the Courtyard Market provide a variety of freshly prepared dining options.

Hornet Commons
(916) 573-6205
www.csus.edu/student-life/housing (http://www.csus.edu/student-life/housing/)

Hornet Commons (HC) is the newest all-inclusive, pet-friendly apartment complex located on the south side of campus. It houses 1100 Upper-Class students throughout six residential buildings. All units come fully furnished with full kitchens, in-unit washer/dryer, cable, and Wi-Fi. The property features a dedicated community building that includes a state-of-the-art fitness center, business center, pool, sundeck, and cafe.

Off Campus
Please refer to our Off-Campus Housing Resources page: https://www.csus.edu/student-life/housing/off-campus-housing-resources.html

Campus Dining
Sac State Campus Dining
(916) 278-6376
www.dining.csus.edu (http://www.dining.csus.edu)

Beginning July 1, 2021, Sac State Campus Dining, operated by University Enterprises, Inc. will be managed by Aramark (contracted supplier of University Enterprises, Inc.) and is proud to offer the campus community a wide variety of diverse, healthy, and great tasting dining choices throughout the campus. From snacks, food trucks, and fine dining, to everything in between, including vegan and vegetarian options, students will find dining options to fit their schedules and their tastes.

The University Union features classic American fare and ethnic cuisine, as well as Starbucks coffee, smoothies, and vending.

The River Front Center on the north side of campus houses the well-known favorite, Togo’s, as well as Baja Fresh Express, Starbucks, vegetarian and vegan eateries, and Mediterranean cuisine.

Other food and coffee locations are located throughout campus near Lassen Hall, the Library, the Hornet Bookstore, and beginning in the fall of 2021, the new on-campus housing facility, Hornet Commons, will feature Einstein Bros. Bagels.

Sac State Campus Dining also operates a Starbucks truck, which serves hot and cold beverages, pastries, breakfast sandwiches, bistro boxes, fruit, and bottled water.

Epicure Catering at Sacramento State offers a variety of fresh, healthy foods prepared by the chef at Epicure Restaurant at Sacramento State. The professional and experienced staff is available for a full range of events and activities, both on and off campus. To request information and a catering menu, please call (916) 278-6786. Visit the Sac State Campus Dining website at http://www.dining.csus.edu (http://www.dining.csus.edu/) for a current list of eateries, hours of operation, map with dining locations, and complete information about the services Sac State Campus Dining provides.

The Servery at the Dining Commons
Dining Commons
(916) 278-6971
www.dining.csus.edu/dining-commons/ (http://www.dining.csus.edu/dining-commons/)

For the convenience of students living in the residence halls at Sacramento State, The Servery at the Dining Commons offers an “All You Care to Eat” meal service in a relaxed setting. Students living off campus may also eat here, and off-campus meal plans are available for purchase. The serving area in The Servery at the Dining Commons recently underwent a significant renovation, which changed the way food was prepared and served. The new, state-of-the-art venue includes 10 cooking exhibition stations with a different cuisine at each, where diners can see chefs prepare their meals. The Courtyard Market, a popular

Campus Services

Bookstore
State University Drive East  
(916) 278-6446  

The Hornet Bookstore carries all textbooks required in campus curricula. Textbooks are available for purchase in-store during store business hours or ordered online anytime at hornetbookstore.com (http://www.bkstr.com/csuscaramentostore/home/en/). Please review the website for shipping options, store hours and pricing. The Bookstore offers a variety of textbook options, including new, used, rental and digital. All special program participants are advised to contact the Customer Service department before making purchases. The textbook department is located on the 2nd floor of the Hornet Bookstore.

The Bookstore offers merchandise to make life on campus more convenient. These items include school supplies, sportswear, backpacks, art supplies, calendars, greeting cards, sundries, snacks, and cold beverages. The Bookstore offers a selection of laptop and personal computers at academic pricing. The bookstore is an Apple Authorized Campus Store. Repairs are available on Apple laptops and computers. Printers and technology related supplies are also available. The Bookstore also offers a selection of general interest books, reference books, best sellers, study aids, children's books, and magazines. Special orders are accepted for items not in stock. The Bookstore Cafe offers coffee, tea, specialty drinks and pastries.

The Bookstore is located on State University Drive East, across from the University and adjacent to Parking Structure II. VISA, MasterCard, Discover, American Express, and the Sacramento State One-Card are accepted.

The Store in the University Union  
(916) 278-7906

The Store, located in the University Union, offers school supplies, test materials, snacks, cold beverages, logo apparel, gift merchandise, and sundries.

Children's Center (Child Care)  
Atlas Cedar Way/State University Drive  
(916) 278-6216  

Established in 1972, nestled under an old grove of redwood trees, the Children's Center is owned and operated by Associated Students Inc., prioritizing services to Sac State students. Nationally Accredited since 2006, the program is dedicated to providing affordable high quality childcare by integrating current principles of Child Development, modeling best practices in the field of Early Childhood Education for children 6 months of age through kindergarten. The Center serves as an extension of the child's home, working closely with families to facilitate children's social, emotional, cognitive, and physical development. The Children's Center has a team of educators, working full-time who train, coach, and mentor over one hundred ASI student employees and interns.

The Center serves Sac State as the campus' field work and observation site.

Students may apply directly to the Center for subsidized childcare if they meet income eligibility guidelines. Children of faculty and staff may attend the Center. Waitlist applications are available on the website in the parent resource tab.

Student Health and Counseling Services  
(916) 278-6461  
www.csus.edu/shcs (http://www.csus.edu/shcs/)

Sac State is an award-winning healthy campus and hosts a state-of-the-art expanded facility which provides integrated counseling, medical, and wellness services to students. Student Health & Counseling Services (SHCS) in the WELL offers basic medical services (including Primary Care and Urgent Care), pharmacy, athletic training, mental health counseling, violence support services, and wellness education to help students maintain their wellness. We offer walk-in care for urgent illness, injuries, and urgent or crisis mental health concerns. Primary care and counseling services are located on the second floor in one integrated space. Counseling offers individual and group counseling, single session visits, urgent care mental health support, and Peer Counseling. SHCS staff includes licensed and board-certified providers and mental health clinicians who work collaboratively across disciplines to provide top-quality holistic care.

SHCS provides the following services:

• Acute illness and injury care
• Athletic Training
• Birth control methods/supplies
• Mental Health Counseling (individual, group, and urgent care)
• Health education
• Immunizations
• Nutritional counseling
• Pharmacy
• Medication Disposal
• Relaxation and mindfulness training
• Sexual/reproductive health services
• STD/STI testing & treatment
• Peer counseling
• Peer-led health education
• PEP/PrEP
• Support groups
• Transgender Care
• Confidential Violence & sexual assault support services
• Wellness Workshops
• X-ray and lab services
• Coming Soon - Dental Services

Cost & Eligibility

All currently enrolled students who pay health fees are eligible to access services. Additional fees may apply to specialty services, procedures, pharmaceuticals, vaccines and supplies. Any services received off campus are the financial responsibility of the student.

Location & Hours
SHCS is located at The WELL, and open Monday – Friday. See our website at www.csus.edu/shcs for current hours. For up-to-date notifications and wellness events, follow us on Instagram @shcsacstate.

Appointment Scheduling
Students can make appointments online at Student Health & Counseling Services | Sacramento State (csus.edu) by clicking the Patient Portal link, or by calling 916-278-6461. Please see the SHCS website for more information.

Urgent/Immediate Care – (916) 278-6461
Patients who require immediate medical attention or crisis counseling can be seen on a walk-in basis at the Urgent Care clinic located on the 1st floor of The WELL. All walk-in patients are medically evaluated and seen or scheduled for further evaluation and treatment as appropriate. An after-hours Nurse Advice Line is available by calling 916-278-6461 or 1-888-840-5169. A list of off-campus urgent care facilities and emergency resources are listed on the SHCS website at http://www.csus.edu/shcs.

Nurse Advice
Nurse Advice is available after hours and weekends to enrolled students. Students have the option of calling to speak with a registered nurse who can assist with medical concerns when Student Health & Counseling Services is closed by calling 916-278-6461 or 1-888-840-5169.

Get Involved
SHCS offers several opportunities for students to get involved:

- The Peer Health Educator (PHE) internship program is a year-long academic and hands-on learning program. PHEs actively promote health and wellness at Sac State. For more information, visit www.csus.edu/student-life/health-counseling/wellness-education/.
- The Student Health Advisory Committee (SHAC) is a student-based organization that advises campus administrators on student health issues from a student’s perspective, covering such topics as accessibility, hours of operation, scope of services, student fees, quality of care and satisfaction. Email shac@csus.edu for more information.
- Peer Counselors (PCs) are part of the Student Health and Counseling Services team and serve as an additional on-campus resource to promote safety and well-being. PCs are not trained therapists but rather support their peers through active listening and helpful problem solving. For more information visit https://bit.ly/peer-counseling.
- Student Health & Counseling Services offers employment opportunities for students in the Pharmacy and Health & Wellness Promotion. Job openings are posted on Handshake when they become available.

Confidentiality
Privacy and confidentiality are fundamental rights to all who use SHCS services. In both Health Services and Mental Health Services, students’ right to privacy is respected and no information is released without student consent, except where disclosure is required by law.

For more information on Student Health and Counseling Services visit www.csus.edu/shcs or call (916) 278-6461.

Sacramento State Police Department

Personal Safety and Protection of Public Property
Police Department Building
Police Emergency, (916) 278-6900 or dial 911 from any campus phone www.csus.edu/police
www.facebook.com/sacstatepolice
www.twitter.com/sacstatepolice

The University and the Sacramento State Police Department (formerly known as the Department of Public Safety) encourage the prompt reporting of any incident that compromises the safety, health or rights of Sacramento State community members. The Sacramento State Police Department is the primary respondent for campus emergencies and reports of criminal activity on campus. The Department is open 24-hours a day, seven days a week.

Sacramento State Police Officers are fully certified by the State of California with full arrest powers and cooperate with State and local police agencies including the Sacramento City Police and Sacramento County Sheriff’s Departments, resulting in the University’s awareness of criminal activity perpetrated beyond the campus. Reports of criminal activity will be fully investigated, and the appropriate referrals will be made with respect to subsequent action by the courts, the University, or both.

For more information on the Sacramento State Police Department’s policies and procedures, refer to Appendix K. For The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the Campus Fire Safety Right-To-Know Act, please access our website, https://www.csus.edu/campus-safety/clery-act.html.

Student Resources
University Library
(916) 278-5679
www.library.csus.edu

The University Library holds approximately 1.6 million books (including over 200,000 ebooks), provides access to over 100 databases, in excess of 30,000 media items, and thousands of maps, slides and pamphlets, and several million pieces of microforms and non-print media as well as subscriptions to thousands of print and online magazines, technical and scholarly journals, and newspapers. The Library is a depository for California State publications and for selected United States government materials.

OneSearch (the Library catalog and other databases) is searchable via Library computers or the Internet. Your SacLink login gives access to library resources both on and off campus.

You can ask questions, find course materials, and borrow equipment like laptops and anatomy models at the service desk located on the first floor. Items not owned by the Library can be obtained through an Interlibrary loan and document delivery service, usually provided without fee to Sacramento State students, faculty, and staff.

The second floor houses the Reference Collection and Research Help meeting spaces, as well as the Curriculum Collection that contains materials related to elementary and secondary school instruction. The California Department of Education has designated the University Library as a Learning Resources Display Center for all State adopted textbooks.
Periodicals are located on the third floor, and the main circulating collection is on floors 2, 3, 4, and lower level.

The Department of Special Collections and University Archives collects materials from California State University, Sacramento as well as items documenting the social, cultural, economic, and political history of the Sacramento region. Other special Library facilities and services include group and individual study rooms, a Family Study Room, and hundreds of computers for student use. Self-service copiers and PrintSmart stations are available on each floor. The Tsakopoulos Hellenic Collection is an extensive collection of books, journals, pamphlets, non-book materials, rare books, and manuscript materials as well as art and artifacts related to all aspects of Greek, Byzantine, and Ottoman history and culture.

Reference librarians offer subject-oriented research help and other forms of library instruction. Hands-on sessions are scheduled in the Library Instruction classrooms.

Consult the Library homepage for additional information about Library collections and services, hours, staff, maps, exhibits, instructional opportunities, subject guides, and other materials.

University Reading and Writing Center
Calaveras Hall 128
(916) 278-6356
www.csus.edu/writingcenter

The University Reading and Writing Center (URWC) is a place for all Sacramento State students to get help with reading and writing for any course or project. Trained undergraduate and graduate student tutors offer support at any stage of the writing process, including helping writers to begin an assignment and generate ideas, identify a focus for a paper, work on developing ideas, refining organization, citing sources, or clarifying language. The URWC can also help students learn how to proofread and edit their papers better. The URWC emphasizes nonjudgmental and encouraging feedback to help a student not only with a particular assignment but also with becoming a more confident college writer.

If a student is working on a writing assignment in any undergraduate major, in a writing course, or in a graduate course, it is appropriate to come to the URWC. Tutors are experienced in working with the diverse population of Sacramento State students including multilingual and multidialectal writers. Along with guidance on writing assignments, the URWC also provides help for students who are preparing to take the WPJ or other writing tests and for graduate students working on theses or projects. We also offer one unit of academic credit for regular tutoring, ENGL 121.

Appointments can be made in person in CLV 128 beginning the second week of classes each semester. Students interested in becoming a University Reading and Writing Center tutor should contact the Director.

Accessible Technology Initiative (ATI)
Sacramento State is committed to providing equal access to educational and information resources for every campus community member, including those with disabilities. Managed by Information Resources & Technology (IRT), the mission of the Accessible Technology Initiative (ATI) is to “make information technology resources and services accessible to all CSU students, faculty, staff, and the general public regardless of disability.” This encompasses the delivery of comprehensive services to students and faculty for web accessibility, instructional materials accessibility, and the accessibility of any campus-procured technology. A dedicated team of three ATI specialists in the areas of instructional materials, web development, and procurement partner with and provide consultation to campus groups including Services to Students with Disabilities, the Student Technology Center, the
High Tech Center, the Office of Equal Employment Opportunity, the Hornet Bookstore, and academic departments, among others, to ensure equal access to education for our students. Learn more at https://www.csus.edu/information-resources-technology/ati or contact ati@csus.edu.

Information Resources & Technology (IRT)

Academic Information Resources Center 3010
(916) 278-6606
www.csus.edu/irt

Information Resources & Technology (IRT) partners with faculty, staff, and students to provide essential information technology services that support mission critical activities and strategic campus goals. We actively engage our campus community to deliver high-quality services and innovative solutions that meet current and future technology needs. The IRT team is committed to communicating clearly, operating transparently, and taking a data-driven approach to continuous improvement. From log on to log off, we are a trusted partner in the shared vision to redefine the possible at Sacramento State. Faculty, staff, and students can request all IRT services online at ServiceNow or in person at the Service Desk.

Academic Technology and Creative Services (ATCS)

Online Teaching and Learning, SacCT support, Materials Development and Creative Services Support
ARC 3005
(916) 278-3370

ATCS utilizes an integrated service approach to provide technology-based consultation, technical assistance and creative expertise in support of the teaching/learning, research, service and outreach missions of the University. Support is provided on both an individualized and global (University) basis. ATCS technology-related services include: consultation, online learning support, curricular and other materials
development, event support, hybrid/online course development, SacCT administration, and faculty & staff training.

The Sacramento State Online Teaching & Learning Program provides expanded learning opportunities using technology-mediated instructional options. Our services allow students, both regionally and globally, to access classes when they are unable to attend classes on campus. ATCS supports academic departments and programs in the development, and facilitation of matriculated courses through synchronous and asynchronous delivery systems. These systems include: online teaching and learning systems, video conferencing, and support services. ATCS also assists faculty individually and small groups in adapting their curriculum, teaching methodologies, and pedagogy for online/hybrid course delivery.

Veterans Success Center
Lassen Hall 3003
(916) 278-6733
www.csus.edu/vets (http://www.csus.edu/vets/)

Sacramento State’s Veterans Success Center (VSC) provides multifaceted assistance to prospective and enrolled student veterans and dependents. Most notably, the center assists students in accessing their GI benefits, completing the admission application process, and registering for courses. The center also helps student’s access campus resources, get involved in leadership activities, and transition into the civilian work world.

The VSC provides a lounge, where student veterans may study, socialize, network, and meet other student veterans and dependents. The VSC additionally offers many opportunities for veterans to get involved in co-curricular leadership activities - please stop by or visit the VSC Website (http://www.csus.edu/vets (http://www.csus.edu/vets/)) for more information.

The Veterans Success Center is open Monday – Friday from 8:00 AM – 5:00 PM.

Student Organizations & Leadership
University Union, Second Floor
(916) 278-6595
www.csus.edu/soal (http://www.csus.edu/soal/)

Active participation in recognized student organizations, leadership development programs, and community service enriches and improves student’s learning experience at Sacramento State. Student Organization & Leadership (SO&L) is committed to encouraging and supporting students to become involved in campus life through a variety of co-curricular and extracurricular programs.

Getting involved on campus is a great way to meet people, learn about campus resources, make lifelong friends, and enrich the total education experience on the road to graduation. Involvement also helps to make a large university such as Sacramento State seem more personal, as well as provides students with opportunities to develop the skills needed to be successful in the workplace.

Student Organizations & Leadership advises more than 300 student-led clubs and organizations that are social, religious, political, recreational, academic, cultural, fraternal, and professional. Through participation in organizations, students learn democratic processes, respect for others, develop concern for community issues, gain appreciation for aesthetics and culture, and participate in healthy recreational activities.

Student Organizations & Leadership coordinates the Leadership Initiative (LI), a co-curricular leadership certificate program open to all students that allows students an opportunity to earn certificates that show their commitment and involvement at Sacramento State. The LI is a great way for students to build up their resumes with activities outside the classroom. In addition, Student Organizations & Leadership organizes workshops, conferences, and events to help students develop cultural competence, communication skills, and have fun.

SO&L staff members are happy to connect interested students with any of the organizations registered on campus or help them start new clubs and organizations. Get involved today by visiting http://www.csus.edu/soal (http://www.csus.edu/soal/) online or come to our office on the second floor of the University Union.

Associated Students, Inc.
University Union, 3rd Floor
(916) 278-6784
www.asi.csus.edu (http://www.asi.csus.edu)

Associated Students, Inc. (ASI), a $10 million nonprofit corporation that serves as the student government at Sacramento State. Programs created and operated by ASI benefit the entire campus community. A student Board of Directors governs ASI. Elected each spring, this Board meets weekly throughout the fall and spring semesters. Students are encouraged to attend Board meetings to bring their questions and/or concerns. With numerous committees and work teams, ASI offers students an assortment of ways to get involved in campus life. Participation as an ASI employee or volunteer provides students valuable experiential work experience and important future career contacts. ASI programs include a variety of business and student services - including a Children’s Center, providing care for children ages 6 months to 5 years old, the Sacramento State Aquatic Center, ASI Peak Adventures, KSSU Radio, ASI Food Pantry, Safe Rides, and more. ASI also maintains the Hot Spot, which coordinates ASI campus life engagement and outreach. Located on the main floor of the University Union, the Hot Spot is a great place to learn about all of ASI’s services and programs. Through various grants and scholarships, ASI also contributes financial support to student clubs and organizations, other University programs, and individual students. To get involved in ASI activities, stop by the main office, call (916) 278-6784, or visit www.asi.csus.edu (http://www.asi.csus.edu/)

Student Literary Journal
Calaveras Hall 117
(916) 278-6492
www.csus.edu/org/litjrnl (http://www.csus.edu/org/litjrnl/)

An annual student run publication, Calaveras Station Literary Journal solicits submissions of student writing in the fall semester, accepting approximately 10 percent for inclusion in its spring issue. Perfect bound and professionally designed, this journal offers its readers poetry, short fiction, essays, and literary criticism from a campus-wide selection of authors. Its website provides a glimpse into the current edition as well as past issues, with lists of student editors and submission details. English Department professors serve as faculty advisors.

The State Hornet Newspaper
State Hornet Newsroom, Del Norte Hall
(916) 278-6583
University Union
(916) 278-6997
theuniversityunion.com

Campus life happens here! The University Union is a welcoming environment and central gathering place where students, faculty, staff, and alumni participate in campus life and events. The building features a host of support services and facilities to meet the ever-changing needs of the Sacramento State community.

Services
The Union houses the Hornet’s Nest Food Court, which features Panda Express, Good Eats, and The Roost. The Union is also home to Starbucks, Round Table Pizza, Jamba Juice, and Ace Sushi. In addition, Engrained restaurant offers full service dining with indoor and outdoor seating.

The Union has several amenities for students such as an information desk, games room, meditation room and foot wash station, art gallery, sleep lounge, computers and printers, various open lounge spaces and food service seating, mother’s room, a convenience store, laptop rentals, multi-device charging lockers, all gender restrooms, baby changing stations and ATMs.

Facilities
Whether you need a small conference room for 15, a banquet space for 800, or something in-between, the University Union can accommodate you. With the 14,000+ square foot multi-purpose University Ballroom, the 180 seat Hinde Auditorium and up to 25 breakout rooms, there is ample room for a variety of meetings, conferences and special events.

The Union houses many offices and programs, including Student Organizations and Leadership, Union Event Services, PRIDE Center, Women's Resource Center, CARES Office, ASI Student Engagement and Outreach, ASI Food Pantry, ASI Government, ASI Business & Student Shop, KSSU Radio, ASI Peak Adventures bike shop, New Student Orientation Office, Engrained Catering, The Lab print shop, UNIQUE Programs and the Police Service Center.

UNIQUE Programs
University Union, Third Floor
(916) 278-3928
uniqueprograms@sacstateunique.com
www.sacstateunique.com

University Union UNIQUE Programs is a student volunteer program that brings a wide variety of cultural, educational, and entertainment programs to Sac State. These activities include cultural events, performing arts, lectures, and a weekly Wednesday “Nooner” event series, as well as an array of special films, concerts, and comedy showcases, typically on Thursdays.

Students interested in participating in the planning, promotion and production of innovative, quality campus programs should contact UNIQUE to learn more.

Aquatic Center
Lake Natoma
(916) 278-2842, (916) 278-1105
www.sacstateaquaticcenter.com

The Sacramento State Aquatic Center is Northern California’s most comprehensive aquatic boating safety center and is celebrating 39 years of service to the students, faculty, staff, and alumni of Sacramento State and the Sacramento community. Located on beautiful Lake Natoma, (only 20 minutes from campus) the center provides high quality boating instruction and safety programs through education, recreation, and competition.

Established in 1981, the Center is a program of Associated Students, Inc. and also supported by the University Union of California State University, Sacramento. The program has successful partnerships with: California Department of Parks and Recreation, the U.S. Bureau of Reclamation and the California Division of Boating and Waterways.

The Aquatic Center's programs include classes for academic credit; leisure classes open to the community in: sailing, windsurfing, rowing, kayaking, stand-up paddling, canoeing, outrigger canoe, water ski, wakeboard, and “jet ski”. The Sacramento State Aquatic Center is also the home of the Sacramento State Rowing Club and Women's Rowing Team and Sacramento State Wakeboard and Water Ski Clubs. The Aquatic Center prides itself on hiring Sacramento State Students.

The Center is open to the general public as well as to Sacramento State students, faculty, staff, and alumni, who can receive a discount on boat rentals and leisure classes by showing their OneCard or Sac State Alumni Affiliation card.

Located next to Nimbus Dam at Highway 50 and Hazel Avenue, the Aquatic Center offers, Beach Reservations, Facility Reservations, Team Building Activities, Private Lessons, Summer Youth Camps and Youth Groups; additionally, there is an abundance of aquatic equipment available to rent: canoes, kayaks, stand up paddle boards, hydro bikes, rowing shells, sailboats, and windsurfing boards.

The Aquatic Center has hosted the NCAA Women’s National Championships, Intercollegiate Rowing Association Championships, US Rowing Youth National Championships, Pac 12 Conference Championships, West Coast Conference Championships, American Athletic Association Championships, Western Intercollegiate Rowing Association Championships and US Rowing Southwest District Rowing...
Intercollegiate Athletics

Intercollegiate Athletics
Athletics Center
(916) 278-6481
www.hornetsports.com (http://www.hornetsports.com/)

Sacramento State is committed to providing equal opportunities to male and female students in intercollegiate athletics. Nearly 500 student-athletes participate in the athletics program with athletic scholarships awarded to student-athletes in every sport.

The A.G. Spanos Sports Complex provides excellent facilities for football and a superior track and field facility that was selected to host the U.S. Olympic Track and Field Trials in 2000 and 2004, the NCAA Division I Outdoor Championships in 2003, 2005, 2006 and 2007, the USATF National Championships in 2014 and 2017, the Junior Olympics in 2016, and the 2018, 2019, 2023 and 2026 NCAA West Regionals.

Sacramento State was also the host institution for the 2017 NCAA Men's Basketball Tournament first and second rounds at the Golden 1 Center, and will host again in 2023. In addition, Sacramento State has been awarded the NCAA Women's Basketball third and fourth rounds in 2026. The department will also host the NCAA Men's Soccer College Cup in 2024, and the Women's Soccer College Cup in 2025.

The Nest serves as the home for women's volleyball, men's and women's basketball, and women's gymnastics. Both the baseball and softball teams had their on-campus stadiums recently renovated with the baseball field receiving permanent lights in 2016. The men's and women's soccer teams also compete in a renovated facility. The women's rowing team trains and competes at the Sacramento State Aquatic Center on Lake Natoma, rated as one of the nation's top facilities in the nation. The venue has hosted the NCAA Women's Rowing Championships on 10 occasions over the last 25 years.

The Eli and Edythe Broad Fieldhouse, a 25,000 square-foot structure at the south end of the Spanos Sports Complex, was opened in 2008. The state-of-the-art facility houses football and track and field locker rooms, offices, and meeting rooms as well as an athletic performance center, athletic training center, and equipment room.

Student-athletes benefit from quality athletic training and strength & conditioning facilities. There are six full-time athletic trainers, consulting and treating student-athletes daily. In addition, each sport has a designated strength and conditioning coach for its student-athletes.

Sacramento State competes at the Division I level of the National Collegiate Athletic Association (NCAA) and is a member of the Big Sky Conference in football (FCS), men's and women's basketball, men's and women's cross country, men's and women's indoor and outdoor track, men's and women's tennis, men's and women's golf, softball, volleyball and women's soccer. The University's baseball team competes in the Western Athletic Conference (WAC) and the gymnastics program is a member of the Mountain Pacific Sports Federation. The men's soccer and beach volleyball teams compete in the Big West Conference and the rowing team resides in the American Athletic Conference. Beach volleyball was added as Sacramento State's 21st intercollegiate sport in 2013.

Sacramento State athletics has combined to win 89 conference championships during the program's Div. I era (1991-pres.). In addition, Hornet student-athletes have achieved at least a 3.00 overall grade point average 12 consecutive semesters. Prior to that, Hornet Athletics had never achieved a grade point average higher than a 2.99.

All registered Sacramento State students with a valid One Card are admitted free of charge to regular season on-campus home athletic events.

ASI Peak Adventures

The University Union, First Floor
(916) 278-6321
www.peakadventures.org (http://www.peakadventures.org)

ASI Peak Adventures is the outdoor adventure program of Associated Students, Inc. at Sacramento State. ASI Peak Adventures provides outdoor trips, team building, a full service bike shop, and equipment rentals. They are dedicated to providing adventure education and leadership development opportunities to the campus and the community. They have been leading people on outdoor adventures since 1989 and have become the most unique, diverse, and affordable outdoor recreation provider in Northern California.

The Outdoor Trips Program is all about increasing participants' outdoor confidence and helping them feel at ease while daring to adventure away from home. All trips are beginner friendly and everyone is welcome. Outdoor trip offerings include urban adventures, backpacking, day hiking, camping, mountain biking, rock climbing, snow trips, white water rafting and more! Outdoor rental gear is also available for those looking to venture out on their own!

The Challenge Center empowers individuals and teams to achieve greater results through a personalized learning experience they won’t forget! Their skilled facilitators engage participants in interactive games that build relationships, challenging problem-solving activities that strengthen teamwork, and exciting climbing opportunities to inspire personal growth. Over 8,000 participants from Sacramento area visit this on-campus ropes course per year.

The Bike Shop is conveniently located on the Sacramento State Campus and right off the American River Bike Trail. They proudly provide friendly and professional service at reasonable prices. Highly skilled bike technicians perform repairs, sell parts and accessories, teach bike maintenance classes and offer free clinics. The Bike Shop is open to the general public; however, Sacramento State students and staff receive special discounted pricing. The Bike Shop gets cyclists and their bikes rolling for commuting and recreating.

During the summer months ASI Peak Adventures offers week-long outdoor youth camps for campers ages 8-17. For the younger kids, activities include campus tours, arts and crafts, games, water activities and lots more! Kids ages 12-15 have the chance to experience new activities each day including the Challenge Center ropes course, outdoor rock climbing, caving, hiking and white water rafting. Kids ages 15-17 have the opportunity to attend a week-long overnight camp where they expand their outdoor and leadership skill-sets in highly desirable locations such as Yosemite and Tahoe.
The WELL
(916) 278-9355
www.thewellatsacstate.com (http://www.thewellatsacstate.com)

The WELL is a 189,000 square foot facility with over 152,000 feet of
recreational space, including six volleyball courts, five basketball courts,
four racquetball courts, five fitness studios, both an indoor and outdoor
turf, an indoor track, approximately 19,000 square feet of cardio machine
and free weights, as well as the largest climbing wall in the CSU system.
All gender showers, restrooms and changing areas are available to
provide an inclusive and safe space for all WELL members. The WELL is
also the home of Student Health & Counseling Services.

Located in The WELL, the Sacramento State Campus Recreation program
provides opportunities for all students, faculty and staff to participate in
intramural sports, informal recreation, fitness classes, personal training,
and special events. In addition to structured activities, the WELL features
open recreation hours for members who would like to shoot some hoops
or run on our indoor track, as well as rock climbing for all skill levels,
racquetball courts, and much more.

Students at The WELL may work toward reaching their fitness
goals by utilizing the wide variety of cardio and strength equipment,
participating in group fitness classes, or working with one of the WELL’s
nationally-certified personal trainers. Whether students are a beginning,
intermediate or advanced exerciser, the WELL has options for everyone.
The diverse schedule of group fitness classes includes yoga, zumba,
pilates, cycling, and strength training among many others. Cardio
machines, free weights, and strength equipment are available for open
use during the building operation hours. The WELL also offers various
wellness workshops and fitness assessments opportunities to help you
reach your wellness goals.

Students may sign up as a team or as individuals for intramural sports
such as flag football, tennis, basketball, volleyball and indoor and outdoor
soccer. One day tournaments include dodgeball, golf, bowling, racquetball
and badminton just to name a few, and the WELL offers men’s, women’s
and co-recreational divisions in most sports and encourages everyone to
join the fun - regardless of previous experience or skill level.

The Women’s Resource Center (WRC)
(916) 278-7388

The Women’s Resource Center promotes gender equity through four
distinct pillars: Allyship, Feminism, Leadership, and Empowerment.
The WRC develops various programs and events aimed to increase the
awareness and understanding of the contributions, opportunities, and
barriers facing women in our society in the past and present. 2nd Floor,
University Union.

The Multi-Cultural Center (MCC)
(916) 278-6101
https://www.csus.edu/student-affairs/centers-programs/multi-cultural-center/
For more information about the College of Arts and Letters, please click here (http://www.csus.edu/al/).

Program Descriptions

Art

The Department of Art has a long-standing reputation for its quality and diversity. Courses in art education, art history, and art studio promote creativity, visual literacy, and critical thinking. Graduate and undergraduate artists have the opportunity to exhibit their work in the Else and Witt Galleries. Exhibitions of work by nationally and internationally-significant artists take place in the University Library Gallery. The department offers lectures and symposia featuring presentations by renowned art educators, art historians, and artists.

Communication Studies

One of the larger departments in the University, the Department of Communication Studies offers degrees in general communication, organizational communication, public relations, media communications, digital media, journalism, and government journalism. The department provides a television studio, dedicated computer labs, an audio-editing suite, and a high-end video editing lab. The Department supports a variety of student activities including a nationally respected debate program, Public Relations Student Society of America chapter and the University’s weekly newspaper, the State Hornet. Five of the faculty have won the College Outstanding Teacher Award in the past ten years, and key faculty are leaders in the Film program.

Design

The Department of Design prepares its students for a wide range of career opportunities in the fields of Graphic Design, Interior Design, and Photography. Our graduates are trained to work creatively and to explore new possibilities in their respective media while at the same time providing the highest quality of professional services to their clients.

The Department of Design recognizes that the environments in which we live and work are shaped by an ever-increasing quantity of visual information. This information, in the form of two and three dimensional images, comes to us from a variety of sources that utilize both traditional and technologically advanced modes of visual communication. To a greater extent than at any other point in our history, artists and designers are dissolving the boundaries between two and three dimensional visualization.

The Department of Design is well positioned to respond to the multifaceted nature of today’s visual arts. By offering degree programs in Graphic Design, Interior Design, and Photography we are able to train our students in a wide range of visual and design practices that play a part in creating our built environment. Students in the Department typically take a group of core courses that introduces them to a vocabulary of shared visual concepts and techniques before moving on to advanced study in their selected field.

The Department of Design offers Bachelor of Arts in Photography and Interior Design, and a Bachelor of Science in Graphic Design. Programs in the Department are accredited by NASAD; the Interior Design Program is also accredited by CIDA, the professional organization that establishes standards for the practice of interior design.
English
The Department of English offers a wide variety of courses in composition, creative writing, film studies, language arts, literary studies, teacher preparation, and teaching English to speakers of other languages (TESOL). The faculty are dedicated to classroom excellence, and several of our faculty have received the College Outstanding Teacher Award and the Outstanding Service Award. The Department offers student assistantships, graduate teaching associateships, internships with companies like Intel, and a variety of endowed scholarships and writing contests. Many of the M.A. graduates teach in California community colleges, while others have been accepted into some of the country’s top Ph.D. programs. Its undergraduate alumni work in a multitude of professional fields, including teaching, editing, journalism, law, literary agencies, and government.

History
The Department of History is a dynamic program, with over 500 undergraduate majors and graduate students. The department has a master’s program with options in standard and public history and offers a Ph.D. in public history in cooperation with the University of California, Santa Barbara.

Humanities and Religious Studies
The Department of Humanities and Religious Studies offers the Bachelor of Arts with two concentration options. The Humanities concentration explores cultural eras and themes through study of literature, philosophy, the visual arts, music, drama, and film. The Religious Studies concentration focuses on beliefs and practices of the world’s religions in their historical and cultural contexts. The department’s Humanities M.A. program offers graduate-level studies with areas of concentration in ancient, modern, and global humanities.

Learning Skills
The Educational Opportunity Program offers courses, workshops, and individual assistance to students at all university levels. Program areas include composition, reading, study skills, mathematics, English for multilingual speakers, and special services for students with learning disabilities.

Courses numbered Learning Skills (LS) 1 through 49 are precollege level courses. These courses carry workload credit and may be counted only toward establishing full-time enrollment status. Precollege level course units are not applicable to the bachelor’s degree. Course MLSK 199 carry regular bachelor’s degree credits.

The following are specifically for Educational Opportunity Program students and are taught by Educational Opportunity Program faculty:

<table>

Course Repeat Policy
A student may only repeat one time the following Learning Skills Center courses (These courses may be taken a total of two times; a student enrolling in one of these a third time may be disenrolled).

Music
The School of Music has a long and impressive history of preparing students for careers in music and for assuming a leadership role in the artistic life of Northern California. The School presents over two hundred concerts each year, including many student and faculty performances as well as outstanding guest artists programs in the Festival of New American Music, the New Millennium Series, the Piano Series, and the World Music Series. The School of Music offers a major for liberal arts students as well as professional degrees at the undergraduate and graduate level.

Philosophy
The Department of Philosophy offers four concentrations within its Bachelor of Arts in Philosophy. The General Major presents the broadest choice of electives. The concentration in Ethics, Politics, and Law is a pre-law program designed to develop analytic and argumentative abilities as well as skill in applying principles to cases, which will be needed by those preparing for a career in law. The concentration in Logic and Philosophy of Science offers preparation for graduate study in those areas. The Honors Concentration builds on one of the other concentrations. The Department maintains the Center for Practical and Professional Ethics, which provides a forum for exchange of ideas as well as a consultative resource in the community.

Theatre and Dance
The Department of Theatre and Dance actors, designers, technicians, directors, dancers, and choreographers as well as individuals with an interest in the history, theory, and criticism of theatre and dance. In addition, the Department maintains a strong commitment to multicultural performance and puppetry. A rigorous production season that involves students in every step of the creative process complements the formal curriculum.

World Languages and Literatures
The Department of World Languages and Literatures provides coursework in many languages including many traditional European languages as well as other worldwide strategic languages. The exposure to foreign language enhances cultural and linguistic understanding of peoples near and far. Department faculty teach language in a cultural context that expands the learner’s worldview and increases job marketability in the ever-changing global society.

Students taking classes that meet the University’s foreign language requirement build life-changing linguistic and cultural affinities that add value to their futures; while those who complete a degree in World Languages and Literatures also develop linguistic and cultural fluency. Additionally, all students are encouraged to participate in the various exchange opportunities overseas offered by CSUS exchange partnerships and the CSU System International Program.

The University Library Gallery features exhibitions of significant works of art by international, national and regional artists. In addition, the Gallery is a favorite campus venue for many artistic gatherings, such as poetry readings sponsored by the English Department, recitals and performances by the Music Department, and film showings associated with the Department of Theatre and Dance.
with the Film program. Special guided tours of current students and community groups are offered on a regular basis.

**Art**

**College of Arts and Letters**

**Program Description**

Through courses, exhibitions, lectures, and public programs, the Department of Art at Sacramento State provides an environment in which students become the next generation of artists, scholars, and educators. The department also serves the larger university student population through a robust series of introductory courses geared towards a lifelong appreciation of the arts. The Department’s curriculum is global in scope, with programs that are oriented towards creativity and critical thinking. Students make and study art through art education, art history, and studio art: ceramics, new media art, painting, printmaking, sculpture, and interdisciplinary media.

The Department of Art serves as a significant cultural resource in the region through its art exhibits, workshops, lectures, and symposia. In alignment with the university’s Anchor Initiative, the department extends its influence out into the community through the involvement of its faculty, staff, and students in public art projects, K-12 student outreach, and partnerships with cultural organizations. Internship opportunities exist with the Crocker Art Museum, Sacramento Metropolitan Arts Commission, and other public and private art institutions and galleries in the capital region. The Faculty-Led Study Abroad program enables students to study art on site in short-term international programs that are led by department faculty. Longer term study abroad opportunities are available through Sacramento State’s Office of International Programs & Global Engagement.

California State University, Sacramento is an accredited institutional member of the National Association of Schools of Art and Design (NASAD).

Visit us at http://www.csus.edu/art/.

**Degree Programs**

The department offers a BFA and an MFA in Studio Art, and BAs in Art, Art History, and Art Education. It provides a wide range of art studio, art history and art education courses. In the Studio Art programs, students develop their own visual language and content, underpinned by research and critical dialog. Art History students learn to analyze and interpret artworks within their historical and cultural contexts, ultimately producing original art historical research using various methodologies. Art Education provides students with a command of critical art education pedagogies, preparing them to be resourceful, creative, and socially engaged art educators.

BA in Art (p. 133)  
BA in Art (Art Education) (p. 136)  
BA in Art History (https://catalog.csus.edu/colleges/arts-letters/art/ba-in-art-history/)  
BA in Art Studies (Single Subject Pre-Credential Preparation) (p. 139)  
BFA in Studio Art (p. 141)  
Certificate in Curatorial Studies (p. 144)  
MA in Art (p. 144)  
MFA in S (p. 145) Studio Art (p. 145)  
Minor in Art Education (p. 147)  
Minor in Art History (p. 147)  
Minor in Studio (p. 147)

**Laptop Policy for Art Majors**

Art majors in the Art Studio (BFA), Studio Art Methods (BA), and Art Education (BA) concentrations are required to have a MacOS or Windows-based laptop by their third semester, and (for BFA students) in advance of taking the Junior Seminar. Art minors in Studio and Art Education are strongly recommended to also purchase a laptop according to the policy guidelines. Laptop specifications are provided on the Department’s website.

**Special Features**

- The Department’s main facility consists of two buildings, Kadema Hall and the Art Sculpture Lab. Art Studio and Art History courses also are taught in Mariposa Hall.
- Two art exhibition spaces, the Robert Else Gallery and the R.W. & Joyce Witt Student Art Gallery, are located in Kadema Hall. Exhibitions featuring undergraduate, graduate, and regionally and nationally known artists are held here throughout the academic year.
- Five types of Art Department awards are available. The Raymond W. and Joyce Witt Awards and the Frederick M. Peyser Studio Art Prizes are awarded annually during a juried exhibition of artwork by undergraduate students. There also is a Witt Award in Art History. The University Art Product Award is offered to undergraduate students, and the Increase Robinson Memorial Fellowships are open to all classified graduate art students.
- Five Art Department scholarships also are offered. The Peggy Saunders Hall Memorial Scholarship, the Juanita and José Montoya Memorial Art Scholarship and the Marla Chicconi Memorial Endowed Art Scholarship are all intended to support outstanding undergraduate art students who have chosen teaching as a future goal. The Ruth Rippon Ceramics Scholarship is awarded to an outstanding undergraduate or graduate Art student who shows promise in making ceramic art a career. The Jeanette B. Yuppa Scholarship and the ACE Scholarship are available to all art majors.
Faculty members have national reputations as artists and scholars. Works by Art Studio faculty can be found in major collections, including the Los Angeles County Museum, the Library of Congress, the Museum of Modern Art, the Whitney Museum of American Art, the American Craft Museum in New York; the Minneapolis Art Institute; the San Francisco Museum of Modern Art; the Di Rosa Art and Nature Preserve in Sonoma; the Art Institute of Chicago; Yale University; the Rockefeller Institute; and the Museum of Modern Art in Tokyo. Art Education and Art History faculty have published articles in nationally and internationally renowned journals, and books in prestigious academic presses.

Career Possibilities

Animator · Art Conservator · Art Consultant · Art Critic · Art Dealer · Art Historian · Art Librarian · Artist · Artist Representative · Art Teacher · Arts Administrator · Art Therapist · Ceramicist · Gallery Director · Metalsmith · Museum Work · New Media Artist · Painter · Printmaker · Sculptor · Visual Resource Curator

ART 1A. Art, Religions, and Power before 1400. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only

An introduction to art and visual culture from across the ancient world, including Africa, the Americas, Asia, and Europe. Students will analyze and compare art from a variety of cultures, exploring themes such as Gender, Race, and The Body, Sacred Art/Sacred Space, and Art and Power.

ART 1B. Art, Empires, and Cross-Cultural Exchange, 1400-1800. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only

An introduction to art and visual culture created from 1400 to 1800 across the globe, including Africa, Asia, the Americas, and Europe. Emphasis will be placed on the role of cross-cultural exchange in the visual and material culture of the early modern world. Students will analyze and compare art from a variety of cultures, exploring themes such as War/Conquest, Art, Religion, Reform, and Conversion, The Art of Empire: Rise and Fall, and Revolution! Upheaving Social Order in the Atlantic World.

ART 1C. Global Modern and Contemporary Art. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

A 3-unit lecture based survey of the history of world art from the late 18th century to the present, from the European Rococo, Enlightenment, age of science and revolution, through Neo-Classicism, Romanticism and the rise of the international avant-garde, Realism, Impression, Symbolism, photography and film. In the 20th century, Fauvism, Cubism, the Bauhaus, Expressionism, Pop, Minimal art, Postmodernism, Conceptualism, performance, video and new media are considered from global perspectives and artistic production. Part of the art history foundation sequence.

Note: Recommended for freshman or sophomore years; It is also recommended that ART 1A and/or ART 1B be taken before ART 1C.

ART 2. History of Islamic Art. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only

Introduces students to the art and architecture of major Islamic cultures and offers a background in the religion and philosophy of Islam. Works of art from Muslim countries and regions are studied in comparison to those of other major Asian and European cultures. Lecture. 3 units

ART 3A. Traditional Asian Art. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only

Introduces students to the art and architecture of Asia from the pre-historic through pre-modern periods (approximately 1600). The styles, subjects, and significance of the art of India, Sri Lanka, Indonesia, Thailand, Burma, Cambodia, Tibet, China, Japan and Korea will be presented in a broad context including the history, geography, ethnic populations, languages, and religions of these countries (i.e., Buddhism, Hinduism, Jainism, Islam, Daoism, and Shinto).

ART 3B. Modern and Contemporary Asian Art. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only

Covers the art and architecture of Asia from the modern period to the present day. Attention will be given to the impact of outside influences upon the development of art in several Asian countries, including India, Thailand, Vietnam, Indonesia, Philippines, China, Korea, and Japan. Contacts between those countries, their exposure to western visual culture through new or increased contact with the west, and the spread of Christianity all had an impact on Asian art during the period under consideration.
ART 4. European Visual Traditions. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only
An introduction to European art and visual culture created from ca. 800 to 1800, from the age of Charlemagne to the French Revolution and the reign of Napoleon. This course will cover painting, architecture, sculpture, and the decorative arts and will analyze creative work in the context of religious, political, and social change.

ART 5. Art of the Americas. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only
An introduction to art and visual culture from across the Americas, from ancient civilizations to the present, with an emphasis on indigenous cultural production. Students will analyze and compare creative work from a variety of cultures and time periods, exploring themes such as "Expressing Identities," "Humans in the Natural World," "Death, the Afterlife, and Living on," and "Colonization and Resistance."

ART 7. Introduction to Art and Visual Culture. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
For the general education student who wants to explore the world of art and visual culture. A wide range of multicultural, historical, and contemporary art works, art media, art history, art ideas, and art practices are presented through illustrated lectures, discussions, field trips, guest lectures, studio visits, and beginning-level art projects. Field trip(s) may be required.

ART 20A. Beginning Drawing. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring, Summer
Introduction to various techniques of and approaches to drawing, using still lifes, landscapes, and figures. Fee course.

ART 20B. Intermediate Drawing. 3 Units
Prerequisite(s): ART 20A or equivalent.
Term Typically Offered: Fall, Spring
Extension of drawing experiences initiated in ART 20A, with emphasis on surveying materials and concepts pertinent to contemporary and historical drawing. Note: fee course.

ART 22. Beginning Painting. 3 Units
Prerequisite(s): ART 20A or equivalent.
Term Typically Offered: Fall, Spring
Introduction to the methods and problems of painting in oil or acrylic medium. Note: May be taken twice for credit. Fee course.

ART 24. Beginning Watercolor. 3 Units
Prerequisite(s): ART 20A or equivalent.
Term Typically Offered: Not offered
Introduction to both transparent and opaque watercolor. Note: May be taken twice for credit. Fee course.

ART 27. Beginning Color. 3 Units
Term Typically Offered: Fall, Spring
Investigation of the interactions of color based on the laws of perception, color composition, space, and design. An empirical study of the phenomena of color as developed by Josef Albers and Johannes Itten, and the use of color as a visual experience with acrylic paints.

ART 40. Beginning Printmaking. 3 Units
Prerequisite(s): ART 20A or ART 60
Term Typically Offered: Fall, Spring
Introduction to printmaking processes, their history, and their contemporary applications. Students will learn a combination of basic relief, intaglio, lithography, monotype, and/or screen print techniques, along with their historical and contemporary context. Note: Fee course. This course will carry a fee of $75 to cover ink, plates, and other supplies.

ART 40B. Basic Printmaking: Etching. 3 Units
Term Typically Offered: Fall, Spring
Introduction to intaglio techniques, including etching, drypoint, and aquatint. Fee course.

ART 40D. Basic Printmaking: Relief. 3 Units
Term Typically Offered: Fall, Spring
Introduction to wood and linoleum cutting and printing. Fee course.

ART 40E. Basic Printmaking: Silkscreen. 3 Units
Term Typically Offered: Fall, Spring
Introduction to silkscreen processes and printing. Includes the construction of the equipment necessary to print direct drawing materials, and photo-established imagery. Fee course.

ART 50. Beginning Ceramics. 3 Units
Term Typically Offered: Fall, Spring
Projects in basic techniques and approaches to the potter’s wheel. Fee course. Note: May be taken twice for credit.

ART 53. Beginning Hand-Built Ceramics. 3 Units
Term Typically Offered: Fall, Spring
Basic techniques and approaches to pottery through practice in hand-building methods, including coil, slab, pinch, and combinations thereof. Fee course. Note: May be taken twice for credit.

Fee course.
ART 60. Two-Dimensional Composition.
Term Typically Offered: Fall, Spring

Structured exploration of principles used to organize two-dimensional images. Basic art elements and their properties are explored in a series of progressive projects.
Note: Recommended for freshman or sophomore years.

ART 70. Form, Space Vision.
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Foundation in three-dimensional design primarily concerned with the visual dialogue between form and space. A heightened visual sensitivity for three-dimensional composition is a major objective of every project. Line, plane, and volume are utilized separately and in concert to construct three-dimensional forms. A variety of materials are employed in the activation of form and space: wire, cardboard, clay, wood, and plaster. Fee course.
Note: Recommended for freshman or sophomore years.

Fee course.

ART 74. Beginning Jewelry.
Term Typically Offered: Fall, Spring

Introduction to techniques and tools used in the design and fabrication of jewelry, such as lost wax casting, stone setting, and finishing processes. Emphasis is on compositional arrangement and finish. Fee course.

Fee course.

ART 75. Beginning Metalsmithing.
Term Typically Offered: Fall, Spring

Introduction to techniques, tools, and methods used in fabrication of ferrous and non-ferrous metal, such as piercing, riveting, soldering, forging, and finishing processes. Emphasis is on composition and imagery. Fee course.

Fee course.

Term Typically Offered: Fall, Spring

Develops students' awareness of traditional and contemporary techniques used as the basis for fine and applied art. Devoted to materials and their methods of application, with most materials introduced via their traditional antecedents (for example, hide glue before modern epoxies). May be team taught. Lecture one hour; laboratory four hours. Fee course.

Note: Sophomore status and above recommended.

Fee course.

ART 86. Clay Sculpture.
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Includes work with the various forms of hand-built sculpture in both low- and high-fire clay. Glazes are used sparingly to stress forms and their relationships. Fee course.

Fee course.

ART 88. Beginning Sculpture.
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Introduction to traditional and non-traditional processes of sculpture and three-dimensional forms in space. Students can expect to use the following materials: cardboard, clay, metals, plaster, plastics, wire and wood to explore the making of three-dimensional imagery. Investigations will include the formulation of ideas relative to sculptural problem solving while discovering historical and contemporary examples of sculpture. Fee course.

Fee course.

ART 97. Beginning Electronic Art.
Term Typically Offered: Fall, Spring

Explores the creative potential of imaging software used by visual artists. Familiarity with software, hardware and output devices will be established. The creation of digital art will be considered within the framework of current ideas in art and culture. No previous computer experience is necessary. Fee course.

Fee course.

ART 100. Origins of American Indian Art.
Term Typically Offered: Fall only

Survey of 19th and 20th century American Indian art. Emphasis is on the student’s involvement with Indian art and includes discussion of Indian philosophy and art techniques.

Term Typically Offered: Fall only

Introduces students to the history of photography, from inception to Mid-20th Century. Practices of photographers and artists, working with photographic technologies, will be discussed. The course examines photographic vision and the impact of the medium through lectures and readings by art historians and photographers.

Cross-listed: PHOT 101.

ART 102. Themes in World Art and Visual Culture.
Prerequisite(s): GWAR certification before Fall 2009; or WPJ score of 80 or above; or 3-unit placement in ENGL 109M/W; or 4-unit placement in ENGL 109M/W + co-enrollment in ENGL 109X; or WPJ score 70/71 + co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Arts (Area C1), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

A thematic exploration of world art and visual culture throughout human history. Throughout this course, students will be able to draw connections between works of art created in various time periods and from a diverse variety of cultural contexts.

ART 103. Art of the Ancient Mediterranean.
Prerequisite(s): ART 1A
Term Typically Offered: Fall only

Architecture, crafts, and sculpture in the ancient Mediterranean world from ca. 700 BCE to ca. 500 CE.

ART 105. Medieval Art.
Prerequisite(s): ART 1A or equivalent.
Term Typically Offered: Spring only

Architecture, crafts, painting, and sculpture of medieval Western Europe.
ART 106. Renaissance Art. 3 Units
Prerequisite(s): ART 1A or ART 1B, or equivalent.
Term Typically Offered: Fall only – even years
Architecture, painting, graphic arts, sculpture, and crafts principally of the 15th and 16th centuries. Emphasis is on the art of Europe in the historical context of an emerging global consciousness.

ART 107. Baroque and Rococo Art. 3 Units
Prerequisite(s): ART 1B or equivalent.
Term Typically Offered: Spring only – odd years
European architecture, painting, and sculpture of the 17th and 18th centuries.

ART 108. 19th Century Art. 3 Units
Prerequisite(s): ART 1C or equivalent.
Term Typically Offered: Fall, Spring
European architecture, painting, and sculpture of the 19th century.

ART 109. Modern Art. 3 Units
Prerequisite(s): Upper-division standing and ART 1C or equivalent with instructor approval.
Term Typically Offered: Fall only
Presented as the cultural episode that began with the emergence of the avant-garde in mid-nineteenth century Paris and ended in the middle of the twentieth century with WW II and the beginning of the postmodern era: from Realism, the birth of photography, and Impressionism through the high modernist movements associated with the international School of Paris, including Fauvism, Cubism, Constructivism, Dada, and Surrealism. It concludes with post-WW II expressions, including Abstract Expressionism.

ART 110. US and Caribbean Art: Race and Representation. 3 Units
Prerequisite(s): Any lower-division GE course in art history (ART 1A, 1B, 1C, 2, 3A, 3B, 4, 5, or 7).
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), Arts (Area C1)
Term Typically Offered: Spring only
Survey and investigation of selected myths from Asian cultures and traditions.

ART 111. Latin American and Latino Art History. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Arts (Area C1), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall only
Provides an overview of Latin American and Latino art from the independence movements of the 1820s to the present. After an introductory survey of pre-Columbian and Spanish colonial art, the art of Mexico, Central and South America, the Caribbean and the U.S. is studied within the contexts of contemporaneous cultural, intellectual, political and social history. The diverse visual cultures of Latin American and Latino art are thematically unified by an examination of common concerns and motivations.

ART 112. Contemporary Art. 3 Units
Prerequisite(s): ART 1C or ART 109 or instructor permission.
Term Typically Offered: Spring only
Beginning with international Pop art and Minimalism in the 1960s, surveys the history of contemporary art from the end of avant-garde modernism to the postmodernism and globalism of today. Lectures, discussions, readings and assignments offer insights into the contexts, attitudes, and ideas behind current art and visual culture.
Note: Taught in conjunction with ART 212.

ART 113B. Asian Art and Mythology. 3 Units
Prerequisite(s): ART 3A or equivalent or instructor permission.
Term Typically Offered: Spring only – odd years
Survey and investigation of selected myths from Asian cultures and traditions.

ART 114. Topics in Early Modern Art. 3 Units
Prerequisite(s): ART 1A or ART 1B; an upper division art history course in a related subject area; upper division or post-baccalaureate status; and GWAR certification before Fall 2009; or WPJ score of 80 or above; or 3-unit placement in ENGL 109M/W; or 4-unit placement in ENGL 109M/W + co-enrollment in ENGL 109X; or WPJ score 70/71 + co-enrollment in ENGL 109X.
Term Typically Offered: Fall only – even years
Seminar on topics in early modern art history.
Note: Course may be taken twice for credit, if the topic is not the same.

ART 115. Topics in Asian Art. 3 Units
Prerequisite(s): Upper division or graduate status; completion of ART 3A (or equivalent); and an upper division Asian art history course such as ART 117A, ART 117B, ART 113B, or or instructor permission; GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109M/W.
Term Typically Offered: Fall only
Seminar on topics in Asian art.
ART 116.  Topics in Modern and Contemporary Art.  3 Units
Prerequisite(s): Upper division or graduate status; completion of ART 1C (or equivalent); and an upper division art history course in a related subject area (or instructor permission); GWAR certification before Fall 09, WPJ score of 70+, or at least a "C-" in ENGL 109 M/W.
Term Typically Offered: Fall only
Seminar on topics in modern and contemporary art history.

ART 117A.  Art of India and Southeast Asia.  3 Units
Prerequisite(s): ART 3A or equivalent, or instructor permission.
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only
Provides a broad overview of the architectural remains and visual arts of India and Southeast Asia from prehistory to the present. Consideration will be given to the art styles, iconography, history, geography, ethnic populations, languages, and religions (i.e., Buddhism, Hinduism, Jainism, and Islam) of each region.

ART 117B.  Art of China and Japan.  3 Units
Prerequisite(s): ART 3A or equivalent, or instructor permission.
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only
Provides a broad overview of the architectural remains and visual arts of China and Japan from prehistory to the present. Consideration will be given to the art styles, iconography, history, geography, ethnic populations, languages, and religions (i.e., Buddhism, Taoism, and Shintoism) of each region.

ART 117C.  Art of Korea.  3 Units
Term Typically Offered: Spring only – even years
Introduces students to the art and architecture of Korea from the pre-historic through contemporary periods. The styles, subjects, and significance of the art of Korea will be presented in a broad context including the history, geography, ethnic populations, languages, and religions of Korea (i.e., Buddhism, Daoism, Confucianism, and Christianity).

ART 118A.  Modern Architecture.  3 Units
Prerequisite(s): ART 1C (or equivalent), or instructor permission.
Term Typically Offered: Not offered
A survey of modern architecture which covers the architectural theories and principles underlying certain significant structures. Special consideration is given to an analysis of the works of 20th century pioneers and their followers, such as Wright, Gropius, Le Corbusier, Van der Rohe, Aalto, and Johnson, among others, and to certain movements, such as the International Style, Brutalism, and Formalism.

ART 118B.  California Architecture and Urban History.  3 Units
Term Typically Offered: Fall, Spring
Survey of the history of California architecture and its impact on the urban environment from Native Americans to the 20th century. Particular attention will be given to architecture as a symbol or statement of social, economic, and political empowerment. Cross listed as HIST 184; only one may be counted for credit.

ART 118C.  Public Art in the Americas.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only – odd years
Explores the major issues in the history of public art in the Americas, including monuments, memorials, murals, graffiti, and new media art. Particular attention will be given to public art in Sacramento. Field Trip. Field trip(s) may be required.

ART 119.  Directed Research in Art History.  3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring
Open to upper division art majors or minors only who have completed 9 units in a specialized area.
Note: May be repeated as often as approved by advisor and Department chair.

ART 120.  Advanced Drawing.  3 Units
Prerequisite(s): ART 20B or equivalent.
Term Typically Offered: Fall, Spring
Continuing investigation of drawing. Emphasis is on the development of individual style.
Note: May be taken twice for credit.

ART 121.  BFA Junior Studio.  3 Units
Term Typically Offered: Fall, Spring
Junior-level studio art course designed to prepare students for the senior year of the BFA degree. Course builds dialog among an interdisciplinary cohort of BFA students while engaging them with contemporary professional practices in the arts. Emphasis placed on students' ability to communicate about their work through critiques with faculty, peers, and visiting artists, preparation of professional documents and presentations. Fee course. Pre-requisite: Completion of a minimum of 3 units upper division studio coursework, second semester Junior standing with 75 units minimum.
Fee course.

ART 122A.  Intermediate Painting.  3 Units
Prerequisite(s): ART 22 or equivalent.
Term Typically Offered: Fall, Spring
Continuing investigation of the technical and conceptual issues of painting.
Note: May be taken twice for credit.

ART 122B.  Advanced Painting.  3 Units
Prerequisite(s): ART 122A, or ART 124A, or ART 125A, or ART 126, or instructor permission.
Term Typically Offered: Fall, Spring
Continuing investigation of the technical and conceptual issues of painting, with an emphasis on intensive individual exploration.
Note: May be repeated four times for credit.
ART 122C. Advanced Painting and Drawing, Experimental Studies. 3 Units

Term Typically Offered: Spring only

Following students’ work in Art 122B Advanced Painting, or Art 120 Advanced Drawing, this course will focus on investigation of experimental methods. Students will put into practice a range of experimental methods to the purpose of discovering new approaches to their medium, and new avenues for the articulation of content. Work will focus on a medium and subject matter of the student’s choice. Pre-requisite: Art 120, Advanced Drawing; or Art 122B, Advanced Painting; or permission of the instructor.

ART 123. Figure Drawing. 3 Units

Prerequisite(s): ART 20A or equivalent.

Term Typically Offered: Fall, Spring

Concentrates on the development of drawing and visual skills with emphasis on the human figure. Strong emphasis is placed on anatomical knowledge of the body and its expression through drawing techniques. The effects of volume and movement in space as well as compositional possibilities with the figure are explored. Slides are used to inform students of the drawing techniques achieved in historic and contemporary images. Fee course.

Note: May be taken for credit three times.

Fee course.

ART 124A. Intermediate Watercolor. 3 Units

Prerequisite(s): ART 24 or equivalent.

Term Typically Offered: Spring only – odd years

Continuing investigation of the technical and conceptual issues of painting, using transparent water media.

Note: May be taken twice for credit.

ART 124B. Advanced Watercolor. 3 Units

Prerequisite(s): ART 124A or equivalent.

Term Typically Offered: Fall, Spring

Continuing investigation of the techniques and conceptual issues of painting using transparent water media, with emphasis on intensive individual exploration.

Note: May be taken four times for credit.

ART 125A. Life Painting. 3 Units

Prerequisite(s): ART 20A or equivalent.

Term Typically Offered: Fall only

Painting from professional models.

Note: May be taken for credit twice. Fee course.

Fee course.

ART 125B. Life Studio. 3 Units

Prerequisite(s): ART 20A or equivalent.

Term Typically Offered: Fall, Spring

Drawing and painting from professional models. Fee course.

Note: May be taken twice for credit.

Fee course.

ART 126. Painting and Drawing in the Field. 3 Units

Prerequisite(s): ART 22 or ART 24, or equivalent.

Term Typically Offered: Fall, Spring

Further development of painting and drawing skills with emphasis on direct observation and use of color to make form. Class will meet at specific landscape sites to work, with primary focus on painting. In addition, work will be developed in the classroom based on prior field study. Critiques will examine how one situation is variously interpreted.

ART 127. Collage and Assemblage. 3 Units

Prerequisite(s): ART 20A, ART 22 and either ART 70 or ART 88 (or equivalent), or instructor permission.

Term Typically Offered: Spring only

Use of found and readily available materials to make 2-dimensional collage and 3-dimensional assemblage. Most projects are conceptual, a few purely visual, and take from one to three class periods, including critique, and class discussions.

Note: May be taken twice for credit. Fee Course

Fee course.

ART 128. Art and the Artist in the Marketplace. 3 Units

Term Typically Offered: Spring only

Study of the thought processes and preparations for presenting one’s artwork in the marketplace. An overview of what it takes to begin showing and selling artworks, including the skills and procedures of presenting artwork to galleries. A study of contracts, loan agreements, invoicing, commissions, model releases, taxes, pricing of work, resumes, slide preparation/presentation, publicity skills, and record keeping. Lecture, field trips to galleries and museums. Field trip(s) may be required.

ART 129. Painting/Drawing Studio. 3 Units

Prerequisite(s): Instructor permission and Department chair via signed petition form.

Term Typically Offered: Fall, Spring

Open to upper division art majors or minors only who have completed 9 units in a specialized area.

Note: May be repeated as often as approved by advisor and Department chair.

ART 130. Theories in Art Education. 3 Units

Prerequisite(s): Upper division or graduate status; declared major in Art.

Term Typically Offered: Spring only

Overview of national and international theories in the fields of visual art and education through historical and contemporary literature with particular attention to strategies for engaging student populations in the topics.
ART 133. Art Education for Children. 3 Units
Prerequisite(s): Upper division status; declared major or minor in Art, or a declared major in Child Development, or Liberal Studies, or Blended Liberal Studies
Term Typically Offered: Fall, Spring, Summer

Intended for students who are preparing to become elementary school teachers in California, providing meaningful, thematic instruction suitable for grades 1-6. Students will explore several 21st century education approaches applicable to both elementary generalists and visual art specialists, including meaning making, visual culture, holistic integration, learner-directed, and standards-based. Students will explore and evaluate the Common Core State Standards and the California Visual and Performing Arts Standards.
Note: Fee course.

ART 134. Interdisciplinary Art. 3 Units
Prerequisite(s): ART 20A and upper division status.
Term Typically Offered: Fall, Spring

Students learn how to make connections and relationships between visual art and curriculum subjects such as ecology, history, anthropology, language arts, theatre and music. Through studio activities and interdisciplinary themes, students will learn how to integrate the California Visual Art Content Standards.

ART 135. Overview of Secondary Art Education. 3 Units
Prerequisite(s): ART 133 or instructor permission.
Term Typically Offered: Fall, Spring

Exploration of visual art and education theories, studio practices, curriculum development, and teaching strategies for art at the secondary school level. Students will explore and evaluate the National Core Arts Standards.

ART 137. Art for Exceptional Children. 3 Units
Term Typically Offered: Fall, Spring

Art is studied as a means of meeting the learning needs of atypical children, whose ages range from infancy through adolescence, and whose atypical characteristics consist of mental deficiencies, physical disabilities, emotional problems, or gifted abilities. Lectures, readings, and class discussions focus on the characteristics, and art curriculum goals of exceptional children, while studio activities provide experiences with art media. Lecture, laboratory. Fee course.

ART 139. Directed Research in Art Education. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open only to upper division art majors/minors who have successfully completed 9 units in a specialized area.
Note: May be repeated as often as approved by advisor and Department chair.

ART 140. Intermediate Printmaking. 3 Units
Prerequisite(s): ART 40
Term Typically Offered: Fall, Spring

Intermediate-level study of printmaking processes, their history, and their contemporary applications. This course focuses on a single set of printmaking media each semester: Intaglio, Relief/Monotype, Lithography, or Screen Printing. Students will engage with the relationship between research, content, and process to develop a body of work through assigned and self-designed projects.
Note: Fee course. This course will carry a fee of $75 to cover ink, plates, and other supplies. This course may be repeated for up to 6 units of credit.

ART 141. Advanced Silkscreen. 3 Units
Prerequisite(s): ART 40E or equivalent.
Term Typically Offered: Fall, Spring

Advanced work in silkscreen including photo-silkscreen. Emphasis is on exploration of color and imagery.
Note: May be taken for credit four times.

ART 142. 3D Computer Modeling. 3 Units
Prerequisite(s): CSC 10 or ART 97 or equivalent.
Term Typically Offered: Fall, Spring

Techniques and processes to create 3D computer models and environments. Exercises, assignments and projects designed to build skill levels with 3D computer modeling tools. Demonstrations and workshops in the use of 3D computer modeling software. Critiques, discussion and presentations to develop students’ conceptual grasp of 3D computer modeling and virtual reality environments. Example applications in art/new media and computer gaming.
Note: May be taken twice for credit. Cross-listed as CSC 126.

ART 143. 3D Computer Animation. 3 Units
Prerequisite(s): ART 142 or CSC 126.
Term Typically Offered: Fall, Spring

Creative skills and techniques for animating 3D computer-modeled objects/environments. Topics include animation techniques; keyframing and interpolation; deformation and morphing; path control; skeletal animation; model rigging and skinning; forward and inverse kinematics, constraints and IK solvers; particle systems; fluid, cloth, hair, and fur simulation; shape keys; and soft body animation. Emphasis on both skill development and creative application of modeling and animation techniques. Includes demos, in class and homework excercises, and self directed projects.
Cross-listed: CSC 127.
ART 144. Digital Printmaking. 3 Units
Prerequisite(s): ART 97 or equivalent.
Term Typically Offered: Fall, Spring

Through traditional and digital print media, the course explores the convergence of digital imaging (vector and raster processes) and printmaking techniques (such as monoprint, lithography, etching and silkscreen). Vector graphics use geometry: points, lines and fills, creating crisp re-scaleable images. Raster graphics use a rectangular grid of pixels to create continuous-tone effects. By exploring these approaches and their transference to printmaking processes, students gain deeper understanding of print technology and a more tactile awareness of image making. Fee course.

Note: May be taken twice for credit.

Fee course.

ART 145. Advanced Printmaking Studio. 3 Units
Term Typically Offered: Fall, Spring

Advanced exploration of printmaking media (etching, lithography, relief, and monoprinting techniques) within a historical framework. Students investigate the printmaking techniques of historically significant figures and apply them to their own imagery.

Note: Open to students with experience in upper division painting or photography, or lower division printmaking. May be taken twice for credit.

Fee course.

ART 146. Creative Coding. 3 Units
Prerequisite(s): ART 97 Fee course
Term Typically Offered: Fall only

Introduces techniques and artistic perspectives on interactivity and computationally-generated visual composition for New Media Artists. Nonlinear, dynamic, and generative approaches to composition, animation, video, and data processing are covered.

Note: This course is recommended for students planning to take ART 143 and ART 198.

ART 147. Video Art. 3 Units
Prerequisite(s): ART 97 or COMS 27A/FILM 27A and COMS 27B/FILM 27B.
Term Typically Offered: Fall, Spring

The creation and analysis of video artwork; including techniques of video production, post-production manipulation and critique, within the context of art and communication. The techniques and theory of producing and editing video will serve as a foundation for the pursuit of individual, creative projects.

Cross-listed as COMS 157; only one may be counted for credit.

ART 148. Barrio Art for Ethnic Groups. 3 Units
Term Typically Offered: Fall, Spring

Provides a cultural situation for students who expect to work with the Mexican American community. Involves personal contact with persons in that community. Uses poetry, music, slides, and film to understand art as a non-verbal language.

Note: May be taken twice for credit.

ART 149. Graphics/Printmaking Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition.
Term Typically Offered: Fall, Spring

Open only to upper division art majors/minors who have completed 9 units in a specialized area.

Note: May be repeated as often as approved by advisor and Department chair.

ART 150. Advanced Ceramics. 3 Units
Prerequisite(s): ART 50 or equivalent.
Term Typically Offered: Fall, Spring

Advanced study of ceramic techniques leading toward the development of an individual creative expression. Fee course.

Note: May be taken for credit four times.

Fee course.

ART 153. Hand-Built Ceramic Techniques. 3 Units
Prerequisite(s): ART 53 or equivalent.
Term Typically Offered: Fall, Spring

Specialization in hand-built clay forms. Methods of working include coil, slab, pinch, and combinations of techniques which might include some wheel-thrown parts, decoration, and glazing of forms. Fee course.

Note: May be taken for credit four times.

Fee course.

ART 159. Ceramics Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to upper division art majors or minors only who have completed 9 units in a specialized area.

Note: May be repeated as often as approved by advisor and Department chair.

ART 160. Special Topics in Art Studio. 3 Units
Prerequisite(s): ART 121
Term Typically Offered: Fall only

A range of rotating exploratory investigations in studio art practice that consider and explore various topics of interest. A requirement for students in the BFA Program.

Note: This course may use materials that are hazardous and therefore both safety training and the use of personal protective equipment (PPE) will be required.

ART 161. Photography in the Field. 3 Units
Prerequisite(s): PHOT 141 or instructor permission.
Term Typically Offered: Fall, Spring

The class visits specific sites followed by a group critique of the resulting photographic work. The course objective is to examine how one situation can be interpreted by many varied sensibilities, broadening the artist’s visual vocabulary. Students are required to create visually unified portfolio that demonstrates a sense of place.

Cross-listed: PHOT 161.
ART 162. Alternative Photographic Processes. 3 Units
**Prerequisite(s):** PHOT 141 or instructor permission.
**Term Typically Offered:** Fall, Spring

Studio course exploring alternative photographic processes that may include: printing-out paper, new cyanotype, argyrotype, and platinum-palladium. Slide discussions, individual and class critiques. Cross-listed: PHOT 162.

ART 163. Pinhole Photography. 3 Units
**Prerequisite(s):** PHOT 40 or equivalent.
**Term Typically Offered:** Fall, Spring

Intermediate course investigating the theory, history, and practice of pinhole photography. Use of student-made pinhole cameras of varying focal lengths using black and white and color materials. Emphasis on creative approach in both camera making and image formation, supported by intermediate-level photographic technique. Individual final portfolios and group exhibition of cameras and prints at conclusion of course. Cross-listed: PHOT 163.

ART 169. Photography Studio. 3 Units
**Prerequisite(s):** Instructor permission and Department chair via signed petition form.
**Term Typically Offered:** Fall, Spring

Open to upper division art majors or minors only who have completed successfully 9 units in a specialized area.
**Note:** May be repeated as often as approved by advisor and Department chair.

ART 174. Intermediate Jewelry. 3 Units
**Prerequisite(s):** ART 74 or equivalent, or instructor permission.
**Term Typically Offered:** Fall, Spring

Continued study of the techniques and tools used in metal fabrication, such as raising, tool making, chasing and repousse, and scoring/bending process. Emphasis is on development and individual style. Fee course.
**Note:** May be taken twice for credit.

Fee course.

ART 175. Intermediate Metallurgy. 3 Units
**Prerequisite(s):** Art 75.
**Term Typically Offered:** Fall, Spring

Continued exploration of techniques, tools, and methods used in fabrication of ferrous and non-ferrous metal such as cold fastening, repousse, forging, and finishing processes. Emphasis is on composition and imagery. Fee course.
**Note:** May be taken twice for credit.

Fee course.

ART 176. Advanced Jewelry. 3 Units
**Prerequisite(s):** ART 174.
**Term Typically Offered:** Fall, Spring

Focus on the development of personal style in metal fabrication and casting techniques. Students learn to build mechanical devices such as clasp systems that enhance the overall appearance of their work. Research involving historical periods in metal work.

ART 178A. Public Art Processes. 3 Units
**Term Typically Offered:** Fall only

Students will engage in the process of creating public art proposals. Along with community engagement the conception and design of a project will include historical, geographic and sociological research. Students will create professional presentations of their proposed project that consider all factors related to creating work in a public setting. Studio course engaging in model making, ideation, comprehensive investigation, collaboration, presentation and discussion. Field Trip(s) may be required. Fee course.
**Note:** may be taken twice for credit.

Fee course.
Field trip(s) may be required.

ART 178B. Public Art Studio. 3 Units
**Term Typically Offered:** Spring only

Following up on project proposals designed the previous term in ART 178A, students will engage in the process of creating public art works. The course will focus on the primary components of the project: budget, method or form, materials, dimension, transportation, engineering, permitting, installation and publicity. Students do not need to have taken 178A in order to benefit from and enroll in 178B. Field Trip(s) may be required. Fee course.
**Note:** May be taken twice for credit.

Fee course.
Field trip(s) may be required.

ART 179. Small Metals Studio. 3 Units
**Prerequisite(s):** ART 176.
**Term Typically Offered:** Fall only

Open to upper division art majors or minors only who have completed 9 units in a specialized area.
**Note:** May be repeated as often as approved by advisor and Department chair.

ART 180. Figure Sculpture. 3 Units
**Prerequisite(s):** ART 20A or equivalent.
**Term Typically Offered:** Fall only

Work from live models in clay and plaster. Construction of armatures and waste mold demonstrated. Fee course.
**Note:** May be taken for credit four times.

Fee course.

ART 182. Intermediate Sculpture. 3 Units
**Prerequisite(s):** ART 70 or ART 88 or equivalent.
**Term Typically Offered:** Fall, Spring

Intermediate explorations with traditional and non-traditional processes of sculpture, three-dimensional form and spatial relationships. Students will expect to explore concept based learning through visual problem solving while accumulating in depth techniques and skills in a variety of sculpture materials. Includes study of historical and contemporary examples of sculpture and other relevant forms of art.
**Note:** May be taken twice for credit. Fee Course
ART 183. Advanced Sculpture. 3 Units
Prerequisite(s): ART 180 or 182 or instructor permission.
Term Typically Offered: Fall, Spring

Advanced explorations and study in sculpture, three-dimensional media and imagery and conceptual based art. Students can explore sculpture, advanced three-dimensional design, mixed media, installation art, site specificity, performance art, public art or other. Study will be both assignment based or self-directed. Fee course.

Note: May be taken twice for credit.

Fee course.

ART 187. Installation and Performance Art. 3 Units
Prerequisite(s): ART 20A and either ART 70 or ART 88 or equivalent.
Term Typically Offered: Spring only – even years

Explores the practice, theory and history of making installation and performance art. Students will study contemporary artists of this genre while designing, modeling and creating installation projects. Performances are not mandatory. Students will exhibit their works in traditional campus galleries alternative spaces. Emphasizes individual investigation and discovery while remaining open to collaborative projects that may cross disciplines. Fee course.

Note: may be taken twice for credit.

Fee course.

ART 189. Sculpture Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to upper division art majors or minors only who have completed 9 units in a specialized area. Fee course.

Note: May be repeated as often as approved by advisor and Department chair.

Fee course.

ART 191. Film as an Art Form. 3 Units
Term Typically Offered: Fall, Spring

Wide range of theory and criticism of film, photography, and painting in the 20th century is presented from which the student may cultivate a coherent critical awareness. The development of realism in Western art, the photographic image, narrative in film, montage, and the development of cinematography will be included with special attention given to the films of D.W. Griffith, Sergei Eisenstein, Jean Renoir, Alfred Hitchcock, and Orsen Welles.

ART 192A. Senior Seminar in Studio Art. 3 Units
Prerequisite(s): Senior status (90 overall units), completion of 30 units of art studio courses, and (GWAR certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109 M/W).
Term Typically Offered: Fall, Spring

Culminating studio art course designed to deepen experiences in diverse visual arts. Emphasis placed on independent studio practice with additional development in verbal and written skills in a variety of art disciplines. Participation in BA candidate exhibition required in the second enrolled semester for completion of the course.

Note: Must be taken twice. Cannot be taken twice in the same semester.

ART 192B. Senior Seminar in Art History. 3 Units
Prerequisite(s): Senior status, completion of all lower-division major requirements, HIST 100, and GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Focuses on the research, writing, and oral presentation of a 25-35 page thesis in the student's area of interest. Seminar readings, discussions, and weekly workshops support the thesis project and develop basic career skills. Explores how to employ traditional and new research technologies and develops writing skills. Career topics include how to locate appropriate jobs, professional schools, and graduate programs; how to write professional resumes, correspondence, including graduate school and grant applications.

ART 192C. Senior Seminar in Art Education. 3 Units
Prerequisite(s): Senior status, and ART 130, ART 133, ART 134, and ART 135.
Term Typically Offered: Fall only

Relates current art education theories to teaching practices in elementary and secondary classrooms, and museum/gallery settings. Teaching practices in a classroom or gallery/museum setting will connect to curriculum materials developed.

ART 193. Curatorial Projects. 3 Units
Term Typically Offered: Fall only

Through this course, students will directly participate in the planning and execution of curatorial projects in the visual arts, including the creation of physical and/or virtual art exhibitions in museums, galleries, and/or public spaces. Career possibilities are presented through field trips and class visits by professionals in the field. The focus is on practical experience, as well as history and theory. Field trip(s) may be required.

ART 193B. Introduction to Curatorial Studies. 3 Units
Term Typically Offered: Spring only

This course provides the foundation needed for professionally managing and displaying objects held in art collections. Through readings, small group discussions, field trips, guest lectures, and the directed experience of creating an exhibition of artworks from the Sacramento State Art Department collection, students learn the basics of curatorial studies and art collection management. Field trip.

Field trip(s) may be required.

ART 194. BFA Senior Project. 3 Units
Prerequisite(s): Second semester Senior standing in BFA program with a minimum 63 units in the major.
Term Typically Offered: Fall, Spring

Under the mentorship of a faculty advisor, students develop a body of work to be exhibited in the BFA exhibition. Emphasis placed on engagement with research, content, and the process to produce professional quality work in preparation for graduate study and/or careers in the arts.
ART 195.  Fieldwork.  1 - 3 Units
Term Typically Offered: Fall, Spring
Directed observation and work experience with public agencies. Field work is offered for the purpose of giving students orientation in occupational specialties. Supervision is provided by both the instructional staff of the University and the cooperating agencies. Each student is required to maintain a record of activities and assignments, and to prepare periodic reports. The student must make arrangements with a faculty member for a work program prior to admittance to the course. Credit/No Credit

ART 196.  Experimental Offerings in Art.  1 Unit
Term Typically Offered: Fall, Spring
Undergraduate seminar in art, to be scheduled as needed.

ART 196W.  Protest and Play: Northern California Art of the 1970s.  3 Units
Prerequisite(s): Upper-division standing, and Art 1B or Art 1C, or instructor permission
Term Typically Offered: Fall only – odd years
From the humor and wit of Funk through the politically engaged art of the Black Power, Chicano, Native Californian, and Feminist movements, this class surveys the history of Northern California art of the 1970s with a focus on the greater Sacramento region and art and artists emerging from the era's defining protest movements. Lectures, discussions, readings, and assignments offer insights into the outstanding vitality and historical significance of this art world. Field Trip(s) Field trip(s) may be required.

ART 197.  Intermediate Electronic Art.  3 Units
Prerequisite(s): ART 97, or equivalent experience, such as PHOT 11, Introduction to Digital Imaging.
Term Typically Offered: Fall, Spring
Explores the creative potential of digital imaging and multimedia art making techniques. Teaching methods will include hands on demonstrations, lab workshops, creative projects, reading assignments, seminars, discussion and critiques. The development of technical fluency will be stressed, and the creative potential of digital media within the framework of contemporary art, design and culture will be emphasized. Fee course.
Note: Proficiency in MAC-OS recommended. May be taken for credit three times.

Fee course.

ART 198.  Advanced Electronic Art.  3 Units
Prerequisite(s): ART 197, or equivalent experience, evidenced in portfolio.
Term Typically Offered: Fall only
Utilizes the creative potential of electronic media to create art projects, working within the conceptual framework of developments in contemporary culture using a range of available software programs. An experimental and exploratory approach to the digital medium in concept, process and execution of work is encouraged. Fee course.
Note: Proficiency in MAC-OS recommended. May be taken for credit three times.

Fee course.

ART 199.  Special Problems.  1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Open only to students who are competent to carry on individual work.
Note: Departmental petition required.
Credit/No Credit

ART 201A.  Mentored Individual Studio Practice 1.  3 Units
Prerequisite(s): Graduate Art Student Status or Instructor Permission
Term Typically Offered: Fall only
Individual studio guidance and instruction, semester 1 of 3. Students establish their individual studio practice and the research that informs it. Students work independently, meeting with an advisor regularly to evaluate their progress and work through problems. In 201A, students establish a graduate-level studio practice and the research and habits that surround it. Students take an exploratory approach, experimenting with content and methods to create a breadth of work for evaluation and discussion at the first-semester review. Supervisory Course.

ART 201B.  Mentored Individual Studio Practice 2.  3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission, and ART 201A
Term Typically Offered: Spring only
Individual studio guidance and instruction, semester 2 of 3. Students maintain their individual studio practice and the research that informs it. Students work independently, meeting with an advisor regularly to evaluate their progress and work through problems. In the second semester, emphasis is placed on focusing students' studio practice and research to create a body of work for presentation at the first-year review. Supervisory Course.

ART 201C.  Mentored Individual Studio Practice 3.  3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission, and ART 201A and ART 201B
Term Typically Offered: Fall only
Individual studio guidance and instruction, semester 3 of 3. Students expand upon their individual studio practice and the research that informs it. Students work independently, meeting with an advisor regularly to evaluate their progress and work through problems. In the third semester, emphasis is placed on preparing a cohesive body of work for the advancement to candidacy exhibition and review. Supervisory Course.

ART 206.  Art Theory and Criticism.  3 Units
Term Typically Offered: Fall only
Seminar discussions of essential readings in Western aesthetic philosophy and contemporary art theory and criticism. Stress is placed on the conceptualization of the student's own graduate production.
Note: Required for students in art graduate program; Graduate Writing Intensive (GWI) course.

ART 207.  Graduate Studio and Critique.  3 Units
Term Typically Offered: Fall, Spring
Graduate Studio and Critique focuses on the development of students' individual studio practice, while bringing that practice into dialog with others. Class time is divided between group critiques and individual studio work time.
ART 208. Intensive Graduate Studio and Critique. 6 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission
Term Typically Offered: Fall, Spring

Intensive Graduate Studio and Critique focuses on the development of students' individual studio practice, while bringing that practice into dialog with others. Class time is divided between group critiques and individual studio work time. In ART 208, students increase the depth and focus of their work, as well as their engagement in critiques.

Note: May be repeated as often as approved by advisor and Department chair.

ART 212. Contemporary Art. 3 Units
Prerequisite(s): Modern Art History: Art 1B or ART 109 or equivalent or instructor permission.
Term Typically Offered: Spring only

Beginning with international Pop art and Minimalism in the 1960s, surveys the history of contemporary art from the end of avant-garde modernism to the postmodernism and globalism of today. Lectures, discussions, readings and assignments, offer insights into the contexts, attitudes and ideas behind current art and visual culture.

Note: Students who earned a grade of B or higher in ART 112 can fulfill the requirements for ART 212 by taking a one-unit supplemental ART 299 to satisfy graduate level criteria.

ART 219. Directed Research in Art History. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.

Note: May be repeated as often as approved by advisor and Department chair.

ART 220. Advanced Problems in Painting and Drawing. 3 Units
Prerequisite(s): ART 122B, graduate art student status, or instructor permission.
Term Typically Offered: Fall, Spring

Special problems in painting and drawing.

Note: May be taken twice for credit.

ART 222. Studio Critique Seminar. 3 Units
Term Typically Offered: Fall, Spring

Critique seminar taught by one or more instructors representing different creative experiences.

Note: Required for students in the art studio graduate program, every semester until the final review has been passed. Only 6 units may be applied toward the degree program. Open only to classified graduate students.

ART 222A. Graduate Seminar 1. 3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission
Term Typically Offered: Fall only

This course builds dialogue among an interdisciplinary cohort of MFA students while engaging them with contemporary issues and professional practices in the arts. Students discuss readings, attend lectures, prepare for program milestones, and produce and discuss professional documents and presentations. The first-semester graduate students focus is on beginning to develop their professional documents in preparation for the first-semester review while contextualizing their current studio practice. First three weeks of class are dedicated to first-year orientation. Seminar. Semester 1 of 4.

ART 222B. Graduate Seminar 2. 3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission, and ART 222A
Term Typically Offered: Spring only

This course builds dialogue among an interdisciplinary cohort of MFA students while engaging them with contemporary issues and professional practices in the arts. Students discuss readings, attend lectures, prepare for program milestones, and produce and discuss professional documents and presentations. The second-semester graduate students' focus is on further developing their professional documents in preparation for the first-year review while continuing to contextualize their current studio practice. Seminar. Semester 2 of 4.

ART 222C. Graduate Seminar 3. 3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission, and ART 222A and ART 222B
Term Typically Offered: Spring only

This course builds dialogue among an interdisciplinary cohort of MFA students while engaging them with contemporary issues and professional practices in the arts. Students discuss readings, attend lectures, prepare for program milestones, and produce and discuss professional documents and presentations. The third-semester graduate students' focus is on further developing their professional documents in preparation for the advancement to candidacy exhibition and review while continuing to contextualize their current studio practice. Seminar. Semester 3 of 4.

ART 222D. Graduate Seminar 4. 3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission, and ART 222A, ART 222B, and ART 222C
Term Typically Offered: Spring only

This course builds dialogue among an interdisciplinary cohort of MFA students while engaging them with contemporary issues and professional practices in the arts. Students discuss readings, attend lectures, prepare for program milestones, and produce and discuss professional documents and presentations. The fourth-semester graduate students' focus is on further developing their professional documents in preparation for the final MFA exhibition and review while continuing to contextualize their current studio practice. Seminar. Semester 4 of 4.
ART 229. Painting/Drawing Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

ART 231. Teaching Practicum. 3 Units
Prerequisite(s): Graduate Art Student Status or Instructor permission
Term Typically Offered: Fall, Spring

Instruction on the methods and procedure of running a studio art course. Practical experience working with and instructing undergraduate students. Applying skills in the student's expertise to the art of teaching in tandem with supervisory instructor. Supervisory course.

ART 239. Directed Research in Art Education. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

ART 249. Graphics/Printmaking Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

ART 259. Ceramics Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

ART 269. Photography Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

ART 279. Crafts/Art Metal Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified art graduate students only.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

ART 283. Graduate Sculpture. 3 Units
Prerequisite(s): Graduate Art student status, or instructor permission.
Term Typically Offered: Fall, Spring

Special problems in sculpture, mixed media, installation art, site specific art, performance art, public art or other. Students will engage in self-directed projects while participating in sculpture studio forum and critiques.
Note: may be taken twice for credit

ART 289. Sculpture Studio. 3 Units
Prerequisite(s): Instructor permission and Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Open to classified and unclassified graduate students only. Fee course.
Note: May be repeated as often as approved by advisor and Department chair; only 6 units may be applied toward the degree program.

Fee course.

ART 297. New Media 1. 3 Units
Term Typically Offered: Spring only

Students will work on self-directed new media projects with the supervision of the instructor. The work will focus on projects that are either entirely based on digital image and/or animation, or on works that also utilize other media or processes combined with digital image or animation, such as intermedia, mixed media and installation work. This course also includes reading assignments, critique and discussion.
Note: May be repeated twice for credit.

ART 298. New Media 2. 3 Units
Term Typically Offered: Fall only

Students will work on self-directed video and new media with the supervision of the instructor. The work will focus on projects that are either entirely based in new media and video, or on works that also utilize other media or processes combined with video and/or interactive processes, such as intermedia, mixed media and installation work. The course also includes reading assignments, critique and discussion.
Note: May be taken twice for credit.

ART 299. Special Problems. 1 - 3 Units
Prerequisite(s): Open only to graduate art students competent to carry on individual work. Admission requires approval of the faculty member who will direct the work and of the Department chair via signed petition form.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Only 6 units may be applied toward the degree program.
Credit/No Credit

ART 305. Art in the Public School. 3 Units
Prerequisite(s): Enrollment in the art teaching credential program.
Term Typically Offered: Fall, Spring

Art teaching methods and programs for public school grades K-12. Must be taken during Phase I or II of student teaching.

ART 500. Culminating Experience. 3 Units
Prerequisite(s): Advanced to candidacy and chair permission of student's project committee.
Term Typically Offered: Fall, Spring

Culminating exhibition of student work.
ART 500A. Culminating Experience Thesis. 3 Units
Prerequisite(s): Graduate Art Student Status and Instructor Permission.
Corequisite(s): ART 500B.
Term Typically Offered: Spring only

Guidance with written thesis as it pertains to the final body of work. Students will work with individual faculty to develop and complete thesis objective(s), outline and organize imagery as it pertains to the final body of work and create a final written document for digital publication. Supervisory course.

ART 500B. Culminating Experience Exhibition. 3 Units
Prerequisite(s): Graduate Art Student Status and Instructor Permission.
Corequisite(s): ART 500A.
Term Typically Offered: Spring only

Graduating cohort instruction for final MFA Exhibition including final proposal, exhibition catalogue, curatorial studio visit and selection, MFA exhibition catalogue and promotional material.

BA in Art

Units required for Major: 48
Total units required for BA: 120

Program Description

The Bachelor of Arts in Studio Art is a four-year program that gives students a foundation to pursue a broad range of careers in the arts. The B.A. program provides students with an overview of the fine art areas of ceramics, drawing, painting, printmaking, sculpture, interdisciplinary and new media art. The studio curriculum of the B.A. program emphasizes breadth of experience alongside technical competence and creative experimentation and prepares students for a variety of post-graduate pursuits. The curriculum also provides a foundation in visual art thinking, contemporary art history and critical theory through a global lens. The degree is designed for undergraduate students who want to combine broad and innovative studio art practice with an outstanding education in the liberal arts.

Courses, programs, and exhibitions sponsored by the Art Department serve to engage students in the visual arts within a liberal arts context and to promote appreciation of the fine arts in the general student population. Fieldwork experiences can be arranged with the Crocker Art Museum, Sacramento Metropolitan Arts Commission, and other public and private art institutions and galleries in the Capital region. Opportunities to study art and art history abroad are available through the Office of International Programs and Global Engagement at Sacramento State and the California State University International Program. University credit can be obtained for a semester to a year of study at college and international centers in Britain, Europe, Latin America, Asia, Africa, and Australia.

California State University, Sacramento is an accredited institutional member of the National Association of Schools of Art and Design (NASAD).

Minimum Grade Requirements

A minimum grade of "C" is required in all courses applied to the BA in Studio Art.

Notes:

- Whenever possible, classes should be selected in consultation with a faculty advisor.
- It is recommended that students complete a minimum of 75% of the lower division requirements (20 units) before enrolling in upper division courses while recognizing and following prerequisite requirements.
- Lower division prerequisites for some courses may be waived on the advisement of an Art instructor and a portfolio review.

BA in Art (Art Education)

Units required for the Subject Matter Program: 48

Program Description

Courses in Art Education provide students with the knowledge and tools necessary to thrive as teachers in both K-12 and community settings. The Art Education program includes instruction in artistic perception; creative expression; historical and cultural foundations in art; aesthetic valuing; connections, relationships, and applications in art; visual art and education theories; and visual culture art education.

Art majors wishing to pursue a Single Subject Teaching Credential in Art in the College of Education must contact the Art Department's Credential Coordinator to have their transcripts evaluated for courses required for admission to the credential program and to have their single subject competency assessed.

Teaching credential candidates must also complete the Professional Education Program in the College of Education and meet the California art subject matter standards. Students interested in teaching art in public schools in California should get information from the Teaching Credentials Office in Eureka Hall 401 or the College of Education's Web site at www.csus.edu/coe/academics/credentials/ (http://www.csus.edu/coe/academics/credentials/)

Minimum Grade Requirement

Courses applied toward the Subject Matter program must be completed with a grade of "C" or higher.

**Note:** ART 305 (Art in the Public School) is the required learning methods course for students enrolled in the Professional Education Program in the College of Education.

The program is currently under review by the Commission on Teacher Credentialing and students are strongly encouraged to consult an advisor.

### BA in Art History

#### Minimum Grade Requirement

All lower division art history requirements and demonstrated writing proficiency as prescribed by California State University, Sacramento must be completed prior to enrollment in upper division courses. A minimum grade of "C" is required in all courses applied to the Art History concentration. Art History students are required to meet the Sacramento State Foreign Language Requirement by completing the second semester (1B) of a college-level foreign language course with a grade of C- or better (or equivalent foreign language study, as described in the current University catalog). Students who plan to pursue further graduate study in art history are encouraged to learn a foreign language relevant to their art historical interests through the second semester intermediate level (2B).

#### Units required for Major: 48

#### Program Description

The Art History BA provides a full range of courses in Western and non-Western art, criticism, and visual culture from pre-history to the present and from many perspectives. Lecture/discussion classes, seminars, independent studies, fieldwork, and studio courses produce college-level visual literacy, global perspectives, art historical skills, and understanding of curatorial and art-making practices. Students focus on one of four areas of interest: Early Modern European Art, Asian Art, Art of the Americas, or Modern and Contemporary Art. The art history degree affords a broad education as well as practical preparation for a range of vocations and advanced professional studies. Students who wish to pursue advanced degrees in Art History after finishing the Bachelor of Arts will benefit from the close supervision of a mentor-professor who helps prepare them for graduate studies.
Fieldwork experiences can be arranged with the Crocker Art Museum, Sacramento Metropolitan Arts Commission, and other public and private art institutions and galleries in the Capital region. Opportunities to study art history abroad are available through the Office of International Programs and Global Engagement at Sacramento State and the California State University International Program. University credit can be obtained for a semester to a year of study at college and international centers in Britain, Europe, Latin America, Asia, Africa, and Australia.

