The undergraduate Behavior Analysis Certificate qualifies students for positions requiring the application of behavior analysis in educational settings and health and human service agencies.

The Psychology program at Sacramento State is highly sought after and the undergraduate major is officially impacted. Students wishing to become Psychology majors must meet eligibility requirements before applying for admission to the program. It is highly recommended that interested students speak with a Psychology advisor as soon as possible.

Students interested in a Psychology major or minor should contact the Psychology Department in Amador Hall room 350.

Minimum Grade Requirement

Once admitted to the program, PSYC 2, PSYC 8, AND PSYC 121 must each be completed with a minimum grade of "C-" or better.

Coursework Sequencing

The Psychology Department strongly recommends that Psychology Majors sequence their courses in the following manner to provide them with an optimal learning experience:

Code	Title	Units
Freshmen and Sophomores		
Lower division GE requirements, CHDV 30, PSYC 2, PSYC 4, PSYC 8, PSYC 9 and electives		
Juniors		
Upper division GE requirements, PSYC 121 (and PSYC 102 for graduate school aspirants), any upper division Psychology courses and electives
