

CERTIFICATE IN BEHAVIOR ANALYSIS

Units required for Certificate: 20

Program Description

The undergraduate Behavior Analysis Certificate qualifies students for positions requiring the application of behavior analysis in educational settings and health and human service agencies. Specialized coursework is taken concurrently with established degree requirements. Courses for the Certificate program are applicable toward course requirements for the major.

To receive the Sacramento State certification in Behavior Analysis, students must:

- complete a baccalaureate degree program with a major in Psychology or a related field;
- achieve a passing grade of "C" or better in each of the BA Certificate Program courses.

Additional certification information may be obtained from the Psychology Department Office.