California State University, Sacramento is an accredited institutional member of the National Association of Schools of Art and Design (NASAD).

Program Requirements

Required Lower Division Core Courses (18 Units)

</table>

Total Units 48

1. Course also satisfies General Education (GE)/Graduation Requirement.
2. This course should be taken in the second semester of the sophomore year or the first semester of the junior year for transfer students. Art History students are strongly advised to take 6 units of lower division Art History coursework and 6 units of lower division History coursework before taking HIST 100.
3. With the approval of an Art History faculty advisor, students may use ART 118C as a Group 4 course instead of Group 3.
4. Students may take either PHOT 101 or PHOT 102, but not both.
5. Students may take either PHOT 101 or PHOT 102, but not both. Independent study and supervisory courses in the major are limited to one (no more than 3 units), must be approved by an Art History faculty advisor, and may be applied only to the elective category.
6. With the approval of an Art History Seminar faculty advisor, students may satisfy the seminar requirement with a seminar in another liberal arts discipline.
7. Culminating course for students with senior status after completion of all lower division requirements. Prerequisites: completion of two semesters of a foreign language (1B or equivalent), the University’s Graduation Writing Assessment requirement, HIST 100, and the art history seminar (item D).

Area E Course 3

Total Units 43

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2. Required in Major; also satisfies GE.

Program Description

The BA in Art Studies (Single Subject Pre-Credential Preparation) prepares students to be resourceful, creative, and socially engaged artist-educators. Students develop expertise in a breadth of studio practices and depth of teaching, preparing students with the knowledge and skills necessary to thrive as teachers in school, museum, and community organizations. The curriculum prepares students through a variety of instruction, including studies in artistic perception; historical and cultural foundations in art; connections, relationships, and applications in art; critical art education theories and methodologies; and visual culture art education.

The BA in Art Studies (Single Subject Pre-Credential Preparation) is a California state-approve subject matter program. Students who successfully complete the program satisfy the requirement of the Commission on Teacher Credentialing for demonstrated competence in Art. Graduates of the program are exempt from the CSET exams in Art. Graduates from the program obtain the prerequisite coursework needed to enter the Single-Subject Teaching Credential Program in the College of Education. Students interested in teaching art in public schools in California should get information from the Teaching Credentials Office in Eureka Hall 401 or the College of Education's website at www.csus.edu/college/education/teaching-credentials (http://www.csus.edu/college/education/teaching-credentials/).

Minimum Grade Requirement

Courses applied toward the Subject Matter program must be completed with a grade of "C" or higher.

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

2. If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). "C" or better required. The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: [https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-proficiency.html](https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-proficiency.html)

3. Requirement may be completed in major

### BFA in Studio Art

Units required for Major: 75  
Total units required for BFA: 120

### Program Description

The Bachelor of Fine Arts in Art Studio is a four-year program that prepares students for successful careers as artists. It is the professional degree for an artist and provides the foundation for the master’s program in studio art. While the B.F.A. program provides students with a broad overview of the fine art areas of ceramics, drawing, painting, printmaking, sculpture, interdisciplinary and new media art, it is designed to develop in-depth skills in one of these areas of the visual arts. The studio curriculum in the program emphasizes technical mastery, individuality, creative experimentation and prepares students for a variety of post-graduate pursuits. The curriculum also provides a thorough grounding in visual art thinking, contemporary art history and critical theory. The degree is designed for undergraduate students who want to combine intensive and innovative studio art practice with an outstanding education in the liberal arts.

### Minimum Grade Requirements

A minimum grade of "C" is required in all lower division courses and upper division non-studio courses applied to the Studio Art program.

A minimum grade of "B" is required in all upper division studio courses.

### Additional Requirements

Participation in an exhibition of BFA candidates is required for completion of the degree.

**Note:** Whenever possible, classes should be selected in consultation with a faculty advisor. It is recommended that students complete all of the lower division requirements before enrolling in upper division courses. Prerequisites for some courses may be waived on the advisement of an Art instructor and a portfolio review. ART 192A Senior Seminar in Studio Art (3 units) is a required course, taken in the final semester of the Senior year and concurrently with ART 194, BFA Senior Project.

1. Course also satisfies General Education (GE)/Graduation Requirement.
2. Selected course may not satisfy multiple major requirements. Courses in lower division cannot be repeated for credit towards the major.
3. All courses must be chosen with advisor approval. Course repeats will be allowed with advisor approval when in compliance with the University Repeat Policy. See course catalog for courses that may be taken more than once for credit.
4. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).
Certificate in Curatorial Studies

The Certificate in Curatorial Studies helps prepare students to launch careers in art museums, galleries, and non-profit art organizations. These careers include art conservator, exhibition designer, gallerist, museum educator, collections manager, archivist, art handler, curatorial assistant, and development specialist. Students learn the fundamentals of art-handling, collection management, exhibition design, research and writing for art exhibition texts, and acquire selected career competencies needed for museum and gallery careers. As part of the Certificate, students work with university and community professionals to advance their curatorial skills. Both the Capstone Course and Internship allow students to collaborate with these professionals for supervised practice in art collection-management and the creation of art exhibitions.

Prerequisites:
1. Concurrent B.A. or B.F.A. degree in Studio Art, Art Education, Art History, or other major by special permission
2. Completion of ART 1C with a grade of C or higher

Total Units: 15

MA in Art

Total units required for the MA: 30

Program Description

The Master of Arts program is designed to produce graduates with professional competence in studio disciplines. While acquiring those abilities, the student is also expected to develop skills used in the criticism and analysis of the visual arts. The Master of Arts degree at Sacramento State may serve as preparation for admission into a Master of Fine Arts (MFA) program at another institution.

The studio curriculum encourages integration of professional practice with historical and theoretical studies. The progression of classes facilitates the transition from student to independent artist through studies in ceramics, drawing, jewelry, metalsmithing, new media, painting, photography, printmaking, and sculpture. Special emphasis is placed on the development of individuality, depth, and professional competence in both technique and concepts.

Admission Requirements

Admission as a classified graduate student in art requires:
- a BA in Art or its equivalent, including 12 units in art history;
- a minimum 2.5 GPA in the last 60 units attempted;
- approval by Studio Art faculty review of other submitted materials (see Admission Procedures below); and
- English language proficiency: International students must pass the TOEFL examination. Advancement to candidacy requires passing English proficiency requirements. See below.

Applicants who have deficiencies in admission requirements that can be removed by specified additional preparation may be admitted with conditionally classified status. Any deficiencies will be noted on a written response to the student’s admission application.

Admission Procedures

Applicants must complete a university application and a separate departmental application by the posted application deadline dates for the term applying.

- an online application for admission, including the online supplemental application; and
- official transcripts from all colleges and universities attended, other than Sacramento State. In addition, all materials listed below must be submitted by the posted deadline; and
- twenty slides of the applicant’s recent artwork in a carousel tray (a description of each slide, listing size, medium, and date of composition, must be included).

For more admissions information and application deadlines, please visit the Office of Graduate Studies website.

Minimum Units and Grade Requirement for the Degree

Units required for the MA: 30

Minimum Cumulative GPA: 3.0

Advancement to Candidacy

Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- completed at least 12 units of 200-level courses in the graduate program with a minimum cumulative 3.0 GPA;
- taken the Writing Placement for Graduate Students (WPG) or taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento or secured approval for a WPG waiver; and
- secured approval from the studio art faculty, based on a formal presentation of the student’s work.

Advancement to Candidacy forms are available on the Office of Graduate Studies website. The student fills out the form after planning a degree program in consultation with his/her Art Department advisor. The
completed form is then returned to the Office of Graduate Studies for approval.

**Final Review**

During the semester when the student expects to complete 30 units, the student should consult with the Graduate Coordinator and the student’s advisor in order to determine the details (such as the number of pieces and manner of presentation) of the final review, which is a culminating exhibition of student work. (Final reviews may be attempted only twice.)

<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART 500</td>
<td>Culminating Experience</td>
<td>3</td>
</tr>
</tbody>
</table>

Total Units: 30

1. ART 222 is a 3 unit course which must be taken each semester until final reviews are passed. Only 6 units of credit count toward graduation.
2. ART 299 does not count towards the 6-unit requirement.
3. Only 6 units of each studio course
4. Open only to graduate art students competent to carry on individual work; admission requires approval of the faculty member who will direct the work and of the Department chair via signed petition form

**MFA in Studio Art**

Total units required for the MFA: 60

**Program Description**

The Master of Fine Arts degree is a two-year 60-unit, multi-disciplinary and interdisciplinary program in the visual arts with studies in ceramics, drawing, painting, new media art, printmaking and sculpture. This professional terminal degree offers opportunities for solo and group exhibition, curatorial collaboration, exhibition catalogue production and written thesis. The curriculum encourages an integration of art theory, art history and art studio practice. Students will be expected to demonstrate an advanced level of professional studio competence developed through a significant body of work that is contextualized in contemporary culture. Special emphasis is placed on the development of individuality, depth, and professional competence in both art technique and concepts.

The program prepares students to enter the Fine Arts profession by providing experiences with intensive and immersive study, exhibition of their work and community and professional engagement. The program also offers assistantship opportunities in teaching, art technician work and gallery operations. For a more complete list of possible professions attached to the MFA see Career Possibilities in Art (p. 119).

**Admission Requirements**

Admission as a classified graduate student in Studio Art requires:

- a BFA or BA in Art or its *equivalent, including 12 units in Art History;
- a minimum 2.5 overall GPA
- a minimum 3.0 GPA in Art courses
- approval by Studio Art faculty review of other submitted materials (see Admission Procedures below); and
• English language proficiency: International students must pass TOEFL - minimum of 80 IBT, IELTS - minimum of 7.0 Band Score, PTE Academic Score: 65

*Equivalent- BA in Studio Art

1. In the liberal arts studio art major, normally at least 20% of the total credits are in studio courses, and at least 5% are in art/design history. Total required work in the visual arts normally equals 30-45% of the curriculum.

2. The curriculum should aim primarily toward breadth of experience and understanding rather than professional specialization. The primary objective of such training is not necessarily preparation for a career in art or design.

Upon graduation from BA or BFA, students must demonstrate:

• A developed visual sensitivity.
• The technical skills, perceptual development, and understanding of principles of visual organization sufficient to achieve basic visual communication and expression in one or more media.
• The ability to make workable connections between concept and media.
• Some familiarity with the works and intentions of major artists/designers and movements of the past and the present, both in the Western and non-Western worlds.
• An understanding of the nature of contemporary thinking on art and design.

**Admission Procedures**

Applicants must complete a University application and a separate Art Departmental application by the posted application deadline dates for the term applying.

• Graduate Studies (university) application submitted online via Cal State Apply (https://www2.calstate.edu/apply/) by Graduate Studies deadline.
• Art Department application submitted via SlideRoom (refer to Art Department website) that includes the following:
  • Art Department application form
  • Essay of intent addressing listed content on site
  • 3 letters of recommendation from previous faculty or art professionals
  • Official transcripts of all colleges attended
  • Twenty images or appropriate format of work (time-based images or documentation, video, audio etc.)

For additional admissions information please visit the Office of Graduate Studies website (https://www.csus.edu/graduate-studies/).

**Minimum GPA Requirement**

Minimum Cumulative GPA: 3.0

**Advancement to Candidacy**

Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

• removed any deficiencies;
• completed at least 30 units of 200-level courses in the graduate program with a minimum 3.0 GPA;
• taken the Writing Placement for Graduate Students (WPG) or taken a Graduate Writing Intensive (GWI) course in their discipline within the first three semesters of coursework at Sacramento State or secured approval for a WPG waiver; and
• secured approval from the studio art faculty, based on a formal presentation of the student’s work.

Advancement to Candidacy forms are available on the Office of Graduate Studies website (https://www.csus.edu/graduate-studies/). The student fills out the form after planning a degree program in consultation with Art Department Graduate Coordinator. The completed form is then returned to the Office of Graduate Studies for approval. **Note:** Advancement to Candidacy may be attempted only twice.

**Final Review**

During the semester when the student expects to complete 60 units, the student should consult with the Graduate Coordinator and the student’s advisor in order to determine the details (such as the number of pieces and manner of presentation) of the final review, which is a culminating exhibition of student work. **Note:** Final reviews may be attempted only twice.

Total Units 60

1 Six units of the nine units may be selected from any university undergraduate (upper-division only) course or graduate course with faculty approval.
2 EDTE 280B and ART 231 are part of the teaching option and will satisfy 6 of the 9 elective units.
3 Open only to graduate art students competent to carry on individual work; admission requires approval of the faculty member who will direct the work and of the Department Chair via signed petition form.
4 ART 500A is a written thesis requirement and is taken with studio advisor.
5 ART 500B is the final exhibition requirement taken with Graduate Coordinator.

Minor in Art Education
Units required for Minor: 21

Program Description
The Department of Art at Sacramento State introduces students to the expressive world of the visual arts. A wide variety of approaches based on both Western and Non-Western cultures are integrated into courses that are oriented toward creativity, imagination, and critical thinking. Students are able to explore art through courses in art education, art history, ceramics, metalsmithing/jewelry, new media art, painting, print making, and interdisciplinary sculpture.

Minimum Grade Requirement
A grade of "C" or better is required for all courses applied to the Minor in Art Education.

Program Requirements
Units required for Minor: 21, including 9 lower division units in Art Studio, 3 lower division units in Art History, and 9 units of Art Education selected with the approval of the Art Education Credential Advisor.

Minor in Art History
Units required for Minor: 21, all of which must be taken in Art History

Program Description
The Department of Art at Sacramento State introduces students to the expressive world of the visual arts. A wide variety of approaches based on both Western and Non-Western cultures are integrated into courses that are oriented toward creativity, imagination, and critical thinking. Students are able to explore art through courses in art education, art history, ceramics, metalsmithing/jewelry, new media art, painting, print making, and interdisciplinary sculpture.

Minimum Grade Requirement
A grade of "C" or better is required for all courses applied to the Minor in Art History.

Note: Students are strongly encouraged to select the four lower division courses and three upper division courses in consultation with an Art History faculty advisor.

### BA in Arts and Letters

**Units required for Major:** 36

**Advisors:**
Michele Foss-Snowden, Communications

### Eligibility Requirements

This multidisciplinary major is designed for students who have stopped-out in good standing from the pursuit of any major that aligns with degree program offerings in the College of Arts & Letters at Sacramento State or another university.

At the time of application, students must have met the following requirements:

1. Must have begun coursework in a degree program that aligns with a program offered by California State University, Sacramento’s College of Arts & Letters
2. Must not have been enrolled at university for at least 1 academic year
3. Completed at least 70 units of coursework (may be upper or lower division units).

4. Completed all lower-division GE requirements for California State University system at CSUS or another institution.
5. Have a minimum cumulative GPA not lower than 2.0.

1. The certificate is designed to choose two courses (6 units) that overlap with major requirements. Please consult with the Certificate Coordinator for additional advising in course selections.

---

**Communication Studies**

**College of Arts and Letters**

**Program Description**

Communication Studies is a broad-based discipline concerned with the exchange of messages in interpersonal and mediated situations and with the impact of such exchanges on society. Courses focus on understanding the communication process and developing skills to communicate effectively. The Department offers a wide range of courses in interpersonal, group, and organizational communication, rhetorical theory and criticism, public relations, mass communication and research methodologies.

The Journalism program at Sacramento State educates its students in ethical, accurate and effective communication. We employ innovative methods in order to prepare students, enlighten the public and engage our communities. Our students become committed and versatile professionals with a strong background in both journalism theory and practice.

The Film Program offers interdisciplinary coursework in the areas of film production, history, theory, criticism, and writing. The Film major aims at developing a deeper understanding of the art and practice of film, its complex components, and the artists whose vision have inspired generations of filmmakers. All students are required to take a common core that provides a foundation for film criticism and production. After completing the core, students select either the film studies or film production track. Students are supervised by the Film Coordinator.

**Degree Programs**

Communication Studies (p. 151)

Journalism (p. 172)

Film Studies (p. 172)

**Special Features**

- Communication Studies faculty possess professional expertise and academic excellence. Faculty maintain a high level of scholarly publication, creative activity, consulting, and outstanding teaching.
- The Sacramento State Debate Program is highly ranked nationwide with opportunities for both experienced and beginning debaters.
The Department's Internship Program serves over 100 students each semester with internships in government agencies, private industry, TV stations, and public service organizations.

The Department sponsors Epsilon Phi, a chapter of the National Communication honors society Lambda Pi Eta. Students eligible for membership participate in a variety of activities and are recognized at the university's graduation ceremony.

The Department also sponsors PRSA, our student chapter of the Public Relations Student Society of America.

COMS 2. Argumentation. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring

Practice in argumentation, critical evaluation, evidence, and reasoning. Basic principles are applied in a variety of formal and informal advocacy situations. Concepts of argument structure and context are discussed and applied.

Note: Majors must complete with a grade of "C-" or better.

COMS 4. Introduction to Public Speaking. 3 Units
General Education Area/Graduation Requirement: Oral Communication (A1)
Term Typically Offered: Fall, Spring

Theory and technique of public speaking. Emphasis on organizing, supporting, and clearly stating ideas. Practice in informative and persuasive speaking.

COMS 4H. Honors Public Speaking. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Oral Communication (A1)
Term Typically Offered: Fall, Spring

Provides both theoretical and practical training in the art of public discourse. Students learn both to recognize and to demonstrate the strategic processes of organizing and delivering speeches, especially within the context of global citizenship issues. Students are also introduced to the basic idea of forming reasonable challenges to speech in the public square.
COMS 5. The Communication Experience. 3 Units
General Education Area/Graduation Requirement: Oral Communication (A1)
Term Typically Offered: Fall, Spring

Basic skills and introductory concepts necessary for effective communication in a variety of settings. Special emphasis on practical experiences within groups, facilitation of interpersonal relationships, and methods of conflict resolution.

Note: Not recommended for COMS majors in General, Organizational or Public Relations concentrations.

COMS 8. Interpersonal Communication Skills. 3 Units
Term Typically Offered: Fall, Spring

Basic skills and introductory concepts for examining and altering interpersonal communication. In addition to lectures and discussions, students engage in structured interpersonal exercises and simulations to practice interpersonal communication skills such as listening, paraphrasing, describing feelings and intentions, and giving and receiving criticism.

Note: Majors must complete with a grade "C-" or better.

COMS 20A. Audio Production. 2 Units
Corequisite(s): COMS 20B.
Term Typically Offered: Fall, Spring

Introduction to the theory and practice of audio production in radio, television, film and recording applications. Cross listed: FILM 20A.

COMS 20B. Audio Production Laboratory. 1 Unit
Corequisite(s): COMS 20A.
Term Typically Offered: Fall, Spring

Experience in audio console operation, microphone selection and use, and audio recording in radio, television, film and recording applications. Cross listed: FILM 20B.

COMS 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Helps students to develop and exercise fundamental academic success strategies and to improve their basic learning skills. Students interact with fellow students and the seminar leader to build a community of academic and personal support.

COMS 26. Introduction to Capturing and Editing Digital Media. 3 Units
Term Typically Offered: Fall, Spring

Developing skills in producing photographic, graphic and animated materials used for the World Wide Web and multimedia.

COMS 27A. Digital Film/Video Production. 2 Units
Corequisite(s): COMS 27B.
Term Typically Offered: Fall, Spring

Addresses the theory and practice of film/video production. Students will be expected to understand: camera operation, audio control, basic directing, lighting, and editing. Students will also be expected to learn the terminology of video production/post-production and use this terminology competently. Students enrolled in COMS 27A must be concurrently enrolled in COMS 27B. There are no exceptions to this requirement.

Cross-listed: FILM 27A

COMS 27B. Digital Film/Video Production Laboratory. 1 Unit
Corequisite(s): COMS 27A.
Term Typically Offered: Fall, Spring

Provides practical, hands-on experience in video production. Students will be expected to become proficient in all production roles: camera operation, audio control, basic directing, lighting, and editing. Students enrolled in COMS 27B must be concurrently enrolled in COMS 27A.

Cross listed: FILM 27B.

COMS 55. Media Communication and Society. 3 Units
Term Typically Offered: Fall, Spring

Introduction to the basic concepts of mass communication, including the effects, uses, and functions associated with the goods and services of mass media. Examination of the ways mass media combine with other institutions to affect the organization, design, and comprehension of messages, as well as political thought, cultural beliefs, and economic behavior.

Note: Majors must complete with a grade "C-" or better. Cross Listed: JOUR 55; only one may be counted for credit.

COMS 100A. Survey of Communication Studies. 3 Units
Term Typically Offered: Fall, Spring, Summer

Survey of various theories of communication. Attention given to such topics as verbal and nonverbal coding, information processing, interpersonal and small group communication, organizational communication, the structure and effects of mediated communication, rhetorical criticism, and research in communication.

Note: Majors and minors must complete with a grade of "C-" or better.

COMS 100B. Rhetoric and Social Influence. 3 Units
Prerequisite(s): COMS Studies Majors only. COMS 2, COMS 4, (COMS 5 is accepted for COMS 4 for MCOM majors) or transfer equivalents and (GWAR Certification before Fall 09, or WPJ score of 80+, or at least a C- in ENGL 109M or ENGL 109W).
Corequisite(s): COMS 100A
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring, Summer

Detailed examination of texts on controversial issues in order to illustrate the varied forms of rhetorical action and the diverse modes of rhetorical analysis. Examples drawn from the literature of classical/contemporary rhetors.

Note: Majors must complete with a grade of "C-" or better; Writing Intensive
COMS 100C. Introduction to Scientific Methods in Communication Research. 3 Units
Prerequisite(s): COMS 100A; may be taken concurrently.
Term Typically Offered: Fall, Spring, Summer

Empirical methods commonly applied during communication research. An introduction to the concepts fundamental to the scientific study of communication, including conceptual and operational definitions, sampling, measurement, experimental design, independent and dependent variables, and quantitative data analysis.
Note: Majors must complete with a grade of "C-" or better.

COMS 101. Information Management and Privacy. 3 Units
Term Typically Offered: Fall

Students develop skills to use information proficiently in digital environments. In order to cope with information overload, students learn how to define and limit informational needs, how to access and evaluate information critically, and how to analyze and integrate information purposefully. The course teaches students evolving strategies and techniques for maintaining personal information spaces and security.

COMS 103. Presentational Speaking in the Organization. 3 Units
Prerequisite(s): A general education oral communication course.
Term Typically Offered: Fall, Spring, Summer

Contemporary communication techniques for use in business and industry. Principles and practice of oral reporting, persuasive speaking, conference participation, and interpersonal interaction.
Note: COMS majors are urged to take COMS 104 instead of COMS 103.

COMS 104. Persuasive Public Speaking. 3 Units
Prerequisite(s): COMS 2, COMS 4, or instructor permission.
Term Typically Offered: Fall, Spring

Advanced public speaking focusing upon persuasive strategies, principles and techniques.

COMS 105. Communication in Small Groups. 3 Units
Term Typically Offered: Fall, Spring, Summer

Theory and practice in small group communication. Topics include leadership, meeting management, evolution of group norms, phases of group development, communication networks, good communication techniques, conflict management, and problem solving in a variety of contexts.

COMS 106. Digital Media Creation - An Introduction. 3 Units
Term Typically Offered: Fall, Spring

Students learn multimedia authoring through the manipulation of digital media downloaded legally from online repositories. Students learn how to digitally edit pixel-based images, vector images, audio, video and 3D models, while learning the principles that govern all digital media. The course uses Open Source and specialized software.

COMS 107. Children And Television. 3 Units
Term Typically Offered: Fall, Spring

Cognitive, affective, and behavioral effects of television on children. Explores in detail issues such as televised violence, stereotyping, advertising and cognitive development. Discusses relationship between television and education.

COMS 108. Family Communication. 3 Units
Prerequisite(s): COMS 8 or FACS 50 or SOC 166, or instructor permission.
Term Typically Offered: Fall, Spring

Family as a small group with emphasis on understanding and interpreting the dynamics of family communication and socio-psychological theories. Cross Listed: FACS 108; only one may be counted for credit.

COMS 110. Advanced Debate Workshop. 1 Unit
Term Typically Offered: Fall, Spring

Participation in intercollegiate debate competition.
Credit/No Credit

COMS 111. Debate Research Practicum. 3 Units
Term Typically Offered: Fall only

Directed research in the current intercollegiate debate topic; identification of issues, compilation of evidence, and case building.
Note: May be taken four times for credit with instructor permission.

COMS 114. Communication and American Culture. 3 Units
Term Typically Offered: Fall, Spring, Summer

Critical analysis of the ways modern American media interact with the conduct of American life; emphasizes the role of commercialism and other aspects of contemporary American capitalism; examines the problem of personal development and relationships in the context of a commercially dominated media system.

COMS 115. Nonverbal Communication. 3 Units
Term Typically Offered: Fall, Spring

Nonverbal communication will focus on the nonverbal aspects of human communication. Students will learn the vocabulary of nonverbal communication (NVC) as we examine the nature of NVC, NVC Codes, and the effects of NVC on messages we receive and send. In addition, we will consider nonverbal behaviors in interpersonal relationships, intercultural communication and research in nonverbal.

COMS 116. Intercultural Communication. 3 Units
Term Typically Offered: Fall, Spring, Summer

Analysis of factors which influence communication between individuals of different cultures and cocultures. Discussion and practical application.

COMS 117. Multimedia Communication. 3 Units
Prerequisite(s): COMS 106
Term Typically Offered: Fall, Spring

Students create and integrate information and digital media with the purpose of informing or persuading an audience. By identifying communication needs, students learn to prepare multimedia presentational aids and standalone multimedia presentations for distribution in online environments. This course features topics in visual communication, story-boarding, presentation and delivery.
COMS 118. Survey of Public Relations. 3 Units
Prerequisite(s): At least one college writing course in ENGL or JOUR with a grade of "C-" or better.
Term Typically Offered: Fall, Spring
Introduces the student to publics, organization-environment relationships, structures, practices, and processes from a communication theory and research perspective. Specifically, the student is introduced to the multi-phased approach to public relations, an approach that highlights the PR subprocesses of task identification, task analysis, and task performance.

COMS 119. Conflict Resolution Through Communication. 3 Units
Term Typically Offered: Fall, Spring
Ways to identify, clarify, and resolve conflicts in dyads, groups, and organizations. Conflict is contrasted with disagreement, aggression, incompatible values, etc. The costs and benefits of conflict are explored.

COMS 120. History of the Media. 3 Units
Prerequisite(s): COMS 55 or JOUR 55 or equivalent; may be taken concurrently.
Term Typically Offered: Fall, Spring
Examination of development of major mass communication media in the U.S. and of how the economics, content, regulation and audience use of the media have been affected by the way the media have evolved. Current issues and trends are discussed, as well as possible future development. Cross Listed: JOUR 120; only one may be counted for credit.

COMS 121. Media Aesthetics. 3 Units
Term Typically Offered: Fall, Spring
Overview and analysis of the primary aesthetic tools used to create messages in video and film. The basic properties of light, color, area, space, shape, sound, time and motion are defined and discussed as they relate to media production. Introduces students to the concepts and vocabulary necessary for effectively conceiving, producing or criticizing mediated messages. Designed primarily for students with interest in digital media. Provides a foundation for students working in media criticism. Cross listed: FILM 121.

COMS 122. Writing for Interactive Media. 3 Units
Prerequisite(s): ENGL 1A and ENGL 20 or (GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.)
Term Typically Offered: Fall, Spring
Writing and editing for visual, audio, and interactive media. How to choose appropriate format and delivery mechanisms for news, web sites, kiosks, and CD/DVD. Topics include copyright law and information ethics.

COMS 123. Writing for Public Relations. 3 Units
Prerequisite(s): JOUR 30; GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
Term Typically Offered: Fall, Spring
Organization and operation of communication media; practice in publicity and public relations techniques. Emphasis on clear writing and correct public relations formats such as releases, PSAs, articles, and speeches. Cross listed: JOUR 123

COMS 124. Writing Scripts for Film/Video. 3 Units
Prerequisite(s): ENGL 1A and ENGL 20.
Term Typically Offered: Fall, Spring
Developing narratives, documentaries, educational, promotional, and experimental short screenplays. Students are expected to develop a writing style and master screenwriting and audio/visual scripting formats. Scripts will be developed to be produced in advanced production courses: COMS/FILM 128 and COMS/FILM 185.
Cross listed: FILM 124.

COMS 126. Motion Graphics in Film and Video. 3 Units
Prerequisite(s): COMS 20A, COMS 20B and COMS 26 or both COMS 27A and COMS 27B each with a grade of "B-" or better or instructor permission.
Term Typically Offered: Fall, Spring
Theory and practice of producing and directing television programs with emphasis on studio and control room techniques.

COMS 127. Producing and Directing for Television. 3 Units
Prerequisite(s): COMS 20A, COMS 20B, COMS 27A, COMS 27B, each with a grade of "B-" or better.
Term Typically Offered: Fall, Spring
Continued exploration of the digital filmmaking process through lecture, lab, and practical application. Project-based learning emphasizes working as a crew and the three distinct stages of production: prep, production, and post. Students write, produce, direct and edit original content to bring projects to fruition. Cross-listed: FILM 128.

COMS 128. Intermediate Production. 3 Units
Prerequisite(s): FILM/COMS 20AB with a grade of "C" or better. FILM/COMS 27AB with a grade of "C" or better.
Term Typically Offered: Fall, Spring
Management and administration of the preproduction and production process. Course to include script breakdown, budgeting, scheduling and other preproduction and production management skills needed for film or video production. Special attention on the history, development and current practices of the Production Manager.
Cross listed: FILM 129.

COMS 130. Staging and Lighting Digital Video. 3 Units
Prerequisite(s): COMS 20A, COMS 20B, COMS 27A, COMS 27B, each with a grade of B- or better.
Term Typically Offered: Fall, Spring
Introduction to the aesthetics, concepts and techniques used to control lighting in digital video productions. Aspects of staging, blocking and composition in the context of studio and location lighting.
Note: Students enrolled are required to work on productions outside of scheduled class time (1-3 hours/week). Cross listed: FILM 130.
COMS 133. The Documentary Film. 3 Units
Term Typically Offered: Fall, Spring
Examines the historical, development, and present state of documentary film. Emphasis is on both understanding and critically analyzing the significance of various genres of the documentary and its uses as a tool for information, proselytizing, education, and propaganda.

COMS 136. Introduction to Electronic Publishing. 3 Units
Prerequisite(s): COMS 26 or instructor permission.
Term Typically Offered: Fall, Spring
Design and production of information sites for the World Wide Web. Concepts covered include market analysis, cognitive design, layout, navigation, interactive strategies, site management, and multimedia components for electronic distribution systems. Introduction to object oriented programs and XHTML text editors.

COMS 140. Online Collaboration. 3 Units
Term Typically Offered: Fall, Spring
Students learn to communicate in virtual environments in real-time and asynchronously. Students survey current technologies for collaboration, explore psychological and cultural aspects of individuals working and communicating in teams across computer networks, and identify strategies to foster cooperatives in distributed work.

COMS 141. Theory of Film and Video Editing. 3 Units
Prerequisite(s): COMS/FILM 27A and COMS/FILM 27B with final posted grade of C or better.
Term Typically Offered: Fall, Spring
Study of history and theory of film and video editing. Many films are viewed and discussed, examining how editing theory is put into practice. Cross listed: FILM 141.

COMS 142. Film As Communication. 3 Units
Term Typically Offered: Fall only
Explores the uses of film as a tool of communication.

COMS 143. Theories of Interpersonal Communication. 3 Units
Prerequisite(s): COMS 8 or equivalent; COMS 100A may be taken concurrently.
Term Typically Offered: Fall, Spring, Summer
One-to-one communication between individuals in both social and task settings. Theories of communication during the growth and decay of relationships, as well as research on the forces behind relational dynamics. Topics include nonverbal communication, self concept, communication of self, theories of conflict resolution, communication competence and the rhetoric of disconfirmation.

COMS 144. Developing Rich Media Websites. 3 Units
Prerequisite(s): COMS 27A, and COMS 27B.
Term Typically Offered: Fall, Spring
An introduction to the creation of multimedia websites using current multimedia development software such as Flash. Emphasis will be placed on creating interactive video and formatting video programs for delivery over the WWW, extranets, or intranet.

COMS 145. Organizational Communication. 3 Units
Prerequisite(s): COMS 100A.
Term Typically Offered: Fall, Spring, Summer
Basic concepts of interpersonal and inter-group communication within formal and informal social organizations. Current techniques of auditing and evaluating organizational communication.

COMS 149. Multimedia Authoring. 3 Units
Prerequisite(s): COMS 106, COMS 126.
Term Typically Offered: Fall, Spring
Basic multimedia authoring theory and skills. Text, graphics, audio, and video are synchronized into interactive media. Topics include 2D animation, interface design, and fundamentals of scripting language.

COMS 150. Mass Communication Theories and Effects. 3 Units
Prerequisite(s): COMS 55 or JOUR 55 or equivalent; and COMS 100A which may be taken concurrently.
Term Typically Offered: Fall, Spring, Summer
Survey of the major theories dealing with the relationship between the mass media and human communication behavior. Examination of research into the social, political, economic and cultural effects of mass communication.

COMS 152. Freedom Of Speech. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Thorough introduction to issues related to freedom of speech and censorship, sections of the historical origins of free speech, seditious speech, libel and slander, pornography and obscenity, commercial speech and advertising, symbolic speech and hate speech. The class brings a communication focus to addressing issues related to the First Amendment.

COMS 153. Journalism Law and Ethics. 3 Units
Term Typically Offered: Fall, Spring
Laws and regulations that govern print, broadcast, and the electronic mass media in the U.S. Discusses the process by which laws and regulations are enacted and interpreted as well as legal and regulatory issues concerned with the content, control, political role and responsibilities of media practitioners, regulators, Congress, and the public.
Cross listed: JOUR 153

COMS 154. Instructional Design and Training. 3 Units
Term Typically Offered: Fall, Spring
Communication theory and practice in organizational training. Surveys instructional communication theory and the instructional design process. Focus on effective communication in training contexts. Topics include needs assessment, training design, training evaluation and training delivery via electronic media.

COMS 155. Survey of World Cinema. 3 Units
Term Typically Offered: Fall, Spring
A historical review of the development of major international film styles and themes. Concepts derived from this study of international film are then used as a basis to analyze contemporary films of India, Asia, and Africa. Emphasis is on both the development of formal film technique and a comparison of the unique cultural values that shape the film narrative and style.
COMS 157. Video Art.  3 Units
Prerequisite(s): ART 97 or COMS 27A/Film 27A and COMS 27B/Film 27B.  Term Typically Offered: Fall, Spring

The creation and analysis of video artwork; including techniques of video production, post-production manipulation and critique, within the context of art and communication. The techniques and theory of producing and editing video will serve as a foundation for the pursuit of individual, creative projects. Cross-listed as ART 147; only one may be counted for credit.

COMS 158. Public Relations Planning and Management.  3 Units
Prerequisite(s): COMS 118 and COMS 123 or JOUR 123 with grade of "C-" or better.  Term Typically Offered: Fall, Spring

Theoretical concepts to the solution of problems for pre-selected non-profit and campus clients by forming small group PR agencies; completing needs assessments; profiling target and secondary audiences; developing and implementing a strategic public relations plan; producing targeted messages for media kits and other uses; developing and evaluating formative and summative evaluation plans; and making formal in-class presentations to peers, clients and invited PR professionals. Students will also learn how to negotiate contracts, maintain client relations, track work on projects and develop timelines and budgets. Cross Listed: JOUR 158; only one may be counted for credit.

COMS 160. Political Communication.  3 Units  Term Typically Offered: Fall only

Analyzes the relationship between mass media and political decision-making, including a structural analysis of political and media institutions. Particular attention on the formation of public opinion through messages and strategies, and the impact of public opinion on public policy.

COMS 161. Health Communication.  3 Units  Term Typically Offered: Fall, Spring

Communication principles and techniques as they apply to the many facets of health care, health education and promotion, and research in health communication. Emphasis on understanding and improving communication among health professionals, and between health professionals and clients. Explores the rapidly emerging field of health communication. Selected concepts and theories of human communication are directly applied to communication problems and situations in health care settings through the use of case studies. In addition, pertinent research that helps explain human interaction in health care is incorporated through readings and discussions.

COMS 162. Gender Ideology and Communication.  3 Units
Prerequisite(s): COMS 100A  Term Typically Offered: Fall, Spring

Scholarly, theoretical and critical writings on the production and circulation of gender roles, images, and gender-types attributes through communication, with a special focus on mass-mediated communication such as television, video, and film.

COMS 163. Propaganda, Power, & Manipulation.  3 Units  Term Typically Offered: Fall, Spring

This course will map major moments in the development of power and propaganda as a communication apparatus, identify the discursive and media presentations of ideologies, and engage in struggles for control and resistance. Twentieth century propaganda sought to advance nationalism, advertise consumer society, and enact war. The 21st century ¿clash of civilizations¿ couples media and events into circulation of acts of terror. With post-modern social media, novel interactions among communication apparatus, norms, and global entities generate new threats and opportunities.

COMS 164. Visual Communication.  3 Units
Prerequisite(s): COMS 100A and 100B or equivalent, with a grade of C- or better.  Term Typically Offered: Fall, Spring, Summer

Comprehensive overview of the theoretical concepts and communication methodologies appropriate for analysis of contemporary visual messages. Focuses on rhetorical analysis of visual messages. Significant research and critical writing required.

COMS 165. Communication and Religion.  3 Units  Term Typically Offered: Fall, Spring, Summer

Examines the history, development and present state of religious communication. Discussion of the limits and challenges communication theories face when confronted with situations requiring them to describe the indescribable. Emphasis upon the communication methods in a religious context as well as the communication strategies, limits, and possibilities that are revealed in what is arguably the most extreme of communication situations: the intersection of religion and words.

COMS 166. Theories of Persuasion and Attitude Change.  3 Units  Term Typically Offered: Fall, Spring

Various theories of persuasion and attitude change, both classical and empirical, in terms of their effectiveness and social impact. Includes units on production and consumption of persuasive messages.

COMS 167. Systems and Theories of Rhetoric.  3 Units
Prerequisite(s): COMS 100B or equivalent with a grade of "C-" or better.  Term Typically Offered: Fall, Spring, Summer

Historical survey of theories of rhetoric. Comparison/contrast of scope and value of rhetorical theories. Practice in critical writing.

COMS 168. Approaches to Rhetorical Criticism.  3 Units
Prerequisite(s): COMS 100B or equivalent with a grade of "C-" or better.  Term Typically Offered: Fall, Spring, Summer

Analyzes rhetorical events, using a variety of critical perspectives. Current issues on criticism's function and the critic's role. Practice in critical writing.

COMS 169. Television Criticism.  3 Units
Prerequisite(s): COMS 100B with a grade of C- or better; completion of 12 units of upper division COMS courses; or unclassified graduate student status; or instructor permission.  Term Typically Offered: Fall, Spring, Summer

Introduction to television criticism theory and to various critical methods with which television program texts may be analyzed. Current theoretical and critical issues in the function of criticism and the role of the critic are addressed through readings, writing assignments, screenings and discussion.
COMS 170. Data Analysis in Communication Research. 3 Units
Prerequisite(s): COMS 100C or equivalent with a grade of "C-" or better; or instructor permission.
Term Typically Offered: Fall, Spring, Summer
Introduction to the application of data analysis to the study of communication processes.

COMS 171. Survey Methods in Communication Research. 3 Units
Prerequisite(s): COMS 100C or equivalent with a grade of "C-" or better; or instructor permission.
Term Typically Offered: Fall, Spring, Summer
Techniques of survey research in communication, including sampling, questionnaire construction, interviewing, data analysis, and report writing. Each student designs and executes a research project.

COMS 172. Content Analysis. 3 Units
Prerequisite(s): COMS 100C or equivalent with a grade of "C-" or better; or instructor permission.
Term Typically Offered: Fall, Spring
Content analysis as a research technique in communication. Emphasizes design and execution of content analysis studies in a wide range of communication situations. Each student completes several short studies and a major project.

COMS 172A. Qualitative Research Methods in Communication. 3 Units
Prerequisite(s): COMS 100B, or instructor permission.
Term Typically Offered: Fall, Spring
Focuses on qualitative research methods as one methodological option to use in scholarly research. Emphasizes the design and execution of a qualitative research project using tools such as interviewing, focus groups, and observational methods. Each student designs and completes a research project.

COMS 173. Communication, Language and Culture. 3 Units
Prerequisite(s): COMS 100A.
Term Typically Offered: Spring only
Cross-cultural exploration of communication and social interaction; relationship between language and society; cross-cultural implications of values embodied in message production, transmission, and interpretation; studies of how language influences perception and organization of social reality; linguistics, information and message transmission.
Note: Restricted to junior and above or instructor permission.

COMS 174. International Communication. 3 Units
Prerequisite(s): COMS 100A.
Term Typically Offered: Fall, Spring, Summer
Movement of mediated messages across and between national boundaries. Topics include news and entertainment flow, media systems and philosophies, cultural dependency and imperialism, the new world information order and communication development.

COMS 175. Creative Problem Solving. 3 Units
Term Typically Offered: Fall, Spring
Creative problem solving techniques for use by individuals and groups. Topics include the nature of creative problem solving, barriers to creativity, clear problem definition, idea generation, decision making, group dynamics in creative situations, implementation of changes, and overcoming resistance to change.

COMS 176. Communication and Terrorism. 3 Units
Prerequisite(s): COMS 100A or instructor permission
Term Typically Offered: Spring only
This course addresses the communication aspects of terrorism, including both the ways terrorism has been used to make political and religious statements worldwide; how the media cover those messages; and how we talk about those messages and the coverage they receive. The course draws on the cutting-edge communication research from international/intercultural, political, mass communication, and computer-mediated communication sources. This is a course in the communication of terrorism. It is neither a course in the political science of terrorism nor in the criminal justice enforcement of counter-terrorism.

COMS 177. Virtual Communities on the Internet. 3 Units
Term Typically Offered: Fall, Spring
The nature of communication in virtual communities on the Internet and the impact that these communities have on traditional communication media. Topics include: the interaction of real and cyber communities, self-publishing, educational uses of virtual communities, virtual self-governance, artificial intelligent agents, and the issues of security, privacy, and anonymity. Students will participate in structured on-line activities.

COMS 178. Media, Sports, and Society. 3 Units
Term Typically Offered: Spring only
Examines and critiques the relationship between the mass media and sports. Reviews theoretical approaches for studying media and sports (including historical, sociological, psychological, political, and cultural studies perspectives), then examines how sport is mediated through literature, print journalism, radio, and television.

COMS 179. Senior Seminar in Organizational Communication. 3 Units
Prerequisite(s): COMS 145; completion of 12 units of upper division COMS courses including COMS 100A.
Term Typically Offered: Fall, Spring, Summer
Seminar on communication theories, techniques and research methodologies in the field of social and governmental organizational systems.

COMS 180. Senior Seminar in Small Group Communication. 3 Units
Prerequisite(s): COMS 105; completion of 12 units of upper division COMS courses including COMS 100A.
Term Typically Offered: Fall, Spring, Summer
Seminar on the ways theories of group communication are realized in actual social settings.

COMS 181. Senior Seminar in Interpersonal Communication. 3 Units
Prerequisite(s): COMS 8, COMS 143, and completion of 12 units of upper division COMS courses including COMS 100A.
Term Typically Offered: Fall, Spring, Summer
Seminar on advanced theories of interpersonal communication. Sample topics include relational development, relational termination, communication and interpersonal attraction, and communication competence. Students present one in-class report and complete a major research paper.
COMS 183. Senior Seminar in Media Issues and Ethics. 3 Units
Prerequisite(s): COMS 55 or JOUR 55; COMS 150; completion of 12 units of upper division COMS courses including COMS 100A.
Term Typically Offered: Fall, Spring
Seminar on the functions and roles of communication media in contemporary society. Includes issues and ethical considerations associated with freedom, responsibility and control examined from the points of view of the media, the government and the public. Specific topics will vary.

COMS 184. Social Media and Public Relations. 3 Units
Prerequisite(s): COMS 118 Survey of Public Relations
Term Typically Offered: Fall, Spring
Examine and apply public relations principles and strategies to research, plan, execute, and evaluate social media management on different platforms. Through discussion, simulation projects, and certificate education, students explore brand communication strategies with different social media tools, social media policy, influencer marketing, employee advocacy, crisis social media, and social media measurement.

COMS 184B. Multimedia Project Completion. 3 Units
Prerequisite(s): Instructor permission.
Corequisite(s): COMS 184A.
Term Typically Offered: Fall, Spring
Second of a two-semester senior project sequence. Students complete the project designed in COMS 184A. Projects are completed with assistance and feedback from the instructor, client, and working professionals.

COMS 185. Senior Practicum in Video Production. 3 Units
Prerequisite(s): COMS/FILM 124 with a final posted grade of C or better; COMS/FILM 128 with a final posted grade of C or better.
Term Typically Offered: Fall, Spring
Assignments in various phases of video production including creative use of camera, sound and lighting, editing production design, production planning and management, and directing and producing. Students in first semester function as crew members for productions.
Note: May be repeated once for credit. Repeating students are expected to produce and direct a major student project. Cross listed: FILM 185.

COMS 186. Seminar in Health Communication. 3 Units
Term Typically Offered: Fall, Spring
Examines how health messages impact individuals, communities, and mass audiences. Critiques health communication research, raises awareness about health-related messages in our daily lives, applies theories of health communication, and critically analyzes how the creation, sending, and reception of health messages impacts society. Sample topics include doctor-patient communication, cross-cultural communication about health, and mass media effects of health-related images in media.

COMS 187. Issue Management and Case Studies in Public Relations. 3 Units
Prerequisite(s): COMS 118; completion of 12 units of upper division COMS courses.
Term Typically Offered: Fall, Spring
Examines the management of issues in the public and private sectors including knowledge and skills in the communication activities and thinking processes that affect an issue's development. Uses case studies of organizations--governmental agencies, businesses, and not-for-profit entities to assess issue development and management by examining the fundamental questions confronting organizations: What should the particular organization do and how should it do it? Examines criteria for selecting among alternative options, and the relation of the organization to its environment. Explores the broader social, legal, and ethical implications of the organization's activities.

COMS 188. Senior Seminar in Intercultural Communication. 3 Units
Prerequisite(s): COMS 116; completion of 12 units of upper division COMS courses including COMS 100A.
Term Typically Offered: Fall, Spring, Summer
Critically examines and analyzes complex dynamics and concepts in communication and culture in a pluralistic society. Also relates various perspectives on intercultural communication theories and methods to an analysis of social interaction processes among culturally diverse groups. An interactive dimension includes problem-solving strategies.

COMS 189. Practicum in Communication Training. 3 Units
Prerequisite(s): COMS 145 and COMS 154 or instructor permission.
Term Typically Offered: Spring only
Students work in groups to complete organizational training projects within community organizations. After assessing the organization's needs, students design, conduct and evaluate training. Advanced readings and professional competencies are emphasized.

COMS 190. Human Communication on the Internet. 3 Units
Term Typically Offered: Fall only
Provides an in-depth study of communication models that summarize and explain the interaction of humans in electronic environments, especially the Internet. Students locate, organize, analyze, an synthesize the latest research in online communication and make connection between theoretical models and their own experiences.

COMS 191. New Media and Society. 3 Units
Term Typically Offered: Fall, Spring, Summer
The course examines contemporary social, cultural, political and economic topics regarding the adoption of digital media and the Internet. Students understand their role as citizens of a global knowledge-based society and the ethical dimensions brought by the new computer-enabled media environment.

COMS 192. Senior Seminar in Film. 3 Units
Prerequisite(s): Completion of the Film Studies upper and lower division core or COMS 142, and (GWAR Certification before Fall 09, or WPJ score of 80+, or at least a C- in ENGL 109M or ENGL 109W).
Term Typically Offered: Spring only
Research seminar that provides an in-depth investigation of film as an art form, a medium of mass communication and a means of personal expression. Subject will vary according to instructor. Cross listed: FILM 192.
COMS 194. Communication Studies - Related Work Experience. 3 - 6 Units

Prerequisite(s): Open only to upper division or graduate students with appropriate course preparation. Units may not be used to meet COMS major, minor or graduate course work requirements. Consent of Communication Studies Department faculty advisor required. No more than 12 units may be counted toward the degree.

Term Typically Offered: Fall, Spring

Supervised employment in a company or agency working on communication studies-related assignments, arranged through the Department of Communication Studies and the Cooperative Education Program office. Requires preparation of application packet, completion of a 6 month full-time or part-time work assignment, and a written report. Credit/No Credit

COMS 195. Internship in Communication Studies. 1 - 6 Units

Prerequisite(s): COMS 100A, minimum 2.3 overall GPA.

Corequisite(s): COMS 100A.

Term Typically Offered: Summer only

Directed work experience in the internship program. Supervision is provided by both instructional staff and the cooperating agency. Faculty approval required. Credit/No Credit

COMS 196R. Latin American Rhetoric. 3 Units

Prerequisite(s): COMS 100B

Term Typically Offered: Fall, Spring

This course combines historical and rhetorical perspectives to examine the development of Latin American public culture. Studying different types of public discourse that combine intellectual sophistication with literary merit (including speeches, essays, poetry, and art), will illuminate how a unique public culture developed in Latin America, born from the roots of European and indigenous traditions. As we analyze these texts, we will examine what contributions their authors make to the field of rhetoric and rhetorical theory.

COMS 199. Special Problems. 1 - 3 Units

Prerequisite(s): COMS 100A.

Term Typically Offered: Fall, Spring

Individual projects or directed reading open to students who wish to attempt independent work. Faculty approval required. Credit/No Credit

COMS 200A. Intro To Graduate Studies--Disciplinary History and Conventions. 1 Unit

Term Typically Offered: Fall only

This course introduces students to graduate-level research in Communication Studies, acquainting students with the discipline generally, and the CSUS Department of Communication Studies specifically. During this course, students will learn the: culture and expectations of graduate study, areas of inquiry in the discipline, sources for advanced research (including journals and databases, etc.), and conventions such as academic writing. Students will also learn about disciplinary structures, requirements for various degrees, types of academic/scholarly organizations, and venues for showcasing research.

Note: Required; COMS 200A and 200B can be taken in any order, and must be completed in the first two semesters of graduate study.

COMS 200B. Intro To Graduate Studies--Paradigm and Methods. 1 Unit

Term Typically Offered: Spring only

This course is an introduction and orientation to advanced research in Communication Studies, specifically focused on disciplinary paradigms and research methods. During this course, students will gain familiarity with the: culture and expectations of graduate study, various paradigms that underpin communication research, and the numerous methods used to research communication across various contexts, including qualitative, quantitative, critical. Students consider ways to successfully integrate into the communication discipline through a variety of class discussions, readings, and activities.

Note: Required; COMS 200A and 200B can be taken in any order, and must be completed in the first two semesters of graduate study.

COMS 201. Communication Theory. 3 Units

Term Typically Offered: Fall, Spring

This course critically examines the theoretical and paradigmatic foundations of the communication discipline. Students will learn the role of theory in research, and analyze general theories of communication and specific theories of rhetoric, symbolic interaction, information processing, interpersonal communication, small group communication, persuasion, organizational communication, and mass communication. Students practice analyzing, synthesizing, and contrasting relevant bodies of literature and theory. Must be taken within first two semesters of graduate enrollment.

Note: Graduate standing or instructor permission required; Graduate Writing Intensive

COMS 202. Quantitative Research Methods in Communication Studies. 3 Units

Prerequisite(s): Graduate student status or instructor permission.

Term Typically Offered: Fall, Spring

Introduction to advanced quantitative research methods. Students will demonstrate their ability to apply at least one research perspective to a significant topic of interest in the discipline. Students are expected to produce a well-crafted research proposal as part of a culminating experience.

COMS 203. Qualitative Research Methods in Communication Studies. 3 Units

Term Typically Offered: Fall, Spring

Introduction to advanced qualitative research methods. Students will critically review and analyze qualitative research, learn how to collect and analyze qualitative data, complete a qualitative research project about communication phenomena, and respond to the research projects of peers.

COMS 204. Rhetorical Criticism. 3 Units

Term Typically Offered: Fall, Spring

Intensive examination of the methods used by rhetorical critics to define, explicate, and understand both how meaning occurs in texts as well as the scope and mechanisms of meaning that influence public life. A major critical paper is prepared by each student.

</table>
COMS 221. Instructional Communication Theory. 3 Units
Term Typically Offered: Fall, Spring
Survey of dominant theories of instructional communication. Students read, study and critique prevailing bodies of literature which have a bearing on the study and practice of instructional communication. Theories are used to help students reflect on their own experiences as teachers and students and to generate new ideas for research in instructional communication.

COMS 222. Instructional Communication Practicum. 3 Units
Term Typically Offered: Fall, Spring
Examination of communication theory and research in instructional or training contexts. Designed for beginning teachers or organizational trainers. Centers on those communication principles which contribute to greater student/client learning and satisfaction. Emphasis on the development and implementation of instructional communication packages for adult learners.

COMS 228. Corporate Advocacy and Public Policy. 3 Units
Term Typically Offered: Fall, Spring
Explores “corporate advocacy” as a kind of rhetorical, persuasive transaction between Corporate America and those in its environment. Seeks to understand corporate America’s role in the “policy process” (broadly defined), by analyzing the constituted authority for policy formation, the actual institutions involved in such formation, the interaction between/among these centers of power, the difference between authority and influence between/among these centers of power and influence, and how corporate America uses rhetorical messages to enhance various goals.

COMS 230. Computer-Mediated Communication. 3 Units
Term Typically Offered: Fall, Spring
Instruction and analysis of human and social Computer-Mediated Communications. Covers from how digital media affects representation and narrative to research on current uses of the Internet and the theoretical frameworks applied to summarize it. Includes a component of Computer Literacy that will help students understand Computer-Mediated Communication and use online collaborative tools efficiently. No previous computer knowledge is required.

COMS 285. Colloquium for Teaching Communication Studies. 1 Unit
Term Typically Offered: Fall, Spring
This colloquium is designed to facilitate the development, refinement, and maintenance of effective pedagogical methods and strategies for teaching communication studies courses. Strongly encouraged for student teachers across all disciplines.
Note: May be repeated up to three times with permission of instructor.

COMS 295. Apprenticeship in Communication Studies. 1 - 3 Units
Term Typically Offered: Fall, Spring
Directed experience in research or teaching using an apprenticeship model. Students will work with faculty members to assist with teaching or research. Faculty and Graduate Committee approval required prior to enrollment.
Note: Faculty and Graduate Committee approval required prior to enrollment.
Credit/No Credit

COMS 296A. Communication Research Methods. 1 Unit
Term Typically Offered: Fall, Spring
This one-unit module provides an in-depth look at a particular communication research method or data analysis technique. Content varies.
Note: 1 unit, repeatable.

COMS 296B. Communication Topics. 1 Unit
Term Typically Offered: Fall, Spring
This one-unit module provides an in-depth look at a particular communication research topic or theory. Content varies.
Note: Course may be repeated so long as the topic is different.

COMS 297. Directed Study and Comprehensive Examination. 1 - 3 Units
Prerequisite(s): Must be advanced to candidacy.
Term Typically Offered: Fall, Spring
Structured and supervised reading program for MA candidates preparing for comprehensive examinations. Should be taken after completion of all other requirements for the degree. Credit given upon successful completion of comprehensive examinations. Examining committee determines the number of units to be credited.
Note: Open to students who have been advanced to candidacy and have secured permission of the chair of their examining committee and the Graduate Coordinator.
Credit/No Credit

COMS 298. Colloquium In Communication. 3 Units
Term Typically Offered: Fall, Spring
A seminar on a communication topic of contemporary concern. Topic may change from semester to semester. May be taken for credit more than once, provided topic is not repeated.

COMS 299. Independent Study. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading open to students wishing to attempt independent work and research. Faculty and Graduate Committee approval required the semester prior to enrollment.
Credit/No Credit

COMS 500. Culminating Experience. 3 - 6 Units
Prerequisite(s): Advanced to candidacy and chair permission of his/her thesis or project committee.
Term Typically Offered: Fall, Spring
Completion of a thesis or project approved for the Master’s degree. Thesis or project prospectus committees determine the number of units to be credited.

BA in Communication Studies (General Communication)
Units Required for Major: 39
Total units required for BA: 120

Program Description
Communication Studies is a broad-based discipline concerned with the exchange of messages in interpersonal and mediated situations and with the impact of such exchanges on society. Courses focus on
understanding the communication process and developing skills to communicate effectively. The Department offers a wide range of courses in interpersonal, group, and organizational communication, rhetorical theory and criticism, public relations, mass communication, research methodologies, and digital media (video or multimedia).

This concentration is designed to:
- improve student awareness, understanding, and practice of communication in professional and social interactions;
- enhance the traditional citizenship role in the democratic process; and
- train students in communication skills in preparation for professions within the public or private sectors of the economy.

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2 Required in Major; also satisfies Graduation Requirement

3 If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). "C- or better required."
The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html

BA in Public Relations

The Public Relations degree, developed from the Commission on Public Relations Education recommendations, is designed to prepare students to assume professional entry level roles in the practice of public relations; to help students understand the integration of public relations and marketing; prepare students to compose, develop, and analyze print and broadcast messages; to help students to develop demonstrable competencies in writing, analyzing, problem-solving, and critical thinking; to provide opportunities for testing public relations theory and practice, not only in the classroom, but in the field as well; and to develop relationships with local public relations professionals as well as with community organizations.

The PR degree at Sacramento State emphasizes research, writing and editing focused on the theories and methods for managing the media image of a business, organization, or individual. The program builds understanding of the communication process with stakeholders, constituencies, audiences, and the general public to prepare individuals to function as public relations assistants, technicians, and managers. Upon completion of the program, graduates are prepared to enter a variety of public relations careers in media relations; promotion and advertising; marketing; message/image design; image management and crisis communication; special event management; community relations; public affairs/government relations; and internal communications.

Students gain extra-curricular experiences via a robust internship program involving dozens of public and private companies and organizations across California and the nation, as well as via involvement in a large, active and award-winning Public Relations Student Society of American (PRSSA) chapter.

Prior to acceptance as a Communication Studies major, students must complete a pre-major consisting of all required lower division courses plus the upper division survey course (COMS 100A) and upper division research methodology course (COMS 100C). Students must successfully complete each pre-major course with a grade of "C-" or better. Students with a Sacramento State grade point average of 2.3 or better may request early admission to the major.

- Majors must complete each core course and each option core course with a grade of "C-" or better.
- Not more than 6 units of debate, internship and/or individual study (see the following) can be applied to the major requirements.
- Majors are urged to take COMS 2 (https://catalog.csus.edu/search/?P=COMS%202), Argumentation (or transfer equivalent) to fulfill their critical thinking requirement.
- Communication Studies courses may only be repeated once for a grade change. Students who fail to achieve at least a "C-" in two attempts in a core course will be disqualified in majoring in Communication Studies.
- One project or paper from each capstone course will be reviewed by selected faculty for the purpose of departmental assessment.

MA in Communication Studies

Total Units required for the MA: 30

Program Description

A Master's degree can lead to doctoral or other professional education, or to advanced positions in business, public service, or government. The graduate program in Communication Studies is guided by two interrelated goals. First, that each student has the opportunity to study and conduct original communication research consistent with individual interests and abilities. Second, each student develops and follows a coherent, rigorous plan of study within the field of communication. Accordingly, a structured advising procedure has been established in the Department to help accomplish these two goals (see "The Graduate Document," available from the Department, for details). As an integral part of a plan of study, each student will designate a series of courses to be completed for their degree with the assistance of their advisor and the approval of the Graduate Committee. A statement outlining the logic of the chosen courses will be required and will be reviewed by the Graduate Committee. Areas of faculty expertise include (but are not limited to):

- Mediated Communication
- Organizational Communication
- Instructional Communication
- Rhetoric and Criticism
- Political Communication
- Intercultural/International Communication
- Relational Communication

As mentioned above, this program, culminating in the Master of Arts in Communication Studies, is designed for the student who subsequently will pursue a doctoral degree or a professional career. The program is NOT designed for students who wish to train in production or presentational skills which are taught at the undergraduate level in the Sacramento State Communication Studies Department.

Admission Requirements

Admission as a classified graduate student in Communication Studies is based on the assessment of individual credentials by the Graduate Committee, but requires at least:

- a 3.0 overall GPA or 3.25 GPA in the last 60 units completed;
- a grade of "B-" or better in a methods course such as qualitative, quantitative, or rhetorical methods. Prospective students can still apply without methods training, but may be asked to take an advanced undergraduate methods course prior to enrolling in graduate level methods.
- a clearly written statement of purpose for pursuing this particular MA degree. This statement is part of the application to the graduate program and should explain the applicant's career and academic goals, specifying how the program will help to accomplish these...
goals, and explaining the applicant's motivation for pursuing those goals;
- a clearly written personal statement reflecting why the applicant wishes to pursue graduate education and how they have prepared, as well as any personal contextual factors that would help the graduate committee assess the application package;
- three letters of recommendation indicating the applicant's abilities and potential for completing graduate work successfully. These letters should assess at least the student's abilities to perform well in academic courses; to conduct research independently; to express ideas well in writing and orally; and to think critically, analytically, and creatively;
- an online intake form available on the department website that includes a short Analytic Essay allowing applicants to demonstrate their ability to analyze a communication problem and craft an argument;
- at least one substantive example of writing that indicates research, analytical, and/or creative abilities;
- an earned baccalaureate degree, and
- (Optional) Graduate Record Exam (GRE) verbal, quantitative, and analytical scores.

**Admission Procedures**

Applicants are strongly encouraged to apply several months prior to the semester first enrollment is sought and to consult the program website (https://www.csus.edu/college/arts-letters/communication-studies/graduate-study-communications.html) for detailed instructions on the above materials. All application materials must be received before any evaluation begins. Applicants must complete a separate university application by the posted application deadline date for the term applying. For more admissions information and application deadlines, please visit http://www.csus.edu/gradstudies/:

- an online application for admission; and
- one set of official transcripts from all colleges and universities attended, other than Sacramento State.

A decision regarding admission will be mailed to the applicant.

**Minimum Units and Grade Requirement for the Degree**

Units required for the MA: 30

Minimum cumulative GPA: 3.0. No course with a grade lower than "B-" may apply towards the degree

**Advancement to Candidacy**

Near the completion of coursework each student must submit an Advancement to Candidacy form, with their major advisor and graduate coordinator's approval, to the Office of Graduate Studies. This procedure may begin upon satisfactory completion of the following:

- all deficiencies in admission requirements removed;
- all undergraduate course deficiencies, as noted as conditions on application response;
- the following with a grade "B-" or better;

- at least 50 percent of coursework toward the degree; and
- taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento.

At least 18 units must be 200-level courses. Students may take up to 6 units of courses numbered 150-198 (excluding 195), out-of-department, or independent study (COMS 295/299) courses to complete degree requirements. However, no more than 3 units of COMS courses numbered 150-198 (excluding 195) may count toward the minimum 30-unit requirement. Additionally, students may take up to 4 variable content 1-unit modules (e.g., COMS 296A, COMS 296B, COMS 285) to count toward the minimum 30-unit requirement. By University policy, courses completed to satisfy deficiencies or admission requirements are not counted toward the MA degree.

By University policy, courses completed to satisfy deficiencies or admission requirements are not counted toward the MA degree.

**Culminating Requirement**

Select one of the following:

- COMS 297 Directed Study and Comprehensive Examination (Plan C: Exam) 3
- COMS 500 Culminating Experience (Plan A: Thesis, Plan B: Projects) 2

**Total Units**

30
Select between 16 and 19 units of graduate courses with the assistance of your advisor. Be certain these Major Courses contain a specific focus or area of concentration that can be described and explained to the Graduate Committee. Courses may be grouped into a Major and Minor area of concentration if desired. Up to six units may be taken in a related department or accomplished via independent study (COMS 295/COMS 299), with advisor and Graduate Committee approval. 3 units of COMS undergraduate courses (150-199, excluding 195) may count toward the degree, with advisor and Graduate Committee approval. Additionally, students may take up to 4 variable content 1-unit modules (e.g., COMS 296A, COMS 296B, COMS 285) to count toward the minimum 30-unit requirement.

For students completing Plan A or B, no more than a total of 3 units of COMS 295 or COMS 299 may be applied to the 30-unit MA requirement. For students completing Plan C, this limit is increased to 6 units. Graduate Committee approval is required in the semester prior to enrollment for these units.

**Minor in Communication Studies**

**Total units required for Minor: 18, 12 of which must be upper division**

**Program Description**

Communication Studies is a broad-based discipline concerned with the exchange of messages in interpersonal and mediated situations and with the impact of such exchanges on society. Courses focus on understanding the communication process and developing skills to communicate effectively. The Department offers a wide range of courses in interpersonal, group, and organizational communication, rhetorical theory and criticism, public relations, mass communication and research methodologies.

**Notes:**

- Minor programs must be approved by a Department advisor.
- All 18 units in the Minor program must be Communication Studies courses.

**Film**

**Department of Communication Studies**

**Program Description**

The Film Program offers interdisciplinary coursework in the areas of film production, history, theory, criticism, and writing. The Film major aims at developing a deeper understanding of the art and practice of film, its complex components, and the artists whose vision have inspired generations of filmmakers. All students are required to take a common core that provides a foundation for film criticism and production. After completing the core, students select either the film studies or film production track. Students are supervised by the Film Coordinator.

**Degree Programs**

BA in Film (Digital Film/Video Production) (p. 169)
BA in Film (Film Studies) (p. 170)
Minor in Film Studies (p. 172)

**Career Possibilities**

Videographer · Cinematographer · Production Coordinator · Production Assistant · Lighting Designer · Gaffer · Grip · Film/Video Director · Production Sound Mixer · Sound Editor · Screenwriter · Script Supervisor · Video Editor · Effects Editor · Independent Filmmaker · Film Critic

FILM 20A. Audio Production. 2 Units
Corequisite(s): FILM 20B.
Term Typically Offered: Fall, Spring
Introduction to the theory and practice of audio production in radio, television, film and recording applications.
Cross-listed: COMS 20A.

FILM 20B. Audio Production Lab. 1 Unit
Corequisite(s): FILM 20A.
Term Typically Offered: Fall, Spring
Experience in audio console operation, microphone selection and use, and audio recording in radio, television, film and recording applications.
Cross-listed: COMS 20B.

FILM 27A. Digital Film/Video Production. 2 Units
Corequisite(s): FILM 27B.
Term Typically Offered: Fall, Spring
Introduction to the techniques and aesthetics of digital film making. The course covers camera technique and cinematography.
Cross-listed: COMS 27A.

FILM 27B. Digital Film/Video Production Lab. 1 Unit
Corequisite(s): FILM 27A.
Term Typically Offered: Fall, Spring
Introduction to the techniques and aesthetics of digital film making. The course covers camera angles, basic lighting, framing, and non-linear editing techniques.
Cross-listed: COMS 27B.

FILM 97. Introduction to Film Studies. 3 Units
Term Typically Offered: Fall, Spring
Examines cinematic techniques, styles, vocabulary, and discourses. Introduces different ways for writing about films and for working with a variety of cinematic terms. Film form and style will be studied by examining specific scenes in films from different genres, nations, and directors. Film used throughout the course will be selected from different historical periods.
Cross-listed: ENGL 97.

FILM 98. Introduction to Film Discourse and Analysis. 4 Units
Term Typically Offered: Fall, Spring
An introduction to cinematic vocabulary, film history, and film analysis. Through this introduction, students will learn how to write about and analyze film. The course prepares students for upper division work in film studies and cultural analysis. The course includes a significant research and/or creative project.
Cross-listed: ENGL 98

FILM 105. Film Theory and Criticism. 4 Units
Term Typically Offered: Fall, Spring
Survey of film theory focusing on Auteurism, Class, Expressionism, Formalism, Genre, Gender, Narratology, Neorealism, Phenomenology, Post-Structuralism, Psychoanalysis, Realism, Semiology, Structuralism, and Third Cinema.
Cross-listed: ENGL 105.

FILM 121. Media Aesthetics. 3 Units
Term Typically Offered: Fall, Spring
Overview and analysis of the primary aesthetic tools used to create messages in video and film. The basic properties of light, color, area, space, shape, sound, time and motion are defined and discussed as they relate to media production. Introduces students to the concepts and vocabulary necessary for effectively conceiving, producing or criticizing mediated messages. Designed primarily for students with interest in digital media. Provides a foundation for students working in media criticism.
Cross-listed: COMS 121.

FILM 124. Writing Scripts for Film/Video. 3 Units
Prerequisite(s): ENGL 1A and ENGL 20.
Term Typically Offered: Fall, Spring
Developing narratives, documentaries, educational, promotional, and experimental short screenplays. Students are expected to develop a writing style and master screenwriting and audio/visual scripting formats. Scripts will be developed to be produced in advanced production courses: COMS/FILM 128 and COMS/FILM 185.
Cross-listed: COMS 124.
FILM 124F. Avant-Garde Film. 3 Units
Prerequisite(s): ENGL 97 or PHOT 102.
Term Typically Offered: Spring only
A survey of experimental films from the beginning of the cinema in the 1890s through today’s avant garde. The course will emphasise film making as a means of personal, artistic expression and will pay particular attention to those aspects of cinema that are typically ignored or marginalized in mainstream Hollywood movies. Films we will study include those by: Melies, Porter, Richter, Leger, Cornell, Deren, Brakhage and Gehr.
Cross-listed: INTD 124F.

FILM 128. Intermediate Production. 3 Units
Prerequisite(s): FILM/COMS 20AB with a grade of "C" or better. FILM/COMS 27AB with a grade of "C" or better.
Term Typically Offered: Fall, Spring
Continued exploration of the digital filmmaking process through lecture, lab, and practical application. Project-based learning emphasizes working as a crew and the three distinct stages of production: prep, production, and post. Students write, produce, direct and edit original content to bring projects to fruition.
Cross-listed: COMS 128.

FILM 129. Film and Video Production Management. 3 Units
Term Typically Offered: Spring only
Management and administration of the preproduction and production process. Course to include script breakdown, budgeting, scheduling, and other preproduction and production management skills needed for film and video production. Special attention on the history, development and current practices of the Production Manager.
Cross-listed: COMS 129.

FILM 130. Staging and Lighting Digital Video. 3 Units
Prerequisite(s): FILM 20A, FILM 20B, FILM 27A and FILM 27B each with a grade of "B-" or better.
Term Typically Offered: Fall, Spring
Introduction to the aesthetics, concepts and techniques used to control lighting in digital video productions. Aspects of staging, blocking and composition in the context of studio and location lighting.
Cross-listed: COMS 130.

FILM 141. Theory of Film/Video Editing. 3 Units
Prerequisite(s): COMS/FILM 27A and COMS/FILM 27B with final posted grade of C or better.
Term Typically Offered: Fall, Spring
Study of history and theory of film and video editing. Many films are viewed and discussed, examining how editing theory is put into practice.
Cross-listed: COMS 141.

FILM 155. Contemporary World Cinema. 3 Units
Term Typically Offered: Fall, Spring
A historical review of the development of major international film styles and themes. Theoretical and critical concepts derived from this study of international film and then used as the basis to analyze contemporary films of South America, Europe, India, East Asia, Africa and the Middle East. Emphasis is on both the development of formal film techniques and a comparison of the unique cultural values that shape the film narrative style.
Cross Listed: THEA 155; only one may be counted for credit.

FILM 158. Senior Practicum in Video Production. 3 Units
Prerequisite(s): COMS/FILM 124 with a final posted grade of C or better; COMS/FILM 128 with a final posted grade of C or better.
Term Typically Offered: Fall, Spring
Assignments in various phases of video production including creative use of camera, sound and lighting, editing, production design, production planning/management, and directing.
Cross-listed: COMS 185.

FILM 192. Senior Seminar in Film. 3 Units
Prerequisite(s): Completion of the Film Studies upper and lower division core or COMS 142, and (GWAR Certification before Fall 09, or WPJ score of 80+, or at least a C- in ENGL 109M or ENGL 109W).
Term Typically Offered: Spring only
Research seminar that provides an in-depth investigation of film as an art form, a medium of mass communication and a means of personal expression. Subject will vary according to instructor.
Cross-listed: COMS 192.

Journalism

Department of Communication Studies

Program Description
Sacramento State's program emphasizes research, writing and editing for interactive media, and other courses necessary to prepare students for success in media-related jobs; it also includes courses that critically examine media as an institution.

A student at Sacramento State may major either in Journalism or in Political Science-Journalism. A minor in Journalism is valuable to the student entering a career field in which journalism plays a role.

Journalism majors write The State Hornet (https://statehornet.com/), a weekly print newspaper and daily multimedia publication.

A journalism degree prepares students for a variety of careers and graduate studies. Graduates work as journalists in a diverse range of media, as public relations representatives, and as communications staff for government agencies, non-profits, and other organizations.

Degree Programs
BA in Journalism (p. 176)
BA in Political Science/Journalism (p. 175)

Minor in Journalism (p. 178)

Special Features

- The location of Sacramento State in the state's capital provides uncommon advantages for the student interested in journalism. Many students take internships with state agencies or news operations that provide both experience and opportunities unlikely to be found elsewhere.

- Sacramento State offers the only Political Science-Journalism degree program in the nation, tailored to take advantage of the Department's location at the hub of state politics. The Department has more than 100 internships available to upper-division journalism majors.

- One emphasis of the Journalism program is data reporting, a resonant and fast-growing skill valuable in news organizations nationwide.

- Journalism majors have the opportunity to take classes from both Department faculty and local journalists. The full-time faculty are practicing professionals who contribute regularly to publications on a freelance basis. Local professional journalists serve as part-time faculty and guest lecturers.

- Sacramento State students intern in the state Capitol and Washington, D.C. Many opportunities are available for Political Science-Journalism majors to do internships that meet their unique interests.

Career Possibilities
Reporter · Editor · Publisher · Public Relations Specialist · Legislative Assistant/Director · Technical Writer/Editor · Government Program Analyst · Broadcast Journalist · News Producer · Research specialist · Copywriter · Social Media Strategist · Media Entrepreneur and more.

JOUR 20.  Style For Media Writers. 1 Unit
Term Typically Offered: Fall, Spring
Intensive review of grammar, word use, spelling, and principles of clear, concise writing.
Credit/No Credit

JOUR 30.  News Writing. 3 Units
Corequisite(s): JOUR 20.
Term Typically Offered: Fall, Spring
Fundamentals of news gathering and news writing. Emphasis on language and style used in feature and news stories.
Note: Computer familiarity (MAC-OS) recommended.

JOUR 50.  Media Literacy and Critical Thinking. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring
Introduction to reasoning skills useful to the journalism major and general education student alike in interpreting and judging information, entertainment and advertising in the mass media. Emphasis on how to assess the quality of news as information, and on how to think critically about the effects of mass-produced culture.

JOUR 55.  Media Communication and Society. 3 Units
Term Typically Offered: Fall, Spring
Introduction to the basic concepts of mass communication, including the effects, uses, and functions associated with the goods and services of mass media. Examination of the ways mass media combine with other institutions to affect the organization, design, and comprehension of communication messages, as well as political thought, cultural beliefs, and economic behavior.
Cross Listed: COMS 55; only one may be counted for credit.

JOUR 116.  Data Visualization. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Spring, Summer
Instruction in visualizing datasets using charts, graphs and maps. Students will use spreadsheets to analyze data, along with software and online applications to create data visualizations. Emphasis on visualizations for business, academia and journalism.

JOUR 120.  History Of The Media. 3 Units
Prerequisite(s): COMS 55/JOUR 55 or equivalent; may be taken concurrently with prerequisite.
Term Typically Offered: Fall, Spring
Examination of development of major media of mass communication in the U.S. and how the economics, content, regulation and audience use of the media have been affected by the way the media have evolved. Current issues and trends are discussed, as well as possible future development. Cross Listed: COMS 120; only one may be counted for credit.

JOUR 123.  Writing for Public Relations. 3 Units
Prerequisite(s): JOUR 30; GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
Term Typically Offered: Fall, Spring, Summer
Organization and operation of communication media; practice in publicity and public relations techniques. Emphasis on clear writing and correct public relations formats such as releases, PSAs, articles, and speeches.
Note: Computer familiarity (MAC-OS) recommended. Cross listed: COMS 123

JOUR 125.  Multimedia Storytelling. 3 Units
Prerequisite(s): JOUR 30
Term Typically Offered: Fall, Spring
Principles and techniques of reporting and writing news for radio, television, podcasts, social media, and other emerging media platforms. Field and laboratory experience, including basic multimedia story production.

JOUR 128.  News Editing. 3 Units
Prerequisite(s): JOUR 20, JOUR 30.
Term Typically Offered: Fall, Spring
Introduction to the role of the editor in contemporary news production. Instruction in story assigning and digital editing, headline/caption writing, photo/visual selection, identifying story treatments, and web tools including search engine optimization and audience analytics. Lab sessions include story/copy editing, fact-checking exercises, headline/caption writing, photo/visual selection, analysis and application of audience metrics in story assignments, and other editorial work.

JOUR 130A.  News Reporting I. 3 Units
Prerequisite(s): JOUR 20, JOUR 30.
Corequisite(s): JOUR 130B.
Term Typically Offered: Fall, Spring
Instruction and practice in journalistic research, interviewing, and reporting skills.
Note: Computer familiarity (MAC-OS) recommended.

JOUR 130B.  News Reporting II. 3 Units
Prerequisite(s): JOUR 30.
Corequisite(s): JOUR 130A.
Term Typically Offered: Fall, Spring
Practice in covering a news beat, producing news and feature stories on a weekly basis. Instruction includes reporting on local government.
JOUR 131. Data Journalism. 3 Units
Prerequisite(s): JOUR 30; may be taken concurrently.
Term Typically Offered: Fall, Spring

Instruction and practice in finding, analyzing, visualizing and using data for journalism.

JOUR 132. Digital Magazine. 3 Units
Prerequisite(s): JOUR 30 or instructor permission.
Term Typically Offered: Fall, Spring

Conceiving, reporting, and writing feature articles for magazines in print and online. In addition to improving writing skills, students will learn how to identify freelance opportunities, pitch stories, analyze published work, and produce articles for a digital magazine published by the class.

JOUR 134. War, Peace and the Mass Media. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring, Summer

Concerned with the relationship of mass media to war and the possibilities for peace, with emphasis on recent concepts of political communication. Cross Listed: GOVT 134; only one may be counted for credit.

JOUR 135. Public Affairs Reporting. 3 Units
Prerequisite(s): JOUR 20, JOUR 30, JOUR 130A, JOUR 130B; GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Preparation and practice for covering California issues, with a focus on state government and investigative reporting techniques. Culminates with a final project.

JOUR 153. Journalism Law and Ethics. 3 Units
Term Typically Offered: Fall, Spring

Examines the laws, regulations, and ethical principles that govern print, broadcast, and electronic journalism in the U.S. The process by which laws and regulation are enacted and interpreted and the development of socially responsible journalistic practice are discussed. Cross Listed: COMS 153; only one may be counted for credit.

JOUR 158. Public Relations Planning and Management. 3 Units
Prerequisite(s): COMS 118 and JOUR 123 or COMS 123 with grade of "C-" or better.
Term Typically Offered: Fall, Spring

Application of theoretical concepts to the solution of problems for pre-selected non-profit and campus clients by forming small group PR agencies; completing needs assessments; profiling target and secondary audiences; developing and implementing a strategic public relations plan; producing targeted messages for media kits and other uses; developing and evaluating formative and summative evaluation plans; and making formal in-class presentations to peers, clients and invited PR professionals. Students will also learn how to negotiate contracts, maintain client relations, track work on projects and develop timelines and budgets. Cross Listed: COMS 158; only one may be counted for credit.

JOUR 172. Women in the Mass Media. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

Examination of women's role in the mass media, with particular emphasis on news reporting and advertising. Includes discussion of women's role in media industries. Culminates in a final project.

JOUR 175. Minorities, Social Change and the Press. 3 Units
Term Typically Offered: Fall only

Examination of the relationship between historically underrepresented groups and the news media. Provides a critical analysis and discussion of the role played by the news media in racial, cultural, and social change in the U.S. and explores how the news media can create a more pluralistic society.

JOUR 193. The Media Business. 3 Units
Term Typically Offered: Fall, Spring

Examination of business models and concepts influencing the contemporary news media industry. Study the traditional financial structures of media publications, evaluate opportunities in media entrepreneurship and develop business plans for publications.

JOUR 194. Journalism Related Work Experience. 3 - 6 Units
Term Typically Offered: Fall, Spring

Supervised employment in a company or agency working on journalism-related assignments, arranged through the Department of Communication Studies and the Cooperative Education Program office. Requires preparation of application packet, completion of a 6 month full-time or part-time work assignment, and a written report. Note: Open only to upper division or graduate students with appropriate course preparation. Units MAY NOT be used to meet the Journalism major or minor. Consent of Communication Studies Department advisor required. No more than 12 units will count toward the degree.
Credit/No Credit

JOUR 195. Internship in Journalism. 1 - 6 Units
Term Typically Offered: Fall, Spring

Directed work experience through the internship program with public agencies or with journalistic publications, organizations or agencies. Supervision is provided by both the instructional staff and the cooperating agency. Note: Student must make arrangements with the internship coordinator upon admittance to the course. Limited to Journalism majors and minors and Government-Journalism majors. No more than six units of JOUR 195 may be counted toward the Journalism major.
Credit/No Credit

JOUR 196. Experimental Offerings in Journalism. 3 Units
Term Typically Offered: Fall, Spring

One time and new classes in journalism will be scheduled as needed. 2.0 - 3.0 units

JOUR 196S. Writing for Sports Media. 3 Units
Prerequisite(s): JOUR 30.
Term Typically Offered: Fall, Spring

Fundamentals of gathering, organizing, evaluating and writing sports information in accepted professional style across news media and media relations platforms.
JOUR 197. Journalism Laboratory. 3 Units
Term Typically Offered: Fall, Spring

Working as a staff member of the State Hornet news organization. Roles and responsibilities may include writing, reporting, photography, editing, audio/video production, web layout and design, promotions, marketing, distribution, and/or media business management.

Note: Journalism majors are required to take either JOUR 197A, JOUR 197B, or JOUR 195 Pre-requisite

JOUR 197A. The State Hornet-Introduction. 3 Units
Prerequisite(s): JOUR 30.
Term Typically Offered: Fall, Spring

Working as a staff member of the State Hornet news organization. Roles and responsibilities may include writing, reporting, photography, audio/video production, web layout and design, promotions and marketing.

Note: Journalism majors are required to take either JOUR 197A or JOUR 195.

JOUR 197B. The State Hornet-Continuing. 3 Units
Prerequisite(s): JOUR 197A
Term Typically Offered: Fall, Spring

Working as an editor, senior reporter or manager of the State Hornet. Responsibilities may include editing, staff management and in-depth reporting.

Note: Journalism majors may take this course only once for credit toward the major but up to three times for credit toward graduation.

JOUR 199. Special Problems. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual projects or directed reading open to students who wish to attempt independent work. Faculty approval required.

Note: Departmental petition required. Journalism majors or minors may submit no more than 6 units of JOUR 199 and 299 toward their degrees.

Credit/No Credit

JOUR 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading. Open only to students who are competent to carry on individual work.

Note: Departmental petition required. Journalism majors or minors may submit no more than 6 units of JOUR 199 and 299 toward their degrees.

Credit/No Credit

BA in Political Science and Journalism

Units required for Major: 51
Total units required for BA: 120

Program Description

The Sacramento State Journalism program provides both a general academic experience and professional preparation. Sacramento's program emphasizes writing, editing, writing for interactive media, and other courses necessary to prepare students for success in media-related jobs; it also includes courses that critically examine media as an institution.

Journalism majors are the core of students who write for The State Hornet a weekly newspaper with a website updated daily at www.statehonet.com (http://www.statehonet.com/).

A student at Sacramento State may major either in Journalism or in Government-Journalism. A minor in Journalism is valuable to the student entering a career field in which journalism plays a role.

The Journalism graduate who wants to work for a newspaper should expect to serve an apprenticeship with a small newspaper before moving up to a metropolitan daily. Journalism graduates also work as magazine editors and writers, as publications employees in government agencies and associations, in broadcast journalism, and in public affairs.

Minimum Grade Requirement

 Majors must complete each required lower and upper division Journalism course with a grade of “C-” or better.

The Sacramento State Journalism program educates its students in ethical, accurate, and compassionate storytelling. We engage our community using new technology and innovative methods in order to enlighten the public and monitor the powerful. Our students become committed and versatile professionals with a strong background in both journalism theory and practice.

### BA in Journalism

#### Units required for Major: 40

#### Total units for BA: 120

#### Program Description

The Sacramento State Journalism program educates its students in ethical, accurate, and compassionate storytelling. We engage our community using new technology and innovative methods in order to enlighten the public and monitor the powerful. Our students become committed and versatile professionals with a strong background in both journalism theory and practice.

Sacramento State's program emphasizes research, writing and editing for interactive media, and other courses necessary to prepare students for success in media-related jobs; it also includes courses that critically examine media as an institution.

Journalism majors write The State Hornet (https://statehornet.com/), a weekly print newspaper and daily multimedia publication. A journalism degree prepares students for a variety of careers and graduate studies. Graduates work as journalists in a diverse range of fields.

</table>

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

2. Required in Major; also satisfies Graduation Requirement.

3. The Department of Political Science particularly recommends at least one course in political theory.

### Examples of Electives

- JOUR 195 Internship In Journalism
- POLS 195 series
- Select 6 units of upper division courses in Political Science
- Select one upper division course in Journalism

### Notes

1. If a student has not taken POLS 1 or its equivalent, then POLS 150 may be used in place of POLS 1 or as its equivalent as a prerequisite.

2. Course also satisfies General Education (GE)/Graduation Requirement.

3. The Department of Political Science particularly recommends at least one course in political theory.

**Note:** Political Science and Journalism majors should have both an advisor in the Political Science Department and a Journalism Advisor in the Communication Studies Department.
media, as public relations representatives, and as communications staff for government agencies, non-profits, and other organizations.

**Pre-Major to Journalism**

Prior to acceptance as a Journalism major, students must first complete a pre-major consisting of all required lower division courses plus JOUR 130A and JOUR 130B. Students must successfully complete each pre-major course with a "C-" or better.

Students with a Sacramento State grade point average of 2.3 or better may request early admission to the major.

### Code | Title | Units

American Institutions: U.S. Constitution & CA Government | 3 |

---

1. Course also satisfies General Education (GE)/Graduation Requirement.
2. Elective units chosen in consultation with an advisor from among Journalism faculty. At least 9 of the 12 units must be upper division. No more than a total of six units in JOUR 195, JOUR 197, OR JOUR 199 combined may be counted toward the Journalism or Government-Journalism major.
3. Department offers students an "OR" option for JOUR 55 and JOUR 50:
   - If student chooses to take JOUR 55 or COMS 55, they will not meet any area of General Education.
   - If student chooses to take JOUR 50, they will meet Area A3.
Minor in Journalism

Units required for Minor: 22

Program Description

The Sacramento State Journalism program provides both a general academic experience and professional preparation. Sacramento's program emphasizes writing, editing, writing for interactive media, and other courses necessary to prepare students for success in media-related jobs; it also includes courses that critically examine media as an institution.

Journalism majors are the core of students who write for The State Hornet, a weekly newspaper with a website updated daily at www.statehornet.com (http://www.statehornet.com/).

A student at Sacramento State may major either in Journalism or in Government-Journalism. A minor in Journalism is valuable to the student entering a career field in which journalism plays a role.

The Journalism graduate who wants to work for a newspaper should expect to serve an apprenticeship with a small newspaper before moving up to a metropolitan daily. Journalism graduates also work as magazine editors and writers, as publications employees in government agencies and associations, in broadcast journalism, and in public affairs.

Design

College of Arts and Letters

Program Description

The Department of Design continually works towards establishing itself as a leader in design education for the California central valley. We strive to serve students that seek a rigorous program of study in order to empower them to be leaders in their respective fields.

The Department of Design recognizes that the environments in which we live and work are shaped by an ever-increasing quantity of visual information. This information, in the form of two- and three-dimensional forms, comes to us from a variety of sources that utilize both traditional and technologically advanced modes of visual communication. To a greater extent than at any other point in our history, artists and designers are dissolving the boundaries between two- and three-dimensional visualization.

The Department of Design is well positioned to respond to the multifaceted nature of today's visual culture. By offering degree programs in Graphic Design, Interior Architecture, and Photography we prepare our students for a wide range of visual and design practices that play a part in creating our built environment.

The Department of Design strives to prepare students to have an impact in professional creative environments that will require collaboration, adaptation to technology and leadership in solving complex problems. The needs of the institutions, businesses and individuals they work with are rapidly changing. The technology they will use to create, as well as the technology used by their audiences, will change the most. We want graduates to be capable of seizing opportunities as they arise and turn them into meaningful learning experiences throughout their career.

The Department of Design is where creative and critical thinking come together in a curriculum that, while preparing students for different career paths, fully engages students in relevant areas of technical and aesthetic concern while establishing historical and social context to their disciplines. Students are taught how to utilize an iterative process to create high quality solutions that respond to complex functional and aesthetic requirements that correspond to the appropriate audience, occupant or user.

Furthermore, the Department seeks to prepare students to be articulate in their discipline: to be able to discuss and present their work, both in writing and in conversation, from the perspective of the functional and aesthetic concepts that underlay the work and how their decisions in these areas frame and solve a given problem.

The Department of Design offers a Bachelor of Arts in Design Studies as well as Bachelor of Fine Arts in Photography, Interior Architecture, and Graphic Design. All four programs of study are accredited by the National Association of Schools of Art and (NASAD).

BA in Design Studies

Units required for Major: 48
Minimum units required for BA: 120

Program Description

The Bachelor of Arts in Design Studies is intended for students who are interested in understanding the role of design and material culture within a broad social, political and cultural discourse. The program takes as its formative assumption that design is everywhere, from the smallest objects around us to the cities and landscapes we inhabit, and that along with visual images, constitutes a vital language with which we as a society express our values and desires.

Design Studies graduates will be prepared for career opportunities as researchers and administrators in the design field, working with private and public agencies. Graduates will also be academically prepared to enter M.A. and Ph.D. programs in design studies or design history.

accreditation

in addition to california state university, sacramentos full accreditation by the western association of schools and colleges, the bachelor of fine arts in graphic design is also individually accredited by the national association of schools of art and design.

notice to students re: professional licensure and certification

California state university programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California state university and licensure and certification requirements can change at any time.

The California state university has not determined whether its programs meet other states' educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether, if they complete a California state university program, they will meet their state's requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

special features

All of the faculty in the Graphic Design program have diverse and extensive expertise in the field and continue to work in the profession. Exhibitions and lectures by nationally recognized designers, field trips, and guest instruction add further exposure to professional practice and methodology. Students have been recognized in national competitions, as well as community and campus exhibitions.

Work experience is highly valued in the field of graphic design, and internships, for academic credit, provide students with practical, hands-on experience. Faculty members are instrumental in coordinating a wide range of student internships at highly respected firms and organizations throughout the region. Service learning is also a strong component of hands-on opportunities available through the program.

Graphic Design majors form an active student group called G.R.I.D.S (Graphic Resources and Information Design Students). Students meet regularly and organize workshops, field trips, and lectures. These activities increase understanding and exposure to the graphic design field. G.R.I.D.S also provides internal networking opportunities that offer members support as they pursue their studies in design.

Being located in California's capital city, California state university, Sacramento offers a wealth of cultural, professional, and employment opportunities. Graduates from the Graphic Design program at Sacramento state have secured positions in design and multimedia firms, advertising agencies, and major corporations.

career possibilities

Advertising Designer · Brand Designer · Broadcast Designer · In-house Corporate Designer · Identity Designer · Information Architect · Multimedia Designer · Packaging Designer · Prepress Technician · Print Designer · Production Artist · Project Manager · Publication Designer · Signage Designer · Type Designer · Web Designer

GPHD 5. Introduction to Graphic Design. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only
Introduction to the field of Graphic Design. Subjects include career possibilities, current trends, issues and practices in the industry. The basic theory, techniques and practices involved in solving a visual communication problem will also be introduced.

GPHD 10. Introduction to Digital Design. 3 Units
Term Typically Offered: Spring only
Designed to familiarize students with basic understanding of the digital hardware, software, and vocabulary utilized by visual artists from a variety of disciplines. Discussions and activities will cover both creative and efficient application of digital tools and techniques. Students will complete assignments utilizing a variety of applications which may include page layout, illustration, digital image processing, and 3-D rendering software.

GPHD 20. History Of Graphic Design. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Overview of the history of graphic design. Emphasis on symbol, type, and image development, from early pictographs to modern communication design.

GPHD 25. Visual Basics. 3 Units
Prerequisite(s): ART 20A or Pre - Interior Design Major.
Term Typically Offered: Fall, Spring
Provides a basic understanding of how visual structures are created and interpreted. Students study the main components of visual structures, become familiar with basic laws of color, and learn the basics of the gestalt principles of visual organization.

GPHD 30. Visual Basics II. 5 Units
Prerequisite(s): GPHD 25
Term Typically Offered: Fall, Spring
Introduction to the tools, materials and methodologies of the creative process in graphic design. Students study the main components of visual structures, become familiar with basic laws of color, and learn the basic principles of visual organization. The skill of rapid prototyping, through the processes of idea development, thumbnails, sketching, and mockup, will be covered. Basic concepts in visual systems and graphic message making will be introduced. A special emphasis will be placed on craftsmanship in this course.

GPHD 120. Typography I. 5 Units
Prerequisite(s): DSGN 4, INTD 20, INTD 25, PHOT 20, PHOT 11, GPHD 5, GPHD 20, GPHD 25, GPHD 30, and acceptance into the major via supplemental application.
Corequisite(s): GPHD 125 Fee course.
Term Typically Offered: Fall, Spring
Explores the history and perceptual development of typography and its application in design solutions. Theoretical constructs of typography as they relate to legibility, clarity, composition and output will be addressed. Techniques using compositional layout applications will be covered with an emphasis in typographic accuracy and efficiency as well as preparation of digital files for proper output in a variety of digital and analog formats.
Fee course.

GPHD 122. Design Production and Management. 3 Units
Prerequisite(s): GPHD 5 or GPHD 20, and ART 20A, PHOT 40, GPHD 10, GPHD 20, GPHD 25, GPHD 30, and be a declared GPHD major.
Corequisite(s): GPHD 120, GPHD 125.
Term Typically Offered: Fall only
Introduction to project management techniques specific to the creative business and technical processes for graphic design. Orchestration of image editing, vector and compositing software will be covered with an emphasis in accuracy and efficiency. Various codes and regulations related to graphic design will be reviewed.

GPHD 125. Graphic Design Systems I. 5 Units
Prerequisite(s): DSGN 4, GPHD 5, GPHD 20, GPHD 25, GPHD 30, INTD 20, INTD 25, PHOT 11, PHOT 20, and acceptance into the major via supplemental application.
Corequisite(s): GPHD 120 Fee course.
Term Typically Offered: Fall, Spring
Introduction to the language and perception of design as it is applied to systems. Complex visual structures are created, used in composition and interpreted. Techniques on ideation, design thinking, storyboarding and presentation are covered. Color theory as an integral component of message is addressed. Introduction to project management techniques specific to the creative business and technical processes for graphic design.
Fee course.
GPHD 130. Typography II. 5 Units
Prerequisite(s): GPHD 120, GPHD 125.
Corequisite(s): GPHD 135. Fee course.
Term Typically Offered: Fall, Spring

Advanced typography and its relationship with message. Application of typographic principles to a diverse series of graphic design problems utilizing type and image. Techniques in using a range of digital tools to execute solutions are reviewed.

