

BA IN PHILOSOPHY (ETHICS, POLITICS, AND LAW)

Units required for Major: 42
Total units required for BA: 120

Program Description

The concentration in Ethics, Politics, and Law is designed as a preparation for the study of law as well as for advanced professional study in applied ethics. It is also intended to give undergraduates a foundation in rational decision-making, embodying the conviction that such an intellectual capacity has broad application.

The concentration gives students an understanding of the theories behind moral and legal principles as well as training in the process of decision-making applying those principles. Students will be called upon to make decisions in particular cases; state the facts impartially; convey their decisions and their reasoning cogently and persuasively; and justify their decisions by showing how they are both a reasonable consequence of those principles and not overturned by overriding conflicting principles. There will be a particular emphasis on clear and effective writing.
