

# SUBJECT MATTER PROGRAM (HISTORY)

Units required for Major: 72  
Total units required for BA: 120

## Program Description

History, in the broad sense, is the study of all human experience. It examines the people, institutions, ideas, and events from the past to the present. The study of history contributes to cultural literacy and develops critical thinking and other useful skills while helping students understand the present and plan for the future. Historical study provides a solid, fundamental preparation for careers in business, industry, government, and education. It also serves as excellent preparation for law school, foreign service, international work, urban affairs, historical consulting, and library science.

History is an academic discipline offering both breadth and focus. At Sacramento State, the History major includes four lower division survey courses and three upper division seminars. In addition, students choose seven upper division electives from a wide variety available. The flexibility of the major allows students to focus on topical areas such as: women's history, the history of particular geographic areas, cultural history, ethnic group history, economic history, military history, and history from the ancient world to that of the U.S. in the 20th Century. Teaching credential candidates should complete the History/Social Science Pre-credential Program.

**Note:** Students seeking to major in history and to achieve subject matter competency for a secondary teaching credential should complete the following History/Social Science Pre-Credential Program. Students should seek advising with a History advisor at the earliest opportunity.

### Preparation for Credential Program

The History BA with Social Science Subject Matter Competency is a California state-approved subject matter program. Students who successfully complete the program satisfy the requirement of the Commission on Teacher Credentialing for demonstrated competence in Social Science. Graduates of the program are exempt from the CSET exams in Social Science.

**Early field experience:** Students are strongly encouraged to seek opportunities to gain experience in classroom settings or with youth in organized activities.

Sacramento State's [Master of Arts in Teaching \(Single Subject\) requires](#) a minimum of **45** hours (100 preferred) of experience working with middle- to high-school aged youth during the two year prior to apply to the credential program.