Fee course.

GPHD 135. User Interface Design. 5 Units
Prerequisite(s): GPHD 120, GPHD 125
Corequisite(s): GPHD 130
Term Typically Offered: Spring only

Emphasis is on design of a user-centered experience in an interactive environment. Enables the students to understand the characteristics of relevant technology and select appropriate forms and functions to create specific experience for users. Introduction to formative research techniques to establish context and audience and summative research techniques to determine success of screen based design solutions.

GPHD 140. User Experience Design. 5 Units
Prerequisite(s): GPHD 130, GPHD 135
Corequisite(s): GPHD 145
Term Typically Offered: Fall, Spring

Emphasis on the development of conceptual themes, formal exploration, and user-centered interaction in time-based design. Enables the students to create vital experiences using text, sound, image, motion, and interactivity. The ability to compile, use, and defend relevant formative and summative research in creation of an appropriate design solution will be covered.

GPHD 142. Advanced Graphic Design I. 3 Units
Prerequisite(s): GPHD 130, GPHD 135.
Corequisite(s): GPHD 140, GPHD 145.
Term Typically Offered: Fall, Spring

Builds on established research, process and project management techniques and provides students with the opportunity to focus on a practical investigation in design. Theoretical, professional, and historical issues facing the design profession will be reviewed. Development of both visual and written research material will culminate in an oral presentation and then be applied to an appropriate project.

GPHD 145. Typography II. 5 Units
Prerequisite(s): GPHD 130, GPHD 135.
Corequisite(s): GPHD 140 Fee course.
Term Typically Offered: Fall, Spring

Builds on established research, process, and project management techniques and provides students with the opportunity to focus on a practical investigation in design. Development of both visual and written research material will culminate in an oral presentation and then be applied to an appropriate project. Semiotics as applied to advanced design problems will be discussed. Image making will be stressed in this course as students experiment with techniques and media including, but not limited to, photography and illustration.

Fee course.

GPHD 150. Professional Practice. 5 Units
Prerequisite(s): GPHD 140, GPHD 145.
Corequisite(s): GPHD 155.
Term Typically Offered: Fall, Spring

Introduction to the concepts and tools used to present credentials for entry into practice or advanced study. Development of the graphic design portfolio and communications package. Discussions will cover such topics as networking, interview tips, employment issues, and presentation skills. Projects refine the student’s individual design process and advance their understanding of professional practice. Professional, business, and ethical issues facing the design profession will be reviewed. Development of visual presentations, written material, and oral presentations will be required.

GPHD 152. Advanced Graphic Design II. 3 Units
Prerequisite(s): GPHD 140, GPHD 142, GPHD 145.
Corequisite(s): GPHD 150, GPHD 155.
Term Typically Offered: Fall, Spring

Advanced course in graphic design that requires students to provide solutions to real world design problems. Helps refine the students individual design process and advance their understanding of professional practice. Professional, business, and ethical issues facing the design profession will be reviewed. Development of both visual and written material will be required in a group environment as well as oral and visual presentations of this material.

GPHD 155. Graphic Design Systems II. 5 Units
Prerequisite(s): GPHD 140, GPHD 145.
Corequisite(s): GPHD 150 Fee course.
Term Typically Offered: Fall, Spring

Advanced study of visual systems as applied to branding and way finding. Construction of visual systems for an expansive multi-dimensional design solutions will be covered. Introduction to methods, techniques, and approaches of emotion-driven brand development. Application of syntactic, semantic, and pragmatic aspects of pictorial design systems to wayfinding system development. Exploration of the interplay between environmental conditions and human culture impact decisions in wayfinding system development.

Fee course.

GPHD 195. Fieldwork in Graphic Design. 3 Units
Prerequisite(s): Upper division status; GPA of 2.5 or above; GPHD 130, GPHD 135; instructor permission.
Term Typically Offered: Fall, Spring

Directed observation and supervised work experience in an approved business, government, or service agency. Internships are offered to increase student understanding of the nature and scope of agency operations and giving students orientation in occupational specialties. Supervision is provided by authorized persons in the cooperating agencies and collaborative supervision is provided by the Graphic Design faculty. Minimum of three hours per week per unit of credit is required. Each student maintains a record of activities and assignments and prepares periodic reports.

Note: Students must make arrangements with a faculty member for a work program prior to admittance. No more than 6 units of GPHD 195 may be counted toward the major.

Credit/No Credit
GPHD 196. Introduction to Human Centered Design. 3 Units
Term Typically Offered: Summer only

Introduction to the planning, development, and implementation of innovative tools and services informed by the human perspective. Emphasis on design thinking frameworks and tools used to develop solutions by including participatory action research. Techniques on empathizing with users, defining problems, ideating and prototyping solutions, testing, and iterating are covered. Importance of product accessibility and usability is addressed.

GPHD 196B. Techniques in Visual Production and Translation. 3 Units
Prerequisite(s): GPHD 125
Term Typically Offered: Fall, Spring, Summer

Teaches students analog and digital techniques and tools to enable them to apply existing drawing skills to create professional quality visuals and graphics. Students will learn how to create and convert analog visuals (drawings, paintings, etc.) to digital mediums, while exploring ways for applying traditional techniques to new digital interfaces (styluses, tablets, etc.). Class outcomes will enable them to apply a full range of graphic techniques to their existing work as designers.

GPHD 196C. Advanced Graphic Systems Design. 3 Units
Prerequisite(s): GPHD 125
Term Typically Offered: Fall, Spring

This course teaches students to analyze, critique, and create complex visual systems. Each semester the class will design a pair of complex visual systems and analyze the relationship between the characteristics of their constituent parts. Possible subjects for the course include, but are not limited to the design of: typefaces, books, and playing cards. Class outcomes will include a greater understanding and visual sensitivity to the properties that influence the creation of graphic systems.

GPHD 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed projects open to students who wish to attempt independent work.
Note: Faculty approval is required. No more than 6 units of GPHD 199 may be counted toward a Graphic Design degree.

Credit/No Credit

BFA in Graphic Design

Units required for major: 78
Minimum units required for BFA: 121

Program Description

The Bachelor of Fine Arts in Graphic Design has been developed to prepare students for professional practice and/or preparation for admission to graduate level study.

The course of study is a layered exploration that starts with fundamental principles of visual communication paired with an intensive introduction to the creative process. Exposure to multiple facets of two and three-dimensional design opens up the students’ ability to engage in interdisciplinary work. Each successive layer builds in complexity to encompass technical, conceptual, and research challenges that run concurrently with a series of classes devoted to professional practice. Historical perspective and ethical concerns are addressed throughout the curriculum. A series of curated electives provide an additional conduit for students to explore possible interdisciplinary connections in their future design practice. The program’s goal is to provide the community with a comprehensive visual problem solver that has a strong aesthetic ability coupled with a clear understanding of the strategic and conceptual challenges facing them in practice.

Admission Requirements

The Graphic Design program at Sacramento State is one of the most highly sought-after programs in Northern California. Due to the large number of applicants, the program is officially impacted and enrollment in upper division coursework is subject to a supplemental application.

The application for admission includes completion of a specific set of required lower division prerequisites and submission of a portfolio. Portfolio specifications and application procedures are available on the Department of Design website (http://csus.edu/design/). It is highly recommended that interested students speak with a Graphic Design advisor as soon as possible.

Minimum Grade Requirement

Students wishing to become Graphic Design majors must complete a series of required lower division courses with a grade of “C” or better and then must apply for admission to the program.

Prerequisite Lower Division Course Requirements

When submitting an application with the required portfolio, students must have completed or be enrolled in the following courses:

Technology Requirement

Students that have been accepted to the Graphic Design program, with the Department of Design, are required to own a laptop computer with appropriate software for upper division courses. Upon beginning upper division coursework, this requirement must be met. Before purchasing, please consult your major advisor or department of Design Office for the specific minimum requirements for the laptop computer and software.

1 To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2 Required in Major; also satisfies GE.
Many of the course assignments are based on actual design projects. Guest lecturers and professional panel critiques and discussions as well as building tours of outstanding projects are all important parts of the curriculum. Community service projects also help to maintain a strong connection to the community and profession.

Upper division studios will provide interior architecture students with the design and technical skills needed to practice interior design and to sit for the NCIDQ exam and become Certified Interior Designers.

When students begin taking upper division studio courses they are required to own a laptop computer and the appropriate software to create two and three dimensional drawings and renderings. Before purchasing, please consult your major advisor or the department office for specific minimum requirements for the laptop computer and software.

### Degree Program

**BFA in Interior Architecture (p. 186)**

**Accreditation**

In addition to California State University, Sacramento's full accreditation by the Western Association of Schools and Colleges, the Bachelor of Fine Arts in Interior Architecture is also accredited by the National Association of Schools of Art and Design (NASAD).

**Notice to Students RE: Professional Licensure and Certification**

California State University programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California State University and licensure and certification requirements can change at any time.

The California State University has not determined whether its programs meet other states’ educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether, if they complete a California State University program, they will meet their state’s requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

### Special Features

- The Interior Architecture program is accredited by the National Association of Schools of Art and Design (NASAD). The four-year major leads to a Bachelor of Fine Arts degree in Interior Architecture.
- Sacramento State Interior Architecture students have been award winners in numerous design competitions.
- Students are often involved in community design projects as well as projects on our growing campus.
- The Interior Design program at Sacramento State has an active student club (PRINTS) representing the American Society of Interior Designers (ASID) and the International Interior Design Association (IIDA). Monthly meetings feature guest speakers from the professional community and include workshops and field trip events.
- California State University, Sacramento, located in the state capital, is less than 100 miles from the San Francisco Bay Area. This location offers a wealth of professional employment opportunities. Graduates from our program at California State University, Sacramento have secured positions in architectural firms, interior design firms,
government agencies, private corporations, furniture manufacturing companies, and design.

**Career Possibilities**
Residential and/or Commercial Interior Designer · Space Planner · Corporate Designer · Interior Design Showroom Manager · Manufacturer’s Representative · Contract Interior Designer · Freelance Design Consultant

**BFA in Interior Architecture**

Units required for Major: 78  
Minimum units required for BFA: 120

**Program Description**
The Bachelor of Fine Arts in Interior Architecture is intended for students who are interested in pursuing professional careers as interior designers/interior architects. The program provides students with the technical, creative, and critical thinking skills needed to practice in a variety of roles, including: design, presentation, client contact, field supervision and furniture/lighting specifications. The breadth of courses in the program reflects the importance of both a liberal arts background and professional preparation in the design field. Courses encompass the study of design history and theory, aesthetics, graphics, lighting, space planning, computer-aided design, interior construction, and professional practice.

The Interior Architecture curriculum provides comprehensive coverage in all the major areas of training, including concept development, design, communication, presentation, construction, and professional services. Many of the course assignments are based on actual design projects. Guest lecturers and professional panel critiques and discussions as well as building tours of outstanding projects are all important parts of the curriculum. Community service projects also help to maintain a strong connection to the community and profession.

**Minimum Grade Requirement**
A minimum grade of “C” or better is required in all major course requirements.

Program Description

The Bachelor of Fine Arts in Photography at Sacramento State is aimed at educating students in contemporary photographic methodologies and in the current situation of photography, its use and its communicative effects. The curriculum is designed to give students a broad exposure to not only the technologies, processes, and models of contemporary practice, but also to introduce them to the aesthetic, cultural, and ethical dialogues surround the use and role of photography in our society. The program does not aim to create, specifically, studio artists or commercial practitioners, but to give students the tools to act in a world where such models are concurrent and highly overlap. We wish our students to be adaptable in a changing landscape of photographic practice, and to be successful and responsible in their role shaping how and what images communicate.

The Bachelor of Fine Arts in Photography is intended for students who are interested in pursuing careers as photographic image makers. The program provides students with the technical, creative, and critical thinking skills needed to practice in a variety of fields including art, design, editorial, and production. The breadth of courses in the program reflects the importance of both a liberal arts background and professional preparation in the field. Courses encompass the study of photographic and graphic history and theory, aesthetics, design, contemporary digital and analog photographic practice, lighting, complex planning, and professional practice.

Degree Program

BFA in Photography (p. 189)

Special Features

- Among the facilities available for Photography students is a large digital lab furnished with Macintosh computers, large format inkjet printers, and film and flatbed scanners. There is also an alternative process facility, a well-equipped chemical darkroom, and a studio lighting facility.
- The Photography program has a generous collection of equipment available for student checkout that includes small, medium and large format cameras, various lenses, tripods, and portable lighting equipment.
- A Design Department gallery on the 4th floor of Mariposa Hall that regularly exhibits student work.

Career Possibilities

Photography is one of the most widely used forms of visual communication in our world today. As the technology to create and share visual imagery has become more accessible and expedient, photographs have taken on a vital role in how we share complex visual information. We use it both to form and communicate the sense of who and what we are via social media, and it is an important tool in the material and mental exploration and interpretation of our world. The Photography degree at Sacramento State prepares students to thoughtfully engage in the production, interpretation, and presentation of photographic images, asking them to consider how these images can be created and used in the world, whether in personal, social, or professional contexts. While gaining technical skills in the production of photographs, students engage rigorously in the conceptual discourse surrounding photographic images (their use and meaning) and are encouraged to consider the application of photographs broadly and with flexibility. Students who earn a degree in Photography can bring this expertise to all career fields, whether these are the more traditional photographic careers that occur in the fine arts, commercial photography, journalism, or editorial work, or in the any of the myriad professions that need and rely on photographic imagery to help define, gather, and assess information, or communicate who and what they are.

Faculty

DERTINGER, DOUG
POOR, NIGEL
SHEPARD, NICK
PHOT 11. Digital Photography I.  
General Education Area/Graduation Requirement: Arts (Area C1)  
Term Typically Offered: Fall, Spring

An introduction to digital photographic image making. Course acquaints students with photographic equipment and techniques used to create and disseminate digital images. Aesthetic, conceptual, and cultural issues surrounding the production and application of photographic images are also discussed.

PHOT 12. Digital Photography II.  
Prerequisite(s): PHOT 11. Fee course.  
Term Typically Offered: Fall, Spring

An introduction to compositing photographic images. Course provides a broad primer to digital editing and compositing techniques. Lectures and discussions provide artistic and ethical context for contemporary photographic practice. Fee course.

PHOT 15. Survey of Photography.  
Term Typically Offered: Fall, Spring

Focuses on photography’s influence on notions of self from its inception in 1938 to the present. Enhances students’ understanding of how and why photography became the powerful and ubiquitous tool that shaped a new form of visual self-expression.

PHOT 20. The Photographic Self.  
Term Typically Offered: Fall, Spring

General Education Area/Graduation Requirement: Understanding Personal Development (E)

Focuses on history and the creation of self in photography. Aesthetic and conceptual concerns surrounding the creation and interpretation of photographic images.

PHOT 40. Darkroom Photography.  
Term Typically Offered: Fall, Spring

Course covers basic concepts and skills in chemical-process photography. Emphasis is placed on basic camera theory, film exposure and development, darkroom printing, and post-processing techniques. Lectures, discussions, and assignments provide artistic and historical context for the creation and interpretation of photographic images.

Note: This course requires safety training. This course requires personal protective equipment (PPE).

Term Typically Offered: Fall only

Introduces students to the history of photography, from inception to Mid-20th Century. Practices of photographers and artists, working with photographic technologies, will be discussed. The course examines photographic vision and the impact of the medium through lectures and readings by art historians and photographers. Cross-listed: ART 101.

PHOT 102. Photography, a Social History.  
Term Typically Offered: Spring only

Examines photographic vision and the impact of the medium on society through readings by both photographers and photographic critics. Establishes the importance of photography as a contemporary medium, explores the development of photographic vision and the relationship between photographs and cultural events. Lecture/discussion.

PHOT 111. Intermediate Digital Photography.  
Prerequisite(s): PHOT 11 and PHOT 40  
Term Typically Offered: Fall, Spring

Covers intermediate to advanced concepts and techniques in digital photographic practice, providing students with the ability to explore both new and previously mastered software and hardware applications. Emphasis is on using digital techniques to generate and print effective and imaginative photographs. Lectures, discussions, and assignments focus on expanding the technical, aesthetic, and conceptual concerns surrounding the creation of contemporary photographic images.

PHOT 141. Intermediate Darkroom Photography.  
Prerequisite(s): PHOT 40 and PHOT 11  
Term Typically Offered: Fall, Spring

Course covers intermediate level concepts and skills in chemical-process photographic practice. Emphasis is placed on the artistic potential of camera- and darkroom-based image production and manipulation. Lectures, discussions, and assignments focus on expanding the aesthetic and conceptual concerns surrounding the creation and application of photographic imagery.

Note: This course requires safety training. This course requires personal protective equipment (PPE).

PHOT 148. Artificial Light, Studio.  
Prerequisite(s): PHOT 111 and PHOT 141  
Corequisite(s): PHOT 102 and PHOT 155  
Term Typically Offered: Spring only

A commercially oriented course with assignments covering such topics as food, fashion and products photographed with artificial light in the studio. Business, legal and ethical practices in commercial and editorial photography are discussed as they apply to work done in a studio setting. Students are expected to become visually and technically competent with artificial light sources used in a studio setting.

PHOT 149. Artificial Light, Location.  
Prerequisite(s): PHOT 148 and PHOT 155  
Corequisite(s): PHOT 165  
Term Typically Offered: Fall only

A location lighting course covering the use of artificial light and non-studio photography. Assignments cover such topics as: interior and exterior architecture, food and fashion shot on location. Techniques for combining the use of hot lights, electronic flash and ambient light are discussed. Students will use a body of work demonstrating their visual and technical understanding of artificial light sources for editorial and commercial application.

Prerequisite(s): PHOT 111 and PHOT 141  
Corequisite(s): PHOT 102 and PHOT 148  
Term Typically Offered: Spring only

Explores advanced techniques in the production of photographic imagery, with special emphasis on the hybridization of photographic processes. Lectures cover advanced chemical and digital photographic procedures in camera use and printing techniques. Students must demonstrate a high level of visual awareness and technical competency, and must be willing to take risks in the creative application of photographic processes.
PHOT 161. Photography in the Field. 3 Units
Prerequisite(s): PHOT 141 or instructor permission.
Term Typically Offered: Fall, Spring
The class visits specific sites followed by a group critique of the resulting photographic work. The course objective is to examine how one situation can be interpreted by many varied sensibilities, broadening the artist's visual vocabulary. Students are required to create visually unified portfolio that demonstrates a sense of place.
Cross-listed: ART 161.

PHOT 162. Alternative Photographic Processes. 3 Units
Prerequisite(s): PHOT 141 or instructor permission.
Term Typically Offered: Fall, Spring
Studio course exploring alternative photographic processes that may include: printing-out paper, new cyanotype, argyrotype, and platinum-palladium. Slide discussions, individual and class critiques.
Cross-listed: ART 162.

PHOT 163. Pinhole Photography. 3 Units
Prerequisite(s): PHOT 40 or equivalent.
Term Typically Offered: Fall, Spring
Intermediate course investigating the theory, history, and practice of pinhole photography. Use of student-made pinhole cameras of varying focal lengths using black and white and color materials. Emphasis on creative approach in both camera making and image formation, supported by intermediate-level photographic technique. Individual final portfolios and group exhibition of cameras and prints at conclusion of course.
Cross-listed: ART 163.

PHOT 165. Issues in Contemporary Photographic Practice. 5 Units
Prerequisite(s): PHOT 148 and PHOT 155 Fee course.
Term Typically Offered: Fall
Covers advanced problems in the process of creating photographic work. Emphasis is on the ways which content/form relationships within a body of work are informed by the artist's conceptual and material engagement, as well as the way in which process and context shape meaning in photographic work. Course centers on readings in contemporary theory and aesthetics, discussion, the production of photographic work, and critique.
Note: Type III Fee, $45

Fee course.

PHOT 175. Studio Topics in Photography. 3 Units
Prerequisite(s): PHOT 148 and PHOT 155
Term Typically Offered: Fall, Spring
This class is a broad investigation of photography's potential. Each semester the class concentrates on a photographic strategy including but not limited to: documentary, journalism, fabrication, image and text, and the archive. Students are introduced to photography's varied application, new developments and conversations in the medium. Readings and discussions will enlist a range of theoretical and critical approaches. Course center on readings, discussion, production of photographic work and critique.

PHOT 180. Senior Portfolio. 5 Units
Prerequisite(s): PHOT 165 Fee course
Term Typically Offered: Spring only
A senior level course aimed at furthering student's knowledge of postgraduate opportunities. The required final portfolio of images will reflect the student's photographic education, experience and area of expertise. The content and format of this portfolio will depend on the student's future academic or professional goals.
Note: Type III Fee $45

PHOT 195. Internship In Photography. 3 Units
Prerequisite(s): A minimum of two upper division photography courses.
Term Typically Offered: Fall, Spring
Directed observation and work experience with public agencies, organizations, publications, design or photography studios. Fieldwork is offered to give students experience, personal contacts and orientation in the area of professional photography. Supervision is provided by faculty and the cooperating community employer. Students are required to maintain a detailed record of activities and report regularly to the supervising faculty member. To receive credit the selected activity must be approved prior to adding the course. Ten hours weekly.
Credit/No Credit

PHOT 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed readings in photography. Open to students who are working at an advanced level of photography and competent to carry on individual work.
Credit/No Credit

PHOT 299. Special Problems. 1 - 3 Units
Prerequisite(s): Requires instructor approval.
Term Typically Offered: Fall, Spring
Individual projects or directed readings in photography for graduate level students. Open to students who are working at an advanced level of photography and competent to carry on individual work.
Credit/No Credit

BFA in Photography

Units required for Major: 79
Minimum units required for BFA: 120

Program Description

The Bachelor of Fine Arts in Photography is intended for students who are interested in pursuing careers as photographic image makers. The program provides students with the technical, creative, and critical thinking skills needed to practice in a variety of design and art fields. The breadth of courses in the program reflects the importance of both a liberal arts background and professional preparation in the design field. Courses encompass the study of photographic and graphic history and theory, aesthetics, design, contemporary digital and analog photographic practice, lighting, complex planning, and professional practice.

The Photography curriculum provides comprehensive coverage in all major areas of training, including techniques in contemporary photographic image making, concept development and communication, image production and presentation techniques, critical image evaluation, historical understanding and contextualization, and issues of proper
conduct and ethics within the field. Guest lecturers are an important part of the photography curriculum.

College of Arts and Letters

Program Description

The English Department of California State University, Sacramento, is a community of teachers, scholars, writers, and support staff whose primary mission is to promote learning in composition, creative writing, English education, film, linguistics, literature, and the teaching of English as a second language. The Department seeks to help students acquire knowledge, develop skills, and realize their own intellectual and creative goals.

At the undergraduate and graduate levels, the English Department presents a broad and balanced curriculum designed to develop the reading and writing skills, the interpretative abilities, and the cultural awareness of its students by maintaining and enhancing a tradition of strong teaching, solid scholarship, and vigorous support of creative literary activity.

Degree Programs

- BA in English (p. 213)
- Minor in English (p. 222)
- Minor in Creative Writing (p. 221)
- Minor in Teaching English to Speakers of Other Languages (TESOL) (p. 222)
- Single Subject Matter Program (Pre-Credential Preparation) (p. 222)
- Certificate in Teaching Composition (p. 215)
- Certificate in Advanced Study in Teaching English to Speakers of Other Languages (TESOL) (p. 215)
- MA in English (Creative Writing) (p. 217)
- MA in English (Literature) (p. 218)
- MA in Teaching English to Speakers of Other Languages (TESOL) (p. 220)
- MA in Composition, Rhetoric, and Professional Writing (p. 216)

Special Features

- A Course Description Booklet giving detailed descriptions of courses to be offered in the next semester, together with statements of requirements for the major and minor and for the graduate program, will be available on the English Department Web site a month or so before registration materials are issued. All students are assigned an English faculty advisor; students are encouraged to consult with them in planning schedules. English majors and minors are urged to examine their career goals early in their program and to discuss their plans with English Department faculty advisors.
- Qualified upper division and graduate students may apply for paid assistantships or associateships in the English Department. Student Assistants and Graduate Assistants usually work from 10 to 20 hours per week at such tasks as tutoring and clerical assistance. Teaching Associates normally teach one section of composition each semester for up to three semesters. Information is available on the English Department website.
• Internships are available for academic credit and career training governmental agencies, businesses, community colleges, and other institutions and organizations.
• Students interested in the various aspects of publication are encouraged to become involved in the student-produced *Calaveras Station Literary Journal*, a professional-quality journal of student work published annually. Submissions, solicited in fall semester, are open to all Sacramento State students.

**Career Possibilities**

**ENGL 1.** Basic Writing Skills. 3 Units

*Prerequisite(s):* Score of 146 and below on English Placement Test or credit in ENGL 15. Department approval required.

*Term Typically Offered:* Spring only

Prepares students for the challenging thinking, reading, and writing required in academic discourse. Uses writing as a means for discovery and reflection as well as reading as a source for ideas, discussion, and writing. Concentrates on developing expository essays that communicate clearly, provide adequate levels of detail, maintain overall coherence and focus, and demonstrate awareness of audience and purpose.

*Note:* May be taken for workload credit toward establishing full-time enrollment status, but is not applicable to the baccalaureate degree.

**ENGL 1C.** Critical Thinking and Writing. 3 Units

*Prerequisite(s):* Grade of C- or better in ENGL 5.

*Term Typically Offered:* Fall, Spring

Devoted to the principles of critical thinking and the writing of argumentative essays. Focuses upon formulating defensible statements, evaluating evidence, and applying the principles of inductive and deductive reasoning.
ENGL 1X. Academic Literacies Workshop. 1 Unit
Corequisite(s): ENGL 5 or ENGL 5M or ENGL 10 or ENGL 10M or ENGL 11 or ENGL 11M
Term Typically Offered: Fall, Spring

Offers instruction in elements of academic literacy so that students develop proficiency in the writing process, with a specific emphasis on drafting, planning, and revision strategies and methods. Instruction takes place in traditional classroom or hybrid setting; students, in small groups, engage in guided exploration and facilitated workshops on academic literacy strategies, such as critical reading, writing, and research strategies. Offers support for GE area A2: Written Communication; requires a co-requisite in ENGL 5, 5M, 10, 10M, 11, or 11M.
Credit/No Credit

ENGL 3. Introduction to Academic Discourse. 4 Units
Term Typically Offered: Fall, Spring

Offers students a rigorous introduction to academic discourse at the college level in the areas of critical reading, critical thinking, academic discussion, and the use of academic research. Concentrates on using expository texts as a foundation for analyzing the rhetorical strategies and effectiveness of an argument. Promotes academic discussion and fosters intellectual curiosity and collaboration.
Note: Receives baccalaureate credit.
Credit/No Credit

ENGL 3M. Introduction to Academic Discourse for Multilingual Students. 4 Units
Term Typically Offered: Fall, Spring

Offers multilingual students a rigorous introduction to academic discourse at the college level in the areas of critical reading, critical thinking, academic discussion, and the use of academic research. Concentrates on using expository texts as a foundation for analyzing the rhetorical strategies and effectiveness of an argument. Promotes academic discussion and fosters intellectual curiosity and collaboration.
Note: Receives baccalaureate credit.
Credit/No Credit

ENGL 5. Accelerated Academic Literacies. 3 Units
General Education Area/Graduation Requirement: Written Communication (A2)
Term Typically Offered: Fall, Spring

Intensive, semester-long course to help multilingual students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth - students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop metacognitive understandings of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses.
Note: Writing requirement
Credit/No Credit

ENGL 5M. Accelerated Academic Literacies - Multilingual. 3 Units
General Education Area/Graduation Requirement: Written Communication (A2)
Term Typically Offered: Fall, Spring

Intensive, semester-long course to help multilingual students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth - students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop metacognitive understandings of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses.
Note: Writing requirement
Credit/No Credit

ENGL 10. Academic Literacies I. 3 Units
Term Typically Offered: Fall only

Year-long course (combined with ENGL 11) to help students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth - students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop a metacognitive understanding of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses.
Note: Writing requirement
Credit/No Credit

ENGL 10M. Academic Literacies I - Multilingual. 3 Units
Term Typically Offered: Fall, Spring

Year-long course (combined with ENGL 11M) to help multilingual students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth - students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop a metacognitive understanding of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses.
Note: Writing requirement
Credit/No Credit

ENGL 11. Academic Literacies II. 3 Units
Prerequisite(s): ENGL 10.
General Education Area/Graduation Requirement: Written Communication (A2)
Term Typically Offered: Spring only

Continued study (following ENGL 10) to help students use reading, writing, discussion, and research for discovery, intellectual curiosity, and personal academic growth - students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop a metacognitive understanding of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses.
Note: Writing requirement
ENGL 11M. Academic Literacies II-Multilingual. 3 Units
Prerequisite(s): ENGL 10M.
General Education Area/Graduation Requirement: Written Communication (A2)
Term Typically Offered: Spring only
Continued study (following ENGL 10M) to help multilingual students use reading, writing discussion, and research for discovery, intellectual curiosity, and personal academic growth - students will work in collaborative groups to share, critique, and revise their reading and writing. Students will engage in reading and writing as communal and diverse processes; read and write effectively in and beyond the university; develop a metacognitive understanding of their reading, writing, and thinking processes; and understand that everyone develops and uses multiple discourses.
Note: Writing requirement

ENGL 15. College Language Skills. 4 Units
Prerequisite(s): Score of 120-141 on the English Placement Test.
Term Typically Offered: Fall, Spring
Instruction in reading and writing skills. Focuses on the interrelationship of reading and writing, with emphasis on development, organization, and clarity of communication. Lecture three hours; lab two hours.
Note: Utilizes computers.

ENGL 16. Structure Of English. 3 Units
Prerequisite(s): ENGL 5 or equivalent.
Term Typically Offered: Fall, Spring
Introduction to the terminology and structure of traditional grammar; analysis of the standard rules for agreement, punctuation, pronoun reference, etc.; introduction to social variance with respect to usage-standard vs. non-standard; and a description of the English sound system (vowels and consonants) and its relationship to standard orthography (sound/letter correspondences) spelling rules.

ENGL 20. College Composition II. 3 Units
Prerequisite(s): Completion of ENGL 5 or ENGL 5M or ENGL 11M or ENGL 11M or equivalent with a C- or better; sophomore standing (must have completed 30 units prior to registration).
Term Typically Offered: Fall, Spring
Advanced writing that builds upon the critical thinking, reading, and writing processes introduced in ENGL 5 and ENGL 5M. Emphasizes rhetorical awareness by exploring reading and writing within diverse academic contexts focusing on the situational nature of the standards, values, habits, conventions, and products of composition. Students will research and analyze different disciplinary genres, purposes, and audiences with the goals of understanding how to appropriately shape their writing for different readers and demonstrating this understanding through various written products.
Note: Writing requirement

ENGL 20M. College Composition II for Multilingual Students. 3 Units
Prerequisite(s): ENGL 5 or ENGL 5M or equivalent; sophomore standing
Term Typically Offered: Fall, Spring
Advanced writing for multilingual that builds upon the critical thinking, reading, and writing processes introduced in English 5/5M. Emphasizes rhetorical awareness by exploring reading and writing within diverse academic contexts focusing on the situational nature of the standards, values, habits, conventions, and products of composition. Students will research and analyze different disciplinary genres, purposes, and audiences with the goals of understanding how to appropriately shape their writing for different readers and demonstrating this understanding through various written products.
Note: Writing requirement

ENGL 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding
Term Typically Offered: Fall only
Introduction to the meaning of higher education, resources of the University, and skills for lifelong learning. Designed to help students develop academic success strategies and to improve information literacy, intercultural competence, and integrative thinking. Provides students with the opportunity to interact with fellow students and seminar faculty to build a community of academic and personal support, as well as explore gerontological concepts needed to respond to demographic changes in today's world.

ENGL 30A. Introduction to Creative Writing. 4 Units
Term Typically Offered: Fall, Spring
Workshop for students who have had little or no experience writing fiction or poetry and who are trying to decide if they are interested in becoming writers. Over the course of the semester, students write and polish several poems and short stories which they present for critique and commentary. In addition, they study the basic elements of fiction and poetry and learn how to use these effectively in their own work.

ENGL 30B. Introduction to Writing Fiction. 4 Units
Term Typically Offered: Fall, Spring
Workshop for students who have had little or no experience writing fiction. Students write and polish several short stories which they present for critique and commentary. In addition, they study the basic elements of plot, character, description, and dialogue and learn how to use these effectively in their own fiction.

ENGL 30C. Introduction to Poetry Writing. 4 Units
Term Typically Offered: Fall, Spring
Designed for lower division students who have little or no experience writing poetry. Students will write approximately twelve poems in a variety of forms and receive instruction and practice in the workshop method. In addition, they study the basic elements of poetic craft: rhythm, enjambment, basic figures of speech, etc., and how to use them effectively in their own poetry.

ENGL 40A. Introduction to British Literature I. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only
Major developments in the literature of England from Chaucer through the close of the Augustan Age.
ENGL 40B. Introduction to British Literature II.  
3 Units  
Term Typically Offered: Spring only

Major developments in the literature of England from the Pre-Romantics and Romantics through the 20th century.

ENGL 50A. Introduction to American Literature I.  
3 Units  
Term Typically Offered: Fall only

Major developments in the literature of America from the beginnings through the Civil War.

ENGL 50B. Introduction to American Literature II.  
3 Units  
Term Typically Offered: Spring only

Major developments in American Literature from the end of the Civil War to the present.

ENGL 60. Active Reading Across the Curriculum.  
2 Units  
Term Typically Offered: Fall, Spring

Students will learn strategies and techniques to promote the social, personal, cognitive, and knowledge-building dimensions of reading. Students will learn new approaches to improve their engagement, comprehension, and analytical skills with a variety of genres in order to practice reading in more skillful ways.

Note: May be repeated for credit.

Credit/No Credit

ENGL 60M. Reading for Speed and Efficiency for Multilingual Students.  
2 Units  
Term Typically Offered: Fall, Spring

Strategies and techniques to promote greater reading efficiency and flexibility as well as to increase reading speed for college-level multilingual readers. Classroom instruction includes drills to develop rate and comprehension as well as supplementary practice in the LSC reading lab.

Note: May be repeated for credit.

Credit/No Credit

ENGL 65. Introduction to World Literatures in English.  
3 Units  
Term Typically Offered: Fall, Spring

An introduction to world literature written in English that places writers and their works within colonial, post-colonial, and literary contexts. Texts may come from Africa, India, Southeast Asia, the Middle East, the Caribbean, Canada, and non-English Britain.

ENGL 85. Grammar for Multilingual Writers.  
2 Units  
Term Typically Offered: Spring only

 Covers the major systems of English grammar in the context of reading passages and the students’ own writing. Practice in editing authentic writing.

Note: May be repeated for credit.

Credit/No Credit

ENGL 86. College Language Skills for Multilingual Students.  
4 Units  
Prerequisite(s): Score of 120-141 on the English Placement Test or score of 2 or 3 on the English Diagnostic Test.

Term Typically Offered: Fall, Spring

Focuses on the interrelationships of reading and writing, with emphasis on development, organization, grammar, and clarity of communication. Lecture three hours; lab two hours.

Note: Utilizes computers.

Credit/No Credit

ENGL 87. Basic Writing Skills for Multilingual Students.  
3 Units  
Prerequisite(s): Score of 142-145 on English Placement Test or score of 4 on English Diagnostic Test, or credit in ENGL 86.

Term Typically Offered: Fall, Spring

Emphasizes writing and language development. Instruction in reading and essay writing, from idea generation to revision and editing.

Credit/No Credit

ENGL 90A. Modern Short Plays.  
3 Units  
Term Typically Offered: Fall, Spring

Term Typically Offered: Fall, Spring

ENGL 97. Introduction to Film Studies.  
3 Units  
Term Typically Offered: Fall, Spring

Examines cinematic techniques, styles, vocabulary, and discourses. Introduces different ways for writing about films and for working with a variety of cinematic terms. Film form and style will be studied by examining specific scenes in films from different genres, nations, and directors. Films used throughout the course will be selected from different historical periods.

Cross-listed: FILM 97.

ENGL 98. Introduction to Film Discourse and Analysis.  
4 Units  
Term Typically Offered: Fall, Spring

An introduction to cinematic vocabulary, film history, and film analysis. Through this introduction, students will learn how to write about and analyze film. The course prepares students for upper division work in film studies and cultural analysis. The course includes a significant research and/or creative project.

ENGL 100B. Literary Theory.  
4 Units  
Term Typically Offered: Fall, Spring

Designed to engage students in a productive conversation about the various theories of literature and reading that currently inform Literary Studies. Provides a historical overview of modern theory including, but not limited to, Formalism, Structuralism, Psychoanalysis, Marxism, Deconstruction, and Feminism. Students are encouraged to apply these theories to their practice of literary criticism and to assess the strengths and weaknesses of each paradigm.
ENGL 100Z.  Topics in Literary Theory and Criticism.  4 Units
*Prerequisite(s):* GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

**General Education Area/Graduation Requirement:** Writing Intensive
**Graduation Requirement (WI)**
**Term Typically Offered:** Fall, Spring

Investigates one or more schools of literary theory or criticism and their application to works of literature and/or film.

**Note:** May be repeated twice for credit as long as topics vary; Writing Intensive

ENGL 105.  Film Theory and Criticism.  4 Units
**Term Typically Offered:** Fall, Spring

Survey of film theory focusing on Auteurism, Class, Expressionism, Formalism, Genre, Gender, Narratology, Neorealism, Phenomenology, Post-Structuralism, Psychoanalysis, Realism, Semiology, Structuralism and Third Cinema.

ENGL 109M.  Preparing to Write in the Disciplines - Multilingual.  3 Units
*Prerequisite(s):* ENGL 20 with at least a C- grade or better.

**Term Typically Offered:** Fall, Spring

Provides intensive practice for multilingual writers in prewriting, drafting, revising, and editing academic writing. Students work with a TESOL-trained instructor to research, analyze, reflect on, and write about the kinds of writing produced in academic disciplines. Students produce a considerable amount of writing such as informal reading responses, rhetorical analyses, and an extended academic research project. Students will submit their writing late in the semester in a Portfolio, from which they will receive a Writing Placement for Juniors.

**Note:** This course has the same learning outcomes as English 109W Preparing to Write in the Disciplines, but it is taught by an instructor trained to work with multilingual writers.

ENGL 109W.  Preparing to Write in the Disciplines.  3 Units
*Prerequisite(s):* English 20 with a C- grade or better.

**Term Typically Offered:** Fall, Spring

Provides intensive practice in prewriting, drafting, revising, and editing academic writing. Students research, analyze, reflect on, and write about the kinds of writing produced in academic disciplines. Students produce a considerable amount of writing such as informal reading responses, rhetorical analyses, and an extended academic research project. Students will submit their writing late in the semester in a Portfolio, from which they will receive a Writing Placement for Juniors.

ENGL 110A.  Linguistics and the English Language.  3 Units
**Term Typically Offered:** Fall, Spring

Survey of modern English and the basic concepts of modern linguistics. Students will learn how linguists view regularity in language, as exemplified by data from English. Students will also learn how English spelling is an imperfect representation of sounds, how the sound system of English operates, how words and sentences are formed and may be analyzed, how the language changes over time, space, and social setting, and how the language is learned by children and adults.

ENGL 110B.  History of the English Language.  3 Units
**Term Typically Offered:** Fall, Spring

Survey of the linguistic and social history of the English language, tracing its growth from a minor dialect of the Germanic family to one of the most widely spoken languages of the world. Topics include structural change in the language, vocabulary growth, and variation in English around the world.

ENGL 110C.  Technology in Second Language Teaching.  3 Units
**Term Typically Offered:** Summer only

Prepares language teachers to effectively integrate technology into classrooms. Examines theoretical rationales for using computer-assisted language learning, the range of uses of technology in classrooms, and best practice. Develops students' technological literacy and ability to critically evaluate computer-assisted language teaching materials. Cross Listed: ENGL 210C; only one may be counted for credit.

ENGL 110J.  Traditional Grammar and Standard Usage.  3 Units
**Term Typically Offered:** Fall, Spring

Develops a thorough understanding of basic issues in traditional English grammar and usage. It emphasizes knowledge of traditional grammar needed by single-subject credential students expecting to teach high school English. Topics include parts of speech, functions of words in sentences, phrases and clauses, and punctuation. Students will learn to apply their knowledge of grammar in composition instruction and marking essays. Students will also study use of specific grammatical features in developing rhetorical styles.

ENGL 110P.  Second Language Learning and Teaching.  3 Units
**Term Typically Offered:** Fall, Spring

Surveys the major issues involved in the acquisition of second languages and in teaching second language (L2) students. Topics covered include differences between first and second language acquisition, including age, biology, cognitive styles, personality, sociocultural factors, and linguistic variables; in addition, various models, techniques and approaches to L2 teaching are covered. Special attention is given to the unique demographics and characteristics of language minority students in California's public schools.

ENGL 110Q.  English Grammar for ESL Teachers.  3 Units
**Term Typically Offered:** Fall, Spring

A survey of those aspects of English grammar that are relevant to teaching second language learners of English. The emphasis is on elements of simple and complex sentences, particularly the structure of noun phrases, the meanings of verb forms, and the expression of adverbial meanings.
ENGL 116A. Studies in Applied Linguistics. 3 Units
Prerequisite(s): GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.
Term Typically Offered: Fall, Spring

Students learn the basics of the English system of phonology and morphology. Takes an integrated approach synthesizing the issues of phonics, schemata-building, and whole language strategies in teaching reading and writing to young learners. Students will also learn the importance of first and second language acquisition for elementary school students. Evaluation will include classroom examinations, and students will also undertake a detailed case study of one child learning to read and write.

ENGL 116B. Children's Literary Classics. 3 Units
Prerequisite(s): Successful completion of at least 60 units (junior standing).
Term Typically Offered: Fall, Spring

Introduction to the rich profusion of children's literature from a variety of cultures and countries and provides the opportunity to respond to this literature creatively and personally. Students will become familiar with the basic terminology of literary analysis – themes, irony, point-of-view, etc. – in order to deepen and enrich their experiences with the fiction, drama, and poetry available to young people. The readings are balanced for gender, culture, and ethnic concerns.

ENGL 120A. Advanced Composition. 4 Units
Prerequisite(s): GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.
Term Typically Offered: Fall, Spring

Intensive writing workshop in which student writing is the focus. Students will engage in a writing process that will include feedback from peers and the instructor throughout the process. This writing process may occur in a variety of rhetorical situations and genres. Through reflection on their writing products and processes, students will gain an awareness of themselves as writers. By the end of the course students will complete an extensive research project and a guided project focused on academic inquiry.

Note: ENGL 120A is a requirement for English majors.

ENGL 120C. Topics in Composition. 4 Units
Prerequisite(s): ENGL 20 or ENGL 120A. GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Offers a rotating series of topics relevant to composition studies, such as technology-based writing, writing across the curriculum, critical literacy, etc. Introduces students to the theory and practice of the field under consideration. Regardless of the topics, students will explore the major scholarly works of the field and produce writing that analyzes and utilizes the concepts in the area under consideration.

Note: May be repeated for credit as long as topic differs.

ENGL 120E. Digital Writing and Rhetoric. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall only – even years

Serves as an introduction to theories about and forms of digital writing while also providing students with opportunities to make digital arguments that reflect on digital media themselves. Introduces students to basic skills in interface and narrative design including typography, layout, color, imagery, and media integration. The course focuses on teaching students how to develop what they already know about rhetoric and writing while also helping them apply those rhetorical skills within digital spaces.

ENGL 120L. Community Literacy and Public Rhetorics. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Examines how writers navigate the intersections and tensions between academic, professional, and community writing to engage local publics through a variety of literacy practices. Students will be introduced to theories and methods from community writing studies to construct a framework for analyzing and composing rhetoric that enacts change in diverse publics. Students will inquire, discover, and act beyond the classroom through a structured service learning project.

ENGL 120P. Professional Writing. 4 Units
Prerequisite(s): ENGL 20 or ENGL 120A. GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Teaches students the most common professional writing genres used in career fields ranging from business to public relations to nonprofit management. Focuses on how business or technical communication is different from academic styles and introduces students to the current writing challenges and practices in these fields. Students will gain instruction and practice composing various essential writing formats, such as memos, reports, and feasibility studies.
ENGL 120R.  Topics in Rhetoric.  4 Units
Prerequisite(s): Complete ENGL 20 or ENGL 120A; GWAR certification before Fall 2009; or WPJ score of 80 or above; or 3-unit placement in ENGL 109M/W; or 4-unit placement in ENGL 109M/W + co-enrollment in ENGL 109X; or WPJ score 70/71 + co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Offers a rotating series of topics relevant to rhetorical studies, such as digital rhetoric, cultural rhetorics, contemporary rhetorical theories, etc. Introduces students to the theory and practice of the field under consideration. Regardless of the topic, students will explore the major scholarly works of the field and produce writing that analyzes and utilizes the concepts in the area under consideration.

Note: May be repeated for credit as long as topic differs.

ENGL 120S.  Writing in the Social Sciences.  3 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Introduces principles of analyzing and composing texts appropriate for various social science disciplines. Provides practice in analyzing texts in social science journals and in writing abstracts, summaries, and literature reviews. Appropriate for upper-division undergraduate students and beginning graduate students in TESOL and in other social science programs (e.g., psychology, sociology, anthropology, etc.)

ENGL 120T.  Technical Writing.  4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Teaches students the skills of a technical communicator capable of translating information created by technical experts for non-expert readers, whether those are business decision makers or members of the public. Focuses on how technical communication is different from academic styles and introduces students to the current writing challenges and practices. Prepares students to craft messages using ever-changing and increasingly powerful, integrated media. 4 units

ENGL 120X.  MLA and APA Style Guides.  1 Unit
Corequisite(s): ENGL 120A, ENGL 198T, a Writing Intensive course, or instructor permission.
Term Typically Offered: Fall, Spring

Students will learn how to format papers, cite sources, and integrate in-text citations into their work according to MLA and APA formatting and style guides.

ENGL 121.  Writing Center Tutoring.  1 Unit
Term Typically Offered: Fall, Spring

One-on-one tutoring in reading and writing at the University Writing Center. Student writers will meet with assigned tutor an hour a week. Topics could include understanding assignments, prewriting, revising, reading strategies, editing strategies, integrating research, etc. Students must sign up for a regular tutoring session time during week two of the semester at the University Writing Center.

Note: May be repeated for credit.

Credit/No Credit

ENGL 125A.  Literature and Film for Adolescents.  4 Units
Prerequisite(s): ENGL 20 or ENGL 120A and COMS 104 or COMS 4
Term Typically Offered: Fall, Spring

Provides prospective secondary school English teachers with an opportunity to think through important issues related to the planning and implementation of literature programs for adolescents. Equal emphasis will be given to the study of poetry, fiction, non-fiction, drama, and film. The focus will embrace literature from a variety of cultures and periods.

ENGL 125B.  Writing and the Young Writer.  3 Units
Prerequisite(s): ENGL 20 or ENGL 120A; and ENGL 110J or ENGL 110Q or ENGL 16
Term Typically Offered: Fall, Spring

Provides an introduction to teaching writing in high school and operates on the assumption that the need for and impact of writing competence for students is interdisciplinary and pervasive. The class has a workshop format, and students will practice many of the strategies studied. The texts will cover theoretical issues in teaching composition and practical methods of implementing theory in public school classrooms.

ENGL 125E.  Academic Reading and Writing for Second Language Students.  3 Units
Term Typically Offered: Fall, Spring

Helps prospective teachers to better understand the unique needs of second language students. Covers second language acquisition theory with particular emphasis on the teaching of reading and writing for academic purposes. Practical skills covered will also focus on the particular needs of second language readers and writers, for instance, how to help them to read more efficiently and with greater comprehension, how to write more fluently and accurately in ways that meet the needs and expectations of the academic discourse community.

ENGL 125F.  Teaching Oral Skills.  3 Units
Term Typically Offered: Fall, Spring

Provide students with both the necessary background knowledge as well as the specific pedagogical tools for promoting proficiency in spoken interaction, listening skills, and pronunciation in second language/foreign language contexts, specifically, English as a Second Language (ESL) and English as a Foreign Language (EFL).
ENGL 130A. Intermediate Fiction Writing. 4 Units
Prerequisite(s): ENGL 30A or ENGL 30B
Term Typically Offered: Fall, Spring
Workshop for students who already have some experience writing short stories. Students write and polish several stories which they present for critique and commentary. They also take an in-depth look at the theory and craft of fiction-writing, analyze the stories of contemporary writers from diverse ethnic and cultural backgrounds, and learn how to apply what they have learned to their own writing.

ENGL 130B. Intermediate Poetry Writing. 4 Units
Prerequisite(s): ENGL 30A or ENGL 30C.
Term Typically Offered: Fall, Spring
Designed for students interested in developing their poetic expression beyond the basics covered in ENGL 30A and ENGL 30C. Emphasizes practice and experimentation with meters, verse forms, and figures of speech. Focal points for analysis and discussion will be poems and essays by contemporary poets of various aesthetic orientations, as well as work produced by members of the class.

ENGL 130C. Special Topics in Poetry Writing. 4 Units
Prerequisite(s): ENGL 30A or ENGL 30C.
Term Typically Offered: Fall, Spring
Provides students with further opportunity to refine their poetic craft beyond the levels achieved in 30C and 130B. Emphasizes further experimentation with meters, verse forms, and figures of speech as well as questioning the "rules" of poetry and encouraging students to blur or defy the boundaries of genre. Focal points for analysis and discussion will be poems and essays by contemporary poets of various aesthetic orientations, as well as work produced by members of the class.

ENGL 130D. Meter and Rhythm. 4 Units
Term Typically Offered: Fall, Spring
Offers an in-depth study of prosody including the principles of meter (line measurement) and scansion (the marking of stressed syllables to determine meter and rhythm), as well as examining the relationship of these principles to verse in English. Examines a variety of poetic schemes, tropes, and forms. Three hours, lecture and guided practice.

ENGL 130F. Writing For Television. 4 Units
Term Typically Offered: Fall, Spring
Focuses on training students in video literacy and script writing for the video explosion: educational media, documentaries, and interactive programs.

ENGL 130G. Between Genres: Flash Fiction/Prose Poetry. 4 Units
Term Typically Offered: Fall, Spring
Offers undergraduate poets and fiction writers the opportunity to explore/experience with the long-standing anti-genre of the poetry/fiction hybrid. For 200 years writers around the world have noted the symbiosis between the genres of poetry and prose. Currently, some of America's most exciting writers are currently exploring the margins between prose poetry, flash fiction, and related evolving forms. Prerequisite: ENGL 30A, ENGL 30B, or ENGL 30C.

ENGL 130J. Writing Feature Film Scripts. 4 Units
Term Typically Offered: Fall, Spring
Workshop designed for students who have little or no previous experience writing for the screen. Students write the synopsis, treatment, and part of the master scene script for a feature film, all of which are polished and revised in a workshop setting. Special attention is given to the dynamics of plot, characterization, and dialogue with an emphasis on the difference between writing for film and writing other kinds of fiction.

ENGL 130M. Art of Autobiography. 4 Units
Prerequisite(s): At least a C- grade in ENGL 30A or 30B, and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Students keep a journal and write several drafts of an autobiographical essay which they present for critique and commentary. They also read and analyze several biographies and journals by writers from diverse ethnic and cultural backgrounds.

ENGL 130N. Creative Non-Fiction. 4 Units
Prerequisite(s): ENGL 30A or ENGL 30B.
Term Typically Offered: Fall, Spring
Students write several non-fiction pieces which may include (but are not limited to) autobiography, memoir, nature-writing, travel writing, and literary memoir. Students need not previously have had fiction-writing experience to take this course, but they must be prepared to write literary non-fiction of high quality.

ENGL 130R. Playwriting. 4 Units
Term Typically Offered: Fall, Spring
This course will explore the fundamentals of playwriting, as practiced in the real-world, contemporary commercial and independent theatre markets. It will introduce the writer to the vocabulary and techniques used to tell a story on the stage, and examine the differences between stage and screen. Exercises will illustrate the basic two-act structure, as well as less standard, non-linear, and innovative structures. This class will culminate in students writing the first act of a full-length play.

ENGL 130T. Advanced Writing Feature Film Scripts. 4 Units
Prerequisite(s): ENGL 130J Writing Feature Film Scripts, or consent of instructor
Term Typically Offered: Fall, Spring
This course will focus on completing a first draft of a screenplay for a feature film. This course will have a strong emphasis on rewriting. There will be lectures, class workshops, peer reviews, and individual writing assignments.

ENGL 130V. Advanced Writing for Television. 4 Units
Prerequisite(s): ENGL 130F or consent of instructor
Term Typically Offered: Fall, Spring
This class will build on the knowledge acquired in ENGL 130F. Students will write, rewrite, and complete a full length pilot for an original television show. This course will have a strong emphasis on rewriting. We will analyze modern television shows and discuss what makes them successful. The goal of this class is to help students develop a professional portfolio to one day work in the television writing industry.
ENGL 130W. Advanced Poetry Writing. 3 Units
Prerequisite(s): ENGL 30A or ENGL 30C
Theory and practice in the writing of poetry at the advanced level. Consists primarily of the preparation and evaluation of student work. Students are also assigned supplemental readings designed to help them determine their affinity (or lack of affinity) with current poetic theory and practice.

ENGL 130Y. Creative Writing for Young Audiences. 4 Units
Term Typically Offered: Fall, Spring
In this creative writing course students will learn how to write children's literature in a wide array of genres, including picture book texts, early readers, poetry, and middle grade and young adult novels. The course will give an overview of these genres and through portfolio assignments allow students to sample different genres and gain expertise in one particular genre. Prerequisite ENGL 30A or ENGL 30C or ENGL 30B

ENGL 140A. Introduction to Old English. 4 Units
Term Typically Offered: Fall, Spring
Study of the grammar of Old English with particular attention to its survival in the modern language. Shows students how to use their instincts as native speakers of Modern English to acquire a good working sense of the original form of the language. Readings in biblical and historical texts will be supplemented by an introduction to Old English paleography which will allow students to access literature in the original.

ENGL 140B. Medieval Literature. 4 Units
Term Typically Offered: Fall, Spring
Survey of English literature from 1100 to 1500. Students will read texts from the various genres of Middle English literature—romance, lyric, ballad, lay, drama, history—in the dialects of origin. Focuses on how medieval thought both differs from and anticipates modern thought.

ENGL 140C. The English Renaissance. 4 Units
Term Typically Offered: Fall, Spring
The early modern period was a time of exploration, experimentation, and creativity during the sixteenth and early seventeenth centuries in England. The writers of the age include Queen Elizabeth I, Lady Mary Wroth, Sir Thomas Wyatt, Sir Philip Sidney, William Shakespeare, Christopher Marlowe, Edmund Spenser, John Donne, Aemilia Lanyer, and John Milton. In this course, students will explore and analyze representative works by these writers and others, making connections between the writers and the cultural context in which they lived.

ENGL 140E. Restoration & Eighteenth-Century Drama. 4 Units
Term Typically Offered: Fall, Spring
In-depth examination of the drama of late 17th and 18th-century England. Course includes the study of the age itself, the social and political issues of the time as well as its dramatic art, including many of its comedies, which the course it examines in their historical and cultural contexts.

ENGL 140F. British Literature, 1660-1780. 4 Units
Term Typically Offered: Fall, Spring
A period survey of British literature from the Restoration of King Charles II in 1660 through the stirrings of British Romanticism in the last decades of the eighteenth century. Authors to be covered will likely include Dryden, Behn, Rochester, Finch, Swift, Pope, Gay, Montagu, Addison & Steele, Gray, Johnson, Equiano, Goldsmith, and Sheridan.

ENGL 140G. The Eighteenth-Century British Novel. 4 Units
Term Typically Offered: Fall, Spring
The novel as we know it today was invented in the 18th century. Students study the cultural origins of the novel and read several major works by 18th-century novelists such as Daniel Defoe, Samuel Richardson, Henry Fielding, Fanny Burney, Ann Radcliffe, Laurence Sterne, and Jane Austen, among others.

ENGL 140H. Nineteenth-Century Novel. 4 Units
Term Typically Offered: Fall, Spring
Devoted to exploring the fiction of nineteenth-century British novelists from Jane Austen through Thomas Hardy. Particular attention is paid to prevalent genres, especially the mixing of romance and realism, narrative and plot structures, imagery patterns, character types and anti-types, and thematic concerns, which usually involve some sort of conflict between the self and society, the individual and institutions (or the environment).

ENGL 140I. The Victorian Imagination. 4 Units
Term Typically Offered: Fall, Spring
Examines British literature and culture during the late eighteenth and early nineteenth centuries. Topics may include war and revolution, tourism and the picturesque, genius and imagination, the Gothic, Romanic orientalism and literature and the environment. Writers covered may include Smith, Blake, Wollstonecraft, the Wordsworths, Scott, Coleridge, Austen, de Quincey, Byron, the Shelles, Hemans and Keats.

ENGL 140J. The Victorian Imagination. 4 Units
Term Typically Offered: Fall, Spring
Explores themes and forms of the Victorian period, stressing the evolving role of the artist and the growth of self-consciousness in verse and prose. Victorian themes like the divided self, the love-duty conflict, and the inevitable crises of faith are recurring problems in the obsessive Victorian debate between flesh and spirit. Analyzes this dialectic in the poetry of Browning, Tennyson, the Pre-Raphaelites and Decadents, in a representative novel, and in the prose of Ruskin, Mill, and Pater.

ENGL 140K. Modern British Literature, 1900-Present. 3 Units
Term Typically Offered: Fall, Spring
In-depth examination of some of the important British texts in fiction, poetry, and drama from 1900 to the present. The works dramatize the important historical, social and aesthetic changes in a century which saw the collapse of the British Empire, the spread of democracy, the rise of Modernism and the Absurd in the arts, and the continuing struggle of the personal statement in an impersonal world.

ENGL 140L. Modern British Fiction, 1900-Present. 4 Units
Term Typically Offered: Fall, Spring
Survey of British fiction from 1900 to the present which covers the struggle between traditional Realism and Modernism in the novel, the decline and fall of the British Empire and the rise of the former colonies as purveyors of fictions in English in their own right, and the development of new experimental forms in the last decades of the 20th century.
ENGL 140M. Modern British Drama, 1889-Present. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

In-depth examination of British drama from the arrival of Ibsen's A Doll's House on the British stage (and Shaw's publication of his influential treatise The Quintessence of Ibsenism), both laying to rest for serious artists the moralistic, bourgeois theater of the late 19th century. Includes study of various dramatic movements in Britain, including realism, absurdist, kitchen-sink naturalism, surrealism, epic theater, expressionism.

ENGL 140R. Renaissance Drama. 4 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of English drama written in the period, roughly, from 1500-1660. Provides a survey of playwrights and genres from the entire period or a focus on a particular theme or a grouping of authors. Students will study texts as well as the historical, political, cultural, social, sexual, and religious contexts in which the playwrights of the era composed their works.

ENGL 140Z. Studies in British Literature. 4 Units
Term Typically Offered: Fall, Spring

Topics in periods and movements in the literature of Britain. Course may focus on a limited period (e.g. The Edwardian Age), a single author (e.g. Anthony Trollope or Margery Kempe), an authorial dialogue (e.g. Shakespeare and Wilde or G.M. Hopkins and Christina Rossetti), or a unique literary feature, theme, or structure (e.g. the Sonnet or Literature and the Law).

ENGL 141A. The Essential Shakespeare. 4 Units
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Exploration of Shakespeare's most representative works. The course syllabus usually includes his sonnets and non-dramatic poetry as well as plays from both early and later periods of his career. Class discussions will include Shakespeare's typical themes, conventions, and techniques, his development of character and situation, and his relationship to the culture and values of both his own and subsequent ages.

ENGL 141B. Shakespop: Shakespeare and Popular Culture. 3 Units
Term Typically Offered: Fall, Spring

The works of William Shakespeare circulate in our culture in a wide variety of ways - in music, art, dance, film, television, advertising, management manuals, self-help books, etc. sometimes staying close to the original texts and at other times barley skimming the surface for cultural capital. This course will examine the dynamic relationships between Shakespeare in its diverse forms and popular culture by examining various instances of Shakespearean appropriation and adaptation. Themes include Shakespeare in Love, War, Business, and Youth Culture.

ENGL 141A. Chaucer - Canterbury Tales. 4 Units
Term Typically Offered: Fall, Spring

Reading of The Canterbury Tales in Middle English. Chaucer's great unfinished poem will be investigated as the pinnacle of literary achievement in the English Middle Ages, a work that attempts, like Dante's Divine Comedy, to account for all the issues and problems of human life as medieval thinkers had come to regard them.

ENGL 145A. Chaucer - Canterbury Tales. 4 Units
Term Typically Offered: Fall, Spring

Reading of The Canterbury Tales in Middle English. Chaucer's great unfinished poem will be investigated as the pinnacle of literary achievement in the English Middle Ages, a work that attempts, like Dante's Divine Comedy, to account for all the issues and problems of human life as medieval thinkers had come to regard them.

ENGL 145B. Shakespeare - Early Plays, 1592-1600. 3 Units
Term Typically Offered: Fall, Spring

Exploration of representative plays from roughly the first half of Shakespeare's career as a dramatist, including early and middle comedies (e.g., A Midsummer Night's Dream, As You Like It), early and middle tragedies (e.g. Richard II, Henry IV, Part One), while situating the plays within their cultural and historical context.

ENGL 145C. Shakespeare - Later Plays, 1600-1612. 4 Units
Term Typically Offered: Fall, Spring

Exploration of representative plays from roughly the second half of Shakespeare's career as a dramatist, with emphasis on the major tragedies (Hamlet, Othello, King Lear, and Macbeth), but also including the middle comedies (e.g., Twelfth Night, Measure for Measure) and the later romances (e.g., The Winter's Tale, The Tempest), while situating the plays within their cultural and historic contexts.

ENGL 145I. John Milton. 3 Units
Term Typically Offered: Fall, Spring

Students study the major poems of Milton-among them Comus, "Lycidas," Paradise Lost, Paradise Regained, and Samson Agonistes-giving special attention to Paradise Lost. Students will also consider such prose works as Of Education, the divorce tracts, and Areopagitica, Milton's famous argument against censorship. Finally, it includes lectures on the Puritan Revolution of 1640-60 and Milton's role in it.

ENGL 145A. John Milton. 3 Units
Term Typically Offered: Fall, Spring

Students study the major poems of Milton-among them Comus, "Lycidas," Paradise Lost, Paradise Regained, and Samson Agonistes-giving special attention to Paradise Lost. Students will also consider such prose works as Of Education, the divorce tracts, and Areopagitica, Milton's famous argument against censorship. Finally, it includes lectures on the Puritan Revolution of 1640-60 and Milton's role in it.

ENGL 150A. Early American Literature. 4 Units
Term Typically Offered: Fall, Spring

Focusing on the literature of early American settlement, the literature that first defined our nation. Students analyze such works as oral literature of Native America, earliest writings of Spanish explorers, Puritan settlement literature, Captivity Narratives of the 17th through 19th centuries, Witchcraft Narratives, and Slave Narratives. Students might also study connections to later works (e.g., Puritan literature and Hawthorne's Scarlet Letter, Witchcraft narratives and Miller's The Crucible).

ENGL 150B. American Romanticism. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Focuses on one of the great periods in the history of literature. It has appropriately been called the American Renaissance. Writers covered might include but not be limited to Poe, Hawthorne, Emerson, Thoreau, Fuller, Melville, Whitman, Dickinson.
ENGL 150C. American Realism. 3 Units
Term Typically Offered: Fall, Spring
Examines American literature written during the period after the Civil War, a time of unprecedented change that transformed America from rural, agricultural, and homogeneous culture into its urban, industrial, heterogeneous counterpart. It investigates how the literature of this period reflected these changes and simultaneously tried to reconcile them with the values of an earlier America. The magnitude of this endeavor produced a remarkable literary heritage for the 20th century.

ENGL 150D. American Modernist Fiction, 1910-1950. 4 Units
Term Typically Offered: Fall, Spring
Survey of the important historical movements and conflicts in American literature, including the development of Realism and Naturalism, the experimental Modernist movement of the twenties, the populist literature of the thirties and the development of psychological realism in the forties.

ENGL 150E. American Poetry, 1910-1950. 4 Units
Term Typically Offered: Fall, Spring
Many scholars argue that American literature's greatest achievement in the twentieth century literature is in the genre of poetry. Offers a survey of such movements as the "New Poetry," Modernism, Imagism, Primitivism, and Postmodernism. Major figures will include, but not be limited to, Robinson, Frost, Eliot, Pound, Millay, Cummings, Stevens, W.C. Williams, Jeffers, Moore, and Hughes.

ENGL 150F. Contemporary American Fiction, 1950-Present. 3 Units
Term Typically Offered: Fall, Spring
Surveys American fiction in the decades immediately following World War II. These novels deal with themes such as exhaustion, social unrest, historical conspiracy, and political coercion. Representative figures include, but are not limited to, Ralph Ellison, John Barth, Philip Roth, Joan Didion, Thomas Berger, Vladimir Nabokov, Marilyne Robinson, Thomas Pynchon.

ENGL 150G. Contemporary American Poetry, 1950-Present. 4 Units
Term Typically Offered: Fall, Spring
Examines the richness of American poetry since World War II giving some consideration to the impact of recent world poetry brought to us by our skillful poet/translators.

ENGL 150H. Recent American Fiction, 1980-Present. 4 Units
Term Typically Offered: Fall, Spring
Introduction to the remarkable flowering of American fiction in the late decades of the twentieth century. The primary focus is to scrutinize a collection of novels for which there is no firmly established critical opinion but which are nonetheless distinguished fictional accomplishments. Emphasis is placed on revealing the diversity of voices and the ways in which these writers demonstrate the continuing possibilities for artistic variety and experimentation.

ENGL 150I. Modern American Short Story. 4 Units
Term Typically Offered: Fall, Spring
Since the publication of Washington Irving's "Legend of Sleepy Hollow," Americans have excelled at the genre of the short story. Offers a survey of traditional "masters" and recent innovators. Provides an opportunity to read a wide variety of writers (such as Wharton, Chopin, Crane, Gilman, James, Anderson, Hemingway, Faulkner, Ellison, O'Connor, Barth, Oates, Proulx, Roth, Carvey, and Welty), and examine a range of forms, themes and experiences that reflect and shape American culture.

ENGL 150J. Twentieth-Century American Drama. 4 Units
Term Typically Offered: Fall, Spring
In-depth examination of American drama, starting with Eugene O'Neill. Traces American drama from the early decades of the 20th century to the present, examining the plays themselves, their themes, dramatic idioms, stage craft and European influences in their social, historical and artistic contexts.

ENGL 150L. Lost Generation Writers. 4 Units
Term Typically Offered: Fall, Spring
Examines one of the most remarkable flowerings of literary achievement in American letters, the writing of "The Lost Generation," authors born between 1885 and 1900. Unified by a profound disillusionment with American culture after World War I, writers such as T.S. Eliot, Eugene O'Neill, William Faulkner, and Ernest Hemingway produced enduring modern masterpieces. In the process they demonstrated that their generation might find in art what had been lost on the battlefield.

ENGL 150M. California Literature. 4 Units
Term Typically Offered: Fall, Spring
Focuses on the California phenomenon, the place where the American Dream strives to reach fulfillment "because here," according to Sacramento-native Joan Didion, "beneath that immense bleached sky, is where we run out of continent" and how this phenomenon has captivated writers for centuries. Presents a cross-section of literary works (fiction, poetry, essays, etc.) while examining and interrogating various literary manifestations of California golden myths and grayer realities.

ENGL 150O. The American Gothic. 4 Units
Term Typically Offered: Fall, Spring
Explores American works written in the Gothic mode. In novels, captivity narratives, short stories, and poetry, we will investigate representations of terrifying, uncanny, and supernatural phenomena. As we trace the development of the Gothic mode in American literature, we will examine how narratives and poetic depictions of horror rehearse our individual and cultural fears about sexuality, race, violation, rebellion, madness, and death, and we will inquire into that thrill of macabre pleasure that attends the exploration of the darker side.

ENGL 150R. American Regionalism. 4 Units
Term Typically Offered: Fall, Spring
Examines literature by American regionalist writers during the late-nineteenth century. Topics may include nationalism, sectional divides, local color, dialect fiction, conditions of publication, and emerging women writers and writers of color. Students will investigate the role that regionalism plays in relation to literary representations that depict the conflicting and complex social, cultural, and historical formation of racialized and gendered identities. Independent-online project required.

ENGL 155E. Hemingway and Fitzgerald. 4 Units
Term Typically Offered: Fall, Spring
Intensive study of two of the most important American writers of the 20th century. Ernest Hemingway and F. Scott Fitzgerald. This focus on two authors allows students to read them in-depth, to examine the dynamics of their friendship, and to explore the similarities and differences in their responses to World War I and the Great Depression.
ENGL 165A. A Survey of Irish Literature. 4 Units
Term Typically Offered: Fall, Spring
Survey of Irish literature, beginning with various myths, moving through the bardic period and eighteenth and nineteenth centuries, and then centering upon the "Irish Renaissance" (1885-1940). Covers the genres of poetry, drama, and fiction, and representative figures include W.B. Yeats, Patrick Kavanagh, James Joyce, Flann O'Brien, John Synge, Lady Gregory, Sean O'Casey, Sean O'Faolain, and Frank O'Connor.

ENGL 165D. Postcolonial Literature. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Deals with the considerable body of Postcolonial literature written in English. Many of the writers come from countries of the former British Commonwealth, including Achebe, Desai, Emcheta, Naipaul, and Rushdie. It focuses on the literary, cultural and political environments in which the texts are situated and on their relationship to the wider tradition of literature in English.

ENGL 165F. Caribbean Literature. 4 Units
Term Typically Offered: Fall, Spring
Focuses on the literature--novels, shorts stories, poetry, and plays--by a wide range of Caribbean authors, among whom are two recent Nobel Prize winners, Derek Walcott and V. S. Naipaul. Students will learn to appreciate the cultural diversity of this post-colonial literature and will become familiar with its important themes and stylistic techniques. Students will also experience the multi-dialectal richness and flavor of the Anglophone Caribbean as expressed by authors from linguistically diverse islands.

ENGL 170A. Fantasy. 4 Units
Term Typically Offered: Fall, Spring
Helps students develop their own working definition of fantasy by examining its central narrative and dramatic structures, image patters, and thematic preoccupations. At the same time, encourages students to compare these motifs with those of so called "realist" fiction so they may understand how blurred conventional distinctions between "fantasy" and "reality" actually are.

ENGL 170B. Modern Poetry. 4 Units
Term Typically Offered: Fall, Spring
General course in English language poetry written in the late 19th and early 20th century poetry, a period of great innovation in poetry. It focuses on approach: what is the modern poem and how does one read it? Emphasis is placed on the function of image, voice, line break, rhythm, etc. Writers might include Whitman, Dickinson, Yeats, Pound, Eliot, Hardy, and Hopkins.

ENGL 170C. Introduction To Comedy. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Focuses on various comic genres and theories--from 4th century BC to the present. It examines romantic comedy, tragicoomedies, comedies of manners, of humors, of menace; farce, satire, slapstick. Students also read widely in comic theory, examining aspects psychological, phenomenological, aesthetic--in drama, fiction, poetry and prose.

ENGL 170D. Introduction To Tragedy. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Focuses on the literatures and theories of tragedy--from 5th century BC to the present--from Sophocles to Mamet, from Flaubert to Stoppard. It examines the "tragic vision" in light of individual genres, times, social mores, religious beliefs and expectations, using Aristotle for both its touchstone and lodestar.

ENGL 170E. Short Fiction. 4 Units
Term Typically Offered: Fall, Spring
Survey of the art of short fiction through readings of a variety of world writers. Representative figures include, but are not limited to, Melville, James, Chopin, Maupassant, Chekhov, Saki, Cather, Joyce, Kafka, Dinesen, Hemingway, Borges, O'Connor, Munro, Carver, Everett, Lahiri, etc.
ENGL 170N. Narrative Poetry. 4 Units
Term Typically Offered: Fall, Spring

Provides an introduction to the genre of narrative poetry, a historical survey of the vicissitudes of its reception from the nineteenth century to the present, and a close study of representative narrative poems by poets who have excelled in this mode.

ENGL 170Z. Twentieth-Century Fiction. 4 Units
Term Typically Offered: Fall, Spring

Study of twentieth-century fiction from a variety of ethnic and social backgrounds, including and moving beyond British Modernism. Readings explore English as a literary language used across the globe, ranging from Paris to Mazatlán, Calcutta to San Francisco.

ENGL 180A. Forms of African-American Poetry. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Focuses on four or more African-American poets, representing a historical succession of literary periods.

ENGL 180B. Forms of African-American Fiction. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Focuses on four or more African-American writers of fiction, surveying texts representing a historical succession of literary periods.

ENGL 180F. Major African-American Authors. 4 Units
Term Typically Offered: Fall, Spring

Employing a lecture-discussion format, involves studies in a single literary genre or a combination of literary genres emphasizing the work of three or fewer African-American authors.

ENGL 180H. American Identities: In the Intersection of Race, Gender, and Ethnicity. 4 Units
Term Typically Offered: Fall, Spring

Uses a team-teaching approach to sample a range of diverse American literatures. Texts are selected by the team to represent both mainstream and marginalized groups and to reflect the individual professors’ interests and expertise. Examines the commonalities that cross ethnic, racial, class, and gender boundaries as well as the differences that enrich our cultural identity. Independent, online project required.

ENGL 180J. Jewish American Literature. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Students will examine a rich tradition of Jewish American literature in the context of a complex American multicultural narrative. Topics include the immigrant experience, assimilation, alienation, responses to the Holocaust and other forms of anti-Semitism, the place of Israel in the Jewish American imagination, and a contemporary rediscovery of reconstruction of Jewishness and Judaism. Students will interrogate what constitutes Jewish American identity and defines its literature in a culture that is itself conflicted about its secular/religious ethos and the degree to which subjectivity is determined by “consent and/or descent.”

ENGL 180L. Chicano Literature. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Gives students an overview of Chicano Literature. Students examine both contemporary Chicano poetry and fiction.

ENGL 180M. Asian American Literature. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Designed to help students gain an understanding of the diversity as well as the similarities among various Asian American writers. How do the categories of race, gender, and class affect the way different characters construct their cultural experiences and fashion their personal identities? By studying the variety of processes through which different protagonists “become American”—through assimilation, appropriation, or “translation”—students should arrive at a better understanding of how we all construct our own identities.

ENGL 180Z. Topics in Multi-Ethnic Literatures. 4 Units
Term Typically Offered: Fall, Spring

Comparative analysis of two or more ethnic literary and cultural productions with an emphasis on relationships among history, politics, and culture in American, British, or World literatures.

Note: May be repeated twice for credit as topics vary.
ENGL 185B. Twentieth Century Fiction by Women. 4 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Covers short stories and novels spanning the century and including women writers from a variety of nationalities, class, cultural and ethnic groups. Emphasizes what Virginia Woolf calls "the delicate transaction between a writer and the spirit of the age" and works with the writers presented so as to elicit the developing strands of influence and critique that bring these disparate writers into a common dialogue.

ENGL 185C. British Women Novelists. 4 Units
Term Typically Offered: Fall, Spring

Focuses on the ways in which women writers of the 19th and 20th centuries concern themselves with questions of the differences in male and female experience and how those differences affect their writing. Students will study the portrayal in fiction of the evolution of the "modern woman"—with the conflicts between self and other, dependence and independence, love and power that are part of that process.

ENGL 185D. American Women Writers. 4 Units
Term Typically Offered: Fall, Spring

Focuses on women writers primarily from the early 20th century with an emphasis on how gender expectations affect people, society, novels, poems. Students study the theme of awakening, the roles that families, friends, class, social expectations and conditions play in the development of individuality and self-awareness. Examines implications of power relationships and certain areas of conflict, such as those between self and other, repression and expression, inner and outer, dependence and independence, love and power.

ENGL 185E. Chicana/Latina Women Writers. 4 Units
Term Typically Offered: Fall, Spring

Focuses on major Chicana and Latina writers of the 19th, 20th, or 21st centuries. Includes an analysis of Chicana and Latina novels, short stories, theater and/or poetry. Students develop analytical skills through class lectures, discussions, written assignments and readings.

ENGL 190D. Detective Fiction. 4 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of crime and detective fictions (novels, short stories, plays, etc.). Crime fiction continually asks us what do we know about people and events and how do we know it. Investigates a variety of texts that address this desire to know and its connections to the mysterious and the criminal. Discussions of this popular genre will address the ways in which an obsession with crime and punishment manifests itself in various cultures and cultural moments.

ENGL 190H. The Supernatural in Literature. 4 Units
Term Typically Offered: Fall, Spring

Approaches supernatural literature from the perspective that, regardless of how bizarre or fantastical a literary work may seem, it deserves serious scholarly study because it represents the realism of apparent human experiences and provides readers with access to the inner workings of the human mind. Readings include Ambrose Bierce, H.P. Lovecraft, Edgar Allan Poe, Lord Dunsany, Fitz-James O'Brien, and contemporary writers from around the world.

ENGL 190J. Tolkien: Lord Of The Rings. 4 Units
Term Typically Offered: Fall, Spring

Helps students understand the primary structures, images, and themes informing Tolkien's Middle Earth and the ways these link the medieval worldview with modern, and even postmodern, wish-and-fear-fulfillments. Students will read Tolkien's criticism, poetry, short tales, The Hobbit, The Lord of the Rings trilogy, and selections from The Silmarillion.

ENGL 190P. Popular Literature and Culture. 4 Units
Term Typically Offered: Fall, Spring

The study of popular texts through the various lenses of literary analysis. Students will work with a variety of texts, which might include genre fiction, graphic novels and comics, film and television, and other digital media, to consider the ways and whys of their popularity, as well as their impact, both historical and contemporaneous, on literature, audience, and culture.

ENGL 190Q. LGBTQ Literature. 4 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of literature by and about lesbian, gay, bisexual, transgender, and queer creators. Students will work with a variety of texts (fiction, poetry, film, nonfiction) about LGBTQ identities; students will also come to understand the historical contexts and shifting theoretical paradigms that have shaped and reshaped conceptions of sexuality.

ENGL 190R. Romance Fiction. 4 Units
Term Typically Offered: Fall, Spring

Readings in and analysis of romance fictions (primarily novels). Romances continually promise emotional (and sexual) fulfillment, but what do readers of romance novels get from this reading experience? Discussions of this popular genre will address the ways in which the pursuit of love and companionship and the indulgence in lust and passion manifest themselves in various cultural moments; critical materials will help theorize the appeals, dangers, and uses of romance fiction.

ENGL 190V. Great Drama on Video. 4 Units
Term Typically Offered: Fall, Spring

Studies and evaluates a selection of dramas on videos (such as but not limited to A Streetcar Named Desire, Death of a Salesman, Doll's House, Hamlet, Oedipus, Pygmalion, and Rosencrantz and Guildenstern) and core texts (Sculpting in Time: Tarkovsky The Great Russian Filmaker Discusses His Art, Truffaut by Truffaut, and Staring Point by Hayao Miyazaki).
ENGL 191A. Masterpieces of the Cinema. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Conducted by lecture and discussion. Students see a selection of the best, most enduring, most influential films made during the last hundred years and explore the historic, aesthetic, and philosophical reasons these films have generally been acknowledged as masterpieces.

ENGL 195A. Writing Center Theory and Practice: Internships. 4 Units
Term Typically Offered: Fall, Spring

Provides interns with an opportunity to apply tutoring principles while working at tutors in the writing center.
Note: ENGL 195A is a paired course with ENGL 410A, which meets at the same time in the same room. The graduate level class has a significantly increased reading, writing, and research component. May be repeated for up to 8 units of credit.
Credit/No Credit

ENGL 195C. Internship In Field Work. 4 Units
Term Typically Offered: Fall, Spring

Work experience in an area related to the English major. Credit/No Credit
Credit/No Credit

ENGL 195W. Writing Programs Internship. 4 Units
Term Typically Offered: Fall, Spring

This course is paired with an internship with the University Writing Programs or a Community Engagement Center partner organization during which students apply knowledge of writing, editing, design, copy editing, and production in the professional workplace. Students define the learning goals and objectives specific to their internships by writing a learning agreement, and in a portfolio presented to the class they examine the extent to which they met the learning objectives outlined in the learning agreement.
Note: May be repeated for credit if topic of internship differs.

ENGL 197I. Film - Depression Giggles. 4 Units
Term Typically Offered: Fall, Spring

A semester of films, readings, and discussions focused on what is often called the “Golden Age of Hollywood,” the 1930s and early 1940s. Classes will study as well the studio era, the star system, the development of cinematic genres, and censorship under the Production Code—both when it was more strictly enforced [1934-after] and when it was not before and after 1930-1934.

ENGL 197J. Film - Alfred Hitchcock. 4 Units
Term Typically Offered: Fall, Spring

Students see a selection of films adapted from novels, short stories, or other literary works; read the original work from which the film was adapted; and explore the history, aesthetics, and craft of adapting fiction to film.

ENGL 197L. The American Film. 4 Units
Term Typically Offered: Fall, Spring

Focus on American films. Topics may cover a range of periods, movements, genres, styles, and themes.

ENGL 197M. Recent American Films. 4 Units
Term Typically Offered: Fall, Spring

Emphasizes the trends, themes, forms, and cinematic techniques, technological advances, and "revisionist" genres of recent American films of approximately the last twenty years, partly as a way of analyzing the American film conventions, partly as a means of examining our contemporary culture, but primarily as a means of analyzing and understanding the films themselves.

ENGL 197N. British Film. 4 Units
Term Typically Offered: Fall, Spring

Screenings and analysis of films produced in Great Britain. Students will view a variety of British films, starting possibly with silents and early Hitchcock and ending with films from the contemporary moment. Students will come to understand the historical and artistic contexts of the films and encounter the shifting definitions of what represents "British" on the screens of the cinema and in the minds of viewers. May provide a survey of films or focus on particular themes, studios, or directors.

ENGL 197R. Films Of Alfred Hitchcock. 4 Units
Term Typically Offered: Fall, Spring

Traces Hitchcock's "game with the audience" from its beginnings in silent films, through its British period, to its American conclusion. It closely examines important sequences, shots, images, character types, and themes. Students will view several of Hitchcock's classic films in their entirety.

ENGL 198T. Senior Seminar In English. 4 Units
Prerequisite(s): ENGL 120A and a minimum of 90 units.
Term Typically Offered: Fall, Spring

Features specialized topics taught by a variety of instructors depending upon the semester. Topics can include subject matter from literature, linguistics, English education, creative writing, composition/rhetoric, and film. Tend to the production of a significant research paper, a paper which will emphasize the student's ability to: evaluate, assess, and interpret multiple texts; integrate primary and secondary sources; construct a sustained, coherent, and rhetorically sophisticated piece of writing.
ENGL 198X. Senior Portfolio. 2 Units
Prerequisite(s): ENGL 120A, at least 80 units, and one of the following:
Term Typically Offered: Fall, Spring

In this course, students, as one element of their capstone experience, will reflect on their work in their classes and portfolio projects; the English major, its structure, curriculum, and values; their career goals and life-long learning; and the meanings of education and literacies in the academy and popular cultures. Students will edit and finalize their senior portfolio.
Note: On-line course
Credit/No Credit

ENGL 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Departmental petition required.
Credit/No Credit

ENGL 200. Methods and Materials of English Studies. 3 Units
Term Typically Offered: Fall, Spring

Required for all MA candidates in English.

ENGL 200A. Methods and Materials of Literary Research. 4 Units
Term Typically Offered: Fall, Spring

Required of all MA candidates in English under Plans A and C and Creative Writing Plan B, acquaints students with principal sources and techniques of literary research. It also introduces students to contemporary critical approaches to literature. Students should take this course as early as possible in their graduate careers, preferably in the first semester. Students prepare an annotated bibliography and a paper employing a particular critical approach to one of a selection of anchor texts.
Note: Graduate Writing Intensive (GWI) course.

ENGL 200D. Materials and Methods of TESOL Research. 3 Units
Term Typically Offered: Fall, Spring

Explores research design and testing methods for quantitative and qualitative research in second language acquisition (SLA). Students develop the ability to read second language acquisition research critically; study a variety of theoretical perspectives represented in current SLA research; and review the history of the current "burning issues" in SLA.
Note: Graduate Writing Intensive (GWI) course.

ENGL 200E. Curriculum and Assessment Design for Language Classrooms. 3 Units
Term Typically Offered: Fall, Spring

Examine the interplay between curriculum design and classroom assessment. The goals are 1) to familiarize prospective teachers with the terminology and practices underlying curriculum design and classroom assessment; 2) to develop the ability to analyze student needs and propose appropriate changes to curricula; and 3) to construct and implement language tests that reflect curricula.
Note: May be counted as an elective for the M.A. TESOL program.

ENGL 201D. Contemporary Theory. 4 Units
Term Typically Offered: Fall, Spring

Introduces students to the place of theoretical texts in literary studies and engages with theory through a survey of approaches and/or a thematic inquiry; examples of thematic approaches might include but are not limited to formalism and new formalism, critical race studies, theories of poetics, and the linguistic turn.

ENGL 210A. Reading/Vocabulary Acquisition. 3 Units
Term Typically Offered: Fall, Spring

Examines the psycholinguistic bases of the reading process in ESL, including age; and the role of formal instruction and error correction.

ENGL 210B. Sociolinguistics and TESOL. 3 Units
Term Typically Offered: Fall, Spring

Prepares language teachers to effectively integrate technology into classrooms. Examines theoretical rationales for using computer-assisted language learning, the range of uses of technology in classrooms, and best practice. Develops students' technological literacy and ability to critically evaluate computer-assisted language teaching materials. Cross Listed: ENGL 110C; only one may be counted for credit.

ENGL 210C. Technology in Second Language Teaching. 3 Units
Term Typically Offered: Summer only

Prepares language teachers to effectively integrate technology into classrooms. Examines theoretical rationales for using computer-assisted language learning, the range of uses of technology in classrooms, and best practice. Develops students' technological literacy and ability to critically evaluate computer-assisted language teaching materials. Cross Listed: ENGL 110C; only one may be counted for credit.

ENGL 210G. Second Language Acquisition. 3 Units
Prerequisite(s): ENGL 200D.
Term Typically Offered: Fall, Spring

Examines the factors affecting the acquisition of a second language, focusing on research in this area since 1970. Topics covered are: transfer and the role of the first language; developmental sequences; the role of input, interaction and output; cognitive and personality variables, including age; and the role of formal instruction and error correction.

ENGL 215A. Reading/Vocabulary Acquisition. 3 Units
Term Typically Offered: Fall, Spring

Preparation of teachers of English to speakers of other languages. Examines the psycholinguistic bases of the reading process in ESL, provides opportunities for seminars to test reading practices in peer demonstrations, and explores the fundamentals of testing, evaluation, and syllabus design in the ESL curriculum. Particular attention for reading and vocabulary will be given to miscue analysis and acquisition theory.

ENGL 215B. ESL Writing/Composition. 3 Units
Term Typically Offered: Fall, Spring

Provides the groundwork to prepare teachers of English to speakers of other languages for composition instruction. An examination of the theoretical bases of language acquisition, composing process, and correction/review strategies that will enable students to plan and demonstrate writing lessons to their peers. Consideration of traditional tests of writing, such as the TOEFL, the WPJ, and innovative forms of evaluation are integrated with syllabus design and text evaluation.
ENGL 215C. Pedagogical Grammar for TESOL. 3 Units
Term Typically Offered: Fall, Spring
Examines those areas of English grammar that are typically taught to non-native speakers. The goals are 1) to familiarize prospective ESL teachers with terminology and analyses that can be used in the classroom; 2) to develop the ability to explain and exemplify grammatical phenomena in terms accessible to ESL students; 3) to review sample materials and techniques for teaching English to non-native speakers.

ENGL 215D. Pedagogy of Spoken English. 3 Units
Term Typically Offered: Fall, Spring
Examines aspects of spoken English that are typically taught to non-native speakers. The goals are 1) to familiarize prospective ESL teachers with terminology and analyses that can be used in the classroom; 2) to develop the ability to analyze student difficulties and provide appropriate help; 3) to review sample materials and techniques for teaching spoken English to non-native speakers.

ENGL 220A. Teaching College Composition. 4 Units
Term Typically Offered: Fall, Spring
Designed for prospective community college and university writing instructors. It focuses on theory and research in rhetoric, composition, and cognitive development and on practical, pedagogical classroom strategies. Students discuss a variety of theories and research studies and then apply writing theory to classroom strategies, design lessons, assignments, and syllabi, and practice analyzing and responding to student writing; and prepare a teacher portfolio.
Note: Graduate Writing Intensive (GWI) course.

ENGL 220C. Topics in Composition Studies. 4 Units
Term Typically Offered: Fall, Spring
Prerequisite(s): ENGL 220A
Rotating series of topics relevant to composition studies. Regardless of the topic, students will explore the history of the field, the theory and practice of the field, the major scholarly works of the field, and the relationship of the field of study to the broader field of composition and rhetoric.

ENGL 220D. Teaching and Composition Research. 4 Units
Term Typically Offered: Fall, Spring
Examines the history and current status of research methods and methodologies in Composition Studies. It explores both producing and consuming research – studying how and why research has been conducted and how it has been understood and put to practical use by readers of composition research.

ENGL 220R. Professional Writing. 4 Units
Term Typically Offered: Fall, Spring
Examines theories that inform the practices of professional writers and applies theoretical principles to some common professional writing genres used in career fields ranging from business to public relations to nonprofit management. Focuses on how business or technical communication is different from academic styles and introduces students to the current writing challenges and practices in these fields.

ENGL 220R. Topics in Rhetorical Theory and Practice. 4 Units
Term Typically Offered: Fall, Spring
Designed to help students learn about and apply rhetorical theory. Its goal is to introduce graduate students to the history and theory of rhetorical movements after—or outside of—the rhetorics of Western antiquity. Evaluation will be based on weekly journal responses to readings, a major paper on rhetorical theories, and a course portfolio.

ENGL 220W. Writing in Your Discipline. 3 Units
Prerequisite(s): Graduate GWAR placement Score of 40 or a GWI course grade of "B-" or lower
Term Typically Offered: Fall, Spring
Writing workshop course designed to immerse graduate students in the discourse of their disciplines; required for graduate students who have received a 3 unit placement on the Writing Placement for Graduate Students (WPG). Focuses on the writing process, text-based academic writing in various academic genres, revising, and editing. Students will produce 5000 words. Includes assessment via Course Portfolio.

ENGL 222. Understanding Multidisciplinarity in Writing Studies. 1 Unit
Term Typically Offered: Fall, Spring
The discipline of Writing Studies has roots in a number of areas of scholarly inquiry. Some disciplines that have contributed to the development of the field include Literary Studies, Linguistics, Communications, Information Technology, Philosophy, Library Science, Psychology, and Education. In this course, students will evaluate a theory or concept presented in a discipline outside of Writing. Required for students in the MA in Composition, Rhetoric, and Professional writing who are taking an ENGL 215B or another three-unit elective.

ENGL 225A. Theories of Teaching Literature. 3 Units
Term Typically Offered: Fall, Spring
Introduction to theories of teaching literature so students who intend to teach at the college level have examined their assumptions and options before they develop their teaching practices. Organized around three questions: Why do we teach literature? What do we teach? How do we teach?

ENGL 225C. Theoretical Issues in Adult Literacies. 3 Units
Term Typically Offered: Fall, Spring
Introduces students to current theories surrounding the pedagogies and politics of adult literacies within a wide variety of contexts, including community colleges, prisons, and community projects. Incorporates information on technological literacies, information literacies, cultural literacies, and multiliteracies. In addition, students will be partnered with community literacy experts and required to complete formal observations of adult reading classrooms throughout the semester, fostering collaboration between the local community and the university. Cross-listed: EDTE 225C; only one may be counted for credit.

ENGL 230A. Writing Fiction. 4 Units
Term Typically Offered: Fall, Spring
Seminar in the workshop format designed for experienced writers of fiction. It is designed to provide intensive instruction in the theory and craft of writing short stories, novels, and screenplays.
ENGL 230B. Advanced Poetry Writing. 4 Units
Term Typically Offered: Fall, Spring
Theory and practice in the writing of poetry. Consists primarily of the preparation and evaluation of student work. Students are also be assigned supplemental readings designed to help them determine their affinity (or lack of affinity) with current poetic theory and practice.

ENGL 230D. Meter and Rhythm. 4 Units
Term Typically Offered: Fall, Spring
In-depth study of prosody including the principles of meter (line measurement) and scansion (the marking of stressed and unstressed syllables to determine meter and rhythm), as well as examining the relationship of these principles to verse in English. Examines a variety of poetic schemes, tropes, and forms. Lecture and guided practice.

ENGL 230E. Writing and Theorizing Memoir. 4 Units
Term Typically Offered: Fall, Spring
Examines the craft of writing memoir and creative nonfiction as well as the theory and history of contemporary memoir writing. Students will write and workshop their own memoirs and creative nonfiction. Introduces students to literary and philosophical theories of memory and writing as well as look at contemporary memoirs written in a variety of styles.

ENGL 230G. Between Genres: Flash Fiction/Prose Poetry. 4 Units
Term Typically Offered: Fall, Spring
English 230G offers graduate poets and fiction writers the opportunity to explore/experiment with the long-standing anti-genre of the poetry/fiction hybrid. For 200 years writers around the world have noted the symbiosis between the genres of poetry and prose. Currently, some of America's most exciting writers are currently exploring the margins between prose poetry, flash fiction, and related evolving forms.

ENGL 230X. Master Class in Writing Fiction. 4 Units
Prerequisite(s): ENGL 130A, or ENGL 130M, or ENGL 130N, or ENGL 230A or instructor permission.
Term Typically Offered: Fall, Spring
Workshop provides intensive instruction in the theory and craft of writing fiction designed for students who are already writing at a professional or near-professional level, and for those who have proven themselves ready to take advanced study with careful, individualized direction of the instructor.
Note: May be repeated once for credit.

ENGL 230Y. Master Class in Writing Poetry. 4 Units
Prerequisite(s): ENGL 130B or ENGL 230B or instructor permission.
Term Typically Offered: Fall, Spring
Designed to provide intensive practice in the techniques and problems of writing poetry. It is aimed at students interested in creative writing, those who have already done significant work and who have proven themselves ready to take advanced study with careful individualized direction of the instructor.

ENGL 240. British Literature. 3 Units
Term Typically Offered: Fall, Spring
Seminars in British literature.

ENGL 240A. Chaucer. 4 Units
Term Typically Offered: Fall, Spring
Investigation of the body of Chaucer’s poetry, seen against the backdrop of the late 14th century.

ENGL 240B. The World and the Flesh: Victorian Fiction. 4 Units
Term Typically Offered: Fall, Spring
Explores the Divided-Self of Victorian fiction, a consciousness split between word and flesh, duty and love, society and the self, or most generally between one’s public role and one’s private needs. Such polar themes affect several fictional genres such as the Pastoral, Gothic, Bildunsroman, Historical Novel and Naturalism. The word and flesh dialectic also informs the narrative structure of Victorian fiction.

ENGL 240E. 18th-Century Novelists. 4 Units
Term Typically Offered: Fall, Spring
Focuses on individual novelists, pairs of novelists, or thematic groupings. Might include works of fiction by authors such as Behn, Defoe, Richardson, Fielding, Sterne, Goldsmith, Bunyem.

ENGL 240F. Dickens+Thackeray. 4 Units
Term Typically Offered: Fall, Spring
Dickens and Thackeray dominated the popular mind as the novelists of the age; no other novelists are more representative of their age and yet can claim to have risen above it. Concentrates on just a few of their novels. Students study the writers and their novels in the context of English society in the 19th century.

