

# CERTIFICATE OF COMPETENCY IN EDUCATIONAL TECHNOLOGY

---

Total units required for Certificate: 12

## Program Description

A graduate student may earn a certificate in Educational Technology by completing four 3-unit courses. These courses provide the competencies needed by teachers, trainers, or curriculum specialists to integrate technology into the curriculum, scaffold its inclusion in instruction, and disseminate that knowledge via appropriate staff-development needs.

## Minimum Grade Requirement

Minimum required GPA: 3.0 for all courses in the certificate program.

## Program Requirements

| Code                                 | Title  | Units     |
|--------------------------------------|--|-----------|
| <b>Required Courses (12 Units)</b>   |  |           |
| Select one of the following options: |  | 12        |
| Option 1                             |  |           |
| EDTE 232                             | Educational Applications of Computers                        |           |
| EDTE 233                             | Teaching Problem-Solving with Educational Technology         |           |
| EDTE 234                             | Curriculum and Staff Development with Educational Technology |           |
| EDTE 235                             | Enhancing Curriculum with Multimedia and the Web             |           |
| Option 2                             |  |           |
| EDTE 283                             | Staff Development and Presentation Applications              |           |
| EDTE 284                             | Problem Solving and Project Development                      |           |
| EDTE 280A                            | Fundamentals of Online Pedagogy & Instructional Design       |           |