ENGL 240G. Yeats, Kavanagh and Heaney: Ireland's Modern Irish Poets. 3 Units
Term Typically Offered: Fall, Spring
Yeats, often considered a modernist and a poet in the British tradition, saw himself primarily as an Irish poet working within distinctly Irish literary traditions. Focuses on Yeats’ conception of a national, ethnic poetry and the effect that mission had on Ireland’s other two major 20th century poets—Kavanagh and Heaney. Students analyze Yeats’ most influential work; Kavanagh and Heaney are studied in terms of their debt to Yeats and their individual expressions of national consciousness.

ENGL 240H. DH Lawrence. 3 Units
Term Typically Offered: Fall, Spring
Lawrence was immensely original. Like Tolstoy and Dostoevsky, Lawrence is a prophetic visionary intensely concerned to articulate and embody an all-embracing, profoundly existential, vision of life. Examines Lawrence’s work closely after a brief exploration of modernism and Lawrence’s relation to it and an examination of how conditions in post-Victorian England and events in Europe in the early 20th century contributed to the making of Lawrence’s world view and his role as a controversial outsider.

ENGL 240I. Jane Austen. 4 Units
Term Typically Offered: Fall, Spring
Focuses on Jane Austen, perhaps England’s greatest novelist. Students read almost all of her work and trace the development of her art from her teenage years until her death in 1817, noting how each new book is a distinct departure from previous ones.
ENGL 240J.  James Joyce.  
Term Typically Offered: Fall, Spring  
3 Units

James Joyce is a monument among twentieth century writers. His masterful Ulysses and other intricate works have kept generations of critics in business. Examines his major fictions, studying them in relationship to the life out of which they grew.

ENGL 240K.  English Renaissance Drama.  
Term Typically Offered: Fall, Spring  
3 Units

Sense of exploration, discovery, experimentation, creativity, and moral complexity of the Renaissance era in England (roughly 1550 to 1660) is reflected in the variety and number of plays written by Shakespeare's predecessors, contemporaries, and successors. Following introductory material on the development of the drama in England, students analyze Elizabethan and Jacobean playwrights, exclusive of Shakespeare. Emphasis is on the forms and themes of the plays, with application of "New Historicism" and attention to Renaissance backgrounds.

ENGL 240L.  Conrad and Greene.  
Term Typically Offered: Fall, Spring  
3 Units

When English critic F.R. Leavis declared that the great English novelists were Austen, Eliot, James, and Conrad, he emphasized these writers' intensely moral pre-occupation. No modern novelist has been more influenced by Conrad than Graham Greene, whose work has the same romantic subject matter and concerns with ethical judgments. Both writers are concerned with the question: to act or not to act, for either choice has inescapable ethical consequences.

Term Typically Offered: Fall, Spring  
4 Units

Examines the origins and development of the Gothic Novel in England. Attention is paid to recurring structures and themes such as architecture, the use of a narrative frame, reader identification figure, the divided self, the relationships between sex, violence, and death, the wasteland motif, and existential concerns. Special attention is given to the role of the reader and his or her response to the novels.

ENGL 240N.  Arthurian Literature.  
Term Typically Offered: Fall, Spring  
4 Units

Study of Arthurian literature in the Middle Ages from its origins to Thomas Malory, as well as some coverage of reception history.

ENGL 240O.  Satire In Age Swift+Pope.  
Term Typically Offered: Fall, Spring  
3 Units

ENGL 240R.  Charles Dickens.  
Term Typically Offered: Fall, Spring  
4 Units

Examines the major narrative, plot, and genre structures, image patterns, and thematic preoccupations in Dickens' novels, like the interrelationships between homes, prisons, factories and schools. The influences of Dickens' life, periodical publishing of illustrated magazines, and of Victorian society also receives attention. Introduces students to relevant insights of several "post-structural" critical schools, including those of deconstruction, the carnivalesque, liminality, and Lacanian psychology.

ENGL 240S.  Modern Irish Fiction.  
Term Typically Offered: Fall, Spring  
3 Units

Examines in detail one aspect of the Irish Renaissance (approximately 1880-1940)--Ireland's contribution to fiction in the twentieth century. Also examines not only individual writers and works but the development of the genres of the novel and short story and movements such as realism, naturalism, modernism, and post-modernism. Writers might include Joyce, O'Brien, O'Flaherty, O'Faolain, and others.

ENGL 240T.  Renaissance Literature.  
Term Typically Offered: Fall, Spring  
4 Units

Students will explore the poetry, prose, and drama produced in England during the 16th and 17th centuries. Contemporary criticism and theory will provide a context for reading these primary works.

ENGL 240U.  Nineteenth-Century Texts and Sex.  
Term Typically Offered: Fall, Spring  
4 Units

Examines a range of sexual identities through which nineteenth-century Britons imagined their lives. Such identities were influenced by ideas about race, class, status, ethnicity, gender, and age that often differed markedly from our own. Moves beyond the literary to look at texts from a variety of genres (medical, literary, erotic, and autobiographical) and cover both well-treated and more obscure texts.

ENGL 240V.  Contemporary British Fiction--1980 to Present.  
Term Typically Offered: Fall, Spring  
4 Units

Students read and study British works of fiction—novels and short stories—written after 1979. Although the choice of authors and works might vary from one semester to another, focuses on works of fiction deemed significant and valuable by literary scholars and critics.

ENGL 240W.  Special Topics in British Literature.  
Term Typically Offered: Fall, Spring  
4 Units

Open to the investigation of either a limited period (e.g. World War I poets or Victorian Children's literature), a single author (e.g. Hanif Kureishi or Aphra Behn), an authorial dialogue (e.g. Chaucer & Spenser, Stoppard and Shakespeare, Sidney & Wroth), or a unique literary feature, theme, or structure (e.g. Pastoral & Georgic or Empire & Race).

ENGL 245A.  Shakespearean Romance.  
Term Typically Offered: Fall, Spring  
3 Units

ENGL 250A.  Wharton and Cather.  
Term Typically Offered: Fall, Spring  
3 Units

Focuses on the writing of Edith Wharton and Willa Cather, two of our most accomplished early American writers. Shows how these writers, poised on the threshold of the twentieth century and pulled simultaneously forward and back-explored similar themes, and how, as two of the few revered women writers of this time, they focused particularly on shifting gender roles; Wharton with her eye on interior space and Cather with her eye on exterior space.

ENGL 250D.  Hawthorne and Melville.  
Term Typically Offered: Fall, Spring  
3 Units

Readings and discussion of major works by Hawthorne and Melville.
ENGL 250F. Whitney and Dickinson. 4 Units
Term Typically Offered: Fall, Spring

This seminar on two of America's greatest poets, Whitney and Dickinson, focuses primarily on the poetry, but also on letters and prose pieces. Students read and discuss criticism on each writer, and study cultural and historical contexts of these two contemporaneous but antithetical poets. Study includes traditional and feminist studies of Dickinson and Cultural Studies of Whitney. Forms a dialogue between these two remarkable and remarkably different poets; students join in that dialogue.

ENGL 250H. American Realism. 4 Units
Term Typically Offered: Fall, Spring

Between the end of the Civil War and the outbreak of World War I, there was an unprecedented and transforming social and cultural change in American life. During this time, literature also radically contributed to ideas about the nature of fiction, the reality it represented, and its effects on readers. Students will study the historical development of realism in literature and the current status of theories of literary realism.

ENGL 250J. Henry James. 4 Units
Term Typically Offered: Fall, Spring

James' innovations in narrative technique paved the way for the emergence of the modern novel; his development of a theory of fiction helped establish an American literary tradition and bring the American novel into the mainstream of British and European literature. Students read James' major works of fiction and criticism with an eye to understanding and enjoying them and to assessing the nature of the writer's contribution to the novel as a serious art form.

ENGL 250K. Contemporary American Fiction. 3 Units
Term Typically Offered: Fall, Spring

Studying contemporary fiction involves challenges and pleasures. Unlike studies in most areas of literature where the best writers have been clearly established, studying contemporary fiction means risking one's own critical skills to identify what new texts and writers are significant without the help of earlier generations of scholars and critics.

ENGL 250L. American Women Writers. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the contributions of women writers to American literature. Begins with a brief overview of feminist critical approaches and of the history of women writing in America. Close critical analysis of texts focuses on four or five writers from various centuries, regions, and ethnic groups. Covers such writers as Toni Morrison, Sarah Jewett, Marilynne Robinson, Eudora Welty, Lee Smith, Leslie Silko, and others. Students work collaboratively to present background information and critical approaches to the writers.

ENGL 250P. Wharton and Chopin. 3 Units
Term Typically Offered: Fall, Spring

Growth of a feminine perspective in literary theory has resulted in a radical reconsideration of the American literary canon, producing new readings of texts, patterns in literature and culture, and connections between texts. Wharton and Chopin are two writers taking a place of importance in the development of the realistic novel in America and in the creation of a distinctive tradition of women's literature. Focuses on the heuristic possibilities of a distinctly different literature by women, the role of gender, and the contributions of Wharton and Chopin to the novel.

ENGL 250Q. Irish-American Fiction. 3 Units
Term Typically Offered: Fall, Spring

Examines the theme of immigration and that of assimilation in a particular ethnic group: Irish-Americans. Through an examination of the literature, we find an ethnicity that is uneasily part of the American fabric and one defined to a large degree by the culture they either abandoned or were forced to abandon. Representative writers include Eugene O'Neill, Alice McDermott, William Kenney, Mary Gordon, John Gregory Dunne.

ENGL 250R. Wm. Faulkner: Major Fict. 3 Units
Term Typically Offered: Fall, Spring

Examines the major works of William Faulkner, one of the most extraordinary writers in American literature. Students read and discuss criticism on each writer, and study cultural and historical contexts of these two contemporaneous but antithetical writers. Forms a dialogue between these two remarkable and remarkably different writers; students join in that dialogue.

ENGL 250S. African-American Fiction. 3 Units
Term Typically Offered: Fall, Spring

Examines the theme of immigration and that of assimilation in a particular ethnic group: African-Americans. Through an examination of the literature, we find an ethnicity that is uneasily part of the American fabric and one defined to a large degree by the culture they either abandoned or were forced to abandon. Representative writers include James Baldwin, Ralph Ellison, and Toni Morrison.

ENGL 250T. Postmodern Fiction. 3 Units
Term Typically Offered: Fall, Spring

Study of important recent fiction that has come to be referred to as "postmodernist" because its non-traditional themes, subject matter, and narrative technique embody or reflect the postmodern era.

ENGL 250U. Roaring Twenties Literature. 3 Units
Term Typically Offered: Fall, Spring

Focus on literature dramatizing the roaring, irrepressible twenties, a decade of unprecedented change following the "Great War to end all wars." Highlighting Fitzgerald, whose life mirrors the times, also includes other "expatriate" writers such as Wharton, Dos Passos, Stein, Eliot, and Hemingway, who looked at America from an overseas perspective and reflected on the changes in communication, sensibility, and values resulting from the new freedom of this revolutionary, liminal period.

ENGL 250V. Cultural Studies. 4 Units
Term Typically Offered: Fall, Spring

Surveys the range of contemporary cultural phenomena and the relevant modes of analysis currently employed in Cultural Studies with a focus on literary production and cultures.

ENGL 250W. The Poetry of T.S. Eliot. 4 Units
Term Typically Offered: Fall, Spring

Focuses on the poetry of T.S. Eliot, one of the dominating figures of English and American literature for a substantial part of the twentieth century. In 1948 he received the Nobel Prize for Literature, and by 1950 his authority had reached a level that seemed comparable in English writing to that of figures like Johnson and Coleridge. Offers students the opportunity to analyze and discuss Eliot's poems. We will trace his poetic/aesthetic development from his early poems("Prufrock" et al.)

ENGL 250Z. Special Topics in American Literature. 4 Units
Term Typically Offered: Fall, Spring

The investigation of either a limited period (e.g. The Transcendental period or the Novel of the 1960s), a single author (e.g., Philip Roth or Toni Morrison), or a unique literary feature or structure (e.g. Literary Naturalism or the Experimental Novel).
ENGL 260A. Myth Criticism. 3 Units
Term Typically Offered: Fall, Spring
Introduces and traces through several literary works and genres the fundamental topics in myth criticism; significance of ritual, fairy tales, and archetypal romance forms; contributions of Freudian, Lacanian, and Jungian psychology and their relation to Joseph Campbell's notion of the monomyth; relevance of Victor Turner's "liminal" theories of rites of passage in anthropology; importance of recent discoveries with the bicameral and "triune" brain in biological sciences; kinds of myth (hero, heroine, American, love, wasteland, artist, time); and relationships between myth criticism and post-structuralism.

ENGL 260D. Literature and Biography. 3 Units
Term Typically Offered: Fall, Spring

ENGL 265A. Postcolonial Literature. 3 Units
Term Typically Offered: Fall, Spring
Focuses on contemporary literary works from postcolonial locations such as Africa, Australia, South Asia, Canada and the Caribbean. Explores the relationships between literary texts and the historical and social contexts from which they arise; especially European colonialism.

ENGL 275. Seminar in Literary History. 3 Units
Term Typically Offered: Fall, Spring
Literary history designed to introduce the graduate student to bibliographical materials necessary to the successful pursuit of advanced study in English. It will deal with the major historical periods of English and American literature, and looks briefly at the major European traditions.

ENGL 280A. Aesthetics of Minority Literature. 4 Units
Term Typically Offered: Fall, Spring
This course examines African American literature and film. Focusing on the emergence of a distinctly black modernist and post-modernist literary discourse, we will also study how neo-slave narratives illuminate the difficulties of comparative freedom and the legacies of Caribbean and American slaveries and oppression.

ENGL 280B. The Ethics of Black Verbal Aesthetics. 4 Units
Term Typically Offered: Fall, Spring
This course introduces the advanced study of black verbal aesthetics in the novels of Ralph Ellison (the dozens), Toni Morrison (folktales), Colson Whitehead (call and response), the poetry of Harryette Mullen (diasporic blues/jazz improvisation), and others. Exploring black verbal aesthetics and sonic technologies, we will investigate how the these authors above (as well as James Baldwin and Amiri Baraka) treat verbal expressive arts as sites of hidden knowledge, subversion, and everyday politics that centralizes black life and culture.

ENGL 280J. Jewish American Literature. 3 Units
Term Typically Offered: Fall, Spring
Students will examine a rich tradition of Jewish American literature in the context of a complex American multicultural narrative. Topics include the immigrant experience, assimilation, alienation, responses to the Holocaust and other forms of anti-Semitism, the place of Israel in the Jewish American imagination, and a contemporary rediscovery or reconstruction of Jewishness and Judaism. Students will interrogate what constitutes Jewish American identity and defines its literature in a culture that is itself conflicted about its secular/religious ethos and the degree to which subjectivity is determined by "consent and/or descent.

ENGL 280T. Prose Style in Literature. 3 Units
Term Typically Offered: Fall, Spring

ENGL 297A. Prose Style in Literature. 3 Units
Term Typically Offered: Fall, Spring

ENGL 299. Special Problems: English Tutorial. 1 - 3 Units
Prerequisite(s): ENGL 200.
Term Typically Offered: Fall, Spring
Individual projects or directed reading. Highly recommended for, and open only to, students who are able to carry on individual tutorial study. Admission by approval of faculty member who is to act as tutor and of graduate advisor or of Department Chair. Credit/No Credit

ENGL 410A. Writing Center Theory and Practice: Internships. 4 Units
Term Typically Offered: Fall, Spring
Provides interns with an opportunity to apply tutoring principles while working at tutors in the writing center.
Note: ENGL 410A is paired course with ENGL 195A, which meets at the same time in the same room. The graduate class, 410A, has a significantly increased reading, writing, and research component. May be repeated for up to 8 units of credit.
Credit/No Credit

ENGL 410B. Internship-ESL Teaching. 3 Units
Term Typically Offered: Fall, Spring
Provides interns with an opportunity to experience the day-to-day life of an ESL class. Tutors will observe an ESL class, will assist the teacher in conducting various aspects of the class, and will be responsible for planning and teaching at least one class session. Seminar meetings will provide an overview of ESL teaching methodology.
Credit/No Credit

ENGL 410C. Internships. 4 Units
Term Typically Offered: Fall, Spring
Work experience in an area related to the English major. Can be repeated if topic of internship differs. Credit/No credit
Credit/No Credit

ENGL 410E. Internship in Teaching Writing. 4 Units
Term Typically Offered: Fall, Spring
Students considering a teaching career intern in a composition class at an area community college. They work with a mentor teacher on site and meet periodically at CSUS. The internship provides students with an opportunity to experience the day-to-day life of a composition class and hands-on opportunity to design assignments, respond to student writing, conduct class discussions, etc. Students read composition and rhetorical theory with an eye toward day-to-day application in the classroom.
Credit/No Credit

ENGL 410F. Internship in Teaching Literature. 4 Units
Prerequisite(s): Recommended ENGL 225 or ENGL 22A or instructor permission
Corequisite(s): Instructor Permission
Term Typically Offered: Fall, Spring
Gives graduate students the opportunity to gain teaching experience in a literature classroom. Students will work closely with an instructor-of-record in a large (60+) lecture literature course and in small group discussion sessions under the supervision of the mentor professor. Interns will also meet regularly with their peers to discuss pedagogical issues and readings as they pertain to their experiences in the classroom. Credit/No Credit
ENGL 410L. Internship in Teaching Adult Reading. 3 Units
Term Typically Offered: Fall, Spring
Tutoring in adult reading. Tutors work with students who need reading instruction at Sacramento State, local community colleges or adult education agencies in the Sacramento area.
Credit/No Credit

ENGL 410W. Writing Programs Internship. 3 Units
Term Typically Offered: Fall, Spring
Students will work with a Composition faculty member to complete a project for the campus writing program, the University Reading and Writing Center, the Graduation Writing Assessment Requirement, or the Writing Across the Curriculum Program. Students should contact the appropriate program coordinator to register for the course and design a project.
Credit/No Credit

ENGL 500. Culminating Experience. 2 Units
Term Typically Offered: Fall, Spring
Completion of a thesis, project, comprehensive examination. In addition, students will be asked to edit and reflect on their portfolio projects from coursework.

ENGL 598T. Culminating Experience - TESOL. 3 Units
Term Typically Offered: Fall, Spring
Completion of a thesis, project, or TESOL comprehensive exam. Requires advancement to candidacy and permission of graduate coordinator. Project and thesis options require GPA of 3.7.

BA in English
Units required for Major: 44, 27-30 of which must be upper division
Total units required for BA: 120

Program Description
The English department of California State University, Sacramento, is a community of teachers, scholars, writers, and support staff whose primary mission is to promote learning in composition, creative writing, English education, linguistics, literature, and the teaching of English as a second language. The department seeks to help students acquire knowledge, develop skills, and realize their own intellectual and creative goals.

At the undergraduate and graduate levels, the English Department presents a broad and balanced curriculum designed to develop the reading and writing skills, the interpretative abilities, and the cultural awareness of its students by maintaining and enhancing a tradition of strong teaching, solid scholarship, and vigorous support of creative literary activity.

Minimum Grade Requirement
English majors must achieve a grade of "C-" or better in all courses included in the major, unless otherwise specified.

Note: With the noted exception of ENGL 5, English courses may NOT be challenged.

Electives (25 Units)
Select 25 units; these 25 units must include a course that meets the Historical Breadth requirement unless that requirement has been met by taking ENGL 40A or ENGL 50A as one of the required Lower Division courses.

Total Units 44

1 Students must take at least one British Literature survey (ENGL 40A, ENGL 40B), and at least one American Literature survey (ENGL 50A, ENGL 50B). We recommend that lower division requirements be completed no later than the first semester in which the student begins taking required upper division courses.
2 Course also satisfies General Education (GE)/Graduation Requirement.
3 Students are required to complete a course in their senior year, selecting from courses specially designated as Senior Seminars. The seminar has a reduced class size and requires a term paper, student presentations and submission of the student’s work.
4 Students must take one of the classes listed to satisfy this requirement (unless they have already taken ENGL 40A or ENGL 50A as one of the required Lower Division courses).
In addition to the required courses, students take an additional 25 units of electives, including their writing intensive course, which must be taken in the English department. Of those 25 units, at least 18 units must be upper division.

Students can satisfy the historical breadth requirement by taking ENGL 40A or ENGL 50A as one of their required Lower Division courses; students who have not done so must take at least one course that meets the Historical Breadth requirement as part of their 25 units of elective courses in the major.

**Notes:**

- Students must complete 18 units of English, of which at least 15 must be in upper division (100-level) courses, in residence at California State University, Sacramento.
- The following courses may not be included toward the major:

Certificate in Professional Writing

The Professional Writing Certificate prepares students to communicate as rhetorically effective and ethical writers in diverse workplace contexts. Students learn the theories that inform professional writing and gain hands-on experience by producing a variety of professional documents and completing an internship. Professional writing takes place within organizational and/or institutional contexts and includes workplace genres such as reports, correspondence, manuals, employment documents, grants, etc. Given the contexts in which professional writing takes place, there is a strong emphasis on writing in digital environments and using data effectively.

Total Units: 15-16

Certificate in Teaching Composition

Units required for the certificate: 16

1  Employment as a Teaching Associate in the English Department at Sacramento State may be substituted for ENGL 410E, reducing total number of coursework units to 12.

Program Description

The English department of California State University, Sacramento, is a community of teachers, scholars, writers, and support staff whose primary mission is to promote learning in composition, creative writing, English education, linguistics, literature, and the teaching of English as a second language. The department seeks to help students acquire knowledge, develop skills, and realize their own intellectual and creative goals.

At the undergraduate and graduate levels, the English Department presents a broad and balanced curriculum designed to develop the reading and writing skills, the interpretative abilities, and the cultural awareness of its students by maintaining and enhancing a tradition of strong teaching, solid scholarship, and vigorous support of creative literary activity.

The "Teaching Composition Certificate" is designed for individuals who seek formal recognition for completing an organized, integrated, specialized program of study: teaching composition. This certificate is recommended for those students preparing to teach writing at the community college level or for high school teachers seeking to update their knowledge of composition theory and practice. Upon successful completion of the designated course of study, a certificate will be awarded.

Note: Candidates must have an overall GPA of 3.0 in courses submitted for the certificate. Applicants for the Certificate Program in Teaching Composition must have completed all requirements for eligibility for any English graduate program. This certificate is not recognized by the California Commission on Teacher Credentialing; it does not meet the eligibility requirements to teach in K-12 California public schools.

Certificate in TESOL

Units required for Certificate: 15 (Option A) or 18 (Option B)

Program Description

This Advanced Study in Teaching English to Speakers of Other Languages (TESOL) certificate program has two options:

- **Option A**: This option is intended for undergraduates who want preparation for teaching ESL students (in the U.S. or abroad).
• **Option B:** This option is intended primarily for graduate (see English graduate page) students who want to pursue an MA in English or another field, but also want to be prepared to teach ESL writing at the college level.

**Eligibility Requirements for options A and B**

**Students must either be in a degree program at Sacramento State or must apply for graduate admission to the University.** Once admitted to Sacramento State, prospective TESOL Certificate students must apply to the TESOL Coordinator for admission to the program.

**Undergraduates** must be within 45 units of completing a bachelor’s degree (in any field) with a 3.0 overall GPA.

**Graduate students** must have a completed bachelor’s degree (in any field) with a 3.0 overall GPA.

**All applicants** must complete the University’s Writing Placement for Juniors (WPJ) requirement.

**International students** must have a TOEFL score of 600 or higher (or a score of 250 or higher on the computerized TOEFL) and a score of 5 on the Test of Written English.

**Minimum Grade Requirement**

Courses must be completed with grades of “B” or better.

**Program Requirements**

**Option A (15 units)**

</table>

**Total Units:** 18

1. ENGL 110A and ENGL 110P must be completed before any ENGL 215 course
2. ENGL 110Q must be completed before attempting ENGL 215C.

**Notes:** The Certificate in TESOL is not a teaching credential. It is recognized abroad as advanced training in language teaching. In conjunction with a BA or MA degree or a state teaching credential, it may also be helpful in obtaining employment as an ESL teacher in the United States.

**MA in Composition, Rhetoric, and Professional Writing**

Total units required for the MA: 30

**Program Description**

The MA in Composition, Rhetoric, and Professional Writing is recommended for students preparing to teach at the high school or community college level or advance as writers in professional, workplace contexts. The MA in Composition, Rhetoric, and Professional Writing offers preparation for careers in fields such as education, journalism, publishing, law, technical writing, advertising, arts administration, or civil service; or to pursue study at the doctoral level. Because many graduate students work during the day, most graduate courses are scheduled for late afternoon and evening hours. The course of study leads to an M.A. thesis project in rhetoric, composition, and professional writing in which the student undertakes original research or creates a professional writing portfolio under the supervision of a two-person faculty committee.

**Admission Requirements**

- a minimum GPA of 3.0 in the last 60 units of all university level coursework OR a 3.0 GPA in courses in Communication Studies, Education, English, Philosophy, Political Science or related major on the transcript from your degree-granting institution (effective beginning with Spring 2015 admissions)
- **Statement of purpose and writing sample**

Students from foreign universities must take the TOEFL test, which is administered in different formats; students need take only one format of the exam. Required scores for each format are as follows:

- paper based TOEFL: 600, with a score of 5 on the Test of Written English (TWE)
- computer based TOEFL: 250, with a score of 5 on the Test of Written English (TWE)
- internet based TOEFL (IBT): 100, with a minimum of 25 on the writing section
Advancement to Candidacy
Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- completed at least 12 units of English 200-level courses in the Master’s Degree program with a minimum cumulative grade point average of 3.0; and
- taken the Writing Placement for Graduate Students (WPG) or taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento or secured approval for a WPG waiver.

Advancement to Candidacy forms are available on the Office of Graduate Studies website. The student fills out the form after planning a degree program in consultation with an English faculty advisor. The completed form is then returned to the Office of Graduate Studies for approval.

1 In order to satisfy the Graduation Writing Requirement (GWAR) and advance to candidacy, students in this program must receive a “B” or higher in ENGL 220A. For more information on this requirement and possible equivalencies, please visit: http://www.csus.edu/gradstudies/currentstudents/gwar.html.

2 Up to four units of upper-division (100-level) coursework in the English department may be counted toward electives.

3 Students who enroll in a three-unit elective must also enroll in ENGL 222: Understanding Multidisciplinary Writing Studies.

4 The Culminating requirement for the Composition Concentration shall be completed via Plan A requirements by writing a thesis.

MA in English (Creative Writing)

**Total units required for the MA: 30**

**Program Description**

The M.A. in English with a Concentration in Creative Writing is recommended for students preparing to teach at the community college level, for those students whose objective is to pursue an M.F.A. or Ph.D. in creative writing, and writers seeking to advance their understanding of creative writing practice and theory.

In general, the M.A. degree in each of its concentrations seeks to enhance students’ skills in: critical reading; analysis of language, ideas, and the formal attributes of texts; creative engagement with the writing traditions of its two disciplinary fields; and independent research.

The two concentrations of the English M.A. offer preparation for students who aspire: to teach writing or literary study in high-school or community-college settings; to teach English to adult learners and to students abroad; to pursue career opportunities in fields such as journalism, publishing, law, and creative writing, advertising, arts administration, or civil service; or to pursue study at the doctoral level.

Because many graduate students work during the day, most graduate courses are scheduled for late afternoon and evening hours.

**Admission Requirements**

Admission as a classified graduate student in English requires:

For: All Applicants to the MA in English

- a baccalaureate degree;
- a minimum GPA of 3.0 in the last 60 units of all university level coursework or a 3.0 GPA in courses in the English major on the transcript from the degree granting institution;
- a minimum of 27 units of upper division courses in English;
- (for foreign students from non-English speaking countries) a TOEFL score of 600 or higher (or a score of 250 or higher on the Computerized TOEFL) and a score of 5 on the Test of Written English; and
- a minimum of fifteen units of upper-division coursework in literature
- at least one course must primarily address British literature and at least one course must primarily address American literature;

**Application Materials Required by the English Department for All Applicants**

In addition to the materials that must be sent directly to the Office of Graduate Studies as outlined in "Application Materials Required by the University" (below), students must also send additional material by the application deadline.

Before submitting the materials, please check with the English Department website (http://www.csus.edu/engl/ (http://www.csus.edu/engl/)) for updates and specific deadlines.

Please include the following as part of the supplemental application:

- Personal statement of no more than 300-500 words. The personal statement should discuss the applicant’s interest in the program concentration (literature or creative writing) that he or she has chosen and the experiences (academic and non-academic) that have shaped this interest and prepared the applicant for graduate work in this field.
indicating a proposed program of graduate study. This procedure should
Each student must file an application for Advancement to Candidacy,
apply towards the degree
Minimum Cumulative GPA: 3.0. No units with a grade lower and “C” may
the Office of Graduate Studies website.
for more admissions information and application deadlines, please visit
Applicants are accepted as long as room for new students exists or until
the deadline passes. Applicants should file as early as possible.
Applicants who have deficiencies in these admission requirements
which can be removed by specified additional preparation will be ranked
accordingly but may be admitted with conditionally classified graduate
status. Any deficiencies will be noted on a written response from the
Graduate Coordinator to the student’s admission application.

Application Materials Required by the University
In addition to any materials sent directly to the department, all prospective graduate students including California State University, Sacramento, graduates, must file the following with the Office of Graduate Studies, River Front Center 215, (916) 278-6470:

• an online application for admission;
• one set of official transcripts from all colleges and universities
attended, other than California State University, Sacramento; and
• TOEFL scores, if applicable.

Note: For materials that must be sent as part of the supplemental
application, see “Application Materials Required by the English
Department” as listed above.

Applicants are accepted as long as room for new students exists or until
the deadline passes. Applicants should file as early as possible.

For more admissions information and application deadlines, please visit
the Office of Graduate Studies website.

Minimum Units and Grade Requirements for the Degree
Units required for the MA: 30
Minimum Cumulative GPA: 3.0. No units with a grade lower and “C” may
apply towards the degree

Advancement to Candidacy
Each student must file an application for Advancement to Candidacy,
indicating a proposed program of graduate study. This procedure should
begin as soon as the classified graduate student has:

• removed any deficiencies in admission requirements;
• completed at least 12 units of English 200-level courses in the

Total Units 30

1 In order to satisfy the Graduation Writing Assessment Requirement (GWAR) and advance to candidacy, Creative Writing and Literature students must receive a “B” or higher in ENGL 200A. For more
information on this requirement and possible equivalencies, please visit: http://www.csus.edu/gradstudies/currentstudents/gwar.html

2 The culminating requirement for Creative Writing Concentration shall be the Comprehensive Examination (Plan C), for which student will
prepare by taking ENGL 500.

MA in English (Literature)

Total units required for MA: 30

Program Description

The MA in English with a Concentration in Literature is recommended
for students preparing to teach at the community college level, for those
whose objective is to pursue a Ph.D. in literature, or for high school
teachers seeking to advance their understanding of literature and literary
theory.

In general, the M.A. degree in each of its concentrations seeks to
enhance students’ skills in: critical reading; analysis of language, ideas,
and the formal attributes of texts; creative engagement with the writing
traditions of its two disciplinary fields; and independent research.

The two concentrations of the English M.A. offer preparation for students
who aspire: to teach writing or literary study in high-school or community
college settings; to teach English to adult learners and to students
abroad; to pursue career opportunities in fields such as journalism,
publishing, law, creative writing, advertising, arts administration, or civil
service; or to pursue study at the doctoral level.
Because many graduate students work during the day, most graduate courses are scheduled for late afternoon and evening hours.

**Admission Requirements**

Admission as a classified graduate student in English requires:

**For: All Applicants to the MA in English**
- a baccalaureate degree;
- a minimum GPA of 3.0 in the last 60 units of all university level coursework or a 3.0 GPA in courses in the English major on the transcript from the degree granting institution;
- a minimum of 27 units of upper division courses in English;
- (for foreign students from non-English speaking countries) a TOEFL score of 600 or higher (or a score of 250 or higher on the Computerized TOEFL) and a score of 5 on the Test of Written English; and
- a minimum of fifteen units of upper-division coursework in literature
- at least one course must primarily address British literature and at least one course must primarily address American literature;

**Application Materials Required by the English Department for All Applicants**

In addition to the materials that must be sent directly to the Office of Graduate Studies as outlined in “Application Materials Required by the University” (below), students must also send additional material by the application deadline.

Before submitting the materials, please check with the English Department website (http://www.csus.edu/engl/) for updates and specific deadlines.

Please include the following as part of the supplemental application:

- Personal statement of no more than 300-500 words. The personal statement should discuss the applicant’s interest in the program concentration (literature or creative writing) that he or she has chosen and the experiences (academic and non-academic) that have shaped this interest and prepared the applicant for graduate work in this field.
- Three confidentially submitted recommendation forms (found on the department website) for all students (both California State University, Sacramento and other institutions). Students graduating from universities other than California State University, Sacramento, must also provide formal letters from their three recommenders in addition to the completed recommendation forms.
- Writing sample for Creative Writing applicants only (for prose or poetry, the writing sample should consist of approximately 5 or 6 poems).
- Students graduating from any institution other than California State University, Sacramento, must file the following with the Office of Graduate Studies, River Front Center 215, (916) 278-6470:
  - one set of official transcripts from all colleges and universities attended, other than California State University, Sacramento; and
  - TOEFL scores, if applicable.

*Note:* For materials that must be sent as part of the supplemental application, see "Application Materials Required by the English Department" as listed above.

Applicants are accepted as long as room for new students exists or until the deadline passes. Applicants should file as early as possible.

For more admissions information and application deadlines, please visit the Office of Graduate Studies website.

**Minimum Units and Grade Requirements for the Degree**

Units required for the MA: 30

Minimum Cumulative GPA: 3.0. No units with a grade lower and "C" may apply towards the degree

**Advancement to Candidacy**

Each student must file an application for Advancement to Candidacy indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- completed at least 12 units of English 200-level courses in the Master’s Degree program with a minimum cumulative grade point average of 3.0; and
- taken the Writing Placement for Graduate Students (WPG) or taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento or secured approval for a WPG waiver.

Advancement to Candidacy forms are available on the Office of Graduate Studies website. The student fills out the form after planning a degree program in consultation with an English faculty advisor. The completed form is then returned to the Office of Graduate Studies for approval.

Select one of the following:

| ENGL 250 series course (American Literature) | 4     |
MA in TESOL

Total units required for MA: 33

Program Description

The MA in Teaching English to Speakers of Other Languages (TESOL) requires extensive study of linguistics and pedagogy, as well as actual teaching and/or tutoring experience with second-language students. The culminating experience of the MA TESOL Concentration is the comprehensive examination.

The MA TESOL provides professional preparation and training in the theory and practice of teaching English to non-native speakers. The program is designed for graduate students who expect to teach in community college or secondary or adult education settings in the U.S. or in adult or university level courses overseas. The program is also preparation for the Ph.D. in Applied Linguistics.

Admission Requirements

To ensure that students entering the program have the potential to succeed, both in the program and in their teaching careers, the MA TESOL has the following admission requirements:

- a baccalaureate degree with a minimum 3.0 GPA, including a 3.0 GPA in the final 60 units;
- Students from foreign universities must provide proof of English language proficiency prior to admission by achieving a minimum score on one of three approved tests:
  - 90 on the Test of English as a Foreign Language (TOEFL), with a score of 22 on the writing subsection
  - 6.5 overall band score on the International English Language Testing System (IELTS)
  - 65 on the Pearson Test of English (PTE)
- completion of prerequisite courses (or their equivalents) with a grade of "B" or better.

<td>ENGL 110A</td>
<td>Linguistics and the English Language</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 110Q</td>
<td>English Grammar for ESL Teachers</td>
<td>3</td>
</tr>
</tbody>
</table>

- Students should complete all prerequisites before enrolling in a graduate-level (200 and above) courses. A student who has not completed all prerequisites may be dropped by the instructor from a graduate-level course;
- Preference will be given to those students who have completed 2 semesters of college-level foreign language (6 units).

1 Students should see the TESOL Coordinator for a transcript evaluation if they have completed equivalent coursework. Under no circumstances will any coursework more than seven years old be accepted for transfer.

Admission Procedures

Applications are accepted on a first-come, first-served basis. Enrollment is limited, so applicants should file as early as possible in the semester prior to intended admittance. Students not meeting all requirements may be conditionally accepted as long as space is available in the program. Applicants must complete a university application by the posted application deadline date for the term applying. For more admissions information and application deadlines, please visit http://www.csus.edu/gradstudies/.

Note: Because of the budget constraints, undergraduates and unclassified graduate students can be admitted to TESOL graduate courses on a space available basis only.

The following materials must also be submitted:

- Personal statement of no more than 300-500 words. The personal statement should discuss the applicant's interest in the program and the experiences (academic and non-academic) that have shaped this interest and prepared the applicant for graduate work in this field.
- Three confidentially submitted recommendation forms for all students (both California State University, Sacramento and other institutions). Students graduating from universities other than California State University, Sacramento, must also provide formal letters from their three recommenders in addition to the completed recommendation forms.

Minimum Units and Grade Requirement for the Degree

Units required for the MA: 33

Minimum Cumulative GPA: 3.0

Notes:

- Up to 3 units of ENGL 299 may apply to the degree.

Advancement to Candidacy

Each student must file an application for Advancement to Candidacy indicating a proposed program of graduate study. The procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- a plan of study that has been filled out with the help of the TESOL Advisor;
- completed at least 12 units of 200-level courses in the Master's Degree program with a "B" or better in each course; and
- take a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento.
Advancement to Candidacy forms are available on the Office of Graduate Studies website. The completed form is then returned to the Office of Graduate Studies for approval.

The MA in TESOL includes the Certificate of Advanced Study in TESOL. Coursework for the Certificate must be completed with grades of "B" or better. Credential candidates may apply for Supplemental Authorization in ESL through the Commission on Teacher Credentialing. Candidates for the Adult Education Credential in ESL may apply through their local County Office of Education. An extensive job file for employment in the U.S. and overseas is maintained in the TESOL Program Office, Calaveras Hall 138.

- THEA 2 | History of the Theatre: Ancient to Renaissance

**Total Units** 23

**Note:** Students are required to seek advising from a Hellenic Studies advisor.

---

**History**

**College of Arts and Letters**

**Program Description**

History, in the broad sense, is the study of all human experience. It examines the people, institutions, ideas, and events from the past to the present. The study of history contributes to cultural literacy and develops critical thinking and other useful skills while helping students understand the present and plan for the future. Historical study provides a solid, fundamental preparation for careers in business, industry, government, and education. It also serves as excellent preparation for law school, foreign service, international work, urban affairs, historical consulting, and library science.

History is an academic discipline offering both breadth and focus. At Sacramento State, the History major includes four lower division survey courses and three upper division seminars. In addition, students choose seven upper division electives from a wide variety available. The flexibility of the major allows students to focus on topical areas such as: women's history, the history of particular geographic areas, cultural history, ethnic group history, economic history, military history, and history from the ancient world to that of the U.S. in the 20th Century. Teaching credential candidates should complete the History/Social Science Precredential Program.

The Sacramento State History Department has an extensive master's program, offering degrees through the Standard Program, and the Public History Option. The History Department also offers a joint Ph.D. in Public History in cooperation with the University of California, Santa Barbara. Applications for admission to the joint Ph.D. are available at the UC Santa Barbara Department of History.

**Degree Programs**

BA in History (p. 240)

Minor in History (p. 246)

Minor in Latin American Studies (p. 246)

Subject Matter Program in History/Social Science (Pre-Credential Preparation) (p. 247)

MA in History (Comprehensive Option) (p. 242)

MA in History (Specialized Option) (p. 243)

MA in Public History (p. 245)

Ph.D. in Public History (p. 247)

**Special Features**

- The History Department administers two interdisciplinary minors: Middle East and Islamic Studies Minor and the Hellenic Studies Minor.
- The Capitol Campus History Resources Institute, Hellenic Studies Center, North Central Information Center, and the Center for Science, History, Policy, and Ethics are associated with the Department.
- The California State Library, California State Archives, the Sacramento Discovery Museum, and the California State Railroad Museum provide a rich supply of materials for historical research. Sacramento State history students may use materials from these and other off-campus sources in their work.
● Internships are available in a variety of public agencies and in some private enterprises. They are open to majors and other students with some history or related background. In the past, students have interned in a variety of California state agencies and in the Sacramento Discovery Museum. The Department office has a descriptive brochure on internships that students are encouraged to consult.

● The undergraduate major in History at Sacramento State is designed to provide cultural enrichment and a sense of alternatives and perspectives, especially relevant in a society confronted with widespread institutional change. In addition to subject matter, the Department gives particular emphasis to various methodologies and ways of thinking about the past.

● A minor in History can provide valuable support to majors in many other programs, such as Business Administration, Journalism, and Criminal Justice.

● History courses also make excellent electives, contributing interest and variety to an academic program. Neither lower division nor upper division history courses are designed only for history majors or minors. The Department welcomes and encourages all students.

HIST 4. Survey of Early Western Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Survey of the earliest civilizations with emphasis on the contributions of the Hellenic, Roman and the Medieval eras to the West. Continues to the close of the Middle Ages. Stress is placed on social, economic, as well as political factors.

HIST 5. Survey of Modern Western Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Survey of the development of western civilization from the Renaissance to the present day. Stress is placed on social and economic, as well as political, factors.
Note: Not open for credit to students receiving prior credit in HIST 105.

HIST 6. Asian Civilizations. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introduction to major developments in the histories and cultures of China, Japan, and India – origins of civilizations, great empires, religions, growth and spread of cultures, alien invasions, Western impact, nationalist movements, modernization, and characteristics of contemporary society.

HIST 7. History of African Civilizations. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Introductory survey of the history of Africa from earliest times to the present. Major topics include: origins of humanity and society, civilizations of the Nile Valley, the peopling of Sub-Saharan Africa, African societies to 1500, pre-colonial Saharan and Sub-Saharan Africa, Colonial Africa and the emergence of modern states in Africa.
HIST 8. Islam and the West. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introductory survey of basic events, themes, issues, and concepts in Islamic history from the rise of Islam to the present, with emphasis on the encounters and exchanges between the Islamic world and the "West" (Europe and the United States). Topics include: The similarities between Islam, Judaism and Christianity; the religious, political, social, and cultural developments in the Islamic world and their impact on western civilization; colonialism; nationalism; religious revivalism; and revolutionary movements.

HIST 9. What We Ate: A Global History of Food. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

A historical examination of the political, economic, and cultural transformations involved in food production and consumption since 1500. Emphasis on important food networks between South Asia and the Middle East, the role of addictive products in the rise of European trade empires, the emergence of national cuisines across the Atlantic and Pacific rims, and the varied responses to modern scientific and industrial farming.

HIST 10. History's Mysteries: Thinking Critically about the Past. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring

From the builders of the Pyramids to the cause of the Holocaust: unlock mysteries of the past; apply historical thinking skills to answer compelling historical questions; sharpen reasoning and argumentative skills; evaluate historical evidence; learn to recognize scientific standards of historical investigation; hone college level writing skills. Topics vary based on instructor’s expertise.

HIST 15H. Major Problems in U.S. History. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), United States History
Term Typically Offered: Fall, Spring

A survey of topics in American history from the colonial period to the end of the twentieth century. Subjects may include reform movements, immigration, racial problems, religion, politics and the role of women.
Note: Fulfills graduation requirement for U.S. History and Race and Ethnicity.

HIST 17A. United States History, 1607-1877. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D, United States History
Term Typically Offered: Fall, Spring

Basic historical survey of the rise of American civilization from colonial beginnings through the rebuilding of the union during Reconstruction.
Note: Fulfills state graduation requirement for U.S. History.

HIST 17B. United States History, 1877-Present. 3 Units
General Education Area/Graduation Requirement: GE AREA D, United States History, Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring

Basic historical survey of the growth of urban-industrial American civilization and its rise to world power, 1877-present.
Note: Fulfills state graduation requirement for U.S. History.

HIST 17D. United States History Discussion Section. 1 Unit
Corequisite(s): Enrollment in a section of HIST 17A or HIST 17B
Term Typically Offered: Fall, Spring

A weekly discussion section to accompany enrollment in HIST 17A or 17B. Text discussions and presentations, reading and note-taking strategies, historical writing, primary source investigations.
Credit/No Credit

HIST 18. Health, Medicine, and Science in America, 1600-Present. 3 Units
General Education Area/Graduation Requirement: GE AREA D, United States History, Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring

An examination of American medicine and science from the colonial era through the present from the perspective of people of color, immigrants, women, and LGBTQ+ people. This course investigates how different groups of Americans understood and experienced disease, illness, and disability; explores how diseases were racialized and gendered, how science was used to establish and reinforce racial inequalities, and how access healthcare has been based upon race, class, gender, sexuality, and (dis)ability; and identifies health activism in social movements.

HIST 18B. Becoming America: Immigrants in American History, 1877-Present. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D, United States History
Term Typically Offered: Fall, Spring

Survey of the growth of modern American society and its rise to world power, 1877-present, with emphasis on the significant contributions and experiences of immigrants to American history.

HIST 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring

Introduction to the nature of higher education, and the functions and resources of the University. Designed to help students develop academic success strategies and to improve learning skills. Students will interact with fellow students to build a community of academic and personal support. Introduces history as an academic discipline by requiring students to interpret historical information about issues such as academic freedom and the development of racism.

HIST 50. World History I: to 1500. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

A comparative history of the world’s major civilizations that highlights human community’s increased level of connection. Explores the diverse global cultural, political, and economic patterns from the origins of complex societies to the birth of modern capitalism.

HIST 50H. World History I: to 1500. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Intensive comparative history of the world’s major civilizations that highlights human community’s increased level of connection. Explores the diverse global culture, political, and economic patterns from the origins of complex societies to the birth of modern capitalism.
HIST 51. World History from 1500 to the Present. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

A survey of the increased inter-connections of the world's civilizations from the conquest of the Americas to the dawn of the 21st century. Explores the history of the human community's political development, culture diversity, and economic globalization.

HIST 51H. World History from 1500 to the Present. 3 Units
Prerequisite(s): Open only to Honors students.
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

An intensive survey of the increased inter-connections of the world's civilizations from the conquest of the Americas to the dawn of the 21st century. Explores the history of the human community's political development, culture diversity, and economic globalization.

HIST 100. Introduction to Historical Skills. 3 Units
Term Typically Offered: Fall, Spring

Introduction to the skills of secondary and primary source research, critical analysis of documentary sources, historical reasoning and the preparation of written reports. Attention to research procedures, record-keeping, citation, and bibliography.

Note: Open to History majors who have completed at least 6 units of required lower division coursework. Recommended for second semester of sophomore year.

HIST 100R. Developing Historical Skills. 3 Units
Prerequisite(s): HIST 100
Term Typically Offered: Fall, Spring

Further development of skills from HIST 100 in the areas of secondary and primary source research, critical analysis of documentary sources, and historical reasoning, ethics, and inquiry needed for the completion of an original research paper. Attention to research procedures and disciplinary writing and citation. Topic varies with instructor.

HIST 101A. Language and written culture in Ancient Greece. 3 Units
Term Typically Offered: Fall, Spring

This is part of the two-semester hybrid course on Ancient Greek language and written culture. The language component of the course is taught online through interactive language-teaching website, while the weekly meetings are mainly discussions on Ancient Greek texts in translation. The focus in this first part is on basic grammatical rules, the reading and construction of simple sentences, and the study of Greek written culture from its beginnings to the Classical Period. Cross Listed: WLL 120A; only one may be counted for credit.

HIST 101B. Language and written culture in Ancient Greece. 3 Units
Prerequisite(s): HIST 101A
Term Typically Offered: Spring only

This is the second part of a two-semester hybrid course on Ancient Greek language and written culture. The language component of the course is taught online through an interactive language-teaching website, while the weekly meetings are mainly discussions on Ancient Greek texts in translation. The focus in this second part is on advanced grammar, the reading and understanding of long passages, and the study of Greek written culture from the Classical Period to the Roman era. Cross Listed: WLL 120B; only one may be counted for credit.

HIST 102A. Culture and Language in Modern Greece, 1821-1909. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only

This is the first part of a two-semester hybrid course on modern Greek language, history, and culture. This course is an introduction to the main cultural forces in history and literature that shape modern Greek society. It explores the historical development of modern Greek culture from the period of the Greek War of Independence to the present. Students will also obtain a basic level of modern Greek grammatical rules, the reading and writing of simple sentences, and basic everyday conversation skills.

HIST 102B. Culture and Language in Modern Greece, 1909-Present. 3 Units
Prerequisite(s): Student must complete HIST 102A with a minimum "C-" grade or better.
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

This is the second part of a two-semester hybrid course on modern Greek language, history, and culture. This course is an introduction to the main cultural forces in history and literature that shape modern Greek society. It explores the historical development of modern Greek culture from the period of the Greek War of Independence to the present. Students will also obtain a basic level of modern Greek grammatical rules, the reading and writing of simple sentences, and basic everyday conversation skills.

HIST 103. Mediterranean Europe: From the Renaissance to the European Union. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Traces the development of Southern European countries from the Renaissance to European Union membership. These two "rebirths" for Europe had a unique impact on Portugal, Spain, Italy and Greece. Focuses on the political, economics, and cultural aspects of these Mediterranean countries.

HIST 104A. Ancient Science. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring

An examination of the theories, experiments, and calculations of Greek and Roman scientists as well as the work of major contributors to astronomy, natural philosophy, medicine, and technology in the ancient period.

HIST 105. Great Ages and Issues in Modern European History. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or 5-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Advanced analysis of topics in modern European history from the Renaissance to the present. Emphasis is placed upon primary sources and contemporary as well as historical interpretations of the sources.

Note: Not open for credit to students receiving prior credit in HIST 5.
HIST 106. Everyday Life and Society in Antiquity. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

An overview of social beliefs and practices in a variety of ancient cultures, including Ancient Greece, Rome, and the Near East chronologically ranging from Late Prehistory to the rise of Christianity. All the examined themes are approached comparatively and on the basis of ancient historical evidence, consisting of both texts and archaeological materials.

HIST 107. History of the Physical Sciences. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (BS)
Term Typically Offered: Fall, Spring

Study of the development of the major physical laws presently used in describing our physical world. Some considerations of the influences of these developments on other areas of knowledge and on society in general.
Cross Listed: PHSC 107; only one may be counted for credit.

HIST 108. Ancient Egypt: History & Culture. 3 Units
Term Typically Offered: Fall, Spring

Overview of the history of ancient Egypt from prehistory to the Roman conquest, combined with a study of cultural development in areas of ancient Egyptian religion, art, and literature.

HIST 109. History of Modern Greece. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduces the fundamental events and figures that shaped modern Greek history and politics. Topics will include: the Greek War of Independence, the Megali Idea, the Asia Minor Catastrophe, and Greece’s entry into the European Union. No prior knowledge of Greece or Greek language assumed.

HIST 110. The Ancient Near East: A Cultural History. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Growth and development of Ancient Near Eastern civilization with emphasis on Mesopotamia and Egypt as the foundation of ancient Mediterranean civilization. Religion, literature, art and social institutions will all be stressed as integral elements in an historical process.

HIST 111. Ancient Greece. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Political, social, and cultural development of Greece from the Mycenaean to the post-Alexandrian world with emphasis on Fifth Century Athens and on a reading of Thucydides.

HIST 112. Ancient Rome. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Rome from its foundation to Justinian with emphasis on its political institutions, their strengths and weaknesses, social structure, the ancient economy, paganism and Christianity, and the end of ancient civilization.

HIST 113. Early Medieval Europe. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

The transformation of Mediterranean civilization from Late Antiquity to its three heirs: Western Europe, Byzantium and Islamic Civilization. Topics include: Late Antique Christianity, monasticism, economic and trade structures, Islamic conquests, Carolingian civilization, medieval archaeology and technology, and the origins of manorialism and feudalism.

HIST 114. Europe in the High Middle Ages. 3 Units
Term Typically Offered: Fall, Spring

Flourishing of European civilization from the Gregorian reform (11th century) until the end of the Middle Ages. Emphasizes the development of Latin Christianity, the formation of national communities in France and England, and the multi-faceted crisis of the 14th and 15th centuries.

HIST 115. The Renaissance and Reformation in Europe. 3 Units
Term Typically Offered: Fall, Spring

Survey of the development of Italian City States and their relation to Northern Europe; an examination of the relationship among commerce, capitalism and secular culture; a survey of Reformation and Counter-Reformation.

HIST 116. Europe, 1648-1815, The Age of Revolution. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Political and social survey of Europe with emphasis on (a) the scientific revolution and the Enlightenment, (b) absolutist monarchs and enlightened despots, (c) the American and French Revolutions, (d) Napoleon I, and (e) art, society and popular culture.

HIST 117. Europe, 1815-1914. 3 Units
Term Typically Offered: Fall, Spring

Consideration of historical trends in 19th Century Europe. Emphasis on Germany and France. Attention is devoted to liberalism, conservatism and nationalism; the industrial revolution, national unification, nationalism, imperialism and the rise of socialism.

HIST 118A. World War I: Causes, Conduct, Consequences. 3 Units
Term Typically Offered: Fall, Spring

Political and social development of Europe from the beginning of the 20th Century to the accession of Hitler to power in 1933 with emphasis on relations among the Great Powers.

HIST 118B. World War II: Causes, Conduct, Consequences. 3 Units
Term Typically Offered: Fall, Spring

Critical examination of political, military, social, and cultural transformations in the era of the Second World War. Particular emphasis will be placed on diplomatic relations between the Great Powers, military conduct during the war, the experience of fascism, the causes and ramifications of the Holocaust, and the war's cultural and political legacy in Europe.
HIST 119. Europe Since 1945.  3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Examination of major developments in Europe since the end of World War II. Topics include: the basic intellectual structures of the 20th century; the origins of the Cold War; the rise of the EEC; decolonization; the political and social upheaval of the 1960's; détente; and the new preoccupation with nationalism and ethnic identity.

HIST 120A. History of Medicine, Ancient and Medieval.  3 Units
Term Typically Offered: Fall only

History of ancient-medieval medicine, the role of medicine in society, and attitudes toward illness and the body. Also covers alternative remedies such as magic and folk medicine. Primary focus on Greco-Roman medicine but also Sumerian, Egyptian, Christian and Islamic traditions.

HIST 121. Democracy and Human Rights in the Era of the French Revolution and Napoleon.  3 Units
Term Typically Offered: Fall, Spring

Explores the crucial social, cultural, intellectual, and political legacies of the Revolutionary and Napoleonic years (1789-1815) in France and across the globe. In particular, examines ideas and policies regarding religious toleration, democratic participation, slavery, gender, and nationalism.

HIST 122A. History of Women in Western Civilization, Prehistory-Middle Ages.  3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Emphasis on the lives and experiences of women as they relate to the fundamental characteristics of Western culture. Topics include women and religion, production and economic institutions, reproduction and family structures, power and politics, women's self-definition.

HIST 122B. History of Women in Western Civilization, Renaissance-Present.  3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Emphasis on the lives and experiences of women as they relate to the fundamental characteristics of Western culture. Topics include women and religion, production and economic institutions, reproduction and family structures, power and politics, women's self-definition.

HIST 122C. Women's Global Activism in the 20th Century.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Examines the development of women's movements for sexual equality and social justice across the world during the twentieth century. Emphasis placed on women from the Global South and on transnational feminist organization.

HIST 123. The Crusades.  3 Units
Term Typically Offered: Fall only

The Crusading movement from the eleventh through the thirteenth centuries. Explores the eight “official” Crusades, and explores the concept of “crusading” as Christian Holy War. Extensively covers the intersection of Byzantine, Islamic, Catholic, and Jewish cultures in the Middle Ages, and incorporates religious, social, military, and political history.

HIST 124A. Warfare: Alexander to Napoleon.  3 Units
Term Typically Offered: Fall, Spring

Conduct of war from 336 B.C. to 1815. Social and political consequences; development of weaponry, strategy and tactics; Great Captains.

HIST 124B. European Warfare from the French Revolution to the Present.  3 Units
Term Typically Offered: Fall, Spring

Study of the inception, conduct and impact of European warfare from the French Revolution to the present. Students will be required to complete one or more projects designed to increase their understanding of modern warfare and its implications.

HIST 125. Modern Germany, 1806-Present.  3 Units
Term Typically Offered: Fall, Spring

History of Germany from the fall of the Holy Roman Empire to the present. Topics will include the rise of German nationalism, the formation of the German nation-state, the Nazi era and the Holocaust, and postwar Germany's development.

HIST 126. Evolution of Christianity to the Reformation.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Christianity from Jesus to Martin Luther. Emphasis on the evolution of Christian thought and institutions and the relationship of the Church to popular culture and secular powers.
Cross Listed: HRS 126; only one may be counted for credit.

HIST 127. Evolution of Christianity Since the Reformation.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

European Christianity from the Reformation to the present. Emphasis on the evolution of Christian thought, the co-existence of the Catholic and Protestant traditions, and the relationship of religious and secular values in European society.
Cross Listed: HRS 127; only one may be counted for credit.

HIST 128A. Medieval England To 1485.  3 Units
Term Typically Offered: Fall only

Examines the developments of English history from the Celtic Bronze Age to the fifteenth century. Issues of race and ethnicity, gender, social classes, political ideology, religious toleration, economic developments, and artistic achievements will be examined in particular detail.

HIST 128B. Tudor and Stuart England, 1485-1714.  3 Units
Term Typically Offered: Fall, Spring

History of England from the consolidation of royal power under Henry VII to the Hanoverian succession. Emphasis on the Tudor Renaissance and Reformation, the growth of England’s international status under Elizabethan, Stuart rule, the Civil Wars, the dictatorship of Oliver Cromwell and the Restoration.
HIST 128C. British History, 1714-Present. 3 Units
Term Typically Offered: Fall, Spring
History of the British Isles from Hanoverians to the Present. Emphasis upon the rise of Parliament, industrialization, reform, rise of labor, the two World Wars, the Welfare State and contemporary Britain.

HIST 129A. Medieval Russia. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Emergence of modern Russia from the principalities of medieval Russia. Emphasis on Eastern European, Byzantine, and Eurasian contributions to Russian history.

HIST 129B. Imperial Russia. 3 Units
Term Typically Offered: Fall, Spring
Emergence and collapse of imperial Russia as a continental world power from 1600 to 1917. Emphasis on the role of monarchy, a changing society and economy, and the growth of the educated public in the development of a distinctive imperial Russian culture and its final destruction in revolution.

HIST 129C. Twentieth Century Russia. 3 Units
Term Typically Offered: Fall, Spring
Revolutionary origins of the Soviet Union, its rise as a global superpower, and its sudden dissolution. Emphasis on the major political, economic, social, and cultural trends that defined Soviet civilization, as well as the Soviet legacy for contemporary Russia and the world.

HIST 129D. A Cultural History of Russia. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
A historical survey of cultural expression in Russia. Emphasis on the changing role of elite and popular institutions as patrons and audiences, the definition of Russian culture through the canonization of content and form, and the relationship between politics and society as expressed in a variety of genres and media such as the visual arts, literature, music, and film.

HIST 130. The Fall Of Communism. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Causes and consequences of the dramatic transformations in the political, economic, and cultural life of the Soviet Union, eastern Europe, and China after 1970. Topics include "real-existing" socialism, Gorbachev and the revolutions of 1989, the emergence of China, impact on the non-socialist world, and implications for the future.

HIST 131. History of Sexuality in Comparative Perspective. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Survey of the comparative history of sexuality in the pre-modern and modern world (including the United States and Europe). Topics include the intersections of gender, sexuality, race, and social status across societies and time periods; religion and sexual norms; sex, sexuality and the rise of the nation-state; sex and imperialism; and sexuality and the law.

HIST 132. Topics In World History. 3 Units
Prerequisite(s): HIST 50.
Term Typically Offered: Fall, Spring
Designed for students who want to acquire multiple subject teaching credentials. Examines world history from a topical perspective, focusing on large themes and trends. Builds upon the detailed history taught in the HIST 50.

HIST 133. Twentieth-Century World History. 3 Units
Prerequisite(s): HIST 51 or HIST 51H
Term Typically Offered: Spring only
A survey of the major international themes and historical processes that shaped the twentieth century. Designed for History majors and present or prospective teachers of history.

HIST 134. The Rise and Fall of European Colonial Empires. 3 Units
Term Typically Offered: Fall, Spring
This course covers the origins of European colonialism in the Iberian expansion, the development of English and Dutch empires, the role of spices, slaves, sugar, and opium in the making of the modern global economy, the " New Imperialism" of the 19th Century, the anti-colonialist and nationalist movements, and the final collapse of the empires after World War II.

HIST 135A. History Of Mexico To 1910. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Emphasizes Meso-American culture, the creation and flourishing of Spanish colonial culture, the independence movements, and the trials and tribulations of nationhood in the 19th century.

HIST 135B. Revolutionary and Modern Mexico. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Political, social, economic and cultural history of the Mexican upheaval, from 1910 to 1920, and the development of Modern Mexico since 1920.

HIST 136. Spanish Civil War. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
In-depth examination of the Spanish Civil War (1936-1939) focusing on its social, political, and cultural contexts. The course also examines the war's historical origins, immediate aftermath and implications for understanding modern Spain. Cross listed: SPAN 129.

HIST 137A. Latin American Revolutions in the Twentieth Century. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall only
Comparative analysis of twentieth-century Latin American revolutions. Considers economic and political causes, revolutionary aims, and historical outcomes.

Term Typically Offered: Spring only
Roots of modernization in late feudal Japan; Western impact; political, economic and social modernization; the growth and decline of democratic institutions; militarism and World War II; U.S. occupation; and Japan's impressive "success story" 1950-present.

HIST 146C. The History of Manga. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
A survey of the history of manga (Japanese graphic novels) that will trace the historical antecedents of manga from ancient Japan to today. The course will focus on major artists, genres, and works of manga produced in Japan and translated into English.

HIST 146D. A History of Anime. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only
A survey of the history of anime (Japanese animation) that will trace the historical antecedents of anime from the birth of cinema to today, with a focus on major artists, genres, and works of animation produced in Japan.

HIST 147. History of Buddhism. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Examines in cultural and historical perspective, drawing from ancient and contemporary sources, the key practices and ideas of Buddhist traditions in India, China, Southeast Asia, Tibet, Japan and other surrounding regions; as well as the most recent spread of these practices and ideas to Europe, North America, and Australia.
Cross listed: HRS 147

HIST 148A. China: Antiquity to 1600 AD. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only
Historical development of China from the Neolithic period to the end of the 16th Century. In addition to texts and records, other sources such as archaeology, literature, and art will be examined to gain understanding of and appreciation for the longevity of China as a culture and a polity. Traditionally neglected groups such as women and the lower classes will be emphasized.

HIST 148B. China, 1600 to Present. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only
The transformation of China since the 17th Century. Examines the internal tensions of population growth and social unrest, as well as external pressures of encroaching imperialism and modern values of freedom and democracy. Revolution, communism, modernization, and nationalism will be addressed.

HIST 149. The Making of Modern Southeast Asia. 3 Units
Term Typically Offered: Fall, Spring
Examines the historical formation of Southeast Asia, how European colonization integrated Southeast Asia into the global economic order, and how the region became a critical strategic zone in the Second World War and the Cold War. Traces the centuries long formation of nations of Southeast Asia, the second half will focus on political and economics developments of the 20th Century.

HIST 150. Colonial America. 3 Units
Term Typically Offered: Fall, Spring
Development of the British mainland colonies from exploration, contact, and settlement to the age of the American Revolution. Topics include: background to colonization; mercantilism, the emergence of a multicultural society; regional variation; Native Americans, slavery, women and family, community formation, religion, education, Enlightenment in America, European rivalries, imperialism.

HIST 150B. Early American Book History. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
A history of authorship, reading, and publishing in colonial American life; this course explores seventeenth and eighteenth century British North America where the spoken and printed word played an important part in the development of America before 1800.

HIST 151. The Age of the American Revolution. 3 Units
Term Typically Offered: Fall, Spring
Causes and consequences of the American Revolution. Topics include: Whig ideology, popular politics, loyalty, economic concerns, the western frontier, Native Americans, African-Americans, and women during the era, the course of the war with Great Britain, the Confederation and Constitution, social consequences of the Revolution.
HIST 151B. Founding Documents: American Democracy before 1800. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Explores the history behind the words of the Declaration of Independence and the Constitution of the United States of America. Topics include early American history, the American Revolution, and the Constitutional Convention of 1787.

HIST 152. Young Republic, 1790-1840. 3 Units
Term Typically Offered: Fall, Spring
Beginnings of government under the Constitution; the U.S. in a warring world; Thomas Jefferson and Andrew Jackson; market economy, canals and factories; nationalism, the debate over slavery, and emerging sectionalism.

HIST 153. Civil War and Reconstruction, 1840-1890. 3 Units
Term Typically Offered: Fall, Spring
Political history of the Civil War and Reconstruction. Topics include sectionalism; slavery, westward expansion, secession, the conduct of the war, industrialization, and the changing status of African Americans.

HIST 154. 20th Century United States, 1890-1940. 3 Units
Term Typically Offered: Fall, Spring
U.S. response to urban, industrial growth from the origin of the Spanish-American War to Franklin D. Roosevelt. Progressivism, Imperialism, World War I, the decade of the 1920's; Depression and the New Deal.

HIST 155. 20th Century United States, 1941-Present. 3 Units
Term Typically Offered: Fall, Spring
Social, economic, and cultural challenges and achievements in U.S. life as they are reflected in political history. Emphasis upon domestic affairs, supplemented by foreign concerns that have presented fundamental choices to the American people.

HIST 156. The Sixties: Years of Hope, Days of Rage. 3 Units
Prerequisite(s): HIST17B.
Term Typically Offered: Fall, Spring
Examines the key events and ideas that helped shape American politics and culture in the 1960s. Special emphasis placed on political power, race and racism, the role of dissent and social activism, and nonviolent civil disobedience. Covers the Vietnam War, the African-American Civil Rights movement, the Chicano movement, the women's movement, the counterculture, as well as social conflict and its resolution.

HIST 157. History of International Relations in the 20th Century. 3 Units
Term Typically Offered: Fall, Spring
Survey of the history of international relations (political, military, economic, cultural, and environmental) in the 20th century. Covers Europe, Asia, the Middle East, Africa, and the Americas, with emphasis on global events and issues from non-U.S. perspectives.

HIST 158. Military History of the United States. 3 Units
Term Typically Offered: Fall, Spring
Survey from the colonial militia to the present, including all military branches, with emphasis on the U.S. Army. In addition to doctrine, operations, weapons and warfare, focuses on the interrelationship of the military with the economic, social and political concerns of the American nation.

HIST 159. History of US Foreign Relations. 3 Units
General Education Area/Graduation Requirement: United States History, GE AREA D
Term Typically Offered: Fall, Spring
Diplomatic, military, economic, and cultural relations between the U.S. and the world from 1789 to the present, with emphasis on the 20th Century; focus on transformation of U.S. into a global power.
Note: Fulfills state graduation requirement for U.S. History.

HIST 160. The United States in Vietnam, 1940-1975. 3 Units
Term Typically Offered: Fall, Spring
Case study of the making of foreign policy through seven presidencies. Identifies the causes of an American war in Vietnam and examines that involvement as a representative example of post-World War II U.S. globalism. Consideration of the domestic impact of the War and a critical examination of the "lessons" learned from it.

HIST 161. The American Vision. 3 Units
General Education Area/Graduation Requirement: United States History, GE AREA D
Term Typically Offered: Fall, Spring
Media survey of American life from the beginnings to the present. Integrates slides of American art, architecture, popular culture, and technology with history, literature and contemporary music.
Note: Fulfills state graduation requirement for U.S. History.

HIST 162. Social History of the United States. 3 Units
General Education Area/Graduation Requirement: GE AREA D, United States History
Term Typically Offered: Fall, Spring
Survey of topics in American social history from the colonial period to the middle of the Twentieth Century. Subjects may include reform movements, immigration, racial problems, religion, medicine, and the role of women.
Note: Fulfills state graduation requirement for U.S. History.

HIST 163. The City in US History. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring
Role of the city in the American experience, with emphasis on the rapid urbanization of the 19th and 20th centuries. Attention given to the attractions and problems of urban life and to proposals for reforming the cities.

HIST 164. History of American Capitalism. 3 Units
Term Typically Offered: Fall, Spring
Survey of U.S. business from the colonial era to the present that places U.S. business in a global context. Examines how individual entrepreneurs and regulators have contributed to the development of the modern American political economy.
Cross Listed: GOVT 164; only one may be counted for credit.
HIST 165. American Environmental History. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Traces the changing relationship between human society and the natural environment from pre-colonial era to the present. Focuses on the interplay between industrialization and nature, and examines past and present environmental movements.
Cross Listed: ENV 165; only one may be counted for credit.

HIST 166. Popular Culture. 3 Units
Term Typically Offered: Fall, Spring

Focuses on entertainment and everyday life in America from the beginning to the present. Enhances the students’ understanding of how popular culture reflects and shapes the larger issues and institutions of American life.

HIST 167. History of American Women. 3 Units
General Education Area/Graduation Requirement: United States History, GE AREA D
Term Typically Offered: Fall, Spring

Study of the role of women throughout American history with emphasis on the suffrage movement, abolitionism, and birth control. Considers the emancipation of women and their role in contemporary society.
Note: Fulfills state graduation requirement for U.S. History.

HIST 168. Images Of America. 3 Units
Prerequisite(s): GWAR certificate before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Race & Ethnicity Graduation Requirement (RE), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Interdisciplinary survey of major events, trends and figures in American history viewed through American literature, visual arts, music and architecture. The arts in America are studied in relation to major ideas, significant personalities and important historical events from the period of the early republic to the present.
Cross Listed: HRS 168; only one may be counted for credit.

HIST 169. Hollywood and America. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Chronological survey of American films and their cultural significance from the 1890's to the present. Focus on films produced in Hollywood, the contexts in which they were created, and the impact of Hollywood as a mythical place in the development of American culture.
Cross-listed: HRS 169; only one may be counted for credit.

HIST 170A. Sports in American History. 3 Units
Term Typically Offered: Fall, Spring

Explores the significance of sports in American history from the colonial era to the present. Examines how the social, cultural, and economic role of sports in the American experience intersects with race, class, gender, immigration, citizenship, and nationality. Considers the wide-ranging articulations of popular sports in the public imaginary throughout the 20th century.

HIST 170B. Queer Black Histories. 3 Units
Term Typically Offered: Spring only

This course explores central themes at the intersection of African American history and queer history to learn about the experiences of same sex loving and gender transgressing African Americans. Uses an interdisciplinary approach to explore historical and contemporary emergence of queer black identities, movements, and communities.

HIST 171A. American Indian History to 1840. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

History of North American native people from before the European invasion to 1840. Particular attention given to the formation of indigenous societies before and during European colonization of the Americas and to the experience of Indian cultures, societies, and nations in the early U.S.

HIST 171B. American Indian History since 1840. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Spring only

History of North American native people from 1840 to the present. Particular attention given to Indian nations’ engagement with the Indian policies of the United States and the persistence and adaptation of American Indian cultures, societies, and identities in the modern U.S.

HIST 172A. LGBTQ Histories. 3 Units
Term Typically Offered: Spring only

This course provides an introduction to the study of lesbian, gay, bisexual, transgender, and queer (LGBTQ) histories. Uses an interdisciplinary and comparative approach to explore the historical emergence and development of LGBTQ identities, communities, and political movements. Includes theoretical analysis of the history of gender and sexuality and the practice of historical analysis.

HIST 172B. The History of the Civil Rights Movement: From Reconstruction to Deconstruction, 1865-Present. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D
Term Typically Offered: Fall, Spring

Examines the campaign for civil rights waged by African Americans from the Reconstruction era through the present. Treats the movement’s roots, goals, main organizations, and its relationship with African American culture in this period. Includes a comparison with the experiences of Mexican Americans and Native Americans.

HIST 174A. History of Disability in the United States. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only

Study of mental and physical disability in United States history from colonial times to the present. Emphasizes disability as a social and cultural construction and examines how disability intersects with historical constructions of race, class, gender, and sexuality. Includes lived experiences of disabled Americans, changing cultural perceptions of disabled Americans, and disability activism and legislative action, including the passage of the Americans with Disabilities Act and its aftermath.
HIST 174B. History of Madness in the United States. 3 Units  
General Education Area/Graduation Requirement: Upper Division Further Studies in Area B5  
Term Typically Offered: Fall, Spring  
Study of psychiatric and intellectual disability and its diagnosis and treatment in United States history from colonial times to the present. Emphasizes madness as a social and cultural construction and explores how conceptions of madness intersect with historical constructions of race, class, gender, and sexuality. Examines the evolution of psychiatry and therapeutic practices for the treatment of patients, the lived experiences of disabled individuals, disability activism, portrayals of madness in popular culture, and the incarceration of disabled individuals in prisons.

HIST 174C. Disability in World History: A Comparative History. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Cross-cultural comparison of mental, physical, and sensory disability in world history from ancient times to the present. Emphasizes disability as a social and cultural construction and examines how disability intersects with historical constructions of race, class, gender, and sexuality. Topical approach emphasizes the lived experiences of disabled individuals, cultural perceptions of disabled individuals in different times, periods, and places, and disability activism.

HIST 175A. Sex, Population, and Birth Control in America. 3 Units  
General Education Area/Graduation Requirement: GE AREA D  
Term Typically Offered: Spring only – odd years  
Explores efforts to control reproduction in America in the nineteenth and twentieth centuries. It examines the medical and legal institutions that shaped public policy and the general public’s response to efforts to regulate citizens’ reproduction, sexuality, and healthcare. It also investigates how race, ethnicity, class, and gender determined the types of reproductive choices available to Americans.

HIST 175B. Health, Death and Disease in America. 3 Units  
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D  
Term Typically Offered: Spring only – even years  
An examination of American medicine from the colonial era through the present from a multi-cultural perspective, including how measures of health determined the monetary value of enslaved Americans in the colonial and antebellum eras and how Americans ability to access healthcare has been based upon their race, class, gender, and (dis)ability. Also addresses challenges to established medical practices launched by the women’s health movement, civil rights activists, the Black Panther Party, and the right-to-die movement.

HIST 176A. African Cultural Heritage in the Americas. 3 Units  
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE)  
Term Typically Offered: Fall, Spring  
Focuses on the legacies of African cultural and social systems among the diasporic Africans in the Americas in the 19th and 20th centuries. Primary focus is on the U.S., but also examines African retentions in Jamaica, Haiti, Cuba, and South America.

HIST 177. The African-American Experience, 1603-Present. 3 Units  
General Education Area/Graduation Requirement: GE AREA D, Race & Ethnicity Graduation Requirement (RE), United States History  
Term Typically Offered: Fall, Spring  
Gives students an understanding of African-American history from the colonial period to the present. Focuses on African-Americans as active agents in shaping U.S. History, and analyzes the issues, ideas and strategies they have developed and used in their struggle for justice and equality.  
Note: Fulfills the state graduation requirements for U.S. History.

HIST 178. Mexican-American History. 3 Units  
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), GE AREA D  
Term Typically Offered: Fall, Spring  
Explores the contours of Mexican American history from the Spanish colonial experience through the present. Examines the roots of the Chicano community in the U.S. conquest of the Southwest, the twentieth-century immigration experience, the development of diverse Chicano communities after 1900, and the struggles for full civil rights in American society. Compared with the experiences of African Americans and Native Americans.

HIST 179. American Immigration History. 3 Units  
Term Typically Offered: Fall, Spring  
Study of immigration in American life. Particular attention given to the shifting causes and patterns of immigration, similarities and differences among the experiences of immigrants in the U.S., nativism, the development of immigration restrictions, and the effects of immigration on the life of the nation over time.

HIST 180. American Legal History. 3 Units  
Term Typically Offered: Fall only  
Examines the interaction of law, society, and politics in America from the colonial period to the present, with special emphasis on law as an arena of social and cultural conflict. Major topics include the development of the common law in early America; the law of slavery and its impact on constitutional development; the role of the law in defining controversies over race and gender; legal thought and education; and the role of the Supreme Court in 20th Century America.

HIST 181. Anarchists and Revolutionaries: Transnational Radicalism in America. 3 Units  
Term Typically Offered: Fall, Spring  
This course explores the intersection of anti-authoritarian ideologies, transnational migration and anarchist movements in the United States. It will focus on the time period of 1871 through 1940 and the ways in which concepts of "liberty" informed radical movements. Topics may include: European and Caribbean origins of anti-authoritarianism, immigrant enclaves, radical labor, anarchism, anarchist periodicals, and selected liberation movements.

HIST 182. American West. 3 Units  
Term Typically Offered: Fall, Spring  
Study of the Spanish and Indian frontiers, the advance of the Anglo-American settlers, and the emergence of the modern West.
HIST 183A. California History, 1542-1860. 3 Units
Term Typically Offered: Fall, Spring
Study of the people, institutions and cultural influence of Spanish-Mexican California and the changes brought by U.S. conquest and the Gold Rush.

HIST 183B. California History, 1860-1970. 3 Units
Term Typically Offered: Fall, Spring
Study of the social, political and economic evolution of California from construction of the first continental railroad link to the present, focusing on issues which are still significant in the state.

HIST 184. California Architecture and Urban History. 3 Units
Term Typically Offered: Fall, Spring
A survey of the history of California architecture and its impact on the urban environment from Native Americans to the 20th Century. Particular attention will be given to architecture as a statement of social, economic, and political empowerment. Cross Listed: ART 118B; only one may be counted for credit.

HIST 185. California Indian History. 3 Units
Term Typically Offered: Fall, Spring
Historical study of California’s native people and Indian-white relations from the Spanish colonial era to the present.

HIST 186A. The California Gold Rush. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall only
Study of the social, cultural, economic, political, and environmental influences of the California Gold Rush in the contexts of state, national, and world history.

HIST 186B. History of California Water. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
Term Typically Offered: Fall
Study of the history of water in California, including its social, cultural, legal, economic, political, land use, and environmental significance.

HIST 186C. Sacramento History. 3 Units
Term Typically Offered: Fall only
Surveys the history of Sacramento and the lower Sacramento Valley through the nineteenth, twentieth, and early twenty-first centuries. Using local history methodologies, explores landscape change and patterns of community development in Sacramento and situates the city and region within national and global historical contexts.
HIST 192C. Seminar in Recent Interpretations of Asian History. 3 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Reading seminar in recent scholarship and current trends in the interpretation of Asian history. Designed especially for History majors and present and prospective history teachers.
Note: Not open to lower division students.

HIST 192E. Seminar in Recent Interpretations of African History. 3 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Reading seminar in recent scholarship and current trends in the interpretation of African history. Designed especially for History majors and present and prospective history teachers.
Note: Not open to lower division students.

HIST 192F. Seminar in Recent Interpretations of Latin American History. 3 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Reading seminar in recent scholarship and current trends in the interpretation of Latin American history. Designed especially for History majors and present and prospective history teachers.
Note: Not open to lower division students.

HIST 192G. Seminar in Recent Interpretations of a Special Topic. 3 Units
Prerequisite(s): GWAR certification before Fall 09, WPJ score of 70+, or at least a C- in ENGL 109 M/W.
Term Typically Offered: Fall, Spring

Reading seminar in recent scholarship and current trends in the interpretation of a special topic. Designed especially for History majors and present and prospective history teachers.
Note: Not open to lower division students.

HIST 193. Public History. 3 Units
Prerequisite(s): HIST 100
Term Typically Offered: Fall, Spring

Note: Field trip. Students will be required to attend field trips to public history institutions both on and off campus.

Field trip(s) may be required.

HIST 194. Oral History: Theory and Practice. 3 Units
Prerequisite(s): GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M/W and HIST 100.
Term Typically Offered: Fall, Spring

Introduces students to the theory and practice of oral history. Examines ethical and legal issues as well as problems of accuracy in memory. Students will also learn how to conduct, transcribe, and edit oral histories and develop oral history projects.

HIST 195A. History Internship. 3 Units
Prerequisite(s): Permission of the faculty internship director.
Term Typically Offered: Fall, Spring, Summer

Supervised work and project experience with history-related agencies and organizations, developing entry level skills. May not be repeated for credit.
Credit/No Credit

HIST 195B. Advanced History Internship. 3 Units
Prerequisite(s): HIST 195A and permission of the faculty internship director.
Term Typically Offered: Fall, Spring, Summer

Supervised work and project experience with history-related agencies and organizations, developing more advanced entry level skills and practice in communicating history to public audiences. May not be repeated for credit.
Credit/No Credit

HIST 195C. History Pre-credential Internship. 3 Units
Prerequisite(s): HIST 17A, HIST 17B, HIST 50, HIST 51, and HIST 195A and permission of the faculty internship director.
Term Typically Offered: Fall, Spring

Supervised classroom observations and historical research to assist with curriculum development in secondary grade level history classrooms, with accredited schools, teaching related agencies and organizations. Students improve historical research skills, content mastery, and develop knowledge of using primary sources in history teaching. Students are exposed to secondary grade level history classrooms and observe instructional methods.
Note: Limited to upper division majors in the pre-credential program and students who have an interest in teaching history at the secondary level.
Credit/No Credit

HIST 195D. Advanced History Pre-credential Internship. 3 Units
Prerequisite(s): Permission of the faculty internship director.
Term Typically Offered: Fall, Spring

Supervised classroom observations and historical research to assist with curriculum development in secondary grade level history classrooms, with accredited schools, teaching related agencies and organizations. Students improve historical research skills, content mastery, and develop knowledge of using primary sources in history teaching. Students are exposed to secondary grade level history classrooms and observe instructional methods.
Note: Limited to upper division majors in the pre-credential program and students who have an interest in teaching history at the secondary level.
Credit/No Credit

HIST 196. Black Jesus: A History of Race and Religion in the Americas. 3 Units
Term Typically Offered: Fall, Spring

Examination of religion in the African Diaspora from the colonial period to the present. An introduction to Vodou, Santería, Candomblé, and Hoodoo (Conjure). Exploration of how African religious ideas, practices, and tradition have shaped religious cultures and communities in the Americas.

HIST 280B. Reading Seminar in Ancient or Medieval European History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of the significant historical literature on a topic in ancient or medieval European history. The area or topic to be studied will change from term to term.
Note: May be repeated for credit provided the period or the topic is different.

HIST 280C. Reading Seminar in Modern European History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of the significant historical literature on a topic in early modern or modern European history. The area or topic to be studied will change from term to term.
Note: May be repeated for credit provided the period or the topic is different.

HIST 280Z. Reading Seminar: Topics in United States History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of significant historical literature of a particular period or topic in U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281A. Reading Seminar in Colonial or Early US History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of the significant historical literature of a particular period or topic in colonial North American or early U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281B. Reading Seminar in Nineteenth Century US History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of the significant historical literature of a particular period or topic in nineteenth century U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281C. Reading Seminar in Modern US History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of the significant historical literature of a particular period or topic in U.S. history after 1900; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 281Z. Reading Seminar: Topics in United States History. 3 Units
Prerequisite(s): Classified status in History or instructor permission.
Term Typically Offered: Fall, Spring

Extensive reading and analysis of significant historical literature of a particular period or topic in U.S. history; the era or topic to be studied will vary from semester to semester.
Note: May be repeated for credit provided the period or the topic is different.

HIST 282A. Research Seminar in Public History. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

Professional training in the research and analysis of cartographic, archival, architectural, and artifactual sources related to public history. Attention to such research areas as cultural resources management, environmental impact, and historic sites and structures.

HIST 282B. Archives and Manuscripts. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

Professional training in archives and manuscripts administration. Historical development of archives and manuscripts administration, theoretical concepts that underlie the discipline, integration of these concepts into practice, and various uses of archival resources.

HIST 282C. Oral History. Theory and Practice. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

Professional training in oral history, with attention to the field’s historical and theoretical development. Emphasis is placed on the methodology of oral history in the context of selected public history topics. Students learn to prepare for, conduct, transcribe, and edit oral history interviews.

HIST 282D. Museum Studies. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

Intensive introduction to museum theory, practice, and management. Concentrates on providing an understanding of museums including museum exhibitions, collections, and acquisition policy. Students will have opportunities for practical museum experience and for meeting museum professionals.

HIST 282E. Historic Preservation. 3 Units
Prerequisite(s): Graduate status or instructor permission.
Term Typically Offered: Fall, Spring

Overview of the different aspects of historic preservation, including downtown revitalization, neighborhood organization, historic site management, preservation legislation, preservation education and historic architecture. The history of historic preservation in the U.S. Students will engage in on-site visits to historic sites.

HIST 282F. History and Memory. 3 Units
Prerequisite(s): Classified standing in Public History, History or instructor permission.
Term Typically Offered: Fall, Spring

Study of theoretical schools and debates regarding the formation, transformation, and transmission of collective memory. Draws upon theoretical literature on group memories from the social sciences and humanities, and it examines the importance of this literature for public and academic historians.
HIST 282G. Cultural and Heritage Tourism. 3 Units
Term Typically Offered: Fall, Spring
Seminar course that explores the theory and methods of cultural and heritage tourism as it pertains to experiences locally and globally. Topics include interpretation, audience interaction, and the economic, social, and political implications of heritage travel. Field trips and collaborative course project are required. Field trip(s) may be required.

HIST 282Z. Special Topics in Public History. 3 Units
Prerequisite(s): HIST 203 or instructor permission.
Term Typically Offered: Fall
Intensive seminar in a particular topic related to public history studies. Topics may vary and may include exhibit design, digital production, world heritage, cultural landscape, or other specialized knowledge in the field.

HIST 290. Clio: Editing and Publishing in History. 3 Units
Term Typically Offered: Spring only
Seminar devoted to learning the editing and publishing side of the history profession. Students will produce the student history journal Clio.

HIST 295. History Internship. 3 Units
Prerequisite(s): Graduate status and permission of faculty internship director.
Term Typically Offered: Fall, Spring
Supervised work and project experience with history-related agencies and organizations, developing entry-level professional skills.
Note: May be repeated for credit
Credit/No Credit

HIST 297. Advanced Internship. 3 Units
Prerequisite(s): HIST 295 and permission of the faculty internship director.
Term Typically Offered: Fall, Spring
Professional work experience in a specialized field of public history, with training and supervision as part of the Capital Campus Graduate Program in Public History.
Credit/No Credit

HIST 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading.
Note: Open only to students who appear competent to carry on individual work; May be repeated for credit.
Credit/No Credit

HIST 400. The Teaching of History in College. 3 Units
Term Typically Offered: Fall, Spring
Seminar devoted to the teaching of college history. Students will intern in lower division courses.

HIST 500. Culminating Experience. 3 Units
Prerequisite(s): Advanced to candidacy.
Term Typically Offered: Fall, Spring
Credit given upon successful completion of one of the following: A.) Thesis. An original contribution to historical knowledge, which includes the statement of a problem, a review of pertinent literature, the collection and presentation of relevant material, a conclusion, and a formal bibliography, all presented with appropriate documentation; OR B.) Project. A significant undertaking appropriate to public history, based upon the relevant literature, research skills, and applied expertise in areas of professional concern. Available for MA, Public History Option students only, OR C.) Comprehensive Examination. Structured and supervised reading programs for MA candidates preparing for the History Comprehensive Examination.

BA in History

Units required for Major: 45
Total units required for BA: 120

Program Description

History, in the broad sense, is the study of all human experience. It examines the people, institutions, ideas, and events from the past to the present. The study of history contributes to cultural literacy and develops critical thinking and other useful skills while helping students understand the present and plan for the future. Historical study provides a solid, fundamental preparation for careers in business, industry, government, and education. It also serves as excellent preparation for law school, foreign service, international work, urban affairs, historical consulting, and library science.

History is an academic discipline offering both breadth and focus. At Sacramento State, the History major includes four lower division survey courses and three upper division seminars. In addition, students choose seven upper division electives from a wide variety available. The flexibility of the major allows students to focus on topical areas such as: women's history, the history of particular geographic areas, cultural history, ethnic group history, economic history, military history, and history from the ancient world to that of the U.S. in the 20th Century. Teaching credential candidates should complete the History/Social Science Pre-credential Program.

Minimum Grade Requirement

A minimum grade of "C-" is required in courses applied to the major.

1 To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2 HIST 10 recommended.

3 Required in Major; also satisfies GE.

4 HIST 21 recommended.

</tr>
</tbody>
</table>

Notes:

Course also satisfies General Education (GE)/Graduation Requirement.

HIST 100, 100R, and 197 form a research and writing sequence in the major. History majors should take HIST 100 in the second semester of their sophomore year or the first semester of their junior year (or after completion of at least 9 units of the required lower division coursework for the major). Students should complete a WPI portfolio in the same semester as they take HIST 100 and the following semester should take HIST 100R. HIST 100R is in turn a prerequisite for HIST 197, which should be typically completed in a student's final semester. Ideally, HIST 192 should be completed the semester before HIST 197.

For substitutions in requirements, students should consult with a faculty advisor early in their program. Substitutions require the approval of the Department Chair.
Writing Intensive (WI) 3
Graduation Requirements (required by Sacramento State) (9 Units)
English Composition II 3
Race and Ethnicity in American Society (RE) 2 0
Foreign Language Proficiency Requirement 3 6

1 To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2 Required in Major; also satisfies Graduation Requirement.

3 If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). “C” or better required.

The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html (https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html)

MA in History (Comprehensive Option)

Total units required for the MA: 30

Program Description
The Master of Arts program in History introduces students to the use of the historical method, the critical investigation of problems in historical study, and the analysis and interpretation of primary source material. These skills are valuable in many professions, especially to students interested in pursuing graduate study culminating in the doctorate in History, experienced teachers of history in public schools, students who wish to teach in California Community Colleges, and to students seeking employment in archival management, oral history, consulting, and public sector historical research.

California State University, Sacramento is well situated to offer rich historical resources in several fields of study. The California State Archives, the California State Library and the Sacramento Archives and Museum Collection Center offer unique opportunities for the study of Western and California History. The presence of many state and community agencies dealing with historic preservation offers possibilities for stimulating internships, and the history graduate program is also able to draw upon rich materials in a number of areas of United States, European, and world history located in the Sacramento State Library.

Admission Requirements
Admission as a classified graduate student in the Standard History program requires:

• a baccalaureate degree;
• an undergraduate major in History, OR a minimum of 27 semester units in History, or a closely related field, approved by the Graduate Coordinator. Fifteen of the units must be upper division and include one seminar from the HIST 192 series (or equivalent) and one seminar from HIST 197 series (or equivalent); and

• a minimum 3.0 GPA in the last 60 units attempted and a minimum 3.25 GPA in History courses.

Students who have deficiencies in admission requirements that can be removed by specified additional preparation may be admitted to the degree program with conditionally classified graduate status. Any deficiencies will be noted on a written response to the admission application. The department Graduate Coordinator will specify courses to be taken by students with fewer than 27 units of history and/or without the required seminars. Work taken to remove such deficiencies may not be counted toward the master’s degree.

Admission Procedures
Applicants should apply online following the guidelines in the History Department’s website. The official deadlines are September 15 for Spring admission and February 15 for Fall admission.

All applicants, including Sacramento State graduates, must submit the following to the Office of Graduate Studies:

• an online application;
• Application Fee as required by the CSU system (You can pay this when you are filling out your online application)
• an official copy of all transcripts from colleges and universities attended, other than Sacramento State.

All applicants, including Sacramento State graduates, must submit the following supplemental application:

• one statement of purpose that attests to one’s qualifications and the ability to complete a professional degree program in History. This statement should include an applicant’s reasons for applying to the Master’s program, career objectives, and an explanation of how the program will help the applicant achieve them. It should also include relevant professional training, experience, internships, or volunteer activities, and any non-academic skills, interests, and notable accomplishments that may be pertinent to the pursuit of a graduate degree in History. While there is no page limit on this statement, the department encourages statements of approximately 500 words;

• two letters of recommendation that attest to their qualifications and ability to complete a professional degree program in History. These letters should ideally come from university instructors, but if these are not available, another credible individual who can address an applicant’s qualifications will be acceptable;

• an academic writing sample. Our strong preference is for a history research paper that integrates primary and secondary source evidence. Please select a sample of seven (7) to twenty (20) pages. You may provide a larger sample.

For more admissions information please visit https://www.csus.edu/graduate-studies/future-students/application-information.html#admission-requirements and https://www.csus.edu/college/arts-letters/history/admissions-history-ma-program.html.

Applicants will be informed of the Admission Committee’s decision within six weeks of the Department’s application deadline.

Minimum Units and Grade Requirements for the Degree

Units required for the MA: 30
Minimum Cumulative GPA: 3.0

Advancement To Candidacy
Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- completed at least 12 units in the graduate program with a minimum 3.0 GPA, including at least one 200-level course;
- determined with the History Graduate Coordinator whether to attempt the thesis, examination, or project (Public History and Specialized Options only) as the Culminating Requirement;
- determined which department faculty member will supervise the student’s work and act as his/her History advisor;
- filed and received departmental approval of a Petition for Approval of Thesis/Examination/Project (only in the Public History and Specialized Options); and
- taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento.

Students must file their Advancement to Candidacy in the semester prior to enrolling in HIST 500, Culminating Experience.

Advancement to Candidacy forms are available on the Office of Graduate Studies website. The student fills out the form after planning a degree program in consultation with his/her History advisor. The completed form is then returned to the Graduate Coordinator and the Office of Graduate Studies for approval.

Note: A foreign language is not a degree requirement. However, students who plan further graduate study in History are encouraged to study French, German, or another foreign language since proficiency in two foreign languages is usually required in doctoral programs.

Total Units 30

1 Elective courses in History (graduate seminars or upper division courses) and up to 3 units from fields, as approved by History. HIST 280 and HIST 281 series courses may be repeated and counted in this area if the course topic is different.

2 Students may not enroll in HIST 500 until all "Incomplete" grades received up to that point are completed. Students who receive "Incomplete" grades in coursework after enrolling in HIST 500 will not receive final approval on thesis or examination until a passing grade has been assigned to incomplete coursework.

MA in History (Specialized Option)

Total units required for the MA: 30

Program Description

**Electives (9 Units)**

Select 9 units

**Advancement to Candidacy**

Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- completed at least 12 units in the graduate program with a minimum 3.0 GPA, including at least one 200-level course;
- determined with the History Graduate Coordinator whether to attempt the thesis, examination, or project (Public History and Specialized Options only) as the Culminating Requirement;
- determined which department faculty member will supervise the student’s work and act as his/her History advisor;
- filed and received departmental approval of a Petition for Approval of Thesis/Examination/Project (only in the Public History and Specialized Options); and taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento.

Students must file their Advancement to Candidacy in the semester prior to enrolling in HIST 500, Culminating Experience.

Adancement to Candidacy forms are available on the Office of Graduate Studies website. The student fills out the form after planning a degree program in consultation with his/her History advisor. The completed form is then returned to the Graduate Coordinator and the Office of Graduate Studies for approval.

**Note:** A foreign language is not a degree requirement. However, students who plan further graduate study in History are encouraged to study French, German, or another foreign language since proficiency in two foreign languages is usually required in doctoral programs.

Total Units 30

1. Elective courses in History (graduate seminars or upper division courses) and up to 3 units from related fields, as approved by the Graduate Director. HIST 280 and HIST 281 series courses may be repeated and counted in this area if the course topic is different.

2. Students may not enroll in HIST 500 until all "incomplete" grades received up to that point are completed. Students who receive "incomplete" grades in coursework after enrolling in HIST 500 will not receive final approval on thesis, examination, or project until a passing grade has been assigned to incomplete coursework.

No more than 9 units of supervisory courses (see the following) may be counted toward the degree.

MA in Public History

Total units required for the MA: 36 including 9 units of supervised professional internship

Program Description

The Public History Program offers a two-year course of study leading to the Master of Arts as a degree option within the History Department. The program provides an integrated professional curriculum that includes specialized project and internship experience in several concentrations including: archives and manuscripts, business history, oral history, public history research and analysis, and historic preservation. All students pursue a common course of study, gain professional experience through a series of internships, and complete a master's project or thesis within their area of program specialization.

Program requirements meet the educational guidelines of the Society of American Archivists, the Oral History Association, and the National Council on Public History. Graduates are qualified for listing on the Professional Register of Public Historians maintained by the California Committee for the Promotion of History.

All applicants must meet the requirements for admission as a classified graduate student in History. Applicants are also encouraged (but not required) to submit both verbal and quantitative scores from the aptitude portion of the Graduate Record Examination with their admission application.

Applications are available from the History Department Office. Students who are not enrolled in the program may take public history courses on a space available basis, with instructor permission.

Admission Requirements

Admission as a classified graduate student in the Standard and the Public History programs requires:

- a baccalaureate degree;
- an undergraduate major in History, OR a minimum of 27 semester units in History, or a closely related field, approved by the Graduate Coordinator. Fifteen of the units must be upper division and include one seminar from the HIST 192 series (or equivalent) and one seminar from HIST 197 series (or equivalent); and
- a minimum 3.0 GPA in the last 60 units attempted and a minimum 3.25 GPA in History courses.

Students who have deficiencies in admission requirements that can be removed by specified additional preparation may be admitted to the degree program with conditionally classified graduate status. Any deficiencies will be noted on a written response to the admission application. The department Graduate Coordinator will specify courses to be taken by students with fewer than 27 units of history and/or without the required seminars. Work taken to remove such deficiencies may not be counted toward the master's degree.

Admission Procedures

Applicants should file the Sacramento State Office of Graduate Studies for application for admission to the University, and complete the supplemental application for the Department of History. Please check with the Department office for the official deadline.

All applicants, including Sacramento State graduates, must file the following with the Office of Graduate Studies, River Front Center 215, (916) 278-6470:

- an online application for admission; and
- one set of official transcripts from all colleges and universities attended, other than Sacramento State.

For more admissions information and application deadlines please visit the Office of Graduate Studies website.

Applicants must also file the following supplemental application:

- a statement of purpose of at least 250 words. This statement should include reasons for applying to the master's program, career objectives and an explanation of how the program will help achieve them, relevant professional training, experience, internships, or volunteer activities, and any non-academic skills, interests, or notable accomplishments that may be pertinent to the application;
- two letters of recommendation. Letters should ideally come from university instructors, but if these are not available, any other credible source who can address qualifications will be acceptable (i.e., work supervisor, clergy, or community leader);
- academic writing sample (optional but highly encouraged).

Applicants will be informed of the Admission Committee's decision within six weeks of the Department's application deadline.

Minimum Units and Grade Requirement for the Degree

Units required for the MA: 36 including 9 units of supervised professional internship

Minimum Cumulative GPA: 3.0

Advancement To Candidacy

Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:
Minor in History

Units required for Minor: 24, all of which must be taken in History; a minimum of 12 upper division units is required

Program Description

History, in the broad sense, is the study of all human experience. It examines the people, institutions, ideas, and events from the past to the present. The study of history contributes to cultural literacy and develops critical thinking and other useful skills while helping students understand the present and plan for the future. Historical study provides a solid, fundamental preparation for careers in business, industry, government, and education. It also serves as excellent preparation for law school, foreign service, international work, urban affairs, historical consulting, and library science.

Minimum Grade Requirement

Grade "C-" or better required for courses applied to the minor.

Total Units 36

1 No more than one seminar from the HIST 281 series can be included as a Public History program elective.

2 Students complete either a master's thesis or master's project under the guidance of the Public History faculty. Students will make an oral presentation and defense of their thesis/project before a committee of at least two faculty members including the director of the MA thesis/project.

3 Students may not enroll in HIST 500 until all "Incomplete" grades received up to that point are completed. Students who receive "Incomplete" grades in coursework after enrolling in this course will not receive final approval on thesis or examination until a passing grade has been assigned to incomplete coursework.

Minor in Latin American Studies

Units required for Minor: 21

Program Description

The minor in Latin American Studies (LAS) provides students with coursework that explores the historical, social, cultural, political, and transnational/transoceanic conditions of Latin American societies as well as the ways in which these factors have shaped historical and contemporary Latino/a/x identities. The curriculum includes courses from a variety of disciplinary perspectives and allows students to specialize in particular topical and/or thematic areas of interest.

Total Units: 21

1 Students must take at least one course from three different disciplines.
2 No more than four courses from any one discipline count for the LAS minor.

Ph.D. in Public History

Program Description

The joint doctoral program in Public History offered in cooperation with UC Santa Barbara provides training in public history, particularly in the following professional fields: history of public policy; cultural resource management; business and institutional history; and community and local history. Supporting courses are offered in oral history; archives and records administration; museum management; historic preservation; historical editing; and policy and litigation support.

Questions about the program should be directed to Sacramento State Professor Anne Lindsay (anne.lindsay@csus.edu) and UCSB Professor Randy Bergstrom (bergstro@history.ucsb.edu).

Admissions Requirements

Prospective applicants for the joint Ph.D. program should have completed a Master’s degree in history, public history, or a related field (in unusual circumstances, highly qualified candidates can be admitted without the MA).

Applicants should provide the following information to the Graduate Program in Public History at UCSB: the appropriate application forms; transcripts of completed academic work; GRE scores; three letters of recommendation; and an essay explaining the applicant’s reasons for seeking a Ph.D.

Admissions Procedures

The Joint Public History Committee will review applications for admission and select the individuals to be admitted to the joint doctoral program.

Program Requirements

Students admitted to the program must spend at least one academic year in residence on each of the two campuses.

In addition to the required research seminars and professional coursework, students will complete an internship assignment and report.

To complete the doctoral program, students must pass a combination of written and oral examinations in four fields. These fields are typically: a general field (usually U.S. History); a specialized field within the general field; a third field encompassing the dissertation topic; a cognate field outside the department (e.g., art history, anthropology, political science).

In addition, each student will: pass one foreign language examination; complete a dissertation; and serve as a research or teaching assistant.

Subject Matter Program (History)

Units required for Major: 72
Total units required for BA: 120

Program Description

History, in the broad sense, is the study of all human experience. It examines the people, institutions, ideas, and events from the past to the present. The study of history contributes to cultural literacy and develops critical thinking and other useful skills while helping students understand the present and plan for the future. Historical study provides a solid, fundamental preparation for careers in business, industry, government, and education. It also serves as excellent preparation for law school,
foreign service, international work, urban affairs, historical consulting, and library science.

History is an academic discipline offering both breadth and focus. At Sacramento State, the History major includes four lower division survey courses and three upper division seminars. In addition, students choose seven upper division electives from a wide variety available. The flexibility of the major allows students to focus on topical areas such as: women's history, the history of particular geographic areas, cultural history, ethnic group history, economic history, military history, and history from the ancient world to that of the U.S. in the 20th Century. Teaching credential candidates should complete the History/Social Science Pre-credential Program.

**Preparation for Credential Program**
The History BA with Social Science Subject Matter Competency is a California state-approve subject matter program. Students who successfully complete the program satisfy the requirement of the Commission on Teacher Credentialing for demonstrated competence in Social Science. Graduates of the program are exempt from the CSET exams in Social Science.

Early field experience: Students are strongly encouraged to seek opportunities to gain experience in classroom settings or with youth in organized activities.

Sacramento State's Master of Arts in Teaching (Single Subject) requires a minimum of of 45 hours (100 preferred) of experience working with middle- to high-school aged youth during the two year prior to apply to the credential program.

Program Description

The Department of Humanities and Religious Studies offers an integrated approach to the study of world cultures from ancient times to the present. In our courses, students undertake interdisciplinary study of core ideas, ideals, and values. The Humanities — known by Renaissance thinkers as *studia humanitatis* (“studies of humanity”) — explore such subjects as literature, history, philosophy, religion, the visual arts, music, drama, and film. Religious Studies focuses on beliefs and practices of the world’s religions in their historical and cultural contexts. Employing the methods and insights of disciplines such as history, anthropology, sociology, psychology, and philosophy, Religious Studies approaches its subject matter with empathy while avoiding assumptions or judgments about religious truth claims.

The Department offers the following degree programs:

- The BA in Humanities provides a strong interdisciplinary foundation in world cultures while also allowing students the opportunity to focus their studies on a specific era — such as the ancient, medieval, or modern era — or on culture in a particular region.
- The BA in Humanities with a Concentration in Religious Studies emphasizes religion as an aspect of culture and investigates major religious traditions, including Hinduism, Sikhism, Jainism, Buddhism, Confucianism, Daoism, Judaism, Christianity, and Islam.
- Minor programs in both Humanities and Religious Studies.
- The MA in Humanities provides graduate-level engagement with humanistic approaches to world cultures.
- Students in all five programs acquire concrete skills in critical thinking, analysis, research, writing, and organization that lead to attractive careers throughout the job market. Many of our students prepare for careers in teaching at the elementary level (as part of a Liberal Studies major program) or secondary level (as part of a single subject credential program in English/Humanities). Others pursue postgraduate study in the Humanities, History, Theology, and related fields in preparation for careers in teaching at the community college and university levels or in library, museum, or curatorial work. Humanities majors are also well-prepared for careers in government and fields such as law and counseling, which require interaction with people from diverse cultural backgrounds.

Degree Programs

- BA in Humanities (p. 259)
- BA in Humanities (Religious Studies) (p. 260)
- Minor in Humanities (p. 263)
- Minor in Religious Studies (p. 264)
- MA in Humanities (p. 262)

Special Features

- Faculty advisors are available to help majors and minors design individual patterns of study that reflect students’ particular interests and prepare them for work in their chosen fields.
The Department fosters a sense of community among faculty and students in order to create a welcoming and congenial environment that encourages mutual respect, active learning, and the lively exchange of ideas.

Career Possibilities
Teaching · Academic Research · Publishing · Journalism · Government · Public Relations · Law · Library Science · Creative Writing · Literary Research · Theology · Ministry · Counseling

HRS 4.   Exploring World Religions.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer

Comparative inquiry into the nature of global religions, including Hinduism, Buddhism, Confucianism, Daoism, Judaism, Christianity, and Islam. Experiential, social, and material aspects of religions will be considered as well as beliefs and practices.

HRS 10.   Arts and Ideas of the West: Ancient to Medieval.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduction to the literature, art, architecture, philosophy and history of the ancient and medieval West, with emphasis on classical Greece and Rome and the European Middle Ages.

HRS 11.   Arts and Ideas of the West: Renaissance to Modern.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduction to the literature, art, architecture, music, philosophy, and history of the West from the Renaissance to the present.

HRS 21.   First Year Seminar: Becoming an Educated Person.  3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall only

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills.

HRS 60.   Popular Culture: Thinking Critically About the World Around Us.  3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring

Focus on thinking critically and building arguments about popular culture in its various forms, including television, film, music, art, and literature. Enhances understanding of popular culture, including definitions of key analytical terms, sociocultural history, generic structures, and aesthetic appreciation.

HRS 70.   Arts and Ideas of Asia: Ancient to Medieval.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Introduction to the cultural history of ancient and early medieval Asia incorporating examples of art, literature, philosophy, and religion, providing a survey of China, India, and several other distinct cultures of the areas surrounding them—especially Japan.

HRS 71.   Arts and Ideas of Asia: Medieval to Modern.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Introduction to the cultural history of late medieval and modern Asia incorporating examples of art, literature, philosophy, and religion, providing a survey of China, India, and several other distinct cultures of the areas surrounding them—especially Japan.

HRS 80.   Introduction to Film.  3 Units
Term Typically Offered: Fall, Spring

Introduction to the aesthetics of cinema, including understanding of how lighting, editing, angles, shot length, and framing create meaning in film. Discussion of aesthetic movements such as German Expressionism, Nouvelle Vague, and auteurism.

HRS 105.   Approaches to the Humanities.  3 Units
Prerequisite(s): HRS 10 and HRS 11 or instructor permission.
Term Typically Offered: Fall only

Advanced study of interdisciplinary methods applied to the arts, including literature, music and other modes of humanistic expression.

HRS 108.   Approaches to Religious Studies.  3 Units
Term Typically Offered: Fall only

Exploration of the history and methodology of Religious Studies, including the analysis of several significant theories of the origin and function of religion. Methods and theories drawn from the disciplines of psychology, sociology, history, anthropology, philosophy and feminist studies.
HRS 113. The Culture of Classical Greece. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Examination of the Golden Age of Athens and the birth of Western humanism; studies in the classical ideals, tragedy, comedy, poetry, history, philosophy, art and architecture.

HRS 114. The Culture of Classical Rome. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Study of Roman culture and its influence. Emphasis on art, architecture, literature, history, philosophy and religion of Rome from the early Republic to the end of the Western Empire.

HRS 115. Material Culture of Ancient Rome. 3 Units
Term Typically Offered: Fall, Spring

A focused study of ancient Roman culture as understood through investigation of materials artifacts, especially as found in archaeological sites and museum exhibits. The majority of course time will be spent in Rome and in Pompeii and other locations near Bay of Naples. Visits to archaeological sites and museums will be supplemented by readings of relevant texts and by ongoing discussion.

HRS 117. Paganism in the Roman World. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Survey of ancient Roman paganism, the wide variety of religious beliefs, practices, and institutions found throughout the Roman world. Topics include Greek influences, traditional religion, state and ruler cults, healing cults, oracles, astrology, mystery religions, priests and priestesses, prayer, sacrifice, and religious philosophies.

HRS 119. Classical Mythology. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer

Study of Greek and Roman myths and hero tales and their place in the arts and literature of Western civilization. Also provides an introduction to the general nature and function of myth.

HRS 120. Reason and Revelation: The Origins of Western Culture. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Study of the conflicting cultures that have shaped the social, religious and ethical perspectives of Western Culture. Readings in the Bible, Plato, Greek drama, the New Testament, and church fathers.

HRS 121. Introduction to the Hebrew Bible/Old Testament. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Survey of the historical narratives and other literature of the Bible, analysis of archeological evidence and introduction to the basic problems of textual criticism. Topics of study will include the origins and development of early Judaism and its interaction with surrounding cultures.

HRS 122. Introduction to the New Testament. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Study of the New Testament literature in its historical and cultural setting. Topics covered include the literary relationships of the four Gospels, the historical Jesus, the evolution of early Christianity, and the diverse theologies represented in the letters of Paul and other canonical and non-canonical writings.

HRS 126. History of Christianity to the Reformation. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Christianity from Jesus to Martin Luther. Emphasis on the evolution of Christian thought and institutions and the relationship of the Church to popular culture and secular powers. Cross Listed: HIST 126; only one may be counted for credit.

HRS 127. History of Christianity Since the Reformation. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

European Christianity from the Reformation to the present. Emphasis on the evolution of Christian thought, the co-existence of the Catholic and Protestant traditions and the relationship of religious and secular values in European society. Cross Listed: HIST 127; only one may be counted for credit.

HRS 131. Medieval Culture. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Decline of Rome to the Renaissance. Emphasis on the cultural development of the West from the Germanic invasions until the advent of Humanism with attention to theology, art, architecture and literature to illustrate the dynamics of these diverse years.

HRS 132. Renaissance. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Spring only

Investigates the nature and implications of Renaissance Humanism in Italy (14th and 15th centuries) as well as its impact in Northern Europe in the 16th century. Includes the literary works of such writers as Petrarch, Pico, Machiavelli, Erasmus and Cervantes, along with the art of Giotto, Botticelli, Michelangelo, Brunelleschi, Cellini, Dufay, da Vinci, and the music of Palestrina.

HRS 134. Baroque and the Enlightenment. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Multi-faceted survey of the culture of Europe and North America in the Age of the Baroque and Enlightenment (1600-1792). Emphasizes literature, music, painting, architecture and ideas in France, Britain, Germany and Italy.
HRS 135. Romance and Revolution. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Interdisciplinary survey of the cultures of Europe and North America in the 19th century. Building on the Romantic aesthetic developed late in the 18th century. Considers the literature, music, painting and ideas of northern Europe and America until the 1900s.

HRS 136. Birth Of The Modern. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Investigation of those crises in art and society underlying the development of modernism and post-modernism.

HRS 137. Global Crossings: Art and Culture 1945 to Present. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Exploration of concepts and expressions of postmodernism and its emphasis on irony, citation, and the interconnectedness of politics, aesthetics, and philosophy across the disciplines (art, literature, architecture, film) and the continents (Europe, Asia, Africa, America and Latin America).

HRS 141. Introduction To Judaism. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall only  
Survey and analysis of the fundamental tenets of Judaism set within the context of the historical and intellectual development of the Jewish People.

HRS 142. Introduction to Christianity. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Spring only  
Study of the beliefs, practices, institutions and history of the Christian religion. Emphasis on the Orthodox, Roman Catholic, and Protestant traditions and the relationship of Christianity to global cultures.

HRS 144. Introduction To Islam. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring, Summer  
Survey of the Islamic way of life: its beliefs, traditions and practices from Quranic origins and the Sunna of the Prophet Muhammad. The historical development of Islamic law, religious sects, mysticism, and intellectual thought of the global Muslim community from medieval to contemporary times.

HRS 145. Introduction to Islamic Cultures. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Spring only  
Survey of the expression of Islamic values in religious practice, philosophy, theology, art, architecture, music, and literature in different geographic locations and historical periods.

HRS 146. Islam in America. 3 Units  
General Education Area/Graduation Requirement: Race & Ethnicity  
Graduation Requirement (RE), Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
An inquiry into the history and development of Islam in United States. Special emphasis will be placed on issues related to race, ethnicity, gender, ritual practice, and the politics of being Muslim in America.

HRS 147. History of Buddhism. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Examines in cultural and historical perspective, drawing on both ancient and contemporary sources, the key practices and ideas of Buddhist traditions in India, China, Southeast Asia, Tibet, Japan, and other surrounding regions; as well as the more recent spread of these practices and ideas to Europe, North America, and Australia. Cross listed: HIST 147.

HRS 148. African Arts and Cultures. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Survey of African cultural and artistic forms which explores the intersection of culture and the humanities in different African contexts—past and present. Emphasizes the cultural diversity of the African continent, and surveys how different cultural, ethical, aesthetic, and religious values are expressed in literature, visual art, music, architecture, and ritual. Focuses primarily on sub-Saharan Africa.

HRS 151. World Mythology. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Introduction to the nature and function of myth. The specific literature studied will be exclusive of classical mythology and because of the breadth of subject matter will vary in content. The mythology of at least four cultures will be covered each term.

HRS 152. Great Mystics of the World. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Examination of the meaning of mysticism as a “direct experience of ultimate reality” in the world’s religions. The history, teachings, belief systems and scriptures of Hinduism, Buddhism, Daoism, Confucianism, Judaism, Christianity and Islam will be studied to illuminate the lives and works of each religion’s great mystical thinkers.

HRS 154. Food, Farming, and the Sacred. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Examination of primary sources dealing with the sacred dimensions of food and farming in pre-modern and modern world cultures. Attention paid to sustainable, small-scale farming, and spiritual perspectives that promote and reinforce sustainable food practices. Interested students may receive one additional unit of credit for 20 hours of work with a local organization involved in farming and/or local food distribution through the Community Engagement Center and reflection assignments relating this work to course materials.

HRS 155. Spirit and Nature. 3 Units  
General Education Area/Graduation Requirement: Humanities (Area C2)  
Term Typically Offered: Fall, Spring  
Comparative inquiry into the critical connection between religion and nature. Traditional views of selfhood, the sacred, morality and specific ecological issues, such as energy consumption will be examined through representative sources in world religions.
HRS 161. Multicultural America. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2), Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring
Topically structured, interdisciplinary introduction to the cultural experiences of historically under-represented groups. Historical and contemporary events, as well as values and beliefs in American culture, are examined through various artistic expressions, such as music, painting and literature.

HRS 162. American Space and Identity. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Examination of the ways in which physical spaces within America contribute to the formation of American identities and vice versa. Interdisciplinary and topically organized, analyzes both exterior and interior spaces: city, suburb, regions, body, mind, and the borderlands, to name a few. Also studies the interaction of race, class, gender, and sexuality with space and identity.

HRS 168. Images Of America. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Race & Ethnicity Graduation Requirement (RE), Humanities (Area C2)
Term Typically Offered: Fall, Spring
Interdisciplinary survey of major events, trends and figures in American history viewed through the lenses of American literature, visual arts, music and architecture. The arts in America are studied in relation to major ideas, significant personalities and important historical events from the period of the early republic to the present. Cross Listed: HIST 168; only one may be counted for credit.

HRS 169. Hollywood and America. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Chronological survey of American films and their cultural significance from the 1890s to the present. Focus on films produced in Hollywood, the contexts in which they were created and the impact of Hollywood as a geographical and mythical place in the development of American culture. Cross Listed: HIST 169; only one may be counted for credit.

HRS 170. The Religious Landscape of the Sacramento Valley. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Introduction to the field study of religious communities. Addresses the nature of religious pluralism in the U.S. today. The practice and belief systems of at least five different religious communities will be studied each semester. Students are required to do an in-depth term project based on research in one or more religious communities Cross Listed: ANTH 170; only one may be counted for credit.
HRS 178. Religions of India. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

An introduction to the bewildering diversity of Indian religions, relating religious practices & ideas to broader cultural developments, including visual arts and literature. Focuses on the way Hindu, Buddhist, Jain and Sikh traditions address the concept of karma in distinctive ways, paying special attention to the way words and intentions are said to influence the consequences of a person's deeds.

HRS 178A. Religions of India I: The Formative Period. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only – odd years

Introduction to religious life on the Indian subcontinent during its ancient period, relating religious practices and ideas to broader cultural developments, including visual arts and literature.

HRS 178B. India's Religions: Jains & Sikhs. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall only – odd years

Introduction to India's stunningly diverse religious landscape, exploring perspectives and practices in the development of the lesser known but widely influential Jain and Sikh traditions that lend special insight into India's modern cultural practice and worldview. Focuses on Jain and Sikh notions of heroism and non-violence, paying special attention to the ideals of iconoclasm, religious pluralism and devotion.

HRS 179A. The Hindu Year: Fall. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

A survey of Hindu religious teachings, stories, and history, as expressed through the holy days and festivals celebrated each fall by Hindus throughout India and abroad, during which ideas, stories, and values are transmitted from one generation to the next. Examines the little understood and rarely discussed historical development behind each celebration, based on both ancient and contemporary sources, thereby revealing why Hindu ideas and history have remained compelling to Hindus for thousands of years.

HRS 179B. The Hindu Year: Spring. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

A Survey of Hindu religious teachings, stories, and history, as expressed through the holy days and festivals celebrated each spring and summer by Hindus throughout India and abroad, during which ideas, stories, and values are transmitted from one generation to the next. Examines the little understood and rarely discussed historical development behind each celebration, based on both ancient and contemporary sources, thereby revealing why Hindu ideas and history have remained compelling to Hindus for thousands of years.

HRS 180. The Film. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Introduction to the aesthetics of cinema with special attention to the evolution of critical theories of cinema within the framework of twentieth century arts and ideas.

HRS 181. Contemporary Issues in Film. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Examination of contemporary film and film criticism from an interdisciplinary perspective, stressing the links between film, literature, the visual arts and society.

HRS 183. World Religions and Cultures in Cinema. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Summer only

Examination of the religious and spiritual dimensions of selected films from around the world. The cinematic arts are examined in relationship to religious and spiritual concerns, concepts, and values.

HRS 185. Women in Film and American Culture. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring

Study of major social issues confronting American women, examined through their images in film and other visual and literary arts.

HRS 188. Fantasy and Romance. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Exploration of the aesthetic of fantasy. Approaches may include emphasis on the historical development of the quest-romance or the use of the fantastic as social commentary. Particular genres, such as science fiction, may be explored.

HRS 190. Seminar in HRS: The Body. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS major or minors only.
Term Typically Offered: Fall, Spring

Seminar for Humanities and Religious Studies majors. Examines cultural constructions of the body through analysis of art and literature and through the insights of media studies, cultural studies, sociological, psychology, and anthropology. Cross listed: HRS 290B

HRS 190C. Seminar in HRS: Many Realities of Consciousness. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS major or minors only
Term Typically Offered: Fall, Spring

Seminar for Humanities and Religious Studies majors. Examines philosophies and theories of perception as applied to cultures, religious traditions, nature, film and literature. Investigates consciousness through examination of the subjectivity of human perception. Cross listed: HRS 290C

HRS 190D. Seminar in HRS: Death and Afterlife. 3 Units
Prerequisite(s): Must be HRS major or minor; Completion of 9 units of HRS lower division courses; Completion of the GWAR.
Term Typically Offered: Fall, Spring

Seminar for Humanities and Religious Studies majors. Examines myths, theories, and perceptions of death and afterlife in cross-cultural and historical perspective through analysis of literature, the visual arts, and music. Cross listed: HRS 290D
HRS 190H. Seminar in HRS: The Hero. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS major or minors only
Term Typically Offered: Fall, Spring

Seminar for Humanities and Religious Studies. Examines the hero in cross-cultural and historical perspective through analysis of visual artifacts, literature, history, philosophy, music and film.
Cross listed: HRS 290H

HRS 190M. Saints, Relics, and Miracles in Late Antique and Medieval Europe. 3 Units
Prerequisite(s): Student must complete 9 units of lower division core courses and be eligible for WI classes based on WPJ placement score or passage of the appropriate prerequisite
Term Typically Offered: Fall, Spring

Seminar in Humanities and Religious Studies majors. Examines the role of the body in the creation of saints' cults in medieval Europe through analysis of literature and art. Considers how the idea of martyrdom set the terms for an ideal Christian life and explores the role relics, pilgrimage and miracle stories played in medieval society.
Cross listed: HRS 290M

HRS 190P. Seminar in HRS: Popular Culture in America. 3 Units
Prerequisite(s): For HRS majors and minors; completion of 9 units of HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite.
Term Typically Offered: Fall, Spring

Seminar for undergraduate students studying in the Department of Humanities and Religious Studies. Examines the issues, theories, and methods associated with popular and material culture studies using an interdisciplinary perspective.

HRS 195. Seminar in Humanities. 3 Units
Prerequisite(s): Completion of 12 units of HRS lower division core courses, HRS 105, senior status; or instructor permission.
Term Typically Offered: Spring only

Senior seminar for Humanities and Religious Studies majors with Humanities Concentration; focuses on the perspectives and methods of the academic study of the humanities. Topics chosen by the instructor.
Note: May be repeated once for credit.

HRS 196. Experimental Offerings in Humanities and Religious Studies. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Special experimental course on specific themes, figures, or topic areas.
Note: May be taken twice for credit if topic differs.

HRS 196E. Seminar in HRS: Envisioning the Divine. 3 Units
Prerequisite(s): Must be HRS major or minor; completion of 9 units of HRS lower division courses; Completion of the GWAR.
Term Typically Offered: Fall, Spring

Seminar for Humanities and Religious Studies majors and minors. Cross-cultural and trans-historical analysis of depictions of the divine in the visual, musical, and literary arts. Employs a modified seminar format, emphasizing analysis of primary and secondary material mainly by way of discussion.

HRS 196S. Storytelling & Myth in World Cultures. 3 Units
Prerequisite(s): Must be HRS major or minor; completion of 9 units of HRS lower division courses; eligibility for WI classes based on WPJ placement score or passage of appropriate prerequisite; or instructor permission. Paired with 296S.
Term Typically Offered: Spring only – odd years

Seminar for Humanities and Religious Studies majors and minors. Cross-cultural and trans-historical analysis of the way storytelling, along with the rituals associated with it, supports the development and spread of myth. Emphasis on analysis of primary and secondary material mainly by way of discussion.

HRS 198. Seminar in Religious Studies. 3 Units
Prerequisite(s): Completion of 9 units of HRS lower division core courses, HRS 108, senior status; or instructor permission.
Term Typically Offered: Spring only

Senior seminar for Humanities and Religious Studies majors with Religious Studies Concentration; focuses on the perspectives and methods of the academic study of religion. Topics chosen by the instructor.
Note: May be repeated once for credit.

HRS 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Tutorial-reading course involving independent research. Topic and research method to be decided upon jointly by student and instructor.
Note: May be repeated for credit.

HRS 200A. Culture and Expression: Prehistory to the Middle Ages. 3 Units
Prerequisite(s): Must be a HRS major or minor
Term Typically Offered: Fall, Spring

Interdisciplinary seminar on cultural movements, figures, and art forms of eras from prehistory to the European Middle Ages. Focus on the West with some global comparison. Emphasis on theoretical perspectives, methods, and research techniques germane to the humanities.

HRS 200B. Culture and Expression: Renaissance to the Present. 3 Units
Prerequisite(s): Must be a HRS major or minor
Term Typically Offered: Fall, Spring

Interdisciplinary seminar on cultural movements, figures and art forms of eras from the Renaissance to the present. Focus on the West with some global comparison. Emphasis on theoretical perspectives, methods and research techniques germane to the liberal arts.
HRS 202. Western Aesthetics: Traditions and Revision. 3 Units
Prerequisite(s): Graduate standing.
Term Typically Offered: Fall, Spring

Introduction to critical methodologies in the Humanities and to techniques of formal analysis as applied to specific eras and artworks in Western cultural history.

HRS 205. Space and Time. 3 Units
Prerequisite(s): 6 units in philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Introduction to significant philosophical issues involving space and time. An investigation into the current state of these issues.
Note: No background or work in mathematics or physics is required. Cross-listed: PHIL 192D; only one may be counted for credit.

HRS 209. Versions of the Self in Western Literature and the Arts. 3 Units
Term Typically Offered: Fall, Spring

Traces the stages through which the concept of the "self" emerges in Western literature, philosophy and the arts, from Antiquity to the 20th Century. Focus is on the transformation of moral identity as the West moves from a divinely ordered cosmos to a relativized universe.

HRS 210. Gender and Religion in Cross-Cultural Perspective. 3 Units
Term Typically Offered: Fall, Spring

Exploration of the relationships and roles of women and men in the context of religious life. May focus extensively on one or more particular religious traditions cross-culturally, or draw on a wider spectrum of examples. Special attention paid to the complementary nature of men's and women's roles in many religious traditions; and also the way that male perspectives have dominated many areas of formal religious discourse, noting the dissenting voices of women often hidden in more informal types of expression.
Cross Listed: LIBA 210; only one may be counted for credit.

HRS 213. Ancient Greek Culture. 3 Units
Term Typically Offered: Fall, Spring

A graduate-level survey of ancient Greek culture. Emphasis on social and private life, religion, historiography, literature, philosophy, drama, art, and architecture.

HRS 214. Ancient Roman Culture. 3 Units
Term Typically Offered: Fall, Spring

A graduate-level survey of Roman culture. Emphasis on social and private life, religion, historiography, literature, philosophy, drama, art, and architecture.

HRS 216. Historical Reflections on the American Dream. 3 Units
Term Typically Offered: Fall, Spring

Multicultural exploration of how our nation's history has been constructed, experienced, told and valued from varying ethno-cultural points of view, including each student's personal history.

HRS 217. Ordinary America. 3 Units
Term Typically Offered: Fall, Spring

Inquiry into the issues, theories, and methods associated with popular and material culture studies in order to provide students with insights into the past and present nature of American experience. Intended to be an exploration of the ways in which popular and material culture both reflect and contribute to the search for meaning in everyday life.

HRS 220. Seminar in Religious Studies. 3 Units
Term Typically Offered: Fall, Spring

Designed to offer a variety of topics in the study of religion. Seminar presents a rotating series of subjects ranging from ancient religious literature to contemporary religious problems.

HRS 222. Evolving Concepts of God: Portrait of Deity in Monotheistic Religions. 3 Units
Term Typically Offered: Fall, Spring

Seminar traces the historical origin and cultural evolution of the God concept in monotheistic religions. Topics include the archaeological record of humanity's earliest religious artifacts, evidence for the prehistoric worship of the "Great Goddess" figure, an examination of the polytheistic religions of the ancient Near East and their influence on the development of monotheism. Examines the evolving portrait of the Deity in the Hebrew Bible (Old Testament), the New Testament, and the Koran.

HRS 224. Religions of the Roman Empire. 3 Units
Term Typically Offered: Fall, Spring

Survey of the major religious beliefs and practices in the Greco-Roman world from 100B.C.E. – 400C.E. Topics include traditional Greek and Roman religions, healing cults, philosophical religion and Gnosticism.

HRS 226. Wisdom and Apocalyptic Literature. 3 Units
Prerequisite(s): LIBA 200A or graduate status in History or instructor permission.
Term Typically Offered: Fall, Spring

Examines two of the more creative literary genres that make up the canonical and deuterocanonical literature of the Jewish and Christian bibles. Both the historical and theological underpinnings of wisdom and apocalyptic writing will be explored in-depth, with some consideration given to literary analogues in Egyptian, Mesopotamian and Greek culture. Significant research into wisdom and apocalyptic writings outside of the testamental framework required.
Cross Listed: LIBA 226; only one may be counted for credit.

HRS 228. Early Christian Literature. 3 Units
Term Typically Offered: Fall, Spring

Survey of the major genres of Christian literature in the first three centuries CE and their relationship to the development of Christian thought and institutions. Topics include the New Testament; Jewish-Christian literature; Gnostic Christian literature; apocryphal gospels, acts, epistles, and apocalypses; polemical literature; lives of saints; and canons and creeds produced by early church councils.
HRS 234. The Gothic Spirit. 3 Units
Term Typically Offered: Fall, Spring
Arts and ideas of the twelfth and thirteenth centuries in Western Europe, structured according to the principle of the "reconciliation of opposites." The Gothic period sees such opposites as faith and reason, vertical and horizontal (in architecture), counterpoint brought into harmony (in music). The period culminates in Dante's masterpiece, the Divine Comedy, which exhibits the reconciliation of opposites in such sets as female/male, faith/reason, human/divine, beauty/horror, and chaos/harmony.

HRS 235. Transcendence & Transgression in the Romantic Period. 3 Units
Term Typically Offered: Fall, Spring
Interdisciplinary study of Romanticism and other literary, philosophical, and artistic movements of the 18th and 19th centuries. Topics will vary from term to term.

HRS 236. Modernism: Contingent Realities of Self and World. 3 Units
Prerequisite(s): Graduate standing or instructor permission.
Term Typically Offered: Fall, Spring
Interdisciplinary studies in the arts of the modern era.

HRS 237. Global Citizenship and Culture. 3 Units
Term Typically Offered: Fall, Spring
This seminar is an exploration of how "the global" is conceptualized in an age with competing notions of the individual and the community. Special emphasis will be placed on race, class, ethnicity & gender to elucidate the many paths that thought, language, and identity take when traversing borders.

HRS 290B. Seminar in HRS: The Body. 3 Units
Prerequisite(s): Must be an HRS major or minor; Completion of 9 units of HRS lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite
Term Typically Offered: Fall, Spring
Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines philosophical and theoretical ideas related to body and identity in cross-cultural and historical perspective through analysis of literature, the visual arts, and music.

HRS 290D. Seminar in HRS: Death & Afterlife. 3 Units
Prerequisite(s): Must be HRS major or minor; Completion of 9 units of HRS lower division courses; Completion of the WPJ.
Term Typically Offered: Fall, Spring
Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines myths, theories, and perceptions of death and afterlife in cross-cultural and historical perspective through analysis of literature, the visual arts, and music.

HRS 290H. Seminar in HRS: The Hero. 3 Units
Prerequisite(s): Completion of 9 units of HRS lower division core courses and eligibility for WI classes based on the WPJ placement score or passage of the appropriate prerequisite
Term Typically Offered: Fall, Spring
Seminar for graduate students studying in the Department of Humanities and Religious Studies. Examines the hero in cross-cultural and historical perspective through analysis of visual artifacts, literature, history, philosophy, music and film.

HRS 290M. Saints, Relics, and Miracles in Late Antique and Medieval Europe. 3 Units
Prerequisite(s): Completion of 9 units of lower division core courses and eligibility for WI classes based on WPJ placement score or passage of the appropriate prerequisite; HRS majors or minors only.
Term Typically Offered: Fall, Spring
Seminar for graduate students in Department of Humanities and Religious Studies. Examines the role of the body in cross-cultural and historical perspective through analysis of visual artifacts, literature, history, philosophy, music and film.

HRS 296. Experimental Offerings in Humanities & Religious Studies. 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Special graduate-level experimental course on specific themes, figures or topic areas. Scheduled as needed.
Note: May be taken twice for credit if topic differs.

HRS 296E. Seminar in HRS: Envisioning the Divine. 3 Units
Term Typically Offered: Fall, Spring
Seminar for graduate students studying in the Department of Humanities and Religious Studies. Cross-cultural and trans-historical analysis of depictions of the divine in the visual, musical, and literary arts. Employs a modified seminar format, emphasizing analysis of primary and secondary material mainly by way of discussion.

HRS 296S. Seminar in HRS: Storytelling & Myth in World Cultures. 3 Units
Term Typically Offered: Spring only
Seminar for graduate students in the Department of Humanities and Religious Studies. Cross-cultural and trans-historical analysis of the way storytelling, along with the rituals associated with it, supports the development and spread of myth. Emphasis on analysis of primary and secondary material mainly by way of discussion. Paired with 196S.
BA in Humanities

Units required for Major: 39
Total units required for BA: 120

Program Description

The Department of Humanities and Religious Studies offers an integrated approach to the study of world cultures from ancient times to the present. In our courses, students undertake interdisciplinary study of core ideas, ideals, and values. The Humanities—known by Renaissance thinkers as *studia humanitatis* ("studies of humanity")—explore such subjects as literature, history, philosophy, religion, the visual arts, music, drama, and film. Religious Studies focuses on beliefs and practices of the world’s religions in their historical and cultural contexts. Employing the methods and insights of disciplines such as history, anthropology, sociology, psychology, and philosophy, Religious Studies approaches its subject matter with empathy while avoiding assumptions or judgments about religious truth claims.

The BA in Humanities provides a strong interdisciplinary foundation in world cultures while also allowing students the opportunity to focus their studies on a specific era—such as the ancient, medieval, or modern era—or on culture in a particular region.

Students in all five available programs acquire concrete skills in critical thinking, analysis, research, writing, and organization that lead to attractive careers throughout the job market. Many of our students prepare for careers in teaching at the elementary level (as part of a Liberal Studies major program) or secondary level (as part of a single subject credential program in English/Humanities). Others pursue postgraduate study in the Humanities, History, Theology, and related fields in preparation for careers in teaching at the community college and university levels or in library, museum, or curatorial work. Humanities majors are also well-prepared for careers in government and fields such as law and counseling, which require interaction with people from diverse cultural backgrounds.

BA in Humanities (Religious Studies)

Units required for Major: 39
Total units required for BA: 120

Program Description

The Department of Humanities and Religious Studies offers an integrated approach to the study of world cultures from ancient times to the present. In our courses, students undertake interdisciplinary study of core ideas, ideals, and values. The Humanities — known by Renaissance thinkers as studia humanitatis ("studies of humanity") — explore such subjects as literature, history, philosophy, religion, the visual arts, music, drama, and film. Religious Studies focuses on beliefs and practices of the world's religions in their historical and cultural contexts. Employing the methods and insights of disciplines such as history, anthropology, sociology, psychology, and philosophy, Religious Studies approaches its subject matter with empathy while avoiding assumptions or judgments about religious truth claims.

The BA in Humanities with a Concentration in Religious Studies emphasizes religion as an aspect of culture and investigates major religious traditions, including Hinduism, Sikhism, Jainism, Buddhism, Confucianism, Daoism, Judaism, Christianity, and Islam.

Students in all five available programs acquire concrete skills in critical thinking, analysis, research, writing, and organization that lead to attractive careers throughout the job market. Many of our students prepare for careers in teaching at the elementary level (as part of a Liberal Studies major program) or secondary level (as part of a single subject credential program in English/Humanities). 1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

**Note:** There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2. If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). “C- or better required.” The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-proficiency.html

### MA in Humanities

Total units required for the MA: 30

### Program Description

The Department of Humanities and Religious Studies offers an integrated approach to the study of world cultures from ancient times to the present. In our courses, students undertake interdisciplinary study of core ideas, ideals, and values. The Humanities -- known by Renaissance thinkers as studia humanitatis ("studies of humanity") -- explore such subjects as literature, history, philosophy, religion, the visual arts, music, drama, and film. Religious Studies focuses on beliefs and practices of the world's religions in their historical and cultural contexts. Employing the methods and insights of disciplines such as history, anthropology, sociology, psychology, and philosophy, Religious Studies approaches its subject matter with empathy while avoiding assumptions or judgments about religious truth claims.

The MA in Humanities provides graduate-level engagement with humanistic approaches to world cultures.

Students in all five available programs acquire concrete skills in critical thinking, analysis, research, writing, and organization that lead to attractive careers throughout the job market. Many of our students prepare for careers in teaching at the elementary level (as part of a Liberal Studies major program) or secondary level (as part of a single subject credential program in English/Humanities). Others pursue postgraduate study in the Humanities, History, Theology, and related fields in preparation for careers in teaching at the community college and university levels or in library, museum, or curatorial work. Humanities majors are also well-prepared for careers in government and fields such as law and counseling, which require interaction with people from diverse cultural backgrounds.

### Admission Requirements

Admission as a classified graduate student in Humanities requires:

- a baccalaureate degree from an accredited four-year college or university (or equivalent preparation if the student has done undergraduate work outside the U.S.);
- an undergraduate major in Humanities or in a closely related field (subject to approval by the Graduate Coordinator);
- a minimum 3.0 GPA in the last 60 semester units attempted and a minimum 3.3 GPA in Humanities courses (or in major in a related field);

Students with deficiencies in Admission Requirements that can be removed by specified additional preparation may be considered for admission with conditionally classified graduate status. Any deficiencies will be noted on a response to the admission application.

### Admission Procedures

Applicants should file the California State University, Sacramento Office of Graduate Studies application for admission to the University, and complete the supplemental application for the Department of Humanities and Religious Studies. Please check with the Office of Graduate Studies for current application deadlines.

All applicants must file the following with the Office of Graduate Studies, River Front Center 215, (916) 278-6470, www.csus.edu/graduate-studies:

- an online application for admission; and
- one set of official transcripts from all colleges and universities attended, other than California State University, Sacramento

Applicants must also file the following supplemental application:

- statement of purpose of approximately 500 words (typed) in response to the following question: How does the Humanities master’s program fit with your talents, interests, and aspirations?
- two letters of recommendation. Letters should ideally come from college/university instructors, but if these are not available, any other credible source who can address qualifications will be acceptable (e.g., work supervisor or community leader);
- academic writing sample of 3-5 pages, to be accompanied by a brief explanation regarding the context (e.g., the course and assignment) for which the writing was produced.

### Minimum Units and Grade Requirement for the Degree

Units required for the MA: 30

Minimum Cumulative GPA: 3.0
Advancement to Candidacy
Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This should be initiated by the student as soon as the student has:

- removed any deficiencies in Admission Requirements;
- completed at least 12 units of 200-level courses in the graduate program with a minimum 3.0 GPA;
- achieved a passing grade on the Humanities M.A. Preliminary Exam; and
- received a placement Score Number of 80 on the Writing Placement for Graduate Students (WPG) timed essay exam or received a grade of "B" or better in a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of course work at California State University, Sacramento or met one of the graduate GWAR equivalency standards.

Advancement to Candidacy forms are available on the Office of Graduate Studies website. The student fills out the form after planning a degree program in consultation with his/her HRS advisor. The completed form is then returned to the Graduate Coordinator and the Office of Graduate Studies for approval.

Minor in Humanities

Units required for Minor: 21

Program Description

The Department of Humanities and Religious Studies offers an integrated approach to the study of world cultures from ancient times to the present. In our courses, students undertake interdisciplinary study of core ideas, ideals, and values. The Humanities – known by Renaissance thinkers as studia humanitatis ("studies of humanity") – explore such subjects as literature, history, philosophy, religion, the visual arts, music, drama, and film. Religious Studies focuses on beliefs and practices of the world's religions in their historical and cultural contexts. Employing the methods and insights of disciplines such as history, anthropology, sociology, psychology, and philosophy, Religious Studies approaches its subject matter with empathy while avoiding assumptions or judgments about religious truth claims.

Students in all five available programs acquire concrete skills in critical thinking, analysis, research, writing, and organization that lead to attractive careers throughout the job market. Many of our students prepare for careers in teaching at the elementary level (as part of a Liberal Studies major program) or secondary level (as part of a single subject credential program in English/Humanities). Others pursue postgraduate study in the Humanities, History, Theology, and related fields in preparation for careers in teaching at the community college and university levels or in library, museum, or curatorial work. Humanities majors are also well-prepared for careers in government and fields such as law and counseling, which require interaction with people from diverse cultural backgrounds.

Minor in Religious Studies

Units required for Minor: 21

Program Description

The Department of Humanities and Religious Studies offers an integrated approach to the study of world cultures from ancient times to the present. In our courses, students undertake interdisciplinary study of core ideas, ideals, and values. The Humanities – known by Renaissance thinkers as studia humanitatis ("studies of humanity") – explore such subjects as literature, history, philosophy, religion, the visual arts, music, drama, and film. Religious Studies focuses on beliefs and practices of the world’s religions in their historical and cultural contexts. Employing the methods and insights of disciplines such as history, anthropology, sociology, psychology, and philosophy, Religious Studies approaches its subject matter with empathy while avoiding assumptions or judgments about religious truth claims.

Students in all five available programs acquire concrete skills in critical thinking, analysis, research, writing, and organization that lead to attractive careers throughout the job market. Many of our students prepare for careers in teaching at the elementary level (as part of a Liberal Studies major program) or secondary level (as part of a single subject credential program in English/Humanities). Others pursue postgraduate study in the Humanities, History, Theology, and related fields in preparation for careers in teaching at the community college and university levels or in library, museum, or curatorial work. **Total Units 6-24**

### Middle East and Islamic Studies

**College of Arts and Letters**

#### Program Description

The minor in Middle East and Islamic Studies (MEIS) emphasizes coursework in the history, politics, society, culture, and religion of the Middle East and the wider Islamic world. The curriculum for the program includes upper and lower division courses offered by the departments of History, Humanities and Religious Studies, Government, Sociology, Women's and Gender Studies, and Foreign Languages. Students wishing to minor in Middle East and Islamic Studies are required to consult with the program coordinator.

#### Degree Program

Minor in Middle East and Islamic Studies (p. 265)

#### Special Features

- The minor in Middle East and Islamic Studies is administered through the Department of History in the College of Arts and Letters.
- The program committee consists of faculty from several departments in the College of Arts and Letters and the College of Social Science and Interdisciplinary Studies.
- With the approval of the student’s MEIS faculty advisor and the program coordinator students may take a maximum of three (3) units of independent study towards the electives requirement for the minor. The independent study project must consist of substantial readings and research in a project developed in consultation with the student’s faculty advisor.

School of Music Description

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is on performance. Sustaining this concept is the School’s faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University’s program.

Degree Programs

BA in Music (p. 282)
Bachelor of Music (Instrumental) (p. 283)
Bachelor of Music (Jazz Studies) (p. 285)
Bachelor of Music (Keyboard) (p. 287)
Bachelor of Music (Music Education) (p. 289)
Bachelor of Music (Jazz Education) (p. 285)
Bachelor of Music (Theory/Composition) (p. 291)
Bachelor of Music (Voice) (p. 293)
Minor in Music (p. 299)
Master of Music (Conducting) (p. 296)
Master of Music (Composition) (p. 295)
Master of Music (Performance) (p. 297)
The Performer’s Certificate (p. 299)

Accreditation

In addition to California State University, Sacramento’s full accreditation by the Western Association of Schools and Colleges, the Bachelor of Arts, Bachelor of Music, and Master of Music are also individually accredited by the National Association of Schools of Music.

Notice to Students RE: Professional Licensure and Certification

California State University programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California State University and licensure and certification requirements can change at any time.

The California State University has not determined whether its programs meet other states’ educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether, if they complete a California State University program, they will meet their state’s requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

Special Features

- With all of its degree programs fully accredited by the National Association of Schools of Music, the Sacramento State School of Music has developed a regional and national reputation for the high quality of its faculty and the superior achievements of its students and performing ensembles.
- Each year the School of Music presents a large number of performances to the campus and the greater Sacramento area. These include concerts by the bands, orchestra, jazz ensembles, concert choir, chorus, and opera workshop. For over 40 years, the Festival of New American Music has been an important part of the musical scene in the United States. Other concerts are part of the Piano Series, the New Millennium Series, and the World Music Series.
- In addition, the School of Music has brought to campus such notable personalities as composers George Crumb, Anthony Davis, Pauline Oliveros, Terry Riley, and Joan Tower; pianists Gilbert Kalish, Michael Mizrahi, and Garrick Ohlsson; violinist Rachel Barton Pine; the Juilliard Quartet; the Kronos Quartet; Imani Winds; opera star Denyce Graves; and jazz greats Bobby Hutcherson and Bob Mintzer.
- Several music faculty have written textbooks; a number of them are composers with numerous performances to their credit; others perform frequently nationally and internationally.

Note: After an initial session with the School’s Admissions Advisor & Program Counselor, the student will be assigned to an applied instructor for future advising. The advising process is greatly enhanced by the regular weekly contact between student and instructor/advisor.

Career Possibilities

Conductor · Soloist · Composer · Private Teaching · Music Librarian · Music Therapy · Music Criticism · Music Publishing · Opera · Accompanist · Recreation Specialist · Recording Industry · Producer, Arranger, Copyist · Studio Performer · Music Education: General Music, Vocal Instruction, Instrumental Instruction, Administration, College Teaching · Church Music: Music Director, Choir Director, Organist

MUSC 3. MIDI Sequencing and Notation. 2 Units
Term Typically Offered: Fall, Spring

Introduction to professional music software applications and MIDI hardware. Exploration of various hardware options such as keyboards, computers, synthesizers, samplers, and drum machines. Topics include basic MIDI principles, creating, performing, and printing music using computer-based sequencing and notation software.

MUSC 4. Elements Of Music. 2 Units
Term Typically Offered: Fall only

Elements of Music is designed to introduce you to some of the fundamental materials of music and musicianship with the goal of attaining basic musical literacy. The course focuses on the understanding of some of the ways rhythm and pitch function in music, the interpretation of the most common elements of a musical score, and the association of music notation with sound.

MUSC 8. Basic Music. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Orientation designed to provide musical knowledge, skills, and competencies necessary for reading music or listening to music. Note: May not be taken for credit by music majors.

MUSC 9. Music In World Cultures. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Designed as a survey of world music for music majors. Explores how music is used as a form of human expression in all cultures. Musical instruments, forms and styles, and the roles and functions of music in traditional and contemporary societies in various cultures throughout the world.

MUSC 10A. Survey of Music Literature I. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only

Survey of Medieval, Renaissance and Baroque music literature in Western art music, its stylistic development, and cultural context. Emphasis on score reading and listening. Introduction to primary source readings and musicological literature.

MUSC 10B. Survey of Music Literature II. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only

Survey of Classical and Romantic music literature in Western art music, its stylistic development, and cultural context. Emphasis on critical listening and reading multi-part musical notation in treble and bass clefs. Introduction to primary source readings and musicological literature.

MUSC 10C. Survey of Music Literature III. 3 Units
Term Typically Offered: Fall only

Survey of 20th and 21st Century music literature in Western art music, its stylistic development, and cultural context. Emphasis on score reading and listening. Introduction to primary source readings and musicological literature.

MUSC 11A. Music Theory I. 2 Units
Prerequisite(s): MUSC 4 or placement by exam at the time of university enrollment.
Corequisite(s): MUSC 12A for students enrolled in all music degree programs other than the BA Music degree.
Term Typically Offered: Fall, Spring

Theory I is designed to introduce students to some of the materials and structures of certain styles of tonal and modal music. The course begins with a brief review of fundamentals before moving quickly into the understanding of two important kinds of notational shorthand. The second half of the course is concerned primarily with the study of counterpoint. These studies will prepare students to engage two topics critical to the success of a musician: interpretation and expression.

MUSC 11B. Music Theory II. 2 Units
Prerequisite(s): MUSC 11A or placement by exam at the time of university enrollment.
Corequisite(s): MUSC 12B for students enrolled in all music degree programs other than the BA Music degree.
Term Typically Offered: Fall, Spring

Theory II is designed to deepen students' understanding of some of the materials and structures of certain styles of tonal and modal music. The course is a balance of taking music apart through score analysis and putting music together through model composition, or creating original music that imitates a particular style. These studies will prepare students to engage two topics critical to the success of a musician: interpretation and expression.
MUSC 11C. Music Theory III. 2 Units
Prerequisite(s): MUSC 11B or placement by exam at the time of university enrollment.
Corequisite(s): MUSC 12C for students enrolled in a music degree program other than the BA Music degree
Term Typically Offered: Fall, Spring

Theory III is designed to deepen students' understanding of some of the materials and structures of certain styles of tonal and modal music. The course is a balance of taking music apart through score analysis and putting music together through model composition, or creating original music that imitates a particular style. These studies will prepare students to engage two topics critical to the success of a musician: interpretation and expression.

MUSC 12A. Musicianship I. 2 Units
Prerequisite(s): MUSC 4 or placement by exam at the time of university enrollment.
Corequisite(s): MUSC 11A
Term Typically Offered: Fall, Spring

Musicianship I is a skills-focused course designed to improve the way students associate music notation with sound. By improving their skills in this area, students will be able to read music more quickly and accurately, and understand better the music they are listening to. They will accomplish these tasks through a structured approach to sight-reading, transcription, improvisation, and keyboard playing. These studies will prepare students to engage two topics critical to the success of a musician: interpretation and expression.

MUSC 12B. Musicianship II. 2 Units
Prerequisite(s): MUSC 12A or placement by exam at the time of university enrollment.
Corequisite(s): MUSC 11B.
Term Typically Offered: Fall, Spring

Musicianship II is a skills-focused course designed to improve the way students associate music notation with sound. They will accomplish these tasks through a structured approach to sight-reading, transcription, improvisation, and keyboard playing. These studies will prepare students to engage two topics critical to the success of a musician: interpretation and expression.

MUSC 12C. Musicianship III. 2 Units
Prerequisite(s): MUSC 12B or placement by exam at the time of university enrollment.
Corequisite(s): MUSC 11C.
Term Typically Offered: Fall, Spring

Musicianship III is a skills-focused course designed to improve the way students associate music notation with sound. By improving their skills in this area, students will be able to read music more quickly and accurately, and understand better the music they are listening to. They will accomplish these tasks through a structured approach to sight-reading, transcription, improvisation, and keyboard playing. These studies will prepare students to engage two topics critical to the success of a musician: interpretation and expression.

MUSC 14B. Basic Piano for Majors. 1 Unit
Prerequisite(s): Music major or minor and instructor permission.
Term Typically Offered: Fall, Spring

Development of fundamental keyboard skills for the non-keyboard Music major. Sectioned according to the ability of the student. Completion of MUSC 14D meets the departmental piano requirement.

MUSC 14C. Basic Piano for Majors. 1 Unit
Prerequisite(s): Music major or minor and instructor permission.
Term Typically Offered: Fall, Spring

Development of fundamental keyboard skills for the non-keyboard Music major. Sectioned according to the ability of the student. Completion of MUSC 14D meets the departmental piano requirement.

MUSC 14D. Basic Piano for Majors. 1 Unit
Prerequisite(s): Music major or minor and instructor permission.
Term Typically Offered: Fall, Spring

Development of fundamental keyboard skills for the non-keyboard Music major. Sectioned according to the ability of the student. Completion of MUSC 14D meets the departmental piano requirement.

MUSC 17. Voice Class. 1 Unit
Term Typically Offered: Fall, Spring

Elementary instruction in the correct use of the singing voice and the development of style in singing. Open to all students beginning the study of voice. Recommended for elementary credential candidates. May be taken for credit four times.

MUSC 18. Music Appreciation. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Basic music orientation for the layman. A non-technical consideration of the various aspects of music literature designed to stimulate interest in all phases of music.

Note: Not open to music majors.

MUSC 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall only

Introduction to the meaning of higher education for a music major; to the resources of the University, and to skills for lifelong learning. Designed to help students develop academic success strategies, time management for the music major, and to improve information literacy, intercultural competence, and integrative thinking. Special attention to career readiness for music majors. Provides students with the opportunity to interact with fellow students and seminar faculty to build a community of academic and personal support.
MUSC 25. Voice For Music Theater. 1 Unit
Prerequisite(s): Instructor permission and proficiency examination.
Term Typically Offered: Fall, Spring

Training in vocal techniques and repertoire of the modern American musical theater. May be taken for credit twice.

MUSC 32A. Piano: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 32B. Piano: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 35A. Harpsichord/Organ: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only.
Note: May be taken for credit four times.

MUSC 35B. Harpsichord/Organ: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only.
Note: May be taken for credit four times.

MUSC 37A. Voice: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 37B. Voice: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 38D. Beginning Hand Drums. 1 Unit
Term Typically Offered: Fall, Spring

Explores the fundamentals of hand-drumming through two methods of study: the music of North India, the tabla drums and the rhythmic system of Hindustani music and rhythms of the Middle East through traditional drums, including the tar, riqq, and dumbek.

MUSC 38S. Beginning Shakuhachi. 1 Unit
Term Typically Offered: Fall, Spring

Elementary class instruction in the fundamentals of playing the traditional Japanese flute known as the shakuhachi. The focus is on fundamental blowing and fingering techniques, as well as the basis of the fu ho u notation system.
Note: Open to Music majors and minors; others by instructor permission.

MUSC 39. Beginning Folk Guitar. 1 Unit
Term Typically Offered: Fall, Spring

Folk guitar for the beginner, with emphasis on chords and strums as well as the playing of melodies. Guitars are to be furnished by the student.

MUSC 40B. Brass Methods. 1 Unit
Term Typically Offered: Fall only

Class instruction in brass instruments including performance techniques and pedagogy. Required for Music Education majors; other music majors admitted if space permits.

MUSC 40P. Percussion Methods. 1 Unit
Term Typically Offered: Spring only

Class instruction in percussion instruments including fundamental performance techniques and pedagogy. Required for Music Education majors; other music majors admitted if space permits.

MUSC 40S. String Methods. 1 Unit
Term Typically Offered: Fall only

Class instruction in string instruments. Instruction of fundamental performance techniques and pedagogy of string instruments. Required for Music Education majors; other music majors admitted if space permits.

MUSC 40W. Woodwinds Methods. 1 Unit
Term Typically Offered: Spring only

Class instruction in woodwind instruments. Instruction of fundamental performance techniques and pedagogy. Required for Music Education majors; other music majors admitted if space permits.

MUSC 42. Introductory Composition. 2 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall only

Individual instruction in composition for the beginning composition major. Work will be designed to fit the preparation of the student, with emphasis on principles of sound melodic and harmonic construction. Original compositions will develop a mastery of the smaller forms. May be taken twice for credit.

MUSC 43A. Jazz Improvisation I. 2 Units
Prerequisite(s): MUSC 11B
Term Typically Offered: Fall, Spring

Part one of a two-semester study of jazz improvisation required of all jazz studies majors. This course will provide the student with basic and intermediate skills of creative improvisation styles in the jazz idiom. In order to expand the skill level of improvisation of each particular jazz student, this class will focus on four main areas: listening, scale and chord development, repertory development and transcribing jazz solos.
MUSC 43B. Jazz Improvisation II. 2 Units
Prerequisite(s): MUSC 43A
Term Typically Offered: Fall, Spring

Part two of a two-semester study of jazz improvisation required of all jazz studies majors. The course will provide the student with intermediate and advanced skills of creative improvisation styles in the jazz idioms. In order to expand the skill levels of improvisation of each particular jazz student, this class will focus on four main areas: listening, scale and chord development, repertory development, and transcribing jazz solos.

MUSC 45A. West African Drumming. 1 Unit
Term Typically Offered: Fall, Spring

Students will turn the classroom into a cross-cultural space as they engage and explore West African folkloric music through guided viewing of multimedia; discussion of culture as a living, evolving entity; and rehearsing and performing on West African percussion instruments as an ensemble. Students will improve their rhythm skills, learn about West African musical performance practice, experience and reflect on new modes of artistic expression, and deepen their understanding of African culture and its relationship to the West.

Note: Instruments will be provided to students at no charge.

MUSC 50. Jazz Applied: Intermediate. 1 Unit
Prerequisite(s): Approval by jazz area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction in jazz performance.

Note: May be taken for credit four times.

MUSC 55A. Violin: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 55B. Violin: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 55A. Viola: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 55B. Viola: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 56A. Flute: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 56B. Flute: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 57A. Cello: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 57B. Cello: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 58A. Double Bass: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 58B. Double Bass: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 60. Introduction to String Project Pedagogy. 1 Unit
Term Typically Offered: Fall, Spring

In this course students study pedagogical techniques and participate in a step-by-step practicum as assistant teachers in the Sacramento State String Project. Set in a rigorous teaching lab, the course gives students experience both observing and assistant teaching in the String Project program. Student assistants master effective methods of teaching fundamental string instrument skills to beginners, including correct position, tone production, reading proficiency, intonation, phrasing and listening.

MUSC 65A. Oboe: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 65B. Oboe: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 66A. Recorder: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.
MUSC 66B. Oboe: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 67A. Bassoon: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 67B. Bassoon: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 68A. Clarinet: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 68B. Clarinet: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 69A. Saxophone: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 69B. Saxophone: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 70A. Percussion: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 70B. Percussion: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 71A. Harp: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 71B. Harp: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 74A. Guitar: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 74B. Guitar: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 90A. Trumpet: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 90B. Trumpet: Intermediate - BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 91A. Trombone: Intermediate. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.
MUSC 91B. Trombone: Intermediate - BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 92A. Baritone: Intermediate.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 92B. Baritone: Intermediate - BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 93A. French Horn: Intermediate.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 93B. French Horn: Intermediate - BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 94A. Tuba: Intermediate.  1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 94B. Tuba: Intermediate - BM.  1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 96. Intro to Hip-Hop Beat-Making.  1 Unit
Corequisite(s): MUSC 118D
This one-unit course is an optional lab supplement to the Area C1 GE course 118D: Hip-Hop in Urban America. Students will learn skills in hip-hop production software including Reason and Ableton Live. Students will learn to create beats including instrument building, sampling, and sequencing. The lab will offer students the opportunity to engage in a hands-on way with the course material in Music 118D, and will track the regional scope of the course schedule closely.

MUSC 96A. West African Drumming.  1 Unit
Term Typically Offered: Fall, Spring

Students will turn the classroom into a cross-cultural space as they engage and explore West African folkloric music through readings, critical listening, essay responses, and performance in an ensemble setting using several West African drums and percussion instruments. Students will improve their rhythm skills, learn about West African musical performance practice, experience and reflect on new modes of artistic expression, and deepen their understanding of African culture and its relationship to the West.

Note: Instruments will be provided to students at no charge.

MUSC 99. Special Problems.  1 - 3 Units
Prerequisite(s): Approval of the faculty member under whom the work is to be conducted and the Department Chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading for lower division students. Open only to students who appear competent to carry on individual work. Credit/No Credit

MUSC 100A. Concert Attendance.  1 Unit
Term Typically Offered: Fall, Spring

Designed to develop critical listening, aural analysis, and the appreciation of a wide range of musical forms and genres. Each student will be required to attend a minimum of ten concerts approved by the Music Department and submit a portfolio of programs attended. Written reviews are required for a determined number of the ten concerts attended.

MUSC 100B. Concert Attendance.  1 Unit
Term Typically Offered: Fall, Spring

Designed to develop critical listening, aural analysis, and the appreciation of a wide range of musical forms and genres. Each student will be required to attend a minimum of ten concerts approved by the Music Department and submit a portfolio of programs attended with comments about the music and performance. May be taken for credit eight times.

MUSC 101. Experiences In Music.  3 Units
Term Typically Offered: Fall, Spring

Development of essential musical skills and knowledge for teaching music in the elementary classroom including competencies necessary for reading and notating music in the elementary classroom. The study of curriculum and literature through songs, rhythmic movement, instrumental activities, creating and improvisation, and listening. Lecture/lab.

Note: Required for the Liberal Studies major.

MUSC 104. Contemporary Music Theory and Musicianship.  3 Units
Prerequisite(s): MUSC 11C and MUSC 12C, or placement by exam at the time of university enrollment.
Term Typically Offered: Spring only

In this course, students will engage the art music of today from both a theoretical standpoint; that is, an understanding of musical materials and structures through analysis; and a creative standpoint; that is, creating your their music based upon the models they study through composition and improvisation.
MUSC 107. Composition. 2 Units
Prerequisite(s): Undergraduate major in music, MUSC 42, or instructor permission.
Term Typically Offered: Fall, Spring

Individualized practical experience in the composition of music. Students are allowed freedom in the development of a personal music style and the exploration of forms and genres. May be taken for credit four times.

MUSC 108A. Jazz Arranging I. 2 Units
Prerequisite(s): MUSC 3 or instructor permission.
Term Typically Offered: Fall, Spring

Part I of a two-semester study of arranging. Provides basic and intermediate tools of creative writing and arranging styles in the jazz idiom as applied to the small jazz ensemble (jazz combo).

MUSC 108B. Jazz Arranging II. 2 Units
Prerequisite(s): MUSC 108A or instructor permission.
Term Typically Offered: Fall, Spring

Part 2 of a two-semester study of arranging. Addresses creative writing in the idiom of the large jazz ensemble (big band). Two major projects are required, performed and recorded. Jazz orchestration is the central focus with special attention to the idiomatic demands from the sections of the big band and how they relate to each other.

MUSC 109. Instrumentation and Arranging. 3 Units
Prerequisite(s): MUSC 11C and MUSC 12C, or placement by exam at the time of university enrollment.
Term Typically Offered: Fall only

This class is designed to introduce students to two topics: instrumentation, or the properties of various instruments and voices, and how to write for them; and orchestration, or how to combine instruments effectively. The approach will be hands-on in nature: students will be called upon to demonstrate their instrument and perform in class, and they will often orchestrate music for their classmates to perform in class.

MUSC 110. Research in Music History. 3 Units
Prerequisite(s): MUSC 10A, 10B, and 10C; MUSC 11C, Music majors or minors only, and GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring

Capstone research in special topics of music history. Emphasis on critical reading, writing, and speaking. This course satisfies the writing intensive requirement for music majors.

MUSC 118C. History of Rock Music. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

A survey of rock music history. Emphasis is placed on the diverse influences and subsequent development of classic rock musical styles through the study of recorded examples and videos by major artists of the 20th century. Discussion of the social conditions surrounding the evolution of rock music will be included.

MUSC 119. World Music: Asia. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Examines music from cultures in Asia. Music is examined as a cultural process, a cultural object and as sound. Musical instruments, forms and styles are discussed along with the roles and functions of music. Although traditional music will be emphasized, contemporary and popular music will also be discussed.

MUSC 125. Advanced Voice for Music Theater. 1 Unit
Prerequisite(s): MUSC 25 or instructor permission and proficiency examination.
Term Typically Offered: Fall, Spring

Designed to give singers advanced training in vocal techniques, interpretation, stage presence, audition preparation, through the utilization of modern musical theater repertoire commensurate with the individual abilities of each class participant.
Note: May be taken twice for credit.
### MUSC 127. The American Musical Theater. 3 Units
**Prerequisite(s):** GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

**General Education Area/Graduation Requirement:** Arts (Area C1), Writing Intensive Graduation Requirement (WI)

**Term Typically Offered:** Fall, Spring

Study of Broadway musicals. Examination of the music, lyrics, dramatic structure, and use of dance in selected shows which demonstrate the evolution of the American musical from its inception through contemporary forms. Includes reading, discussion, listening assignments, and attendance at live performances.

### MUSC 129. American Society and Its Music. 3 Units
**Prerequisite(s):** GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.

**General Education Area/Graduation Requirement:** Writing Intensive Graduation Requirement (WI), Arts (Area C1)

**Term Typically Offered:** Fall, Spring

Introduction, through reading, discussion, taped assignments in the Music Department listening center, live music in the classroom, and outside live listening assignments, to all significant manifestations of American music, its roots, and their place in American life. Includes folk, religious, popular, jazz, and fine-art music.

### MUSC 130. Pedagogy of Music Theory and Musicianship. 3 Units
**Prerequisite(s):** MUSC 11C and MUSC 12C, or placement by exam at the time of university enrollment.

**Term Typically Offered:** Fall only

This course will serve as a laboratory in which you will learn about and try out effective written theory and aural skills pedagogical practices. You will read research by leading music theorists and cognitive scientists, survey textbooks, develop lesson plans and courses, practice-teach your classmates, and tutor Sacramento State students.

### MUSC 132A. Piano: Advanced. 1 Unit
**Prerequisite(s):** Approval by applied area committee and instructor permission.

**Term Typically Offered:** Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

### MUSC 132B. Piano: Advanced - BM. 1 Unit
**Prerequisite(s):** Admission to the BM degree program, approval by applied area committee and instructor permission.

**Term Typically Offered:** Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

### MUSC 135A. Harpsichord/Organ: Advanced. 1 Unit
**Prerequisite(s):** Approval by applied area committee and instructor permission.

**Term Typically Offered:** Fall, Spring

Individual instruction. Music majors only.

### MUSC 135B. Harpsichord/Organ: Advanced - BM. 1 Unit
**Prerequisite(s):** Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.

**Term Typically Offered:** Fall, Spring

Individual instruction. Music majors only.

### MUSC 136A. Diction For Singers. 3 Units
**Term Typically Offered:** Fall, Spring

International Phonetic Alphabet and its application to song literature in Latin, Italian, German, French, and English. Designed for advanced voice majors, others admitted by instructor permission.

### MUSC 136B. Vocal Pedagogy. 3 Units
**Term Typically Offered:** Fall, Spring

Study of the methods, problems and practical application of teaching singing. Topics will include the functional unity of the singing voice, pedagogical principles, and current methods/resources in voice training, teaching the beginning singer. Designed for voice majors; others admitted with instructor permission.

### MUSC 136C. Song Literature for Solo Performance and Study. 3 Units
**Prerequisite(s):** Junior standing (must have completed 60 units prior to registration).

**Term Typically Offered:** Fall, Spring

A broad survey of classical song literature for solo voice and piano from the Baroque era to the present day. Topics will include the joining of music and poetry in the art song; identifying stylistic elements of classical song and poetry; cultural influences on its development; compositional techniques used by selected European, South American, and North American composers; and the use of art song in teaching. Designed for music majors; others admitted with instructor permission.

### MUSC 137A. Voice: Advanced. 1 Unit
**Prerequisite(s):** Approval by applied area committee and instructor permission.

**Term Typically Offered:** Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

### MUSC 137B. Voice: Advanced - BM. 1 Unit
**Prerequisite(s):** Admission to the Bachelor of Music degree program, approval by applied area committee and instructor permission.

**Term Typically Offered:** Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

### MUSC 140. Jazz Theory and Harmony. 2 Units
**Prerequisite(s):** MUSC 11C and instructor permission.

**Term Typically Offered:** Spring only

Introduction to the theoretical language of jazz improvisation: rhythms, articulations, style, harmony and melody, forms, simple analysis, chord/scale relationships, ear training and keyboard harmony.
MUSC 141A. Piano Chamber Music.  2 Units
Prerequisite(s): 4 semesters of MUSC 142.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring

Instruction in small ensemble rehearsal performance. Focus given to duos, trios, and quartets of various instrumentation with piano. Includes required performances, listening, reading, and examination.

MUSC 141B. Piano Chamber Music.  2 Units
Prerequisite(s): MUSC 141A.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring

Continued instruction in small ensemble rehearsal performance. Focus on duos, trios, and quartets of various instrumentation with piano. Includes required performances, listening, reading, and examination.

MUSC 142B. Concert Band.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 142C. University Chorale.  1 Unit
Term Typically Offered: Fall, Spring

The University Chorale is a large performing ensemble open to students and experienced volunteers, pending a formal audition. On-campus and off-campus performances are announced each semester. This highly select ensemble performs music from historic periods as well as the most contemporary. This ensemble is often called upon to represent the University in various capacities, including recruitment and performance tours.

MUSC 142M. Marching Band.  2 Units
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 142S. String Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 142W. Symphonic Wind Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 142X. University Singers.  1 Unit
Term Typically Offered: Fall, Spring

University Singers is a large performing ensemble of treble voices (soprano & alto) and is open to students and experienced volunteers, pending a formal audition. On-campus and off-campus performances as announced each semester. This select ensemble performs music from historic periods as well as the most contemporary. This ensemble is sometimes called upon to represent the University in various capacities, including recruitment and performance tours.

MUSC 143J. Instrumental Jazz Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Rehearsal and performance of literature written for instrumental jazz ensemble.

Note: May be taken for credit eight times.

MUSC 144B. Brass Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 144L. Chamber Music -- Liberace.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 144P. Percussion Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 144S. String Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 144W. Woodwind Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.

MUSC 144X. Saxophone Ensemble.  1 Unit
Term Typically Offered: Fall, Spring

Note: May be taken for credit eight times.
MUSC 145. Pep Band. 1 Unit
Corequisite(s): MUSC 142W, MUSC 142B, or MUSC 142M, or instructor permission.
Term Typically Offered: Fall, Spring
Performance of instrumental music for university and community events.
MUSC 146. Camerata Capistrano Baroque. 1 Unit
Term Typically Offered: Fall, Spring
A conductor-less ensemble that explores in-depth score study, detailed techniques for stylistic performance, and advanced concertante playing of varied repertoire from the Renaissance to contemporary works in groupings of diverse size. Instrumentalists, keyboardists and singers are invited to experience repertoire not normally encountered in the symphony orchestra or traditional chamber groups. Students will achieve a more comprehensive understanding of musical preparation, ensemble discipline and conductor-less performance, culminating in a final concert for a public audience. Paired with MUSC 246.
Note: Each participant must be an enrolled student or registered volunteer, admitted with Instructor permission. Non-Music majors must purchase a music fee card (Lassen Hall) in order to participate. Registered volunteers will receive a parking pass for rehearsal times after required paperwork is completed. May be taken for credit eight times.

MUSC 150. Jazz Applied: Advanced BM. 2 Units
Prerequisite(s): Approval by jazz area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction in jazz performance.
Note: May be taken for credit four times.

MUSC 150A. Jazz Applied: Advanced Mus Ed Emphasis. 1 Unit
Prerequisite(s): Approval by jazz area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction in jazz performance for students pursuing the Music Education emphasis.
Note: May be taken for credit four times.

MUSC 151. Fundamentals of Conducting. 2 Units
Prerequisite(s): MUSC 2, MUSC 7.
Term Typically Offered: Fall only
Basic techniques and skills of conducting. Areas of concern are all basic patterns in simple, compound and asymmetrical meters, correct baton technique, styles, appropriate left hand usage, tempi, fermatas, and introduction to simple score reading.

MUSC 153. Advanced Choral Conducting. 2 Units
Prerequisite(s): MUSC 151.
Term Typically Offered: Spring only
Choral techniques, including rehearsal procedures, score analysis, choral/orchestral repertoire, and approaches to choral literature from the main history eras.

MUSC 154. Advanced Instrumental Conducting. 2 Units
Prerequisite(s): MUSC 151.
Term Typically Offered: Spring only
Instrumental conducting techniques including refinement of basic conducting skills, rehearsal procedures, score study, and familiarization with and interpretation of instrumental literature.

MUSC 155A. Violin: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 155B. Violin: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 156A. Viola: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 156B. Viola: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 157A. Cello: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 157B. Cello: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 158A. Double Bass: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 158B. Double Bass: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.
MUSC 160. Advanced String Project Pedagogy. 1 Unit
Prerequisite(s): MUSC 60 and instructor consent
Term Typically Offered: Fall, Spring

This course is a step-by-step practicum that prepares students to be lead teachers in the Sacramento State Strings Project. Set in rigorous teaching lab, the course gives students experience in creating lesson plans and teaching in the String Project program. Student teachers learn to apply effective pedagogical methods and techniques to teach fundamental skills to beginning level children and more advanced skills to intermediate-level children.

MUSC 161. Jazz Pedagogy. 2 Units
Term Typically Offered: Spring only

Develops skills in the teaching of jazz in all of its facets and dimensions by a variety of approaches to materials, techniques and philosophies surrounding jazz education. Choosing, editing, rehearsing and programming concert materials will be taught. Also taught are scheduling, music and equipment maintenance, basic administration concerns, and other factors pertinent to operating a jazz program.

MUSC 162. Foundations of Music Education. 2 Units
Prerequisite(s): Sophomore status in music or instructor permission.
Term Typically Offered: Fall only

For majors considering a teaching career. Overview of the history, principal philosophies, current issues, methodologies and materials related to Music Education in kindergarten through twelfth grade. Guided classroom and/or rehearsal observations at the elementary, middle/junior high school and senior high levels. Required for the Music Education major.

MUSC 164. Music in General Education. 2 Units
Prerequisite(s): Sophomore status in music or instructor permission.
Term Typically Offered: Spring only

Curricular and instructional strategies for non-performance music classes in kindergarten through twelfth grade. Teaching techniques for classroom instruments, with emphasis on folk guitar. Required for the Music Education major.

MUSC 165A. Flute: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 165B. Flute: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 166A. Oboe: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 166B. Oboe: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 167A. Bassoon: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 167B. Bassoon: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 168A. Clarinet: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 168B. Clarinet: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 169A. Saxophone: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 169B. Saxophone: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 170A. Percussion: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.
MUSC 170B. Percussion: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 171A. Harp: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 171B. Harp: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 172. Repertoire Class in the Performance Major. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Parallel class taken in conjunction with the performance major to supplement student's knowledge of the literature, performance practice, pedagogy, and criticism of their chosen instrument or voice. May be taken for credit eight times.

MUSC 173A. Vocal Accompanying. 2 Units
Prerequisite(s): 4 semesters of MUSC 142.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring

Introductory course to piano accompanying with an emphasis on vocal literature. Includes techniques of sight reading, elementary transposition, and interpretation of lieder from the pianist's point of view.

MUSC 173B. Vocal Accompanying. 2 Units
Prerequisite(s): MUSC 173A.
Corequisite(s): MUSC 132B or equivalent.
Term Typically Offered: Fall, Spring

Continuing study of piano accompanying with an emphasis on art song repertoire. Includes techniques of sight reading, transposition, rehearsing, as well as realization of orchestral reductions. Performances required.

MUSC 174A. Guitar: Advanced. 1 Unit
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 174B. Guitar: Advanced -- BM. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Music majors only. May be taken for credit four times.

MUSC 175. Junior Recital. 1 Unit
Prerequisite(s): Admission to the Bachelor of Music degree program, or instructor permission.
Term Typically Offered: Fall, Spring

Formal recital demonstrating the performance abilities of the student. Contents of the program must be approved by instructor in the major performance medium, and permission to enroll approved by the appropriate faculty committee of the performance medium.

MUSC 176. Piano Pedagogy. 2 Units
Prerequisite(s): 4 units of MUSC 32B or equivalent; admission to Bachelor of Music program, or instructor permission.
Term Typically Offered: Spring only

Study of the content, methods and problems of teaching the piano with an emphasis on the first years of instruction for both the child and adult beginner.

MUSC 178. Vocal Literature and Materials (Grades 4-12). 3 Units
Corequisite(s): Phase III Student Teaching.
Term Typically Offered: Fall only

Methods and materials for teaching voice and choral music in grades 4-12. Includes introduction to singing, care and development of the student voice, rehearsal techniques, and selection of materials appropriate for use in small and large choral ensembles.
Note: Required for Music Education students enrolled in Phase III of the Credential Program.

MUSC 179. Instrumental Literature and Materials. 2 Units
Prerequisite(s): 4 units in MUSC 40.
Term Typically Offered: Fall, Spring

Methods and materials for teaching voice and choral music in grades 4-12. Includes introduction to singing, care and development of the student voice, rehearsal techniques, and selection of materials appropriate for use in small and large choral ensembles.
Note: Required for instrumental students and recommended for choral students.

MUSC 180. Advanced Counterpoint. 2 Units
Prerequisite(s): Instructor permission
Term Typically Offered: Fall, Spring

In this course, students learn contrapuntal techniques used in musical styles from the 16th century to the present. Students analyze extant works from a contrapuntal perspective, complete short composition exercises, and create original pieces in various historical styles. The styles and exercises will be designed to a large extent to fit the needs, preparation, and interest of individual students.

MUSC 183. Digital Synthesis and Sampling. 2 Units
Prerequisite(s): Instructor permission
Term Typically Offered: Fall, Spring

Course for students with previous electronic music experience who wish to gain more technical background. Topics include various principles of digital synthesis with an emphasis on independent voice construction, principles of sampling synthesizers, computer-based digital synthesis, and advanced MIDI applications.
MUSC 184. Senior Seminar.
Prerequisite(s): Music major with senior standing
Term Typically Offered: Fall, Spring
Weekly seminar for senior students in the B.A. Music concentration. Senior portfolio preparation, resume preparation, and career planning. Credit/No Credit

MUSC 185. Senior Recital.
Term Typically Offered: Fall, Spring
A formal recital demonstrating the performance abilities of the student. Required of all majors completing the Bachelor’s degree in Music. Permission to enroll by permission of the appropriate faculty committee. MUSC 185H or MUSC 185A may be substituted for 185 with the permission of the appropriate faculty committees. Contents of the program must be approved and supervised by instructor in the performance medium.

MUSC 185A. Senior Audition.
Term Typically Offered: Fall, Spring
Informal program presented before a faculty committee and invited guests. It is designed to accommodate students who have special problems in developing their performance to Senior Recital level. Registration must be approved by the applied music faculty, and contents of the audition approved and supervised by instructor in the performing medium.

MUSC 185E. Senior Recital Music Education.
Term Typically Offered: Fall, Spring
Formal half recital, generally shared with another student. Required of students completing the BM in Music Education degree. Registration must be approved by the applied music faculty and contents of the audition approved and supervised by instructor in the performance medium.

MUSC 185H. Honors Recital.
Term Typically Offered: Fall, Spring
Applied music faculty may designate outstanding performers for an Honors Recital. Contents of the program must be approved and supervised by instructor in the performance medium.

MUSC 185J. Senior Recital Jazz.
Prerequisite(s): Permission by appropriate faculty committee.
Term Typically Offered: Fall, Spring
Formal recital demonstrating the performance abilities of the student in the Jazz Studies concentration. Contents of the program must be approved and supervised by instructor in the performance medium.

MUSC 190A. Trumpet: Advanced.
Prerequisite(s): Approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.

MUSC 190B. Trumpet: Advanced -- BM.
Prerequisite(s): Admission to the Bachelor of Music program, approval by applied area committee and instructor permission.
Term Typically Offered: Fall, Spring
Individual instruction. Music majors only. May be taken for credit four times.
MUSC 195. Fieldwork in Music. 1 - 3 Units
Term Typically Offered: Fall, Spring

Directed observation and work experience with public agencies. Field work is offered for the purpose of giving students orientation in occupational specialties. Supervision is provided by both university instructional staff and cooperating agencies. Each student is required to maintain a record of activities and assignments and to prepare periodic reports. The student must make arrangements with a faculty member for a work program prior to admittance.

Credit/No Credit

MUSC 196E. Extended Techniques for Piano. 1 Unit
Prerequisite(s): Upper Division students only, or Instructor approval.
Term Typically Offered: Spring only – odd years

Upper-division elective will survey unusual and important compositional techniques for piano, beginning with the 17th century and culminating with living composers of our time. Examples of both notation and execution techniques will be studied, demonstrated, and then applied in composition. Specific 20th and 21st century composers whose techniques will be discussed in depth may include Cowell, Ives, Cage, Crumb, Curtis-Smith, Diemer, Pärt, Pärt, Santiago, Bolcom, and Say.

MUSC 197. Music And Business. 3 Units
Term Typically Offered: Fall, Spring

Introduction to career possibilities in the area of music and business. Students will explore and develop directions of interest and opportunity through reading, discussion, lectures, and outside speakers. Individual field projects will provide the opportunity to see at close hand the workings of Sacramento area music businesses of the student’s choice.

MUSC 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading. Open only to students who appear competent to carry on individual work. Admission requires the approval of the faculty member under whom the work is to be conducted and of the Department Chair.

Credit/No Credit

MUSC 201. Introduction to Graduate Study. 3 Units
Prerequisite(s): An undergraduate degree with music major or instructor permission.
Term Typically Offered: Fall, Spring

Systematic and historical study of the various disciplines related to music. Prepares the student to do advanced study and research. Required of all MM students in Music. Must be taken the first time scheduled after student is enrolled.

Note: Graduate Writing Intensive

MUSC 202A. Seminar in Music Education. 3 Units
Term Typically Offered: Fall, Spring

Study of current methodology in the development of reliable knowledge in the field of music education. Includes identification and formation of research problems, designing, and strategies.

MUSC 202B. Seminar in Music Education. 3 Units
Term Typically Offered: Fall, Spring

Review of current research trends in music education. Includes review of relevant literature and the definition, design, and justification of a research problem.

MUSC 206. Topics in Music History. 3 Units
Prerequisite(s): Undergraduate major in music or instructor permission.
Term Typically Offered: Fall, Spring

Detailed study of topics in music history and their relation to musical style, performance, reception, and cultural context. Designed to allow narrow focus on the historical contexts of a particular theory, repertoire, performance practice, or critical stance. May be repeated for credit with different topics.

MUSC 207. Topics in Music Analysis. 3 Units
Prerequisite(s): Undergraduate major in music or instructor permission.
Term Typically Offered: Fall, Spring

Detailed study of topics in music analysis and its relation to harmony, rhythm, style, and form. Designed to allow narrowed focus on music of a select composer or small group of composers. May be repeated for credit with different topics.

MUSC 208. Topics in Ethnomusicology. 3 Units
Prerequisite(s): Undergraduate major in music or instructor permission.
Term Typically Offered: Fall, Spring

Current practices, methodologies, and scholarly agendas in the field of ethnomusicology including global studies of traditional, classical, folk, and popular musics. Readings from interdisciplinary literature. Students respond in discussion and writing to this scholarly discourse in order to familiarize themselves with theoretical approaches current in the discipline and to practice the spoken and written conventions of the field.

MUSC 210. Composition. 2 Units
Prerequisite(s): Undergraduate composition and instructor permission.
Term Typically Offered: Fall, Spring

Advanced work in composition for students seeking the MM degree with composition option. May be taken for credit twice.

MUSC 211. Graduate Music Theory. 3 Units
Term Typically Offered: Fall, Spring

Comprehensive and intensive overview of the major disciplines of music theory with an emphasis on application of skills. Focus is mainly on tonal practice (part writing, figured bass realization, chromatic harmony, melodic construction, phrase structure, reductive analysis, forms) but also includes discussion of post-tonal music and applicable analytical techniques (extended scalar resources, dodecaphony, set-theory).

MUSC 217A. Choral Conducting Applied Music. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Graduate music majors only. May be taken for credit four times.

MUSC 217B. Instrumental Conducting Applied Music. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Graduate music majors only. May be taken for credit four times.

Note: Limited to instrumental conducting students only.
MUSC 218A. Choral Conducting Techniques. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Training in technique and repertoire at the graduate level. May be taken for credit four times.

Note: Limited to choral conducting students only.

MUSC 218B. Instrumental Conducting Techniques. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Training in technique and repertoire at the graduate level. May be taken for credit four times.

Note: Limited to instrumental conducting students only.

MUSC 219. Graduate Applied Music. 1 Unit
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Classified graduate Music majors and graduate music credential candidates only. May be taken for credit four times.

MUSC 220. Performance Techniques. 1 Unit
Prerequisite(s): Approval by area applied music committee to enter performance option for the MM; instructor permission.
Term Typically Offered: Fall, Spring

Individual instruction. Classified graduate Music majors only. Training in technique and repertoire at the graduate level. May be taken for credit four times.

MUSC 221. Graduate Applied Music for Performer's Certificate. 1 Unit
Prerequisite(s): Performance Certificate Students Only
Term Typically Offered: Fall, Spring

Individual instruction. Training in technique and repertoire at the post-baccalaureate level. May be taken for credit four times.

MUSC 222. Performance Techniques. 1 Unit
Prerequisite(s): Performance Certificate Students Only
Term Typically Offered: Fall, Spring

Individual instruction. Training in applied music performance at the post-baccalaureate level. May be taken for credit four times.

MUSC 224. Advanced Chamber Music. 1 Unit
Term Typically Offered: Fall, Spring

Study, rehearsal, and public performance of musical repertoire appropriate for the specific ensemble (e.g. orchestra, band, choir, opera, etc.).

MUSC 225. Advanced Large Performance Ensemble. 1 Unit
Term Typically Offered: Fall, Spring

Study, rehearsal, and public performance of musical repertoire appropriate for the specific ensemble (e.g. string quartet, wind quintet, etc.).

MUSC 285. Graduate Recital. 2 Units
Prerequisite(s): Approval by the student’s recital committee, consisting of student’s primary instructor in the area of concentration and two additional, qualified faculty members, preferably from the student’s area of concentration, chosen by the primary instructor in consultation with the student.
Term Typically Offered: Fall, Spring

Public recital of approximately fifty minutes of music demonstrating the student’s skill, artistry, and maturity in their degree concentration. The content and performance (MM in Conducting and Performance) of the recital, or the quality of the content (MM in Composition, Performer’s Certificate) of the recital, must be evaluated by a committee consisting of the student’s primary applied instructor and two additional, qualified faculty members, preferably from the student’s area of concentration.

MUSC 295. Fieldwork in Music. 1 - 3 Units
Term Typically Offered: Fall, Spring

Directed observation and work experience. Fieldwork is offered for the purpose of giving students orientation in occupational specialties. Supervision is provided by both the instructional staff of the university and cooperating agencies. Each student is required to maintain a record of activities and assignments and to prepare periodic reports. The student must make arrangements with a faculty member for a work program prior to admittance to the course.

Credit / No Credit

MUSC 297. Comprehensive Examination. 1 Unit
Prerequisite(s): MUSC 285 and Advancement to Candidacy
Term Typically Offered: Fall, Spring

Comprehensive oral examination covering student’s major field of study.
Credit / No Credit

Credit / No Credit
MUSC 299. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of the faculty member under whom the work is to be conducted and the Department Chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading. Open only to students who appear competent to carry on individual work.
Credit/No Credit

MUSC 500. Culuminating Experience. 1 - 3 Units
Prerequisite(s): Advanced to candidacy and permission from the graduate coordinator.
Term Typically Offered: Fall, Spring

Completion of thesis or project approved for the Master's degree. Three options are available:

BA in Music

Units required for Major: 40
Total units required for BA: 120

Program Description

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School's faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University's program.

Grade "C-" or better required in all courses applied to the major.

General Requirements

The following are required for the Bachelor of Arts and Bachelor of Music degree programs:

Performance Evaluation: Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

Soloist: Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

Ensemble: Assignment to performing ensemble(s) is to be made in consultation with the student's applied teacher and the ensemble director(s), and by audition or hearing. Students in the BM programs are required to enroll in the appropriate large ensemble course, as stipulated in the requirements for their concentration, for eight semesters. BA students are required to enroll in a MUSC 142-series course for four semesters. After completing this requirement, students are encouraged to enroll in at least one ensemble per semester, but they are not obligated to do so.

Piano: All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For BM students other than keyboard majors, completion of MUSC 14D meets this requirement. For BA students, completion of MUSC 14C meets this requirement.

Attendance/concerts-recitals: Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

Teacher Preparation: Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

Marching Band: Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

1. Course also satisfies General Education (GE)/Graduation Requirement.
2. A course from the MUSC 142 series must be taken 4 times for a total of four units; each student is assigned to a specific MUSC 142 series course each semester as appropriate for their instrument/voice type and skill level. **Students enrolled in Applied Voice as their major instrument:** A minimum of 4 semesters of MUSC 142 in a choral ensemble (142C or 142U, placement based on audition with the Director) is required. Transfer students in Voice may receive up to 2 semesters of credit toward this requirement from another institution upon approval from the Director of Choral Activities.

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).
   **Note:** There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2. Department offers students a "select from the following" option:
   - If student chooses to take MUSC 110, MUSC 127, or MUSC 129, they will meet the Writing Intensive (WI) graduation requirement.

3. If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). "C- or better required." The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html

Bachelor of Music (Instrumental)

Units required for Major: 71-76, including units for concentration (see below)
Total units required for BM: 120

Program Description

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School’s faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.
Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University's program.

**Admission Requirements**

Admission to the Bachelor of Music degree program requires the recommendation of the student's major applied instructor, a 3.0 GPA in music courses, and approval of the applied area based on a successful audition. Admission criteria and audition instructions may be obtained from the Music Department Office.

Each area of concentration has unique course requirements. Students interested in a BM degree should discuss the details of the program with a faculty advisor in the Music Department.

Grade "C-" or better required in all courses applied to the major.

**General Requirements**

The following are required for the Bachelor of Arts and Bachelor of Music degree programs:

**Performance Evaluation**: Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

**Soloist**: Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

**Ensemble**: As an ensemble experience, each student must participate in at least one large performing ensemble each semester. The following groups meet this requirement: symphonic band, concert band, marching band, opera workshop, orchestra, concert choir, or University chorus. Assignment to the performing ensemble(s) is to be made in consultation with the music major advisor and by audition. A MUSC 142 series course is the appropriate course in which to register.

**Piano**: All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For students other than keyboard majors, completion of MUSC 14D meets this requirement.

**Attendance/concerts-recitals**: Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

**Teacher Preparation**: Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

**Marching Band**: Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

**Bachelor of Music (Jazz Studies)**

Units required for Major: 71-76, including units for concentration (see below)

Total units required for BM: 120

**Program Description**

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School’s faculty, which remains committed to individual and ensemble performances as a means of enhancing the
teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University's program.

**Admission Requirements**

Admission to the Bachelor of Music degree program requires the recommendation of the student's major applied instructor, a 3.0 GPA in music courses, and approval of the applied area based upon a successful audition. Admission criteria and audition instructions may be obtained from the Music Department Office.

Each area of concentration has unique course requirements. Students interested in a BM degree should discuss the details of the program with a faculty advisor in the Music Department.

Grade "C-" or better required in all courses applied to the major.

**General Requirements**

The following are required for the Bachelor of Arts and Bachelor of Music degree programs.

**Performance Evaluation:** Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

**Soloist:** Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

**Ensemble:** As an ensemble experience, each student must participate in at least one large performing ensemble each semester. The following groups meet this requirement: symphonic band, concert band, marching band, opera workshop, orchestra, concert choir, or University chorus. Assignment to the performing ensemble(s) is to be made in consultation with the music major advisor and by audition. A MUSC 142 series course is the appropriate course in which to register.

**Piano:** All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For students other than keyboard majors, completion of MUSC 140 meets this requirement.

**Attendance/concerts-recitals:** Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

**Teacher Preparation:** Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

**Marching Band:** Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

Bachelor of Music (Keyboard)

Units required for Major: 71-76, including units for concentration (see below)

Total units required for BM: 120
Program Description

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework;
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School’s faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University’s program.

Admission Requirements

Admission to the Bachelor of Music degree program requires the recommendation of the student’s major applied instructor, a 3.0 GPA in music courses, and approval of the applied area based upon a successful audition. Admission criteria and audition instructions may be obtained from the Music Department Office.

Each area of concentration has unique course requirements. Students interested in a BM degree should discuss the details of the program with a faculty advisor in the Music Department.

Grade “C-” or better required in all courses applied to the major.

General Requirements

The following are required for the Bachelor of Arts and Bachelor of Music degree programs:

Performance Evaluation: Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

Soloist: Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

Ensemble: As an ensemble experience, each student must participate in at least one large performing ensemble each semester. The following groups meet this requirement: symphonic band, concert band, marching band, opera workshop, orchestra, concert choir, or University chorus. Assignment to the performing ensemble(s) is to be made in consultation with the music major advisor and by audition. A MUSC 142 series course is the appropriate course in which to register.

Piano: All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For students other than keyboard majors, completion of MUSC 14D meets this requirement.

Attendance/concerts-recitals: Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

Teacher Preparation: Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

Marching Band: Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

1 Course must be repeated four times for a total of 4 units. Each student is assigned to a specific MUSC 142 series course each semester as appropriate for their instrument/voice type and skill level. Students enrolled in Applied Voice as their major instrument: A minimum of 8 semesters of MUSC 142 in a choral ensemble (MUSC 142C or 142U, placement based on audition with the Director) is required. Transfer students in Voice may receive up to 2 semesters of credit toward this requirement from another institution upon approval from the Director of Choral Activities.

Bachelor of Music (Theory/Composition)

Units required for Major: 71-76, including units for concentration (see below)
Total units required for BM: 120

Program Description
The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School’s faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University’s program.

Admission Requirements
Admission to the Bachelor of Music degree program requires the recommendation of the student’s major applied instructor, a 3.0 GPA in music courses, and approval of the applied area based upon a successful audition. Admission criteria and audition instructions may be obtained from the Music Department Office.

Each area of concentration has unique course requirements. Students interested in a BM degree should discuss the details of the program with a faculty advisor in the Music Department.

Grade "C-" or better required in all courses applied to the major.

General Requirements
The following are required for the Bachelor of Arts and Bachelor of Music degree programs:

Performance Evaluation: Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

Soloist: Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

Ensemble: As an ensemble experience, each student must participate in at least one large performing ensemble each semester. The following groups meet this requirement: symphonic band, concert band, marching band, opera workshop, orchestra, concert choir, or University chorus. Assignment to the performing ensemble(s) is to be made in consultation with the music major advisor and by audition. A MUSC 142 series course is the appropriate course in which to register.

Piano: All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For students other than keyboard majors, completion of MUSC 14D meets this requirement.

Attendance/concerts-recitals: Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

Teacher Preparation: Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

Marching Band: Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

Additional Requirements for Concentrations (30-35 Units)

Select one of the following six areas of concentration: 30-35

- Instrumental
- Jazz Studies or Jazz Studies with Music Education Emphasis
- Keyboard
- Music Education
- Theory/Composition
- Voice

1 Course also satisfies General Education (GE)/Graduation Requirement.
The fundamental purpose of the Sacramento State music curriculum is threefold:

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

2. Required in Major; also satisfies GE.

3. Course must be repeated four times for a total of 8 units.

4. Course must be repeated four times for a total of 4 units. Each student is assigned to a specific MUSC 142 series course each semester as appropriate for their instrument/voice type and skill level.

5. Course must be repeated two times for a total of 4 units.
1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School's faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University's program.

### Admission Requirements

Admission to the Bachelor of Music degree program requires the recommendation of the student's major applied instructor, a 3.0 GPA in music courses, and approval of the applied area based upon a successful audition. Admission criteria and audition instructions may be obtained from the Music Department Office.

Each area of concentration has unique course requirements. Students interested in a BM degree should discuss the details of the program with a faculty advisor in the Music Department.

Grade "C-" or better required in all courses applied to the major.

### General Requirements

The following are required for the Bachelor of Arts and Bachelor of Music degree programs:

**Performance Evaluation:** Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

**Soloist:** Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

**Ensemble:** As an ensemble experience, each student must participate in at least one large performing ensemble each semester. The following groups meet this requirement: symphonic band, concert band, marching band, opera workshop, orchestra, concert choir, or University chorus. Assignment to the performing ensemble(s) is to be made in consultation with the music major advisor and by audition. A MUSC 142 series course is the appropriate course in which to register.

**Piano:** All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For students other than keyboard majors, completion of MUSC 14D meets this requirement.

**Attendance/concerts-recitals:** Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

**Teacher Preparation:** Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

**Marching Band:** Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

3. If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). “C- or better required.” The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html

Master of Music (Composition)

Total Units required for the MM: 30, chosen in consultation with a School of Music graduate advisor

Program Description

The graduate program leading to the Master of Music degree is designed to provide opportunities for a variety of advanced studies in music. The objective of the program is to produce a graduate student skilled in research, able in organizational and writing skills, and imaginative in developing new approaches and concepts: a student who, with a
broad knowledge of the history and literature of music, is able to use this knowledge with effective musicality as a performer or conductor.

The MM may be earned with either an academic or a performance emphasis. The program will effectively prepare students for continuation into doctoral study. Students may focus their studies in one of three areas: Conducting, Composition, Performance.

**Admission Requirements**

Applicants to the graduate program in Music must meet the following requirements:

- a baccalaureate degree with a music major;
- a minimum 3.0 GPA in the last 60 units; and
- successful audition or composition portfolio review (see the School of Music website (http://www.csus.edu/music/) for audition information).

Fully classified graduate status is granted after successful completion of nine units of graduate work. The student must file for a change in status, using a form available from the Music Department's Graduate Coordinator.

**Admission Procedures**

Applications are accepted as long as room for new students exists. All prospective graduate students, including Sacramento State graduates, must file the following with the Office of Graduate Studies (http://www.csus.edu/gradstudies/):

- an application for admission;
- one set of official transcripts from all colleges and universities attended (other than Sacramento State); and
- two letters of reference.

For more admissions information and application deadlines please visit the Office of Graduate Studies website (http://www.csus.edu/gradstudies/).

After receipt of all items listed above, a decision regarding admission will be emailed to the applicant.

**Minimum Units and Grade Requirement for the Degree**

Units required for the MM: 30, chosen in consultation with a School of Music graduate advisor

Minimum Cumulative GPA: 3.0. Majors must complete each required graded course with a grade "C-" or better and must pass MUSC 297.

**Optional Support Field**

From 3 to 5 units in fields other than Music may apply toward the degree with approval of the School of Music graduate committee. Students should have at least 10 upper division units in this field as preparation. Normally the supporting field units are on the graduate level. Supporting fields currently approved for music majors are Education, Humanities and Religious Studies, Modern Languages, and Theatre Arts. In the case of Music Education, courses which are part of the credential requirements may not be included.

**Advancement to Candidacy**

Each fully classified graduate student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the student has:

- completed approximately 15 units of graduate study, including MUSC 201 and two other 200-level courses, with a minimum of 3.0 GPA;
- received approval from supervising faculty to enter courses leading to MUSC 500, Culminating Experience (see Graduate Studies Handbook for details);
- taken a Graduate Writing Intensive (GWI) course in their discipline within the first two semesters of coursework at California State University, Sacramento.

Advancement to Candidacy forms are available on the Office of Graduate Studies website. Instructions are found in Part II of the Graduate Studies Handbook.

Course must be repeated four times for a total of 4 units.

Electives must be approved by a School of Music Graduate Advisor.

Minor in Music

Units required for the Minor: 20, including 9 units upper division.

Program Description

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School’s faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring and minoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University’s program.

Applied Music for 2 units with departmental and area approval

Select one of the following:

- MUSC 40 series course

Large Ensemble Experience (3 Units)

Select three units from the following:

- Any MUSC 142 - Music Ensemble: Large Performance Groups
- MUSC 100A/100B Concert Attendance
- MUSC 143J Instrumental Jazz Ensemble
- MUSC 145 Pep Band

Total Units: 20

Students seeking supplementary authorization for single subject, standard secondary, and special secondary teaching credentials must register for one unit each of instrumental and vocal instruction in the beginning musical instruction section. Qualified students may audition for applied musical instruction as a substitution in this area.

Note: The last 3 units in performance must be taken at Sacramento State.

The Performer's Certificate

Units required for the certificate: 22

Program Description

The Performer’s Certificate is a post-baccalaureate program designed for highly qualified instrumentalists, vocalists, and conductors. Exceptionally talented and dedicated performers admitted through a competitive audition will receive instruction at an advanced level and will be expected to make substantive contribution to the School of Music through participation in a Large Ensemble (LPE) or equivalent.

Admission Requirements

1. Baccalaureate Degree
2. Audition demonstrating exceptional skill in the student’s area of specialization (conducting, instrumental, or voice performance)

1 May include serving as assistant to Director.
2 May be taken during Summer/January sessions.

Philosophy

College of Arts and Letters

Program Description
The subject of philosophy encompasses such fundamental issues as the scope and limits of human knowledge, the ultimate constituents of reality, the sources of value and obligation, and the nature of logic and correct reasoning. Philosophy utilizes the findings of many other academic disciplines and, in its method, stresses clear, rigorous, impartial and systematic thought. The application of philosophical ideas to practical problems is central to the subject.

Sacramento State offers the Bachelor of Arts degree with a major in philosophy as well as a philosophy minor. Philosophy is an excellent vehicle for refining one's skills in critical reasoning and rational decision-making, making it a useful major for a wide variety of career goals. For instance, philosophy is good preparation for the study and practice of law. Philosophy majors who plan a career in teaching at the college or university level must commit themselves to a program of graduate study upon completion of the BA.

Degree Programs
BA in Philosophy (General Concentration) (p. 308)
BA in Philosophy (Ethics, Politics, and Law) (p. 307)
BA in Philosophy (Science, Reason, and Values) (p. 305)
BA in Philosophy (Honors) (p. 310)
Minor in Philosophy (p. 311)

Special Features
- The Philosophy Department professors are active scholars who have presented many written papers and lectures at professional conferences. They are also active in the community, giving public lectures both on and off campus. Many participate in our Future Philosophers program by giving presentations to local high schools.
- The Philosophy Department houses The Center for Practical and Professional Ethics, which is dedicated to fostering better public understanding of contemporary ethical issues from a philosophical perspective.
- Flexible major and minor requirements allow students to choose concentrations and a range of electives to fit their specific interests and career objectives. The minor is an excellent complement to a variety of majors. It is also possible to complete the minor in such a way that almost all classes satisfy GE requirements.
- Students are encouraged to take part in the Philosophy Club. Its regular meetings are designed to promote group discussions about topics of philosophical interest. Club speakers have included students, philosophy faculty, professors from other departments on campus, and professors from other universities.
- The Philosophy Department offers a Philosophy Major Honors Program for qualified students. This program provides motivated students with an opportunity to expand their philosophy education, develop their writing, pursue philosophical research, prepare for graduate studies or law school, or enhance their career preparations. Students interested in pursuing graduate study in Philosophy are especially encouraged to participate in this program.

PHIL 2. Ethics. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Examination of the concepts of morality, obligation, human rights and the good life. Competing theories about the foundations of morality will be investigated.
PHIL 4. Critical Thinking. 3 Units
General Education Area/Graduation Requirement: Critical Thinking (A3)
Term Typically Offered: Fall, Spring

Study of the basic skills of good reasoning needed for the intelligent and responsible conduct of life. Topics include: argument structure and identification, validity and strength of arguments, common fallacies of reasoning, use and abuse of language in reasoning, principles of fair play in argumentation.

PHIL 6. Introduction to Philosophy: Knowledge, World and Self. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Representative selection of philosophical problems will be explored in areas such as knowledge, reality, religion, science, politics, art and morals.

PHIL 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall only

Introduction to the nature and possible meanings of higher education, and the functions and resources of the University. Designed to help students develop and exercise fundamental academic success strategies and to improve their basic learning skills. Students have the opportunity to interact with fellow classmates and the seminar leader to build a community of academic support and personal support.

PHIL 26. History of Philosophy. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Introduction to the history of philosophy, emphasizing such themes as the foundations of knowledge, the nature of reality, the basis of a good life and a just society, the existence of God, and the nature of self, and tracing the development of these themes from antiquity to the modern period.

PHIL 27. History of Early Modern Philosophy. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Examines the major developments in Western philosophy after the Middle Ages, with emphasis on the period from Descartes to Kant. Attention will be paid to the general historical and cultural setting within which the philosophical theories developed.

PHIL 56. Research Integrity. 1 Unit
Term Typically Offered: Fall, Spring

Basic regulatory and ethical requirements for doing research. Topics covered include protection of human subjects, data management, authorship, peer review, mentoring, animal experimentation, conflict of interest, and collaborative research.
Credit/No Credit

PHIL 60. Deductive Logic I. 3 Units
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring

Introduction to deductive logic. Topics include: basic concepts of deductive logic; techniques of formal proof in propositional and predicate logic.

PHIL 61. Inductive Logic I. 3 Units
General Education Area/Graduation Requirement: Math Concepts & Quantitative Reasoning (B4)
Term Typically Offered: Fall, Spring

Introduction to inductive logic and the problem of decision under uncertainty. Topics include: the nature of inductive rationality, philosophical theories of induction and probability, cognitive biases and common errors in inductive reasoning, and philosophical problems in defining risk, rational agency, and the expected value of an action.

PHIL 89. Philosophical Methods. 2 Units
Prerequisite(s): Student must be a declared Philosophy Major.
Term Typically Offered: Fall, Spring

An introduction to philosophical methods and basic concepts to prepare students for coursework in the major. The survey of topics will emphasize developing skills in reading philosophical texts, writing philosophical analyses and engaging in philosophical discussions.

PHIL 101. Ethics and Social Issues. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall, Spring, Summer

Moral controversies that divide society today, such as abortion, the death penalty, affirmative action, sexism, war and peace. Emphasis is on identifying the relevant values and moral principles underlying competing views and subjecting them to rational assessment.

PHIL 102. Professional and Public Service Ethics. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring, Summer

Prepares students planning careers in professional practice or public service to identify, understand, and resolve ethical problems. Includes examinations of (i) ethical theory, rights and duties, virtue ethics, utilitarian ethics, social contract theory, and role morality; (ii) the philosophical underpinnings of professional codes of conduct, regulations, and norms of professional and public service practices; (iii) moral reasoning and argumentation; (iv) the relation between ethical judgement and action; (v) the relation between professional practice, public service, and democratic principles.

PHIL 103. Business and Computer Ethics. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer

Analytical treatment of controversial moral issues which emerge in the business world, e.g., affirmative action, corporate responsibility, the global economy, industry and environmental damage, social effects of advertising, the computer threat to personal privacy, ownership of computer programs. Discussion will focus on basic moral principles and concepts relevant to these issues.
PHIL 104. Bioethics. 3 Units
General Education Area/Graduation Requirement: GE AREA D
Term Typically Offered: Fall, Spring, Summer

Ethical dilemmas faced by professionals and patients in the field of medicine, e.g., patient self-determination and informed consent, discrimination in health care, euthanasia, abortion, surrogate motherhood, genetic modification, and rights to health care. Emphasis is on the well-reasoned application of general moral principles to practical medical decisions.

PHIL 105. Science and Human Values. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), GE AREA D
Term Typically Offered: Fall, Spring

Examination of the values implicit in a scientific culture and the problems that arise as a commitment to the development of scientific knowledge and technology. These problems include: distinguishing good scientific practice from bad; the intrinsic value of scientific knowledge independent of its benefits in application; the proper and improper applications of scientific knowledge.

PHIL 106. Philosophy of Medicine. 3 Units
Term Typically Offered: Fall, Spring

Examination of philosophical issues arising in medical theory and practice. Topics include: concepts and theories of health, disease, disability, and death; causal inference, extrapolation, and statistical inference in medical research; ethical concepts and theories relevant to therapeutic treatment and research; animal experimentation; evidence-based medicine and randomized clinical trials; objectivity and bias; expertise and clinical judgment; public health policy and health inequalities.

PHIL 112. History Of Ethics. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall, Spring

Investigation of the main approaches to ethics in Western moral philosophy. Emphasis on Plato, Aristotle, Hume, Kant and Mill.

PHIL 115. Philosophy In Literature. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Spring only — even years

Study of selected works of fiction which focus on philosophically controversial questions, e.g., basic moral dilemmas, the meaning of life, alienation, nihilism, the existence of God.

PHIL 117. Existentialism. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Humanities (Area C2), Writing Intensive Graduation Requirement (WI)
Term Typically Offered: Fall only

Study of the problem of the existing individual, or inner self – most especially the problem of choice in the context of radical freedom and finitude. Particular attention will be paid to the philosophical writings of Kierkegaard, Nietzsche, Heidegger and Sartre, through some major literary works of these figures and others (Camus, Dostoevsky) will also be considered.

PHIL 122. Political Philosophy. 3 Units
Term Typically Offered: Fall, Spring

A philosophical examination of the individual, the community, and rights; the conflict between individual rights and the common good; various conceptions of justice, equality, liberty and the public good; and the relationship of politics to ethics, economics, law; war and peace.

PHIL 123. Philosophy and Feminism. 3 Units
Term Typically Offered: Spring only — even years

Study of feminist perspectives on important philosophical questions. Examples of the questions treated are: mind-body dualism; reason and emotion; the fact/value distinction; the nature of the public and private realms; equal rights; and whether knowledge is intrinsically “gendered.” Different feminist perspectives will be considered and compared with traditional approaches to these questions.

PHIL 125. Philosophy Of Science. 3 Units
General Education Area/Graduation Requirement: Further Studies in Area B (B5)
Term Typically Offered: Fall, Spring, Summer

Study of the philosophical problems that arise in the sciences: the nature of scientific reasoning, the limits and styles of explanation, identifying pseudoscience, values in science, unity and diversity of the sciences, and science’s impact on our world view.

PHIL 127. History Of Ancient Philosophy. 3 Units
Prerequisite(s): PHIL 89.
Term Typically Offered: Fall, Spring

Examination of the origins of Western philosophy, with emphasis on the works of the Pre-Socratics, Plato, and Aristotle.

PHIL 128. History of Modern Philosophy. 3 Units
Prerequisite(s): PHIL 89.
Term Typically Offered: Fall, Spring

Examination of the major developments in Western philosophy after the Middle Ages with emphasis on the period from Descartes to Kant.
PHIL 131. Philosophy Of Religion. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Summer only

Introduction to philosophical theology, the philosophical study of religious assertions, arguments, and beliefs: the existence and nature of God; the rationality of religious belief; the relation of faith to reason; the problem of evil; immortality and resurrection; the possibility of miracles; the meaning of religious language. Includes both traditional and contemporary approaches.

PHIL 136. Philosophy Of Art. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Inquiry into the nature of art, beauty and criticism, with critical consideration of representative theories.

PHIL 145A. Chinese Philosophy. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Spring only

Survey of the major philosophical traditions of China and Japan, focusing on concepts of nature, man, society, freedom and knowledge. Special attention will be given to Confucianism, Taoism, Buddhism, and recent philosophical movements. Taught alternate semesters with PHIL 145B.

PHIL 145B. Philosophies Of India. 3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment.
General Education Area/Graduation Requirement: Writing Intensive Graduation Requirement (WI), Humanities (Area C2)
Term Typically Offered: Fall only

Survey of the major schools of Indian philosophical development. The emphasis will be on the Hindu and Buddhist traditions, with consideration given to competing notions of the self, consciousness, the origin of human suffering, and the possibility of transcendence.
Note: Taught alternate semesters with PHIL 145A.

PHIL 153. Philosophy Of Mind. 3 Units
Prerequisite(s): 3 units in philosophy or instructor permission.
Term Typically Offered: Spring only

Rival theories of the nature of the mind and mental activity, including dualism, materialism, functionalism. Difficulties in achieving a theoretical understanding of familiar psychological concepts such as belief, sensation, emotion, intention.

PHIL 154. Philosophy Of Language. 3 Units
Term Typically Offered: Fall only

Study of philosophical issues concerning language: theories of the nature of linguistic meaning, in particular those involving the concepts of sense, reference, truth conditions, intention, convention, speech act, and force. Topics include the relation between meaning and reference to objects, and between meaning and mental processes. Emphasis on contemporary views, including views on the promise of a theory of language to shed light on fundamental philosophical problems in metaphysics and the philosophy of mind.

PHIL 155. Philosophy Of Law. 3 Units
Term Typically Offered: Spring only

Theories of the nature of law, e.g., natural law, legal positivism, legal realism. Selected controversies in contemporary law will also be studied, such as the justification of punishment, the legislation of morality, judicial activism vs. judicial restraint.

PHIL 156. Philosophy Of the Social Sciences. 3 Units
Term Typically Offered: Fall, Spring

An examination of concepts and problems arising in the philosophical study of the social sciences, including issues pertaining to ontology, epistemology, methodology, values & objectivity, scientific models, and explanation. Some questions explored are: What are social phenomena and social categories? What makes social science different from natural science? How do values influence the practice of social science? What kinds of mathematical and computational models are used in social science? How does social science explain social phenomena?

PHIL 160. Deductive Logic II. 3 Units
Prerequisite(s): CSC 28 or PHIL 60 or instructor permission.
Term Typically Offered: Spring only

Further study of deductive logic. Topics include: principles of inference for quantified predicate logic; connectives; quantifiers; relations; sets; modality; properties of formal logical systems, e.g. consistency and completeness; and interpretations of deductive systems in mathematics, science, and ordinary language.

PHIL 176. Twentieth Century Anglo-American Philosophy. 3 Units
Term Typically Offered: Summer only

Rise of the analytic tradition in contemporary Anglo-American philosophy represents a turn toward common sense, science, language, logic and rigor. Readings will cover the philosophical movements of common sense, logical atomism, logical positivism, ordinary language philosophy and more recent analytical philosophy.

PHIL 180. Knowledge and Understanding. 3 Units
Prerequisite(s): PHIL 60 or 61; PHIL 127 and 128 or instructor permission.
Term Typically Offered: Fall, Spring

Examines the nature of knowledge and understanding, as well as related concepts such as explanation, justification, and belief. Representative topics include: the Gettier problem, skepticism, the factivity of understanding, naturalized epistemology, pragmatic encroachment, and the value of knowledge. Emphasis is on contemporary formulations.
PHIL 181. Metaphysics. 3 Units
Prerequisite(s): PHIL 60 or 61; PHIL 127 and 128 or instructor permission.
Term Typically Offered: Fall, Spring

Examines arguments concerning the nature of reality. Representative topics include: substance, space, time, God, free will, determinism, identity, universals. Emphasis is on contemporary formulations.

PHIL 182. Ethical Theory. 3 Units
Prerequisite(s): PHIL 60 or 61; PHIL 127 and 128 or instructor permission.
Term Typically Offered: Fall, Spring

Examines major topics in normative ethics and meta ethics. Representative topics in normative ethics include principles of goodness, virtue, and right action as featured in utilitarianism, virtue theory, Kantianism, or rights-based theories. Representative topics in meta ethics include the semantics of moral terms, the epistemology of moral belief, and the metaphysics of moral properties.

PHIL 183. Rationality. 3 Units
Prerequisite(s): PHIL 60 or 61, PHIL 127, PHIL 128
Term Typically Offered: Fall, Spring

Examines the nature of rationality, its value, structure, limits, purpose, origins, operations, and proper use. Topics include the nature of deductive rationality, inductive rationality, bounded rationality, irrationality, reasoning under ignorance and uncertainty, probabilistic decision-making, expected value theory, utility theory, and game theory.

PHIL 189. Senior Seminar in Philosophy. 1 Unit
Prerequisite(s): Philosophy majors (any concentration), 21 upper-division units in Philosophy, and graduating semester; or instructor permission.
Corequisite(s): Philosophy major (any concentration) and graduating semester, or instructor permission.
Term Typically Offered: Fall, Spring

A required capstone experience in the philosophy major. The course involves: completion of a senior essay under direction of a faculty member; preparation for knowledge and skills examination; submission of written critiques for three public events in philosophy; completion of departmental assessment questionnaire.

PHIL 190. Selected Philosophers. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission.
Term Typically Offered: Fall, Spring

An examination of the works of one or more important philosophers in different philosophical areas such as ethics, political philosophy, metaphysics, logic and epistemology.
Note: This course can be repeated for credit once if the second iteration focuses on a different philosopher than the first.

PHIL 192B. Topics in Bioethics. 3 Units
Prerequisite(s): 6 units of Philosophy or instructor permission
Term Typically Offered: Fall, Spring

Advanced in-depth study of an ethical dilemma faced by professionals and patients in the field of medicine, such as patient self-determination and informed consent, discrimination in health care, euthanasia, abortion, surrogate motherhood, genetic modification, or rights of health care.

PHIL 192E. Topics in Epistemology. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Topics include: the nature of inquiry, knowledge, explanation, understanding, rationality, judgment, and decision.
Note: This course can be repeated for credit once if the second iteration focuses on a different specific topic within Epistemology.

PHIL 192F. Topics in Ethics. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Topics include: animal rights, abortion, euthanasia and assisted suicide, poverty, race, gender, same-sex marriage, war and humanitarian intervention, environmental ethics, ethics of science or technology, and other advanced topics in bioethics.
Note: This course can be repeated once for credit if the second iteration focuses on a different specific topic within Ethics.

PHIL 192L. Topics in Philosophy Language. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Advanced topics in the philosophy of language. Topics may include: sense and reference, meaning and force, intentions vs. conventions, conditions for sameness of sense, conditions for successful reference, propositional content, indexical and demonstrative reference, and the semantics of propositional attitude and perceptual reports, linguistic pragmatics.

PHIL 192M. Topics in Philosophy of Mind. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Topics in Philosophy of Mind. Topics may include: Artificial Intelligence; Qualia; functionalism; philosophy of neuroscience; property dualism; eliminative materialism; or specific theories of consciousness. Emphasis is on contemporary formulations.

PHIL 192O. Topics in Contemporary Metaphysics. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission
Term Typically Offered: Fall, Spring

Contemporary topics in metaphysics. Topics may include: Ontology; realism and anti-realism; universals; individuals; substance; identity through time and change; kinds and degrees of necessity; physicalism; moral realism; realism regarding social entities. Emphasis is on contemporary formulations.

PHIL 192P. Topics in Social and Political Philosophy. 3 Units
Prerequisite(s): 6 units in Philosophy or instructor permission.
Term Typically Offered: Fall, Spring

Topics include: specific theories such as anarchism, libertarianism, and contractualism; feminist theories; critical race theory; philosophy of education; and other concepts such as authority, justice, rights, equality, and freedom.
Note: This course can be repeated for credit once if the second iteration focuses on a different specific topic within Social and Political Philosophy.
PHIL 192R. Topics in Philosophy of Religion. 3 Units
Prerequisite(s): 6 units of Philosophy or instructor permission.
Topics may include: The problem of evil, atheism, modal arguments for God's existence, design arguments for God's existence, reformed epistemology, recent work in natural theology, divine hiddenness, skeptical theism, or Molinism. Emphasis is on contemporary formulations.

PHIL 192S. Topics in Philosophy of Science. 3 Units
Prerequisite(s): 6 units of Philosophy or instructor permission.
Term Typically Offered: Fall, Spring
Topics include: Issues in the epistemology and ontology of science; special problems in the philosophy of mathematics, physics, chemistry, cognitive science, and biology; naturalistic and non naturalistic approaches to understanding scientific inquiry.
Note: This course can be repeated for credit once if the second iteration focuses on a different specific topic within the Philosophy of Science.

PHIL 192T. Topics in Philosophy of Social Science. 3 Units
Prerequisite(s): 6 units of Philosophy or instructor permission.
Term Typically Offered: Fall, Spring
Topics include: the ontology of social kinds, social construction, individualism vs. structuralism, philosophy of economics, explanations of social injustice, critical theory, methodology of social sciences, and categorization and measurement in the social sciences.
Note: This course can be repeated for credit once if the second iteration focuses on a different specific topic within the Philosophy of Social Science.

PHIL 195. Philosophy Internship. 1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Supervised work experience in an approved office or organization where significant philosophical issues are raised. The student must write regular reports on these issues. Supervision is provided by the faculty instructor and a managing official in the work situation. Open to majors only.
Credit/No Credit

PHIL 196. Experimental Offerings in Philosophy. 3 Units
Term Typically Offered: Fall, Spring
Experimental offerings will be scheduled as needed.

PHIL 197. Honors Thesis. 1 Unit
Prerequisite(s): Admission into Philosophy Department Honors Concentration.
Term Typically Offered: Fall, Spring
Capstone seminar for Honors Program students in Philosophy major. Student will propose, research, write, and present an honors thesis; student will also provide comments and criticism of other honors theses.

PHIL 199. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Special projects calling for independent philosophical investigation under the supervision of an individual faculty member.
Note: Requires prior approval of the faculty member under whom work is to be conducted.
Credit/No Credit

PHIL 299. Special Problems. 1 - 3 Units
Term Typically Offered: Fall, Spring
Special projects calling for independent philosophical investigation under the supervision of an individual faculty member.
Note: Requires graduate status and prior approval of the faculty member under whom work is to be conducted.
Credit/No Credit

BA in Philosophy (Science, Reason and Values)
Units required for Major: 42
Total units required for BA: 120

Program Description
The concentration in Science, Reason and Values is designed for students who are interested in the philosophical, rational and moral foundations of science and its applications. This concentration provides an excellent double major opportunity for science students interested in broadening and deepening their understanding of the normative elements of their chosen field. It is also a good choice for philosophy students who are interested in graduate study in the philosophy of science.

The concentration focuses on providing students with a deep understanding of the nature of scientific rationality. Topics include scientific explanation, the nature of scientific evidence, the process of confirming and revising our theories and beliefs, the problem of decision under conditions of uncertainty, and the scientific study of social phenomena. The philosophy of science also explores traditional philosophical questions as they arise in the context of scientific inquiry. Some of these are: Do we really know that the theoretical entities of science exist? What is the difference between science and pseudo-science? Do different sciences give us fundamentally different ways of understanding the world? Is science converging on truth or will it always undergo revolutionary changes that reject widely accepted theories of the past? Does scientific inquiry have intrinsic value or are there questions that scientists should not ask?

Note: Philosophy majors must fulfill the GE Writing Intensive "supervenient requirement" with courses in the major, only.

**Note:**

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

2. Department offers students a "select from the following" option:
   - If student chooses to take PHIL 4, they will meet Area C2.
   - If student chooses to take PHIL 2, PHIL 6, or PHIL 26, they will meet Area C2.

3. Required in Major; also satisfies GE.

4. Department offers students a "select from the following" option:
   - If student chooses to take PHIL 102, PHIL 112, PHIL 115, PHIL 117, PHIL 122, PHIL 131, PHIL 136, PHIL 145A, or PHIL 145B, they will meet upper division Area C.
   - If student chooses to take PHIL 101, PHIL 103, PHIL 104, or PHIL 105, they will meet upper division Area D.
Race and Ethnicity in American Society (RE) 3
Foreign Language Proficiency Requirement 6

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2. Department offers students a "select from the following" option:
   - If student chooses to take PHIL 101, PHIL 105, PHIL 112, PHIL 115, PHIL 117, PHIL 145A, or PHIL 145B, they will meet the Writing Intensive (WI) graduation requirement.

3. If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). "C- or better required."

The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html

BA in Philosophy (Ethics, Politics, and Law)

Units required for Major: 42
Total units required for BA: 120

Program Description

The concentration in Ethics, Politics, and Law is designed as a preparation for the study of law as well as for advanced professional study in applied ethics. It is also intended to give undergraduates a foundation in rational decision-making, embodying the conviction that such an intellectual capacity has broad application.

The concentration gives students an understanding of the theories behind moral and legal principles as well as training in the process of decision-making applying those principles. Students will be called upon to make decisions in particular cases; state the facts impartially; convey their decisions and their reasoning cogently and persuasively; and justify their decisions by showing how they are both a reasonable consequence of those principles and not overturned by overriding conflicting principles. There will be a particular emphasis on clear and effective writing.

1. To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

   Note: There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

2. Required in Major; also satisfies Graduation Requirement.

3. Department offers students a "select from the following" option:
   - if student chooses to take PHIL 101, PHIL 105, PHIL 112, PHIL 115, PHIL 117, PHIL 145A, or PHIL 145B, they will meet the Writing Intensive (W) graduation requirement.
   - If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). "C- or better required."

The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html

BA in Philosophy (Honors)

Total units required in addition to the required major units: 46 units

Program Description

Students who maintain at least a 3.7 GPA in Philosophy may elect the Honors concentration. The Honors concentration must be combined with one or more of the non-honors concentrations: the General Major, the concentration in Ethics, Politics, and Law, or the concentration in Science, Reason, and Values. Upon admission to the Honors concentration, students will produce a course plan approved by the Department Honors Committee.

Minor in Philosophy

Units required for Minor: 18

Program Description

The subject of philosophy encompasses such fundamental issues as the scope and limits of human knowledge, the ultimate constituents of reality, the sources of value and obligation, and the nature of logic and correct reasoning. Philosophy utilizes the findings of many other academic disciplines and, in its method, stresses clear, rigorous, impartial and systematic thought. The application of philosophical ideas to practical problems is central to the subject.

Note: Students who minor in Philosophy are free to plan a sequence of courses suited to their individual needs and interests. However, for a given major, the Department offers certain courses that have particular relevance. Contact Department advisors for course recommendations.

Theatre and Dance

College of Arts and Letters

Program Description

The California State University, Sacramento Department of Theatre and Dance fosters student-learning to advance critically-thinking, creative and collaborative artists. It provides a broad and thorough foundation of the history, theory, literature and the practice of theatre and dance to students who wish to pursue post graduate studies or join the profession. The Department of Theatre and Dance offers an imaginative and ambitious program of historical and contextual studies supported by studio and production work. Our mission challenges students to be independent thinkers. Our department provides a collaborative, artistic environment that reflects a richly complex and diverse global perspective complemented by national and international faculty and staff experience.

Degree Programs

BA in Dance (p. 320)
BA in Theatre (p. 322)
Minor in Dance (p. 323)
Minor in Musical Theatre (p. 324)
Minor in Theatre (p. 324)

Theatre

Majors in the Theatre program receive in-depth training in acting, voice, movement, audition technique, design, history, literature, criticism, multicultural theatre, musical theatre, puppetry, and film studies.

Accreditation

In addition to California State University, Sacramento’s full accreditation by the Western Association of Schools and Colleges, the Bachelor of Arts in Theatre is accredited by the National Association of Schools of Theatre.

Notice to Students: Professional Licensure and Certification

California State University programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California State University and licensure and certification requirements can change at any time.

The California State University has not determined whether its programs meet other states’ educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether, if they complete a California State University program, they will meet their state’s requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

Special Features

• Academic offerings include an excellent program of performance opportunities. Each year we offer four to six faculty-directed productions and a varied selection of additional productions including student-directed one-acts, recruitment shows, and community outreach performances. Students are also offered production assignments as stage managers, designers and technicians, all of which enhance the range of theatrical knowledge and experience.
• Included are African American and Chicano/Latino Theatre productions that make this program unique in the State University System.
• In addition to the performance and technical components, Sacramento State’s Theatre program provides organizations that encompass social, academic and professional opportunities, both on campus and in the community.
• The Theatre program participates annually in the Kennedy Center American College Theatre Festival (KCACTF).

Dance

Majors in the Dance program receive training in dance technique, performance, production, choreography, theory, dance history, and dance education.

The comprehensive Dance program starts with the basic principles of dance technique and refines them through choreographic and theoretic processes, culminating in the creation of full-scale concert productions. Students in the program are involved at every level of the creative process.

Special Features

• Dance majors have the opportunity to participate as members of several dance companies and organizations. Company members are involved in all aspects of producing and presenting dance, from creating and performing choreography to designing and implementing the production and promotional aspects of the concerts.
• Dance majors are given the opportunity to work with professional dance artists. Each year, at least one regional professional dance artist is in residence, and the program invites nationally acclaimed guest artists to teach master classes and choreograph.
• The Dance program participates annually in the American College Dance Association (ACDA) conference and the International Association of Blacks in Dance (IABD) conference.

Career Possibilities

Actor · Choreographer · Dancer · Director · Scenographer · Lighting Designer · Scenic Designer · Puppeteer · Theatre Manager · Critic · Announcer/Narrator · Sound/Light Technician · Scenic Artist · Propmaster · Educator (Instructor/Teacher/Professor) · Stage and Production Manager

DNCE 1A. Jazz Dance Level IA.
Term Typically Offered: Fall, Spring
2 Units
Theory and practice of basic beginning jazz techniques.
Note: May be repeated for up to 4 units of credit.

DNCE 1B. Jazz Dance Level IB.
Term Typically Offered: Fall, Spring
2 Units
Continued theory and practice of beginning jazz techniques.
Note: May be repeated for up to 4 units of credit.

DNCE 1C. Jazz Dance Level IC.
Term Typically Offered: Fall, Spring
2 Units
Further theory and practice of beginning jazz techniques.
Note: May be repeated for up to 4 units of credit.

DNCE 2A. Contemporary Dance Level IA.
Term Typically Offered: Fall, Spring
2 Units
Introduction to the history and techniques of the contemporary dance and modern dance tradition through basic dance principles and aesthetics including the introduction to contemporary movement to develop and improve strength, flexibility, balance, coordination and creative expression.
Note: Does not satisfy degree requirements for major, all students welcome.

DNCE 2B. Contemporary Dance Level IB.
Term Typically Offered: Fall, Spring
2 Units
Continues the introduction of the history and techniques of contemporary dance and the modern dance tradition through deepened study of basic dance principles and aesthetics including the continued practice of contemporary movement to continue the development and improvement of strength, flexibility, balance, coordination and creative expression.
Note: Does not satisfy degree requirements for major, all students welcome.

DNCE 2C. Contemporary Dance Level IC.
Term Typically Offered: Fall, Spring
2 Units
Further introduction to the history and techniques of the contemporary dance and modern dance tradition through further study of basic contemporary dance principles and aesthetics including the further practice of contemporary movement for the deepened development and improvement of strength, flexibility, balance, coordination and creative expression.
Note: Does not satisfy degree requirements for major, all students welcome.

DNCE 3A. Ballet Level IA.
Term Typically Offered: Fall, Spring
2 Units
Introduction to the history and development of traditional ballet techniques. Students will study ballet principles and aesthetics and continue to learn basic ballet movement, vocabulary, and skills.
Note: Does not satisfy degree requirements for major, all students welcome.

DNCE 3B. Ballet Level IB.
Term Typically Offered: Fall, Spring
2 Units
This course provides continued introduction to the history and development of traditional ballet techniques. Students will study ballet principles and aesthetics and continue to learn basic ballet movement, vocabulary, and skills.
Note: Does not satisfy degree requirements for major, all students welcome.

DNCE 3C. Ballet Level IC.
Term Typically Offered: Fall, Spring
2 Units
This course provides further introduction to the history and development of traditional ballet techniques. Students will expand upon their earlier study of ballet principles and aesthetics and continue to learn basic ballet movement, vocabulary, and skills.
Note: Does not satisfy degree requirements for major, all students welcome.

DNCE 4A. Tap Dance Level IA.
Term Typically Offered: Fall, Spring
2 Units
Introduction to fundamental tap dance skills including basic steps, history and vocabulary, and style development.
Note: May be repeated for up to 4 units of credit. Satisfies degree requirement, all students welcome.

DNCE 4B. Tap Dance Level IB.
Term Typically Offered: Fall, Spring
2 Units
Continued introduction to fundamental tap dance skills including a deepened study of basic steps, history and vocabulary, and continued style development.
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome.
DNCE 4C.  Tap Dance Level IC.  
Term Typically Offered: Fall, Spring  
Further introduction to fundamental tap dance skills including an expanded study of basic steps, history and vocabulary, and further style development.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome.

DNCE 5A.  Mexican Folklorico Level IA.  
Term Typically Offered: Fall, Spring  
Introduction to dances typically and traditionally performed by Mexican and Latin Americans exploring the interrelationship of dance culture to historical events, holidays, and people throughout the Americas and with opportunities to learn folk dances representative of specific regions of Mexico and Latin America.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome.

DNCE 5B.  Mexican Folklorico Level IB.  
Term Typically Offered: Fall, Spring  
Continued introduction to dances typically and traditionally performed by Mexican and Latin Americans with deepened exploration of the interrelationship of dance culture to historical events, holidays, and people throughout the Americas and with continued study of folk dances representative of specific regions of Mexico and Latin America.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirement, all students welcome.

DNCE 5C.  Mexican Folklorico Dance Level IC.  
Term Typically Offered: Fall, Spring  
Further introduction to dances typically and traditionally performed by Mexican and Latin Americans with expanded exploration of the interrelationship of dance culture to historical events, holidays, and people throughout the Americas and with further study of folk dances representative of specific regions of Mexico and Latin America.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirement, all students welcome.

DNCE 6A.  Hip Hop Level IA.  
Term Typically Offered: Fall, Spring  
Introduction to the fundamentals of Hip Hop and Urban dance skills, including basic steps, history, and vocabulary.  
Note: May be repeated for up to 4 units of credit. Does not satisfy degree requirement, all students welcome.

DNCE 6B.  Hip Hop Level IB.  
Term Typically Offered: Fall, Spring  
Continues the introduction of the fundamentals of Hip Hop and Urban dance skills, with a deepened study of basic steps, history, and vocabulary.  
Note: May be repeated for up to 4 units of credit, does not satisfy degree requirement, all students are welcome.

DNCE 6C.  Hip Hop Level IC.  
Term Typically Offered: Fall, Spring  
Further introduction of the fundamentals of Hip Hop and Urban dance skills, with an expanded study of basic steps, history, and vocabulary.  
Note: May be repeated for up to 4 units of credit, does not satisfy degree requirement, all students are welcome.

DNCE 11A.  Jazz Dance Level IIA.  
Term Typically Offered: Fall, Spring  
Theory and practice of current jazz techniques including continued study of movement vocabulary with an emphasis on the different jazz styles. Instructor with dance faculty representatives will audition students during first week of class for proper placement.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 11B.  Jazz Dance Level IIB.  
Term Typically Offered: Fall, Spring  
Continued theory and practice of current jazz techniques including the continued study of movement vocabulary with an emphasis on the different jazz styles. Instructor with dance faculty representatives will audition students during first week of class for proper placement.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during the first week of classes, all students welcome.

DNCE 11C.  Jazz Dance Level IIC.  
Term Typically Offered: Fall, Spring  
Further expanded theory and practice of current jazz techniques including the deepened study of movement vocabulary with an emphasis on the different jazz styles. Instructor with dance faculty representatives will audition students during first week of class for proper placement.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during the first week of classes, all students welcome.

DNCE 12A.  Contemporary Dance Level IIA.  
Term Typically Offered: Fall, Spring  
Examination of theories of the contemporary dance and modern dance tradition that develops proficiency in performing intermediate level contemporary dance techniques from an intellectual and kinesthetic understanding. Instructor with dance faculty representatives will audition students during first week of class for proper placement.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 12B.  Contemporary Dance Level IIB.  
Term Typically Offered: Fall, Spring  
Continued examination of theories of the contemporary dance and modern dance tradition that continues the proficiency in performing intermediate level contemporary dance techniques with a deepened intellectual and kinesthetic understanding. Instructor with dance faculty representatives will audition students during first week of class for proper placement.  
Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.
### DNCE 12C. Contemporary Dance Level IIC.
**Term Typically Offered:** Fall, Spring

Further examination of theories of the contemporary dance and modern dance tradition that further expand the proficiency in performing intermediate level contemporary dance techniques from a deeper intellectual and kinesthetic understanding. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 13A. Ballet Level IIA.
**Term Typically Offered:** Fall, Spring

Understand and demonstrate proficiency of Ballet movement and vocabulary including different styles while learning the importance of proper anatomical alignment, collaboration of foot and arm positions, and appreciation of classical musical accompaniment. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 13B. Ballet Level IIB.
**Term Typically Offered:** Fall, Spring

Continued understanding and deepened demonstration of proficiency of Ballet movement and vocabulary including different styles while learning the importance of proper anatomical alignment, collaboration of foot and arm positions, and appreciation of classical musical accompaniment. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 13C. Ballet Level IIC.
**Term Typically Offered:** Fall, Spring

Further understanding and expanded demonstration of proficiency of Ballet aesthetics through Ballet movement and vocabulary including different styles while learning the importance of proper anatomical alignment, collaboration of foot and arm positions, and appreciation of classical musical accompaniment. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 14A. Tap Dance Level IIA.
**Term Typically Offered:** Fall, Spring

Development and refinement of intermediate tap skills and vocabulary through the study of historical and current tap styles. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 14B. Tap Dance Level IIB.
**Term Typically Offered:** Fall, Spring

Continued development and refinement of intermediate tap skills and vocabulary through the deepened study of historical and current tap styles. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 14C. Tap Dance Level IIC.
**Term Typically Offered:** Fall, Spring

Further development and refinement of intermediate tap skills and vocabulary through the expanded study of historical and current tap styles. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

### DNCE 21. First Year Seminar: Becoming an Educated Person.
**General Education Area/Graduation Requirement:** Understanding Personal Development (E)

Introduction to the meaning of higher education, resources of the University, and skills for lifelong learning. Designed to help students develop academic success strategies and to improve information literacy, intercultural competence, and integrative thinking. Provides students with the opportunity to interact with fellow students and seminar faculty to build a community of academic and personal support.

### DNCE 22. Music for Dance.
**Prerequisite(s):** DNCE 1A or DNCE 1B or DNCE 1C or DNCE 2A or DNCE 2B or DNCE 2C or instructor permission.

**Term Typically Offered:** Fall only

Experiential course exploring the musical elements utilized by the dancer, choreographer, and teacher of dance including a survey of music history and vocabulary; rhythms and theory; musical and dance phrasing; and dance performance musicality. This course fulfills requirements for the Dance Major and Dance Minor, non-dance major or minor students welcome.

### DNCE 96A. Hip Hop Level IIA.
**Term Typically Offered:** Fall, Spring

Theory and practice of Hip Hop and Urban dance skills, including continued study of steps/movement, history, and vocabulary with an emphasis on multiple styles. May be counted for Dance Major with advisor approval, all students are welcome. Instructor permission through course audition required.

**Note:** May be repeated for up to 4 units of credit

### DNCE 111A. Jazz Dance Level IIIA.

**Term Typically Offered:** Fall, Spring

Advanced training in the theory and practice of jazz techniques. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

**Note:** May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.
DNCE 111B. Jazz Dance Level III B.
Term Typically Offered: Fall, Spring

2 Units

Continued training at the advanced level in the theory and practice of Jazz Dance techniques. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

DNCE 111C. Jazz Dance Level III C.
Term Typically Offered: Fall, Spring

Further advanced training at a deepened level for the theory and practice of jazz techniques. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 112A. Contemporary Dance Level III A.
Term Typically Offered: Fall, Spring

2 Units

Advanced training in the theory and practice of Contemporary Dance techniques and Modern Dance Traditions. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 112B. Contemporary Dance Level III B.
Term Typically Offered: Fall, Spring

2 Units

Continued training at the advanced level in the theory and practice of Contemporary Dance techniques and Modern Dance Traditions. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 112C. Contemporary Dance Level III C.
Term Typically Offered: Fall, Spring

Further advanced training at a deepened level for the theory and practice of Contemporary Dance techniques and Modern Dance Traditions. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 113A. Ballet Level III A.
Term Typically Offered: Fall, Spring

Advanced training in the theory and practice of Ballet including proper alignment, collaboration of foot and arm positions, and appreciation of classical musical accompaniment. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 113B. Ballet Level III B.
Term Typically Offered: Fall, Spring

2 Units

Continued training at the advanced level in the theory and practice of Ballet including proper alignment, collaboration of foot and arm positions, and appreciation of classical musical accompaniment. Instructor with dance faculty representatives will audition students during first week of class for proper placement.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 113C. Ballet Level III C.
Prerequisite(s): Instructor permission
Term Typically Offered: Fall, Spring

Further refinement within the proficiency of performing Ballet techniques while expanded intellectual and kinesthetic understanding of different Ballet styles which will be attained through the further emphasis of anatomy and the expanded building of the bodily strength and endurance through barre and center work.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome. Audition during first week of classes, all students welcome.

DNCE 118. Dance Improvisation.
2 Units

Prerequisite(s): DNCE 1A or DNCE 1B or DNCE 1C or DNCE 2A or DNCE 2B or DNCE 2C or instructor permission.
Term Typically Offered: Spring only

Exploration of the creation of movement through improvisation. Students will simultaneously explore and create, while spontaneously performing inner-directed movement without intellectual censorship.

Note: May be repeated for up to 4 units of credit. Satisfies degree requirements, all students welcome.

DNCE 120. Dance Composition I.
2 Units

Prerequisite(s): DNCE 118 or instructor approval
Term Typically Offered: Fall only

An exploration of the principle elements and processes utilized in the choreographic process.

Note: Satisfies degree requirements, all students welcome

DNCE 122. Dance Composition II.
2 Units

Prerequisite(s): DNCE 120 or Instructor permission.
Term Typically Offered: Fall, Spring

An in-depth exploration of the concepts, approaches, and processes used to further develop a stylistic approach to Dance Composition.

Note: Satisfies degree requirements, all students welcome.

DNCE 130. Appreciation and History of Dance.
3 Units

General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring

Survey in the appreciation and history of dance and the relationship of dance to the fine and liberal arts in Western Civilization. Emphasis upon the history of ballet; American modes of expression: modern and jazz forms.

Note: Non-activity.
DNCE 131. Dance Cultures Of America. 3 Units
General Education Area/Graduation Requirement: Race & Ethnicity Graduation Requirement (RE), Arts (Area C1)
Term Typically Offered: Fall, Spring
Survey course in the appreciation and understanding of dance cultures in America. The relationship of dance to the identity and expression of different cultural groups in the U.S. will be examined. Jazz, modern, and ballet from a multicultural perspective will be the focus of the class.
Note: Non-activity.

DNCE 132. African-Caribbean Dance. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1), Race & Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring
Introduction to the rich dance cultures of the Caribbean. Students will learn the different dances of Haiti, Cuba, Jamaica and Trinidad as they relate to their function in secular and religious culture, including the study of the Dunham Dance Technique.
Note: May be repeated for up to 6 units of credit.

DNCE 142. Dance Science and Somatics. 3 Units
Prerequisite(s): Upper division standing, or instructor permission.
Term Typically Offered: Fall, Spring
The study of skeletal structure, joint and muscle function, and the mechanics of movement geared specifically for dancers and movement practitioners. Incorporated into the course will be the study of embodied awareness practices - Somatics. The structural and energetic connections of the body will be explored within a context of both ease and efficiency of movement as well as creative expression.
Note: May be repeated for up to 6 units of credit. Satisfies degree requirement, all students welcome.

DNCE 143. University Dance Company. 1 Unit
Term Typically Offered: Fall, Spring
Participation in the University Dance Company includes pre-professional dance conditioning and performance skill acquisition. Fulfills requirement for Dance Major and elective for Dance Minor; all students welcome to audition.
Note: Admission by audition only, this course is approximately 30 hours of participation in mandatory weekly class.

DNCE 150. Dance Theory and Criticism. 3 Units
Prerequisite(s): DNCE 122, DNCE 130, DNCE 131, instructor permission.
Term Typically Offered: Fall, Spring
Exploration of the contemporary theories and philosophies of movement, specifically in the dance genres of modern and jazz.. Also explores personal aesthetics and how to look at dance from a critical writing and oral presentation perspective. The role of the audience as well as the critic will be assessed and students will learn to evaluate content of movement in relation to its intention, motivation, and delivery.

DNCE 160. Creative Dance for Children. 3 Units
Term Typically Offered: Spring only
Exploration of creative dance as it applies to young children; including exploration of non-locomotor and locomotor movement patterns through problem solving and guided discovery techniques.

DNCE 190. Capstone Dance Project. 2 Units
Prerequisite(s): DNCE 150
Term Typically Offered: Fall, Spring
Participation and creative research in the rehearsal, production, and performance of a public dance production. Students will synthesize all major course materials to individually create a new choreographic work and collaboratively produce the Senior Dance Concert as their capstone project. Fulfills requirements for Dance Major.
Note: Dance Majors Only or Instructor Permission.

THEA 1. Introduction To Theatre. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Primarily for non-majors interested in acquiring a background of information in theatre. Plays, history, acting theories, technical methods and people in the theatre. Lectures, demonstrations and discussions will characterize the greater portion of the course.

THEA 2. History of the Theatre: Ancient to Renaissance. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall only
Broad survey of the nature and development of theatrical performance from ancient times through the Renaissance which emphasizes the relationship between theatre and the larger philosophical social and political concerns of its time.

THEA 3. Theatre History After 1660. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Spring only
Investigates the relationship between the development of theatre styles, structures and institutions, and philosophical, political, and cultural practices after 1660. Considers plays, production styles, theatre as an institution, and issues of representation of gender, race and class.

THEA 5. Aesthetics of Theatre and Film. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Interpretations of seminal dramatic scripts emphasizing the aesthetics of the theatrical art in relation to the cinematic medium.

THEA 9. Appreciation Of Acting. 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Examination of the art of acting, including a review of actors and acting - past and present. Basic exercises in voice and diction, movement, and character will be utilized.

THEA 11. Acting Study I. 3 Units
Prerequisite(s): Theatre and Dance Majors or Minors or instructor permission.
Term Typically Offered: Fall, Spring
An introduction to, and a solid working foundation of, the basic building blocks of the acting craft. Through ensemble building, personal reflection, physical commitment, and vocal awareness exercises, students have the opportunity to improve and grow as an actor in both individual and partnered performance. Key learning goals include the ability to understand, interpret and execute the foundational elements of drama (plot, character, thought, and language).
THEA 14. Stage Makeup and Costume Construction. 3 Units
Term Typically Offered: Fall, Spring
This course provides a comprehensive look at the technical side of stage makeup and stage costumes, with an emphasis on makeup application and costume construction. Students learn use of materials, equipment, theatre terminology, and the practical aspects of costume and stage makeup realization. Students work on costume and makeup projects from start to finish in the makeup lab and costume shop.
Note: Enrollment restricted to Theatre Majors/Minors, Dance Majors/Minors; non-majors enrolled with Department approval only; Instructor permission required to enroll concurrently with THEA 16 or 20.

THEA 16. Stagecraft. 3 Units
Term Typically Offered: Fall, Spring
Principles of scenic and stage prop construction, techniques of mounting and shifting stage scenery, and the study of ground plans and construction drawings for theatrical production. Lecture/lab activity.
Note: May not be taken concurrently with THEA 14 or THEA 20 without instructor permission.

THEA 20. Lighting. 3 Units
Term Typically Offered: Fall, Spring
Principles of stage lighting, fixtures, control and color. Introduction to basic concepts and practices of lighting design. Lecture/lab activity.
Note: May not be taken concurrently with THEA 14 or THEA 16 without instructor permission.

THEA 21. First Year Seminar: Becoming an Educated Person. 3 Units
General Education Area/Graduation Requirement: Understanding Personal Development (E)
Term Typically Offered: Fall, Spring
Introduction to the meaning of higher education, resources of the University, and skills for lifelong learning. Designed to help students develop academic success strategies and to improve information literacy, intercultural competence, and integrative thinking. Provides students with the opportunity to interact with fellow students and seminar faculty to build a community of academic and personal support.

THEA 96A. Stage and Production Management. 3 Units
Term Typically Offered: Spring only
Explores the relationship between stage and production management, including the preparation of prompt scripts, pre- and post-production planning and organization, as well as the management of actors, technical rehearsals, and performances. This course focuses on historical and global perspectives, communication tools, and strategies used in the creation and organization of a theatrical production. May count as an elective for the major with advisor approval.

THEA 100. Script Analysis. 3 Units
Prerequisite(s): THEA 2, THEA 3
Corequisite(s): THEA 3
Term Typically Offered: Spring only
Through lecture and discussion, students explore the foundational elements of play scripts. The class investigates the structure of a play as well as its use of character, thought, plot, diction, song, and spectacle to analyze how a play’s social and cultural elements inform potential productions.

THEA 102A. Voice and Movement I. 3 Units
Prerequisite(s): THEA 11.
Term Typically Offered: Fall, Spring
Introduction to the basic fundamentals of voice production and movement for the actor. Basic anatomy and physiology, relaxation, alignment, and breath work and its connection to movement. Feldenkrais, the Alexander Technique, and physical strengthening exercises are used in combination with vocal exercises to develop the actor’s voice and body. Vocal and physical improvisation are introduced through various voice and movement exercises.

THEA 102B. Voice and Movement II. 3 Units
Prerequisite(s): THEA 11, THEA 102A or instructor permission.
Term Typically Offered: Fall, Spring
Strengthening and enhancing the vocal work developed in Voice and Movement I is continued with an in depth study of the International Phonetic Alphabet and its importance when performing heightened language plays. Solo presentation and a devised final ensemble project round out the course requirements.

THEA 104. Acting Study II. 3 Units
Prerequisite(s): THEA 11, THEA 102A or instructor permission.
Term Typically Offered: Fall, Spring
To further develop the basic concepts of acting through scene work from the American modern repertoire. Particular emphasis is placed on the importance of a play’s given circumstances, and the commitment required to make bold, active tactics choices when developing a character. Further investigation of the actor’s process in analyzing text and incorporating research through character analysis, as it ties into performance, are explored.

THEA 106. Latin American Film. 3 Units
Term Typically Offered: Fall, Spring
Exploration of the major movements in Latin American cinema beginning with the initial impetus of the Argentine and Mexican film industry of the late 1940’s and the relationship of their aesthetic formulas to the cultural and socio/political climate of major Latin American nations.

THEA 107. Directing. 3 Units
Prerequisite(s): THEA 2, THEA 3, THEA 11, THEA 14, THEA 16, THEA 20, THEA 100
Term Typically Offered: Fall only
Practical experience in production procedures, characterization and basic principles of play direction. Analyzes directing techniques. Class typically attends a rehearsal and performance at Capital Stage (professional theatre in Midtown).
Note: Field trip.
Field trip(s) may be required.

THEA 109. Musical Theatre. 3 Units
Prerequisite(s): THEA 11
Term Typically Offered: Spring only
Practical study in singer-actor performance techniques. Major consideration is given to coordination of gesture and/or choreography, dialogue, melody, and lyric.
3 Units
**Prerequisite(s):** THEA 11, THEA 102A and/or THEA 102B, THEA 104 or instructor permission.  
**Term Typically Offered:** Fall, Spring

The study of ways to research, rehearse and perform advanced acting styles and techniques with an emphasis on text analysis, given circumstances, subtext, and heightened language.  
**Note:** May be taken twice for credit.

THEA 111. Audition Technique.  
3 Units
**Prerequisite(s):** THEA 11, THEA 102A &/OR THEA 102B, THEA 104; Musical Theatre minors must also take THEA 109.  
**Term Typically Offered:** Spring only

An in-depth study of the business of becoming a working professional actor and the techniques needed when auditioning for a professional theatre company. Students prepare an audition repertoire that is appropriate to their age and type; audition for a panel of theatre professionals and receive feedback for both areas of skill and those needing improvement. Resumes, headshots, trade papers, skill sets, and financial budgeting are examples of the areas included within the content of this course. An introduction to television/commercial and musical theatre audition techniques is also incorporated.

THEA 113. Acting Styles: Shakespeare.  
3 Units
**Prerequisite(s):** THEA 11, THEA 102A &/or THEA 102B, THEA 104  
**Term Typically Offered:** Fall, Spring

Designed to familiarize the intermediate acting student with the very specific demands of performing the works of William Shakespeare. Beginning with an in-depth study of the structure and meter of verse poetry, THEA 113 provides the vocal, physical, and analytical tools with which to approach this material in an intelligent and confident manner. Scene and monologue work is detailed and extensive.

THEA 115. Puppetry.  
3 Units  
**Term Typically Offered:** Fall, Spring

Play production with puppets. Practical work in constructing and manipulating various kinds of puppets. Simple puppets for use at elementary level; hand puppet production. Lecture/lab activity.

THEA 115A. Multicultural Puppetry.  
3 Units  
**General Education Area/Graduation Requirement:** Arts (Area C1), Race & Ethnicity Graduation Requirement (RE)  
**Term Typically Offered:** Fall, Spring

Multicultural puppetry was developed to introduce the student to the techniques and construction of puppetry and its use in a multicultural setting. Puppetry has been found to be an excellent tool for the teaching of multiculturalism to children. Emphasizes the methodology in the development of multicultural/multilingual scripts and their use in the implementation of curriculum. The ability to speak a second language is not a prerequisite.

THEA 118. Children's Theatre.  
3 Units  
**Term Typically Offered:** Fall, Spring

Study of special problems and techniques in the production of formal and improvisational drama for children; a consideration of techniques, methods and materials for use in the classroom to support and supplement curricular goals.

THEA 120A. Practicum in Technical Production.  
1 Unit  
**Term Typically Offered:** Fall, Spring

Practical experience in handling technical stagecraft problems, stage management, and crew management. Activity and participation in major productions. Four hours per week minimum required in workshop.  
**Note:** THEA 120A requires students to work on one departmental production a semester for a minimum of 4 hours/week; may be repeated for credit.

THEA 120B. Practicum in Technical Production.  
2 Units  
**Term Typically Offered:** Fall, Spring

Practical experience in handling technical stagecraft problems, stage management, crew management. Activity and participation in major productions. Eight hours minimum a week required workshop.  
**Note:** THEA 120B requires students to work on two departmental productions a semester for a minimum of 8 hours/week; may be repeated for credit.

THEA 120C. Practicum in Technical Production.  
3 Units  
**Term Typically Offered:** Fall, Spring

Practical experience in handling technical stagecraft problems, stage management, crew management. Activity and participation in major productions. 12 hours minimum a week required workshop.  
**Note:** THEA 120C requires students to work on three departmental productions a semester for 12 hours/week; may be repeated for credit.

THEA 121. Rehearsal and Performance.  
1 Unit  
**Term Typically Offered:** Fall, Spring

Participation in the preparation, rehearsal and performance of a departmental production. Approximately 50 hours of participation (including rehearsal and performance time) for one unit of credit. Admission by audition. A total of six undergraduate units may be taken.

THEA 123. Lighting and Set Design.  
3 Units  
**Prerequisite(s):** THEA 16 and THEA 20 or instructor permission.  
**Term Typically Offered:** Fall, Spring

Advancement in the methods of developing concepts for and of productions involving analysis of the script, research and spatial awareness in relation to scenic and lighting design.

THEA 131. Costume Design.  
3 Units  
**Term Typically Offered:** Spring only

Study of costume history, design elements, play and character analysis, rendering and presentation techniques, and production procedures. Practical experience in the basics of costume construction with a focus on character interpretation and collaboration with other theatre artists.

THEA 140. Black Drama in the African Diaspora.  
3 Units  
**General Education Area/Graduation Requirement:** Arts (Area C1)  
**Term Typically Offered:** Fall, Spring

Survey of the contributions of theatre artists in the African Diaspora. The reading list includes dramas from Africa, the Caribbean and United States and focuses on how social, cultural, and political climates influence Black Drama.
THEA 144.  Women and Theatre: Staging Diversity.  3 Units
General Education Area/Graduation Requirement: Race & Ethnicity
Graduation Requirement (RE), Arts (Area C1)
Term Typically Offered: Fall, Spring
Survey and performance course that focuses on identity theories and the
contributions of contemporary female theatre artists. Lecture two hours;
lab two hours.
Cross Listed: WOMS 144; only one may be counted for credit.

THEA 155.  Contemporary World Cinema.  3 Units
Term Typically Offered: Fall, Spring
A historical review of the development of major international film styles
and themes. Theoretical and critical concepts derived from this study of
international film and then used as the basis to analyze contemporary
films of South America, Europe, India, East Asia, Africa and the Middle
East. Emphasis is on both the development of formal film techniques and
a comparison of the unique cultural values that shape the film narrative
style.
Crosslisted: FILM 155

THEA 170.  African American Theatre and Culture.  3 Units
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+;
or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement
in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ
score 70 or 71 and co-enrollment in ENGL 109X.
General Education Area/Graduation Requirement: Arts (Area C1), Writing
Intensive Graduation Requirement (WI)
Term Typically Offered: Fall, Spring
Survey of African American theatre and drama as a reflection of African
American history and culture from slavery to today. This is a writing-
intensive course.

THEA 173.  Contemporary Chicano/Latino Theatre: Themes and
Performance 1965-Present.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Study of contemporary Chicano/Latino, Chicana/Latina theatre and
drama from 1965 to the present, and its approaches toward performance.
The course focuses on new trends, influences and new developments in
playwriting, directing, performance styles, and its impact on the movie
industry.

THEA 174.  Multicultural Perspectives in American Theatre.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1), Race &
Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring
Study of the historical and artistic contributions of Native Americans,
Chicano/Latinos, African-Americans and Asian-Americans to American
Theatre. Focuses on a range of plays from various ethnic and racial
groups, forming a multicultural classroom experience; specifically study
groups, from 1965 to the present, and examine the cultural, sociological
and political climate in which these plays were created.

THEA 175.  Multicultural Perspectives in American Film.  3 Units
General Education Area/Graduation Requirement: Arts (Area C1), Race &
Ethnicity Graduation Requirement (RE)
Term Typically Offered: Fall, Spring
Study of the historical and artistic contributions of Native American,
Chicano/Latino, African-Americans and Asian American to the American
cinema. The course will concentrate on a range of films with an emphasis
on multicultural theoretical and critical writings and will examine the
cultural and socio-political climate in which these films were crafted.

THEA 190.  Senior Production.  2 Units
Prerequisite(s): THEA 2, THEA 3, THEA 11, THEA 14, THEA 16, THEA 20,
THEA 100, THEA 120A, THEA 104, THEA 107, THEA 120 (3 units),
THEA 121 and THEA 123 or THEA 131.
Corequisite(s): THEA 120 (3 units) may be taken concurrently if needed
Term Typically Offered: Spring only
This capstone course provides practical experience in theatrical
production by focusing on the foundational elements of play production
and the collaborative page-to-page production process.

THEA 194.  Theatre-Related Work Experience.  3 - 12 Units
Prerequisite(s): Consent of Department chair.
Term Typically Offered: Fall, Spring
Supervised employment in a company or producing agency working
on theatre-related work, arranged through the Theatre and Dance
Department and the Cooperative Education Program office. Requires
preparation of application packet, completion of a 3-6 month full-time or
part-time work assignment, and a written report. No more than 3 units
will be counted towards the degree.
Note: Open only to upper division or graduate students with appropriate
course preparation.
Credit/No Credit

THEA 195.  Fieldwork.  2 - 3 Units
Prerequisite(s): Junior or Senior standing and permission of the
instructor of record.
Term Typically Offered: Fall, Spring
Internship with local theatre company or arts organization that provides
direct, supervised experience with different aspects of performance and/
or theatre management. Requires students to maintain a journal and
submit a final paper to faculty internship coordinator. Graded: Credit/ No
Credit Units: 2.00 - 3.00
Credit/No Credit

THEA 199.  Special Problems in Theatre.  1 - 3 Units
Prerequisite(s): Instructor permission.
Term Typically Offered: Fall, Spring
Individual project or directed reading.
Note: Departmental petition required.

THEA 500.  Culminating Experience.  3 Units
Prerequisite(s): Advanced to candidacy and permission of the graduate
coordinator.
Term Typically Offered: Fall, Spring
Completion of a thesis, directing project, or playwriting project.

BA in Dance
Units required for Major: 48
Total units required for BA: 120

Program Description
The California State University, Sacramento Department of Theatre and Dance fosters student-learning to advance critically-thinking, creative and collaborative artists. It provides a broad and thorough foundation of the history, theory, literature and the practice of theatre and dance to students who wish to pursue post graduate studies or join the profession. The Department of Theatre and Dance offers an imaginative and ambitious program of historical and contextual studies supported by studio and production work. Our mission challenges students to be independent thinkers. Our department provides a collaborative, artistic environment that reflects a richly complex and diverse global perspective complemented by national and international faculty and staff experience.

Minimum Grade Requirement
A minimum grade of "C-" is required of courses applied to the major.

**Graduation Requirements (required by CSU) (9 Units)**
American Institutions: U.S. History | 3
American Institutions: U.S. Constitution & CA Government | 3
Writing Intensive (WI) | 3

**Graduation Requirements (required by Sacramento State) (12 Units)**
English Composition II | 3
Race and Ethnicity in American Society (RE) | 3
Foreign Language Proficiency Requirement | 6

To help you complete your degree in a timely manner and not take more units than absolutely necessary, there are ways to use single courses to meet more than one requirement (overlap). For further information, please visit the General Education page (p. 1103).

**Note:** There is no way to list all possible overlaps so please consult with a professional advisor. The Academic Advising Center can be visited online (http://www.csus.edu/acad/), by phone (916) 278-1000, or email (advising@csus.edu).

1 Required in Major; also satisfies Graduation Requirement.
2 If not satisfied before entering Sacramento State, it may be satisfied in General Education Area C2 (Humanities). "C- or better required."

The alternative methods for satisfying the Foreign Language Proficiency Requirement are described here: https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html (https://www.csus.edu/college/arts-letters/world-languages-literatures/foreign-language-requirement.html)

BA in Theatre

Units required for Major: 48
Total units required for BA: 120

Program Description

The California State University, Sacramento Department of Theatre and Dance fosters student-learning to advance critically-thinking, creative and collaborative artists. It provides a broad and thorough foundation of the history, theory, literature and the practice of theatre and dance to students who wish to pursue post graduate studies or join the profession. The Department of Theatre and Dance offers an imaginative and ambitious program of historical and contextual studies supported by studio and production work. Our mission challenges students to be independent thinkers. Our department provides a collaborative, artistic environment that reflects a richly complex and diverse global perspective complemented by national and international faculty and staff experience.

Minimum Grade Requirement

A minimum grade of "C-" is required of courses applied to the major.

Program Requirements

Code | Title | Units
--- | --- | ---
**Required Lower Division Courses (18 Units)**
THEA 2 | History of the Theatre: Ancient to Renaissance | 3
THEA 3 | Theatre History After 1660 | 3
THEA 11 | Acting Study I | 3
THEA 14 | Stage Makeup and Costume Construction | 3
THEA 16 | Stagecraft | 3

THEA 20 | Lighting | 3
**Required Upper Division Courses (24 Units)**
THEA 100 | Script Analysis | 3
THEA 102A | Voice and Movement I | 3
THEA 104 | Acting Study II | 3
THEA 107 | Directing | 3
THEA 120A | Practicum in Technical Production (1 unit x 3) | 1
THEA 121 | Rehearsal and Performance | 1
THEA 190 | Senior Production | 2
THEA 192 | Advanced Stagecraft | 3
THEA W85 | Directed Readings in Theatre | 1
THEA 195 | Fieldwork | 1
THEA 199 | Special Problems in Theatre | 1

Select one of the following courses fulfilling the "Multicultural Theatre" requirement:
THEA/WOMS 144 | Women and Theatre: Staging Diversity | 1
THEA 170 | African American Theatre and Culture | 1
THEA 173 | Contemporary Chicano/Latino Theatre: Themes and Performance 1965-Present | 1
THEA 174 | Multicultural Perspectives in American Theatre | 1

Select one of the following courses fulfilling the "Design" requirement:
THEA 123 | Lighting and Set Design | 3
THEA 131 | Costume Design | 3

**Electives (6 Units)**
Select two of the following: | 6
THEA 102B | Voice and Movement II | 2

World Languages and Literatures

College of Arts and Letters

Program Description

Sacramento State offers courses and/or degrees in the languages listed below. Refer to appropriate section of catalog for course descriptions and requirements.

- **Chinese** - Minor
- **French** - Bachelor of Arts, Minor
- **German** - Minor
- **Italian** - Minor
- **Japanese** - Minor
- **Spanish** - Bachelor of Arts, Minor, Master of Arts

In addition, coursework is available in:

- **Arabic**
- **Korean**
- **Punjabi**

Special Features

- International Programs are offered in China, France, Germany, Italy, Japan, Quebec, Spain and Taiwan.
- Honor Societies exist for the areas of French, German, and Spanish. Language Clubs are organized for Chinese, French, German, Italian, Japanese, and Spanish. Community internships and field experience are offered in Chinese, French, German, Italian, Japanese, and Spanish.

Certificate Program in Criminal Justice Spanish

Total Units for Certificate: 17

The Certificate Program in Criminal Justice Spanish is designed to prepare students and professionals in the criminal justice and related fields to serve the needs of the growing Spanish-speaking population in California by being able to communicate with them.

Coursework in the Certificate Program in Criminal Justice Spanish lends itself to a practical acquisition of specialized terminology in Spanish used in criminal justice settings and Hispanic cultural competence.

For admission to the program, participants need to be in good academic standing and successful completion of three years of HS Spanish, which is equivalent to SPAN 2A, or instructor permission.

The program coordinator will review every student at the end of every academic term, and determine whether students are making sufficient progress to continue in the program.

Faculty
SMITH, CURTIS D.

CHIN 1A. Elementary Mandarin. 5 Units
Term Typically Offered: Fall only

Beginning Mandarin with emphasis on listening comprehension, speaking, grammar structure and character writing. The relationship between language and culture will also be emphasized. Includes an introduction to elements of Chinese culture that pertain to language, such as mode of thinking, inter-human relations, and aesthetic expressions.

CHIN 1B. Elementary Mandarin. 5 Units
Prerequisite(s): CHIN 1A or instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2), Foreign Language Graduation Requirement
Term Typically Offered: Spring only

Continuation of CHIN 1A, with growing emphasis on reading, writing, and listening. Chinese cultural patterns as reflected in the language, such as societal values and views of the world, will continue to be emphasized.

CHIN 2A. Intermediate Mandarin. 4 Units
Prerequisite(s): CHIN 1B or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall only

Intermediate Mandarin on the further development of reading, speaking, and writing skills. Emphasis will be placed on the shift from romanized script to Chinese characters. Introduction will also be made to simple prose reading. Meets the Foreign Language Graduation Proficiency Requirement.

CHIN 2B. Intermediate Mandarin. 4 Units
Prerequisite(s): CHIN 2A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Spring only

Continuation of CHIN 2A designed to further the development of reading, speaking and writing skills at the intermediate to intermediate-high level.

CHIN 110. Advanced Mandarin. 3 Units
Prerequisite(s): CHIN 2B or instructor permission.
Term Typically Offered: Fall only

Offered to third-year Mandarin learners, this course is designed to further develop language and communication skills with a focus on reading and discussing selected topics pertaining to a variety of contemporary China. Students will also study strategies for reading both simplified and traditional Chinese characters.

CHIN 120. Chinese Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring

Presentation of formative cultural achievements of China through language and literature with a view to understanding present-day popular Chinese culture. A general survey conducted in English for students who are taking Chinese language courses and others who want a deeper appreciation of this important non-Western culture.
Minor in Chinese

Total units required for Minor: 12 upper division units in Chinese selected with the approval of the Chinese language advisor

Program Description

Courses in Chinese encompass the study of Chinese language, literature, media, and culture. The primary emphasis is on Modern Standard Mandarin Chinese. Elementary Chinese courses (CHIN 1A through CHIN 1B) focus on reading, writing, and spoken Mandarin, based on Traditional Chinese characters. Upon completion of CHIN 2B, students will be able to converse at an elementary to intermediate level and to read and write Traditional and Simplified Chinese texts. The upper division courses form the nucleus for a minor and provide a foundation for advanced studies at other universities or graduate school. Upper division lecture courses taught in English are designed to help students appreciate the richness of Chinese culture, language, and literature in the tradition of general education.

An understanding of China, combined with proficiency in the Chinese language, will, in addition to the obvious academic and intellectual gains, make graduates more versatile and sought after in international business, education, social work, law enforcement, government, and Foreign Service positions.

Through language instruction, students will acquire the basic tools to communicate with the growing population of Chinese-speaking immigrants in California, to undertake travels in China, Taiwan, Hong Kong, and other Southeast Asian countries where Chinese are a major ethnic group, and to pursue further studies in Chinese history, culture, and society.

Students interested in further advanced study in Chinese may design a Special Major in Chinese by consulting program faculty and spending one year undergoing intensive language study at a Mandarin Training Center in Taiwan, China, or Hong Kong. The Asian Studies Program also offers a major with a concentration in Chinese Studies.

Note: The prerequisite lower division language acquisition will generally be done through coursework; though an equivalency exam is available for those students who feel they may already be at the upper division level.

French

Program Description

The French program is a cultural resource to Sacramento State and the Sacramento community in general; it represents the French language, literature, and civilization of Europe, Africa, and North America as well as other areas of the world where French is the common language.

The French program helps prepare its majors and minors for careers not only in teaching but in many other fields as well, such as business, journalism, political sciences, and government service. To that end it offers courses that enable students to grow intellectually and to live and work successfully in areas where the French language is spoken.

The program reaches out to both the local and international communities. Students have the opportunity to study abroad as well as to tutor and teach in local schools. The French faculty pride themselves on being accessible to students and taking a keen interest in the students' individual achievements.

The Bachelor of Arts in French offers an exploration of the vast contribution that French language and Francophone cultures have made to the world. The program gives courses in literature, culture, and language (there are also courses in translating and interpreting).

Students majoring in business often find a French minor to be an asset to their careers. Students majoring in other fields may minor in French if a large part of their professional literature is in French or because they may work in a location where French is widely spoken; for others a French minor may meet graduate-degree requirements.

Degree Programs

BA in French (p. 330)
Minor in French (p. 331)
Subject Matter Program (p. 332)
Special Features

- An active Francophone Club offers students the opportunity to participate in Francophone-oriented cultural and social events and a chance to meet Francophone people on an informal basis.
- Students are encouraged to spend part of their undergraduate careers in study abroad. Sacramento State sponsors exchanges with various universities in Quebec and a consortium of campuses of the University of Paris. The CSU has a Junior Year Abroad program in France at Aix-en-Provence. In addition, each year a Sacramento State graduate with a major in French is awarded a teaching assistantship in France with a salary from the French government. CSU students, with any major, may enroll for one year at a Canadian university. French majors, particularly, will find this program gives them a unique opportunity to become acquainted with French-Canadian culture and language. Summer language programs are available in Canada; students who achieve sufficient proficiency in French may attend a French-language university (information available from the Sacramento State Office of International Programs, Library 1001).

Career Possibilities

International Business Personnel · Trade and Commerce · Export/Import · Interpreter/Translator · Banking Representative · Buyer/Sales Representative · Foreign/Diplomatic Service · Airlines Personnel · Travel Industry · Media Personnel/Foreign Correspondent · Public Relations · US Immigration/Customs · US Information Agency · Peace Corps · Language Teacher · Bilingual/Foreign Secretary · Foreign Publications/Textbook Editor · Research Assistant

Faculty

RUSSELL, BEATRICE

FREN 1A. Elementary French. 4 Units
Term Typically Offered: Fall, Spring

Focuses on the development of elementary linguistic skills, with emphasis on the spoken language. The relationship of the language to French civilization and culture is given special attention.

FREN 1B. Elementary French. 4 Units
Prerequisite(s): FREN 1A and a suitable score on placement exam; or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring

Continuation of FREN 1A, with emphasis on reading, writing, listening and speaking. French culture and its relationship to language is given continued attention.

Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 2A. Intermediate French. 4 Units
Prerequisite(s): One year of college French, suitable score on placement exam; or instructor permission.
General Education Area/Graduation Requirement: Humanities (Area C2), Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Emphasis on speaking, reading and writing ability. Dialogues, discussions and compositions in French.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 2B. Intermediate French. 4 Units
Prerequisite(s): FREN 2A, suitable score on the placement exam; or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of FREN 2A.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 100. Phonetics and Pronunciation. 3 Units
Prerequisite(s): Four semesters of French or equivalent.
Term Typically Offered: Fall, Spring

Review and practice all the main phonetic features of the spoken French language. Complete familiarization with the international phonetic alphabet. Practice in written transcription and oral pronunciation of all vowel and consonant sounds in French. Review and practice characteristics of diction, articulation, intonation, the musical movement of the sentence and rhythm. Orthographic problems and the phenomena of spelling and pronunciation are integrated with all written and oral exercises. Elimination of specific pronunciation problems for English speakers (r/l, mute, e, nasals, final consonants, etc.).

FREN 101. Advanced Grammar. 3 Units
Prerequisite(s): FREN 2B or equivalent.
Term Typically Offered: Fall, Spring

FREN 102. Advanced Conversation. 3 Units
Prerequisite(s): Four semesters of French or equivalent.
Term Typically Offered: Fall, Spring

Mastery of spoken French language through discussion of personal readings to develop vocabulary and syntactical skills. Conducted in French. May be taken for credit twice.

FREN 103. Advanced Composition. 3 Units
Prerequisite(s): FREN 101 or instructor permission.
Term Typically Offered: Fall, Spring

Special attention to help students learn the dynamics of good writing, become sensitive to style and develop ability to express their thoughts coherently, in essentially correct and well structured French prose. Conducted in French.
FREN 104A. French Translation (French-English). 3 Units
Prerequisite(s): Upper division status in French.
Term Typically Offered: Fall, Spring
Development of translating techniques applicable to texts in areas such as literature, sciences, journalism, history, art. Review and comparative study of French and English grammars and styles. Conducted in French.

FREN 104B. French Translation (English-French). 3 Units
Prerequisite(s): FREN 101 and upper division status in French.
Term Typically Offered: Fall, Spring
Development of translating techniques from English to French applicable to texts in such areas as business, culture and/or literature. Continued comparative study of French and English grammars and styles. Conducted in French.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 107. Business French. 3 Units
Prerequisite(s): Second year college level proficiency or equivalent; or instructor permission.
Term Typically Offered: Fall, Spring
Designed to create awareness of linguistic and crosscultural differences affecting effective communication between American and Francophone speakers in the world of business, and to provide added confidence in transactions and negotiations. Explores how to do business in France, how different business structures work and interact, and how to participate in everyday business activities. Particularly helpful to International Business students to enhance understanding of Francophone and European markets and to develop business oriented French language skills. Prepares student to obtain two different Business French Certificates offered by the Chamber of Commerce and Industries of Paris and the French Ministry of Education. Conducted in French.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 109. French Language Practice. 3 Units
Prerequisite(s): FREN 2B.
Term Typically Offered: Fall, Spring
Practice with French conversation, reading, and vocabulary development; supervised individual and small-group instruction designed to develop French vocabulary, including the conversation, listening and reading skills necessary for advanced study in French. May be taken for credit three times.

FREN 110. Survey of French Literature. 3 Units
Prerequisite(s): FREN 101, FREN 103, FREN 109 or instructor permission.
Term Typically Offered: Fall, Spring
An introduction to French literature through texts of varied length from different time periods and genres with a focus on the use of language. Conducted in French.

FREN 111. Topics in Francophone Literature. 3 Units
Prerequisite(s): FREN 110, or equivalent; or instructor permission.
Term Typically Offered: Fall, Spring
Study of literary texts by Francophone writers with an emphasis placed on textual analysis and the relationship between text and context. Conducted in French.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

FREN 120. French Civilization. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Presentation of formative cultural achievements of the French world from its origins to the present, i.e., the origin of the French language. Contributions to European Renaissance, Baroque and Classicism, the Revolutionary and Romantic eras, and modern western culture.
Note: Open to non-majors. Course taught in English.

FREN 125. Quebec and French North America. 3 Units
Term Typically Offered: Fall, Spring
Development and significance of francophone culture in North America, notably Quebec, French Canada and Louisianan, are explored through historical events, social changes and artistic achievements. Introduces major cultural trends and traditions from the 17th century to the present through non-fiction, literary works and audio-visual presentations in art and music. French majors and minors are required to do all reading, research and papers in French.
Note: Upper division status required.

FREN 130. Culture Wars: From Knighthood to Revolution. 3 Units
Prerequisite(s): GWAR Certification before Fall 09, or WPJ score of 70+, or at least a C- in ENGL 109M or ENGL 109W.
Term Typically Offered: Fall, Spring
Study of the profound influence of culture wars through the interpretation of major French writers, philosophers and scientists ranging from the Middle Ages to the 18th century. All readings and lectures in English.
Note: Open to non-majors.

FREN 170. Seminar Conducted in French. 3 Units
Prerequisite(s): FREN 110.
Term Typically Offered: Fall, Spring
Seminars in French will be offered as needed.

FREN 194. Field Experience/Internship. 1 - 3 Units
Prerequisite(s): Intermediate competency in French and instructor permission.
Term Typically Offered: Fall, Spring
Directed fieldwork in a project which uses language skills developed through previous study of French. Projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. May be taken more than once for credit. Does not apply to major.
Credit/No Credit

FREN 195. Fieldwork - Tutoring. 1 - 3 Units
Prerequisite(s): Native or near-native fluency in French, upper division status; or instructor permission.
Term Typically Offered: Fall, Spring
Tutoring of lower division French students under supervision of an instructor. Three hours of tutoring per week for each unit. Does not apply to major.
Credit/No Credit

FREN 196. Experimental Offerings in French. 3 Units
Term Typically Offered: Fall, Spring
Special courses will be scheduled as needed.
BA in French

Units required for Major: 36
Total units required for BA: 120

Program Description
The French program is a cultural resource to Sacramento State and the Sacramento community in general; it represents the French language, literature, and civilization of Europe and North America as well as other areas of the world where French is the common language.

The French program helps prepare its majors and minors for careers not only in teaching but in many other fields as well, such as business, journalism, and government service. To that end it offers courses that enable students to grow intellectually and to live and work successfully in areas where the French language is spoken.

The program reaches out to both the local and international communities. Students have the opportunity to study abroad as well as to tutor and teach in local schools. The French faculty pride themselves on being accessible to students and taking a keen interest in the students’ individual achievements.

The Bachelor of Arts in French offers an exploration of the vast contribution that French language and culture have made to the world. The program gives courses in literature, culture, and language (there are also courses in translating and interpreting).

Note: A GPA of 2.75 is required in courses applied to the major.

Additional Information
- **Credit by Exam:** A maximum of 16 units in foreign language studies may be challenged, only 12 of which may be in French.
- **Junior Year in France:** Student planning to apply for admission to the overseas program should consult the department for information.
- **Foreign Language for Advanced Degree Requirements:** Many graduate degree programs require competence in one or more foreign languages, and French is often is recommended or required. Students planning advanced degree study in areas having foreign language requirements should give careful consideration to completing two or more years of a foreign language as part of their baccalaureate degree.

2 Required in Major; also satisfies GE.

**Minor in French**

Units required for Minor: 12 units all upper division courses taught in French

**Program Description**

The French program is a cultural resource to Sacramento State and the Sacramento community in general; it represents the French language, literature, and civilization of Europe and North America as well as other areas of the world where French is the common language.

The French program helps prepare its majors and minors for careers not only in teaching but in many other fields as well, such as business, journalism, and government service. To that end it offers courses that enable students to grow intellectually and to live and work successfully in areas where the French language is spoken.

The program reaches out to both the local and international communities. Students have the opportunity to study abroad as well as to tutor and teach in local schools. The French faculty pride themselves on being accessible to students and taking a keen interest in the students’ individual achievements.

Students majoring in business often find a French minor to be an asset to their careers. Students majoring in other fields may minor in French if a large part of their professional literature is in French or because they may work in a location where French is widely spoken; for others a French minor may meet graduate-degree requirements.

**Additional Information**

- Credit by Exam: A maximum of 16 units in foreign language studies may be challenged, only 12 of which may be in French.
- Junior Year in France: Student planning to apply for admission to the overseas program should consult the department for information.
- Foreign Language for Advanced Degree Requirements: Many graduate degree programs require competence in one or more foreign languages, and French is often is recommended or required. Students
planning advanced degree study in areas having foreign language requirements should give careful consideration to completing two or more years of a foreign language as part of their baccalaureate degree.

Program Requirements
Units required for Minor: 12 units all upper division courses taught in French

Note: Students are required to meet with a Minor Advisor for course selection.

Subject Matter Program
Program Description
The French program is a cultural resource to Sacramento State and the Sacramento community in general; it represents the French language, literature, and civilization of Europe and North America as well as other areas of the world where French is the common language.

The French program helps prepare its majors and minors for careers not only in teaching but in many other fields as well, such as business, journalism, and government service. To that end it offers courses that enable students to grow intellectually and to live and work successfully in areas where the French language is spoken.

The program reaches out to both the local and international communities. Students have the opportunity to study abroad as well as to tutor and teach in local schools. The French faculty pride themselves on being accessible to students and taking a keen interest in the students’ individual achievements.

Additional Information
- Credit by Exam: A maximum of 16 units in foreign language studies may be challenged, only 12 of which may be in French.
- Junior Year in France: Student planning to apply for admission to the overseas program should consult the department for information.
- Foreign Language for Advanced Degree Requirements: Many graduate degree programs require competence in one or more foreign languages, and French is often recommended or required. Students planning advanced degree study in areas having foreign language requirements should give careful consideration to completing two or more years of a foreign language as part of their baccalaureate degree.

Program Requirements
The requirements for a teaching credential in French are the same as those for the major. Candidates must contact the French Credential Program Coordinator, in the Department of Foreign Languages, to have their transcripts reviewed, to schedule an oral interview in French and to assess their subject matter competency. The Foreign Language Proficiency Examination in French may also be required.

Teaching credential candidates must also complete the Professional Education Program in addition to other requirements for a teaching credential. You may obtain information about the Professional Education Program from the Teacher Preparation Program Office, Eureka Hall 216, (916) 278-6403.

A minor in another subject which can lead to a Supplementary Teaching Credential is strongly recommended.

German
College of Arts and Letters
Program Description
Courses in German encompass the study of German language, literature, and culture. Language study begins with the imparting of the four basic language skills, namely, speaking, aural comprehension, reading, and writing. The teaching of these skills is provided as part of programs in liberal arts, in general education and in professional training, as well as a service for other degree programs.

The imparting of the basic language skills is the first and necessary step toward what is actually the liberal arts core of our curriculum: the upper division offerings. It is through the advanced language, literature, and culture courses that the students become familiar with the intricacies of another language and with the literary and cultural contributions made by the people who speak it.

Students who are considering the study of German should talk to a German faculty advisor. Each student minorning in German is assigned an advisor upon entry into the program. For assistance in obtaining an advisor, contact the Foreign Language Department office.

Teaching credential candidates must complete the Professional Education Program in addition to other requirements for a teaching credential. Consult a Department credential advisor for details. They may also obtain information about the Professional Education Program from the Teacher Preparation Program Office, Eureka Hall 216, (916) 278-6403.

Degree Programs
Minor in German (p. 334)
Subject Matter Program (p. 334)

Special Features
- Close cooperation between members of the German faculty and the Sacramento German community has provided students with an opportunity to improve their language abilities and to become familiar with German customs and traditions.
- In addition, the German Club on campus allows students to socialize with others of similar interests.
- The Sacramento State chapter of Delta Phi Alpha, the national German honor society, gives recognition and awards to outstanding students and scholars.
- The German program is supported by modern language laboratory facilities, a departmental library, and a collection of instructional materials.
- Students receive tutorial help from graduate exchange students and other graduate students.
- In order to acquire maximum proficiency in the use of the German language, students are encouraged to participate in the Sacramento State International Programs in Heidelberg or Tübingen, the student exchange program established with the Department of American Studies at the Johannes-Gutenburg Universität of Mainz, Germany, or the German-Education Student Exchange Program at the
Faculty

GERM 1A. Elementary German. 4 Units
Term Typically Offered: Fall only
Focuses on the development of listening, speaking, and reading skills. Special attention will be given to the relationship of the language to the civilization and culture of the German-speaking countries.

GERM 1B. Elementary German. 4 Units
Prerequisite(s): GERM 1A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring
Continuation of GERM 1A. Speaking, listening, and reading skills are practiced and more emphasis is placed on the development of writing skills than in GERM 1A. Cultural introduction to the German-speaking countries is continued.

GERM 2A. Intermediate German. 4 Units
Prerequisite(s): GERM 1B or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring
Continuation of GERM 1B with review of grammar and with further development of reading ability but with a greater emphasis on active skills in speaking and writing.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

GERM 2B. Intermediate German. 4 Units
Prerequisite(s): GERM 2A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Spring only
Continuation of GERM 2A with greater emphasis on skills in writing.
Note: Meets the Foreign Language Graduation Proficiency Requirement.

GERM 5A. German Language Practice. 3 Units
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring
Practice with German conversation and vocabulary; supervised individual and small-group instruction designed to develop German vocabulary, including conversation and listening skills at an intermediate level.
Note: Meets the Foreign Language Graduation Proficiency Requirement. May be taken for credit four times.

GERM 100. Advanced German Grammar. 3 Units
Term Typically Offered: Fall, Spring
Study of grammar and style and their practical application in writing and speaking.

GERM 105. Advanced German Language Practice. 3 Units
Term Typically Offered: Spring only
Supervised individual and small-group practice for upper-division students desiring to improve their German language skills, especially conversation, listening and vocabulary. Some written work may be assigned. May be taken for credit three times, but may count only once for major or minor credit.

GERM 140. Heroes, Dragons and Quests. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only
Exploration of the heroic adventures of the medieval knights in their quests for fame and love, with special attention to the bridal quest and the roles of their "ladies": their social, political, and economic position, and their impact on life in the Middle Ages. Discussions will be based on the reading of selected Middle High German works in English translation.
Note: No German language requirement.

GERM 141. German Mythology and Legend. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only
Exploration of Germanic myth and legend and their impact on art and literature. Readings in English.
Note: No German language requirement.

GERM 142. German Folk Literature, Legend, and Lore. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only
Study of the traditional folk literature; fairy tales, folk tales, legends, ballads and folk songs; of the German-speaking people, their holiday traditions, festivals and social customs. Readings in English.
Note: No German language requirement.

GERM 143. King Arthur and the Knights of the Round Table in Germany. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only
Study of King Arthur and the knights of the Round Table in the German medieval romances read in English translation.
Note: No German language requirement. Course will be offered every two years.

Note: Continuation of GERM 2A with greater emphasis on skills in writing.

Term Typically Offered:
- Fall only
- Fall, Spring
- Spring only

General Education Area/Graduation Requirement:
- Humanities (Area C2)

Prerequisite(s):
- GERM 1B or instructor permission.
- GERM 2A or instructor permission.
- GERM 2A or instructor permission.

Notes:
- Meets the Foreign Language Graduation Proficiency Requirement.
- May be taken for credit four times.
- May be taken for credit three times, but may count only once for major or minor credit.
- No German language requirement.
- Meets the Foreign Language Graduation Proficiency Requirement.
GERM 150. German Civilization: Beginning to 16th Century. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall only

Historical, social, and artistic forces in German civilization from the time of the Great Migrations to the Reformation. All readings and lectures in English.

GERM 151. German Civilization: 17th Century to Present. 3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Spring only

Historical, social, and artistic forces in German civilization from the Reformation through the 20th century. All readings and lectures in English.

GERM 194. Field Experience/Internship. 1 - 3 Units
Prerequisite(s): Intermediate competency in German and instructor permission.
Term Typically Offered: Fall, Spring

Directed fieldwork in a project which uses the language skills developed through previous study of German. The project may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. May be taken more than once for credit.

Credit/No Credit

GERM 195. Fieldwork: Tutoring. 1 - 3 Units
Prerequisite(s): Native/near-native fluency in German; upper division status; instructor permission.
Term Typically Offered: Fall, Spring

Tutoring of lower division students of German under supervision of instructor. May be taken for credit more than once.

Credit/No Credit

GERM 199. Special Problems. 1 - 3 Units
Prerequisite(s): Approval of instructor supervising the work.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.

Note: Open only to students who appear competent to carry on independent study.

Credit/No Credit

Minor in German

Units required for Minor: 12 upper division units.

Program Description

Courses in German encompass the study of German language, literature, and culture. Language study begins with the imparting of the four basic language skills, namely, speaking, aural comprehension, reading, and writing. The teaching of these skills is provided as part of programs in liberal arts, in general education and in professional training, as well as a service for other degree programs.

The imparting of the basic language skills is the first and necessary step toward what is actually the liberal arts core of our curriculum: the upper division offerings. It is through the advanced language, literature, and culture courses that the students become familiar with the intricacies of another language and with the literary and cultural contributions made by the people who speak it.

Students who are considering the study of German should talk to a German faculty advisor. Each student minoring in German is assigned an advisor upon entry into the program. For assistance in obtaining an advisor, contact the Foreign Language Department office.

Program Requirements

Units required for Minor: 12 upper division units.

Note: Students are required to meet with an advisor for course selection.

German Studies Options

No new majors are being accepted into the German BA at this time. Please consult a German Faculty Advisor for information regarding meeting subject matter certification requirements in preparation for a teaching credential and/or a special major in German with one year of study in Germany.

Additional Information

- Residence Requirement: Transfer students and students participating in International Programs must complete at least 6 upper-division units in German at Sacramento State.
- Study in Germany: Students are urged to participate in a study-abroad program through California State University International Programs.
- Credit by Examination: A maximum of 16 units in Foreign Language studies may be earned through examination, of which only 8 units may be in German.

- **Credit by Examination:** A maximum of 16 units in Foreign Language studies may be earned through examination, of which only 8 units may be in German.

**Italian**

*College of Arts and Letters*

**Program Description**
The Italian program offers its students a strong foundation in Italian language, literature, cinema, and civilization. Students who concentrate on Italian studies may teach in secondary schools, be admitted to graduate school, work in translating and interpreting firms, or work at the national or international level for Italian firms or American firms dealing with Italy. Statistics show that Sacramento State graduates are in graduate programs, are teaching Italian, or are working in international programs, using their preparation from the Sacramento State Italian program.

**Degree Program**

Minor in Italian (p. 336)

**Special Features**
- Students may enroll for a junior year abroad with the CSU International Program in Florence, for which they may receive units toward graduation.
- By enrolling in fieldwork courses, students can tutor or teach in local parochial schools.
- Students interested in further advanced study in Italian language and culture may design a Special Major in Italian by consulting program faculty and spending one year undergoing intensive language study in Italy. Policies relating to the special major are discussed in this catalog.

**Faculty**

CARLE, BARBARA

**ITAL 1A. Elementary Italian.** 4 Units
Term Typically Offered: Fall only
Focuses on the development of the four basic skills (understanding, speaking, reading, writing) through the presentation of many cultural components (two per week) which illustrate the Italian "modus vivendi" social issues, family, food, sports, etc.

**ITAL 1B. Elementary Italian.** 4 Units
Prerequisite(s): ITAL 1A or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Fall, Spring
Continuation of ITAL 1A with greater emphasis on reading, writing. Addition of one reader which contains more cultural material (geography, political issues, government, fashion, etc.).

**ITAL 2A. Intermediate Italian.** 4 Units
Prerequisite(s): One year college Italian or suitable score on placement exam.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall only
Intermediate course in the Italian language with emphasis on speaking, reading and writing ability; review of grammar; discussions and compositions in Italian. Meets the Foreign Language Graduation Proficiency Requirement.

**ITAL 2B. Intermediate Italian.** 4 Units
Prerequisite(s): ITAL 2A or suitable score on placement exam.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring
Continuation of ITAL 2A. Meets the Foreign Language Graduation Proficiency Requirement.

**ITAL 102. Italian Advanced Conversation.** 3 Units
Prerequisite(s): ITAL 2B or instructor permission.
Term Typically Offered: Fall, Spring
Designed to develop oral fluency through free discussion on prepared topics, and supervised practice to develop audio-lingual skills at the advanced level. Course conducted in Italian. May be taken for credit twice.

**ITAL 103. Advanced Grammar and Composition.** 3 Units
Prerequisite(s): ITAL 2B or equivalent.
Term Typically Offered: Fall, Spring
Study of grammar and style and their application in oral and written exercises, in translations and in compositions.

**ITAL 104A. Introduction to Italian Cinema I.** 3 Units
General Education Area/Graduation Requirement: Arts (Area C1)
Term Typically Offered: Fall, Spring
Italian Cinema from the 1940’s to its Golden Period in the 1960’s through the 1970’s. Films will be viewed in their cultural, aesthetic and/or historical context. Readings and guiding questionnaires will help students develop appropriate viewing skills. Films will be shown in Italian with English subtitles.
ITAL 104B. Introduction to Italian Cinema II.  3 Units
Term Typically Offered: Fall, Spring
Focuses on Italian Cinema from the 1980’s and the 1990’s. The "New Generation" of Italian Directors will be considered (Nanni Moretti, Gabriele Salvatores, Maurizio Nichetti, Giuseppe Tornatore, Roberto Benigni, Liliani Cavani, Fiorenza Infascelli, Francesca Archibugi, etc.) as well as current productions. Films will be shown in Italian with English subtitles.

ITAL 110. Introduction to Italian Literature I.  3 Units
Prerequisite(s): Upper division status and instructor permission.
Term Typically Offered: Fall only
Beginning and major developments of the literature of Italy from the Middle Ages through the Baroque period of the 17th Century. Analyzes the literary movements with emphasis on their leading figures, discussion of literary subjects, instruction in the preparation of reports on literary, biographical and cultural topics. Taught in Italian.

ITAL 111. Introduction to Italian Literature II.  3 Units
Prerequisite(s): Upper division standing and instructor permission.
Term Typically Offered: Fall, Spring
Major developments in the literature of Italy from the Enlightenment movement of the 18th Century through the 20th Century. Analysis of the literary movements with emphasis on their leading figures, discussion of literary subjects, instruction in the preparation of reports on literary, biographical, and cultural topics. Taught in Italian.

ITAL 130. Italian Civilization: The Dialogue Form It’s Origins and European Context.  3 Units
General Education Area/Graduation Requirement: Humanities (Area C2)
Term Typically Offered: Fall, Spring
Focus on Italian civilization in a Mediterranean context. Allows students to develop a critical understanding of the dialogue in the context of Italian and Western Civilization, from its origins in Ancient Egypt and Greece, to its flowering in the Renaissance and its return during the Enlightenment, to its endurance in modern times. Issues emphasized are philosophical and literary movements in their historical contexts. Socratic dialogue and other related genres, the dialogue as a typical Renaissance form with a variety of perspectives (feminine, poetic, satirical, etc.) the Enlightenment thinkers in Italy and France and their modern heritage are studied. Taught in English.

ITAL 131. The Italian Renaissance and Its Influence on Western Civilization.  3 Units
Term Typically Offered: Fall, Spring
Taught in English, explores the phenomenon of the Italian Renaissance in its literary, artistic, religious, social, historical, scientific, and economic aspects through the analysis of the period’s major works, and through films, slides, lectures and discussions. The issues to be emphasized are the uniqueness of the Italian contribution to new ideas and values, and their influence on Western Civilization. The students will learn to recognize the sources and the effects of the Italian Renaissance within the integrated context of Western culture and various fields of knowledge.

ITAL 194. Field Experience/Internship.  1 - 3 Units
Prerequisite(s): Intermediate competency in Italian and instructor permission.
Term Typically Offered: Fall, Spring
Directed fieldwork in a project which uses the language skills developed through previous study of Italian. The projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. Can be taken more than once for credit.
Credit/No Credit

ITAL 195. Fieldwork - Tutoring.  1 - 3 Units
Prerequisite(s): Student with native or near-native fluency in Italian and upper division status; or instructor permission.
Term Typically Offered: Fall, Spring
Tutoring of lower division Italian students, under the supervision of an instructor. Three hours of tutoring per week for each unit.
Note: May be repeated until a maximum of 6 units is reached.
Credit/No Credit

ITAL 199. Special Problems.  1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading.
Note: Departmental petition required.
Credit/No Credit

Minor in Italian
Total units required for Minor: 12

Program Description
The Italian program offers its students a strong foundation in Italian language, literature, cinema, and civilization. Students who concentrate on Italian studies may teach in secondary schools, be admitted to graduate school, work in translating and interpreting firms, or work at the national or international level for Italian firms or American firms dealing with Italy. Statistics show that Sacramento State graduates are in graduate programs, are teaching Italian, or are working in international programs, using their preparation from the Sacramento State Italian program.

Additional Information
- Placement in Italian Courses: Students should consult an advisor in Italian regarding the level at which to begin college Italian, as well as the choice and sequence of courses to take. Students who studied Italian in high school must take a placement test. Arrangement for the placement test should be made with an advisor in Italian.
- Transfers: Students from other colleges must have their pattern of courses assessed by a Department advisor and complete at least one upper division Italian course in residence before the Department can approve a program.
- Credit by Exam: A maximum of 16 units in foreign language studies may be challenged, only 12 of which may be in Italian.
- Junior Year in Italy: Students planning to apply for admission to the overseas program should consult the Italian advisor and the Sacramento State Office of Global Education, Lassen Hall 2304, (916) 278-6686, for information.

Japanese

College of Arts and Letters

Program Description

A working knowledge of Japanese is increasingly becoming an important tool in the world of international business and foreign affairs; hence Sacramento State offers a minor program in the Japanese language. Coursework in Japanese may be applied toward other specially designed minors and majors such as Asian Studies, Anthropology, Humanities and Religious Studies, International Business, and International Affairs.

Degree Program

Minor in Japanese (p. 338)

Faculty

MASUYAMA, KAZUE
VASSIL, KRISTINA

JAPN 1A. Elementary Japanese. 5 Units
Term Typically Offered: Fall only

Develops elementary spoken Japanese, reading and writing in Kana and Kanji, and the practical skills required to effectively use the modern language. Emphasis on the culture, customs, and traditions of Japan.

JAPN 1B. Elementary Japanese. 5 Units
Prerequisite(s): JAPN 1A or instructor permission.

General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)
Term Typically Offered: Spring only

Continuation of JAPN 1A, with emphasis on speaking, vocabulary, reading, grammar, speech patterns, and cultural knowledge. The Kana and Kanji writing systems, geography, and aspects of Japanese customs and manners are included.

JAPN 1C. Accelerated Elementary Japanese. 8 Units
This is an intensive introductory Japanese language course equivalent to one year of first-year Japanese (JAPN 1A and JAPN 1B) concentrated in one semester. Class meets four times a week for two hours a period and progresses at an accelerated pace. The course provides a solid foundation in the four language skills—listening, speaking, reading, and writing. In addition, students will acquire cultural knowledge necessary for appropriate communication and smooth functioning in Japanese society. Students enrolling in JAPN 1C must be able to read and write hiragana and katakana, the two basic phonetic syllabaries.

JAPN 2A. Intermediate Japanese. 4 Units
Prerequisite(s): JAPN 1A, JAPN 1B; or equivalent.

General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall only

Emphasis on speaking, reading, and grammatical skills through dialogues, discussions, and reading. Meets the Foreign Language Graduation Proficiency Requirement.

JAPN 2B. Intermediate Japanese. 4 Units
Prerequisite(s): JAPN 2A or equivalent.

General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Spring only

Continuation of JAPN 2A. Further development of speaking, reading, grammar, and composition skills. Meets the Foreign Language Graduation Proficiency Requirement.

JAPN 110. Introduction to Japanese Literature. 3 Units
Prerequisite(s): JAPN 2B or instructor permission.
Term Typically Offered: Spring only

Introduction to Japanese literature from the 10th century to the present. The various forms of Japanese classic and contemporary literature will be surveyed through the selective reading of representative works. Class will be conducted in both Japanese and English.
JAPN 116A. Third Year Japanese 1 - Language and Culture of Japan. 4 Units

**Prerequisite(s):** JAPN 2B or equivalent.
**Term Typically Offered:** Fall only

This course is the first in a two-semester series in advanced (third-year) Japanese. It is designed to expose students to the practical use of advanced structures and to further develop the four language skills—listening, speaking, reading and writing. Students will also acquire cultural knowledge necessary for appropriate communication at the advanced level. Taught in Japanese. This course counts towards the Japanese Minor.

JAPN 116B. Third Year Japanese 2 - Language and Culture of Japan. 4 Units

**Prerequisite(s):** JAPN 116A or the equivalent.
**Term Typically Offered:** Spring only

This course is a continuation of JAPN116A. JAPN116B is the second in a two-semester series in advanced (third-year) Japanese. It is designed to expose students to the practical use of advanced structures and to further develop the four language skills—listening, speaking, reading and writing. Students will also acquire cultural knowledge necessary for appropriate communication at the advanced level. Taught in Japanese. This course counts towards the Japanese Minor.

JAPN 120. Japanese Civilization. 3 Units

**General Education Area/Graduation Requirement:** Humanities (Area C2)
**Term Typically Offered:** Spring only

A broad survey of Japanese civilization from ancient to contemporary times, focusing on the overarching themes of continuity and change. Exploration includes Japanese geography, traditional aesthetics, warrior ethos, rapid modernization, postwar culture, popular culture, among others. Materials drawn predominantly from the fields of literature, film, and history.

JAPN 128. Introduction to Japanese Popular Culture. 3 Units

**General Education Area/Graduation Requirement:** GE AREA D
**Term Typically Offered:** Fall, Spring

A survey of major forms of Japanese popular culture from the postwar period to the present with a focus on genre and narrative. Genres include anime, shojo manga, Jpop, popular fiction, and fashion. Among topics to be discussed are common themes, narrative form, global appeal, and fandom. Emphasis on close reading and analysis of the texts/films. No knowledge of Japanese language or culture is required.

JAPN 150. Advanced Japanese Grammar, Conversation. 3 Units

**Prerequisite(s):** JAPN 2B or instructor permission.
**Term Typically Offered:** Fall only

Review of general principles of Japanese grammar and study of advanced grammar and their application in oral and written exercises and projects such as speech, presentations, and translations.

JAPN 194. Field Experience/Internship. 1 - 3 Units

**Prerequisite(s):** Intermediate competency in Japanese and instructor permission.
**Term Typically Offered:** Fall, Spring

Directed fieldwork in a project which uses the language skills developed through previous study of Japanese. The projects may include interpreting and translating for public and/or private agencies in Sacramento or other projects approved by the faculty supervisor. All work will be monitored by Sacramento State faculty. The student must submit written reports to his/her supervisor. Can be taken more than once for credit.

Credit/No Credit

JAPN 195. Fieldwork -- Tutoring. 1 - 3 Units

**Prerequisite(s):** Advanced students who have native or near native fluency or upper division status, or instructor permission.
**Term Typically Offered:** Fall, Spring

Tutoring of lower division Japanese students, under the supervision of an instructor. 3 hours of tutoring per week for each unit.

Credit/No Credit

JAPN 199. Special Problems. 1 - 3 Units

**Term Typically Offered:** Fall, Spring

Individual projects, or directed reading. Open only to students competent to carry on independent study.

**Note:** Departmental petition required.

Credit/No Credit

Spanish

**College of Arts and Letters**

**Program Description**

A working knowledge of Spanish will enable students to communicate with one of America’s rapidly growing minority groups, as well as to benefit extensively from travel to foreign countries. Most coursework lends itself to a practical acquisition of the necessary language skills for effective communication.

Coursework at the upper division and graduate level is equally distributed among four areas: linguistics, culture, Peninsular literature, and Hispanic American literature. Students with career plans in teaching, bilingual programs, translation and diplomatic services, as well as careers in public service requiring knowledge of Spanish, will find a balanced curriculum available at Sacramento State. The programs in Spanish also serve those students who plan on continuing their studies at the doctorate level by providing a thorough academic background in the language.

Students interested in Bilingual/Crosscultural programs should also contact the College of Education (916) 278-6840 for more details.

Many students find that the acquisition of skills in Spanish is a valuable adjunct to their career goals in other areas such as business administration, public administration, international relations, etc.

**SPAN 1A. Elementary Spanish.** 4 Units

Term Typically Offered: Fall, Spring

Beginning Spanish language with primary emphasis on the development of audio-lingual skills. Attention will also be given to the interrelatedness of language and civilization and culture. Additional attention will be given to the development of reading and writing. Students will be expected to spend several hours per week in the language laboratory. Not recommended for students with any previous study of Spanish.

**SPAN 1B. Elementary Spanish.** 4 Units

Prerequisite(s): SPAN 1A, or instructor permission.

General Education Area/Graduation Requirement: Foreign Language Graduation Requirement, Humanities (Area C2)

Term Typically Offered: Fall, Spring

Continuation of SPAN 1A with a greater emphasis on the development of speaking, reading, writing, and listening skills. Cultural knowledge continues to be an important component: elements of Hispanic character, customs, and the way in which the Spanish and Latin American peoples view themselves and others in the world is studied.

**SPAN 1C. Intensive Elementary Spanish.** 6 Units

Prerequisite(s): SPAN 1A, or instructor permission.

General Education Area/Graduation Requirement: Foreign Language Graduation Requirement

Term Typically Offered: Fall, Spring

This course emphasizes a rapid development of the four language skills—speaking, reading, writing, and listening—covered in the first two semesters of university Spanish. Cultural knowledge is also an important component of this course, and elements of Hispanic character, customs, and the way in which the Spanish and Latin American peoples view themselves and others in the world will be studied. Recommended for students who have had some previous study of Spanish, but need a quick review of the structures covered in the first two years of high school Spanish or the equivalent.

Graduate Program in Spanish Information (http://www.csus.edu/wll/spanish/ma-in-spanish/graduate-program.html)
SPAN 2A. Intermediate Spanish. 4 Units
Prerequisite(s): One year of college Spanish, or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Oral, auditory, and written practice based on more advanced dialogue material and on short stories, plays, and the like. Attention to the development of reading fluency and to the extension of both active and passive vocabulary. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 2B. Intermediate Spanish. 4 Units
Prerequisite(s): SPAN 2A, suitable score on placement exam, or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Continuation of SPAN 2A. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 6A. Intermediate Spanish for Professionals I. 4 Units
Prerequisite(s): Three years of High School Spanish or instructor permission.
Term Typically Offered: Fall only

Continuation of SPAN 6A. Students continue to practice conversational, reading and written practice based on dialogue material, presentations, and the like at the intermediate level of Spanish. The course includes specialized themes related to the professions, such as healthcare and related fields. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 6B. Intermediate Spanish for Professionals II. 4 Units
Prerequisite(s): SPAN 6A
Term Typically Offered: Spring only

Continuation of SPAN 6A. Students continue to practice conversational, reading and written practice based on dialogue material, presentations, and the like at the intermediate level of Spanish. The course includes specialized themes related to the professions, such as healthcare and related fields. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 7. Spanish Reading Proficiency. 3 Units
Prerequisite(s): SPAN 1A or two years of high school Spanish.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Designed to improve Spanish reading proficiency. Students will acquire the ability to understand various types of materials written in Spanish (e.g. news items, personal correspondence, technical material, short stories); follow essential points and ideas of special interest or knowledge. Students will demonstrate Spanish reading comprehension by their ability to translate and answer content questions in Spanish as well as English.

SPAN 8A. Intermediate Spanish for Criminal Justice I. 4 Units
Prerequisite(s): Three years of High School Spanish or instructor permission.
General Education Area/Graduation Requirement: Foreign Language Graduation Requirement
Term Typically Offered: Fall, Spring

Conversational, reading and written practice based on dialogue material, presentations, and other activities at the intermediate level of Spanish. The course includes specialized themes related to the Criminal Justice professions and related fields. Meets the Foreign Language Graduation Proficiency Requirement.

SPAN 8B. Intermediate Spanish for Criminal Justice II. 4 Units
Prerequisite(s): SPAN 8A
Term Typically Offered: Fall, Spring

Continuation of SPAN 8A to develop conversational, reading and written skills based on dialogue material, presentations, and other activities at the intermediate level of Spanish. The course includes specialized themes related to the Criminal Justice professions or related fields. Meets the Foreign Language Graduation Proficiency Requirement. Field Trip(s)
Note: As part of this course, students will pay a fee to take the Spanish Proficiency Exam for assessment purposes.

Field trip(s) may be required.

SPAN 42. Conversation In Spanish. 3 Units
Prerequisite(s): SPAN 2B or equivalent, or instructor permission.
Term Typically Offered: Fall, Spring

Conducted in Spanish, will further develop the audio-lingual skills that the students have acquired in their early Spanish language training. Emphasis will be placed on maintaining ideas and concepts in actual conversation situations, taken from topics of most interest to students.

SPAN 47. Introduction to Composition and Grammar Review. 3 Units
Prerequisite(s): SPAN 2B or equivalent.
Term Typically Offered: Fall, Spring

Develops the necessary skills to write with clarity, precision, and style. It emphasizes the proper use of the accents and the correct use of grammar.

SPAN 100. Introduction to the Study of Hispanic Literature. 3 Units
Prerequisite(s): SPAN 47.
Term Typically Offered: Fall, Spring

Introduction to literary theory and a practical application of the techniques of literary criticism.

SPAN 102. Spanish Phonetics. 3 Units
Prerequisite(s): SPAN 47 or equivalent.
Term Typically Offered: Fall, Spring

Study of the sound system of Spanish with some attention to comparison with English and the physiology of sounds. Drills to develop good pronunciation.
Study of the specific components of Spanish grammar with particular emphasis on the Spanish verbal system, the subjunctive, and other problematic aspects of grammar. Will be of particular interest to those planning to teach Spanish as well as to the Spanish-speaking students.

SPAN 106. Advanced Spanish Composition. 3 Units
Prerequisite(s): SPAN 103 and completion of all lower division requirements.
Term Typically Offered: Fall, Spring

Increased practice in writing with emphasis on sentence and paragraph structure, and compositions to effectively convey meaning and ideas. Attention will be given to narrative, descriptive, expository prose, and dialogue, as well as to letters and other forms of written communication.

SPAN 110. Survey of Spanish Literature to 1800. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Fall only

Advanced readings, lectures, and discussions dealing with a panoramic view of Spanish literature from early works through the Golden Age up to the 1800s.

SPAN 111. Survey of Spanish Literature from 1800 to the Present. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only

Continuation of SPAN 110; deals with literature from the Neoclassic period to the contemporary. Readings taken from works and genres of this period.

SPAN 113. Latin American Literature, Beginnings to Modernism. 4 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Fall only

Study of the major writers and trends in Latin American literature from beginnings until Modernism.

SPAN 114. Latin American Literature, Modernism to Present. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only

Study of the major writers and trends in Latin American literature from Modernism to the present.

SPAN 115. Magical Realism. 3 Units
Prerequisite(s): SPAN 100.
Term Typically Offered: Spring only

Magic and the wonderful infra-mythical world of major contemporary Latin America writers are explored in this in-depth study of Magical Realism. Short stories and novels are examined as they create a marvelous "other world" or reality. Authors studied include Gortazar, Carpentier, Bombal, Borges, Rulfo, Garcia Marquez, Fuentes, Sainz, Esquivel, and others.

SPAN 121. Spanish For Professionals. 3 Units
Prerequisite(s): SPAN 2A or equivalent.
Term Typically Offered: Fall, Spring

Designed to teach present and future professional in criminal justice and related fields, including Social Work and Sociology, the necessary vocabulary and structures for effective communication in interviews, visits, etc. Some attention to local dialect differences.

SPAN 121J. Spanish Language For Criminal Justice Professionals. 3 Units
Prerequisite(s): SPAN 8A and 8B, or instructor permission.
Term Typically Offered: Fall, Spring

Designed to teach present and future professional in criminal justice and related fields, including Social Work and Sociology, the necessary vocabulary and structures for effective communication in interviews, visits, etc. Some attention to local dialect differences. Readings, visuals, and discussion of Latino/Hispanic culture and cross-cultural practices variation within Latin America and Spain as related to conducting interviews and writing reports in the criminal justice fields and other professions.

SPAN 123. Topics in Spanish Literature. 3 Units
Prerequisite(s): SPAN 100
Term Typically Offered: Fall only

Topics in literature from Spain offered as needed. Typical topics are: Spanish novel through the Golden Age; 19th and 20th century Spanish novel; Spanish drama from the Middle Ages to the Golden Age; Spanish Contemporary drama.

Note: May be repeated for credit provided topic is different.

SPAN 125. Introduction to Spanish-English Translation and Interpreting. 3 Units
Prerequisite(s): Spanish 47 or Instructor Consent
Term Typically Offered: Fall only

Teaches foundational technical and critical skills that bilingual Spanish-English speakers need to embark on the path to successful written translation and spoken interpreting in fields such as healthcare, law, education, business, and community service. Students engage theoretical readings, authentic case studies, and hands-on practice. By the end of the semester, students develop critical observation skills and build confidence to explore specialization in translation and/or interpreting.

SPAN 126. Spanish-English Medical Interpreting. 3 Units
Prerequisite(s): SPAN 6B or SPAN 125
Term Typically Offered: Spring only

The proposed course teaches technical and critical skills needed to address the growing demand for qualified Spanish-English medical interpreters. In addition to meeting community needs, the course increases career opportunities for bilingual speakers of Spanish and English by fulfilling the prerequisite for certification through the National Board of Certification for Medical Interpreters. The course adds an option for students pursuing the Spanish major, Spanish minor, and HEALS certificate (Form B expected Fall 2023) who wish to focus on interpreting.

Note: Teaches the technical and critical skills needed for successful Spanish-English interpreting in the field of medicine. Students engage theoretical readings, glossaries of medical terminology, authentic case studies, and hands-on practice. Includes preparation for certification exams.
SPAN 129. Spanish Civil War.  
General Education Area/Graduation Requirement: GE AREA D  
Term Typically Offered: Fall, Spring  
In-depth examination of the Spanish Civil War (1936-1939) focusing on its social, political, and cultural contexts. The course also examines the war's historical origins, immediate aftermath and implications for understanding modern Spain.  
Cross listed: HIST 136.

SPAN 130. Contemporary Mexican Literature.  
Term Typically Offered: Spring only  
Inquiry into the significance of the individual in contemporary Mexican culture and his greater relationship to the cosmos as seen through his literature. May be of particular interest to the Mexican American.

SPAN 131. Special Topics in Latin American Literature.  
Term Typically Offered: Spring only  
Topics in literature from Latin America offered. Class will focus on marginalized literary genres, places, or peoples. Possible class topics include: Caribbean Literature, Female Writers from Latin America, Afro Latinx Voices, Indigenous Authors from Latin America, Latin American Playwrights, etc.  
Note: May be repeated for credit provided topic is different.

SPAN 134. The Short Story in Latin America.  
Term Typically Offered: Spring only  
Development of the short story in Latin America with some introductory study of the North American short story by way of comparison. Selected readings from different countries where the short story has had an important development. Emphasis on the contemporary short story.

SPAN 142. Advanced Spanish Conversation.  
Term Typically Offered: Fall, Spring  
Increases language fluency and acquisition of new vocabulary through intensive conversational practice, based on topics of contemporary interest.

SPAN 151. Civilization and Culture of Hispanic America.  
Term Typically Offered: Fall, Spring  
Readings, visuals, and discussion of the history, geography, anthropology, sociology, politics, economics, folklore, and artistic expression of the nations of Hispanic America.

SPAN 152. Civilization and Culture of Spain.  
Term Typically Offered: Fall, Spring  
Reading and discussion of the history, geography, anthropology, sociology, political science, economics, folklore, music, art, and the dance as these areas relate to Modern Spain.

SPAN 153. Civilization and Culture of Mexico.  
Term Typically Offered: Fall, Spring  
Reading and discussion of the history, geography, anthropology, sociology, political science, economics, folklore, music, art, and the dance of Mexico.

SPAN 159. Cultures of Latin America for the Professions.  
Term Typically Offered: Spring only  
Readings, visuals, and discussion of Latino/Hispanic culture and cross-cultural practices variation within Latin America as related to healthcare and other professions such as Criminal Justice, Social Work, Sociology, and Psychology.  
Note: Students will need to pay a fee to cover for the cost of the Spanish Proficiency Exam, which will be used for Assessment Purposes.

SPAN 159J. Cultures of Spain and Latin America for the Professions in Criminal Justice.  
Term Typically Offered: Fall, Spring  
Readings, visuals, and discussion of Latino/Hispanic culture and cross-cultural practices variation within Latin America and Spain as related to Criminal Justice and other professions, including Social Work and Sociology.

SPAN 194. Field Experience/Internship.  
Term Typically Offered: Intermediate competency in Spanish and instructor permission.  
Can be taken more than once for credit.

SPAN 195. Internship/Field Experience.  
Term Typically Offered: Intermediate competency in Spanish and instructor permission.  
Can be taken more than once for credit.
SPAN 199. Special Problems. 1 - 3 Units
Prerequisite(s): Permission of instructor supervising work, the advisor, and the Department Chair.
Term Typically Offered: Fall, Spring

Individual projects or directed reading.
Note: Open only to students who appear competent to carry on individual work, and enrollment will be limited to hardship cases.

Credit/No Credit
SPAN 201A. General Spanish Linguistics. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring

Depending upon the interest of the group, one topic of Spanish Linguistics will be chosen. The emphasis may be Comparative, Popular Spanish divergencies, or psycho- or socio-linguistics, especially the development of Mexican-American Spanish and the learning problems of bilinguals.

SPAN 201B. History of the Spanish Language. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring

Historical evolution of the Spanish language from Vulgar Latin to the present day with special emphasis on the phonetic and morphological changes involved in this evolution. Some attention will be devoted to Old Spanish readings as well as the differences between Old and Modern Spanish. Knowledge of Latin is helpful, but not required.

SPAN 201C. Contrastive Grammatical Structures of Spanish and English. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring

Analyzes the major differences between the grammatical system of Spanish and English, with particular emphasis on those areas of contrast which are vital to the teacher.

SPAN 201D. Applied Spanish Linguistics. 3 Units
Prerequisite(s): SPAN 102 and SPAN 103; or equivalent.
Term Typically Offered: Fall, Spring

Application of linguistic theory, principally to the areas of language teaching and learning acquisition. Occasionally the application of linguistics to other fields may be examined.

SPAN 220A. Spanish Literature in the Middle Ages. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 220B. Spanish Literature in the Golden Age. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 220C. Spanish Literature in the 18th and 19th Centuries. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 220D. Contemporary Spanish Literature. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Peninsular Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 224A. Spanish-American Literature to 1825. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Latin American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Beginnings of Spanish American Literature from the period of discovery and conquest through the colonial period until the end of the Wars of Independence in 1825. Covers the Renaissance, Baroque, and Neo-Classical Periods.

SPAN 224B. Spanish-American Literature, 1825 to 1880. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Latin American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Independence (1825) through 1880. Covers the following movements: Romanticism, Realism, and Naturalism and deals with selected authors.

SPAN 224C. Spanish-American Literature, 1880 to 1945. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Spanish American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 224D. Spanish-American Literature, 1945 to Present. 3 Units
Prerequisite(s): SPAN 100 and an upper division course in Spanish American Literature; or equivalent.
Term Typically Offered: Fall, Spring

Specific topic from this period will be chosen for intensive study as announced.

SPAN 250A. Civilization and Culture of Spain. 3 Units
Prerequisite(s): Graduate status with fluency in understanding, speaking, reading, and writing contemporary Spanish.
Term Typically Offered: Fall, Spring

Seminar examining aspects of the national character and personality of Spain as revealed through Hispanic social and literary studies from prehistory to 1700.

SPAN 250B. Civilization and Culture of Modern Spain. 3 Units
Prerequisite(s): Graduate status with fluency in understanding, speaking, reading, and writing contemporary Spanish.
Term Typically Offered: Fall, Spring

Seminar examining aspects of the character and personality of the various political, geographical, and cultural groups of Spain as revealed through the social and literary studies of Spain from 1700 to the present.
Program Description

A working knowledge of Spanish will enable students to communicate with one of America’s rapidly growing minority groups, as well as to benefit extensively from travel to foreign countries. Most coursework lends itself to a practical acquisition of the necessary language skills for effective communication.

Coursework at the upper division and graduate level is equally distributed among four areas: linguistics, culture, Peninsular literature, and Hispanic American literature. Students with career plans in teaching, bilingual programs, translation and diplomatic services, as well as careers in public service requiring knowledge of Spanish, will find a balanced curriculum available at Sacramento State. The programs in Spanish also serve those students who plan on continuing their studies at the doctorate level by providing a thorough academic background in the language.

Many students find that the acquisition of skills in Spanish is a valuable adjunct to their career goals in other areas such as business administration, public administration, international relations, etc.

Minimum Grade Requirement

All Spanish majors must earn a grade of "C" or better in all courses counted toward the major. SPAN 42 and SPAN 142 may be taken by challenge exam for Credit/No Credit only provided that student enrolls in course.

Required Lower Division Courses

It is assumed that Spanish majors will have completed the equivalent of college level elementary and intermediate Spanish in high school, at a community college, or by completing SPAN 2B at Sacramento State, prior to beginning upper-division courses.

\[1]\text{Course also satisfies General Education (GE)/Graduation Requirement.}\]

Study Abroad Programs

Students having a 2.75 GPA average overall are eligible to apply for admission to the CSU International Programs in a Spanish-speaking country such as Chile, Mexico, or Spain for their junior or senior years or during graduate studies. Spanish skills must be sufficiently developed to permit satisfactory performance in a Spanish-language university; planning from the beginning of the freshman year is advisable. Programs are also available for beginning students in Spain and Mexico. For details, contact International Programs and Global Engagement and consult a member of the Spanish faculty about developing your language skills.

Certificate Program in Healthcare Spanish

Total units required for certificate: 17

Program Description

The HEALS Certificate Program is designed to prepare students and professionals in the healthcare fields to serve healthcare needs of the growing Spanish-speaking population in California by being able to communicate with them.

Coursework in the HEALS program lends itself to a practical acquisition of specialized medical/healthcare terminology in Spanish and Hispanic cultural competence.

MA in Spanish

Units required for the MA: 30

Program Description

The Master of Arts program in Spanish affords an opportunity for specialized work in Spanish linguistics, Peninsular and Latin American Literature, and in the cultures of the Spanish-speaking world. The program is of particular value to those who plan to teach Spanish at the
secondary school level (or already do so) or in a community college, and to those who plan to continue working toward a doctorate in Spanish.

Admission Requirements

Admission as a classified graduate student in Spanish requires:

- a baccalaureate degree;
- a minimum 3.0 GPA in the last 60 units attempted;
- a satisfactory score on the Graduate Examination designed and administered by the Spanish Area of the Department of Foreign Languages. The student must take the Graduate Examination prior to entrance into any 200 series graduate course and must successfully pass the entire examination before being advanced to candidacy. The student may pursue graduate work while concurrently correcting any deficiencies noted as a result of the examination and must retake the exam sections failed only after the passage of one semester. Three-summer MA applicants will take the Graduate Exam during their first summer in the program and will retake any sections not passed during the second summer that they attend the program. Consult the Graduate Coordinator in Spanish regarding steps to complete this requirement; and
- completion of the following Sacramento State courses (or equivalents):

</tr>
</tbody>
</table>

Students not meeting all these requirements may be admitted with conditionally classified graduate status and work toward the MA degree while the admission requirements are being completed. (SPAN 102 and SPAN 103 may be met by challenge examination.) Units taken to remove admission requirement deficiencies do not count toward the MA program. Any such deficiencies will be noted on a written response to the admission application.

Admission Procedures

Applications are accepted as long as room for new students exists during the application filing period. The University operates under a completion deadline system; all transcripts and materials must be received by the filing deadline of March 1st. Only completed applications will be reviewed. All prospective graduate students, including Sacramento State graduates, must file the following with the Office of Graduate Studies:

- an online application for admission; and
- one set of official transcripts from all colleges and universities attended, other than Sacramento State.

For more admissions information and application deadlines please visit the Office of Graduate Studies Website (http://www.csus.edu/gradstudies/).

At the same time, each applicant must complete a supplemental application that includes:

1. A cover letter.
2. A one-page Statement of Purpose.
3. A five-page writing sample in Spanish that was graded by an instructor.
4. Two letters of recommendation if their BA is not from Sacramento State.

Departmental recommendation for Office of Graduate Studies acceptance into the MA in Spanish program is based on overall student scholastic achievement, the number of completed prerequisites, the quality of the applicant’s writing in Spanish, and letters of recommendation.

For more admissions information and application deadlines please visit the Office of Graduate Studies website (http://www.csus.edu/gradstudies/) and the Department of World Languages and Literatures website (http://www.csus.edu/wll/spanish/ma-in-spanish/master-application-guidelines.html).

A decision regarding admission will be mailed from the Office of Graduate Studies approximately 6 weeks after the completion deadline.

Advancement to Candidacy

Each student must file an application for Advancement to Candidacy, indicating a proposed program of graduate study. This procedure should begin as soon as the classified graduate student has:

- removed any deficiencies in admission requirements;
- completed at least 18 units in the graduate program with a minimum 3.0 GPA, including at least four 200-level courses; and
- taken the Writing Placement for Graduate Students (WPG) within the first two semesters of coursework at California State University, Sacramento or secured approval for a WPG waiver.

The Advancement will list all of the courses presented for the degree and must be approved by the Spanish Graduate Coordinator and the Office of Graduate Studies.

Culminating Requirement

The comprehensive exams for the MA in Spanish can be taken in November or April. Students take an exam in each of the following areas: Spanish Linguistics, Spanish Peninsular Literature, Latin American Literatures, and Hispanic Culture. A passing grade is considered to be 80% or higher, and a student may only fail one exam, which must be re-taken the following semester.

**Program Requirements**

Spanish majors wishing to pursue a Single Subject Teaching Credential in Spanish should contact the Spanish credential advisor to have their transcript reviewed for courses currently required for the credential program and then have single subject competency assessed. Specific course requirements are the same as for the BA in Spanish plus successful completion of a proficiency examination in Spanish. The Single Subject Credential in Spanish is valid for teaching Spanish in grades K-12.

Teaching credential candidates must also complete the Professional Education Program in addition to other requirements for a teaching credential. Consult the department credential advisor for details. You may also obtain information about the Professional Education Program from the Teacher Preparation Credentialing Office, Eureka Hall 216, (916) 278-6403.

**College of Business**

**Mission Statement**

The Sacramento State College of Business develops engaged, responsible, and inclusive leaders who enrich our communities.

**Undergraduate Program Description**

The College of Business offers a broad, professional education in Business. The Bachelor of Science program offers students a choice of 9 concentrations by which they may focus their goals. All students must choose a concentration to complete their requirements for the baccalaureate degree. Students who are uncertain about which concentration to choose are encouraged to select the General Management concentration, as it is the most comprehensive. The structure of the General Management concentration also provides an overlap with other concentrations, thus making changes in focus possible. Students who wish a more customized program may elect to complete the requirements for additional concentrations as well. For example, students may elect dual concentrations such as General Management and Management of Human Resources and Organizational Behavior. For more information about program options, contact Undergraduate Business Advising Center, Tahoe Hall 1030, (916) 278-BIZZ (2499).

The College offers Minors in Business, Human Resources Management, Marketing, Real Estate and Land Use Affairs, and Risk Management and Insurance. A Minor in Business is valuable to the student majoring in another area who wishes to supplement his/her knowledge with a business background.

For more information about the College of Business, please click here (http://www.csus.edu/cba/).

**Concentrations**

**Graduate Program Description**

The College offers several general and specialized business graduate degree programs. They include Master of Business (MBA), International Master of Business (IMBA), Master of Business for Executives (EMBA), Master of Science in Accountancy (MS/ACCY).

**Concentrations**

- MBA: Finance / Business Analytics in Healthcare/Entrepreneurship and Global Business

**Special Features**

- The College of Business is fully accredited by the AACSB International. The Association to Advance Collegiate Schools of Business.
- Operating a class schedule from 7:30 a.m. to 9:00 p.m., the College is designed to facilitate the full- and part-time student.
- Graduate academic counselors are available in the Graduate Programs Office, Tahoe Hall 1020. This office serves in all aspects of program advising and graduation evaluation approval for business students.
- The College of Business has a Business Graduate Career Services Office that serves all MBA/graduate programs. Services include individual and customized career advising, employment and internship support, and professional development events. Services also include resume and document review, interview preparation, and job seeking strategies.

**Centers And Institutes**

**Center for Small Business**

The Center for Small Business provides technical business services to business enterprises and non-profit institutions in the Sacramento area, in the areas of financial planning and budgeting, feasibility studies, market research, design of accounting systems, production planning and control, advertising strategies, capital budgeting, and management improvement programs. Gratuitous assistance is provided on a voluntary basis by students of the College with faculty members serving as experienced advisors to the students and their clients. Sharyn Gardner, Faculty Director, (916) 278-7278.

**Student Activities**

The following organizations are affiliated with the College:
Honor Societies

Beta Alpha Psi
Beta Alpha Psi is an honorary organization for Financial Information students and professionals. This includes promoting the study and practice of accounting, finance and information systems; providing opportunities for self-development, service and association among members and practicing professionals, and encouraging a sense of ethical, social, and public responsibility.

Beta Gamma Sigma
Beta Gamma Sigma is the honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest recognition a business student anywhere in the world can receive in a business program accredited by AACSB International. Invitations are sent to qualified students during the fall and spring semesters.

Student Organizations

- Accounting Society
- American Marketing Association
- Delta Sigma Pi
- Financial Management Association
- Gamma Iota Sigma
- Human Resource Management Association
- Management Information Systems Association
- MBA Networking Association
- Student Investment Fund
- Women in Business

ACCY 1. Accounting Fundamentals. 3 Units
Prerequisite(s): Entry Level Math (ELM) test of at least 36 or a CR grade in LS 7A.
Term Typically Offered: Fall, Spring

Accounting as the basis of an information system with emphasis on concepts and assumptions underlying data accumulation for financial reports. Includes the concepts of income determination and financial position, and the accounting for various types of ownership equities.
ACCY 2. Managerial Accounting.  
Prerequisite(s): ACCY 1. 
Term Typically Offered: Fall, Spring

Use and reporting of accounting data for managerial planning, control, and decision making. Broad coverage of concepts, classification, and behavior of costs.

ACCY 111. Intermediate Accounting I.  
Term Typically Offered: Fall, Spring

In-depth knowledge of how financial information provides information about a company’s: economic resources, obligations, and owner’s equity; income and its components; and cash flows. Topics include the development and application of basic assumptions, principles and constraints underlying financial statements; the use of information derived from financial statements and the limitations of the information; and the use of accounting information to evaluate a company’s performance on investment, risk, financial, flexibility, liquidity, and operational capability. Students learn how to prepare financial statements.

ACCY 112. Intermediate Accounting II.  
Prerequisite(s): ACCY 111. 
Term Typically Offered: Fall, Spring

Application of Generally Accepted Accounting Principles to the reporting of tangible and intangible assets, liabilities, and the capital section of the balance sheet. Other topics include the reporting of stock-based compensation and earnings-per-share.

ACCY 113. Intermediate Accounting III.  
Prerequisite(s): ACCY 111. 
Term Typically Offered: Fall, Spring

Application of Generally Accepted Accounting Principles to revenue recognition and matching; pensions, leases, income taxes, accounting changes, interim financial statements, and segmental reporting. Students develop an in-depth knowledge of the preparation and the analysis of the cash flow statement.

ACCY 117. Advanced Accounting.  
Prerequisite(s): ACCY 111 and ACCY 112. 
Term Typically Offered: Fall, Spring

Specialized topics in partnership accounting; consolidated statements; foreign currency translation and financial statements.

ACCY 121. Cost Accounting.  
Term Typically Offered: Fall, Spring

Importance of the allocation of costs; the cost allocation techniques available to accountants; the techniques used by management to maintain and create enterprise value, e.g., CVP analysis; the accountant’s responsibility for the management of inventory; and the ethical consideration in internal reporting.

ACCY 122. Advanced Management Accounting.  
Prerequisite(s): ACCY 121. 
Term Typically Offered: Fall, Spring

Accountant’s responsibility to provide financial and nonfinancial information to managers; the planning techniques available to accountants; managerial control techniques that enhance the maintenance and improvement of enterprise value, and short-run and long-run analyses.

ACCY 131. Survey of Auditing, Attest, and Assurance Topics.  
Prerequisite(s): ACCY 111, ACCY 112. 
Term Typically Offered: Fall, Spring

Survey of topics in auditing as a control activity in society. Covers a variety of opportunities in the auditing profession including external auditing, internal auditing, compliance auditing, and operational auditing as well as fraud examinations. Topics include evidence and documentation, professional ethics, auditing computer systems, statistical sampling, and internal controls.

ACCY 132. Accountants’ Ethical and Professional Responsibilities.  
Prerequisite(s): ACCY 111, ACCY 112. 
Corequisite(s): ACCY 131. 
Term Typically Offered: Fall, Spring

This course addresses professional responsibilities for the accounting profession, including the development of ethical standards, ethical reasoning, AICPA and California Codes of Professional Conduct, financial reporting fraud, corporate governance, and other relevant topics.

ACCY 143. Accounting Data Analytics.  
Prerequisite(s): ACCY 112. 
Term Typically Offered: Fall, Spring

Examines the changing technological environment in accounting, and the role of data analytics in accounting. This course will help students to understand different structured and unstructured accounting data, and develop new analytic skills to make better accounting decisions. It will also improve students’ ability to conduct audit analytical procedures in accordance with financial reporting regulatory requirements.

Prerequisite(s): ACCY 111 
Term Typically Offered: Fall, Spring

Fundamentals of accounting and financial reporting for governmental units and institutions; accounting for various types of funds; accounting aspects of budgetary control.

ACCY 171. Federal Tax Procedures I.  
Prerequisite(s): ACCY 171. 
Term Typically Offered: Fall, Spring

Federal taxation concepts are used in effective decision making; a working knowledge of the concepts of gross income, deductions, tax rates, and property transactions as they pertain to C corporations, partnerships, S corporations, and individuals; and proficiency in the application of tax concepts as they pertain to business and individual taxpayers.

ACCY 172. Federal Tax Procedures II.  
Prerequisite(s): ACCY 171. 
Term Typically Offered: Fall, Spring

Business entity formation, operation, and termination and business taxation principles and concepts used in effective decision-making. Students develop the ability to understand and apply business tax principles and the critical and analytical skills that are necessary in the study and application of taxation and tax law.
### ACCY 190. International Accounting. 3 Units
**Prerequisite(s):** ACCY 111, Business Major  
**Term Typically Offered:** Fall, Spring

Accounting concepts, principles, and methods applicable to multinational transactions and global corporations. Contents include the translation of financial statements, comparative accounting systems, financial reporting, currency risk management, international accounting standards and organizations, taxation problems, and the managerial aspects of multinational transactions.

### ACCY 194. Cooperative Education Experience in Accountancy. 6 - 12 Units
**Prerequisite(s):** Minimum overall GPA of 2.75; instructor permission.  
**Term Typically Offered:** Fall, Spring

In-depth supervised work experience in accounting for the purpose of exposing the student to comprehensive accountancy experience in business, governmental, or service agencies.  
**Note:** Open to upper division students, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

### ACCY 195. Internship in Accountancy. 3 Units
**Prerequisite(s):** Completion of 15 units of upper division business courses at Sacramento State; minimum overall GPA of 2.75; instructor permission.  
**Term Typically Offered:** Fall, Spring

Supervised work experience in accountancy for the purpose of increasing student understanding of the nature and scope of the operations of business, governmental, or service agencies. Supervision is provided by the faculty and the cooperating agencies.  
**Note:** Open to declared business administration upper division majors only, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

### ACCY 196B. Exper Offer Accountancy. 3 Units
**Prerequisite(s):** AIS 141  
**Corequisite(s):** ACCY 131  
**Term Typically Offered:** Fall, Spring

A course in Accounting and Audit Analytics examines the changing technological environment in accounting and the role of data analytics in accounting. This course will help students to understand different structured and unstructured accounting data, and develop new analytic skills to make better accounting decisions. It will also improve student's ability to conduct audit analytical procedures, in accordance with financial reporting regulatory requirements.

### ACCY 199. Special Problems in Accountancy. 1 - 3 Units
**Prerequisite(s):** Senior status or instructor permission.  
**Term Typically Offered:** Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.  
**Note:** Open to declared business administration majors only.

### ACCY 220. Accountancy Teaching Experience. 3 - 6 Units
**Term Typically Offered:** Fall, Spring

Supervised experience of teaching lower division accountancy courses. Students will teach one section of ACCY 1 or 2 for each three units of credit. They may teach no more than two classes (6 units of credit) during any semester and be under direct supervision of an appropriate coordinator. To be eligible, students must register for nine units in addition to ACCY 220 and must have approval of the Department Chair. May not be used to satisfy any requirements in the CBA graduate programs. No student may earn more than twelve (12) units cumulative.  
**Credit/No Credit**

### ACCY 240. Integrated Accounting Concepts. 3 Units
**Term Typically Offered:** Fall, Spring

Designed for students who enter the Master of Science Accountancy program without a Bachelor of Science in Accountancy or students who need to refresh their basic skills and understanding in record keeping, financial statement preparation and analysis, ethics in the practice of accounting, and internal controls through the use of comprehensive case study/practice set. Delivered via independent project work rather than lecture.

### ACCY 250. Financial Reporting I. 3 Units
**Term Typically Offered:** Fall, Spring

Corporate financial reporting to external users in accordance with US Generally Accepted Accounting Principles (GAAP), including financial information about a company's economic resources, obligations, owners' equity, income, case flow, and use of information to evaluate a company's return on investment, risk, financial flexibility, liquidity, and operational capability.

### ACCY 251. Foundations of International Accounting. 3 Units
**Prerequisite(s):** ACCY 250 or equivalent.  
**Term Typically Offered:** Fall, Spring

The role of culture in accounting; comparative international financial and managerial accounting fundamentals; international financial statement analysis; international accounting standards and U.S. GAAP convergence; international business combinations; foreign exchange; international auditing; international taxation; and international capital flows.

### ACCY 260. Financial Reporting II. 3 Units
**Prerequisite(s):** ACCY 250.  
**Term Typically Offered:** Fall, Spring

In-depth study of technical financial accounting issues including accounting for pensions and leases, income tax, accounting changes, consolidated financial statements, and foreign currency.

### ACCY 261. Cost Analysis and Control. 3 Units
**Term Typically Offered:** Fall, Summer

Fundamentals of cost accounting concepts and practice relating to cost accumulation, control, and analysis for managerial planning and decision making. Specific topics generally include product costing, standards, cost allocation, estimation, budgeting, transfer pricing, and performance evaluation. Emphasis is on current issues.
ACCY 262. Auditing.  
Term Typically Offered: Fall, Spring

Study auditing as a control activity in society. It covers a variety of opportunities in the auditing profession including external auditing, internal auditing, compliance auditing, and operational auditing as well as fraud examinations. Topics include evidence and documentation, auditing computer systems, and internal controls.

ACCY 263. Governmental and Non-Profit Accounting.  
Term Typically Offered: Fall, Spring

This course provides an in depth study of accounting and reporting for state and local governmental and non-profit entities. The course emphasizes the governmental reporting environment, the accounting for various types of funds, the accounting aspects of budgetary control, and the preparation of governmental financial information to be included in the Comprehensive Annual Financial Report. This course also emphasizes the key differences between governmental and non-profit organizations, and the financial accounting and reporting for non-profit organizations.

ACCY 264. Taxation of Business Entities.  
Term Typically Offered: Fall, Spring

Covers the topics for corporate tax, partnership tax, estate and gift tax, and tax planning. Corporate tax includes taxation of transactions between corporations and their shareholders, transfers to corporations, dividends and non-liquidating distributions, stock redemptions, corporate liquidations, and S corporation. Partnership tax includes operation and liquidation, dissolution, sales, and exchange of partnership interests. Estate and gift tax addresses the types of transfers for federal gift tax.

Term Typically Offered: Fall, Spring

Emphasis on the role of computer and information technology in the development, analysis, and operation of accounting information systems; may include advanced coverage of accounting transaction cycles, accounting systems planning and analysis, accounting system design, accounting systems implementation and operation, the accounting system internal control structure, data modeling and database design in accounting, computer fraud and security, and auditing of computer-based information systems.

Term Typically Offered: Fall, Spring

Designed to provide understanding of knowledge and skills necessary for the general business environment and business operation. In addition, students are required to apply that knowledge in performing professional responsibilities. Topics include corporate governance, business cycles, global economic markets, business strategy, effect of financial management policies on accounting transactions, economic substance of transactions and their accounting implications, and budgeting/forecasting techniques.

ACCY 269. Taxation of Individuals.  
Term Typically Offered: Fall, Spring

Covers the required topics for tax form preparation for reporting individual incomes. Examines fundamental concepts in tax law and the underlying reasons for income identification, exemption, and deduction.

ACCY 270. Tax Research and Procedure.  
Prerequisite(s): ACCY 172 or ACCY 269.  
Term Typically Offered: Fall, Spring

Tax reporting and collection procedure; administrative and judicial procedures governing tax controversies; the rights and obligations of the taxpayer. Intensive training in performing and communicating tax research. Includes use of current database programs. Lecture basis, followed by "hands-on" application of research methods.

ACCY 271. Tax Accounting Periods and Methods.  
Prerequisite(s): ACCY 172 or ACCY 269.  
Term Typically Offered: Fall, Spring

Concepts and principles of the overall cash, accrual and hybrid methods of tax accounting. Applications of specific methods such as: inventory costing and capitalization rules, installment sales, long-term contracts, and original issue discount/time value of money will be examined. Lecture format to present the underlying rules and concepts. Case studies will then be analyzed and discussed by the students to examine the topics in a "real-world" context.

Prerequisite(s): ACCY 172 or ACCY 269.  
Term Typically Offered: Fall, Spring

Discusses federal tax law as it applies to corporations, including the following topics: special deductions, formation, distributions, and complete liquidations. Incorporates problem sets, case analysis, a corporate tax return project, and a research project to enhance analytical and critical thinking skills and compliance experience.

Prerequisite(s): ACCY 172 or ACCY 269.  
Term Typically Offered: Fall, Spring

Discusses general concepts, acquisitions and basis of partnerships interests, operations, transfers of partnership interests, and distributions. Incorporates problem sets, a partnership tax return project, and research projects to enhance analytical and critical thinking skills and compliance experience and to develop students' technical proficiency in the application of partnership concepts.

ACCY 274. Estate, Gift and Trust Taxation.  
Prerequisite(s): ACCY 172 or ACCY 269.  
Term Typically Offered: Fall, Spring

Taxation of decedent's estate and lifetime gifts; valuation of property subject to estate and gift taxes; income taxation of estates and trusts; estate planning. Uses a lecture format to present the underlying rules and concepts. Case studies will then be analyzed and discussed by the students to examine the topics in a "real-world" context.

Term Typically Offered: Fall, Spring

Importance of global asset protection and wealth management; domestic Statutory and case law authorities of selected European, American and Asian countries as they relate to wealth protection and asset management; bi-lateral international agreements relating to wealth management and asset protection; Multilateral agreement affecting wealth management and asset protection; tax and legal liability minimizing models.
ACCY 276. U.S. Taxation of International Transactions. 3 Units
Prerequisite(s): ACCY 272, Advanced to Candidacy.
Term Typically Offered: Fall, Spring

U.S. tax jurisdiction; U.S. source of income rules and related expense allocation; U.S. taxation of foreign taxpayers; transfer pricing issues; U.S. taxation of the foreign income of U.S. citizens and residents; cross border transactions; foreign currency tax issues; and U.S. bilateral tax agreements. Successful completion will satisfy the culminating experience for the MSBA/Taxation program. Students may select topics for their Master’s projects that are outside the discipline topic of the class subject to the approval of the instructor.

ACCY 277. Comparative International Tax Systems. 3 Units
Term Typically Offered: Fall, Spring

The similarities and differences between current global tax systems including jurisdiction and conflict of laws issues; the role of bilateral international tax treaties and other international tax related agreements in business operations; international tax planning for individuals and multinational enterprise including corporations, partnerships and estates and trusts.

ACCY 278. International and Multi-State Taxation. 3 Units
Term Typically Offered: Fall, Spring

Focuses on the taxation of cross-border transactions which encompasses discussion of the laws, rules, and regulations that affect transactions that cross both state and national borders. It covers various issues such as income sourcing and jurisdiction to tax. This course generally discusses these issues from the perspective of a U.S. person, but emphasizes and illustrates the general applicability of these rules for the tax regimes as established by other countries and states.

ACCY 280. Management Control Systems. 3 Units
Term Typically Offered: Fall, Spring

Development of the concepts and practice of management control systems. How alternative accounting-based planning, performance motivation and evaluation, and control systems fit and are used in varying strategic, management, and operative environments. How systems focus and motivate managers’ decision behavior. How systems fit and are used in varying decision, competitive, and organization settings. Emphasis is on cases.

ACCY 295. Internship in Accountancy. 3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's accounting operations. Supervision is provided by the faculty and the cooperating agencies. Open to MS in Accountancy students. Petitions are obtained from Tahoe Hall 1035.
Credit/No Credit

ACCY 296. Experimental Offerings in Accountancy. 3 Units
Term Typically Offered: Fall, Spring

When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in accountancy.

ACCY 299. Special Problems in Accountancy. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval from the Department Chair of Accountancy. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1037.
Credit/No Credit

ACCY 500A. Thesis. 1 - 3 Units
Prerequisite(s): Advanced to candidacy; completion of MGMT 210 is required for the MBA only.
Term Typically Offered: Fall, Spring

Completion of a thesis approved for the Master’s degree.

ACCY 500B. Project. 1 - 3 Units
Prerequisite(s): Advanced to candidacy; completion of MGMT 210 is required for the MBA only.
Term Typically Offered: Fall, Spring

Completion of a project approved for the Master’s degree.

ACCY 500C. Comprehensive Examination for MS/Accountancy and MSBA/Taxation Degrees. 1 - 3 Units
Prerequisite(s): Advanced to candidacy. For comprehensive examination for MBA only (MGMT 500C, 1 unit), completion of Program Requirements (ACCY 240, MGMT 222, MGMT 223, MGMT 234, MGMT 280, MIS 221, OBE 252). For comprehensive examination for MS/Accountancy and MSBA/Taxation degrees, student must be in final semester of program.
Term Typically Offered: Fall, Spring

Note: MS Accountancy degree, student must be in final semester of program.

ACCY 501. Culminating Experience Project in Accounting and Ethics. 3 Units
Prerequisite(s): Advancement to Candidacy
Term Typically Offered: Fall, Spring

Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MS in Accountancy program as required in Title V of the CA Educational Code. The course also covers the development of ethical standards, ethical reasoning, AICPA Code of Professional Conduct, accountants’ professional responsibilities, financial reporting fraud and responses, corporate governance, and other relevant topics.
Note: May be repeated for credit

AIS 141. Accounting Information Systems Development. 3 Units
Term Typically Offered: Fall, Spring

Design, analysis, and implementation of computer-based accounting information systems. Discussion of flow charting, data security, systems development, program architecture, and management of the implementation process. Development of computer applications and formulation of decision information for managerial uses. Use of the computer in projects.
AIS 142. Enterprise and E-Commerce Accounting Models. 3 Units
Prerequisite(s): AIS 141 or instructor permission.
Term Typically Offered: Fall, Spring
Survey of Enterprise Resource Planning (ERP) models, Business-to-Business (B2B) E-commerce models, and the effects of the changing business and technology landscape upon the accounting profession. Topics include internal control, auditing, and economics relating to these new business-process models.

AIS 194. Cooperative Education Experience in Accounting Information Systems Problems. 6 - 12 Units
Prerequisite(s): Minimum overall GPA of 2.75; instructor permission.
Term Typically Offered: Fall, Spring
In-depth supervised work experience in accounting information systems for the purpose of exposing the student to comprehensive Accounting Information Systems experience in business, governmental, or service agencies. 
Note: Open to upper division students, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

AIS 195. Internship in Accounting Information Systems. 3 - 6 Units
Prerequisite(s): Completion of 15 units of upper division business courses at Sacramento State; minimum GPA of 2.75 required; instructor permission.
Term Typically Offered: Fall, Spring
Supervised work experience in accounting information systems for the purpose of increasing student understanding of the nature and scope of the operations of business, governmental, or service agencies. Supervision is provided by the faculty and cooperating agencies. 
Note: Open to declared business administration upper division majors only, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

AIS 199. Special Problems in Accounting Information Systems. 1 - 3 Units
Prerequisite(s): Senior status or instructor permission.
Term Typically Offered: Fall, Spring
Individual accounting information systems projects or directed reading for students qualified to carry on independent work. 
Note: Open to declared business administration majors only. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.
Credit/No Credit

BS in Business Administration (Accountancy)

Units required for Major: 69
Total units required for BS: 120

Program Description
The objective of the Accountancy concentration is to provide conceptual and practical knowledge to students who will practice accounting or use accounting in business or other organizations. Students in Accountancy at Sacramento State have the opportunity to take courses of study in preparation for careers in public accountancy, private industry, and government. Studies in Accountancy give students a strong preparation in the fields of business, finance, insurance, banking, government agencies, tax authorities, and many other profit and nonprofit organizations. Some of these career opportunities may lead to professional certification such as Certified Public Accountants, Certified Internal Auditors, Certified Management Accountants, and Certified Governmental Financial Managers. An Accountancy undergraduate education provides a foundation for entry-level jobs and long-term careers in these areas, giving students familiarity with a range of employment opportunities.

Note: The use of the words “business administration” throughout this section refers to courses designated as Accountancy (ACCY), Accounting Information Systems (AIS), Decision Sciences (DS), Entrepreneurship (ENTR), Finance (FIN), General Management (GM), Human Resources/Organizational Behavior (HROB), International Business (IBUS), Management (MGMT), Management Information Science (MIS), Marketing (MKTG), and Operations Management (OPM).

Note: Students graduating with a Bachelor of Science in Business Administration (all concentrations) will not be subject to the University's Foreign Language Graduation Requirement. Students who change major may be subject to the University's Foreign Language Graduation Requirement.

Note: At least 15 units of upper division business administration courses must be taken in residence at (or under the auspices of) California State University, Sacramento. Of these 15 units, a minimum of nine units must be in upper division courses in the concentration.

Pre-Requisite Requirements
A student may not enroll in any of the Major program or Concentration courses until he/she has completed the Pre-Requisite lower division program with a grade of "C-" or better in each course and an overall GPA of 2.0 ("C"), with the exception of MATH 24 which requires a minimum acceptable grade of "C" or better.

Students enrolled as Expressed Interest in Business may enroll in the following courses after completing the lower division pre-requisite requirements:

<table>
<thead>
<tr>

<td>Business Communications</td>
<td>3</td>
</tr>
<tr>
<td>HROB 101</td>
<td>The Management of Contemporary Organizations</td>
<td>3</td>
</tr>
</tbody>
</table>

Computer Literacy
All business majors must meet spreadsheet competency prior to taking upper division courses in the major. This requires completing MIS 10 (or equivalent).

Minimum Grade Requirements
The purpose of this requirement is to assure that all business administration students attain the minimum level of competency in all their coursework required for the business administration degree.
The minimum acceptable grade for any undergraduate course required for the business administration degree is "C-" with the exception of MATH 24 which requires a minimum acceptable grade of "C" or better.

A minimum grade point average of 2.0 ("C") is required in the Pre-Requisite courses, Major Core courses, and the Concentration courses presented for the degree.

One result is a heightened interest in the regulatory climate, including the Sarbanes-Oxley Act, have increased the demand for graduate education in accounting. The MS/ACCY program helps to qualify students to sit for professional accounting examinations that lead to credentials such as the CPA (Certified Public Accountant) and the CMA (Certified Management Accountant) designations. The MS/ACCY program uses an online platform to deliver a completely web-based degree. The MS/ACCY courses are only available through the College of Continuing Education.

Admission Requirements

For students who have taken the GMAT, the five Admission Criteria are as follows:

1. Index #1 of 1050 or Index #2 of 1100 (see description below) AND
2. Minimum Total GMAT score of 500 AND
3. Minimum GMAT Quantitative percentile of 30 AND
4. Minimum GMAT Verbal percentile of 30 AND
5. Minimum 2.5 overall undergraduate GPA.

Index #1 - (index = (GPA x 200) + GMAT score). An index of 1050 is required using the overall undergraduate GPA.

Index #2 - (index = (GPA x 200) + GMAT score). An index of 1100 is required using the last 60 semester units (last 90 quarter units) undergraduate GPA.

Example: 3.0 GPA x 200 + 500 GMAT Score = 1100

For students who have not taken the GMAT, the Admission Criteria are as follows:

If the applicant has passed all four parts of the Certified Public Accountant examination but has not taken the GMAT, then a 500 GMAT score will be used to calculate admission indices #1 and #2. If the applicant has taken the LSAT but has not taken the GMAT, then the LSAT score will be used to calculate admission indices #1 and #2. Actual GMAT scores take precedence over imputed GMAT scores as admission criteria for the CBA graduate business programs. LSAT minimum score of 150.

1. Index #1 of 1050 (see description above) OR
2. Index #2 of 1100 (see description above) AND
3. Minimum 2.5 overall undergraduate GPA.

The proof for passing the CPA exam must be evidenced by one of the following:

1. Unlicensed applicants must supply a copy of their CPA exam grade report sent by the State Board of Accountancy or
2. Licensed applicants must supply a copy of their CPA license.

Deadlines

Please see the CBA Web site for current admission deadlines: http://www.cba.csus.edu/graduate/ACCY (http://www.cba.csus.edu/graduate/ACCY)

Application Procedures

All prospective graduate students must file the following documents as noted below:
1. **To the Sacramento State Office of Graduate Studies, submit the following:**
   a. Online CSU Graduate Application: ([https://www2.calstate.edu/apply/graduate](https://www2.calstate.edu/apply/graduate))
   b. Application Fee (paid on-line when you file your application).
   c. One (1) Set of Official Transcripts, from all colleges and universities previously attended.

2. **Submit the following supplemental application:**
   a. One (1) set of official transcripts
   b. Results from GMAT, LSAT or CPA scores
   c. Recommendation Form Waiver
   d. Two (2) Recommendation Forms
   e. Current Resume.

Mail all of the above documents to the following address:

Graduate Business Advising Center (GBAC)
Tahoe Hall, 1037
College of Business Administration
CSU, Sacramento
6000 J Street
Sacramento, CA 95819-6088
Phone: (916) 278-6772
FAX: (916) 278-4233
Email: cba-gbac@saclink.csus.edu

1. If you attend Sacramento State, you must request an official transcript. We cannot obtain one on your behalf. You may order transcripts from the Office of the University Registrar at their Web site: [csus.edu/gradstudies/forms/index.html](http://www.csus.edu/gradstudies/forms/index.html). If you attended additional schools besides Sacramento State, you must obtain official transcripts from those institutions, this includes community and junior colleges.

**Please Note:** Applications are not considered complete and will not be reviewed unless you complete all the steps as directed. You must submit official transcripts from ALL colleges and universities previously attended. Submission of official transcripts and test scores must be received no later than the application deadline.

**International Students**

International students will **not** be issued an F-1 student visa for this program as it is a completely online program. You may apply but you will not be issued a student visa to come to the United States. All materials, inclusive of TOEFL scores, must be turned into the Office of Graduate Studies. To ensure consideration, international students should submit their material to the International Admissions Office one month prior to the above CBA application deadlines.

**TOEFL**

The University requires a minimum TOEFL score of 550 (paper based), 80 (internet based), or 213 (computer based).

To understand the guidelines for your country please go to [http://www.csus.edu/gradstudies/futurestudents/applicantswithforeigndocuments/index.html](http://www.csus.edu/gradstudies/futurestudents/applicantswithforeigndocuments/index.html). Click on your country for detailed information.

California State University, Sacramento interprets "where English was the principal language of instruction" to mean that a school is located in a country where English is the native language (the daily medium of communication of the majority of the residents is English), and that the student received academic instruction in all subjects (except foreign language courses) at all levels of education in English.

**Minimum Units and Grade Requirements for the Degree**

Total units required for MS/ACCY: 30 (excluding foundation courses)

Minimum Cumulative GPA: 3.0. The minimum acceptable grade for any graduate business course is “C.” No more than two (2) courses with a grade of “C” will be counted for satisfaction of graduate program requirements.

**Advancement to Candidacy**

A student’s program requirements are governed by the catalog in effect at the time one is accepted into and begins graduate school or by the catalog in effect at the time advancement to candidacy is approved.

Prior to enrolling in Culminating Requirements, a student must advance to candidacy. Initiation of advancement procedures is the responsibility of the student. The application to advance must be filed no later than the semester prior to enrollment in culminating experience requirement.

Eligibility to advance to candidacy requires satisfactory scholastic achievement, presentation of a plan of graduate study, and demonstration of writing proficiency. A classified graduate student in Business Administration may apply to the Graduate Business Advising Center (GBAC) for advancement to candidacy for the Master’s degree after s/he has completed at least 12 units of the program requirements beyond the Foundation requirements. Students with a GPA deficiency or who have not fulfilled the Writing Placement for Graduate Students Requirement (WPG) cannot advance to candidacy.

For more information regarding services and program options, please visit the COB Web site at: [https://www.csus.edu/college/business-administration/](https://www.csus.edu/college/business-administration/)
Undergraduate Program Description

The College of Business offers a broad professional education in Business. The Bachelor of Science program offers students a choice of 9 concentrations by which they may focus their goals. Additionally, the COB’s Business Honors program provides an alternative path to its most capable students to prepare them for management opportunities. All students must choose a concentration to complete their requirements for the baccalaureate degree. Students who are uncertain about which concentration to choose are encouraged to select the General Management concentration, as it is the most comprehensive. The structure of the General Management concentration also provides an overlap with the other concentrations, thus making changes in focus possible. Students who wish a more customized program may elect to complete the requirements for additional concentrations as well. For example, students may elect dual concentrations such as General Management and Management of Human Resources and Organizational Behavior. For information about program options, please visit our website at: Undergraduate Programs | Sacramento State (csus.edu) (https://www.csus.edu/college/business-administration/undergraduate/).

The College also offers Minors in Business, Management of Human Resources and Organizational Behavior, Marketing, Real Estate and Land Use Affairs, and Risk Management and Insurance. A Minor in Business is valuable to the student majoring in another area who wishes to supplement his/her knowledge with a business background.

Note: The use of the word “business” throughout this section refers to courses designated as Accountancy (ACCY), Accounting Information Systems (AIS), Decision Sciences (DS), Entrepreneurship (ENTR), Finance (FIN), General Management (GM), Human Resources/Organizational Behavior (HROB), International Business (IBUS), Management (MGMT), Management Information Science (MIS), Marketing (MKTG), Operations Management (OPM).

Degree Programs

BS in Business (Accountancy)
BS in Business (Entrepreneurship)
BS in Business (Finance)
BS in Business (General Management)
BS in Business (International Business)
BS in Business (Management of Human Resources and Organizational Behavior)
BS in Business (Management Information System)
BS in Business (Marketing)
BS in Business (Supply Chain Management)
Business Honors Program
Minor in Business
Minor in Management of Human Resources and Organizational Behavior
Minor in Marketing
Minor in Real Estate and Land Use Affairs

Graduate Program Description

The College offers several general and specialized business graduate degree programs. They include: Master of Business (MBA), Master of Business for Executives (EMBA), International Master of Business (IMBA), and Master of Science in Accountancy (MS/ACCY).

Degree Programs

International Master of Business (IMBA)
MBA (General)
MBA (Business Analytics in Healthcare)
MBA (Entrepreneurship and Global Business)
MBA (Finance)
MBA for Executives (EMBA)
MS in Accountancy

Accreditation

In addition to California State University, Sacramento’s full accreditation by the Western Association of Schools and Colleges, the Bachelor of Science, Master of Business, and Master of Science are also individually accredited by the AACSB Internationally Association to Advance Collegiate Schools of Business.

Notice to Students RE: Professional Licensure and Certification

California State University programs for professions that require licensure or certification are intended to prepare the student for California licensure and certification requirements. Admission into programs for professions that require licensure and certification does not guarantee that students will obtain a license or certificate. Licensure and certification requirements are set by agencies that are not controlled by or affiliated with the California State University and licensure and certification requirements can change at any time.

The California State University has not determined whether its programs meet other states’ educational or professional requirements for licensure and certification. Students planning to pursue licensure or certification in other states are responsible for determining whether, if they complete a California State University program, they will meet their state's requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

**Academic Policies and Procedures**

The following is a summary of the Policies and Procedures that are unique to the COB. Students who wish to request deviation from these articulated policies and procedures must petition the COB Academic Standards Committee. Undergraduate students should submit their petitions to the Undergraduate Business Advising Center (UBAC), Tahoe Hall 1030. For graduate students enrolled in the EMBA program please contact the Director for Executive and Professional Programs, Tahoe Hall 1020. All other COB graduate students should contact the MBA Program Services (MPS), through Tahoe Hall 1030. Graduate students should contact the Graduate Programs Office (GPO), TAHOE HALL 1020. The Committee will not hear requests from students that disregard catalog policy. To see the full statement, please go to the web address: www.csus.edu/cob/ (http://www.csus.edu/cba/).

**Add/Drop Policies**

Students are subject to being administratively dropped from business courses if they fail to meet academic standards for which they have not met the prerequisite requirements as prescribed by the COB or by Sacramento State.

Rules for adding and/or dropping a course during the first few weeks of a semester differ substantially from the policies in effect after that period of time. Different procedures may apply for undergraduate and graduate students.

**Adding Courses:** Students normally enroll in courses during the registration period. After the registration period, students may be permitted to add courses only with the approval of the instructor and the Associate Dean for the Academic Programs.

**Dropping Courses:** The requirement for dropping selected courses becomes more difficult as the semester progresses. It is the responsibility of the student to maintain progress in each course in which the student is enrolled. Students who request to continue in the course without an approved drop will receive a grade of "WU" or "F" for the course. Please visit the Academic Programs Office Tahoe Hall 2028. You may visit the Undergraduate Business Advising Center for Undergraduate courses. For students enrolled in the EMBA program, the MBA Program Services (MPS).

**Course Repeat Policy**

Undergraduate courses used for the CBA’s major requirements may be repeated twice (for a total of three attempts). If the subject course is required and the student has not earned a grade of "A", "A-", "B+", "B", "B-", "C+", "C", or "C-" in three attempts, the student will be disqualified from the COB. If the course represents a computer literacy requirement, and the student has not earned a grade of "A", "A-", "B+", "B", "B-", "C+", "C", or "CR" in three attempts, the student will not be allowed to enroll in the course a fourth time. However, the student may be given the opportunity to demonstrate computer literacy by passing the appropriate examination.

Graduate students may repeat only two graduate courses — one at the Foundation level and one at the MBA/MS level.

**Reinstatement Policy**

Undergraduate Business majors who have been disqualified from the University will not be allowed to enroll in 100-level business courses until they have been reinstated into the business major. In order for students to qualify to petition for reinstatement into the business major, they must be in good standing according to university standards. Undergraduate business students seeking reinstatement to the COB must reapply to the major through the impaction process.

Graduate students must complete a Reinstatement Petition obtained in the MBA Program Services (MPS). Graduate students must file the petition with the MPS, including an explanation with relevant documentation supporting their request for reinstatement. The COB Academic Standards Committee will review the petition.

**Incomplete Grades**

Under certain conditions, students may request a grade of “Incomplete.” Students must be passing the course at the time an “Incomplete” is requested. The issuance of an “Incomplete” is appropriate only when required by University policy or in situations such as:

- the student misses a final exam for reasons that are fully justifiable in the eyes of the instructor; or
- the student was granted an extension of time to complete a class assignment.

Except in those cases specifically approved by university policy, the course instructor has sole discretion over what constitutes a fully justifiable reason for an “Incomplete.”

**Contract to Finish an Incomplete Grade**

A petition for Incomplete Grade must be submitted with both the student’s and course instructor’s showing the work to be completed, the basis by which the student’s final grade will be determined, the last date for completing the incomplete work, and the grade earned by the student at the time the petition was approved. All “Incomplete” grade petitions must be agreed to by the student, as indicated by the student’s signature and date of signing. The contract must also be signed by the course instructor.

**Open University Enrollment**

The COB restricts the enrollment in 100-level business courses through Open University to only six (6) units. The purpose of Open University is to provide opportunity for individuals from the community to enroll in certain courses for purposes of professional development. Matriculating and/or matriculated students in a COB degree program are not to use Open University. See the Undergraduate Business Advising Center (TAH-1030) for undergraduate courses.

**Simultaneous Course Enrollment**

Students may not enroll in two or more courses that are offered on the same day and at the same time. In very rare circumstances, and with approval of the course instructors and the Associate Dean for the Academic Programs, students may enroll in courses that overlap by no more than 15 minutes.
Currency of Knowledge Requirement
All students must have what is considered “currency of knowledge” in courses they apply towards an earned degree. This applies to both majors and minors within the COB. Courses that do not satisfy the currency of knowledge requirement must be repeated.

Currency of Course Prerequisites
All current course prerequisites must have been completed within seven years of enrolling in any course having prerequisites. This currency requirement may be waived in cases where more advanced courses in the same area than the listed prerequisites have been completed in the last seven years with a grade of “C-” or better.

Undergraduate Courses
Lower division courses used to satisfy major or minor requirements must have been completed within seven years of the date of admission to the business major or minor. Upper division courses used to satisfy graduation requirements must have been completed within seven years of the date of graduation.

The COB Academic Standards Committee may grant credit for courses taken beyond the seven-year requirement for extensive experience in the area. The burden rests upon the applicant to demonstrate how his/her experience satisfies the requirement of currency.

Graduate Courses
All program requirements, excluding the Foundation courses, must be completed within seven years of the date of expected graduation.

During the admission cycle, courses used to fulfill Foundation course requirements must have been completed within seven years of the date of admission. The COB Academic Standards Committee, however, may approve currency for Foundation courses taken beyond the seven-year requirement if a request is so filed. Waiving of the seven-year requirement shall be based on the relevancy, level of responsibility, and duration of the applicant’s work experience. The burden rests upon the applicant to demonstrate how his/her experience satisfies the requirement for currency.

Course Transfer Credit Articulated Courses
The COB has articulation agreements with a number of community colleges. These agreements stipulate the COB has agreed that certain identified undergraduate courses are deemed to be “equivalent” between the respective institutions, and therefore credit will be awarded for those courses taken at another (articulated) institution, towards a degree from Sacramento State. Approval of courses submitted for articulation is subject to currency of knowledge stipulations. See the following Web site for an up-to-date list of articulated courses: www.assist.org (http://www.csus.edu/college/business-administration/undergraduate/impacted-major.html).

Course Transfer Credit Non-Articulated Courses
Courses taken at an AACSB International accredited college of business will be accepted for transfer credit if the course is regarded as equivalent to the course for which credit is requested. Business core courses and concentration courses will not be accepted for transfer credit from programs that are not AACSB International accredited unless taken at institutions that have national or international reputations of high quality programs.

Petitions for equivalency for undergraduate, non-articulated courses must be submitted to the Undergraduate Business Advising Center (UBAC). Petitions for equivalency for graduate, non-articulated courses must be submitted to the Graduate Programs Office, TAHOE 1020. For all other COB graduate programs contact the Graduate Programs Office. The COB Academic Standards Committee will evaluate whether the institution satisfies the requirement of “national or international reputations of high quality programs.” Subsequently, faculty in the appropriate area will make the final determination of course equivalency, e.g., content, method of instruction, method of evaluating students, and/or course duration.

Change of Major
The undergraduate Business Major is impacted. The students must meet the impaction criteria found at: Impacted Major Information | Sacramento State (csus.edu) (https://www.csus.edu/college/business-administration/undergraduate/advising/impacted-major.html)

Students who are declared in another major and wish to declare business as their minor, must file a Minor Request Petition. Students must complete and return these petitions to the Undergraduate Business Advising Center, Tahoe Hall 1030. The deadline for the fall semester is March 1st; for the spring semester the deadline is October 1st.

ACCY 1. Accounting Fundamentals. 3 Units
Prerequisite(s): Entry Level Math (ELM) test of at least 36 or a CR grade in LS 7A.
Term Typically Offered: Fall, Spring

Accounting as the basis of an information system with emphasis on concepts and assumptions underlying data accumulation for financial reports. Includes the concepts of income determination and financial position, and the accounting for various types of ownership equities.

ACCY 2. Managerial Accounting. 3 Units
Prerequisite(s): ACCY 1.
Term Typically Offered: Fall, Spring

Use and reporting of accounting data for managerial planning, control, and decision making. Broad coverage of concepts, classification, and behavior of costs.

ACCY 111. Intermediate Accounting I. 3 Units
Term Typically Offered: Fall, Spring

In-depth knowledge of how financial information provides information about a company's economic resources, obligations, and owner's equity; income and its components; and cash flows. Topics include the development and application of basic assumptions, principles and constraints underlying financial statements; the use of information derived from financial statements and the limitations of the information; and the use of accounting information to evaluate a company's return on investment, risk, financial, flexibility, liquidity, and operational capability. Students learn how to prepare financial statements.

ACCY 112. Intermediate Accounting II. 3 Units
Prerequisite(s): ACCY 111.
Term Typically Offered: Fall, Spring

Application of Generally Accepted Accounting Principles to the reporting of tangible and intangible assets, liabilities, and the capital section of the balance sheet. Other topics include the reporting of stock-based compensation and earnings-per-share.

ACCY 113. Intermediate Accounting III. 3 Units
Prerequisite(s): ACCY 111.
Term Typically Offered: Fall, Spring

Application of Generally Accepted Accounting Principles to revenue recognition and matching, pensions, leases, income taxes, accounting changes, interim financial statements, and segmental reporting. Students develop an in-depth knowledge of the preparation and the analysis of the cash flow statement.

ACCY 117. Advanced Accounting. 3 Units
Prerequisite(s): ACCY 111 and ACCY 112.
Term Typically Offered: Fall, Spring

Specialized topics in partnership accounting; consolidated statements; foreign currency translation and financial statements.

ACCY 121. Cost Accounting. 3 Units
Term Typically Offered: Fall, Spring

Importance of the allocation of costs; the cost allocation techniques available to accountants; the techniques used by management to maintain and create enterprise value, e.g., CVP analysis; the accountant's responsibility for the management of inventory; and the ethical consideration in internal reporting.

ACCY 122. Advanced Management Accounting. 3 Units
Prerequisite(s): ACCY 121.
Term Typically Offered: Fall, Spring

Accountant's responsibility to provide financial and non-financial information to managers; the planning techniques available to accountants; managerial control techniques that enhance the maintenance and improvement of enterprise value, and short-run and long-run analyses.

ACCY 131. Survey of Auditing, Attest, and Assurance Topics. 3 Units
Prerequisite(s): ACCY 111, ACCY 112.
Term Typically Offered: Fall, Spring

Survey of topics in auditing as a control activity in society. Covers a variety of opportunities in the auditing profession including external auditing, internal auditing, compliance auditing, and operational auditing as well as fraud examinations. Topics include evidence and documentation, professional ethics, auditing computer systems, statistical sampling, and internal controls.

ACCY 132. Accountants' Ethical and Professional Responsibilities. 3 Units
Prerequisite(s): ACCY 111, ACCY 112.
Corequisite(s): ACCY 131.
Term Typically Offered: Fall, Spring

This course addresses professional responsibilities for the accounting profession, including the development of ethical standards, ethical reasoning, AICPA and California Codes of Professional Conduct, financial reporting fraud, corporate governance, and other relevant topics.
ACCY 143. Accounting Data Analytics. 3 Units
Prerequisite(s): ACCY 112
Term Typically Offered: Fall, Spring

Examines the changing technological environment in accounting, and the role of data analytics in accounting. This course will help students to understand different structured and unstructured accounting data, and develop new analytic skills to make better accounting decisions. It will also improve students' ability to conduct audit analytical procedures in accordance with financial reporting regulatory requirements.

ACCY 161. Government and Nonprofit Accounting. 3 Units
Prerequisite(s): ACCY 111
Term Typically Offered: Fall, Spring

Fundamentals of accounting and financial reporting for governmental units and institutions; accounting for various types of funds; accounting aspects of budgetary control.

ACCY 171. Federal Tax Procedures I. 3 Units
Term Typically Offered: Fall, Spring

Federal taxation concepts are used in effective decision making; a working knowledge of the concepts of gross income, deductions, tax rates, and property transactions as they pertain to C corporations, partnerships, S corporations, and individuals; and proficiency in the application of tax concepts as they pertain to business and individual taxpayers.

ACCY 172. Federal Tax Procedures II. 3 Units
Prerequisite(s): ACCY 171
Term Typically Offered: Fall, Spring

Business entity formation, operation, and termination and business taxation principles and concepts used in effective decision-making. Students develop the ability to understand and apply business tax principles and the critical and analytical skills that are necessary in the study and application of taxation and tax law.

ACCY 190. International Accounting. 3 Units
Prerequisite(s): ACCY 111, Business Major
Term Typically Offered: Fall, Spring

Accounting concepts, principles, and methods applicable to multinational transactions and global corporations. Contents include the translation of financial statements, comparative accounting systems, financial reporting, currency risk management, international accounting standards and organizations, taxation problems, and the managerial aspects of multinational transactions.

ACCY 194. Cooperative Education Experience in Accountancy. 6 - 12 Units
Prerequisite(s): Minimum overall GPA of 2.75; instructor permission.
Term Typically Offered: Fall, Spring

In-depth supervised work experience in accounting for the purpose of exposing the student to comprehensive accountancy experience in business, governmental, or service agencies. Note: Open to upper division students, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

ACCY 195. Internship in Accountancy. 3 Units
Prerequisite(s): Completion of 15 units of upper division business courses at Sacramento State; minimum overall GPA of 2.75; instructor permission.
Term Typically Offered: Fall, Spring

Supervised work experience in accountancy for the purpose of increasing student understanding of the nature and scope of the operations of business, governmental, or service agencies. Supervision is provided by the faculty and the cooperating agencies. Note: Open to declared business administration upper division majors only, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

ACCY 196B. Exper Offer Accountancy. 3 Units
Prerequisite(s): AIS 141
Corequisite(s): ACCY 131
Term Typically Offered: Fall, Spring

Credit/No Credit

ACCY 199. Special Problems in Accountancy. 1 - 3 Units
Prerequisite(s): Senior status or instructor permission.
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030. Note: Open to declared business administration majors only.

ACCY 220. Accountancy Teaching Experience. 3 - 6 Units
Term Typically Offered: Fall, Spring

Supervised experience of teaching lower division accountancy courses. Students will teach one section of ACCY 1 or 2 for each three units of credit. They may teach no more than two classes (6 units of credit) during any semester and be under direct supervision of an appropriate coordinator. To be eligible, students must register for nine units in addition to ACCY 220 and must have approval of the Department Chair. May not be used to satisfy any requirements in the CBA graduate programs. No student may earn more than twelve (12) units cumulative. Credit/No Credit

ACCY 240. Integrated Accounting Concepts. 3 Units
Term Typically Offered: Fall, Spring

Designed for students who enter the Master of Science Accountancy program without a Bachelor of Science in Accountancy or students who need to refresh their basic skills and understanding in record keeping, financial statement preparation and analysis, ethics in the practice of accounting, and internal controls through the use of comprehensive case study/practice set. Delivered via independent project work rather than lecture.
ACCY 250. Financial Reporting I. 3 Units
Term Typically Offered: Fall, Spring

Corporate financial reporting to external users in accordance with US Generally Accepted Accounting Principles (GAAP), including financial information about a company’s economic resources, obligations, owners’ equity, income, case flow, and use of information to evaluate a company’s return on investment, risk, financial flexibility, liquidity, and operational capability.

ACCY 251. Foundations of International Accounting. 3 Units
Prerequisite(s): ACCY 250 or equivalent.
Term Typically Offered: Fall, Spring

The role of culture in accounting; comparative international financial and managerial accounting fundamentals; international financial statement analysis; international accounting standards and U.S. GAAP convergence; international business combinations; foreign exchange; international auditing; international taxation; and international capital flows.

ACCY 260. Financial Reporting II. 3 Units
Prerequisite(s): ACCY 250.
Term Typically Offered: Fall, Spring

In-depth study of technical financial accounting issues including accounting for pensions and leases, income tax, accounting changes, consolidated financial statements, and foreign currency.

ACCY 261. Cost Analysis and Control. 3 Units
Term Typically Offered: Fall, Summer

Fundamentals of cost accounting concepts and practice relating to cost accumulation, control, and analysis for managerial planning and decision making. Specific topics generally include product costing, standards, cost allocation, estimation, budgeting, transfer pricing, and performance evaluation. Emphasis is on current issues.

ACCY 262. Auditing. 3 Units
Term Typically Offered: Fall, Spring

Study auditing as a control activity in society. It covers a variety of opportunities in the auditing profession including external auditing, internal auditing, compliance auditing, and operational auditing as well as fraud examinations. Topics include evidence and documentation, auditing computer systems, and internal controls.

ACCY 263. Governmental and Non-Profit Accounting. 3 Units
Term Typically Offered: Fall, Spring

This course provides an in depth study of accounting and reporting for state and local governmental and non-profit entities. The course emphasizes the governmental reporting environment, the accounting for various types of funds, the accounting aspects of budgetary control, and the preparation of governmental financial information to be included in the Comprehensive Annual Financial Report. This course also emphasizes the key differences between governmental and non-profit organizations, and the financial accounting and reporting for non-profit organizations.

ACCY 264. Taxation of Business Entities. 3 Units
Term Typically Offered: Fall, Spring

Covers the topics for corporate tax, partnership tax, estate and gift tax, and tax planning. Corporate tax includes taxation of transactions between corporations and their shareholders, transfers to corporations, dividends and non-liquidating distributions, stock redemptions, corporate liquidations, and S corporation. Partnership tax includes operation and liquidation, dissolution, sales, and exchange of partnership interests. Estate and gift tax addresses the types of transfers for federal gift tax.

ACCY 265. Advanced Accounting Information Systems Analysis and Controls. 3 Units
Term Typically Offered: Fall, Spring

Emphasis on the role of computer and information technology in the development, analysis, and operation of accounting information systems; may include advanced coverage of accounting transaction cycles, accounting systems planning and analysis, accounting system design, accounting systems implementation and operation, the accounting system internal control structure, data modeling and database design in accounting, computer fraud and security, and auditing of computer-based information systems.

ACCY 266. Business Environment and Concepts. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide understanding of knowledge and skills necessary for the general business environment and business operation. In addition, students are required to apply that knowledge in performing professional responsibilities. Topics include corporate governance, business cycles, global economic markets, business strategy, effect of financial management policies on accounting transactions, economic substance of transactions and their accounting implications, and budgeting/forecasting techniques.

ACCY 269. Taxation of Individuals. 3 Units
Term Typically Offered: Fall, Spring

Covers the required topics for tax form preparation for reporting individual incomes. Examines fundamental concepts in tax law and the underlying reasons for income identification, exemption, and deduction.

ACCY 270. Tax Research and Procedure. 3 Units
Prerequisite(s): ACCY 172 or ACCY 269.
Term Typically Offered: Fall, Spring

Tax reporting and collection procedure; administrative and judicial procedures governing tax controversies; the rights and obligations of the taxpayer. Intensive training in performing and communicating tax research. Includes use of current database programs. Lecture basis, followed by "hands-on" application of research methods.

ACCY 271. Tax Accounting Periods and Methods. 3 Units
Prerequisite(s): ACCY 172 or ACCY 269.
Term Typically Offered: Fall, Spring

Concepts and principles of the overall cash, accrual and hybrid methods of tax accounting. Applications of specific methods such as: inventory costing and capitalization rules, installment sales, long-term contracts, and original issue discount/time value of money will be examined. Lecture format to present the underlying rules and concepts. Case studies will then be analyzed and discussed by the students to examine the topics in a "real-world" context.
ACCY 272. Taxation of Business Enterprises I - Corporations. 3 Units
Prerequisite(s): ACCY 172 or ACCY 269.
Term Typically Offered: Fall, Spring
Discusses federal tax law as it applies to corporations, including the following topics: special deductions, formation, distributions, and complete liquidations. Incorporates problem sets, case analysis, a corporate tax return project, and a research project to enhance analytical and critical thinking skills and compliance experience.

ACCY 273. Taxation of Business Enterprises II - Partnerships. 3 Units
Prerequisite(s): ACCY 172 or ACCY 269.
Term Typically Offered: Fall, Spring
Discusses general concepts, acquisitions and basis of partnerships interests, operations, transfers of partnership interests, and distributions. Incorporates problem sets, a partnership tax return project, and research projects to enhance analytical and critical thinking skills and compliance experience and to develop students' technical proficiency in the application of partnership concepts.

ACCY 274. Estate, Gift and Trust Taxation. 3 Units
Prerequisite(s): ACCY 172 or ACCY 269.
Term Typically Offered: Fall, Spring
Taxation of decedent's estate and lifetime gifts; valuation of property subject to estate and gift taxes; income taxation of estates and trusts; estate planning. Uses a lecture format to present the underlying rules and concepts. Case studies will then be analyzed and discussed by the students to examine the topics in a "real-world" context.

ACCY 275. International Wealth and Asset Management. 3 Units
Term Typically Offered: Fall, Spring
Importance of global asset protection and wealth management; domestic Statutory and case law authorities of selected European, American and Asian countries as they relate to wealth protection and asset management; bi-lateral international agreements relating to wealth management and asset protection; Multilateral agreement affecting wealth management and asset protection; tax and legal liability minimizing models.

ACCY 276. U.S.Taxation of International Transactions. 3 Units
Prerequisite(s): ACCY 272, Advanced to Candidacy.
Term Typically Offered: Fall, Spring
U.S. tax jurisdiction; U.S. source of income rules and related expense allocation; U.S. taxation of foreign taxpayers; transfer pricing issues; U.S. taxation of the foreign income of U.S. citizens and residents; cross border transactions; foreign currency tax issues; and U.S. bilateral tax agreements. Successful completion will satisfy the culminating experience for the MSBA/Taxation program. Students may select topics for their Master’s projects that are outside the discipline topic of the class subject to the approval of the instructor.

ACCY 277. Comparative International Tax Systems. 3 Units
Term Typically Offered: Fall, Spring
The similarities and differences between current global tax systems including jurisdiction and conflict of laws issues; the role of bilateral international tax treaties and other international tax related agreements in business operations; international tax planning for individuals and multinational enterprise including corporations, partnerships and estates and trusts.

ACCY 278. International and Multi-State Taxation. 3 Units
Term Typically Offered: Fall, Spring
Focuses on the taxation of cross-border transactions which encompasses discussion of the laws, rules, and regulations that affect transactions that cross both state and national borders. It covers various issues such as income sourcing and jurisdiction to tax. This course generally discusses these issues from the perspective of a U.S. person, but emphasizes and illustrates the general applicability of these rules for the tax regimes as established by other countries and states.

ACCY 280. Management Control Systems. 3 Units
Term Typically Offered: Fall, Spring
Development of the concepts and practice of management control systems. How alternative accounting-based planning, performance motivation and evaluation, and control systems fit and are used in varying strategic, management, and operative environments. How systems focus and motivate managers' decision behavior. How systems fit and are used in varying decision, competitive, and organization settings. Emphasis is on cases.

ACCY 295. Internship in Accountancy. 3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's accounting operations. Supervision is provided by the faculty and the cooperating agencies. Open to MS in Accountancy students. Petitions are obtained from Tahoe Hall 1035. Credit/No Credit

ACCY 296. Experimental Offerings in Accountancy. 3 Units
Term Typically Offered: Fall, Spring
When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in accountancy.

ACCY 299. Special Problems in Accountancy. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval from the Department Chair of Accountancy. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1037. Credit/No Credit

ACCY 500A. Thesis. 1 - 3 Units
Prerequisite(s): Advanced to candidacy; completion of MGMT 210 is required for the MBA only.
Term Typically Offered: Fall, Spring
Completion of a thesis approved for the Master’s degree.

ACCY 500B. Project. 1 - 3 Units
Prerequisite(s): Advanced to candidacy; completion of MGMT 210 is required for the MBA only.
Term Typically Offered: Fall, Spring
Completion of a project approved for the Master’s degree.
ACCY 500C. Comprehensive Examination for MS/Accountancy and MSBA/Taxation Degrees. 1 - 3 Units
Prerequisite(s): Advanced to candidacy. For comprehensive examination for MBA only (MGMT 500C, 1 unit), completion of Program Requirements (ACCY 240, MGMT 222, MGMT 223, MGMT 234, MGMT 280, MIS 221, OBE 252). For comprehensive examination for MS/Accountancy and MSBA/Taxation degrees, student must be in final semester of program.
Term Typically Offered: Fall, Spring
Note: MS Accountancy degree, student must be in final semester of program.

ACCY 501. Culminating Experience Project in Accounting and Ethics. 3 Units
Prerequisite(s): Advancement to Candidacy
Term Typically Offered: Fall, Spring
Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MS in Accountancy program as required in Title V of the CA Educational Code. The course also covers the development of ethical standards, ethical reasoning, AICPA Code of Professional Conduct, accountants’ professional responsibilities, financial reporting fraud and responses, corporate governance, and other relevant topics.
Note: May be repeated for credit

AIS 141. Accounting Information Systems Development. 3 Units
Term Typically Offered: Fall, Spring
Design, analysis, and implementation of computer-based accounting information systems. Discussion of flow charting, data security, systems development, program architecture, and management of the implementation process. Development of computer applications and formulation of decision information for managerial uses. Use of the computer in projects.

AIS 142. Enterprise and E-Commerce Accounting Models. 3 Units
Prerequisite(s): AIS 141 or instructor permission.
Term Typically Offered: Fall, Spring
Survey of Enterprise Resource Planning (ERP) models, Business-to-Business (B2B) E-commerce models, and the effects of the changing business and technology landscape upon the accounting profession. Topics include internal control, auditing, and economics relating to these new business-process models.

AIS 144. Cooperative Education Experience in Accounting Information Systems Problems. 6 - 12 Units
Prerequisite(s): Minimum overall GPA of 2.75; instructor permission.
Term Typically Offered: Fall, Spring
In-depth supervised work experience in accounting information systems for the purpose of exposing the student to comprehensive Accounting Information Systems experience in business, governmental, or service agencies.
Note: Open to upper division students, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

AIS 195. Internship in Accounting Information Systems. 3 - 6 Units
Prerequisite(s): Completion of 15 units of upper division business courses at Sacramento State; minimum GPA of 2.75 required; instructor permission.
Term Typically Offered: Fall, Spring
Supervised work experience in accounting information systems for the purpose of increasing student understanding of the nature and scope of the operations of business, governmental, or service agencies. Supervision is provided by the faculty and cooperating agencies.
Note: Open to declared business administration upper division majors only, subject to permission of the Accountancy Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

BHON 102. Business Communication. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring
Provides basic concepts for the understanding and practice of communication for managers and professionals. Examines the use of language and conversations in business settings and their role in coordinating actions, resolving breakdowns in work performance, and providing customer satisfaction. Topics include professional styles and formats of business writing and development of competence in business conversation skills (written, electronic and oral).

BHON 103. Business Legal Environment. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring
Investigates substantive law and stresses critical thinking and analytical evaluation of contemporary business legal issues. Identifies ethical concerns and addresses potential legal problems. Topics include an introduction to the legal system, court procedures, contracts and sales, real and personal property, labor and employment law, product liability, and the government regulation of business.

BHON 104. Fundamentals of Organizational Behavior. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring
The course provides students frameworks to deal and work with members of work organizations, and focuses on how individual, group and organization-level factors influence employee attitudes and behaviors. The course further discusses challenges people face in today's dynamic work environment and global settings.
BHON 105. Introduction to Management Information Systems. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring

Explores the application of information technology in the organizational environment to assist in managerial decision making. Examines the alignment of IT and business strategy.

BHON 106. Business Data Analysis. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring

Applies statistical methods to solve business problems and inform managerial decision making. Topics include data analysis, statistical reasoning, model building and communication of statistical results. A statistical computer package is used in this course.

BHON 107. Business Finance. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring

Study of principles of finance and their application to typical financial problems of business enterprises. Topics include financial analysis, management of working capital, capital budgeting, long-term financing, dividend policy, internal financing, and time value of money.

BHON 108. Fundamentals in Marketing. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring

An introduction to marketing concepts and principals. Examines the marketing function, its relationships with other business functions, and its role in the US and global economies.

BHON 109. Operations Management. 2 Units
Prerequisite(s): Admitted into Business Honors Program.
Term Typically Offered: Fall, Spring

Introduces the basic concepts and methods used to analyze and improve operation performance in manufacturing and service organizations. Topics include operations strategy, process design and capacity management, inventory management, supply chain management, and operations planning and control.

BHON 120. Business Intelligence. 3 Units
Prerequisite(s): BHON 102, BHON 104, BHON 105, BHON 106, BHON 107, BHON 108, BHON 109
Term Typically Offered: Fall, Spring

Focuses on enterprise problem solving and decision making using information technology, and data and financial analyses for mission critical and integral applications in planning and control. Alternative solutions are examined and evaluated for their effectiveness in achieving results.

BHON 130. Value Chain and Supply Chain Management. 3 Units
Prerequisite(s): BHON 102, BHON 104, BHON 105, BHON 106, BHON 107, BHON 108, BHON 109
Term Typically Offered: Fall, Spring

Methods used for developing effective organizational value chains that integrate strategic planning, procurement, R&D, production, warehousing, distribution, and customer service to support business strategy. Includes critical decisions surrounding various organizational stakeholders, such as customer and supplier management, and the movement of goods and information throughout a supply chain network.

BHON 140. Enterprise Resource Planning and Infrastructure. 3 Units
Prerequisite(s): BHON 102, BHON 104, BHON 105, BHON 106, BHON 107, BHON 108, BHON 109
Term Typically Offered: Fall, Spring

Examines the design, planning, implementation and impact of enterprise-wide systems on the organization and infrastructure. Focuses on the integration and coordination of all facets of business, including production, accounting, finance, human resources, and marketing to improve the organization’s resource planning, and management and operational control.

BHON 150. Entrepreneurship and Innovation. 3 Units
Prerequisite(s): BHON 102, BHON 104, BHON 105, BHON 106, BHON 107, BHON 108, BHON 109
Term Typically Offered: Fall, Spring

An application based course that provides a broad understanding of the new venture processes. Discusses fundamental tools and skills necessary to create, run, and grow a successful new venture. Offers a multidisciplinary framework for studying and developing innovative and creative capabilities of entrepreneurs.

BHON 160. Project Management. 3 Units
Prerequisite(s): BHON 102, BHON 104, BHON 105, BHON 106, BHON 107, BHON 108, BHON 109
Term Typically Offered: Fall, Spring

Methods and processes used for planning, controlling and managing projects. Includes project selection and scope, scheduling methodologies, economic analysis, the use of software, and life-cycle costing for managing different phases of projects. Emphasis on effective management of projects to achieve operational, managerial and strategic goals of organizations.

BHON 170. Strategy and Leadership. 3 Units
Prerequisite(s): BHON 102, BHON 104, BHON 105, BHON 106, BHON 107, BHON 108, BHON 109
Term Typically Offered: Fall, Spring

An introduction to traditional and contemporary theories of business strategy, corporate strategy and strategic leadership. Compares and contrasts theories in strategy and styles of strategic leadership through case studies, current research, and conversations with business leaders.

BHON 190. Practicum in Business. 1 Unit
Prerequisite(s): Currently enrolled in the business honors program.
Term Typically Offered: Fall, Spring

A series of forums that exposes students to practical business issues that have significant impact on the enterprise. Discussions with managers who have effectively led planning and operations. Compares and contrasts business concepts and principles to their practical applications.
Credit/No Credit

BUS 162. Project Management. 3 Units
Prerequisite(s): MGMT 102.
Term Typically Offered: Fall, Spring

Processes, methodologies, tools, techniques, software, economic analysis, and life-cycle costing for managing different phases of projects. Emphasis on effective management of projects to achieve operational, managerial, and strategic goals of organizations.
FIN 137. Financial Institutions and Markets. 3 Units
Prerequisite(s): MATH 24, STAT 1; must be a business pre-major, business major (any concentration), or business minor, and have at least sophomore standing
Term Typically Offered: Fall, Spring

Designed to broaden understanding of the financial system to include the network of institutions which bring into existence the increasingly important substitutes for money in the traditional sense. Emphasis is on the position of the financial manager who must make decisions and implement them.

FIN 138. Asset Management. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Asset management utilizing the major aspects of modern portfolio theory, portfolio construction and selection, portfolio performance evaluation, capital asset pricing models, and recent theoretical developments in asset pricing behavior.

FIN 139. Corporate Entrepreneurship. 3 Units
Prerequisite(s): Upper-division standing
Term Typically Offered: Fall, Spring

Offers a multidisciplinary framework for studying and developing corporate entrepreneurship. Covers the climate and culture of an entrepreneurial organization, strategies for developing new business ventures within an organization, and strategies for transforming firms toward a more entrepreneurially driven organization. As a result, students will increase their understanding of environment, processes and strategies that will create value and build competence through entrepreneurial activities within organizations.

FIN 19. Real Estate Principles. 3 Units
Term Typically Offered: Fall, Spring

Examination of real estate principles and practices necessary for the acquisition, financing, management, and disposition of real estate.

FIN 101. Business Finance. 3 Units
Term Typically Offered: Fall, Spring

Study of principles of finance and their application to typical financial problems of business enterprises. Special emphasis on financial analysis, management of working capital, cost of capital, capital budgeting, long-term financing, dividend policy, and internal financing.

FIN 134. Financial Management. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Trends in the development of financial policy are analyzed and reports on specific aspects are presented in class. The student is placed in the position of the financial manager who must make decisions and implement them.

FIN 135. Investments. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Significant characteristics of numerous types of investments; securities markets and financial institutions; principles of investment analysis; investment management.

FIN 136. Modern Portfolio Management. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Asset management utilizing the major aspects of modern portfolio theory, portfolio construction and selection, portfolio performance evaluation, capital asset pricing models, and recent theoretical developments in asset pricing behavior.

FIN 137. Financial Institutions and Markets. 3 Units
Prerequisite(s): FIN 101.
Term Typically Offered: Fall, Spring

Designed to broaden understanding of the financial system to include the network of institutions which bring into existence the increasingly important substitutes for money in the traditional sense. Emphasis is given to flow of funds analysis within the context of emerging financial theories.
FIN 138. Principles of Risk Management and Insurance. 3 Units
Prerequisite(s): Must be a business major (any concentration) or Public Health major (Occupational Health & Safety concentration) or Real Estate & Land Use Affairs minor or a Risk Mgmt & Insurance minor
Term Typically Offered: Fall, Spring

Study of the concept of pure risk and its implications for decision making. Provides business students the basics of risk theory and its application to risk management or insurance purchasing using a personal consumer’s viewpoint. Practical personalized examples and cases will be used to illustrate risk decision making, primarily on a personal basis, but also in selected business decisions. Topics include risk theory and applications, life insurance, medical coverage, property insurances, and liability insurances.

FIN 139. Business Property and Liability Insurance. 3 Units
Prerequisite(s): FIN 138 or instructor permission.
Term Typically Offered: Fall, Spring

Concentrated and analytical approach to the study of property and liability loss exposures for the business enterprise. While the emphasis is on the different types of business insurance coverage’s, a risk management approach and examples are used. Topics include business property insurances; liability, especially workers’ compensation; the SMP and CGL contracts; business auto, crime coverage’s; bonds; transportation insurance; consequential coverage’s; and capacity and other related marketplace problems. Case studies and problems, as well as a computer analysis are used. The course is an excellent supplement for insurance, finance, real estate and pre-law majors, small business owners, and anyone who will be making business financial decisions, or providing insurance products in the insurance industry. Successfully completing FIN 138 and 139 substitutes for the one-year experience requirement for those interested in taking the Insurance Broker’s Licensing Exam.

FIN 140. Employee Benefits. 3 Units
Prerequisite(s): FIN 138 or instructor permission.
Term Typically Offered: Fall, Spring

Intensive and analytical examination of the employee benefit planning environment and its risk exposures. Using a risk management approach, the topical areas studied include mandatory programs, especially OASFHI and ERISA; health care; group life and disability; retirement income and capital accumulation plans; paid time off; family-centered benefits; flexible benefits and cafeteria plans; and benefit cost information. Case studies and extensive contact with the business community as well as team projects are required. This is an important class for specialists in human resources management, especially personnel, pre-law, and health care or those who will be providing insurance products to fulfill employment benefit needs.

FIN 141. Managerial Real Estate Law. 3 Units
Prerequisite(s): FIN 19
Term Typically Offered: Fall, Spring

Examination of the decision making process in land utilization transactions relative to the minimization of risks of legal confrontation. Traditional conflicts underlying real estate transactions are examined and principles of preventive law are derived. The management of litigation and transaction attorneys is considered. Court remedies that are pertinent to land utilization transactions are analyzed and compared to nonjudicial alternatives.

FIN 142. Real Estate Finance. 3 Units
Prerequisite(s): FIN 19 or ACCY 121 or FIN 101 or ENGR 140; Business Majors only
Term Typically Offered: Fall, Spring

Examination of the mechanisms of real estate finance, sources of funds, loan contracts, principles of mortgage risk analysis, and the role of group equity investment. The evolution of secondary mortgage markets, government policy, and market interference will be investigated from a risk management standpoint.

FIN 143. Real Estate Investment. 3 Units
Prerequisite(s): FIN 19 or ACCY 121 or FIN 101 or ENGR 140; Business majors only
Term Typically Offered: Fall, Spring

Analyzes non-financial and financial factors influencing investment decision making in income producing property. Topics include: location and its linkages; methods of estimating demand for real estate; methods for evaluating competing supply; use of market analysis in decision making; development of cash flow statements, alternative investment criteria, risk, legal, financing, and tax analysis, operating, financing investment and reversion decisions.

FIN 144. Real Estate Market Analysis. 3 Units
Prerequisite(s): FIN 19 or FIN 101; must be Business Major (any concentration) or Real Estate and Land Use Minor.
Term Typically Offered: Fall, Spring

Introduction to real estate markets, economic analysis of property markets, and impact of local governments on real estate markets. Topics include space and asset markets; location, land use and competitive bidding; land markets, housing markets, and site selection; economic growth and real estate markets, office, retail, and industrial markets; impact of local governments on real estate markets; tools of market analysis, computer applications and geographic information systems.

FIN 145. Real Estate Development and Land Use. 3 Units
Prerequisite(s): FIN 19 or FIN 101; must be Business Major (any concentration) or Real Estate and Land Use Minor.
Term Typically Offered: Fall, Spring

Process of real estate development and the federal and state laws that regulate development. Topics may include creating industrial real estate, office space, shopping centers, and hotel/recreation facilities, strategy, market and feasibility analysis; site planning/design; capital cost analysis; construction; financial structuring; federal and state laws that regulate environment impact; land use and real estate development. Emphasis on case studies and a project analysis.

FIN 149. Real Estate Analytics. 3 Units
Prerequisite(s): FIN 19 or FIN 101; must be Business Major (any concentration) or Real Estate and Land Use Minor.
Term Typically Offered: Fall, Spring

Examines contemporary and emerging issues in real estate trends, space and asset market equilibrium, land use controls and regulation, market analysis, mortgage markets, property markets, real estate cycles, real estate development, real estate finance and investments, real estate securities, and/or real estate taxation. Use of computer software and applications are emphasized to understand real estate analytics and geographic information systems applications to real estate data.
FIN 150. Capstone in Professional Financial Planning. 3 Units
Prerequisite(s): ACCY 171, FIN 135, FIN 136, FIN 138 and FIN 140; FIN 136 and/or FIN 140 may be taken concurrently.
Term Typically Offered: Spring only

This course will engage the student in critical thinking and decision-making about personal financial management topics in the context of the financial planning process. The purpose of this course is to refine and develop skills needed for personal financial planners when working with individuals, families, and business owners in meeting financial needs and objectives.

FIN 160. Student Investment Fund Management. 3 Units
Prerequisite(s): FIN 134, FIN 135, or FIN 136 with a final posted grade of B- or higher or FIN 101 with a final posted grade of A- or higher; must be in Bachelor of Science in Business Administration major or minor
Term Typically Offered: Fall, Spring

Students will manage a real investment portfolio by applying theories of investment analysis and portfolio management. Topics include economic analysis, valuation theories, risk measurement and management, performance measurement, and benchmarking.

FIN 190. Multinational Business Finance. 3 Units
Prerequisite(s): FIN 101 or instructor permission. Prior additional course in finance or international business recommended but not required.
Term Typically Offered: Fall, Spring

Principles of international financial management. Issues covered include the international environment of financial management, uses of foreign exchange spot, forward, futures, options, and swap markets, foreign exchange risk management, international investment and financing decisions.

FIN 194. Cooperative Education Experiences in Real Estate. 6 - 12 Units
Prerequisite(s): FIN 19, FIN 142 and a minimum overall GPA of 2.5; Business major only
Term Typically Offered: Fall, Spring

In-depth supervised work experience in Real Estate and Land Use Affairs. This supervised work experience allows the student to become familiar with the practices of the real estate industry and/or governmental agencies.

Note: Open to all upper division students subject to permission. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

FIN 195. Internship in Finance. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to upper division students, subject to permission of the Finance Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.
Credit/No Credit

FIN 195A. Internship in Real Estate and Land Use Affairs. 3 - 6 Units
Prerequisite(s): FIN 19 and FIN 142. Minimum Sacramento State GPA of 2.5 required; open to declared business administration majors only
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies. Open to upper division students, subject to permission. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit

FIN 196A. Exper Offer Finance. 3 Units
Prerequisite(s): FIN 135 with a final posted grade of B- or higher and instructor’s consent.
Term Typically Offered: Fall, Spring

Students will manage a real investment portfolio by applying theories of investment analysis and portfolio management. Topics include economic analysis, valuation theories, risk measurement and management, performance measurement, and benchmarking.

FIN 199. Special Problems in Finance. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.
Credit/No Credit

FIN 200. Financial Reporting and Analysis. 3 Units
Term Typically Offered: Fall

Designed for business students with prior knowledge of accounting who intend to use corporate financial statements intensively in valuation, credit or equity analysis, or strategic competitor analysis. Topics include inventory, pensions, business combination, income tax and other current issues for their impacts on financial statement. Emphasis on financial statement analysis and interpretation of financial disclosures for improving risk assessment, forecasting, and decision-making.

Term Typically Offered: Fall, Spring

Develop an understanding of the theory and practice of the management of financial institutions. Emphasis is placed on risk measurement and management. Financial institutions include commercial banks, investment banks, savings banks, credit unions insurance companies and financial companies such as mutual funds.

FIN 220. Corporate Finance. 3 Units
Term Typically Offered: Fall, Spring

Investigate the principles that corporations use in their investing, financing, and day-to-day management decisions. Topics include financial statement analysis, capital investment decision, capital structure, dividend policy, mergers and acquisitions, corporate governance and its impact on valuation.
FIN 230. Equity Analyses. 3 Units
Term Typically Offered: Fall, Spring
Covers advanced concepts and techniques essential to asset valuation. Key topics include, but not limited to, free cash flow, price multiples, asset-based and contingent claim valuations. Applications of various valuation techniques are emphasized. Provides a framework for selecting the most appropriate model for specific circumstances.

FIN 240. Fixed Income. 3 Units
Term Typically Offered: Fall, Spring
Discuss a wide range of fixed income products. Topics include trading concepts and mechanics, pricing, duration, convexity, term structure of interest rates, and options embedded fixed income securities.

FIN 250. Derivatives. 3 Units
Term Typically Offered: Fall, Spring
Discuss major types of financial derivatives and derivative markets. Topics include forward contracts, futures, options, SWAP’s and credit derivatives. Emphasis on characteristics, trading process, pricing, parity conditions, risk involved, and investment strategies for different financial derivatives.

FIN 260. Alternative Investments. 3 Units
Term Typically Offered: Fall, Spring
Discuss major types of alternative investments including real estate, hedge funds, commodities, private equity, and venture capital. Emphasis on the technical aspects and the performance analyses of alternative investments, their advantages and disadvantages, role of alternative investments, and strategies of selection.

FIN 270. Portfolio Management. 3 Units
Term Typically Offered: Fall, Spring
Cover topics of asset management utilizing the major aspects of Markowitz portfolio theory, Capital ASSET Pricing Model, and Arbitrage Pricing theory. Discuss the comprehensive approach, starting with portfolio construction and asset selection, following with portfolio performance evaluation, and concluding with rebalancing strategies. Introduce and utilize worksheet modeling techniques which are useful for portfolio management.

FIN 280. Global Financial Markets. 3 Units
Term Typically Offered: Fall, Spring
Cover advanced concepts and applied techniques essential to understand the mechanism of the global financial markets. Key topics include global capital allocation, international tax management, foreign exchange markets, derivatives, parity relationships, and others. Focuses on the core concepts and techniques are applied in the global financial markets using different case studies. Integrate the key principles of finance and extends them to a multinational setting. Topics follow the Chartered Financial Analyst (CFA) Level 1 and 2 Exam on equity valuation.

FIN 299. Special Problems in Finance. 3 Units
Prerequisite(s): Classified graduate status or instructor approval
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Enrollment requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs; 6 units maximum; May be repeated for credit.

FIN 500. Culminating Experience Project in Finance and Ethics. 3 Units
Prerequisite(s): Advancement to candidacy; 12 units of any combination of the following courses: FIN 200, FIN 210, FIN 220, FIN 230, FIN 240, FIN 250, FIN 260, FIN 270 and FIN 280.
Term Typically Offered: Fall, Spring
Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MS in Finance program as required in Title V of the CA Educational Code. The course also covers the ethical conducts and professional standards as outlined in CFA institute standards.
Note: May be repeated for credit

GM 105. Strategic Management. 3 Units
Prerequisite(s): Completion of all other upper-division core courses, except MIS 101.
Term Typically Offered: Fall, Spring, Summer
This capstone course focuses on the integration of functional areas of a business and requires students to determine strategies/policies at the general-management level. Students address problems and issues faced by companies from a general management perspective which integrates accounting, financial, marketing, human resources, and operations in relation to the environment within a framework of balance between profit or cost-effectiveness and social responsibility.

GM 170. Fundamentals of Business Strategy. 3 Units
Prerequisite(s): HROB 101, MKTG 101, FIN 101, and OPM 101.
Term Typically Offered: Fall, Spring
Basics of business-level strategy and how they are applied in modern organizations. Underlying primary principles, theories and practices are examined and discussed. Cases presenting actual, real-world situations will be analyzed to derive solutions to the business-level opportunities and problems facing strategic managers.
Note: General Management students must complete all functional core courses before taking GM 170.

GM 194. Cooperative Education Experience in Management. 6 - 12 Units
Prerequisite(s): Minimum overall GPA of 2.5.
Term Typically Offered: Fall, Spring
In-depth supervised work experience in management for the purpose of exposing the student to comprehensive management experience in business, governmental, or service agencies.
Note: Open to all upper division students, subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.
Credit/No Credit
GM 195. Internship in Strategic Management. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5.
Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.
Note: Open to upper division students, subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only.
Credit/No Credit

GM 199. Special Problems in Strategic Management. 1 - 3 Units
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.
Credit/No Credit

HROB 101. The Management of Contemporary Organizations. 3 Units
Term Typically Offered: Fall, Spring
Overview of managerial and organizational theory and practice, including a discussion of the contingencies that influence an organization's effectiveness and efficiency. Focus is on the decision making and problem-solving processes that affect managerial performance in planning, implementing, and controlling the work of contemporary organizations.

HROB 151. Management of Human Resources. 3 Units
Prerequisite(s): BSBA major (any concentration), Real Est and Land Use minor, HROB minor, or Public Health major
Term Typically Offered: Fall, Spring
Seminar covering contemporary processes and practices pertaining to the organization and management of personnel including employee selection, development, motivation, evaluation and remuneration, and union relations. Emphasis on the management of human resources in task oriented organizations. Instructional method provides for case method, laboratory exercises, and small group discussion.

HROB 152. Management Skills Seminar. 3 Units
Prerequisite(s): HROB 101; HROB 151 recommended.
Term Typically Offered: Fall, Spring
Development of management awareness of the dynamics of organizational behavior. Emphasis on case discussions, small group action and role playing for the acquisition of knowledge and skills for effective managing and changing in an organization.

HROB 153. Employment Law. 3 Units
Term Typically Offered: Fall, Spring
Provides students with an overview of the employment laws that impact and influence the workplace including laws regarding employment discrimination, disability discrimination and accommodation, employment leaves of absence, workplace harassment, employment torts and contracts, wage/hour regulations, employee privacy, intellectual property in the employment setting, and other emerging issues in employment law and personnel management. The impact of law on the management of human resources will be the focus of this class.

HROB 154. Strategic Human Resources Management. 3 Units
Prerequisite(s): HROB 151, HROB 152, HROB 153.
Term Typically Offered: Fall, Spring
The objective of this capstone course is to identify contemporary strategies to improve individual and organizational performance. Utilizes a strategic human resource management perspective and incorporates Human Resource Management and Organizational Behavior theories for practical implementation in organizations. Links such concepts as compensation, performance management, law, conflict management, communication, diversity, ethics, and managerial skill building towards preparing for the future of managing individuals in organizations.

HROB 155. Conflict Management and Negotiation. 3 Units
Term Typically Offered: Fall, Spring
Analyzes conflict in organizations, and strategies and processes for effective settlement or resolution of that conflict. Emphasis on the practical aspects of institutional and extra-institutional processes outside the conventional legal system. These dispute resolution methods include negotiation, mediation, arbitration and fair hearing. Students participate in a variety of exercises including simulated negotiations. Through these exercises students explore the basic theoretical models of bargaining and test and improve individual negotiation skills. Class format includes lecture, class discussion, simulation/role-play, expert guests and video demonstrations.

HROB 156. Current Trends and Emerging Issues. 3 Units
Term Typically Offered: Fall, Spring
Designed to provide an in-depth examination of current trends and emerging issues in human resources management and/or organizational behavior. Provides students the opportunity to better understand the latest people-related challenges organizations face. Instructional method provides for case method, group discussion, industry guest speakers, and classroom exercises.

HROB 157. Labor Relations. 3 Units
Term Typically Offered: Fall, Spring
Employer-employee relations in historical and contemporary contexts, with emphasis on the development of labor and management institutions and philosophies, public policies, collective bargaining, and contract administration in the private and public sectors.
HROB 158. Special Topics in Human Resource Management. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide an in-depth examination of a current human resource management topic(s), from both a theoretical and practitioner perspective. Possible topics include, but are not limited to, outsourcing and staffing trends, merit-based performance and compensation plans, technology-based recruiting and selection practices, and innovations in training and career development. Instructional method provides for case method, group discussion, industry guest speakers, and classroom exercises.

HROB 159. Special Topics in Organizational Behavior. 3 Units
Term Typically Offered: Fall, Spring

Designed to provide an in-depth examination of a current organizational behavior topic(s), from both a theoretical and practitioner perspective. Topics include, but are not limited to, family-work relations, stress and burnout, workplace aggression, leadership and motivation, organizational politics and culture, attitudes and change, and organizational learning. Instructional method provides for case method, group discussion, industry guest speakers, and classroom exercises.

HROB 194. Cooperative Education Experiences in Human Resources Management. 6 - 12 Units
Prerequisite(s): HROB 151 and a minimum overall GPA of 2.5.
Term Typically Offered: Fall, Spring

In-depth supervised work experience in human resources management. This supervised work experience allows the student to become familiar with the practice of human resources management in businesses or governmental agencies.

Note: Open to all upper division students subject to permission of the Management Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Credit/No Credit

HROB 195. Internship in Human Resources Management. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to upper division students, subject to permission of the Management Area. Open to declared business administration majors only. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Credit/No Credit

HROB 199. Special Problems in Human Resources Management. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030.

Credit/No Credit

IBUS 180. Sustainability Business in Global Economy. 3 Units
Term Typically Offered: Fall, Spring

Introduces students to the emerging field of sustainability in business and the growing focus on the social, environmental, and economic performance of businesses in global economy. The course presents scientific, moral, and business cases for adopting sustainability.

IBUS 190. International Business. 3 Units
Term Typically Offered: Fall, Spring, Summer

Analyzes international business: foreign markets; export-import trade; licensing agreements; foreign exchange problems; role of the multinational firm; intergovernmental trade agreements; balance of payments; decision making in foreign environments.

IBUS 195. Internship in International Business. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to upper division students, subject to permission of the Management Area. Open to declared business administration majors only. Petitions can be obtained from the Student Affairs Office, Tahoe 2065.

Credit/No Credit

IBUS 199. Special Problems in International Business. 1 - 3 Units
Term Typically Offered: Fall

Individual projects or directed reading for students qualified to carry on independent work.

Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Center, Tahoe 1030.

Credit/No Credit

MBA 201. Accounting. 2 Units
Term Typically Offered: Fall, Spring

Concepts and models of financial accounting are introduced. Included are the analysis, interpretation and reporting of financial events.

MBA 202. Business Communication. 2 Units
Term Typically Offered: Fall, Spring

Stresses fundamental communication principles and techniques for effective business writing in diverse managerial situations. Participants complete a variety of writing activities, including responding to management communication cases and evaluating written communications using holistic and analytic tools. Within this context, participants are provided an opportunity to achieve an understanding of syntactical and grammatical patterns while improving analytical and logical business writing skills.

Note: This requirement will be waived for students who achieve a score of 4.5 or higher on the Analytical Writing Assessment (AWA) exam. Graduate Writing Intensive (GWI) course.
MBA 203. Legal Environment of Management. 2 Units
Term Typically Offered: Fall, Spring
Intensive study of important aspects of law for managers, including law as an instrument of social and political control. Analyzes selected problems in areas of private law such as contract, tort, business organizations, and agency. In addition, selected issues of administrative law and government regulation of business will be investigated.

MBA 204. Management and Organization Concepts. 2 Units
Term Typically Offered: Fall, Spring
Evolution of management and organization thought; examination of behavioral science variables influencing working relationships among managers, individuals and groups; the study of political and social behavior in organizations; identification, analysis, and synthesis of contemporary concepts and administrative practices; investigation of organization structure, function, and properties leading to an understanding of administration and organization.

MBA 205. Introduction to Managerial Issues in Information Technology. 2 Units
Term Typically Offered: Fall, Spring
Explores from a management perspective, the impact of IT on individuals, organizations, and society. Focuses on how organizations use information systems to solve strategic and operational problems. Topics may include functional information systems, decision support systems, enterprise systems, interorganizational information systems, e-commerce, and business analytics. The relationship between managers and IT personnel will be defined. May include case studies and appropriate software packages.

MBA 206. Managerial Statistics Analysis. 2 Units
Term Typically Offered: Fall, Spring
Computer-based course in data analysis. Business case studies are used to differentiate between common and specific sources of statistical variation and to construct statistical models such as multiple regression, times series, and statistical quality control. Emphasis is placed on intuitive statistical thinking and communication of results.

MBA 207. Finance. 2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 206.
Term Typically Offered: Fall, Spring
Theory and practice in determining the need for, the acquisition of, and the use of funds by organizations. Topics include time value of money, financial analysis, management of working capital, cost of capital, capital budgeting, long-term financing, dividend policy, and internal financing.

MBA 208. Marketing. 2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 203.
Term Typically Offered: Fall, Spring
Application of decision making in solving marketing problems; such as product, place, promotion and price decisions with reference to consumers and users.

MBA 209. Production and Operations Analysis. 2 Units
Prerequisite(s): ECON 204, MBA 201, MBA 206.
Term Typically Offered: Fall, Spring
Study of operational systems; fundamental concepts, tools, and methodologies required to analyze and solve problems of the operations manager. Topics include: work design, facilities design, scheduling, quality control, and inventory management.

MBA 210. Managerial Accounting. 3 Units
Term Typically Offered: Fall, Spring
Management accounting data characteristics and application to internal decisions made by managers. Topics cover management accounting as a tool of business management. Topics generally include product costing, managers’ use of accounting data in specific decision frameworks, performance evaluation, and relevant versus strategic analysis. Class participation is encouraged.

MBA 220. Financial Management. 3 Units
Term Typically Offered: Fall, Spring
Financing of corporations and management of corporate resources, short-term and long-term, stressing maximizing shareholder wealth. The case method is used extensively. Both oral and written communication skills are stressed.

MBA 221. Financial Markets. 3 Units
Prerequisite(s): MBA 220 or instructor permission.
Term Typically Offered: Fall, Spring
Behavior of equity, debt, currency, and derivatives markets and the linkages between these markets. Presents the principles of valuations of instruments traded in these markets and the use of these instruments to investors, speculators, hedgers and arbitrageurs.

MBA 222. Security Analysis and Portfolio Management. 3 Units
Prerequisite(s): MBA 220 or instructor permission.
Term Typically Offered: Fall, Spring
Evaluation of stocks and bonds from the investor’s viewpoint. Interpretation of issuers’ financial statements to estimate potential future earnings and dividends; and evaluation of the securities’ risks and expected returns through analysis of economic, industry and market environment in order to develop conclusions as to the securities’ suitability for inclusion in various types of portfolios. Ethical issues faced by practicing security analysts and portfolio managers.

MBA 223. Asset Valuation. 3 Units
Prerequisite(s): MBA 220 or instructor permission.
Term Typically Offered: Fall, Spring
Advanced concepts and techniques essential to asset valuation. Key topics include, but not limited to, free cash flow, price multiples, asset-based and contingent claim valuations. Applications of various valuation techniques are emphasized.

MBA 224. Advanced Investment Strategies. 3 Units
Prerequisite(s): MBA 222 (may be taken concurrently) or permission of instructor.
Term Typically Offered: Fall, Spring
Theoretical and empirical applications of fund formation models. Emphasis is placed on model development strategies based on analyzing secondary sources of financial data. The quality of models is assessed in terms of their logical consistency, robustness of underlying theoretical assumptions, and predicative power. Development, analysis and predicative assessment are conducted within the Excel environment.
MBA 225. Financial Aspects of Health Care Administration. 3 Units
Term Typically Offered: Fall, Spring
Financing in health care institutions will be studied; including planning and control features involving budgets, funds flow, funding sources, and factors affecting finance in the health care industry. Analyzes will be made of the relationships and effects on health care finance of such factors as labor, business, government, insurance, research, and demography.

MBA 230. Behavior Science Applications in Management. 3 Units
Term Typically Offered: Fall, Spring
Behavioral science theories, concepts, and practices in current use in private and public organizations. Critical evaluation of research supporting those practices.

MBA 231. Managing in High Performance Work Organizations. 3 Units
Term Typically Offered: Fall, Spring
This course focuses on contemporary problems, issues, and objectives relating to the value of collaboration with control in maximizing human capital effectiveness in high performance work organizations. Course work will include research projects, experiential case studies and in-class simulations to help students better understand human capital effectiveness and learn how to serve multiple stakeholders' interests across different sectors such as private, public, healthcare and information technology.

MBA 232. Negotiation and Relationship Management. 3 Units
Term Typically Offered: Fall, Spring
Investigation of the formal and informal methods of dispute resolution including negotiating, litigation, administrative hearings, arbitration, mediation, ombudsperson, summary jury trial, private judging, and fact finding. Emphasizes the application of these methods to organization, business, and public sector disputes.

MBA 233. Seminar in Organization Development. 3 Units
Prerequisite(s): MBA 230 or equivalent.
Term Typically Offered: Fall, Spring
Seminar focusing on individual and organization responses to a changing environment. Includes assumptions and values of organization development; action research; personal, team and intergroup interventions; consultant-client relationships and instrumentation. Cases, laboratory experience, workshop and field analysis techniques are utilized.

MBA 234. Industrial Relations. 3 Units
Term Typically Offered: Fall, Spring
Dual approach emphasizing in-depth analysis of both the philosophical and the practical aspects of industrial relations. The impact of social, economic, and political forces, and their interaction with union and management institutions and public policies. Analyzes relationships between organized employees and employers, the bargaining process, strategies and issues, contract administration, and impasse resolution processes.

MBA 235. Management Of Innovation. 3 Units
Term Typically Offered: Fall, Spring
Synthesis of specialized problems relating to the acquisition, introduction, and utilization of innovations and technological advances by managers in business, industry, government, profit or nonprofit organizations. Current research, thinking methodology dealing with the economics and social impact, sources, barriers, and transfer mechanisms of innovations and technological advances will be investigated.

MBA 236. Current Topics and Processes in Organizational Development. 3 Units
Term Typically Offered: Fall, Spring
Explores contemporary frameworks for dealing with change in today's organizations. Contemporary processes and topics are presented in the context of these frameworks. Lectures and readings may be supplemented by experiential work and firsthand observations of local organizations.

MBA 240. Marketing Management. 3 Units
Term Typically Offered: Fall, Spring
Marketing policy for channels of distribution, pricing brands, advertising, and sales as interrelated at the executive level. Designed to develop capacity for sound decision making by marketing managers.

MBA 241. Marketing and Its Environments. 3 Units
Term Typically Offered: Fall, Spring
Analyzes the firm's or public agency's external environments, forces of change within them, and their influence on the organization's strategies and actions.

MBA 242. Marketing Problems. 3 Units
Term Typically Offered: Fall, Spring
Consideration of current problems and issues in marketing from the perspective of the individual firm or public agency.

MBA 243. Global Marketing Environment. 3 Units
Term Typically Offered: Fall, Spring
An in-depth coverage of a marketing functions in global environment. Explores traditional and contemporary theories, strategies, practices, and issues of international marketing, develops skills required for entry and maintaining presence on the foreign markets.

MBA 244. Research Methodology. 3 Units
Term Typically Offered: Fall, Spring
MBA 251. Real Estate Finance and Investment. 3 Units
Term Typically Offered: Fall, Spring

Concept and methods used to analyze equity investment in income-producing properties such as apartments, office buildings, and retail. Topics include market analysis, leasing and property income streams, financial structuring, taxation of real estate operations and transactions, the theory and methods used to assess the performance of individual real estate projects, alternative ownership structures, recent innovations in real estate capital markets, material on regulatory restrictions, taxation, and mixed assets portfolio analysis. Use of computer models for investment decision-making.

MBA 252. Mortgage Markets: Institutions, Securities, and Strategies. 3 Units
Term Typically Offered: Fall, Spring

Provides an understanding of mortgage markets and the knowledge required to make financing and lending decisions. Topics include sources of funds, mortgage design and analysis of financing alternatives; mortgage origination, risks in real estate loans, forecasting loan performance, loan modifications and workout strategies, foreclosure, bankruptcy and REOs; secondary mortgage markets and mortgage-backed securities; development and construction financing, risks in construction performance and project management; and management of interest rate risk. Use of computer models for decision-making.

MBA 253. Seminar in Real Estate Development. 3 Units
Prerequisite(s): MBA 251, PPA 250, advanced to candidacy, and instructor permission.
Term Typically Offered: Fall, Spring

Capstone course in urban land development. Case problems and theoretical issues in such areas as debt and equity financing, feasibility analysis, land use regulation, market analysis, risk management, site selection, and taxation of income-producing properties.

MBA 250. Management of Technology Intensive Enterprises. 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring

Use of information technology (IT) as management resource. Focus is on management decision-making related to telecommunications, data-bases, system development, and decision support systems. Use of technology to reengineer the business organization.

MBA 261. Integrated Business Process Management. 3 Units
Term Typically Offered: Fall, Spring

Study the concept of integrated business process management using ERP tools and software to enhance growth and productivity as the diverse functions of an organization are combined into one comprehensive, interrelated, and optimized system. Demonstrate how enterprise level information systems can achieve organizational goals by providing decision makers with accurate, consistent, current, timely, and relevant information and knowledge. Understand the techniques and skills for successful implementation of ERP systems. Explore the latest trends and development in ERP technologies.

MBA 262. Integrated IT in Healthcare. 3 Units
Term Typically Offered: Fall, Spring

This course examines methodologies, tools and applications used for developing and managing information to improve service and make decisions in healthcare. Topics include design, implementation and management of enterprise information systems, health information systems, and electronic medical records, along with other managerial issues such as information privacy and security.

MBA 263. Project and Outsourcing Management. 3 Units
Term Typically Offered: Fall, Spring

Cover the knowledge, skills, and principles required to organize, plan, and control projects and outsourcing activities. Topics include a review of project characteristics and risks, development executive objectives, organization structure and interfaces, information management, and control techniques.

MBA 264. Business Intelligence. 3 Units
Term Typically Offered: Fall, Spring

Cover the processes, methodologies, infrastructure, framework, and current practices used to transform business data into useful information and knowledge for IT-enabled managerial decision support and performance improvement. Data-orientated techniques for corporate performance management and decision making, as well as methodologies for business process improvement, are emphasized. Foundation knowledge in data storage and retrieval, logical data models for database management systems and data warehouses, and security-related issues are discussed.

MBA 270. Global Business Management. 3 Units
Term Typically Offered: Fall, Spring

Provides graduate students an understanding of the management approaches of multinational corporations in dealing with operational differences in various countries. Topics include such areas as: foreign investment decisions, relations with host governments, and organizational planning.

MBA 271. Integrated Entrepreneurship Management. 3 Units
Term Typically Offered: Fall, Spring

Explore multi-dimensions of entrepreneurship including the entrepreneurial initiatives in a corporate context. As a nascent entrepreneur, students are to evaluate new venture opportunities and to understand the entire process of a new venture creation. In corporate settings, students are to understand the innovation and change management of established firms to accomplish their sustainable competitive advantages.

MBA 272. Entrepreneurial Resources Management. 3 Units
Term Typically Offered: Fall, Spring

Study the concepts of identifying and managing talent in entrepreneurial ventures. Demonstrate through theories, empirical evidence, case studies and simulations, the value of sustainable human resource management in new and established enterprises.
MBA 280. Value Chain Integration.  3 Units
Prerequisite(s): classified or conditionally classified graduate student in the College of Bus Admin
Term Typically Offered: Fall, Spring

Study the current state of enterprise value chains from an operation management perspective. Discuss contemporary issues regarding supply and operations management of organizations including profit and nonprofit, service and manufacturing organizations. Integrative topics will be selected among issues affecting an organization's value chain at operational, strategic, and economic levels.

MBA 281. Quality and Process Improvement in Healthcare.  3 Units
Prerequisite(s): classified or conditionally classified graduate student in the College of Bus Admin
Term Typically Offered: Fall, Spring

Discuss contemporary developments and methods in managing quality and process improvement in the healthcare industry. Topics include: healthcare quality, leadership, teambuilding and project management; quality management processes and tools; quality measurement and management; human participation and organizational design in healthcare quality management; quality and process improvement initiatives; Lean and Six Sigma methodologies for continuous process improvement; process and systems integration; and emerging trends in healthcare quality management.

MBA 282. Global Supply Chain Management.  3 Units
Prerequisite(s): classified or conditionally classified graduate student in the College of Bus Admin
Term Typically Offered: Fall, Spring

A comprehensive study of the basic concepts, methods, processes, and strategies used in the design, development and management of global supply chains. Topics include: defining the supply chain on a global scale, designing global supply chain networks, global procurement, strategic alliances, global logistics, supply chain-orientated product design, quantitative and qualitative tools for supply chain management and current industry initiatives.

MBA 294. Cooperative Education Experience in Management.  6 - 12 Units
Prerequisite(s): Minimum overall GPA of 3.0.
Term Typically Offered: Fall, Spring

In-depth supervised work experience in management for the purpose of exposing the students to comprehensive management experience in business, government, or service agencies.

Note: Open to all classified graduate students, subject to permission of the Associate Dean for Graduate and External Programs. Units do not apply toward degree.

Credit/No Credit

MBA 295A. Internship In Finance.  3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.

Credit/No Credit

MBA 295B. Internship In Marketing.  3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.

Credit/No Credit

MBA 295C. Internship in Operations Management.  3 Units
Prerequisite(s): Classified graduate status; minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.

Credit/No Credit

MBA 295D. Internship in Organizational Behavior and Management.  3 Units
Prerequisite(s): Classified graduate status; completion of graduate foundation courses plus 6 units of the second year requirement, minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring

Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.

Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.

Credit/No Credit
MBA 295E. Internship in Urban Land Development. 3 Units
Prerequisite(s): Classified graduate status; completion of graduate foundation courses plus 6 units of the second year requirement, minimum Sacramento State GPA of 3.0 required.
Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental service, or agencies for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations. Supervision is provided by the faculty and the cooperating agencies.
Note: Open to second year MBA and MSBA/MIS students. Petitions are obtained from Tahoe Hall 2065.
Credit/No Credit

MBA 296. Experimental Offerings in MBA. 3 Units
Term Typically Offered: Fall, Spring
When a sufficient number of qualified students apply, a faculty member may conduct a seminar on a designated advanced topic in the MBA program.
Note: May be repeated for credit

MBA 299A. Special Problems in Finance. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.
Credit/No Credit

MBA 299B. Special Problems in Marketing. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.
Credit/No Credit

MBA 299C. Special Problems in Operations Management. 1 - 3 Units
Prerequisite(s): Classified graduate status
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Associate Dean for Graduate and External Programs. Petitions are obtained from Tahoe Hall 1035.
Credit/No Credit

MBA 299D. Special Problems in Organizational Behavior and Management. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval of the Graduate Program Office. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1035.
Credit/No Credit

MBA 299E. Special Problems in Urban Land Development. 1 - 3 Units
Prerequisite(s): Classified graduate status.
Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work.
Note: Admission requires approval of faculty member supervising work in addition to the approval of the Graduate Program Office. Petitions to be obtained from the CBA Graduate Programs Office, Tahoe Hall 1035.
Credit/No Credit

MBA 500A. Thesis. 3 Units
Prerequisite(s): Advanced to candidacy; completion of MBA 244.
Term Typically Offered: Fall, Spring
Completion of a thesis approved for the Master's degree.

MBA 500B. Project. 1 - 3 Units
Prerequisite(s): Advanced to candidacy; completion of MBA 244.
Term Typically Offered: Fall, Spring
Completion of a project approved for the Master's degree.

MBA 500C. Comprehensive Examination. 1 Unit
Prerequisite(s): Advanced to candidacy. For comprehensive examination for MBA only, completion of Program Requirements (MBA 210, MBA 220, MBA 230, MBA 420, MBA 270, MBA 280).
Term Typically Offered: Fall, Spring

MBA 501. Culminating Experience Project in Business and Strategy. 3 Units
Prerequisite(s): Advanced to candidacy, Fully classified
Term Typically Offered: Fall, Spring
Each student conducts an individual project to fulfill the culminating experience graduation requirement of the MBA program as required in Title V of the CA educational Code. The course also covers the competitive strategy of a firm, investigates competitive position, strategic capabilities, inter-firm dynamics, and strategic levers of firms. It integrates the accumulative knowledge, skills and techniques delivered in the program to review the strategy process executives employ for effective decision making.
Note: May be repeated for credit.
MGMT 10.  Introduction to Business Law.             3 Units  
Term Typically Offered: Fall, Spring
Study of business law for the future business professional. Introduces students to basic business problems that have legal consequences. Encourages the identification of ethical concerns along with the ability to anticipate potential legal problems with the goal of preventing them. Covers introduction to the legal system; court procedures; contracts and sales; business organizations; real and personal property; labor and employment law; product liability, and the government regulation of business.

MGMT 20.  Introduction To Business.                 3 Units  
Term Typically Offered: Fall, Spring
Provides an overview of the various basic functions of business and how they interface. Topics will include accounting, finance, marketing, human resources management, management information systems, operations management, real estate, and international business.

MGMT 21.  First Year Seminar: Becoming an Educated Person.  3 Units  
General Education Area/Graduation Requirement: Understanding Personal Development (E)  
Term Typically Offered: Fall, Spring
Introduction to the meaning of higher education, resources of the University, and skills for lifelong learning. Designed to help students develop academic success strategies and to improve information literacy, intercultural competence, and integrative thinking. Provides students with the opportunity to interact with fellow students and seminar faculty to build a community of academic and personal support.

MGMT 101.  Legal Environment of Business.          3 Units  
Prerequisite(s): Must be a Business pre-major, Business major (any concentration), a business minor, a Construction Mgmt major, a Mech Engr Tech major, or a Music (Music Mgmt) major to enroll in this course.  
Term Typically Offered: Fall, Spring
Study of business law for the business professional. Aside from investigating substantive law, the course stresses critical thinking and analytical evaluation of contemporary business problems. Encourages the identification of ethical concerns along with the ability to anticipate potential legal problems with the goal of preventing them. Covers introduction to the legal system; court procedures; contracts and sales; business organizations; real and personal property; labor and employment law; product liability, and the government regulation of business. OBE 16 or the equivalent is recommended.

MGMT 102.  Business Communications.                 3 Units  
Prerequisite(s): Completion of Area A in General Education and ENGL 20.  
Recommend COMS 2 and COMS 4.  
Term Typically Offered: Fall, Spring
Provides basic concepts for understanding and practice of communication in the changing world of business for managers and professionals. It examines the use of language and conversations in business settings and their role in coordinating actions, resolving breakdowns in work performance, and providing customer satisfaction. Topics include: Practice in professional styles of business writing and formats, preparation of a formal report, development of competence in business conversation skills (written, electronic, and oral), and other selected topics. International, technical, and linguistic developments are integrated into the various applications of business communication.

MGMT 117.  Business, Ethics and Society.            3 Units  
Prerequisite(s): GWAR certification before Fall 09; or WPJ score of 80+; or 3-unit placement in ENGL 109M or ENGL 109W; or 4-unit placement in ENGL 109M or ENGL 109W and co-enrollment in ENGL 109X; or WPJ score 70 or 71 and co-enrollment in ENGL 109X.  
General Education Area/Graduation Requirement: Writing Intensive  
Graduation Requirement (WI), GE AREA D  
Term Typically Offered: Fall, Spring
Investigation of contemporary business issues and management dilemmas in relation to broad social concerns. Focus is upon public and private decision making in the business environment and how business practices, ethics, and social concerns interrelate. Topics such as the nature of property and profits, efficiency and human values, the balancing of claims of owners, employees, customers, and others in community, corporate responsibility, corporate governance, government regulation and international dimensions of public policy will be covered.

MIS 1.  Word Processing.                             1 Unit  
Term Typically Offered: Fall, Spring
The course teaches Microsoft Office Word that establishes a student's fundamental computer skills required to perform business related tasks. Topics include developing and refining a document; identifying and correcting errors; formatting, modifying and printing documents; working with pictures, graphics, tables and charts; creating reports, forms, references and mailings; securing content and sharing documents, exploring advanced document features and macros, etc.  
Credit/No Credit

MIS 2.  Spreadsheets.                                1 Unit  
Term Typically Offered: Fall, Spring
The course teaches Microsoft Office Excel that establishes a student's fundamental computer skills required to perform business related tasks. Topics include creating and formatting a worksheet; summarizing and analyzing data; using decision making tools; working with logical, statistical, database and financial functions, sharing data with other applications, etc.

Note: Not open to students receiving credit for CSC 6B.
Credit/No Credit

MIS 3.  Presentation Graphics.                      1 Unit  
Term Typically Offered: Fall, Spring
The course teaches Microsoft Power Point that establishes a student's fundamental computer skills required to perform business related tasks. Topics include creating, refining and delivering presentations; working with graphics, tables and charts; inserting and enhancing pictures, shapes, sound and video; using templates, slide masters and text boxes, printing, securing and sharing presentations, etc.
Credit/No Credit

MIS 4.  Database Applications.                      3 Units  
Term Typically Offered: Fall, Spring
Use of database management systems (DBMS) to provide students with fundamental information retrieval skills required to perform business related tasks. Topics include basic DBMS operations, working with tables, queries, forms, reports and data analysis.

Note: Students will be required to purchase an online learning application to facilitate skill development.
Credit/No Credit
MIS 10. Business Applications. 2 Units
Term Typically Offered: Fall, Spring

The course teaches the use of spreadsheets to establish a students’ fundamental computer skills required to perform business related tasks. Topics include basic spreadsheet operations, working with charts and graphics, application of formulas and spreadsheet presentation formatting.

Note: Students will be required to purchase an online learning application to facilitate skill development.

MIS 15. Introduction to Business Programming. 3 Units
Term Typically Offered: Fall, Spring

Introduction to object oriented programming language. Topics include use of simple data structures and data types, arrays, strings, input-output functions, file processing, and flow control.

MIS 101. Computer Information Systems for Management. 3 Units
Term Typically Offered: Fall, Spring

Explores the application of computers to the organizational environment with a management perspective. Topics may include transaction processing systems, management reporting, decision support systems, strategic planning, security, controls and acquisition of hardware, software and services. The interface between the information systems professional and the manager will be defined. Case studies and use of appropriate software packages may be included.

MIS 120. Advanced Object-Oriented Business Programming. 3 Units
Prerequisite(s): MIS 15.
Term Typically Offered: Fall, Spring

Advanced course in programming principles using an Object Oriented (OO) programming language. Topics will focus on object-oriented (OO) programming including the design and development of OO applications, object classes, inheritance, polymorphism and encapsulation, and graphical user interface (GUI) application development including contrasting event-driven and procedural programming. Assignments will focus on problem-solving in a business context.

MIS 122. Object-Oriented Programming for Business in Java. 3 Units
Prerequisite(s): MIS 15 or CSC 15.
Term Typically Offered: Fall, Spring

Advanced course in programming principles using an Object Oriented (OO) programming language. Topics will focus on object-oriented (OO) programming including the design and development of OO applications, object classes, inheritance, polymorphism and encapsulation, and graphical user interface (GUI) application development including contrasting event-driven and procedural programming.

MIS 124. Web Development for Business Applications. 3 Units
Prerequisite(s): MIS 120.
Term Typically Offered: Fall, Spring

Examines the technologies and principles of modern Web development in the creation of Web-based business applications. Emphasis will be given to client-side and server-side technologies and include the topics of basic Web technologies, forms, database access, frameworks, and Web services. Topics are accompanied by design principles, tools, and techniques for Web application development.

MIS 125. Mobile Business Application Development. 3 Units
Prerequisite(s): MIS 15
Term Typically Offered: Fall, Spring

Provides an introduction to the art and practice of mobile business application development on the Android or iOS platform. Topics will include, but are not limited to, business opportunities, challenges, and cost presented by mobile devices, user-driven design, personas, screen layouts, and use case diagramming. Students will design and build a variety of business applications throughout the course to reinforce learning and to develop real world competency.

MIS 140. Business Data Communication. 3 Units
Prerequisite(s): Business majors only
Term Typically Offered: Fall, Spring

Examines the basic terminology, hardware/software components, and issues with the establishment, configuration, and management of data communication networks in and across organizations. Topics include wired and wireless local area networks, wide area networks, the internet, and cloud infrastructure.

MIS 150. Database Systems for Business. 3 Units
Term Typically Offered: Fall, Spring

Involves the study of generalized database management systems. The study will include logical database models and physical base models based primarily on the relational and object-relational models. The student will create and manipulate a database utilizing an established database management system. The importance of data administration and other database related topics such as independence, integrity, privacy, query, backup, and recovery will be covered.

MIS 151. End-User Database Application Development for Business. 3 Units
Prerequisite(s): MIS 1, MIS 2, MIS 3 or approved equivalent.
Term Typically Offered: Fall, Spring

Introduction to end-user database application development in the business environment. Topics will focus on issues in the development of business database applications and include database concepts, organization, storage and retrieval of data, query and analysis with interactive software tools, informative and performance management reporting.

Note: Not open to MIS students.

MIS 160. Systems Development Life Cycle. 3 Units
Prerequisite(s): MIS 101 and MGMT 102
Term Typically Offered: Fall, Spring

Analyze, design, and develop business information systems to solve information needs of businesses and organizations. Topics include various systems analysis and design techniques, tools and methods for building new and/or integrated information systems.

MIS 161. Information Systems Practicum. 3 Units
Prerequisite(s): MIS 15, MIS 150, MIS 160, and Business major or minor.
Term Typically Offered: Fall, Spring

This course provides a comprehensive integration of MIS coursework through the completion of an information systems project. Topics include information systems development life cycle, project management, application development, database management, and security.
MIS 163. Business Process Engineering and ERP Configuration. 3 Units
Term Typically Offered: Fall, Spring

This course focuses on identifying and understanding business requirements, modeling business processes that incorporate the business requirements, and configuring the processes for their implementation in an enterprise resource planning (ERP) system. Students will gain insights to implementation issues and propose alternative solutions to overcome them. A project team environment further develops individual student’s communication and team skills.

MIS 170. Information Systems Security. 3 Units
Prerequisite(s): MIS 140
Term Typically Offered: Fall, Spring

This course provides a comprehensive study of IT security principles and of information systems. Emphasis will be placed on understanding the framework of IT security in enterprise IT infrastructure. Topics include information security concepts, security risks and vulnerabilities, common attacking techniques, technical and administrative countermeasures for modern enterprise IT infrastructure, such as encryption, authentication, access control, security policies and standards, and IT risk management and audit.

MIS 171. Enterprise Resource Planning Systems. 3 Units
Prerequisite(s): MIS 101
Term Typically Offered: Fall, Spring

Foundation, business functions, processes, data requirements, development, and management of ERP systems for sales, marketing, accounting, finance, production, supply chain and customer relationship management. Emphasis on re-engineering, integration, standardization, and methodologies of ERP systems.

MIS 173. Microcomputers for Managers. 3 Units
Term Typically Offered: Fall, Spring

For students who want to have more than the minimum required personal computer literacy knowledge. The topics covered are: hardware, system software, utility software, spreadsheet modeling, the Internet, and presentation graphics.

Note: Not open to MIS students.

MIS 181. Machine Learning Applications in Business. 3 Units
Prerequisite(s): DS 101 and MIS 150
Term Typically Offered: Fall, Spring

Applies modern machine learning applications in business to data analysis and problem solving. Topics are presented in the context of decision support and may include knowledge representation, neural networks, genetic algorithms, rule induction, fuzzy logic, case-based reasoning and intelligent agents.

MIS 182. Topics In MIS. 3 Units
Prerequisite(s): MIS 150, MIS 160.
Term Typically Offered: Fall, Spring

Current topics will be presented regarding the technical, managerial, and organization considerations affecting computer-based information systems. Topics may include programming languages and techniques, emerging technologies, and MIS development and implementation issues. Readings, topical research, case presentations, and/or projects will be required.

MIS 183. Business Intelligence Applications. 3 Units
Prerequisite(s): Business major and minor
Term Typically Offered: Fall, Spring

Advanced information technologies that extract non-trivial, actionable, and novel knowledge from data to achieve strategic goals of organizations. Emphasis on multidimensional data modeling, online analytic processing, data warehouse, and data mining.

MIS 191. Culminating Experience. 1 Unit
Prerequisite(s): Completion of all coursework in minor.
Term Typically Offered: Fall, Spring

Students demonstrate their knowledge and apply their skill sets from the minor to a working project, and conduct an executive-level, management-oriented presentation.

Note: Students must be in their final semester of the minor’s program.

Credit/No Credit

MIS 194. Cooperative Education Experience in Management Information Systems. 6 - 12 Units
Prerequisite(s): MIS 160, minimum Sacramento State overall GPA of 2.75.
Term Typically Offered: Fall, Spring

In-depth supervised work experience in management information systems for the purpose of exposing the student to comprehensive MIS experience in business, governmental, or service agencies. Open to all upper division students, subject to permission of the MIS Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Credit/No Credit

MIS 195. Internship in Management Information Systems. 3 - 6 Units
Prerequisite(s): MIS 160, minimum Sacramento State overall GPA of 2.75.
Term Typically Offered: Fall, Spring

Supervised work experience in management information systems for the purpose of increasing student understanding of the nature and scope of the operations of business, governmental, or service agencies. Supervision is provided by the faculty and the cooperating agencies. Open to upper division students, subject to permission of the MIS Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Note: Open to declared business administration majors only. Credit/No Credit

MIS 199. Special Problems in Management Information Systems. 1 - 3 Units
Term Typically Offered: Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.

Note: Admission requires approval of the instructor and the Associate Dean. Petitions may be obtained from the Undergraduate Business Advising Center, Tahoe 1030.

Credit/No Credit

MIS 210. Information Systems I. 3 Units
Term Typically Offered: Fall, Spring

Introduction to business information systems planning and systems development methodologies. Various methodologies are explored and information systems development project planning is emphasized.
MIS 211. Information Systems II. 3 Units
Term Typically Offered: Fall, Spring
Introduction to basic and object-oriented programming concepts, data structures for information representation, and database management systems.

MIS 232. Management Science. 3 Units
Term Typically Offered: Fall, Spring
Introduction to deterministic and stochastic models in operations research. Topics that may be included are: mathematical programming, inventory theory, analysis of waiting lines, Markov processes, game theory, decision theory and simulation. Various computer programs such as LINDO are used to assist in solution and analysis of management problems.
Note: Not open to students with credit for MIS 132.

MIS 240. Communications Technologies for Business. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission.
Term Typically Offered: Fall, Spring
Focuses on the concepts, technology, applications, and management of data and voice communication with an emphasis on building, supporting, securing, and administering the requirements of network infrastructure and architecture to support businesses.
Note: May be taken twice for credit.

MIS 250. Data Management. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission, and MIS 15 or equivalent.
Term Typically Offered: Fall, Spring
Focuses on database concepts, design and implementation in business. Topics include database design techniques, such as extended entity-relationship and unified modeling language, logical and physical data models for object-relational database, object oriented database and relational databases, database implementation and administration issues, and the discussion of distributed database, web database, and database security.
Note: May be taken twice for credit.

MIS 251. Strategic Applications of Information Resources. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 210 and 211, or their equivalents. MBA students: MBA 260 and instructor permission.
Term Typically Offered: Fall, Spring
Discussion of the techniques and methodologies to utilize information resource to improve an organization’s strategic performance measures. Topics include data warehouse, data mining, online analytical transaction processing, and multidimensional database.

MIS 260. Systems Design. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission.
Term Typically Offered: Fall, Spring
Involves the study of various methods used to analyze and design a computer-based information systems and emphasizes object-oriented systems development (OOSD) techniques.
Note: May be taken twice for credit.

MIS 261. Information Technology Integration for the Enterprise. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 260 or MIS 270; MBA students: MBA 260 or permission of instructor.
Term Typically Offered: Fall, Spring
IT presents many new opportunities at the enterprise level for the design and implementation of integrated organizational structures and business processes that better align the business to meeting its market demands and allow it to pursue new strategic relationships with other organizations. Enterprise IT primarily involves enterprise resource planning (ERP), supply chain management (SCM), knowledge management (KM), and customer relationship management (CRM) to support and coordinate business activities.
Note: May be taken twice for credit.

MIS 262. Business Project Management. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 260; MBA students: MBA 260 or instructor permission.
Term Typically Offered: Fall, Spring
Examines various aspects of IT project management, including project selection involving feasibility, complexity, scalability and impact comparisons, project portfolio to direct the right resources to the right projects to ensure their timely completion, risk assessment, key performance measures, and others.
Note: May be taken twice for credit.

MIS 270. Information Technology Operations. 3 Units
Prerequisite(s): Graduate MIS status or instructor permission.
Term Typically Offered: Fall, Spring
Examines the management of information technology as a vital resource to an organization. IT can enable businesses to seize opportunities, gain competitive advantages and establish close relationships with other businesses and their customers. Thus, the business must effectively and efficiently manage and secure its IT resources.
Note: May be taken twice for credit.

MIS 272. Strategic Information Technology Planning. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 270; MBA students: MBA 260 or instructor permission.
Term Typically Offered: Fall, Spring
Strategic IT planning defines the direction a business chooses for its IT resources. It encompasses a vision, mission, strategy, and objectives that closely align to the business’ vision, mission, strategy, and objectives. Planning involves examining how IT will support the achievement of the business’ goals and objectives, and how IT can open new opportunities to create new business goals.
Note: May be taken twice for credit.

MIS 267. Business Systems Planning. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 270; MBA students: MBA 260 or instructor permission.
Term Typically Offered: Fall, Spring
Examines the management of information technology as a vital resource to an organization. IT can enable businesses to seize opportunities, gain competitive advantages and establish close relationships with other businesses and their customers. Thus, the business must effectively and efficiently manage and secure its IT resources.
Note: May be taken twice for credit.

MIS 279. Information Technology Leadership. 3 Units
Prerequisite(s): MSBA/MIS students: MIS 261 or MIS 262, MIS 272; MBA students: MBA 260 and instructor permission.
Term Typically Offered: Fall, Spring
Leadership plays an important role in determining a business’ success with IT. It requires recognizing and leveraging the business’ competencies and core values, and championing initiatives and projects that work in the best interest of the business and create value. Because IT opens opportunities and enables the organization, IT leadership extends to both market (external) and organizational (internal) environments.
Note: May be taken twice for credit.
MIS 280. Decision and Knowledge-Based Systems. 3 Units
**Prerequisite(s):** MIS 211 or equivalent.
**Term Typically Offered:** Fall, Spring

Organizational use of information generated from transaction processing systems, management information systems, and decision support systems. The uses of information by managers for planning, control, and decision-making purposes will be discussed. The types of information systems implemented in various kinds of organizations will be covered.

MIS 281. Topics in the Management of Information Systems. 3 Units
**Prerequisite(s):** Open to non-MSBA/MIS majors with credit in MBA 260 or equivalent; and to those who have completed MSBA/MIS Program Prerequisites.
**Term Typically Offered:** Fall, Spring

Current topics will be presented regarding the managerial, behavioral, and organizational considerations affecting computer-based information systems. Includes topics such as project selection and justification techniques, system controls, security and privacy issues, strategic planning, and use/data processing department relations. Readings, topical research, and case presentations will be required.

MIS 295. Internship in Management Information Systems. 3 Units
**Prerequisite(s):** Completion of two of the following: MIS 240, MIS 250, MIS 260, or MIS 270; minimum Sacramento State GPA of 3.0.
**Term Typically Offered:** Fall, Spring

Supervised work experience in management information systems for the purpose of increasing and enhancing student understanding of the nature and scope of the organization's operations of business, governmental, or service agencies. Supervision is provided by the faculty and the cooperating agencies.

**Note:** Open to second year MBA and MSBA/MIS students. Petitions to be obtained from Tahoe Hall 1037.

Credit/No Credit

MIS 299. Special Problems in Management Information Systems. 1 - 3 Units
**Prerequisite(s):** Classified graduate status.
**Term Typically Offered:** Fall, Spring

Individual projects or directed reading for students qualified to carry on independent work.

**Note:** Admission requires approval of faculty member under whom the individual work is to be conducted in addition to the approval of the Graduate Programs Office. Petitions to be obtained from Tahoe Hall 1035.

Credit/No Credit

MIS 500A. Thesis. 1 - 3 Units
**Prerequisite(s):** Advanced to candidacy. Completion of MBA 244.
**Term Typically Offered:** Fall, Spring

Completion of a thesis approved for the Master's degree.

MIS 500B. Project. 1 - 3 Units
**Prerequisite(s):** Advanced to candidacy. Completion of MBA 244.
**Term Typically Offered:** Fall, Spring

Completion of a project approved for the Master’s degree.

MKTG 101. Principles Of Marketing. 3 Units
**Prerequisite(s):** You must be a Business major (any concentration), a business minor or in one of the following majors: Coms/Pub Relations, CM, MET, FACS (Apparel Mktg/Design), FACS (Cons Sci), FASH, GPHD, INTD (Mktg), Rec & Park Mgmt, Photography to enroll in this course.
**Term Typically Offered:** Fall, Spring

The purpose of this course is to help students develop a working knowledge of marketing. Students will learn about the role marketing plays in an organization, as well as how to plan, implement and evaluate marketing activities. This course builds a foundation for further study in marketing and related fields.

MKTG 115. Marketing Analytics. 3 Units
**Prerequisite(s):** MKTG 101; and either DS 101 or MKTG 121; or instructor permission
**Term Typically Offered:** Fall, Spring

The course covers current developments in marketing analytics. Topics include methodologies for market forecasting, estimating market size, and demand; evaluating marketing ROI and customer life time value; modeling of segmentation, positioning, competitive analysis, conjoint analysis, distribution channel analytics, and sales analytics. Students will also learn the latest datamining tools to collect, analyze, and visualize data for decision making and communicating to senior executives.

MKTG 121. Marketing Research and Information. 3 Units
**Prerequisite(s):** MKTG 101.
**Corequisite(s):** DS 101
**Term Typically Offered:** Fall, Spring

Examines the acquisition of information for marketing management decision making, including methods of collection and analysis applicable to secondary and primary data, as this process relates to the management information system. Seminar.

MKTG 122. Buyer Behavior. 3 Units
**Prerequisite(s):** MKTG 101.
**Term Typically Offered:** Fall, Spring

Understanding buying as a process in order to develop more effective solutions to marketing problems; an interdisciplinary approach drawing on insights from the behavioral sciences; applications to practical marketing situations. Seminar.

MKTG 123. Public Relations and Ethics in Business. 3 Units
**Term Typically Offered:** Fall, Spring

Managerial function of evaluating public attitudes toward business firms and other organizations and institutions, and of adjusting policies and executing programs to earn public acceptance and support. Media and method of communicating with the various publics, and problems in responsible leadership.
MKTG 124. Retail Management. 3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring

Development, trends, and institutions of retailing; organization and management of retail establishments; principles and policies of retail store operations including location and layout, planning and control of budgets, personnel, pricing and customer services.

MKTG 125. Advertising. 3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring

Examination of advertising as a marketing communications tool in profit and nonprofit organizations. Emphasis will be placed on creative methods, alternative media, measurements of effectiveness, and coordination with other aspects of the marketing program through class discussion and written projects. Seminar.

MKTG 126. Salesmanship. 3 Units
Term Typically Offered: Fall, Spring

Principles of the sales process including prospecting, structuring a sales presentation, handling objections, closing and customer relationship management. Application of sales techniques in product and service situations, integration of technology as a sales tool. Includes lectures, role playing, and practice in sales presentations.

MKTG 127. Sales Management. 3 Units
Prerequisite(s): MKTG 101.
Term Typically Offered: Fall, Spring

Individual problems of manufacturer or wholesaler in merchandising; intensive development of the “selling” function of marketing; duties of the sales manager.

MKTG 129. Marketing Management. 3 Units
Prerequisite(s): MKTG 101 and senior status.
Term Typically Offered: Fall, Spring

Application of marketing principles to the solution of a wide variety of problems and cases including target markets, product selection, channels of distribution, promotion and pricing.
Note: It is a capstone course. It is recommended that students take MKTG 121 and MKTG 122 prior to taking MKTG 129. Seminar.

MKTG 130. Digital Marketing. 3 Units
Prerequisite(s): MKTG 101 and Business majors or Marketing minors only.
Term Typically Offered: Fall, Spring

The purpose of this course is to help students learn and apply emerging marketing techniques to become efficient and effective marketers in the 21st century. Topics covered center on effective marketing in an online environment to help students refine their strategic marketing skills, ability to work effectively in diverse teams, and understanding of the local marketing environment.

MKTG 140. Sports Marketing. 3 Units
Prerequisite(s): MKTG 101
Term Typically Offered: Fall, Spring

The purpose of this course is to help students to integrate principles of marketing and sports industry management. It examines the marketing of sports, teams, athletes, sport arenas, as well as the use of sports related marketing tools (such as sponsorships, celebrity athlete endorsements, promotional licensing) for promoting non-sport consumer and industrial products.

MKTG 160. Principles of Quality Management. 3 Units
Term Typically Offered: Fall, Spring

Study of the major principles of quality management: customer focus, continuous improvement, employee involvement, and process improvement. Use of case studies and a project to gain knowledge in implementing quality management principles. Seminar.

MKTG 181. Supply Chain Logistics Management. 3 Units
Prerequisite(s): OPM 101.
Term Typically Offered: Fall, Spring

Delivery of enhanced customer and economic value through synchronized management of the flow of physical goods and associated information from sourcing through consumption. Examines the management of those activities that facilitate the movement, control and direction of goods and services to create time, place, form and ownership utilities in the global market. Topics include transportation, warehousing, information systems, sourcing, strategic alliances, modeling, purchasing and international operations.

MKTG 186. Advanced Operations Planning and Control. 3 Units
Prerequisite(s): OPM 101.
Term Typically Offered: Fall, Spring

Focuses on effective operations strategies for companies that operate in a dynamic business environment, with an emphasis on in-depth treatments of the decision situations facing managers in charge of related to the planning and control of the flow of goods and services in supply chain systems.

MKTG 188. Supply Chain Modeling and Analysis. 3 Units
Prerequisite(s): OPM 101.
Term Typically Offered: Fall, Spring

Covers modeling and analytics for designing, managing and improving supply chain systems in order to achieve competitive advantages: cost, quality, service, flexibility, adaptability, and sustainability which support business level strategies of cost leadership and differentiation.

MKTG 190. Multinational Marketing. 3 Units
Prerequisite(s): MKTG 101 or instructor permission.
Term Typically Offered: Fall, Spring, Summer

Environmental factors affecting international trade, such as culture and business customs, political factors and constraints, economic development and legal differences, are integrated with the marketing management functions of market potential, analysis marketing research, international organization, channels and distribution, sales promotion, prices, credit, and financing.
MKTG 195. Internship in Marketing. 3 Units
Prerequisite(s): Minimum Sacramento State GPA of 2.5. Term Typically Offered: Fall, Spring
Supervised work experience in business, governmental or service agencies for the purpose of increasing student understanding of the nature and scope of their operations. Supervision is provided by the faculty and the cooperating agencies. Note: Open to upper division students, subject to permission of the Marketing Area. Petitions can be obtained from the Student Affairs Office, Tahoe 2065. Open to declared business administration majors only. Credit/No Credit

MKTG 199. Special Problems in Marketing. 1 - 3 Units Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work. Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030. Credit/No Credit

MKTG 199A. Special Problems in Supply Chain Management. 3 Units Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work. Note: Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030. Credit/No Credit

OPM 101. Operations Management. 3 Units
Prerequisite(s): Student must be a Business Major or Business Administration minor to enroll in this course Corequisite(s): DS 101 Term Typically Offered: Fall, Spring
Introduction to the basic concepts and methods used to analyze and improve performance of operations in manufacturing and service organizations. Credit/No Credit

RELU 199. Special Problems in Real Estate and Land Use Affairs. 1 - 3 Units Term Typically Offered: Fall, Spring
Individual projects or directed reading for students qualified to carry on independent work. Admission requires approval of the instructor and the Associate Dean. Petitions can be obtained from the Undergraduate Business Advising Center, Tahoe 1030. Credit/No Credit

Business Honors Program
Units required for the Major: 54 units Minimum total units required for the BS: 120
Program Description
The Business Honors program:

- Challenges students in critical thinking while building their decision making and problem solving skills.
- Immerses students in a learning experience in which they learn not only from their professors, but also from their peers.
- Develops students as future business leaders and pioneers.
- Provides students with many opportunities to meet and interact with professionals to learn real-life lessons.
- Provides an exceptional value to their business education through advanced knowledge and skill sets.

The Business Honors program is a full-time program. Business Honors students will be immersed in a cohort-based learning experience where they will work with and learn from others in their cohort group as well as high-qualified faculty.

For more information, please contact the Office of the Associate Dean for Academic Programs at (916) 278-6463.

Total Units 33

Concurrent Master's and Juris Doctoral Programs

Program Description
An arrangement between the College of Business Administration (CBA) and the University of the Pacific McGeorge School of Law allows a student to earn credits toward an MBA degree and a juris doctor (JD) degree concurrently.

Applicants who are interested in both MBA and JD programs should consult this catalog for the requirements for admission to the MBA degree program and contact the Graduate Business Advising Center (GBAC), Tahoe Hall 1037 of the College of Business Administration for information on the current program.
Concurrent Master's Program

Program Description

A student may concurrently earn the MS/ACCY from Sacramento State and the MBA from Sacramento State. To earn the MS degree, the catalog requirements for that degree must be met, i.e., Foundation Courses, Program Requirements, Electives, and Culminating Experience (30-49) units. To concurrently and jointly earn the MBA degree, the student must satisfy the MBA Program Requirements (21 units) and the MBA Culminating Experience (3 units). Coursework from the MS program can be used to satisfy the nine-unit requirement for Elective Courses. For more information, contact the CBA Graduate Business Advising Center (GBAC), Tahoe Hall 1037.

MBA (Business Analytics in Healthcare)

Total units required for MBA: 33

Program Description

The MBA is intended to improve the participant’s capacity for effective decision making, to facilitate his/her professional growth and development for increasing managerial responsibility, and to broaden his/her knowledge and understanding of management.

The Business Analytics in Healthcare (BAH) concentration will explore finance, information technology, operations and other areas as it is applied to and used in the healthcare industry. Students will be exposed to the challenges in healthcare and gain managerial and technical expertise addressing the complex and multi-faceted aspects of healthcare organizations such as pharmaceuticals and medical product companies, financial and insurance services, hospitals and other medical institutions, entrepreneurial ventures, consulting firms, foundation, and governments. The complementary themed design of the program will open up multiple career opportunities for graduate in several emerging areas.

Admission Requirements

All applicants for post-baccalaureate degree programs in Business must have earned a baccalaureate degree from a regionally accredited four-year institution of higher learning or the equivalent from a foreign institution. Admission requirements are different for each of the CBA Graduate Programs. The specific admission requirements for each degree program are listed within the program descriptions under “Admission Information” on the following pages. The College of Business Administration reserves the rights to revise its admissions standards and to limit enrollment in its graduate degree programs.

Applicants who are approved for admission will receive a letter from the Office of Graduate Studies informing them that they have been admitted as a conditionally or fully classified graduate student.

The following represent minimum academic qualifications and admission criteria. As the College of Business Administration receives a large number of applications each cycle, it reserves the right to admit fewer applicants than those who meet the minimum criteria.

Title V of the California Educational Code requires that MBA candidates must have earned a minimum 2.5 cumulative GPA and an undergraduate degree from a regionally accredited institution.

Unless a valid waiver is presented, applicants must also submit a valid admission test (GMAT or GRE) and/or English Language Proficiency exam scores.

Minimum Admission or Language Test Scores

GMAT: 30% overall, 30% verbal, 30% quantitative; Scores valid for 5 years from test date. Test must be taken by the application deadline. Students are able to apply with pending scores, but must submit an official score report to be considered for admission.

GRE (General Test): 30% verbal, 30% quantitative; Scores valid for 5 years from test date. Test must be taken by the application deadline. Students are able to apply with pending scores, but must submit an official score report to be considered for admission (use institution code of 46711 ONLY when requesting official score reports be sent to Sacramento State; do not use department code).

TOEFL: Paper-based: 550; Internet-based: 80 (International Students only).

IELTS: 7(International Students only).

Deadlines

See the CBA MBA website for current admission deadlines: https://www.csus.edu/college/business-administration/graduate/mba.html

Special Admission Process

Applicants not meeting all the admission criteria may be admitted to the program based on evidence of potential success in the program provided by the applicant. Such evidence may include, but is not limited to: the applicant’s maturity, motivation, employment history, managerial potential, letters of recommendation, personal statement, community activities, and other accomplishments that support the applicant’s potential to successfully complete the program. An applicant so considered and recommended for admission may be approved by the Graduate Dean or Dean’s designate.

Application Procedures

All prospective graduate students must file all of the following documents by the application deadline with both the CBA MBA Program Services and the Sacramento State Office of Graduate Studies (River Front Center 215) as noted below:

1. To Sacramento State, Office of Graduate Studies:
   a. Online Cal State Apply Graduate Application and
   b. Application Fee (you can pay this when you are filling out your online application).
   c. Official transcripts from all universities previously attended. Sacramento State current students or graduates: only submit transcripts not previously submitted to the university or from institutions attended after graduation

2. To the College of Business Administration, MBA Program Services Office, the following are required for a complete application:
   a. The MBA Supplementary Application.
   b. Supplemental Application Materials.
      i. Official GMAT or GRE scores;
      ii. Current resume;
      iii. 1-2 page statement of purpose;
      iv. Two letters of recommendation.
c. Copies of official transcripts. Please request two copies of official transcripts from all colleges and universities you have attended. Send transcripts to both the MBA Program Services office and the Office of Graduate Studies. Sacramento State current students or graduates: only submit transcripts not previously submitted to the university or from institutions attended after graduation.

Note: Applications are not considered complete and will not be reviewed unless all application materials and transcripts have been received.

Email: grad_admissions@csus.edu

International Applicants

International students (F or J Visas) must apply through International Admissions (https://www.csus.edu/international-programs-global-engagement/application-admissions-process/). Do not fill out the general graduate studies application as it will slow down your application process. All materials, inclusive of TOEFL scores, must be turned in to the International Admissions Office. To ensure consideration, international students should submit their material, including GMAT/GRE and TOEFL test scores, to the International Admissions Office one month prior to the CBA MBA Program Services application filing deadline. For an application and details international students should visit The International Admissions Office Web site. (https://www.csus.edu/international-programs-global-engagement/application-admissions-process/)

Prerequisites

Prior to enrolling in the Foundation courses, students must be proficient in mathematics, statistics, and computer usage:

1. Mathematics: at least one semester of calculus is strongly preferred;
2. Statistics: an introductory course in probability and statistics; and
3. Computer usage: ability to use common personal computer hardware and software, particularly word processing programs, spreadsheet programs, and internet browsers.

The faculty will assume that all MBA students have these proficiencies. A student may gain the necessary proficiencies in many ways: through coursework, review classes, self-study; or experience. No proficiency courses can count as credit towards program requirements.

Graduate Writing Assessment Requirement (GWAR)

The Graduate GWAR is a CSU wide requirement that should be completed by students before advancing to candidacy. The purpose of the GWAR is for students to demonstrate their proficiency at writing in an academic setting at a graduate-level.

Graduate students must successfully pass a Graduate Writing Intensive (GWI) course in their Graduate Program to complete the requirement.

Foundation Courses

The Foundation courses provide an academic background in the various disciplines of business. The MBA degree program is built upon this common background. Foundation courses should be taken after the student has attained the required entry proficiencies (prerequisites) and should be completed prior to taking program requirement courses.

A student who has a baccalaureate degree or a minor in Business Administration from an AACSB-INTERNATIONAL accredited university may have completed all or most of the Foundation requirements. However, the student will be required to take certain Foundation courses if she/he:

1. has not previously completed the comparable undergraduate course(s) for academic credit from an AACSB-INTERNATIONAL accredited institution or from a high quality program that has a "national or international reputation";
2. has earned less than an overall 3.0 ("B") grade point average (GPA) in the comparable undergraduate courses presented for waiver of required courses;
3. has received a "C" or lower grade in the comparable undergraduate course;
4. cannot demonstrate currency in these courses (7 year limit); or
5. has completed the bachelor's degree at a foreign institution.

Courses taken at AACSB-INTERNATIONAL accredited colleges of business will be accepted for transfer credit if the course is regarded as equivalent to the course for which credit is requested. Business Foundation courses and Core courses will not be accepted for transfer credit from programs that are not AACSB-INTERNATIONAL accredited unless taken at institutions that have national or international reputations of high quality programs.

Please visit the MBA Program website to download Foundation Course Waiver forms and petitions for equivalency for graduate, non-articulated courses. The CBA Academic Standards Committee will evaluate whether the institutions satisfy the requirement of "national or international reputations of high quality programs." Subsequently, faculty in the appropriate department will make the final determination for course equivalency, e.g., content, method of instruction, method of evaluating students, and/or course duration. To find out if your university is AACSB accredited go to www.AACSB.edu.

Master students who are registered in the last two Foundation courses must file an Application for Classification with the MBA Program Services at mps@csus.edu, to be able to enroll in the courses designated as Program Requirements. The student’s academic status will be reviewed to assure that he/she meets the necessary criteria to be accepted as a classified graduate student.

A GPA of at least 3.0 ("B") is required in all Foundation courses taken at Sacramento State, and program requirement courses presented for the degree.
The foundation courses are available after acceptance into one of the CBA Graduate Programs.

Note: To be completed after the student has demonstrated the required entry proficiencies and must be completed prior to taking Program Requirements in any of the Master’s programs.

A graduate student may request a challenge for waiver of a College of Business Administration foundation or core course if it at least one of the following conditions is met:

• The student has taken an equivalent class elsewhere, subject to the GPA requirement in CBA academic policy. For core classes, the equivalent class must be at the undergraduate level; for the foundation classes, the equivalent class can be taken at the undergraduate level.

• The student has achieved appropriate professional or academic qualification.

• The student has appropriate professional work experience.

It is the responsibility of a student to provide sufficient documentation to support a waiver challenge application.

Total Units: 33

Minimum Units and Grade Requirement for the Degree

Units required for MBA: 33 (excluding foundation courses)

Minimum Cumulative GPA: 3.0. The minimum acceptable grade for any graduate business course is "C." No more than two (2) courses with a grade of “C” will be counted for satisfaction of graduate program requirements.

Advancement to Candidacy

A student’s program requirements are governed by the catalog in effect at the time one is accepted into and begins graduate school or by the catalog in effect at the time advancement to candidacy is approved.

Prior to enrolling in Culminating Requirements, a student must advance to candidacy. Initiation of advancement procedures is the responsibility of the student. The application to advance must be filed no later than the semester prior to enrollment in culminating experience requirement.

Eligibility to advance to candidacy requires satisfactory scholastic achievement, presentation of a plan of graduate study, and demonstration of writing proficiency. A classified graduate student in Business Administration may apply to the MBA Program Services at mps@csus.edu for advancement to candidacy for the Master’s degree after s/he has completed at least 12 units of the program requirements beyond the Foundation requirements. Students with a GPA deficiency or who have not fulfilled the Writing Placement for Graduate Students Requirement (WPG) cannot advance to candidacy.

MBA (General)

Total units required for MBA: 33

Program Description

The MBA program has been developed to provide an education that is extensive and broadening rather than intensive or specialized within a limited functional area. The MBA is intended to improve the participant’s capacity for effective decision making, to facilitate his/her professional growth and development for increasing managerial responsibility, and to broaden his/her knowledge and understanding of management in the areas of:
• Accountancy
• Finance
• International Management
• Management Information Systems
• Supply Chain Management

The MBA is also appropriate preparation for teaching business education subjects at the community college level. Students are encouraged to obtain further guidance from the school districts in which they will teach. The flexible design of the program allows students to pursue individual areas of interest.

Admission Requirements
All applicants for post-baccalaureate degree programs in Business must have earned a baccalaureate degree from a regionally accredited four-year institution of higher learning or the equivalent from a foreign institution. Admission requirements are different for each of the CBA Graduate Programs. The specific admission requirements for each degree program are listed within the program descriptions under “Admission Information” on the following pages. The College of Business Administration reserves the rights to revise its admissions standards and to limit enrollment in its graduate degree programs.

Applicants who are approved for admission will receive a letter from the Office of Graduate Studies informing them that they have been admitted as a conditionally or fully classified graduate student.

The following represent minimum academic qualifications and admission criteria. As the College of Business Administration receives a large number of applications each cycle, it reserves the right to admit fewer applicants than those who meet the minimum criteria.

Title V of the California Educational Code requires that MBA candidates must have earned a minimum 2.5 cumulative GPA and an undergraduate degree from an accredited institution.

Unless a valid waiver is presented, applicants must also submit a valid admission test (GMAT or GRE) and/or English Language Proficiency exam scores.

Minimum Admission or Language Test Scores
GMAT: 30% overall, 30% verbal, 30% quantitative; Scores valid for 5 years from test date. Test must be taken by the application deadline. Students are able to apply with pending scores, but must submit an official score report to be considered for admission.

GRE (General Test): 30% verbal, 30% quantitative; Scores valid for 5 years from test date. Test must be taken by the application deadline. Students are able to apply with pending scores, but must submit an official score report to be considered for admission (use institution code of 4671 ONLY when requesting official score reports be sent to Sacramento State; do not use department code).

TOEFL: Paper-based: 550; Internet-based: 80 (International Students only).

IELTS: 7(International Students only).

Deadlines
See the CBA MBA website for current admission deadlines: https://www.csus.edu/college/business-administration/graduate/mba.html

Special Admission Process
Applicants not meeting all the admission criteria may be admitted to the program based on evidence of potential success in the program provided by the applicant. Such evidence may include, but is not limited to: the applicant’s maturity, motivation, employment history, managerial potential, letters of recommendation, personal statement, community activities, and other accomplishments that support the applicant’s potential to successfully complete the program. An applicant so considered and recommended for admission may be approved by the Graduate Dean or Dean’s designee.

Application Procedures
All prospective graduate students must file all of the following documents by the application deadline with both the CBA MBA Program Services and the Sacramento State Office of Graduate Studies (River Front Center 215) as noted below:

1. To Sacramento State, Office of Graduate Studies:
   a. Online Cal State Apply Graduate Application and
   b. Application Fee (you can pay this when you are filling out your online application).
   c. Copies of official transcripts from all colleges and universities attended. Sacramento State current students or graduates: only submit transcripts not previously submitted to the university or from institutions attended after graduation.

2. To the College of Business Administration, MBA Program Services Office, the following are required for a complete application:
   a. The MBA Supplementary Application.
   b. Supplemental Application Materials.
      i. Official GMAT or GRE scores;
      ii. Current resume;
      iii. 1-2 page statement of purpose;
      iv. Two letters of recommendation.
   c. Copies of official transcripts. Please request 2 copies of official transcripts from all colleges and universities you have attended. Send transcripts to both the MBA Program Services office and the Office of Graduate Studies. Sacramento State current students or graduates: only submit transcripts not previously submitted to the university or from institutions attended after graduation.

Note: Applications are not considered complete and will not be reviewed unless all application materials and transcripts have been received.

International Applicants

International students (F or J Visas) must apply through International Admissions (https://www.csus.edu/international-programs-global-engagement/application-admissions-process/). Do not fill out the general graduate studies application as it will slow down your application process. All materials, inclusive of TOEFL scores, must be turned in to the International Admissions Office. To ensure consideration, international students should submit their material, including GMAT/GRE and TOEFL test scores, to the International Admissions Office one month prior to the CBA MBA Program Services application filing deadline. For an application and details international students should visit The International Admissions Office Web site. (https://www.csus.edu/international-programs-global-engagement/application-admissions-process/)

Prerequisites

Prior to enrolling in the Foundation courses, students must be proficient in mathematics, statistics, and computer usage:

• Mathematics: at least one semester of calculus is strongly preferred;
• Statistics: an introductory course in probability and statistics; and
• Computer usage: ability to use common personal computer hardware and software, particularly word processing programs, spreadsheet programs, and internet browsers.

The faculty will assume that all MBA students have these proficiencies. A student may gain the necessary proficiencies in many ways: through coursework, review classes, self-study; or experience. No proficiency courses can count as credit towards program requirements.

Graduate Writing Assessment Requirement (GWAR)

The Graduate GWAR is a CSU wide requirement that should be completed by students before advancing to candidacy. The purpose of the GWAR is for students to demonstrate their proficiency at writing in an academic setting at a graduate-level.

Graduate students must successfully pass a Graduate Writing Intensive (GWI) course in their Graduate Program to complete the requirement.

Foundation Courses

The Foundation courses provide an academic background in the various disciplines of business. The MBA degree program is built upon this common background. Foundation courses should be taken after the student has attained the required entry proficiencies (prerequisites) and should be completed prior to taking program requirement courses.

A student who has a baccalaureate degree or a minor in Business Administration from an AACSB-INTERNATIONAL accredited university may have completed all or most of the Foundation requirements. However, the student will be required to take certain Foundation courses if she/he:

1. has not previously completed the comparable undergraduate course(s) for academic credit from an AACSB-INTERNATIONAL accredited institution or from a high quality program that has a "national or international reputation";
2. has earned less than an overall 3.0 ("B") grade point average (GPA) in the comparable undergraduate courses presented for waiver of required courses;
3. has received a "C" or lower grade in the comparable undergraduate course;
4. cannot demonstrate currency in these courses (7 year limit); or
5. has completed the bachelor's degree at a foreign institution.

Courses taken at AACSB-INTERNATIONAL accredited colleges of business will be accepted for transfer credit if the course is regarded as equivalent to the course for which credit is requested. Business Foundation courses and Core courses will not be accepted for transfer credit from programs that are not AACSB-INTERNATIONAL accredited unless taken at institutions that have national or international reputations of high quality programs.

Please visit the MBA Program website to download Foundation Course Waiver forms and petitions for equivalency for graduate, non-articulated courses. The CBA Academic Standards Committee will evaluate whether the institutions satisfy the requirement of "national or international reputations of high quality programs." Subsequently, faculty in the appropriate department will make the final determination for course equivalency, e.g., content, method of instruction, method of evaluating students, and/or course duration. To find out if your university is AACSB accredited go to www.AACSB.edu.

Master students who are registered in the last two Foundation courses must file an Application for Classification with the MBA Program Services at mps@csus.edu, to be able to enroll in the courses designated as Program Requirements. The student’s academic status will be reviewed to assure that he/she meets the necessary criteria to be accepted as a classified graduate student.

A GPA of at least 3.0 ("B") is required in all Foundation courses taken at Sacramento State, and program requirement courses presented for the degree.

The foundation courses are available after acceptance into one of the CBA Graduate Programs.

Note: To be completed after the student has demonstrated the required entry proficiencies and must be completed prior to taking Program Requirements in any of the Master's programs.

A graduate student may request a challenge for waiver of a College of Business Administration foundation or core course if it at least one of the following conditions is met:

• The student has taken an equivalent class elsewhere, subject to the GPA requirement in CBA academic policy. For core classes, the equivalent class must be at the graduate level; for the foundation classes, the equivalent class can be taken at the undergraduate level.
• The student has achieved appropriate professional or academic qualification.
• The student has appropriate professional work experience.

It is the responsibility of a student to provide sufficient documentation to support a waiver challenge application.

Total Units 33

1 A graduate student may request a challenge for waiver of a College of Business Administration foundation or core course if at least one of the following conditions is met:
   - The student has taken an equivalent class elsewhere, subject to the GPA requirement in CBA academic policy. For core classes, the equivalent class must be at the graduate level; for foundation classes, the equivalent class can be at the undergraduate level.
   - The student has achieved appropriate professional or academic qualification.
   - The student has appropriate professional work experience.

It is the responsibility of a student to provide sufficient documentation to support waiver challenge application. Academic credit for core courses is not earned by waiver. The requirement for completing a core course is waived, providing the student enrolls in and satisfactorily completes an elective course in that discipline or an elective approved to the appropriate faculty adviser who grants the waiver.

2 For a general MBA, elective courses may be chosen from a broad array of graduate Business Administration courses, nonbusiness graduate classes (6 units maximum), or supervisory coursework (6 units maximum: 3 units of Internship [a 295 series course], 3 units of Special Problems [a 299 series course]). Elective courses may also be selected from any other MBA concentration electives.

MBA for Executives (EMBA)

Total units for EMBA: 41

Program Description

The EMBA program is offered through collaboration between the College of Business Administration and the College of Continuing Education. The degree is offered by the College of Business Administration and administered through the College of Continuing Education and the External Graduate Programs Office (EGP) in the College of Business Administration.

Our EMBA program is designed to help just that as well as help the region redefine the business community. The new millennium is about making choices to make our lives easier and more enriched. New technological advances are happening every day that provide us with a better quality of life and the opportunity to have more flexibility than ever before. That is where the Master of Business Administration for Executives (EBMA) Program at Sacramento State comes in. The College of Business Administration recognizes the need among working professionals to advance their careers in a flexible and supportive environment that has not been met in the Sacramento region ever before. We believe that business executives deserve to have an EMBA program tailored to their unique needs.

A key consideration for the EMBA Program is that it is tailored to the needs of full-time working professionals. The program is designed to meet the needs of highly engaged working executives and managers. The entire program can be completed within 15 months. The EMBA courses are only available through the College of Continuing Education.

The EMBA program consists of 41 academic units broken down by the following components: orientation, eight required courses, four elective courses selected for each cohort, and an individual project for culminating experience. A listing of the courses is given below.
Admission Requirements

Selecting candidates for admissions is a very critical decision for the EMBA program. That is why we have adopted a system that takes into account three primary areas of evaluation when making admission decisions:

1. Professional Experience (length, breadth, and depth of professional and managerial experience, and potential for career development);
